

Mathematics, Minor

A minor in mathematics will help you become a better problem solver. Whatever your major, learning mathematics will enhance your skill set and make you more attractive to employers. Analytical skills are valued in the work place now more than ever. A mathematics minor makes sense.

The following requirements below are intended for students declared after Fall 2022. If you have already declared your minor, please speak to your academic advisor for assistance.

Minor Coordinator:

Lasse Savola

lasse_savola@fitnyc.edu

Required:

MA 331 Calculus 3

MA 332 Calculus II 3

Choose three courses:
