Fashion Institute of Technology

The Fashion Institute of Technology (F.I.T.®) is a State University of New York college of art and design, business and technology. FIT offers more than 45 programs of study leading to the Associate in Applied Science, Bachelor of Fine Arts, Bachelor of Science, Master of Arts, Master of Fine Arts, and Master of Professional Studies degrees. FIT provides students with an unmatched combination of specialized curricula, an in-depth liberal arts education, affordable tuition, and an extraordinary location in the center of New York City, world capital of the arts, business, and communications.

FIT and New York City

New York City is FIT's extended campus—a laboratory for learning and living—and its unparalleled cultural and commercial resources immeasurably enrich the college's programs and enhance each student's opportunity for personal and professional growth. The faculty is composed of New York City's professionals, who infuse a hands-on teaching approach with real-world expertise. Frequent visits by students to the city's numerous corporate headquarters, design studios, galleries, libraries, museums, retail establishments, and showrooms complement regular campus visits by fashion and other business leaders, who come as guest critics and to discuss current trends and emerging technology.

Teaching and Learning

FIT FACULTY

FIT's approach to teaching blends theory and practice, and the college is deeply aligned with the leaders in the fields it serves. With a faculty drawn from academia, the arts, and business, FIT offers a curriculum rich in insight gained from their continuing professional activity, combined with the traditional educational values of the liberal arts. Student-instructor interaction is encouraged. The college offers a maximum class size of 25, and courses are structured to foster participation, independent thinking, and self-expression.

LIBERAL ARTS

The School of Liberal Arts' offerings include focused curricula that allow students to gain specialized knowledge in a particular area, as well as one degree program, a Bachelor of Science in Art History and Museum Professions. The school also administers Presidential Scholars, FIT's honors program, which is available to academically exceptional students in all disciplines. The program offers challenging courses, projects, colloquia, and extracurricular activities.

FIT offers students the opportunity to declare liberal arts minors, which are offered in two forms: traditional subject-based minors and interdisciplinary minors unique to the college's liberal arts curriculum. There are a wide range of options, including Dance and Performing Arts, Economics, Film and Media Studies, International Politics, several foreign languages, and concentrations in Asian Studies and Latin American Studies.

INDUSTRY ADVISORY COUNCILS

Each of FIT's degree programs is supported by an advisory group of professionals, drawn largely from the college's highly placed alumni. Group members consult with faculty to review and recommend curriculum updates and innovations. They arrange for student field trips to professional workspaces, participate in student recruitment, and help students identify career possibilities. Advisory groups also plan seminars on technical subjects and the latest advancements in their fields, and work to maintain close ties between industry and the college.

IN THE CLASSROOM AND BEYOND

FIT makes extensive use of New York City's resources through industry-sponsored competitions, field trips, and sponsored projects—all of which bridge the gap between classroom and workplace. Students have designed window displays at Bed Bath & Beyond's Fifth Avenue location and had advertising campaigns implemented by state tourism agencies. They have won prizes from companies such as Aeropostale, Johnson & Johnson, Brown Shoe, and Macy's and had their designs implemented by firms such as Lancôme.

INTERNSHIPS AND CAREER PLACEMENT

Internships and job placement are an essential part of the FIT experience. The college's extensive internship program provides students with vital experience in a vast array of New York City businesses during their college years. Sponsor organizations have included American Eagle, Bloomingdale's, Calvin Klein, Estée Lauder, Fairchild Publications, MTV, and Saatchi & Saatchi. More than one-third of FIT internships lead to job offers by the sponsoring companies. FIT's Career and Internship Center maintains a placement rate of approximately 90 percent, and offers lifetime services to all alumni, along with a full complement of career-building workshops and resources.

Campus and Facilities

FIT's campus occupies an entire block in the Chelsea area of Manhattan, a neighborhood filled with galleries, shops, cafes, restaurants, and theaters. The college's facilities provide students with the opportunity to learn in a stimulating environment and be part of a vibrant, active community. The campus comprises numerous computer labs, athletic facilities, the Gladys Marcus Library, and the renowned Museum at FIT, which houses one of the world's most important collections of costumes and textiles. FIT's classroom and laboratory equipment reflects the most advanced educational and technical practices, enabling students to work on challenging projects in a realistic setting. A full-service dining facility and Barnes & Noble college bookstore are located on campus. The college maintains three residence halls on West 27th Street, and one on nearby West 31st Street.

FRED P. POMERANTZ ART AND DESIGN CENTER

The Pomerantz Center houses display and exhibit design rooms; drawing, painting, photography, printmaking, and sculpture studios; a graphics laboratory; a model-making workshop; and the 280-seat Katie Murphy Amphitheatre. The academic and administrative offices of the School of Art and Design are also located here.

Print/FX Graphics Lab

Room D529, 212 217.5474

A professionally staffed graphics laboratory, Print/FX Graphics Lab has high-resolution, large-format printers to accommodate banners, CAD prints, displays, fine art prints, overlays, photography, posters, presentation graphics, and textile proofs. The lab is also equipped with laminating, scanning, slide duplication, and wire-binding capabilities.

MARVIN FELDMAN CENTER AND THE BUSINESS AND LIBERAL ARTS CENTER

The Marvin Feldman and Business and Liberal Arts centers house academic and specialized classrooms, cutting and sewing labs, design studios, a multimedia foreign languages lab, a professional screen-print facility, technical labs, a toy design workshop, television studios, weaving labs, and the 775-seat Morris W. and Fannie B. Haft Auditorium. Specialized facilities include the fabrics and findings lab, which replicates the resources and techniques used by working fashion designers. Also located in these buildings are the academic and administrative offices for the Jay and Patty Baker School of Business and Technology and the School of Liberal Arts.

Peter G. Scotese Computer-Aided Design and Communications Center

Room C220, 212 217.3520

The facilities in this center allow art and design students to explore technology and its integration in the creation and design of advertising, animation, fashion, interiors, packaging, photography, textiles, and toys. Business and technology students use these labs for the study of marker-making, patternmaking, textile development, production data management, and more. Labs are also available for specialized coursework undertaken by students in specific programs.

Students have access to Mac and PC labs with specialized peripheral equipment, and software applications such as Adobe and Macromedia software from industry leaders such as Gerber and Lectra are used by Fabric Styling, Fashion Design, Menswear, and Textile/Surface Design students. Additionally, they have access to Colour Matters, Fashion Studio, and Karat CAD. Students in Computer Animation and Interactive Media, Interior Design, and Toy Design use software packages such as 3D Studio Max, AutoCAD, Final Cut Pro, Form Z, Softimage, and Solid Works. Open labs are available to support instruction on these systems and programs.

The Scotese Center is also available, through the School of Continuing and Professional Studies, to working professionals for computer training and industry-specific workshops.

DAVID DUBINSKY STUDENT CENTER

Throughout the eight-story Dubinsky Center are arts and crafts studios, a comprehensive health center, a counseling center, a game room, lounges, an outdoor sitting area, the Style Shop (the student-run boutique on the first floor), student government and club offices, a student radio station, two gyms, two dance studios, and a state-of-the-art fitness center. Students are encouraged to take advantage of the full range of services and activities offered by Student Life, located on the seventh floor. Also in the center are the Counseling Center, Disability Support Services/FIT-ABLE, Educational Opportunity Program, Financial Aid, and International Student Advisors; a 17,000-square-foot street-level student cafeteria, featuring a variety of food stations and a wide range of menu options; and an 8,000-square-foot Barnes & Noble at FIT bookstore.

The Museum at FIT

212 217.4530

fitnyc.edu/museum

The Museum at FIT is New York City's only museum dedicated to the art of fashion. Founded in 1967 to support the educational programs of the college, the museum collects, conserves, documents, exhibits, and interprets fashion. Its mission is to advance knowledge of fashion through exhibitions, programs, and publications. The museum's collecting policy focuses on aesthetically and historically significant "directional" clothing, accessories and textiles and visual materials, such as photographs, with an emphasis on contemporary avant-garde fashion.

The museum's permanent collection encompasses some 50,000 garments and accessories, dating from the 18th century to the present, with particular strength in women's fashion by designers such as Azzedine Alaïa, Balenciaga, Chanel, Dior, Halston, and Charles James. There are more than 4,000 pairs of shoes in the collection, as well as 30,000 textiles, dating from the fifth century to the present. The museum organizes an extensive program of specialized classes, tours, and lectures—including an annual fashion symposium.

The museum has three galleries: The largest gallery is devoted to special exhibitions, which receive extensive coverage in the media. The Fashion and Textile History Gallery is the only venue in the United States to offer a permanent (rotating) display of 250 years of fashion, drawn from the museum's permanent collections. The museum's Gallery FIT is dedicated to student and faculty exhibitions. All exhibitions are free to the public, and the museum attracts more than 100,000 visitors a year.

Recent exhibitions of distinction include:

- *Japan Fashion Now*
- *Gothic: Dark Glamour*
- *Madame Grès: Sphinx of Fashion*
- *Love and War: The Weaponized Woman*
- *London Fashion*

History and Mission

As FIT defines its future educational goals, it continues to reflect its original mission. The college was founded in 1944 to prepare men and women for work in the fashion industry as it grew in size and scope. FIT now offers its students 46 degree programs not only in fashion and its related fields, but also in many other creative and business professions that have made New York City their focal point. Students who come to the college to study these specialized programs are goal-oriented, setting their sights high in their chosen fields of study. Today, there are more than 10,000 U.S. and international students enrolled in FIT's diverse curricula, attending classes day and evening, year round, online and at locations on campus, in New York City, throughout the country, and around the world.

FIT is unique in its history and educational offerings. Just seven years after its founding, FIT became one of the first community colleges empowered under the program of the State University of New York to grant the Associate in Applied Science degree. As the curricula expanded beyond fashion and its more broadly defined industries to include business, communications, and design, the college's degree offerings also expanded. In 1975, an amendment to the education law of New York State was approved permitting the college to confer Bachelor of Fine Arts and Bachelor of Science degrees. Four years later, another amendment was approved authorizing the granting of master's degrees, and the first master's programs were introduced in 1985.

FIT is a public institution, receiving its principal financial support from the State and City of New York. The college is governed by its own Board of Trustees, all of whom are active professionals who are committed to the development of talent. Local sponsorship comes from the New York City Department of Education in cooperation with the FIT Foundation. FIT is accredited by the Commission on Higher Education of the Middle States Association of Colleges and Schools (msche.org), the National Association of Schools of Art and Design (nasad.arts-accredit.org), and the Council for Interior Design Accreditation (accredit-id.org).

FIT MISSION

The Fashion Institute of Technology prepares students for professional excellence in design, fashion, and business by providing a premier educational experience that fosters creativity, career focus, and a global perspective.

Selection of Applicants for Associate Degree Programs

FIT is a public institution that prepares students for a wide range of careers in creative business and design professions. Academic accomplishments, achievements that predict success on the college level, and demonstrated talent are factors that the Admissions Committee considers when evaluating applications. When the committee is evaluating transfer applications, overall grade point average and performance in liberal arts courses are also considered. All applicants—whether intending to study full time in a matriculated day program, or in an evening/weekend program—must meet the same admissions standards.

FIT believes that a person's creative and leadership abilities are revealed through participation in activities in any of several fields, such as governing organizations, student clubs, or the visual and performing arts. The Admissions Committee would like to know about all accomplishments in which applicants take pride. All applicants are required to submit a personal essay indicating why they selected their particular major, and highlighting all activities or accomplishments.

All applicants to School of Art and Design programs must offer evidence of artistic and creative ability through the submission of a portfolio. Fashion Design applicants should be versed in both art and garment construction. Successful applicants to School of Business and Technology programs will have demonstrated the ability to work with others, qualities of leadership, and sound mathematical skills.

STUDENT CATEGORIES

FIT offers a variety of study schedules during the fall and spring semesters and summer and winter sessions in order to meet the needs of its students. The following definitions provide clarification of the student categories at FIT. Not all student categories are mutually exclusive—one-year students, for example, are also full-time students.

Matriculated Students

Matriculated students are those who are enrolled in an FIT degree program, whether undergraduate or graduate, full- or part-time. Matriculated students are given preference for on-campus housing.

MATRICULATED DAY Matriculated day students are enrolled full time, and the majority of their classes take place during the day.

MATRICULATED EVENING/WEEKEND FIT offers a number of evening/weekend degree programs (see page 27). Courses in these programs are scheduled during the evening and/or weekend.

FULL-TIME Full-time undergraduate students are enrolled for 12 or more credits per semester.

PART-TIME Part-time undergraduate students are enrolled for less than 12 credits per semester.

ONE-YEAR One-year students are matriculated undergraduates enrolled in a one-year associate degree program.

Non-matriculated Students

Non-matriculated students are those who have not been admitted to a degree program but are enrolled in at least one course. Students who hold a high school diploma or a General Equivalency Diploma (GED) may register for courses and complete certificate programs offered at FIT without submitting a formal application to the college. Courses that are open to non-matriculated students are typically scheduled during the evening and on the weekend; they may or may not carry college credit. Some credit-bearing courses are reserved for matriculated students only. All students must meet prerequisite requirements for any course they plan to take. All students who wish to seek a degree must apply through a formal admissions process before accumulating more than 24 credits (see Matriculation Status Policy, page 47, for details on how many credits taken in non-matriculated status may be applied to a degree).

ADMISSIONS PROCESS

1. Visit the college and attend a group information session, and explore the FIT website.
2. Choose a major program of study.
3. Go to fitnyc.edu/admissions and complete the FIT/SUNY application online.
4. After the online application is completed, high school students should ask their guidance counselor to send their transcripts to FIT's Admissions Office. Transfer students should request that official transcripts be sent directly from their high school(s) and college(s) registrar's offices to FIT's Admissions Office. The mailing address for transcripts is:
Fashion Institute of Technology
Admissions Office
227 West 27th Street, Room C139
New York, NY 10001-5992
5. Applicants will submit their academic history and a personal essay online after receiving an email with instructions to access MyFIT (myfit.fitnyc.edu).
6. Applicants to School of Art and Design programs will receive portfolio requirements specific to their major, and submission instructions.
7. Applicants who have taken either Advanced Placement or College-Level Equivalency Programs exams must contact the College Board and request official test scores be sent directly to the FIT Admissions Office.

APPLICATION RECOMMENDED FILING DATES FOR ADMISSION TO ASSOCIATE DEGREE PROGRAMS

Application Submission

All applications are processed in the order they are received after the applicant has submitted the online essay and academic history forms. Receipt of these two online items activates the acknowledging process in the Admissions Office. Decisions will only be rendered after completed applications—with transcripts and essays—are on file in the Admissions Office. In addition, all applicants whose native language is not English must provide an official Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS) score. This includes applicants who have been living in the United States.

Application Deadlines for Associate Degree Programs.

Domestic and international applicants use the same application when seeking admission to FIT. Visit fitnyc.edu/admissions for additional information.

- No later than **January 1** for the fall semester.
- No later than **October 1** for the spring semester.

Students who have not completed applications by **February 1** for the fall semester or **November 1** for the spring semester risk being closed out of the major of their choice.

Readmission

Students who seek readmission to FIT should notify Admissions in writing or online at fitnyc.edu/readmission prior to the intended semester of reentry.

- No later than **January 1** for the fall semester.
- No later than **October 1** for the spring semester.

ADDITIONAL APPLICATION MATERIALS

Transcripts

Transcripts must be sent directly to FIT. Transfer students who have not yet earned their college degree must submit a high school transcript with proof of high school graduation.

Applicants educated outside the United States should refer to the International Applicant Credentials information at fitnyc.edu/internationalapplicants.

TOEFL/IELTS Scores

Applicants whose native language is not English must provide an official Test of English as a Foreign Language (TOEFL) score or an International English Language Testing System (IELTS) score.

TOEFL: The minimum TOEFL score requirement depends on which test format you are using:

1. Internet-based test (IBT): Minimum score must be 80.
2. Computer-based test: Minimum score must be 213.
3. Paper-based test: Minimum score must be 550.

IELTS: The minimum band score of 6.5 in the academic module is required.

A current TOEFL or IELTS score is required. The score must be no more than 5 years old on the date of anticipated enrollment.

Applicants who have completed an English composition course at a college in the United States are not exempt from taking the TOEFL or IELTS.

Students who have completed less than four years of English (not ESL) at a U.S. high school are required to take the TOEFL or IELTS.

For information about scheduling the TOEFL exam and obtaining score reports, visit toefl.org. In the United States you can call 609 771.7100.

For information about scheduling the IELTS and obtaining score reports, visit ielts.org.

Artwork Evaluation

All applicants to School of Art and Design programs must submit a portfolio for evaluation by the faculty. After the application is received by FIT from the SUNY Application Services Center, applicants can enter MyFIT to access specific instructions and options to submit their portfolio. No portfolio is required from applicants to School of Business and Technology or School of Liberal Arts programs.

There are three possible options for submitting a portfolio:

1. E-portfolio is strongly recommended. Access to e-portfolio will be available through MyFIT.
2. You may also submit your artwork by mail. Mail-in authorization will be provided through MyFIT. Prospective applicants to FIT should not mail unsolicited portfolios to FIT or the SUNY Application Services Center. Unsolicited portfolios will not be evaluated and will not be returned.
3. If you live nearby, you may also have the option to present your portfolio in person. In-person scheduling will be available through MyFIT.

Most applicants seeking direct entry into a BFA degree program will first be evaluated at the AAS level to determine eligibility. BFA degree applicants may, according to their major, be contacted directly by the department once academic eligibility has been determined by the Admissions Office.

Departmental portfolio requirements are listed below and current detailed requirements are on the FIT website at fitnyc.edu/portfoliorequirements. The applicant must be the sole creator of all artwork in his or her submitted portfolio.

AAS PORTFOLIO REQUIREMENTS

FASHION DESIGN (WOMEN'S WEAR ONLY) The Fashion Design portfolio requires applicants to complete five specific fashion design sketches, six to ten original fashion artwork sketches, photos of garments, and four essay questions. Portfolio pages should all be 8.5" x 11" or 21 x 28 cm. All fashion design sketches must include fabric swatches for each design shown. Photographs of garments applicants have constructed that demonstrate sewing and/or creative abilities are required in the portfolio. Evaluators will focus on creativity and design sense, as well as technical skills. A drawing test will be given. Please note: The entire Fashion Design portfolio, including the design test, fashion artwork sketches, and photographs of garments, will not be returned to the applicant. Applicants should submit only color copies of photographs and artwork. Slides, DVDs, and CDs are not acceptable for submission.

ACCESSORIES DESIGN Applicants should submit eight original designs of accessories (handbags, shoes, belts, or small leather goods). The portfolio may also include four interpretations of these designs using Photoshop or Illustrator. All drawings should indicate the applicant's level of creativity and sense of design. Emphasis should be placed on proportion and three-dimensionality. Photos or slides of original work may be included. Portfolio may also include finished articles, such as a handbag or small leather goods.

COMMUNICATION DESIGN FOUNDATION Portfolios should include 12 to 15 pieces that reveal imagination, design skills, sense of color, and drawing ability, as well as the use of typography. Artwork in any medium may be presented; it need not relate specifically to advertising or graphic design. The inclusion of a sketchbook is encouraged. Applicants should also include computer design samples if they have them. Organization and neatness are considered as part of the evaluation.

FINE ARTS Artwork from direct observation is preferred. Applicants should submit at least ten examples in any medium: drawings, watercolors, pastels, paintings, prints, photos of sculpture, or 3D designs. Students need not have examples in all categories. The portfolio should reflect freehand drawing and sketching ability, sensitivity to color, line, and proportion; and neatness of presentation. Sketchbooks are welcome. Slides are not recommended for in-person evaluation; however, they are welcome for mail-in portfolios; photographs or color copies are acceptable substitutes for large work.

ILLUSTRATION Portfolios should include a minimum of ten pieces of original art drawn or painted directly from life and up to ten more pieces, which could be created by using photo reference. Applicants should include at least one drawing or painting from the following five categories: portraits; situations (people sleeping, eating, watching TV); environments (a view out a window, a room, a cityscape, a landscape); still life (fruits, flowers, books, shoes, wine bottles and glasses); conceptual (a person as an animal, a businessman the size of a skyscraper, a person of stone). Maximum size is 18" x 24". The inclusion of a sketchbook is strongly encouraged. All work must have been completed within the last two years. Graphic design or photography that is not illustration should not be included. A drawing test will be given at the time of the in-person portfolio evaluation.

INTERIOR DESIGN Artwork of a variety of types may be presented. Measured drawings (floor plans, elevations, or perspectives) may be included, however, any artwork will be considered if it communicates the applicant's sensitivity to color, line, proportion, etc. Organization and neatness are considered as part of the evaluation. Sketchbooks are welcome. A drawing test will be given at the time of in-person portfolio evaluation. In addition, applicants are required to complete a home test, which must be submitted with the portfolio.

JEWELRY DESIGN Artwork in any medium that reflects attention to detail and sense of color and design, particularly in drawing and sculpture, may be submitted. Applicants are encouraged to supply a selection of jewelry, either designs or actual pieces. Beaded items should be limited to no more than five pieces. Photographs or slides of work are also acceptable.

MENSWEAR DESIGN Applicants should be prepared to submit seven original sketches of their own menswear designs. These should include at least two of any of the following categories: suits, sport coats, knitwear, sportswear, active sportswear, formal wear, and casual wear. The aim is to assess creative design ability, not proficiency in fashion illustration. Applicants should be prepared to explain their interest in entering the menswear industry in essay form.

PHOTOGRAPHY Portfolios should contain 24 to 30 of the applicants' most creative black-and-white and color photographs. Work in other media may also be submitted. Portfolios should communicate sensitivity to design, imagination, creativity, diverse subject matter, willingness to be experimental, ability to convey complex ideas visually, and organization and neatness of portfolio presentation. Evaluators prefer photos processed and printed by the applicant, but commercially prepared work will be accepted. Applicants should be prepared to explain their interest in commercial and editorial photography. Additionally, applicants are required to complete a home test, which must be submitted with the portfolio.

TEXTILE/SURFACE DESIGN Portfolios should contain original artwork in any technique or medium that demonstrates drawing and painting ability, creativity, and color and design sense. Applicants may submit up to 15 pieces that might include drawings and paintings from nature (shells, figures, flowers, etc.), samples of weaving, screen-printed or hand-painted fabrics, and fiber art. Slides and/or photographs of large paintings or 3D pieces are welcome, as are sketchbooks. A drawing test will be given at the time of the in-person evaluation. Applicants who submit portfolios by mail will be required to complete a home test.

VISUAL PRESENTATION AND EXHIBITION DESIGN Artwork of any media will be considered as long as it communicates the applicant's overall artistic ability, creativity, design sense, and sensitivity to color, line, and proportion. Applicants may submit up to 25 pieces that can include (but are not limited to) drawings such as ground plans, perspective drawings, sketches, photographs or slides of display arrangements, paintings, collages, and craft work. Evaluators consider the applicant's interest in the program, the variety of areas in which the applicant has created work, and the creative potential of the applicant. In addition, applicants are required to complete a home test, which must be submitted with the portfolio.

The application for one-year AAS programs is the same application used for the two-year programs. Once the application is filed, an official college transcript from each institution should be forwarded to the Admissions Office showing all completed coursework and, if applicable, degree and date granted.

In order to be eligible for any of these programs, applicants must meet the following criteria:

1. Graduation from a four-year college or completion of at least 30 transferable credits at a college with a minimum of 24 credits equivalent to FIT's liberal arts requirements: 3 credits in college-level mathematics above basic algebra; 3 credits in English composition; 3 credits in literature or speech; 3 credits in physical science, biology, or life science; 12 credits in the humanities/social sciences; and one course in physical education.

For Jewelry Design applicants: graduation from a Bachelor of Fine Arts program, or completion of 24 credits equivalent to the liberal arts requirements of the Jewelry Design major (see page 19), including 6 credits in art history and courses in basic design, general drawing, and sculpture.

2. For applicants to the Accessories Design, Communication Design Foundation, Fashion Design, Jewelry Design, or Textile/Surface Design program, a strong portfolio containing representative examples of their art and design work (see Artwork Evaluation, pages 15–17).

REQUIREMENTS FOR ADMISSION TO EVENING/WEEKEND DEGREE PROGRAMS

Applicants to FIT's evening/weekend degree programs adhere to the same admissions guidelines as matriculated day students.

ACADEMIC CREDIT BY EVALUATION

Accepted applicants may apply up to 30 credits earned through published subject examinations (examples listed below) and transfer credit toward fulfillment of degree requirements at FIT. Those who have completed college-level liberal arts courses in which a grade of "C" or better has been achieved will receive credit for coursework equivalent to courses at FIT (see Transfer of Credit, page 46).

Credit for published examinations applies to the following three tests, provided that the specified minimum performance levels are met, and that the subject examination is in an area that would normally be eligible to receive credit during an evaluation of transfer credits.

College-Level Examination Program (CLEP)

Mean score must meet or exceed the equivalent of a grade of "C" in a formal course.

Advanced Placement Program

A score of 3 or higher on a scale of 5 points used for this program.

International Baccalaureate Program

A score of 4 or higher on exams for higher-level (HL) courses.

Official test scores must be sent directly to the FIT Admissions Office by the issuing board or awarding authority. Complete information about applying for academic credit by evaluation is available in the Registrar's Office and at fitnyc.edu/registrar.

Selection of Applicants for Baccalaureate Degree Programs

The college offers 23 baccalaureate programs leading to either the Bachelor of Fine Arts (BFA) or Bachelor of Science (BS) degree. Admissions priority is given to FIT's AAS graduates, although external applicants who meet the eligibility requirements are also encouraged to apply.

FIT's AAS graduates who apply by the application recommended filing dates are given priority consideration for admission into the same major's baccalaureate-level program. Applicants must have met the General Education (see General Education Requirements, page 33) and liberal arts (see pages 30–32) requirements and maintained the required GPA. Applicants who do not meet these criteria or who wish acceptance into another program may require an interview, or an interview and artwork evaluation.

The associate-level major pages (80–105) show the recommended bachelor's programs available to students from each of FIT's AAS programs. Associate-level students who wish to apply to a baccalaureate-level program other than those recommended should review the courses on the applicable baccalaureate-level major pages (106–135) and consult with the appropriate department chairperson for advisement.

Priority application filing date is no later than **January 1** for fall admission and **October 1** for spring.

ADMISSION CRITERIA FOR BACCALAUREATE DEGREE PROGRAMS

Applicants seeking admission to one of FIT's bachelor's degree programs must hold an AAS degree from FIT or an equivalent degree or 60 appropriate credits from a four-year bachelor's degree program. They must also meet the appropriate prerequisites as required by the major and have completed FIT's liberal arts requirements (with the exception of physical education). Further requirements may include an interview with a departmental committee, review of academic standing, and artwork evaluation for all applicants to BFA programs.

Graduates of associate degree programs in the liberal arts are eligible to apply to FIT majors in Art History and Museum Professions, Cosmetics and Fragrance Marketing, Direct and Interactive Marketing, Fabric Styling, Home Products Development, International Trade and Marketing for the Fashion Industries, Production Management: Fashion and Related Industries, and Textile Development and Marketing.

Those applicants who have not completed the requisite specialized courses for the major must complete the required "bridge" courses or an appropriate one- or two-year degree program offered by FIT before they may be considered for admission to the college's bachelor's degree programs.

Students who apply for transfer to FIT from a four-year bachelor's degree program must have completed a minimum of 60 credits, including the requisite art or specialized courses for the major and the liberal arts requirements.

For more information, please visit fitnyc.edu/majors.

International Applicants

Applicants educated outside the United States should review the International Applicant Credentials information at fitnyc.edu/internationalapplicants for detailed information about transcript requirements.

TOEFL SCORE

Students whose native language is not English must provide an official Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS) score (see page 15).

STUDENT VISAS

In accordance with federal regulations, FIT only issues I-20 forms (Certificates of Eligibility for Nonimmigrant [F-1] Student Status) to students who have been admitted to a full-time program of study leading to a degree. Students who wish to apply for an F-1 student visa or who hold F-1 student status must obtain an I-20. To obtain an I-20, students must submit an International Student Financial Statement (ISFS) to FIT after being admitted to the college. The U.S. Citizenship and Immigration Services require verification of the student's ability to finance studies in the United States. An estimate of expenses based on current tuition, fees, and living and personal expenses appears on the ISFS.

After notification of acceptance, a tuition deposit is required. Upon receipt of tuition deposit and within ten days of receipt of a properly completed ISFS, the college will issue an I-20. Those students holding F-1 status at another U.S. institution will receive instructions on how to transfer their SEVIS record upon receipt of the tuition deposit and ISFS. The I-20 will be issued after the SEVIS record is received by the Office of International Student Advisors.

The I-20 is necessary to apply for a visa at a U.S. Consulate in order to enter the United States to study and to maintain F-1 status while attending FIT. To download the ISFS and for more information about applying for a visa and the terms and conditions of F-1 status, visit the FIT International Student Advisors web page at fitnyc.edu/oisa.

Visiting Students

This program offers selected students the opportunity to take courses at FIT in order to supplement educational programs taken at other institutions. Applicants must be attending colleges that are formally registered as part of FIT's Visiting Student Program in order to be considered. Applicants must be full-time, matriculated undergraduates at their home institution with a minimum cumulative GPA of 3.0 (on a 4.0 scale) and completion of at least 60 credits prior to starting the program. A portfolio of artwork is required for admission to School of Art and Design programs.

Applications must be made through the designated liaison at the applicant's home institution. Written approval from the designated liaison must be forwarded to the Admissions Office. Recommended application filing dates are **January 1** for fall and **October 1** for spring. Applicants must file the FIT/SUNY application online at fitnyc.edu/admissions.

Visiting students are not eligible for financial aid from FIT. They should apply for aid from their home institution.

Admission to the Accessories Design, Communication Design Foundation, Jewelry Design, and Textile Development and Marketing programs for visiting students is limited to the fall semester only. Advertising and Marketing Communications and Fashion Merchandising Management are available in spring and fall. Majors offered through the visiting students program are subject to change.

Housing application instructions are enclosed with students' acceptance letter.

Applicants are admitted to a one-year AAS degree program. The FIT degree is awarded once the student has submitted proof of receipt of bachelor's degree at the home institution.

LIBERAL ARTS

Business and Liberal Arts Center, Room B623, 212 217.4320

fitnyc.edu/liberalarts

Every degree program at FIT has at its core a required, comprehensive liberal arts curriculum, taught by the faculty of the college's School of Liberal Arts. Education in the liberal arts develops students' critical thinking and communications skills, provides them with a global perspective, and nurtures interests that can enrich and inform their professional and personal lives.

The School of Liberal Arts also administers the liberal arts minors, FIT's Presidential Scholars honors program, and the Art History and Museum Professions BS program.

Minors

Students at FIT have the opportunity to pursue a liberal arts minor, a selection of courses focused on a particular discipline that provides a more cohesive program of study and a deeper understanding of the chosen field. These courses may also fulfill some of the major's liberal arts requirements, and students often do not need to exceed their regular course load to pursue a minor or concentration. Upon successful completion of the selected 15 course credits with a 2.0 or higher GPA, the minor is recorded on the student's transcript. There are a wide range of options, including Dance and Performing Arts, Economics, Film and Media Studies, International Politics, several foreign languages, and concentrations in Asian Studies and Latin American Studies.

In the Asia Concentration, students take 15 credits (approximately five courses), including two semesters of Chinese or two semesters of Japanese, from a pre-selected list. Offerings include EN 273—Literature of India, EN 371—Chinese Odyssey: Introduction to Chinese Literature, HA 221—East Asian Art and Civilization, HA 225—Art and Civilization of India, PL143—Introduction to Asian Philosophy, SS 356—Asia in Motion, SS 277—Cultural Expressions of Non-Western Dress, and all Chinese and Japanese language courses.

In the Latin America Concentration, students take 15 credits (approximately five courses), including two semesters of Spanish, from a pre-selected list of offerings. These courses include: HA 224—Pre-Columbian American Art and Civilization, LA 231—Latin American Fiction, LA 222—Survey of Latin American Music, SS 353—Latin America Today, SS 446—Economics of Latin America, and all Spanish language courses.

For information about additional courses, visit fitnyc.edu/liberalarts.

Students should contact the Center for Liberal Arts Academic Advisement Board to determine how to schedule a minor within their major.

Presidential Scholars

Business and Liberal Arts Center, Room B602, 212 217.4590

fitnyc.edu/honors

Presidential Scholars is FIT's honors program, providing motivated and gifted students the opportunity to take part in specially designed liberal arts courses, interdisciplinary group projects, monthly colloquia, and extracurricular activities—arts performances, cultural institution visits, and outdoors adventures—that use the entire landscape of New York City as an extended campus. Presidential Scholars receive an annual merit stipend and are afforded priority registration.

Students must complete a separate application for the Presidential Scholars program. For the associate-level program, competitive admission is based on class rank, high school GPA, and SAT scores. For the baccalaureate-level program, students must have a GPA of 3.5. Applications are available on the Presidential Scholars website.

Based upon placement test scores, some students are required to take developmental courses in Educational Skills (ES) or mathematics (MA) in addition to the general requirements listed below. For placement test exemption information, see page 47 or visit fitnyc.edu/placementtests.

All two-year AAS degree students must complete a total of at least 24 liberal arts credits. Some majors require specific courses within these general requirements. GENERAL EDUCATION REQUIREMENTS

fitnyc.edu/gened

FIT students who matriculated after fall 2000 must fulfill General Education requirements in order to receive a bachelor's degree. These requirements are built into the FIT curriculum and fulfilled through required courses in the degree program.

While the Registrar's Office and the Liberal Arts Center for Academic Advisement monitor each student's progress in the fulfillment of SUNY General Education requirements, final responsibility for completing the requirements rests with the student. A SUNY General Education requirement completed at one SUNY campus will not have to be repeated at FIT.

Thirty (30) credits in ten areas make up the FIT General Education requirement. An FIT course cannot be used to meet more than one General Education area. Please note that students transferring from another college and enrolling in a baccalaureate program at FIT must complete a total of 30 General Education credits in a minimum of seven areas (including basic communication, math, and science) in order to receive the bachelor's degree.

One SUNY-approved course from each of the following ten areas (a minimum of 3 credits in each area) is required:

- G1 Basic Communication
- G2 Mathematics
- G3 Natural Sciences
- G4 Social Sciences
- G5 Western Civilization
- G6 The Arts
- G7 Humanities
- G8 Foreign Language
- G9 Other World Civilizations (Non-Western Civilizations)
- G10 American History

The first seven areas are typically taken at the associate level, and the remaining three are taken at the baccalaureate level. Some majors, however, require specific courses and areas in designated semesters throughout the four years.

The General Education requirement in foreign language has been waived for the following six BFA programs: Advertising Design, Computer Animation and Interactive Media, Graphic Design, Illustration, Packaging Design, and Toy Design.

Scholastic Standing

Scholastic standing is determined by a semester index, computed by multiplying grade value by credit hours for the course, and dividing the sum by the total credit hours the students carried.

Students may repeat only courses in which one of the following grades has been received: "F," "WA," "WD," or "WF." All grades remain on record and are calculated into the GPA. Grades of incomplete ("IN") are calculated as an "F" in the GPA until the incomplete has been resolved.

The following grades are used for final marks:

GRADE	QUALITY POINTS	GRADE	GRADE VALUE
A	4.0	IN	Incomplete

IN Incompletes are assigned at the instructor's discretion. Coursework must be completed within six weeks of the start of the following semester. "IN" is computed as an "F" until an appropriate letter grade is submitted. "IN" cannot become a "WD."

IP Indicates that a thesis is in progress. "IP" is replaced by an appropriate letter grade when the thesis is completed or by an "F" if matriculation is not maintained.

L Auditor (may be assigned for non-degree student only).

P/F A "P" grade is not calculated in the scholastic average, but credit is received and recorded on the academic transcript. An "F" grade is calculated in the GPA.

WA Authorized withdrawal, which may be assigned after six weeks at the instructor's discretion, carries no penalty and does not affect GPA. This grade is a terminal grade and changes are not accepted.

WD Student-initiated authorized withdrawal is permitted up to the sixth week and does not affect GPA. This grade is a terminal grade and changes are not accepted.

WF Unauthorized withdrawal, which may be assigned after six weeks at the instructor's discretion, carries a penalty, and is equivalent to an "F" in the GPA. This grade is a terminal grade and changes are not accepted.

Y Intermediate grade assigned after the first of two semesters or the first two semesters of a three-semester sequence. "Y" will be replaced by an appropriate letter grade when sequence is completed. Does not affect GPA.

Z No grade reported by instructor at grade-processing deadline. Does not affect GPA.

All grade disputes must be resolved within two years of receipt of the grade and cannot be disputed once the degree is awarded and sealed.

PROCEDURE FOR PASS/FAIL

1. No major subject can be taken on a pass/fail basis. AAS candidates are permitted to take a maximum of 6 free elective or liberal arts elective credits on a pass/fail basis. BS candidates may take up to 6 liberal arts elective credits for a pass/fail grade. BFA candidates are permitted to take 3 elective credits on a pass/fail basis.
2. At least one full semester must have been completed at FIT; students must be currently registered for no fewer than 12 regularly graded credits in addition to the course taken on a pass/fail basis.
3. Only 3 credit hours per semester can be taken on a pass/fail basis.
4. The instructor must be informed within the first three weeks of the class that the course is to be taken on a pass/fail basis. Forms are available online at fitnyc.edu/registrar and in the Registrar's Office.
5. No more than one pass/fail course may be taken in any one department during each degree program.
6. Only a course with a grade of "F," "WA," "WD," or "WF" may be repeated.

ACADEMIC STANDARDS

The Committee on Academic Standards reviews student transcripts at the end of each fall and spring semester. A transcript that shows a semester GPA below 2.0 is unsatisfactory and the student may be placed on probation or dismissed from the college. A transcript is also considered unsatisfactory if the student has received grades of "D," "F," "IN," "WA," "WD," or "WF" in the coursework.

Students may be placed on probation with credit limitations or may be terminated for unsatisfactory academic performance.

Students who have been dismissed for academic reasons can register only as non-matriculated students on a part-time basis with permission of their major department chairperson. A cumulative GPA of 2.0 must be achieved in courses appropriate to the students' former degree program before they may be considered for readmission through the Admissions Office.

Students whose cumulative GPA is below 2.0 at the completion of at least 50 percent of the required courses or at the end of the second semester are not permitted to register for the third semester as matriculated students. Any students dismissed in such a manner have the right to appeal to the major department in consultation with the Committee on Academic Standards.

TRANSFER OF CREDIT

The Registrar's Office evaluates courses from any other college for transfer of credit (see page 19). Acceptance of specific units depends upon the requirement of the major for which application is made and the extent and degree of similarity between the program previously pursued and that to which transfer is requested. Only "C" or better grades are acceptable.

FIT subscribes to SUNY regulations with regard to transfer of grades from SUNY and CUNY colleges.

Students who are interested in transferring to senior colleges after graduation from FIT are advised in the Registrar's Office. Upon the students' written request, the Registrar sends an official transcript to any educational institution. A separate audit sheet for SUNY General Education Requirements is also sent when students apply to SUNY senior colleges. Official transcripts are not given directly to the students. Transcripts are \$5 each. Normal processing takes approximately five business days. Rush transcripts can be processed for a \$10 fee. The transcript request form is available at fitnyc.edu/registrar.

Requirements for Degree Completion

Time Requirements

Full-time students must complete all requirements for their degree within four years from the original date of matriculation; part-time students must complete all requirements within eight years from the original date of matriculation. After the period expires, students must reapply through Admissions and have their credentials reevaluated. Courses taken ten or more years ago are subject to reevaluation and must be approved by the appropriate department chairperson or academic dean in order for students to receive credit toward their degree.

REQUIREMENTS FOR THE ASSOCIATE DEGREE

To qualify for the Associate in Applied Science degree, candidates must be matriculated (officially admitted to degree status); satisfactorily complete the credit and course requirements prescribed for their majors, related areas, and liberal arts; achieve a minimum GPA of 2.0 for all work completed; receive the recommendation of the faculty; and submit an application for graduation with fee.

For more specific course requirements, consult the major pages beginning on page 80 and the SUNY General Education requirements on pages 33–41.

Writing and Mathematics Proficiency

Students are expected to develop their writing and mathematics skills as early as possible during their studies to enhance their prospects for academic and career success. In order to pre-enroll/register for the initial semester of study in a degree program, all full- and part-time AAS students must complete English and mathematics placement testing or demonstrate that they qualify for exemption from placement testing. Students who are placed into Educational Skills or developmental mathematics courses or EN 121–English Composition should register for these courses in the first semester of study.

Information on how to demonstrate English and mathematics proficiency is available in the Liberal Arts Center for Academic Advisement and Placement, Room B623, and at fitnyc.edu/placementtests.

REQUIREMENTS FOR THE BACCALAUREATE DEGREE

To qualify for the Bachelor of Science or Bachelor of Fine Arts degree, students must be matriculated (officially admitted to degree status); satisfactorily complete the credit and course requirements prescribed for their majors, related areas, and liberal arts; achieve a minimum GPA of 2.0 for all work completed; receive the recommendation of the faculty; and submit an application and fee for graduation. Students receiving the BFA degree are required to complete a total of four courses in History of Art and Civilization (HA) or their approved equivalents, and 30 credits in general studies (not including History of Art and Civilization courses).

For more specific course requirements, consult the major pages beginning on page 106, and the SUNY General Education requirements on pages 33–41.

MATRICULATION STATUS POLICY

Non-matriculated students (i.e., students enrolled in at least one course but not admitted into a degree program) seeking admission to a two-year associate or baccalaureate degree program at FIT should note the following:

- A minimum of 50 percent of the credits identified in any degree program as major area or related area credits must be taken while matriculated.

- No more than 30 credits taken at FIT in non-matriculated status may be applied to a two-year associate or baccalaureate degree.

Non-matriculated students seeking admission to a one-year associate degree program should note the following:

- A minimum of 50 percent of the credits identified in any degree program as major area or related area credits must be taken while matriculated.
- No more than 15 credits taken at FIT in non-matriculated status may be applied to a one-year associate degree.

Students pursuing a second baccalaureate degree should review the specific degree requirements with the Registrar's Office.

RESIDENCY REQUIREMENTS

To earn a two-year associate degree, students must complete at FIT a minimum of 30 credits as required by the major (see pages 80–97).

To earn a one-year associate degree, students must complete at FIT a minimum of 30 credits as required by the major (see pages 98–105).

To earn a baccalaureate degree, students must complete at FIT a minimum of 60 credits as required by the major. However, if students have already earned an appropriate FIT associate degree, they must complete at FIT a minimum of 30 upper-division credits as required by the major (see pages 106–135).

ATTENDANCE

Attendance shall be taken in all classes. The general policy with regard to student attendance in any class is determined by the instructor and is announced to the class at the beginning of each semester. Specific procedures for handling absences are detailed in the *Student Rights and Responsibilities Policy Manual*, available online at fitnyc.edu/rightsandresponsibilities.

On occasion, students are unable to attend a class session due to illness, accident, or other emergency. Students should contact their instructor(s) directly, via phone or email. If students are unable to reach their instructor(s), they should contact the appropriate academic department office(s). Extended absences from class should be substantiated by appropriate documentation.

No persons shall be expelled from or be refused admission as students of the college for the reason that they are unable to attend classes or to participate in any examination, study, or work requirements on a particular day(s) because of religious beliefs.

Students unable to attend classes on a particular day(s) because of religious beliefs shall, because of such absence on the particular day(s), be excused from any examination or any study or work requirements.

It shall be the responsibility of the faculty and the administrative officials of the college to make available to students absent from school because of religious beliefs an equivalent opportunity to make up any examination, study, or work requirements that they may have missed because of such absence on any particular day(s). No fees of any kind shall be charged for making available such equivalent opportunity.

In effectuating the provisions of this section, it shall be the duty of the faculty and of the administrative officials to exercise the fullest measure of good faith. No adverse or prejudicial effects shall result to any student because of his or her availing himself or herself of the provisions of this section.

Any students who are aggrieved by the alleged failure of any faculty or administrative officials to comply in good faith with the provisions of this section shall be entitled to maintain an action or proceeding in the supreme court of the county in which the college is located for the enforcement of their rights.

It shall be the responsibility of the administrative officials of the college to give written notice to students of their rights under this section, informing them that students who are absent from school because of religious beliefs must be given an equivalent opportunity to register for classes or make up any examination, study, or work requirements that they may have missed because of such absence on any particular day(s). No fees of any kind shall be charged by the college for making available to such students such equivalent opportunity.

OFFICIAL WITHDRAWAL

Students who voluntarily withdraw from the college should go to the Counseling Center for an exit interview. Complying with this procedure will put their records in good order and will facilitate readmission to FIT if they decide to return in the future or wish to have transcripts of grades sent elsewhere. Title IV recipients must have an exit interview before withdrawal.

Dean's List and Academic Achievement Awards

The Dean's List, posted at the end of each semester, honors those students who have completed more than 12 credits (may not include courses taken on a pass/fail basis) and achieved a GPA of 3.5 or better. Students receiving an incomplete or an "F" grade are ineligible for the Dean's List that semester.

For students who achieve a GPA of 3.75 or better during their college careers, their degree is granted summa cum laude. For those with a GPA of 3.5 or better but less than 3.75, their degree is granted magna cum laude. For those with a GPA of 3.25 or better but less than 3.5, the degree is granted cum laude.

*Tuition is charged for non-credit-bearing courses. Laboratories, lectures, and workshops are billed at different rates (see Fees, page 57).

RESIDENCY FOR TUITION PURPOSES

U.S. Citizens and Permanent Resident Aliens

To qualify as a New York State resident, one must have established legal residence by maintaining a domicile in New York State for a period of at least one year preceding the first day of the semester.

A domicile is defined as a fixed permanent home to which one intends to return after being absent for a period of time. A person does not acquire a New York State domicile simply by being physically present in New York for a period of 12 months. A person retains a domicile until their present domicile is abandoned and another domicile is established.

In addition to the general domicile standards, students under the age of 22 and whose parents or legal guardians reside out of state must present evidence of financial independence from parents or legal guardians and an established New York State domicile in order to be designated as New York State residents for tuition purposes.

Applications for change of residency status are available at the Bursar's Office at 236 West 27th Street, sixth floor, and on the FIT website at fitnyc.edu/bursar. Completed applications with supporting documents must be submitted prior to the end of the registration period for the semester for which the application is intended. Residents of any of the five boroughs of New York City must sign the residency affidavit printed on the registration form at the time of admissions to the college.

New York City residents who have met the New York State residency requirement by maintaining a domicile in New York State for a period of at least one year preceding the date of registration do not have to file a County Certificate of Residence. New York State residents who do not reside in any of the five boroughs of New York City must file a County Certificate of Residence (issued by the county in which the student resides) in order to be eligible for the in-state resident tuition rate. It is mandatory that the student present a new certificate at the beginning of each academic year. This certificate must be filed with the Bursar's Office at the beginning of the term for which the certificate is intended.

Students who enroll at the college in the fall semester are required to submit a new certificate the following fall. Students who enroll after the fall semester (Winter, spring, or summer) must submit a certificate at the beginning of their first semester of attendance at FIT and a new certificate at the beginning of the following fall semester. Note that individual counties have deadline dates and may have different criteria for issuing the certificates. Notices are mailed each year to continuing FIT students who are enrolled as New York State residents reminding them of the deadline dates along with an application for the County Certificate of Residence and instructions for completing the form. However, regardless of whether the FIT notices are received, students are responsible for submitting the completed affidavits to their respective counties and the County Certificate of Residence to:

Fashion Institute of Technology
Bursar's Office
236 West 27th Street, sixth floor
New York City 10001-5992

The County Certificate of Residence is issued by the student's County Administrative or Treasurer's Office, not by FIT. Applications and information pertaining to the location of county offices are available at the Bursar's Office fitnyc.edu/bursar. Application forms are also available at the county offices. Students who fail to submit a valid County Certificate of Residence to the college by the deadline dates will be billed the equivalent of non-resident tuition. No exceptions will be made. New York State Law requires that students who reside in New York State, outside any of the five boroughs of New York City, must file a County Certificate of Residence certified by their home county to qualify for the in-state tuition rate.

New York State residents who are eligible for the in-state tuition rate but have moved from one county to another within New York State within the last six months must file for a County Certificate of Residence with both counties and submit both certificates to the Bursar's Office. Other residency requirements, county certificate applications, and additional information may be found at fitnyc.edu/bursar.

Non-immigrant Aliens

Foreign students with F-1 Student Visas are not eligible for the New York State resident tuition rate.

Students with other types of visas may be eligible if they have been residents of New York State for one year prior to the date of registration (see above). Students must have possessed the qualifying visa for at least one year prior to the date of registration.

TUITION PAYMENT DEADLINES

Non-matriculated students are required to pay full tuition liability at the time of registration for each semester.

Tuition due dates are determined by the college in advance of each semester and may vary from one academic year to the next. Tuition due dates for the fall semester normally occur between mid-July and early August. Tuition due dates for the spring semester normally occur between late December and early January.

All students who register after the payment due date are required to make tuition payment immediately upon registration.

All students attending summer and winter sessions are required to pay full tuition liability at the time of registration.

Payment may be made via American Express, Discover, MasterCard, Visa, money order, or personal check. All payments must be made in U.S. dollars. Checks and money orders should be made payable to Fashion Institute of Technology and mailed to:

Fashion Institute of Technology
Bursar's Office—Cashiering Operations
227 West 27 Street, Room B127
New York City 10001-5992

Student ID number must be indicated on your payment. Students may make payments in person at Cashiering Operations.

FIT no longer sends bills by mail. Students may view and pay their FIT bills online through a secure e-billing system. Go to the MyFIT portal at myfit.fitnyc.edu, click on "Student Tab," then click on "Pay Student Account & View E-Bill."

Important: Students who do not pay their own FIT bills must authorize a parent or other person to access their account. To do this, click on "Authorized Users" after you are logged in to the "Pay Student Account & View E-Bill" page.

Parents and other authorized users: After you have been designated an authorized user, you will receive an email providing you with access to the system.

NON-PAYMENT OF DEBTS AND FINES

Checks returned by a bank as unpaid for any reason will result in a returned check fee of \$25 charged to the student's account. The college reserves the right not to accept a personal check for payment under some conditions; for example, a history of prior returned checks or checks without pre-printed name and address. Note that a stop-payment draft against a check is not considered an official withdrawal from the college and students will be charged a \$25 returned check fee in addition to the tuition liability.

Late payments are subject to a late fee of 1.5 percent per month on all outstanding balances. Students who fail to pay their bills or other college debts will be ineligible to register, graduate, or obtain transcripts or other services from the college. Outstanding debts may be referred to a licensed collection agency and collection fees up to 33 1/3 percent may be added to the outstanding balance. If legal action becomes necessary, litigation and all court costs will be the student's responsibility.

Students who have not satisfied their full financial obligations, exclusive of certified financial aid or tuition payment plans, by the scheduled due date may be subsequently de-registered and all previously assigned classes may be dropped. Late registration and program change fees may be assessed to students who are de-registered and wish to re-enroll. Students are not guaranteed class availability if they need to re-register for courses.

HOUSING

fitnyc.edu/residentiaallife

On-campus residences include traditional and apartment/suite-style accommodations. Traditional accommodations include a meal plan administered through food services on campus; for apartment/suite residents, the meal plan is optional (see Residential Life, page 71).

No refunds will be permitted unless an official withdrawal form is submitted in the required time period. The date on which the Withdrawal/Refund of Tuition Form is received by the Registrar's Office is considered the official date of the student's withdrawal. The \$5 offsetting service fee is nonrefundable. Student health insurance is nonrefundable after the first day of the semester. Nonattendance in class or stop-payment on a check is not considered an official withdrawal from the college. The student remains responsible for all tuition liabilities. Students receiving Title IV financial aid will be processed according to federal guidelines. Financial Aid

David Dubinsky Student Center, Room A212A, 212 217.3560

fitnyc.edu/financialaid

FIT attempts to remove financial barriers to college entrance by providing scholarships, grants, loans, and part-time employment based on available funding for students with financial need. Students who are in a degree program and require financial assistance of any kind must complete the Free Application for Federal Student Aid (FAFSA), designating FIT (code 002866) as a college choice. The FAFSA is the core application for all financial aid programs. Apply online at fafsa.ed.gov. Foreign students are not eligible for financial assistance from FIT. Visiting students should consult their home institutions for assistance.

FIT directly administers its institutional grants and scholarships, which are provided by the FIT Foundation. Federal funding administered by the college may include Federal Perkins Loans, Federal Supplemental Educational Opportunity Grants, Pell Grants, federally subsidized and unsubsidized loans for students and parents, as well as the Federal Work Study program. New York State residents who meet state guidelines for eligibility may also receive Tuition Assistance Program (TAP) and/or Educational Opportunity Program (EOP) funds through FIT.

Financial assistance is not automatically renewed. Since most financial aid awards are made for an academic year, students must reapply each academic year by submitting the required forms by the dates established and published by Financial Aid.

The amount of financial aid awarded depends on funds available to FIT as well as the students' educational budget and anticipated available resources. Priority for institutionally administered funds is given to students enrolled and designated as full-time. Federal funds at FIT are contingent on congressional authorizations and appropriations, and institutional funds are subject to funding. Eligibility requirements and funding regulations governing federal and state programs may change from year to year depending on legislative action. For more information, visit the Financial Aid website.

SATISFACTORY ACADEMIC PROGRESS (SAP) STANDARDS FOR FINANCIAL AID RECIPIENTS

The Higher Education Amendments require that colleges and universities provide federal aid to those students who are in good academic standing and making satisfactory progress in a degree program. The U.S. Department of Education requires that students make satisfactory academic progress (i.e., successfully complete at least 67 percent of attempted courses) and maintain a cumulative GPA of 2.0. The Satisfactory Academic Progress (SAP) guidelines are available in the Financial Aid Office and at fitnyc.edu/financialaid. Students are responsible for reading and adhering to these guidelines.

Students who do not meet the SAP standards will be issued a warning and placed on financial aid warning. Once in this status, if a student again does not meet the SAP standards, then the student's status will be changed to financial aid termination. Under this status the student will lose the benefit of federal and institutional aid. If there were extenuating circumstances that led to the termination, s/he may submit an appeal that will be reviewed by the Financial Aid Committee. The student will then be advised, in writing, of the committee's decision. Should the appeal be approved, the student will regain eligibility for one semester and be placed on financial aid probation.

FINANCIAL AID WITHDRAWAL AND RETURN OF FUNDS

Financial aid recipients who withdraw partially or fully must have their financial aid reviewed. If students withdraw during the first 60 percent of the enrollment period and have any form of federal aid disbursed, the amount of the refund will be based upon a distribution formula as required by federal regulations.

The refund distribution, prescribed by law and regulation, is in the following order: Unsubsidized Federal Direct Stafford Loan, Subsidized Federal Direct Stafford Loan, Federal Direct PLUS Loan, Federal Perkins Loan, Federal Pell Grant, Federal SEOG, other Title IV Aid programs, and other federal sources of aid.

Additional information on these refund and repayment policies may be obtained from Financial Aid.

TUITION ASSISTANCE PROGRAM (TAP) FOR NEW YORK STATE RESIDENTS

Full-time students who are New York State residents may be eligible for a TAP grant ranging from \$500 to full tuition per year. New York State residents who are registered for 6–11 credits in a degree program may be eligible for Aid for Part-Time Students (APTS) or Part-Time TAP. For more information, visit fitnyc.edu/financialaid or hesc.com. Only courses required for the student's current degree program will count toward TAP enrollment.

Regulations require that full-time students receiving state awards complete a minimum number of credits each term in a registered or otherwise approved program with a minimum GPA, and accumulate enough credits to graduate with an associate degree within a maximum of six semesters of aid, and a bachelor's degree in eight semesters of aid.

Also, students must be registered and enrolled for at least 12 credits in their degree program at the time of TAP certification. Three factors are involved: 1) academic progress in the previous semester; 2) program pursuit in the previous semester; 3) a minimum of 12 credits in the degree program.

Regulations allow for one waiver during a student's undergraduate career. According to the waiver guidelines, students may ask for and receive the waiver if good reason is presented for their inability to meet minimum standards. The waiver will become part of students' records and they are expected to make satisfactory progress thereafter. The waiver is not automatically given and students must apply and be approved.

More detailed information and waiver forms are available in the Registrar's Office, Room C158 or at fitnyc.edu/registrar. TAP eligibility requirements are subject to change based on New York State legislation.

ENROLLMENT MANAGEMENT AND STUDENT SUCCESS

Business and Liberal Arts Center, Room B221, 212 217.3800

fitnyc.edu/studentaffairs

The Division of Enrollment Management and Student Success is essential to FIT's primary goal: to promote the intellectual, cultural, personal, and social development of students, as well as to provide quality student services.

ACADEMIC ADVISEMENT

Academic advisement is offered by the deans, admissions counselors, registrars, department chairpersons, and individual faculty members. Discussions may range from consideration of courses available to students to the advantages and disadvantages of a change in major studies or career goals.

When a student needs remedial studies, courses and tutorial services are available in the college through the School of Liberal Arts and the Academic Skills Center, Room A608B.

COUNSELING CENTER

David Dubinsky Student Center, Room A212B, 212 217.4260

fitnyc.edu/counseling

The Counseling Center provides confidential counseling services and educational programs to help students adjust to college life, deal with problems that can affect their well-being and academic success, and develop skills needed for personal and professional success. The center's mental health practitioners assess students' conditions and provide appropriate care, which can include support during a crisis, short-term counseling, or a referral to qualified and affordable treatment resources in the community. Students are encouraged to seek out counseling at the first sign of difficulty, since early identification of problems minimizes the impact of those problems on their personal lives and their academic progress. Students may call or visit the center to arrange an appointment, come by during walk-in consultation hours, or be seen immediately for emergencies.

In addition to personal counseling, the Counseling Center provides a variety of programs and resources to help students develop competencies needed for academic and professional success. These programs include educational workshops, freshman success seminars, and academic probation interventions, which focus on important aspects of student development and performance. The center also provides a variety of informational booklets on topics related to mental health, personal growth, and study skills.

Any students placed on academic probation are required to attend the Counseling Center's structured workshop series or meet with a counselor. Any full-time students who wish to withdraw from the college are required to initiate the formal withdrawal procedure by first contacting the center to schedule an exit interview. Students unable to schedule an exit interview should immediately notify the Registrar's Office in writing.

FIT-ABLE: DISABILITY SUPPORT SERVICES

David Dubinsky Student Center, Room A570, 212 217.4090 (TTY 212 217.4097)

fitnyc.edu/fitable

FIT offers students with disabilities the opportunity to seek individually determined reasonable accommodations and services for their studies at the college. In accordance with Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, and the Americans with Disabilities Amendments Act of 2008, determinations of eligibility involve student-initiated requests,

provision of current and comprehensive documentation from a clinician, and discussion each semester of need. FIT-ABLE maintains high standards of confidentiality with respect to discussions and records.

Some examples of reasonable accommodations are, (and this is not an all-inclusive list): extended time for exams, readers on exams, peer note takers, tape recording of lectures, and sign language interpreters.

A new program, projectTHRIVE, provides coaching to students living with social anxiety

The Office of Disability Services is a National Voter Registration Act voter registration site whereby students with disabilities can register to vote, re-register, change addresses, or obtain absentee ballots. A new program, projectTHRIVE, provides coaching to students living with social anxiety.

HEALTH SERVICES

David Dubinsky Student Center, Room A402, 212 217.4190

fitnyc.edu/healthservices

FIT's Health Services is an accredited primary care facility staffed by nurse practitioners and physicians, a nutritionist, an acupuncturist, and a health educator. The office provides general medical and gynecological care. A referral list of consultants is available in cases where a specialist's evaluation and treatment are required. Health Services also provides counseling on topics such as family planning, nutrition, stress management, and health maintenance.

FIT has a mandatory health insurance policy. All full-time students (including international students) are automatically billed for health insurance. Students can be excused from the mandatory insurance if they have equal or better health insurance from another company. In order to waive the mandatory insurance, it is necessary to complete and submit a waiver form by the deadline. For deadline dates and other insurance information, contact Health Services.

New York State law mandates that all students must provide proof of immunity against measles, mumps, and rubella in order to attend classes. Students born prior to January 1, 1957, are exempt from these requirements.

Proof of immunity is defined for the following as:

MEASLES Two doses of live measles vaccine given on or after the first birthday, and after 1967, physician's documented history of the disease, or serological evidence of immunity.

RUBELLA (GERMAN MEASLES) One dose of live rubella vaccine given on or after the first birthday, or serological evidence of immunity. A physician-documented history for rubella will not be accepted.

MUMPS One dose of live mumps vaccine given on or after the first birthday, a physician-documented history of the disease, or serological evidence of immunity.

New York State Public Health Law (NYS PHL) §2167 requires colleges and universities to distribute information about meningococcal disease and vaccination to all students registered for 6 credits or more, whether they live on or off campus. Students must notify Health Services if they will receive the meningitis vaccination, have received it in the past, or decline/refuse to receive the immunization. Please note that according to NYS PSL, no institution shall permit any student to attend the institution in excess of 30 days or to register for the next semester's classes without complying with this law.

An immunization form and a health form, enclosed in the admissions packet, must be completed and returned to Health Services.

INTERNATIONAL STUDENT ADVISORS

Kaufman Hall, first floor, 212 217.3930

fitnyc.edu/residentiallife

All students are eligible to apply for housing. Matriculated students are given preference for on-campus housing.

FIT residence halls are 100 percent alcohol, drug, and smoke free. Policies are strictly enforced.

Staff—Residence halls are fully staffed to assist students. Professional staff, including the director of Residential Life, two assistant directors, counselors, and hall managers, live in the residence halls. Resident counselors and managers are on call for emergencies at all times when the halls are occupied.

A security officer is posted in each residence hall lobby 24 hours a day when the residences are open. Visitors must provide proper identification and be signed in by residents.

Resident assistants (RAs), students assigned to live on each floor, help to create an environment conducive to learning, socializing, and acceptable community behavior. RAs serve as liaisons between residents and the college and assist students with educational and personal concerns.

Activities and Programs—Students have many opportunities to participate in social, educational, and community service activities sponsored by Residential Life and the Residence Hall Community Council (RHCC). RHCC—the association of on-campus residents—sponsors trips, events, and other campus activities, including the annual spring block party.

Governance

STUDENT ASSOCIATION AND COUNCIL

David Dubinsky Student Center, Room A710, 212 217.4130

The Student Council is the governing body of the Student Association, whose membership includes all full- and part-time students who have paid the student activity fee. Membership affords students the privileges and responsibilities of citizens in the self-governing college community. The council consists of elected officers of the association, and at least one representative from every club. All other interested students receive voting privileges following their attendance at two consecutive meetings.

The council is responsible for organizing athletic, cultural, and social activities for the students; determining allocations and disbursement of the student activity fees in accordance with the purposes and duties of the association and the policies of the Board of Trustees of the college; cooperating with the administration in the definition and enforcement of all student regulations; and working with the administration to maintain good public relations, fostering greater unity among the administration, the faculty, and the student body.

The Student Association president, elected each year by the Student Association, is a member of the Board of Trustees with voting rights and responsibilities.

THE FACULTY SENATE

The Faculty Senate elects representatives to committees that focus on a wide variety of college-related areas. Student selected by the FIT Student Association serve on some of these committees, such as admissions/registration, assessment, counseling, curriculum, diversity, library, and student affairs.

THE FIT STUDENT-FACULTY CORPORATION

The FIT Student-Faculty Corporation is an independent entity with nine directors, three representing each constituency of the college—the Board of Trustees and administration, the faculty, and the student body. It derives its revenue from the rental of college facilities and from commission income from food services and the campus bookstore. The corporation allocates this revenue for the benefit of the students and faculty.

Student Rights and Responsibilities

The FIT Student Rights and Responsibilities Manual contains crucial information about what it means to be part of the community at FIT.

This publication identifies many, but not all, of the important policies and regulations that address the expectations and obligations of students at FIT. Failure to comply with community standards may subject a student to disciplinary action as defined in the college's Code of Conduct. The manual is produced by the Office of the Dean for Student Development.

It is FIT's goal to provide an exciting, vibrant learning community on campus, both in and out of the classroom. The manual may be obtained by visiting the Office of the Dean for Student Development or at fitnyc.edu/rightsandresponsibilities.

CODE OF CONDUCT

The Chancellor of the State University of New York has stated that “a fundamental purpose of the State University of New York is to provide quality education for all those who enroll. In pursuit of this objective, the university encourages the development of independence, maturity, and ethical sensitivity within students.” The university, in fulfilling the mission, must establish standards of conduct essential to the orderly pursuit of its function as an educational institution.

FIT accepts this doctrine. To implement it, FIT students prepared and support the basic code of conduct to guide all members of the college community. All who become members of FIT's college community have an obligation to support and obey college regulations, as they are also expected to obey local, state, and federal law. Those who cannot or will not comply will be subject to disciplinary action including possible withdrawal of the privilege of continued attendance at the college.

More information about infractions of the Campus Code of Conduct and a clearly defined judicial procedure can be found in the *Student Rights and Responsibilities Policy Manual*.

ACCESS TO OFFICIAL STUDENT RECORDS

The Family Educational Rights and Privacy Act (FERPA), and regulations adopted by the Secretary of the U.S. Department of Education to implement FERPA, provide students with specific rights relating to their records at FIT. Under FERPA, students have the right to:

- inspect and review their education records;
- seek amendment of their education records that they believe to be inaccurate, misleading, or otherwise in violation of the student's privacy rights;
- consent to disclosures of personally identifiable information contained in their education records, except to the extent that FERPA and the regulations authorize disclosure without consent;
- file with the United States Department of Education a complaint concerning alleged failures by FIT to comply with the requirements of FERPA or the Secretary's regulations. Complaints should be filed in writing to:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Ave., S.W.
Washington, DC 20202-4605

Complete copies of FERPA and the regulations are available for review in Enrollment Services and Student Success. Any students having a question about access to FIT student records is encouraged to consult them.

The *Student Rights and Responsibilities Manual* sets forth the procedures for inspection and review of education records and for students to request amendment of their own education records. The manual also sets forth the types of records the college may disclose without student consent.

COMMITMENT TO DIVERSITY

FIT is committed to creating an environment that attracts and retains people of diverse racial and cultural backgrounds. By providing a learning and working environment that encourages, utilizes, respects, and appreciates the full expression of every individual's ability, the FIT community fosters its mission and grows because of its rich pluralistic experience. The college is committed to prohibiting discrimination, whether based on race, national origin, gender, religion, ethnic background, age, disability, marital status, sexual orientation, or any other criterion specified by applicable federal, state, or local laws.

EQUAL OPPORTUNITY/AFFIRMATIVE ACTION

FIT is committed to providing equal opportunity in educational programs, in its admissions policy, and in employment, including the opportunity for upward mobility for all qualified individuals.

The affirmative action officer provides complaint resolution and investigates complaints of discrimination, affirmative action, and Title IX issues. The affirmative action officer monitors the college's progress in complying with Title IX and laws concerning discrimination and affirmative action. The Affirmative Action Officer is located in the President's Office in C908.

Enrollment Management and Student Success provides students with complaint resolution, training, and orientation on Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act.

CAMPUS CRIME STATISTICS

At FIT, the safety and well-being of students, faculty, staff, and visitors are of paramount importance. A safe and secure environment can only be achieved through the cooperation of all members of the college community. The Crime Awareness and Campus Security Act of 1990 requires all postsecondary institutions receiving federal aid to provide their communities with an annual report about crime statistics and policies. FIT accepts the responsibility of providing a campus atmosphere free from threats to personal safety and one that enhances the educational process. Students and their parents expect the college campus to be a place of safety and everyone shares this responsibility. In addition, FIT upholds the right of students and staff to know of incidents that occur on campus and the measures taken to promote precautions and swift effective responses to crises.

Security maintains a log of crimes and incidents that occur on campus. The information is recorded by date, time, and general location. The daily log is available for public view at the Security Office, Room D442.

FIT's campus crime statistics as reported annually to the U.S. Department of Education are available at fitnyc.edu/security; hard copies are provided upon request. All inquiries should be directed to Enrollment Management and Student Success, 212 217.3800. Related information can also be obtained from the U.S. Department of Education website at ope.ed.gov/security.

State University of New York

State University of New York's 64 geographically dispersed campuses bring educational opportunity to virtually all New Yorkers and comprise the nation's largest comprehensive system of public higher education. Founded in 1948, with the consolidation of 29 state-operated but unaffiliated institutions, the State University has grown to a point where its impact is felt educationally, culturally and economically the length and breadth of the state.

More than 460,000 students are pursuing traditional study in classrooms and laboratories or are working at home, at their own pace, through such innovative institutions as the SUNY Learning Network and Empire State College, for more than 25 years a leader in non-traditional education, distance learning, and assessment of prior learning. The State University's students are predominantly New York State residents. They also come from every other state in the United States, from four U.S. territories or possessions, and from 160 foreign countries. The University passed a major milestone in the mid-1980s when it graduated its one-millionth alumnus, and currently numbers 2.83 million graduates on its rolls.

The State University enrolls close to 40 percent of all New York State high school graduates, and its total enrollment is more than 460,000 (full-time and part-time). Because of its structure and comprehensive programs, the State University offers students a wide diversity of educational options: short-term vocational/technical courses, certificate programs, baccalaureate degrees, graduate degrees and post-doctoral studies. The University offers access to almost every field of academic or professional study somewhere within the system—some 7,352 programs of study overall.

As part of the University's commitment to bring to the students of New York the very best and brightest scholars, scientists, artists and professionals, the State University's distinguished faculty is recruited from the finest graduate schools and universities throughout the United States and many countries around the world, and includes nationally and internationally recognized figures in all the major disciplines. Their efforts are regularly recognized in numerous prestigious awards and honors, including the Nobel Prize.

State University's research contributions are helping to solve some of today's most urgent problems. At the same time, contracts and grants received by University faculty directly benefit the economic development of the regions in which they are located. State University researchers pioneered nuclear magnetic resonance imaging and the supermarket bar code scanner, introduced time-lapse photography of forestry subjects, isolated the bacteria that causes Lyme disease, and developed the first implantable heart pacemaker. Other University researchers continue important studies in such wide-ranging areas as breast cancer, immunology, marine biology, sickle-cell anemia, and robotics, and make hundreds of other contributions, inventions and innovations for the benefit of society.

The University's program for the educationally and economically disadvantaged, consisting of Educational Opportunity Programs (EOP) and Educational Opportunity Centers (EOC), has become a model for delivering better learning opportunities to young people and adults traditionally bypassed by higher education.

The 30 locally-sponsored two-year community colleges operating under the program of the State University offer local citizens programs that are directly and immediately job-related as well as degree programs that serve as job-entry educational experience or a transfer opportunity to a baccalaureate degree at a senior campus.

In 1998, the Governor and the Legislature approved a multi-year, \$2 billion capital construction program for the University. This investment in critical maintenance will protect the University's infrastructure, valued at nearly \$11 billion, and enable the University to keep pace with modern technology for the benefit of its students and faculty. As a public university, the State University of New York has a special responsibility to make its rich and varied resources accessible to all.

In 1995, the Board of Trustees developed the document *Rethinking SUNY*, in response to a call from the Legislature for a "multi-year, comprehensive system wide plan to increase cost efficiency." Underlying *Rethinking SUNY* is the theme of increasing efficiency by empowering campuses to manage directly more of their academic and financial affairs and by eliminating disincentives to the prudent use of campus and system resources.

The University's economic development services programs provide research, training and technical assistance to the state's business and industrial community through Business and Industry Centers, the New York State Small Business Development Center, the Strategic Partnership for Industrial Resurgence, Rural Services Institutes, the Trade Adjustment Assistance Center, Technical Assistance Centers, Small Business Institutes, Centers for Advanced Technology, and international development.

State University of New York is governed by a Board of Trustees, appointed by the Governor, which directly determines the policies to be followed by the 34 state-supported campuses. Community colleges have their own local boards of trustees whose relationship to the State University Board is defined by law.

The University's motto is "To Learn—To Search—To Serve."
