FIT's 2+2 degree structure requires an earned AAS or equivalent plus all the BS or BFA degree requirements. For more information, please see Requirements for Degree Completion.

Upon graduating from the Illustration BFA program, students will be able to:

1. Demonstrate a personal illustration style and technique that uses both traditional and digital skills and incorporates acquired knowledge, experience, judgment, and unique aesthetic vision.
2. Expand a visual vocabulary into personal visual expression and communication applications.
3. Think critically, solve problems creatively, and produce portfolios of industry-oriented artwork.
4. Fuse advanced illustration art, technology, entrepreneurial, and oral presentation skills in preparation for industry.
5. Employ computer technology as a means of personal expression, as well as professional research and promotional applications, including the development of illustrators' websites.

6. Demonstrate professionalism and creative habits and discipline as means of self- improvement and commercial success.
7. Incorporate knowledge of art and illustration history, world history, social sciences, and other liberal arts subjects in producing effective illustrations.
