

MD: Math Independent Learning

MD 008 — Math Independent Learning

0 credits; 0 lecture hours

An accelerated arithmetic course emphasizing applications, including such topics as percents, operations on fractions, ratios and proportions, and conversion between the metric and English measurement systems. Fundamentals of algebra and geometry are introduced. Students are given computer software and customized assignments; work is done on their own time and computers. The final exam is given on campus. Prerequisite(s): SAT math score 500-510, or ACT math score 21, or appropriate score on arithmetic placement test.
