

# Advertising and Marketing Communications BS Degree Program

---

## School of Business and Technology

Applications accepted for fall and spring. NYSED: 20788 CIP: 09.0903

Students in the Advertising and Marketing Communications major develop integrated marketing communication (IMC) campaigns, media plans, and special events; direct and produce television and radio commercials; and write print ads, press releases, and newspaper and magazine articles. Guided by a faculty of practicing professionals, students acquire the knowledge and skills necessary to apply for positions in the communications industry in advertising management, advertising strategy and creative execution, public relations/publicity, fashion journalism, corporate communications, media planning, electronic media production, IMC management, and brand management. Curriculum below is for the entering class of fall 2021.

**Evening/Weekend Option:**

An evening/weekend option is available for this degree program. The sequence of courses is the same as that listed on this page.

**NOTE:** Communication Design Foundation AAS graduates and School of Business and Technology AAS graduates not from the Advertising and Marketing Communications AAS major must complete AC 111, AC 221, AC 271 and AC 272 prior to semester 6. These and any prerequisites for AMC BS courses must be completed first.

For all other FIT students interested in the major, or on the main page, the one-year program in Advertising and Marketing Communications must be completed first.

The major in **Advertising and Marketing Communications** provides students with the knowledge and skills necessary to apply for entry-level positions in the communications industry, such as advertising management, advertising strategy and creative execution, public

relations/publicity, fashion journalism, corporate communications, media planning, electronic media production, IMC management, and brand management.

Upon graduating from the Advertising and Marketing Communications BS program, students will be skilled in the following:

1. **Ethical Responsibility:** Students will be able to make ethically responsible decisions in the various disciplines of marketing communications.
2. **Brand Management:** Students will build a brand using IMC strategies and tactics and develop brand equity through secondary associations such as extensions and alliances.
3. **Marketing Communications Technology:** Students will apply cutting edge technological tools that make marketing communications more effective.
4. **Research and Critical Thinking:** Students will use primary and secondary data and use these to make sound business judgments and decisions.
5. **Globalism:** Students will assess markets and cultures and determine areas of commonality and differences in customer needs, wants, and usage. Students will have the ability to study and intern abroad to witness these first hand.
6. **Teambuilding:** Students will effectively work in teams demonstrating interpersonal skills to address business plans in an effective, efficient, and professional manner.
