

Fashion Design Evening/Weekend Sequence

School of Art and Design

Applications accepted for fall and spring. NYSED: 00835 HEGIS 5012

The evening/weekend option in Fashion Design replicates the curriculum of the traditional, full-time format. The sequence below represents a possible six semester progression for the evening/weekend major but may vary from student to student. The program is designed to enable students to evolve successfully as creative womenswear apparel design leaders and brand-builders through creative application of design knowledge acquired using experimental learning. The program is progressive and leads to the development of the student's own aesthetics. Successful students will be able to adapt and apply their acquired knowledge to the evolving fashion industry, related design fields, and other creative careers not yet imagined. Curriculum below is for the entering class of Fall 2019.
