

Digital Typography Minor

As an essential part of digital design, typography can make the text more readable and accessible, convey a brand's identity and values, and be used to create a visually appealing and user-friendly interface. This minor has a flexible curriculum designed to help students in the School of Art & Design obtain an advanced understanding of applied typography, brand typography, and digital typeface design for the digital age.

To declare your minor, please speak to your academic advisor for assistance.
