Upon graduating from the Illustration BFA program, students will be able to:

1. Demonstrate a personal illustration style and technique that uses both traditional and digital skills and incorporates acquired knowledge, experience, judgment, and unique aesthetic vision.
2. Expand a visual vocabulary into personal visual expression and communication applications.
3. Think critically, solve problems creatively, and produce portfolios of industry-oriented artwork.
4. Fuse advanced illustration art, technology, entrepreneurial, and oral presentation skills in preparation for industry.
5. Employ computer technology as a means of personal expression, as well as professional research and promotional applications, including the development of illustrators' websites.
6. Demonstrate professionalism and creative habits and discipline as means of self-improvement and commercial success.
7. Incorporate knowledge of art and illustration history, world history, social sciences, and other liberal arts subjects in producing effective illustrations.
