

One-Year Associate Degree Programs

Students who hold a four-year degree or who have completed at least 30 transferable credits at an accredited college, with 24 credits equivalent to FIT's liberal arts requirements, may be considered for an alternative to the two-year associate degree. This option generally enables students to complete the associate degree coursework within a period of one year and is based upon a review of the student's transcript and prior knowledge and skills. See Requirements for Admission to One-Year Associate Degree Program for specific information and required documentation.
