Academic Calendar

Calendar is subject to change.

FALL SEMESTER

Activity	2014	2015	2016
Faculty conferences, registration, and orientation	August 18-22	August 24-28	August 22 - 26
First day of classes	August 25	August 31	August 29
Labor Day — college closed	September 1	September 7	September 5
Rosh Hashanah — no evening classes	September 24	-	-
Rosh Hashanah — college closed	September 25-26	September 14-15	October 3 - 4
Yom Kippur — no evening classes	October 3	September 22	October 11
Yom Kippur — college closed	October 4	September 23	October 12
Thanksgiving recess — college closed	November 27-30	November 26-29	November 24 - 27
Last day of the semester	December 20	December 22	December 20
New Year's Eve observed — college closed	December 31	December 31	December 31

WINTER SESSION

Activity	2015	2016	2017
First day of classes	January 5	January 4	January 3
Martin Luther Kind Day — college closed	January 19	January 18	January 16
Last day of the session	January 21	January 20	January 19

SPRING SEMESTER

Activity	2015	2016	2017
Faculty conferences, registration, and orientation	January 22-23	January 21-22	January 26-27
First day of classes	January 26	January 25	January 30
President's Day — college closed	February 16	February 15	February 20
Spring recess — no classes	March 30-April 5	March 21-27	April 10-16
Last day of the semester	May 18	May 17	May 22
Commencement	May 21	May 19	May 25
Memorial Day — college closed	May 25	May 30	May 29
Passover — no classes	-	April 22	-

SUMMER SESSION 1/SUMMER SESSION 2

Activity	2015	2016	2017
First day of summer session 1 classes	May 26	May 23	May 30
Last day of summer session 1 day classes	June 29	June 27	July 3
First day of summer session 2 classes	June 30	June 28	July 5
Independence Day — college closed	July 4	July 4	July 4
Last day of summer session 1 evening classes	June 29	June 27	July 3
Last day of summer session 2 classes	July 20	July 26	August 1

The College

FASHION INSTITUTE OF TECHNOLOGY

The Fashion Institute of Technology (F.I.T.) is a State University of New York college of art and design, business and technology. FIT offers 48 programs of study leading to the Associate in Applied Science, Bachelor of Fine Arts, Bachelor of Science, Master of Arts, Master of Fine Arts, and Master of Professional Studies degrees. FIT provides students with an unmatched combination of specialized curricula, an in-depth liberal arts education, affordable tuition, and an extraordinary location in the center of New York City, world capital of the arts, business, and communications.

FIT AND NEW YORK CITY

New York City is FIT's extended campus—a laboratory for learning and living—and its unparalleled cultural and commercial resources immeasurably enrich the college's programs and enhance each student's opportunity for personal and professional growth. The faculty is composed of New York City professionals who infuse a hands-on teaching approach with real-world expertise. Frequent field trips to the city's numerous corporate headquarters, design studios, galleries, libraries, museums, retail establishments, and showrooms complement regular campus visits by fashion and other business leaders, who come as guest critics and to discuss current trends and emerging technologies.

History and Mission

FIT was founded in 1944 to prepare men and women for work in the fashion industry as it grew in size and scope. Seven years later, FIT became one of the first community colleges empowered under the program of the State University of New York to grant the Associate in Applied Science degree. As the curricula expanded beyond the fashion industry to include business, communications, and design, the college's degree offerings also expanded. In 1975, an amendment to the education law of New York State was approved, permitting the college to confer Bachelor of Fine Arts and Bachelor of Science degrees. Four years later, another amendment authorized the granting of master's degrees, and the first master's programs were introduced in 1985.

FIT now offers its students 48 degree programs not only in fashion-related fields, but also in many other creative and business professions that have made New York City their focal point. Students who come to the college to study these specialized programs are goal-oriented, setting their sights high in their chosen fields of study. Today, approximately 10,000 U.S. and international students are enrolled in FIT's diverse curricula, attending classes day and evening, year-round, online and on campus, in New York City, throughout the country, and around the world.

FIT is a public institution, receiving its principal financial support from the State and City of New York. The college is governed by its Board of Trustees, whose members are active professionals committed to developing talent. Local sponsorship comes from the New York City Department of Education in cooperation with the FIT Foundation. FIT is accredited by the Middle States Commission on Higher Education, 3624 Market Street, Philadelphia, PA 19104 (267 284.5000). The Middle States Commission on Higher Education is an institutional accrediting agency recognized by the U.S. Secretary of Education and the Council for Higher Education Accreditation. FIT is also accredited by the National Association of Schools of Art and Design (nasad.arts-accredit.org) and the Council for Interior Design Accreditation (accredit-id.org).

FIT MISSION

FIT prepares students for professional excellence in design and business through rigorous and adaptable academic programs, experiential learning, and innovative partnerships. A premier public institution in New York City, FIT fosters creativity, career focus, and a global perspective and educates its students to embrace inclusiveness, sustainability, and a sense of community.

FIT'S VISION

FIT will be globally celebrated as the institution where students, scholars, and teachers cross traditional disciplinary boundaries to stimulate innovation, partner with creative industries worldwide, and develop innovative design and business solutions. By focusing on the three major goals, FIT will become stronger by conscious design and be known as a strategic organization—one that applies available resources to greatest effect to achieve its vision.

1. Academic and Creative Excellence

FIT will provide a rigorous learning experience built on the highest standards of academic and scholarly excellence; an environment that promotes creativity and experimentation; and diverse experiential learning with a variety of industry partners.

2. An Innovation Center

The college will work with industries worldwide to help address key challenges, build an even stronger culture of innovation and entrepreneurship at FIT, and establish collaborations that translate creative ideas into action.

3. An Empowered Student Community

FIT will build an inclusive community in which students engage with, learn from, and inspire one another—discovering how their differences and similarities promote creativity, intellectual and personal growth, and understanding.

Teaching and Learning

FIT FACULTY

FIT's approach to teaching blends theory and practice, and the college is deeply aligned with the leaders in the fields it serves. With a faculty drawn from professionals in design, art, business, and academia, FIT offers a curriculum rich in insight gained from their continuing professional activity, combined with the traditional educational values of the liberal arts. Student-instructor interaction is encouraged. Courses are structured to foster participation, independent thinking, and self-expression.

LIBERAL ARTS

The School of Liberal Arts offers curricula that foster critical thinking, as well as three degree programs. The School also administers Presidential Scholars, FIT's honors program, which is available to academically exceptional students in all disciplines. The program offers challenging courses, projects, colloquia, and extracurricular activities.

MINORS

FIT offers students the opportunity to pursue minors in the Liberal Arts, Art and Design, and/or Business and Technology, which are offered in two forms: traditional subject-based minors and interdisciplinary minors. Interested students should contact the Academic Advisement Center. See Academic Minors to select and schedule a minor along with a major.

INDUSTRY ADVISORY BOARDS

Many of FIT's degree programs are supported by advisory groups of professionals, drawn largely from the college's highly placed alumni. Group members consult with faculty to review the curriculum and recommend updates and innovations. They arrange for student field trips to professional workplaces, participate in student recruitment, and help students identify career possibilities. Advisory groups also plan seminars on technical subjects and the latest advancements in their fields, and work to maintain close ties between industry and the college.

IN THE CLASSROOM AND BEYOND

FIT makes extensive use of New York City's resources through industry-sponsored competitions, projects, and field trips—all of which bridge the gap between classroom and workplace. Students have designed window displays at Saks Fifth Avenue and had advertising campaigns implemented by state tourism agencies. They have won prizes from companies such as DSW, Kornit, Carolee, and Sephora and had their designs implemented by firms such as Estée Lauder.

INTERNSHIPS AND CAREER PLACEMENT

Internships and job placement are an essential part of the FIT experience. The college's extensive internship program provides students with vital experience in a vast array of New York City businesses. Sponsor organizations have included American Eagle, Bloomingdale's, Calvin Klein, L'Oréal, Hearst Magazines, MTV, and Saatchi & Saatchi. Nearly one-third of FIT student interns are offered employment on completion of their internships. FIT's Career and Internship Center provides a wide range of career-building workshops and resources, and offers lifetime services to all alumni.

Campus and Facilities

FIT's campus occupies an entire block in the Chelsea area of Manhattan, a neighborhood filled with galleries, shops, cafés, restaurants, and theaters. The college's facilities provide students with the opportunity to learn in a stimulating environment and be part of a vibrant, active community. The campus comprises numerous computer labs, athletic facilities, the Gladys Marcus Library, and the renowned Museum at FIT, which houses one of the world's most important collections of fashion and textiles. FIT's classroom and laboratory equipment reflects the most advanced educational and technical practices, enabling students to work on challenging projects in a realistic setting. A full-service dining facility and Barnes & Noble college bookstore are located on campus. The college maintains three residence halls on West 27th Street, and one on nearby West 31st Street.

FRED P. POMERANTZ ART AND DESIGN CENTER

The Pomerantz Center houses display and exhibit design rooms; drawing, painting, photography, printmaking, and sculpture studios; a graphics laboratory; a modelmaking workshop; and the Katie Murphy Amphitheatre. The academic and administrative offices of the School of Art and Design are also located here.

Print/FX Graphics Lab

Room D529, 212 217.5474

A professionally staffed graphics laboratory, the Print/FX Graphics Lab has high-resolution, large-format printers to accommodate banners, CAD prints, displays, fine art prints, overlays, photography, posters, presentation graphics, and textile proofs. The lab is also equipped with laminating, scanning, slide duplication, wire-binding, 3D printing, and laser-cutting capabilities.

MARVIN FELDMAN CENTER AND THE BUSINESS AND LIBERAL ARTS CENTER

The Marvin Feldman and Business and Liberal Arts centers house academic and specialized classrooms, cutting and sewing labs, design studios, a multimedia foreign languages lab, knitting labs, and the Morris W. and Fannie B. Haft Auditorium. Specialized facilities include the fabrics and findings lab, which replicates the resources and techniques used by working fashion designers. Also located in these buildings are the academic and administrative offices for the Jay and Patty Baker School of Business and Technology and the School of Liberal Arts.

Peter G. Scotese Computer–Aided Design and Communications Center

Room C220, 212 217.3520

The facilities in this center allow students from the School of Art and Design to explore technology and its integration in the creation and design of advertising, animation, fashion, interiors, packaging, photography, textiles, and toys. Baker School of Business and Technology students use the labs for the study of patternmaking, textile development, production management, and more. The Scotese Center is also available to students in the schools of Liberal Arts and Graduate Studies and the Center for Continuing and Professional Studies.

Students have access to state-of-the-art computer systems running either Macintosh or Windows operating systems. There are various labs available for specialized coursework undertaken by students in specific programs. The labs are equipped with peripherals and software applications from industry leaders such as Adobe, Apple, AutoDesk, Corel, Dassault Systèmes, Gerber, IBM, JDA, Lectra, NedGraphics, Nemetschek, Pointcarré, Pulse, Stoll, and many others.

DAVID DUBINSKY STUDENT CENTER

Throughout the eight-story Dubinsky Student Center are arts and crafts studios, a comprehensive health center, a game room, lounges, an outdoor sitting area, the Style Shop (the student-run boutique on the first floor), student government and club offices, a student radio station, two gyms, two dance studios, and a state-of-the-art fitness center. Students are encouraged to take advantage of the full range of services and activities offered by Student Life, located on the seventh floor. Also in the center are the Counseling Center, Disability Support Services/FIT-ABLE, Educational Opportunity Program, and Financial Aid Services; a 17,000-square-foot street-level student cafeteria, featuring a variety of food stations and a wide range of menu options; and the 8,000-square-foot Barnes & Noble at FIT bookstore.

Academic facilities located in the Dubinsky Student Center include the Toy Design laboratory, Jewelry Design studios, the Annette Green Fragrance Foundation Studio, the design/research lighting laboratory, and a television studio.

SHIRLEY GOODMAN RESOURCE CENTER

The Shirley Goodman Resource Center, on Seventh Avenue, houses the Gladys Marcus Library, The Museum at FIT, and the School of Graduate Studies.

Gladys Marcus Library

212 217.4340

fitnyc.edu/library

Located on the fourth, fifth, and sixth floors of the Shirley Goodman Resource Center, the Gladys Marcus Library provides a collection of more than 300,000 print, nonprint, and digital resources. The newspaper and periodical collection includes over 500 current subscriptions, with a specialization in international design and trade publications, and the digital library contains more than 90 searchable databases hosted by FIT, the New York State Library, and SUNYConnect. Most of these databases are available remotely, via login, and available 24 hours a day. The library also offers specialized resources supporting the college's educational offerings, such as clipping files, fashion and trend forecasting services, runway show DVDs, and sketch collections.

The library's fourth floor contains a library instruction classroom, Research and Instructional Services, and Special Collections. The fifth floor serves as the principal book collection of the library, and also houses the George Levinson Multimedia Room, for viewing and listening to audiovisual materials. The sixth floor holds designer and fashion files, forecasting services, "look books," microfilm, the newspaper and periodical collection, and a smart classroom for information literacy instruction. Mac and PC computer workstations, printers, scanners, and self-service copiers are located throughout the library.

Special Collections houses rare books and materials, including all titles in the library's collection that predate 1860, and selected titles dating from 1860 to the present, singled out for their aesthetic qualities, fragile condition, rarity, or value. Special Collections covers such subjects as architecture, art, decoration and ornament, dressmaking, fashion, interior decoration, regional costume, tailoring, textile design, the textile industry, and textile science. It also includes archives, original fashion sketches, photographs, portfolios of plates, and scrapbooks containing biographical material on designers and companies. Special Collections is accessible by appointment only.

Some highlights of Special Collections include:

- corporate and personal archives, including B.H. Wragge, Inc., David Dubinsky, *Esquire*, and an FIT historical collection;
- *Fashion for America!*, which includes reproductions of 4,500 original fashion sketches, representing more than 50 designers and houses;
- periodicals such as *Gazette du Bon Ton* (1912-25), *Harper's Bazaar* (1867-1939), *Les Idées Nouvelles de la Mode* (1922-32), and *Vogue* (1916-39);
- sketches by/from Bergdorf Goodman, Berley Studio, Cardinal Fashion Studios, Davidow, Lady Duff-Gordon (known as Lucile, c.1908-19), the Frances Neady Fashion Illustrations Collection, Sophie Gimbel, Bill and Hazel Haire, Joseph Love, Inc., Muriel King (c.1932-45, including costumes designed for Katharine Hepburn, Ginger Rogers, and Margaret Sullavan), Harriet Meserole, Max Meyer, Frederick Milton, Florence Schatken, and Whittingham and Humphreys (1888-1914);
- W.P.A. scrapbooks of picture sources.

The Museum at FIT

212 217.4530

fitnyc.edu/museum

The Museum at FIT, accredited by the American Alliance of Museums, is New York City's only museum dedicated to the art of fashion. Founded in 1969 by the Fashion Institute of Technology, the museum collects, conserves, documents, exhibits, and interprets fashion. Its mission is to advance knowledge of fashion through exhibitions, programs, and publications. The museum organizes an extensive program of specialized classes, tours, and lectures, including an annual fashion symposium.

The museum's permanent collection encompasses more than 50,000 garments and accessories, dating from the 18th century to the present, with a particular strength in women's fashion by designers such as Azzedine Alaïa, Balenciaga, Chanel, Dior, Halston, and Charles James. There are more than 4,000 pairs of shoes in the collection, as well as 30,000 textiles, dating from the fifth century to the present. The museum's collecting policy focuses on aesthetically and historically significant directional clothing, accessories and textiles, and visual materials, such as photographs, with an emphasis on contemporary avant-garde fashion.

The museum has three galleries. The largest gallery, located on the lower level, is devoted to special exhibitions, which receive extensive coverage in the media. The Fashion and Textile History Gallery is the only venue in the United States to offer a permanent (rotating) display of 250 years of fashion, drawn solely from the museum's collections. Gallery FIT is dedicated to student and faculty exhibitions.

All exhibitions are free to the public, and the museum attracts more than 100,000 visitors a year. Museum hours are Tuesdays through Fridays, noon to 8 pm, and Saturdays, 10 am to 5 pm.

Recent exhibitions of distinction include:

- *Dance and Fashion*
- *Global Fashion Cities*
- *Fashion Underground: The World of Susanne Bartsch*
- *Yves Saint Laurent + Halston: Fashioning the 70s*
- *A Queer History of Fashion: From the Closet to the Catwalk*

School of Graduate Studies

212 217.4300

fitnyc.edu/gradstudies

FIT offers seven graduate programs. The Master of Arts degree programs are Art Market; Exhibition Design; Fashion and Textile Studies: History, Theory, Museum Practice; and Sustainable Interior Environments. The Master of Fine Arts degree program is Illustration. The Master of Professional Studies degree programs are Cosmetics and Fragrance Marketing and Management and Global Fashion Management. The administrative and faculty offices, classrooms, laboratories, study collections, and research room for the graduate programs are housed on the third and sixth floors of the Goodman Center.

RESIDENCE HALLS

FIT's four residence halls house a total of 2,300 students.

- **Coed Hall:** Offers traditional double and triple accommodations, double apartments, and a limited amount of quad apartments.
- **Nagler Hall:** Female-only residence hall offering mainly traditional-style double accommodations (without air conditioning) and a limited number of air-conditioned double and single apartments.
- **Alumni Hall:** Offers quad apartments only.
- **George S. and Mariana Kaufman Hall:** For current/returning FIT students and summer housing for visiting interns. Comprised of mainly double apartments, with a limited number of triple, quad, and single apartments available.

Alumni Hall, Coed Hall, and Nagler Hall are on the West 27th Street campus. Kaufman Hall is in the nearby Hudson Yards neighborhood; shuttle service to campus is provided. For more information, see Residential Life (p. 73).

THE CONFERENCE CENTER AT FIT

The Conference Center at FIT is home to the Center for Continuing and Professional Studies and features conference and training rooms for industry seminars and workshops. The Conference Center also houses the John E. Reeves Great Hall, a nearly 6,400-square-foot venue for exhibitions, fashion shows, lectures, trade shows, and other large events.

Alumni of FIT

FIT graduates actively engage in the life of the college in order to help FIT meet its goals and objectives. They participate in a variety of ways, as guest lecturers and critics, as internship sponsors, and as members of alumni advisory groups and the FIT Alumni Association. Every FIT alumnus is welcome to become a member of the Alumni Association, which works closely with the college and the FIT Foundation to stimulate interest among professional leaders, assist with curriculum development, and support fundraising initiatives that benefit students and the FIT community.

Distinguished FIT alumni include:

- Leslie Blodgett, creator, bareMinerals
- Fran Boller, executive vice president, Nike
- Tony Chi, president and CEO, tonychi and associates
- David Chu, CEO and creative director, Georg Jensen, and founder, Nautica
- Francisco Costa, women's creative director, Calvin Klein Collection
- Randy Fenoli, television personality and CEO, Randy Fenoli Enterprises, Inc.
- William Frake, motion picture animator and three-time Emmy award winner
- Nina Garcia, creative director, *Marie Claire*
- Joy Herfel Cronin, group president for the Americas, Ralph Lauren
- Norma Kamali, president and fashion designer, Norma Kamali, Inc.
- Calvin Klein, founder, Calvin Klein, Inc.
- Michael Kors, chief creative officer, honorary chairman, and director, Michael Kors Holdings Ltd.
- Nanette Lepore, fashion designer and founder, Robespierre, Inc.
- Raymond Matts, president and founder, Raymond Matts The Art of Perfumery
- Edward Menicheschi, chief marketing officer and president, Condé Nast Media Group
- James Rothwell, vice president and creative director, McCann Erickson
- Ralph Rucci, fashion designer
- Suzanne Tick, textile designer, Suzanne Tick, Inc.
- Dave Voss, vice president of design, boys entertainment, and new business, Mattel, Inc.

Selection of Applicants for Associate Degree Programs

FIT is a public institution that prepares students for a wide range of careers in creative business and design professions. Academic accomplishments, achievements that predict success on the college level, and demonstrated talent are factors that the Admissions Committee considers when evaluating applications. All applicants—whether intending to study full-time or part-time—must meet the same admissions standards.

FIT believes that a person's creative and leadership abilities are revealed through participation in activities in any of several fields, such as governing organizations, student clubs, or the visual and performing arts. The Admissions Committee would like to know about all accomplishments in which applicants take pride. All applicants are required to submit a personal essay indicating why they selected their particular major, and highlighting all activities or accomplishments.

All applicants to School of Art and Design programs must offer evidence of artistic and creative ability through the submission of a portfolio.

STUDENT CATEGORIES

FIT offers a variety of study schedules during the fall and spring semesters and summer and winter sessions in order to meet the needs of its students. The following definitions provide clarification of the student categories at FIT. Not all student categories are mutually exclusive—one-year students, for example, are also full-time students.

Matriculated Students

Matriculated students are those who are enrolled in an FIT degree program, whether undergraduate or graduate, full- or part-time. The majority of their classes take place during the day; however, some evening classes are also available.

Matriculated Evening/Weekend FIT offers a number of evening/weekend degree programs (see Curricula Overview (p. 23)). Courses in these programs are scheduled during the evening and/or weekend.

Full-Time Full-time undergraduate students are enrolled for 12 or more credits per semester.

Part-Time Part-time undergraduate students are enrolled for less than 12 credits per semester.

One-Year One-year students are matriculated undergraduates enrolled in a one-year associate degree program who have earned a minimum of 30 transferrable credits from a previous institution.

Nonmatriculated Students

Nonmatriculated students are those who have not been admitted to a degree program but are enrolled in at least one course. Students who hold a high school diploma or a General Equivalency Diploma (GED) may register for courses and complete certificate programs offered at FIT by completing the appropriate non-degree or certificate application. Courses that are open to nonmatriculated students are typically scheduled during the evening and on the weekend; they may or may not carry college credit. Some credit-bearing courses are reserved for matriculated students only. All students must meet prerequisite requirements for any course they plan to take. All students who wish to seek a degree must apply through a formal admissions process before accumulating more than 24 credits (see Matriculation Status Policy (p. 36) for details on how many credits taken in nonmatriculated status may be applied to a degree).

ADMISSIONS PROCESS

Applicants who have taken either Advanced Placement (AP) or College-Level Equivalency Programs (CLEP) exams must contact the College Board and request that official test scores be sent directly to the FIT Admissions Office.

1. Go to fitnyc.edu/admissions and complete the FIT/SUNY application online. Students must apply to a specific major program of study.
2. After the online application is completed, applicants submit their high school transcripts, and all college transcripts, to FIT's Admissions Office. The mailing address for transcripts is:
Fashion Institute of Technology
Admissions Office
227 West 27th Street, Room C139
New York, NY 10001-5992
3. Applicants will submit their academic history and a personal essay online after receiving an email with instructions to access MyFIT (myfit.fitnyc.edu).
4. Applicants to School of Art and Design programs will receive portfolio requirements specific to their major, and submission instructions.

APPLICATION RECOMMENDED FILING DATES FOR ADMISSION TO ASSOCIATE DEGREE PROGRAMS

Application Submission

All applications are processed in the order they are received after the applicant has submitted the online essay and academic history forms. Receipt of these two online items activates the acknowledging process in the Admissions Office. Decisions will only be rendered after completed applications—with transcripts and essays—are on file in the Admissions Office. In addition, all applicants whose native language is not English must provide an official Test of English as a Foreign Language (TOEFL) score, International English Language Testing System (IELTS) score, or Pearson Test of English (PTE) score. This includes applicants who have been living in the United States.

Application Deadlines for Associate Degree Programs

Domestic and international applicants use the same application when seeking admission to FIT. Visit fitnyc.edu/admissions for additional information.

- No later than **January 1** for the fall semester.
- No later than **October 1** for the spring semester.

Students who have not completed applications by **February 1** for the fall semester or **November 1** for the spring semester risk being closed out of the major of their choice.

Readmission

Students who seek readmission to FIT should notify Admissions in writing or online at fitnyc.edu/readmission prior to the intended semester of reentry.

- No later than **January 1** for the fall semester.
- No later than **October 1** for the spring semester.

ADDITIONAL APPLICATION MATERIALS

Transcripts

Transcripts must be sent directly to FIT. Transfer students who have not yet earned their college degree must submit a high school transcript with proof of high school graduation.

Applicants educated outside the United States should refer to the International Applicant Credentials information at fitnyc.edu/internationalapplicants.

TOEFL/IELTS/PTE Scores

Applicants whose native language is not English must provide an official Test of English as a Foreign Language (TOEFL) score, an International English Language Testing System (IELTS) score, or a Pearson Test of English (PTE) score.

TOEFL: The minimum TOEFL score requirement depends on which test format you are using:

1. Internet-based test (IBT): Minimum score must be 80.
2. Computer-based test: Minimum score must be 213.

IELTS: The minimum band score of 6.5 in the academic module is required.

PTE: A minimum score of 53 must be met.

A current TOEFL, IELTS, or PTE score is required. The score must be no more than 5 years old on the date of anticipated enrollment.

Applicants who have completed an English composition course at a college in the United States are not exempt from taking the TOEFL, IELTS, or PTE.

Students who have completed less than four years of English (not ESL) at a U.S. high school are required to take the TOEFL, IELTS, or PTE.

For information about scheduling the TOEFL exam and obtaining score reports, visit toefl.org. In the United States, you can call 609 771.7100.

For information about scheduling the IELTS and obtaining score reports, visit ielts.org.

Art work Evaluation

All applicants to School of Art and Design programs must submit a portfolio for evaluation. After the application is received by FIT from the SUNY Application Services Center, applicants can enter MyFIT to access specific instructions and options to submit their portfolio. No portfolio is required from applicants to the Baker School of Business and Technology or School of Liberal Arts programs.

FIT will be accepting portfolios for all AAS majors, the Photography and the Digital Image, and the Fabric Styling BFA majors using SlideRoom. To access SlideRoom please visit: fit.slideroom.com

Departmental portfolio requirements are listed below. Please visit: fitnyc.edu/ portfolio requirements for current detailed portfolio requirements and instructions. The applicant must be the sole creator of all artwork in his or her submitted portfolio.

REQUIREMENTS FOR ADMISSION TO TWO-YEAR ASSOCIATE DEGREE PROGRAMS

Candidates for admission to the two-year AAS degree programs are evaluated according to the following criteria:

1. Candidacy for, or possession of, a high school diploma or General Equivalency Diploma (GED).
2. A high school transcript showing grade point average (GPA) and transcripts from all colleges attended.
3. A personal essay describing the applicant's background and reasons for choosing FIT and the selected major. The Admissions Committee would like to know about all accomplishments in which the applicants take pride, along with career goals and personal interests. Applicants will be emailed submission instructions upon completion of the online application.
4. SAT/ACT: SAT and ACT test scores are not required for admissions purposes. They are, however, required for the Presidential Scholars Program. They are also required for placement into your English and Math classes at FIT. SAT/ACT scores should be sent directly to the following address:

Fashion Institute of Technology
Center for Placement, Room B623
227 West 27th Street
New York, NY 10001

- For applicants whose first language is not English, an official TOEFL, IELTS, or PTE score. Students graduating from U.S. high schools with blocks of coursework completed as English as a Second Language (ESL), or who have completed less than four years of English (not ESL) at a U.S. high school, are also required to take the TOEFL, IELTS, or PTE to prove English proficiency.
- For applicants to School of Art and Design programs, a portfolio containing representative examples of their art and design work (see Artwork Evaluation (p. 16)).
- Applicants educated outside the United States should review the International Applicants Credentials information at fitnyc.edu/internationalapplicants.

REQUIREMENTS FOR ADMISSION TO ONE-YEAR ASSOCIATE DEGREE PROGRAMS (EFFECTIVE FALL 2015)

- Completion of at least 30 transferable credits from an accredited college with a minimum of 24 liberal arts credits equivalent to FIT's General Education requirements: 3 credits in college-level mathematics above basic algebra (G2; B&T Majors: MA222 Statistics recommended); 3 credits in English composition (G1; Composition taken in the U.S. or in a country in which English is an official language); 3 credits in literature or speech; 3 credits in physical science, biology, or life science (G3). The remainder General Education/Liberal Arts credits are outlined below by school designation. Six (6) additional transferable elective credits are required for 30 transferable credits. Listing of FIT's General Education courses: fitnyc.edu/gened
- For applicants to the Jay and Patty Baker School of Business and Technology and Liberal Arts: 12 liberal arts credits in General Education areas G4-G10 from a minimum of 2 different areas (4 different areas recommended) - G4: Social Science (B&T majors: SS141 Macroeconomics recommended); G5: Western Civilization; G6: Arts; G7: Humanities; G8: Foreign Language; G9: Other World Civilizations; G10: American History
- For applicants to Art and Design: a strong portfolio containing representative examples of their art and design work (see Artwork Evaluation (p. 16)) and 6 credits of Art History, plus 6 liberal arts credits in G4-G10 areas (2 different areas recommended); G4: Social Science; G5: Western Civilization; G6: Arts; G7: Humanities; G8: Foreign Language; G9: Other World Civilizations; G10: American History
- General Education Exemptions: An earned bachelor's degree or equivalent from an accredited four-year institution (U.S. or international) may exempt a student from all of the above liberal arts/general education requirements except 3 credits in English composition (G1; Composition taken in the U.S. or in a country in which English is an official language) and for Art and Design majors, 6 credits of Art History. If required to take English Composition or Art History, the student is expected to take the missing courses in the term before starting the degree program.

REQUIREMENTS FOR ADMISSION TO EVENING/WEEKEND DEGREE PROGRAMS

Applicants to FIT's evening/weekend degree programs adhere to the same admissions guidelines.

ACADEMIC CREDIT BY EVALUATION

Accepted applicants may apply up to 30 credits earned through published subject examinations (examples listed below) and transfer credit toward fulfillment of degree requirements at FIT. Those who have completed college-level liberal arts courses in which a grade of "C" or better has been achieved will receive credit for coursework equivalent to courses at FIT (see Transfer of Credit (p. 38)).

Credit for published examinations applies to the following three tests, provided that the specified minimum performance levels are met, and that the subject examination is in an area that would normally be eligible to receive credit during an evaluation of transfer credits.

College-Level Examination Program (CLEP)

Mean score must meet or exceed the equivalent of a grade of “C” in a formal course.

Advanced Placement Program (AP)

A score of 3 or higher on a scale of 5 points used for this program.

International Baccalaureate Program

A score of 4 or higher on exams for higher-level (HL) courses.

Official test scores must be sent directly to the FIT Admissions Office by the issuing board or awarding authority. Complete information about applying for academic credit by evaluation is available in the Registrar’s Office and at fitnyc.edu/registrar.

Selection of Applicants for Baccalaureate Degree Programs

The college offers 26 baccalaureate programs leading to either the Bachelor of Fine Arts (BFA) or Bachelor of Science (BS) degree. Admissions priority is given to FIT’s AAS graduates, although external applicants who meet the eligibility requirements are also encouraged to apply.

FIT’s AAS graduates who apply by the recommended application submission dates are given priority consideration for admission into the same major’s baccalaureate-level program. Applicants must have met the General Education (p. 42) requirements and maintained the required GPA. Applicants who do not meet these criteria or who wish acceptance into another program may require an interview, or an interview and artwork evaluation.

The associate-level major pages (p. 85) show the recommended bachelors programs available to students from each of FIT’s AAS programs. Associate-level students who wish to apply to a baccalaureate-level program other than those recommended should review the courses on the applicable baccalaureate-level major (p. 129) pages and consult with the Academic Advisement Center.

Priority application filing date is no later than **January 1** for fall admission and **October 1** for spring.

ADMISSION CRITERIA FOR BACCALAUREATE DEGREE PROGRAMS

Applicants seeking admission to one of FIT’s bachelors degree programs must hold an AAS degree from FIT, or an equivalent degree, or 60 appropriate credits from a four-year bachelor’s degree program. They must also meet the appropriate prerequisites as required by the major, complete requisite art or specialized courses for the major, and have completed the equivalent of FIT’s required AAS General Education requirements. Further requirements may include an interview with a departmental committee, review of academic standing, and artwork evaluation.

An earned bachelor’s degree or equivalent from an accredited four-year institution (U.S. or international) exempts a student from General Education requirements except 3 credits in English composition (i.e., composition taught in English); and for Art and Design majors, 6 credits of Art History. If required to take English composition (G1) or Art History, the student is expected to take the missing courses in the summer before starting the degree program.

Please note, FIT BS and BFA degrees require additional general education/liberal arts courses as part of the degree requirements that must be taken along with any required prerequisite courses to earn a BS or BFA from FIT.

The term **Bachelor of Fine Arts** is the designation for a professional undergraduate degree in art and design. This degree requires that 65 percent of degree credits are completed in art and design studio studies.* Students enrolled in professional undergraduate degrees in art and design are expected to develop the knowledge, skills, concepts, and sensitivities essential to the professional life of the artist/designer. In any of many possible roles, the professional must exhibit not only technical competence, but also broad knowledge of art/design, the ability to integrate art/design knowledge and skills, and an insight into the role of art/design in intellectual and cultural life.

* Art and Design Studio Studies:

Studies, practice, and experiences in studio subjects are of prime importance in the preparation of students for professional careers in art and design. Creative work includes, but is not limited to, conceptualization, process, product, and critique. Students must gain functional competence with principles of visual organization, including the ability to work with visual elements in two and three dimensions; color theory and its applications; and drawing.

The Bachelor of Fine Arts degree in art and design is comprised of the following categories of study delineated by the National Association of Schools of Art and Design (NASAD), which sets accreditation standards.

Art and Design experiences in the major: 25 – 35%

Supportive courses in art and design: 20 – 30%

Art History: 10 – 15%

General Studies: 25 – 35%

Additional Admission Criteria for the Following BFA Programs:

Computer Animation and Interactive Media BFA Program

Eligible applicants to FIT's upper-division BFA program in Computer Animation and Interactive Media will have completed their first and second years of study, and will bring 60-64 transferable credits in art foundation, media studies, digital drawing and rendering, art history and general education to become successful Computer Animation and Interactive Media students.

Fabric Styling BFA program

Eligible applicants to FIT's upper-division BFA program in Fabric Styling will have completed their first and second years of study, and must bring 60-64 transferable credits in art foundation, fashion and textile design, digital drawing and rendering, art history, and general education to FIT.

Toy Design BFA program

Eligible applicants to FIT's upper-division BFA program in Toy Design will have completed their first and second years of study, and will bring 60-64 transferable credits in art foundation, media studies, digital drawing and rendering, art history, and general education to become successful Toy Design students.

Those applicants who have not completed the requisite specialized courses for a major must complete the required "bridge" courses or an appropriate one- or two-year degree program offered by FIT before they may be considered for admission to the college's bachelor's degree programs.

For more information, please visit fitnyc.edu/majors.

International Applicants

Applicants educated outside the United States should review the International Applicant Credentials information at fitnyc.edu/internationalapplicants for detailed information about transcript requirements.

TOEFL SCORE

Students whose native language is not English must provide an official Test of English as a Foreign Language (TOEFL), International English Language Testing System (IELTS) score, or Pearson Test of English (PTE) score.

STUDENT VISAS

In accordance with federal regulations, FIT only issues I-20 forms (Certificates of Eligibility for Nonimmigrant [F-1] Student Status) to students who have been admitted to a full-time program of study leading to a degree. Students who wish to apply for an F-1 student visa or who hold F-1 student status must obtain an I-20. To obtain an I-20, students must submit an International Student Financial Statement (ISFS) to FIT after being admitted to the college. The U.S. Citizenship and Immigration Services require verification of the student's ability to finance studies in the United States. An estimate of expenses based on current tuition, fees, and living and personal expenses appears on the ISFS.

After notification of acceptance, a tuition deposit is required. Upon receipt of tuition deposit and within ten days of receipt of a properly completed ISFS, the college will issue an I-20. Those students holding F-1 status at another U.S. institution will receive instructions on how to transfer their SEVIS record upon receipt of the tuition deposit and ISFS. The I-20 will be issued after the SEVIS record is received by International Student Services.

The I-20 is necessary to apply for a visa at a U.S. Consulate in order to enter the United States to study and to maintain F-1 status while attending FIT. To download the ISFS and for more information about applying for a visa and the terms and conditions of F-1 status, visit the International Student Services web page at fitnyc.edu/iss.

Visiting Students

This program offers selected students the opportunity to take courses at FIT in order to supplement educational programs taken at other institutions. Applicants must be attending colleges that are formally registered as part of FIT's Visiting Student Program in order to be considered. Applicants must be full-time, matriculated undergraduates at their home institution with a minimum cumulative GPA of 3.0 (on a 4.0 scale) and completion of at least 30 credits prior to starting the program. A portfolio of artwork is required for admission to School of Art and Design programs.

Applications must be made through the designated liaison at the applicant's home institution. Written approval from the designated liaison must be forwarded to the Admissions Office. Recommended application filing dates are **January 1** for fall and **October 1** for spring. Applicants must file the FIT/SUNY application online at fitnyc.edu/admissions.

Visiting students are not eligible for financial aid from FIT. They should apply for aid from their home institution.

Admission to the Accessories Design, Communication Design Foundation, and Textile Development and Marketing programs for visiting students is limited to the fall semester only. Advertising and Marketing Communications and Fashion Business Management are available in spring and fall. Majors offered through the visiting students program are subject to change.

Housing application instructions are enclosed with students' admission letter.

Applicants are admitted to a one-year AAS degree program. The FIT degree is awarded once the student has submitted proof of receipt of bachelor's degree at the home institution.

Special Assistance

EDUCATIONAL OPPORTUNITY PROGRAMS

David Dubinsky Student Center, Room A571
212 217.4170
fitnyc.edu/eop

EDUCATIONAL OPPORTUNITY PROGRAM

FIT offers New York State residents from economically disadvantaged circumstances the opportunity to pursue a post-secondary education through its Educational Opportunity Program (EOP). Initiated at the college in 1973, EOP provides supplemental academic support and expanded student services to eligible and capable individuals who seek higher education despite long-term socioeconomic challenges. EOP's services foster academic persistence and achievement.

CHILDCARE ASSISTANCE PROGRAM

The Childcare Assistance Program (CAP) is designed to assist students with primary parenting responsibilities, helping them manage and integrate the demands of being both student and parent. CAP provides a variety of services, including childcare subsidies, family activities, individual academic and personal counseling, parenting resources, textbook subsidies, weekly peer support group meetings, and an overnight, weekend-long, career-focused retreat.

VETERANS AND SELECTIVE SERVICE

FIT has been accorded recognition as a school of higher learning by the Department of Veterans Affairs. Prospective students should obtain their VA papers as far in advance of registration as possible. Those seeking readmission to the college from the armed forces who have been admitted to the college for a date of entry prior to formal separation should notify the Admissions Office immediately following receipt of acceptance to facilitate processing of early separation procedures.

Notification

A nonrefundable tuition deposit of \$150 is required of accepted applicants to reserve their space.

Fall applicants must submit their tuition deposit by **May 1**.

Enclosed with the letter of admission are specific forms pertaining to the applicants' residency, parents' consent for medical attention (for those under 18 years of age), application for the residence halls, financial aid information, etc.

Visits to the College

Applicants wishing to visit FIT are encouraged to attend group information sessions held several times a week throughout the year except for major holidays. The college is closed on Fridays in June, July, and the first week of August. Please check the college's calendar at fitnyc.edu for exact dates. Sessions run approximately 2 hours and include a video presentation about FIT, a question-and-answer session with an Admissions counselor, and a tour of the campus.

You may schedule your visit on the FIT website at fitnyc.edu/visitfit. Groups of ten or more should contact the Office of Admissions directly.

Specialized Open House events are held on campus every fall and spring semester.

Curricula Overview

TWO-YEAR ASSOCIATE DEGREE PROGRAMS

Fifteen programs leading to an Associate in Applied Science (AAS) degree are offered, described on the Two-Year Associate Degree Programs (p. 85) pages. Majors are designed for full-time, two-year students, but part-time and evening/weekend programs leading to the AAS degree are available in some majors.

The 15 two-year associate degree programs are:

School of Art and Design

- Accessories Design
- Communication Design Foundation
- Fashion Design*
- Fine Arts
- Illustration
- Interior Design*
- Jewelry Design
- Menswear
- Photography and Related Media
- Textile/Surface Design

Jay and Patty Baker School of Business and Technology

- Advertising and Marketing Communications*
- Fashion Business Management*
- Production Management: Fashion and Related Industries
- Textile Development and Marketing

School of Liberal Arts

- Film and Media

* Program takes in entering classes in both the fall and spring semesters.

ONE-YEAR ASSOCIATE DEGREE PROGRAMS

Seven one-year AAS programs are offered for students who have completed at least 30 transferable credits at a college, with 24 credits equivalent to FIT's General Education requirements, or who hold a four-year degree from a college. These programs are described on the One-Year Associate Degree Programs (p. 85) pages.

The seven one-year associate degree programs are:

School of Art and Design

- Accessories Design
- Communication Design Foundation
- Fashion Design*
- Textile/Surface Design

Jay and Patty Baker School of Business and Technology

- Advertising and Marketing Communications*
- Fashion Business Management*
- Textile Development and Marketing

* Program takes in entering classes in both the fall and spring semesters.

BACCALAUREATE DEGREE PROGRAMS

Fourteen programs leading to a Bachelor of Fine Arts (BFA) degree and 12 leading to a Bachelor of Science (BS) degree are offered, described on the Baccalaureate Degree Programs (p. 129) pages. Majors offered by the School of Art and Design lead to the BFA degree; majors offered by the Jay and Patty Baker School of Business and Technology and the School of Liberal Arts lead to the BS degree. Majors are designed for full-time, two-year students, but part-time and evening/weekend students may also meet the requirements in some of the majors.

The 26 baccalaureate degree programs are:

School of Art and Design

- Accessories Design
- Advertising Design
- Computer Animation and Interactive Media
- Fabric Styling
- Fashion Design (with specializations in Children's Wear, Intimate Apparel, Knitwear, Special Occasion, and Sportswear)
- Fine Arts
- Graphic Design
- Illustration
- Interior Design*
- Packaging Design
- Photography and the Digital Image
- Textile/Surface Design
- Toy Design
- Visual Presentation and Exhibition Design

Jay and Patty Baker School of Business and Technology

- Advertising and Marketing Communications*
- Cosmetics and Fragrance Marketing
- Direct and Interactive Marketing
- Entrepreneurship for the Fashion and Design Industries
- Fashion Business Management*
- Home Products Development
- International Trade and Marketing for the Fashion Industries*
- Production Management: Fashion and Related Industries
- Technical Design
- Textile Development and Marketing

School of Liberal Arts

- Art History and Museum Professions
- Film and Media

* Program takes in entering classes in both the fall and spring semesters.

EVENING/WEEKEND DEGREE PROGRAMS

fitnyc.edu/evening_weekend

FIT provides students with the opportunity to complete an associate or baccalaureate degree through evening and/or weekend study. Nine evening/weekend degree programs are offered. These programs are coordinated by the academic departments and schools. All associate programs lead to the AAS degree; baccalaureate programs lead to either the BFA or BS degree.

The four associate degree programs available through evening/weekend study are:

School of Art and Design

- Communication Design Foundation
- Fashion Design

Jay and Patty Baker School of Business and Technology

- Advertising and Marketing Communications (one-year option also available)
- Fashion Business Management (one-year option also available)

The three baccalaureate degree programs available through evening/weekend study are:

Jay and Patty Baker School of Business and Technology

- Advertising and Marketing Communications
- Fashion Business Management
- International Trade and Marketing for the Fashion Industries

ONLINE DEGREE PROGRAMS

FIT offers two degrees that can be completed fully online.

Jay and Patty Baker School of Business and Technology

- Fashion Business Management One-Year AAS degree program
- International Trade and Marketing for the Fashion Industries BS degree program

CREDIT CERTIFICATE PROGRAMS

FIT offers a number of credit certificate programs that provide students with the opportunity to enhance their skills in specialized fields. Nonmatriculated students may enroll in credit certificate programs. Upon successful completion of a concentrated sequence of credit-bearing courses, and with faculty recommendation, students are granted a certificate of completion.

Aron and Esther Goldfarb Leather Apparel (HEGIS 5012)

Designed for students seeking additional knowledge in the area of leather apparel design and construction, this program offers certificates in either a menswear or women's wear concentration.

The program consists of four required courses:

AP 241	Leather Apparel Design Room Techniques	2.5
AP 253	Leather Apparel Design	2.5
AR 152	Leather Apparel Portfolio	2.5
LD 112	Decorative Leather Techniques	2.5

CAD for Fashion Designers—Art (HEGIS 5012)

CAD for Fashion Designers—Art provides students with the technical skills required to create fashion design presentation products, such as digital trend concept boards and computer-generated portfolios.

The program consists of five required courses:

AR 115	Introduction to CAD Software for Fashion Designers	2
FF 241	Fashion Design Computer: Photoshop	1.5
FF 242	Fashion Design Computer: Illustrator	1.5
FD 355	Primavision I	1.5
FF 243	Digital Flats and Specs	1.5

Digital Still Photography (HEGIS 5007)

The Digital Still Photography program introduces students to effective techniques in digital capture, digital asset management, studio and location lighting, and post-production editing techniques. Students who currently work in the industry become more competitive within the photographic job market, in areas such as portraiture, product photography, event photography, and post-production.

The program consists of six courses offered over three semesters:

PH 118	Beginning Digital Photography	2
PH 171	Digital Darkroom	2
PH 130	Lighting I	2
PH 272	Photoshop I for Photographers	2
PH 230	Lighting II	2.5
PH 274	Photoshop II for Photographers	2

Draping Techniques (HEGIS 5012)

Intended primarily for those who wish to enhance their draping skills without enrolling in a degree program, Draping Techniques presents students with projects that incorporate both draping and patternmaking techniques, covering a variety of approaches and methods in analyzing and developing patterns.

The program consists of four sequential courses offered over four semesters:

DP 111	Draping Proficiency I	2.5
DP 112	Draping Proficiency II	2.5
DP 211	Draping Proficiency III	2.5
DP 212	Draping Proficiency IV	2.5

Gemology (HEGIS 5012)

The Gemology certificate program is designed to meet the demands of a growing segment of the jewelry industry for employees with more in-depth knowledge of gems and gemstones. Students gain additional knowledge and hands-on skills necessary to work effectively in the jewelry industry and increase their marketability.

The program consists of five courses offered over three semesters:

JD 241	Introduction to Gemology	2
JD 281	Diamond Grading	2
JD 243	Gemology II	1.5
JD 141	Introduction to Diamonds	2
JD 244	Gemology III	3

Haute Couture (HEGIS 5012)

Haute Couture provides students with the design skills and techniques used in the manufacture of custom, made-to-measure women's clothing.

The program consists of five sequential courses in fashion design offered over a three-semester time span:

AP 242	Haute Couture Sewing Techniques	2.5
AP 243	Haute Couture Decorative Techniques and Embellishments	2.5
AP 244	Haute Couture Construction and Technology	2.5
AP 275	Haute Couture Apparel Design	3
AR 292	Haute Couture Portfolio	2.5

Ladies Tailoring Techniques (HEGIS 5012)

This program was developed in response to the demand for classic, quality apparel for women's tailored clothes. Projects range from fundamental to more advanced skills and processes in ladies tailoring and prepare students for positions as tailors or tailor's assistants in sample rooms and custom tailoring shops.

Ladies Tailoring Techniques consists of four sequential courses offered over a four-semester time span:

TL 111	Ladies Tailoring I	2.5
TL 112	Ladies Tailoring II	2.5
TL 211	Ladies Tailoring III	2.5
TL 212	Ladies Tailoring IV	2.5

Millinery Techniques (HEGIS 5012)

Developed in response to the renewed demand for quality headwear, Millinery Techniques helps students develop skills that will meet the most stringent demands of the industry and the consumer. Projects range from fundamental to more advanced skills and processes in millinery techniques.

The program consists of six sequential courses offered over a four-semester time span:

ML 113	Blocking Techniques for Hats	2.5
ML 115	Fabric Hat Construction	2.5
ML 116	Cold Weather Headgear	2.5
ML 123	Contemporary Men's Hats	2.5
ML 241	Bridal and Special Occasion Headwear	2.5
ML 243	Creative Design in Headwear	2.5

Patternmaking (HEGIS 5012)

The program in Patternmaking provides students with the knowledge, craftsmanship skills, and techniques in draping, marker making, patternmaking, and sample-making required to meet the challenges of the industry.

The program consists of the following five courses offered over a three-semester time span:

PM 121	Patternmaking I: Misses' and Women's Wear	2
PM 122	Patternmaking II: Misses' and Women's Wear	2
PM 171	Pattern Grading: Misses' and Women's Wear	2
PM 233	Patternmaking: Misses' Sportswear	2
PM 255	Fit Analysis and Technical Documentation	2

Performance Athletic Footwear (HEGIS 5012)

The Performance Athletic Footwear certificate program is designed to provide the knowledge and skills required to work effectively within the athletic footwear industry. It also addresses a service area within the accessories industry referred to as "ath-leisure."

The program consists of the following four courses offered over a three- to four-semester time span:

LD 181	Ergonomics for Athletic Footwear	2
LD 182	Performance Materials for Athletic Footwear	2
LD 184	Athletic Footwear Sketching	2.5
LD 185	Athletic Footwear Drafting	2.5

Retail Management (HEGIS 0509)

The Retail Management program is designed for professionals currently employed in mid-tier retail management positions or persons who possess a baccalaureate degree in any field unrelated to Fashion Business Management. Students develop general analytical and problem-solving abilities, as well as study industry requirements to manage retail operations here and abroad.

The program consists of five courses designed to be completed in one year:

MG 153	Excel for Business	2
FM 327	Case Studies in Fashion Merchandising	3
FM 361	Leadership Development for Retailing	3
FM 362	Dynamics of Store Operations Management	3
FM 462	Retail Management Strategies	3

Sustainable Packaging Design (HEGIS 5012)

The program in Sustainable Packaging Design is offered for packaging design professionals working in the industry who want to expand their expertise and employment opportunities. Students learn to lead and oversee sustainability in their own companies—whether in design firms, CPG (consumer packaged goods) companies, or companies that develop packaging materials and technologies for manufacturing.

The program consists of five courses that can be completed within one year:

PK 352	Foundation in Sustainable Packaging Design	3
PK 353	Systems Thinking in Sustainable Packaging Design	3
PK 432	Materials, Technologies, and Production in Sustainable Packaging Design	2.5
PK 462	Case Studies in Sustainable Packaging Design	2.5
PK 494	Capstone Project in Sustainable Packaging Design	1.5

Liberal Arts

Business and Liberal Arts Center, Room B623, 212.217.4320

fitnyc.edu/liberalarts

Every degree program at FIT has at its core a required, comprehensive liberal arts curriculum, taught by the faculty of the college's School of Liberal Arts. Education in the liberal arts develops students' critical thinking and communications skills, provides them with a diverse and global perspective, and nurtures interests that can enrich and inform their professional and personal lives.

The School of Liberal Arts also administers the liberal arts minors, FIT's Presidential Scholars honors program, the Film and Media AAS program, the Film and Media BS program, and the Art History and Museum Professions BS program.

PRESIDENTIAL SCHOLARS

Business and Liberal Arts Center, Room B602, 212.217.4590

fitnyc.edu/honors

Presidential Scholars is FIT's honors program, providing motivated and gifted students the opportunity to take part in specially designed liberal arts courses, interdisciplinary group projects, monthly colloquia, and extracurricular activities—arts performances, cultural institution visits, and outdoor adventures—that use the entire landscape of New York City as an extended campus. Presidential Scholars receive an annual merit stipend and are afforded priority registration.

Students must complete a separate application for the Presidential Scholars program. For the associate-level program, competitive admission is based on class rank, high school GPA, and SAT scores. For the baccalaureate-level program, students must have a GPA of 3.5. Information about and applications for the Presidential Scholars program can be found on the program's website.

LIBERAL ARTS DEPARTMENTS

The Educational Skills Department (ES) offers courses in English as a second language and college-level preparation in reading and writing. The department also supervises the Academic Skills Tutoring Center and administers academic placement tests.

The English and Communication Studies Department (EN) offers courses in literature, speech, writing and creative writing.

The Film, Media and Performing Arts Department offers courses in film (FI), health education (HE), and dance and physical education (PE), including individual and team activities.

The History of Art and Civilization Department (HA) offers a variety of history of art and civilization courses representing both Western and non-Western cultures. It also administers the interdisciplinary Art History and Museum Professions BS program.

The Modern Languages and Cultures Department offers courses in French (FR), Italian (IT), Japanese (JA), Mandarin Chinese (CH), Portuguese (PO), and Spanish (SP).

The Science and Mathematics Department offers courses in biology and physical science (SC) and mathematics (MA).

The Social Sciences Department offers courses in five disciplines: economics, political science, psychology, sociology, and philosophy.

Liberal Arts Requirements for Associate Degree Students

All students are required to submit SAT/ACT scores in order to be placed at the appropriate course level. Based upon placement test scores, some students are required to take developmental courses in Educational Skills (ES) or mathematics (MA) in addition to the general requirements listed below. For placement test exemption information, see Requirements for Degree Completion (p. 36) or visit fitnyc.edu/placementtests.

All two-year AAS degree students must complete a total of at least 24 general education/liberal arts credits. Some majors require specific courses within these general requirements. Please refer to the specific major page, in the Degree Programs (p. 84) section of this catalog, for more information.

General Education Exemptions: An earned bachelor's degree or equivalent from an accredited four-year institution (U.S. or international) may exempt a student from all of the above liberal arts/general education requirements except 3 credits of English Composition (i.e., composition taught in English) and for Art and Design majors, 6 credits of Art History.

Liberal Arts Requirements for Baccalaureate Degree Students

Liberal arts requirements for bachelor's degree students may vary by major. Refer to the specific major's page in the Degree Programs (p. 84) section of this catalog for more information.

Academic Minors

Students at FIT have the opportunity to pursue an academic minor, a selection of courses focused on a particular discipline or a combination of disciplines. This provides a more cohesive program of study and a deeper understanding of the chosen fields. Upon successful completion of the selected courses in a minor with a 2.0 or higher GPA, the minor is recorded on the student's transcript. There are a wide range of options, including American Studies, Asian Studies, Communication Studies, Dance and Performing Arts, Economics, English: Literature and/or Writing, Ethics and Sustainability, Fashion Studies, Film and Media Studies, French, History, History of Art, International Politics, Italian, Italian Studies, Japanese, Creative Technology, Latin American Studies, Mathematics, Mandarin Chinese, Psychology, Spanish, and Sociology.

For information about Liberal Arts minors, visit: fitnyc.edu/academic-advisement/academic-minors/

For information about Art and Design minors, visit: fitnyc.edu/academic-advisement/academic-minors/#Creative%20Technology

For information about the business minors, visit: [fitnyc.edu/academic-advisement/academic-minors/index.php#International Trade and Marketing](https://fitnyc.edu/academic-advisement/academic-minors/index.php#International%20Trade%20and%20Marketing)

For information about Interdisciplinary minors, visit: fitnyc.edu/academic-advisement/academic-minors/#Ethics

Students should contact the Academic Advisement Center, fitnyc.edu/academic-advisement/, to select and schedule a minor along with their major.

Career and Internship Center

Career and Internship Services Office, Business and Liberal Arts Center, B202, 212 217.3000

Internship Studies Office: Marvin Feldman Building , C504
fitnyc.edu/cic

Functioning within the Division of Academic Affairs, FIT's Career and Internship Center is highly regarded for the college-credit-bearing experiential learning programs and career guidance it offers. The center's mission is to help students learn how to identify good career fits and make successful career decisions in today's competitive global market, advance their careers, and market themselves throughout their professional lives in a wide range of fields. The Career and Internship Center is comprised of two departments: Career and Internship Services and Internship Studies.

The Career and Internship Services unit provides career and internship counseling, job search assistance, and related programming to students and alumni. Internship Studies, an academic department, develops and implements curriculum. The college maintains strong alliances with organizations ranging from design, communications, and merchandising to museums and other nonprofits. Lifetime career services are offered to all FIT alumni, and students are encouraged to utilize the office's resources from the start of their education. Students participate in customized, semester-long experiential learning that integrates theory (classroom and online pedagogy) and practice (credit internships) focusing on the areas of career and personal development.

Each academic year, FIT provides more than 1,500 students in more than 25 academic majors with credit-bearing internships at sponsor organizations. Approximately 90 percent of the graduating class that moved into the world of work reported being employed when surveyed after graduation.

Center for Continuing and Professional Studies

Conference Center at FIT, lower level, 212 217.3334
fitnyc.edu/ccps/

The Center for Continuing and Professional Studies offers courses, in the classroom and online, to those interested in advancing their professional careers or educational goals. Courses are open to the public and span a range of topics including art, business, design, digital technology, entrepreneurship, fashion, marketing, and retailing. In addition to free-standing courses, professional development certificates and special intensive courses of study are available. The center offers its programs through Professional Studies, Enterprise Studies and Digital Design, and Precollege Programs. The center offers a comprehensive group of English as a Second Language programs in association with Educational Skills for those who need English for career betterment or to apply to U.S. colleges, including Intensive English Language at FIT, which provides an opportunity to study a comprehensive selection of courses for a full semester, either the fall or spring semester.

Professional Studies

Professional Studies focuses on the corporate global training needs of fashion-related industries, as well as the enrichment needs of industrial artists and designers. Noncredit certificates of professional development are offered on topics such as Brand Management Experience, Certified Technical Designer, Color Specialist, Digital Analytics: Fashion Marketing and Retailing, Fashion Styling, Image Consulting, and Omni-Channel Retail.

Enterprise Studies and Digital Design

Enterprise Studies and Digital Design provides information and resources for small businesses and freelancers. Hands-on computer workshops keep designers and business people up to date on software tools. It offers six noncredit certificates of professional development: Creative Enterprise Ownership, Sustainable Design Entrepreneurs, and four Computer Essentials certificates (Fashion Design, Graphic Design, Web Design, and Video). The center also secures grant funding to develop free or low-cost programs that help meet the needs of entrepreneurs and New York City's fashion industry.

Precollege Programs

Precollege Programs offer courses for middle and high school students in the college's many areas of expertise. During the school year it offers two programs titled Saturday Live and Sunday Live, each presented over 11 weekends. In the summer, there is a three-week Summer Live program. Intensive four-day workshops offered each spring, summer, and fall are especially attractive to families living outside the New York City metropolitan area.

International Programs

Business and Liberal Arts Center, Room B119, 212 217.5380

fitnyc.edu/study-abroad/

The Office of International Programs coordinates the opportunities for students to study abroad for a year or a semester, or in the summer or winter sessions for three to four weeks. Students may also study abroad through SUNY (sunysystemabroad.com) or the College Consortium for International Study (ccisabroad.org). Applicants are selected competitively and are required to have a minimum 3.0 GPA. Students must develop an advisement plan with their department's chairperson or international faculty coordinator that describes the courses they are approved to take abroad so they may transfer credit back to their FIT degree program.

FASHION DESIGN IN NEW YORK AND FLORENCE

AAS degree students in the Fashion Design in New York and Florence program spend one academic year in New York City and one academic year in Florence, Italy. Students may study abroad in their first or second year. Courses are taught in English and students receive FIT credits toward their degree for courses completed. Select students may also participate for the fourth semester only.

FASHION DESIGN IN NEW YORK AND MILAN

Students accepted into the BFA degree Fashion Design Sportswear or Knitwear specializations can spend their third or fourth academic years in New York City or Milan, Italy, or may spend both their third and fourth years in FIT's program in Milan. Courses are taught in English, and students receive FIT credits toward their degree for courses completed.

FASHION BUSINESS MANAGEMENT IN NEW YORK AND FLORENCE

Students accepted into the BS Fashion Business Management degree program in New York and Florence can study in Florence for an academic year (fifth and sixth semesters) or for the fifth or sixth semesters only, returning to New York City to complete their program. Courses are taught in English, and students receive FIT credits for the courses completed.

SEMESTER PROGRAMS AT INSTITUTIONS ABROAD

Advertising and Marketing Communications and Fashion Business Management in

France Advertising and Marketing Communications and Fashion Business Management BS degree students may study at the American University of Paris. Advertising and Marketing Communications students may study at the Institut Commercial de Nancy in Nancy, a prestigious specialized school with an international management program, or at the École Supérieure de Publicité in Paris. Courses are taught in English.

Advertising Design and Graphic Design in England During the fall semester, a limited number of seventh-semester Advertising Design or Graphic Design BFA degree students may study in England at Camberwell College, or the Chelsea College of Art and Design in London, or at Nottingham Trent University in Nottingham. Graphic Design students may also study at Arts University Bournemouth. Advertising Design students may also study at Leeds College of Art at Falmouth University.

Business and Technology Programs in China During the spring semester, BS degree Fashion Business Management, International Trade and Marketing for the Fashion Industries, and Production Management: Fashion and Related Industries students can study at Donghua University, in Shanghai, China. Courses are taught in English.

Business and Technology Programs in Italy During the fall or spring semesters, BS degree Advertising and Marketing Communications, Fashion Business Management, and International Trade and Marketing for the Fashion Industries students can study at the American University of Rome in Rome, Italy. Courses are taught in English.

Fashion Design, Fashion Business Management, and Textile/Surface Design in Australia During the fall or spring semesters, a limited number of fifth- or sixth-semester Fashion Business Management BS degree students, sixth- or seventh-semester Fashion Design BFA degree students, and seventh-semester Textile/Surface Design BFA degree students may study at the Royal Melbourne Institute of Technology in Melbourne, Australia.

Fashion Design, Fashion Business Management, and Production Management in Hong Kong During the fall or spring, a limited number of sixth- or seventh-semester baccalaureate-level Fashion Design, Fashion Business Management, or Production Management: Fashion and Related Industries students may study at Hong Kong Polytechnic University's Institute of Textiles and Clothing in Hong Kong, China.

Fashion Business Management in England During the spring or fall, a limited number of sixth- or seventh-semester Fashion Business Management BS degree students may study in England at the University of Westminster campus in Harrow, located 20 minutes from central London. Fashion Business Management students may also participate in an internship.

Liberal Arts Semester in Florence Qualified FIT students can study for a semester at the FIT in Florence campus and receive academic credit toward their degree for select courses in Art History, English, Italian, and Social Sciences.

Textile/Surface Design in Canada During the fall semester, a limited number of seventh-semester Textile/Surface Design students may study at Nova Scotia College of Art and Design in Halifax, Canada.

SEMESTERS IN ITALY OR OTHER STUDY ABROAD PROGRAMS THROUGH COLLEGE CONSORTIUM FOR INTERNATIONAL STUDY

FIT is a member of the College Consortium for International Study, which includes approximately 100 colleges across the United States that offer study abroad programs. Under the auspices of the consortium and FIT, fifth-, sixth-, or seventh-semester students admitted to the Bachelor of Science degree programs can study at institutions across the globe. Advertising and Marketing Communications BS degree students as well as AAS degree Fine Arts students may spend a fall or spring semester at the Scuola Lorenzo De'Medici in Florence, Italy. Visit ccisabroad.org.

SUMMER AND WINTER STUDY ABROAD COURSES

FIT conducts a number of international short study courses during the summer and winter sessions. These courses are listed in the catalog within the individual disciplines and range from three to four weeks in duration. Specific information on short study abroad courses is available in the International Programs Office and on the International Programs website, fitnyc.edu/academics/studyabroad.

STUDY ABROAD PROGRAMS THROUGH THE STATE UNIVERSITY OF NEW YORK (SUNY)

With departmental approval, students may also study abroad through one of the 600 programs offered by SUNY for a semester or summer or winter session. For more information, go to sunysystemabroad.com or visit the International Programs Office.

Online Learning

fitnyc.edu/online-learning/

FIT offers over 500 online course sections per year, enabling students with busy schedules to do their coursework on a more flexible schedule. In addition, FIT also offers the associate degree in Fashion Business Management and the bachelor's degree in International Trade and Marketing as fully online programs.

Online learning at FIT is both interactive and collaborative. Students receive instruction, submit assignments, and actively participate in discussions from anywhere with an internet connection. Students leverage the wealth of resources available through the Web to support their education.

Requirements for Degree Completion

TIME REQUIREMENTS

Full-time students must complete all requirements for their degree within four years from the original date of matriculation; part-time students must complete all requirements within eight years from the original date of matriculation. After the period expires, students must reapply through Admissions and have their credentials reevaluated. Courses taken ten or more years ago are subject to reevaluation and must be approved by the appropriate department chairperson or academic dean in order for students to receive credit toward their degree.

REQUIREMENTS FOR THE ASSOCIATE DEGREE

To qualify for the Associate in Applied Science degree, candidates must be matriculated (officially admitted to degree status); satisfactorily complete the credit and course requirements prescribed for their majors, related areas, and general education; achieve a minimum GPA of 2.0 for all work completed; receive the recommendation of the faculty; and submit an application for graduation with fee.

For more specific course requirements, consult the major pages (p. 84) and FIT's General Education requirements (p. 42).

Writing and Mathematics Proficiency

Students are expected to develop their writing and mathematics skills as early as possible during their studies to enhance their prospects for academic and career success. In order to pre-enroll/register for the initial semester of study in a degree program, all full- and part-time AAS students must complete English and mathematics placement testing or demonstrate that they qualify for exemption from placement testing. Students who are placed into Educational Skills or developmental mathematics courses or EN 121 should register for these courses in the first semester of study.

Information on how to demonstrate English and mathematics proficiency is available in the Liberal Arts Center for Academic Advisement and Placement, Room B623, and at fitnyc.edu/placementtests.

REQUIREMENTS FOR THE BACCALAUREATE DEGREE

To qualify for the Bachelor of Science or Bachelor of Fine Arts degree, students must be matriculated (officially admitted to degree status); satisfactorily complete the credit and course requirements prescribed for their majors, related areas, general education, and liberal arts; achieve a minimum GPA of 2.0 for all work completed; receive the recommendation of the faculty; and submit an application and fee for graduation. Students receiving the BFA degree are required to complete a total of 12 credits in History of Art and Civilization (HA) or their approved equivalents, and 30 credits in general studies (not including History of Art and Civilization courses).

For more specific course requirements, consult the major pages (p. 84) and FIT's General Education requirements (p. 42).

MATRICULATION STATUS POLICY

Nonmatriculated students (i.e., students enrolled in at least one course but not admitted into a degree program) seeking admission to a two-year associate or baccalaureate degree program at FIT should note the following:

- No more than 30 credits taken at FIT in nonmatriculated status may be applied to a two-year associate or baccalaureate degree.

Nonmatriculated students seeking admission to a one-year associate degree program should note the following:

- No more than 15 credits taken at FIT in nonmatriculated status may be applied to a one-year associate degree.

Students pursuing a second baccalaureate degree should review the specific degree requirements with the Registrar's Office.

RESIDENCY REQUIREMENTS

To earn a two-year associate degree (p. 85), students must complete at FIT a minimum of 30 credits as required by the major.

To earn a one-year associate degree (p. 120), students must complete at FIT a minimum of 30 credits as required by the major.

To earn a baccalaureate degree (p. 129), students must complete at FIT a minimum of 60 credits as required by the major. However, if students have already earned an appropriate FIT associate degree, they must complete at FIT a minimum of 30 upper-division credits as required by the major.

ATTENDANCE

Attendance shall be taken in all classes. The general policy with regard to student attendance in any class is determined by the instructor and is announced to the class at the beginning of each semester. Specific procedures for handling absences are detailed in the Student Rights and Responsibilities Policy Manual, available online at fitnyc.edu/rightsandresponsibilities.

On occasion, students are unable to attend a class session due to illness, accident, or other emergency. Students should contact their instructor(s) directly, via phone or email. If students are unable to reach their instructor(s), they should contact the appropriate academic department office(s). Extended absences from class should be substantiated by appropriate documentation.

No persons shall be expelled from or be refused admission as students of the college for the reason that they are unable to attend classes or to participate in any examination, study, or work requirements on a particular day(s) because of religious beliefs.

Students unable to attend classes on a particular day(s) because of religious beliefs shall, because of such absence on the particular day(s), be excused from any examination or any study or work requirements.

It shall be the responsibility of the faculty and the administrative officials of the college to make available to students absent from school because of religious beliefs an equivalent opportunity to make up any examination, study, or work requirements that they may have missed because of such absence on any particular day(s). No fees of any kind shall be charged for making available such equivalent opportunity.

In effectuating the provisions of this section, it shall be the duty of the faculty and of the administrative officials to exercise the fullest measure of good faith. No adverse or prejudicial effects shall result to any student because of his or her availing himself or herself of the provisions of this section.

Any students who are aggrieved by the alleged failure of any faculty or administrative officials to comply in good faith with the provisions of this section shall be entitled to maintain an action or proceeding in the supreme court of the county in which the college is located for the enforcement of their rights.

It shall be the responsibility of the administrative officials of the college to give written notice to students of their rights under this section, informing them that students who are absent from school because of religious beliefs must be given an equivalent opportunity to register for classes or make up any examination, study, or work requirements that they may have missed because of such absence on any particular day(s). No fees of any kind shall be charged by the college for making available to such students such equivalent opportunity.

OFFICIAL WITHDRAWAL

The official withdrawal procedure applies to all full- and part-time degree students leaving the college and withdrawing from all classes and is processed by the Registrar's office. Complying with the official procedure ensures that student records are maintained in good order, and will facilitate readmission to FIT or expedite sending transcripts to other schools. Title IV recipients must have an exit interview with the financial aid office before withdrawal.

Dean's List

The Dean's List, posted at the end of each semester, honors those students who have completed more than 12 credits (may not include courses taken on a pass/fail basis) and achieved a GPA of 3.5 or better. Students receiving an incomplete or an "F" grade are ineligible for the Dean's List that semester.

For students who achieve a GPA of 3.85 or better during their college careers, their degree is granted summa cum laude. For those with a GPA of 3.70 or better but less than 3.85, their degree is granted magna cum laude. For those with a GPA of 3.50 or better but less than 3.70, the degree is granted cum laude.

Scholastic Standing

Scholastic standing is determined by a semester index, computed by multiplying grade value by credit hours for the course, and dividing the sum by the total credit hours.

The following grades are used for final marks:

Grade	Quality Points	Grade	Grade Value
A	4.0	IN	Incomplete
A-	3.7	IP	In progress
B+	3.3	L	Audit
B	3.0	P	Passed
B-	2.7	WD	Student-initiated authorized withdrawal
C+	2.3	WF	Unauthorized withdrawal
C	2.0	Y	Intermediate grade
C-	1.7	Z	No grade
D	1.0	*	Developmental course grade notation
F	0	>	Repeated course grade notation. See repeat policy.

Grade	Description
IN	Incompletes are reported by instructor at grade-processing deadline. Does not affect GPA.
IP	Indicates that a thesis is in progress. "IP" is replaced by an appropriate letter grade when the thesis is completed or by an "F" if matriculation is not maintained.
L	Audit grade (assigned for non-degree student only).
P/F	A "P" grade is not calculated in the GPA, but credit is received and recorded on the academic transcript. An "F" grade is calculated in the GPA.
WD	Student-initiated authorized withdrawal is permitted up to the 13th week (effective Spring 2015) and does not affect GPA. This grade is a terminal grade and changes are not accepted.
WF	Unauthorized withdrawal, which may be assigned at the instructor's discretion, carries a penalty, and is equivalent to an "F" in the GPA. This grade is a terminal grade and changes are not accepted.
Y	Intermediate grade assigned after the first of two semesters or the first two semesters of a three-semester sequence. "Y" will be replaced by an appropriate letter grade when sequence is completed. Does not affect GPA.
Z	No grade reported by instructor at grade-processing deadline. Does not affect GPA.
	* A grade with an asterisk is assigned for a developmental course. Does not affect GPA.
	> Denotes student repeated a failed course. See repeat policy.

All grade disputes must be resolved within two years of receipt of the grade and cannot be disputed once the degree is awarded and sealed.

REPEAT POLICY (EFFECTIVE SPRING 2014)

1. Only a course with a grade of "F," "WA," "WD," or "WF" may be repeated.
2. If a student receives a grade of "F" or "WF," the original grade permanently remains on the official transcript.
3. If a student repeats the course, only the last grade earned will be included in the GPA.
4. A course originally taken for a grade cannot be retaken for a pass/fail grade.
5. A student who wishes to enroll in a third and final attempt of a course may do so only with the approval of the department chair or assistant chair of a student's major.

PROCEDURE FOR PASS/FAIL

1. No major course can be taken on a pass/fail basis. AAS candidates are permitted to take a maximum of 6 free elective or liberal arts elective credits on a pass/fail basis. BS candidates may take up to 6 liberal arts elective credits on a pass/fail basis. BFA candidates are permitted to take 3 elective credits on a pass/fail basis.
2. At least one full semester must have been completed at FIT; students must be currently registered for no fewer than 12 regularly graded credits in addition to the course taken on a pass/fail basis.
3. Only 3 credit hours per semester can be taken on a pass/fail basis.
4. The instructor must be informed within the first three weeks of the class that the course is to be taken on a pass/fail basis. Forms are available in the Registrar's Office.
5. No more than one pass/fail course may be taken in any one department during each degree program.

ACADEMIC STANDARDS/PROBATION AND DISMISSAL

The Office of the Registrar notifies students of their academic standing in writing via email at the end of the fall and spring semesters. Students whose academic standing is academic probation or academic dismissal may appeal the decision to the Faculty Senate Committee on Academic Standards. The academic standing appeal procedure is a formal request by a student seeking to appeal for an exception to the academic standing regulations as published in the college catalog and on the following website: fitnyc.edu/registrar. A student may appeal their status for three consecutive regular semesters following the decision of probation or dismissal.

Following are the criteria for academic probation or academic dismissal:

- A student is placed on probation if the semester GPA (grade point average) is below 2.0.
- A student is not subject to academic dismissal at the end of the first semester in a degree program.
- A student will be dismissed from the college after two consecutive semesters with a GPA below 2.0.

Students who have been academically dismissed from the college are permitted to take only noncredit-bearing courses offered through the Center for Continuing and Professional Studies.

Please see fitnyc.edu/registrar for complete details for the academic standing appeal process and a copy of the appeal form.

TRANSFER OF CREDIT

The Office of the Registrar evaluates courses from any other accredited college. Transfer credit is awarded only for coursework similar to courses required for a current FIT degree and only when official transcripts and/or score reports have been submitted for review. Only the Registrar can determine individual courses that will transfer to FIT; however, there are some general guidelines:

- Students who have completed equivalent courses will receive transfer credit for coursework in which a grade of C or better has been earned.
- Students who have taken the College Level Examination Program (CLEP) and earned a mean score that meets or exceeds the equivalent of a grade of C in a formal course will receive transfer credit.
- Students who have taken the Advanced Placement (AP) Exam and earned a score of three (3) or higher on a scale of five (5) points will receive transfer credit.
- Students who have taken the International Baccalaureate Exam for higher-level courses and earned a grade of 4 or higher will receive transfer credit.
- For further information, please see FIT's official Transfer Credit Policy, found here: <http://www.fitnyc.edu/policies/enrollment-management/transfer-credit-policy.php>

Major or related area transfer credits are evaluated and approved by the major department.

Students should contact the major department upon their initial arrival on campus to arrange an appointment for a review of major courses for possible transfer credit. A department may request additional information on learning outcomes of the course as well as a sample of student work in a portfolio.

Transfer Credit Pre-approval

Courses taken at another institution during summer or winter terms to be considered for transfer credit to FIT will require the student to submit a Course Equivalency Assessment Form and obtain Registrar approval before registering for a course at another college.

INDEPENDENT STUDY

Independent study opportunities are available to students in the fall and spring semesters and refer to individualized instruction, which is provided in a tutorial manner outside of a regularly offered class schedule. Participating students work with their sponsoring faculty member to create a course of study and learning outcomes for the independent study and sign an Independent Study Agreement Form to adhere to these learning outcomes. The faculty member assigns the credit value to the course based upon the anticipated learning outcomes and scope of work required during the course of the study.

For all undergraduate and graduate degree programs, a maximum of 3 credits of independent study are allowed. Two-year AAS students may undertake independent study only in their 3rd or 4th semester, while one-year AAS students may take undertake independent study only in their 2nd semester. BFA and BS students are eligible in any upper-level semester. Graduate students are also eligible in any semester.

Independent study courses are electives and cannot be used as substitution for a required major course. Exceptions to this policy may only be considered in extenuating circumstances, and must be approved in advance, in writing, to the Registrar's Office by the department chair of the student's major.

Independent study requests are student-initiated and must be made in the preceding semester. Students must have a minimum GPA of 3.5. Students must complete, sign, and submit the Independent Study Agreement Form, in conjunction with their sponsoring faculty member, by April 15 for Fall semester and November 15 for Spring semester.

FIT POLICY ON CLASSROOM CREDITS AND HOURS

FIT follows the State University of New York (SUNY) policy on credits and hours, which is a variant of the traditional Carnegie Unit. In lecture courses, one semester credit hour equals one hour of classroom instruction and two hours of outside study for each class session. A typical three-credit lecture course at FIT meets three hours a week for 15 weeks for a total of 45 hours, and six hours a week of outside study. In lab/studio courses, one semester credit hour equals two hours of classroom instruction and one hour of outside study. A typical three-credit lab/studio course at FIT meets six hours a week for 15 weeks for a total of 90 hours. For further information, please see the SUNY policy document at <http://tinyurl.com/FIT-SUNY-CreditHR>.

Academic Advisement Center

Marvin Feldman Center, Room C402, 212 217.3080

fitnyc.edu/advisementcenter

The Academic Advisement Center is designed to support the intellectual, psychological, and social growth of students. Working collaboratively with the FIT community, members of the Advisement Center provide ongoing support to students while also maintaining continuous communication with deans, chairs, and faculty to ensure that the most up-to-date advice and information are being shared.

Students in all undergraduate degree-seeking programs are assigned an academic advisor who will provide direction with degree-mapping, course registration, minor declaration, and assistance identifying academic resources designed to ensure academic success. For more information, please visit the Advisement Center webpage: fitnyc.edu/advisementcenter.

FIT's General Education Requirements and Courses

FIT students who matriculated after fall 2000 must fulfill General Education requirements in order to receive a bachelor's degree. These requirements are built into the FIT curriculum and in conjunction with major and related area courses in a degree program. An FIT General Education course cannot be used to meet more than one General Education area.

At the associate level Art and Design majors take 18 credits of General Education/Liberal Arts courses plus 6 credits of Art/Design History courses, totaling 24 credits. Business and Technology and Film and Media majors take 24 credits of General Education/Liberal Arts courses at the associate level.

At the AAS level, a second English course is required for all majors. English courses cover a wide variety of General Education areas.

All FIT students including transfers are required to complete a total of 30 SUNY General Education/Liberal Arts credits (10 courses) in a minimum of seven of the ten areas in order to receive a Bachelor degree. This General Education structure is effective for FIT students entering AAS programs in fall 2014 and for those entering BS/BFA programs in fall 2015.

To complete these requirements for a bachelor's degree, students must take **30 credits** of General Education approved courses. This distribution is as follows:

1. Take one (1) course in each of the following areas (**9 credits**): Basic Communications (G1), Mathematics (G2), and Natural Science (G3).
2. Take four (4) different courses from four (4) different areas (**12 credits**) in the G4-G10 categories: Social Sciences (G4), Western Civilization (G5), The Arts (G6), Humanities (G7), Foreign Language (G8), Other World Civilizations (G9), and American History (G10).
3. Take three (3) courses not previously taken in any of the ten (10) areas that meet SUNY General Education approval (**9 credits**).

While the Registrar's Office and the Academic Advisement Center monitor each student's progress in the fulfillment of SUNY and FIT's General Education requirements, final responsibility for completing the requirements rests with the student. A SUNY General Education requirement completed at one SUNY campus will not have to be repeated at FIT.

Code	General Education Area
G1	Basic Communication
G2	Mathematics
G3	Natural Sciences
G4	Social Sciences
G5	Western Civilization
G6	The Arts
G7	Humanities
G8	Foreign Language
G9	Other World Civilizations (Non-Western Civilizations)
G10	American History

APPROVED GENERAL EDUCATION COURSES

The following FIT courses have been certified by SUNY as meeting specific General Education student learning outcomes and have been approved to meet General Education requirements. Additional courses will be added to this list as they are developed.

G1 BASIC COMMUNICATION Students produce coherent texts within common college-level written forms; demonstrate the ability to revise and improve such texts; research a topic, develop an argument, and organize supporting details; develop proficiency in oral discourse; and evaluate an oral presentation according to established criteria.

EN 121	English Composition	3
EN 241	Professional Speech Communication	3
EN 242	Public Speaking	3
EN 343	Advanced Public Speaking	3
EN 362	Creative Nonfiction (Honors)	3
ES 129	College Composition for Non-Native Speakers of English	3

G2 MATHEMATICS Students will demonstrate the ability to interpret and draw inferences from mathematical models such as formulas, graphs, tables, and schematics; represent mathematical information symbolically, visually, numerically, and verbally; employ quantitative methods such as arithmetic, algebra, geometry, or statistics to solve problems; estimate and check mathematical results for reasonableness; and recognize the limits of mathematical and statistical methods.

MA 142	Geometry and the Art of Design (formerly MA 242)	3
MA 161	Mathematical Ideas	3
MA 213	Quantitative Methods	3
MA 222	Statistical Analysis	3
MA 231	Precalculus (formerly MA 131)	3
MA 241	Topics in Probability and Geometry	3
MA 311	Mathematical Modeling for Business Applications	3
MA 321	Data Analysis for Business Applications	3
MA 322	Statistics, Machine Learning & Data Mining	3
MA 331	Calculus	3
MA 361	Number Theory	3
MA 391	Mathematics of the Ancient World in Its Cultural and Historic Context (Honors)	3
MA 392	The Mathematics of Personal Finance (Honors)	3

G3 NATURAL SCIENCES Students demonstrate an understanding of the methods scientists use to explore natural phenomena, including observation, hypothesis development, measurement and data collection, experimentation, evaluation of evidence, and employment of mathematical analysis; and application of scientific data, concepts, and models in one of the natural sciences.

JD 148	The Science of Jewelry (Interdisciplinary)	3
SC 111	Introduction to the Physical Sciences	3
SC 112	Earth Science	3.5
SC 121	Introduction to Biological Science	3
SC 122	Field Biology	3
SC 132	Color Science for Photography	3
SC 145/045	Survey of General and Organic Chemistry	4
SC 146/046	Basic Chemistry for Cosmetics and Fragrances	3
SC 147	The Forensics of Fiber Analysis	3
SC 148	The Science of Jewelry (Interdisciplinary)	3
SC 149	Chemistry for Cosmetics and Fragrances	3
SC 201	Plants, Pollinators, and People	3
SC 245	Chemistry of the Everyday World	3

SC 253	Ecology and Environmental Problems	3
SC 326	Human Nutrition	3
SC 332	Color and Light	3
SC 032	Color Science Laboratory	1
SC 391	Crime Scene Chemistry (Honors)	4

GA SOCIAL SCIENCES Students demonstrate an understanding of the methods social scientists use to explore social phenomena, including observation, hypothesis development, measurement and data collection, experimentation, evaluation of evidence, and employment of mathematical and interpretive analysis. They also demonstrate knowledge of major concepts, models, and issues of at least one discipline in the social sciences.

HA 330	Approaches to Fashion Theory (Interdisciplinary)	3
PL 330	Approaches to Fashion Theory	3
SS 131	General Psychology	3
SS 141	Macroeconomics	3
SS 151	Introduction to World Affairs	3
SS 171	Introductory Sociology	3
SS 231	Personality	3
SS 232	Developmental Psychology	3
SS 237	Industrial Psychology	3
SS 242	Microeconomics	3
SS 243	History of Economic Thought	3
SS 244	Fashion Economics	3
SS 251	American Government and Politics	3
SS 272	Sex Roles, Marriage, and Family in Transition	3
SS 273	The Study of Social Problems: Prostitution, Drugs, and Other Issues	3
SS 275	Sociology of Race and Ethnic Relations	3
SS 300	Sociology of Everyday Life	3
SS 301	Luxury: A Socio-cultural Perspective	3
SS 334	The Psychology of Color	3
SS 335	Abnormal Psychology	3
SS 336	Psychology for Sustainability	3
SS 337	Crime in the Global, Digital Society - Honors	3
SS 338	Happiness & Human Flourishing - Honors	3
SS 343	Labor Economics	3
SS 345	Fundamentals of Finance for Fashion Industries	3
SS 352	Contemporary Western Europe	3
SS 353	Latin America Today	3
SS 354	Comparative Political Systems	3
SS 374	Cross-Cultural Studies	3
SS 376	Clothing and Society	3
SS 378	Asian Global Popular Culture	3
SS 379	Sociology of the Digital Area	3
SS 385	Social Psychology	3
SS 386	Youth Subculture, Identity, and Fashion: A Sociological Perspective	3
SS 392	Psychopathology and Modern Life (Honors)	3
SS 393	Politics in the Middle East (Honors)	3
SS 394	Global Financial Markets (Honors)	3
SS 395	International Conflict in the 21st Century (Honors)	3
SS 396	Social Experiments: Answering the Questions of Social Psychology (Honors)	3
SS 443	International Economics	3
SS 445	Money and Banking	3

G5 WESTERN CIVILIZATION Students demonstrate knowledge of the development of the distinctive features of the history, institutions, economy, society, culture, etc., of Western civilization and relate the development of Western civilization to that of other regions of the world. Courses that satisfy the Western Civilization learning outcomes should be focused on a foundational aspect of the development of Western civilization, and not on a narrowly defined topic or chronological period.

EN 392	Greek Myths and Their Transformations (Honors)	3

G9 OTHER WORLD CIVILIZATIONS (NON-WESTERN CIVILIZATIONS) Students demonstrate knowledge of either a broad outline of world history or the distinctive features of the history, institutions, economy, society, and culture of one non-Western civilization. Courses in this area have to be non-Eurocentric and non-U.S. in focus. In addition to courses on the civilizations of Asia or Africa, this would, for example, allow courses on the civilizations of indigenous peoples of the Americas.

MC 241	Italian American Cultural Studies	3

COMPETENCIES

In addition to the areas described above, SUNY requires the General Education competencies of critical thinking and information management. Both are covered in courses throughout the FIT curriculum.

CRITICAL THINKING Students identify, analyze, and evaluate arguments as they occur in their own or others' work, and develop well-reasoned arguments.

INFORMATION MANAGEMENT Students perform the basic operations of personal computer use, understand and use basic research techniques, and locate, evaluate, and synthesize information from a variety of sources.

64 The FIT Foundation

Tuition and Fees

Bursar's Office: 333 Seventh Avenue, 15th floor, 212 217.3720

Cashiering Operations: Business and Liberal Arts Center, Room B127, 212 217.3680

fitnyc.edu/bursar

FIT is a college of the State University of New York. It receives state funding and support from the Department of Education of the City of New York. This assistance allows the college to offer the tuition rates noted below.

All matriculating students new to FIT, including visiting students and new matriculants to bachelor's degree programs, are required to confirm their acceptance with a nonrefundable advance tuition deposit of \$150 as soon as they are notified of admission.

The following schedules of fees are effective for the 2016-17 academic year:

TUITION: FULL-TIME PROGRAM (FALL AND SPRING)

Fee

Associate-level New York City/State residents	\$2,295 per semester
Associate-level out-of-state residents	\$6,885 per semester
Baccalaureate-level New York City/State residents	\$3,235 per semester
Baccalaureate-level out-of-state residents	\$9,796 per semester

TUITION: EVENING, WEEKEND, SUMMER, AND WINTER SESSIONS

Fee

Associate-level New York City/State residents	\$191 per credit*
Associate-level out-of-state residents	\$574 per credit*
Baccalaureate-level New York City/State residents	\$270 per credit*
Baccalaureate-level out-of-state residents	\$816 per credit*

* Tuition is charged for noncredit-bearing courses. Laboratories, lectures, and workshops are billed at different rates. See Fees.

Tuition and fees are subject to change without prior notice at the discretion of the college's Board of Trustees. Current tuition and fees are available at fitnyc.edu/bursar.

Tuition paid by check or money order must be in the exact amount in U.S. dollars.

RESIDENCY FOR TUITION PURPOSES

U.S. Citizens and Permanent Resident Aliens

To qualify as a New York State resident, one must have established legal residence by maintaining a domicile in New York State for a period of at least one year preceding the first day of the semester.

A domicile is defined as a fixed permanent home to which one intends to return after being absent for a period of time. A person does not acquire a New York State domicile simply by being physically present in New York for a period of 12 months. A person retains a domicile until their present domicile is abandoned and another domicile is established.

In addition to the general domicile standards, students under the age of 22 and whose parents or legal guardians reside out of state must present evidence of financial independence from parents or legal guardians and an established New York State domicile in order to be designated as New York State residents for tuition purposes.

Applications for change of residency status are available at the Bursar's Office at 333 Seventh Avenue, 15th floor, and on the FIT website at fitnyc.edu/bursar. Completed applications with supporting documents must be submitted prior to the end of the registration period for the semester for which the application is intended. New York City residents who have met the New York State residency requirement by maintaining a domicile in New York State for a period of at least one year preceding the date of registration do not have to file a County Certificate of Residence. New York State residents who do not reside in any of the five boroughs of New York City must file a County Certificate of Residence (issued by the county in which the student resides) in order to be eligible for the in-state resident tuition rate. It is mandatory that the student present a new certificate at the beginning of each academic year. This certificate must be filed with the Bursar's Office at the beginning of the term for which the certificate is intended.

Students who enroll at the college in the fall semester are required to submit a new certificate the following fall. Students who enroll after the fall semester (winter, spring, or summer) must submit a certificate at the beginning of their first semester of attendance at FIT and a new certificate at the beginning of the following fall semester. Note that individual counties have deadline dates and may have different criteria for issuing the certificates. Notices are mailed each year to continuing FIT students who are enrolled as New York State residents reminding them of the deadline dates along with an application for the County Certificate of Residence and instructions for completing the form. However, regardless of whether the FIT notices are received, students are responsible for submitting the completed affidavits to their respective counties and the County Certificate of Residence to:

Fashion Institute of Technology
Bursar's Administrative Office
227 West 27 Street
New York City 10001-5992

The County Certificate of Residence is issued by the student's County Administrative or Treasurer's Office, not by FIT. Applications and information pertaining to the location of county offices are available at the Bursar's Office; visit fitnyc.edu/bursar. Application forms are also available at the county offices. Students who fail to submit a valid County Certificate of Residence to the college by the deadline dates will be billed the equivalent of nonresident tuition. No exceptions will be made. New York State Law requires that students who reside in New York State, outside any of the five boroughs of New York City, must file a County Certificate of Residence certified by their home county to qualify for the in-state tuition rate.

New York State residents who are eligible for the in-state tuition rate but have moved from one county to another within New York State within the last six months must file for a County Certificate of Residence with both counties and submit both certificates to the Bursar's Office. Other residency requirements, County Certificate applications, and additional information may be found at fitnyc.edu/bursar.

Non-Immigrant Aliens

Foreign students with F-1 Student Visas are not eligible for the New York State resident tuition rate.

Students with other types of visas may be eligible if they have been residents of New York State for one year prior to the date of registration (see above). Students must have possessed the qualifying visa for at least one year prior to the date of registration.

FEES

Fee

Application to baccalaureate level	\$25
Duplicate diploma	\$10
Graduation	\$30
Health insurance (1)	\$818 per semester
Health Services	\$157.50 per semester
ID card replacement	\$25 per occurrence
Laboratory (2)	\$10 per course
Late payment	1.5% per month on balance
Late registration	
Full-time	\$100 per occurrence
Part-time	\$50 per occurrence
Locker rental	\$10 per student/per semester
Monthly payment plan	\$25 per semester
Late payments	\$25 per occurrence (maximum of 2)
Part-time registration (3)	\$5 per semester
Patternmaking course	\$25 per course
Placement test	\$25 per occurrence
Program change	\$25 per occurrence
Programs in Italy	
Student activities fee	\$750 per semester for all students
International program fee	\$1,250 per semester for all students
Recreation and athletics	
Full-time	\$50 per semester
Part-time	\$3.35 per credit

Student activity(4)	
Full-time	\$65 per semester
Part-time	\$5.50 per credit
Technology	
Full-time	\$100 per semester
Part-time	\$50 per semester
SUNY Learning Network (online courses)	\$15 per online credit hour
Transcript	\$12

Books and supplies cost between \$600 and \$900 (depending on major) per semester.

- 1 This insurance must be purchased by all full-time students unless evidence of other coverage is submitted. The rate shown is for domestic students. For a more detailed explanation, see Health Services (p. 73).
- 2 Fee is charged to each part-time student who registers for a course requiring life/fashion models and/or the use of certain specialized equipment/materials.
- 3 Fee is charged to part-time students and is nonrefundable.
- 4 Approved by FIT's Board of Trustees in accordance with Student Council regulations.

TUITION PAYMENT DEADLINES

Tuition due dates are determined by the college in advance of each semester and may vary from one academic year to the next. Tuition due dates for the fall semester normally occur between mid-July and early August. Tuition due dates for the spring semester normally occur between late December and early January.

All students who register after the payment due date are required to make tuition payment immediately upon registration.

Payment may be made via American Express, Discover, MasterCard, Visa, debit card, money order, or personal check. All payments must be made in U.S. dollars. Checks and money orders should be made payable to Fashion Institute of Technology and delivered in person or mailed to:

Fashion Institute of Technology
Bursar's Office—Cashiering Operations
227 West 27 Street, Room B127
New York City, NY 10001-5992

Student ID number must be indicated on your payment. Students may make payments in person at Cashiering Operations.

FIT no longer sends bills by mail. Students may view and pay their FIT bills online through a secure e-billing system. Go to the MyFIT portal at myfit.fitnyc.edu, click on "Student Tab," then click on "Pay Student Account & View E-Bill." Under "Account Activity," select the appropriate term for "View Transactions by Term," and then select "E-Bill Semester."

Important: Students who do not pay their own FIT bills must authorize a parent or other person to access their account. To do this, click on "Authorized Users" after you are logged into the "Pay Student Account & View E-Bill" page.

Parents and other authorized users: After you have been designated an authorized user, you will receive an email providing you with access to the system.

NON-PAYMENT OF DEBTS AND FINES

Checks returned by a bank as unpaid for any reason will result in a returned check fee of \$25 charged to the student's account. The college reserves the right not to accept a personal check for payment under some conditions, for example, a history of prior returned checks or checks without preprinted name and address. FIT will refuse personal checks after two have been returned due to insufficient funds. Note that a stop-payment draft against a check is not considered an official withdrawal from the college and students will be charged a \$25 returned check fee in addition to the tuition liability.

Late payments are subject to a fee of 1.5 percent per month on all outstanding balances. Students who fail to pay bills or other college debts will be ineligible to register, graduate, or obtain transcripts or services from the college. Outstanding debts may be referred to a licensed collection agency and collection fees up to 33 1/3 percent may be added to the outstanding balance. If legal action becomes necessary, litigation and court costs will be the student's responsibility.

Students who have not satisfied their full financial obligations, exclusive of certified financial aid or tuition payment plans, by the scheduled due date may be subsequently de-registered and all previously assigned classes may be dropped. Late registration and program change fees may be assessed to students who are de-registered and wish to reenroll. Students are not guaranteed class availability if they need to re-register for courses.

HOUSING

Two office locations:

Alumni Hall, first floor 212 217.3900

Kaufman Hall, first floor 212 217.3930

fitnyc.edu/housing

FIT's four residence halls provide traditional-style and apartment-style accommodations. Traditional residence hall style rooms have shared bathrooms, and students in these rooms are required to have a meal plan through the college's dining services. Apartment-style accommodations are available in all four residence halls; a meal plan is not required for students in apartments—see: fitnyc.edu/residentiallife.

Charges vary according to type of accommodation and building. Rates for housing and meal plan are subject to ratification by the Board of Trustees.

Typical charges for resident students as of Fall 2016 are:

- traditional accommodations: \$6,485–\$6,743 per person per semester (includes meal plan)
- apartment/suite accommodations: \$6,060–\$10,095 per person per semester

A \$300 **nonrefundable** deposit is required upon submission of housing application.

Tuition and Fee Refunds

FULL- AND PART-TIME PROGRAMS

All refunds are based on the official date of withdrawal. An application for refund of tuition must be made on the Withdrawal/Refund of Tuition Form provided in the Registration Center or in writing. No refunds will be permitted unless an official withdrawal form is submitted in the required time period. The date on which the Withdrawal/Refund of Tuition Form is received by the Registrar's Office is considered the official date of the student's withdrawal. The \$5 offsetting service fee is nonrefundable. Student health insurance is nonrefundable after the first day of the semester. Nonattendance in class or stop payment on a check is not considered an official withdrawal from the college. The student remains responsible for all tuition liabilities. Students receiving Title IV financial aid will be processed according to federal guidelines. The refund period terminates by the end of the third week of classes, in accordance with the following schedule:

Withdrawals	Refunds
Prior to the first day of semester	100% of tuition and fees**
Prior to the second week of semester*	75% of tuition and fees**
Prior to the third week of semester*	50% of tuition and fees**
Prior to the fourth week of semester*	25% of tuition and fees**
Thereafter	No refund

* The first week ends on Sunday regardless of which day of the week classes begin.

** The student health insurance fee is nonrefundable.

The refund schedule may change at the discretion of the college's Board of Trustees. Current refund schedules and amounts refunded are available at fitnyc.edu/refunds.

The refund process generally takes six to eight weeks after the semester begins. All credit card refunds are issued through the appropriate credit card carrier.

SUMMER AND WINTER SESSIONS

The refund period terminates prior to the fourth scheduled session of the course, in accordance with the following schedule:

Withdrawals	Refunds
Prior to the first day of semester	100% of tuition
Prior to the second day of semester	75% of tuition
Prior to the third day of semester	50% of tuition
Prior to the fourth day of semester	25% of tuition
Thereafter	No refund

HOUSING REFUNDS

Payment will be refunded in full if student's application for residence accommodation is not accepted.

No refund of payment will be made if the students are directed by the college to vacate the premises before the departure date and relocate to other housing due to the students' violation of the residence contract.

If students' applications for residence accommodation are accepted and the students thereafter withdraw or are dismissed from the college or residence halls, or voluntarily change to accommodations not provided by the college before the departure date, a partial refund may be made as set forth below:

- 100% refund less a \$50 charge if withdrawal is completed with Residential Life more than seven days prior to first day of contract.
- 100% refund less a \$300 charge if withdrawal is completed with Residential Life less than seven days prior to first day of contract.

Room Portion

Percentages to be refunded and charged on or before the contract week ending Saturday (5 pm):

Contract Week	Refund
First week of contract	75% refund (25% charge) of total room charges
Second week of contract	50% refund (50% charge) of total room charges
Third week of contract	25% refund (75% charge) of total room charges
Thereafter	No refund (100% charge) of total room charges
Meal portion	Prorated on a weekly basis

Refund policy applies even if student does not move into the residence halls.

If more than two students are required to occupy a room (i.e., designated triple rooms), there will be a reduction in room rental. Students receive a rebate after they have been contacted regarding a reduction in occupancy. This does not apply to suites or rooms that have two or four occupants for the academic year in Alumni Hall, Coed Hall, Nagler Hall, and Kaufman Hall.

Please note that tuition and fees for the 2016-2017 academic year may change.

Financial Aid Services

David Dubinsky Student Center, Room A212A, 212 217.3560

fitnyc.edu/financialaid

FIT attempts to remove financial barriers to college entrance by providing scholarships, grants, loans, and part-time employment based on available funding for students with financial need. Students who are in a degree program and require financial assistance of any kind must complete the Free Application for Federal Student Aid (FAFSA), designating FIT (code 002866) as a college choice. The FAFSA is the core application for all financial aid programs. Apply online at fafsa.gov. Foreign students are not eligible for financial assistance from FIT. Visiting students should consult their home institutions for assistance.

FIT directly administers its institutional grants and scholarships, which are provided by donors to the FIT Foundation. Federal funding administered by the college may include Federal Pell Grants, Federal Supplemental Educational Opportunity Grants, and federally subsidized and unsubsidized loans for students and PLUS loans for parents, as well as the Federal Work Study program. New York State residents who meet state guidelines for eligibility may also receive Tuition Assistance Program (TAP) and/or Educational Opportunity Program (EOP) funds through FIT. Students who graduate from a NYC high school with an 80 average or higher may also be eligible for a NYC Council Merit Scholarship (contingent on funding each year).

Financial assistance is not automatically renewed. Since most financial aid awards are made for an academic year, students must reapply each academic year by submitting the required forms by the dates established and published by Financial Aid Services.

Financial aid at FIT is based upon financial need, which is determined by subtracting the estimated family contribution (EFC), which is calculated by the Department of Education based on the information submitted on the FAFSA, from the cost of attendance, which is determined by your state of residency, major, and housing status. The amount of financial aid awarded depends on funds available to FIT as well as the student's educational budget and anticipated available resources. Priority for institutionally administered funds is given to students who apply on time and are enrolled in designated full-time degree programs. Federal funds at FIT are contingent on congressional authorizations and appropriations, and institutional funds are subject to funding. Eligibility requirements and funding regulations governing federal and state programs may change from year to year depending on legislative action. For more information, go to: fitnyc.edu/financialaid.

All actual financial aid applied to the student's account that is in excess of the direct charges (i.e. tuition, fees, housing, meal plans) will be refunded to the student by the Bursar's Cashiering Office (Room B-127), starting at the end of the first week of classes, and on a weekly basis thereafter. Students may also choose to receive their refunds via direct deposit to their checking or savings account. Changes in tuition charges or housing plans can also affect aid eligibility as the cost of attendance changes. Financial aid is subject to change based on changes to government and institutional regulations or changes in availability of funds.

FINANCIAL AID PROGRAMS

FIT Foundation Scholarship

Scholarship funds administered by FIT from funds donated to the FIT Foundation by many firms, organizations, and individuals. These awards are based on financial need as well as superior potential to succeed in a major area. To reapply for the scholarship for the following semester, recipients must maintain at least a 3.0 semester GPA at FIT and must reapply for financial aid by filing a new FAFSA each academic year by March 1. Scholarships are not automatically renewed

each year. Renewal is based on the scholarship guidelines and financial need, as well as semester grades and availability of funds. Recipients must also maintain a full-time course load (12 or more credits) to maintain eligibility. Scholarships are limited to four semesters in lower division and four semesters in upper division.

FIT Foundation Grant

A grant administered by FIT from funds donated to the FIT Foundation by many firms, organizations, and individuals. This award is based on financial need and availability of funds. Eligibility is determined each year and is based on full-time enrollment (12 or more credits), maintaining a 2.3 GPA, and availability of funds. Recipients must file for financial aid each academic year by March 1. These grants are limited to four semesters in lower division and four semesters in upper division.

Federal Pell Grant

This award is based upon eligibility, determined by the Department of Education, as a result of the information submitted on the FAFSA. The award may be adjusted based on credit load each semester.

Federal Supplemental Education Opportunity Grant (FSEOG)

This federal grant, administered by FIT, is awarded to undergraduate students who are Pell-eligible and demonstrate exceptional financial need. Awards are based upon the availability of funds.

Federal Work Study Program (FWS)

Federal Work Study is awarded based upon financial need, timely FAFSA application, request by the student on the FAFSA, and availability of FWS funds. Federal Work Study is not automatically renewed each year. Students will be paid twice a month for hours actually worked, with the maximum being 10 hours per week, therefore, funds cannot be directly credited toward the FIT bill. Part-time jobs are available on and off campus at approved agencies. Off-campus opportunities are available at community service organizations such as the “America Reads Program,” and the Public Service Corps.

Educational Opportunity Grant (EOP)

A grant (from New York State funds), awarded to in-state students admitted to FIT who meet the EOP criteria described in the SUNY Admissions booklet. The amount of the award depends on financial need, the number of students in the program, and the amount of funds available. Students are required to attend meetings and participate in EOP programs to maintain eligibility.

New York City Council Merit Scholarship

The New York City Council Merit Scholarship rewards New York City high school graduates who have proven their ability to succeed academically while they were in high school. Eligible students will receive \$800 per year (\$400 per semester). Scholarship awards may vary for each academic year. To be renewed students must maintain continuous full-time (12 credits) enrollment with a cumulative GPA of 3.0 or higher.

SATISFACTORY ACADEMIC PROGRESS (SAP) STANDARDS FOR FINANCIAL AID RECIPIENTS

The Higher Education Amendments require that colleges and universities provide federal aid to those students who are in good academic standing and making satisfactory progress in a degree program. The U.S. Department of Education requires that students make satisfactory academic progress (i.e., successfully complete at least 67 percent of attempted courses) and work toward a minimum cumulative GPA of 2.0.

Total Credit Hours Attempted	1.25 - 1.49 GPA	1.50 - 1.74 GPA	1.75 - 1.99 GPA	2.00 - 4.00 GPA
3-17	Warning	Satisfactory	Satisfactory	Satisfactory

18-35	Unsatisfactory	Warning	Satisfactory	Satisfactory
36-53	Unsatisfactory	Unsatisfactory	Warning	Satisfactory
54-71+	Unsatisfactory	Unsatisfactory	Unsatisfactory	Satisfactory

The Satisfactory Academic Progress (SAP) guidelines are available in Financial Aid Services and at fitnyc.edu/financialaid. Students are responsible for reading and adhering to these guidelines.

Students not meeting the SAP standards will be issued a warning and placed on financial aid warning. Once in this status, if a student again does not meet the SAP standards, the student's status will be changed to financial aid termination. Under this status, the student will lose the benefit of federal and institutional aid. If there were extenuating circumstances that led to the termination, s/he may submit an appeal that will be reviewed by the SAP Appeals Committee. The student will then be advised, in writing, of the committee's decision. Should the appeal be approved, the student will regain eligibility for one semester and be placed on financial aid probation. The student will be required to visit Academic Advisement and agree to an academic plan as well as complete select financial literacy courses online. Should the appeal be denied, to be reinstated, the student must at their own expense successfully complete enough credits based on the classification as a full-time or part-time student, with a cumulative GPA of 2.0 or higher, to bring the quantitative and /or qualitative standards back to satisfactory levels. The student can then petition in writing to the SAP Review Committee requesting reinstatement of their financial aid eligibility.

FINANCIAL AID WITHDRAWAL AND RETURN OF FUNDS

As of the first day of classes, the student is responsible for tuition and fee charges (or a portion) if registered. It is extremely important to officially withdraw from the College if the student will not be attending classes in order to avoid being billed for the semester. Please notify the Registrar of withdrawal, even if it is prior to the beginning of classes. Financial aid recipients who withdraw partially or fully must have their financial aid reviewed, and possibly adjusted. If students fully withdraw during the first 60 percent of the enrollment period and have any form of federal aid disbursed, the amount of refunds returned will be based upon a distribution formula as required by federal regulations. The refund distribution, prescribed by law and regulation, is in the following order: Unsubsidized Federal Direct Stafford Loan, Subsidized Federal Direct Stafford Loan, Federal Perkins Loan, Federal Direct PLUS Loan, Federal Pell Grant, Federal SEOG, other Title IV Aid programs, and other federal sources of aid.

Additional information on these refund and repayment policies may be obtained from Financial Aid Services.

TUITION ASSISTANCE PROGRAM (TAP) FOR NEW YORK STATE RESIDENTS

Full-time students who are New York State residents may be eligible for a TAP grant ranging from \$500 to full tuition per year. New York State residents who are registered for 6–11 credits in a degree program may be eligible for Aid for Part-Time Students (APTS) or Part-Time TAP. For more information, visit fitnyc.edu/financialaid or hesc.ny.gov. Only courses required for the student's current degree program will count toward TAP enrollment.

Regulations require that full-time students receiving state awards complete a minimum number of credits each term in a registered or otherwise approved program with a minimum GPA, and accumulate enough credits to graduate with an associate degree within a maximum of six semesters of aid, and a bachelor's degree in eight semesters of aid.

Also, students must be registered and enrolled for at least 12 credits in their degree program at the time of TAP certification. Three factors are involved:

- academic progress in the previous semester;
- program pursuit in the previous semester;

- a minimum of 12 credits in the degree program.

Regulations allow for one waiver during a student's undergraduate career. According to the waiver guidelines, students may ask for and receive the waiver if good reason is presented for their inability to meet minimum standards. The waiver will become part of students' records and they are expected to make satisfactory progress thereafter. The waiver is not automatically given, and students must apply and be approved.

More detailed information and waiver forms are available in the Registrar's Office, Room C158, or at fitnyc.edu/registrar. TAP eligibility requirements are subject to change based on New York State legislation.

School Codes

2070: Lower Division

0975: Upper Division

SATISFACTORY ACADEMIC PROGRESS (SAP) FOR TUITION ASSISTANCE PROGRAM (TAP) ELIGIBILITY

TAP is a grant for New York State residents. It does not have to be paid back. Awards are based on New York State net taxable income and tuition charges. Final determination of awards is made as a result of the completion of the Express TAP Application (ETA) each year, and funding levels are dependent on the passing of the New York State Budget.

Before being certified for a specific TAP payment, a student must have accrued a minimum number of credits toward their degree while maintaining a minimum Cumulative Grade Point Average (CGPA). A student must also complete (pass or fail) a certain percentage of credits during the semester they receive TAP.

STANDARD OF SATISFACTORY ACADEMIC PROGRESS FOR PURPOSE OF DETERMINING ELIGIBILITY FOR TAP

Associate Level

Before Being Certified for This Payment*	Must Complete This Percentage of Previous Semester	Student Must Have Accrued at Least This Many Credits	Required GPA
First (6 PTS)	0%	0	.0
Second (12 PTS)	50%	6	1.3
Third (18 PTS)	50%	15	1.5
Fourth (24 PTS)	75%	27	1.8
Fifth (30 PTS)	75%	39	2.0
Sixth (36 PTS)	100%	51	2.0
Seventh (EOP)	100%	66	2.0
Eighth (EOP)	100%	81	2.0

- * TAP points may have differed based on whether or not the student took summer sessions. Students with disabilities are not required to register full-time. However, they still must meet Academic Progress Pursuit as listed above. EOP students are not allowed to receive TAP beyond the normal six-payment schedule.

50% = 6.0

75% = 9.0

100% = 12.0

Baccalaureate Level

Before Being Certified for This Payment*	Must Complete This Percentage of Previous Semester	Student Must Have Accrued at Least This Many Credits	Required GPA

The FIT Foundation

Marvin Feldman Center, Room C204, 212 217.4100
fitnyc.edu/foundation

The FIT Foundation secures financial support to advance FIT's mission.

Originally formed in 1944 as The Educational Foundation for the Fashion Industries, the FIT Foundation raises funds for FIT's strategic priorities, such as scholarships, program support, and capital projects. The FIT Foundation serves as a bridge between donors and FIT's schools, departments, and programs, building a vibrant community of support among alumni, industry, and friends of FIT.

The FIT Foundation is designated a tax-exempt institution under Federal Internal Revenue Service Code Section 501(c)(3).

FIT has received recognition from the fashion and related industries, alumni, and friends through generous financial gifts. The list of commencement awards, loan funds, and scholarships attests to their commitment to the college.

HONORARY CHAIRS

Emily Wilkens Chair in External Impressions In 1965, the Board of Trustees of the Fashion Institute of Technology established a chair honoring Ms. Wilkens for her assistance and counsel in founding a program to foster self-evaluation and self-improvement as steps toward social maturity.

ENDOWMENTS

Edwin Goodman Endowment in Fashion (Buying and Merchandising) In 1955, the Goodman family established an endowment of fashion in memory of Edwin Goodman, of Bergdorf Goodman. The endowment made possible the development of the Fashion Business Management major.

International Fabricare Institute Endowment in Textile and Apparel Care Technology In 1966, the National Institute of Dry Cleaning established an endowment in textile and apparel care technology. This endowment helped to develop materials and programs for the distribution of information about servicing and maintaining fashion products to designers, manufacturers, and distributors, as well as maintenance of the Textile and Apparel Lab.

The Wool Bureau Endowment In 1968, The Wool Bureau, Inc., established an endowment for the development of a program to enrich knowledge and awareness of the utilization of wool and wool textile products in apparel and home furnishings. The endowment achieves these objectives through teaching, through direct applications in design and manufacturing technology, and through research involving wool and wool products.

Trifari, Krussman and Fishel, Inc., Endowment in Jewelry In 1975, the world-renowned jewelry firm of Trifari, Krussman and Fishel, Inc., endowed a jewelry design laboratory in honor of the company's 50th anniversary. The endowment is used to assist the program in Jewelry Design, which began in September 1975.

The Shirley Goodman Resource Center Endowment In 1975, a resource center support fund was named and endowed to honor Shirley Goodman, executive vice president emeritus of FIT and executive director of the FIT Foundation (1949-91). Today, the Shirley Goodman Resource Center houses the Gladys Marcus Library, The Museum at FIT, and the School of Graduate Studies.

The Revlon Endowment in Cosmetics Marketing In 1980, the Revlon Corporation established an endowed fund to enrich and extend the Cosmetics and Fragrance Marketing program. Each year, one student is awarded The Revlon Commencement Award for Academic Achievement.

Jack C. Lebowitz Endowment in Menswear In 1981, the National Association of Men's Sportswear Buyers created an endowment in Menswear. The endowment honors the memory of Mr. Lebowitz, a former buyer at Macy's.

Norman M. Morris Endowment in Jewelry Design In 1981, Norman M. Morris, whose firm was the United States agent for Omega watches, established an endowed fund in Jewelry Design. The fund provides for the inclusion of watch design within the department's program of study.

Scovill Endowment in Research and Design In 1984, the Scovill Apparel Fasteners Group provided an endowment for research in product design and applications emphasizing fasteners utilization. The chair of this endowment serves as the liaison between students and faculty and the fasteners industry.

Intimate Apparel Endowment in Fashion Design In 1985, a league of corporation and private sponsors, primarily in the intimate apparel industry, endowed funds to develop an intimate apparel specialization in the Fashion Design BFA program. Part of these funds are used for a yearly honor scholarship and merit award for students studying intimate apparel.

The Mildred Custin Room In 1986, family and friends of Mildred Custin, known as America's "first lady" of retailing, endowed funds to name and maintain a room in her honor. Today, the Mildred Custin Room is a highly used computer library resource lab.

Gustav Neimeyer Endowment in Jewelry Design In 1988, the trustees of the Gustav H. Neimeyer Memorial Education Fund voted to create a discretionary endowment with the remaining assets of the fund for the Jewelry Design Department.

The Colin Birch Memorial Window In 1990, friends of Colin Birch, the display window artist at Bloomingdale's for many years, endowed funds to maintain FIT's display window on Seventh Avenue. This window and its ever-changing displays by Visual Presentation and Exhibition Design students act as a living memorial to Mr. Birch.

Phillips-Van Heusen Endowment in Menswear In 1990, the Phillips-Van Heusen Corporation created an endowment to enrich the program in Menswear.

Lawrence Israel Lecture Series in Interior Design In 1997, Professor Lawrence Israel, architect and faculty member, established an endowed fund for the Interior Design Department to create the Lawrence Israel Lecture Series of distinguished design professionals.

Mildred Rothman Endowment in Educational Skills In 1998, this endowment was bequeathed by Professor Mildred Rothman to be used for the benefit of students in Educational Skills.

Elsa Peretti Professorship in Jewelry Design In 2001, Tiffany and Co. established the Elsa Peretti Professorship in Jewelry Design. On the occasion of the 25th anniversary of its successful and rewarding collaboration with Elsa Peretti, Tiffany created a perpetual fund for faculty salary support in the Jewelry Design Department. At Ms. Peretti's request, the endowment is established in honor of her long friendship and professional association with Samuel Beizer, founding chairman of FIT's Jewelry Design Department.

George T. Dorsch Fund In 2002, the Estate of George T. Dorsch established an endowment to enhance the History of Art and Civilization Department.

Dr. Leonard Florence and Sy Steward Global Scholars Endowment in Home Products In 2005, this endowment was created to honor the contributions of two leaders in the field of home products. This endowment enables Home Products Development students to participate in international trade shows and study abroad programs.

Alfred Z. Solomon-Janet A. Sloane Endowment Fund In 2005, this endowment was created to support the accessories collection at The Museum at FIT. It will help fulfill the museum's mission to educate students and the general public about the artistic, historical, and social significance of fashion.

SCHOLARSHIPS

Scholarship gifts help further FIT's mission. Full and partial scholarships are available to full-time students offering evidence of financial need and academic merit. A limited number of partial scholarships have been established for matriculated evening and weekend students who demonstrate financial need. A number of scholarships provided by the friends and families of FIT are awarded—based on aptitude, need, and/or scholastic achievement—to students who have completed a year of study at FIT. Some of these are limited to specific criteria established by the donor.

Financial Aid Scholarships

NAMSB Scholarship Fund (1998) (Menswear majors)
Abe Schrader Corporation Scholarship (Fashion Design majors)
Abraham L. Blumenfeld Endowed Scholarship (Menswear majors)
Adele and Wesley Simpson Endowed Scholarship (Fashion Design–Apparel majors)
Adele C. Elgart Memorial Endowed Scholarship
Adolph, Lily and Peter Vogel Scholarship
Alberto Lattuda Travel Scholarship
Allan R. Johnson Scholarship (Fashion Business Management majors)
Allan R. Johnson Scholarship (Fashion Design majors)
Alumni Association Scholarship
Andrew Rosen Scholarship (Fashion Business Management majors)
Anglo Fabrics Endowed Scholarships (Textile Development and Marketing majors)
Anita James Rosen Endowed Scholarship (Fashion Design majors)
Ann Kissel Grun Endowed Alumni Scholarship (Jewelry Design and Fashion Design majors)
Annette Green Honor Scholarship (Cosmetics and Fragrance Marketing majors)
Antonio Lopez Alumni Scholarship (Fashion Illustration majors)
Apparel Guild Endowed Scholarship (Fashion Business Management majors)
Arthur Englander Memorial Scholarship (marketing majors)
Arthur R. Rolofo Scholarship
Bergdorf Goodman Scholarship Fund (Fashion Business Management majors)
Bernard G. Cohn Memorial Honor Scholarship (Fashion Business Management majors)
Bernice and Milton Stern Scholarship
Bessie and Barnet Ginsburg Family Memorial Scholarship
Bill Carone Memorial Endowed Scholarship (Fashion Business Management majors)
Bloomingdale's Annual Scholarship (Fashion Business Management majors)
Bonnie Cashin Memorial Fund
Borg Fabrics Endowed Scholarship (Fashion Design–Apparel majors)
Brunschwig & Fils Endowed Honor Scholarship (Interior Design majors)
Buick Design Endowed Scholarship
C. Rosen Scholarship (Fashion Design majors)
Carl Rosen Scholarship (Fashion Design majors)
Carleton Woolen Mills, Inc. Endowed Scholarship (Textile/Surface Design majors)
Carole Gottlieb Lang Memorial Scholarship (Fashion Business Management majors)
Carolee Scholarship
Catherine Kelly Memorial Scholarship (Fashion Business Management majors)
Cato-Howard Davidowitz Scholarship Fund (Fashion Business Management majors)
Cato-Murray Turkel Scholarship Fund (Fashion Business Management majors)
Charles Nolan Scholarship Fund (Fashion Design majors)
Colbert Foundation Endowed Scholarship

David B. Weiss Memorial
 David Dubinsky Foundation Endowed Scholarship (Fashion Design–Apparel majors)
 David Mercer Scholarship (Fashion Business Management majors)
 David Schwartz Foundation Scholarship (Fashion Design majors)
 David Zelinka Endowed Scholarship (Fashion Design–Apparel majors)
 Davidow Suits, Inc. Endowed Scholarship (Fashion Design–Apparel majors)
 Delores Zuckerman Gewirtz Scholarship (Fashion Design or Textile/Surface Design majors)
 Dianne Rubinfeld Scholarship Fund (Fashion Business Management majors)
 Dorothy Ross Memorial Scholarship (Advertising and Marketing Communications majors)
 E. Susan Johnson Scholarship (Advertising and Marketing Communications majors)
 Echo Design Group
 Ed Kavanaugh and Stanley Kohlenberg Scholarship (Cosmetics and Fragrance Marketing majors)
 Edward Weissman Endowed Scholarship (Production Management majors)
 Edwin A. Goodman Endowed Scholarship
 Eli Elias Endowed Scholarship (Production Management majors)

 Elliot Lippin Scholarship Fund
 Elsa Peretti Endowed Scholarship (Jewelry Design majors)
 Elsa Peretti/Tiffany & Co. Scholarship (Jewelry Design majors)
 Emanuel and Mabel Weintraub Scholarship (Production Management majors)
 Endowing Excellence Scholarship Fund
 Etienne Aigner Endowed Scholarship (Accessories Design majors)
 Faberge Design Endowed Scholarship
 Faie J. Joyce Endowed Scholarship (Graduate Studies)
 Fairchild Publications Endowed Scholarship (Advertising and Marketing Communications majors)
 Fashion Group Foundation Scholarship (Fashion Design–Apparel majors)
 Fashion Group/Isabel and Ruben Toledo Scholarship (Fashion Design–Apparel majors)
 Fashion Services Network Scholarship
 Fifth & Pacific Foundation Scholarship
 Fifth & Pacific Foundation/Harold Brawer Memorial Scholarship
 Fifth & Pacific Scholarship (Direct and Interactive Marketing majors)
 Fifth & Pacific Scholarship in Honor of Annette Green (Cosmetics and Fragrance Marketing majors)
 Fifth & Pacific Scholarship in Honor of Dillard's (Fashion Design majors)
 Fifth & Pacific Scholarship in Honor of Shirley Goodman (marketing majors)
 Fifth & Pacific Foundation Scholarships I and II
 Filene's Charitable Foundation Endowed Scholarship (Fashion Business Management majors)
 Financo, Inc. Scholarship
 FIT Alumni Association Scholarship
 FIT General Scholarship Fund
 Francesca S. Joelson Scholarship Fund (Fashion Design majors)
 Frank Olive Memorial Fund (Accessories Design majors)
 Fred Pomerantz Honor Scholarship (Fashion Design–Apparel majors)
 Frederick Atkins, Inc. Endowed Scholarship (Fashion Business Management majors)
 General Mills/David Crystal, Inc. Scholarship (Fashion Design–Apparel majors)
 George J. Greenberg Endowed Scholarship (Fashion Business Management majors)
 George S. Kaufman Endowed Scholarship
 George S. Kaufman Scholarship
 Gerald & May Ellen Ritter Memorial Scholarship (Fashion Design–Apparel majors)
 Gershon & Judith Lieber
 Gerson & Judith Leiber Endowed Scholarship (Accessories Design majors)
 Gerta Pomerantz Fund (Fashion Design–Apparel majors)
 Gianni Versace Memorial Fund (Fashion Design majors)
 Gimbel Brothers–Saks Fifth Avenue Endowed Fund (Fashion Business Management majors)

Giorgio Armani Fashion Corp. Endowed Scholarship (Menswear majors)
 Giorgio Di Sant'Angelo Memorial Endowed Fund (Fashion Design majors)
 Harve Benard Endowed Scholarship
 Hazel Bishop Endowed Scholarship (Cosmetics and Fragrance Marketing majors)
 Headwear Association Scholarship (Accessories Design majors)
 Helen Galland/Baker Scholarship
 Henry R. Kravis Scholarship (textiles majors)
 Hoechst Celanese Endowed Scholarship (Textile/Surface Design majors)
 Hoechst Fibers, Inc. Endowed Scholarship (Textile/Surface Design majors)
 I. Kleinfeld and Sons Endowed Scholarship (Fashion Design majors)
 Ira Guilden Memorial Endowed Scholarship (Fashion Design majors)
 Ira Hechler Scholarship
 Jacalyn E.S. Bennett Endowed Scholarship (Fashion Design majors)
 Jack Fenstermacher Endowed Scholarship (Fashion Illustration majors)
 Jackwyn L. Nemrov Scholarship
 Jaclyn, Inc. Scholarship (Accessories Design majors)
 Jan Law Scholarship Fund (Fashion Design—Intimate Apparel majors)
 J.C. Penney Endowed Scholarship (Fashion Business Management majors)
 Jean Claude Mastroianni (Fashion Design majors)
 Jean Wallrapp Memorial Scholarship
 Jerome and Simona Chazen Scholarship
 Jerry Silverman, Inc. Endowed Scholarship (Fashion Design—Apparel majors)
 Joel B. Wigner Memorial Scholarship (Fashion Business Management majors)
 John E. Reeves Scholarship (Textile Development and Marketing majors)
 John Fabian Endowed Scholarship (Fashion Design—Knitwear majors)
 John G. Ledes Endowed Honor Scholarship (Cosmetics and Fragrance Marketing majors)
 John J. Pomerantz (I) Endowed Scholarship (Fashion Design—Apparel majors)
 John J. Pomerantz (II) Scholarship Fund (Fashion Design—Apparel majors)
 Joseph A. Coleman, MD—Maidenform Scholarship (Fashion Design—Apparel majors)
 Joseph Calio Memorial Scholarship (Technical Design majors)
 JP Stevens & Co., Inc. Scholarship (textiles majors)
 JPMorgan Chase Scholarship (formerly Chemical Bank)
 Judith & Burton Resnick Scholarship (Fashion Design majors)
 Judith Ripka Scholarship (Jewelry Design majors)
 Jules Yuckman Memorial Endowed Scholarship (Textile/Surface Design majors)
 Julian R. Geiger Scholarship (Business and Technology majors)
 Kauffhof Scholarship (Business and Technology majors)
 Kate Spade and Company Scholarship
 Kayser-Roth Foundation Endowed Scholarship
 Kimora Lee Simmons Scholarship
 Laurence C. Leeds Endowed Scholarship
 Laverne Neil Memorial Scholarship
 Lee and Marvin Traub Scholarship Fund (marketing majors)
 Leo and Elly Honig—Anglo Fabrics Scholarship
 Leonard W. Pollatschek Memorial Scholarship (Menswear majors)

Enrollment Management and Student Success

SERVICES

Business and Liberal Arts Center, Room B221, 212 217.3800
fitnyc.edu/studentaffairs

The Division of Enrollment Management and Student Success is essential to FIT's primary goal: to promote the intellectual, cultural, personal, and social development of students, as well as to provide quality student services.

COUNSELING CENTER

David Dubinsky Student Center, Room A212B, 212 217.4260
fitnyc.edu/counseling

The Counseling Center provides confidential counseling services and educational programs to help students adjust to college life, deal with problems that can affect their well-being and academic success, and develop skills needed for personal and professional success. The center's counselors assess students' conditions and provide appropriate care: support during a crisis, short-term counseling, or a referral to qualified and affordable treatment resources in the community. Students are encouraged to seek out counseling at the first sign of difficulty, since early identification of problems minimizes the impact of those problems on their personal lives and their academic progress. Students may call or visit the center to arrange an appointment, come by during walk-in consultation hours, or be seen immediately for emergencies.

The Counseling Center provides a variety of programs and resources to help students develop competencies needed for academic and professional success. These programs include educational workshops and freshman success seminars that focus on important aspects of student development and performance. The center also provides a variety of informational booklets on topics related to mental health, personal growth, and study skills.

FIT-ABLE: DISABILITY SUPPORT SERVICES

David Dubinsky Student Center, Room A570, 212 217.4090
fitnyc.edu/fitable

FIT offers students with disabilities the opportunity to seek individually determined reasonable accommodations and services for their studies. The college welcomes students with learning disabilities, mental health issues, hearing/vision impairments, physical/mobility issues, and chronic illnesses to meet with the coordinator to discuss participating at the college level with a disability. Current evaluations from certified clinicians are recommended to document disabilities. This department provides students with individual reasonable accommodations for their coursework. We encourage and provide technology training to enhance the student's ability to participate in all FIT events, and eventually become a self-reliant graduate. Assistive technology equipment is available on loan for students registered with FIT-ABLE. Self-advocacy is encouraged.

Students with learning disabilities (LD) are offered academic, personal, and career-readiness development through the LD program. Students on the autism spectrum or who have nonverbal learning disorders or social anxiety disorders may benefit from coaching provided by projectTHRIVE, a collaborative effort of FIT and the Jewish Child Care Association (JCCA).

The Office of Disability Services, FIT-ABLE, is a confidential support service for FIT students, upholding the mandates of Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, Titles II and III.

The office is a National Voter Registration Act voter registration site, whereby students with disabilities can register to vote or can make changes to their current voter registration information.

HEALTH SERVICES

David Dubinsky Student Center, Room A402, 212 217.4190
fitnyc.edu/healthservices

FIT's Health Services is an accredited primary care facility staffed by nurse practitioners and physicians, a nutritionist, an acupuncturist, a massage therapist, and a health educator. The office provides primary medical and gynecological care. A referral list of consultants is available in cases where a specialist's evaluation and treatment are required. Health Services also provides counseling on topics such as family planning, nutrition, stress management, and health maintenance.

FIT has a mandatory health insurance policy. All full-time students (including international students) are automatically billed for health insurance. Students can be excused from the mandatory insurance if they have equal or better health insurance from another company. In order to waive the mandatory insurance, it is necessary to complete and submit a waiver form by the deadline. For deadline dates and other insurance information, contact Health Services.

New York State law mandates that all students must provide proof of immunity against measles, mumps, and rubella in order to attend classes. Students born prior to January 1, 1957, are exempt from these requirements.

Proof of immunity is defined for the following as:

Measles Two doses of live measles vaccine given on or after the first birthday, and after 1967, physician's documented history of the disease, or serological evidence of immunity.

Rubella (German Measles) One dose of live rubella vaccine given on or after the first birthday, or serological evidence of immunity. A physician-documented history for rubella will not be accepted.

Mumps One dose of live mumps vaccine given on or after the first birthday, a physician-documented history of the disease, or serological evidence of immunity.

New York State Public Health Law (NYS PHL) §2167 requires colleges and universities to distribute information about meningococcal disease and vaccination to all students registered for 6 credits or more, whether they live on or off campus. Students must notify Health Services if they will receive the meningitis vaccination, have received it in the past, or decline/refuse to receive the immunization. Please note that according to NYS PSL, no institution shall permit any student to attend the institution in excess of 30 days or to register for the next semester's classes without complying with this law.

An immunization form and a health form, enclosed in the admissions packet, must be completed and returned to Health Services prior to moving into our residence halls or attending class. Forms can be faxed to 212 217.4191.

INTERNATIONAL STUDENT SERVICES

Business and Liberal Arts Center, Room B103, 212 217.3700
fitnyc.edu/iss

International Student Services assists international students and offers an array of programs and services to international students and scholars representing 80 countries. ISS staff works to promote meaningful interaction between U.S. citizens and nationals of other countries through educational and social activities. ISS staff advises international students and scholars on immigration, cultural, financial, academic, and personal concerns.

RESIDENTIAL LIFE

Alumni Hall, first floor, 212 217.3900
Kaufman Hall, first floor, 212 217.3930
fitnyc.edu/housing

All matriculated, full-time students are eligible to apply for FIT housing.

The college's four residence halls—Alumni Hall, Coed Hall, Nagler Hall, and the George S. and Mariana Kaufman Halls—provide single-, double-, triple-, and quad-occupancy rooms and suites, all with laundry facilities, cable TV, and wireless internet connections. Meal plans are required in some of these accommodations, and are available for all students living in college housing. FIT residence halls are 100 percent alcohol-, drug-, and tobacco-free. Policies are strictly enforced.

Housing is awarded on a first-come, first-served basis. Help is also available in finding off-campus housing.

Staff

Residence halls are fully staffed to assist students. Professional staff, including the director of Residential Life, two assistant directors, counselors, and hall managers, live in the residence halls. Resident counselors and managers are on call for emergencies at all times when the halls are occupied.

A security officer is posted in each residence hall lobby 24 hours a day when the residences are open. Visitors must provide proper identification and be signed in by residents.

Resident assistants (RAs), students assigned to live on each floor, help to create an environment conducive to learning, socializing, and acceptable community behavior. RAs serve as liaisons between residents and the college and assist students with educational and personal concerns.

Activities and Programs

Students have many opportunities to participate in social, educational, and community service activities sponsored by Residential Life and the Residence Hall Community Council (RHCC). RHCC—the association of on-campus residents—sponsors trips, events, and other campus activities, including the annual spring block party.

Registrar

The Office of the Registrar exists to support the FIT community by providing information and services to support, facilitate, and promote the educational mission of the college. This role specifically includes providing information about registration, enrollment verification, and maintenance of permanent academic records for students, faculty, staff, and external constituencies in a timely, accurate, and confidential manner in accordance with college policy and state and federal law.

Student Life

The Department of Student Life offers a complete educational, cultural, and social experience. Student Life is responsible for clubs and organizations, student government, orientation/Weeks of Welcome, Legacy Week, leadership workshops, and social programming. The department is the center of many extracurricular activities on campus. Through active participation in our diverse opportunities along with services offered through the Department of Student Life, students become engaged in campus life, enhancing their learning, exploration, and sense of community.

Activities

FIT Athletics and Recreation

fittigers.com

FIT has a strong and successful athletic tradition. The FIT Tigers are members of the National Junior College Athletic Association (NJCAA), Division III level. Numerous FIT teams and student athletes have garnered national and regional accolades for athletic and academic achievements, including national championships, regional championships, NJCAA Academic Teams, SUNY Chancellor Student Athletes, and all-region, all-American, and academic all-American honors.

FIT Teams

- Men's and Women's Cross-Country/Half Marathon
- Co-ed Dance Company
- Men's and Women's Swimming and Diving
- Men's and Women's Table Tennis
- Men's and Women's Tennis
- Men's and Women's Track and Field
- Women's Soccer
- Women's Volleyball

Recreation Programs

The college's recreation and intramural program is designed for the participation and enjoyment of the entire college community. Programs provide the opportunity for physical activity and promote wellness and productive use of leisure time. Participants at all skill levels are encouraged to participate.

- **Fitness classes** The Athletics and Recreation Department sponsors a variety of drop-in fitness classes taught by certified instructors. Classes include body toning, core training, Pilates, yoga, and Zumba, and are available to the entire FIT community.
- **Open gym** Open gym hours during the week allow students, faculty, and staff to participate in team and individual sports such as basketball, dance, table tennis, tennis, and volleyball.
- **Lari and Barbara Stanton Fitness Center** The Lari and Barbara Stanton Fitness Center is located in the sub-basement of the Business and Liberal Arts Center and contains cardiovascular machines, free weights, and Nautilus and universal machines.

FIT Student Association Clubs

fitnyc.collegiatelink.net

Clubs are organized each year as student interest dictates. The major-oriented clubs are open to all students regardless of major and extend the study of the various disciplines in an informal way through such activities as field trips, guest speakers, and meetings with alumni.

All full- and part-time students who have paid their Student Activity fee may participate in clubs. All clubs and organizations are open to all students regardless of race, color, age, sex, national origin, or disability. All students who wish to participate on athletic teams or hold leadership positions in student organizations must maintain a minimum GPA of 2.0. Candidates for an elected or appointed position on the FIT Student Association Executive Council must maintain a minimum GPA of 3.0.

The following is the current list of student organizations at FIT:

Media groups are bolded.

- AATCC (American Association of Textile Chemists and Colorists)
- Accessories Design
- AD @ FIT (Art and Copy Club)
- AMA (American Marketing Association)
- ANIME
- Archery at FIT
- Art Collective
- ASN (Asian Student Network)
- *Blush Magazine*

- BRAG (Black Retail Action Group)
- BSU (Black Student Union)
- CFMA (Cosmetics and Fragrance Marketing Association)
- Chabad-Jewish Life @ FIT
- Children's Wear
- Christian Fellowship
- Collegiate DECA
- Corporate Social Responsibility
- Creative Movement
- Culinary Arts
- Dance-A-Thon
- ED 2010
- Entrepreneurs Club
- Fashion Art and Design Club
- Figure Skating Club
- FIT IN
- FIT Models and Stylists Association
- FIT Outreach (Faith and Fellowship Club)
- FIT Words
- French Language and Culture Club
- Gospel Choir
- Half The Sky
- Home Products
- Hula Hoop Dance Club
- *ICON Magazine*
- Interior Design
- Intimate Apparel
- ITSA (International Trade Student Association)
- Jewelry Club
- KCCC (Korean Campus Crusade for Christ)
- Korean Student Organization
- LASO (Latin American Student Organization)
- Media Design Club
- Menswear
- Merchandising Society
- NRFSA (National Retail Federation Student Association)
- Package Design
- Phi Theta Kappa (Honor Society)
- Production Management
- PRSSA (Public Relations Student Society of America)
- RHCC (Residence Hall Community Council)
- Runway27 (Fashion Show Club)
- Salsa Club
- SELF (Students Excelling Lifestyle Fundamentals)

- Skyliners (a cappella group)
- Sustainable Design Club
- Technical Design Club
- Textile and Surface Design Club
- Theatre Ensemble
- The Stitch: Men Who Knit
- Urban Studio
- WFIT (Radio)
- W27 (*Newspaper*)
- Zine Club

FIT Student Ambassadors

fitnyc.collegiatelink.net

Student Ambassadors assist with Residential Life Move-In, Orientation Week, Registration, Grad Week, Weeks of Welcome, and other events throughout the academic year. Ambassadors attend monthly meetings per year and make a one-year commitment to the program. Ambassadors are paid leadership positions and can be identified through their “I LOVE FIT” shirts and merchandise.

FIT Honor Associations

fitnyc.collegiatelink.net

- Phi Theta Kappa: Phi Theta Kappa (PTK) is the international honor society for students in their associate’s degree program.
- Delta Alpha Pi: Delta Alpha Pi Honor Society participates in activities designed to educate the community and society regarding disability issues and the principles of universal design.
- Chi Alpha Epsilon: Chi Alpha Epsilon National Honor Society is dedicated to acknowledging the success of students in the Educational Opportunity Program (EOP).

Legacy Week: FIT Homecoming

fitnyc.edu/homecoming

Homecoming is a time-honored collegiate tradition that can be traced as far back as 1908. Although the modern college homecoming is tied to athletics, the tradition itself is meant to unite alumni, faculty, and current students to celebrate their institution as well as continue the traditions of the past. FIT continues that tradition, as they have for over 30 years, during Legacy Week.

Social and Cultural Activities

fitnyc.collegiatelink.net

The private social network for FIT students, FITLink provides the tools for managing FIT Student Association clubs and student co-curricular activities. FITLink can also be utilized in areas outside of campus life, serving a variety of needs related to the FIT student experience. From elections to surveys and communication to budgeting, stay connected at FIT from across the globe. Visit **fitnyc.collegiatelink.net**.

Student Volunteer Community Service (SVCS)

Offered through the Department of Student Life, this program enhances our greatest natural resource, volunteers. As a recipient of the President’s Higher Education Community Service Honor Roll, SVCS offers interested students an opportunity to give assistance to the fashion industry, community, and the society in which we live. Clubs, independent students, faculty, and staff are welcome to tap the information available regarding local organizations requesting volunteers.

Governance

STUDENT ASSOCIATION AND COUNCIL

David Dubinsky Student Center, Room A710, 212 217.4130

The Student Council is the governing body of the Student Association, whose membership includes all full- and part-time students who have paid the student activity fee. Membership affords students the privileges and responsibilities of citizens in the self-governing college community. The council consists of elected officers of the association, and at least one representative from every club. All other interested students receive voting privileges following their attendance at two consecutive meetings.

The council is responsible for organizing athletic, cultural, and social activities for the students; determining allocations and disbursement of the student activity fees in accordance with the purposes and duties of the association and the policies of the Board of Trustees of the college; cooperating with the administration in the definition and enforcement of all student regulations; and working with the administration to maintain good public relations, fostering greater unity among the administration, the faculty, and the student body.

The Student Association president, elected each year by the Student Association, is a member of the Board of Trustees with voting rights and responsibilities.

THE FACULTY SENATE

The Faculty Senate elects representatives to committees that focus on a wide variety of college-related areas. Students selected by the FIT Student Association serve on some of these committees, such as admissions/registration, assessment, counseling, curriculum, diversity, library, and student affairs.

THE FIT STUDENT-FACULTY CORPORATION

The FIT Student-Faculty Corporation is an independent entity with nine directors, three representing each constituency of the college—the Board of Trustees and administration, the faculty, and the student body. It derives its revenue from the rental of college facilities and from commission income from food services and the campus bookstore. The corporation allocates this revenue for the benefit of the students and faculty.

Student Rights and Responsibilities

The FIT *Student Rights and Responsibilities Manual* contains crucial information about what it means to be part of the community at FIT.

This publication identifies many, but not all, of the important policies and regulations that address the expectations and obligations of students at FIT. Failure to comply with community standards may subject a student to disciplinary action as defined in the college's Student Code of Conduct and Academic Honor Code.

It is FIT's goal to provide an exciting, vibrant learning community on campus, both in and out of the classroom. The manual is produced by the Office of the Vice President for Enrollment Management and Student Success and it may be obtained by visiting Room B221, or at fitnyc.edu/rightsandresponsibilities.

INTRODUCTION

FIT encourages the development of independence, maturity, and ethical sensitivity of students. The college must establish standards of conduct essential to its effective and orderly function as an educational institution. The codes of conduct were prepared to guide all members of our student body. All who become members of our community have an obligation to support and obey college regulations and all local, state, and federal laws. Those who cannot or do not comply will be subject to disciplinary action both from the college as well as local, state, and federal authorities, and the privilege of continued attendance at FIT may be withdrawn.

For more information about the Student Code of Conduct and Academic Honor Code with clearly defined judicial procedures, please see the *Student Rights and Responsibilities Manual*.

ACCESS TO OFFICIAL STUDENT RECORDS

The Family Educational Rights and Privacy Act (FERPA), and regulations adopted by the Secretary of the U.S. Department of Education to implement FERPA, provide students with specific rights relating to their records at FIT. Under FERPA, students have the right to:

- inspect and review their education records;
- seek amendment of their education records that they believe to be inaccurate, misleading, or otherwise in violation of the student's privacy rights;
- consent to disclosures of personally identifiable information contained in their education records, except to the extent that FERPA and the regulations authorize disclosure without consent;
- file with the United States Department of Education a complaint concerning alleged failures by FIT to comply with the requirements of FERPA or the secretary's regulations. Complaints should be filed in writing to:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Ave., S.W.
Washington, DC 20202-4605

Complete copies of FERPA and the regulations are available for review in Enrollment Services and Student Success. Any students having a question about access to FIT student records is encouraged to consult them.

The *Student Rights and Responsibilities Manual* sets forth the procedures for inspection and review of education records and for students to request amendment of their own education records. The manual also sets forth the types of records the college may disclose without student consent.

COMMITMENT TO DIVERSITY

FIT is committed to creating an environment that attracts and retains people of diverse racial and cultural backgrounds. By providing a learning and working environment that encourages, utilizes, respects, and appreciates the full expression of every individual's ability, the FIT community fosters its mission and grows because of its rich pluralistic experience. The college is committed to prohibiting discrimination, whether based on race, national origin, sex, religion, ethnic background, age, disability, marital status, sexual orientation, or any other criterion specified by applicable federal, state, or local laws.

EQUAL OPPORTUNITY/AFFIRMATIVE ACTION

FIT is committed to providing equal opportunity in educational programs, in its admissions policy, and in employment, including the opportunity for upward mobility for all qualified individuals.

The affirmative action officer provides complaint resolution and investigates complaints of discrimination, sexual harassment, and Title IX issues. The affirmative action officer monitors the college's progress in complying with laws concerning affirmative action and Title IX. The affirmative action officer is in the Office of Planning, Assessment, and Compliance in Room A605.

Enrollment Management and Student Success provides students with complaint resolution, training, and orientation on Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act.

CAMPUS CRIME STATISTICS

At FIT, the safety and well-being of students, faculty, staff, and visitors are of paramount importance. A safe and secure environment can only be achieved through the cooperation of all members of the college community. The Crime Awareness and Campus Security Act of 1990 requires all post-secondary institutions receiving federal aid to provide their communities with an annual report about crime statistics and policies. FIT accepts the responsibility of providing a campus atmosphere free from threats to personal safety and one that enhances the educational process. Students and their parents expect the college campus to be a place of safety, and everyone shares this responsibility. In addition, FIT upholds the right of students and staff to know of incidents that occur on campus and the measures taken to promote precautions and swift, effective responses to crises.

The Department of Public Safety maintains a log of crimes and incidents that occur on campus. The information is recorded by date, time, and general location. The daily log is available for public view at the Department of Public Safety office in Room D442.

FIT's campus crime statistics as reported annually to the U.S. Department of Education are available at fitnyc.edu/security; hard copies are provided upon request. All inquiries should be directed to the Department of Public Safety, 212 217.4999. Related information can also be obtained from the U.S. Department of Education website at ope.ed.gov/security.

***Fall 2016 Requirements:** see below

Art and Design Associate Degree Programs: FIT's General Education and Art History Requirements

- Three (3) credits from each required area, totaling 9 credits: G1, G2 and G3
- Six (6) credits from two (2) different areas in **liberal arts** courses in G4-G10
- Three (3) credits of any 200- or 300-level English literature or speech course
- Six (6) credits from Art and Design History courses: HA 112 (3 credits, required for all Art and Design majors)

FIT's Gen Ed courses are organized along the following categories: G1 Basic Communication; G2 Mathematics; G3 Natural Sciences; G4 Social Sciences; G5 Western Civilization; G6 The Arts; G7 Humanities; G8 Foreign Language; G9 Other World Civilizations; G10 American History.

See list of Gen Ed approved courses under FIT's General Education Requirements (p. 42) and Courses (p. 42). An FIT Gen Ed course cannot be used to meet more than one General Education area.

****Related Area Elective(s) - 1.5 credits (minimum):**

BE 261 Starting a Small Business (3 cr.), BL 201 Business Law for the Artist (3 cr.), CD 123 Basic Bookbinding (1.5 cr.), CG 121 Applications for Social Media (2 cr.), CG 214 Web Page Construction (1.5 cr.), CG 212 Introduction to 3D Computer Modeling (2 cr.), EP 311 Introduction to Entrepreneurship (3 cr.), FA 131 Life Drawing I (1.5 cr.), FA 132 Life Drawing II (1.5 cr.), FA 171 Printmaking I (1.5 cr.), IN 201 Global Sourcing in the Textile Industries (3 cr.), PH 118 Beginning Digital Photography (2 cr.) **or** any available course in Accessories, Advertising, Advertising and Marketing Communications, Fabric Styling, Fashion Design, Fine Arts, Graphic Design, Home Products Development, Illustration, Interior Design, Photography, Textile Development and Marketing **or** any course in the Creative Technology minor or any business or art course in the Ethics and Sustainability minor

Upper Division Alternatives:

Graduates of this program are eligible to apply for admission to the Bachelor of Fine Arts programs in Fabric Styling (p. 146) and Textile/Surface Design (p. 190), and the Bachelor of Science program in Textile Development and Marketing (p. 188).

One-Year Associate Degree Programs

Students who hold a four-year degree or who have completed at least 30 transferable credits at an accredited college, with 24 credits equivalent to FIT's General Education requirements, may be considered for an alternative to the two-year associate degree. This option generally enables students to complete the associate degree coursework within a period of one year and is based upon a review of the student's transcript and prior knowledge and skills. See Requirements for Admission to One-Year Associate Degree Program's (p. 17) for specific information and required documentation.

Accessories Design (p. 121)

Advertising and Marketing Communications (p. 122)

Communication Design Foundation (p. 123)

Fashion Business Management (p. 125)

Fashion Design (p. 124)

Textile Development and Marketing (p. 127)

Textile/Surface Design (p. 128)

Accessories Design One-Year AAS Degree Program

School of Art and Design

Applications accepted for fall only. NYSSED: 84201 HEGIS 5012

The Accessories Design major provides the knowledge and skills to prepare students for positions in design, product development, merchandising, and pattern- and sample-making. Curriculum below is for entering class of Fall 2016.

Semester 1		Credits
MAJOR AREA	LD 111 - Leather and Materials Technology	2.5

Fashion Design – Children’s Wear

School of Art and Design

Applications accepted for fall only. NYSED: 00735 HEGIS 1009

Building upon the success of the AAS studies in Fashion Design, courses in the BFA program advance in complexity as students hone their expertise in the children’s wear concentration. Through applied experiential learning and the creative application and development of critical problem-solving challenges, students become adept fashion designers. Students attain a greater understanding of the (fashion) design process, further perfect their conceptual/technical skills, and advance in the development of a personal design aesthetic and their adaptive abilities. This program prepares graduates for success in women’s wear careers, related design fields and for other careers not yet imagined. Curriculum below is for the entering class of Fall 2016.

Semester 5		Credits
MAJOR AREA	FD 357 - Introduction to Knitwear Design	3
	FD 381 - Stretch Fundamentals	2.5
	FF 311 - Lifestyle Collection Design	2.5
	FF 322 - 20th Century Style for the 21st Century Aesthetic	3
	choice - see Major Area Electives**	2
LIBERAL ARTS	choice - see Liberal Arts/Foreign Language*	3
Semester 6		
MAJOR AREA	FD 365 - Explorations in Childrenswear Design	2
	FD 366 - Fundamentals of Childrenswear Design	2
	FF 342 - Digital Childrenswear Design	2
	FF 343 - Childrenswear Design	2.5

Fall 2016 Requirements: See below

*** Liberal Arts: 18 credits**

- **Liberal Arts electives: 6 credits.** Select Liberal Arts courses from the following subject areas: **CH** (Chinese), **EN** (English), **FI** (Film & Media) - any FI course other than FI 261, 361, 461, 362, and 462, **FR** (French), **HA** (History of Art), **HE** (Health Education) 201, 301, **IT** (Italian), **JA** (Japanese), **MU** (Music), **HI** (History), **MA** (Math), **LA** (Liberal Arts), **MC** (Modern Languages & Cultures), **PE** (Physical Education & Dance) 215, 216, 217, **PL** (Philosophy), **SC** (Science), **SP** (Spanish), and **SS** (Social Sciences). See Liberal Arts Courses (p. 197)
- **History of Art: 6 credits.** CHOICE of one (1) HA course that meets General Education Other World Civilizations requirement (G9) and one (1) additional HA course. See the full list of Art/Design History courses under HA: History of Art and Civilization (p. 290)
- **Foreign Language: 6 credits.** Two semesters of the same foreign language, one of which must meet General Education Foreign Language requirement (G8)

****Major Area Electives: 6.5 credits.**

CHOICE of any two to four major area courses (for which prerequisites have been met) totaling 6.5 credits from the following: FD 231, FD 281, FD 321, FD 341, FD 342, FD 343, FD 364, FD 366, FD 374, FD 383, FD 384, FD 385, FD 386, FD 461, FD 467, FD 475, FF 312, FF 323, FF 324, FF 343, FF 344, FF 345, FF 353, FF 372, FF 398. The same course cannot be used to fulfill a Major Area and a Major Area Elective requirement

*****Related Area Electives: 6 credits.**

CHOICE of any two to four elective courses (for which prerequisites have been met) totaling 6 credits from the following: AC 114, BE 261, CD 123, DE 102, DE 143, EP 311, EP 321, FA 101, FA 103, FA 104, FA 105, FM 268, FM 301, FM 324, IC 496, IN 322, IN 443, LD 112, LD 136, MG 301, PH 162, TD 101, TD 183, TD 227, TS 368, TD 481

Fashion Design – Intimate Apparel

School of Art and Design

Applications accepted for fall only. NYSSED: 00735 HEGIS 1009

Building upon the success of the AAS studies in Fashion Design, courses in the BFA program advance in complexity as students hone their expertise in the intimate apparel concentration. Through applied experiential learning and the creative application and development of critical problem-solving challenges, students become adept fashion designers. Students attain a greater understanding of the (fashion) design process, further perfect their conceptual/technical skills, and advance in the development of a personal design aesthetic and their adaptive abilities. This program prepares graduates for success in women's wear careers, related design fields, and other careers not yet imagined. Curriculum below is for the entering class of Fall 2016.

Semester 5		Credits
MAJOR AREA	FD 357 - Introduction to Knitwear Design	3
	FD 381 - Stretch Fundamentals	2.5

Fashion Design/Milan – Knitwear

School of Art and Design

Applications accepted for fall only. NYS ED: 00735 HEGIS 1009

This overseas academic program is offered in collaboration with the Politecnico di Milano. Courses listed below include those offered in Milan. The sequence presented here represents two full years of study in Milan. Students following a year sequence should refer to the Fashion Design New York-Knitwear program: <http://catalog.fitnyc.edu/undergraduate/majors/baccalaureatedegreeprograms/fashiondesignknitwear/>. Equivalent course substitutions offered in Milan fulfill some related area and major area course requirements. Students may attend the Milan program for one or both years. Refer to the department's website at fitnyc.edu/fashiondesign for course and other related information. Students must complete IT 111 before attending the Fashion Design Program in Milan. Curriculum below is for the entering class of Fall 2016.

Semester 5		Credits
MAJOR AREA	FD 357 - Introduction to Knitwear Design	3
	FD 381 - Stretch Fundamentals	2.5
	FF 311 - Lifestyle Collection Design or MetaDesign Project part A*** and MetaDesign Project part B***	2.5 3
	FF 322 - 20th Century Style for the 21st Century Aesthetic	3
	FD 342 - CAD for Fashion Design and Development	2
LIBERAL ARTS	choice - Italian or Art History*	3
Semester 6		
MAJOR AREA	FD 358 - Advanced Knitwear Design: Creative Development and Execution	1.5
	FD 359 - Advanced Knitwear and Full Fashion Creative Design Development	2

Fall 2016 Requirements: See below

*** Liberal Arts: 18 credits**

- **Liberal Arts electives: 6 credits.** Select Liberal Arts courses from the following subject areas: **CH** (Chinese), **EN** (English), **FI** (Film & Media) - any FI course other than FI 261, 361, 461, 362, and 462, **FR** (French), **HA** (History of Art), **HE** (Health Education) 201, 301, **IT** (Italian), **JA** (Japanese), **MU** (Music), **HI** (History), **MA** (Math), **LA** (Liberal Arts), **MC** (Modern Languages & Cultures), **PE** (Physical Education & Dance) 215, 216, 217, **PL** (Philosophy), **SC** (Science), **SP** (Spanish), and **SS** (Social Science). See Liberal Arts Courses (p. 197)
- **History of Art: 6 credits.** CHOICE of one (1) HA course that meets General Education Other World Civilizations requirement (G9) and one (1) additional HA course. See the full list of Art/Design History courses under HA: History of Art and Civilization (p. 290)
- **Foreign Language: 6 credits.** Two semesters of the same foreign language, one of which must meet General Education Foreign Language requirement (G8)

*****Major Area Electives: 3.5 credits.** CHOICE of FD 386 Swimwear Design (2 cr.), FD 341 Design with High-Tech Fabrics (1.5 cr.), FD 475 Leather Apparel Design (2 cr.), FF 344 Digital Design Identity (1.5 cr.), or FD 342 CAD for Fashion Design and Development (2 cr.)

***** MetaDesign Project: 5.5 credits.** The Meta Design Studio course at FIT in Milan addresses the learning outcomes vital for creative fashion design collection building and merchandising a successful brand/ product mix for a targeted customer group. It is taught as a true international exchange of design ideas with participation by students from FIT in Milan, the Politecnico di Milano and Erasmus. Students conduct research independently on the brief then must critically defend their ideas, edit, create cohesion, compile, and present their original multiple product collection in a global collaborative team setting.

FIT in Milan reserves the right to modify the order of these course offerings, or which courses are offered in Milan.

	ELECTIVE(S)	1.5-3
	MAJOR AREA	39-42
	RELATED AREA	9
	LIBERAL ARTS	15
	Total Credits:	64.5-69

Fall 2016 Requirements: See below

*** Liberal Arts: 15 credits**

- **Foreign Language: 6 credits.** Two semesters of the same foreign language, one of which must meet General Education Foreign Language requirement (G8)
- **History of Art: 6 credits.** CHOICE of one (1) HA course that meets General Education Other World Civilizations requirement (G9) and one (1) additional HA course. See the full list of Art/Design History courses under HA: History of Art and Civilization
- **English and Speech: 3 credits.** EN 323

****Related Area Alternative: 3 credits**

CHOICE of AC 211 or 262, BE 261, BL 343, or HP 313

International Trade and Marketing for the Fashion Industries BS Degree Program

School of Business and Technology

Applications accepted for fall and spring. NYSED: 20268 HEGIS 0509

The major in International Trade and Marketing prepares students for management positions in international trade and global fashion companies. Graduates pursue careers in global marketing, management, logistics, sourcing, compliance, customs, and licensing. Curriculum below is for the entering class of Fall 2016.

Semester 5		Credits
MAJOR AREA	IN 312 - International Trade	3
	IN 313 - International Business Transactions	3
LIBERAL ARTS	MA 222 - Statistical Analysis*	3
	choice - Liberal Arts - see English*	3
	choice - Science G3 or Liberal Arts elective *	3
Semester 6		
MAJOR AREA	IN 322 - Global Marketing	3
	IN 323 - Import/Export Regulations	3
	choice see Major Area Electives**	3
LIBERAL ARTS	MA 311 - Mathematical Modeling for Business Applications *	3
	SS 242 - Microeconomics	3
	choice - see Foreign Language or Liberal Arts Elective*	3
Semester 7		
MAJOR AREA	IN 433 - Global Sourcing	3
	choice - see Major Area Electives**	3
LIBERAL ARTS	choice - see Economics minor courses*	3
	choice - see Liberal Arts elective *	3
	choice - see Foreign Language*	3
Semester 8		
MAJOR AREA	IC 496 - Senior Internship B: Career Planning or IN 492 - International Trade Practicum or Major Area Elective **	2-3
	choice - see Major Area elective**	3
LIBERAL ARTS	choice - see Liberal Arts elective *	3
	choice - see Liberal Arts elective *	3
	choice - see Liberal Arts elective *	3
TOTAL CREDIT REQUIREMENTS		
	MAJOR AREA	26-27
	LIBERAL ARTS	36
	Total Credits:	62-63

Fall 2016 Requirements: See below

*** Liberal Arts: 36 credits**

- **Liberal Arts elective: 18 credits.** Select Liberal Arts courses from the following subject areas: **CH** (Chinese), **EN** (English), **FI** (Film & Media) - any **FI** course other than **FI 261**, **361**, **461**, **362**, and **462**, **FR** (French), **HA** (History of Art), **HE** (Health Education) **201**, **301**, **IT** (Italian), **JA** (Japanese), **MU** (Music), **HI** (History), **MA** (Mathematics), **LA** (Liberal Arts), **MC** (Modern Languages & Cultures), **PE** (Physical Education & Dance) **215**, **216**, **217**, **PL** (Philosophy), **SC** (Science), **SP** (Spanish), and **SS** (Social Sciences). See Liberal Arts Courses (p. 197)
- **English: 3 credits.** Choose from any 200- or 300-level English course
- **Foreign Language: 3 credits**
- **Mathematics: 6 credits.** MA 222 and MA 311
- **Economics: 6 credits.** SS 242 and select one (1) course: SS 243 History of Economic Thought (3 cr.), SS 244, SS 343, SS 345, SS 394, SS 443, SS 445, SS 446. **Economics Minor: 3 additional credits.** Selection from courses designated for the Economics Minor. See <http://www.fitnyc.edu/liberal-arts/minors/>

****Major Area Electives: 9 - 11 credits**

Choice of three: IN 324, 341, 342, 423, 424, 434, 441, 442, or 443

Evening/Weekend Option:

A four-semester evening/weekend option is available for this degree program (see Curricula (p. 23) Overview (p. 23) or visit the FIT website at fitnyc.edu/evening_weekend). The sequence of courses is the same as that listed on this page.

NOTE: Business and Technology BS bridge course condition (except Technical Design): SS 141 Macroeconomics (this course is the prerequisite for SS 242 Microeconomics at the bachelor's degree level).

Packaging Design BFA Degree Program

School of Art and Design

Applications accepted for fall only. NYSED: 00669 HEGIS 1009

The major in Packaging Design prepares students for careers as packaging designers global brand packaging design industry, in positions ranging from designer to creative director in brand design agencies to in-house corporate design departments. Curriculum below is for the entering class of Fall 2016

Semester 5		Credits
MAJOR AREA	PK 317 - Packaging Design Process	3
	PK 318 - Packaging Design Studio I	3
	PK 325 - Typography for Brand Packaging	2
	PK 341 - Computer Graphics for Packaging Design	2
LIBERAL ARTS	choice - see Art History (G9)*	3
	choice - see Requirements**	3
Semester 6		
MAJOR AREA	PK 319 - Packaging Design Studio II	3
	PK 342 - Advanced Computer Graphics for Packaging Design	2
	PK 343 - Explorations in 3D for Packaging Design	3
	PK 354 - Packaging Design Strategy	3
RELATED AREA	choice - see Related Area Electives**	2
LIBERAL ARTS	choice - see Requirements*	3
Semester 7		
MAJOR AREA	PK 315 - Digital Prepress for Packaging Design	2
	PK 413 - Sustainable Packaging Design Development	3
	PK 418 - Packaging Design Studio III	3
	PK 463 - Packaging Design for Professional Practice	3
RELATED AREA	choice - see Related Area Electives**	2
LIBERAL ARTS	choice - see Art History*	3
Semester 8		
MAJOR AREA	PK 491 - Internship	3
	PK 427 - Packaging Design Portfolio Preparation	3
RELATED AREA	choice - see Related Area Elective**	2
LIBERAL ARTS	choice - see Requirements*	6
TOTAL CREDIT REQUIREMENTS		
	MAJOR AREA	38
	RELATED AREA	6
	LIBERAL ARTS	18
	Total Credits:	62

*Fall 2016 Requirements: See below

Liberal Arts and Art History: 18 credits

- **English: 3 credits.** CHOICE of EN 266, EN 322, EN 325, EN 361, EN 362, EN 363, or EN 364
- **History of Art: 6 credits.** CHOICE of one (1) HA course that meets General Education Other World Civilizations requirement (G9) and one (1) additional HA course. See the full list of Art/Design History courses under HA: History of Art and Civilization (p. 290)
- **Liberal Arts electives: 9 credits.** Select Liberal Arts courses (for which prerequisites have been met) from the following subject areas:
CH (Chinese), **EN** (English), **FI** (Film and Media) - any FI course other than FI 261, 361, 461, 362, and 462, **FR** (French), **HA** (History of Art), **HE** (Health Education) 201, 301, **IT** (Italian), **JA** (Japanese), **MU** (Music), **HI** (History), **MA** (Mathematics), **LA** (Liberal Arts), **MC** (Modern Languages and Cultures), **PE** (Physical Education and Dance) 215, 216, 217, **PL** (Philosophy), **SC** (Science), **SP** (Spanish), and **SS** (Social Sciences). See Liberal Arts Courses (p. 197)

****Related Area Electives: 6 credits**

CHOICE of any two to four elective courses (for which prerequisites have been met) totaling 6 credits in Advertising Design (AD), Advertising and Marketing Communications (AC), Computer Animation and Interactive Media (CG), Creative Technologies (CT), Graphic Design (GD), Illustration (IL), Interior Design (ID), Photography (PH), Toy Design (TY), and Visual Presentation and Exhibition Design (VP).

Photography and the Digital Image BFA Degree Program

School of Art and Design

Applications accepted for fall only. NYSSED: 30267 HEGIS 1011

The major in Photography and the Digital Image provides students with the knowledge and skills necessary to develop their abilities as freelance photographers, and to prepare them for a variety of positions within the photography industry and related fields. Curriculum below is for the entering class of Fall 2016.

Semester 5		Credits
MAJOR AREA	PH 341 - Digital Craft and the Exhibition	3
	PH 351 - Professional Approach to Photojournalism	2
	PH 371 - Retouching/Prepress Solutions for Photographers	2
RELATED AREA	CD 373 - The Convergence of Type and Image	2
	DE 302 - Photographic Exhibition Design	2
LIBERAL ARTS	HA 343 - History of Photography	3
	choice - see Liberal Arts electives*	3

Fall 2016 Requirements: See below

***Liberal Arts: 18 credits**

- **History of Art: 6 credits.** HA 342 and CHOICE of one (1) HA course that meets General Education Other World Civilizations requirement (G9). See the full list of Art/Design History courses under HA: History of Art and Civilization (p. 290)
- **American History: 3 credits.** CHOICE of one course that meets General Education American History requirement (G10)
- **Foreign Language: 6 credits.** Two semesters of the same foreign language, one of which must meet General Education Foreign Language requirement (G8). See the list of courses (p. 197) available in Foreign Languages
- **Liberal Arts electives: 3 credits.** Select Liberal Arts courses (for which prerequisites have been met) from the following subject areas:
CH (Chinese), **EN** (English), **FI** (Film and Media) - any FI course other than FI 261, 361, 461, 362, and 462, **FR** (French), **HA** (History of Art), **HE** (Health Education) 201, 301, **IT** (Italian), **JA** (Japanese), **MU** (Music), **HI** (History), **MA** (Mathematics), **LA** (Liberal Arts), **MC** (Modern Languages and Cultures), **PE** (Physical Education and Dance) 215, 216, 217, **PL** (Philosophy), **SC** (Science), **SP** (Spanish), and **SS** (Social Sciences). See Liberal Arts Courses (p. 197)

****Related Area Elective(s)** - CHOICE of any two to three courses totaling 3.5 credits: BE 261 Starting a Small Business (3 cr.), BL 201 Business Law for the Artist (3 cr.), CD 123 Basic Bookbinding (1.5 cr.), CG 121 Applications for Social Media (2 cr.), CG 214 Web Page Construction (1.5 cr.), CG 212 Introduction to 3D Computer Modeling (2 cr.), EP 311 Introduction to Entrepreneurship (3 cr.), FA 131 Life Drawing I (1.5 cr.), FA 132 Life Drawing II (1.5 cr.), FA 171 Printmaking I (1.5 cr.), IN 201 Global Sourcing in the Textile Industries (3 cr.), PH 118 Beginning Digital Photography (2 cr.) **or** any available course in Accessories, Advertising, Advertising and Marketing Communications, Fabric Styling, Fashion Design, Fine Arts, Graphic Design, Home Products Development, Illustration, Interior Design, Photography, Textile Development and Marketing **or** any course in the Creative Technology minor or any business or art course in the Ethics and Sustainability minor.

NOTE: TD 131, TD 115, and TD 224 must be completed prior to the sixth semester.

Toy Design BFA Degree Program

School of Art and Design

Applications accepted for fall only. NYSSED: 89109 HEGIS 1099

The major in Toy Design prepares students for careers as children's product designers working with a variety of companies in the toy industry, from small specialty firms to major global corporations. Curriculum below is for the entering class of Fall 2016.

Semester 5		Credits
MAJOR AREA	TY 326 - Toy Design I and Product Rendering	3
	TY 327 - Drafting and Technical Drawing	3
	TY 352 - The Toy Industry: Methods and Materials	3
RELATED AREA	FA 301 - Anatomy for Toy Designers	1.5
LIBERAL ARTS	SS 232 - Developmental Psychology	3
Semester 6		
MAJOR AREA	TY 313 - Soft Toy and Doll Design	3
	TY 332 - Model Making and 3D Prototyping	3.5
	TY 342 - Computer Graphics in Toy Design	2
RELATED AREA	MK 301 - Marketing for the Toy Industry	3
LIBERAL ARTS	HE 301 - Motor Learning: A Developmental Approach	3
	HA 345 - History of Industrial Design choice - see Liberal Arts/Art History	3
Semester 7		
MAJOR AREA	A:	
	TY 491 - Summer Internship: Toy Design**	4
	B:	
	TY 411 - Toy Design II and Product Update	2
	TY 421 - Advanced Hard Toy: Design Engineering	5
	TY 463 - Storybook Design and Licensed Product	3
	TY 442 - Advanced Computer Graphics in Toy Design	2
LIBERAL ARTS	MA 041 - Geometry and Probability Skills	1
	MA 241 - Topics in Probability and Geometry	3
Semester 8		
MAJOR AREA	TY 414 - Games***	1.5
	TY 461 - Business Practices for the Toy Industry	2
	TY 467 - Professional Portfolio	4.5
RELATED AREA	PK 403 - Packaging for the Toy Designer	2
LIBERAL ARTS	choice - see Liberal Arts/Art History*	3
	choice - see Liberal Arts Electives	3
TOTAL CREDIT REQUIREMENTS		
	MAJOR AREA	41.5
	RELATED AREA	6.5
	LIBERAL ARTS	19
	Total Credits:	67

*Fall 2016 Requirements: See below

Liberal Arts, Art History, and General Education: 19 credits

- **Art History Requirements: 6 credits.** HA 345 and CHOICE of (1) additional 3-credit History of Art course that meets General Education Other World Civilizations requirement (G9). See the full list of Art/Design History courses under HA: History of Art and Civilization (p. 290).
- **Social Sciences: 3 credits.** SS 232
- **Health Education: 3 credits.** HE 301
- **Mathematics: 4 credits.** MA 041 and MA 241
- **Liberal Arts Elective: 3 credits.** Select a Liberal Arts course (for which prerequisites have been met) from the following subject areas: **CH** (Chinese), **EN** (English), **FI** (Film and Media) - any **FI** course other than **FI** 261, 361, 461, 362, and 462, **FR** (French), **HA** (History of Art), **HE** (Health Education) HE 201, or 301, **IT** (Italian), **JA** (Japanese), **MU** (Music) MU 202, 203, or 391, **HI** (History), **MA** (Math), **LA** (Liberal Arts), **MC** (Modern Languages and Cultures), **PE** (Physical Education and Dance) 215, 216, 217, **PL** (Philosophy), **SC** (Science), **SP** (Spanish), and **SS** (Social Sciences). See Liberal Arts Courses (p. 197)

** If internship cannot be completed during the summer, a special independent study program will be arranged in the eighth semester.

*** Students may substitute TY 314 for TY 414.

NOTES:

Students must complete SS 131 and two HA courses (HA 111, HA 112, or HA 231, or equivalent) prior to entering this program.

Visual Presentation and Exhibition Design BFA Degree Program

School of Art and Design

Applications accepted for fall only. NYSSED: 36131 HEGIS 1009

The major in Visual Presentation and Exhibition Design prepares students for opportunities in design positions as exhibition designers, store planners, visual merchandisers, museum exhibition designers, event planners, and designers for other themed environments. Curriculum below is for the entering class of Fall 2016.

Semester 5		Credits
MAJOR AREA	VP 301 - Overview of Visual Presentation and Exhibition Design	2
	VP 311 - Space and Environment for Visual Presentation and Exhibition Design	2
	VP 312 - Product Presentation	2
	VP 321 - Visualization and Sketching for Design	2
	VP 331 - Three-Dimensional Construction for Visual Presentation and Exhibition Design	2
LIBERAL ARTS	choice - see American History* G10	3
	choice - see History of Art and Civilization*	3
Semester 6		
MAJOR AREA	VP 313 - Visual Presentation in In-Store Design	2
	VP 314 - Mannequin Presentation for Retail and Exhibitions	2
	VP 332 - Merchandising Lab for In-Store Design	1
	VP 341 - Graphic Strategy for Visual Presentation	2
	DE 226 - CAD for Visual Presentation II	2
RELATED AREA	ID 241 - Lighting Design I	1.5
	PH 118 - Beginning Digital Photography	2
LIBERAL ARTS	choice - see Other World Civilizations* G9	3
Semester 7		
MAJOR AREA	VP 411 - Interpretive Exhibition Design	2
	VP 441 - Interpretive Exhibition Graphics	2
	choice - see Major Area Elective**	1.5
RELATED AREA	AC 262 - Multimedia Presentations	3
LIBERAL ARTS	EN 323 - Specialized Writing and Thesis Preparation	3
	choice - see Foreign Language*	3
Semester 8		
MAJOR AREA	VP 412 - Senior Design Project	4
	VP 461 - Portfolio and Professional Presentation	2
	IC 497 - Senior Internship C: Career Planning	3
RELATED AREA	BE 404 - Business for Visual Presentation	2
	choice - see Related Area Elective***	1.5
LIBERAL ARTS	choice - see Foreign Language*	3
TOTAL CREDIT REQUIREMENTS		
	MAJOR AREA	33.5
	RELATED AREA	10
	LIBERAL ARTS	18
	Total Credits:	61.5

Fall 2016 Requirements: See below

*** Liberal Arts and Art History: 18 credits**

- **American History: 3 credits.** CHOICE of any non-HA liberal arts course that meets the General Education American History requirement (G10)
- **English and Speech: 3 credits.** EN 323 Specialized Writing and Thesis Preparation (3 cr.)
- **Foreign Language: 6 credits.** Two semesters of the same foreign language, one of which must meet General Education Foreign Language requirement (G8)
- **History of Art and Civilization: 3 credits.** CHOICE of any HA course (for which prerequisites have been met) not previously taken or required
- **Other World Civilizations: 3 credits.** CHOICE of any HA course that meets General Education Other World Civilizations requirement (G9)

****Major Area Elective: 1.5 credits (minimum)**

CHOICE of DE 234, or VP 421, 431, 432, or 433

*****Related Area Elective: 1.5 credits (minimum)**

CHOICE of any elective course in Art and Design for which student has met prerequisite(s)

AC: Advertising and Marketing Communications

AC 111 — Advertising and Promotion

3 credits; 3 lecture hours

For Advertising and Marketing Communications, Fabric Styling, Fashion Merchandising Management, and Textile Development and Marketing students. Concepts, perspectives, and methods for the development and implementation of integrated marketing communications programs for producers, manufacturers, and retailers are analyzed and critiqued.

AC 113 — Strategic Planning for Integrated Marketing Communications

3 credits; 3 lecture hours

Students plan and develop integrated marketing communications strategies in order to achieve specific marketing and communication objectives. Through student agency teamwork, they make strategic decisions based on creative strategy development, competitive and market analysis, and research interpretation.

Prerequisite(s): AC 111.

AC 114 — Marketing for Integrated Marketing Communications

3 credits; 3 lecture hours

This course provides students with a broad background to marketing concepts as they apply to integrated marketing communications (IMC). Students explore the role of marketing both within the organization and the external environment in which firms operate. The process of developing marketing with an IMC perspective is addressed, as well as how managers use these elements to gain competitive advantage in a global economy.

AC 141 — Journalism

3 credits; 3 lecture hours

Students practice the techniques of newsgathering, news writing, and developing news judgment. News stories, features, editorials, and broadcast writing are covered in discussions and workshops. Skills in copyediting and headline writing are built through student newspaper and off-campus assignments.

Prerequisite(s): EN 121 or EN 362 or ES 129.

AC 161 — Multimedia Computing for Advertising and Marketing Communications

2 credits; 4 lab hours

Students develop computer skills applicable to the communications industry, including word processing, spreadsheets, networking, presentations, desktop publishing, and internet research. Through hands-on use, they format such industry-oriented projects as print ads, press releases, and advertising analyses.

AC 171 — Mass Communications

3 credits; 3 lecture hours

Analysis and comparison of mass media and the communication arts as they are used in advertising, marketing, promotion, and the dissemination of public information. Includes an overview of careers available in communications. Students learn communications theory, new electronic media, and their potential applications.

AC 211 — Workshop in Business Communications

3 credits; 3 lecture hours

Analysis of skills needed for effective written, spoken, and visual communications. Industry case histories are used to identify and suggest solutions to communications problems. Students' abilities to observe, listen, speak, and write effectively are evaluated. Emphasis is on the complete business presentation.

Prerequisite(s): AC 111.

AC 221 — Publicity Workshop

3 credits; 3 lecture hours

Use of current news, events, and personalities as a basis for writing and evaluating institutional and product publicity releases for news and feature stories. Students plan publicity campaigns and create a press kit.

Prerequisite(s): AC 111.

AC 222 — Sales Promotion

3 credits; 3 lecture hours

Students plan and develop sales promotion activities in order to achieve specific marketing and communications objectives. Both business-to-business and business-to-consumer sales promotion campaigns are developed.

Prerequisite(s): AC 111.

AC 231 — Advertising Copywriting

3 credits; 3 lecture hours

Evaluating, writing, and editing copy for national, trade, and retail advertising and promotion, internal communications, and direct marketing for all market levels. Includes copy-testing techniques and visualization for copy brainstorming.

Prerequisite(s): (AC 111 and CD 122) or AD 216.

AC 232 — Radio and TV Copywriting Workshop

3 credits; 3 lecture hours

Students prepare national/retail broadcast advertisements for products and services.

Prerequisite(s): AC 231.

AC 242 — Fashion Journalism Workshop

3 credits; 3 lecture hours

Development of reporting skills needed for a journalism career in fashion and related fields. Students plan and carry out research; conduct interviews; write and edit fashion news, feature stories, and captions; and work with fashion visual materials. Fashion review assignments provide opportunities to practice photojournalism, feature, and editorial writing.

Prerequisite(s): AC 111 and AC 141.

AC 262 — Multimedia Presentations

3 credits; 3 lecture hours

This course focuses on the planning and preparation of multimedia presentations utilizing new media techniques. Coursework covers presentations suitable for shows, demos, conferences, exhibits, special events, dealer aids, and sales books.

Prerequisite(s): (for Advertising and Marketing Communications students) AC 111 or VP 341.

AC 271 — Audiences and Media

3 credits; 3 lecture hours

This course is designed to provide students with an understanding of the role of media planning and buying in advertising. The course reviews such areas as basic measurement tools and the relationship between marketing and advertising objectives translated into media objectives, strategies, and tactics. Students identify target markets, develop media strategies, and evaluate media alternatives and media-buying approaches.

Prerequisite(s): AC 111.

AC 272 — Research Methods in Integrated Marketing Communications

3 credits; 3 lecture hours

This course examines the current methods and techniques used to evaluate the effectiveness of marketing, advertising, and promotion. The information-gathering process uses both secondary research data and primary sources. Students create a marketing research project using a variety of research techniques.

Prerequisite(s): 3 credits of mathematics.

AC 291 — Campaign Plans and Presentations

3 credits; 3 lecture hours

Advertising and Marketing Communications and Communication Design students use acquired marketing and communications skills to solve an actual industry marketing problem by participating in campaign development from inception to presentation.

Prerequisite(s): approval of chairperson or instructor.

AC 299 — Independent Study in Advertising and Marketing Communications

1-3 credit

Prerequisite(s): a minimum of 3.5 GPA and approval of instructor, chairperson, and dean for Business and Technology.

AC 311 — Integrated Marketing Communications Management

3 credits; 3 lecture hours

For Entrepreneurship and Art History and Museum Professions students. Case study techniques are used to help students develop criteria for evaluating the planning, budgeting, and execution of integrated marketing communications strategies. Emphasis is on management of advertising, public relations, direct marketing, and sales promotions to achieve marketing objectives.

AC 321 — Principles of Public Relations

3 credits; 3 lecture hours

Examines the principles and processes underlying the programming of public relations as a management function of marketing. Attention is directed to the specific requirements of interacting with various publics. Students work with public opinion research data on industry-derived projects and cases to design, plan, and write proposals for publicity and public relations programs.

Prerequisite(s): AC 221.

AC 322 — Publicity/Public Relations for Visual Arts Management

3 credits; 3 lecture hours

Designed for Art History and Museum Professions majors, this course examines public relations as a management function in museums. Students study how public relations is used to further museum goals by examining how it relates to exhibitions, fundraising, and retail operations. Working with public opinion research data, students create press kits and public relations programs.

AC 341 — Magazine Journalism

3 credits; 3 lecture hours

Students develop the editorial and marketing skills needed to succeed in today's fast-paced magazine publishing world by creating a magazine prototype directed at a specialized target audience.

Prerequisite(s): AC 141.

AC 361 — Computer Applications and Interactive Technologies for Marketing Communications

2 credits; 0 lecture and 4 lab hours

Students improve skills in word processing, spreadsheets, desktop publishing, presentations, and internet research through the use of marketing communications case studies. The use of software applications to solve marketing communications problems is explored.

Prerequisite(s): AC 161 or MG 153.

AC 362 — Video Studio Production

3 credits; 2 lecture and 2 lab hours

Through workshop activities, students develop professional studio techniques for video, journalism, and communications. Emphasis is placed on understanding the product process as it pertains to marketing applications. Students work on team assignments in video production. (G6: Arts)

Prerequisite(s): AC 231 or PH 351.

AC 411 — Brand Management

3 credits; 3 lecture hours

Students study the critical elements of brand management--the role of brands and the concept of brand equity--using integrated marketing communications strategies and tactics to build brands. They learn to build brand equity by employing brand elements and leveraging secondary associations through brand extensions, co-branding, and forming strategic alliances with third parties.

Prerequisite(s): AC 321.

AC 412 — Creative Strategies

3 credits; 3 lecture hours

Advertising strategies are developed to solve marketing communications problems and build strong brand identities. Students research industry-derived projects and evaluate relevant market factors to create effective strategies.

Prerequisite(s): AC 231.

AC 413 — Corporate Communications

3 credits; 3 lecture hours

Students develop the skills necessary to create communications that successfully influence an organization's internal and external publics. The course trains students to identify emerging business trends, interpret annual reports and related business documents, and convey business news in a clear, concise style through a variety of business communication and public relations tools.

Prerequisite(s): AC 321, SS 242, and (EN 266, EN 321, EN 362, EN 363, or EN 364).

AC 423 — Special Events Marketing Public Relations

3 credits; 3 lecture hours

Students learn how to integrate special events into a client's marketing communications program. The strategies, planning, and execution of special events are studied using specific cases. Students work with industry clients to produce an event.

Prerequisite(s): AC 321.

AC 424 — Marketing Communications: An International Perspective

4 credits; 4 lecture hours

This course focuses on the principles and processes of the marketing communications industry in England. Through seminars and field experience, students work with marketing communications companies to design, plan, and implement communications programs. Includes an internship experience with the British communications industry. Approximately four weeks in June.

Prerequisite(s): AC 221 and approval of instructor.

AC 425 — Marketing Communications in China

3 credits; 3 lecture hours

A four-week work-study internship course in China. Students attend lectures and seminars and are exposed to the business practices of marketing companies conducting business in China. They assist business executives in planning and executing marketing communications campaigns for various products and services.

Prerequisite(s): A.A.S. degree, and AC 221 or AC 231 or AC 271, and approval of instructor.

AC 461 — Electronic Media Production

3 credits; 2 lecture and 2 lab hours

Technical and creative aspects of electronic media are stressed as students write, direct, edit, and produce trade and consumer videos and commercials. The coursework develops video production capabilities and encourages familiarity with a fully equipped, multi-camera studio. Preproduction and postproduction functions are analyzed and evaluated.

Prerequisite(s): AC 362.

AC 462 — Video Field Production

3 credits; 2 lecture and 2 lab hours

The operation and application of portable video and editing equipment to meet fashion marketing, corporate communications, and broadcast journalism objectives and strategies. Through the hands-on experience of writing, producing, directing, and editing a 5-minute infomercial and a 30-second television commercial, students learn planning, budgeting, and digital postproduction techniques.

Prerequisite(s): AC 362.

AC 471 — Media Planning

3 credits; 3 lecture hours

Examines the relationship between the marketing plan and media planning. This course develops students' understanding of pre- and post-placement media analysis and research. Students develop a media plan utilizing research data and reports from current case histories.

Prerequisite(s): AC 271 and MA 222.

AC 472 — Social Media for Integrated Marketing Communications

3 credits; 3 lecture hours

This course analyzes social media from a marketing communications strategy perspective, and examines the new media landscape where traditional and social media co-exist. Students learn how social media strategies can be used effectively in marketing communications programs, what social media platforms should/should not be used, how to build engagement and how to measure, track and evaluate performance and effectiveness.

Prerequisite(s): AC 321 and DM 435.

AC 499 — Independent Study in Advertising and Marketing Communications

1-3 credit

Prerequisite(s): a minimum of 3.5 GPA and approval of instructor, chairperson, and dean for Business and Technology.

AD: Advertising Design

AD 203 — Advertising Design and Layout

2 credits; 1 lecture and 2 lab hours

For Photography students. Application of design principles to photographic layout problems, in black and white and color, utilizing the student's own photographs.

AD 216 — Foundation in Advertising Design

2 credits; 1 lecture and 2 lab hours

This course introduces students to the field of advertising design. Students are presented with advertising problems and develop appropriate solutions that are original, unexpected, and memorable.

Prerequisite(s): (for two-year Communication Design Foundation students) CD 215, CD 232, and CD 273

Co-requisite(s): (for one-year Communication Design Foundation students) PK 216.

AD 315 — Advertising Art Direction and Design I

3 credits; 6 lab hours

Students explore the relationship of art direction and design in conceiving and communicating a message for an integrated advertising and branding campaign. They use art direction skills such as critical thinking, conceiving, and problem solving to communicate a brand message and use design to convey that message.

Prerequisite(s): AD 381.

AD 364 — Digital Media Advertising

2 credits; 1 lecture and 2 lab hours

This course focuses on the new creative partnership in the field of advertising -- the interdisciplinary creative team. Students participate in a client pitch competition for a brand that is aimed toward an audience that was raised in a digital world and reached through the internet, and that utilizes various social media and other entertainment and communications options.

Prerequisite(s): AD 216.

AD 381 — Advertising Concept Development I: Creative Principles

3 credits; 1 lecture and 5 lab hours

This course provides an introduction to the principles of creative advertising with an emphasis on conceptual thinking. It explores the legacy and history of the Advertising Creative Revolution from the early 1960s to today's Digital Creative Evolution that highlights the important role of the creative technologist and the call for a bigger idea.

Prerequisite(s): CD 217 or CD 216

Corequisite(s): CT 371.

AD 382 — Advertising Concept Development II

2 credits; 1 lecture and 2 lab hours

Students create outstanding and provocative advertising and refine their strategic thinking, art direction, copywriting, and execution abilities. With an emphasis on visual and verbal ideas, students work as a creative team to fully integrate art and copy.

Prerequisite(s): AD 381.

AD 383 — Communications Strategy Planning and Brand Campaigns

2 credits; 1 lecture and 2 lab hours

Students develop a strategy plan through research on target audience, customer satisfaction, competition, brand, marketplace, and the perception of prospects. Working from their creative brief, they develop an integrated brand campaign. (G6: Arts)

Corequisite(s): AD 381.

AD 415 — Advertising Art Direction and Design II

1.5 credits; 3 lab hours

Students further develop their art direction skills by deepening their understanding of creative advertising principles and strategies to communicate a brand message with a sound idea. They execute that idea with a more disciplined understanding of how each design decision makes that message more vivid.

Prerequisite(s): AD 315.

AD 442 — TV Studio/TV Ad Concepts

3.5 credits; 1 lecture and 5 lab hours

From concept to broadcast, this course offers students the hands-on experience of making a 30-second television spot.

Prerequisite(s): AD 382.

AD 464 — Senior Portfolio Design

1.5 credits; 3 lab hours

Students prepare cohesive portfolios, reflecting their own individual design aesthetic, in preparation for careers in graphic and/or advertising design.

Prerequisite(s): AD 494 and (for Graphic Design students) GD 411.

AD 466 — Advertising Design Senior Portfolio

2 credits; 3 lab hours

Students prepare cohesive portfolios for their advertising internships, and prepare for interviews and networking opportunities.

Prerequisite(s): AD 315.

AD 467 — Advertising Professional Preparation

2 credits; 3 lab hours

This course prepares advertising design students for entry into the advertising profession. Students develop resumes, cover letters, personal presentations, and portfolios, as well as specific materials required for the industry such as agreement letters, invoices, and estimates.

Prerequisite(s): AD 466.

AD 481 — Art Direction

1.5 credits; 3 lab hours

Development from concept to design of highly finished comprehensives. The role of the art director is considered, including time management, production procedures, and working with photographers, illustrators, and other industry suppliers.

Prerequisite(s): AD 383 and CD 372.

AD 482 — Advertising Concept Development III: TV and Video

3 credits; 6 lab hours

Simulating the actual stages in developing advertising for TV and the web, students participate in the process of concept development, storyboard creation, completion of preproduction books, production, and postproduction with professional editing software.

Prerequisite(s): AD 382.

AD 491 — Internship

4 credits

A 12-week internship in the field, scheduled individually for a minimum of 168 hours at the worksite and 12 hours on campus. Provides follow-up review and assessment of the work experience through instructor/student conferences.

Prerequisite(s): AD 466 or AD 494.

AD 494 — Senior Design Project Research

3 credits; 3 lecture hours

A comprehensive study of the research methodology needed to write a thesis, including collecting and analyzing data. This thesis will become the basis for the Senior Design Project the following semester.

Prerequisite(s): EN 322 and (CT 372 or CD 372).

AD 495 — Senior Design Project

3 credits; 6 lab hours

In an independent study format, analyze, organize, and execute a senior design project resulting from the senior design project research paper completed in the prior semester. Format provides further opportunity to develop personal voice and communicate original visual messages.

Prerequisite(s): AD 494 and (for Graphic Design students) GD 411.

AD 496 — Advanced Advertising Design Workshop

3 credits; 6 lab hours

Entries for national and international student design competitions are produced, resulting in exposure to the design and advertising industries. In addition, actual advertising design projects presented by clients are introduced, affording the opportunity for client contact and creation of professionally produced material for a portfolio.

Prerequisite(s): CD 372.

AD 497 — Advertising Student Competition

2 credits; 3 lab hours

This course focuses on advertising-related student competitions, both national and international. Submissions consist of work in different advertising media channels, with real timelines and briefings.

Prerequisite(s): AD 482.

AD 498 — Advertising Design Senior Project

3 credits; 6 lab hours

In an independent study format, students use the thesis they developed in AD 494 as background research to prepare a communications strategy plan for a brand of their choice. They then execute a senior design project of an integrated brand campaign incorporating three media channels.

Prerequisite(s): AD 494.

AF: Fashion Design (See also AP, AR, DP, FD, FF, TL)

AF 299 — Independent Study in Fashion Design

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

AF 341 — Costume Design for the Performing Arts

2.5 credits; 1 lecture and 3 lab hours

Limited to baccalaureate-level students or with approval of department chair. Application of skills to theatrical production design. Through analysis of live theater, films, and videos, create costume plots and color compositions and learn research techniques, costume painting, and accessory construction.

AF 412 — Ethnic Fashions: Resources and Applications

2.5 credits; 2 lecture and 1 lab hours

Survey of ethnic fashions from archaic to contemporary periods, encompassing American Indian, Mesoamerican, Asian, African, and European folk cultures. Slides and actual costumes familiarize students with basic shapes, colors, symbols, patterns, and texture in ethnic costume and serve as inspiration in developing sketches for contemporary fashions.

Prerequisite(s): FF 111 and FF 221.

AF 499 — Independent Study in Fashion Design

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

AP: Fashion Design–Apparel (See also AF, AR, DP, FD, FF, TL)

AP 144 — Outerwear and Performance Apparel Sewing Techniques

2.5 credits; 1 lecture and 3 lab hours

Produce outerwear garments in a sample-room setting using construction techniques specific to the outerwear and performance apparel market. Special focus is on the use of technically enhanced fabrics and protective design details in the construction of rainwear, urban outerwear, skiwear, and fishing, hiking, and boating apparel.

Prerequisite(s): DP 111 or FD 131 or TL 111 or MW 141 or approval of program advisor.

AP 222 — Computer-Aided Flat Pattern Design

1 credit; 2 lab hours

Through hands-on experience, learn computer-aided design for patternmaking and understand its creative potential.

Prerequisite(s): FD 121.

AP 223 — Advanced Computer-Aided Flat Pattern Design

2 credits; 1 lecture and 2 lab hours

Learn advanced features and capabilities of computer-aided design using the Lectra Modaris pattern design software. Using CAD, re-create the pattern designer's traditional working environment by translating original ideas to the computer, digitizing and modifying designs, plotting out design creations, and managing the file information.

Prerequisite(s): AP 222 or approval of chairperson.

AP 241 — Leather Apparel Design Room Techniques

2.5 credits; 1 lecture and 3 lab hours

Teaches construction, processing, finishing, and decorative techniques for making men's or women's leather garments. Learn about the leather apparel industry, resources, and suppliers.

Prerequisite(s): MW 141 or FD 131.

AP 242 — Haute Couture Sewing Techniques

2.5 credits; 1 lecture and 3 lab hours

The sewing techniques practiced in the finest haute couture ateliers around the world are introduced and provide the basis for understanding couture. Learn couture techniques in cutting, hand stitching, seam and hem finishes, pocket construction, pressing, and finishing.

Prerequisite(s): DP 111 or FD 131 or TL 111 or approval of program advisor.

AP 243 — Haute Couture Decorative Techniques and Embellishments

2.5 credits; 1 lecture and 3 lab hours

Expands knowledge of the couture by exploring various decorative techniques. Learn how to hand bead and apply rocailles, sequins, pearls, and faux gems on different types of fabrics. Create embellishments such as flowers and frog closures from fabric and ribbons, hand embroider original designs, and learn the arts of quilting, cartridge pleating, and trapunto.

Prerequisite(s): AP 242 or approval of chairperson.

AP 244 — Haute Couture Construction and Technology

2.5 credits; 1 lecture and 3 lab hours

Apply couture sewing methodology and construct a skirt and jacket in order to understand the fitting process, couture fabric selection, proper cutting procedures, and inner construction methods.

Prerequisite(s): AP 242.

AP 253 — Leather Apparel Design

2.5 credits; 1 lecture and 3 lab hours

Study the use of leather, suede, and other animal skins and apply these materials to the design principles exclusive to creating men's and women's apparel. Develop original designs utilizing draping and flat pattern industrial methods.

Prerequisite(s): FD 112 and FD 221 and (AP 241 or MW 232).

AP 265 — Hand-Knit Design

2 credits; 1 lecture and 2 lab hours

Preparation for using hand-knitting machines to create original ideas for knitted fabrics and garments. Emphasizes using various stitch patterns and different textured yarns and colors to achieve new fabric textures.

AP 275 — Haute Couture Apparel Design

3 credits; 0 lecture and 6 lab hours

Apply knowledge of the couture to design, drape, fit, and construct a mini-collection for a particular target market. Develop styles and images through fabric sourcing, market research, and inspirational research.

Prerequisite(s): (DP 212 or FD 112) and AP 243 and AP 244.

AP 281 — Outerwear Apparel Design

2.5 credits; 1 lecture and 3 lab hours

Drawing on market research and trend services, create original men's and women's traditional, urban, or casual outerwear designs with a focus on the technical, functional, and aesthetic needs of the end user.

Prerequisite(s): (AP 144 and TS 171) and (FD 112 or FD 221 or DP 211 or MW 232).

AP 282 — Performance Apparel Design

2.5 credits; 1 lecture and 3 lab hours

Create performance apparel based on the principles of human physiology in extreme movement, and build on the technical and aesthetic needs of the serious outdoor sports enthusiast. Conduct market research and employ forecast services to develop designs.

Prerequisite(s): (AP 144 and TS 171) and (FD 112 or FD 221 or DP 211 or MW 232).

AP 322 — Apparel Product Data Management

2 credits; 1 lecture and 2 lab hours

Apply principles of product data management using web-based software. Emphasizes creating garment information and specifications at different stages of development from design to costing to manufacture. Execute style packages and line plans for sample development.

Prerequisite(s): AP 222 or PM 221 or approval of program advisor.

AP 337 — Primavision Apparel Design Development

2 credits; 1 lecture and 2 lab hours

Gain knowledge of technical line development and execution through the study and use of the software program Primavision, by Lectra Systems. Original concepts are translated into technical design factory packages ready for sample development. Emphasis is on specifications and construction details involved in woven and knit fabric development.

Prerequisite(s): FD 353 or approval of chairperson.

AP 351 — Experiencing Style

2 credits; 1 lecture and 2 lab hours

Photography students learn about the factors that influence the design and presentation of a collection. Working with Fashion Design students, they study the importance of the market, branding, trends, and the structure of the design house.

Prerequisite(s): PH 371.

AP 412 — AMERICAN COUTURE FASHION

4 credits; 1 lecture and 6 lab hours

Examines the fundamentals of couture and expensive ready-to-wear garments. Create one finished garment and two completely sewn garments in muslin, resulting in a coordinated toile mini collection using special techniques and fabrics characteristic of this market.

AP 421 — Computerized Pattern Design

2 credits; 1 lecture and 2 lab hours

Introduction to the operation of Gerber computer and Gerber pattern design system and development of abilities to efficiently create original ideas by computer. Includes discussion of hardware and patternmaking program.

Prerequisite(s): AP 222 and AR 213.

AP 422 — Advanced Computerized Pattern Design: Gerber AccuMark

2 credits; 1 lecture and 2 lab hours

Using software tools designed for advanced pattern design techniques, increase pattern design capabilities and learn how to combine computer automation with design tools for advanced pattern development.

Prerequisite(s): AP 421.

AR: Fashion Design–Art (See also AF, AP, DP, FD, FF, TL)

AR 101 — Fashion Art and Design

1.5 credits; 1 lecture and 1 lab hour

For Fashion Merchandising Management and Textile Development and Marketing students. Studies basic proportions of the fashion figure, garment details and terminology, and principles of color. (G6: Arts).

AR 115 — Introduction to CAD Software for Fashion Designers

2 credits; 1 lecture and 2 lab hours

Acquire basic knowledge and hands-on experience with software applications typically used by designers in the fashion industry. Develop the computer skills needed to create original designs in various formats.

AR 152 — Leather Apparel Portfolio

2.5 credits; 1 lecture and 3 lab hours

Use basic drawing and computer skills to communicate design concepts and develop a digital portfolio of men's or women's leather apparel.

AR 182 — Flats and Specs for the Fashion Industry

1.5 credits; 1 lecture and 1 lab hour

Introduces the concept of sketching designs and actual garments in the flat format rather than on the fashion figure. Emphasizes developing flat sketches used for spec sheets, presentation and storyboards, designing and merchandising a line, and record keeping.

Prerequisite(s): AR 101 or approval of Fashion Design–Art assistant chairperson.

AR 213 — Introduction to Computerized Fashion Design

1 credit; 2 lab hours

Conceptualize fashion design ideas and create original artwork using the computer as a design tool. Prerequisite(s): FF 112.

AR 214 — Fashion Design Using Photoshop

2 credits; 1 lecture and 2 lab hours

Using Adobe Photoshop, focus on sketching, color stories, line planning, silhouette, and fabric design in order to establish fashion design principles through digital line design development techniques. Includes analysis and interpretation of customer/category research.

Prerequisite(s): (AR 115 or AR 213) and AR 101, or approval of Fashion Design–Art assistant chairperson.

AR 215 — Fashion Design Using Illustrator

2 credits; 1 lecture and 2 lab hours

Use Adobe Illustrator to learn the fundamental and advanced techniques specific to fashion design. Aspects of drawing flats and garment details and working with images and color are addressed. Build fabric and trim libraries and create stitch effects and/or repeat prints.

Prerequisite(s): (AR 115 or AR 213) and AR 101, or approval of Fashion Design–Art assistant chairperson.

AR 216 — Fashion Design Using Primavision and Colour Matters

2 credits; 1 lecture and 2 lab hours

Master the use of Primavision and Colour Matters, CAD systems used extensively in the fashion industry, in order to create digital presentation boards, fashion graphics, woven and print designs, and flat garment sketches. Emphasis is on CAD usage within an art and design studio environment.

Prerequisite(s): (AR 115 or AR 213) and AR 101, or approval of Fashion Design–Art assistant chairperson.

AR 245 — Digital Fashion Design Portfolio

2 credits; 1 lecture and 2 lab hours

Selecting specializations and creating mini-collections, students produce professional digital portfolios using Adobe Photoshop, Adobe Illustrator, Colour Matters, and Primavision CAD applications.

Prerequisite(s): AR 214, AR 215 and AR 216 or approval of Fashion Design-Art assistant chairperson.

AR 291 — Outerwear and Performance Apparel Design Portfolio

2.5 credits; 1 lecture and 3 lab hours

Create product, spec sheets, and storyboards for various segments of the men's and women's outerwear and performance apparel industry in order to develop digital portfolios focusing on a particular market. Forecast and track trends, study licensing issues, and explore graphic design as it relates to logos and branding.

Prerequisite(s): (FF 111 or MW 151), (CG 211 or PH 272), and TS 171.

AR 292 — Haute Couture Portfolio

2.5 credits; 1 lecture and 3 lab hours

Study the muscular and skeletal functions of the human body and their relationships to the design and creation of haute couture apparel, visualizing how anatomy and aesthetics form the basis of designing a haute couture collection. Become proficient in the translation of ideas via the fashion design sketch and further develop a personal drawing style.

Prerequisite(s): FF 211 or approval of Fashion Design-Art assistant chairperson.

AR 301 — Fashion Art for Textile Designers

2 credits; 1 lecture and 2 lab hours

For baccalaureate-level Textile/Surface Design students. The basics of figure drawing and sketching in various media are presented. Students create original fashion designs using their own textile designs.

AR 311 — Sketching for Fashion Designers

2 credits; 4 lab hours

Draw garments as they appear on models and study clothing in relationship to the body. Large, half-size, petite, and junior-size figures are featured to study proportions used in the industry.

BE: Business Enterprise

BE 261 — Starting a Small Business

3 credits; 3 lecture hours

Investigates the problems and challenges of opening and managing a small business. Emphasis is placed on analysis of financial statements and on developing a business plan.

BE 402 — The Business of Illustration

1 credit; 1 lecture hour

Students learn the business side of an illustration career. Potential markets for illustration are examined, marketing techniques are explored, and legal issues are studied. Key aspects of financial management, including record keeping and tax planning, are covered.

BE 403 — The Artist in the Marketplace

3 credits; 3 lecture hours

Basic business practices relevant to fine artists are presented. Issues in intellectual property and contract law are discussed. Students research potential markets for fine arts and explore pertinent marketing techniques.

BE 404 — Business for Visual Presentation

2 credits; 2 lecture hours

This course is an introduction to key business principles for Visual Presentation and Exhibition Design majors. Topics covered include work scenarios, freelancing, contract work, and subcontract work. Students are introduced to the important legal issues associated with establishing a sole proprietorship, limited liability company, or partnership.

BL: Business Law

BL 201 — Business Law for the Artist

3 credits; 3 lecture hours

Informs the visual artist of useful legal knowledge and practical principles of business. Emphasis is placed on the needs of illustrators, textile designers, advertising artists, sculptors, and painters.

BL 343 — Introduction to Business Law

3 credits; 3 lecture hours

An introduction to basic legal principles relating to branches of commercial law, with special emphasis upon the laws of contracts, sales, agency, and other areas relevant to the career aspirations of fashion industry students.

BT: Business and Technology Studies

BT 499 — Independent Study in Business and Technology Studies

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Business and Technology.

CD: Communication Design Foundation

CD 113 — Three-Dimensional Design

1.5 credits; 3 lab hours

Introduces design in three dimensions by developing form through the joining of planes. Techniques with board and paper are stressed. (G6: Arts).

CD 115 — Design Studio I

3 credits; 6 lab hours

Through assignments primarily executed in black and white, students develop an understanding and appreciation of the possibilities of the design vocabulary. Assemblage and paper construction are introduced to assist in the development of hand skills. (G6: Arts).

CD 116 — Design Studio Intensive I

3 credits; 6 lab hours

For one-year Communication Design Foundation students. Through a series of hands-on construction projects, students translate the concepts of point, line, plane, and form into two- and three-dimensional designs. They learn the possibilities of design vocabulary, execute various drawing and painting exercises, and develop hand skills.

CD 122 — Digital Layout I

2 credits; 1 lecture and 2 lab hours

Traditional studio skills, typography, and computer techniques are explored in order to create printed pieces using InDesign. Students learn to plan and produce files for printing.

CD 123 — Basic Bookbinding

1.5 credits; 3 lab hours

Students work hands-on to create book structures. Different bookbinding methods are explored, such as non-adhesive structures, accordions, and case-bound books, with an emphasis on craft and the proper use of materials.

CD 124 — Vector Graphics

2 credits; 1 lecture and 2 lab hours

This course offers a basic overview of Adobe Illustrator, InDesign, and some Photoshop, with an emphasis on the basic technical aspects of each software program and how they can be used together. Students are also introduced to FIT's online resources and printing capabilities.

CD 126 — Digital Graphics Intensive I

2 credits; 4 lab hours

For one-year Communication Design Foundation students. This course is an in-depth overview of Adobe Illustrator and InDesign, basic Photoshop, and an introduction to FIT online, labs and printing resources. Emphasis is on the technical aspects of each program and use of these programs in tandem.

CD 134 — Capturing Creativity

2 credits; 1 lecture and 2 lab hours

Students document their experience, developing ideas and questions, with an emphasis on writing, drawing, and critical evaluation.

CD 173 — Typography I

2 credits; 1 lecture and 2 lab hours

In this introductory course, students understand the principles of typography and how to use it effectively in their design work. Visual and technical aspects of typography and its history are explored.

CD 201 — Computer Typesetting and Design

2 credits; 1 lecture and 2 lab hours

Introduces the Macintosh computer system as a typesetting and graphic design tool. Through hands-on experience, students develop a working knowledge of hardware and software applications.

CD 215 — Design Studio II

3 credits; 6 lab hours

Using the same design language introduced in CD 115, this class focuses on three-dimensional explorations. Through a series of projects with multiple components, students learn how design influences perception and the interrelationship between visual messages and craft.

Prerequisite(s): CD 115, CD 134, and CD 173.

CD 216 — Design Studio Intensive II

3 credits; 6 lab hours

For one-year Communication Design Foundation students. Students learn how design influences perception by exploring the concepts of scale and dimension through modelmaking and drawing. They participate in a capstone group project that incorporates interdisciplinary principles emphasizing creative, conceptual, and professional development, which is presented to faculty and industry professionals.

Prerequisite(s): CD 116 and CD 173.

CD 217 — Capstone Design Studio

3 credits; 6 lab hours

This capstone course emphasizes creative, conceptual, and professional development through research, concept development, and a final project with a formal presentation to faculty and industry professionals.

Prerequisite(s): AD 216, DE 216, GD 216, and PK 216.

CD 222 — Digital Layout II

2 credits; 1 lecture and 2 lab hours

This course is a continuation of CD 122. Using InDesign, students master the essential elements of design, typography, and image control, including color separations and printing.

Prerequisite(s): CD 122.

CD 223 — Introduction to InDesign

2 credits; 1 lecture and 2 lab hours

Using the Adobe InDesign page layout program, students master the essential elements of design, typography, and image control, and learn to integrate other Adobe applications to enhance their designs.

CD 224 — Bitmap Imagery

2 credits; 1 lecture and 2 lab hours

Students explore digital imaging techniques using Adobe Photoshop to create sophisticated composite imagery. Emphasis is on image manipulation, proper scanning, color modes, color correction, pixel dimensions, and output for web and print.

Prerequisite(s): CD 124.

CD 225 — Introduction to Digital Layout Design

2 credits; 1 lecture and 2 lab hours

This course provides an overview of InDesign and its use in the industry. Emphasis is placed on its features and functions, including typography, page layout, image control, and file preparation.

Prerequisite(s): CD 124.

CD 226 — Digital Graphics Intensive II

2 credits; 4 lab hours

For one-year Communication Design Foundation students. This course introduces the essential techniques of Adobe Photoshop and builds upon CD 126 by utilizing InDesign skills at an advanced level. Focus includes image manipulation using Photoshop and other applications in tandem.

Emphasis is on image adjustments and refinements, images in layouts with typography, file preparation and output to multiple platforms.

Prerequisite(s): CD 126.

CD 232 — Visual Language

2 credits; 1 lecture and 2 lab hours

Students learn to create graphic images and symbols that communicate ideas and expand their graphic vocabulary. Students analyze visual messages and interpret and create meaningful ideas.

Prerequisite(s): CD 235.

CD 234 — Color Studies

2 credits; 1 lecture and 2 lab hours

Students develop a thorough understanding of color and color theory, exploring all aspects of color that pertain to paint, light, print, and digital displays. Also addressed are general principles, terminologies, and digital color management.

CD 235 — Design History

3 credits; 3 lecture hours

This course brings a historical perspective to the design experience, introducing concepts, movements, artists, and technologies that have shaped and changed design. Students undertake analysis and research, collect imagery, and write effectively about design.

CD 251 — Digital Imagery

1.5 credits; 3 lab hours

Introduces digital imagery and its tools and techniques. Using Adobe Photoshop, students work with layers to build intricate visual composites containing multiple images, textures, and transparencies, resulting in practical design solutions.

CD 261 — Portfolio Development

1.5 credits; 3 lab hours

For nondegree students seeking to create Communication Design, Advertising Design, Graphic Design, Packaging Design, or Visual Presentation and Exhibition Design portfolios. Students build and define their portfolios to a level that is appropriate to their objectives, including college degree program admission or professional employment or advancement. In addition to portfolios, the course includes analysis of student's goals and writing and design of resumes and business cards.

CD 271 — Designing with Type

1.5 credits; 3 lab hours

Concentrates on solving design problems through the use of type and letter forms. Emphasizes rendering in a variety of media.

CD 272 — Advanced Computer Drawing and Typography

2 credits; 1 lecture and 2 lab hours

This course builds upon the knowledge and skills acquired in CD 172. Emphasis is placed on advanced concepts of drawing and layout through the use of computer-drawn images and typography. Students create three-dimensional images from two-dimensional designs and prepare and optimize vector-based files for print and screen-based presentation.

CD 273 — Typography II

2 credits; 1 lecture and 2 lab hours

Students deepen their knowledge of typography through practical and experimental typographic design exercises. A variety of ways of understanding the expressive nature of letterforms and typographic design are explored.

Prerequisite(s): CD 173.

CD 322 — Design Process Technology

2 credits; 1 lecture and 2 lab hours

Students explore grid systems that will assist in processing more complex typographic information. Students increase composition skills and typographic knowledge.

Prerequisite(s): CD 225 or CD 226.

CD 351 — Creating an Illustration Portfolio for the Web

2 credits; 1 lecture and 2 lab hours

Students are introduced to a basic level of web design and production. Students learn the fundamentals of website layout, navigation, and various ways to develop a web grid using software such as Dreamweaver. The goal is to develop a site structure that houses the student's portfolio.

Prerequisite(s): IL 125.

CD 361 — Professional Practices

2 credits; 2 lecture hours

Future designers and art directors explore the business side of their professions by learning how to develop professional relationships; understand contracts and other business documents; negotiate, estimate, and determine fees; start, manage, and market a business; and address ethical and legal issues.

CD 371 — Advanced Typography I

1.5 credits; 3 lab hours

Explores solutions to advanced typographical problems involving typographic origins, forms, and communication. Both hand and computerized typography are developed.

Prerequisite(s): CD 216 or CD 217.

CD 372 — Advanced Typography II

1.5 credits; 3 lab hours

This course presents a comprehensive study of typographic applications and principles of text, grids, ligatures, and letterform development.

Prerequisite(s): CD 371.

CD 373 — The Convergence of Type and Image

2 credits; 1 lecture and 2 lab hours

Photography students learn to combine typography and photographic imagery to create promotional materials for a photography exhibit. Adobe InDesign is used.

Prerequisite(s): PH 274.

CD 441 — Broadcast Design

2 credits; 1 lecture and 2 lab hours

This course guides students through the process of creating successful time-based design projects, which may be disseminated or broadcast via digital networks. The concept of incorporating motion, sound, and interactivity is introduced and experimentation with nontraditional design solutions is encouraged.

Prerequisite(s): GD 244.

CD 442 — Senior 3D Presentation Design

1.5 credits; 3 lab hours

Students explore the creative process specific to exhibition design in three dimensions. Using three-dimensional graphic design, multimedia, and audiovisuals, they design a custom system as a communications tool.

Prerequisite(s): AD 494.

CG: Computer Graphics

CG 111 — Survey of Computer Graphics

1 credit; 1 lecture hour

Students are exposed to a broad array of software environments and concepts that they may encounter in real-world collaborative environments as well as higher-level courses. This course is suggested as a companion to first-level computer-based studio courses.

CG 121 — Applications for Social Media

2 credits; 1 lecture and 2 lab hours

Students explore the tools and applications of social media and the implications of their use. Best practices and supporting research are also addressed, as well as the dynamics of group collaboration, experienced through class projects and online collaboration tools.

CG 211 — Computer-Assisted Design

2 credits; 1 lecture and 2 lab hours

Paint- and image-processing software (Photoshop) is used as an artist's tool to solve basic design problems and create original, innovative work. Emphasis is on exploring the visual elements inherent in good design.

CG 212 — Introduction to 3D Computer Modeling

2 credits; 1 lecture and 2 lab hours

The theory and concepts needed to understand and construct 3D models are introduced. Focus is on acquiring the techniques used to create 3D models and how to apply real-world effects to their work through material application and lighting. Software: 3ds Max.

Prerequisite(s): CG 211 or PH 272 or IL 125 or CD 251.

CG 213 — 2D Computer Animation

2 credits; 1 lecture and 2 lab hours

Focus is on 2D animation, design, compositing, and production issues using Adobe Photoshop and After Effects applications.

Prerequisite(s): CG 211 or IL 125 or PH 272 or CD 251.

CG 214 — Web Page Construction

1.5 credits; 1 lecture and 1 lab hour

Students learn to construct and implement web pages, from content creation through production. Current HTML and state-of-the-art graphical web designing software, such as Dreamweaver, is discussed, demonstrated, and used to create deliverable web pages.

Prerequisite(s): CG 111 or PH 114 or TD 111, or approval of chairperson.

CG 215 — Web Page Construction II

2 credits; 1 lecture and 2 lab hours

Students use styles (CSS--cascading style sheets) to create enhanced web pages. Other DHTML tools such as JavaScript are introduced in order to produce dynamic websites. Students must have working knowledge of HTML.

Prerequisite(s): CG 214 or approval of instructor.

CG 221 — Design and Authoring for Interactive Media I

2 credits; 1 lecture and 2 lab hours

Introduction to designing for interactive media using Flash, ActionScript and other current scripting languages to produce finished projects, including websites, games, and animation for various delivery media including mobile devices. Importing various kinds of graphics, video, animation, special effects, and sound is explored.

Prerequisite(s): CG 111.

CG 223 — Digital Literacy For Designers (Interdisciplinary)

2.5 credits; 2 lecture and 1 lab hours

This is an interdisciplinary course cross-listed with FD 223. This course examines the concept of digital literacy through the lens of Art and Design. The course framework supports the development of critical and self-reflective skills, necessary components of ethical and socially responsible behavior in online environments. Students create content in a variety of forms, making use of new digital tools to support knowledge creation in a socially networked world. They work collaboratively to improve the civic life of their community, and understand that digital literacy is a core competency in the digital age.

CG 224 — Programming for Artists

2 credits; 1 lecture and 2 lab hours

Introduction to computer programming for designers and artists using Processing, an open-source programming language. Students with no prior experience will learn to write their own programs using the perspective of graphics and interactions to master basic programming concepts.

Examples will be shared that highlight the increasing interaction between programming and real-world art and design projects.

CG 241 — Character Animation

2 credits; 1 lecture and 2 lab hours

Introduction to designing character animation using Adobe Flash and other appropriate software as needed (such as Photoshop, Illustrator, After Effects and Premiere) to produce finished animation for the web, games, broadcast, and various other delivery media. Students must have proficiency in high-level graphics software, e.g. Photoshop.

CG 251 — Digital Editing for Film and Video

2 credits; 1 lecture and 2 lab hours

The concepts involved in editing video and animation are explored with an emphasis on telling a story through the editing process. Students learn how to assemble audio and video elements and gain studio experience in managing media assets, nested timelines, and basic workflow procedures. Use stock footage or provide own camera.

Prerequisite(s): CG 111 or PH 114, or approval of chairperson.

CG 299 — Independent Study in Computer Graphics

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

CG 311 — 2D Computer Image Generation

2 credits; 1 lecture and 2 lab hours

This advanced image-processing course builds on concepts introduced in previous courses. Sophisticated tools are explored and applied in individual projects. Software: Adobe Photoshop.

Prerequisite(s): CG 211 or IL 125 or PH 272 or approval of instructor.

CG 312 — 3D Computer Modeling and Rendering

2 credits; 1 lecture and 2 lab hours

This course focuses on building 3D models for use in 3D animation. Students explore standard and advanced construction and rendering techniques as they complete assignments and creative projects. Software: 3ds Max.

Prerequisite(s): CG 212.

CG 313 — Motion Graphics Production Using Adobe After Effects

2 credits; 1 lecture and 2 lab hours

This intermediate course introduces the theories, techniques, and production practices of motion graphics. It includes the integration of design, photo imaging, graphics, sound, video, and animation, primarily using Adobe After Effects. The focus is on motion as a visual narrative.

Prerequisite(s): CG 213 or equivalent and intermediate Photoshop skills.

CG 314 — Programming Concepts

2 credits; 1 lecture and 2 lab hours

Languages used in computer graphics and interactive design, including websites, are presented, with emphasis on current scripting languages. JavaScript (or other current language) is used to present concepts such as variables, objects, properties, data flow, and control. Techniques such as interactive button rollovers, cycling banners, and animations, as well as logic flow and project management, are explored.

CG 321 — Design and Authoring for Interactive Media II

2 credits; 1 lecture and 2 lab hours

Advanced concepts for interaction design are explored, using such current software as the Adobe suite of programs, including Flash and ActionScript. Planning and scripting are emphasized, as well as consideration of overall graphic, sound, and human interface design, to produce Flash projects for the web or stand-alone projects.

Prerequisite(s): CG 221.

CG 322 — Interface Design

2 credits; 1 lecture and 2 lab hours

This in-depth study of the field of interaction design and the concepts of user interface design focuses on principles that are central to creating usable applications and effective, intuitive, friendly, and consistent graphical interfaces.

Prerequisite(s): CG 321.

CG 341 — 3D Modeling and Animation

2 credits; 1 lecture and 2 lab hours

Focusing on the creative process involved in constructing and animating 3D models, students explore the fundamental techniques for lighting and composing models and adding shaders to produce a specific mood, feeling, or expression.

Prerequisite(s): CG 212 or approval of chairperson

Co-requisite(s): CG 346.

CG 342 — Advanced 3D Computer Modeling

2 credits; 1 lecture and 2 lab hours

Students focus on techniques for planning and executing complex models, particularly animation-ready biomorphic characters. Analysis of the numerous variables that affect how successfully a model will perform in production provides a solid foundation for students to begin building 3D characters and preparing them for 3D animation.

Prerequisite(s): CG 341.

CG 344 — History of Animation

3 credits; 3 lecture hours

Students examine the work of pioneering contributions to the moving image on film that led to the invention of film animation techniques. The history of traditional animation and visual effects puts modern computer animation techniques in a larger historical context. Early inventions and innovations by magicians and artists prior to the 20th century are studied.

CG 345 — 3D Computer Animation

2 credits; 1 lecture and 2 lab hours

The fundamental building blocks of 3D animation are examined, and the traditional animation principles as they apply to computer animation are studied. Students learn to analyze motion and the devices of anticipation, reaction, overlapping motion, and squash-and-stretch to add clarity and strength to sequences.

Prerequisite(s): CG 341, CG 346, and CG 351.

CG 346 — Principles of Animation I

2 credits; 3 lab hours

Through a series of short projects using 2D animation software and a digitizing tablet, students learn how to apply the classical Disney principles of animation to their work. All phases of animation production are covered, with ongoing discussion and analysis of the work in progress. Students critique, refine, and improve the resulting animations.

Prerequisite(s): CG 212

Co-requisite(s): CG 351 and IL 302.

CG 351 — Storyboarding and Storytelling

2 credits; 1 lecture and 2 lab hours

Students create stories for animation by taking the first step: organizing their images in a sequence to create a storyboard. They learn the importance of the storyboard and script in planning a character animation and focus on the conceptual development of an expressive animated short.

Prerequisite(s): CG 213 or approval of chairperson

Co-requisite(s): CG 346 or approval of chairperson.

CG 352 — Music and Sound Design

2 credits; 1 lecture and 2 lab hours

Students learn to generate, manipulate, edit, and integrate sound into animation, video, and interactive projects using appropriate hardware and software. They plan and complete projects that incorporate sound as an integral part of the process.

Prerequisite(s): CG 321

Co-requisite(s): CG 345.

CG 353 — Motion Graphics

2 credits; 1 lecture and 2 lab hours

This course provides a range of experiences with 2D motion graphics as it applies to the commercial and post-production industries as well as topics important to 3D compositing and Effects work. Adobe After Effects is the primary software used, though other Adobe Creative Suite programs may also be utilized.

Prerequisite(s): CG 321 and CG 341

Co-requisite(s): CG 345 and CG 352.

CG 421 — Interactive Project Design

2 credits; 1 lecture and 2 lab hours

This course covers state-of-the-art visual concepts for interactive project design using various media and delivery systems. Good user interface design and top-down design are emphasized through group projects.

Prerequisite(s): CG 322.

CG 422 — Interactive Production

3 credits; 1 lecture and 4 lab hours

In a simulated real-world production environment, students design and produce a project for various delivery media. Constraints such as budget, schedule, choice of tools, revisions, scaling down, and tracking the process of development are considered.

Prerequisite(s): CG 421.

CG 441 — Advanced 3D Animation

3 credits; 2 lecture and 2 lab hours

A full investigation of the potential of the keyframer and related 3D animation issues is covered. Techniques related to subtle animation control and animation rendering, including compositing, inverse kinematics, advanced morphing, special effects, and an in-depth analysis of lighting and camera, are discussed. Students plan and execute related projects.

Prerequisite(s): CG 342 and CG 345

Co-requisite(s): CG 451.

CG 442 — Animation Production

2 credits; 1 lecture and 2 lab hours

The methodologies and problem-solving techniques used by the 3D animator in a production environment are presented. Storyboarding, task assignments, and fully modular project designs are completed. Topics include advanced storyboard synchronization, detailed camera cut/movement planning, detailed lighting effects, multi-layered processing, and incorporation of imagery/animated maps generated by external software and rotoscoping.

Prerequisite(s): CG 441 and CG 451.

CG 446 — Principles of Animation II

2 credits; 1 lecture and 2 lab hours

Using a fully rigged 3D character, students study advanced topics in animation, focusing on an in-depth analysis of motion. Through the use of function curves, spacing, and keyframe techniques, they refine their thesis work-in-progress.

Prerequisite(s): CG 346

Co-requisite(s): CG 441 and CG 491.

CG 451 — Computer-Assisted Post-Production

2 credits; 1 lecture and 2 lab hours

Video and animation projects are brought to completion through an understanding of the postproduction process. Studio experience focuses on hands-on skills using non-linear editing and compositing software. Students gain insight into the film editor's role in the postproduction process and learn how to lay out projects for successful posting.

Prerequisite(s): CG 345

Co-requisite(s): CG 441.

CG 452 — Music Production for Interactive and Animation Thesis Projects I

2 credits; 1 lecture and 2 lab hours

Students produce an audio track that encompasses the mechanics of sound and sound design for their own interactive or animation thesis projects. Through sound production, they gain insight into the components needed to construct a sound track that provides depth and excitement to the visual product.

Prerequisite(s): CG 352

Co-requisite(s): CG 441 and CG 491.

CG 453 — Music Production for Interactive and Animation Thesis Projects II

2 credits; 4 lab hours

Building upon previously designed audio tracks, students progress from theoretical discussion to a practical application of the power of the audio track to their individual work. Through a hands-on approach, they design and apply an accurate sound layer to a thesis project.

Prerequisite(s): CG 452 "Co-requisite(s): CG 422, CG 442, and CG 492.

CG 491 — Senior Project Planning

2 credits; 4 lab hours

The senior project is planned and formal storyboard and written proposal are executed. Students work with the faculty member to develop concept and storyboard for short animation or interactive media project to be completed in the final semester.

Co-requisite(s): CG 421 and CG 441.

CG 492 — Senior Project

3 credits; 2 lecture and 2 lab hours

The aspects of creating and researching a thesis project are emphasized from the written proposal and storyboard to the thesis itself, including a short individual animation or interactive project.

Projects are discussed and critiqued throughout the various developmental stages.

Prerequisite(s): CG 491.

CG 499 — Independent Study in Computer Graphics

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

CH: Chinese

CH 111 — Chinese I

3 credits; 2 lecture and 2 lab hours

This introductory course enables students with no background in Mandarin Chinese to communicate with Mandarin Chinese-speaking people. The basic skills of speaking, reading, and writing in Chinese are established and the cultures where Mandarin Chinese is spoken are introduced. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language).

CH 112 — Chinese II

3 credits; 2 lecture and 2 lab hours

Students expand upon the skills established in Chinese I and continue to study the cultures where Mandarin Chinese is spoken. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language)

Prerequisite(s): CH 111 or equivalent.

CH 122 — Chinese Conversation I

3 credits; 3 lecture hours

Students learn to converse in Mandarin Chinese by emphasizing interaction in real-world situations. Functional and practical verbal communications are addressed, with a focus on the cultures where Mandarin Chinese is spoken.

Prerequisite(s): CH 111 or equivalent. (G8: Foreign Language).

CH 213 — Chinese III

3 credits; 2 lecture and 2 lab hours

This intermediate course is designed to review and refine students' communication skills in Mandarin Chinese. Supplementary reading materials (including poetry, short stories, and magazine and newspaper articles), films, and videos further the students' knowledge of the cultures where Mandarin Chinese is spoken. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language)

Prerequisite(s): CH 112 or equivalent.

CH 214 — Chinese IV

3 credits; 2 lecture and 2 lab hours

Building on Chinese III, students refine their communication skills in Mandarin Chinese. More advanced supplementary reading materials (including poetry, short stories, and magazine and newspaper articles), films, and videos further the students' knowledge of the cultures where Mandarin Chinese is spoken. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language)

Prerequisite(s): CH 213 or equivalent.

CH 223 — Chinese Conversation II

3 credits; 2 lecture and 2 lab hours

Conversational ability in Chinese is further developed and refined by emphasizing interaction in real-world situations. Advanced functional and practical verbal communications are addressed along with a focus on Chinese culture. Multi-media labs provide students with the opportunity to workshop and hone all new grammatical, syntactical, and oral/aural skills, as well as cultural competencies acquired in lectures.

Prerequisite(s): CH 112 or CH 122 or equivalent (G8: Foreign Language).

CL: Fashion and Culture of the World

CL 112 — Faces and Places in Fashion

2 credits; 2 lecture hours

Students are introduced to prominent industry professionals, including executives, designers, and marketers, who discuss their trade, experience and perspective on the business. Part presentation, part Q&A, this class is an opportunity for students to connect to the pulse of the fashion and related industries in an open, conversational setting. Students also participate in course-related events to bridge in-class discussions with real-world experience.

CL 131 — Fashion in France and Italy (summer only)

3 credits; 3 lecture hours

Compares fashion in France and Italy through visits to French and Italian couture and ready-to-wear establishments, fashion accessory houses, fabric mills, design studios, and museums.

CM: Cosmetics and Fragrance Marketing

CM 023 — Cosmetic Product Knowledge Lab

1 credit; 2 lab hours

Through laboratory and evaluation activities, students learn how cosmetics look, feel, and smell individually and when combined. In the studio, they compound products and begin to evaluate marketed cosmetics.

Prerequisite(s): SC 046, SC 146, and CM 341

Co-requisite(s): CM 323.

CM 024 — Fragrance Knowledge Lab

1 credit; 2 lab hours

Through laboratory and evaluation activities, students learn how fragrance raw materials smell individually and when combined. Trained in the studio, they compound fragrances and learn to evaluate both fine fragrances and fragrances used in functional products.

Prerequisite(s): SC 046 and SC 146

Co-requisite(s): CM 424.

CM 151 — The Business of Beauty

3 credits; 3 lecture hours

This course provides an overview of the techniques used to market consumer products in the beauty industry from ancient times to the present. The history, culture, and key entrepreneurs of this industry and the companies they built are examined.

CM 323 — Cosmetic Product Knowledge

2 credits; 2 lecture hours

Students learn how cosmetics are created and manufactured for the marketplace and study the natural and synthetic raw materials used in the process. The marketability of cosmetics and regulatory issues in today's cosmetics business are also examined.

Prerequisite(s): SC 049, SC 149, and CM 341

Co-requisite(s): CM 023.

CM 341 — Cosmetics and Fragrance Marketing

3 credits; 3 lecture hours

Students learn the basic principles of marketing for the cosmetics and fragrance industry. Global and external factors, corporate capabilities, product need, planning, promotion, and launch are considered.

CM 351 — The European Cosmetics and Fragrance Industries

3 credits; 3 lecture hours

Students develop a firsthand understanding of the cosmetics and fragrance marketing process from the European perspective. Issues in product development, production, and retail marketing strategies are addressed through on-site visits to world-renowned manufacturers, suppliers, and retailers. Approximately three weeks in June.

Prerequisite(s): approval of instructor.

CM 423 — Cosmetic and Fragrance Product Development Workshop

3 credits; 3 lecture hours

Through a workshop format, students develop and implement strategies to create products in the cosmetics and fragrance industries. Emphasis is on determining the need for new entries in the market and the interdepartmental teamwork required to successfully launch a company's product.

Prerequisite(s): CM 323, CM 341, and CM 424.

CM 424 — Fragrance Knowledge

2 credits; 2 lecture hours

Learning about olfaction and the role played by the sense of smell, students examine how fragrances are created and manufactured for the marketplace. Natural and synthetic raw materials used in the manufacture of fragrances are studied. Students train in the classification of fragrances into odor families, evaluate the marketability of fragrances, and review the regulatory issues related to the business.

Prerequisite(s): SC 046 and SC 146

Co-requisite(s): CM 024.

CM 425 — Environmental Fragancing

3 credits; 3 lecture hours

This course provides a historical background in environmental fragancing from its spiritual origins in the ancient world to its current market status. Students develop a knowledge of technical terminology and become familiar with home fragrance delivery systems and fragrance types used for environmental fragrances.

CM 442 — Global Brand Management in Cosmetics and Fragrance

3 credits; 3 lecture hours

This course builds upon knowledge learned in CM 341 and focuses on the key components required to successfully manage a cosmetics or fragrance brand in a global environment. Topics include forecasting, planning, inventory management, global launch strategies, commerce partner selection, and growing profitability.

Prerequisite(s): CM 341.

CT: Creative Technology

CT 244 — Introduction to Web Design

2 credits; 1 lecture and 2 lab hours

Students acquire a fundamental understanding of internet technology and attain basic web design skills. Topics addressed include hypertext markup language, cascading style sheets, digital imaging for the web, email marketing and the principles of web design.

Prerequisite(s): CD 126 or CD 225.

CT 321 — Print and Digital Production

2 credits; 1 lecture and 2 lab hours

This course introduces students to digital production techniques from print to the web. Students learn the concepts and techniques important for preparing digital files for a variety of media, which include traditional printing press, hybrid PDF documents for screen and digital printing, and digital documents on the internet.

Prerequisite(s): GD 244 or CT 244.

CT 331 — Media Integration for Photo and Video

2 credits; 1 lecture and 2 lab hours

Students learn how to use time and movement to engage viewers and create meaningful communication with the effective integration of digitized still images, video footage, typography, color, and sound.

CT 341 — Design for Screen-Based Media

3 credits; 2 lecture and 2 lab hours

Guidelines, practices, and methodologies of screen-based design are introduced. Through lecture, discussion, research activities, hands-on demonstrations, and workshops, students expand their understanding of the potential of screen-based media for communicating design.

Prerequisite(s): CT 371.

CT 371 — Introduction to Kinetic Typography

3 credits; 2 lecture and 2 lab hours

This course introduces students to digital production techniques from print to the web. Students learn the concepts and techniques important for preparing digital files for a variety of media, which include traditional printing press, hybrid PDF documents for screen and digital printing, and digital documents on the internet.

Prerequisite(s): GD 244 or CT 244.

CT 372 — Advanced Digital Typography

2 credits; 1 lecture and 2 lab hours

This course explores diverse typographic issues related to screen-based communication. It focuses on new typographic principles and design elements for screen-based media. Topics covered include readability, on-screen legibility, modular type scales, hierarchy and structure for responsive layout, amplifying meaning and intent through typographic experience, sequence and flow of reading on digital devices, visual system for interactive design projects and wayfinding for screens.

Prerequisite(s): CT 371.

CT 411 — Design and Interaction

2 credits; 1 lecture and 2 lab hours

This course emphasizes the human-centered design process and introduces principles fundamental to interaction design. Key topics include communication theory, user research and concept evaluation methods, visualization and navigation through information spaces, time-based information, paper prototyping, and usability testing.

Prerequisite(s): CT 341 or approval of instructor.

CT 412 — Immersive Publication Design

2 credits; 1 lecture and 2 lab hours

This digital design course introduces all the fundamental design principles and skills for immersive publication design. Students study and devise techniques of revealing content to a viewer, from pacing, composition, comfort of reading, chunking information to incorporating inter-activities and merging rich media content with textural content.

Prerequisite(s): CT 371.

CT 431 — Introduction to User Experience Design

3 credits; 2 lecture and 2 lab hours

Students gain an understanding of the elements of user experience design. This knowledge is essential for enabling students in graphic and advertising design to work as productive members of any creative team.

Prerequisite(s): CT 371.

CT 432 — Self Promotion and Digital Photography

2 credits; 1 lecture and 2 lab hours

A well-defined and executed self-promotion strategy is critical to the success of any visual artist. This course introduces students to the skills, technologies, and art of self-promotion in the age of digital media.

Prerequisite(s): CG 121 or approval of instructor.

CT 441 — Creative Technology Lab

2 credits; 1 lecture and 2 lab hours

Students study specialized technology-based design in the areas of their own interests, and develop innovative design solutions. The instructor guides them to discover new possibilities, enabled by the use of technology. In a peer-to-peer learning environment, students embrace technology and use it as a source of inspiration. Prior to registering, students meet with the course coordinator to discuss their personal plan of study and to insure they are technically prepared.

Prerequisite(s): Approval of Instructor.

DD: Design Division Studies

DD 114 — Creativity and Aesthetics

2 credits; 1 lecture and 2 lab hours

The main objective of this course is to introduce students to visual thinking and how it applies to design strategies. The course will expose students to hands on visual projects that will challenge their assumptions of what it takes to make something communicate visually. Students will do a series of individual exercises, followed by group discussion and critique that will allow them to approach projects from a visual viewpoint. This course is oriented towards non-designers who are intending to work in the design industry or with designers, either as business developers, retail managers, account managers, or strategic planners.

DD 115 — Design Management Collaboration

2 credits; 1 lecture and 2 lab hours

The main objective of this course is to introduce students to the world of collaborative design management, and its application to different disciplines. The course will utilize both individual research and team building projects to develop both collaboration and communication skills. This course is oriented towards non-designers and designers who are intending to work in a variety of fields including product development, merchandising, architecture, promotion design, and experience design.

DD 116 — Design Process

2 credits; 1 lecture and 2 lab hours

The main objective of this course is to explore how a defined and comprehensive process enhances the conceptualization, development, and execution of projects. Through research of leading organizations, exploring innovative methodologies, and presenting documentation best practices the class will learn trend setting approaches to managing process across industries, and provide visual tools for managing design from initial idea to final implementation. This course is oriented towards non-designer and designers working in industries that marry design and business processes.

DD 117 — Digital Documentation and Presentation

2 credits; 1 lecture and 2 lab hours

This course prepares the student to refine an original idea and communicate a concept through a series of visual-based and text-based projects. It is founded on developing then enhancing the student's ability to originate critical thinking through a process-driven, visually based sequence of planned events that generate a predictable outcome. The course is directed toward non-designers, working in teams, whose choice of industry may embrace a wide range of disciplines to include design, manufacturing, branding, publication, transportation, fashion, engineering, account management and education.

DD 118 — Environments and Experiences

2 credits; 1 lecture and 2 lab hours

The main objective of this course is to introduce students to the designed environment and intended experiences by exploring different physical spaces. This course will focus on historic and cultural references and design philosophies, as well as visual and verbal design communication skills. This course is oriented towards non-designers who are intending to work in the design industry or with designers, either as business developers, accounts and marketing managers, or strategic planners.

DD 231 — Color Production Techniques for Digital Prepress

2 credits; 1 lecture and 2 lab hours

Students learn how to prepare digital files to simplify the complexities of prepress and ensure quality of final output. The relationship between creative vision, what is seen on the screen, and the realities of the printed piece is explored.

Prerequisite(s): CD 322.

DD 299 — Independent Study in Design Division Studies

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

DD 499 — Independent Study in Design Division Studies

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

DE: Visual Presentation and Exhibition Design

DE 101 — Principles of Display and Exhibit Design: Small Scale

2 credits; 1 lecture and 2 lab hours

For students not majoring in Visual Presentation and Exhibition Design. Basic hands-on display methods used in visual merchandising and an understanding of two- and three-dimensional design practices and materials. (G6: Arts).

DE 102 — Principles of Display and Exhibit Design: Large Scale

2 credits; 1 lecture and 2 lab hours

The introduction to and hands-on creation of large-scale displays using mannequins, fashions, and props.

DE 123 — Design and Rendering I

2 credits; 1 lecture and 2 lab hours

Principles of display drafting and rendering, including drafting of floor plans and elevations, are presented. Introduces perspective drawing as a means of expressing design concepts.

DE 124 — Design and Rendering II

2 credits; 1 lecture and 2 lab hours

Students are introduced to conceptual design development, incorporating visual adaptation in one- and two-point perspective drawing for retail, trade show, and exhibition presentations.

Prerequisite(s): DE 123.

DE 125 — CAD for Visual Presentation

2 credits; 1 lecture and 2 lab hours

This course introduces two-dimensional computer drafting. Using Vectorworks, students draw plans and elevations for visual presentation and exhibition design projects.

DE 131 — Studio Design: Product Presentation

2 credits; 1 lecture and 2 lab hours

Course introduces contemporary display techniques, equipment, and materials for designing three-dimensional product presentations within the retail environment.

DE 133 — Advanced Studio Design: Product Presentation

2 credits; 1 lecture and 2 lab hours

Using mannequins, students conceive, design, and execute fashion presentations thematically coordinated with large-scale product presentations.

Prerequisite(s): DE 131.

DE 141 — Display Graphics I

2 credits; 1 lecture and 2 lab hours

Students are introduced to the role of graphics in the display and exhibit design field. The importance of typography as the root of visual communication is explored using the Macintosh platform as the graphic design tool.

DE 142 — Display Graphics II

2 credits; 1 lecture and 2 lab hours

Students develop problem-solving and project-management skills by designing a storewide promotion for an upscale retail environment. They design a logo, advertising, signage, and other graphics using digital and traditional design and production techniques. Projects present students the opportunity to further develop their computer skills using Adobe Illustrator, QuarkXPress, and Adobe Photoshop.

Prerequisite(s): DE 141.

DE 143 — Styling for Visual Presentation

2 credits; 1 lecture and 2 lab hours

Through lectures, demonstrations, and studio projects, students explore an array of styling and visual presentation techniques used in a range of media. Assignments include set and prop styling, scouting for locations, styling for celebrities, fashion shows, and video production.

DE 161 — Professional Practices

1.5 credits; 1 lecture and 1 lab hour

Develops an awareness of the cultural influences that shape the creative expression of the designer in the promotion and presentation of consumer products. Field trips and guest lecturers are included.

DE 213 — Exhibition Design

3 credits; 1 lecture and 4 lab hours

Introduces the process of creating exhibitions from conceptualization through design development and presentation. Students learn and apply principles and criteria specific to organizing and conveying information in exhibition environments. Understanding of the principles is demonstrated through proposals that include models, presentation drawings, and other design materials.

Prerequisite(s): DE 125 and DE 236

Co-requisite(s): DE 243.

DE 216 — Foundation in Visual Presentation and Exhibition Design

2 credits; 1 lecture and 2 lab hours

This course introduces students to the multidisciplinary process of visual presentation and exhibition design, incorporating an array of conceptual, visual, and technical considerations for retail, museum, trade show, and related presentation environments.

Co-requisite(s): (for one-year Communication Design Foundation students) GD 216.

DE 225 — Design and Rendering III

1.5 credits; 3 lab hours

Advances design and presentation techniques by introducing the student to modelmaking in the creation and research of exhibitions and designer-oriented fashion shows.

Prerequisite(s): DE 124.

DE 226 — CAD for Visual Presentation II

2 credits; 1 lecture and 2 lab hours

This course presents 3D CAD techniques in Vectorworks, enabling designers to develop and present their concepts in 3D drawings and renderings.

Prerequisite(s): DE 125 or approval of chairperson.

DE 232 — Elements of Visual Merchandising

1.5 credits; 3 lab hours

Presents an overview of how the department store and the small retail shop coordinate their merchandise presentations with their overall design concepts, fixturing, and graphic/signage components.

Prerequisite(s): DE 124 and DE 141.

DE 234 — Point-of-Purchase Display

1.5 credits; 3 lab hours

Introduces the dynamics of the point-of-purchase (POP) display and its impact on the presentation and sale of merchandise. Includes the design and development of POP structural units using graphics/typography and stresses appropriate materials and construction techniques.

Co-requisite(s): DE 236.

DE 236 — Studio Design/Exhibition

1.5 credits; 3 lab hours

The elements of thematic display and exhibition design in commercial and institutional environs are examined. The development of professional concepts, ideology, and skills is stressed.

Co-requisite(s): DE 234.

DE 242 — Display Graphics III

1.5 credits; 3 lab hours

Students create graphic identities for three-dimensional display projects that are worked on concurrently in DE 125 and DE 232. The latest computer software is used to execute design solutions.

Prerequisite(s): DE 142

Co-requisite(s): DE 125 and DE 232.

DE 243 — Exhibit Design Graphics

1.5 credits; 3 lab hours

Students are introduced to large-format graphics in exhibition design. They learn how to develop design concepts, estimate print production budgets, specify materials, and prepare files for both offset print production and as large-format digital graphics. They produce, print, and mount a comprehensive signage system for the final-semester capstone exhibit.

Prerequisite(s): DE 242

Co-requisite(s): DE 213.

DE 251 — Event and Promotion Design

2 credits; 1 lecture and 2 lab hours

The displays and exhibits integral to special events, from one-time extravaganzas to permanent exhibitions, are explored. Students design visual presentations and develop techniques for varied applications, learning material sourcing, budget planning, and installation/strike factors.

DE 262 — Portfolio Development

1 credit; 2 lab hours

Preparation of the portfolio and resume for career placement and/or the establishment of a self-proprietorship.

DE 299 — Independent Study in Visual Presentation and Exhibition Design

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

DE 301 — Visual Presentation for the Cosmetics and Fragrance Industry

2 credits; 1 lecture and 2 lab hours

The components of visual merchandising related to cosmetic and fragrance marketing are explored. Emphasis is on point-of-purchase promotions, seasonal color palettes, and presentation of product on the selling floor.

DE 302 — Photographic Exhibition Design

2 credits; 1 lecture and 2 lab hours

Students learn how to design, administer, and manage a professional theme-based photographic exhibition. The course focuses on gallery presentation and management with an emphasis on three-dimensional design, culminating in a final exhibition of the students' photography.

DE 401 — Point-of-Purchase Ad/Display

2.5 credits; 1 lecture and 3 lab hours

For Packaging Design students. The dynamics of the packaging/display relationship as a catalyst to the sale of merchandise are presented. Coursework includes the development of point-of-purchase (POP) graphic designs and the techniques, materials, and construction of basic POP ideas.

DM: Direct and Interactive Marketing

DM 211 — Workshop in Direct Marketing

3 credits; 3 lecture hours

Students study direct and interactive marketing principles and practices and develop a multifaceted direct marketing plan.

Prerequisite(s): AC 114.

DM 321 — Database Marketing

3 credits; 3 lecture hours

Students develop a database marketing plan and construct a functioning marketing database using Microsoft Access.

Prerequisite(s): DM 211 or FM 213.

DM 331 — Direct Response Copywriting

3 credits; 3 lecture hours

Students formulate creative strategies and develop direct marketing copy and design in workshop exercises. Students write copy and prepare design layouts for direct mail, catalogues, print ads, radio, TV, and interactive media.

Prerequisite(s): DM 211 or FM 213.

DM 421 — Direct Marketing Finance and Operations

3 credits; 3 lecture hours

Students are introduced to the basic finance and operations practices and procedures unique to direct marketing: financial management principles, math and profit analysis techniques, the process of production and mailing along with order processing, fulfillment, and telemarketing. Successful negotiations with suppliers is covered.

Prerequisite(s): (DM 211 or FM 213) and MA 311.

DM 432 — Direct Response Media Planning

3 credits; 3 lecture hours

Students study the different forms of direct response media and analyze how each is best used. They prepare a comprehensive plan, including budgets, for a hypothetical company's product.

Prerequisite(s): DM 211 or FM 213.

DM 433 — Direct Marketing Communications

3 credits; 3 lecture hours

Students prepare a comprehensive business plan for a start-up direct marketing business. The plan is presented from the perspective of top management seeking capital from investors, and covers administration, staffing, marketing plans, fulfillment, sales projections, and income statement projections.

Prerequisite(s): DM 211 or FM 213.

DM 435 — Internet Marketing

3 credits; 3 lecture hours

Students are introduced to current marketing principles and practices on the internet. The course explores email, the internet, and search engine marketing (SEM) as practical applications used to create direct marketing plans and programs that integrate online and offline strategies. In addition, students study the legal and ethical issues involved in using the internet as a marketing tool.

Prerequisite(s): DM 211 or FM 213.

DP: Draping Techniques

DP 111 — Draping Proficiency I

2.5 credits; 1 lecture and 3 lab hours

Introduces the fundamental principles of developing basic silhouettes of skirts, blouses, bodices, and collars with draping and patternmaking techniques. Use of stripe fabric as it applies to grain line manipulation in design is studied.

DP 112 — Draping Proficiency II

2.5 credits; 1 lecture and 3 lab hours

Studies the characteristics and drapability of fabric and its effect on the development of silhouette and style. Students use draping methods and flat pattern techniques to resolve complex problems in design development.

Prerequisite(s): DP 111.

DP 211 — Draping Proficiency III

2.5 credits; 1 lecture and 3 lab hours

Students utilize advanced draping techniques to analyze style, balance, and proportion. Emphasizes the development of mounted and semi-mounted sleeve designs using a variety of silhouettes as applied to suit and coat styles.

Prerequisite(s): DP 112.

DP 212 — Draping Proficiency IV

2.5 credits; 1 lecture and 3 lab hours

Develops advanced interpretive skills of draping and patternmaking. Students analyze elements that influence pattern development, including market trends, price points, design categories, target markets, and media sources.

Prerequisite(s): DP 211.

EN: English and Communication Studies

EN 121 — English Composition

3 credits; 3 lecture hours

This course encourages students' confidence, writing fluency, and the development of a competent writing self by focusing on the writing process. A number of forms are employed, including brainstorming, freewriting, journal writing, reading response journals, and formal essay writing. Classes are conducted as workshops, and both peers and instructor offer constructive feedback. (G1: Basic Communication)

Prerequisite or Co-requisite: college-level English proficiency as demonstrated by placement test or completion of appropriate ES course(s).

EN 141 — Fundamentals of Communication

3 credits; 3 lecture hours

Students examine principles associated with human communication and its contexts. Specific contexts where communication plays a vital role include interpersonal, intercultural, listening, organizational, small group, verbal, and nonverbal communication. Theoretical concepts and their practical applications are addressed.

EN 231 — Short Fiction

3 credits; 3 lecture hours

Students read and analyze stories by authors from around the world. They consider various aspects of narrative and explore different modes of storytelling. The study of short fiction prepares students to read more widely on their own in the future. (G7: Humanities)

Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 232 — Perspectives on American Literature

3 credits; 3 lecture hours

This course gives students an understanding of the American heritage based on three suggested themes: the Puritan ethos, the American dream, and reevaluation of the dream. Includes readings from such major writers as Dickinson, Faulkner, Fitzgerald, Hawthorne, Melville, Twain, and Whitman. (G7: Humanities)

Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 233 — Poetry

3 credits; 3 lecture hours

By reading and analyzing a wide range of poems from a variety of time periods and cultures, students are introduced to the literary genre of poetry. Students examine word usage, figures of speech, rhythm and meter, and other poetic devices. Understanding and appreciation of poetry are enhanced by reading criticism and listening to recordings. (G7: Humanities)

Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 234 — Gay and Lesbian Literature

3 credits; 3 lecture hours

Students read a selection of fiction, poetry, and drama from the mid-19th and 20th centuries and analyze how the texts make use of themes and images such as race, class, gender, sexuality, same-sex desire, homosociality, and the trope of the closet. The construction of, and criteria for, a canon of gay and lesbian literature are considered. Readings are chosen from such authors as Wilde, Whitman, Freud, Hughes, Baldwin, and Rich. (G7: Humanities)

Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 235 — African-American Literature

3 credits; 3 lecture hours

A survey of the history of African-American literature from slavery to the present is offered. Students read and analyze various genres of African-American literature and are introduced to the social, economic, and political forces that have influenced the writers. Through presentations, critical reading, and analytical writing, students become familiar with the influence of these works on the evolution of world literature. (G7: Humanities)

Prerequisite(s): EN 121 or ES 129.

EN 236 — Major Writers of the Western World

3 credits; 3 lecture hours

Studies major themes in the cultural heritage of the Western world from Greek tragedy to the modern novel. Readings are from such representative writers as Plato, Sophocles, Euripides, Dante, Shakespeare, Austen, Flaubert, Tolstoy, Ibsen, Chekhov, Mann, and Sartre. (G7: Humanities)

Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 238 — Comedy

3 credits; 3 lecture hours

Studies the nature and characteristics of comedy. Includes an equal consideration of form and meaning. Materials are from such authors as Aristophanes, Shakespeare, Jonson, Moliere, and Congreve, and performers such as Chaplin, the Marx Brothers, and Woody Allen are studied. Includes background readings from such critics as Santayana, Meredith, Frye, Langer, Freud, and Bergson. (G7: Humanities)

Prerequisite(s): EN 121 or equivalent.

EN 241 — Professional Speech Communication

3 credits; 3 lecture hours

Communication theory is discussed and applied to various areas such as verbal and nonverbal communication and listening in professional contexts. Among the activities the course focuses on are interviews and presentations. Videotaping is used to facilitate learning and assessment. (G1: Basic Communication) Pre-requisite(s): EN121 or ES 129 or equivalent.

EN 242 — Public Speaking

3 credits; 3 lecture hours

Covers all major aspects of speech preparation, such as formulating purpose statements, analyzing and adapting to audiences, organizing and outlining ideas, assessing evidence and reasoning, and using language effectively. The study of various areas of speech presentation--such as vocal and nonverbal communication, and use of appropriate visuals--complement preparation. Students give a variety of informative and persuasive presentations, which are videotaped and analyzed by the students and the instructor. (G1: Basic Communication) Pre-requisite(s): EN 121 or ES 129 or equivalent.

EN 243 — Voice and Articulation: Theory and Practice

3 credits; 3 lecture hours

Students learn to apply theories of speech perception and production in order to analyze, modify, and control their voices and articulation so they can communicate more effectively. Exercises in listening, voice, and speech are conducted.

Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 244 — Speech Dynamics in Group Communication

3 credits; 3 lecture hours

Studies techniques of effective communication in the group process. Students learn to become more skillful communicators through the use of speech dynamics as applied to the psychology of communication. Group members are involved in controversial discussions as participants and group leaders. Emphasis is placed on the enlightenment and problem-solving types of discussion. Prerequisite(s): EN 121 or ES 129 equivalent.

EN 245 — Intercultural Communication

3 credits; 3 lecture hours

Students are introduced to the communication process among people from different cultures. The course examines how factors such as cultural patterns, verbal and nonverbal communication, and perception play a role in intercultural relationships. Theory and research in intercultural communication are presented and students apply this information to intercultural encounters.

Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 246 — Interpersonal Communication

3 credits; 3 lecture hours

This course examines interpersonal communication processes that shape human interactions. Various communication situations will be analyzed. Topics discussed include perception, culture, identity formation, nonverbal and verbal communication, listening and conflict resolution.

Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 251 — Theater Arts

3 credits; 3 lecture hours

Focuses on appreciation of the theater through the study of dramatic art as it evolves from page to stage. Students study the relationship of drama text to performance through reading, acting exercises, and theater attendance. (G6: Arts)

Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 253 — Dramatic Literature

3 credits; 3 lecture hours

Surveys dramatic literature and the development of theatrical performance. Focuses on the evolution of the use of theatrical space in the history of theater. Students read representative plays and documents of Greek, Roman, medieval, Elizabethan, Restoration, and 19th- and 20th-century drama. (G7: Humanities)

Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 257 — Major Movements in Chinese, Japanese, and Korean Film

3 credits; 2 lecture and 2 lab hours

This course is cross-listed with FI 244. This course is an introduction to major film directors, movements, and genres from China, Taiwan, Hong Kong, Japan, and South Korea. Formal and stylistic aspects of films as well as their historical, transnational, and sociocultural contexts are addressed. Students discuss and write critically about East Asian film. (G7: Humanities; G9: Other World Civilizations)

Prerequisite(s): EN 121 or equivalent.

EN 258 — Introduction to Performance Studies

3 credits; 3 lecture hours

This course provides an overview of the field of performance studies by studying both its interdisciplinary history and its enactment in different kinds of performance-based activities. By analyzing, attending, and creating performance, students come to understand the way performance constructs spectacle and everyday life.

Prerequisite(s): EN 121 or equivalent Gen Ed: Humanities (G7) & The Arts (G6).

EN 266 — Screenwriting I

3 credits; 3 lecture hours

This course is cross-listed with FI 256. This course introduces the practice of writing fiction for the screen, focusing on the short film. In a workshop setting, students explore a range of approaches to the short screenplay, from traditional to innovative, and use examples from a variety of genres and geographical origins. (G6: Arts) Pre-requisite(s): EN121 or ES 129 or equivalent.

EN 271 — Literature and History: The Development of American Culture to 1865

3 credits; 3 lecture hours

Students read significant texts from America's cultural development against the background of a narrative of U.S. history through the Civil War. The course surveys a wide variety of literature, from firsthand accounts of slavery to philosophical sources of the U.S. Constitution to early documents in the debate over the role of women in society. (G7: Humanities; G10: American History)

Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 272 — Identity in America: History and Literature, 1865 to Present

3 credits; 3 lecture hours

Students read and interpret literary texts in order to understand the evolution of America's self-images since the Civil War. They explore the cultural context of particular works and how identity manifests itself in literature. Themes examined include regional and ethnic diversity between 1865 and World War I; modernism and expatriation in a context of alienation, loss of faith, and new scientific questions between 1918 and World War II; the civil rights and women's movements through 1980; and multiculturalism, postmodernism, and the implications of technological development and globalization in the last 20 years. (G7: Humanities; G10: American History)
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 273 — Literature of India

3 credits; 3 lecture hours

Students examine selected texts from major periods of Indian literature with a focus on the historical context. Throughout the readings, they consider how the interactions of mythical ancient stories, history, culture, and religion are represented. (G7: Humanities; G9: Other World Civilizations)
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 274 — Voices of Civil Rights in American History

3 credits; 3 lecture hours

An examination of the evolution of civil rights rhetoric in the history of the United States. Students study civil rights speeches and the political, social, and cultural events that surrounded them. Speeches are analyzed using Aristotle's logic, emotion, and ethics. (G10: American History)
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 275 — Literature of the Sixties

3 credits; 3 lecture hours

This course is an introduction to the literature of the cultural and social revolution that took place in the U.S. during the 1960s and early 1970s. Students read a range of fiction, nonfiction, and poetry, and consider aspects of music, film, fashion, and art, focusing on themes and images that reflect this period. (G7: Humanities)
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 278 — Science Fiction

3 credits; 3 lecture hours

Students are introduced to the literary genre of science fiction. Attention is paid to the ways this genre addresses human responses to changing technologies and how alien settings are used to address complex cultural issues. Students examine the place of texts in the science fiction canon. (G7: Humanities)
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 279 — Women's Writing: 1900 - Present

3 credits; 3 lecture hours

This course examines how women writers construct and analyze their identity through literature. The impact of gender, race, class, sexuality, culture, and other aspects of identity are considered by close reading of a selection of writings by women in the 20th and 21st centuries.
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 281 — Chinese Cinema

3 credits; 2 lecture and 2 lab hours

This course is cross-listed with FI 245. Students are introduced to major film directors, movements, and genres from China, Taiwan, and Hong Kong. They discuss and write critically about Chinese film, with close attention paid to the formal and stylistic aspects of film, and their historical, transnational, and sociocultural contexts. (G7: Humanities; G9: Other World Civilizations)
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 299 — Independent Study in English or Speech

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Liberal Arts.

EN 321 — Strategies of Business Communication

3 credits; 3 lecture hours

Students analyze business situations to write effective correspondence, job search materials, reports, and presentations. They also learn various strategies to elicit appropriate responses for specific audiences. Students are guided in techniques of business research and documentation and develop strategies for using available technology.

Prerequisite(s): EN 121 or ES 129 or equivalent, and any additional EN course.

EN 322 — Writing in the Art and Design Professions

3 credits; 3 lecture hours

Art and Design students analyze a variety of professional situations in order to create competitive marketing materials, persuasive presentations, and reader-appropriate correspondence. They also develop strategies for producing effective proposals and briefs through guided research and descriptive writing practice. Students develop strategies for using available technologies.

Prerequisite(s): EN 121 or ES 129 or equivalent, and any additional EN course.

EN 323 — Specialized Writing and Thesis Preparation

3 credits; 3 lecture hours

Art and Design students develop their research, presentation, and writing skills in preparation for their senior thesis projects. They also analyze professional communications, correspondence (electronic messages, memoranda, and letters), promotional materials, basic contracts, and oral reports. Using available technology, students learn to write and speak in a clear, specific, and organized manner.

Prerequisite(s): EN 121 or ES 129 or equivalent, and any additional EN course.

EN 324 — Writing on The Arts

3 credits; 3 lecture hours

Students learn to think and write critically about the primarily non-verbal arts, such as sculpture, painting, architecture and dance. Students learn to place a given art form in a cultural context that interacts meaningfully with their own analysis and insight. Renowned and ground-breaking critics will serve as models for student's work. (G6: Arts and G7: Humanities)

Prerequisite(s): EN 121 or equivalent.

EN 325 — Playwriting

3 credits; 3 lecture hours

Students learn the major elements of playwriting through a variety of exercises and examples. In a workshop environment, they read published plays, and discuss and respond constructively to each other's works-in-progress. Plays are revised and performed at the end of the semester. (G7: Humanities)

Prerequisite(s): EN 121 or Equivalent.

EN 331 — Introduction to Shakespeare

3 credits; 3 lecture hours

Selected poetry and plays are presented from a variety of historical, theatrical, and critical perspectives. Students explore Shakespeare's works in relation to the Elizabethan and Jacobean times in which they were produced. They also consider the works' continuing appeal to readers and audiences of theater and film. (G7: Humanities)

Prerequisite(s): EN 121 or equivalent.

EN 333 — Modern Literature: The Spirit of the 20th Century

3 credits; 3 lecture hours

Emphasizes innovative literary techniques and themes of alienation and social criticism in works by such modern authors as Dostoyevsky, Kafka, T.S. Eliot, Ellison, Sartre, Camus, and Beckett, and by authors from Latin America, Africa, and Asia. (G7: Humanities)

Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 334 — The Novel

3 credits; 3 lecture hours

Introduces students to the novel as a genre, through the study of selected English, Continental, and American works. Readings are from such representative novelists as Cervantes, Fielding, Austen, Stendhal, Dickens, Dostoyevsky, James, and Hemingway. (G7: Humanities)

Prerequisite(s): EN 121 or equivalent.

EN 335 — Working Women in the United States: 1865 to Present

3 credits; 3 lecture hours

A survey of almost 150 years of U.S. history and literature through the lens of working women.

Students learn the landmarks of American history, women's struggles, and their contributions. (G7: Humanities; G10: American History)

Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 336 — From Gothic to Horror: Literature of Fear

3 credits; 3 lecture hours

Students are introduced to the aesthetics of gothic and horror literature. The course focuses on the rise of the gothic during the Romantic and Victorian periods, and the way in which dominant motifs in gothic and horror literature speak to larger societal concerns. (G7: Humanities)

Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 337 — Poetry in a Global Society

3 credits; 3 lecture hours

Students read and discuss poems from many cultures and time periods, examining how poetry helps us understand, develop, repair, and sustain human community in a global society. The course emphasizes close reading, written responses, and a final project.

Prerequisite(s): EN 121 or ES 129 or equivalent Gen Ed: Humanities (G7).

EN 338 — Introduction to Asian American History and Literature

3 credits; 3 lecture hours

This course focuses on significant Asian American literary and historical works by immigrant and US-born authors from the 1800's to the present. Students examine the role important political and social events played in the formation of Asian-American literature, history, and culture in terms of ethnicity, gender, sexuality, and class.

Prerequisite(s): EN 121 or ES 129 or equivalent Gen Ed: Humanities (G7) and American History (G10).

EN 342 — Argumentation and Persuasion

3 credits; 3 lecture hours

Examines the strategies and techniques used to influence the decision-making processes. Students prepare and present persuasive speeches based on principles of argumentation and persuasion.

Exercises in debate are also included.

Prerequisite(s): EN 121 or ES 129 or equivalent, and any additional EN course.

EN 343 — Advanced Public Speaking

3 credits; 3 lecture hours

Taught from a multicultural perspective, this course advances students' ability to create and deliver informative and persuasive presentations adapting to a wide range of audiences and speaking contexts. Focus is placed on research, organization, argumentation, use of multimedia and speaking practice. Presentations are recorded for self-evaluation.

Prerequisite(s): EN 242.

EN 353 — Theater of the Americas

3 credits; 3 lecture hours

This course is an introduction to the theater of the Americas. Students read and discuss U.S. and Latina/o and Latin American theater, its continuities and divergences since the 1960's. Themes studied include trauma, gender violence, and performance, censorship and self-censorship, and the impact of globalization on national identities.

Prerequisite(s): EN 121 or equivalent Gen Ed: Humanities (G7) and Other World Civ (G9).

EN 361 — Creative Writing

3 credits; 3 lecture hours

In a workshop environment, students prepare a portfolio of works from one or more of the following genres: fiction, poetry, or drama. Structure, plot, characterization, point of view, theme, and metaphoric language are explored, and works-in-progress are critiqued by faculty and fellow students. Through the processes of writing, critiquing, and revising, ideas are shaped into imaginative form. (G6: Arts)

Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 362 — Creative Nonfiction

3 credits; 3 lecture hours

In this advanced writing course, students are taught the skills needed to produce informal essays or chapters of nonfiction books of high quality. Drawing upon observation, experience, and research, they create works of intellectual substance that reveal carefully shaped structure. Students develop ease and efficiency in their writing processes and work toward clarity, grace, and individual style. (G1: Basic Communication)

Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 363 — Fiction Writing

3 credits; 3 lecture hours

An advanced writing course that develops students' understanding in imaginative storytelling. Students read short stories and novel excerpts and participate in writing exercises to examine writing process strategies. In a workshop environment, students develop and complete two works of short fiction. (G6: Arts)

Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 364 — Poetry Writing

3 credits; 3 lecture hours

Students learn the major elements of writing poetry through a variety of exercises and examples. Works-in-progress are critiqued by fellow students in a rigorous yet supportive environment. Poems are revised and collected in a portfolio at the end of the semester. (G6: Arts)

Prerequisite(s): EN 121 or ES 129.

EN 365 — Research Writing

3 credits; 3 lecture hours

This course focuses on developing research proposals and presenting research in a documented format. Students are introduced to qualitative research topics, learn to conduct interviews, maintain an ethical regard for their subjects, and engage in field work. Students make revisions in a workshop setting and engage in peer reviews.

Prerequisite(s): EN 121 or equivalent.

EN 366 — Screenwriting II

3 credits; 3 lecture hours

This course is cross-listed with FI 356. This course focuses on elements of screenwriting for feature-length films, including story concept, three-act structure, the world of the story, protagonist and antagonist, conflict, characterization, scene development, and dialogue. Students formulate individual projects, from pitching a story to presenting a synopsis, preparing an outline, and writing a screenplay. The business end of screenwriting is discussed and students meet film industry professionals. (G6: Arts).

EN 367 — Writing for Art History and Museum Professions

3 credits; 3 lecture hours

This course focuses on developing strategies for writing in a variety of art-related professional settings. Students learn to think critically about the conventions and challenges of writing about art. They write reviews, responses, press releases, critiques, blog posts, resumes, cover letters, grant proposals, and a short research paper.

Prerequisite(s): EN 121 or ES 129 and one additional 200 or 300 level EN course.

EN 371 — Chinese Odyssey: Introduction to Chinese Literature

3 credits; 3 lecture hours

Students study Chinese literature by reading and examining a variety of literary forms from a range of historical periods. The course focuses on relationships between the self, the nation, gender roles, and modernity and how the influence of local and global histories has shaped the focus and reception of each work. All readings are in English. (G7: Humanities; G9: Other World Civilizations)

Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 372 — Rhetoric in Popular Culture

3 credits; 3 lecture hours

This course examines popular culture as a form of communication, and the tools used to analyze it. Using theories of rhetoric, communication, and social criticism, students unravel popular cultural artifacts and examine how dominant societal discourses, cultural myths, individual identities, and institutional ideologies are reified and subverted.

EN 373 — The Graphic Novel

3 credits; 3 lecture hours

Students are introduced to the literary field of graphic novels. The course surveys the evolution of comics' form and content from the 'Golden Age' through the Underground Comix Revolution to today's graphic novels. Themes including war and survival, religious and cultural identity, sexuality, and memory and consciousness are explored. (G7: Humanities)

Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 381 — Asian Fiction: Regional Selections (Honors)

3 credits; 3 lecture hours

An introduction to East Asian fiction. This course focuses on literature from China, Taiwan, Hong Kong, Japan, and Korea from a transnational perspective. Through a range of contemporary to classical canonical fiction, students will investigate various literary genres and explore critical concepts of literary and cultural identity studies. All readings are in English. (G7: Humanities; G9: Other World Civilizations)

Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

EN 382 — Contemporary Chinese Cinema (Honors)

3 credits; 2 lecture and 2 lab hours

This course is cross-listed with FI 343. An introduction to the contemporary cinemas of Mainland China, Taiwan, Hong Kong, and the Chinese Diaspora, this course focuses on selected major directors, movements, and genres from the 1990s to the present. Students study the formal and stylistic aspects of films as well as their historical, transnational, and sociocultural contexts. (G7: Humanities; G9: Other World Civilizations)

Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

EN 391 — The Creative Imagination: Theory and Process (Honors)

3 credits; 3 lecture hours

Theories of the creative process and the nature of creativity are explored. Through readings, journal entries, and case studies of writers, painters, and other artists, students discover practices useful in producing creative works. Particular attention is paid to the creative work of artists traditionally marginalized by gender, race, ethnicity, or socioeconomic class. (G6: Arts; G7: Humanities)

Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

EN 392 — Greek Myths and Their Transformations (Honors)

3 credits; 3 lecture hours

Introduces Greek deities and Greek myths through readings from original materials (in English translation) as well as interpretations by such authors as Racine, O'Neill, T.S. Eliot, and Sartre. Discusses and analyzes the transformation of myths in film, music, and dance. (G5: Western Civilization; G7: Humanities)

Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

EN 393 — Shakespeare (Honors)

3 credits; 3 lecture hours

Familiarizes students with the theater of Shakespeare through language, character, and plot analysis. Discusses themes of deception, betrayal, and power and emphasizes new interpretations of Shakespeare's plays through readings and videotaped performances. (G7: Humanities)

Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

EN 394 — American Lives (Honors)

3 credits; 3 lecture hours

This literature seminar presents the opportunity to explore the autobiographical impulse in American writing, past and present, through full-scale biographies, works of fiction, drama, and poetry, and in the memoirs so popular today. Students write an autobiographical essay on an aspect of their lives. (G7: Humanities)

Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

EN 399 — The Craft of Writing Poetry (Honors)

3 credits; 3 lecture hours

Students immerse themselves in writing poems while they examine the technical and historical aspects of poetry. They study basic elements of poetry such as image, figurative language, rhythm, diction, and form to develop the potential of those elements in their own writing. In order to understand their own creative processes, students read essays about craft and process. (G6: Arts)

Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

EN 499 — Independent Study in English or Speech

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Liberal Arts.

EP: Entrepreneurship

EP 311 — Introduction to Entrepreneurship

3 credits; 3 lecture hours

This course introduces students to entrepreneurship and its applicability to the creative arts. It examines some of the legends of the industry and identifies the characteristics necessary for achieving success as an entrepreneur. It reviews today's creative arts and business landscape and introduces students to the significance of entrepreneurship and its opportunistic position at the cutting edge of this industry.

EP 321 — The Business Plan

3 credits; 3 lecture hours

In this project-based course, students prepare and present a professional business plan, which then provides the foundation for their own business plans in semester 8. In this process, students acquire the knowledge, skills, and entrepreneurial mindset conducive to business success.

Prerequisite(s): EP 311.

EP 331 — Finance and Accounting for the Non-Financial Manager

3 credits; 3 lecture hours

The course introduces the non-financial student to the basics of finance and accounting, with an emphasis on understanding cash flow, income statements, balance sheets, and financial ratios. The importance of these elements in supporting the business plan and in understanding the financial ramifications of their decisions is highlighted.

Prerequisite(s): EP 311.

EP 441 — Converting Innovation into Value

3 credits; 3 lecture hours

Students learn to source and develop new venture and growth strategies for future businesses. The course introduces value propositions, value supply chain structures, revenue models, and growth strategies. Students examine business model development with a major focus on converting an idea from innovation into value.

Prerequisite(s): EP 311.

EP 451 — The Entrepreneurship Incubator

4 credits; 4 lecture hours

A capstone course for the Entrepreneurship Program, this course synthesizes the knowledge, skills, and experiences learned throughout the program. Students create an entrepreneurial business model for their potential business ideas, with the aim of targeting investors and marketing partners. At the end of the semester, students present their business proposals and plans to industry professionals who evaluate and critique them.

Prerequisite(s): EP 311.

EP 452 — Entrepreneurship Practicum

3 credits; 2 lecture and 2 lab hours

This is the capstone course for the Entrepreneurship program. Using the tools of entrepreneurs and innovators, participants apply the skills developed throughout the program. They demonstrate their capacity to identify needs, analyze industry dynamics, target market opportunities, refine solutions, access channels, create business models, and pitch to industry professionals.

Prerequisite(s): EP 311 and EP 441.

ES: Educational Skills

Based on the English Placement Exam, a student who shows need for improvement in writing and reading may be required to enroll for ES 133 before taking EN 121. Students for whom English is a second language may be required to enroll in ES 123 prior to EN 121 and/or ES 024 as a co-requisite of EN 121.

ES 021 — Intensive English as a Second Language

1.33 credits; 4 lab hours

This summer course serves international students and permanent residents accepted to the college who have recently arrived in the United States. Students focus on improving speaking, listening, and presentation skills through learning about life at FIT and in New York.

ES 023 — English as a Second Language Workshop

1 credit; 3 lab hours

With intensified instruction in reading and writing, students apply and practice the English skills taught in the co-requisite ES 123. Sessions consist of small-group and individual work. Co-requisite(s): ES 123.

ES 024 — English as a Second Language

0.66 credits; 2 lab hours

For students who have completed ES 023/123 but are required to take an additional writing course in English as a second language. Must be completed at the same time as EN 121. Pre-requisite(s): ES 023 and ES 123
Co-requisite(s): EN 121.

ES 025 — Pronunciation Skills for ESL Students

0 credits; 2 lecture hours

This course in pronunciation skills for intermediate to advanced students focuses on modifying pronunciation and improving proficiency in spoken English. Students work intensively with English vowels and consonants; master basic features of English stress, rhythm, and intonation; and learn how to use phonetic symbols and pronunciation guides.

ES 027 — English Conversation

0.67 credits; 2 lab hours

For intermediate and advanced students for whom English is a second language and who need to improve their oral communication skills. Provides practice in using and understanding spoken English. May be required for students who have completed ES 123 but need additional instruction in speaking and listening.

ES 028 — Oral Presentation Skills Workshop for ESL Students

0.83 credits; 2 lab hours

This course in oral presentation skills for intermediate English as a Second Language (ESL) students focuses on the fundamental skills needed to present work verbally to an audience. Through practice in preparing and giving oral presentations in a structured setting, students develop strategies in both verbal and nonverbal communications skills in order to present ideas in an effective and clear manner.

ES 029 — College Composition for Non-Native Speakers of English Lab

0 credits; 2 lab hours

This course is the lab component for ES 129. This course gives students additional practice in grammar, syntax, citation, and editing, as well as opportunities to work on their writing in a workshop setting to help them become more confident and skilled writers. Prerequisite(s): ES 023/123 or appropriate score on FIT English Placement Test
Corequisite(s): ES 129.

ES 033 — College English Preparation Workshop

1 credit; 3 lab hours

A writing-intensive course in which students expand upon the skills taught in the co-requisite ES 133. Sessions consist of small-group and individual work.

Co-requisite(s): ES 133.

ES 034 — Educational Skills

0.67 credits; 2 lab hours

For students who have taken ES 033/133 and who are required to take additional instruction in reading and writing. Must be completed in the same semester as EN 121.

Co-requisite(s): EN121.

ES 037 — Survival Grammar

1.33 credits; 1 lecture and 1 lab hour

Students improve their writing skills by focusing on the fundamentals of grammar and conveying information in an accurate, engaging, and efficient way. Pre-requisite(s): Appropriate English placement test result

Co-requisite(s): EN 121.

ES 123 — English as a Second Language

2 credits; 2 lecture hours

For students who need to improve their skills in English as a second language. Instruction is given in reading and writing English, with some practice in listening and speaking. Students must register simultaneously in the corresponding section of ES 023. More than one semester of ES 023/123 may be needed. Additional ESL instruction (ES 024) is required after successful completion of ES 023/123.

Co-requisite(s): ES 023.

ES 129 — College Composition for Non-Native Speakers of English

3 credits; 3 lecture hours

This is a college-level writing intensive course designed to develop the writing skills of students for whom English is a second language. By working through the various stages of the writing process, students become more confident and skilled writers. A variety of genres are explored through reading assignments, class discussions and writing. This course is equivalent to EN121. (G1: Basic Communication)

Prerequisite(s): ES 023/123 or appropriate score on FIT English Placement Test

Corequisite(s): ES 029.

ES 133 — College English Preparation

2 credits; 2 lecture hours

A writing-intensive course focusing on the stages of the writing process and on strategies to enhance reading comprehension and study skills. Topics include grammar, paragraph structure, and essay development. Students must register simultaneously in the corresponding section of ES 033. Additional instruction (ES 034) may be required.

Co-requisite(s): ES 033.

FA: Fine Arts

FA 030 — FINE ARTS TRANSFER

1.5 credits

FA 040 — FINE ARTS TRANSFER

1.5 credits

FA 050 — FINE ARTS TRANSFER CREDIT

3 credits

FA 060 — FINE ARTS TRANSFER CREDIT

3 credits

FA 101 — Painting

1.5 credits; 3 lab hours

For students not majoring in Fine Arts. Through observation of still life and the figure, students are introduced to the use of oil or acrylic paint. Students develop color-mixing techniques emphasizing varied approaches to the use of paint. (G6: Arts).

FA 102 — Painting

1.5 credits; 3 lab hours

For students not majoring in Fine Arts. This course is a continuation of FA 101, with an emphasis on painting from still life and the figure. (G6: Arts)

Prerequisite(s): FA 101 (waived for Visual Presentation and Exhibition Design students).

FA 103 — Painting

1.5 credits; 3 lab hours

For students not majoring in Fine Arts. Abstract painting is explored through design, color, and composition. Experimentation with materials is encouraged. Painting medium is open. Any level of experience. (G6: Arts).

FA 104 — Sculpture - Basic

1.5 credits; 3 lab hours

For students not majoring in Fine Arts. Introduces the basic principles of sculpture and relief through the figure and other references. Clay and plasteline are used, and basic casting techniques are introduced. (G6: Arts).

FA 105 — Life Drawing

1.5 credits; 3 lab hours

For Fashion Design and Menswear students. Focus on figure drawing, stressing line, gesture, and composition. Study of proportion and anatomy of the human figure is undertaken. (G6: Arts).

FA 106 — Printmaking - Basic

2 credits; 1 lecture and 2 lab hours

For students not majoring in Fine Arts. Fundamental procedures in relief and intaglio printing are studied, using linoleum, woodcuts, and etching techniques. Students are introduced to basic printmaking processes, with an emphasis on exploring printmaking as a medium. Some drawing experience helpful.

FA 107 — Basic Design

1.5 credits; 3 lab hours

For Fashion Design, Jewelry Design, and Menswear students. Exploration of fundamental concepts of two-dimensional design. Line, shape, texture, rhythm, and color are emphasized, with an introduction to three-dimensional design. (G6: Arts).

FA 108 — Basic Drawing

1 credit; 2 lab hours

For Photography majors. Students are introduced to drawing in black and white. Line, volume, composition, and perspective are taught through observation of still life and interiors. (G6: Arts).

FA 109 — Portrait and Figure Painting

1.5 credits; 3 lab hours

For students not majoring in Fine Arts. Students paint the portrait and the figure from an objective point of view, utilizing fundamental approaches. Initial studies are in charcoal and culminate in finished paintings of the head and figure. Oil or acrylic paint is used.

Prerequisite(s): FA 101.

FA 113 — Fundamentals of Design I: 2D and Color

1.5 credits; 0 lecture and 3 lab hours

Students explore the principles of two-dimensional design and color for the designer and fine artist, including the study of line, shape, positive and negative space, texture, and composition. (G6: Arts).

FA 114 — Fundamentals of Design II: 3D Form and Structure

1.5 credits; 3 lab hours

The concepts basic to all three-dimensional design are studied: definition of space through the use of line, planes, and solid forms; manipulation of mass, volume, and void; the use of structural systems; the relationship of surface and color to form; and the importance of proportion and scale, light, and shadow. (G6: Arts).

FA 116 — Creative Media

2 credits; 1 lecture and 2 lab hours

Using a wide variety of materials and design concepts, this course offers an opportunity for students to explore different approaches in creating nontraditional works of art. Emphasis is on enlarging students' capacity for imaginative expression in two- and three-dimensional projects. (G6: Arts).

FA 117 — Traditional Techniques in the Fine Arts

2 credits; 1 lecture and 2 lab hours

This course develops students' insight into the techniques of masterworks in art history. The course combines lectures, demonstrations, visits to museums, and hands-on work in the studio. Students study and create works using such techniques as wet and dry media, ink and silverpoint, and encaustic, tempera, and oil painting.

FA 118 — Fundamentals of Design for Photography

2 credits; 1 lecture and 2 lab hours

Students explore the principles of two-dimensional design and color, including the study of line, shape, positive and negative space, texture, and composition. They apply these principles to photography by using their own photographs to complete assignments.

FA 119 — 2D Design for Illustrators

1.5 credits; 3 lab hours

This design course introduces the fundamental components of two dimensional design and color theory to Illustration students. Concepts include line, shape, positive and negative space, texture, composition and color. Students learn to recognize and interpret design concepts from observation and to generate expressive ideas and images from their imaginations. Through class critiques and the application of these essential aspects of design, students establish the ability to analyze and constructively criticize illustration imagery. They explore collage construction, traditional drawing and painting media, and learn to employ their own photographs as reference to fulfill assignments.

FA 131 — Life Drawing I

1.5 credits; 3 lab hours

An introduction to drawing the figure, students study line, proportion, gesture, and composition using pencil and charcoal. Study of anatomy is introduced. (G6: Arts).

FA 132 — Life Drawing II

1.5 credits; 3 lab hours

This course continues the study of the figure, with focus on a more sophisticated use of materials and the study of anatomy. (G6: Arts)

Prerequisite(s): FA 131.

FA 141 — Drawing I

1.5 credits; 3 lab hours

This course introduces drawing with an emphasis on developing perceptual skills. Line, value, placement, and perspective with still life and interiors as subjects are studied. Black-and-white materials are used. (G6: Arts).

FA 142 — Drawing II

1.5 credits; 3 lab hours

A continuation of Drawing I, this course emphasizes compositional concepts using still life, interiors, and the figure. A variety of media, including ink wash and color, are used. (G6: Arts)

Prerequisite(s): FA 141 or CD 113.

FA 143 — Foundation Drawing I

3 credits; 6 lab hours

This drawing course is the first of two foundation level drawing courses that introduce the fundamental principles and materials used in drawing from direct observation. Subject emphasis is on still-life and the human figure.

Co-requisite(s): FA 151 and HA 112.

FA 144 — Foundation Drawing II

3 credits; 6 lab hours

This drawing course is the second of two foundation level drawing courses that introduce the fundamental principles and materials used in drawing from direct observation. Subject emphasis is on still-life and the human figure.

Prerequisite(s): FA 143

Co-requisite(s): FA 152 and HA 231.

FA 151 — Painting I

3 credits; 6 lab hours

An introduction to the use of oil paint, this course uses a perceptual approach to still life and the figure. Color mixing, paint application, and compositional strategies are emphasized.

FA 152 — Painting II

3 credits; 6 lab hours

This course is a continuation of Painting I, focusing on the figure, with further exploration of painting techniques and continued emphasis on drawing, composition, and color.

Prerequisite(s): FA 151.

FA 153 — Watercolor and Its Applications

1.5 credits; 3 lab hours

The basic principles of watercolor technique are introduced. Students gain knowledge of color mixing and perception by direct observation and study of color theory as it pertains to watercolor, both transparent and opaque. Museum visits provide the opportunity to examine artists' uses and applications of various techniques.

FA 161 — Sculpture I

3 credits; 6 lab hours

This basic course emphasizes traditional sculpture skills with the head and full figure as the subject. Clay is the medium.

FA 171 — Printmaking I

1.5 credits; 3 lab hours

Students are introduced to basic printmaking processes, with an emphasis on exploring printmaking as a medium. Relief (woodcut, lino cut), intaglio (etching on metal or plastic), and monotype techniques are explored. Hand tools, edition printing, artists' proofs, and press operation are discussed.

FA 172 — Printmaking II

1.5 credits; 3 lab hours

A continuation of Printmaking I, this course studies more advanced printmaking techniques, including color, paper, and metal plate lithography, resulting in the development of a portfolio or artist's book.

Prerequisite(s): FA 171.

FA 202 — Basic Design: 3D

1 credit; 2 lab hours

For students not majoring in Fine Arts, this course is an introduction to the vocabulary of form in space and encourages inventiveness in concept and use of materials. (G6: Arts).

FA 203 — Drawing for Accessories

1.5 credits; 3 lab hours

Students draw still life and the figure from observation. Emphasis is on proportion, line, composition, and value. Accessories are incorporated as part of the subject matter from which the students will draw.

FA 231 — Visualization and the Human Figure I

1.5 credits; 3 lab hours

A study of the human figure, this course introduces the use of color, experiments with scale and materials, and further develops compositional strategies.

Prerequisite(s): FA 144.

FA 232 — Visualization and the Human Figure II

1.5 credits; 3 lab hours

A continuation of Life Drawing III, this course emphasizes sustained drawings using mixed media and the development of a more complex relationship between the figure and space.

Prerequisite(s): FA 231.

FA 251 — Approaches to Abstract Painting I

3 credits; 6 lab hours

Students are introduced to the tradition of abstraction. Projects emphasize color, composition, and experimentation with paint application in a nonobjective context.

Prerequisite(s): FA 152.

FA 252 — Painting III

3 credits; 6 lab hours

Students explore painting from a representational viewpoint (still life and figure).

Prerequisite(s): FA 152.

FA 253 — Approaches to Abstract Painting II

3 credits; 6 lab hours

This course is a continuation of Approaches to Abstract Painting I, with an emphasis on developing a personal style.

Prerequisite(s): FA 251.

FA 254 — Painting IV

3 credits; 6 lab hours

A continuation of work in Painting III. Students are encouraged to develop their own style.

Prerequisite(s): FA 252.

FA 255 — Intermediate Methods and Approaches - Painting III

4 credits; 8 lab hours

A continuation of FA 151 and FA 152, this course further explores compositional strategies, color dimensionality, and process.

Prerequisite(s): FA 152.

FA 256 — Intermediate Methods and Approaches - Painting IV

4 credits; 8 lab hours

This course is the culmination of learned painting skills for the Fine Arts A.A.S. student. Through varying approaches and methods, students continue their investigation of scale, material and process.

Prerequisite(s): FA 255.

FA 261 — Sculpture II

3 credits; 6 lab hours

This course is a continuation of the aims of Sculpture I with emphasis on the use of new materials and methods.

Prerequisite(s): FA 161.

FA 271 — Intaglio

2 credits; 4 lab hours

This course covers the fundamentals and processes of intaglio printmaking. Drypoint, hard ground, soft ground, and aquatint is covered.

Co-requisite(s): FA 255.

FA 272 — Relief Printmaking

2 credits; 4 lab hours

This course places emphasis on wood cut, color printing, paper types, and large scale printing.

Prerequisite(s): FA 271

Co-requisite(s): FA 256.

FA 299 — Independent Study in Fine Arts

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

FA 301 — Anatomy for Toy Designers

1.5 credits; 3 lab hours

For Toy Design students. Students learn the basic human bone and muscle structure and compare it to the anatomies of other living forms in order to nurture creativity and invention.

FA 341 — Drawing Workshop/Experimental Drawing

1.5 credits; 3 lab hours

Experimenting with material, scale, imagery, and process, students integrate observation, imagination-invention, abstraction, and conceptualization into their working methods. Through the drawing process, students develop their perception of visual components and their relationships in the physical world.

Prerequisite(s): FA 142 or FA 232 or equivalent

Co-requisite(s): FA 351.

FA 351 — Painting V: Contemporary Concepts

3 credits; 6 lab hours

This course explores the postmodern idea that imagery may be combined with abstraction to construct pictorial space. Students study the use of the figure in a perceptual context and as an element in a narrative construct.

Prerequisite(s): FA 252 or FA 255.

FA 352 — Painting VI: Sources of Painted Imagery

3 credits; 6 lab hours

Students develop their own vocabulary by learning to assimilate multiple sources of information and processes to meet their own creative needs. Art of other cultures, technology, personal psychology, and popular cultures provide resources for their work.

Prerequisite(s): FA 351.

FA 361 — Sculpture III: Advanced Traditional Materials

3 credits; 6 lab hours

The study of figurative sculpture in abstract or realistic modes continues, using such materials as wax, plaster, stone, wood, and clay. Concepts include fragmentation and/or large-scale execution of the subject.

Prerequisite(s): FA 261 or equivalent.

FA 363 — Sculpture: Casting as a Creative Medium

3 credits; 6 lab hours

Mold-making and casting as methods of reproduction, a way to transfer work into other materials, and a medium of sculptural expression are studied. Students research the use of traditional and nontraditional materials and produce finished works of art using the methods of mold-making and casting. A commercial casting operation is observed.

Prerequisite(s): FA 361.

FA 371 — Printmaking III: Advanced Works on Paper

2 credits; 4 lab hours

Projects in lithography, relief, intaglio, stencil, collagraph, and the monotype are undertaken to explore both traditional and contemporary ideas in visual expression.

Prerequisite(s): FA 172

Co-requisite(s): FA 351.

FA 411 — Interdisciplinary Media

1.5 credits; 3 lab hours

Exploring the use of technology in art, students break traditional boundaries that have defined the disciplines of painting, photography, sculpture, and printmaking in order to create multimedia work.

Prerequisite(s): FA 451.

FA 441 — Experimental Drawing II

1.5 credits; 3 lab hours

Building on skills learned in FA 341, students continue to experiment with material, scale, imagery and process in conjunction with the thematic/conceptual work for their thesis.

Prerequisite(s): FA 341

Co-requisite(s): FA 451.

FA 451 — Painting VII: Development of Personal Aesthetics

3 credits; 6 lab hours

Through a series of paintings and sketches, students focus on an area of aesthetic or cultural concern. They develop conceptual consistency while also exploring differences among individual works in preparation for the thesis.

Prerequisite(s): FA 352.

FA 462 — Sculpture: New Materials

3 credits; 6 lab hours

The exploration of sculpture continues with a focus on how the choice of materials communicates artistic voice. Students are introduced to the concept of public art and site-specific works.

Prerequisite(s): FA 363.

FA 471 — Advanced Experimental Printmaking

2 credits; 4 lab hours

Advanced photo techniques in printmaking are studied. Students explore new ideas and printmaking formats by using photosensitized plates in methods of lithography, etching, and relief printmaking. The course deals with contemporary issues of content in printmaking.

Prerequisite(s): FA 371.

FA 491 — Senior Project Thesis: Painting

3 credits; 6 lab hours

Under faculty supervision, students produce a coherent body of work in painting or related disciplines. They write and present a paper addressing the developmental process and aesthetic concerns of their work.

Prerequisite(s): FA 451.

FA 492 — Senior Project Thesis: Sculpture

3 credits; 6 lab hours

Students pursue individual work supervised by faculty, producing a coherent body of work in sculpture or related disciplines that represent a culmination of their studies. In this capstone course, they write a paper that addresses the developmental process and the aesthetic concerns of their work.

Prerequisite(s): FA 462.

FA 499 — Independent Study in Fine Arts

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

FD: Fashion Design–Apparel (See also AF, AP, AR, DP, FF, TL)

FD 111 — Draping I: Fundamentals

3 credits; 6 lab hours

Introductory course explores the three-dimensional draping approach to executing garment design. Projects introduce the important principles of grain, balance, and construction. Through critiqued design development on the dress form, students develop their own sense of proportion, silhouette, line, and style, while exploring current market trends. Course utilizes strong sewing skills. Prerequisite(s) or

Co-requisite(s): FD 131 for evening/weekend students only.

FD 112 — Draping II: Constructed Silhouettes

3 credits; 6 lab hours

This course enables students to execute jacket styles utilizing advanced draping techniques and explores how to incorporate tailoring details to enhance garment designs. Students learn to develop draped pattern styles that include mounted and semi-mounted sleeves, and various collar and pocket styles.

Prerequisite(s): FD 111.

FD 113 — Apparel Design: Structured Silhouettes

4 credits; 8 lab hours

Students learn the principles of draping as a method of designing original garments in three-dimensional form. Draping techniques and construction skills are developed for more advanced structured garments, along with an understanding of silhouette, proportion, and current style trends.

Corequisite(s): FD 135 and FD 114.

FD 114 — Apparel Design: Soft Silhouettes

3 credits; 6 lab hours

Students learn to drape soft silhouettes using muslin and soft fabrics. Creative designs are explored, from basic to classic to complex shapes. An original garment is designed and executed in fabric.

Corequisite(s): FD 113 and FD 135.

FD 115 — Introduction to Draping

2 credits; 1 lecture and 2 lab hours

This course introduces the student to the basic principles of draping, keeping in mind the importance of grain, balance, and structure in a garment. An understanding of fundamental draping procedures and their application to current trends is addressed. Tools and materials essential for professional results are demonstrated and used.

FD 116 — Apparel Design Workshop

2 credits; 1 lecture and 2 lab hours

A continuation of FD 115, this course further develops students' understanding of fundamental draping procedures and their application to current trends. As a final project, a term garment is developed that involves the selection of fabric, draping, and construction, and following industrial sample room procedures.

Prerequisite(s): FD 115 and FD 131.

FD 117 — Design Studio I - Introduction to Draping

2 credits; 4 lab hours

This course introduces fashion design students to the basic principles and techniques of draping in fabric as a means to creatively interpret and develop contemporary designs. An emphasis on proportion, balance and shape as related to design aesthetics broadens students' understanding for actualizing and realizing three-dimensional design prototypes through manipulating muslin.

FD 121 — Flat Pattern Design I

1.5 credits; 3 lab hours

Introductory flat pattern course explores the two-dimensional method to execute garment designs. Utilizing basic slopers, students develop original design concepts through the slash-and-spread and pivot techniques. Projects are evaluated on the dress form for fit, balance, style, creativity, and proportion. Course utilizes strong sewing skills.

FD 127 — Design Studio II - Soft Draping

3 credits; 6 lab hours

In this course, Fashion Design students explore more advanced principles and techniques of unstructured draping using soft fabric for the creative interpretation and artistic development of contemporary designs. Emphasis on proportion, balance and shape as related to design aesthetics broadens students' understanding of actualizing and realizing three-dimensional design prototypes through manipulating soft fabrications.

Prerequisite(s): FD 117

Corequisite(s): FD 134.

FD 131 — Sewing Techniques I

1.5 credits; 3 lab hours

Students learn the basic professional techniques used in the construction of designers' sample garments. Sewing techniques--including cutting, construction, and finishing--are explored, using industrial equipment to create sample garments in cotton or cotton-type fabrics.

FD 132 — Sewing Techniques II

1.5 credits; 3 lab hours

Builds upon skills learned in Sewing Techniques I. Students learn new and more complex design room construction, and develop advanced techniques currently used in the fashion industry. Prerequisite(s): FD 131.

FD 133 — Materials and Construction I

2 credits; 4 lab hours

This course broadens the learning experience for students. It focuses on how the creative fashion designer uses materials for silhouette details development and critical thinking as related to designer construction details, and provides exposure and study of high-end and/or historical garments to expand fabrication and construction knowledge.

FD 134 — Materials and Construction II

2 credits; 4 lab hours

This course advances students' knowledge about materials, core properties and construction techniques that inform their choices made for silhouette creation and hands-on prototype development. Visits to the Museum at FIT study rooms and exhibitions provide further opportunities to explore fabrications. Students make garments using high-end construction details and techniques.

Prerequisite(s): FD 133

Corequisite(s): FD 127.

FD 135 — Materials and Construction (for 1-Year AAS)

3 credits; 6 lab hours

This course stresses hands-on construction, cutting, and finishing techniques for creating garment prototypes. Students are introduced to materials including cottons, wools, silks, piles and interfacing, core characteristics and handling. Visits to FIT Museum study rooms and exhibitions further opportunities to explore the influence of fabrication choices, construction details and techniques for silhouette development.

Co-requisite(s): FD 113 & FD 114.

FD 181 — Materials and Construction I

3 credits; 6 lab hours

This course broadens the learning experience for students. It focuses on how the creative fashion designer uses materials for silhouette and details development and critical thinking as related to designer construction details, and provides exposure and study of high-end and/or historical garments to expand fabrication and construction knowledge.

FD 182 — Materials and Construction II

2 credits; 4 lab hours

This course advances students' knowledge about materials, core properties and construction techniques that inform their choices made for silhouette creation and hands-on prototype development. Visits to the Museum at FIT study rooms and exhibitions provide further opportunities to explore fabrications. Students make garments using high-end construction details and techniques.

Prerequisite(s): FD 181

Co-requisite(s): FD 118.

FD 211 — Draping III: Soft Silhouettes

3 credits; 6 lab hours

This course involves creative draping techniques with emphasis on soft silhouettes and structure in design. Introduction to dolman sleeve styles, cowls, pants, and cut-and-sew knits are included. The variations in style expand students' creative, critical thinking, and technical skills into different areas of design, while draping in fabric.

Prerequisite(s): FD 112.

FD 212 — Design Studio IV: Advanced Draping

3 credits; 6 lab hours

This course further develops creative and technical skills in apparel design. Advanced draping projects enable students to explore design through a variety of fabrication, draping, and construction techniques. Students also learn how design resources and presentation skills can help them articulate their ideas.

Prerequisite(s): FD 213.

FD 217 — Design Studio III - Structured Draping

3 credits; 6 lab hours

Fashion design students advance their artistic principles using three-dimensional draping techniques to creatively interpret and realize contemporary structured jackets. Students explore concepts including mounted and semi-mounted sleeves, collar and pocket variations, finishing and details, and silhouette development as related to design aesthetics. Two-dimensional patternmaking and three-dimensional draping techniques combine to actualize market-appropriate original prototypes.

Prerequisite(s): FD 127.

FD 221 — Flat Pattern Design II

1.5 credits; 3 lab hours

This course allows students to proceed from the study and application of the basic principles of patternmaking to a more comprehensive view of design within flat pattern methods and principles. Basic torso slopers are developed with the sleeve and are combined to form the kimono/dolman sloper.

Prerequisite(s): FD 121.

FD 223 — Digital Literacy For Designers (Interdisciplinary)

2.5 credits; 2 lecture and 1 lab hours

This is an interdisciplinary course cross-listed with CG 223. This course examines the concept of digital literacy through the lens of Art and Design. The course framework supports the development of critical and self-reflective skills, necessary components of ethical and socially responsible behavior in online environments. Students create content in a variety of forms, making use of new digital tools to support knowledge creation in a socially networked world. They work collaboratively to improve the civic life of their community, and understand that digital literacy is a core competency in the digital age.

FD 227 — Design Studio IV: Advanced Draping

3 credits; 6 lab hours

This course further develops creative and technical skills in apparel design. Advanced draping projects enable students to explore design through a variety of fabrication, draping, and construction techniques. Students also learn how design resources and presentation skills can help them articulate their ideas.

Prerequisite(s): FD 217.

FD 231 — Haute Couture Sewing Techniques

2 credits; 4 lab hours

This course introduces students to the finest sewing techniques practiced in couture workrooms and provides the basis for understanding haute couture. Students learn techniques in cutting, hand stitching, seam and hem finishes, pocket construction, pressing, and finishing.

FD 232 — Haute Couture Decorative Techniques and Embellishments

2 credits; 4 lab hours

Expands knowledge of the couture by exploring various decorative techniques. Students learn how to hand bead as well as apply rocailles, sequins, pearls, and faux gems on different types of fabrics. In addition, students create embellishments from ribbons and fabric; hand embroider original designs; and learn techniques in quilting, pleating, and trapunto.

Co-requisite(s): FD 231.

FD 241 — Apparel Product Data Management

1.5 credits; 3 lab hours

Introduction to product data management. Students learn to facilitate the communication and coordination of pre-product development tasks by linking design, engineering, costing, and manufacturing information through a centralized database of product-related information.

FD 242 — Digital Fashion Design Studio II

2 credits; 4 lab hours

This course provides an in-depth study of industry-standard fashion design studio processes for actualizing creative design concepts. In Module A of the course, students utilize fashion digital illustration industry practices to effectively execute design ideas. In Module B of the course, students adopt a variety of fashion designer responsibilities as they research, develop, and communicate creative information across multiple platforms.

Prerequisite(s): FF 142

Co-requisite(s): FF 212 and FF 244.

FD 243 — Apparel Design Studio - Patternmaking

3 credits; 6 lab hours

This course introduces students to master pattern design, including basic and advanced techniques for original design, sloper, and pattern development according to professional standards. They learn accurate industry-standard terminology, pattern identification, and tool usage. They test patterns in muslin for fit and proportion of basic and complex design prototypes.

Prerequisite(s): FD 113.

FD 244 — Design Development: Digital Communication & Management

1.5 credits; 3 lab hours

This course is an in-depth survey from concept to completion of the industry-standard for design-to-manufacturing procedures and practices. Utilizing digital apparel management programs and tools (such as Adobe Creative Cloud, Microsoft Excel and Gerber-PDM software), students learn to effectively execute design ideas and communicate design information across multiple platforms for various design and development stages.

Prerequisite(s): FF 245.

FD 281 — Corsetry in Fashion I

2.5 credits; 1 lecture and 3 lab hours

Students study the history of corsetry from the 1600s to the 1850s and learn how the body is manipulated to create a fashion silhouette. Through museum visits and online market research, students analyze the differences between corsetry and class draping and develop technical patterns to create period corsets using traditional construction techniques.

Prerequisite(s): DP 112 or FD 112 or FD 113 or FD 127.

FD 282 — Corsetry in Fashion II

2.5 credits; 1 lecture and 3 lab hours

Students explore the history of corsetry from 1850 to the present and the interpretation of structured undergarments in contemporary fashion trends. Further developing the technical skills learned in FD 281, students create a period corset and design a contemporary corset and garment. Prerequisite(s): FD 281 or approval of chairperson.

FD 321 — Computerized Pattern Design

1.5 credits; 3 lab hours

This course builds on students' patternmaking skills and enables them to advance to a more comprehensive study of design using computerized patternmaking methods and principles. Students learn the operation of the System Management and PDS (Pattern Design System) computerized flat pattern design and technical illustration programs.

FD 341 — Design with High-Tech Fabrics

1.5 credits; 1 lecture and 1 lab hour

Students examine the relationship between high-tech fabrics and contemporary sportswear, outerwear, and performance design. The course concentrates on the qualities and functions of high-tech fabrics and their adaptability for specific functions or fashion looks. Students also learn the special construction techniques and machines needed for these fabrics.

FD 342 — CAD for Fashion Design and Development

2 credits; 1 lecture and 2 lab hours

Using fashion designer methodology, students digitally create fabrics and explore textile possibilities for garments they have designed, using fashion industry proprietary/simulation CAD software. Students learn the fundamentals of merging garment and fabric design to create collections with an overall balance of color, pattern, texture, proportion, and function. Requires approval of Chair if transfer/exchange student.

FD 343 — 2D/3D Experimentation

2.5 credits; 1 lecture and 3 lab hours

This course provides students with opportunities to develop 3D design ideas through the exploration of creative 2D patternmaking and 3D draping techniques. Assignments challenge students to experiment, combine, and adapt their patternmaking and draping knowledge in inventive ways. They conduct extensive design research, perform self-assessments, and gain skills in peer review.

FD 345 — Advanced Digital Fashion

2 credits; 1 lecture and 2 lab hours

Students build on their existing digital skills as they develop advanced creative techniques using bitmap and vector software (including the Adobe Creative Cloud). Using apparel industry best practices, they focus on accurate and expressive communication of fashion design ideas with an individual voice. Requires approval of chairperson if transfer/exchange student.

FD 351 — Body Contour

1.5 credits; 3 lab hours

This course introduces students to the design, merchandising, and manufacturing of body contouring designs in stretch fabrics. Students incorporate market and textile research to drape and flat pattern original designs, and execute the construction using appropriate construction techniques.

FD 352 — Knitwear Design: Flat Pattern Design and Sewing

1.5 credits; 3 lab hours

Students learn standard flat pattern design and sewing practices of the knitwear industry, including industrial methods of measuring, fitting, and finishing, in order to develop original knitwear designs through market research. Fabrics for the term project are produced in FD 353.

FD 353 — Knitwear Design: Machine Knitting

2 credits; 4 lab hours

An introduction to the hand-knitting machine as a tool for designing knitted fabrics and garments. Students learn the design aspects of fabric structure, stitch patterns, and textured yarns and colors in order to create new fabric designs in jersey structures. Original fabrics are created for use in FD 352.

FD 354 — Knitwear Design: Draping, Advanced Sewing, and Flat Pattern Design

1.5 credits; 3 lab hours

Students design and develop a line of fine gauge knitwear and sweater-weight garments using industry methods of draping, advanced sewing, and flat pattern design.

Prerequisite(s): FD 352.

FD 355 — Primavision I

1.5 credits; 3 lab hours

Students gain a working knowledge of technical line development and execution through the study and use of the proprietary software program Primavision, by Lectra Systems. Emphasis is on specs and construction details dealing with both woven and knit fabric development.

FD 356 — Seamless Knit Design: Stoll M1

2 credits; 4 lab hours

Students create a knitwear program through the study and use of the proprietary software Stoll M1 CAD system. Emphasis is placed on the construction of knitted fabrics in single and double bed.

Prerequisite(s): FD 352 and FD 353.

FD 357 — Introduction to Knitwear Design

3 credits; 6 lab hours

Using knitwear industry methods, students learn specialized patternmaking, construction and specification development for sweater knit silhouettes in Module A. They develop and machine knit original design swatches in Module B. Through hands-on research and development, knitwear industry sustainable practices are introduced. Students develop original designs for sweater knit garments.

FD 358 — Advanced Knitwear Design: Creative Development and Execution

1.5 credits; 3 lab hours

In this advanced course, students further their design development through knitwear industry field trips, advanced methods of draping and assembling. Sustainable knitwear practices are incorporated into design aesthetic. Students create an original collection of garments using multiple weights of knitwear fabrics.

Prerequisite(s): FD 357

Corequisite(s): FD 359.

FD 359 — Advanced Knitwear and Full Fashion Creative Design Development

2 credits; 4 lab hours

In this course, full-fashion garment development, double-bed ribbing methods, pointelle and advanced novelty stitch design principles, execution and development is covered. Students use manual knit machinery to create novelty swatches and execute a creative full-fashion garment. Emphasis is placed on appropriate design solutions for full-fashion development and designing advanced novelty-knitting structures.

Prerequisite(s): FD 357

Corequisite(s): FD 358.

FD 361 — Introduction to Children's Wear

2.5 credits; 1 lecture and 3 lab hours

Introduces students to the children's wear market. Students study the differences between children's wear and adult clothing, and explore the issues that need to be addressed when designing clothing for children, including sizing, government safety standards, and the psychological implications of child development on design. Students design a collection using appropriate design concepts.

FD 362 — Active Sport Design

2 credits; 4 lab hours

Requirements and principles of movement in specific sports are discussed as they relate to the fit of active sports apparel. Students create designs based on the aesthetic and technical needs of the serious sports enthusiast.

FD 363 — Swimwear Design

2 credits; 4 lab hours

An introduction to swimwear design. Students gain a broad working knowledge of swimsuits and related apparel such as cover-ups and beach accessories. Original designs are produced using flat pattern and draping techniques, and industry specific construction methods and machinery.

FD 364 — Outerwear and Performance Apparel Design

2 credits; 4 lab hours

Students study the creation of women's performance apparel, which takes into account the principles of extreme movement, as well as the aesthetic and technical needs of the serious outdoor sports enthusiast. Using their knowledge of advanced new fibers, fabrics, trims, and performance construction techniques, students design performance apparel for a specific sport.

FD 365 — Explorations in Childrenswear Design

2 credits; 1 lecture and 2 lab hours

This course introduces fashion design students to the classifications and size ranges within the childrenswear market. Students gain an understanding of all aspects of the childrenswear market. Developmental stages of childhood are explored in relation to aspects of creative design. Students research key classifications and digitally present their research.

FD 366 — Fundamentals of Childrenswear Design

2 credits; 4 lecture hours

This course introduces students to the fundamentals of childrenswear. They create original design for children in different size ranges while emphasizing proportion and fit. Garments are constructed using current industry-specific methods and machinery.

Corequisite(s): FF 343.

FD 368 — Special Occasion Bridal Design

3 credits; 6 lab hours

Through various research opportunities, students are introduced to the world of bridalwear and special occasion markets. They advance their forecast skills, track trends, and compare and contrast the differences of designer's styles. By applying draping, patternmaking, foundation, fit, understructure and sewing techniques, students create a modern bridal design.

Corequisite(s): FF 373.

FD 369 — Sportswear Development Concepts

3 credits; 6 lab hours

Students develop casual sportswear as related pieces. They incorporate advanced design components in the creation of key pieces in their own design aesthetic. Working in teams, they research sportswear brands and collaboratively design and execute a cohesive group of innovative pieces for a brand label, maintaining the designer/company's aesthetic.

Corequisite(s): FF 363.

FD 371 — Intimate Apparel Sewing Techniques

2 credits; 4 lab hours

This course introduces students to the construction techniques involved in the development of intimate apparel products. Students create a prototype from a sloper, using professional sewing methods and application techniques.

FD 372 — Control Shapewear Design

2 credits; 4 lab hours

Students explore the design and construction techniques of control garment fitting prototypes. Through market research and demonstrations, students create original concepts and produce prototypes utilizing specialized construction methods.

Co-requisite(s): FD 371.

FD 373 — Intimate Apparel Line Development

1.5 credits; 1 lecture and 1 lab hour

Students study the functions of intimate apparel marketing. Through industry research, students analyze market classifications, trend forecasting, and the entire process of merchandising an intimate apparel product, from learning terminology to product development, pricing, and advertising.

FD 374 — Flat Pattern Design for Special Occasion

1.5 credits; 3 lab hours

Through lectures, demonstrations, and hands-on application, students learn to make patterns for after-five, evening, bridalwear and other special occasion dresses. Students develop their flat pattern-making skills in order to create master slopers that interpret design sketches into three-dimensional forms.

FD 375 — Textile Lace and Technology I

1.5 credits; 3 lab hours

Students learn about textile lace and embellishment technology and its relationship in the design, styling, and marketing of apparel products. Through lectures, field trips, market research, and construction demonstrations, students explore both the domestic and international textile market along with aesthetics, performance, and cost/price relationships.

FD 376 — Intimate Apparel Couture

3 credits; 6 lab hours

This course introduces students to the intimate apparel industry. They explore the design and construction techniques from shapewear to sleepwear. Through demonstration and laboratory, students create original design concepts that reflect their design aesthetic utilizing specialized draping, patternmaking, fitting, and machinery with emphasis on couture methodology.

Prerequisite(s): FD 381

Corequisite(s): FF 364.

FD 381 — Stretch Fundamentals

2.5 credits; 1 lecture and 3 lab hours

This course introduces students to the special characteristics inherent in working with fine gauge knits and stretch-woven fabrications. Exploring a combination of draping, fitting, sloper developing, and patternmaking techniques, students create garments using specialized machinery. Using their understanding of stretch fundamentals, they design and execute an original stretch lifestyle group.

Corequisite(s): FD 357, FF 311 or chair approval.

FD 383 — Haute Couture Embellishments

2.5 credits; 1 lecture and 3 lab hours

Students are introduced to the methodology of the couture industry through an overview of key hand and machine embellishment techniques. Through experimental learning, students gain and understanding of incorporating couture embellishments to enhance and elevate original design development.

FD 384 — Active Sport Design

2 credits; 1 lecture and 2 lab hours

The requirements and principles of movement in specific sports in relation to fit and function of active sport apparel is covered. Students create original designs based on the technical and aesthetic needs of the serious sports enthusiast, select active sport textiles, and construct two outfits for sports of their choice.

Prerequisite(s): FD 381.

FD 385 — Performance and Outerwear Design

2.5 credits; 1 lecture and 3 lab hours

This introductory outerwear course underscores how fashion, function and technology are intertwined when creating casual and performance apparel. Attention to proportion, silhouette and functional details development, high tech fabric selections, choice of hands-on construction and trim methodology, planning, and fitting techniques guide student design development through effective first prototype execution.

FD 386 — Swimwear Design

2 credits; 1 lecture and 2 lab hours

Students are introduced to swimwear design and the history of swimwear, with emphasis placed on development in the USA. They create original designs using advanced flat pattern or draping techniques and underwire bra construction techniques. Garments are constructed in appropriate performance textiles selected by students using specialized machinery.

Prerequisite(s): FD 381.

FD 391 — Children's Wear Licensing Practicum

1.5 credits; 3 lab hours

This course familiarizes students with all aspects of designing licensed children's wear products. Students spend three hours per week for ten weeks at a children's wear host company, and three hours per week for five weeks with an apparel faculty mentor.

FD 451 — Knitwear Design: Full Fashion and Pointelle

2 credits; 4 lab hours

An introduction to full fashion knitting and the principles of pointelle design. Students use jersey and rib structures to create full fashion garments. Emphasis is placed on appropriate design solutions for full fashion garments and designing pointelle patterns.

FD 452 — Primavision II

1.5 credits; 3 lab hours

This course explores the industry procedures used to creatively design and technically develop knitwear lines using the Primavision TCX software. Students build on skills learned in FD 355, using the Primavision software as a cohesive tool to communicate and combine all phases of knitwear line development.

Prerequisite(s): FD 355.

FD 453 — Simulated Knitwear Design

2 credits; 4 lab hours

Using simulated technology with knitwear design methodology, students creatively design and effectively develop a digital sweater collection. Relevant technologies such as Kaledo, Adobe Illustrator and Microsoft Excel are incorporated.

Prerequisite(s): FD 359

Corequisite(s): FD 356.

FD 461 — Tailoring Techniques

2 credits; 4 lab hours

This course enables students to elevate their basic sewing skills to an advanced level. Students learn to construct a jacket utilizing hand-tailored methods. Through lectures and demonstrations, students evaluate different levels of quality garments to better understand construction and costing.

FD 462 — Designer Sportswear Incubator

2.5 credits; 1 lecture and 3 lab hours

In this research and development course, students stretch the possibilities of shaping, seaming, handling, and manipulating select fabrics to create innovative, wearable designer sportswear silhouettes and details. Cutting-edge techniques and developments, combined with the inspirational examples of high-end designer role models further challenge individual experimentation that reflects the students' personal aesthetic vision.

Prerequisite(s): FD 369

Corequisite(s): FF 497.

FD 467 — Childrenswear Niche Market

2 credits; 4 lab hours

Students are exposed to specialized and profitable areas of the childrenswear market. In-dept market research and field trips familiarize students with new niche markets. Advanced methods of patternmaking and construction are explored. Students use their newly gained knowledge to create original niche garments.

Corequisite(s): FD 498.

FD 471 — Foundation Design

2 credits; 4 lab hours

An introduction to foundation and undergarment design. Original designs are produced through flat pattern and draping, incorporating specialized sewing methods. Students research the undergarment fashion market and use historical and textile references to create original garments. Projects in this course coordinate with those in FD 472.

Co-requisite(s): FD 472.

FD 472 — Foundation Fitting Techniques

1.5 credits; 3 lab hours

An introduction to professional foundation-fitting techniques as used in the intimate apparel industry. Students learn fitting on a foundation fit model using retail samples and garments of their own design. Through in-class visits and demonstrations by industry experts, students participate in fitting prototypes to explore proper proportion, fit, and comfort.

Co-requisite(s): FD 471.

FD 473 — Underfashion Computer Patternmaking/Grading for Design

1.5 credits; 3 lab hours

This course introduces students to computerized pattern design and grading techniques utilized by foundation designers and industry. Students gain an understanding of specific requirements for foundation pattern shaping and sizing by learning computer pattern development and sizing procedures.

Prerequisite(s): FD 321 and FD 372

Co-requisite(s): FD 471 and FD 472.

FD 474 — Bridal Design

2 credits; 4 lab hours

Students are introduced to the specialized field of bridal design. Through market research, students explore the differences in the areas of formal, semi-formal, and informal bridal apparel in the American and international markets. Students develop a collection of bridal designs and execute an original design using industry techniques.

Prerequisite(s): FD 231, FD 232 and FD 374.

FD 475 — Leather Apparel Design

2 credits; 4 lab hours

This course introduces students to the use of leather, suede, and other animal skins for women's apparel design. The course explores the application of design principles exclusive to designing apparel with leather skins. Students create designs through draping and flat pattern utilizing industrial methods.

FD 481 — Structural Design

2.5 credits; 1 lecture and 3 lab hours

This course introduces students to structural design concepts and specialized techniques integral to the foundation industry and applicable to the intimate apparel and special occasion markets. Through demonstration and laboratory, students create original design projects that reflect their design aesthetic and incorporate advanced fitting techniques to industry standards.

Prerequisite(s): FD 376 or FD 368.

FD 485 — Senior Thesis: Sportswear Design

3 credits; 6 lab hours

In this capstone course, students design, create, develop and prepare professionally executed sportswear for the juried senior thesis fashion show. They refine their looks through fittings done on professional models. Under instructor guidance in tandem with guest designer/industry critic feedback, students' personal vision is advanced through finalized visual presentations.

Prerequisite(s): FF 497.

FD 486 — Senior Thesis: Special Occasion Design

3 credits; 6 lab hours

In this capstone course, students design, create, develop and prepare professionally executed special occasion for the juried senior thesis fashion show. They refine their looks through fittings done on professional models. Under instructor guidance in tandem with guest designer/industry critic feedback, students' personal vision is advanced through finalized visual presentations.

Prerequisite(s): FF 496.

FD 487 — Senior Thesis: Intimate Apparel Design

3 credits; 6 lab hours

In this capstone course, students design, create, develop and prepare professionally executed intimate apparel for the juried senior thesis fashion show. They refine their looks through fittings done on professional models. Under instructor guidance, in tandem with guest designer/industry critic feedback, their personal vision is advanced through finalized visual presentations.

Prerequisite(s): FF 494.

FD 488 — Senior Thesis: Childrenswear Design

3 credits; 6 lab hours

In this capstone course, students design, create, develop and prepare professionally executed childrenswear for the juried Senior Thesis Fashion Show. Students refine their fashion show looks through fittings done on professional models. Under instructor guidance in tandem with guest designer/industry critic feedback, students' personal vision is advanced through finalized visual presentations.

Prerequisite(s): FF 493.

FD 489 — Senior Thesis: Knitwear Design

3 credits; 6 lab hours

In this capstone class, students design, create, develop and prepare professionally executed knitwear for the juried senior thesis fashion show. They refine their fashion show looks through fittings done on professional models. Under instructor guidance in tandem with guest designer/industry critic feedback, students' personal vision is advanced through finalized visual presentations.

Prerequisite(s): FD 356

Corequisite(s): TS 491.

FD 491 — Senior Collection: Children's Wear

3 credits; 6 lab hours

Students develop a senior collection of children's wear under the supervision of an instructor and an industry designer. This course builds upon the technical, creative, and industry knowledge acquired in prior semesters. Utilizing market research and forecasting services, students design and construct a mini-collection.

Prerequisite(s): FF 393 or FF 394.

FD 494 — Senior Collection: Intimate Apparel

3 credits; 6 lab hours

Students develop a senior collection of intimate apparel under the supervision of an instructor and an industry designer. This course builds upon the technical, creative, and industry knowledge acquired in prior semesters. Utilizing market research and forecasting services, students design and construct a mini-collection.

Prerequisite(s): FF 396.

FD 495 — Senior Collection: Special Occasion

3 credits; 6 lab hours

Students develop a senior collection of special occasion designs under the supervision of an instructor and an industry designer. This course builds upon the technical, creative, and industry knowledge acquired in prior semesters. Utilizing market research and forecasting services, students design and construct a mini-collection.

Prerequisite(s): FF 391 and FF 397.

FD 496 — Senior Collection: Sportswear/Active Wear

3 credits; 6 lab hours

Students develop a senior collection of sportswear/active wear under the supervision of an instructor and an industry designer. This course builds upon the technical, creative, and industry knowledge acquired in prior semesters. Utilizing market research and forecasting services, students design and construct a mini-collection.

Prerequisite(s): FF 393 or FF 394.

FD 497 — Senior Collection: Knitwear

2 credits; 4 lab hours

Students develop a senior collection of knitwear under the supervision of an instructor and an industry designer. Utilizing market research and forecasting services, this collection builds upon the technical, creative, and industry knowledge acquired in previous semesters.

Prerequisite(s): FF 395

Co-requisite(s): TS 366.

FD 498 — Childrenswear Practicum

1.5 credits; 3 lab hours

This course familiarizes students with all aspects of designing licensed childrenswear products. Students spend 3 hours per week for 10 weeks at a childrenswear host company, and 3 hours per week for 5 weeks with an apparel faculty mentor.

Prerequisite(s): FD 366.

FF: Fashion Design–Art (See also AF, AP, AR, DP, FD, TL)

FF 111 — Visual Design Concepts I

2 credits; 4 lab hours

This course teaches students to understand, analyze, and draw the female fashion figure, front, turned, and back views. Students learn how to communicate their design ideas in a fashion sketch through garment details, silhouettes, and color theory. Acquiring skills in design development sketching enables them to create simple design groups.

FF 112 — Fashion Art and Design II

2 credits; 4 lab hours

Students learn to explore the nature and hand of fabrics, and how to render different textures, weights, and patterns in their fashion designs. Students develop original designs through researching historical periods, current fashion styling, and color trends as they are applied in fashion design. Design journals, customer profiles, and various presentation formats are introduced. (G6: Arts)

Prerequisite(s): FF 111.

FF 113 — Fashion Art and Design (for 1-Year AAS)

5 credits; 2 lecture and 6 lab hours

Students learn to sketch and render the contemporary fashion figure in order to create a fashion design collection. The course concentrates on proportion, fabric rendering, design details, garment silhouettes, and presentation techniques. (G6: Arts)

Corequisite(s): FF 115.

FF 114 — Model Drawing I for Fashion Designers

1 credit; 2 lab hours

Students learn to draw fashion figure proportion, movement, silhouettes, and details from the fashion model in a variety of poses. Emphasis is placed on experimenting with various media and techniques to render the different characteristics of fabric.

FF 115 — Digital Fashion Design Studio I (for 1-Year AAS)

2 credits; 4 lab hours

Students study fundamental and advanced techniques specific to fashion design using relevant software such as Adobe Photoshop and Illustrator. Assignments emphasize digital design development as applied to the creative fashion designer for sketching techniques, color stories, fabric design, line planning, and original silhouette development.

Corequisite(s): FF 113.

FF 121 — Fashion Research and Inspiration

2 credits; 1 lecture and 2 lab hours

This course provides a cohesive and creative approach to the study of costume history from prehistoric and ancient eras to the Industrial Revolution and the start of the 20th Century. Students study menswear, womenswear and childrenswear silhouettes, textile development, construction innovation, garment details, accessories and the arts and culture of each period. Historic inspiration as utilized by contemporary designers is identified and analyzed.

Prerequisite(s): FF 143.

FF 141 — Introduction to Computerized Fashion Design

1 credit; 2 lab hours

This course introduces the basics of computer-aided design targeted specifically for the fashion industry. Using both bitmap and vector software, students learn techniques to conceptualize fashion designs and create industry-standard presentations.

FF 143 — Digital Design Studio

3 credits; 6 lab hours

Students learn the fundamental and advanced techniques specific to fashion design using relevant software such as Adobe Photoshop and Illustrator. Course assignments emphasize digital design development sketching techniques, color stories, line planning, silhouette, and fabric design. The first 15 sessions focus on Photoshop, the last 15 sessions cover Illustrator.

Co-requisite(s): FF 111.

FF 161 — Fashion Art Studio

3 credits; 6 lab hours

Students learn to render various fabrics and design, using them in their fashion design projects. They develop original designs through research. Design journals, various presentation formats and design markets are explored. Module A covers designing and drawing fashion presentation groups. Module B covers drawing from live fashion models.

Prerequisite(s): FD 117.

FF 211 — Visual Design Concepts III

2 credits; 4 lab hours

Students prepare for their fourth-semester design collections by exploring the roles of research, design development, and editing in the fashion design process. Emphasis is placed on the application of design development to a variety of design groups in order to expand the students' knowledge of key fashion categories, markets, and price points.

Prerequisite(s): FD 127.

FF 212 — Visual Design Concepts IV

2 credits; 4 lab hours

This course enables students to understand the design process necessary for the execution of a design portfolio. Students create a design portfolio for two design seasons in their chosen area of study. An individual drawing style is developed along with suitable presentation techniques and formats.

Prerequisite(s): FF 113 or FF 211.

FF 213 — Model Visualization Techniques

1 credit; 2 lab hours

Students learn how to develop a quick and accurate methodology of fashion design sketching from models. The course provides ideas, inspiration, and a variety of techniques used to solve fashion design challenges.

Prerequisite(s): FF 113 or FF 211.

FF 221 — Fashion Past and Present

2 credits; 1 lecture and 2 lab hours

Slide lectures concentrating on Western fashion cover the ancient eras to the 20th century, emphasizing silhouettes, fabrics, garment details, construction, and accessories. Design projects for a variety of current markets are created with historic inspiration from the periods and cultures explored in the slide lectures, utilizing research from the library, museum, internet, and other sources.

Prerequisite(s): FF 112 or FF 113.

FF 241 — Fashion Design Computer: Photoshop

1.5 credits; 3 lab hours

Students learn the fundamental and advanced techniques specific to fashion design using Adobe Photoshop. Assignments focus on establishing fashion design principles through digital line design development techniques. Students develop increasingly advanced skills using the core software to produce coordinated fashion design presentations.

Prerequisite(s): AR 101 or FF 111 or FF 113 or approval of Fashion Design-Art assistant chairperson.

FF 242 — Fashion Design Computer: Illustrator

1.5 credits; 3 lab hours

Students learn the fundamental to intermediate-level techniques specific to fashion design using Adobe Illustrator. The course covers all aspects of drawing, including working with images and color. Course assignments focus on establishing industry techniques and developing proficiency in creating fashion designs using Adobe Illustrator.

Prerequisite(s): AR 213 or FF 141 or FF 241 or approval of Fashion Design-Art assistant chairperson.

FF 243 — Digital Flats and Specs

1.5 credits; 3 lab hours

Students learn to create garment specification sheets by integrating manual and digital skills. Digital design techniques and business practices are explored in order to create a presentation of a design collection.

Prerequisite(s): FF 241 and FF 242, or FF 141.

FF 244 — Design Collections: Visual Solutions

2 credits; 4 lab hours

Students develop design collection concepts for specific areas of the design market in a variety of presentation formats using digital and analog media. Using field trips, retail market research, and internet exploration as a springboard for design, students work with a guest critic from the fashion industry to create a design project for presentation.

Prerequisite(s): FF 113 or FF 211.

FF 245 — Digital Design: Flats and Floats

1.5 credits; 3 lab hours

Students execute creative and complex fashion flats utilizing digital tools such as Photoshop, Illustrator and Excel. Working from actual samples, they learn industry standards to digitally illustrate flat measurements and develop detailed callouts with related information.

Prerequisite(s): FF 143 Corequisite(s): FF 211.

FF 291 — Fashion Portfolio Collection

2 credits; 4 lab hours

This course enables the student to understand the design process necessary for the execution of a design portfolio, developing original ideas specialized in one area of the industry. Students analyze a target market and develop their own personal drawing and rendering style.

FF 311 — Lifestyle Collection Design

2.5 credits; 1 lecture and 3 lab hours

In this course, students design Active Sportswear, Intimate Apparel/Shapewear, and Knitwear using a range of innovative fabrications. Students will use all levels of research and inspiration appropriate to designing a fashion collection. They develop a "Creative Process Journal" to record each collection.

FF 312 — Advanced Model Drawing for Fashion Design

1.5 credits; 6 lab hours

Students advance their drawing ability and explore various materials and techniques through in-depth observations and weekly problem solving in fashion design. Focus is placed on continuing the development of students' ability to draw the fashion figure, while strengthening a personal drawing style. A specific theme is addressed through weekly course work.

FF 321 — 20th-Century Style and the Modern Designer

2 credits; 1 lecture and 2 lab hours

A cultural history of 20th-century women's fashion in the Western world, and its influence on contemporary fashion. Students study fashion designers from the 1850s to the present day, and the political, social, and artistic influences on fashion. Primary research tools are explored as an inspiration for the students' own fashion designs.

FF 322 — 20th Century Style for the 21st Century Aesthetic

3 credits; 3 lecture hours

In this course, students explore the cultural history of women's fashion in the Western world from 1900 to present day. Through journal development, they create contemporary designs based on historical research.

FF 323 — Aesthetic Exploration and Development

2.5 credits; 1 lecture and 3 lab hours

Students develop their aesthetic sense and personal style through research and development, study of historical references, fabrications and trims. They explore the relationship of anatomy to fashion silhouette, style exaggeration to the body, attitude and taste level. They create a visual collection of fashion sketches appropriate for their customer's lifestyle needs.

FF 324 — Advanced Portfolio Art Techniques

1.5 credits; 3 lab hours

This course advances students' level of rendering techniques and figure drawing for fashion portfolio preparation. They target drawing and rendering challenges through experimentation with a variety of mediums, and focus on the medium that best expresses their personal style. Models are used periodically to emphasize design and composition.

FF 341 — Computer Art for Accessories Design

1.5 credits; 3 lab hours

Students learn advanced techniques specific to accessories design using Photoshop and Illustrator. Assignments focus on digitally created presentation and rendering techniques.

Prerequisite(s): AR 213 or AR 214 or AR 215 or FF 241 or PH 272 or permission of Accessories Design chairperson.

FF 342 — Digital Childrenswear Design

2 credits; 1 lecture and 2 lab hours

Students advance their creative drawing and presentation techniques through further development of their existing digital skills. They utilize software programs (such as Adobe Creative Cloud and Adobe Design) to digitally produce innovative, cohesive childrenswear collections based on various product categories. They expand their knowledge of the childrenswear market and develop well-designed digital childrenswear presentations.

Corequisite(s): FD 366.

FF 343 — Childrenswear Design

2.5 credits; 1 lecture and 3 lab hours

Students focus their creative abilities on the development of cohesive age-appropriate childrenswear design groups. They create children's figures for various childrenswear size ranges. Students gain expansive knowledge of their market while designing for various product categories. They develop a proficiency in presenting original, creative design ideas.

FF 344 — Digital Design Identity

1.5 credits; 3 lab hours

Students plan and create high caliber visual content and presentations for use over several digital platforms. Using their knowledge of output platforms to make informed choices, they create presentations that successfully support design point-of-view while effectively engaging their viewers.

FF 345 — Advanced Digital Fashion Design

2 credits; 1 lecture and 2 lab hours

Students build on their existing digital skills as they develop advanced creative techniques using bitmap and vector software (including the Adobe Creative Cloud). Using apparel industry best practices, they focus on accurate and expressive communication of fashion design ideas with an individual voice.

FF 351 — Knitwear Design I

1.5 credits; 3 lab hours

An introduction to knitwear design. Students study the knitting process, including yarns, stitches, patterns, and constructions, to create original design sketches specific to this market. Knit collections are completed in the following categories: performance and seamless knits, body-contouring intimates, cut-and-sew knits, and full-fashioned machine knits.

FF 352 — Knitwear Design II

1.5 credits; 3 lab hours

Students study full-fashioned and cut-and-sew knit design collection in order to create projects designed to focus on current knitwear industry trends. Course assignments incorporate yarn and trend market research, design development, rendering and design sketching of knits, and flat sketching.

FF 353 — Advanced Knitwear Design

2.5 credits; 1 lecture and 3 lab hours

This course covers knitwear market design units for sweater knits; full-fashion and cut-and-sew. Students explore themes for an industry collaboration project, and identify and compare different knit markets, yarns, stitches, fibers, trend, silhouettes and garment construction. Through journals, conceptual design for collections is developed.

Prerequisite(s): FD 357.

FF 361 — Children's Wear Design

2 credits; 4 lab hours

Students develop a proficiency in sketching children's figures in the various age/size ranges of the children's wear market. Design projects are created based on an analysis of the trends, design requirements, and challenges of each age group of clothing, with emphasis on presentation, drawing, and rendering skills.

FF 362 — Computerized Children's Wear Design

1.5 credits; 3 lab hours

Using Adobe software, students develop their digital drawing skills to create design sketches, graphics, and production artwork for the children's wear market. From creating a digital flat to designing pattern repeats to final presentation boards, students learn the digital multitasking skills required in the fashion design industry.

Prerequisite(s): FF 243.

FF 363 — Design Directions in R-T-W

2.5 credits; 1 lecture and 3 lab hours

This course covers the market category of casual designer sportswear. Students explore sportswear themes for an industry collaboration project, sustainable designs, and an e-commerce streetwear unit. Conceptual design development is utilized to create collections within a journal format. In-store and online research reports are generated. Students develop a body of work representing a variety of presentation formats as utilized in the fashion industry.

Prerequisite(s): FF 311.

FF 364 — Shapewear and Foundation Design

2.5 credits; 1 lecture and 3 lab hours

This course addresses the intimate apparel markets of foundations, shapewear, seamless shapewear, and novelty coordinates. Conceptual design development techniques are employed to create original designs through concept journaling and creation of a design unit book. Students resolve design challenges and develop a line planning book that incorporates industry presentation formats.

Prerequisite(s): FF 311

Corequisite(s): FD 376.

FF 371 — Shapewear and Foundation: Art

1.5 credits; 3 lab hours

This course introduces students to the intimate apparel control shapewear and body-contouring markets. Students design and sketch original collections in these intimate apparel categories. As inspiration, students research the internet, fashion forecasting services, museums, and fabric and trim shows. Retail market research is a co-assignment with FD 373.

Co-requisite(s): FF 372.

FF 372 — Intimate Apparel CAD

1.5 credits; 3 lab hours

Students learn digital techniques for visually presenting design concepts using over-the-counter software. A special emphasis is placed on renderings of specialty fabrics, trims, and constructions appropriate to specific intimate apparel categories.

Prerequisite(s): FF 243.

FF 373 — Special Occasion Bridal Design

2.5 credits; 1 lecture and 3 lab hours

This course serves as an introduction to the special occasion industry, with particular focus placed on the bridal industry. Utilizing the study of target markets, price points, demographics and a bridal customer's lifestyle, students create a coherent concept journal and design a portfolio suitable for the bridal industry, including brides, bridesmaid and mother of the bride. Corequisite: FD 368.

FF 391 — Bridal Design: Portfolio

2 credits; 4 lab hours

Students create a coherent design portfolio for the bridal industry by researching target market studies, trend spotting, and analyzing the design philosophies of contemporary bridal designers. Students also develop a personal drawing style and learn to develop design concepts via the fashion sketch to create a design presentation appropriate to the focused market.

FF 392 — Swim/Active Sport Portfolio

2 credits; 4 lab hours

Through the study of active sports and the principles of movement, students develop original design sketches for the serious and recreational athlete. As inspiration for portfolio collections, students conduct internet and in-store market research focusing on swim apparel and active sport product lines.

FF 393 — Portfolio: Sportswear

2 credits; 4 lab hours

Students plan and illustrate original designs for a women's or children's sportswear portfolio. Consideration is given to current trends in the sportswear industry and the impact of communication technologies and economic realities of a global marketplace. Students work in an interdisciplinary environment with the option of developing their concepts in digital or manual formats.

FF 394 — Portfolio: Active Wear

2 credits; 4 lab hours

Students plan and illustrate original designs for an active and performance apparel design portfolio for both the women's and children's wear market. Consideration is given to current trends in the industry, the impact of communication technologies, and the economic realities of a global marketplace. Students work in an interdisciplinary environment with the option of developing concepts in digital or manual formats.

FF 395 — Portfolio: Knitwear Design

1.5 credits; 3 lab hours

Students plan and illustrate original designs for a knitwear design portfolio. Consideration is given to current trends and technologies in the knitwear industry. Students work in an interdisciplinary environment with the option of developing their concepts in digital or manual formats.

FF 396 — Senior Portfolio: Intimate Apparel

1.5 credits; 3 lab hours

This course introduces students to the specialized areas of the intimate apparel soft market. Through extensive research, students gain an understanding of the daywear, loungewear, leisurewear, and sleepwear markets. Students develop their original design sketches into a comprehensive portfolio.

FF 397 — Senior Portfolio: Special Occasion

2 credits; 4 lab hours

This course enables students to understand the design process necessary for the execution of a portfolio appropriate for the evening wear and special occasion market.

Prerequisite(s): FF 391.

FF 398 — Outerwear and Performance Apparel Design Portfolio

2 credits; 4 lab hours

Students become familiar with the current outerwear and performance apparel market. They forecast and track trends and create product, storyboards, and spec sheets for various segments of the women's outerwear and performance apparel industry. Sourcing trims such as hardware and closures is studied.

Prerequisite(s): FF 243 or approval of Fashion Design-Art assistant chairperson.

FF 491 — Internship

2 credits; 2 lecture hours

An unsalaried, 12-week internship in the industry, scheduled individually for a minimum of 87 hours at the worksite and 3 hours on campus. Integrates students' design knowledge with field experience at a specific manufacturer with a company employee as a supervisor/mentor. The Internship Center assists the Fashion Design Department in placement.

FF 492 — E-Portfolio

1 credit; 2 lab hours

Students explore various techniques for integrating existing hand-generated and digital artwork in electronic fashion design presentations. Emphasis is placed on understanding the architecture of the e-portfolio, critical thinking, consistency, and ordering of content. Students learn to create visual databases, catalogues, slide shows, and basic web pages.

Prerequisite(s): FF 393, or FF 394, or FF 395, or FF 396, or FF 397, or approval of Fashion Design-Art assistant chairperson.

FF 493 — Senior Portfolio: Childrenswear Design

2.5 credits; 1 lecture and 3 lab hours

In this course, students develop a professionally executed portfolio that showcases their creative design skills, artistic proficiency, in-dept market knowledge, personal growth, and individuality. Students research, analyze and edit the directional style components of their fashion collection. The portfolio development process refines student creativity through advanced artistic expression of childrenswear collections.

Prerequisite(s): FD 342

Corequisite(s): FD 498.

FF 494 — Senior Portfolio: Intimate Apparel Design

2.5 credits; 1 lecture and 3 lab hours

In this course, students develop a professionally executed portfolio that showcases their creative design skills, style proficiency, in-depth market knowledge, personal growth, and individuality. They research, analyze and edit the directional style components of their fashion collections. The portfolio development process helps refine their creativity through advanced artistic expression of intimate apparel collections.

Prerequisite(s): FF 364

Corequisite(s): FD 481.

FF 495 — Senior Portfolio: Knitwear Design

2.5 credits; 1 lecture and 3 lab hours

In this course, students develop a professionally-executed portfolio that showcases their creative design skills, artistic proficiency, in-depth market knowledge, personal growth, and individuality. They research, analyze and edit the directional style components of their fashion collection. The portfolio development process refines students' creativity through advanced artistic expression of knitwear collections.

Prerequisite(s): FF 353

Corequisite(s): FD 356.

FF 496 — Senior Portfolio: Special Occasion Design

2.5 credits; 1 lecture and 3 lab hours

In this course, students develop a professionally executed portfolio that showcases creative design skills, artistic proficiency, in-dept market knowledge, personal growth, and individuality. Students research, analyze and edit the directional style components of their fashion collection. The portfolio development process helps refine their creativity through advanced artistic expression of special occasion collections.

Prerequisite(s): FF 373

Corequisite(s): FD 481.

FF 497 — Senior Portfolio: Sportswear Design

2.5 credits; 1 lecture and 3 lab hours

In this course, students develop a professionally executed portfolio that showcases creative design skills, artistic proficiency, in-dept market knowledge, personal growth, and individuality. Students research, analyze and edit the directional style components of their fashion collection. The portfolio development process helps refine their creativity through advanced artistic expression of sportswear collections.

Prerequisite(s): FF 363

Corequisite(s): FD 462.

FI: Film and Media

FI 111 — Introduction to Film

3 credits; 2 lecture and 2 lab hours

This course provides students with the tools to analyze moving image presentations in an academic setting or as a filmmaker. Students examine the uses of camera, editing, sound and elements of the production design as they create meaning in film images and narratives. Examples are drawn from a full range of feature films, documentaries, other forms of entertainment and advertising, whether delivered theatrically, through television or over the Internet. (Formerly LA 141) (G7: Humanities).

FI 201 — Principles of Costume for Filmmakers

3 credits; 3 lecture hours

Focusing on costuming as a fundamental part of the filmmaker's expressive palette, this course shows how costumes support a director's vision and an actor's performance by revealing idiosyncrasies of character, mood and social status. Topics range from analyzing scripts, to researching modern dress and period wardrobe, to imagining the style of inhabitants of an imagined world. (G6: The Arts).

FI 220 — The Writers' Room: What Makes Great Television?

3 credits; 3 lecture hours

Television writers cannot work in a vacuum. Developing the ability to give and receive appropriate feedback early in the creative process is critical to success. This course will include individual and collaborative script writing. Each student will produce a spec script and a polished original pitch. (G6: The Arts).

FI 221 — History of Film, beginnings to 1959

3 credits; 2 lecture and 2 lab hours

This course presents an overview of cinema history from its beginning to 1959 and provides students with the basic tools for analyzing the art of film. Students view representative films from major movements and study the uses of camera, editing, lighting, and sound. (Formerly EN 255) (G7: Humanities) Pre-requisite(s): EN121 or equivalent.

FI 222 — History of Film, 1960-present

3 credits; 2 lecture and 2 lab hours

This course presents an overview of cinema history since 1959, with attention to the cultural, political, economic, and technological forces that helped to shape cinema during this time. Significant trends within the U.S. are studied, including new and changing genres, independent and maverick filmmakers, and the dominance of Hollywood blockbusters. Students are introduced to national cinemas in Asia, Africa, and Latin America. (Formerly EN 256)(G7: Humanities) Pre-requisite(s): EN121 or equivalent.

FI 223 — Women Make Movies: A History of Women's Filmmaking

3 credits; 2 lecture and 2 lab hours

Students analyze the work of women filmmakers from the earliest days of the silent cinema to the late 1970s. Emphasis is placed upon recuperating women's historical contributions to the motion picture arts as well as exploring the creative processes of individual artists. (G7: Humanities).

FI 224 — Avant-Garde Film

3 credits; 2 lecture and 2 lab hours

This course is cross-listed with HA 217 This course is a survey of major moments in avant-garde film from 1895 to the present. Through readings and discussions, students explore theories of avant-gardism, and study how such films are expressions of the historical, cultural, and philosophical contexts of their production. (G7: Humanities)

Prerequisite(s): FI 111 or HA 112.

FI 225 — Latin American Cinema and Resistance

3 credits; 2 lecture and 2 lab hours

This course is taught in English. This course is cross-listed with SP 261/MC 261. Students are introduced to Latin American cinema, considering the pivotal role of diverse forms of resistance, focusing on issues crucial to understanding the continent's cinematic creation, including cultural identity, race, ethnicity and gender. They develop a critical understanding of the evolution of Latin American film practices since the 1960s to current trends. (G7: Humanities; G9 Other World Civilizations).

FI 231 — Documentary Film

3 credits; 2 lecture and 2 lab hours

This course provides a historical overview of the documentary form and a critique of ethnographic and propaganda films, social documentaries, cinema verite, and travelogues. Students investigate the issue of truth and/or objectivity, and critique films from the perspective of feminist theory, cultural anthropology, and general film history and theory. (Formerly LA 244).

FI 232 — Documentary Film Production

3 credits; 2 lecture and 2 lab hours

This is an introductory film production course on documentary and creative nonfiction filmmaking. Students learn the crucial steps of production from the development of ideas and research through editing and post-production. They complete three short documentaries including a biographical portrait, a social change documentary, and a creative non-fiction piece.

Prerequisite(s): PH 281.

FI 234 — Film Genres: Horror

3 credits; 2 lecture and 2 lab hours

This course is cross-listed with HA 251. This course provides an international historical survey of the horror film from the early 20th century to the present. Through screenings and readings from a range of authors, students analyze formal and thematic elements of the horror genre in relation to historical, social, and aesthetic contexts. (G6: Arts; G7: Humanities).

FI 241 — History of Russian and Soviet Cinema

3 credits; 2 lecture and 2 lab hours

This course is cross-listed with HA 252. This course is a survey of films produced in pre-revolutionary Russia, the Soviet Union, and post-Soviet Russia, from the earliest silent films to the present. Students view selected films and analyze them within historical, social, and aesthetic contexts. (G6: Arts; G7: Humanities).

FI 242 — Ethnographic Film

3 credits; 2 lecture and 2 lab hours

This course is cross-listed with HA 315. This course focuses on the history and nature of ethnographic film in describing and defining diverse world cultures. Topics addressed include the origins of ethnographic texts and images in the context of medieval European travel and trade, and the multiple genres of ethnographic films made from the 1920s to the present. (G9: Other World Civilizations)

Prerequisite(s): HA 112.

FI 243 — Television Genres

3 credits; 3 lecture hours

This course is an introduction to the concept of genre in television. Students analyze ways in which individual genres have been used by media producers and consumers, as well as exploring the processes through which television genres evolve as they respond to developments in the television industry and shifts in culture. Gen Ed: Humanities (G7).

FI 244 — Major Movements in Chinese, Japanese and Korean Film

3 credits; 2 lecture and 2 lab hours

This course is cross-listed with EN 257. This course is an introduction to major film directors, movements, and genres from China, Taiwan, Hong Kong, Japan, and South Korea. Formal and stylistic aspects of films as well as their historical, transnational, and sociocultural contexts are addressed. Students discuss and write critically about East Asian film. (G7: Humanities; G9: Other World Civilizations)

Prerequisite(s): EN 121 or equivalent.

FI 245 — Chinese Cinema

3 credits; 2 lecture and 2 lab hours

This course is cross-listed with EN 281. Students are introduced to major film directors, movements, and genres from China, Taiwan, and Hong Kong. They discuss and write critically about Chinese film, with close attention paid to the formal and stylistic aspects of film, and their historical, transnational, and sociocultural contexts. (G7: Humanities; G9: Other World Civilizations)

Prerequisite(s): EN 121 or ES 129 or equivalent.

FI 246 — Italian Cinema

3 credits; 2 lecture and 2 lab hours

This course is taught in English. This course is cross-listed with IT 251/ MC 251. This course introduces students to the world of Italian cinema. They survey some of the defining elements of Italian cinema from its inception to contemporary Italian cinematic practices. Screenings include Neorealist masterpieces, cinema d'autore, commedia all'italiana, spaghetti Westerns, and contemporary Italian films. (G6: Arts; G7: Humanities).

FI 256 — Screenwriting I

3 credits; 3 lecture hours

This course is cross-listed with EN 266. This course introduces the practice of writing fiction for the screen, focusing on the short film. In a workshop setting, students explore a range of approaches to the short screenplay, from traditional to innovative, and use examples from a variety of genres and geographical origins. (Formerly EN 266)(G6: Arts) Pre-requisite(s): EN121 or equivalent.

FI 261 — Introduction to Sound

3 credits; 2 lecture and 2 lab hours

In this production course in sound for digital filmmaking, students explore the phenomena of sound, the art of audio recording, and the function of sound for the screen. Technical topics include digital recording, editing, and mixing; sound wave manipulation; audio processing; microphone technique; preparation for multi-track mixing; and final digital mixing to picture. (Formerly LA 248).

FI 262 — Costume and Fashion in Film

3 credits; 2 lecture and 2 lab hours

This course is cross-listed with HA 347. This course surveys the history of costume design in films from 1895 to the present. Through screenings, museum visits, and readings, students view the work of leading costume and fashion designers and explore the connections between film and related visual art and media. (G7: Humanities).

FI 271 — Fans and Fandom in the Internet Age

3 credits; 3 lecture hours

This course examines fans and fandom within the context of the history and evolution of mass media and participatory culture. Students explore fan communities as subcultures with their own social structures and cultural practices and engage their origins in cults, celebrity culture, and technological change and innovation.

FI 272 — Introduction to Television Studies

3 credits; 3 lecture hours

This course analyzes the medium of television in terms of its history, narrative, style, technique, editing, sound, and representation. Students view programs from the 1950s to the present, marking and investigating TV's transformations as it moves with and creates cultural history. Students acquire and use skills for reading television in terms of its production and signification. (Formerly LA 243)(G7: Humanities)
Prerequisite(s): EN 121 or ES 129.

FI 273 — The Other Hollywood: Film in New York

3 credits; 2 lecture and 2 lab hours

This course examines New York's significance in the history of American film. As the birthplace of the industry, the city has been a seedbed for innovation in documentary, avant-garde and independent film, as well as an icon in Hollywood cinema. (Formerly LA 247) Gen Ed: Humanities (G7).

FI 299 — Independent Study - Film & Media

1-3 credit

FI 319 — Sound Design For Film

3 credits; 2 lecture and 2 lab hours

This course is a digital audio production course that provides students with the skills necessary to create compelling soundtracks for film. Students will be guided through all the vital stages of sound design including sound effects, music selection and voice editing to enhance the visuals and narratives of a film.

Prerequisite(s): FI 261 (G6: The Arts).

FI 320 — Major Directors: Federico Fellini

3 credits; 2 lecture and 2 lab hours

Federico Fellini created a series of highly personal films that gained worldwide popularity while consistently expanding the boundaries of cinematic narrative visual imagination. This course traces the development of Fellini's work from the 1940s to the 1990s, and examine his many contributions to the craft, art, and to the language of cinema.

Prerequisite(s): FI 111.

FI 321 — Film Theory and Criticism, An Introduction

3 credits; 3 lecture hours

Students are introduced to the major issues and movements in film theory and criticism. Examining key issues such as the relationship between film representation and reality and the roles of image, narrative, and the industrial infrastructure, students learn to place critical statements about film into a theoretical discussion that has flourished since the early days of silent film.

(Formerly LA 241)(G7: Humanities)

Prerequisite(s): LA 141.

FI 322 — Major Directors: Alfred Hitchcock

3 credits; 2 lecture and 2 lab hours

This course provides an in-depth study of the films of Alfred Hitchcock, which are examined within the context of his life and the Hollywood system. Students learn the concepts of auteur theory by focusing on Hitchcock's storyboarding method, his stylistic and cinematic technique, and his innovative use of editing and sound. (Formerly LA 443) Gen Ed: Humanities (G7).

FI 323 — Sexuality in Cinema

3 credits; 2 lecture and 2 lab hours

This lecture/screening course examines the representation of sexuality in cinema as it's been constructed by Hollywood, independent filmmakers and contemporary media artists. Starting with early cinema and moving through the Hays Code era, the radical '60s, and into contemporary times, students view works that portray multiple forms of sexuality and gender identity, while contextualizing it with the politics of its time. (G6: The Arts).

FI 324 — The Romantic Comedy

3 credits; 2 lecture and 2 lab hours

This course surveys romantic comedy from the early sound era to the present, considering how cultural anxieties about gender, class, and marriage influenced the representation of sex, love and courtship rituals; interrelations between stardom and authorship; and the changing nature of cinematic sexuality after World War II. (G7: Humanities).

FI 325 — Great Directors: Akira Kurosawa

3 credits; 2 lecture and 2 lab hours

This course examines selected works by the great Japanese director Akira Kurosawa, tracing the evolution of his personal cinematic style from the end of World War II to the 1970's. Through study of Kurosawa's choices of subject, talent, camera work, music, production design and editing, students learn what made Kurosawa so innovative and significant.

Prerequisite(s): FI 111 Gen Ed: Humanities (G7).

FI 326 — Major Directors: Charlie Chaplin and Frank Capra

3 credits; 2 lecture and 2 lab hours

This course examines the work of two seminal directors of classic Hollywood who profoundly influenced American culture: Chaplin's "tramp" persona became an instrument of acute social criticism and broader humanist reflection; Capra's beleaguered "common-man" protagonists brought issues of new deal politics to the pinnacle of box-office popularity.

Prerequisite(s): FI 111.

FI 327 — Post Production Digital FX

3 credits; 2 lecture and 2 lab hours

This course introduces students to the digital techniques of post-production visual effects. Students learn how to create their own elements as well as research and incorporate “stock” elements to enhance and expand the cinematic visuals of a film. The core competencies of Digital FX production are mastered through creative personal projects and technical workshops. Prerequisite(s): FI 232.

FI 328 — Directing The Actor

3 credits; 2 lecture and 2 lab hours

This course examines the relationship between the film director and the actor. Students learn practical techniques to direct actors and develop a language that allows them to work with actors effectively in realizing a story on film. Experience is gained through scene work projects with outside actors as well as workshops in dramatic analysis and acting. Historical context and background is explored through lectures, discussions, reading, guest artists and screenings. (G6: The Arts).

FI 331 — Film Genres: Crime Stories

3 credits; 2 lecture and 2 lab hours

This course examines interrelationships in film and literature, focusing on “Crime Stories” – novels and cinematic adaptations that tell stories of crimes from differing points of view, starting with the detective, moving toward the criminal, and ending with the victims. Students study a variety of crime genres: the whodunit, the film noir, the docudrama, the neo-noir and the metafiction. (Formerly LA 342) (G7: Humanities).

FI 332 — The Science Fiction Film

3 credits; 2 lecture and 2 lab hours

This course examines the science fiction film from its beginnings. Students analyze the genre’s merits and flaws, conventional narrative themes and iconography, relevance, and fundamental departures from science fiction literature. They explore how science fiction films mirror the social and political environment of their time. (Formerly LA 246).

FI 333 — Film Genres: Animation

3 credits; 2 lecture and 2 lab hours

In this history of animation course, students gain an understanding of animation as an art form and as a series of ideological texts to be read and interpreted within the context of the cultures that produced them. (Formerly LA 245).

FI 334 — Film Genres: Films of the Supernatural

3 credits; 2 lecture and 2 lab hours

This course examines films that involve the supernatural, frequently a subgenre of the horror film. Students explore story conventions, iconography, and the relationship to cultural and literary foundations from which these films derive.

FI 335 — Film Genres: Melodrama

3 credits; 2 lecture and 2 lab hours

This course is cross-listed with MC 331. Students are introduced to the genre of melodrama and its development from the silent era through the present day. Students analyze formal and thematic elements, with a focus on political and social-cultural contexts: Screenings include classical Hollywood pictures, soap operas, telenovelas, and films from Asia, Europe, and Latin America. (G6: Arts; G7: Humanities).

FI 341 — French Cinema

3 credits; 2 lecture and 2 lab hours

Students are introduced to the rich legacy of French Cinema, from its early days in silent film to Surrealism and Poetic Realism between World War I and World War II to its position of influence with the New Wave in the 1960s. The political cinema of the 1970s is examined, as well as today's new French filmmakers. (Formerly EN 259)(G7: Humanities).

FI 342 — Contemporary Korean Cinema

3 credits; 2 lecture and 2 lab hours

This course is an introduction to South Korean cinema from the late 1980s to the present. Students study the concept of New Korean Cinema, the rise of the domestic film industry and auteurs, and the emergence of blockbusters and their growing regional and international recognition. (Formerly LA 251) (G7: Humanities; G9: Other World Cultures).

FI 343 — Contemporary Chinese Cinema (Honors)

3 credits; 2 lecture and 2 lab hours

This course is cross-listed with EN 382. An introduction to the contemporary cinemas of Mainland China, Taiwan, Hong Kong, and the Chinese Diaspora, this course focuses on selected major directors, movements, and genres from the 1990s to the present. Students study the formal and stylistic aspects of films as well as their historical, transnational, and sociocultural contexts. (G7: Humanities; G9: Other World Civilizations)

Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

FI 356 — Screenwriting II

3 credits; 3 lecture hours

This course is cross-listed with EN 366. This course focuses on elements of screenwriting for feature-length films, including story concept, three-act structure, the world of the story, protagonist and antagonist, conflict, characterization, scene development, and dialogue. Students formulate individual projects, from pitching a story to presenting a synopsis, preparing an outline, and writing a screenplay. The business end of screenwriting is discussed and students meet film industry professionals. (G6: Arts).

FI 361 — Advanced Cinematography Workshop

3 credits; 2 lecture and 2 lab hours

This course focuses on the tools, techniques, and hands-on experiences required for enabling students to become proficient in shooting digital video. Aesthetic, technical topics are addressed, including camera movement, use of filters, and digital workflows, culminating in a final project – shooting a scene lasting three to four minutes. (Formerly LA 341)

Prerequisite(s): PH 283.

FI 362 — Advanced Editing Workshop

3 credits; 2 lecture and 2 lab hours

Students build on their knowledge as editors, through exposure to audio editing, color correction, and outputting. Hands-on exercises, including an action scene, a dialogue scene, a commercial or trailer, a music video, and a scene or short film, help to increase their proficiency as editors. (Formerly LA 343)

Prerequisite(s): PH 284.

FI 371 — Film Art, Film Critic

3 credits; 2 lecture and 2 lab hours

Students are introduced to cinema history and the basic tools for writing about the art of film. They study how meaning in narrative film is elaborated by uses of camera, editing, lighting, sound, and acting. The course emphasizes the contrast between studio and nonstudio films, especially those of Europe, Asia, and third-world countries in contrast to products of the powerful Hollywood system. (Formerly EN 398)(G6: Arts).

FI 461 — Production I

3 credits; 2 lecture and 2 lab hours

In this first of a two-course sequence, students are introduced to the area of production for small- and large-scale films. Through readings, in-class visits, field trips, and lab experiences, students study the four aspects of production – development, pre-production, production, and post-production. (Formerly LA 441)

Prerequisite(s): FI 362 or permission of the department.

FI 462 — Production II

3 credits; 2 lecture and 2 lab hours

The second of a two-course sequence in production, this course focuses on the perspective of the producer. Through readings, in-class visits, field trips and lab experiences, students continue their study of the four aspects of production-development, pre-production, production, and post-production. (Formerly LA 442)

Prerequisite(s): FI 461.

FI 499 — INDEP STUDY - FILM & MEDIA

1-3 credit

FM: Fashion Business Management

FM 101 — Survey of Fashion Merchandising

3 credits; 3 lecture hours

For students not majoring in Business and Technology programs. Explores the interrelationships between the consumer and the primary, secondary, retailing, and auxiliary segments of the fashion industry. Presents the characteristics, merchandising practices, and marketing strategies of fashion businesses.

FM 114 — Introduction to the Fashion Industry

3 credits; 3 lecture hours

This survey covers the history, characteristics, and global interrelationships of all segments of the fashion industry. The course explores how fiber, textile, and apparel producers, retailers, and home furnishings companies merchandise and market their products within the industry and to the ultimate consumer.

FM 116 — Fashion Business Practices

3 credits; 3 lecture hours

A comprehensive introduction to the modern fashion business environment. The structures, finances, management, organization, and ethical responsibilities of fashion enterprises are examined in a global context.

FM 117 — Introduction to Fashion Marketing

3 credits; 3 lecture hours

This course focuses on the integration of fashion marketing concepts, practices, and applications and facilitates the development of a marketing/merchandising plan. Through a case study approach, students analyze opportunities regarding merchandise positioning, brand imagery, targeting, and segmentation of an apparel or other fashion product.

FM 144 — Product Knowledge for Merchandising

3 credits; 3 lecture hours

Familiarizes students with the terminology and characteristics of merchandise of non-textile fashion accessories and home furnishings at all price levels. Enables retail buyers, product developers, and wholesale salespersons to differentiate criteria for price and quality.

FM 202 — The Marketing of Menswear

3 credits; 3 lecture hours

For Menswear students. Analysis of successful marketing practices of menswear manufacturers selling to all types of retail enterprises. Examines demographics, line development, production, and distribution, and interrelationships in the menswear industry.

FM 212 — Case Studies In Fashion Marketing

3 credits; 3 lecture hours

Through the case study method, analyze the decision-making process used to arrive at independent solutions to typical marketing problems. Student analyses and presentations of actual cases are evaluated for weighing of factual data, disciplined thinking, and arrival at rational conclusions.

Prerequisite(s): FM 116.

FM 213 — Introduction to Direct Marketing

3 credits; 3 lecture hours

Presents a comprehensive overview of the direct marketing industry, including its various components and career opportunities. Through the use of case studies and/or assignments, students learn strategic planning: how to choose and merchandise a product, pinpoint a target audience, develop marketing tests, and analyze results. Students are also introduced to the various electronic vehicles currently used in this ever-changing industry.

Prerequisite(s): AC 111 and FM 114.

FM 222 — Import Buying

3 credits; 3 lecture hours

Analyzes key factors in developing import programs, distribution of products, market sources, financing, and aspects associated with apparel and other imported products. The impact of imports on domestic apparel businesses is examined.

Prerequisite(s): FM 224.

FM 223 — Creative Fashion Presentations

3 credits; 3 lecture hours

Students prepare and present fashion information through clinics, shows, and written communiques. They learn how to research, analyze, and forecast fashion trends. Awareness of career opportunities in the fashion industries is fostered.

Prerequisite(s): AC 111 and FM 114.

FM 224 — Merchandising Math Applications

3 credits; 3 lecture hours

Students develop an understanding of the merchandising concepts and calculations necessary for interpreting and responding to financial planning and control reports of the merchandising and store operational teams. Among such reports are sales analyses, maintained markup reports, gross margin, and seasonal plans.

Prerequisite(s): Passing grade on FMM math placement test or MA 001 or MA 002 or MA 005.

FM 225 — Fashion Merchandising

3 credits; 3 lecture hours

This course provides a comprehensive look at the merchandising environment, including the functions and objectives of the merchandising team and the principles and techniques of today's buyers, planners, product developers, and account executives. Students work in teams on simulated merchandising projects to execute a seasonal plan.

Prerequisite(s): (Arithmetic Proficiency) and FM 224.

FM 226 — International Buying and Marketing

3 credits; 3 lecture hours

Students, under faculty supervision, visit principal European cities to study the factors involved in fashion marketing and the international customer's attitudes about fashion. Discussions involve methods, practices, and reasons for importation and exportation. Students are expected to complete written assignments. Approximately three weeks in June.

Prerequisite(s): Approval of instructor.

FM 228 — The Business of Fashion Styling

3 credits; 3 lecture hours

In the course, students explore the role of a fashion stylist as it applies to the field of merchandising. They learn about career opportunities in fashion styling and wardrobe consulting. The business requirements and entrepreneurial opportunities in the field of fashion styling are explored.

FM 231 — Strategies of Selling

3 credits; 3 lecture hours

Principles of personal selling techniques, presentation skills, the art of persuasion, negotiating, and account building in the wholesale markets are developed through lectures and workshops.

FM 244 — Product Development

3 credits; 3 lecture hours

Introduces the concepts and methods by which retailers create special, store-branded merchandise for targeted customer segments. The process of product development, from research to production to distribution, is studied.

Prerequisite(s): TS 111.

FM 245 — Fashion Forecasting for Merchandisers

3 credits; 3 lecture hours

Students explore and apply various forecast research methods in preparation for developing, planning, purchasing, or merchandising apparel lines and collections. Using the case study method, trend research is evaluated through the use of scholarly texts, articles, databases, and relevant websites to identify opportunities for growth and profitability in a fashion business.

Prerequisite(s): FM 117.

FM 251 — Small Store Fashion Retailing

3 credits; 3 lecture hours

Enables students to understand the procedures of organizing a small fashion retail enterprise and to become aware of the decision-making inherent in successful small-store merchandising. Students develop a model for a small fashion retail store.

Prerequisite(s): FM 224.

FM 262 — Contemporary Retail Management

3 credits; 3 lecture hours

Students study all operational segments of the fashion industry and describe the functions of each. Contributions employees add to sales productivity and customer satisfaction in retail establishments are studied. New technologies are researched and the impact on consumers' shopping experiences explored.

Prerequisite(s): FM 114.

FM 268 — Team Development Workshop

2.5 credits

Through individual and team role-playing and workshop activities, students learn the management skills needed in the international workplace. Communications skills, teamwork, and process management are stressed.

FM 301 — Fashion Merchandising for Apparel Designers

3 credits; 3 lecture hours

For baccalaureate-level Fashion Design students. Examines the merchandising concepts vital to successful business practices in the fashion industry. Issues contributing to the relationships and profitability of manufacturing and retailing are stressed.

FM 302 — Merchandising for Technical Design

2 credits; 2 lecture hours

Students develop an understanding of apparel merchandising within the product development process, including the role of the merchant, and the interrelationships among technical design, merchandising, production, creative design, and sales.

FM 321 — Workshop in Apparel Merchandising

3 credits; 3 lecture hours

Hands-on workshops simulate the activities of a fashion merchandiser in overseeing the research, development, and presentation of a line for an apparel manufacturer. Emphasizes handling key accounts and the merchandiser's relationship with design, production, and sales staff.

Prerequisite(s): FM 244.

FM 322 — Fashion Inventory Management

3 credits; 2 lecture and 2 lab hours

In computer simulations, students make decisions involving inventory models, inventory replenishment, and seasonal and long-term merchandising strategies. Students learn to manage a business by developing seasonal financial plans, creating store plans, and balancing multi-store inventories.

Prerequisite(s): MG 306 for Fashion Merchandising Management students; MG 132, MG 153, and (MG 251 or MG 253) for Production Management students.

FM 324 — Business of Licensing

3 credits; 3 lecture hours

Students examine the business aspects of licensing as they apply to the fashion industry, from licensing assignments through the merchandising approval process. Appropriate skills for negotiating and planning licensed product lines are developed. Business and career opportunities with manufacturers, retailers, product developers, and designers of licensed fashion merchandise are explored.

FM 325 — Financial Assortment and Planning

3 credits; 2 lecture and 2 lab hours

Students learn financial and merchandise assortment planning using the Arthur Planning software. The course defines the buyer's duties within a retail organization and teaches students how to develop a financial plan.

FM 326 — Sustainability in Fashion Merchandising

3 credits; 3 lecture hours

Using the case study method and primary research, this course enhances student knowledge of sustainability issues. Attention is also paid to the fiscal implications of implementing sustainability initiatives, illustrating that sustainability and profit are not mutually exclusive.

Prerequisite(s): FM 361.

FM 327 — Case Studies in Fashion Merchandising

3 credits; 3 lecture hours

This course examines the merchandising objectives of the fashion industry through the use of the case study method. Students participate in the hands-on strategic development of a merchandising season utilizing industry methodology. Further insight comes from industry interaction with merchandising executives.

FM 328 — Merchandising for Omni Retailing

3 credits; 3 lecture hours

This course covers omni-channel retailing, which is rapidly gaining momentum in the industry as consumers gain control of the shopping experience and demand to shop everywhere and in every way. The course looks at how e-commerce and social commerce, as well as mobile devices and tablets, are revolutionizing the role of the brick-and-mortar store to create a seamless shopping experience.

Prerequisite(s): FM 224 and FM 225.

FM 329 — Predictive Analytics for Planning and Forecasting:Case Studies with Weatherization

3 credits; 2 lecture and 2 lab hours

This course is intended for bachelor students interested in investigating the confluence of the art and science in retail planning. With a prior knowledge of merchandising, students will use Excel to apply statistical analysis and weatherization techniques from Planalytics. From this, students will develop more advanced time series skills applied to industry specific case studies with a goal to articulate how these techniques result in stronger sales, fewer markdowns and improved gross margins. Critical thinking will be required to compare and evaluate and report results with and without weatherization. The impact of weatherization on marketing strategies will also be addressed.

Prerequisite(s): MA 321 and MG 306.

FM 341 — Computer-Aided Product Development I

3 credits; 2 lecture and 2 lab hours

This course examines how technology is used to create, merchandise, and communicate during each phase of the product development process. It focuses on the creative phases of product development, including trend research; sourcing for color, silhouette, and patterns; and assortment planning.

Prerequisite(s): FM 244 and MG 153.

FM 361 — Leadership Development for Retailing

3 credits; 3 lecture hours

A comprehensive study of the role of the manager in today's retail climate. Students learn the effect of an organization's culture on the management process and how it is viewed from a global perspective. Decision-making, planning, structure, leadership, and defining control are also studied. (co-req FM 424 for FBM in Florence only).

FM 362 — Dynamics of Store Operations Management

3 credits; 3 lecture hours

This course identifies the divisions of retail management from the store operations perspective. Specific areas of operations management are analyzed. Students compare and contrast management practices among retailers using skills gained from roundtable discussions with industry executives and field trips.

Prerequisite(s): FM 361.

FM 363 — Corporate Social Responsibility

3 credits; 3 lecture hours

Using case studies, students gain an understanding of the importance of corporate ethics and of the ethical challenges faced by retailers, marketers, and manufacturers in the United States. Also addressed are the ways a company manages its retail business processes to produce a positive impact on society, and how it integrates social, ethical, and environmental concerns with retail profit objectives.

Prerequisite(s): FM 361.

FM 422 — Merchandising Strategies

3 credits; 3 lecture hours

This is the capstone course for B.S. degree students, which integrates the skills and knowledge acquired in previous FM and related courses. Working in teams, students research financial, merchandising and competitive data and combine with information provided by executives from various retail organizations. Students articulate merchandising strategies in a final presentation. Prerequisite(s): FM 325 and (MA 311, or MA 321, or MA 331).

FM 423 — Fashion Planning and Allocation

3 credits; 2 lecture and 2 lab hours

Students assume the role of fashion merchandise planner/allocator for a multi-unit chain store. Using computer technology, they extract data from the system, analyze data for future planning and allocation, and manage inventory levels, sales, and turns. Prerequisite(s): FM 322.

FM 424 — Global Merchandising

3 credits; 3 lecture hours

This course explores the multiple merchandising practices used around the world in fashion apparel companies--both retail and wholesale. American merchandising theory is used as a base of comparison in the consideration of various religions, cultures, legal systems, and other global systems. Prerequisite(s): FM 361.

FM 431 — Sales Management

3 credits; 3 lecture hours

This course includes the formulation of strategic sales programs for manufactured products and services. Students implement sales programs and evaluate control of the organization's sales activities. The course blends dynamic processes composed of interrelated sections, all geared to reach the sales objectives.

FM 441 — Computer-Aided Product Development II

3 credits; 2 lecture and 2 lab hours

This course applies web-based content and computer applications during product development. Students implement assembly and diagram details, specifications, cost sheets, etc., based on the creative content from FM 341. Prerequisite(s): FM 341 and MG 306.

FM 462 — Retail Management Strategies

3 credits; 3 lecture hours

This is the capstone course for the Retail Management Certificate Program and is intended to develop the critical thinking skills and abilities needed to enter executive-level positions in retail management. The course focuses on the analytical skills and industry specifications required in evaluating a business. Prerequisite(s): FM 327 and FM 362.

FM 491 — Summer Internship: Fashion Merchandising in London

4 credits

A summer internship in a London-based merchandising company. Includes three 3-hour classes based at FIT prior to departure, as well as three seminars in London. Completion of a daily journal, oral presentation, and written report are required. Applications must be submitted in the fall semester prior to acceptance into the program. A minimum of 120 hours from the end of May through June. Prerequisite(s): approval of instructor.

FM 492 — International Product Development Practicum

4 credits; 4 lecture hours

In this course students apply principles learned in FM 244 to an international work experience in collaboration with an industry sponsor. They simulate the development and sourcing of a product in overseas factories. Offered in summer and winter only.

Prerequisite(s): FM 244.

FM 499 — Independent Study in Fashion Merchandising Management

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Business and Technology.

FR: French

FR 111 — French I

3 credits; 2 lecture and 2 lab hours

This introductory course enables students with no background in French to communicate with French-speaking people. The basic skills of speaking, reading, and writing in French are established and the cultures where French is spoken are introduced. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language).

FR 112 — French II

3 credits; 2 lecture and 2 lab hours

Students expand upon the skills established in French I and continue to study the cultures where French is spoken. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language)

Prerequisite(s): FR 111 or equivalent.

FR 122 — French Conversation I

3 credits; 3 lecture hours

Students learn to converse in French by interacting in real-life situations. Functional and practical verbal communications are addressed, with a focus on the cultures where French is spoken.

Course also taught in Paris in Winter and Summer Sessions.

Prerequisite(s): FR 111 or equivalent (G8: Foreign Language).

FR 132 — French in Paris

3 credits; 2 lecture and 2 lab hours

Provides an opportunity for total immersion in French and for developing an awareness of the people, culture, and history of Paris and France. Continuation of the practice, development, and use of the basic spoken and written structures of contemporary French. Emphasis is placed on immediate active use of the language as an instrument of communication. Four days per week for four weeks in June.

Prerequisite(s): FR 112 or equivalent.

FR 213 — French III

3 credits; 2 lecture and 2 lab hours

This intermediate course is designed to review and refine students' communication skills in French. Supplementary reading materials (including poetry, short stories, and magazine and newspaper articles), films, and videos further the students' knowledge of the cultures where French is spoken. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language)

Prerequisite(s): FR 112 or equivalent.

FR 214 — French IV

3 credits; 2 lecture and 2 lab hours

Building on French III, students refine their communication skills in French. More advanced supplementary reading materials (including poetry, short stories, and magazine and newspaper articles), films, and videos further the students' knowledge of the cultures where French is spoken. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language)

Prerequisite(s): FR 213 or equivalent.

FR 223 — French Conversation II

3 credits; 2 lecture and 2 lab hours

Conversational ability in French is further developed and refined by emphasizing interaction in real-world situations. Advanced functional and practical verbal communications are addressed, with a focus on the cultures where French is spoken.

Prerequisite(s): FR 112 or equivalent (G8: Foreign Language).

FR 315 — Introduction to French Literature

3 credits; 3 lecture hours

Introduces students to the history of French literature from the Middle Ages to the 19th century. Examines major French authors in the genres of poetry, the novel, and theater, and emphasizes literary analysis through discussion. Films, recordings, and other media are used to illuminate the works studied. Conducted entirely in French.

Prerequisite(s): FR 214 or equivalent (G8: Foreign Language).

FR 499 — Independent Study French

1-3 credit

FS: Fabric Styling

FS 312 — Research Techniques

1.5 credits; 1 lecture and 1 lab hour

Students explore and use a wide range of research materials to develop new designs. Special focus is on historical reference in order to apply and adapt designs to current markets.

FS 322 — Fashion Knit Design

2 credits; 1 lecture and 2 lab hours

Class demonstrates advanced knit swatch development using hand-knitting machines. Swatch collections are designed using various stitch structures, trims, and machine finishing techniques. Current marketing trends are analyzed.

FS 323 — Beginning Digital Design for Stylists

3 credits; 6 lab hours

Students develop color, trend and style boards using Adobe Photoshop or other relevant technologies. Through the development of computer aided design skills, students create digital presentations based on the analysis of trend and market research.

FS 324 — Digital Design and Page Layout

3 credits; 6 lab hours

Students create original digital surface designs using vector software. They manipulate color and create repeat patterns using Adobe Illustrator or other current technologies. Single page and multipage promotional and trend forecasting materials is created for both print and web using related software such as Adobe InDesign.

Prerequisite(s): FS 323.

FS 331 — Fabric Styling I

3 credits; 2 lecture and 2 lab hours

Design concepts, fashion trends, and textile lines are developed for a wide range of markets. Focus is on developing cohesive, visually edited boards for specific areas. Oral presentation skills are developed at the conclusion of each project.

FS 341 — Role of Fabrics in Fashion: 1860 to Present

3 credits; 3 lecture hours

Significant concepts and developments in fabrics and fashion history are examined through a chronological study of innovations in fabrics and their uses by major designers. Knowledge of specific fabrics, designs, and designers is obtained by hands-on use of garments in The Museum at FIT's collections.

FS 411 — Fabric Styling in Italy

3 credits; 3 lecture hours

Students learn how to conduct research, interpret visual materials, and develop forecasting skills through the on-location experience of Italian art, architecture, landscape, fashion, and design. By visiting museums, design studios, and textile mills, students learn about Italian culture and international perspectives, design resources, stores, and markets. Approximately three weeks in June.

Prerequisite(s): HA 112.

FS 424 — Home Fashion Design

3 credits; 6 lab hours

Current lifestyle and fashion trends are analyzed to produce lines for domestics and bed and bath markets. The special needs of licensed designs are discussed. Attention is given to specific historical periods and relevant reference material.

FS 425 — Advanced Digital Design for Stylists

3 credits; 6 lab hours

Students create digital surface designs using photography, scanned textures, drawings, and paintings using relevant technologies such as Adobe Photoshop and Illustrator. Emphasis is placed on emerging technologies for both design and production. Students create multimedia marketing and presentation materials.

Prerequisite(s): FS 324.

FS 431 — Fabric Styling II

2 credits; 4 lab hours

Students continue the development of fabrics and/or product lines begun in FS 331, with emphasis on specific marketing and design criteria.

Prerequisite(s): FS 331.

FS 432 — CAD for Woven and Print Styling

2 credits; 1 lecture and 2 lab hours

Using CAD programs with weave libraries, students create original woven patterns. Plaids, stripes, and coordinated designs are presented as collections in a storyboard format.

FS 433 — Digital Presentation for the Fabric Stylist

2 credits; 1 lecture and 2 lab hours

Students use market direction, color forecasts, style information, and national and international trends in order to develop presentations delivered in a digital interactive format. Video, sound, digital photography, annotation, and animation are integrated into a final project.

Prerequisite(s): TD 312 or approval of instructor.

FS 434 — Advanced Styling

2 credits; 4 lab hours

This course focuses on the development of fabric and product lines through specific marketing and design criteria. Emphasis is placed on visual presentations and oral reports. Field trips focus on exploring product diversity to research design images and color trends.

Prerequisite(s): FS 331.

FS 435 — Home Fashion Styling

2 credits; 4 lab hours

Students create original home furnishing concepts through the research of traditional and contemporary styles. Coordinated designs and products are created and styled using current color and trend exploration. Sustainable concepts are integrated into designs and products to produce socially responsible approaches.

FS 451 — Color Combinations and Repeats

3 credits; 6 lab hours

The development and execution of original design ideas are accomplished. Students concentrate on the use of gouache, transfer techniques, repeats, and color combinations. Current fashion trends are analyzed in the design process.

FS 453 — Professional Presentation

1.5 credits; 3 lab hours

Students prepare a trend and color forecast, as well as design invitations for their final portfolio show presented to industry members. Individual portfolios are developed and presented at that time. A group project is developed that becomes part of the School of Art and Design exhibition.

FS 454 — Professional Portfolio Presentation

3 credits; 6 lab hours

In this portfolio course, students demonstrate their proficiency in all areas of fabric styling. Students demonstrate their visual presentation skills using digital and traditional media. Trend and color forecasting skills are refined through independent and group project research.

FS 461 — Sustainable Knits and Seamless Technology

3 credits; 6 lab hours

This course introduces advanced industrial CAD technology, digital color applications, styling concepts, fabrications and simulations for 3D knit products. Sustainable materials and the seamless knitting process are covered. Utilizing combinations of media, students develop professional web based knit portfolio presentations for the apparel and home fashion markets.

FS 491 — Internship

2 credits

A 14-week internship in industry, scheduled individually for a minimum of 84 hours at the worksite and 6 hours on campus. Completion of a daily journal, a written report on the internship experience, and a portfolio of work (where applicable) is required.

FS 499 — Independent Study in Fabric Styling

1-3 credit

For eighth-semester Fabric Styling students. A plan must be submitted to the Fabric Styling coordinator a semester before the class is taken.

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, coordinator, and dean for Art and Design.

GD: Graphic Design

GD 202 — Designing Identities

2 credits; 1 lecture and 2 lab hours

Students develop graphic identities that creatively reflect the essence of a corporation. They expand on the graphic identity with applications specific to the client's needs, including stationery and signage, vehicles, and uniforms.

Prerequisite(s): GD 216.

GD 214 — The Corporate Image

3 credits; 6 lab hours

Students develop corporate identity using logotype and logomark, with an emphasis on exploring creative solutions that define a corporate image. The logo application is extended to a complete corporate business system and finished to presentation form.

Prerequisite(s): CD 112.

GD 216 — Foundation in Graphic Design

2 credits; 1 lecture and 2 lab hours

This course introduces the field of graphic design with an emphasis on the rapidly-evolving role of the profession. Graphic design processes are examined, including principles of design, grid systems, typography, and hierarchy, as they pertain to design, and the creation of a complete visual message.

Prerequisite(s): (for two-year Communication Design Foundation students) CD 215, CD 232, and CD 273

Co-requisite(s): (for one-year Communication Design Foundation students) DE 216.

GD 232 — Survey of Graphic Design

3 credits; 3 lecture hours

Traces the development of modern graphic design. Significant stylistic trends and influences are analyzed and compared. The processes used by major designers to realize design solutions are examined. The people, processes, and products involved in the development of modern graphic design are explored.

GD 235 — Survey of Graphic Design

2 credits; 2 lecture hours

For one-year AAS Communication Design students. Surveys visual communication from its earliest forms to its present visualized conceptions. Emphasizes links between society and the evolution of visual communication. Analyzes and compares major stylistic trends and influences.

GD 311 — Graphic Design I

3 credits; 6 lab hours

In this comprehensive approach to the study of graphic communication, students develop an understanding of the inventive potential of form and message to create a visual language by analyzing, researching, and organizing information. (G6: Arts)

Prerequisite(s): CD 217 or (for Communication Design one-year students) CD 216.

GD 312 — Graphic Design II

3 credits; 6 lab hours

Students examine the analytical process used in visual problem solving and its role as a tool in communicating information. Students conceptualize and develop a visual campaign for a museum or institution and apply their designs comprehensively using a variety of media. (G6: Arts)

Prerequisite(s): CD 371 and GD 311.

GD 331 — Typography and Language

2 credits; 1 lecture and 2 lab hours

This course explores the internal (local) relations between alphabetic forms and their counters, complex type hierarchy and organization, sequence and flow, and the relationship between type and image in broader design application.

Prerequisite(s): CD 273.

GD 332 — Design in Cultural Context

3 credits; 3 lecture hours

This course addresses design theories of the late nineteenth and twentieth century, issues of national versus international design language, design as a catalyst of social change, reading and information relay, past and present roles of the designer in society, and how technology shapes design in form, delivery and content.

Prerequisite(s): CD 235

Corequisite(s): GD 345.

GD 333 — Typeface Design

2 credits; 1 lecture and 2 lab hours

Students collect primary research and reference type history in designing letterforms.

GD 334 — Experiential Graphic Design

2 credits; 1 lecture and 3 lab hours

Students are encouraged to re-think conventions in communicating the physical environment. The relationship of context to conceptual and practical solutions is explored and developed, with an emphasis on an interdisciplinary team approach to solving three-dimensional design problems.

Prerequisite(s): CD 216 or CD 217.

GD 335 — Type as Idiom

2 credits; 1 lecture and 2 lab hours

This course is an advanced exploration of the expressive potential of typography, glyphs and symbols. Students make in-depth explorations of optical sequencing, word/image juxtaposition, eclectic type stylization, legibility of form and contemporary thematic type construction methodologies.

GD 336 — Color Voyage

2 credits; 1 lecture and 2 lab hours

A two-week travel course designed to develop student awareness of color sensibilities. Students study the creative legacy of the use of color and light in the host city. The online portion of the course supplements the traveling experience. Historical and contemporary color applications will be explored.

GD 342 — Publication Design

3 credits; 6 lab hours

The conceptual and technical abilities required to design magazines and other publications are emphasized. Students learn the impact of marketing objectives, research, and technology on publication design.

Prerequisite(s): CD 217 or (for Communication Design Foundation one-year students) CD 216.

GD 344 — Graphic Design in Digital Media

2 credits; 1 lecture and 2 lab hours

Advanced use of technology in graphic design with an emphasis on the visual, technical, and organizational makeup of an interface. Students explore ways to create and communicate utilizing the principles of interactivity, hypermedia, and time-based media.

Prerequisite(s): CD 441.

GD 345 — Core Studio I: Design and Methodology

3 credits; 6 lab hours

The first of a three-part course sequence, this course focuses on process, exploration and expression of options and variations, research, and the development of analytical and critical thinking skills.

Prerequisite(s): CD 217 or CD 216.

GD 346 — Core Studio II: Design and Culture

3 credits; 6 lab hours

This course focuses on solutions to communication issues for social and information needs. Students study the identity and visual culture of a given institution through a comparison with similar entities, then develop their concepts to execute a series of cultural concept studies that review different aspects of these institutions.

Corequisite(s): CT 341.

GD 347 — Tangible Publication Design

2 credits; 1 lecture and 2 lab hours

This course explores the unique qualities and design of physical publications as finite transmission of information, perspective and opinion. Students address the physical multi-page sequence as a self-standing effective way to deliver and sustain narrative or data, and explore the possibilities of utilizing materials other than traditional paper in the production of publications.

Prerequisite(s): CD 216 or CD 217.

GD 361 — Design Competition

2 credits; 4 lab hours

This course provides students an opportunity to compete in national and international competitions. Students determine suitable competition projects, and have the opportunity to enter high-profile national and international competitions.

Prerequisite(s): CD 216 or CD 217.

GD 401 — Graphic Design for Advertising

3 credits; 6 lab hours

Students learn the systems and principles of graphic design and develop analytical abilities for visual problem solving in advertising.

Co-requisite(s): AD 481.

GD 402 — Signage and Graphics

1 credit; 2 lab hours

For Interior Design students. Examines the design of signage and graphics as elements of architectural and interior environments and exhibition areas.

GD 407 — Graphic Design for Toy Designers

1.5 credits; 3 lab hours

Examines conceptual and executional skills of the designer, with emphasis on effective problem solving in graphic design.

Prerequisite(s): TY 313.

GD 411 — Graphic Design III

3 credits; 6 lab hours

Students build on their cognitive abilities and visual problem solving skills by developing innovative products. Students are encouraged to incorporate new technologies and materials into their designs.

Prerequisite(s): CD 372 and GD 312.

GD 414 — Graphic Design for Packaging

2 credits; 1 lecture and 2 lab hours

Application of images and type to packaging design is studied. Various types of packaging, printing, and fabrication methods, as well as regulatory guidelines, are explored.

Prerequisite(s): CD 371 and GD 311.

GD 441 — Environmental Graphics

2 credits; 1 lecture and 2 lab hours

An introduction to environmental graphic design that examines the basic concepts, language, materials, and processes necessary to solve communication problems in the built environment.

Students work with scale, read plans, and construct models, as well as shape, volume, and form.

They gain familiarity with traditional materials for fabrication and graphic production, and new and emerging electronic techniques.

Prerequisite(s): CD 372 and GD 311.

GD 444 — Core Studio III: Design and Innovation

3 credits; 6 lab hours

This course examines the process and analysis of graphic design for three-dimensional applications. Students determine a design problem to solve in physical space and through three-dimensional product development, design and create a full-scale graphic identity/brand image/brand DNA.

Prerequisite(s): GD 346 or GD 333.

GD 461 — Professional Preparation

2 credits; 1 lecture and 2 lab hours

Students prepare for internships through portfolio development and professional practices, including digital portfolio, and writing and resume design, as well as information on running a successful business. Guest lecturers include head hunters and creative recruiters of large and small firms.

Prerequisite(s): GD 346 and GD 333.

GD 491 — Senior Thesis Research

3 credits; 3 lecture hours

In developing their senior thesis, students learn about the nature and extent of information needed and how to effectively access this information. They create a working bibliography and outline, critically evaluate sources and authority, analyze primary sources, and become familiar with written and oral communication techniques relevant to research.

Prerequisite(s): GD 346.

GD 492 — Senior Thesis Project

3 credits; 3 lecture hours

Students work independently on design projects that build upon their written thesis. They explore the possibilities of communication design through a variety of conventional and unconventional treatments, applications and experimentation with diverse graphic media.

Prerequisite(s): GD 491.

GD 493 — Internship

4 credits; 4 lecture hours

Students work in a professional environment, supported by continuous actual and virtual discussions and readings that are significant to the communication design profession.

Prerequisite(s): GD 461 and GD 461.

HA: History of Art and Civilization

HA 050 — HISTORY OF ART TRANSFR CRED G9

3 credits; 3 lecture hours

HA 111 — History of Western Art and Civilization: Ancient Prehistory Through the Middle Ages

3 credits; 3 lecture hours

Presents the history of Western art and civilization from Paleolithic times through the Middle Ages. Illustrated lectures stress political, economic, and social conditions as reflected in architecture, painting, and sculpture. (G5: Western Civilization; G7: Humanities).

HA 112 — History of Western Art and Civilization: Renaissance to the Modern Era

3 credits; 3 lecture hours

Presents the history of Western art and civilization from the early Renaissance to the modern era. Illustrated lectures explore painting, sculpture, and architecture in relation to pertinent religious, political, economic, and social conditions. (G5: Western Civilization; G7: Humanities).

HA 121 — Cities and Civilizations: The Eastern Mediterranean World, c. 3000 BCE-1000 CE

3 credits; 3 lecture hours

Students examine the art and civilization of the ancient to medieval eastern Mediterranean (including western Asia) from a non-Western perspective. Illustrated lectures and discussions survey the cultures, societies, and arts of the great urban centers of antiquity up to the Crusades. (G7: Humanities; G9: Other World Civilizations).

HA 201 — History of Fashion Photography

3 credits; 3 lecture hours

This course surveys fashion photography from its origins in the nineteenth century to the present, emphasizing its relation to major movements in art and photography and to fashion itself. Through lectures, museum visits, readings and discussions students will consider the work of leading fashion photographers as well as study the fashions they depict.

Prerequisite(s): HA 112.

HA 210 — Devotional Art & Dance of the Indian Sub-Continent and West Asia (Interdisciplinary)

3 credits; 2 lecture and 2 lab hours

This is an interdisciplinary, team taught course, cross listed with PE 210 that explores devotional art and dance in India and western Asia. Students will learn about devotional practices through the study of art and through movement practices. The course emphasis will be on the philosophical aspects of art and dance and their intersections. (G6: The Arts; G7: Humanities; G9: Other World Civilizations).

HA 211 — Asian American Art and Design

3 credits; 3 lecture hours

Asian artists and artifacts have affected diverse aspects of American art and culture since the nineteenth century. Students explore continuities of Asian artistic traditions beginning in the 1850s and discuss major Asian American artists along with current issues of contemporary art significant to Asian American communities. (Gen Ed: G7 Humanities, G10 American History).

HA 212 — Renaissance Art in Florence

3 credits; 3 lecture hours

Conducted in Florence. This course presents an in-depth study of Italian Renaissance painting, sculpture, and architecture in Florence from the fourteenth to seventeenth centuries. (G7: Humanities).

HA 213 — Rome: A Cultural History in Painting, Sculpture, and Architecture

3 credits; 3 lecture hours

Note: Course is conducted in English. Conducted in Rome, this course examines the history of painting, sculpture, and architecture from antiquity to the present. Through field trips, lectures, and discussions, students are introduced to style, iconography, technical innovation, geography, and the cultural, social, economic, and political forces that have shaped Rome's visual arts. Five weeks in June/July. (G5: Western Civilization; G6: Arts; G7: Humanities).

HA 214 — Art In New York

3 credits; 3 lecture hours

Selected studies in the history of art, utilizing resources available in New York City. Critical and historical investigations arise from direct study of art and architecture. (G6: Arts; G7: Humanities).

HA 215 — History of Menswear

3 credits; 3 lecture hours

Surveys the history of men's costume in the West, from its foundations in ancient and medieval costume to the late 20th century, through illustrated lectures and visits to the Metropolitan Museum of Art and the Costume Collection at The Museum at FIT. (G7: Humanities)

Prerequisite(s): HA 112.

HA 216 — American Indian Art and Civilization

3 credits; 3 lecture hours

A study of the art and culture of American Indians, from Alaska to the border of Mexico, from prehistoric time to the present. Students study architecture, carving, painting, pottery, rituals, textiles, and the dramatic changes in American Indian art and culture due to the violence of colonization. (G7: Humanities; G9: Other World Civilizations).

HA 217 — History of Avant-Garde Film

3 credits; 2 lecture and 2 lab hours

This course is cross-listed with FI 224 This course is a survey of major moments in avant-garde film from 1895 to the present. Through readings and discussions, students explore theories of avant-gardism, and study how such films are expressions of the historical, cultural, and philosophical contexts of their production. (G7: Humanities)

Prerequisite(s): LA 141 (also known as FI 111) or HA 112.

HA 218 — Art and Myth in the Classical World

3 credits; 3 lecture hours

Illustrated lectures examine the Greek myths--and their depiction in Greek and Roman art--in relation to their social and religious contexts. (G7: Humanities)

Prerequisite(s): HA 111 or HA 112.

HA 219 — African American Art

3 credits; 3 lecture hours

Diverse African traditions have contributed to the rich fabric of American life since the 17th century. Students study the continuities and disruptions of these traditions in art, from the first moments of slavery through the contemporary era. (G7 Humanities: G10 American History).

HA 220 — History of Interior Design: The Modern Interior as Space and Image

3 credits; 3 lecture hours

This course studies the history of modern interior design as space (real, built form that was physically inhabited) and image (an ideal image or place). Emphasizing historical contexts and critical theory, it explores ways meaning has been ascribed to modern interior design from the Industrial Revolution to the present day. (G7: Humanities)

Prerequisite(s): HA 112.

HA 221 — East Asian Art and Civilization

3 credits; 3 lecture hours

Introduces major characteristics of East Asian civilizations through a survey of traditional art and architecture. Illustrated lectures survey artistic traditions in relation to historical, religious, and social aspects of these civilizations. (G7: Humanities; G9: Other World Civilizations).

HA 223 — African Art and Civilization

3 credits; 3 lecture hours

Surveys cultures of sub-Saharan Africa. Illustrated lectures present art and architecture in relation to history, religion, economic conditions, and social and political structures. (G7: Humanities; G9: Other World Civilizations).

HA 224 — Pre-Columbian Art and Civilization

3 credits; 3 lecture hours

Surveys civilizations of Latin America prior to the arrival of Columbus. Illustrated lectures focus on art, architecture, and performance in relation to economic conditions, history, and religion. (G7: Humanities; G9: Other World Civilizations).

HA 225 — Art and Civilization of India

3 credits; 3 lecture hours

Introduces major characteristics of Indian civilization through a survey of its traditions of art and architecture. Illustrated lectures survey artistic tradition in relation to historical, religious, and social aspects of this civilization. (G7: Humanities; G9: Other World Civilizations).

HA 226 — Art and Civilization of the Islamic World

3 credits; 3 lecture hours

This course examines the art and civilization of the Islamic world, from the birth of Islam in the seventh century CE to the present. Students are introduced to the spiritual, philosophical, and sociopolitical factors that led to the formation of this multiethnic style. (G7: Humanities; G9: Other World Civilizations).

HA 227 — Archaeological Excavation in Israel

3 credits; 3 lecture hours

Excavate an archaeological site in Israel and learn archaeological methods on the job. Attend illustrated lectures three evenings a week, learning about the history, archaeology, and art of the eastern Mediterranean. Travel to Jerusalem and other sites, independently or on organized field trips. Five weeks in June/July. (G9: Other World Civilizations)

Prerequisite(s): HA 111 or HA 121 or approval of the instructor.

HA 228 — Oceanic Art and Civilization

3 credits; 3 lecture hours

Students study the art and culture of Oceanic or Pacific Island cultures and civilizations, from the prehistoric era to colonialism to the present. Focus is placed on ceremonial/sacred and utilitarian objects in diverse media and architecture, and the contexts in which such objects were made. (G7: Humanities; G9: Other World Civilizations).

HA 229 — Korean Art and Civilization

3 credits; 3 lecture hours

This course is a survey of the art and civilization of Korea from its prehistoric origins to the early 21st century. We will examine how Korea created artistic traditions in response to regional and international trends, and how Korea adopted new artistic styles through relationships with China and Japan. (G7 Humanities; G9 Other World Civilizations).

HA 230 — Modern and Contemporary African Art

3 credits; 3 lecture hours

This course concentrates on the history of new artistic practices, schools, and workshops that began with decolonization movements across the continent of Africa, but have extended beyond them to explore contemporary themes. Through lectures, readings, videos, and museum/gallery visits, we will explore the art of 20th- and 21st-century Africa. (G7: Humanities; G9: Other World Civilizations)

Prerequisite(s): HA 112 or HA 223.

HA 231 — Modern Art

3 credits; 3 lecture hours

Presents the history of Western art from the 19th century through the mid-20th century in the context of cultural history. (G7: Humanities)

Prerequisite(s): HA 112.

HA 232 — Dada and Surrealism

3 credits; 3 lecture hours

A survey of the international Dada and Surrealist movements from 1915 to 1947, which challenged and redefined the traditions of modern art. Students analyze examples of fine art, performance, literature and film, and study how both Dada and Surrealism acted as responses to mechanization and war. (G7: Humanities) Prerequisite(s): HA 112.

HA 234 — Warhol and Pop Art

3 credits; 3 lecture hours

Students study American and European Pop art movements, focusing on Andy Warhol, who has had the greatest impact on visual culture from the 1960s to today. Influences including Duchamp, Abstract Expressionism, and Neo-Dada practices are addressed, as are advertising, sexuality, celebrity, postmodernism and the ongoing relevance of Warhol and Pop. (G7: Humanities)

Prerequisite(s): HA 112.

HA 241 — History of Photojournalism

3 credits; 3 lecture hours

This course surveys the history of photojournalism as a modern mode of visual communication, and the global political and social history it represents. Students further develop their visual literacy, knowledge of modern history, and understanding of the functions of mass and social media. (G7: Humanities).

HA 243 — History of Photography

3 credits; 3 lecture hours

A history of photography from its beginnings to the present day. Illustrated lectures present a chronological survey that focuses on photographers, technical advancements, and aesthetic considerations in the context of pertinent ideas and events. (G7: Humanities).

HA 244 — Art and Architecture in Paris

3 credits; 3 lecture hours

Conducted in Paris. This course provides the unique opportunity for students to learn about Paris and its art and architecture on site. They experience the works of art and monuments in person within the context of the city itself. (G6 Arts; G7 Humanities)

Prerequisite(s): HA 111 or HA 112.

HA 251 — Film Genres: Horror

3 credits; 2 lecture and 2 lab hours

This course is cross-listed with FI 234. This course provides an international historical survey of the horror film from the early 20th century to the present. Through screenings and readings from a range of authors, students analyze formal and thematic elements of the horror genre in relation to historical, social, and aesthetic contexts. (G6: Arts; G7: Humanities).

HA 252 — History of Russian and Soviet Film

3 credits; 2 lecture and 2 lab hours

This course is cross-listed with FI 241. This course is a survey of films produced in pre-revolutionary Russia, the Soviet Union, and post-Soviet Russia, from the earliest silent films to the present. Students view selected films and analyze them within historical, social, and aesthetic contexts. (G6: Arts; G7: Humanities).

HA 271 — Japanese Art and Civilization

3 credits; 3 lecture hours

This course is a survey of the art and civilization of Japan from its prehistoric origins to the 21st century. Students study how Japan created artistic traditions in response to regional and international trends, and adopted new artistic styles through diplomatic relationships with China and Korea. Modernization of Japan within the context of global cultural encounters is discussed. (G7: Humanities) (G9: Other World Civilizations).

HA 272 — Islamic Art & Mathematics (Interdisciplinary)

3 credits; 3 lecture hours

This is an interdisciplinary course cross-listed with MA 272. Students are introduced to the art and architecture of the Islamic world from the 7th century CE to the present. They are given a glimpse into the intertwined nature of mathematical, structural and decorative languages used by artisans and designers in this period. (G7: Humanities; G9: Other World Civilizations).

HA 299 — Independent Study In History of Art and Civilization

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Liberal Arts.

HA 300 — Art and Architecture of the Venetian Republic, C. 1100-1800

3 credits; 3 lecture hours

This is a survey of Venetian art and architecture between the 11th and 18th centuries, from Venice's Byzantine traditions to the end of the Republic in 1797. Works of art and architecture are contextualized in their historical and cultural periods and analyzed for their meaning, aesthetic value, and technical qualities.

Prerequisite(s): HA 112 (G7: Humanities).

HA 301 — Fashion and Impressionism - Presidential Scholars

3 credits; 3 lecture hours

Impressionist artists were fascinated by fashion—an obsession shared by almost everyone in nineteenth-century Paris. This course will consider why fashion and modern life became so critically important to artists at this moment and will explore the historic origins of the modern fashion system and of the modern art market. Required qualification for the Presidential Scholars Program/3.5 GPA

Prerequisite(s): HA 112 (G7: The Humanities).

HA 302 — Baroque Splendor: Art and Culture in Seventeenth-Century Europe

3 credits; 3 lecture hours

This course surveys seventeenth-century European art emphasizing how the period's great political, social, and cultural transformations affected art production and visual culture. It examines works in a variety of mediums and representative of the different artistic tendencies coexisting at the time that were unified under the term Baroque.

Prerequisite(s): HA 112.

HA 303 — Tradition and Innovation in Asian Art and Design

3 credits; 3 lecture hours

his study-abroad course probes the historical development as well as the modern transformation of Asian art and design by visiting historical monuments, major museums of Asian art, and artists' studios in a particular city. The course focuses on the first-hand study of art works and/or historical monuments along with interaction with contemporary practitioners of art, design, and traditional techniques.

Prerequisite(s): HA 112 or HA 221.

HA 310 — Global Contemporaries in the World of Art

3 credits; 3 lecture hours

Grounding art practices in their historical contexts and postcolonial art theory, the course addresses diverse modernities that emerged after WWII in Africa and the Caribbean, the Americas, Europe, Asia, and Oceania; and the global interactions of regional, cultural, economic, religious, and political specificities in contemporary art since 1989.

Prerequisite(s): Any 2 HA courses (G7: Humanities; G9: Other World Civilizations).

HA 311 — Medieval Art

3 credits; 3 lecture hours

Presents the history of Western art and civilization from the fall of Rome to the Renaissance. Illustrated lectures present architecture, painting, and sculpture in relation to pertinent religious, economic, and social conditions. (G5: Western Civilization; G7: Humanities)

Prerequisite(s): HA 111 or HA 112 or approval of chairperson.

HA 312 — Women in Western Art from the Late 18th Century to the Present

3 credits; 3 lecture hours

Students examine the role of women as creators and, to a lesser extent, subjects of art from the 18th through the 20th centuries. This course focuses on the contributions of selected women artists and touches on issues related to the depiction of women in Western art. (G7: Humanities)

Prerequisite(s): HA 231.

HA 314 — History of American Art

3 credits; 3 lecture hours

A history of art in America from the early colonial period to the early 20th century. Illustrated lectures present painting, sculpture, and architecture in relation to pertinent religious, political, economic, and social conditions. (G7: Humanities; G10: American History)

Prerequisite(s): HA 112 or equivalent, or approval of chairperson.

HA 315 — Ethnographic Film

3 credits; 2 lecture and 2 lab hours

This course is cross-listed with FI 242. This course focuses on the history and nature of ethnographic film in describing and defining diverse world cultures. Topics addressed include the origins of ethnographic texts and images in the context of medieval European travel and trade, and the multiple genres of ethnographic films made from the 1920s to the present. (G9: Other World Civilizations)

Prerequisite(s): HA 112.

HA 316 — The Bauhaus

3 credits; 3 lecture hours

This course is a study of the history and development of the influential German art, design and architecture school; the artists and architects who served on its faculty; and the body of work produced there from 1919 to 1933, and in Chicago from 1938 to 1944. (G7 Humanities)

Prerequisite(s): HA 112.

HA 317 — Italian Renaissance Art & Civilization

3 credits; 3 lecture hours

Note: Course is conducted in English. This course is a survey of Italian art and its contexts from 1400 through to the late 1500s, from the early Renaissance to the emergence of the Baroque. Students study traditions and innovations in style, subject, roles of artists and patrons, and modes of production within the flux of Renaissance history. (G7 Humanities)

Prerequisite(s): HA 112.

HA 330 — Approaches to Fashion Theory (Interdisciplinary)

3 credits; 3 lecture hours

This is an interdisciplinary course cross-listed with PL 330. The body and how we clothe it has long fascinated—and challenged—artists and philosophers. Our relationship to our bodies, our conception of ourselves, and what we find beautiful is historically and culturally dependent. This course will examine theories of fashion from both a philosophical and art-historical perspective. Prerequisite(s): HA 112 or PL 141 or PL 321 or SS 131 or SS 171 (G4: Social Sciences).

HA 331 — Contemporary Art and Culture: 1945 to the Present

3 credits; 3 lecture hours

Presents the recent history of Western art and culture. Illustrated lectures present artistic developments in relation to pertinent ideas and events in contemporary culture. (G7: Humanities)

Prerequisite(s): HA 231 or approval of chairperson.

HA 332 — Modern Architecture

3 credits; 3 lecture hours

Traces the development of architecture in Europe and the United States in the 19th and 20th centuries. Illustrated lectures present architectural developments in relation to pertinent ideas, events, and technological innovations. (G7: Humanities)

Prerequisite(s): HA 112.

HA 333 — Contemporary Photography and New Media

3 credits; 3 lecture hours

This course explores globally produced photographic works made since the mid-1960s. Emphasis is on key themes and genres, and on the works' historical and theoretical contexts. In addition to conventional photography, the course covers new media such as video, installations, projections, and computer-assisted and internet-hosted photography. (G6: Arts; G7: Humanities)

Prerequisite(s): HA 231 or HA 243 or HA 343.

HA 342 — History of Textile Design

3 credits; 3 lecture hours

Illustrated lectures survey patterned textile design throughout the world from antiquity to the mid-20th century. (G7: Humanities)

Prerequisite(s): two semesters of History of Art and Civilization.

HA 343 — History of Photography

3 credits; 3 lecture hours

A history of photography from its beginnings to the present day. Illustrated lectures present a chronological survey that focuses on photographers, technical advancements, and aesthetic considerations in the context of pertinent ideas and events. (G7: Humanities).

HA 344 — History of Western Costume

3 credits; 3 lecture hours

Illustrated lectures present the historical and social development of Western costume, from antiquity to the present, in the context of the history of art and design. (G7: Humanities)

Prerequisite(s): HA 112.

HA 345 — History of Industrial Design

3 credits; 3 lecture hours

Surveys the development of design for commercial production from antiquity to the modern era in a cultural context. Illustrated lectures address major theories, leading contributors, and examples of work that reflect technological and artistic achievements in the field. (G7: Humanities)

Prerequisite(s): two History of Art and Civilization courses (HA 111, HA 112, or HA 231), or equivalent and approval of instructor, or (for Home Products Development students) HA 112.

HA 346 — Twentieth-Century Fashion and Art

3 credits; 3 lecture hours

A survey of 20th-century fashionable dress in the context of the history of art and design, with emphasis on the work of leading fashion designers. Students study garments and accessories in the collection of The Museum at FIT, as well as photographs, fashion illustrations, and films.

Prerequisite(s): HA 112.

HA 347 — Costume and Fashion in Film

3 credits; 2 lecture and 2 lab hours

This course is cross-listed with FI 262. This course surveys the history of costume design in films from 1895 to the present. Through screenings, museum visits, and readings, students view the work of leading costume and fashion designers and explore the connections between film and related visual art and media. (G7: Humanities).

HA 348 — History of the Modern Printed Image

3 credits; 3 lecture hours

Students study a history of the printed image from the invention of lithography in the late 18th century to the present. Emphasis is on historical, contextual, technological, and stylistic concerns, with the appropriate connections to similar developments in fine arts and graphic design. (G6: Arts; G7: Humanities)

Prerequisite(s): HA 112.

HA 361 — History and Meaning of Museum

3 credits; 3 lecture hours

For students majoring in Art History and Museum Professions, this course provides a foundation in visual analysis and a historical overview of museums, exhibitions, and art history. Writing skills relevant to art commentary and gallery management are emphasized. (Formerly VA321).

HA 362 — Museum Professions and Administration

3 credits; 3 lecture hours

Students build a firm knowledge of the professions and administrative structure of museums; namely, how to achieve the institution's mission for the benefit of its diverse constituents. Students complete projects covering the broad array of support activities that must be considered for the presentation of an exhibition, or the foundation of a museum or not-for-profit art organization. (Formerly VA 431)

Prerequisite(s): HA 361.

HA 381 — The Word and the Page: A History of Writing and Books (Honors)

3 credits; 3 lecture hours

This course covers writing from the earliest cuneiform and hieroglyphic writing systems to the mass production of writing and texts in the modern era and the digital revolution in type and text. Students learn how and why writing developed across a variety of cultures. (G6: Arts; G7: Humanities)

Prerequisite(s): HA 112 and qualification for Presidential Scholars program or 3.5 GPA with approval of dean for Liberal Arts.

HA 382 — Beauty: The Human Ideal in Visual Culture - Honor's Program

3 credits; 3 lecture hours

This course explores the concept of beauty through disciplines of art history, philosophy, and social science, as understood through visual representation of the human body. Using the analysis of both fine art and popular mass-media sources, students examine how concepts of the beautiful reflect a society's structures of power and belief.

Prerequisite(s): HA 112, and qualification Pres. Sch. or app. or 3.5 GPA with approval of Dean for Liberal Arts Gen Ed: Humanities (G7).

HA 383 — Art of the Silk Road: Cross-Cultural Encounters- Honors

3 credits; 3 lecture hours

The Silk Road was the world's first great superhighway, linking from ancient China and Japan to the mediterranean world across central Asia. In this course, students view ancient and medieval art of Eurasia in a new way, from the ancient to early modern periods.

Prerequisite(s): HA 111 or HA 112 or HA 121 or HA 221 or HA 225 or HA 226 or HA 229 or HA 271 qualification for the Presidential Scholars Program (3.5GPA or higher) Gen Ed: Humanities (G9).

HA 384 — American Narratives in New York City Museums (Honors)

3 credits; 3 lecture hours

This course examines exhibitions of American Art in New York City museums, considering the ways they construct historical narratives that shape our ideas about collective and individual identities. Students analyze permanent and temporary installations viewed through the lens of museum theory and critical analysis. Most meet at museums.

Prerequisite(s): HA 112 and qualification Presidential Scholar or application or 3.5 GPA with approval of Dean for Liberal Arts.

HA 392 — The Art of Venice: Titian to Tiepolo (Honors)

3 credits; 3 lecture hours

This study of Venetian history provides background for understanding the painting, sculpture, and architecture of Venice from the Renaissance through the 18th century. (G7: Humanities)

Prerequisite(s): HA 112 and qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

HA 394 — History of New York Architecture (Honors)

3 credits; 3 lecture hours

Students explore the history of architecture in New York City. They are introduced to style, iconography, technical innovation, and geography. The cultural, social, economic, and political forces that shaped the city's buildings from the early 17th century to the present are also explored. (G5: Western Civilization; G6: Arts)

Prerequisite(s): HA 112 and qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

HA 395 — Studies in American Indian Art and Culture (Honors)

3 credits; 3 lecture hours

A study of the art and culture of American Indians--from Alaska to the border of Mexico, from prehistoric times to the present. Students study architecture, carving, painting, pottery, rituals, textiles, and the dramatic changes in American Indian art and culture due to the violence of colonization. (G7: Humanities; G9: Other World Civilizations)

Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

HA 396 — Art and Patronage in the Italian Renaissance (Honors)

3 credits; 3 lecture hours

Note: Course is conducted in English. This course surveys Italian Renaissance art patronage, emphasizing sociopolitical contexts and the celebration of power. Emphasis is given to patronage in courts and republics and to the merchant class, princes, and popes. The course also considers patronage of less dominant groups, such as women. (G5: Western Civilizations; G7: Humanities)
Prerequisite(s): HA 112 and qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

HA 397 — Studies in Maya Art and Culture (Honors)

3 credits; 3 lecture hours

This is an in-depth study of Maya art, architecture, writing, weaving, and ceramics and of the way these visual forms express aspects of Maya daily life and belief from 300 BCE to the present. (G7: Humanities; G9: Other World Civilizations)

Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

HA 398 — Architecture and Faith: Ancient and Islamic Cities (Honors)

3 credits; 3 lecture hours

This course explores the commercial, cultural, and artistic development of urban cultures in the Mediterranean and Near East regions in the ancient, medieval, and Islamic periods. Major case studies include Rome, Baghdad, Cairo, Jerusalem, and Constantinople/Istanbul. (G9: Other World Civilizations)

Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of Dean for Liberal Arts.

HA 411 — Western Theories of Art

3 credits; 3 lecture hours

Students consider Western theories of art from antiquity to the present with an emphasis on the 20th century. They are introduced to different methods of analyzing a work of art as well as the ways in which these methods can affect a curator's decision in organizing an exhibition. (G7: Humanities)

Prerequisite(s): HA 231.

HA 461 — Senior Seminar: Museum Exhibition

3 credits; 3 lecture hours

Using a major current exhibition as a case study, students examine the entire process of creating an exhibition. Through readings, field trips, and presentations by art professionals, students track the trajectory of an exhibition, from its original concept to its final, realized form, and gauge the subsequent critical response. (Formerly VA 491)

Prerequisite(s): HA 362.

HA 462 — Art and Ethics

3 credits; 3 lecture hours

This course focuses on how and why any work of art can become a site of ethical questioning, within the context of many historical and thematic approaches. Students read, discuss, and analyze case studies involving art and ethics, and present their own research. (G7: Humanities)

Prerequisite: Two (2) HA courses.

HA 499 — Independent Study In History of Art and Civilization

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Liberal Arts.

HD: Human Development

HD 111 — Career Planning

3 credits; 3 lecture hours

Provides students with an opportunity to explore their own values, interests, and capabilities and to acquire an in-depth knowledge of the fashion industry and potential career opportunities. Helps students gain insights into the relationship between self-knowledge and career decision-making. Students have access to a computerized career guidance system for the fashion industries. Guest speakers from the industry address career trends and options.

HE: Health Education

HE 101 — Health Education

1 credit; 1 lecture hour

Stresses the holistic approach to health and focuses on the theory of wellness as a preventive measure against illness. Provides a forum for examining such health issues as nutrition, exercise, relationships, sexuality, substance abuse, and death and dying, among other topics.

HE 102 — Stress Management

1 credit; 2 lecture hours

Identifies how stress affects the mind, body, and spirit. Students learn skills to reduce stress and cope with unavoidable stress in their personal and professional lives.

HE 201 — Human Sexuality

3 credits; 3 lecture hours

Examines human sexuality through the life cycle from cultural, physiological, and theoretical perspectives. Students gain insight into their own beliefs and sexual behavior and learn to develop an understanding of the similarities and differences in sexual attitudes and the behavior of others.

HE 301 — Motor Learning: A Developmental Approach

3 credits; 3 lecture hours

The major theories and principles influencing motor skills are presented. The role and effectiveness of developmentally appropriate toys and equipment are assessed.

Prerequisite(s): SS 232.

HI: History

HI 202 — U.S. History: Civil War- Present

3 credits; 3 lecture hours

An introduction to American history, this course moves from a brief view of American geography, economics, and government to a more focused examination of the social, political, and economic experience from the Civil War through the Cold War and to the present. Students are introduced to basic historical methodology and learn to apply these techniques through critical reading, analytical writing, and verbal presentations. (Formerly LA 221) (G10: American History).

HI 203 — Distant Neighbors: A History of Latin America and the U.S.

3 credits; 3 lecture hours

This course compares the histories of Latin America and the United States from pre-Columbian times to the 20th century. Students learn about the deep influence of the United States in Latin American economies, politics, and culture, especially after the United States' independence, when American democracy became a political model for the former Spanish American colonies. (Formerly LA 224) (G10: American History).

HI 204 — Leisure in America

3 credits; 3 lecture hours

This course examines the emergence and changing role of leisure and its relation to work in the United States from the late 19th century to the present. Situating leisure within its specific social, economic, and political contexts, students explore the complex intersection of factors and forces that have shaped conceptions and practices of leisure in American life through primary and secondary texts, both written and visual. (Formerly LA 225) (G10: American History)
Prerequisite(s): EN 121 or ES 129.

HI 205 — American Business from Slavery to the Present

3 credits; 3 lecture hours

A defining experience of the last millennium, and possibly the next, is the rise of big business in the U.S. Students learn a general history of entrepreneurship in America and a series of case studies about government regulation, labor relations, and other topics.
Prerequisite(s): None.

HI 206 — Pasts in the Present: Modern Chinese History since 1800

3 credits; 3 lecture hours

This course introduces students to modern Chinese history as well as ways through which one can examine and understand the historical roots of current affairs in and related to China. Two major themes are: changes and continuity in modern China, and China in the world. (Formerly LA 227) (G9: Other World Civilizations)
Prerequisite(s): None.

HI 207 — Hollywood: A History

3 credits; 3 lecture hours

Students learn the history of the United States from the Civil War to the present through the lens of the American film industry. The course focuses on the economic structure of the film industry and the evolving depictions of violence in movies as a factor in American History. (Formerly LA 242) (G10: American History).

HI 391 — U.S. History and Culture: 1860 to Present

3 credits; 3 lecture hours

Major historic events and developments in the United States history from 1860 to the present are examined in the context of their impact on the country's government, politics, and culture. Works by painters, photographers, sculptors, advertisers, dancers, musicians, novelists, filmmakers, and dramatists are used to broaden the study of U.S. history. (Formerly LA 392) (G10: American History).

HI 392 — (Honors) Religion and Religious Dissent in American History to the Civil War

3 credits; 3 lecture hours

Students examine the ways in which religious controversies have figured, directly and indirectly, in many of the major events in the early history of the United States, up to and including the Civil War. (Formerly LA 396)(G7: Humanities; G10 American History).

HI 393 — New York City and the Invention of America

3 credits; 3 lecture hours

Students learn the history of America from the Civil War to the present, through the lens of its greatest metropolis. Readings stress the roles that New York has played as innovator, counterpoint, and despised exception in the culture, economics, politics, and technology of the U.S. Students develop skills in basic primary research, public speaking, reading comprehension, and writing and revising. (Formerly LA 397)(G10: American History).

HI 394 — Rebellion and Resistance in America

3 credits; 3 lecture hours

This course examines the social, cultural, and political types of rebellion and resistance from their historical roots in Colonial and Revolutionary America to their modern and contemporary forms in the 20th and 21st centuries. Students analyze the tactics, strategies, and objectives of individual and collective action from across the political spectrum. (Formerly LA 398)(G10: American History).

HI 395 — Big Ideas in History: Smith, Darwin, Marx, Freud

3 credits; 3 lecture hours

Students learn Western history through the lens of the Big Four of modern thought—Adam Smith, Charles Darwin, Karl Marx, and Sigmund Freud. They use their ideas to grapple with European and American history from the Age of Empire to the birth of modern business, politics, and people. (Formerly LA 399)(G5: Western Civilization; G7: Humanities).

HP: Home Products Development

HP 201 — Introduction to Home Products

3 credits; 3 lecture hours

Students are familiarized with the wide range of home products, both soft lines (textile) and hard lines (non-textile), that comprise the home furnishings industry. Product development and merchandising within each category are emphasized. Many sessions take place at retailers and industry showrooms throughout the city.

HP 231 — America at Home: Product Styles from 1900 to Contemporary

3 credits; 3 lecture hours

Introduces the elements of design, color, and theory in the decorative arts that comprise the home products industry. Emphasis is on the contemporary approach to product development and design. Students explore the influence of historical, cultural, and social perspectives on products for the home. (G6: Arts).

HP 313 — Manufacturing and Marketing of Home Products Hard Lines I

3 credits; 3 lecture hours

Students are introduced to hard lines marketing from conception through manufacture in order to effectively develop products. Part I surveys the various manufacturing processes and marketing strategies for several hard goods classifications (furniture, ceramics, and glass) of the home furnishings industry.

HP 314 — Manufacturing and Marketing of Home Products Hard Lines II

3 credits; 3 lecture hours

Part II further surveys the manufacturing processes, marketing strategies, and product development for several hard goods classifications (metal, giftware, housewares, and home lighting) of the home furnishings industry.

Prerequisite(s): HP 313.

HP 315 — Textile Applications: Home Products

2.5 credits; 2 lecture and 1 lab hours

Presenting both user and consumer viewpoints, this course examines how textiles relate to end-use home products. Students study the ways in which fibers, yarns, fabric formation, and finishing are interrelated and integrated from the perspectives of design, styling, and cost relative to specific home products and target markets.

HP 322 — Home Products Brand Management

3 credits; 3 lecture hours

This course utilizes product development factors in identifying and differentiating home products from other goods and services. Analysis of brand preferences is demonstrated through case studies based on consumer identification and the needs of the marketplace.

Prerequisite(s): HP 313.

HP 351 — The European Home Furnishings Industry

3 credits; 3 lecture hours

Students develop a firsthand understanding of the home furnishings marketing process from the European perspective. Emphasis is placed on product knowledge in terms of product development, production techniques, and European markets. The group will visit manufacturers, showrooms, retail outlets, specialized museums, and trade shows in Italy and Portugal (or possibly England). Approximately three weeks in January.

HP 421 — Strategic Product Management

3 credits; 3 lecture hours

Students analyze and resolve complex business problems, utilizing their knowledge and understanding of strategic product management. They gain insights and skills necessary to formulate and implement sound marketing strategy.

Prerequisite(s): HP 314 and HP 315

Co-requisite(s): HP 491.

HP 432 — Home Products Analytical Strategies

3 credits; 3 lecture hours

The home product development cycle is studied, with a focus on the development of product based on the coordination of soft and hard goods classifications. Product integrity is addressed through comprehensive analysis and written product reviews subject to critical industry evaluation.

Prerequisite(s): HP 421 and HP 491.

HP 491 — Home Products Design and Development Process

3 credits; 3 lecture hours

An overview of the design and development process of products for the home is provided. Such principles of design as composition, color, shape, form, and structure are introduced. Differences between the design of products and the product development process in the home furnishings industry are emphasized. Teamwork and presentation skills are implemented as students develop a product line.

Prerequisite(s): HP 314 and HP 315

Co-requisite(s): HP 421.

HP 492 — Home Products Senior Project

2 credits; 1 lecture and 2 lab hours

The curriculum culminates in this capstone course, which requires the student to develop a product based on the coordination of soft and hard goods classifications. A comprehensive visual presentation and written product review support the viability and integrity of the product concept.

Prerequisite(s): HP 491.

IC: Internship Center

IC 296 — AAS Internship B: Career Exploration

2 credits; 2 lecture hours

A 2-credit internship course for AAS students with a focus on the internship experience and on helping students identify suitable career paths. A total of 12 weeks and 78 hours at the worksite, and 12 hours on campus in the classroom.

Prerequisite(s): Approval from the Career and Internship Center and participation in mandatory preparation process in the semester prior to the class/work experience.

IC 297 — AAS Internship C: Career Exploration

3 credits; 3 lecture hours

A 3-credit internship course for AAS students with a focus on the internship experience and on helping students identify suitable career paths. A total of 12 weeks and 123 hours at the worksite, and 12 hours on campus in the classroom.

Prerequisite(s): Approval from the Career and Internship Center and participation in mandatory preparation process in the semester prior to the class/work experience.

IC 298 — AAS Internship D: Career Exploration

4 credits; 4 lecture hours

A 4-credit internship course for AAS students with a focus on the internship experience and on helping students identify suitable career paths. A total of 12 weeks and 168 hours at the worksite, and 12 hours on campus in the classroom.

Prerequisite(s): Approval from the Career and Internship Center and participation in mandatory preparation process in the semester prior to the class/work experience.

IC 496 — Senior Internship B: Career Planning

2 credits; 2 lecture hours

A 2-credit advanced internship course for baccalaureate students with a focus on the internship experience and on helping students plan their careers and market themselves professionally. A total of 12 weeks and 78 hours at the worksite, and 12 hours on campus in the classroom.

Prerequisite(s): Approval from the Career and Internship Center and participation in mandatory preparation process in the semester prior to the class/work experience.

IC 497 — Senior Internship C: Career Planning

3 credits; 3 lecture hours

A 3-credit advanced internship course for baccalaureate students with a focus on the internship experience and on helping students plan their careers and market themselves professionally. A total of 12 weeks and 123 hours at the worksite, and 12 hours on campus in the classroom.

Prerequisite(s): Approval from the Career and Internship Center and participation in mandatory preparation process in the semester prior to the class/work experience.

IC 498 — Senior Internship D: Career Planning

4 credits; 4 lecture hours

A 4-credit advanced internship course for baccalaureate students with a focus on the internship experience and on helping students plan their careers and market themselves professionally. A total of 12 weeks and 168 hours at the worksite, and 12 hours on campus in the classroom.

Prerequisite(s): Approval from the Career and Internship Center and participation in mandatory preparation process in the semester prior to the class/work experience.

ID: Interior Design

ID 101 — Introduction to Interior Design

2 credits; 2 lecture hours

For students not majoring in Interior Design. Provides an overview of the interior design profession and its history, industry, and related career areas. Introduces fundamentals of residential and contract design, basic space planning, color development, furnishings, and materials selection.

ID 103 — Interior Design Merchandising

2 credits; 2 lecture hours

For Fashion Merchandising Management students. Introduces the main categories of home furnishings and the merchandising practices in department stores and showrooms.

ID 104 — Light/Sound/Motion

1.5 credits; 3 lab hours

For Visual Presentation and Exhibition Design students. The elements and principles of lighting, sound, and motion as they relate to exhibition design are introduced. Students learn about lamping, beam spread, color effects, illumination and calculation, and light manipulation. Electricity, voltage, wiring, breakers, fuses, and switches are studied. The effects of light and shadow are explored.

Prerequisite(s): DE 131

Co-requisite(s): DE 133.

ID 115 — Interior Design Studio I

4 credits; 0 lecture and 8 lab hours

An introduction to the interior design profession, with an emphasis on problem solving for small residential spaces. Elements and principles of design are explored as well as human factors, color theory, and the art of lighting. Students are introduced to residential space planning, furniture layouts, the development of color schemes, and the selection of finishes, furnishings, and materials.

Co-requisite(s): ID 133 and ID 157.

ID 116 — Interior Design Studio II

4 credits; 8 lab hours

Reinforces concepts and skills developed in Interior Design Studio I. Extends student abilities in space planning and furniture layouts for larger residential spaces to small contract office spaces. Focuses on the development of color schemes and the selection of furniture and finishes. Introduces students to the Americans with Disabilities Act (ADA) and its impact on the design of interior spaces.

Prerequisite(s): ID 115 "Co-requisite(s): ID 134, ID 158, and ID 253.

ID 117 — Interior Design Studio I

5 credits; 1 lecture and 8 lab hours

This studio course introduces students to the fundamentals of design as applied to the design of interior environments. Students are introduced to basic fact finding skills and design analysis methodologies. They apply their knowledge of design fundamentals to two and three-dimensional exercises. A design project brings together all student's knowledge and skills into a creative solution for an interior environment.

Co-requisite(s): ID 173 and CD 124.

ID 118 — Interior Design Studio II

5 credits; 1 lecture and 8 lab hours

This studio course reinforces the basic fundamentals of design and introduces students to programming, research skills, and design analysis methods for interior environments. Students develop programs and explore different design approaches to project problem solutions, with emphasis on space planning, building codes, textile coding, and sustainable design.

Prerequisite(s): ID 117 Co-requisite(S): ID 174.

ID 121 — Survey of Interior Design

2 credits; 2 lecture hours

Analyzes the history of furniture, interiors, and decorative arts from ancient times through Gothic periods in France, England, Italy, Spain, and Middle Europe; and the Renaissance through Baroque periods in Italy, Spain, and Middle Europe.

ID 122 — History, Theory & Criticism I

2 credits; 1 lecture and 2 lab hours

This course introduces students to the broad survey of design history, theory and criticism through the discussion of design principles and elements as they were and are used to inform form, style, function, experience, and meaning of interior spaces.

ID 133 — Presentation Techniques I

1.5 credits; 3 lab hours

Presents techniques of rendering the elements of interior spaces in detail, including finishes, fabrics, window treatments, and accessories. Students learn quick visualization techniques and are introduced to the use of varied media in the representation of light, texture, color, value, and form.

ID 134 — Presentation Techniques II

1.5 credits; 3 lab hours

Perfects rendering skills and develops the ability to graphically express the designs of interior spaces.

Prerequisite(s): ID 133.

ID 135 — Model Construction

1.5 credits; 3 lab hours

Students are introduced to architectural modeling materials, techniques, shortcuts, and methods of construction to produce a full-color interior model for client presentation. All aspects of model building, from sketch models to laser, are considered.

ID 151 — Basic Drafting Techniques

1.5 credits; 3 lab hours

For Continuing Education students. Familiarizes students with the use of drafting equipment and materials. Provides instruction in elementary drafting skills and conventions, employing mechanical pencils and pen and ink in the representation of plans, elevations, and sections.

ID 153 — Computer Space Modeling and Visualization

2 credits; 1 lecture and 2 lab hours

For Continuing Education students. The concepts and techniques of creating, viewing, and manipulating three-dimensional, computerized interior models are examined. Through the generation of sections and perspectives, students develop an in-depth understanding of the modeling techniques used for creating and analyzing interior space. Co-requisite(s) or prerequisite(s): ID 158 or approval of instructor.

ID 157 — Drafting for Interior Design

1.5 credits; 1 lecture and 1 lab hour

An introductory course on basic drafting skills and concepts used in interior design. Students learn to use drafting materials and tools and to produce design drawings. Universal concepts of interior design drafting are addressed, including line weights and types, scale, and elevation.

Co-requisite(s): ID 115 and ID 133.

ID 158 — Perspective Drawing

1.5 credits; 3 lab hours

Develops skills in producing one- and two-point perspective drawings for the visualization and communication of interior design solutions. Students learn to use different methods of generating perspective views to meet the needs of the interior design profession.

Prerequisite(s): ID 151 or ID 157.

ID 172 — Design, Color, and Lighting Principles and Theory

1.5 credits; 1 lecture and 1 lab hour

For Continuing Education students. Students focus on the principles of design and composition as influenced by the use of color and its application in the built environment, and the fundamentals of lighting design as they apply to the form, texture, and finish of interior space.

ID 173 — Visual Representation I

3 credits; 6 lab hours

Through focused exercises, students learn the fundamentals of delineating interiors, including plan, elevation and section, while exploring the subject through constructed models. Sketching is introduced as a method to represent observations, analyze, communicate intentions, and develop designs.

Co-requisite(s): ID 117 and CD 124.

ID 174 — Visual Representation II

3 credits; 6 lab hours

Building upon the skills introduced in ID 173, this course combines additional rendering techniques in a variety of media and tools to delineate interior space. Rapid visualization skills to pursue creative thinking, investigation through multiple views, and rapid prototyping are further developed.

Prerequisite(s): ID 173 Co-requisite(S): ID 118.

ID 201 — Color for Interiors

2.5 credits; 1 lecture and 3 lab hours

For students not majoring in Interior Design. Introduces the use of color as a design tool for both residential and contract interiors while analyzing the interrelationship of color and light.

ID 212 — Interior Design Studio III

4 credits; 8 lab hours

Problem solving focuses on specific building types and user groups in areas including corporate, retail, and institutional. Appropriate research methods and programming of client requirements are introduced, as well as techniques of diagramming space to provide proper circulation and activity relationships. Design concept, image, color and finishes, graphics, building codes, and barrier-free design compliance are emphasized. Evaluations by practicing interior designers and architects highlight student presentations.

Prerequisite(s): ID 116 and ID 158

Co-requisite(s): ID 241 and ID 243.

ID 214 — Interior Design Studio IV

4 credits; 8 lab hours

Through research, design analysis, and problem solving, students explore the user groups and challenges associated with the multi-functional use of hospitality and residential spaces. Lighting, color finishes, materials and details, building code issues, and barrier-free applications are emphasized. Evaluations by practicing interior designers and architects highlight student presentations.

Prerequisite(s): ID 212 and ID 243.

ID 218 — Introduction to Design for the Theater

2 credits; 1 lecture and 2 lab hours

Extends interior design skills into areas of theatrical design through a series of design projects that acquaint the student with the fundamental techniques of designing settings for stage and television, including fashion show productions.

Prerequisite(s): completion of first-year AAS courses in Fashion Design, Interior Design, or Visual Presentation and Exhibition Design, and approval of the chairperson.

ID 219 — Interior Design Studio III

5 credits; 1 lecture and 8 lab hours

Building upon research and programming skills introduced in ID 118, students further develop programs and explore various design processes to project solutions for specific building types and user groups. Topics covered include design concept, color, materials, graphics, building codes, global context, sustainability, social issues and barrier-free design needs.

Prerequisite(s): ID 118.

ID 221 — Interior Design: 1650-1850

2.5 credits; 2 lecture and 1 lab hours

Traces the major period styles used in interior design in England, France, and the United States from the mid-17th to the mid-19th centuries, with an analysis of their evolution from concepts and forms developed in early classic civilizations.

ID 222 — Interior Design: 1850-1950

2.5 credits; 2 lecture and 1 lab hours

Traces interior design and the evolution of modernism in Europe and the United States from the theory and practice of mid-19th century reformers to the modern movements of the early 20th century.

ID 225 — Domestic Arts and Architecture in Britain: 1500-1830

3 credits; 3 lecture hours

Conducted in England, this course surveys British domestic architecture, interiors, and furnishings from the Medieval to the Regency period. Many lectures take place in historic houses, towns, and museums. Approximately three weeks in June.

ID 226 — Decorative Arts, Architecture, and Interior Design in Italy

3 credits; 3 lecture hours

Focuses on the development of domestic architecture, interior design, and decorative arts in Italy from the Etruscan period through the Baroque. Presented in and around Rome, Florence, and Venice, the course emphasizes the relationship of architecture and interior design, textiles and furniture, as well as the integration of painting and sculpture. Approximately three weeks in January or June.

ID 227 — History, Theory & Criticism II

2 credits; 1 lecture and 2 lab hours

Students continue their exploration of specific buildings, artists, and design projects from various cultural contexts and explore the design decisions that evolve from the knowledge of history and various cultures. They are introduced to critical evaluation of sources of information to develop research skills.

Prerequisite(s): ID 122.

ID 241 — Lighting Design I

1.5 credits; 1 lecture and 1 lab hour

Provides basic understanding of vision as affected by light, color, texture, and form. Introduces basic principles of lighting design including criteria, calculations, planning, and layout.

Prerequisite(s): ID 115

Co-requisite(s): ID 212 and ID 243.

ID 243 — Materials and Methods of Interior Construction I

1.5 credits; 3 lab hours

Provides the student with an understanding of the construction process as it relates to the building of interior spaces.

Prerequisite(s): ID 115

Co-requisite(s): ID 212 and ID 241.

ID 245 — Introduction to Interior Plantscaping Design

3 credits; 2 lecture and 2 lab hours

Introduces the principles and techniques of planting design as it relates to interior environments, both residential and contract.

ID 253 — CAD I

1.5 credits; 3 lab hours

Introduces general concepts of computer-aided design and drafting (CADD), with emphasis on two-dimensional drafting applications such as floor plans, furniture plans, reflected ceiling plans, and elevations. Students create, store, modify, and plot drawings. Students are taught to generate hard copies of their work.

Prerequisite(s): CG 111 and ID 157.

ID 254 — Interior Design Working Drawings

2 credits; 4 lab hours

Students learn how to prepare a construction set of working drawings for use by contractors and the building trades. Architectural drafting techniques, schedules, specifications of materials and finishes, and principles of door and cabinetwork detailing are included. Students read drawings and understand conventions employed by architects, engineers, and the building trades.

Prerequisite(s): ID 158 and ID 243.

ID 255 — CAD II

1.5 credits; 3 lab hours

Presents CAD drafting, dimensioning, and detailing in order to create two-dimensional drawings for architecture, interior design, and construction. Methods for creating and using different line types and text styles are demonstrated. An introduction to three-dimensional modeling is included.

Prerequisite(s): ID 253.

ID 262 — Professional Practice I

2 credits; 2 lecture hours

A fundamental understanding of the professional standards and practices of interior design, including client relationships and marketing, is provided. Business methods and client record-keeping techniques are introduced. Fabric and furniture resources, typical sampling, specifying, and manufacturing processes are researched and discussed. Special floorings and wall coverings, window treatments, and upholstery methods and techniques are reviewed.

ID 281 — Interior Design Studio IV

5 credits; 1 lecture and 8 lab hours

Building upon skills learned in ID 219, students design complex interior spaces with multiple functions and user groups. They conduct observations, develop case studies, study precedents, review existing literature, and analyze collected information to define program requirements. Lighting, color, materials, details, building codes, global context, sustainability, social issues, and barrier-free inclusive design needs are highlighted.

Prerequisite(s): ID 219.

ID 282 — Design Technology I

3 credits; 6 lab hours

Students gain a basic understanding of the process of interior construction and its interaction with various building systems. The general concepts of Computer-Aided Design and Drafting (CADD) and Building Information Modeling (BIM) are introduced. Building materials and interior fabrication and installation methods are explored through detail drawings using CADD and BIM software.

ID 283 — Design Technology II

3 credits; 6 lab hours

Students learn how to prepare a construction set of working drawings for use by contractors and related building trades. Architectural drafting techniques, schedules, specifications of materials and finishes, and principles of door and cabinetry detailing are addressed. The exploration of basic elements of architectural materials and their related joinery methodologies and applications to the detailing of various custom components of interior spaces are addressed.

Prerequisite(s): ID 282.

ID 299 — Independent Study in Interior Design

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

ID 312 — Interior Design Studio: Institutional

4 credits; 8 lab hours

Introduces students to more complex building types and design studies. Work includes institutional spaces, such as health care, government, and religious facilities, cultural centers, and supportive communities. Students develop in-depth research and design analysis methods, and explore specific user-group requirements that address cultural, behavioral, and quality-of-life issues.

Application and knowledge of building codes and Americans with Disabilities Act (ADA) compliance are further developed in design project assignments.

Prerequisite(s): ID 314.

ID 314 — Interior Design Studio: Residential

4 credits; 8 lab hours

Explores the multi-dimensional aspects of the residence and principles of problem solving applied to urban and suburban living space. High-end cooperative/condominium apartments, townhouses, and country and vacation homes are studied. In-depth research methods are expanded upon through exchanges with guest design collaborators and field trips. Application of codes and barrier-free environments are studied, as well as focus areas of design such as the bath and/or kitchen.

Prerequisite(s): ID 214.

ID 315 — Interior Design Studio V

4 credits; 8 lab hours

This studio course introduces students to the holistic strategies and principles of integrated design for interior environments. Students apply in-depth programming research, fact-finding skills and design analysis methods. The complexity of sustainable design decisions that have an impact on global and local environments, economy and human health are explored. Inclusive design, design for activity, and building codes are covered.

Prerequisite(s): ID 281.

ID 316 — Interior Design Studio VI

4 credits; 8 lab hours

This course builds upon studies initiated in ID 315, with additional advanced focus on collaboration with professionals from various fields. This collaboration is necessary to address complexity of human interactions with the built environment, and to utilize available advanced strategies, materials, and technologies. Students explore holistic strategies and principles for interior environments, and further develop programming skills and design analysis methods. They experiment with complex sustainable design decisions that intend to balance impact on global and local environments, on economy, human health, safety and wellbeing. Knowledge and application of major building blocks of interior design professional practice are further developed.

Prerequisite(s): ID 315.

ID 322 — Decorative Arts Survey

2 credits; 1 lecture and 2 lab hours

Surveys the decorative arts and other related objects, including porcelain and ceramics, metalwork, glass and wood, frames, and carpets from Europe, England, Asia, and America. Students learn to recognize and determine appropriate artifacts as well as ceiling, wall, and floor coverings for use in interior environments. Local resources are identified and craftsmanship technologies are outlined and explored.

ID 323 — Interior Design: 1950 to Present

2 credits; 2 lecture hours

An in-depth study of the history of interior design and decoration in the 20th century, emphasizing its development after World War II and the transformation of the practice and role of the professional in society. Introduces students to the philosophies of modern interior design movements (postmodernism, minimalism, deconstructionism, etc.), practitioners (Wright, Aalto, Baldwin, Eames), and the influence of historical styles on contemporary work.

ID 324 — History, Theory & Criticism III

2 credits; 1 lecture and 2 lab hours

This course builds upon ID 122 and ID 227. Students continue their exploration of specific buildings, artists, and design projects from various cultural contexts, and explore the complexity of design decisions that evolve through the knowledge of history and various cultures. They are introduced to critical evaluation of sources of information to develop research skills.

Prerequisite(s): ID 227.

ID 331 — Presentation Techniques III

1.5 credits; 3 lab hours

Studies in advanced techniques involved in the rendering and presentation of interior spaces, including collage, colored pencil, film, photography, airbrush, and other advanced types of media. Students develop and explore new concepts, methods, and ideas for formatting their design work.

Prerequisite(s): ID 134.

ID 332 — Interior Rendering in Colored Pencil

1.5 credits; 3 lab hours

Using colored pencil, students explore advanced rendering techniques, from quick schematics to finished renderings, as they relate to the interior design profession.

Prerequisite(s): ID 133.

ID 341 — Lighting Design II

1.5 credits; 1 lecture and 1 lab hour

Advanced course deals with increased awareness of the application of lighting principles in more complex interior design environments. Various types of architectural and decorative lighting sources are explored. The impact of codes compliance, budget estimating, and project cost control methods are examined.

Prerequisite(s): ID 241.

ID 343 — Materials and Methods of Interior Construction II

2 credits; 1 lecture and 2 lab hours

Students develop a greater awareness of building technology: the functional role of structure in various building types and how it is a major consideration in an interior design project. The various construction systems used to create exterior envelopes of buildings are taught. Vertical circulation systems, mechanical systems, specialized hardware, special finishes and coatings, and the various CSI-formatted specification and information systems are studied.

Prerequisite(s): ID 158 and ID 243.

ID 346 — Interior Architectural Detail

1.5 credits; 3 lab hours

Course addresses basic elements of architectural woodwork and related joinery methodologies and their application to the detailing of various custom components of interior spaces.

Prerequisite(s): ID 254.

ID 347 — Lighting Design

2 credits; 1 lecture and 2 lab hours

This course increases students' awareness of the application of lighting principles in more complex interior design environments. Various types of architectural built-in, recesses, and semi-recessed luminaires, as well as decorative lighting sources are explored. Types of lamps are studied and lighting calculations are reviewed to assure an understanding of how the amount of light is measured in the built environment to meet codes. The impact of codes compliance, budget estimating, sustainability and project cost control methods are also examined.

ID 354 — CAD III

1.5 credits; 3 lab hours

Three-dimensional modeling for interior designers. The course consists of lectures, demonstrations, and lab exercises describing and teaching the general concepts and techniques of creating, viewing, and manipulating three-dimensional computerized architectural models. Prerequisite(s): ID 214 and ID 255.

ID 362 — Furniture, Finishes, Fixtures, and Equipment

1.5 credits; 1 lecture and 1 lab hour

Students explore the interior design marketplace as it relates to furnishing and accessorizing the interior environment. Methods of learning how to locate, evaluate, and modify such items as upholstered furniture, kitchen and bath equipment, hardware, floor and wall finishes, window treatments, and office systems are studied. Emphasis is placed on the preparation and development of specifications and procurement of design products.

ID 363 — Building Regulations

3 credits; 3 lecture hours

Studies of the various regulations that govern the design, construction, and occupancy of building interiors relative to public health, safety, and welfare. Zoning ordinances, state building codes, federal occupational regulations, fire prevention, egress, barrier-free accessibility (ADA), and administrative requirements are covered.

Prerequisite(s): ID 243.

ID 373 — Human Factors and Interior Ergonomics

2 credits; 1 lecture and 2 lab hours

For Continuing Education students. Examine appropriate design to fit environment, space, and equipment to human characteristics. Physical anthropology, physiology, and psychology play a role in the design of everyday tasks at work and in the home.

ID 381 — Design Technology III

4 credits; 2 lecture and 4 lab hours

This course addresses the design and control of interior environments as it relates for human comfort levels through the supply of heating, ventilation, air conditioning and plumbing systems, including the various electrical systems and sub-systems. The various regulations that govern the design, construction and occupancy of building interiors relative to public health, safety and welfare are addressed. Zoning ordinances, state building and energy codes, federal occupational regulations, fire prevention, egress, barrier-free accessibility (ADA) and administrative requirements are covered.

Prerequisite(s): ID 283.

ID 382 — Design Technology IV

4 credits; 2 lecture and 4 lab hours

Students become familiar with the application of a wide variety of building materials, finishes and the preparation of construction details. Through research and analysis, they assess performance criteria including applications, function, and environmental factors. They explore the materials and fabrication techniques involved in the design and construction of interior details.

Prerequisite(s): ID 381.

ID 412 — Interior Design Studio: Store Planning/Retail Design

4 credits; 8 lab hours

Advanced problems in retail/store planning and design, which include boutiques, specialty shops, and department stores. Awareness of regulations and codes, design analysis, presentation techniques, and marketing as well as methods of written and verbal communication are studied. Professional practitioners act as collaborators in evaluating student projects.

Prerequisite(s): ID 314.

ID 413 — Interior Design Studio VII

4 credits; 8 lab hours

This integrative design studio course builds upon ID 315, with additional focus placed on addressing current social and cultural phenomena and diverse and/or special needs populations through collaboration with local community. Students continue exploration of the holistic strategies and principles for interior environments, and further develop in-depth programming and design analysis skills. They experiment with complex sustainable design decisions that intend to balance impact on global and local environments, on economy, human health, safety and wellbeing. Knowledge and application of major building blocks of interior design professional practice are further developed.

Prerequisite(s): ID 315.

ID 421 — Historic Preservation I

2 credits; 2 lecture hours

Provides basic understanding and appreciation of preservation and considers the appropriate recycling of historic interior spaces. Preservation and recycling projects in this country and abroad are analyzed and discussed.

ID 422 — Historic Preservation II

2 credits; 2 lecture hours

Advanced course with emphasis on research and field work. Major preservation and/or recycling projects to be selected and executed individually or in groups. Students develop programs and prepare design solutions.

ID 431 — Computer Rendering

1.5 credits; 3 lab hours

Lectures, demonstrations, and lab exercises describe and teach the general concepts and techniques of creating, viewing, and editing computer renderings of interior spaces. The software for the course is internationally recognized as an acceptable standard for manipulating graphics. The computer offers the student the ability to constantly view and alter work.

Prerequisite(s): ID 134 and ID 255.

ID 441 — Lighting Design III

1.5 credits; 1 lecture and 1 lab hour

Advanced study of lighting design, emphasizing design and detailing of lighting fixtures for residential and commercial installations. Students explore manufacturing methods and materials, and estimating and obtaining cost quotes.

Prerequisite(s): ID 341.

ID 444 — Furniture Design

1.5 credits; 3 lab hours

An introductory course to the creative process of furniture design. Human factors and ergonomics related to furniture design are studied in depth.

Prerequisite(s): ID 346.

ID 445 — Interior Product Design

1.5 credits; 3 lab hours

The course introduces students to three-dimensional interior product design for use in the residential, contract, and hospitality markets. Emphasis is on the design of products with specialized functions, including universal design and special needs.

Prerequisite(s): ID 346.

ID 461 — Professional Practice II

2 credits; 2 lecture hours

Deals with common situations associated with professional interior design practice, including contracts, procurement and billing procedures, fees, marketing and sales efforts, public relations, professional ethics, office organization, estimating, and progress scheduling.

ID 462 — Professional Practicell/Internship

3 credits; 3 lecture hours

This course prepares students for common situations associated with professional interior design practice. Project contracts, procurement and billing procedures, fees, marketing and sales efforts, public relations, professional ethics, office organization, cost and time estimating and progress scheduling are covered.

Prerequisite(s): ID 264.

ID 471 — Environmental Systems

2 credits; 1 lecture and 2 lab hours

Examines the control of interior environments through the supply of heating, ventilating, air conditioning, and plumbing systems; study of the various electrical systems and sub-systems is included. Reference sources are provided so students build an understanding of how these systems interface within the built environment.

Prerequisite(s): ID 115.

ID 472 — Ecology and the Built Environment

2 credits; 1 lecture and 2 lab hours

The growing impact of ecology on the interior design profession is studied and includes such topics as nondepletable energy services, energy conservation, and resource conservation. Students explore the relationships between ecology and building construction, furniture, furnishings, equipment, building mechanical systems, and building maintenance. Recycling, reuse, and ecological awareness are among the areas studied.

ID 493 — Internship

3 credits; 3 lecture hours

An internship in a qualified design office, industry showroom, or trade/workroom/fabricator as selected by the student with the approval of the chairperson. This internship is for a total of 15 weeks and 135 hours minimum: 5 weeks, 3 hours per week on campus, plus 10 weeks, 12 hours minimum per week on site. Includes individual interviews and assessment reviews with the student and instructor for pre-, during, and post-internship work experience. Assessment forms analyzing and evaluating the experience are required and a final closure interview is held.

Prerequisite(s): approval of chairperson.

ID 494 — Senior Thesis Design Project Research

2 credits; 1 lecture and 2 lab hours

A prerequisite to the senior thesis design project, this course deals with research methodology related to preparing a design program. Students obtain, develop, and analyze data and design criteria as well as building drawings specific to their selected areas of study. Faculty and a professional mentor/expert specializing in the student's field of study offer information, guidance, and counsel during the programming phase and subsequent design development of the following semester. Students select their senior thesis topic, subject to the approval of the chairperson.

Prerequisite(s): ID 314, ID 363 and EN 323.

ID 495 — Senior Thesis Design Project

4 credits; 8 lab hours

Based on the design program researched and written in the prior semester, students prepare a capstone project in interior design that synthesizes space planning, building regulations, accessibility, lighting, furniture layouts, color finishes and materials, furniture and furnishings selections, details, and their selected methods of presentation/communication. Students work in a classroom studio throughout the semester and culminate their study with a presentation to faculty, mentors, and invited design professionals.

Prerequisite(s): ID 412 and ID 494.

ID 496 — Senior Thesis Design Project: Programming

3 credits; 2 lecture and 2 lab hours

Students gather information and develop a comprehensive evidence-based design program for the following semester's senior design project. Through fact-finding and analysis, they explore the complexity of human interaction with, and functioning in the built environments. They define appropriate strategies and technologies that balance the foreseeable impact on global and local environments, economy, and human health, safety and wellbeing. Students identify applicable laws, codes and standards to create design solutions.

Prerequisite(s): ID 381, and ID 316 or ID 413, and EN 323.

ID 498 — Senior Thesis Design Project

4 credits; 8 lab hours

Based on, and in response to the design program researched and written in ID 496, students prepare a capstone project in interior design that synthesizes their knowledge of space planning, indoor environmental quality strategies, building regulations, accessibility, lighting, furniture layouts, color, finishes and materials, furniture and furnishings selections, and presentation and communication methods. They work in a classroom studio throughout the semester, which culminates with a presentation to faculty, mentors, and invited design professionals.

Prerequisite(s): ID 496, ID 316, and ID 413.

ID 499 — Independent Study in Interior Design

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

IL: Illustration

IL 103 — Illustrating the Male Figure

1.5 credits; 3 lab hours

For Menswear students. Study of the human anatomy, proportions, and movement of the male figure, employing varied media, is presented. How garments are affected by muscle movement is emphasized.

IL 105 — Painting Process I: Color Theory and Applications

3 credits; 6 lab hours

In this studio course, students focus on the process of painting and use of color, including basic color theory and application through the creation of a color wheel. They explore the characteristics of pigment through various techniques and transform observational tonal drawings by the application of color.

IL 111 — Fashion Illustration I

3 credits; 6 lab hours

For Continuing Education students. Students study the procedures and principles of fashion illustration and translate drawings from the live model into finished fashion illustrations, rendering clothing and accessories. Use of pen and ink, marker, and brush and wash techniques suitable for black-and-white reproduction is discussed.

IL 114 — Fashion Applications

1.5 credits; 3 lab hours

The fundamental principles and skills required for commercial fashion illustration are taught. Using black-and-white media geared to print and electronic reproduction, students create fashion images working from the live model. Focus is on developing an individual style and creating exciting, dramatic images.

IL 115 — Concepts of Lifestyle/Fashion Illustration I

1.5 credits; 3 lab hours

Students develop skills in drawing, stylization, and visual narrative. These techniques are applied to fashion illustration and other areas such as music, political cartoons, portraits, spots, graphic novels, and science fiction.

Prerequisite(s): IL 114 and IL 141.

IL 123 — Principles of Illustration I

1.5 credits; 3 lab hours

Explores media, techniques, and art research. Introduces students to printing and the application of general illustration to specific design problems; directs them to tap and discover personal resources for artistic expression. (G6: Arts).

IL 124 — Principles of Illustration II

3 credits; 6 lab hours

Students learn all aspects of producing illustrations, from initial concept to finished artwork, mastering composition and draftsmanship, finding creative solutions, and considering value, tonal contrast, and color harmony.

Prerequisite(s): IL 123.

IL 125 — Introduction to Adobe Photoshop for the Illustrator

2 credits; 1 lecture and 2 lab hours

This introduction to basic Adobe Photoshop enables students to apply its computer power to the production of both digital and traditional imagery from concept to finish.

IL 126 — Watercolor Comps and Illustrations

1.5 credits; 3 lab hours

Students learn to develop a wide variety of illustration projects in watercolor, from comps to finishes that are ready for reproduction. Emphasis is on real-world assignments for newspapers, magazines, packaging, advertising, and children's book illustrations.

IL 127 — Applying Color to Illustrate the Written Word

1.5 credits; 3 lab hours

Students learn to use color to produce effective pictorial representations of the written word. By learning the key properties of color and how to manipulate them, students achieve an understanding of color rendering for reproduction.

IL 128 — Perspective Drawing, Composition, and Concept

1.5 credits; 3 lab hours

Students learn to apply perspective drawing, composition, and conceptualization as a means of developing visual communication skills.

Prerequisite(s): IL 133.

IL 131 — Illustration Life Drawing I

1.5 credits; 3 lab hours

For Continuing Education students. Study of anatomy, proportion, and drawing in charcoal, pencil, marker, and pastel, and of the nude figure as the basis for understanding the fashion figure. (G6: Arts).

IL 132 — Illustration Life Drawing II

1.5 credits; 3 lab hours

For Continuing Education students. Continuation of drawing the nude figure from the illustration point of view. Muscle structure is stressed in varied media.

IL 133 — Anatomical Life Drawing for the Illustrator I

2 credits; 1 lecture and 2 lab hours

This introductory course in anatomy and life drawing focuses on the skeletal and muscular systems of the body in order to understand the human form and its proportions, contours, and characteristic periphery of movement.

IL 134 — Anatomical Life Drawing for the Illustrator II

1.5 credits; 3 lab hours

This course extends the understanding of basic anatomy for the artists. Students learn to artistically render the human form through the exploration of composition, perspective, mood, and the effects of light.

Prerequisite(s): IL 133.

IL 141 — Fashion Expression in Drawing

1.5 credits; 3 lab hours

Students work from live models to learn drawing skills, fundamental anatomy, and the dynamics of movement in order to develop a foundation for producing high-quality fashion illustrations. Both fashion and human proportion are stressed.

IL 143 — Fashion Drawing I

2 credits; 4 lab hours

For Continuing Education students. Drawing from the fashion model. Emphasizes line drawing in charcoal, conte, and other black-and-white media.

IL 145 — Fashion Drawing and Stylization I

3 credits; 6 lab hours

Students learn the principles of foundation-level figure drawing and develop their skills of observation, interpretation, and eye-hand coordination. An introduction to the fashion and lifestyle illustration marketplace is also presented.

Prerequisite(s): IL 114 and IL 141.

IL 151 — Dynamic Drawing Techniques for the Illustrator

2 credits; 4 lab hours

An introduction to dry and wet media drawing techniques of the human form using monochromatic media. Students focus on the concepts of physical contour, stylistic flair, and the dynamics of a clothed figure's movement.

IL 152 — General Illustration Figure Drawing I

1.5 credits; 3 lab hours

Students develop skills in drawing grouped and cropped figures in a variety of media.

IL 153 — Drawing Foundation I

3 credits; 6 lab hours

Students develop the ability to draw from observation, including human anatomy. They explore drawing techniques to integrate line, tone and composition. They merge drawing on location with studio drawing and reference materials, as well as maintain a sketchbook for class work and personal development.

IL 154 — Drawing Foundation II

3 credits; 6 lab hours

Through advanced study of the nude and clothed figure at rest and in motion, in the studio and on location, students apply their understanding of anatomy, complex compositions, and use diverse drawing media to complete various assignments. Students develop a sketchbook for class work and personal development.

Prerequisite(s): IL 153.

IL 161 — Illustration Process I

3 credits; 6 lab hours

This course establishes fundamentals of pictorial language, critical thinking, composition, and rendering skills. Students use traditional drawing, painting and 3D media techniques to complete projects and develop the work habits necessary to execute successful thumbnail sketches to comprehensive illustrations. Students produce a sketchbook for class work and personal development.

IL 162 — Illustration Process II

3 credits; 6 lab hours

Through conceptual and picture-making skills with an emphasis on the application of linear and tonal perspective, students explore complex compositions, narratives and metaphor. A range of traditional media is explored, and the integration of digital media is introduced. Students maintain a sketchbook for class work and personal development.

Prerequisite(s): IL 161.

IL 181 — The Essence of Comic Art

2 credits; 1 lecture and 2 lab hours

Cultivates the unique graphic style in magazine cartooning, political cartoons, and comic book characters, stressing satire, whimsy, fantasy, and humor. Students develop the ability to succinctly express a comic point of view.

IL 183 — Comic Book Illustration

2 credits; 1 lecture and 2 lab hours

For Continuing Education students. This course addresses the professional process of creating comic book illustration, from character design to panel-to-panel continuity and story development. It focuses on sequential illustration as it applies to visual storytelling in comics.

IL 184 — Introduction to Airbrush

1.5 credits; 3 lab hours

Students become familiar with the mechanics of the airbrush instrument in order to master the creative techniques used in illustration.

IL 201 — Painting Process III: Figure as Visual Communication

3 credits; 6 lab hours

Students expand their painting skills to complete professional assignments. They employ complementary color schemes, perspective and composition and design principles to create the illusion of three dimensional form, texture, space and light, and work from live models and photo reference, integrating digital technology with traditional media.

Prerequisite(s): IL 272.

IL 210 — Concepts of Lifestyle/Fashion Illustration II

3 credits; 6 lab hours

Students learn various approaches to fashion lifestyle drawing and further develop their drawings into finished illustrations. They draw the stylized figure by incorporating line quality, shape, graphic composition, and context.

Prerequisite(s): IL 115 and IL 145.

IL 212 — Concepts of Lifestyle/Fashion Illustration III

3 credits; 6 lab hours

Experimentation in various media, employing styles and techniques suitable to the most current clothing and fashion trends. Students prepare portfolios.

Prerequisite(s): IL 241.

IL 223 — Illustration as Visual Communication I

3 credits; 6 lab hours

From initial rough to finished artwork using a variety of techniques, emphasis is placed on the development of conceptual ideas for editorial illustration.

Prerequisite(s): IL 124.

IL 225 — Illustration Concept Techniques

1.5 credits; 3 lab hours

Students deepen their conceptualization abilities through writing techniques and word analysis. Better decision-making and the ability to create strong visual solutions help to empower the student's artistic voice and individual thinking.

Prerequisite(s): IL 272.

IL 227 — Illustration as Visual Communication II

3 credits; 6 lab hours

The course focuses on the application of traditional skills in conjunction with digital technologies. Students apply problem-solving in the creation and execution of illustration industry-related projects to advance the level of their portfolio work.

Prerequisite(s): IL 223.

IL 231 — Anatomical Life Drawing for the Illustrator III

1.5 credits; 3 lab hours

Further study of the illustrative approach to life drawing, employing chiaroscuro and introducing color.

Prerequisite(s): IL 133 and IL 134.

IL 232 — Anatomical Life Drawing for the Illustrator IV

1.5 credits; 3 lab hours

A study of the fashion approach to life drawing, involving increasingly complex interactions of fashion concepts on the undraped figure. Expression, gesture, color, and pattern are examined in relation to backgrounds.

Prerequisite(s): IL 231.

IL 241 — Fashion Drawing and Stylization II

3 credits; 6 lab hours

Continues drawing from the fashion model. Emphasis on clothing character and techniques using color, washes, pastels, and combined media. Texture and pattern are analyzed.

Prerequisite(s): IL 145.

IL 242 — Fashion Drawing and Stylization III

3 credits; 6 lab hours

Continues drawing from the fashion model, stressing individual approaches. Experimentation is encouraged on a professional studio level.

Prerequisite(s): IL 241.

IL 251 — General Illustration Figure Drawing II

1.5 credits; 3 lab hours

Students draw clothed figures, focusing on appreciating and applying pose, gesture, lighting, and composition as a means of visual expression.

Prerequisite(s): IL 152.

IL 252 — General Illustration Figure Drawing III

1.5 credits; 3 lab hours

Emphasizes advanced treatment of the figure in relation to editorial projects employing a wide range of media.

Prerequisite(s): IL 251.

IL 261 — The Italian Way: Lessons from the Masters for Our Time

2.5 credits; 4 lecture hours

Offered in Florence, this course introduces students to aspects of Italian art and culture that affect their aesthetic and pragmatic points of view as artists. Emphasizes the relationship among the concepts, materials, and techniques used by the masters, and its relevance to today's artist.

Approximately five weeks in June/July.

Prerequisite(s): two semesters of History of Art and Civilization courses.

IL 262 — Pictorial Problem Solving

3 credits; 6 lab hours

Students build upon their conceptual skills to execute finished concepts and resolve the specifications of professionally-oriented assignments. Using traditional and digital skills and employing reference materials, students create illustrations that effectively communicate ideas. The business of illustration is explored, including ethics, marketing, and web presence.

Prerequisite(s): IL 162.

IL 263 — Advanced Pictorial Problem Solving

3 credits; 6 lab hours

Students continue to build upon their conceptual skills, to execute finished concepts and resolve the specifications of professionally-oriented assignments. Using traditional and digital skills and employing reference materials, they create illustrations that effectively communicate ideas. The business of illustration is explored, including ethics, marketing, and web presence.

Prerequisite(s): IL 262.

IL 264 — Visual Interpretation

3 credits; 6 lab hours

Students learn to define and express the essence of subject matter in Illustration. They explore drawing, painting, line, tone, shape, color and composition to develop their own style of visual expression. They discern gesture and movement of the figure using traditional media and conceptual techniques to develop visual communication skills and personal style.

Prerequisite(s): IL 154.

IL 265 — Advanced Visual Interpretation

3 credits; 6 lab hours

Students focus on the refinement of their interpretative and technical skills to create advanced illustrations from reference materials and observation. They create imagery through a personal interpretive approach to illustrate specific professionally orientated assignments, and develop a cohesive style.

Prerequisite(s): IL 264.

IL 272 — Illustration Rendering Techniques

1.5 credits; 3 lab hours

This painting course focuses on rendering realistic imagery while building on students' color application skills. Students learn to develop accurate facsimiles of photo images by creating visual illusions of 3D on two-dimensional surfaces with color, shadow, depth, mood, texture, and form.

Prerequisite(s): IL 127 or IL 105.

IL 274 — Illustration Process

1.5 credits; 3 lab hours

Fantasy, humor, conflict, and similar emotions are conceptualized into projects. Student's personal approach to illustration in various media is emphasized.

Prerequisite(s): IL 272.

IL 299 — Independent Study in Illustration

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

IL 302 — Drawing for Animation I

2 credits; 1 lecture and 2 lab hours

Students learn to draw for animation by developing skills through quick gestural action analysis as well as traditional figure drawing techniques. Creation of character interaction, backgrounds, layouts, storylines, staging, and theatrics is emphasized. (G6: Arts).

IL 303 — Drawing for Animation II

1.5 credits; 3 lab hours

Advanced drawing for animation preparation by drawing the nude and costumed model, focusing on gestural analysis of the figure. The understanding of continuity in storytelling and character development is emphasized through the correlation of color, lighting, media, music, and cultural influences. Students keep a sketchbook/journal. (G6: Arts)

Prerequisite(s): IL 302.

IL 304 — Foundations of Visual Expression for Storyboard and Concept Art I

3 credits; 1 lecture and 4 lab hours

For students not majoring in Illustration. Students are introduced to illustration topics that can be applied to filmmaking and other visual communication areas. These include anatomy, figure drawing, motion mechanics, perspective drawing and composition.

IL 305 — Foundations of Visual Expression for Storyboard and Concept Art II

3 credits; 1 lecture and 4 lab hours

For students not majoring in Illustration. In this foundation course, students improve their artistic proficiency through drawing and painting from observation of the human form. Color theory and composition applied to filmmaking and other visual communication areas is also covered.

Prerequisite(s): IL 304.

IL 306 — Visual Storytelling for Evolving Media I

3 credits; 6 lab hours

Using sequential storytelling concepts and technologies, students create stories that move in time and space. They work in teams to complete projects including writing, short animations, app design, picture e-book designs and animated graphic novels. Demonstrations of new media and industry-partnered projects are incorporated throughout the semester.

Prerequisite(s): IL 377.

IL 321 — Digital Sketching and Comping for the Illustrator

1.5 credits; 3 lab hours

Using Adobe Photoshop, students learn to create digital artwork and type; make selections; file, retrieve, scan, print, edit, and retouch photography and artwork; and manipulate, color, and combine images in order to produce high-quality sketches and comprehensives.

Prerequisite(s): PH 272.

IL 323 — Adobe Illustrator for the Illustrator

2 credits; 1 lecture and 2 lab hours

This course builds on the student's knowledge of vector-based drawing, bitmap-based applications, and basic digital typography and design. Illustrative skills are synthesized with typography and design in order to enhance visual problem-solving abilities as well as opportunities for artistic expression.

Prerequisite(s): IL 125 and CD 201.

IL 324 — Digital Painting for the Illustrator

1.5 credits; 3 lab hours

Adobe Photoshop and Corel Painter are used to apply traditional painting and drawing techniques in a digital format. Students learn how to modify the interface using the Power User's method to work more efficiently. They are encouraged to use these programs to experiment stylistically.

Prerequisite(s): IL 125.

IL 325 — Digital Illustration Techniques

3 credits; 6 lab hours

This course emphasizes the integration of traditional illustration skills and techniques with the application of digital technology. Students expand upon software proficiencies, in combination with traditional picture-making techniques, to develop evocative and visually compelling digital illustrations geared to specific commercial markets.

Prerequisite(s): IL 125.

IL 326 — Traditional Painting Media: Methods and Materials

3 credits; 6 lab hours

This course emphasizes the integration of traditional illustration skills and techniques with the application of digital technology. Students expand upon software proficiencies, in combination with traditional picture-making techniques, to develop evocative and visually compelling digital illustrations geared to specific commercial markets.

Prerequisite(s): IL 201.

IL 362 — The Illustrator's Heritage I

3 credits; 2 lecture and 2 lab hours

Combines a survey of decorative artists and illustration (late 19th to early 20th century) with visits to museums, galleries, designers' showrooms, and studios. Students complete illustration projects based on lectures and drawings from a model. (G6: Arts)

Prerequisite(s): IL 212 or IL 227.

IL 364 — The Illustrator's Heritage II

3 credits; 2 lecture and 2 lab hours

Continues a survey of various aesthetic influences on illustrators from the early 1900s to the present. Course is enriched by guest speakers, films, museum visits, and field trips. Students complete illustration projects based on lectures and drawings from the model. (G6: Arts)

Prerequisite(s): IL 362.

IL 374 — Book Illustration I

1.5 credits; 3 lab hours

Develops skills in interpreting a manuscript or story and creating visual images. The application of various techniques and materials is explored. (G6: Arts)

Prerequisite(s): IL 212 or IL 225.

IL 375 — Book Illustration II

1.5 credits; 3 lab hours

Explores aspects of book illustration, with emphasis on specific imagery for specialized areas such as children's books, science fiction, and juvenile. Emphasis is on professional procedures and portfolio preparation.

Prerequisite(s): IL 374.

IL 376 — Fantasy and Science Fiction Illustration

2 credits; 1 lecture and 2 lab hours

Students explore this genre of illustration through consideration of art, film, novels, and mythology to develop the creative skills necessary to produce images that rely on the imagination, and the extrapolation and integration of visual reference.

IL 377 — Book Illustration

3 credits; 6 lab hours

This course explores both traditional and contemporary approaches to book illustration, including the creation of children's books, young adult books, and graphic novels. Through class projects, students are introduced to essential business practices and procedures. They conceive, design and illustrate their own manuscripts geared to sell in the publishing market.

IL 378 — Stylistic Illustration

3 credits; 6 lab hours

In this course, students develop their unique and personal illustrative style of visual expression and communication. Through professionally-orientated illustration assignments including written material for book, editorial and advertising assignments, they explore diverse media and integrate traditional and digital skills.

Prerequisite(s): IL 264.

IL 379 — Illustrating the Written Word

3 credits; 6 lab hours

This course focuses on students' interpretation of the written word as a means to illustrate professionally-oriented assignments and resolve visual problems. They incorporate comprehensive research using traditional and digital skills in conjunction with conceptual processes to produce unique ideas and effective illustrations.

Prerequisite(s): IL 377.

IL 382 — The Illustrator's Visual Self-Expression

3.5 credits; 1 lecture and 5 lab hours

Explores fantasy and symbolism, and poses conceptual challenges with the intent to expand the students' imagination and help them develop and express their personal viewpoints through composition and rendering of design elements.

Prerequisite(s): IL 212 or IL 227.

IL 383 — Advanced Drawing and Composition: The Personal View

3.5 credits; 1 lecture and 5 lab hours

Students acquire special drawing techniques to provide new ways of perceiving subjects. Emphasis is on complex projects (multiple figures in background) and research.

Prerequisite(s): IL 382.

IL 384 — Illustrating for Contemporary Media I: Concept and Character

2 credits; 1 lecture and 2 lab hours

Using their imagination and traditional drawing, painting, and conceptual skills, students create dynamic concept art and character illustrations for comic books, television, films, video games and the web. They create action figure drawings, develop sets and props, construct scratch models and moquettes, and render visually exciting places, characters, objects, and technologies.

Prerequisite(s): IL 212 or IL 225 or IL 227.

IL 385 — Illustrating for Contemporary Media II: Images in Sequence

2 credits; 1 lecture and 2 lab hours

Students apply their traditional drawing skills to conceptualize, compose, and render imaginative storyboard applications for comic books, television, films, video games, and the web. Students work from scripts and learn to think in terms of time and space to create memorable and believable sequential illustrative imagery.

Prerequisite(s): IL 384.

IL 388 — Materials and Techniques I: Mixed Media, Including Photography

2 credits; 4 lab hours

Examines the range of media available to the illustrator, including use of photographic reference material. Emphasis is on use of varied techniques to solve difficult or unusual design problems. Prerequisite(s): IL 212 or IL 225.

IL 389 — Materials and Techniques II: Mixed Media, Including Photography

2 credits; 4 lab hours

Examines the range of unusual and experimental media available to the illustrator. Enlarges and develops students' personal techniques as it explores experimental options. Prerequisite(s): IL 388.

IL 402 — Illustrating for the Moving Image I: The Storyboard

3 credits; 1 lecture and 4 lab hours

For students not majoring in Illustration. This course covers key aspects of sequential storyboard drawing and painting for the moving image. It addresses composition and narrative content using appropriate graphic tools and media, such as pencil, marker, pen and/or brush and ink, watercolor, gouache, acrylic, and oils. Prerequisite(s): IL 305.

IL 404 — Illustrating for the Moving Image II: Concept Art and Character Design

3 credits; 1 lecture and 4 lab hours

For students not majoring in Illustration. Students study the methods of researching period details such as environment, architecture, costume, and weaponry. They learn extrapolative techniques used in genres such as fantasy and science fiction in which the artist must visualize places, characters, objects, and technologies that do not exist. Prerequisite(s): IL 402.

IL 405 — Visual Storytelling for Evolving Media II

3 credits; 6 lab hours

Students continue to work on projects started in IL 306, or begin new projects to produce a piece of sequential art demonstrating a personal style and vision. They adopt new technologies and techniques befitting their projects. Work is done in teams or individually. Prerequisite(s): IL 306.

IL 461 — Illustration Workshop

3 credits; 6 lab hours

Exposes students to the working world by assigning actual client-generated projects. Students become familiar with standard business practices including client approval, bookkeeping systems, work schedules, and billing procedures. Reproduction-ready artwork is ultimately delivered to the client. Prerequisite(s): IL 383 and IL 389.

IL 463 — Illustrator's Portfolio Development

1.5 credits; 3 lab hours

The illustrator focuses on creating a professional-quality portfolio, developing specific commercial applications and markets for work, and career networking as the transition is made from art student to art professional.

IL 471 — The Illustrator as Documentary Artist I

2 credits; 1 lecture and 2 lab hours

Acquaints the student with the special considerations of reportage illustration. New techniques to capture the immediacy of on-the-spot specialized illustration are introduced. Prerequisite(s): IL 383 and IL 389.

IL 472 — The Illustrator as Documentary Artist II

2 credits; 1 lecture and 2 lab hours

Allows a more in-depth study for the documentary artist, including the completion of a portfolio of on-location illustrations. Varied techniques are explored to encourage students to develop an individual approach.

Prerequisite(s): IL 471.

IL 473 — Advanced Visual Story Studio

3 credits; 6 lab hours

Students continue to work on projects started in IL 405, or begin new ones, to produce a piece of sequential art demonstrating a personal style and vision. They are required to adopt new technologies and techniques befitting their projects. Work is done in teams or individually.

Prerequisite(s): IL 405.

IL 482 — Color Rendering in Advanced Media I

2.5 credits; 1 lecture and 3 lab hours

Examines the techniques, materials, and methods of painting in oils and/or acrylics as they apply to illustration. Encourages professional development as well as experimentation in visual and narrative elements and style.

Prerequisite(s): IL 389.

IL 483 — Color Rendering in Advanced Media II

1.5 credits; 3 lab hours

Utilizing the knowledge and skills acquired in IL 482, students concentrate on developing a highly finished illustration technique while continuing to evolve their individual styles in painting.

Prerequisite(s): IL 482.

IL 484 — Advanced Color Rendering I

3 credits; 6 lab hours

This advanced-level course focuses on the expansion of students' painting and rendering skills through the application of traditional media and techniques of the masters. Students paint the human figure from direct observation to strengthen their visual perception and awareness of three dimensional form, color and space.

Prerequisite(s): IL 326.

IL 485 — Advanced Color Rendering II

3 credits; 6 lab hours

This course builds on and expands students' craftsmanship and painting skills. They continue to refine their illustrative style to create personal visual expression for print and web applications. Students paint the human figure extensively from direct observation to strengthen visual perception and awareness of three-dimensional form, color and space.

Prerequisite(s): IL 484.

IL 491 — Mentor/Specialization Projects I

3 credits; 6 lab hours

Encourages the development of the student as a professional. Several semester projects are individually selected and completed under the supervision of the professional mentor, who may be a working professional, a faculty member who is an expert in a particular area of illustration, or a successful graduate.

Prerequisite(s): IL 389.

IL 492 — Mentor/Specialization Projects II

3 credits; 6 lab hours

Under the guidance of a professional mentor, the student has the opportunity to expand an area of specialization and develop a second specialty. Portfolio organization is emphasized. Approximately four weeks in January or June.

Prerequisite(s): IL 491.

IL 493 — Illustration Portfolio Thesis

3 credits; 6 lab hours

This course serves as a final preparation for students entering the illustration business. Students submit a written proposal for their self-generated illustration. Guest speakers from industry provide them with insight into business practices, entrepreneurial strategies, and freelance and staff employment. Students present and defend their visual thesis before faculty and peers.

Prerequisite(s): IL 491.

IL 499 — Independent Study in Illustration

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

IN: International Trade and Marketing

IN 201 — Global Sourcing in the Textile Industries

3 credits; 3 lecture hours

This overview of global sourcing in the textile industries examines how textile firms search for raw materials, textile chemicals, equipment, and manufacturing plans in foreign markets. Students analyze how various professions, including primary producers, commission manufacturers, jobbers, brokers, and trading companies, participate in the international production and distribution of the final product. Emphasis is on the dynamics of the supply side (resource development and production) and the demand side (resource procurement and management).

IN 301 — Global Sourcing in Home Furnishings

3 credits; 3 lecture hours

This introductory course examines the process of international sourcing in the home furnishings industries. Students study how U.S. home products companies, through product development, search for foreign manufacturers by evaluating various countries' production costs, quality standards, technical abilities, infrastructures, and cultural differences. Also addressed are U.S. trade policies, vendor management, and consumers' concerns about products manufactured abroad.

IN 312 — International Trade

3 credits; 3 lecture hours

Introduces international trade as it is practiced today. Students learn how various industries have developed different international trade patterns and how the internet is rapidly changing this field. Focus is placed on international trade as an industry, professional opportunities, project management, intercultural skills, and technical trends in logistics and online research.

IN 313 — International Business Transactions

3 credits; 3 lecture hours

The management of international trade transactions is introduced, with emphasis on agency, distributorship, franchising agreements, import/export, and licensing. Students learn the theory and practice of conducting international negotiations and how to apply the self-regulatory standards used in international trade. The use of the internet and business-to-business e-commerce websites to transact international business is also examined.

IN 320 — Compliance Management in International Trade

3 credits; 3 lecture hours

This course identifies major compliance regulations and issues, the agencies that implement them, as well as the organizations that monitor them. The course will focus on how firms adjust their processes to incorporate compliance assessment, manage tracking, surveys, testing and document preparation.

Prerequisite(s): IN 312.

IN 322 — Global Marketing

3 credits; 3 lecture hours

Introduction to the research techniques and implementation strategies practiced in global marketing by the fashion and related industries. Students examine the major trends revolutionizing international marketing, the evolution of international companies into global firms, and the expanding role of e-commerce. The role of intercultural communication and negotiation styles in global marketing strategies is studied in detail.

IN 323 — Import/Export Regulations

3 credits; 3 lecture hours

Import and export regulations enforced by the U.S. Customs Service are presented, including ECCN and HTSUS classification, country of origin, customer screening, export licensing, quota/visa, required import/export documentation, and valuation. Students develop an import or export international business plan.

Prerequisite(s): IN 312.

IN 324 — International Marketing Research

3 credits; 3 lecture hours

Students learn how to plan, implement, and present an international marketing research project. The course explores secondary data that are available through libraries, public agencies, and online resources and analyzes strategies for generating primary data in foreign markets. International team-building and presentation skills are reviewed and practiced. Lectures and critiques are provided by guest speakers from the industry.

Prerequisite(s): IN 322.

IN 331 — Global Sourcing for Stylists

3 credits; 3 lecture hours

Students learn how and where goods and components are manufactured. Compliance, quality control standards, and governmental regulations are addressed, as well as the evolution of global sourcing and current fashion trends and practices.

IN 341 — International Logistics

3 credits; 3 lecture hours

International logistics--the organized movement of goods, services, and people across countries--is explored. Students survey the impact of the market, government regulations, and technological forces on ground, ocean, and air transportation systems. International conventions and the role of unions in logistics are also studied.

IN 342 — International Corporate Responsibility

3 credits; 3 lecture hours

Students study the sustainability movement, and how ethical, social, and environmental issues are being addressed by multinational corporations. Through the review of current case studies, the course examines the role of fashion businesses in creating socially responsible and eco-friendly global supply chains and their effect in international trade policies.

IN 423 — Global Marketing of Luxury Brands

3 credits; 3 lecture hours

Through case studies, business articles, and position papers, students learn how international luxury brands are affected by globalization, how they compete for emerging markets and use elements of sustainability and social responsibility in their competition strategies. Students explore the concept of the global consumer and the impact of this consumer on marketing strategies.

Prerequisite(s): IN 322 or approval of instructor.

IN 424 — Export Promotion Marketing

3 credits; 3 lecture hours

This course is an introduction to the variety of export assistance policies, programs, and initiatives available to U.S., foreign, and global businesses to effectively market fashion-related goods and services. Students examine various export promotion strategies organized by the U.S. government, foreign governments, and bilateral and private-sector joint programs that aid in the exportation of goods and services.

Prerequisite(s): IN 322.

IN 433 — Global Sourcing

3 credits; 3 lecture hours

Students examine the import marketing process, import regulations, sources of supply, supplier management and development, and transportation in order to learn how to participate in the global marketplace and negotiate in cross-cultural situations.

Prerequisite(s): IN 323.

IN 434 — International Management

3 credits; 3 lecture hours

This course is a guide to the world of international business and addresses the myriad factors that influence decision makers working in this environment. Students assess how organizational structure, personnel decisions, resource planning and allocation, and other business alternatives are affected by a firm's global participation.

IN 441 — International Business Law

3 credits; 3 lecture hours

Students develop a thorough understanding of the legal framework for international business transactions in the fashion and related industries. They learn how international sales contracts are structured, how international trade rules and national laws apply to cross-border transactions, and how international business disputes are settled.

IN 442 — International Finance

3 credits; 3 lecture hours

Students learn to use the basic principles and techniques of international financial management and develop an understanding of the financial environment in which multinational corporations and small international businesses operate. Focus is on international capital budgets and capital structure, international cash management, international tax regulations, management of currency and exchange-rate risks, and short- and long-term trade finance.

Prerequisite(s): MA 222 or MA 311.

IN 443 — International Business Strategies and Fashion Law

3 credits; 3 lecture hours

This management course introduces the strategic business considerations faced by international fashion firms as they set up operations in foreign markets. Students examine the market entry process of fashion firms and identify key financial, legal, management, and marketing issues.

IN 492 — International Trade Practicum

3 credits; 3 lecture hours

This course offers students a field trip to a key country of a regional trade agreement to experience international trade's impact on consumers, the fashion industries, and governments of foreign markets. Participants learn to conduct international field research, source international contacts, and develop safe travel skills. Students' findings are summarized in a written case study. An application must be submitted in the prior semester for a student to be considered for the course. Approximately four weeks in January or June.

Prerequisite(s): IN 312 or approval of chairperson.

IS: Interdivisional Studies

IS 299 — Independent Study in Interdivisional Studies

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean.

IS 313 — Environmental Experience

3 credits; 3 lecture hours

For baccalaureate-level Interior Design students. Explores the social nature of human beings, how they adapt the environment to suit their needs, and how they react perceptually and behaviorally to the built environment. Emphasis is placed on the designer's role/responsibility in reacting sensitively to specific user groups and improving their quality of life.

IS 499 — Independent Study in Interdivisional Studies

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean.

IT: Italian

IT 111 — Elementary Italian

3 credits; 2 lecture and 2 lab hours

This introductory course enables students with no background in Italian to communicate with Italian-speaking people. The basic skills of speaking, reading, and writing in Italian are established, and Italian culture is introduced. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language).

IT 112 — Italian II

3 credits; 2 lecture and 2 lab hours

Students expand upon the skills established in Italian I and continue to study Italian culture. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language)

Prerequisite(s): IT 111 or equivalent.

IT 122 — Italian Conversation I

3 credits; 3 lecture hours

Students learn to converse in Italian by emphasizing interaction in real-world situations. Functional and practical verbal communications are addressed with a focus on Italian culture. Course also taught in Florence, Italy, in Winter and Summer sessions.

Prerequisite(s): IT 111 or equivalent (G8: Foreign Language).

IT 132 — Italian in Florence

3 credits; 2 lecture and 2 lab hours

Opportunity is provided for total immersion in Italian and for developing an awareness of the people, culture, and history of Florence and Italy. Students review, develop, and expand use of the basic spoken and written structures of contemporary Italian. Emphasis is placed on immediate and active use of the language as an instrument of communication. Field trips fulfill the lab component of this course. Approximately four days per week for four weeks in June. (G8: Foreign Language)

Prerequisite(s): IT 112 or equivalent.

IT 213 — Italian III

3 credits; 2 lecture and 2 lab hours

This intermediate course is designed to review and refine students' communication skills in Italian. Supplementary reading materials (including poetry, short stories, and magazine and newspaper articles), films, and videos further the students' knowledge of Italian culture. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language)

Prerequisite(s): IT 112 or equivalent.

IT 214 — Italian IV

3 credits; 2 lecture and 2 lab hours

Building on Italian III, students refine their communication skills in Italian. More advanced supplementary reading materials (including poetry, short stories, and magazine and newspaper articles), films, and videos further the students' knowledge of Italian culture. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language)
Prerequisite(s): IT 213 or equivalent.

IT 223 — Italian Conversation II

3 credits; 2 lecture and 2 lab hours

Conversational ability in Italian is further developed and refined by emphasizing interaction in real-world situations. Advanced functional and practical verbal communications are addressed along with a focus on Italian culture. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom.

Prerequisite(s): IT 112 or equivalent (G8: Foreign Language).

IT 311 — Italian for Business

3 credits; 2 lecture and 2 lab hours

This course is designed for students who have completed four semesters of college-level Italian (or equivalent) and who are interested in furthering their language proficiency in commercial Italian. The course focuses on current Italian and European community business practices and culture. (G8: Foreign Language)

Prerequisite(s): IT 214 or equivalent.

IT 312 — Italian Fashion Culture

3 credits; 2 lecture and 2 lab hours

This course is conducted entirely in Italian. This course looks at fashion in Italian culture from the Middle Ages through the present day. Materials include short stories, magazines, newspapers, blogs, and films. Students analyze how fashion reflects sociopolitical changes throughout Italian history, and learn specialized vocabulary related to fashion. GenEd: G8, Foreign Language
Prerequisite(s): IT 214 or permission of instructor.

IT 341 — Introduction to Italian Literature

3 credits; 3 lecture hours

This course introduces students to Italian literature from the Middle Ages to the contemporary era. Students examine the work of Italian authors in the genres of poetry, the novel, and the theater, with an emphasis on literary analysis through discussion and writing. The course is conducted entirely in Italian and is enhanced by multimedia resources. (G7: Humanities; G8: Foreign Language)

Prerequisite(s): IT 214 or equivalent.

IT 342 — Writing Women of the Italian Renaissance

3 credits; 3 lecture hours

This course introduces students to the lives and literary endeavors of a selection of women who lived in Italy during the Renaissance and addresses how these women were written about in the context in which they wrote. Topics addressed in the course include their purpose and motivation for writing, the kinds of texts they wrote and the audience served, and the effect of social class and religion on their work. This course is conducted entirely in Italian. (G7: Humanities; G8: Foreign Language)

Prerequisite(s): IT 214 or equivalent.

IT 499 — Independent Study - Milan

1-3 credit; 1 lecture hour

Prerequisite(s): a minimum of 3.5 GPA and approval of instructor, chairperson and dean for Liberal Arts.

JA: Japanese

JA 111 — Japanese I

3 credits; 2 lecture and 2 lab hours

This introductory course enables students with no background in Japanese to communicate with Japanese-speaking people. The basic skills of speaking, reading, and writing in Japanese are established and Japanese culture is introduced. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language).

JA 112 — Japanese II

3 credits; 2 lecture and 2 lab hours

Students expand upon the skills established in Japanese I and continue to study Japanese culture. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language)

Prerequisite(s): JA 111 or equivalent.

JA 122 — Japanese Conversation I

3 credits; 3 lecture hours

Students learn to converse in Japanese by emphasizing interaction in real-world situations. Functional and practical verbal communications are addressed, with a focus on Japanese culture. Course also taught in Tokyo, Japan, in Summer Session.

Prerequisite(s): JA 111 or equivalent (G8: Foreign Language).

JA 213 — Japanese III

3 credits; 2 lecture and 2 lab hours

This intermediate course is designed to review and refine students' communication skills in Japanese. Supplementary reading materials (including poetry, short stories, and magazine and newspaper articles), films, and videos further the students' knowledge of Japanese culture. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language)

Prerequisite(s): JA 112 or equivalent.

JA 214 — Japanese IV

3 credits; 2 lecture and 2 lab hours

Building on Japanese III, students refine their communication skills in Japanese. More advanced supplementary reading materials (including poetry, short stories, and magazine and newspaper articles), films, and videos further the students' knowledge of Japanese culture. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language)

Prerequisite(s): JA 213 or equivalent.

JA 223 — Japanese Conversation II

3 credits; 2 lecture and 2 lab hours

Conversational ability in Japanese is further developed and refined by emphasizing interaction in real-world situations. Advanced functional and practical verbal communications are addressed along with a focus on Japanese culture. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom.

Prerequisite(s): JA 112 or equivalent (G8: Foreign Language).

JD: Jewelry Design

JD 101 — Introduction to Jewelry Fabrication

2 credits; 1 lecture and 2 lab hours

Basic processes used in the design and creation of jewelry. Students fabricate their own designs in the studio. (G6: Arts).

JD 113 — Beginning Soldering Techniques

1.5 credits; 3 lab hours

Introduces precision techniques in soldering and shaping jewelry. Emphasis is on exact measurements, and control of jewelry tools and soldering torches.

Co-requisite(s): JD 114, JD 121, JD 131, JD 133, and JD 172 or approval of chairperson.

JD 114 — Piercing and Sawing Techniques

1.5 credits; 3 lab hours

Proper use of the jeweler's saw is emphasized and the eye is trained to understand the balance between positive and negative spaces. Students pierce and saw an intricate design in flat sheet stock.

Co-requisite(s): JD 113, JD 121, JD 131, JD 133, and JD 172 or approval of chairperson.

JD 115 — Metal Forming Techniques: Chasing and Repousse

1.5 credits; 3 lab hours

Introduces students to jewelry-forming techniques by making their own dapping and chasing tools by means of forging, annealing, and tempering. Using these tools, objects are created by repousse and other methods.

Prerequisite(s): all first-semester Jewelry Design courses or approval of chairperson

Co-requisite(s): JD 116, JD 122, JD 134, JD 171, and JD 173 or approval of chairperson.

JD 116 — Costume Jewelry White Metal Models

1.5 credits; 3 lab hours

Students learn white metal modelmaking techniques and develop skills in the basic hand and machine processes used in the production of costume jewelry. These models will be made into molds and produced in JD 122.

Prerequisite(s): all first-semester Jewelry Design courses

Co-requisite(s): JD 115, JD 122, JD 134, JD 171, and JD 173 or approval of chairperson.

JD 117 — Enameling for Contemporary Jewelry

2 credits; 1 lecture and 2 lab hours

Vitreous enamel has been used for centuries as a means of adding color and richness to precious objects and jewelry. This course looks at the historical and contemporary uses of enamel and explores the various methods of its application, including cloisonne, limoges and champleve, the use of silver and gold foils, oxidation, surface finishing and setting techniques.

JD 121 — Wax Carving

1 credit; 2 lab hours

Wax carving of designs suitable for jewelry, stressing illusion and perspective, needed for both brooches and rings. Emphasis is on preparing a design and model for production.

Co-requisite(s): JD 113, JD 114, JD 131, JD 133, and JD 172 or approval of chairperson.

JD 122 — Jewelry Casting

2 credits; 1 lecture and 2 lab hours

Using designs developed in JD 121, students cast, learning the chemistry of alloying metals and the principles in all casting methods. Experience also is acquired in mold-making, spruing, and investing.

Prerequisite(s): JD 121.

JD 131 — Mechanical Drafting for Jewelers

1.5 credits; 3 lab hours

Designed to teach students the fundamentals of mechanical and plan drawing as it applies to materials, mechanisms, concepts, and designs used in jewelry.

Co-requisite(s): JD 113, JD 114, JD 121, JD 133, and JD 172 or approval of chairperson.

JD 133 — Introduction to Jewelry Design

1.5 credits; 3 lab hours

Emphasis is on developing creative ability. A visual sensitivity is developed through museum trips, nature studies, field trips, etc. Suitable rendering techniques, painting, and perspective requirements are covered.

Co-requisite(s): JD 113, JD 114, JD 121, JD 131, and JD 172 or approval of chairperson.

JD 134 — Jewelry Design II

1.5 credits; 3 lab hours

Advanced illustrative techniques in jewelry design. An elementary knowledge of stones, both precious and semi-precious, is given for incorporating in design. Assigned projects focus on industry requirements.

Prerequisite(s): all first-semester Jewelry Design courses "Co-requisite(s): JD 115, JD 116, JD 122, JD 171, and JD 173 or approval of chairperson.

JD 138 — Introduction to CAD Modeling for Designers

2 credits; 1 lecture and 2 lab hours

This course is aimed at developing designers, regardless of specialization. Using current CAD, hard-surface modeling software, students will make 2D drawings and model parts, beginning with general exercises and leading to projects more specific to their fields of study. Using engineering software, students develop basic designs and explore their personal approach to the media. Fluency in basic computer skills is strongly recommended.

JD 139 — Jewelry Design & Ideations I

2.5 credits; 5 lab hours

This course is an introduction to jewelry design concepts and ideation, using analog and computer-aided design. Basic design principles, drawing skills and mechanical drafting are covered.

Corequisite(s): JD 174, or approval of chair.

JD 141 — Introduction to Diamonds

2 credits; 1 lecture and 2 lab hours

This introductory course provides an overview to diamonds, how crystals form, the physical and optical properties of diamonds, and mining techniques throughout history from ancient times to the present day. Other topics include a review of mining locations and techniques, and the cultural, environmental, financial, and global economic impact of diamonds.

JD 142 — Gemology and Gem Identification

3 credits; 1 lecture and 5 lab hours

This course introduces students to gemology and gem identification, with an emphasis on their use in commercial production and price structure. The uses of various gem testing equipment is covered. Students gain basic knowledge of the commonly used gem materials and the ways in which they are used in jewelry.

JD 148 — The Science of Jewelry (Interdisciplinary)

3 credits; 2 lecture and 2 lab hours

This is an interdisciplinary course cross-listed with SC 148. This course gives students an understanding of the scientific properties and geologic origins of materials used in the manufacture of jewelry, current issues in ethical and sustainable sourcing of these materials, and economics of the precious metals past and present. Gen Ed: Natural Science (G3).

JD 161 — Changes, Trends & Appraisals

2 credits; 1 lecture and 2 lab hours

Students study the symbolic meaning and economic rationale for jewelry in society, and are introduced to the science of appraising jewelry. They learn stylistic differences, and the causes and factors behind them, and how styles are influenced by social and political events.

JD 171 — Materials and Properties

2 credits; 2 lecture hours

Students learn basic chemistry and physics as they pertain to materials used in jewelry. Emphasis is on how chemicals and acids used in the industry, and the chemical composition of various stones, affect production.

JD 172 — Tools, Equipment, and Processes

1 credit; 1 lecture hour

Study of the tools, equipment, and supplies used in the jewelry industry. Discusses quality, function, and care of equipment, including sources and pricing.

Co-requisite(s): JD 113, JD 114, JD 121, JD 131, and JD 133 or approval of chairperson.

JD 173 — Materials and Findings for the Jewelry Industry

1 credit; 1 lecture hour

Studies buying procedures, sources, and up-to-date technology in the jewelry industry. Discusses precious and nonprecious materials as well as sizes, nomenclature, and methods used in jewelry manufacturing.

Prerequisite(s): all first-semester Jewelry Design courses "Co-requisite(s): JD 115, JD 116, JD 122, JD 134, and JD 171 or approval of chairperson.

JD 174 — Studio Fabrications I

2.5 credits; 5 lab hours

This course introduces students to the foundation techniques of manufacturing jewelry while addressing safety issues in the studio. Processes covered include, but are not limited to, soldering with the oxygen/gas torch and the use of hand and small machine tools to create jewelry in metal and carving wax models to be cast.

JD 181 — Basic Principles of Appraising Jewelry

2 credits; 1 lecture and 2 lab hours

Establishes methods and values in the appraisal of jewelry and precious and semiprecious stones. Students acquire familiarity with the simple tests that are available and are given guidance on current market prices.

JD 201 — Mineral Identification and Lapidary

2 credits; 1 lecture and 2 lab hours

Using appropriate tools and instruments, students learn how to identify a variety of semiprecious materials and their specific properties. Emphasizes applications of these materials for the decorative arts.

JD 213 — Nontraditional Construction Techniques in Metal

1.5 credits; 3 lab hours

Acquaints students with little-known experimental techniques in metalworking such as the Japanese methods of mokume-gane and shakudo.

Prerequisite(s): all second-semester Jewelry Design courses "Co-requisite(s): JD 214, JD 215, JD 216, and JD 251 or approval of chairperson.

JD 214 — Handmade Diamond Jewelry Techniques

1.5 credits; 3 lab hours

Students develop the start-to-finish techniques used by industry craftspeople in the creation of handmade diamond jewelry. Includes design layout, making of a copper chablon, planning the weight and use of diamonds, and the cutting of azures.

Prerequisite(s): all second-semester Jewelry Design courses "Co-requisite(s): JD 213, JD 215, JD 216, and JD 251 or approval of chairperson.

JD 215 — Alternative Materials for Jewelry Fabrication

1.5 credits; 3 lab hours

Covers the design approaches and special methods used in the manufacture of jewelry from common industrial materials, such as plastics, rubber, and stainless steel. Students design and produce prototypes for a small collection.

Prerequisite(s): all second-semester Jewelry Design courses "Co-requisite(s): JD 213, JD 214, JD 216, and JD 251 or approval of chairperson.

JD 216 — Advanced Piercing and Metal Carving

1.5 credits; 3 lab hours

Concentrates on advanced piercing and metal carving techniques to create ring designs. Students maintain diaries of sketchwork and research.

Prerequisite(s): all second-semester Jewelry Design courses "Co-requisite(s): JD 213, JD 214, JD 215, and JD 251 or approval of chairperson.

JD 217 — Handmade Platinum Jewelry

1.5 credits; 3 lab hours

Introduces various methods used in the making of handmade platinum jewelry, drawing upon skills learned in JD 214.

Prerequisite(s): all third-semester Jewelry Design courses "Co-requisite(s): JD 218, JD 219, and JD 252 or approval of chairperson.

JD 218 — Hollow Form Jewelry: Die Construction and Manufacturing Techniques

1.5 credits; 3 lab hours

An intensive study of hollow form jewelry techniques to produce an original finished product of exhibition quality. Includes technical drawing and fabrication of a scale model.

Prerequisite(s): all third-semester Jewelry Design courses "Co-requisite(s): JD 217, JD 219, and JD 252 or approval of chairperson.

JD 219 — Clasps, Closings, and Findings

1.5 credits; 3 lab hours

Based on the principles of mechanical devices, students learn about and produce clasps, closings, and earbacks.

Prerequisite(s): all third-semester Jewelry Design courses "Co-requisite(s): JD 217, JD 218, and JD 252 or approval of chairperson.

JD 231 — Objects Design and Rendering

1.5 credits; 3 lab hours

Rendering of objects and accessories from shoes and belt buckles to hair ornaments and handbags. Studies colored glass, enamel, and rhinestones used in these accessories.

Prerequisite(s): all second-semester Jewelry Design courses
Co-requisite(s): JD 233 and JD 263 or approval of chairperson.

JD 233 — Jewelry Design III

1.5 credits; 3 lab hours

Students are required to present an entire collection of jewelry around a particular viable theme such as certain stones, metals, or a specific market.

Prerequisite(s): all second-semester Jewelry Design courses
Co-requisite(s): JD 231 and JD 263 or approval of chairperson.

JD 235 — Fine Jewelry Portfolio

1.5 credits; 3 lab hours

Students develop a portfolio of fine jewelry renderings, from a variety of precious and semiprecious materials, that reflect their level of accomplishment and an understanding of industry requirements.

Prerequisite(s): all third-semester Jewelry Design courses
Co-requisite(s): JD 236 or approval of chairperson.

JD 236 — Fashion Jewelry Portfolios

1.5 credits; 3 lab hours

Students prepare a portfolio of costume jewelry renderings, creating seasonal lines that reflect their level of accomplishment and an understanding of industry requirements.

Prerequisite(s): all third-semester Jewelry Design courses

Co-requisite(s): JD 235 or approval of chairperson.

JD 237 — 3D Digital Object Design

2 credits; 1 lecture and 2 lab hours

This advanced digital course focuses on the creation of 3D models for the jewelry industry.

Students develop control over digital commands through modeling basic forms. By combining modeling strategy and problem solving, they create and re-work solid objects, resulting in sophisticated jewelry models, ready for output to digital production hardware.

Corequisite(s): JD 273 and JD 271.

JD 238 — Jewelry Design & Ideations II

2.5 credits; 5 lab hours

This course explores the design and development of sophisticated jewelry pieces. Professional drafting and rendering techniques are practiced using traditional and digital media. Students use their Gemology knowledge to lend veracity to their use and depiction of gem materials. Objects de vertu are explored as a design challenge found in luxury niche markets.

Prerequisite(s): JD 174, or approval of department chair.

JD 239 — Design Capstone/Portfolio

2.5 credits; 5 lab hours

Students create three collections, designed with a common, related theme, in Fine Jewelry, Fashion Jewelry, and Alternative Materials Jewelry. They create two presentations; a portfolio to display the collections of paper, and a display showing actual samples produced during the class.

Prerequisite(s): JD 237 and JD 271

Corequisite(s): JD 274 and JD 267.

JD 241 — Introduction to Gemology

2 credits; 1 lecture and 2 lab hours

Study of the major gem species and their characteristics, with emphasis on their use in commercial production and price structure. Students acquire a thorough knowledge of all precious and semiprecious stones and the ways in which they are used in jewelry.

JD 243 — Gemology II

1.5 credits; 3 lab hours

A gem identification course with students learning the use of various laboratory equipment such as the gemological microscope, dichroscope, polariscope, specific gravity balance, refractometer, ultraviolet light, spectroscope, and other instruments used in gem identification.

Prerequisite(s): JD 241.

JD 244 — Gemology III

3 credits; 2 lecture and 2 lab hours

An in-depth study of gem materials and their synthetic counterparts is provided. Topics include functionality of gem equipment and its application in gem testing, and an understanding of the development of a gem material from its atomic structural nature to a polished gem.

Prerequisite(s): JD 243 and JD 281, or approval of chairperson.

JD 251 — Principles of Silversmithing

1.5 credits; 3 lab hours

Basic study of silversmithing, including advanced use of repousse, chasing, and forming. Small simple projects in either silver, bronze, or copper are created to study these basic procedures.

JD 252 — Silversmithing Project Studio

1.5 credits; 3 lab hours

Creation of a handmade, hand-formed silver piece with emphasis on developing student's creative ability. Project should be a major work of exhibition quality.

Prerequisite(s): JD 251.

JD 261 — Changes and Trends in Jewelry Design

2 credits; 2 lecture hours

Study of the symbolic meaning as well as the economic rationale for jewelry in modern society. Students are made aware of stylistic differences, the reasons for them, and how styles are influenced by social and political events.

JD 262 — Estimating Costs

1 credit; 1 lecture hour

Using current industry pricing standards, students estimate the cost of their own designs made of precious, semiprecious, or nonprecious materials and stones.

Prerequisite(s): all second-semester Jewelry Design courses "Co-requisite(s): all third-semester Jewelry Design courses specific to option, or approval of chairperson.

JD 263 — Costume Jewelry Production and Marketing

3 credits; 3 lecture hours

Explains jewelry fashion theory, principles, and cycles and their relationship to jewelry line development while studying trends in ready-to-wear, European, and American designer collections.

Prerequisite(s): all second-semester Jewelry Design courses

Co-requisite(s): JD 231 and JD 233.

JD 267 — Jewelry Seminar/Best Business Practices

2.5 credits; 1 lecture and 3 lab hours

Using current industry price standards, students estimate the cost of their own designs made of precious, semi-precious, or non-precious materials and stones.

Prerequisite(s): JD 237, JD 271, and JD 273

Corequisite(s): JD 239 and JD 274.

JD 271 — Alternative/Sustainable Materials

2.5 credits; 5 lab hours

This course explores alternative materials for jewelry and small object design. Various natural and synthetic materials are covered such as, but not limited to, plastics and resin, wood, cement, glass, aluminum, and steel. Sustainable sourcing and working methods are stressed and emphasis is placed on professional working techniques and manufacturing practices.

Prerequisite(s): JD 272, or approval of chair

Corequisite(s): JD 237, or approval of chair.

JD 272 — Studio Fabrication II

2.5 credits; 5 lab hours

Students learn to manipulate metal, using techniques ancient and modern, to create precision models for serial production, coupled with an in-depth study of hollow form construction and finishing. Emphasis is placed on professional working techniques and manufacturing practices.

JD 273 — Studio Fabrication III

2.5 credits; 5 lab hours

This course extends the concept of designing and fabricating jewelry for production. Stone setting and the engineering of static and articulated systems for fine jewelry is covered. Alloying metal and patination are explored and used as invaluable aesthetic enhancements for fine jewelry.

Prerequisite(s): JD 272

Corequisite(s): JD 237.

JD 274 — Fabrication Capstone/Portfolio

2.5 credits; 5 lab hours

This capstone course explores components and processes necessary for finishing jewelry, from mechanical systems to finishing techniques, culminating in the fabrication of a suite of jewelry demonstrating skills and concepts studied in the program. Production of the suite is integral to concurrent fourth semester design and project management courses.

Prerequisite(s): JD 273 and JD 271, or approval of chair

Corequisite(s): JD 239 and JD 267.

JD 281 — Diamond Grading

2 credits; 1 lecture and 2 lab hours

Teaches techniques of grading diamonds as to color, clarity, and cut, including basic knowledge needed for diamond selection and establishment of base for pricing. Discusses history and technical terms pertaining to diamond grading.

Prerequisite(s): JD 141.

JD 299 — Independent Study in Jewelry Design

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

LA: Liberal Arts Divisional Studies

LA 243 — Introduction to Television Studies

3 credits; 3 lecture hours

This course analyzes the medium of television in terms of its history, narrative, style, technique, editing, sound, and representation. Students view programs from the 1950s to the present, marking and investigating TV's transformations as it moves with and creates cultural history. Students acquire and use skills for reading television in terms of its production and signification. (G7: Humanities)

Prerequisite(s): EN 121.

LA 245 — Film Genres: Animation

3 credits; 2 lecture and 2 lab hours

In this history of animation course, students gain an understanding of animation as an art form and as a series of ideological texts to be read and interpreted within the context of the cultures that produced them.

LA 247 — The Other Hollywood: Film in New York

3 credits; 2 lecture and 2 lab hours

This course examines New York's significance in the history of American film. As the birthplace of the industry, the city has been a seedbed for innovation in documentary, avant-garde and independent film, as well as an icon in Hollywood cinema.

LA 251 — Contemporary Korean Cinema

3 credits; 2 lecture and 2 lab hours

This course is an introduction to South Korean cinema from the late 1980s to the present. Students study the concept of New Korean Cinema, the rise of the domestic film industry and auteurs, and the emergence of blockbusters and their growing regional and international recognition. (G7: Humanities; G9: Other World Civilizations).

LA 299 — Independent Study in Liberal Arts Divisional Studies

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Liberal Arts.

LA 342 — Film Genres: Crime Stories

3 credits; 2 lecture and 2 lab hours

This course examines interrelationships in film and literature, focusing on Crime Stories--novels and cinematic adaptations that tell stories of crimes from differing points of view, starting with the detective, moving toward the criminal, and ending with the victims. Students study a variety of crime genres: the whodunit, the film noir, the docudrama, the neo-noir and the metafiction. (G7: Humanities).

LD: Accessories Design

LD 101 — Accessories Design

2 credits; 1 lecture and 2 lab hours

For students not majoring in Accessories Design. Introduction to major areas of accessories design. Various types of shoes, handbags, and belts are analyzed in terms of materials, construction, and presentation. Students acquire hands-on techniques in all three phases.

LD 111 — Leather and Materials Technology

2.5 credits; 2 lecture and 1 lab hours

Processes in the development of leathers, reptiles, plastics, and other textiles are analyzed. Emphasis is on the function and utilization of each for handbags, footwear, and related accessories.

LD 112 — Decorative Leather Techniques

2.5 credits; 1 lecture and 3 lab hours

Studying such ornamentation techniques as trapunto, inlay, welting, pleating, and weaving, students learn how to apply them to leather apparel and accessories design. Basic patternmaking skills used in the construction of handbags, belts, and portfolios are taught.

LD 113 — Manipulating Leather: Volume and Texture

2 credits; 1 lecture and 2 lab hours

This course focuses on various decorative techniques to enhance the volume and texture of leather accessories. Students apply increasingly advanced techniques from decorative hand-stitching and embroidery to braiding and painting. Hand-quilting, gathering, ruffles, and patchwork techniques are also covered.

LD 121 — Accessories Design and the Human Anatomy

2 credits; 2 lecture hours

Students study the components of the foot, spine, and hand to understand the relationship between anatomical structure and the design of footwear, handbags, and gloves. Students learn to create functional and fashionable accessories that are anatomically and ergonomically correct.

LD 133 — Footwear Design I

3 credits; 1 lecture and 4 lab hours

The basic concepts of footwear design are introduced and the history and types of footwear are discussed. Students develop skills for working with a last and learn patternmaking, sewing, construction, and finishing techniques for closed shoes.

Co-requisite(s): LD 121.

LD 134 — Footwear Design II

3 credits; 1 lecture and 4 lab hours

Students analyze last styles, leathers, and components in terms of functionality and design. They continue to develop patternmaking skills by designing and making mules and oxfords.

Prerequisite(s): LD 111, LD 121, and LD 133.

LD 136 — Athletic Footwear: The Shoe That Changed Fashion

2 credits; 2 lecture hours

Sneakers have become not only a sport shoe but also a fashion statement. This course focuses on the history of athletic footwear through an understanding of the design and style philosophy of the industry's leading companies.

LD 143 — Handbag Design I

3 credits; 1 lecture and 4 lab hours

The skills to design and produce handbags are taught. Students become familiar with patternmaking techniques, machinery and equipment, and the various styles in handbag design. They learn how to translate original concepts into finished products.

Co-requisite(s): LD 111 and LD 121.

LD 144 — Handbag Design II

3 credits; 1 lecture and 4 lab hours

Patternmaking and sample making techniques are developed further as students design and construct frame and box bags.

Prerequisite(s): LD 143.

LD 165 — Sketching Accessories

2.5 credits; 1 lecture and 3 lab hours

For one-year Accessories Design students. This accelerated course introduces the various areas of accessory design, including handbags, gloves, shoes, hats, and belts. Students learn to draw and render current materials and textures applicable to today's market.

LD 181 — Ergonomics for Athletic Footwear

2 credits; 2 lecture hours

This in-depth study of the ergonomic requirements of footwear for myriad athletic activities focuses on integrating the anatomy and function of the human form with sport-specific design considerations. Injuries, sport surfaces and the evolution of athletic footwear within the several elemental genres are also discussed along with latest trends in materials and manufacturing.

LD 182 — Performance Materials for Athletic Footwear

2 credits; 2 lecture hours

Students learn about the different types of performance materials used in all aspects of athletic footwear construction.

Prerequisite(s): LD 181.

LD 184 — Athletic Footwear Sketching

2.5 credits; 1 lecture and 3 lab hours

Students learn to hand sketch the components of performance athletic footwear and integrate sketch development, function, and technology into the footwear design.

Prerequisite(s): LD 182.

LD 185 — Athletic Footwear Drafting

2.5 credits; 1 lecture and 3 lab hours

Students draft the components of an athletic shoe using both freehand and CAD. A history of the athletic footwear industry and the integration of technology in athletic footwear are introduced. Students make a model of an outsole design.

Prerequisite(s): LD 184.

LD 227 — Introduction to Line Building

2 credits; 4 lab hours

Using a specific theme or season, students learn the principles and techniques of line building by designing and producing a collection of accessories. Emphasis is on workmanship, fabrication, and execution of designs.

Corequisite(s): LD 134 and LD 144.

LD 228 — Accessories CAD

2 credits; 1 lecture and 2 lab hours

This course introduces students to Adobe Illustrator, which is used as a CAD tool for designing accessories. Auxiliary software includes Adobe Photoshop.

LD 231 — Boot Design

2.5 credits; 1 lecture and 3 lab hours

Students design and construct three different boot types: cowboy, Chelsea, and thigh-high. Boot detailing, advanced patternmaking, grading, and lasting techniques are taught.

Prerequisite(s): LD 134.

LD 242 — Advanced Handbag Construction

2.5 credits; 1 lecture and 2 lab hours

Using such techniques as the pillow gusset/bottom and strip construction, students explore new handbag designs. Advanced patternmaking skills are taught. Emphasis is on detailing.

Prerequisite(s): LD 144.

LD 243 — Belt Design

2.5 credits; 1 lecture and 3 lab hours

The exploration of the design of the belt as a fashion and functional accessory is presented.

Students acquire the skills needed to make several different kinds of belts.

Prerequisite(s): LD 111 and LD 121.

LD 252 — Small Leathergoods for Men

2.5 credits; 1 lecture and 3 lab hours

Learning how to design and construct a variety of small leather goods, students focus on the patternmaking and sample-making techniques required to produce a billfold, agenda, and travel kit for men.

Prerequisite(s): LD 143.

LD 253 — Designing Desk Accessories

2 credits; 1 lecture and 2 lab hours

Students design and construct a collection of desk accessories. Emphasis is on researching design ideas, construction techniques, and the marketing information required to sell a collection.

Prerequisite(s): LD 144.

LD 261 — Sketching Accessories

2.5 credits; 1 lecture and 3 lab hours

Students are introduced to the concept of three-dimensional sketching and how it relates to accessories design. Concentrating on design detail, they learn to sketch the basic shapes in footwear, handbags, personal leather goods, and belts.

LD 262 — Technical Drawing for Accessories

2 credits; 4 lab hours

Students learn black line graph techniques and develop specification sheets suitable for industry. Students sketch original and existing accessories designs, draw major core silhouettes of shoe lasts, and develop templates.

LD 263 — Rendering for Accessories

2.5 credits; 1 lecture and 3 lab hours

Students learn to design accessories such as handbags, shoes, belts, hats, and gloves. They draw and render materials and textures appropriate for today's accessories market. Students become familiar with current trends and utilize research for sources of inspiration.

Prerequisite(s): LD 262.

LD 293 — Developing a Successful Portfolio

3 credits; 2 lecture and 2 lab hours

Working with industry design critics, students learn the fundamentals of assembling a professional portfolio for employment in the accessories industry. Using Adobe Photoshop and Adobe Illustrator, they explore marker rendering, theme pages, and print work. Areas of specialization are showcased.

Prerequisite(s): LD 111, LD 121, and LD 165.

LD 299 — Independent Study in Accessories Design

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

LD 331 — Athletic Footwear Design

3 credits; 2 lecture and 2 lab hours

Students learn the aspects of athletic footwear in order to design and construct original products. Emphasis is on the variety of categories including running, basketball, and tennis.

Prerequisite(s): LD 134.

LD 332 — Theatrical and Character Footwear

3 credits; 2 lecture and 2 lab hours

Students design period shoes for the theater by learning about the history of footwear, design, and construction.

Prerequisite(s): LD 134.

LD 333 — Nontraditional Footwear Design

2.5 credits; 1 lecture and 3 lab hours

Students design and execute experimental and nontraditional footwear based upon their prior patternmaking and construction knowledge. Discussion of innovative design ideas is emphasized, as well as the use of unconventional materials and methods to create new concepts in footwear design.

Prerequisite(s): LD 134.

LD 341 — Unconventional Handbag Techniques

2.5 credits; 1 lecture and 3 lab hours

Innovative, nontraditional handbags are designed and constructed using a variety of classic patternmaking styles. Emphasis is on use of unconventional materials and methods to create new concepts in handbag design.

Prerequisite(s): LD 144.

LD 342 — Zippered Handbags Design

2.5 credits; 3 lab hours

Students expand their handbag patternmaking and construction skills by incorporating hardware such as zippers into more contemporary and functional designs. Emphasis is on new sewing and assembly techniques.

Prerequisite(s): LD 143.

LD 371 — Accessories that have Changed Fashion

2.5 credits; 2 lecture and 1 lab hours

In every decade there has been at least one accessory, albeit a shoe, belt, handbag or hat that has changed the way we look at fashion. Students explore designs that have made an impact on fashion as they survey various accessories from the 1800's to the present and beyond.

LD 431 — Athletic Footwear Construction

3 credits; 1 lecture and 4 lab hours

Students become familiar with the construction skills specific to athletic footwear by learning the history and evolution of this category. Fashion, style, and function are addressed.

Prerequisite(s): LD 134.

LD 451 — Sports-Specific Bags and Carrying Gear

2.5 credits; 1 lecture and 3 lab hours

The types of bags and carrying gear necessary for specific sports activities and technological gear are studied. Students learn how to develop the appropriate patterns and product while focusing on materials, proper fit, and protection of equipment.

Prerequisite(s): LD 144.

LD 471 — The Accessories Industry

2.5 credits; 2 lecture and 1 lab hours

This course provides a general overview of the industry: the history of accessories; import, export, and domestic manufacturing; developing a collection for a specific target market; and writing a business plan.

LD 491 — Accessories Design Senior Project

3 credits; 6 lab hours

This capstone course provides students with the opportunity to select a design project in a specific accessories category. Mastery of research techniques, design construction, and oral presentation is considered.

Prerequisite(s): LD 341 and LD 471

Co-requisite(s): LD 492.

LD 492 — Portfolio Development

3 credits; 6 lab hours

Using elements of their senior projects, students develop portfolios by working with black line sketches and Adobe Illustrator and Adobe Photoshop. Spec sheets, concept pages, and mood boards are included for professional presentation.

Co-requisite(s): LD 471.

MA: Mathematics

Arithmetic proficiency is a requirement for the AAS degree. Based on the arithmetic placement test, a student who shows need for improvement in arithmetic may be required to enroll in either MA 001 or MA 002 or in a math independent learning program (MD 008) before registering for classes that have arithmetic proficiency as a prerequisite. Arithmetic proficiency may also be demonstrated by a qualifying score on the mathematics portion of the SAT or ACT, or by transfer credit in college algebra, quantitative methods, precalculus, or calculus, or by a passing grade in an equivalent developmental mathematics course offered at another accredited college or university.

Algebra proficiency is a prerequisite for MA 213, MA 311, MA 321, and MA 331 courses, a number of which are required for the BS degree in the following majors: Advertising and Marketing Communications, Cosmetics and Fragrance Marketing, Direct and Interactive Marketing, Fashion Business Management, International Trade and Marketing for the Fashion Industries, Production Management: Fashion and Related Industries, and Technical Design. Based on the algebra placement test, a student who shows need for improvement in algebra will be required to enroll in MA 003 Algebra Review before registering for classes that have algebra proficiency as a prerequisite. A student may also choose to register for MA 003 without taking the placement test. Algebra proficiency may also be satisfied by a qualifying score on the mathematics portion of the SAT or ACT, or by transfer credit in college algebra, quantitative methods, precalculus, or calculus, or by a passing grade in an equivalent developmental mathematics course offered at another accredited college or university.

MA 001 — Developmental Mathematics I

4 credits; 4 lecture hours

Concentrates on fundamental arithmetic skills and applications. Topics include operations on real numbers, exponentiation and order of operations, ratio and proportion, systems of measurement, fractions, decimals, and percents. Fundamentals of algebra and geometry are introduced.

Prerequisite(s): SAT math score 440 and below, or ACT math score 18 and below, or appropriate score on arithmetic placement test.

MA 002 — Developmental Mathematics II

2 credits; 2 lab hours

An accelerated arithmetic course emphasizing applications, and including such topics as percents, operations on fractions, ratios and proportions, and conversion between the metric and English measurement systems. Fundamentals of algebra and geometry are introduced. Prerequisite(s): SAT math score 450 - 490, or ACT math score 19 - 20, or appropriate score on arithmetic placement test.

MA 003 — Algebra Review

2 credits; 2 lecture hours

For those students who need improvement in algebra. Reviews basic algebra topics such as signed numbers, solving linear and simultaneous equations, factoring, exponents, and graphing linear equations, with emphasis on verbal problems. Prerequisite(s): SAT math score 550 and below, or ACT math score 23 and below, or appropriate score on algebra placement test.

MA 005 — Developmental Math for Fashion Merchandising Management

4 credits; 4 lecture hours

A developmental math course specifically designed for FMM students. In addition to the fundamentals of arithmetic, emphasis is placed on the skills needed for the quantitative study of merchandising in the FMM curriculum.

Prerequisite(s): SAT math score 510 or below, or ACT math score 21 or below, or appropriate score on Fashion Merchandising Management math placement test.

MA 009 — Developmental Mathematics for Fashion Design

3 credits; 3 lecture hours

A developmental math course specifically designed for Fashion Design AAS students. The fundamentals of arithmetic and geometry are taught in the context of the design, production, and costing skills covered in the Fashion Design curriculum.

Prerequisite(s): SAT math score 510 and below, or ACT math score 21 and below, or appropriate score on arithmetic placement test.

MA 041 — Geometry and Probability Skills

1 credit; 1 lab hour

For Toy Design students. This course helps students develop the fundamental computational skills required for MA 241.

Corequisite(s): MA 241.

MA 142 — Geometry and the Art of Design (formerly MA 242)

3 credits; 3 lecture hours

A contemporary primer of geometric topics that expand the concepts of shape and space, this course presents some of the established and emerging ways geometry can provide tools and insights for artists and designers. Included are a variety of visual phenomena such as fractals, knots, mazes, symmetry, and the golden ratio. (G2: Mathematics)

Prerequisite(s): arithmetic proficiency (see beginning of Mathematics section).

MA 153 — Programming and Mobile Apps

3 credits; 3 lecture hours

This course is an introduction to programming for mobile apps. Through visual programming tools, students learn to build mobile apps and control all aspects of the application. Computer science concepts are introduced to provide a complete understanding of the programming process. No previous programming experience is required.

Prerequisite(s): Arithmetic Proficiency.

MA 161 — Mathematical Ideas

3 credits; 3 lecture hours

Provides an overview of the historic, heuristic, and visual dimensions of mathematics. Includes the golden ratio, fractal geometry, sets and groups, logic and circuits, Euler diagrams, number theory, and discrete math. (G2: Mathematics)

Prerequisite(s): arithmetic proficiency (see beginning of Mathematics section).

MA 213 — Quantitative Methods

3 credits; 3 lecture hours

Explores the mathematical model-building process in the settings provided by linear programming and probability. Includes simplex methods for solving linear programs; duality; matrix algebra; probability models based on equally likely outcomes, independent events, and conditional probability; applications, particularly to business and economics; and elementary math of finance. (G2: Mathematics)

Prerequisite(s): algebra proficiency (see beginning of Mathematics section).

MA 222 — Statistical Analysis

3 credits; 2 lecture and 2 lab hours

Studies the principles and methods of statistical analysis including probability distributions, sampling distributions, error of estimate, significance tests, correlation and regression, chi-square, and ANOVA. Introduces the use of the computer to store, manipulate, and analyze data. (G2: Mathematics)

Prerequisite(s): arithmetic proficiency (see beginning of Mathematics section).

MA 231 — Precalculus

3 credits; 3 lecture hours

This traditional precalculus course introduces students to math concepts for a wide variety of applications. Topics include polynomial, rational, exponential, and logarithmic functions; sequences and series; analytic geometry; and trigonometry. (G2: Mathematics)

Prerequisite(s): algebra proficiency (see beginning of Mathematics section).

MA 241 — Topics in Probability and Geometry

3 credits; 3 lecture hours

For Toy Design students. The understanding of geometry and probability in everyday natural and social environments and their use as tools for analysis and creativity in toy design. Shapes and figures are examined through geometrical study. Problems in probability are translated from mathematical concepts to real situations. (G2: Mathematics)

Co-requisite(s): MA 041.

MA 272 — Islamic Art & Mathematics (Interdisciplinary)

3 credits; 3 lecture hours

This is an interdisciplinary course cross-listed with HA 272. Students are introduced to the art and architecture of the Islamic world from the 7th century CE to the present. They are given a glimpse into the intertwined nature of mathematical, structural and decorative languages used by artisans and designers in this period. (G7: Humanities; G9: Other World Civilizations).

MA 299 — Independent Study in Mathematics

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Liberal Arts.

MA 311 — Mathematical Modeling for Business Applications

3 credits; 2 lecture and 2 lab hours

To instill the value of mathematics as a tool for modeling real-life situations, this course focuses on an analytical approach to business decision-making. Topics covered include finance, cash flow, probability, linear programming, and the business applications of basic equations. Microsoft Excel is used. (G2: Mathematics)

Prerequisite(s): algebra proficiency (see beginning of Mathematics section).

MA 321 — Data Analysis for Business Applications

3 credits; 3 lecture hours

This course covers intermediate statistics topics with applications to business. Students graph, manipulate, and interpret data using statistical methods and Excel. Topics include data transformations, single and multiple regression, time series, analysis of variance, and chi-square tests. Applications are from the areas of retail, finance, management, and marketing. (G2: Mathematics)

Prerequisite(s): MA 222 and algebra proficiency**.

MA 322 — Statistics, Machine Learning & Data Mining

3 credits; 3 lecture hours

This is an introduction to statistical techniques for machine learning and data mining. It emphasizes mathematical methods and computer applications related to automated learning for prediction, classification, knowledge discovery and forecasting in modern data science. Special emphasis will be given to the collection, mining, and analysis of massive data sets.

Prerequisite(s): Algebra Proficiency and MA 222. (G3: Mathematics).

MA 329 — Predictive Analytics for Planning and Forecasting

3 credits; 3 lecture hours

This course provides students interested in predictive analytics with an understanding of statistical applications to retail merchandising with a focus on case studies from the company Planalytics. Students apply time series analysis to case studies to understand how analytics techniques lead to stronger sales, fewer markdowns and improved gross margins.

Prerequisite(s): FM 301 or FM 302 or FM 321 or FM 322 or FM 324 or FM 325 or FM 326 or FM 327 or FM 328 or FM 341 or FM 361 or FM 362 or FM 363 or MG 306, and MA 321.

MA 331 — Calculus

3 credits; 3 lecture hours

Develops basic principles of differential calculus and introduces integral calculus. Functions, graphing, and maxima-minima problems are studied in the context of business and other applications. (G2: Mathematics)

Prerequisite(s): algebra proficiency (see beginning of Mathematics section) and MA 231 or permission of chairperson.

MA 332 — Calculus II

3 credits; 3 lecture hours

This course continues the development of the differential and integral calculus topics covered in Calculus I. Students interpret the integral both as an antiderivative and as a sum of products. Students employ the standard techniques of integration to solve problems involving business applications. Topics to be covered include L'Hopital's rule, integration by parts, power series, and the integration of standard mathematical functions.

Prerequisite(s): MA 331.

MA 361 — Number Theory

3 credits; 3 lecture hours

Students are introduced to modular arithmetic and basic cryptography algorithms through a systematic treatment of topics such as divisibility, remainders, fractions and functions, mod b , and Fermat's little theorem. The course culminates in applications of the RSA encryption algorithm. (G2: Mathematics)

Prerequisite(s): algebra proficiency (see beginning of Mathematics section).

MA 391 — Mathematics of the Ancient World in Its Cultural and Historic Context (Honors)

3 credits; 3 lecture hours

This interdisciplinary survey of mathematics from prehistory to Archimedes covers topics from the basic (different ways of conceiving numbers) to the complex (a proof of the Pythagorean theorem). The cultural and historical context of the mathematical achievements of ancient Egypt, Mesopotamia, and Greece are emphasized in a way that shows these achievements as a natural and integral part of the civilizations that created them. Comparisons to modern methods in mathematics are stressed. (G2: Mathematics)

Prerequisite(s): qualification for Presidential Scholars or a min. 3.5 GPA with approval of dean for Liberal Arts, arithmetic and algebra proficiencies, and a min. grade of 85 on Regents Math III, min. SAT math score of 530, or G2: Math requirements.

MA 392 — The Mathematics of Personal Finance (Honors)

3 credits; 2 lecture and 2 lab hours

Students interpret and draw inferences from mathematical models that underlie essential notions of financial planning. Students represent mathematical information symbolically, verbally, and in writing within a financial context, exploring interest types, retirement, taxation, credit cards, mortgages, and investing. (G2: Mathematics)

Prerequisite(s): algebra proficiency (see beginning of Mathematics section) and qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

MA 499 — Independent Study in Mathematics

3 credits; 3 lecture hours

Students work individually with math instructor to explore salient area of research within the mathematics discipline (computer programming, personal finance, statistics, geometry, etc.). Must have a minimum of 3.5 GPA and approval of instructor, chairperson, or dean for Liberal Arts.

MC: Modern Languages & Cultures

MC 241 — Italian American Cultural Studies

3 credits; 3 lecture hours

This course is taught in English. This course is a critical examination of Italian American cultural expression in literature and the arts from the late 19th century through today. Students analyze a wide variety of related texts including novels, short stories, plays, and poetry, as well as film, music, and the visual arts. (G7: Humanities, G10: American History).

MC 251 — Italian Cinema

3 credits; 2 lecture and 2 lab hours

This course is taught in English. This course is cross-listed with FI 246. This course introduces students to the world of Italian cinema. They survey some of the defining elements of Italian cinema from its inception to contemporary Italian cinematic practices. Screenings include Neorealist masterpieces, cinema d'autore, commedia all'italiana, spaghetti Westerns, and contemporary Italian films. (G6: Arts; G7: Humanities).

MC 252 — Latin American Fiction: 1960-Present

3 credits; 3 lecture hours

This course is taught in English. Students examine selected texts of Latin American fiction (in English translation) from the 1960s to the present. The course focuses on the literary themes and writing techniques of the authors and on the sociopolitical and historical conditions of Latin America where the texts are set.

Prerequisite(s): EN 121 (G7: Humanities; G9: Other World Civilizations).

MC 261 — Latin American Cinema and Resistance

3 credits; 2 lecture and 2 lab hours

This course is taught in English. This course is cross-listed with FI 225. Students are introduced to Latin American cinema, considering the pivotal role of diverse forms of resistance, focusing on issues crucial to understanding the continent's cinematic creation, including cultural identity, race, ethnicity and gender. They develop a critical understanding of the evolution of Latin American film practices since the 1960s to current trends. (G7: Humanities; G9 Other World Civilizations).

MC 262 — Revolution as Spectacle: Mexico

3 credits; 3 lecture hours

This course is taught in English. Students explore the cultural production concerning the Mexican Revolution, between 1910 and 1940, through interconnected perspectives obtained from critical sources and written and visual archival material. They study the impact of Mexican literary and artistic revolutionary movements of Latin America and the United States during this period. (G7: Humanities; G9 Other World Civilizations).

MC 263 — Contemporary Spain through its Cinema

3 credits; 2 lecture and 2 lab hours

This course is taught in English. This course examines different narratives of cultural identity in contemporary Spain, particularly from the period of the political transition from dictatorship to democracy from 1975 to the present, through the analysis of film.

MC 313 — Writing Women of the Italian Renaissance

3 credits; 3 lecture hours

This course introduces students to the lives and literary endeavors of a selection of women who lived in Italy during the Renaissance and addresses how these women were written about in the context in which they wrote. Topics addressed in the course include their purpose and motivation for writing, the kinds of texts they wrote and the audience served, and the effect of social class and religion on their work. This course is conducted in English. (G7: Humanities).

MC 331 — Film Genres: Melodrama

3 credits; 2 lecture and 2 lab hours

This course is cross-listed with FI 335. Students are introduced to the genre of melodrama and its development from the silent era through the present day. Students analyze formal and thematic elements, with a focus on political and social-cultural contexts: Screenings include classical Hollywood pictures, soap operas, telenovelas, and films from Asia, Europe, and Latin America. (G6: Arts; G7: Humanities).

MC 345 — Food for Thought: Gastronomy in Italian Literature and Culture

3 credits; 3 lecture hours

This course is taught in English. From the excesses of the Roman table to today's 'Slow food movement' it is through food that Italians have affirmed and defended their cultural heritage. This course traces the historical evolution of Italian cuisine and maps an overview of Italian literature and culture through an analysis of influential literary texts.

Prerequisite(s): EN 121 (G5: Western Civilization; G7: Humanities).

MC 351 — From Modern to Contemporary Latin American Women Writers

3 credits; 3 lecture hours

This course is taught in English. By looking at diverse genres (poetry, short stories, novel, chronicle, essay and scriptwriting) this course introduces students to Latin American literature written by women. This course also provides a critical understanding of the sociopolitical realities of the Latin American continent as seen through the lenses of creative work by female authors. (G7: Humanities; G9 Other World Civilizations).

MD: Math Independent Learning

MD 008 — Math Independent Learning

0 credits; 0 lecture hours

An accelerated arithmetic course emphasizing applications, including such topics as percents, operations on fractions, ratios and proportions, and conversion between the metric and English measurement systems. Fundamentals of algebra and geometry are introduced. Students are given computer software and customized assignments; work is done on their own time and computers. The final exam is given on campus. Prerequisite(s): SAT math score 500-510, or ACT math score 21, or appropriate score on arithmetic placement test.

MG: Production Management: Fashion and Related Industries

MG 108 — Apparel and Home Textile Products Manufacturing

2 credits; 1 lecture and 2 lab hours

For Textile Development and Marketing students. Surveys manufacturing processes for apparel and home textile products beginning with product development to acquisition of fabrics through cutting, sewing, and finishing operations.

MG 114 — Principles of Product Construction

3 credits; 2 lecture and 2 lab hours

Emphasizes the relationship between the quality and construction of a sewn product and focuses on the geometric principles of draping, drafting, and grading of industrial patterns. Students develop and interpret original patterns using both manual and computerized methods and apply the data to written specifications.

Prerequisite(s): TS 111, or TS 015/115 or TS 132.

MG 132 — Marketing for Manufacturers

3 credits; 3 lecture hours

Students are introduced to the basic concept of marketing and the components of the marketing mix in order to understand how fashion products are developed and successfully distributed. Computer-assisted marketing, including barcoding, e-commerce, and the role of the internet, is investigated as a strategic tool for globalization.

MG 153 — Excel for Business

2 credits; 1 lecture and 2 lab hours

This course provides a comprehensive presentation of Microsoft Excel. Topics include charting, data tables, financial functions, formatting, formulas, functions, what-if analysis, working with large worksheets, and other business-related topics.

MG 234 — Supply Chain Management

3 credits; 3 lecture hours

A thorough exploration of supply chain management from the manufacturer's perspective is presented. Major areas of global sourcing, vendor evaluation, quality assurance, materials resource planning, inventory control, and budget considerations are covered. Students develop a seasonal production plan as a final project.

Prerequisite(s): MG 132.

MG 242 — Principles of Accounting

3 credits; 3 lecture hours

This introductory course covers the accounting cycle leading to the creation of a business' financial statements. Topics include double-entry accounting, adjusting and closing entries, trial balances, inventories, bank reconciliation, specialized journals, accounts receivable, bad debts, and depreciation. Partnership and corporation accounting are also covered.

MG 252 — Product Data Management

3 credits; 2 lecture and 2 lab hours

This course offers a hands-on approach to learning how to generate, transmit, and manage product data in a global business environment. Students construct product document packages for use in engineering, finance, logistics, manufacturing, and quality control.

Prerequisite(s): MG 153 and MG 253.

MG 253 — Object-Oriented Database Management

2 credits; 1 lecture and 2 lab hours

Concepts of database management, including the development of object-oriented databases with Adobe Illustrator and Photoshop, are taught in this course. Integrating Microsoft Access with other programs within a microcomputer environment enables students to create data sets and reports, develop forms, and link databases.

Prerequisite(s): MG 153 or AC 161 or equivalent.

MG 299 — Independent Study in Production Management: Fashion and Related Industries

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Business and Technology.

MG 301 — Apparel Production: Labor Analysis

2 credits; 2 lecture hours

For baccalaureate-level Fashion Design students. Study of apparel mass-production techniques. Examines the transition of apparel products from designer's samples to finished production merchandise. Explores human resource management and labor relations in an apparel firm.

MG 304 — Information Systems

2 credits; 1 lecture and 2 lab hours

This course presents an overview of management information systems (MIS) and how they impact the productivity and processes of a business organization. Case studies and problems focus on the issues of finances, human resources, organization, and technology as they relate to information systems.

Prerequisite(s): MG 153 or AC 161 or equivalent.

MG 305 — Production Processes for Merchandisers

3 credits; 2 lecture and 2 lab hours

For baccalaureate-level Fashion Merchandising Management students. This course introduces students to the processes and procedures used in the manufacturing of sewn products. Students learn about the types of equipment used, the specifications required to produce such products, and the methods for evaluating their construction, cost, and quality. The course is primarily designed for students without any background in the assembly and manufacturing processes.

MG 306 — Information Systems: Case Analysis

2 credits; 1 lecture and 2 lab hours

Principles of management information systems (MIS) are addressed. Students use database and spreadsheet tools (Access and Excel) to problem-solve business situations and present their solutions in PowerPoint. Topics include the business functions of human resources, marketing and sales, finance and accounting, manufacturing, and technology support.

Prerequisite(s): MG 153 or AC 161 or equivalent.

MG 311 — Manufacturing I: Equipment Analysis

3 credits; 2 lecture and 2 lab hours

Students develop a familiarity with the various kinds of assembly equipment used to construct sewn products. Stitchology, specifications development, and sourcing are also covered.

MG 312 — Manufacturing II: Process Analysis

3 credits; 2 lecture and 2 lab hours

This course presents the principles of workplace engineering in order to identify labor- and cost-saving methods. Students conduct time and motion studies, consider standardization procedures, and analyze garment assembly methods as factors in realizing efficiencies on the manufacturing floor.

Prerequisite(s): MG 114 and MG 311.

MG 313 — Cutting Room Processes

3 credits; 2 lecture and 2 lab hours

The processes involved in the pre-production operations of sewn products--cut order planning, fabric utilization, marker making, fabric spreading, cutting, and costing--are studied. The fundamentals of laying out a cutting room and selecting equipment for specific applications are included. Students prepare markers by hand and computer.

Prerequisite(s): MG 114.

MG 314 — Manufacturing Process Analysis

2 credits; 1 lecture and 2 lab hours

This course familiarizes students with the variety of equipment used to construct sewn products. Through hands-on use, students learn to select appropriate machinery and stitching types for various fabrications, garment categories, and end uses.

MG 401 — Manufacturing Management

2 credits; 2 lecture hours

For baccalaureate-level Fashion Design students. Examines business ownership and management, fashion manufacturer marketing philosophies, costing, and quality control. The financial aspects of a business are evaluated.

MG 403 — Apparel Manufacturing Processes

3 credits; 3 lecture hours

For students not majoring in Production Management: Fashion and Related Industries. Examines the organization of a manufacturing firm: analysis of production techniques, cost development, and quality management; exploration of the relationship between product specifications and manufacturers' selling prices; and the study of customers' product requirements and the manufacturers' strategies for meeting them.

MG 411 — Manufacturing Facilities Management

3 credits; 2 lecture and 2 lab hours

Students examine the criteria for designing and arranging the elements of a manufacturing facility with emphasis on modifying existing space, handling complementary products, and understanding workflow and the effect on quality and cost. They design and develop a detailed manufacturing facility layout.

Prerequisite(s): MG 312 and MG 313.

MG 432 — Strategy, Policy, and Decision Making

3 credits; 3 lecture hours

This capstone course presents students with the opportunity to synthesize knowledge gained in previous semesters and prepare a complete business plan for a manufacturing company. They develop human resource policies, organization charts, and manufacturing, financial, marketing, and merchandising plans.

Prerequisite(s): MG 411 and MG 442.

MG 442 — Product Costing

3 credits; 3 lecture hours

Cost-accounting and industrial engineering concepts are applied to estimating, accumulating, and assigning costs to products that are mass-produced by apparel and apparel-related companies. Students learn cost-estimating techniques, practical methods to capture actual costs, and how to do variance analysis of actual and cost-estimated standards.

Prerequisite(s): MG 242, MG 312, and MG 313.

MG 499 — Independent Study in Production Management: Fashion and Related Industries

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Business and Technology.

MK: Marketing: Fashion and Related Industries

MK 301 — Marketing for the Toy Industry

3 credits; 3 lecture hours

For Toy Design students. Application of basic marketing principles to the toy industry. Product development, market research, consumer behavior, product and pricing strategies, distribution, and international marketing are stressed.

ML: Millinery

ML 113 — Blocking Techniques for Hats

2.5 credits; 1 lecture and 3 lab hours

Students acquire basic stitching, patternmaking, and blocking skills while completing a beret, baseball cap, draped felt hat, and a one-piece blocked felt hat.

ML 115 — Fabric Hat Construction

2.5 credits; 1 lecture and 3 lab hours

Students learn to develop patterns and construct soft fabric hats and caps. Grain lines, fabric qualities, and support materials are covered, as is the impact of the materials on the hat's shape and body.

Prerequisite(s): ML 113.

ML 116 — Cold Weather Headgear

2.5 credits; 1 lecture and 3 lab hours

Students continue to master patternmaking and blocking skills while completing a helmet, hunting cap, and cuff hat with a knit crown and a blocked fur crown. Students gain an understanding of how to manipulate specialized materials.

Prerequisite(s): ML 115.

ML 123 — Contemporary Men's Hats

2.5 credits; 1 lecture and 3 lab hours

From blocked hats to baseball caps, students learn flat patternmaking, sewing, and blocking techniques in order to design and produce men's hats.

Prerequisite(s): ML 115.

ML 131 — A Survey of Trims in Millinery

2.5 credits; 2 lecture and 1 lab hours

This course introduces students to the world of millinery and the use of trims in both traditional and contemporary hatmaking. They learn about different hat silhouettes and how trims can alter them.

ML 132 — Decorative Millinery Trimming

2 credits; 1 lecture and 2 lab hours

Students master trimming techniques for use on hats, accessories, and apparel by working with silk flowers, silk cording, horsehair, feathers, and artificial fruits and vegetables.

ML 241 — Bridal and Special Occasion Headwear

2.5 credits; 1 lecture and 3 lab hours

By completing a collection of hats for a wedding, students continue to master their blocking and sewing skills. How to block and create a classic turban is also taught. Students work with veiling and wire.

Prerequisite(s): ML 115.

ML 243 — Creative Design in Headwear

2.5 credits; 1 lecture and 3 lab hours

Students use the techniques acquired in their previous classes to create a challenging, unified collection of headwear that reflects their individual style.

Prerequisite(s): ML 115.

MU:Music

MU 202 — Latin American and Carribean Music

3 credits; 3 lecture hours

A survey of Latin American music with an emphasis on the process of music composition and instrumentation that led to its creation. Students explore the creative process through in-class performances of musical excerpts and demonstrations of Latin American musical instruments. The class also focuses on the indigenous, cultivated, and vernacular traditions within Latin American music and their relation to regional histories. No previous musical background is required. (Formerly LA 223)(G6: Arts).

MU 203 — Survey of American Music

3 credits; 3 lecture hours

A study of the major styles, trends, and significant composers in American music. Through lecture and demonstration, students explore various types of music, including blues, current trends, folk, jazz, rock, show, and symphonic, focusing on their relation to the American experience. No musical background is necessary. (Formerly LA 321)(G6: Arts).

MU 391 — (Honors) Masterpieces of Music in the European Classical Tradition

3 credits; 3 lecture hours

This course is a survey of the major masterpieces of music in the European Classical tradition, with an emphasis on the compositional approaches that led to their creation. Through lectures and demonstrations, the course covers the main musical developments associated with the Medieval, Renaissance, Baroque, Classical, Romantic, and Modern periods. No previous musical background is required. (Formerly LA 395) (G6: Arts).

MW: Menswear

MW 103 — Menswear Jacket Tailoring

2 credits; 4 lab hours

This course introduces students to the art of menswear tailoring. Classic details associated with the fully lined tailored jacket are defined and demonstrated as students learn and master the components that comprise a finely crafted tailored suit jacket.

Prerequisite(s): MW 145.

MW 121 — Menswear Design Studio Art I

2.5 credits; 1 lecture and 3 lab hours

In this introductory course, students execute in 2-D format visual representations of a variety of original designs for basic menswear silhouettes. They are inspired through research and development of design concepts by viewing current menswear designs, market analysis, historical research, and inspirational trends.

MW 122 — Menswear Design Studio Art II

2.5 credits; 5 lab hours

Students develop menswear design and line development abilities through visual creation and presentation of tailored jackets, blazers and suits. They learn industry-specific vocabulary and evolve as creative menswear community members. Digital and CAD software applicable to the current industry is utilized for design development and presentation.

Prerequisite(s): MW 121.

MW 131 — Menswear Flat Pattern Design I

3 credits; 6 lab hours

Basic principles of drafting patterns on paper and testing them in muslin on three-dimensional forms for men's shirts and pants. Using basic construction techniques, students develop original garment designs in harmony with current trends and design-room practices. Special machine methods and the technical aspects of decorative seam finish and detail are studied.

Co-requisite(s): MW 145.

MW 134 — Menswear Flat Pattern Design II

2 credits; 1 lecture and 2 lab hours

In this course, students explore and develop creative menswear jackets based upon the four iconic jacket prototypes within the menswear market. The principles of intermediate level patternmaking is taught as key details of the tailored jacket are refined, analyzed, drafted and implemented.

Prerequisite(s): MW 131.

MW 141 — Menswear Construction

1.5 credits; 3 lab hours

Introduces students to the many processes involved in the construction of first samples. Basic standards of construction are stressed, enabling the student to make finished garments. Classic shirt and trouser problems are studied.

Co-requisite(s): MW 131 and MW 151.

MW 142 — Menswear Sewing

2 credits; 1 lecture and 2 lab hours

This course introduces students to the many processes involved in creating a first sample.

Professional standards of construction are emphasized throughout the semester as students cut, lay out, and construct a classic menswear shirt.

MW 143 — Tailoring I

2 credits; 1 lecture and 2 lab hours

Students learn how to lay out, cut, and sew all of the details associated with the classically tailored trouser. Special emphasis is given to the fly, tailored pockets, and the creation of a handmade waistband curtain. Students also learn to fit the classic trouser on various figure types.

Prerequisite(s): MW 142 , or approval of the chairperson.

MW 144 — Tailoring II

2 credits; 1 lecture and 2 lab hours

This course introduces students to professional tailoring practices for the menswear suit jacket/blazer. Details specific to the jacket and appropriate finishes for a high-end tailored garment are covered throughout the semester.

Prerequisite(s): MW 143.

MW 145 — Menswear Design Studio – Construction

2 credits; 1 lecture and 2 lab hours

In this introductory course, students learn the many processes involved in creating first samples in a menswear design studio. Professional standards of sample development and construction are emphasized as students learn to effectively select fabrics, accurately cut, and choose among techniques for making classic and creative shirt and trouser prototypes.

Corequisite(s): MW 131.

MW 151 — Menswear Design I

1.5 credits; 3 lab hours

Students design and present menswear shirts, pants, and vests. Research and existing designs inspire original designs.

Co-requisite(s): MW 131 and MW 141.

MW 152 — Menswear Design II

1.5 credits; 3 lab hours

Further develops students' design abilities through the creation and presentation of tailored jackets, blazers, and suits. The concept of line development is studied.

Prerequisite(s): MW 151

Co-requisite(s): MW 232.

MW 221 — Digital Art for Menswear

1.5 credits; 3 lab hours

This course is a comprehensive exploration of advanced menswear design, emphasizing the refinement of the student's rendering, sketching, and digital art abilities. Market segment analysis, collection development, and appropriate design are examined as they apply to the development of portfolio-quality artwork for the menswear market.

Prerequisite(s): MW 251

Co-requisite(s): MW 252.

MW 222 — Menswear Design Studio Art III

3 credits; 6 lab hours

Students further develop their menswear design and illustration skills. They learn to create a personal style and viewpoint, and create original designs while refining advanced sketching skills. Menswear product classifications in collection development are taught. Design development and presentation assignments utilize digital/fashion CAD software as it applies to the menswear industry.

Prerequisite(s): MW 122.

MW 223 — Menswear Design Studio Art – Digital

2 credits; 1 lecture and 2 lab hours

This comprehensive course explores advanced menswear design, emphasizing the refinement of student renderings, sketching and computer-generated art abilities. Market segment analysis, collection development, and appropriate design are examined as they apply to the development of portfolio-quality CAD-generated artwork for the menswear market.

Corequisite(s): MW 256.

MW 231 — Menswear Flat Patternmaking Design III

4 credits; 8 lab hours

Studies advanced design problems for tailored garments, making use of the master pattern. Original designs are tested in muslin, constructed in fabrics, and analyzed in terms of taste, fabric selection and properties, design principles, fashion interest, and commercial value.

Prerequisite(s): MW 232 and MW 241

Co-requisite(s): MW 251.

MW 232 — Menswear Flat Patternmaking Design II

2 credits; 1 lecture and 2 lab hours

Students learn how to develop flat patterns and create a finished jacket using professional standards. The course explores the four iconic prototypes of menswear jackets and traditional tailoring techniques and details. Students also learn to identify and define market trends in specific menswear markets and to present professional oral presentations.

Prerequisite(s): MW 131 and MW 141, or equivalent

Co-requisite(s): MW 152.

MW 234 — Menswear Flat Pattern Design III

4 credits; 8 lab hours

Students explore the principles of drafting patterns while testing fit in muslin on three-dimensional forms for men's couture shirts, trousers and coats. Using advanced construction techniques along with current trends, they utilize bespoke hand finished while creating final garments appropriate for the upper end of the Menswear market.

Prerequisite(s): MW 134.

MW 241 — Tailoring the Jacket

2 credits; 1 lecture and 2 lab hours

This course introduces students to the art of tailoring. Classic details associated with the fully lined tailored jacket are defined and demonstrated as students work toward mastering the components comprising a finely crafted tailored suit jacket.

Prerequisite(s): MW 131 and MW 141

Co-requisite(s): MW 152.

MW 242 — Tailoring III

2 credits; 1 lecture and 2 lab hours

This course introduces students to the assembly processes and finishing details necessary to construct and tailor a high-end, fully lined suit jacket.

Prerequisite(s): MW 144.

MW 251 — Menswear Design III

1.5 credits; 3 lab hours

Students create designs while refining advanced sketching skills. Classifications and collections are utilized throughout the semester.

Prerequisite(s): MW 152

Co-requisite(s): MW 262.

MW 252 — Menswear Design IV

5 credits; 10 lab hours

Students design and execute original sportswear collections using international trends, colors, details, and fabrications.

Prerequisite(s): MW 231 and MW 251.

MW 253 — Advanced Computer Fashion Design

2 credits; 1 lecture and 2 lab hours

Using CAD software, students create flats, fashion drawings, and storyboards in color and black and white.

MW 254 — Computer Design I

2 credits; 1 lecture and 2 lab hours

This course introduces students to the use of Adobe Illustrator as it applies to the menswear and accessories design industry. Students learn how to use Adobe Illustrator as a CAD tool for designing menswear and accessories. Auxiliary software includes Adobe Photoshop.

MW 256 — Advanced Menswear Design IV

5 credits; 1 lecture and 8 lab hours

In this capstone course, students develop two original menswear looks selected from their final presentation portfolio. The synergy of faculty with bespoke, read-to-wear and menswear design expertise creates a multifaceted course. Focus is placed on technical execution of students' creative designs, and industry standard alternative patternmaking techniques.

Prerequisite(s): MW 262 and MW 234

Corequisite(s): MW 223.

MW 262 — Presentation/Portfolio

2 credits; 1 lecture and 2 lab hours

Students learn to design professional collections, which are analyzed, segmented, and developed for various markets.

Prerequisite(s): MW 151.

MW 271 — Comparative International Apparel

3 credits; 2 lecture and 2 lab hours

Students develop their ability to analyze trends, colors, fabrications, and apparel details in three international fashion centers. Through constructive analyses, critiques, and creative thinking, students present final projects incorporating aspects of comparative cultural aesthetics.

Prerequisite(s): AR 101 or FF 112 or LD 144 or MW 152, or approval of chairperson.

MW 299 — Independent Study in Menswear

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

PE: Physical Education and Dance

PE 111 — Modern Dance

1 credit; 2 lab hours

Introduces the fundamentals of modern dance through the development of dance technique and comprehension of rhythm. Elements of dance composition are introduced and provide students with an opportunity to create individual work. (G6: Arts).

PE 113 — Jazz Dance

1 credit; 2 lab hours

Introduces the fundamentals of jazz dance through the development of dance technique, comprehension of rhythm, and the ability to perform isolated movement. Elements of dance composition are introduced and provide students with an opportunity to create individual work. (G6: Arts).

PE 114 — Ballet I

1 credit; 2 lab hours

Basic exercises are done at the barre to develop proper alignment, placement, strength, coordination, and understanding of ballet movement vocabulary in this introductory class. Center floor combinations and movement across the floor are used to integrate skills learned in the warm-up. (G6: Arts).

PE 115 — Skiing (winter only)

1 credit; 2 lab hours

For students of all skiing levels, this course presents proper and safe skiing techniques as well as the use of ski equipment and supplies and provides the opportunity to improve fitness and skills.

PE 116 — Afro-Caribbean Dance

1 credit; 2 lab hours

Students experience, learn, and perform the traditional dances and rhythms, rooted in African and European dance, of the Caribbean region. (G6: Arts).

PE 117 — Choreography I

1 credit; 2 lab hours

Students create movement studies using elements of design that capture the essence of their unique expressions. Concepts of space and weight and dance elements such as rhythm, symmetry, and shape are addressed in the course. Improvisations are performed according to a variety of themes, relationships, and situations, both individually and in small groups.

PE 118 — Flamenco Dance

1 credit; 2 lab hours

Students execute traditional flamenco dances from the Andalusia region of southern Spain. Students learn how various cultures contributed to flamenco, as well as the flamenco rhythms, the meaning of the songs, and the relationship of the singing and guitar to the dance. (G6: Arts).

PE 119 — Dances of the Middle East and India

1 credit; 2 lab hours

This course introduces students to the movements and rhythms of the ancient dance arts of the Middle East and India. Students learn about the Arabic, Turkish, North African, Arabian Gulf, and Indian cultures by focusing on the origins, history, and development of their dance arts. (G6: The Arts).

PE 122 — Beginning Golf

1 credit; 2 lab hours

Students learn the fundamentals of golf, including stance, grips, putting, chipping, and driving, as well as course etiquette, rules, and history of the game.

PE 131 — Tennis I

1 credit; 2 lab hours

Teaches the fundamental skills of tennis and knowledge of the game.

PE 135 — Basketball

1 credit; 2 lab hours

The fundamentals of basketball, individual skills, and team participation are taught. Students learn the rules, coaching techniques, strategies, athletic training, and enjoyment of spectatorship.

PE 136 — Volleyball

1 credit; 2 lab hours

Students learn the fundamental skills of volleyball: setup passing, serving, spiking, blocking, and bumping. Strategy and games are included.

PE 141 — Fitness Training

1 credit; 2 lab hours

Students focus on the progressive development of the four components of physical fitness: muscular strength, muscular endurance (through weight-room training and calisthenics), cardiovascular endurance, and fitness.

PE 143 — Yoga I

1 credit; 2 lab hours

Students learn the basic yoga practices, including relaxation, postures, breathing, concentration, meditation, and positive thinking. Nutrition is also discussed.

PE 144 — Aerobics

1 credit; 2 lab hours

Students work to achieve a strong cardiovascular system through step-bench or aerobic routines. Toning exercises are included.

PE 145 — Tai Chi I

1 credit; 2 lab hours

Students learn the Yang form of this ancient, holistic Chinese exercise to develop good balance and coordination and to relax physically and mentally.

PE 146 — Kung Fu

1 credit; 2 lab hours

Translated as discipline and inner development, kung fu focuses on learning a system of movements based upon the observations of nature by ancient Chinese priests and monks. The forms, basic stances, kicks, and punches of Shaolin kung fu are taught to achieve better health, harmony, and coordination.

PE 147 — Gentle Yoga

1 credit; 2 lab hours

Gentle yoga introduces all the benefits of yoga with less demand on the body. This course can be enjoyed by all students, particularly those with limited physical health or range of motion. Benefits include enhanced flexibility, increased strength, improved balance, and reduction of stress.

PE 148 — Mat Pilates

1 credit; 2 lab hours

This introductory course is based on the work of Joseph Pilates and focuses on movements and exercises devoted to strengthening the core or foundational muscles of the body. Pilates enhances athletic performance by developing core stability, balance, and coordination.

PE 149 — Meditation I

1 credit; 2 lab hours

This course focuses on the benefits of meditation in everyday life. Students learn the history, theory, and practice of meditation, as well as how to develop and personalize their own meditation practice. This course is appropriate for physically challenged students.

PE 153 — Fencing

1 credit; 2 lab hours

Students learn and practice the fundamentals of foil fencing, including positions and movements, offensive and defensive strategy, directing a fencing bout, and international rules.

PE 161 — The Art and Practice of Self-Defense

1 credit; 2 lab hours

This course focuses on the dynamics of unplanned confrontation and employs various approaches to achieve the larger goal of prevailing in aggressive encounters. Students learn how to protect themselves by studying a variety of physical and psychological techniques.

PE 181 — Contemporary Urban Dance

1 credit; 2 lab hours

Students develop their creativity and imagination by exploring the movements of a current popular dance form. With the aid of films and guest artists, students gain insight into the history and culture of contemporary urban dance and learn to perform a variety of movement styles. (G6: Arts).

PE 200 — Performance Workshop

2 credits; 1 lecture and 2 lab hours

Students will curate, produce, choreograph, publicize, and stage a dance or other movement-based performance. They may take any role in the production, as dancers, stage managers, or lighting designers, etc., exploring and showcasing their abilities as they may never have done before. (No prerequisite, but an interest in staging performances is highly recommended.)

PE 210 — Devotional Art and Dance of the Indian Sub-Continent and West Asia (Interdisciplinary)

3 credits; 2 lecture and 2 lab hours

This is an interdisciplinary, team-taught, cross listed course with HA (History of Art) that explores devotional art and dance in India and the Middle East. Students will learn about devotional practices through the study of art and through movement practices. The course emphasis will be on the philosophical aspects of art and dance and their intersections. (G6: The Arts; G7: Humanities; G9: Other World Civilizations).

PE 214 — Ballet II

1 credit; 2 lab hours

Students improve on existing ballet techniques learned in PE 114. They work on more advanced steps and create their own movement phrases. History and dance films are presented. (G6: Arts)
Prerequisite(s): PE 114 or equivalent.

PE 215 — Dance in New York: A Survey of Live Performance

3 credits; 3 lecture hours

This course explores New York City's dance life, immersing students in it as both viewers and writers. Students apply aesthetic principles of dance to a variety of dance forms that they view and critique. (G6: Arts).

PE 216 — History of Ballet and Modern Dance

3 credits; 3 lecture hours

This course surveys two major styles of Western dance--ballet and modern dance--from the perspective of the creative process and cultural history. Through a multi-disciplinary and collaborative approach, students study thematic ideas that shape the way we see, create, and think about dance. No prior dance training is necessary. (G6: The Arts).

PE 217 — Urban Dance: History and Social Context

3 credits; 3 lecture hours

Through a multi-disciplinary and collaborative approach, students explore the conceptual underpinnings and political dynamics of popular urban dance. No prior dance training is necessary. (G6: The Arts).

PE 219 — Dances of the Middle East and India II

1 credit; 2 lab hours

This course offers a profound immersion into the classical and folk dance arts of the Middle East and India by illuminating their music, history and cultural contexts. Students gain a greater appreciation for the choreography, ornate costuming and live performance of these joyous, expressive dance arts.

Prerequisite(s): PE 119 (G6: The Arts).

PE 231 — Tennis II

1 credit; 2 lab hours

Students improve on existing tennis skills learned in PE 131. They work on executing new skills, such as top spin serve, slice serve, drop shot, drop volley, and lob. Strategies for singles and doubles competitive play are included.

Prerequisite(s): PE 131 or equivalent.

PE 243 — Yoga II

1 credit; 2 lab hours

Students build upon their yoga experience by learning new yoga postures and variations of standard postures and breathing techniques while exploring additional concepts from the Yoga Sutras.

Prerequisite(s): PE 143.

PE 245 — Tai Chi II

1 credit; 2 lab hours

Students continue their study of this ancient, holistic Chinese exercise, developing greater strength, balance, coordination, and relaxation through the Yang form of Tai Chi.

Prerequisite(s): PE 145 or equivalent.

PE 281 — Modern Dance Theory and Practice

3 credits; 2 lecture and 2 lab hours

A diverse collection of Modern Dance theories and techniques are introduced to students through lecture, demonstration, and guided practice of structured dance movements for later application in creative projects. Students learn modern dance terms to reinforce proficiency in technique and to fully appreciate genres of modern dance from early 20th century to present. Gen Ed: The Arts (G6).

PH: Photography

PH 003 — Basic Photography Studio

0 credits; 1 lab hour

For Fine Arts students. Students learn the practical applications of digital camera operations and studio lighting techniques.

Corequisite(s): PH 103.

PH 103 — Basic Photography

2 credits; 2 lecture hours

For Fine Arts students. Fundamentals of modern photographic practices including technical principles, aesthetic camera operation, and lighting techniques. Geared to aid the creative efforts of fine artists.

Co-requisite(s): PH 003.

PH 112 — Introduction to Photography

3 credits; 6 lab hours

Introduces students to the craft of photography, including lighting techniques, model direction and styling, and related exposure, film processing, and printing skills. Through discussion and critiques, students study photo trends for advertising, commercial, and editorial fashion uses.

PH 113 — Photographic Techniques

2 credits; 1 lecture and 2 lab hours

An intense study of the photographic medium from a technical standpoint. Stresses an understanding of film and exposures as they relate to light, light measurement, contrast control, film processing, and photographic chemistry.

PH 114 — Introduction to Digital Photography

1 credit; 2 lab hours

Students are introduced to digital photography techniques and new digital technologies as they apply to image capture.

PH 115 — Advertising Photography with Medium Format

3 credits; 6 lab hours

Emphasizes the use of 2 1/4, medium-format cameras in the fashion photography studio. Students learn advanced tungsten light techniques, with an introduction to monoblock electronic flash units for photography of models and accessories for advertising, editorial, or illustration use. Advanced darkroom procedures are stressed.

Prerequisite(s): PH 112 and PH 131.

PH 116 — Photography Basics

2 credits; 1 lecture and 2 lab hours

Students develop an understanding of traditional film and digital cameras by learning basic studio and lighting setup, model direction, and related film exposure techniques. Working in color and black and white, students are encouraged to produce images that creatively explore personal themes and issues. (G6: Arts).

PH 117 — Principles of Photography Including Darkroom Instruction

2 credits; 1 lecture and 2 lab hours

Introduces students to the techniques of black-and-white photography, including basic studio setup, lighting techniques, model direction, and related film exposure as applied to the 35mm camera. Instruction on enlarging techniques and film processing through the use of the darkroom are also covered. (G6: Arts).

PH 118 — Beginning Digital Photography

2 credits; 1 lecture and 2 lab hours

An introductory course that familiarizes students with the basics of photography from visual, aesthetic, and technical viewpoints. The course explores the differences between conventional, silver-based (analog), and digital photographic tools. Students learn camera technique, the transfer of the image from the camera to the computer, basic scanning, and digital printing. Students are required to possess their own digital (DSLR) cameras.

PH 121 — Large Format Photography

2 credits; 4 lab hours

Basic techniques in professional operation of a large-format view camera as applied to commercial still-life photography. Covers fundamental camera movements, lighting setups, 4x5 film processing, and printing skills.

PH 130 — Lighting I

2 credits; 1 lecture and 2 lab hours

Students are introduced to the craft of lighting. They explore the qualities of various kinds of light and observe light from a scientific perspective, which informs their aesthetic decisions. This course is taught using digital cameras.

PH 131 — Lighting Principles

2 credits; 1 lecture and 2 lab hours

The student photographer is introduced to the creative practices of lighting for studio and outdoor photography. Use and control of continuous light, natural light, and pre-existing light are emphasized.

Prerequisite(s): (for students not majoring in Photography) PH 117

Co-requisite(s): (for students majoring in Photography) PH 112.

PH 132 — Introduction to Light

3 credits; 2 lecture and 2 lab hours

This course focuses on the observation of light for application to photography. Topics covered include metering, direction, control and modification of ambient light and introduction to studio lighting. Students begin with observations and slowly build their understanding of the nature of light through increasingly complex exercises.

PH 141 — Creative Approaches in Photography

1 credit; 1 lecture hour

This course stimulates students' creativity through exploration of journaling, brainstorming, and lateral thinking. Guest speakers challenge students to question where ideas originate, and how they can be expanded. They are introduced to a wide range of artists from diverse fields through guest lectures, field trips, and film screenings.

PH 152 — Photography 1: Introduction to Photography

4 credits; 3 lecture and 2 lab hours

This course introduces photography students to the concepts of photography and digital workflow. They learn exposure, composition, and editing, and develop their own aesthetic sense through lectures and by participating in critiques of assigned projects. Students practice with digital cameras and execute guided coursework in the studio and on the computer. They learn appropriate workflows and apply digital best practices.

PH 153 — Photography 2: Photographic Techniques

3 credits; 2 lecture and 2 lab hours

This course expands students' technical and visual vocabulary by adding portable flash, tethered capture, and reflective metering. The creative possibilities of light metering, and lens choice are reviewed. Multi-paneled images combining perspectives and shifting focus are explored. Assignments are shot digitally and presented in print and digitally for critiques.

Prerequisite(s): PH 152.

PH 162 — Photographic Styling

2 credits; 1 lecture and 2 lab hours

Introduces the elements of photographic styling, stressing both creative sensitivity and technical skills, through lectures and demonstrations. Assignments include fashion, beauty, illustration, tabletop, and food styling. (G6: Arts).

PH 171 — Digital Darkroom

2 credits; 1 lecture and 2 lab hours

This course offers an in-depth study of the workflow necessary for the storage, editing, and output of digital photography. Students are introduced to computer-aided tools and techniques that apply to the production and aesthetic concerns of photography in the digital environment.

PH 172 — Photographic Post-Production

2 credits; 2 lecture and 1 lab hours

This course introduces students to the concepts and methods of post-production, examining the creative and technical processes that take place after photography has been shot. It covers workflow from raw files through prints, discussing standard practices and the reasoning behind them. Non-destructive editing of exposure and color is emphasized.

Prerequisite(s): PH 152.

PH 181 — Shooting the Narrative: Visual Storytelling I

3 credits; 2 lecture and 2 lab hours

This course introduces students to narrative storytelling through visual images. Through screenings and hands-on instruction, students learn to create images with specific narrative outcomes, and their own image-based narratives. Imaging software including iPhoto, Keynote, iMovie, and Quicktime Pro are introduced.

PH 201 — Digital Photography for Accessories and Jewelry

2 credits; 1 lecture and 2 lab hours

Students learn to light and capture digital images of accessory and jewelry items. They explore lighting techniques for various surfaces and learn to enhance item color, contour, and contrast. A DSLR camera is required and a basic knowledge of an image-editing program such as Adobe Photoshop is strongly suggested.

Prerequisite(s): PH 118, or approval of chairperson.

PH 230 — Lighting II

2.5 credits; 1 lecture and 3 lab hours

Students continue the exploration of light begun in PH 130. They apply techniques learned with continuous lights to strobe lights, the standard lighting tool of the professional photographer. Students explore the unique quality of strobe lights and develop techniques using the monoblock strobe.

Prerequisite(s): PH 130.

PH 231 — Electronic Flash

4 credits; 8 lab hours

Advances photographic skills through the use of electronic lighting equipment and techniques. Small-, medium-, and large-format cameras are used to photograph models and still-life subjects in black-and-white or color mediums. Includes related darkroom procedures.

Prerequisite(s): PH 115.

PH 241 — Foundations of Color

2 credits; 4 lab hours

Exploration of color as it applies to photography. Includes additive and subtractive color mixing, color harmony, lighting for color, light balancing, color correction, film, and digital color reproduction techniques.

Prerequisite(s): PH 112

Co-requisite(s): PH 115.

PH 242 — Advanced Projects and Portfolio Development

4.5 credits; 9 lab hours

The relationship of advanced studio lighting, set preparation techniques, and digital image capture are explored in conjunction with color theories that apply to model and still-life photography for the printed page. Students complete industry-level assignments and personal interest images in the studio and on location. Emphasis is on preparation of an individualized portfolio presentation.

Prerequisite(s): PH 231 and PH 241 or approval of chairperson.

PH 251 — Photography 3: Advanced Photographic Solutions

3 credits; 2 lecture and 2 lab hours

This course builds on techniques from PH 132 and PH 153, and applies them to advanced photographic projects. Students employ tethered capture, as well as advanced post-production techniques, to execute visions and are encouraged to explore the application of various combinations of techniques for different photographic outcomes.

Prerequisite(s): PH 153

Co-requisite(s): PH 275.

PH 252 — Photography IV: Project Development

4 credits; 1 lecture and 4 lab hours

This course is about developing a body of work. Through weekly assignments, students solve conceptual photographic puzzles and practice critiquing and describing photographs. They research contemporary photographers to understand the current photographic landscape. Technical demonstrations advance lighting and post-production skills. Students develop a personal vision and method of making images.

Prerequisite(s): PH 251.

PH 253 — Traditional Photography

2 credits; 1 lecture and 2 lab hours

Students are introduced to historical photographic tools. They learn to expose and process film and paper, use of large-format cameras, and make pinhole cameras. Students learn a variety of non-silver printing processes such as cyanotype and gum bichromate printing. They are encouraged to experiment and merge older techniques with digital processes.

PH 254 — Ecology and Photography: Sustainable New York (Interdisciplinary)

3 credits; 1 lecture and 4 lab hours

This is an interdisciplinary course cross-listed with SC 254. It is an introduction to field ecology, environmental storytelling, conservation, and wildlife photography and videography. Students are exposed to field trips, lectures, and discussion within some of New York's parks and habitats. Through exploration and personal observations, applied scientific research methods are translated into a series of still pictures and moving images about environmental issues. Gen Ed: The Arts (G6).

PH 262 — Professional Procedures for the Commercial Photographer

2 credits; 2 lecture hours

An in-depth understanding of owning and operating a small professional photography business is provided. Students learn and practice organizational and career goal planning techniques, assignment pricing structures, the use of standard contracts, maintaining accurate records, and the creation of standard business forms. Emphasis is on understanding copyright law and tax structure, and learning criteria for retaining legal and financial services.

PH 265 — Professional Procedures/Contemporary Trends

3 credits; 3 lecture hours

This course gives photography students an understanding of the realities of running a small photography business. Students are introduced to the basics of record keeping, budgeting, career and business planning, estimating, billing, contracts and standard business forms. Communicating through email and social media outlets is emphasized. Weekly lessons are reinforced through case studies and guests.

Prerequisite(s): PH 172.

PH 272 — Photoshop I for Photographers

2 credits; 1 lecture and 2 lab hours

Students engage in a comprehensive study of Adobe Photoshop tools using the Macintosh platform. Methods and management techniques for scanning, creation of selections, layers, color correction, and basic image manipulation are studied.

PH 274 — Photoshop II for Photographers

2 credits; 1 lecture and 2 lab hours

Students develop an advanced knowledge of layers, channels, curves, image merging, color correction, and color matching in the Adobe Photoshop program. Scanning devices, file formats, and resolution levels are explored.

Prerequisite(s): PH 272.

PH 275 — Digital Media Techniques

3 credits; 2 lecture and 2 lab hours

Students study tethered digital capture workflow, then move into video capture from a static viewpoint, transitioning still photography skills into videographic methods. This study of the video frame moves on to narrative video and culminates in a rich media project where students use still and moving images to tell a visual story.

PH 281 — Shooting the Narrative: Visual Storytelling II

3 credits; 2 lecture and 2 lab hours

Students learn the techniques required to create complex, narrative digital films. Using a combination of screenwriting, pre-production, production and editing techniques, they work in groups to complete a short narrative film of their own design from start to finish.

Prerequisite(s): PH 181.

PH 282 — Basic Video Editing

3 credits; 2 lecture and 2 lab hours

This course is an introduction to non-linear editing in a digital environment. Students learn to use industry standard software to edit capture footage and establish an efficient editing workflow. Basic sound editing and video compositing are also covered.

PH 283 — Framing the Shot

3 credits; 2 lecture and 2 lab hours

This course is an in-depth study of framing content for film and video art production. Using the frame both visually and conceptually, students construct narrative space using composition, color and light. They explore techniques such as perspective, camera angle, micro/macro view transformation, placement and juxtaposition of subject, and mixing of genres.

Prerequisite(s): PH 282.

PH 284 — Editing Concepts

3 credits; 2 lecture and 2 lab hours

Students learn to enhance the story and its visual meaning by applying major theories of editing. They analyze editing strategies used for manipulating screen time and space. The philosophies and techniques of montage and continuity editing are addressed, as well as the process of storytelling using parallel and disjunctive editing strategies.

Prerequisite(s): PH 282.

PH 299 — Independent Study in Photography

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

PH 306 — Digital Photography for Packaging Design

2 credits; 1 lecture and 2 lab hours

Students learn to produce professional-quality images for their portfolios. The course focuses on studio tabletop photography, lighting techniques, and use of image-processing and editing software. Problem-solving skills are also acquired by working with a variety of materials used in packaging.

Prerequisite(s): PK 342.

PH 311 — International Photographic Study and Practice

2 credits; 4 lab hours

Employing photo documentary practices, students gain a general understanding of digital photographic principles and a deeper understanding of another culture. Exploring that culture's history with regard to art, fashion, architecture and social mores, students make imagery that has both immediate and lasting value. Through blogging assignments, students learn how to meld text and images to effectively communicate both subjective and objective points of view.

PH 331 — Lighting for Still and Moving Images

2 credits; 1 lecture and 2 lab hours

An in-depth study of the aesthetics, history, and expressive power of lighting, both natural and artificial, as it is used in still photography and the moving image. Camera experience is required.

Prerequisite(s): PH 118 or PH 130 or PH 131 or approval of instructor, OR

Corequisite(s): PH 181.

PH 341 — Digital Craft and the Exhibition

3 credits; 1 lecture and 4 lab hours

Students explore methods for capture, editing, and sequencing groups of digital images as cohesive statements with the aim of producing a photographic exhibition. Through field trips, critiques, and working with a guest art director, students study the signature styles and trends of various photographers.

Prerequisite(s): PH 242.

PH 342 — Advanced Project in Style and Media

3 credits; 1 lecture and 4 lab hours

This course pairs photography and fashion design students to create and produce professional press kits and a short digital documentary interpretation of style and fashion.

Prerequisite(s): PH 371.

PH 351 — Professional Approach to Photojournalism

2 credits; 1 lecture and 2 lab hours

Students learn how to unite image-making and writing skills to produce newsworthy picture stories. Topics covered include the legal and ethical issues that affect the process of photojournalism as well as the difference between objective and subjective judgments.

Prerequisite(s): PH 274 or approval of chairperson.

PH 352 — Photographic Concepts and Exhibition

3 credits; 1 lecture and 4 lab hours

In this course students produce an exhibition of large-scale prints and explore capture methods from shooting single images to presenting multiple images as a cohesive statements. Themes are surveyed through lectures, class discussions, and web research. Examples of exhibitions and published work are provided and discussed along with presentations and critiques.

Co-requisite(s): PH 373.

PH 353 — New Documentary Practices

2 credits; 1 lecture and 2 lab hours

This course examines the practice of documentary photography from contemporary and historical contexts as a basis to conceptualize, photograph, and develop projects as an observer of the real world. Topics including defining documentary photography, content and ethics are explored. Various cameras, materials, and presentation strategies and multimedia techniques are considered.

PH 361 — Logistics of Location Photography

2 credits; 1 lecture and 2 lab hours

Students develop the techniques of location photography, including environmental portraiture, industrial, fashion, and architectural photography for editorial and advertising purposes.

Assignments stress image design and are performed with medium- and large-format cameras using digital capture technology, as well as indoor and outdoor lighting techniques.

Prerequisite(s): PH 371.

PH 371 — Retouching/Prepress Solutions for Photographers

2 credits; 1 lecture and 2 lab hours

Students explore ways to convey their ideas onto the printed page through retouching, editing, and preparing digital files. High-end scanning, RGB to CMYK conversions, digital versus analog proofing, and the differences between photographic, inkjet, and offset printing are also explored from both theoretical and real-world perspectives.

Prerequisite(s): PH 274.

PH 372 — Digital Media Technology I

2 credits; 2 lecture hours

This course provides practical, technical instruction in the use of high-end digital image capture backs coupled with traditional, medium-format camera system hardware. Students explore the concepts and processes required to create photographic imagery using Adobe Photoshop, iMovie, and iDVD programs.

Prerequisite(s): PH 371.

PH 373 — Digital Production Strategies

2 credits; 1 lecture and 2 lab hours

This course focuses on developing adaptable techniques for large scale digital imagery. It covers masking and compositing techniques, large format digital printing processes, and an introduction to current progressive trends in digital picture making. Students gain knowledge and an appreciation of exhibition-quality photographic objects.

Co-requisite(s): PH 352.

PH 374 — Multimedia Workshop

3 credits; 1 lecture and 4 lab hours

This course combines techniques from PH 275, along with picture-making strategies developed in PH 252 and PH 352 to construct complex, rich media projects. Students study the use of multimedia strategies through reference to the work of masters, discussions of still and moving image concepts, and multimedia storytelling techniques.

Prerequisite(s): PH 352.

PH 404 — Basic Interior Design Photography

2 credits; 1 lecture and 2 lab hours

For baccalaureate-level Interior Design students or those interested in interior photography. A foundation for understanding and achieving control of the photographic medium as it applies to interior and architectural photography is provided. Students learn scale model and flat art photography, use of black-and-white and color films, metering, camera control, lighting, and filtration.

PH 406 — Digital Special Effects and Photographic Retouching

2 credits; 1 lecture and 2 lab hours

Students enhance their traditional illustration skills in a digital environment. Exploring Adobe Photoshop and its plug-ins for retouching and special aspects, they achieve the technical ability to transform initial creative inspirations into powerful imagery.

Prerequisite(s): IL 324.

PH 451 — Multimedia Concepts

3 credits; 1 lecture and 4 lab hours

Students develop a critical point of view regarding video, electronic, digital, and print media through discussion, viewing, and critiquing published work. Assignments examine the relationship between art and media industries, covering topics that will include advertising, documentaries, the news, personal identity, and media imaging.

Prerequisite(s): PH 372.

PH 461 — Multimedia Portfolio

3 credits; 1 lecture and 4 lab hours

Graduating students assemble a professional-quality, digitally processed electronic and printed portfolio of imagery from thematic work produced during the sixth, seventh, and eighth semesters.

Prerequisite(s): PH 451.

PH 471 — Digital Media Technology II

2 credits; 2 lecture hours

Students study various forms of state-of-the-art lighting techniques used for digital high-end photography. Lighting for the specific commercial areas of still life, portrait/fashion, architecture/interior, jewelry, and corporate/industrial are demonstrated and studied.

Prerequisite(s): PH 371 and PH 372.

PH 472 — Advanced Photography and Video Workshop

3 credits; 1 lecture and 4 lab hours

This photographic workshop course provides a laboratory for students in PH 493. Students learn to identify technical and production needs for creating and completing their senior design projects, focusing on creative problem solving. They test ideas while pushing the limits of their technical abilities.

Co-requisite(s): PH 493.

PH 491 — Research for Senior Design Project

2 credits; 1 lecture and 2 lab hours

This course assists students in developing a thesis proposal for the creation of a multimedia portfolio. Students research a chosen area of study and learn how to effectively plan and organize multimedia projects to be used in their senior design projects.

Prerequisite(s): PH 341 and PH 342.

PH 492 — Senior Design Project

2 credits; 4 lab hours

Students prepare a capstone project resulting from the senior design project research completed in the prior semester. The course culminates in a multimedia presentation to faculty, mentors, and invited professionals and Advisory Board members for critique.

Prerequisite(s): PH 491.

PH 493 — Senior Photography Seminar

4 credits; 2 lecture and 4 lab hours

Students define a concept and develop a production strategy and schedule for a long-term photographic project. Through studio time, critiques, guest curators, and museum and gallery visits, they refine their projects, ultimately presenting to a panel review. They study basic critical theory to position their projects within a cultural context. Research and writing help the student unite their visual media focus with their artistic vision.

Prerequisite(s): PH 374

Co-requisite(s): PH 472.

PH 494 — Senior Photography Seminar II

4 credits; 2 lecture and 4 lab hours

This course guides students through the final production stages and exhibition of their Senior Project. Through group critiques and individual meetings, students learn to hone in on the salient conceptual and aesthetic features of their projects and design their final exhibition installations accordingly. Visits to local multi-media gallery and museum exhibitions, as well as photographic printers and mounting labs broaden students' understanding of the possibilities involved in exhibiting photography.

Prerequisite(s): PH 493.

PH 499 — Independent Study in Photography

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

PK: Packaging Design

PK 211 — Introduction to Packaging Design

1.5 credits; 3 lab hours

An introduction to the field of packaging design, covering branding, graphics, materials, technology, and typography. This studio course focuses on design phases from concept to three-dimensional comprehensives, and includes field trips and guest lecturers.

PK 212 — Foundation in Three-Dimensional Design for Consumer Packaging

2 credits; 1 lecture and 2 lab hours

With a focus on three-dimensional conceptual design, students learn the basics of how packaging design professionals create innovative forms that have visual impact within the retail area. They experiment with a variety of packaging materials, as well as recycled and sustainable solutions.

PK 216 — Foundation in Packaging Design

2 credits; 1 lecture and 2 lab hours

This course introduces the fundamentals of packaging design. Lectures and design assignments provide students with the opportunity to understand and explore packaging design principles as they apply to the marketing of consumer brands.

Prerequisite(s): CD 215, and CD 232, and (for two-year Communication Design Foundation students) CD 273

Co-requisite(s): (for one-year Communication Design Foundation students) AD 216.

PK 301 — Packaging Design for Home Products

2 credits; 1 lecture and 2 lab hours

Students learn about packaging/brand design specific to home products retailing: brand identity, packaging design systems, and brand design applications throughout the retail environment. The creative process of design and strategic analysis of packaging as a marketing and merchandising tool is explored.

PK 302 — Packaging Design for Cosmetics and Fragrance Marketing

2 credits; 1 lecture and 2 lab hours

For Cosmetics and Fragrance Marketing students. This hands-on course introduces the principles of packaging design for cosmetics and fragrance products. Students learn about brand identity, packaging design systems, materials, and the relationship between packaging and cosmetic and fragrance retailing.

Prerequisite(s): CM 311 and CM 341.

PK 303 — Packaging Design for Accessories Design

2 credits; 1 lecture and 2 lab hours

The packaging and brand design of accessory products is introduced. Through design projects, students learn about brand identity, packaging design systems, the variety of packaging materials, and how packaging affects the product at retail. Guest lecturers discuss how designers create brand identities, develop concepts, make design decisions, and oversee production.

PK 313 — Advanced Packaging Design I

4 credits; 2 lecture and 4 lab hours

Students learn all aspects of packaging/brand design for food and beverage consumer products. Emphasis is on the packaging/brand design creative process and the application of creative solutions to meet strategic objectives.

Prerequisite(s): PK 211

Co-requisite(s): PK 324 and PK 341.

PK 315 — Digital Prepress for Packaging Design

2 credits; 1 lecture and 2 lab hours

This course introduces students to digital mechanical art creation specifically for packaging design. Students learn file management, printing methods, color processes, packaging substrates, and how a packaging design moves from design approval to mechanical art creation.

PK 316 — Advanced Packaging Design II

3.5 credits; 1 lecture and 5 lab hours

Provides an advanced approach to packaging and brand design with specific examination into distinct consumer product categories. Emphasis is placed on targeting consumer markets by developing integrated brand design systems that incorporate graphics and structures.

Prerequisite(s): PK 313.

PK 317 — Packaging Design Process

3 credits; 3 lecture hours

This lecture-based course examines the packaging design process as the means by which marketing strategy and the goal of putting the packaged product into the hands of consumers is translated. Emphasis is placed on all aspects of how a clear and effective design process is the essential foundation to meeting the goal of developing packaging designs that are effective sales tools. Co-Requisite(s): PK 318.

PK 318 — Packaging Design Studio I

3 credits; 6 lab hours

The studio environment is central to an education in packaging design. Students explore the packaging design methodology and discover techniques and approaches that form their individual design process. They demonstrate knowledge gathered in their fifth semester courses and utilize the studio method of learning. Co-Requisite(s): PK 317.

PK 319 — Packaging Design Studio II

3 credits; 3 lecture hours

This studio course explores strategic thinking as it applies to brand packaging design across consumer product categories. Working collaboratively with designers, clients and creative resources is an essential aspect of the design studio environment. Gathering and evaluating information, developing strategies, and implementation are all aspects of the design-planning model applied in this studio. Corequisite(s): PK 354.

PK 324 — Packaging Brand Development

2 credits; 1 lecture and 2 lab hours

Through hands-on exploration of the brand design development from design strategy, typographic identity to concept development, students learn to conceptualize and implement the branding process quickly and effectively. Co-requisite(s): PK 313.

PK 325 — Typography for Brand Packaging

2 credits; 1 lecture and 2 lab hours

This course is designed to explore all aspects of creative typographic design for brand packaging design. Through assignments, exercises, and lectures, students develop an understanding of how professional designers develop and apply brand identities. Students explore how typographic decision-making and design strategies affect the application of typography for brand packaging design. Co-requisite(s): PK 317.

PK 326 — Packaging Design Interdisciplinary Projects

1.5 credits; 3 lab hours

This course offers students the opportunity to work on a diverse array of brand packaging designs for a range of integrated, market-driven assignments. Interdisciplinary teams made up of packaging design students, students in related majors, and industry representatives work together to develop an understanding of the various roles and responsibilities in designing and marketing consumer brands. Prerequisite(s): PK 313.

PK 331 — Flexible Packaging

3 credits; 6 lab hours

Provides the student with the wide variety of flexible packaging design materials available for today's designer. New technologies and materials are analyzed with the focus on strategic branding issues as product lines are developed.

PK 336 — Packaging Materials and Methods

2 credits; 1 lecture and 2 lab hours

An introduction to the technology and production processes integral to the packaging design of consumer products, including beverages, cosmetics, food, fragrance, household care, personal care, and pharmaceuticals. Through design assignments, students develop an understanding of packaging materials and the technological and production processes that define packaging design. Co-requisite(s): PK 313.

PK 341 — Computer Graphics for Packaging Design

2 credits; 1 lecture and 2 lab hours

Through hands-on interaction, students learn technology as a packaging design tool. Students learn the intricacies of various software tools as they are utilized in packaging design. Students create a die, utilizing the toolbox, plug-in resources, application of scanned and designed images, and understanding color output as tools in the development of two- and three-dimensional packaging designs.

PK 342 — Advanced Computer Graphics for Packaging Design

2 credits; 1 lecture and 2 lab hours

A hands-on studio using an advanced approach to current software programs to master the use of layers, create composites, customize tools, understand color and contrast adjustment, create convincing 3D images, apply gradients, adjust effects, and transform art in order to achieve the best output of packaging design comprehensives.

Prerequisite(s): PK 341

Co-requisite(s): PK 354.

PK 343 — Explorations in 3D for Packaging Design

3 credits; 6 lab hours

This course challenges students to consider the transition of taking two-dimensional design explorations into a three-dimensional representation. Experimentation with materials, methods and technology are key components of this studio course.

PK 352 — Foundation in Sustainable Packaging Design

3 credits; 3 lecture hours

This course examines sustainability from its beginnings in the modern green movement to the triple bottom line of environmental, economic, and social issues. Students study the development of packaging design, and research rapidly changing sustainability standards and guidelines coming from industry, NGOs, and government.

PK 353 — Systems Thinking in Sustainable Packaging Design

3 credits; 3 lecture hours

This course introduces systemic thinking and builds on industry guidelines and definitions. Students learn to measure a package's environmental footprint, are introduced to the cradle-to-cradle concept, and learn how to use the prevailing tools in Life Cycle Assessment (LCA).

PK 354 — Packaging Design Strategy

3 credits; 3 lecture hours

Students learn how the formulation and development of ideas takes shape from the foundation of research, exploration and investigation, and how the formation of a packaging design strategy can achieve visual problem-solving goals. They learn how a clearly articulated and defined strategy facilitates the design process and serves the objective of a successful packaging design.

Corequisite(s): PK 319.

PK 361 — Packaging Design: Global Perspectives

3 credits; 3 lecture hours

Students experience the business of branding and packaging design in Europe through on-site lectures, seminars, tours, presentations at design consultancies, manufacturers, marketers, museums, suppliers and retailers. They learn the design process, profession, marketing, and retailing from an international perspective.

PK 403 — Packaging for the Toy Designer

2 credits; 1 lecture and 2 lab hours

Emphasizes conceptual and mechanical toy packaging development, introducing students to types of packaging and constructions used in the toy industry. Environmental and safety issues are considered in addition to study of marketing, trends, and consumer motivation.

Prerequisite(s): all seventh-semester Toy Design courses or approval of chairperson.

PK 412 — Advanced Packaging Design III

3.5 credits; 1 lecture and 5 lab hours

Students work in design teams and through extensive research, design analysis, and problem solving, apply professional strategies in resolving packaging and brand design assignments. Students are directed to demonstrate advanced concept development and execution skills, meeting clear strategic objectives and showing an understanding of the retail environment in which the brand competes.

Prerequisite(s): PK 316.

PK 413 — Sustainable Packaging Design Development

3 credits; 6 lab hours

In this course, students learn how designers apply best practices in design excellence and innovation to create smart, well-designed and professionally executed packaging design systems. They are assigned roles and work individually and in teams to follow realistic design objectives and experience constraints including project structure, timing and budget.

PK 418 — Packaging Design Studio III

3 credits; 6 lab hours

In this course, students learn how designers apply best practices in design excellence and innovation to create smart, well-designed and professionally executed packaging design systems. They are assigned roles and work individually and in teams to follow realistic design objectives and experience constraints including project structure, timing and budget.

Corequisite(s): PK 463.

PK 426 — 3D Concepts for Packaging Design

1.5 credits; 3 lab hours

An advanced approach to composition and structural design skills to create three-dimensional models for packaging design. The course focuses on the issues and problems that arise in the transition between two-dimensional design explorations and three-dimensional representations.

Co-requisite(s): PK 412.

PK 427 — Packaging Design Portfolio Preparation

3 credits; 6 lab hours

This capstone course is designed for students majoring in Packaging Design to successfully prepare, plan, design and consider their own professional goals and objectives. Career options, resume and portfolio preparation and design projects to broaden and enhance the portfolio are covered.

PK 431 — Sustainable Packaging Design

1.5 credits; 3 lab hours

Students learn the fundamentals of sustainable design for brand packaging design, including environmental and social issues, industry terminology, characteristics of various sustainable materials, life cycle analysis, understanding the sustainable packaging scorecard, and how to apply this knowledge to create positive change.

Co-requisite(s): PK 412.

PK 432 — Materials, Technologies, and Production in Sustainable Packaging Design

2.5 credits; 2 lecture and 1 lab hours

Students study and assess current and emerging materials from a sustainability perspective, and review the positive and negative properties of plastics, paperboard and other fibers, metal, glass, and hybrids. They analyze consumer perceptions of various materials, and study manufacturing technologies and the evaluation of printing, production, and finishing processes.

Prerequisite(s): PK 352 and PK 353.

PK 451 — Survey of Packaging Design

2 credits; 2 lecture hours

The global, historical, and social aspects of the packaging and brand design industry are researched and analyzed, with an emphasis on current professional practice and methodology.

Prerequisite(s): PK 316

Co-requisite(s): PK 412.

PK 461 — Packaging Portfolio Development

2.5 credits; 1 lecture and 3 lab hours

Students refine their portfolios to a highly professional level and develop marketable tools in preparation for career placement. Establishing action plans, setting career goals, and managing the professional portfolio development process are among the skills and concepts presented.

Prerequisite(s): completion of all seventh-semester Packaging Design courses.

PK 462 — Case Studies in Sustainable Packaging Design

2.5 credits; 2 lecture and 1 lab hours

This course examines the integration of sustainable best practices and how innovation is driven by success and failure in the marketplace. Industry professionals present case studies of complex packaging problems with innovative design solutions reflecting partnerships between designers, manufacturers, retailers, and consumers.

Prerequisite(s): PK 432.

PK 463 — Packaging Design for Professional Practice

3 credits; 3 lecture hours

In this course, students gain an understanding of the competitive business processes associated with designing consumer brands. The roles and responsibilities of packaging design professionals in the context of the global consumer product goods (CPG) industry is covered. Students gain an understanding of the business of packaging design from the perspective of industry leaders and practitioners, and are prepared for practice.

Corequisite(s): PK 418.

PK 491 — Internship

3 credits

An unsalaried 14-week internship with a design firm with a minimum of 123 hours at the worksite and 12 hours on campus. Completion of a daily diary, a written report on the experience, and a portfolio of work are required.

PK 492 — Senior Projects in Packaging Design

2 credits; 1 lecture and 2 lab hours

This capstone course offers senior-level students the opportunity to research and develop design projects in a specific area within the packaging/brand design profession. Two final design projects, demonstrating strategic objectives, creative abilities, knowledge of packaging materials, and presentation skills, are developed for completion of the portfolio.

Prerequisite(s): PK 412

Co-requisite(s): PK 461 and PK 491.

PK 494 — Capstone Project in Sustainable Packaging Design

1.5 credits; 3 lab hours

Complex packaging design challenges are presented as problems to be solved, with real-world objectives and constraints. Students integrate sustainability as a fundamental part of the creative process--from concept to production, distribution to the shelf, and the end of life of the package.

Prerequisite(s): PK 432.

PK 499 — Independent Study in Packaging Design

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

PL: Philosophy

PL 141 — Introduction to Western Philosophy

3 credits; 3 lecture hours

A general introduction to Western philosophy covering the existence of God, freedom and determinism, personal identity, death and the question of survival, and cross-cultural understanding. (G7: Humanities).

PL 143 — Introduction to Asian Philosophies

3 credits; 3 lecture hours

Introduces the major philosophies of the Asian world that underlie and shape Eastern cultures. Hinduism, Buddhism, Confucianism, and Taoism are emphasized. (G7: Humanities; G9: Other World Civilizations).

PL 211 — Informal Logic: A Guide to Clear Thinking

3 credits; 3 lecture hours

Introduction to practical techniques for evaluating, criticizing, and defending arguments using ordinary English. Both deductive and inductive reasoning are considered, and how to recognize fallacies is emphasized. Stresses techniques for producing good arguments of many types. (G7: Humanities).

PL 299 — Independent Study in Philosophy

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Liberal Arts.

PL 321 — Philosophy of Art

3 credits; 3 lecture hours

Considers the philosophy of art and the logical structure of criticism. Presents a group of problems arising from description, interpretation, and evaluation of aesthetic objects, with special emphasis on the visual arts. (G7: Humanities)

Prerequisite(s): one semester of History of Art and Civilization.

PL 330 — Approaches to Fashion Theory

3 credits; 3 lecture hours

This is an interdisciplinary, co-taught, cross listed course with HA (History of Art). The body and how we clothe it has long fascinated—and challenged—artists and philosophers. Our relationship to our bodies, our conception of ourselves, and what we find beautiful is historically and culturally dependent. This course will examine theories of fashion from both a philosophical and art-historical perspective.

Prerequisite(s): HA 112 or PL 141 or PL 321 or SS 131 or SS 171 (G4: Social Sciences).

PL 391 — Ancient Greek Philosophy (Honors)

3 credits; 3 lecture hours

A study of the origins and development of philosophy in the West, from Homer and Hesiod to the Hellenistic period. Contributions of Socrates, Plato, and Aristotle are emphasized, and the Greek influence on Roman and Christian philosophy is examined. (G5: Western Civilization; G7: Humanities)

Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

PL 392 — The Old and New Testaments in the History of Ideas--Honors

3 credits; 3 lecture hours

Students examine the influence of selected books, chapters, and verses from the Old and New Testaments on the literature, philosophy, theology, and politics of Western civilization. Emphasis is given to ideas located in scriptures as they have been developed by religious thinkers, systematic theorists, and creative artists. (Formerly LA 394) (G5: Western Civilization; G7: Humanities)

Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

PL 431 — Philosophy: Ethics

3 credits; 3 lecture hours

An introduction to philosophy in general and to ethics in particular. Philosophy is presented as an ongoing activity with emphasis on providing students with logical and conceptual tools for dealing with real-world situations. The course is oriented toward the development of the student's ability to use reason to evaluate arguments, particularly ethical arguments. (G7: Humanities).

PL 499 — Independent Study in Philosophy

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Liberal Arts.

PM: Patternmaking

PM 111 — Industrial Methods of Draping

2 credits; 2 lecture and 2 lab hours

Students learn the basic draping methods of developing production patterns for the garment industry.

PM 121 — Patternmaking I: Misses' and Women's Wear

2 credits; 2 lecture and 2 lab hours

In this course, students learn to develop basic body slopers using standard specification measurements. Collars and basic sleeve shapes are made. Paper patterns, as well as a final fabric sample, are developed. Students learn the importance of fit and balance in order to create a high-quality production pattern. Specifications are discussed in relation to both pattern development and finished garment measurements.

PM 122 — Patternmaking II: Misses' and Women's Wear

2 credits; 2 lecture and 2 lab hours

Utilizing the basic slopers, students develop additional patterns for style variations using the slopers developed in PM 121. Patterns are developed for bodice, torso, and sleeves. A variety of skirt slopers are developed. Pattern corrections are made according to fit, balance, and specification measurements. Final patterns and fabric samples acceptable for mass production are created.

Prerequisite(s): PM 121.

PM 171 — Pattern Grading: Misses' and Women's Wear

2 credits; 2 lecture and 2 lab hours

Introduction to manual pattern grading and marker-layout techniques. The students learn how to apply grade measurements proportionally to all the pieces within a pattern. The importance of accurate measurement specifications and their effect on the finished product are emphasized. Marker-layouts for samples, costing and mass production are developed.

Prerequisite(s): (for Patternmaking Certificate students) PM 121, or (for Fashion Design students) FD 111 or FD 121.

PM 221 — Computerized Production Patternmaking

2 credits; 2 lecture and 2 lab hours

Students learn to use the computer as a tool for production patternmaking and other apparel industry applications. Includes knowledge of hardware, software, and system programming on the Gerber Accumark system to produce a sample production pattern.

Prerequisite(s): PM 121, or FD 121, or MW 131, or approval of program coordinator.

PM 231 — Patternmaking: Misses' and Women's Wear

2 credits; 2 lecture and 2 lab hours

Advanced study of misses' and women's daytime dresses. Different dresses are drafted.

Prerequisite(s): PM 122.

PM 233 — Patternmaking: Misses' Sportswear

2 credits; 2 lecture and 2 lab hours

Students learn the necessary details involved in developing linings, facings, fusibles, stays, and stampers for both tops and bottoms. Pant and jacket slopers are created, with a strong emphasis on fit. Multiple construction techniques are discussed. A final fabric sample is developed with all the specification measurements and construction details necessary for manufacturing.

Prerequisite(s): PM 122.

PM 234 — Patternmaking: Misses' Sportswear

2 credits; 2 lecture and 2 lab hours

Further study of patternmaking for casual sportswear.

Prerequisite(s): PM 233.

PM 236 — Patternmaking: Coats and Suits I

2 credits; 2 lecture and 2 lab hours

Students learn patternmaking for all types of coats and suits.

Prerequisite(s): PM 122.

PM 237 — Patternmaking: Coats and Suits II

2 credits; 2 lecture and 2 lab hours

Continuation of PM 236, with special emphasis on a variety of coats.

Prerequisite(s): PM 122.

PM 238 — Production Pattern Development for Women's Plus-Sizes

2 credits; 2 lecture and 2 lab hours

Students are introduced to the full size figure by analyzing the actual body, garment and production specification measurements. By using the most current data developed in industry for the large size body, students gain a better understanding of the important areas of the body that present a challenge when developing styles. Prerequisites: PM 121 and PM 122.

PM 241 — Patternmaking: Children's Wear I

2 credits; 2 lecture and 2 lab hours

Students learn the fundamentals of basic flat patternmaking and industrial practices for children's wear. Basic slopers and a variety of garments are developed for the toddler (2 to 4T), child (4 to 6X), and girls (7 to 14) size ranges.

PM 242 — Patternmaking: Children's Wear II

2 credits; 2 lecture and 2 lab hours

This course is a continuation of the skills learned in PM 241.

Prerequisite(s): PM 241.

PM 251 — Advanced Pattern Technology

2 credits; 1 lecture and 3 lab hours

Introduction to the fundamental concepts and methods of technical design in production development--from concept through production--for apparel and related products. The elements of technical design, technical sketching and documentation, garment specification, fitting, technical communication, and the use of CAD systems in the manufacturing and retail environments are taught, providing a basic knowledge of technical design skills and responsibilities in the industry. Basic computer skills are required.

Prerequisite(s): PM 122 or approval of chairperson.

PM 255 — Fit Analysis and Technical Documentation

2 credits; 1 lecture and 3 lab hours

This course introduces the students to fitting tops, dresses, skirts, pants, and basic jackets on live, professional industry models. Proportions and balance are analyzed, and adjustments and corrections are made on the production pattern.

Prerequisite(s): PM 233.

PM 264 — Patternmaking: Production and Cost

2.5 credits; 2 lecture and 1 lab hours

This course is a study of mass production methods used in the manufacture of garments. Analysis of principles of garment costing and common problems encountered in quality control are examined.

Prerequisite(s): PM 121.

PM 271 — Pattern Grading: Misses' and Women's Wear

2 credits; 2 lecture and 2 lab hours

Further study of body and pattern measurements for the purpose of grading larger and smaller sizes.

Prerequisite(s): PM 122 and PM 171.

PM 273 — Computerized Pattern Grading and Marker Making

2 credits; 2 lecture and 2 lab hours

Emphasizing apparel industry applications, students learn to use the computer to grade patterns and prepare markers. The system's hardware and capabilities, as well as programming for the Gerber Accumark system, are covered. Basic computer skills required.

Prerequisite(s): PM 122 and PM 171 or approval of chairperson.

PM 275 — Computerized Pattern Grading and Marker Making for Lectra

2 credits; 1 lecture and 3 lab hours

Through hands-on experience, students learn to use the Diamino, Lectra Modaris, and Vigiprint software programs to grade production patterns and prepare markers. By using the CAD system, they learn to digitize, plot, modify patterns, manipulate markers, and manage file information. The system's hardware and software capabilities are addressed, emphasizing apparel industry applications. Basic computer skills are required.

Prerequisite(s): PM 122 and PM 171, or approval of chairperson.

PM 283 — Patternmaking for Knit Garments

2 credits; 2 lecture and 2 lab hours

This course explores various styling techniques for misses' and women's cut-and-sew knit sweaters, pants, dresses, and costumes. Students also learn appropriate methods for steaming, fitting, and finishing garments.

Prerequisite(s): PM 122.

PO: Portuguese

PO 111 — Portuguese 1

3 credits; 2 lecture and 2 lab hours

This introductory course enables students with no background in Portuguese to communicate with Portuguese-speaking people. The basic skills of speaking, reading, and writing in Portuguese are established and the cultures where Portuguese is spoken are introduced. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language).

PO 112 — Elementary Portuguese 2

3 credits; 2 lecture and 2 lab hours

Students expand upon the skills established in Portuguese I and continue to study the cultures where Portuguese is spoken. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language)

Prerequisite(s): PO 111.

SC: Science

Arithmetic proficiency is a requirement for the AAS degree. Based on the arithmetic placement test, a student who shows need for improvement in arithmetic may be required to enroll in either or in a math independent learning program (MD 008) before registering for classes that have arithmetic proficiency as a prerequisite. Arithmetic proficiency may also be demonstrated by a qualifying score on the mathematics portion of the SAT or ACT, or by transfer credit in college algebra, quantitative methods, precalculus, or calculus, or by a passing grade in an equivalent developmental mathematics course offered at another accredited college or university.

SC 032 — Color Science Laboratory

1 credit; 2 lab hours

This lab offers students a hands-on opportunity to learn about the various topics covered in SC 332. State-of-the-art equipment is used to perform spectrophotometric and colorimetric analysis of samples prepared using paints, dyes, filters, colored lights, and colored papers to explore the relationship between color and light, the principles of additive and subtractive color mixing, and instrumentation-based color matching.

Prerequisite(s): arithmetic proficiency (see beginning of Science section)

Co-requisite(s): SC 332.

SC 045 — General and Organic Chemistry Laboratory

1 credit; 2 lab hours

Stresses fundamental laboratory techniques. Experiments illustrate and reinforce principles presented in lectures. Organic compounds are prepared. Dyes and synthetic fibers are included where possible.

Prerequisite(s): arithmetic proficiency (see beginning of Science section)

Co-requisite(s): SC 145.

SC 046 — Basic Chemistry for Cosmetics and Fragrances Laboratory

1 credit; 0 lecture and 2 lab hours

This lab offers students a hands-on opportunity to learn about the fundamental techniques and methods of the chemistry laboratory as they relate to the various topics covered in SC 146.

Prerequisite(s): arithmetic proficiency (see beginning of Science section)

Co-requisite(s): SC 146.

SC 100 — Physical Computing

3 credits; 2 lecture and 2 lab hours

This course introduces students to the Arduino microprocessor, basic electronics, and coding. Using an Arduino, students will construct electronic circuits involving sensors and actuators and write code to control the circuits. Developing such concepts as the internet of things, students will connect their circuits to the internet using wireless technology. Prerequisite(s): Arithmetic Proficiency.

SC 111 — Introduction to the Physical Sciences

3 credits; 3 lecture hours

Presents basic principles of chemistry, physics, and earth and space sciences with emphasis on understanding the physical world. Includes theoretical concepts as well as applications. Illustrated by suitable lecture demonstrations. (G3: Natural Sciences)

Prerequisite(s): arithmetic proficiency (see beginning of Science section).

SC 112 — Earth Science

3.5 credits; 3 lecture and 1 lab hours

The historical development, current research, and fundamental principles associated with meteorology, geology, and astronomy are studied. Trips to research and field sites are included. (G3: Natural Sciences)

Prerequisite(s): arithmetic proficiency (see beginning of Science section).

SC 121 — Introduction to Biological Science

3 credits; 3 lecture hours

Examines the fundamentals of biology with emphasis on molecular, cell, and organismal biology. Biotic diversity, evolution, and genetics are also presented. (G3: Natural Sciences)

Prerequisite(s): arithmetic proficiency (see beginning of Science section).

SC 122 — Field Biology

3 credits; 2 lecture and 2 lab hours

Covers the major principles of biology by studying organisms and their interrelationships in natural settings. Emphasis is given to habitats within New York City. Laboratory sessions, a weekend field trip, and visits to wildlife refuges, botanical gardens, and parks are included. (G3: Natural Sciences)

Prerequisite(s): arithmetic proficiency (see beginning of Science section).

SC 132 — Color Science for Photography

3 credits; 2 lecture and 2 lab hours

This color science course focuses on topics that are relevant to photography majors, including digital color and light. Weekly laboratory exercises provide students with hands-on experience with the technologies of color analysis and formation.

Prerequisite(s): Arithmetic Proficiency (see beginning of Science section) (G3: Natural Sciences).

SC 145 — Survey of General and Organic Chemistry

4 credits; 4 lecture hours

Develops essential principles of general and organic chemistry, emphasizing a descriptive, rather than mathematical, approach. Provides an awareness of the identities and uses of various chemical compounds. (G3: Natural Sciences)

Prerequisite(s): arithmetic proficiency (see beginning of Science section)

Co-requisite(s): SC 045.

SC 146 — Basic Chemistry for Cosmetics and Fragrances

3 credits; 3 lecture hours

Students are introduced to the basic principles of chemistry, with an emphasis on its application to the formulation of cosmetics and fragrances, in order to understand the physical and chemical properties of a range of beauty products. (G3: Natural Sciences)

Prerequisite(s): arithmetic proficiency (see beginning of Science section)

Co-requisite(s): SC 046.

SC 147 — The Forensics of Fiber Analysis

3 credits; 2 lecture and 2 lab hours

This course focuses on the fundamental concepts in forensic science by examining sample evidence collected from mock crime scenes. Chemical and spectroscopic techniques are used to introduce the concepts of forensic fiber analysis. (G3: Natural Sciences)

Prerequisite(s): arithmetic proficiency (see beginning of Science section).

SC 148 — The Science of Jewelry (Interdisciplinary)

3 credits; 2 lecture and 2 lab hours

This is an interdisciplinary course cross-listed with JD 148. This course gives students an understanding of the scientific properties and geologic origins of materials used in the manufacture of jewelry, current issues in ethical and sustainable sourcing of these materials, and economics of the precious metals past and present. Gen Ed: Natural Science (G3).

SC 149 — Chemistry for Cosmetics and Fragrances

3 credits; 2 lecture and 2 lab hours

This course examines the basic principles of chemistry and the chemistry of cosmetics and fragrances. Emphasis is placed on students' becoming scientifically literate in the field of chemistry thus allowing them to expand their knowledge of products and applications in the cosmetics industry. Gen Ed: Natural Science (G3).

SC 201 — Plants, Pollinators, and People

3 credits; 3 lecture hours

This course explores modern plant biology with special emphasis on how plants affect humans and society. Emphasis is on experiential work (small groups, in-class experiments, field trips) towards becoming scientifically literate in the field of Biology. (G3: Natural Sciences).

SC 245 — Chemistry of the Everyday World

3 credits; 3 lecture hours

The natural and synthetic environment surrounding everyday life is used to introduce basic concepts of chemistry. In this course students explore fundamental concepts in chemistry by examining their environment and the ways in which they live.

Prerequisite(s): arithmetic proficiency (see beginning of Science section).

SC 253 — Ecology and Environmental Problems

3 credits; 3 lecture hours

Introduces principles and applications of ecosystem, community, and population ecology, with particular emphasis on the effects of human activities on the natural environment. Current problems in acidification, conservation biology, desertification, global climate change, habitat destruction, ozone depletion, waste management, and pollution are addressed. (G3: Natural Sciences)

Prerequisite(s): arithmetic proficiency (see beginning of Science section).

SC 254 — Ecology and Photography: Sustainable New York (Interdisciplinary)

3 credits; 1 lecture and 4 lab hours

This is an interdisciplinary course cross-listed with PH 254. It is an introduction to field ecology, environmental storytelling, conservation, and wildlife photography and videography. Students are exposed to field trips, lectures, and discussion within some of New York's parks and habitats. Through exploration and personal observations, applied scientific research methods are translated into a series of still pictures and moving images about environmental issues. Gen Ed: The Arts (G6).

SC 299 — Independent Study in Science

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Liberal Arts.

SC 326 — Human Nutrition

3 credits; 3 lecture hours

Studies the basic principles of nutritional science, including the relationships between health, disease, and special nutritional requirements. History, fads, and fallacies of nutrition are covered. (G3: Natural Sciences)

Prerequisite(s): arithmetic proficiency (see beginning of Science section).

SC 331 — Color Science and Digital Color Reproduction

3 credits; 2 lecture and 2 lab hours

Not open to students who have taken SC 332. The basic principles of color science and how they are applied in digital color reproduction are introduced. Students study the psychophysical basis of color perception, the measurement of color, and additive and subtractive color mixing. They learn how color is input into the computer, how the computer manipulates and displays color, and how color is reproduced in output.

Prerequisite(s): arithmetic proficiency (see beginning of Science section).

SC 332 — Color and Light

3 credits; 3 lecture hours

The basic principles of color science, including color measurement and color reproduction, are examined. Emphasis is on the physical basis of color: the relation between color and light, the interaction of light and matter, and the physics of light. Among the topics covered are color vision, color in art and nature, color imaging, light sources, CIE, colorimetric analysis, color matching, and quality control. (G3: Natural Sciences)

Prerequisite(s): arithmetic proficiency (see beginning of Science section)

Co-requisite(s): SC 032.

SC 391 — Crime Scene Chemistry (Honors)

4 credits; 3 lecture and 2 lab hours

This course explores fundamental concepts in chemistry by examining actual case studies related to criminal activity. Students learn the techniques used by investigators to gather and analyze evidence and data. The laboratory section of the course provides hands-on experience with the techniques used by scientists in the field of forensic chemistry. (G3: Natural Sciences)

Prerequisite(s): qualification for Presidential Scholars Program or 3.5 GPA with approval of dean for Liberal Arts, and arithmetic proficiency (see beginning of Science section).

SC 499 — Independent Study in Science

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Liberal Arts.

SD: Surface Design (See also TD)

SD 299 — Independent Study in Surface Design

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

SD 499 — Independent Study in Surface Design

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

SP: Spanish

SP 111 — Spanish I

3 credits; 2 lecture and 2 lab hours

This introductory course enables students with no background in Spanish to communicate with Spanish-speaking people. The basic skills of speaking, reading, and writing in Spanish are established and the cultures where Spanish is spoken are introduced. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language).

SP 112 — Spanish II

3 credits; 2 lecture and 2 lab hours

Students expand upon the skills established in Spanish I and continue to study the cultures where Spanish is spoken. Teacher-instructed multimedia language laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language)

Prerequisite(s): SP 111 or equivalent.

SP 122 — Spanish Conversation I

3 credits; 3 lecture hours

Students learn to converse in Spanish by emphasizing interaction in real-world situations. Functional and practical verbal communications are addressed, with a focus on the cultures where Spanish is spoken. Course also taught abroad during the winter and summer sessions.

Prerequisite(s): SP 111 or equivalent (G8: Foreign Language).

SP 132 — Spanish in Santiago de Compostela

3 credits; 2 lecture and 2 lab hours

Provides an opportunity for total immersion in Spanish and for developing an awareness of the people, customs, and cultures of traditional Spain. Continuation of the practice, development, and use of the basic spoken and written structures of contemporary Spanish. Emphasis is placed on immediate active use of the language. Field trips fulfill the lab component of this course. Four days per week for four weeks in June. (G8: Foreign Language)

Prerequisite(s): SP 112 or equivalent.

SP 141 — Spanish for Spanish Speakers I

3 credits; 2 lecture and 2 lab hours

For Spanish-speaking students who wish to improve their skills in Spanish in order to be competitive in the job market as bilinguals. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language)

SP 142 — Spanish for Spanish Speakers II

3 credits; 2 lecture and 2 lab hours

Spanish-speaking students build on and refine their communication skills and cultural knowledge acquired in SP 141. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language)

Prerequisite(s): SP 141 or equivalent.

SP 213 — Spanish III

3 credits; 2 lecture and 2 lab hours

This intermediate course is designed to review and refine students' communication skills in Spanish. Supplementary reading materials (including poetry, short stories, and magazine and newspaper articles), films, and videos further the students' knowledge of the cultures where Spanish is spoken. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language)

Prerequisite(s): SP 112 or equivalent.

SP 214 — Spanish IV

3 credits; 2 lecture and 2 lab hours

Building on Spanish III, students refine their communication skills in Spanish. More advanced supplementary reading materials (including poetry, short stories, and magazine and newspaper articles), films, and videos further the students' knowledge of the cultures where Spanish is spoken. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language)

Prerequisite(s): SP 213 or equivalent.

SP 223 — Spanish Conversation II

3 credits; 2 lecture and 2 lab hours

Conversational ability in Spanish is further developed and refined by emphasizing interaction in real-world situations. Advanced functional and practical verbal communications are addressed with a focus on the cultures where Spanish is spoken.

Prerequisite(s): SP 112 or equivalent (G8: Foreign Languages).

SP 311 — Spanish for Business

3 credits; 2 lecture and 2 lab hours

Conducted entirely in Spanish, this course prepares students for successful communication in the Hispanic business world by building on their existing knowledge of Spanish and emphasizing its practical, real-world use. Students are introduced to technical vocabulary and cultural concepts for expressing basic economic ideas and conducting business. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language)

Prerequisite(s): SP 142 or SP 214 or equivalent.

SP 499 — INDEPENDENT STUDY SPANISH

1-3 credit

SS: Social Sciences

SS 131 — General Psychology

3 credits; 3 lecture hours

Principles of psychology and their application to general behavior are presented. Stresses the scientific method in understanding learning, perception, motivation, emotion, personality development, and the social influences on human behavior. (G4: Social Sciences).

SS 141 — Macroeconomics

3 credits; 3 lecture hours

Introduction to basic principles and characteristics of economic systems. Primary emphasis is on macroeconomic issues, including national income determination, monetary and fiscal policy, and current economic problems. (G4: Social Sciences).

SS 151 — Introduction to World Affairs

3 credits; 3 lecture hours

Examines the contemporary world including changes in Europe, Russia, and the developing world. Explores timely international issues such as nuclear arms, the breakdown of the Soviet Union, and the Israeli-Arab dispute. (G4: Social Sciences; G9: Other World Civilizations).

SS 171 — Introductory Sociology

3 credits; 3 lecture hours

Study of patterned social behavior and the interrelationships between individual life experience and the social structure that helps to shape it. (G4: Social Sciences).

SS 231 — Personality

3 credits; 3 lecture hours

Emphasizes normal personality development as viewed from a variety of perspectives, including social, educational, biological, and psychodynamic factors. Students apply these psychological principles to problems of everyday living and gain an understanding of both normal and deviant reactions to life events. (G4: Social Sciences)

Prerequisite(s): SS 131.

SS 232 — Developmental Psychology

3 credits; 3 lecture hours

Studies the development of psychological, emotional, social, and biological processes from prenatal stage and birth to maturity. Emphasis is on critical stages in development as well as application of psychological principles to everyday situations. (G4: Social Sciences)

Prerequisite(s): SS 131.

SS 237 — Industrial Psychology

3 credits; 3 lecture hours

Applies psychological principles to issues in the workplace. Personnel selection, training, leadership, motivation, job satisfaction, performance appraisal, and stress are explored to provide future leaders, managers, and technical specialists with information and skills to enhance their interpersonal and organizational effectiveness. (G4: Social Sciences)

Prerequisite(s): SS 131 or approval of chairperson.

SS 242 — Microeconomics

3 credits; 3 lecture hours

Examines the principles underlying the behavior of business firms, resource owners, and consumers within a system of price-making markets. Emphasis is on pricing, resource allocation, cost analysis, price determination under market structures ranging from competition to monopoly, and a functional approach to the distribution of income. (G4: Social Sciences)

Prerequisite(s): SS 141.

SS 243 — History of Economic Thought

3 credits; 3 lecture hours

This course traces the rise of major economic philosophies from pre-Quesnay through Smith, Ricardo, Marx, Keynes and beyond. Emphasis is placed on the evolution of broad-scale models of social reality, and their relation to the times in which economists lived. Students trace the contributions of prominent philosophers within the context of the changing views of economic science, and evaluate the applicability of these views for understanding today's world. (G4: Social Sciences).

SS 244 — Fashion Economics

3 credits; 3 lecture hours

Students study economic theories and concepts focused on fashion and the fashion industry. Topics include market structure, supply-and-demand analysis, consumer behavior, market competition, historical developments, international environment, and regulation. (G4: Social Sciences)

Prerequisite(s): SS 141 and SS 242.

SS 251 — American Government and Politics

3 credits; 3 lecture hours

Examines the organization and operation of the American political system, including analysis of present national policies and problems. (G4: Social Sciences).

SS 272 — Sex Roles, Marriage, and Family in Transition

3 credits; 3 lecture hours

Sociological study of sex roles and relationships in modern society. Analysis of traditional marriage and family systems, new alternatives, and future trends. (G4: Social Sciences).

SS 273 — The Study of Social Problems: Prostitution, Drugs, and Other Issues

3 credits; 3 lecture hours

Studies social problems in contemporary society, emphasizing interrelationships between social systems, social change, and individual lives. (G4: Social Sciences).

SS 275 — Sociology of Race and Ethnic Relations

3 credits; 3 lecture hours

An overview of the major concepts and theories defining the nature of race and ethnic relations, prejudice, and discrimination. Strategies for reducing prejudice and discrimination and promoting intergroup harmony are addressed. (G4: Social Sciences).

SS 277 — Cultural Expressions of Non-Western Dress and Fashion

3 credits; 3 lecture hours

This course introduces students to the sociocultural meanings of ethnic dress. Students examine case studies from non-Western cultures to understand how dress reflects the values and beliefs of traditional cultures, and how ethnic dress has become integrated into today's fashions. (G9: Other World Civilizations).

SS 278 — Latinos in the United States: A Sociological Perspective

3 credits; 3 lecture hours

This course provides an understanding of the socioeconomic, political, and cultural impact of Latinos in the United States. Students explore sociological issues including race, ethnicity, urbanization, gender, immigration, and social mobility that have helped shape Latino culture and values. Comparisons with other ethnic/racial groups in the United States, as well as the differences within the Latino community itself, are addressed.

SS 299 — Independent Study in the Social Sciences

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Liberal Arts.

SS 300 — Sociology of Everyday Life

3 credits; 3 lecture hours

This course provides students with a sociological understanding of everyday life from a micro-level analysis. Using theoretical perspectives such as symbolic interaction, labeling, and social constructionism, students will examine how social interaction creates and sustains the everyday social worlds people live in, ranging from an airport departure hall to social media sites. (G4: Social Sciences)

Prerequisite(s): SS 171.

SS 301 — Luxury: A Socio-cultural Perspective

3 credits; 3 lecture hours

This course introduces students to a sociological analysis of the idea and the practice of “luxury” from Western and non-Western perspectives, and they also learn how luxury, as a social arrangement that is related to high culture, is produced, reproduced, and maintained by various institutions around the world.

Prerequisite(s): SS 171.

SS 334 — The Psychology of Color

3 credits; 3 lecture hours

Examines the importance of color and its influences on behavior. Topics include the biological and perceptual characteristics of color, fundamental color research, societal and cultural influences on the meanings and uses of color, adaptations of color in both natural and manmade environments, and the interaction between personality and color. Special attention is given to the application of color in both industry and everyday life. (G4: Social Sciences)

Prerequisite(s): SS 131 or approval of chairperson.

SS 335 — Abnormal Psychology

3 credits; 3 lecture hours

This course is designed to help students understand the symptoms, causes, and treatment of psychological disorders and the contemporary issues facing mental health practitioners and researchers. Issues related to abnormal psychology are presented from theoretical research and clinical perspectives. (G4: Social Sciences)

Prerequisite(s): SS 131.

SS 336 — Psychology for Sustainability

3 credits; 3 lecture hours

Students explore the psychological relationship between humans and their natural and built environments to gain insight into environmental problems and generate solutions. Topics include conscious and unconscious influences on human behavior, social norms and influence, the role of contingencies, the neurotoxic effects of pollution, and the psychology of environmental stress. (G4: Social Sciences).

SS 337 — Crime in the Global, Digital Society - Honors

3 credits; 3 lecture hours

Students are familiarized with critical and contemporary sociological theories of crime. They will apply these theories to global and local empirical case studies and examine how the nature, extent, causes and control of crime and criminal offending should be understood within interrelated local, transnational, and global societal contexts. Qualification for Presidential Scholars Program or 3.5 GPA with approval of Dean of Liberal Arts. (G4: Social Sciences).

SS 338 — Happiness & Human Flourishing - Honors

3 credits; 3 lecture hours

Students explore the psychological aspects of a fulfilling and flourishing life by critically reviewing and analyzing scientific work drawn from the field of positive psychology. Topics include happiness and positive affect, well-being, empathy, friendship, love, achievement, creativity, mindfulness, spirituality, and humor. Qualification for Presidential Scholars Program or 3.5 GPA with approval of Dean of Liberal Arts. (G4: Social Sciences).

SS 339 — Introduction to Development Economics - Honors

3 credits; 3 lecture hours

This course introduces students to development economics and investigates why some countries are poorer than others and what economic policies help countries achieve growth.

Prerequisite(s): SS 141 and SS 151.

SS 340 — The Psychology of Gender, Perception and Self-Expression

3 credits; 3 lecture hours

Through critical engagement with psychological theories of gender and cognition, this course challenges students to think how gender affects our sense of self, how we communicate that self, and how others perceive us. It encourages students to imagine new possibilities for how we embody our identity and interact based on fashion.

Prerequisite(s): SS 131.

SS 341 — Women and Global Politics

3 credits; 3 lecture hours

This course will examine how gender intersects in, and shapes, international relations through an examination of issues in international conflict and in the international political economy. The course will focus on the global women's movement as a considerable player in international politics, incorporating the experiences of women as well as feminist analyses. (G9: Other World Civilizations).

SS 343 — Labor Economics

3 credits; 3 lecture hours

Examines labor economics and labor institutions' role in the U.S. economy. Major subjects include the changing labor force and its composition, labor markets, labor unionism, collective bargaining, labor legislation, and government regulation. (G4: Social Sciences).

SS 345 — Fundamentals of Finance for Fashion Industries

3 credits; 3 lecture hours

This course focuses on the basic principles and concepts of international finance relevant to the fashion-related industries. Topics include the world financial system and institutions, and financial instruments and their use from a practical standpoint. (G4: Social Sciences)

Prerequisite(s): SS 141 and SS 242.

SS 352 — Contemporary Western Europe

3 credits; 3 lecture hours

Introduction to the Western European countries and societies and their relations with each other and with the rest of the world. (G4: Social Sciences).

SS 353 — Latin America Today

3 credits; 3 lecture hours

Introduction to modern Latin American states and societies with surveys of their economies, politics, and cultures. Also explores inter-American and international relations. (G4: Social Sciences; G9: Other World Civilizations).

SS 354 — Comparative Political Systems

3 credits; 3 lecture hours

Study of political systems with a global perspective; compares and contrasts contemporary political ideologies, institutions, and processes from democracies to authoritarian regimes, advanced industrialized economies to developing countries. (G4: Social Sciences; G9: Other World Civilizations).

SS 355 — Contemporary African Politics

3 credits; 3 lecture hours

An introduction to modern African political, cultural, and social institutions. The first part of the course focuses on examining Egypt, Kenya, Nigeria, and South Africa. The second part concentrates on issues that transcend borders: political instability and civil wars, the AIDS epidemic and other health crises, population growth, economic development and poverty, and environmental degradation. The significance of U.S.-African relations is also studied. (G9: Other World Civilizations).

SS 356 — Asia in Motion: National, International, and Transnational Relations

3 credits; 3 lecture hours

Examines the complexity, diversity, and dynamics of East Asian and Southeast Asian politics. The course analyzes Asia and its moves toward modernity in terms of politics, economics, and culture. Topics include modernization, post-World War II political settings, and post-Cold War regional integration. (G9: Other World Civilizations).

SS 374 — Cross-Cultural Studies

3 credits; 3 lecture hours

This course provides conceptual and practical knowledge of the societies and cultures, economies, histories, and institutions of non-Western societies. Special attention is paid to the distinctive features of Japan and India. Students are introduced to the range and significance of cultural differences and will be prepared to adapt to these cultural differences as they move into international arenas. (G4: Social Science; G9: Other World Civilizations)

Prerequisite(s): two introductory Social Sciences courses (SS 131, SS 141, SS 151, or SS 171) or approval of chairperson.

SS 376 — Clothing and Society

3 credits; 3 lecture hours

Examines the development of dress, adornment, and appearance as a nonverbal mode of communication and explores the meaning of clothing in modern American society. (G4: Social Sciences)

Prerequisite(s): two introductory Social Sciences courses (SS 131, SS 141, SS 151, or SS 171) or approval of chairperson.

SS 378 — Asian Global Popular Culture

3 credits; 3 lecture hours

Students examine the global production, consumption, and reproduction of popular culture products in Asian countries, such as Korea, Japan, and India. Cultural products such as films, television sitcoms, pop music, comic books, and animation from South and East Asian societies are examined from local and global perspectives, and analyzed using social scientific tools and methodologies. (G4: Social Science; G9: Other World Civilizations).

SS 379 — Sociology of the Digital Area

3 credits; 3 lecture hours

This course explores the impact of digital information and communication technologies (ICT's) in everyday life. Students examine how digital ICT's have transformed social relations, social structures, identity formation processes, and cultural, political, and economic practices. (G4: Social Sciences).

SS 385 — Social Psychology

3 credits; 3 lecture hours

Human behaviors such as aggression, prejudice, attraction, attitude formation, conformity, helping, and group processes are examined with particular emphasis on their current applications. (G4: Social Sciences)

Prerequisite(s): SS 131.

SS 386 — Youth Subculture, Identity, and Fashion: A Sociological Perspective

3 credits; 3 lecture hours

This course explores youth subcultures, in relation to gender, race and class identity. Students are introduced to various case studies of youth subcultures around the world, including Goth, Punk, and Lolita, and analyze how their values, norms, attitudes and beliefs are reflected stylistically. (G4: Social Sciences; G9: Other World Civilizations)

Prerequisite(s): SS 171.

SS 391 — Economic Ideas - Past and Present - Honors Program

3 credits; 3 lecture hours

Traces the rise of major economic philosophies from before Quesnay through Smith, Ricardo, Marx, Keynes, and beyond. The evolution of broad-scale models of social reality and their relationships to the times in which economists lived are emphasized. (G4: Social Sciences).

SS 392 — Psychopathology and Modern Life (Honors)

3 credits; 3 lecture hours

Students learn the symptoms, causes, and treatment of psychological disorders and the contemporary issues facing mental health researchers and practitioners. Psychopathology is presented as both a scientific and a clinical endeavor that gives students the clearest understanding of the field. Information from the text and lectures is based on current research, findings, and different theoretical approaches. (G4: Social Sciences)

Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

SS 393 — Politics in the Middle East (Honors)

3 credits; 3 lecture hours

The most significant issues in Middle Eastern politics are presented in three parts: an examination of the ethnic, geopolitical, and religious composition of the Middle East; an exploration of issues of conflict, including the Arab-Israeli dispute and the Persian Gulf War; and a study of the nature of economic and military cooperation among countries in the Middle East and with other countries. Topics analyzed include economic development, moves toward democratization, and regional alliances. (G4: Social Sciences; G9: Other World Civilizations)

Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

SS 394 — Global Financial Markets (Honors)

3 credits; 3 lecture hours

This course discusses the general principles and main concepts of international finance. Topics such as the world financial system and institutions, global financial instruments, and interruptions in the international financial markets (i.e. the financial crisis of 2008, the East Asian financial crisis) are addressed. (G4: Social Sciences)

Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

SS 395 — International Conflict in the 21st Century (Honors)

3 credits; 3 lecture hours

This course examines the nature of international conflict in the 21st century. Students analyze how international conflicts have occurred through time while examining the question of why people and states take particular types of actions. Students review case studies that demonstrate examples of post-cold war conflict including terrorism, civil war, and international intervention. (G4: Social Sciences; G9: Other World Civilizations)

Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

SS 396 — Social Experiments: Answering the Questions of Social Psychology (Honors)

3 credits; 3 lecture hours

Classic and contemporary experiments in social behavior are reviewed, and methodological procedures in social psychology research emphasized. Student teams design and conduct appropriate, controlled experiments on topics relating to social psychology, including attitude and stereotypical conformity, aggression, or helping behavior. (G4: Social Sciences)

Prerequisite(s): qualification for Presidential Scholars Program or 3.5 GPA with approval for dean of Liberal Arts.

SS 397 — Religion and Global Politics (Honors Course)

3 credits; 3 lecture hours

This course is designed to guide students to understand and reflect on how religion influences global politics. Students discuss the role religion plays in driving contemporary political events in multiple, multifaceted and mysterious ways. (G7: Humanities).

SS 442 — ENVIRONMENTAL ECON & POLICY

3 credits; 3 lecture hours

The foundations of environmental and natural resource economics are examined. Current economic approaches to the valuation of environmental issues, including economic incentive policies, internalization of environmental costs, public policy, and related multilateral trade issues, are discussed. Students analyze property rights as well as uses and restrictions of the global commons.

SS 443 — International Economics

3 credits; 3 lecture hours

Reviews the origins of modern international economic theory and discusses present patterns of trade and finance, including the balance of payments and its economic effects, exchange rates, international commodity agreements, and tariff policies. Includes an analysis of the relationship between international economics and current U.S. economic problems. (G4: Social Sciences)

Prerequisite(s): SS 141 and SS 242.

SS 444 — Presidential Scholars Senior Seminar

3 credits; 3 lecture hours

The Presidential Scholars Senior Seminar provides students an opportunity to explore topics of their choosing in a culminating academic project. Students will narrow topics, develop research questions, employ research methods, and produce a thesis/creative project with an accompanying presentation of their findings. Qualification for Presidential Scholars program or 3.5 GPA Dean of Liberal Arts.

SS 445 — Money and Banking

3 credits; 3 lecture hours

Reviews the monetary and banking system of the United States, with emphasis on its structure and regulation. The theoretical framework of the monetary system and its relation to monetary policy are also studied. (G4: Social Sciences)

Prerequisite(s): SS 242.

SS 446 — Economies of Latin America

3 credits; 3 lecture hours

The course reviews modern international economic theory and its application to the Latin American economies. Major topics include trade theory and regulation, industrial policies, regional trading agreements, and the role of multinational enterprises and financial issues. Students examine theoretical concepts within the context of the historical and current economic experiences of Latin America. (G4: Social Sciences; G9: Other World Civilizations)

Prerequisite(s): SS 141 and SS 242.

SS 499 — Independent Study in the Social Sciences

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Liberal Arts.

TC: Technical Design

TC 111 — Beginning Adobe Illustrator for Patternmaking

2 credits; 4 lab hours

Students learn the fundamental and advanced techniques that are specific to pattern making documentation using Adobe Illustrator software on computers. All aspects of drawing, working with images and color are covered. Course assignments focus on creating garments using Adobe Illustrator software. Projects range from basic to intermediate/advanced techniques including rendering over croquis to creating flats and details. Focus is creating exact proportionate garments with stitching, trims and details.

TC 232 — Patternmaking for Evening and Bridal Dresses

2 credits; 4 lab hours

This course covers the skills needed for developing evening and Bridal dresses. Students are taught how to retain proportions and balance while developing the garment. Pattern fit and corrections as well as design integrity are part of the process. The completed garments are prepared for the production process.

Prerequisite(s): PM 121 and PM 122.

TC 311 — Production Pattern Development I

2 credits; 1 lecture and 2 lab hours

This course focuses on the development of production-ready patterns for woven fabrics from technical specification sketches. Students analyze the effects of body measurements, pattern shapes, and production construction techniques on garment fit, quality, and performance.

Prerequisite(s): (DP 111 or FD 111) and (FD 121 or PM 121) and FD 131.

TC 312 — Production Pattern Development II

2 credits; 1 lecture and 2 lab hours

Students further develop skills learned in TC 311 through an emphasis on fit concepts and patterns for woven, knit, and lined garments. Students learn to recognize and apply pattern corrections that maintain garment balance, proportion, and design integrity.

Prerequisite(s): TC 311.

TC 321 — Computerized Pattern Development

2 credits; 1 lecture and 2 lab hours

Students learn to develop computerized flat patterns using state-of-the-art apparel industry software. Students use and incorporate the various functions in the software menus as they create, modify, store, and plot production patterns.

Prerequisite(s): (DP 111 or FD 111) and (FD 121 or PM 121).

TC 322 — Computerized Grading, Marking, and Specs

3 credits; 1 lecture and 4 lab hours

Students learn to use a state-of-the-art apparel industry grading and marking software system to grade patterns, make markers, and manage files. Course stresses the importance held by fabric properties on the development of accurate graded specs for patterns and for marker making.

Prerequisite(s): TC 311 and TC 321.

TC 341 — Technical Design: Wovens

2 credits; 1 lecture and 2 lab hours

This course explores in depth the technical design process for woven garments. Students utilize digital imaging, industry-specific terminology, and software to create full tech packages. Through case studies and hands-on techniques, they incorporate problem-solving methods used by technical designers in the industry.

Prerequisite(s): TC 311 and (AR 215 or FF 242) and (FD 241 or MG 252 completed spring 2008 or later).

TC 421 — Computerized Pattern and Fit Corrections

2 credits; 1 lecture and 2 lab hours

Students analyze garment fittings and then make corrections to computerized patterns using the more advanced features of the pattern design system. They manage the data file information and communicate complete fit and pattern technical details.

Prerequisite(s): TC 312, TC 322, and TC 341.

TC 441 — Technical Design II: Stretch

2 credits; 1 lecture and 2 lab hours

Using industry product data management software systems, students construct full technical design packages for stretch garments. Students explore the effects of stretch on pattern shape and fit. They identify the accuracy of finished garments and communicate the revisions necessary for various sample stages.

Prerequisite(s): TC 312, TC 322, and TC 341.

TC 451 — Production and Technical Design

2 credits; 2 lecture hours

This course stresses the relationship between technical design and the apparel production cycles and manufacturing processes. Discussions center on sourcing and logistics, apparel standards, compliance and regulations, current industry issues, and business ethics and conduct.

Prerequisite(s): TC 322, TC 341, and MG 314.

TC 491 — Technical Design Senior Project

2.5 credits; 1 lecture and 3 lab hours

Student teams strategize on how to improve the market share for a specific product or brand. Each team develops innovative technical design solutions for various product life cycle stages. They present their actual products and a written review/case study subject to critical industry evaluation. Prerequisite(s): TC 421 and TC 441.

TD: Textile Design (See also SD)

TD 101 — Experimental Screen Printing

3 credits; 2 lecture and 2 lab hours

Students experiment designing with screens and printing on fabric while working in an actual workshop surrounding. Includes screen making, color mixing, and printing techniques. (Formerly SD 101).

TD 102 — Greeting Card/Decorative Paper

3 credits; 2 lecture and 2 lab hours

Students design and paint greeting cards and decorative wrapping paper using various media. Card formats included die-cut, pop-up, and French-fold with emphasis on trends and holidays. (Formerly SD 102).

TD 111 — Computer-Aided Design Principles for Textile Design

1.5 credits; 3 lab hours

An introduction to the fundamentals of computer-aided textile design. Students use current, off-the-shelf graphics software to produce original designs, croquis and repeat layouts, coordinates, and color combinations while exploring color palettes, scale, and proportion. Web resources, scanning, file management, and printing options are explained, and presentation skills are emphasized.

TD 112 — Textile Color Fundamentals

2 credits; 1 lecture and 2 lab hours

Introduction to traditional color theories and systems through comparisons and analysis. Color experimentation for use in textile fashion and home furnishing fabrics is developed in opaque watercolour (gouache). (Formerly SD 112).

TD 113 — Textile Surface Design: Styles & Sources

2 credits; 1 lecture and 2 lab hours

An introduction to the design styles, design vocabulary, and research methods necessary for creating original textile surface designs. Through image-based lectures, discussions, museum visits, design projects, and presentation critiques, students explore themes in fashion and the applied arts that will serve as a foundation in their future design work. (Formerly SD 113).

TD 114 — Computer Aided Print Design

3 credits; 6 lab hours

Computer-aided design software skills and techniques are applied to create original textile designs. Based on current market trend research, students create digital designs using a variety of layouts, repeats and seasonal palettes. They produce visualizations of their designs and printed presentations for their portfolio.

TD 115 — Introduction to Textile Surface Design

2 credits; 4 lab hours

This is an introductory course that familiarizes students with the textile surface design profession and its practices. Utilizing a variety of painting media, students develop and strengthen design skills. Through research and reference material, they explore textile design painting techniques and terminology to create painted designs in repeat for the fashion fabrics market.

TD 121 — Studio Practices

3 credits; 6 lab hours

Students create painted designs and patterns for fashion fabrics appropriate for apparel using opaque watercolor (gouache). Emphasis is on developing original design concepts and exploring industry standards. (Formerly SD 121).

TD 122 — Printed Fabrics

3 credits; 6 lab hours

Students create original painted designs for printed fashion fabrics marketable for women's, men's, and children's wear. Professional methods of designing patterns, repeats, and color combinations are explored using transparent watercolor (dyes) and mixed media. (Formerly SD 122)

Prerequisite(s): SD 121 or TD 121.

TD 125 — Print Design Apparel & Home Furnishings

4.5 credits; 9 lab hours

For one-year Textile/Surface Design students. This course focuses on the principles of creating design layouts and developing color as they apply to the print field. Skill development in gouache and dye painting techniques is addressed, as well as current professional workflow practices in the textile design industry. (Formerly SD 125).

TD 126 — Textile Design Studio Practices

3 credits; 6 lab hours

Students develop original design concepts for apparel fabrics painting with gouache and dye. Trend information and references from a variety of sources is researched and analyzed for design inspiration. Technical and design related aspects of printing, layout, repeat and color according to industry standards is examined and applied.

TD 131 — Woven Design I

1.5 credits; 3 lab hours

Introduction to creating woven fabrics on a table hand loom. Students learn basic weaving techniques, drafting of weaves, and the interrelation of yarns, color, and weave structure in a fabric design.

TD 132 — Woven Design II

1.5 credits; 3 lab hours

Continued creative and experimental application of techniques learned in TD 131. Using the four-harness table loom, students are introduced to complex threadings and warp color arrangements to create weave patterns and textures.

Prerequisite(s): TD 131 or approval of chairperson.

TD 133 — CAD for Yarn-Dyed Woven Fabrics

1.5 credits; 3 lab hours

Yarn-dyed patterns are created using a computer-aided design (CAD) program for woven design. Students learn to create checks, plaids, stripes, and textured patterns for apparel and home furnishings. Colorways and coordinates are explored.

Prerequisite(s): TD 131.

TD 137 — Woven Design

3 credits; 6 lab hours

An accelerated course for one-year students that introduces them to designing woven textiles on table looms. Through planning and executing fabric samples, students learn how fiber, color, and structure are interrelated in woven design.

TD 138 — Introduction to Woven Design

2.5 credits; 1 lecture and 3 lab hours

This introductory course provides students an opportunity to create fabrics for apparel, home fashion, accessories and fine art. Hand looms are used to introduce weave structure, color and texture. Students translate ideas into original designs in the medium of weaving.

TD 141 — Nature Studies

1.5 credits; 3 lab hours

Study of design in nature as a source of inspiration for textile design. Students analyze growth and structure of plants and other forms of nature using live flowers and marine life as models for drawing and painting in representational techniques. (Formerly SD 141) (G6: Arts).

TD 142 — Advanced Nature Studies

1.5 credits; 3 lab hours

Painting from flowers and other nature forms with continued emphasis on observation, selection of color, structure, and design patterns. Students use forms in nature as a basis for stylized compositions in line and color. (Formerly SD 142)(G6: Arts)

Prerequisite(s): SD 141 or TD 141.

TD 151 — Techniques & Faux Finish Concepts for Home Furnishings

3 credits; 6 lab hours

Students learn the technical aspects of creating special effects for home furnishing surfaces, products, and furniture using a variety of mixed media as they integrate traditional skills with digital design. Emphasis is on experimentation in materials, techniques, and color. Design trends, references, and inspiration are studied. (Formerly SD 151).

TD 155 — Decorative Fabrics

2 credits; 4 lab hours

For one- year Textile/Surface Design students. The application of print design techniques to designing for home furnishings fabrics and wall coverings, using various media. Using professional methods and technical requirements, designs are created for residential, commercial, and industrial spaces. (Formerly SD 155).

TD 156 — Introduction to Decorative Fabrics

2 credits; 4 lab hours

Students learn the fundamental design aspects and technical requirements appropriate for decorative fabrics. Large-scale layouts, research sources, and current trending information are utilized in creating original designs for the market. (Formerly SD 156).

TD 157 — Wallcovering Design

1.5 credits; 3 lab hours

This course focuses on the creative development of original wallcoverings. Through the study of historical documents and references, students explore design and production methods needed to create multi-layered compositions. They learn about the wallcovering market through the introduction of home furnishing trends, design styles, and current production standards. (Formerly SD 157).

TD 161 — Fundamentals of Screen Printing

2 credits; 4 lab hours

Screen printing is the most widely used technique for printing in the textile industry. This course introduces the process of screen printing as both a commercial application and a creative medium. Students use imagery, drawing style, color and placement to produce original textile designs. Manual and digital techniques are applied to create artwork and print designs in repeat.

TD 181 — Fundamentals of Screen Printing

1.5 credits; 3 lab hours

Designs in repeat are printed on various fabrics in actual workshop surroundings. Emphasis is on screen printing techniques and original design. (Formerly SD 181).

TD 183 — Screen Printing: T-Shirts and Related Products

2 credits; 4 lab hours

Using modern screen print technology, students create original engineered designs for T-shirts and related products. Color-mixing principles and screen printing techniques are taught. (Formerly SD 183).

TD 185 — Screen Printing

2 credits; 4 lab hours

For one-year Textile/Surface Design students. Students prepare screens of their designs, mix pigments, and print on fabric in workshop surroundings. Emphasis is on creative design using a variety of techniques and media. (Formerly SD 185).

TD 201 — Color Analysis

2 credits; 2 lecture hours

Comparative analysis of color theories, emphasizing their use in the textile industry. Includes color harmony, psychological associations, optical illusions, experiments, sales appeal and promotion values, current color styling, and terminology. (Formerly SD 201).

TD 202 — Advanced Professional Practices

3 credits; 6 lab hours

Students develop original designs and co-ordinates using design trends as inspiration. Through lectures, demonstrations and market visits, students gain a stronger awareness of the textile/surface design industry. Preparation of student portfolios and professional presentation is emphasized.

Prerequisite(s): TD 126.

TD 203 — Textile Arts in India

2 credits; 4 lab hours

This short term study abroad course in Rajasthan, India, offers the opportunity to explore textile artisan culture in India through tours, lectures and presentations in workshops, museums, retail venues, and academic institutions. Students work alongside local artisans, document their findings in a sketchbook and create a design collection based on their research.

TD 211 — Surface Design in Paris

3 credits; 3 lecture hours

Students learn how to do extensive surface design research while abroad in Paris. Through on-site visits to design studios, galleries, libraries, museums, stores, and trend forecasting companies, students research an area of design interest for hard and/or soft product. Students keep a journal/sketchbook, give weekly oral presentations, and write a paper about the project outcomes of their research. Approximately three weeks in the summer. (Formerly SD 211)

Prerequisite(s): HA 112.

TD 212 — CAD and Design Fundamentals for Printed Textiles

1.5 credits; 3 lab hours

This course introduces students to design and CAD fundamentals for printed textile design. Design and production processes are explained. Students research trend information to create collections of repeating designs for specific markets.

TD 221 — Techniques for Printed Textiles and Surfaces

3 credits; 6 lab hours

Experimentation in a variety of materials and mixed media, techniques, and textures to create original and simulated designs for apparel and home fashion fabrics. Emphasis on awareness of color impact, current trends, industry standards and marketability. (Formerly SD 221)

Prerequisite(s): SD 122 or TD 122.

TD 224 — Computer-Aided Print Design

1.5 credits; 3 lab hours

Using Adobe Photoshop, students scan images and create original designs, repeats, colorways, and coordinates targeting specific markets. Emphasis is on creative use of the software, awareness of industry trends, and the development of an original portfolio of digitally produced designs.

(Formerly SD 224).

TD 227 — Painting on Fabric

2 credits; 1 lecture and 2 lab hours

Students paint directly on silk, cotton, and synthetic fabrics, using appropriate pigments or dyes for setting colors permanently. Explores use of hand-painted fabrics for home furnishings, fashion, and studio applications. (Formerly SD 227).

TD 228 — Techniques for Fashion Fabrics

2 credits; 4 lab hours

Students learn the research, design, and technical skills needed to create textiles for the apparel and home furnishings markets. Emphasis is placed on research methods and experimentation with materials, techniques, and color to create textural effects using a variety of mixed media. (Formerly SD 228)

Prerequisite(s): SD 122, SD 125, TD 122, or TD 125.

TD 229 — Screen-Print Techniques for Fabric

2 credits; 4 lab hours

Students explore a variety of screen-making and imaging techniques in order to have an understanding of aesthetic and experimental printing methods. Emphasis is on surface effects, techniques, layering and color as they relate to design for fabric. Students present a professional portfolio of their work at the end of the semester. (Formerly SD 229)

Prerequisite(s): SD 181 or TD 181.

TD 237 — Experimental Wovens

2 credits; 4 lab hours

Using the standard design tools, a hand loom, and a computer, students explore the hand, color, weave structure, construction, pattern, and end use of woven fabric. The hands-on aspect of the class encourages creativity, technical development, and exploration of texture and finishes.

Prerequisite(s): TD 131 or TD 137 or approval of chairperson.

TD 238 — Woven Design and CAD

3 credits; 6 lab hours

Using proprietary weaving software, students are introduced to the process of designing for wovens on the computer. Hand woven collections are developed using complex harness structures. Trend analysis is used to inspire collections.

Prerequisite(s): TD 138.

TD 251 — Techniques for Decorative Fabrics and Surfaces

3 credits; 6 lab hours

In this course, focus is placed on the design aspects, techniques and technical requirements applicable for home furnishings, decorative fabrics and surfaces. Large-scale layouts, research sources and current trending information is utilized to create original designs. Students experiment in a variety of art materials and mixed media including techniques, finishes, textures and embellishments to create original designs and simulate effects from design references.

Prerequisite(s): TD 126 or TD 301.

TD 253 — Advanced Decorative Fabrics

2 credits; 4 lab hours

Students learn the design and technical skills required in the home furnishings textile industry. Through on-site field trips and research, students explore and analyze design inspiration. The technical aspects of painting, layout, repeat and color are examined. New layouts, techniques and colors are also introduced to sensitive students to the needs of home textile for the interior design industry. (Formerly SD 253)

Prerequisite(s): TD 155 or TD 156 or TD 251.

TD 261 — Industrial/Studio Practice

3 credits; 6 lab hours

Students are brought into contact with industry through lectures, demonstrations, and mill visits. Repeats, color combinations, coordinates, references pieces, and adaptations are stressed. Special attention is given to the preparation of student portfolios, with an emphasis on professional presentation. (Formerly SD 261)

Prerequisite(s): SD 125, SD 221, TD 125, or TD 221.

TD 262 — Advanced Screen Printing

3 credits; 6 lab hours

Emphasizing the development of personal style and professionalism in a modern screen printing environment, this course explores advanced methods of designing and printing yardage fabric. Students choose a market and produce a collection of autographically or digitally produced designs printed in repeat and in multiple color ways.

Prerequisite(s): TD 161.

TD 263 — Advanced Screen Printing: T-Shirts and Related Products

2 credits; 4 lab hours

In this course, advanced modern design techniques and industrial trends for T-shirts, apparel, accessories and home products are explored. Emphasis is on mixed-media and multi-color projects, and the use of specialty inks on a variety of surfaces. Manual and digital methods are used for design creation.

Prerequisite(s): TD 183.

TD 271 — Textile/Surface Design Using Adobe Illustrator

2 credits; 1 lecture and 2 lab hours

Students learn to use Adobe Illustrator for application to textile and surface design and gain proficiency in working between Adobe Illustrator and Adobe Photoshop. Target markets and the creative use of software for portfolio development are emphasized. (Formerly SD 271)

Prerequisite(s): TD 114 or TD 224.

TD 299 — Independent Study in Textile Design

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

TD 303 — Screen Printing with Typographic Imagery

1.5 credits; 3 lab hours

For Graphic Design students. The process and possibilities of screen printing as a medium of expression and reproduction are explored. Students focus on computer-generated typographic imagery and the effects of manipulation through this process. (Formerly SD 303)

Prerequisite(s): CD 322 and GD 312.

TD 312 — Computer Graphics for Textile Design I

2 credits; 1 lecture and 2 lab hours

Introduction to creating artwork on the computer, including scanning and cleaning images, original patterns, colorways, repeats, and woven fabrics. Designs are applied to fashion silhouettes for merchandising collections targeting specific markets. Portfolio-quality presentations are produced using digital printouts.

TD 313 — Advanced Photoshop and Illustrator

3 credits; 6 lab hours

This advanced class builds on students' existing knowledge of Adobe Photoshop and Illustrator to expand their skill level. Students create a design collection and presentation boards. Focus is placed on professional workflow, color management and preparation for traditional and digital production in the textile/surface design industry.

Prerequisite(s): TD 112 or SD 224, and TD 271.

TD 321 — Advanced Hand Screen Printing for Portfolio Development

2 credits; 4 lab hours

This course explores advanced methods of developing repeats and printing techniques for long table fabrics. Students choose a market and produce a line of fabrics for a specific client, while developing personal style and professionalism in a modern screen printing environment. Autographic as well as digitally produced positives may be used to produce large screens that will be printed in repeat and in multiple colorways. (Formerly SD 321)

Prerequisite(s): SD 185, TD 185, SD 229, or TD 229.

TD 332 — Advanced Woven Design

2 credits; 4 lab hours

This course introduces students to the research, development, and creation of complex, multi-shaft woven structures. Projects include an in-depth exploration of woven structures and creation of woven design collections based on market trends.

TD 333 — Fundamentals of Jacquard Design

3 credits; 6 lab hours

Students are introduced to the fundamentals of jacquard design to create woven fabrics using complex weave structures. Students use CAD technology to create a portfolio of innovative designs for today's textile industry.

Prerequisite(s): TD 332 or TD 334.

TD 334 — Complex Dobby Wovens

3 credits; 6 lab hours

In this course, students' advanced level drafting skills are applied to the creation of woven designs on harness dobbie looms. They build on their drafting skills using CAD software, and create fabric simulations to plan designs. Through hand weaving, students explore materials, develop color, and consider end use for their fabrics.

Prerequisite(s): TD 238.

TD 351 — Surface Design: Paper Products

2 credits; 4 lab hours

Learning to design products to specification for tabletop, student produce print designs, shopping bags, playing cards, and tissue boxes. The uniqueness of designing for paper products is emphasized. Licensing and market trends are discussed. (Formerly SD 351).

TD 353 — Custom Rug and Carpet Design

2 credits; 4 lab hours

This course covers design of tufted and printed carpeting for custom, commercial, and mass markets. Students study repeats and technical requirements in carpet design, trends in construction, color coordination for various types of interiors, and the application of all types of printing and tufting equipment used in industry. Guest speakers and field trips are included.

TD 356 — Tabletop and Related Products

3 credits; 6 lab hours

Original design concepts are created for ceramic products, glassware and paper products for the home furnishings, giftware and tabletop industries. Decorative product designs are rendered in perspective to scale. Sources, product requirements, current trending information, sustainability issues and licensing is covered.

TD 357 — Applied Surface Design for the Home

3 credits; 6 lab hours

Students research design possibilities to create color/pattern-coordinated designs for a spectrum of home products. Critiques are in direct consultation with industry.(Formerly SD 357).

TD 361 — Screen Printing Scarves

3 credits; 6 lab hours

Scarves are one of the most decorative and versatile fashion accessories. Through the study of historic and contemporary references, students develop unique and innovative concepts and color ways for their own designs and hand screen print scarves in a professional studio.

Prerequisite(s): TD 161 or TD 101.

TD 362 — Screen Printing for Accessories Design

2 credits; 4 lab hours

Screen printing provides an array of unique applications for accessory design; original motifs, printed on a variety of materials including fabric and leather, custom design lining fabrics and multicolor prints with textural effects for a variety of products. Students develop original designs which they hand screen print in a professional studio setting.

TD 372 — Design for Knitted Fabrics I

2 credits; 1 lecture and 2 lab hours

Design and development of jersey, rib, interlock, and double-knit fabrics are studied. Students solve problems in adapting designs to machines using wheel, jacquard, and drum mechanisms.

TD 412 — Computer Graphics for Textile Design II

2 credits; 1 lecture and 2 lab hours

Advanced use of graphic design software with emphasis on woven fabric designs, knits, and tonal prints. Designs are texture-mapped onto garments and home furnishings images for specific markets, resulting in a digital portfolio.

Prerequisite(s): TD 312.

TD 413 — CAD for Portfolio Presentation

2 credits; 1 lecture and 2 lab hours

Students create a collection of digital textile designs that coordinate with the theme developed in TD 462. Using CAD programs, students develop this collection for the Textile/Surface Design BFA Senior Exhibition. Using these digital designs and other portfolio quality CAD designs, students build an online portfolio. Prerequisite(s) TD 313.

TD 414 — Digital Knit Design

3 credits; 6 lab hours

This course utilizes a variety of digital media to develop knit fabric collections and strengthen computer design skills. Through lectures, research and hands-on projects, students become familiar with knit design materials, terminology and development techniques. Using proprietary CAD software, students create knit fabric designs, yarm simulations, communicate color and pattern, and develop a professional portfolio for the apparel and home fashion markets.

TD 451 — Surface Design: Print Media Graphics

2 credits; 4 lab hours

Explores graphic design concepts for dinnerware, tabletop, and related products with special emphasis on the needs of industry and the marketplace. (Formerly SD 451).

TD 452 — Custom Carpet and Rug Design

3 credits; 6 lab hours

Students learn to produce designs for area rugs and carpet for residential and commercial markets. Skills are developed for both conventional and digital designs. Fiber use and manipulation as applied to hand tufted, hand knotted, printed and woven qualities are explored.

Prerequisite(s): TD 251.

TD 462 — Portfolio Collection

3 credits; 6 lab hours

Preparation of a professional portfolio collection inspired by research and influenced by market trends. Students' collections include coordinated designs for fashion, home, contract, or product, incorporating printed, woven, fiber art, knit, and CAD applications. (Formerly SD 462).

TD 471 — Advanced CAD with Adobe Photoshop and Fashion Studio

1.5 credits; 3 lab hours

Students develop advanced skills in Adobe Photoshop applied to surface design. Fashion Studio software is incorporated into the course, with the objective of designing product for a global marketplace using current trend information. (Formerly SD 471)

Prerequisite(s): SD 224 or TD 224.

TD 472 — Design for Knitted Fabrics II

2 credits; 1 lecture and 2 lab hours

Designing for circular knitting machines with special emphasis on repeats for patterning mechanisms and the newest yarn technology. Students solve problems in adapting jacquard design to machines using wheel and drum mechanisms.

Prerequisite(s): TD 372.

TD 473 — Advanced Digital Studio

3 credits; 6 lab hours

Students use proprietary textile design software to develop engineered fashion prints based on trend forecasting information. Technical aspects such as color separation for screen print and color matching for digital print production are applied. Students follow professional design studio practices to create fashion collections.

Prerequisite(s): TD313.

TD 481 — Screen Printing: Scarves

2 credits; 4 lab hours

Studies the requirements, limitations, and possibilities of designs for scarves. Students prepare screens, mix colors, and print a variety of fabrics with emphasis on techniques and fashion trends. (Formerly SD 481).

TD 491 — Internship

3 credits

A 12-week internship in industry, scheduled individually for a minimum of 126 hours at the worksite and 9 hours on campus. Students have the opportunity to intern in the product design, home furnishings, or apparel industry.

TD 499 — Independent Study in Textile Design

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

TL: Ladies Tailoring (See also AF, AP, AR, DP, FD, FF)

TL 111 — Ladies Tailoring I

2.5 credits; 1 lecture and 3 lab hours

Introduces students to the fundamental hand and machine skills. Includes construction processes, assembly procedures, selection of trimmings and notions, fabric cutting, and fabrics. Basic knowledge of sewing is required.

TL 112 — Ladies Tailoring II

2.5 credits; 1 lecture and 3 lab hours

Develops skills and techniques necessary to produce ladies' tailored slacks and vests. Includes construction processes, assembly procedures, selection of trimmings and notions, fabric cutting, and finishes for ladies' tailored slacks and vests.

Prerequisite(s): TL 111.

TL 211 — Ladies Tailoring III

2.5 credits; 1 lecture and 3 lab hours

Employs industrial standards for tailoring ladies' jackets. Includes construction processes, assembly procedures, selection of trimmings and notions, fabric cutting, and knowledge and working properties of fabrics and finishes for ladies' tailored jackets.

Prerequisite(s): TL 112.

TL 212 — Ladies Tailoring IV

2.5 credits; 1 lecture and 3 lab hours

Employs industrial standards for tailoring ladies' topcoats or overcoats. Includes advanced construction processes, assembly procedures, selection of trimmings and notions, fabric cutting, and finishes for ladies' topcoats and overcoats.

Prerequisite(s): TL 211.

TS: Textile Science (See also TT)

TS 015 — Textiles for Production Management Laboratory

1.5 credits; 3 lab hours

For Production Management: Fashion and Related Industries students. Provides laboratory study in conjunction with the textile principles learned in TS 115. Physical, chemical, and optical procedures are used to evaluate the properties of a wide range of fabrics.

Co-requisite(s): TS 115.

TS 111 — Fundamentals of Textiles

3 credits; 2 lecture and 2 lab hours

General study of textile materials with an emphasis on the factors that produce successful fabrics in the marketplace, including fibers, yarns, construction, color, and finish. Characteristics of a wide range of market fabrics are examined.

TS 115 — Textiles for Production Management

3 credits; 3 lecture hours

For Production Management: Fashion and Related Industries students. Study of textile materials with emphasis on factors of concern to the manufacturer of apparel, including fiber types, construction, and finishes.

Co-requisite(s): TS 015.

TS 116 — Knit Design Principles and Technology

2 credits; 1 lecture and 2 lab hours

In this introductory course, students learn to identify, analyze, design, and document weft-knitted fabrics. The class covers the relationships between knit fabric structures and the technology used to create them. Students create original designs on industrial machinery and on computer patterning workstations.

TS 122 — Textile Principles for Interior Design

1.5 credits; 1 lecture and 1 lab hour

For Interior Design students. Study of textile materials with emphasis on fabrics used by interior designers. Fiber content, yarn type, construction, coloration, and finish are examined.

TS 131 — Textile Principles for the Fashion Designer

3 credits; 2 lecture and 2 lab hours

For Fashion Design students. Study of textile materials with an emphasis on the factors that produce a successful apparel fabric. Fabric characteristics such as appearance, drapability, hand, and performance are studied. Fabrics used in Fashion Design are also studied.

TS 132 — Introduction to Textiles for Fashion Designers

3 credits; 3 lecture hours

For Fashion Design students. An introduction to the concepts of sourcing textile materials and related products, both from the domestic and international perspectives. Emphasis is placed on identifying and evaluating the characteristics of textile materials, such as sewing yarns, fabrics, and interlinings designed for women's apparel. Comprehension of textile trade terminology is also stressed.

TS 171 — Hi-Tech Textiles for Apparel and Accessories

3 credits; 2 lecture and 2 lab hours

This course takes an analytical approach to advanced textile design applications, focusing on specialized outerwear and high-performance apparel and accessories.

Prerequisite(s): TS 111 or TS 132 or equivalent, or approval of chairperson.

TS 215 — The History of Textile Trade and Technology

2 credits; 2 lecture hours

This course surveys historical events and developments that have shaped today's textile industry. Aspects of the textile trade from the Bronze Age through the early 21st century are introduced and the evolution of industrial textile technologies addressed.

TS 236 — Strip Knitting Design Technology

2 credits; 1 lecture and 2 lab hours

For Fashion Design students. Students learn the scope and limitations of the various types of industrial equipment required in the production of strip knit garments. Includes studies in fabric analysis and methods to graphically represent garments and fabric creations for translation by technicians into machine language.

Prerequisite(s): TS 132

Co-requisite(s): TS 237.

TS 237 — Designing Fabric Structures for Strip Knit Garments

2 credits; 1 lecture and 2 lab hours

For Fashion Design students. Students learn the fundamentals of strip knitting structures and design. Emphasis is on developing the ability to express creativity through the medium of knitting machinery. Students develop and produce their own fabrics on industrial sampling strip knit machinery.

Prerequisite(s): TS 132

Co-requisite(s): TS 236.

TS 261 — Introduction to Weft Knitting Principles

3 credits; 1 lecture and 4 lab hours

For Fashion Design (knitwear track) BFA students. An introduction to the technical principles of weft knit structures, covering the relationships between stitch formation, fabric construction, yarn selection, and knitting machinery. Emphasis is placed on the creative and practical application of weft-knitted structures.

Prerequisite(s): TS 132

Co-requisite(s): FF 352.

TS 301 — Advanced Textiles for Technical Design

2.5 credits; 2 lecture and 1 lab hours

Through readings and lab work, students learn to recognize and differentiate textiles according to structure and style. Course emphasizes commercial methods and applications that enhance textile appearance and performance. Students study issues and requirements related to textile structural design, coloration, function, and expectations.

Prerequisite(s): TS 111 or TS 132 or TT 171 or similar course in Textile Fundamentals.

TS 313 — International Textile Product Development

3 credits; 3 lecture hours

This course consists of field studies in the Italian textile regions of Biella, Florence, and Como. Students learn the ways in which high-quality fabrics are designed, produced, and marketed globally for use in apparel. Winter and summer in Italy.

Prerequisite(s): TS 111 or TS 015/115 or TS 122 or TS 132 or approval of chairperson.

TS 331 — Introduction to Knitting Principles

3 credits; 2 lecture and 2 lab hours

Students learn to identify, analyze, and design various weft-knitted fabrics. Provides an understanding of the relationship between fabric structure, yarn type, stitch formation, and machine type. Students design and produce original fabric on hand or power machines.

Prerequisite(s): TS 132.

TS 332 — Technical Design for Sweater Knits

3 credits; 2 lecture and 2 lab hours

Students learn the technical principles of weft knitting and sweater knit construction. Emphasis is placed on knitted fabric structures, sweater construction and production procedures, and spec'ing and fitting of garments.

Prerequisite(s): TS 111 or TS 015/115 or TS 122 or TS 132 or approval of chairperson.

TS 341 — Survey of Textile Printing Technology

2.5 credits; 2 lecture and 1 lab hours

Survey of the rudiments of commercial textile printing to establish a basic common communications link between designer/stylist and production. Students use their own original design concepts for case study lessons in feasibility.

TS 361 — Knit Fabrics and Machines

4 credits; 2 lecture and 4 lab hours

For Production Management: Fashion and Related Industries students. The principles of weft and warp knit fabric structure and production are discussed. Topics include the relationship between fabric structure and machine capability, fabric analysis and development, costing, quality control, and production control. Students work on hand knitting machines to reinforce principles covered in lectures.

Prerequisite(s): TS 111 or approval of chairperson.

TS 366 — Experimentations with Weft Knitting Structures and Machinery

2 credits; 4 lab hours

For Fashion Design (knitwear specialization) BFA students. This course summarizes the complex relationship between weft-knit structures and the machinery that produces them. Emphasis is placed on functional and aesthetic concerns in full-fashioned garment construction. Students are encouraged to experiment with creative combinations of advanced techniques, expanding their range of expertise.

Prerequisite(s): TS 431

Co-requisite(s): FD 497.

TS 367 — Knit Fabrics and Machinery

3 credits; 2 lecture and 2 lab hours

For Production Management: Fashion and Related Industries students. Students analyze, identify, and document a range of knit fabric structures using industry-standard techniques and communication practices. Emphasis is placed on the relationships between fabric structures, machine capabilities, costing, sourcing, and quality control. Students knit basic weft structures on industrial hand machines and program fabrics on computer patterning workstations.

Prerequisite(s): TS 111 or TS 015/115 or TS 122 or TS 132 or approval of chairperson.

TS 368 — Weft Knitting Principles

2.5 credits; 1 lecture and 3 lab hours

This course presents students with the basic principles of weft knit structures; the relationships between stitch formation, fabric construction, yarn selection, and knitting machinery. Students learn techniques for knit fabric identification and analysis. Emphasis is placed on the application of these principles for the creative development of weft knitted fabrics.

Prerequisite(s): TS 111 or TS 132 or TS 131 or TS 015/115 or TS 122 or approval of chair.

TS 431 — Advanced Concepts in Weft Knitting

2.5 credits; 1 lecture and 3 lab hours

Students are presented with advanced concepts in weft knit structures and introduced to the principles of designing for computerized industrial power machinery. Students design and knit complex fabrics on industrial machinery for garments designed in FD 451. Students maintain a swatch book of all fabrics analyzed and designed in this course.

Prerequisite(s): FD 354 and TS 261.

TS 461 — Weft Knit Fabrication and Finishing Techniques

2.5 credits; 1 lecture and 3 lab hours

This course presents Fashion Design BFA students (Knitwear track) with introductory concepts in weft knit fabrication and finishing techniques. In coordination with a supporting FD 356 course, students develop and knit fabrics utilizing a wide range of stitch constructions. They master a variety of methods for seaming and finishing garments.

Prerequisite(s): TS 111 or TS 132 or TS 131 or TS 015/115 or TS 122 or approval of chair.

TS 491 — Senior Thesis Planning and Execution

1.5 credits; 3 lab hours

Students continue to experiment with increasingly complex weft knit fabrics, and learn advanced techniques for creating specialized shapes and trims. Their skills are showcased in the garments designed, knit and finished in tandem with FD 489.

Prerequisite(s): TS 461

Corequisite(s): FD 489.

TT: Textile Technology (See also TS)

TT 055 — Total Quality Management for Textile Products Laboratory

1.5 credits; 3 lab hours

This lab experience accompanies TT455 and applies the concepts addressed in this course. Fabric testing is completed utilizing methodologies approved by relevant national associations and addresses why failures occur and how they can be corrected.

Prerequisite(s): TS 015/155 or TS 111 or TS 122 or TS 132 or approval of chairperson;

Corequisite(s): TT 425.

TT 161 — Sweater Knitting Technology I

3 credits; 2 lecture and 2 lab hours

Principles of design and development of fashioned and full-fashioned knit garments, and capabilities and limitations of flat knitting machines. Students analyze samples, design and lay out samples for various types of flat knitting equipment, and knit fabrics on the laboratory knitting machines.

Prerequisite(s): TS 116 or TS 367 or TT 335 or TS 332 or approval of chairperson.

TT 174 — Fabric Development

3 credits; 2 lecture and 2 lab hours

This course provides a comprehensive study of the composition and functions of knit and woven fabrics used in the apparel and finished textile industries. Knowledge of structural and performance characteristics for knit and woven fabrics is acquired through examination of market samples, and the creation of swatches on hand looms and knitting machines.

Prerequisite(s): TS 015/115 or TS 111 or TS 122 or TS 132 or approval of chairperson.

TT 201 — Fabrics for Private Label/Vertical Retailer

3 credits; 2 lecture and 2 lab hours

This course examines the profitability, serviceability, and produceability of textile products, and their ability to satisfy a target market. Students take on the role of a merchandising adoption committee member, accepting or rejecting fabric and/or finished textile products.

Prerequisite(s): TS 111, or TS 015/115, or TS 122 or TS 132 or approval of chairperson.

TT 202 — Textile Value Chain Marketing: Concept to Consumer

3 credits; 3 lecture hours

This course introduces students to the principles and practices of implementing a successful and sustainable textile value chain and to build students' understanding of key issues to address in marketing management and marketing strategy, and sourcing.

Prerequisite(s): TS 111 or TS 132 or TS015/115 or TS 122.

TT 247 — Color Creation and Sustainable Applications

3 credits; 2 lecture and 2 lab hours

Students learn to utilize specialized color matching and formulation software for shade matching. They learn to source colorants while working with data provided by colorant producers, and compare traditional and low-impact Ecuadorian dyestuffs.

TT 261 — Performance Textiles

3 credits; 2 lecture and 2 lab hours

This course provides students with a broad overview of performance textiles and their varied applications. The fundamental principles of performance textiles and functional finishes are introduced, and the latest developments and relevant technologies are emphasized. Sustainability and emerging regulatory issues are also discussed.

Prerequisite(s): TS 111 or TS 132 or TS 015 or TS 115 or TS 122 or approval of chairperson.

TT 275 — Textile Marketing

3 credits; 3 lecture hours

Studies the textile industry and how its various products are marketed. Case studies involving both fiber producers and textile mills are analyzed. Students examine both the domestic and international textile marketplaces.

TT 276 — Fabrics for Interiors

2 credits; 2 lecture hours

This course introduces students to the market segments and fabrication methods of textile products designed for use in residential and commercial interiors.

TT 299 — Independent Study in Textile Development and Marketing

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Business and Technology.

TT 313 — Textile Fibers

3 credits; 2 lecture and 2 lab hours

Studies the role of textile fibers in the design, styling, and marketing of textile products. Aesthetics, performance, and cost/price relationships are emphasized.

Prerequisite(s): TS 111 or TS 015/115 or TS 122 or TS 132 or approval of chairperson.

TT 325 — Product Development and Market Applications: Wovens I

3 credits; 2 lecture and 2 lab hours

Students learn to identify and analyze standard woven fabrics and the yarns used to weave them. Standard industry procedures and textile production software are used to construct woven fabric simulations suitable for industrial production. Emphasis is on the application of woven structures in current markets.

Prerequisite(s): TS 111 or TS 015/115 or TS 122 or TS 132.

TT 326 — Product Development and Market Applications: Wovens II

3 credits; 2 lecture and 2 lab hours

Advanced principles of woven textile development for dobby and jacquard production. This course builds on knowledge gained in TS 325 to analyze complex color and structure in woven fabrics. Students use professional CAD software and electronic dobby looms in class for woven samples and color simulations.

Prerequisite(s): TT 325.

TT 327 — Woven Product Development I

2.5 credits; 1 lecture and 3 lab hours

This course introduces students to the essentials of manufacturing, specifying, and styling woven textiles. Emphasis is placed on fabric formation principles, and the practical application of woven structures in apparel and home textile markets.

Prerequisite(s): TS 111 or TT 171 or TS 132 or TS 131 or TS 115-015 or TS 122 or TS 114/214.

TT 328 — Woven Product Development II

2.5 credits; 1 lecture and 3 lab hours

This course introduces students to the advanced technical principles of woven fabric production. They analyze, identify, and document a wide range of increasingly complex woven fabric structures using industry-standard techniques and technical software. In laboratory sessions, students develop advanced woven structures for both powerloom, and multi-shaft dobby handlooms. Prerequisite(s): TT 327.

TT 335 — Product Development and Market Applications: Knits I

3 credits; 2 lecture and 2 lab hours

Students learn basic technical principles of weft- and warp-knit structures: the relationships between stitch formation, fabric construction, yarn selection and knitting machinery. Design parameters that affect aesthetics, performance, and cost are studied. Emphasis is placed on the practical application of knitted structures in current markets.

Prerequisite(s): TS 015/115 or TS 111 or TS 122 or TS 132.

TT 336 — Product Development and Market Applications: Knits II

3 credits; 2 lecture and 2 lab hours

This course focuses on advanced technical principles of weft- and warp-knit structures. Design parameters that affect aesthetics, performance, and cost are studied, and emphasis is placed on the practical application of knitted structures in current markets. Students develop and program advanced textured weft structures on industrial CAD workstations.

Prerequisite(s): TT 335.

TT 338 — Product Development and Market Appeal: Weft Knit

2 credits; 2 lecture hours

Through analysis techniques and market research, students identify the physical and aesthetic characteristics of weft-knitted fabrics. Design parameters that affect aesthetics, performance, and cost are studied.

TT 342 — Dyeing and Color Technology

3 credits; 2 lecture and 2 lab hours

Studies the enhancement of textile products through the application of color. Primary emphasis is on commercial textile dyeing and its relationship to fashion colors, application procedures, quality, and marketing principles.

Prerequisite(s): TS 015/115 or TS 111 or TS 122 or TS 132 or approval of chairperson.

TT 343 — Textile Coloration: Principles and Processes

3 credits; 2 lecture and 2 lab hours

This course emphasizes methods for preparation of fabrics prior to coloration, coloration auxiliaries, dye classification and sourcing, coloration theory, coloration of natural and manufactured textiles, modern coloration processes and equipment, color formulation, measurement and matching and sustainable textile coloration. The laboratory part of this course reinforces concepts discussed in lectures.

Prerequisite(s): TS 111, TS 122, TS 132, or TS015/115 or approval of chair.

TT 362 — Textile Finishing - Principles, Practices and Advancements

2 credits; 1 lecture and 2 lab hours

This course provides students with a comprehensive study of the principles and practices of textile finishing technologies, allowing them to evaluate the functionalities and principles of finishes applied to textiles. Both conventional and emerging technologies are discussed. Sustainable textile finishing including regulatory and social compliance are also emphasized.

Prerequisite(s): TS 111 or TS 132 or TS 015 or TS 115 or TS 122 or approval of department chairperson.

TT 381 — Knit Product Development I

2.5 credits; 1 lecture and 3 lab hours

This course presents students with basic technical principles of weft and warp knit structures, including the relationships between stitch formation, fabric construction, yarn selection, and knitting machinery. Parameters that affect aesthetics, performance and cost are studied. Emphasis is placed on the practical application of knitted structures in current markets.

Prerequisite(s): TS 111 or TS 132 or TS 015/115 or TS 122 or approval of chairperson.

TT 382 — Knit Product Development II

2.5 credits; 1 lecture and 3 lab hours

This course presents students with advanced technical principles of weft and warp knit structures, including the relationships between stitch formation, fabric construction, yarn selection, and knitting machinery. Parameters that affect aesthetics, performance and cost are studied. Emphasis is placed on the practical application of knitted structures in current markets.

Prerequisite(s): TT 381.

TT 446 — Textile Finishing Technology

2 credits; 1 lecture and 2 lab hours

Presents the aesthetic and functional values of textile finishing. Finishing methods and their feasibility with respect to appearance, performance expectations, quality, and effect on hand are covered. Emphasis is placed on finish practicality, quality, and longevity.

Prerequisite(s): TS 015/115 or TS 111 or TS 122 or TS 132 or approval of chairperson.

TT 455 — Total Quality Management for Textile Products

1 credit; 1 lecture hour

This course examines the processes required in implementing a TQM plan in a global environment. It addresses the major factors relating to customer satisfaction, including fit and functionality, and the ways in which quality managers interact within the TQM process.

Prerequisite(s): TS 015/115 or TS 111 or TS 122 or TS 132 or approval of chairperson

Co-requisite(s): TT 055.

TT 471 — Technology and Marketing of Printed Textiles

2 credits; 2 lecture hours

Students study the marketing practices as well as the technical considerations of commercially accepted print processes and products. Color palettes, design repeat limitations, and marketing strategies for end-use applications in the apparel and home furnishings industries are emphasized.

Prerequisite(s): TS 015/115 or TS 111 or TS 122 or TS 132 or approval of chairperson.

TT 472 — Hi-Tech Textiles

2 credits; 2 lecture hours

Examines the marketing of hi-tech fabrics. Product applications, major suppliers, technological trends, distribution channels, and industry/government standards are studied. Product development is discussed.

Prerequisite(s): TS 015/115 or TS 111 or TS 122 or TS 132 or approval of chairperson.

TT 474 — Textiles: Domestic and International Markets

3 credits; 3 lecture hours

The American textile complex is examined as an interactive player in a global network of suppliers, production centers, and distribution markets. Primary emphasis is on a study of the international market forces that affect both domestic and off-shore textile product development.

Prerequisite(s): TS 015/115 or TS 111 or TS 122 or TS 132 or approval of chairperson.

TT 476 — Textile Project Development

3 credits; 3 lecture hours

Provides students with a realistic view of the production of a commercially marketable fabric line. Understanding of artistic inspiration, timing, manufacturing, and costing decisions are necessary for successful completion of the final project.

Prerequisite(s): TT 342 and TT 477.

TT 477 — Textile Converting and Costing

3 credits; 2 lecture and 2 lab hours

Studies the principles and practices in purchasing yarn and greige goods for conversion to fashion fabrics. Domestic and global sourcing systems as well as costing procedures are examined.

Prerequisite(s): TT 328 and TT 382.

TT 478 — Presentation and e-Portfolio

1 credit; 2 lab hours

Students are exposed to various techniques for developing digital assets and assembling them into an electronic portfolio. Emphasis is placed on organization, critical thinking, and presentation skills. For their final project, students produce and present an e-portfolio that showcases their textile development and marketing skills.

Prerequisite(s): TT 326 and TT 336 or approval of chairperson.

TT 499 — Independent Study in Textile Development and Marketing

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Business and Technology.

TY: Toy Design

TY 101 — Introduction to Toy Design

1.5 credits; 3 lab hours

This introductory course is designed for students interested in exploring the area of toy design. Students learn the design and invention process, as well as effective ways to visually communicate concepts for toy products. Some drawing skills are needed. (G6: Arts).

TY 311 — Toy Design I

1.5 credits; 3 lab hours

Nurtures and develops creativity as it is applied to toy design. Various techniques for the design of toys are explored and used in practical application.

Co-requisite(s): TY 351.

TY 313 — Soft Toy and Doll Design

3 credits; 6 lab hours

Designing plush toys and dolls from research and development, concept creation, sketching, and patternmaking, to prototype construction and presentation. The study of materials, manufacturing techniques, packaging, and industry requirements, as related to toy design, is stressed.

Prerequisite(s): TY 326.

TY 314 — Professional Practices in Toy Design

1.5 credits; 3 lab hours

This course combines studio work, discussion of trends, consultation with industry professionals, and presentation practice in order to strengthen students' design and marketing skills and develop portfolios to address the needs of the job market. Work focuses on specific design categories according to individual needs.

Prerequisite(s): TY 311, TY 321, TY 322, TY 323, TY 351, TY 362, and SS 232.

TY 321 — Drawing for Toy Design

1.5 credits; 3 lab hours

Development of drawing and rendering skills as the primary tools for conceptual and visual presentation of three-dimensional toy designs.

Co-requisite(s): TY 311 and TY 322.

TY 322 — Marker Rendering

1.5 credits; 3 lab hours

Develops the professional techniques of executing toy design renderings for presentation.

Co-requisite(s): TY 311 and TY 321.

TY 323 — Basic Drafting for Product Design

1.5 credits; 3 lab hours

Establishes basic understanding of mechanical drawing fundamentals and its application to toy design.

Co-requisite(s): TY 351.

TY 325 — Computer-Aided Advanced Drafting for Product Design

1.5 credits; 3 lab hours

Students develop advanced techniques by learning to use the computer as a design and drafting tool. Through demonstrations and in-class assignments, they integrate drafting knowledge with working in a digital environment.

Prerequisite(s): TY 323.

TY 326 — Toy Design I and Product Rendering

3 credits; 6 lab hours

This introductory course explores the design of toys in multiple categories. Students' broaden their ability to visually communicate age-appropriate play patterns, safety requirements, and category expectations. From researching to hand-rendering, they develop original, professional quality toy concepts that use various tools and techniques. Co-Requisite(s): TY 352 & TY 327.

TY 327 — Drafting and Technical Drawing

3 credits; 6 lab hours

This course covers a wide range of industry-relevant drafting and drawing techniques. Students depict objects with a high degree of precision and realism to communicate clearly as design professionals. Industry standard tools for 2D/3D environments are applied to the principles of orthographic projection, isometrics, perspective, scale, light and shadow. Co-Requisite(s): TY 326 & TY 352.

TY 331 — Modelmaking I

2 credits; 4 lab hours

Introduces the process of translating two-dimensional renderings into finished models in clay, wood, styrofoam, or thermoplastics. Vacuum-forming, fabricating, machining, and finishing techniques are presented.

Prerequisite(s): TY 311 and TY 323.

TY 332 — Model Making and 3D Prototyping

3.5 credits; 7 lab hours

This introductory course teaches practical skills and methodologies for translating 2D renderings into finished 3D prototypes. Students utilize digital and physical techniques to create 3D virtual models and actual physical prototypes with functioning mechanisms. Industry concerns such as molding parameters, manufacturing material properties, and child safety are also addressed.

Prerequisite(s): TY 326 & TY 327.

TY 342 — Computer Graphics in Toy Design

2 credits; 1 lecture and 2 lab hours

Students explore the computer as a tool for the presentation, refinement, and most importantly, the stimulation of creative design ideas. The fundamental principles of the two-dimensional bitmap and vector-based graphics using Adobe Photoshop and Illustrator on the Macintosh computer system are introduced.

Prerequisite(s): TY 326.

TY 351 — Product Materials and Safety Considerations

2 credits; 2 lecture hours

Study of the materials, machinery, and methods used to manufacture plastic and nonplastic toys that meet specific design requirements, safety standards, and durability tests cost-effectively.

Co-requisite(s): TY 311 and TY 323.

TY 352 — The Toy Industry: Methods and Materials

3 credits; 2 lecture and 2 lab hours

Students engage in an analysis of various processes within the industry. They examine the properties of plastics and other materials; machinery; methods used in molding, assembly and packaging; and interactive electronics. Industry guests provide an overview of the scope of the trade including design categories, marketing, and safety issues. Co-Requisite(s): TY 326 & TY 327.

TY 362 — The Toy Industry: An Overview

1 credit; 2 lab hours

Introduces scope of the toy industry through its history and development. Provides understanding of the industry's organizational structure, toy categories, marketing techniques, and specific nomenclature. Presentations are made by major toy company executives and retailers.

Co-requisite(s): TY 311.

TY 411 — Toy Design II and Product Update

2 credits; 4 lab hours

Advanced methods for generation of toy design ideas. Emphasizes areas of new toy creation, line extension, and licensing. (G6: Arts)

Prerequisite(s): TY 332.

TY 414 — Games

1.5 credits; 3 lab hours

Game theory and logic are studied and applied to the design of games with special regard to such factors as age, play pattern, three-dimensional skills, action, strategy, and psychology. Emphasizes the successful execution and presentation of game concepts.

Prerequisite(s): TY 411 and TY 421.

TY 416 — Hard Toy: Design

1.5 credits; 3 lab hours

The design component of creating hard toys, this course offers students the experience of designing toys from among the major toy categories. Drawing and presentation are stressed as an integral part of the product development process, underscoring the importance of the relationship between form and function. (G6: Arts)

Prerequisite(s): TY 311, TY 325, TY 331 and TY 351

Co-requisite(s): TY 417.

TY 417 — Hard Toy: Engineering

1.5 credits; 3 lab hours

The engineering component of creating hard toys, this course offers students the experience of designing toys from among the major toy categories. The technical aspects of toy product development are stressed, helping students give form to their concepts while meeting standard manufacturing criteria.

Prerequisite(s): TY 311, TY 325, TY 331, and TY 351

Co-requisite(s): TY 416 and TY 431.

TY 418 — Licensed Product Design

1.5 credits; 3 lab hours

Providing a link between the creative ideas generated by students and the realities of the toy industry, this course introduces the licensed product category. Students build upon character ideas developed in previous courses to reconceptualize them in the context of licensed products.

Prerequisite(s): TY 311, TY 313, TY 325, TY 331, TY 342, and MK 301.

TY 421 — Advanced Hard Toy: Design & Engineering

5 credits; 10 lab hours

Students design, engineer and fabricate fully functioning 3-dimensional plastic toy prototypes including functioning mechanisms. Focusing on product with highly demonstratable features, students create toys from among the major categories, considering product development issues, finishing techniques and presentation. They complete digital representation including 3D assemblies and photo-realistic renderings and engineering drawings.

Prerequisite(s): TY 332 & TY 352.

TY 431 — Modelmaking II

2 credits; 4 lab hours

Advanced study of toy modelmaking techniques and equipment. Working from individual concept sketches, students refine modelmaking skills by producing their own finished prototypes.

Prerequisite(s): TY 331 and TY 351

Co-requisite(s): TY 416 and TY 417.

TY 442 — Advanced Computer Graphics in Toy Design

2 credits; 1 lecture and 2 lab hours

Offered in conjunction with GD 407, this course introduces the principles of three-dimensional computer graphics and digital book design. Students build a three-dimensional model based on their soft toy designs and the character in preparation for inclusion in their digital books.

Prerequisite(s): TY 313, TY 332 and TY 342.

TY 444 — Photorealistic Product Communication

2 credits; 1 lecture and 2 lab hours

Students develop the ability to transform hand-drawn images into a near-photorealistic digital representation of product using tools in the latest version of Adobe Creative Suite. They gain a full understanding of how to represent material, texture, light/shadow, and reflection and the skills necessary to represent these qualities in their designs.

Prerequisite(s): TY 342.

TY 461 — Business Practices for the Toy Industry

2 credits; 2 lecture hours

Addresses the legal, ethical, and practical considerations involved in selling or licensing a toy design. Topics include patent, trademark, and copyright law; disclosure and licensing agreements; corporate and agency structure.

Prerequisite(s): TY 352 and TY 411.

TY 462 — Professional Portfolio Development

2 credits; 4 lab hours

Students analyze, position, and develop their portfolios for placement in an appropriate venue. A combination of studio work, marketing trend analysis, consultation with industry professionals, and presentation practice guides students toward a focused goal.

Prerequisite(s): TY 442

Co-requisite(s): TY 493.

TY 463 — Storybook Design and Licensed Product

3 credits; 6 lab hours

Students apply the conceptual elements of the graphic design process to write, design and illustrate a children's book about the promotional soft toy character designed in TY 313. They create licensed product designs as an integral part of the storybook to extend the life of the original toy.

Prerequisite(s): TY 313, TY 342, MK 301, & TY 332.

TY 467 — Professional Portfolio

4.5 credits; 9 lab hours

Students analyze, position, and develop their portfolios to align with their chosen disciplines. This course combines studio work, discussion of marketing trends, and presentation practice. Students create concepts guided by their goals, developing their ability to transform hand-drawn images into near-photorealistic digital representations of product in 2D and 3D environments.

Prerequisite(s): TY 342, TY 411, TY 421, TY 442, and SS 232.

TY 491 — Summer Internship: Toy Design

4 credits

A summer internship in industry, scheduled individually for a minimum of 168 hours at the worksite and 12 hours on campus. Includes a pre- and post-internship seminar. Completion of a daily journal, a written and oral report on the experience, and a portfolio of work is required.

Applications must be submitted in spring semester prior to acceptance into the program.

Prerequisite(s): TY 313 and TY 332.

TY 493 — Senior Project: Design

1.5 credits; 3 lab hours

The design component of the senior project, this course offers senior students the opportunity to individually design and present products from two of the major toy categories. Demands and restrictions of the toy industry are simulated by industry representatives who present students with actual market criteria.

Prerequisite(s): TY 411, TY 416, TY 417, and TY 431.

VP: Visual Presentation and Exhibition Design

VP 211 — Styling, Prop and Set

2 credits; 1 lecture and 2 lab hours

This course explores styling opportunities in a range of media through lectures, demonstrations, and projects. Students are introduced to design and fabrication techniques for props and environments for photography and video productions. Assignments include creation of a temporary studio set, set and prop styling, styling for portraits, and scouting for props.

VP 301 — Overview of Visual Presentation and Exhibition Design

2 credits; 1 lecture and 2 lab hours

An overview of the visual presentation and exhibition design profession, this course focuses on the historical, social, artistic, commercial, and technical trends and developments over the past 100 years. Highlights include retail design, trade shows, expositions, and museum exhibition design.

VP 311 — Space and Environment for Visual Presentation and Exhibition Design

2 credits; 1 lecture and 2 lab hours

Students develop concepts and designs for presentation environments for trade shows and galleries. Designing free-standing installations, as well as tailoring an installation to an existing gallery, are emphasized.

VP 312 — Product Presentation

2 credits; 1 lecture and 2 lab hours

This course is an introduction to the process of developing design concepts for products and brands in visual merchandising. Students explore techniques through a series of projects that visually motivate consumers. They assemble design combinations and learn to construct effective merchandise presentations for the consumer and marketplace.

VP 313 — Visual Presentation in In-Store Design

2 credits; 1 lecture and 2 lab hours

This course encompasses design for visual merchandising and the related area of point-of-purchase display. Store, fixture, and point-of-purchase design is applied to commercial environments.

Prerequisite(s): VP 311

Co-requisite(s): VP 332.

VP 314 — Mannequin Presentation for Retail and Exhibitions

2 credits; 1 lecture and 2 lab hours

This course traces the development of materials and production used in mannequin making. It explores the various factors influencing mannequin design, such as fashion and celebrity.

VP 321 — Visualization and Sketching for Design

2 credits; 1 lecture and 2 lab hours

In this course, students strengthen and develop their drawing skills for two-dimensional visualization and three-dimensional concepts, with an emphasis on hand drawing. Students draw inspiration from a variety of sources, including imagination, drawings, and photographs.

VP 331 — Three-Dimensional Construction for Visual Presentation and Exhibition Design

2 credits; 1 lecture and 2 lab hours

This course introduces students to the workshop environment, safe practices, and techniques for design and production of three-dimensional presentation structures. The creation of scale models, props, and related components is addressed through lectures, demonstrations, and hands-on practice.

VP 332 — Merchandising Lab for In-Store Design

1 credit; 2 lab hours

Through hands-on visual merchandising exercises, in this lab students execute product placement, key item initiatives, and fashion stories, and create soft and hard line product arrangements for brands.

Co-requisite(s): VP 313.

VP 341 — Graphic Strategy for Visual Presentation

2 credits; 1 lecture and 2 lab hours

Students study innovative graphic strategies to unify the visual presentation of merchandise in a retail environment. Focus is placed on the integration of graphics into a retail space to enhance the shopping experience. The process of concept development, as well as proposal preparation, schedules, techniques, materials, budget, production, and sources, are covered.

VP 411 — Interpretive Exhibition Design

2 credits; 1 lecture and 2 lab hours

Designing exhibitions for museums and interpretive and science centers, students strengthen their research skills while exploring interactive and multimedia techniques, and develop projects from concept through proposal. Topics include specialty lighting, sound, working with fabricators, and audience and visitor studies.

Prerequisite(s): DE 226

Co-requisite(s): VP 441.

VP 412 — Senior Design Project

4 credits; 1 lecture and 6 lab hours

In this capstone project, students select an area of focus from retail, museum, trade show, or showroom. Research, inquiry, and writing conducted in the seventh semester are solidified and applied to a design project. Students work with the instructor and industry mentors to create presentations, documentation, and prototypes.

Prerequisite(s): VP 411.

VP 421 — CAD for Visual Presentation III

2 credits; 1 lecture and 2 lab hours

Students advance their intermediate Vectorworks skills in the areas of modeling, rendering, data management, and document output. Hybrid modeling techniques, advanced rendering tools and options, data handling for schedules and reports, and the ability to produce appropriate output for clients, contractors, and associates are covered.

Prerequisite(s): DE 226.

VP 431 — Prop and Set Design

2 credits; 1 lecture and 2 lab hours

This course introduces design and fabrication techniques for creating custom props and environments used in store windows and other exhibition settings. Students build props, backdrops, and three-dimensional sets using a variety of materials to obtain realistic or fantasy effects. Special effects, LED lighting, and the use of motors are also covered.

VP 432 — Store Window Presentation

2 credits; 1 lecture and 2 lab hours

Students learn how to design and execute store window displays in various large-scale settings including department stores, boutiques, malls, and specialty stores. Studio skills and techniques are employed using tools for hard and soft good displays. Students practice industry standard merchandise techniques using mannequins, props, and fixtures to clearly communicate the store image, promotion, or trend.

VP 433 — Advanced Store Design

2 credits; 1 lecture and 2 lab hours

Guided by industry members, students deepen their understanding of in-store design. Specific retailers provide merchandising challenges for them to address. Emphasis is placed on innovation, technical skills, and analysis of research. Students generate design books, digital documentation, floor plans, elevations, and graphic materials, as well as models, to formally show their designs.

Prerequisite(s): VP 313.

VP 441 — Interpretive Exhibition Graphics

2 credits; 1 lecture and 2 lab hours

This course explores the role of graphics as an integral component of exhibition design. Graphics are developed concurrently with exhibit design concepts from VP 411. Through lectures, readings, and museum visits, students learn how graphics are used to create a comprehensive identity for the exhibition.

Prerequisite(s): VP 341

Co-requisite(s): VP 411.

VP 461 — Portfolio and Professional Presentation

2 credits; 1 lecture and 2 lab hours

This course examines the critical thinking skills required to produce a portfolio, resume, and self-promotional marketing materials. Students develop career goals, job-seeking research and professional networking skills, and interviewing techniques for the visual presentation and exhibition design field.

BA, Skidmore College

Dirrane Cove, Director of Corporate and Foundation Relations

BA, Connecticut College, MS, Columbia University

Kenneth Lam, Director for Alumni Relations

BA, EdM, State University of New York, University at Buffalo

ENROLLMENT MANAGEMENT AND STUDENT SUCCESS

Kelly Brennan, Vice President for Enrollment Management and Student Success

BA, MA, PhD, University of Alabama

Terence Peavy, Assistant Vice President for Enrollment Management and Student Success

BA, York College, MEd, Fordham University

Shadia Sachedina, Dean of Students and Assistant Vice President for Enrollment Management and Student Success

BA, State University of New York, Stony Brook, MS, Baruch College, City University of New York, EdD, New York University

Suzanne McGillicuddy, Assistant Dean of Students

BA, University of Vermont, MS, University of Rhode Island

Directors and Coordinators

Rita Cammarata, Associate Professor-Director, Registration and Records

BA, John Jay College of Criminal Justice, City University of New York, MSED, Bernard M. Baruch College, City University of New York

Magda Francois, Assistant Professor-Acting Director, Admissions and Strategic Recruitment

BS, Fashion Institute of Technology, MPS, State University of New York at New Paltz

Mina Friedmann, Professor-Director, Financial Aid

BA, The City College, City University of New York, MPS, New York Institute of Technology, 2005-06 State University of New York Chancellor's Award for Excellence in Professional Service

Terry Ginder, Assistant Professor-Director, Counseling Center

BA, East Stroudsburg University, MSW, Marywood University

Ann Marie Grappo, Director, Residential Life

BA, Herbert H. Lehman College, City University of New York, MSW, Hunter College, City University of New York

Keith Heron, Director, Athletics and Recreation

AA, Nassau Community College, BA, Queens College, MS Ed, CW Post

Anne Miller, Director, Health Services

BSN, MSN, State University of New York at Stony Brook

Taur D. Orange, Assistant Professor-Director, Educational Opportunity Programs

BA, Wesleyan University, MPS, New York Institute of Technology, 2003-04 State University of New York Chancellor's Award for Excellence in Professional Service

Joseph Plutz, Coordinator, Disability Services

BA, North Central College, MA, City University of New York School of Professional Studies

Erika Rohrbach, Associate Professor-International Student Advisor, Assistant Director of Admissions

BA, Ursinus College, MA, Columbia University

Michelle Van-Ess, Associate Professor-Director, Student Life

BA, Fairleigh Dickinson, MA, New York University

Non-Classroom Faculty

Susan Breton, Associate Professor-Counselor

BA, Bennington College, MA, Wesleyan University, PhD, Clark University

Amber Carpenter-Lagattuta, Associate Professor-Assistant Director, Registration and Records

BA, State University of New York at Albany, EdM, EdD, Rutgers, The State University of New Jersey

Mercedes Cepeola, Instructor-Admissions Counselor

BA, Binghamton, MSED, City University of New York, Brooklyn College

Barry R. Fischer, Professor-Assistant Director, Financial Aid

BA, State University of New York at Stony Brook, MA, Eastern Michigan University, 2008-09 State University of New York Chancellor's Award for Excellence in Professional Service

Helena Diamant Glass, Associate Professor-Registrar

BA, MA, New York University, Certificate, University of Toronto

Patrice Goumba, Associate Professor-Financial Aid Counselor

BS, MS, Adelphi University, MPM, Keller Graduate School of Management

Elizabeth S. Grubic, Assistant Professor-Admissions Counselor

BFA, Indiana University, MFA, Queens College, City University of New York

Ellyn M. Halpern, Assistant Professor-Registrar

AAS, Kingsborough Community College, City University of New York, BS, Empire State College, MS in Ed, Bernard M. Baruch College, City University of New York

Percuss H. Jonas-Atteloney, Assistant Professor, Registration and Records

BS, York College, City University of New York, MSED, Bernard M. Baruch College, City University of New York

Fran Kalish, Assistant Professor-Financial Aid Counselor

BS, MS, Bernard M. Baruch College, City University of New York

Laura Kleinman, Assistant Professor-Counselor

BA, Clark University, MSW, Simmons College

Catherine Lavelle, Assistant Professor-Admissions Counselor
BS, Virginia Commonwealth University, MA, Lesley University

Frank Mitchell, Assistant Professor-Admissions Counselor
BA, Wilkes University, MEd, Bernard M. Baruch College, City University of New York

Andrew Omotoso, Assistant Professor-Registrar
BA, University of London, MA, EdD, Teachers College, Columbia University, MDiv, Nyack College

Ellen Simpao, Adjunct Assistant Professor-Counselor to Students
BS, Loyola University, MA, EdM, Teachers College, Columbia University, PhD, Long Island University

Ilna Tykotski, Adjunct Assistant Professor-Financial Aid Counselor
BA, Montclair State University, JD, New York Law School

Rajasekhar R. Vangapaty, Assistant Professor-Registrar
B Erigg, Osmania University, India, MTech, Institute of Technology, India, Diplome d'Ingenieur Expert, Institut National Polytechnique de Lorraine, France, MS, Lehman College, City University of New York

Arnaldo Vidal, Assistant Professor-International Student Advisor
BA, University of Puerto Rico, MA, Teachers College, Columbia University

Sally White, Professor-Registrar
BA, St. Thomas Aquinas College, MBA, Bernard M. Baruch College, City University of New York

Liza Wolsky, Assistant Professor-Counselor to Students
BSW, MSW, New York University, Certificate, Gestalt Association for Psychotherapy Institute

Jen-Mai Wong, Assistant Professor-Counselor
BA, University of Alberta, PSYD, Rutgers, The State University of New Jersey

Residential Life

Gabrielle Arthurton-Crumb, Assistant Director, Outreach and Judicial Affairs
BA, MSW, Fordham University

Angela Brown, Resident Counselor
BS, MS, University of Buffalo

Jocelin Engle, Resident Counselor
BS, Fashion Institute of Technology

Tara Pieratti, Resident Counselor
BFA, Fashion Institute of Technology, MA, Teachers College, Columbia University

FINANCE AND ADMINISTRATION

Sherry Brabham, Treasurer and Vice President for Finance and Administration
BA, University of North Carolina, MDiv, Princeton Theological Seminary

Mark Blaifeder, Assistant Vice President for Finance
BA, Queens College, City University of New York, MILR, Cornell University

Natalie Polvere, Acting Assistant Vice President for Administration
BS, Columbia University, MBA, Baruch College, City University of New York

Mario Cabrera, Director for Public Safety
BA, John Jay College

William Hanauer, Acting Bursar
BS, Brooklyn College, City University of New York

George Jefremow, Executive Director, Facilities
BS, New Jersey Institute of Technology

John Johnston, Controller/Assistant Treasurer
BS, United States Naval Academy, MBA, George Washington University

June Ng, Director, Space Management and Planning
BA, State University of New York at Geneseo

Angela Palumbo, Director, Payroll
CEP, BS, College of Saint Elizabeth

Nancy Su, Director, Budget
BA, Harvard-Radcliffe College, MPPM, Yale University

GENERAL COUNSEL

Stephen P. Tuttle, General Counsel and Secretary of the College
BA, Franklin and Marshall College, JD, Syracuse University

Rina Grassotti, Associate General Counsel
BA, University of Massachusetts, JD, Seton Hall

Tejuana Roberts, Assistant General Counsel
BS, State University of New York at Binghamton, JD, Cornell Law School

Brittany Schoepp-Wong, Assistant General Counsel
BS, University of Wisconsin-Madison, JD, Columbia University School of Law

HUMAN RESOURCES

Brenda Smith, Interim Vice President for Human Resource Management and Labor Relations
BS, Northern Arizona University, MA, Northeastern University, JD, New England School of Law

Karen Yuen, Assistant Vice President for Human Resources and Labor Relations
BA, Pace University, MS, The New School

Michele Davis, Director, Compensation and Benefits
BA, Temple University

Tara Kaplan, Director, Human Resource Information Technology
BA, Hofstra University

Eric Odin, Director, Human Resource Services
BA, Northwestern University, MA, George Mason University, JD, George Washington University

Delica M. Reduque, Acting Director, Employee and Labor Relations
BFA, Pratt Institute, MEd, Baruch College, City University of New York, Certificate in Contract Administration Studies, Cornell University

INFORMATION TECHNOLOGY

Greg Fittinghoff, Acting Vice President for Information Technology and CIO
BS, Iona College, MS, Iona College

Van Buren Winston, Jr., Assistant Vice President for Software Services and Information Access
BS, Stevens Institute of Technology, Certificate, Management Program for Executives, University of Pittsburgh

THE MUSEUM AT FIT

Valerie Steele, Director, The Museum at FIT
BA, Dartmouth College, MA, PhD, Yale University

Patricia Mears, Deputy Director, The Museum at FIT
BA, MBA, The George Washington University, MA, Fashion Institute of Technology

EMERITI ASSOCIATES

Alan Fishman, Professor Emeritus of Fine Arts 1968-1991
BFA

Eleanor L. Fried, Professor Emeritus of Illustration 1947-1973
BA

Barry S. Ginsburg, Professor Emeritus of Science and Mathematics 1956-1992
BA, MA, EdD

Newton Godnick, Professor Emeritus of Fashion Buying and Merchandising 1963-1992
BS, MS

Hilde W. Jaffe, Professor Emeritus of Fashion Design 1959-1992
AAS, BA

Humayun Kabir, Adjunct Instructor, Social Science, MA, The City College of New York, City University of New York

Robert Kahn, Adjunct Assistant Professor, Computer Graphics, BFA, New York University

Georgia Kalivas, Adjunct Associate Professor, Textile Development and Marketing, AAS, BS, Fashion Institute of Technology, State University of New York, MAEd, National Louis University

Takashi Kamiya, Professor, Interior Design, AAS, BFA, Fashion Institute of Technology, State University of New York, IDEC, IIDA, NCIDQ, 2015-16 State University of New York Chancellor's Award for Excellence in Teaching

Courtney Kampa, Adjunct Instructor, English and Communication Studies, BA, University of Virginia, MFA, Columbia University

Brian Kaplan, Adjunct Instructor, Interior Design, BArch, Pratt Institute

Susan Kaplan, Adjunct Instructor, Interior Design, BA, BArch, The City College of New York, City University of New York

Stacey Karesh, Adjunct Assistant Professor, Advertising and Marketing Communications, BS, University of South Carolina

Eileen Karp, Assistant Professor and Chairperson of the Department, Fashion Design, AAS, Fashion Institute of Technology, State University of New York, BS, North Dakota State University, MSED, Certificate, California State University, East Bay

Rebecca Karpus, Adjunct Assistant Professor, Internship Studies, BFA, Pratt Institute

Arnold Karr, Adjunct Assistant Professor, Advertising and Marketing Communications, BA, Carnegie Mellon University

Mary Kassner, Adjunct Assistant Professor, Production Management, AAS, BS, Fashion Institute of Technology, State University of New York, MBA, Dowling College

Yoko Katagiri, Adjunct Instructor, Social Science, MPhil, The City College of New York, City University of New York

Terry Katz, Adjunct Instructor, Advertising and Marketing Communications, BS, New York Institute of Technology, MA, New York University

Bernard Kaufman, Adjunct Instructor, Fashion Business Management, BS, Long Island University

Yuniya Kawamura, Professor, Sociology, Diploma, Bunka School of Fashion, Japan, AAS, Fashion Institute of Technology, BA, Sophia University, Japan, MA, PhD, Columbia University, 2006-07, State University of New York Chancellor's Award for Excellence in Scholarship and Creative Activities

Michael Keenan, Adjunct Instructor, English and Communication Studies, BA, State University of New York at Binghamton, MFA, Brown University

Rebecca Kelly, Professor, Fashion and Textile Studies, Adjunct Instructor, History of Art, BA, MS, University of Rhode Island

Arnetta Kenney, Adjunct Assistant Professor, Textile/Surface Design

Elizabeth Kenney, Adjunct Instructor, Textile/Surface Design, BFA, California State University

Barbara Kerin, Assistant Professor, Fashion Design, BFA, Washington University, MS, Bank Street College of Education, Parsons School of Design

Amish Khalfan, Adjunct Instructor, Science and Math, BA, Hunter College, City University of New York, PhD, The Graduate School and University Center, City University of New York

Joseph Kilrain, Adjunct Instructor, Communication Design, AS, Art Institute

Julia Kim, Instructor, Math, MA, MS, Teachers College, Columbia University

Jennifer Kim, Adjunct Instructor

Elvin Kince, Associate Professor, Communication Design, Graphic Design, BFA, University of Cincinnati, MFA, Yale University School of Art

Kenneth D. King, Adjunct Instructor, Fashion Design, BFA, Central State University

Anna Kiper, Adjunct Assistant Professor, Fashion Design, AAS, Fashion Institute of Technology, BFA, Moscow College of Art and Technology

David S. Klein, Adjunct Instructor, Entrepreneurship, MBA, American University

Daniel Klein, Adjunct Instructor, Fashion Business Management, BA, Fairfield University, MPS, Iona College

Nomi Dale Kleinman, Assistant Professor, Textile/Surface Design, BFA, Rhode Island School of Design

Stanley Kleinman, Adjunct Assistant Professor, Fashion Business Management, BBA, The City College, City University of New York

Marianne Klimchuk, Professor and Associate Chairperson of the Department, Packaging Design, BA, Wesleyan University, MS, Pratt Institute, 2004-05 State University of New York Chancellor's Award for Excellence in Teaching

Stanley Klotz, Adjunct Assistant Professor, Fashion Business Management

Eva Kneip, Adjunct Instructor, Science and Math, BBA, University of Wisconsin Oshkosh, MS, University of Florida

Patrick Knisley, Assistant Professor, English and Communication Studies, and Acting Dean of Liberal Arts, AB, Harvard College, MA, PhD, University of Colorado

Johannes Knoops, Associate Professor, Interior Design, BArch, Pratt Institute, MArch, Yale University, AIA, FAAR

Nobuko Kodama, Adjunct Instructor, Modern Languages and Cultures, MA, Seton Hall University, MA, City University of Seattle, PhD, New York University

Shelley E. Kohan, Instructor, Fashion Business Management, AAS, Fashion Institute of Technology, State University of New York, BS, University of San Francisco

Lauren Kois, Adjunct Instructor, Social Sciences, BA, James Madison University, MA, New York University

Anthony Kokinos, Adjunct Assistant Professor, Illustration

William Kommalan, Adjunct Instructor, Fashion Design, BFA, Rhode Island School of Design

Anne Kong, Associate Professor, Visual Presentation and Exhibition Design, AAS, Fashion Institute of Technology, State University of New York, BS, State University of New York, Empire State College

Harriet Korman, Adjunct Assistant Professor, Fine Arts, BA, Queens College, City University of New York

Ray Kosarin, Adjunct Instructor, Computer Graphics, BA, Princeton University

Igor Kozlenko, Adjunct Assistant Professor, Menswear, BA, Odessa Fashion School of Design and Tailoring

Sandra Krasovec, Professor, Packaging Design, BFA, Northern Illinois University, 2006-07 State University of New York Chancellor's Award for Excellence in Teaching

Jonathan Kravetz, Adjunct Instructor, English and Communication Studies, MA, New York University

Richard Krisburg, Adjunct Instructor, Advertising and Marketing Communications, BA, MBA, State University of New York at Binghamton

Ken Krug, Adjunct Assistant Professor, Textile/Surface Design, BFA, San Francisco Art Institute

Su Ku, Adjunct Instructor, Fashion Design, AAS, Fashion Institute of Technology, State University of New York, BA, Yale University, MA, Harvard University, MA, Columbia University

Thaddeus Kubis, Adjunct Instructor, Advertising and Marketing Communications, BA, University of Massachusetts at Amherst

Maxime Kudinov, Adjunct Instructor, Science and Math, BS, City University of New York

Mark Kurdziel, Adjunct Instructor, Fine Arts, BFA, Fashion Institute of Technology, State University of New York

Amy Kurzweil, Adjunct Instructor, English and Communication Studies, BA, Stanford University

Nawshin Kutub, Adjunct Instructor, Social Science, BA, Barnard College

Judy Kwong-chen, Adjunct Instructor, Fashion Business Management, BA, Baruch College, City University of New York

Victor La, Adjunct Instructor, Science and Math, BS, University of California at Riverside

Bernadette La Borne, Adjunct Instructor, Advertising and Marketing Communications, MA, Baruch College, City University of New York

Robert Lafayette, Adjunct Instructor, Direct and Interactive Marketing, BBA, Pace University, MBA, Fairleigh Dickinson University, MEd, MPhil, PhD, Columbia University

Ray Lago, Adjunct Instructor, Illustration, BFA, Kean University

Chad Laird, Adjunct Assistant Professor, History of Art, AA, Pensacola Jr. College, BA, Florida State University, MA, Stony Brook, State University of New York

Paul Jeffrey Lamarre, Adjunct Instructor, Computer Graphics, BA, Pennsylvania State University

Gary L. Lampley, Adjunct Assistant Professor, Fashion Business Management, BS, University of Tennessee, MA, Empire State College, State University of New York

Sonja Lamut, Assistant Professor, Illustration, BFA, University of Arts, Belgrade, Yugoslavia, MFA, Hunter College, City University of New York

Darra Landman, Adjunct Assistant Professor, English and Communication Studies and Educational Skills, BA, University of California at Los Angeles, MA, University of California at Irvine

Gloria Lang, Adjunct Assistant Professor, Home Products Development, BS, Cornell University

Lawrence Langham, Associate Professor, Visual Presentation and Exhibition Design, BID, Pratt Institute

Michael Laphorn, Adjunct Instructor, Exhibition Design, MFA, New York University

William Larmer, Adjunct Instructor, Fashion Design, AAS, Fashion Institute of Technology, State University of New York

John Larosa, Adjunct Instructor, Advertising and Marketing Communications, BBA, Baruch College, City University of New York

Roy Lau, Adjunct Instructor, Production Management, BA, BS, Polytechnic Institute of New York University

Eric Kwan Ta Lau, Adjunct Instructor, Communication Design, BFA, Parsons School of Design

Athena Lazarides, Adjunct Instructor, Fashion Business Management, BA, Queens College, City University of New York, MIA, Columbia University

Neal Leavitt, Adjunct Instructor, Fashion Business Management, AAS, Fashion Institute of Technology, State University of New York, BS, Central Connecticut State University

Shannon M. Leddy, Adjunct Instructor, Interior Design, AAS, BFA, MA, Fashion Institute of Technology, State University of New York

Dennis Lee, Adjunct Assistant Professor, Textile/Surface Design and Fabric Styling, AAS, Broome Community College at Binghamton, AAS, Fashion Institute of Technology, State University of New York, BS, Empire State College, State University of New York

Mary Ann Lee, Adjunct Assistant Professor, Patternmaking Technology, BA, University of Washington

Jea Ho Lee, Adjunct Instructor, Fashion Design, BFA, Fashion Institute of Technology, State University of New York

Sophia Lee, Adjunct Instructor, Fashion Design, BFA, Fashion Institute of Technology, State University of New York

Jee-eun Lee, Adjunct Instructor, Communication Design, AAS, BFA, Fashion Institute of Technology, State University of New York

Yumi Lee, Adjunct Instructor, Science and Math, MA, Columbia University

Yvonne Lee-Urena, Adjunct Assistant Professor, Fashion Design

Ronald Lem, Adjunct Instructor, Interior Design, BArch, Pratt Institute, MS, Columbia University

Joseph Lembo, Assistant Professor, Interior Design, BFA, New School University

John Lembo, Adjunct Instructor, Educational Skills, MA, Hunter College, City University of New York

Josef Zutelgte, Adjunct Assistant Professor, Fine Arts, MA, University of Munster, Germany, MA, City College of New York, City University of New York

CLASSROOM ASSISTANTS

Norbert Bogner, Textile Development and Marketing, AAS, Fashion Institute of Technology, State University of New York

Anthony Capone, Textile/Surface Design, AAS, Fashion Institute of Technology, State University of New York

Kathryn Malik, Textile Development and Marketing, AAS, BS, Fashion Institute of Technology, State University of New York

Brian McElroy, Advertising and Marketing Communications, Certificates in Video Production and Video Engineering, Center for the Media Arts

Michella Peck, Advertising and Marketing Communications, BFA, New York University

Hermes Torres, Jr., Adjunct Assistant Professor, Textile/Surface Design, AAS, BFA, Fashion Institute of Technology, State University of New York, MFA, The City College, City University of New York

State University of New York

State University of New York's 64 geographically dispersed campuses bring educational opportunity to virtually all New Yorkers and comprise the nation's largest comprehensive system of public higher education. Founded in 1948, with the consolidation of 29 state-operated but unaffiliated institutions, the state university has grown to a point where its impact is felt educationally, culturally, and economically the length and breadth of the state.

More than 467,000 students are pursuing traditional study in classrooms and laboratories or are working at home, at their own pace, through such innovative institutions as the SUNY Learning Network and Empire State College, for more than 25 years a leader in non-traditional education, distance learning, and assessment of prior learning. The state university's students are predominantly New York State residents. They also come from every other state in the United States, from four U.S. territories or possessions, and from 160 foreign countries. The university passed a major milestone in the mid-1980s when it graduated its one-millionth alumnus, and currently numbers 2.7 million graduates on its rolls.

The state university enrolls close to 40 percent of all New York State high school graduates, and its total enrollment is more than 467,000 (full-time and part-time). Because of its structure and comprehensive programs, the state university offers students a wide diversity of educational options: short-term vocational/technical courses, certificate programs, baccalaureate degrees, graduate degrees, and post-doctoral studies. The university offers access to almost every field of academic or professional study somewhere within the system—more than 7,000 programs of study overall.

As part of the university's commitment to bring to the students of New York the very best and brightest scholars, scientists, artists, and professionals, the state university's distinguished faculty is recruited from the finest graduate schools and universities throughout the United States and many countries around the world, and includes nationally and internationally recognized figures in all the major disciplines. Their efforts are regularly recognized in numerous prestigious awards and honors, including the Nobel Prize.

The state university's research contributions are helping to solve some of today's most urgent problems. At the same time, contracts and grants received by university faculty directly benefit the economic development of the regions in which they are located. State university researchers pioneered nuclear magnetic resonance imaging and the supermarket bar code scanner, introduced time-lapse photography of forestry subjects, isolated the bacteria that causes Lyme disease, and developed the first implantable heart pacemaker. Other university researchers continue important studies in such wide-ranging areas as breast cancer, immunology, marine biology, sickle-cell anemia, and robotics, and make hundreds of other contributions, inventions, and innovations for the benefit of society.

The University's program for the educationally and economically disadvantaged, consisting of Educational Opportunity Programs (EOP) and Educational Opportunity Centers (EOC), has become a model for delivering better learning opportunities to young people and adults traditionally bypassed by higher education.

The 30 locally sponsored two-year community colleges operating under the program of the state university offer local citizens programs that are directly and immediately job-related as well as degree programs that serve as job-entry educational experience or a transfer opportunity to a baccalaureate degree at a senior campus.

In 1998, the governor and the legislature approved a multi-year, \$2 billion capital construction program for the university. This investment in critical maintenance will protect the university's infrastructure, valued at nearly \$11 billion, and enable the university to keep pace with modern technology for the benefit of its students and faculty. As a public university, the State University of New York has a special responsibility to make its rich and varied resources accessible to all.

In 1995, the board of trustees developed the document Rethinking SUNY, in response to a call from the legislature for a "multiyear, comprehensive system wide plan to increase cost efficiency." Underlying Rethinking SUNY is the theme of increasing efficiency by empowering campuses to manage directly more of their academic and financial affairs and by eliminating disincentives to the prudent use of campus and system resources.

In 2010, the university launched The Power of SUNY, a strategic plan that calls for the system's campuses to lead New York's economic revitalization through such innovations as increased entrepreneurial opportunities, an urban-rural teacher corps, more distance learning, and a health care report, SUNY Scale, that would document progress in combating obesity or chronic illnesses. The university's economic development services programs provide research, training, and technical assistance to the state's business and industrial community through Business and Industry Centers, the New York State Small Business Development Center, the Strategic Partnership for Industrial Resurgence, Rural Services Institutes, the Trade Adjustment Assistance Center, Technical Assistance Centers, Small Business Institutes, Centers for Advanced Technology, and international development.

State University of New York is governed by a board of trustees, appointed by the governor, which directly determines the policies to be followed by the 34 state-supported campuses. Community colleges have their own local boards of trustees whose relationship to the state university board is defined by law.

The university's motto is "To Learn, To Search, To Serve."

- * The Health Sciences Centers at Buffalo and Stony Brook are operated under the administration of their respective University Centers.
- ** This is an upper-division institution authorized to offer baccalaureate and master's degree programs.
- *** These operate as "contract colleges" on the campuses of independent universities.
- *** While authorized to offer such baccalaureate and master's degree programs as may be approved pursuant to the provisions of the Master Plan in addition to the associate degree, the Fashion Institute of Technology is financed and administered in the manner provided for community colleges.
