Fashion Institute of Technology
The Fashion Institute of Technology (F.I.T.®) is where creativity gets down to business. A selective State University college of art and design, business and technology, FIT offers more than 40 programs of study leading to the Associate in Applied Science, Bachelor of Fine Arts, Bachelor of Science, Master of Arts, and Master of Professional Studies degrees. FIT provides students with an unmatched combination of specialized curricula, an in-depth liberal arts education, affordable tuition, and an extraordinary location in the center of New York City, world capital of the arts, business, and media.

FIT and New York City
New York City is FIT’s extended campus—a laboratory for learning and living—and its unparalleled cultural and commercial resources immeasurably enrich the college’s programs and enhance each student’s opportunity for personal and professional growth. The faculty is made up of New York City’s professionals, who infuse a hands-on teaching approach with real-world expertise. Frequent visits by students to the city’s numerous corporate headquarters, design studios, galleries, libraries, museums, retail establishments, and showrooms complement regular on-campus visits by fashion and other business leaders, who come to serve as guest critics, and to discuss the current trends and technological advancements emerging in the marketplace.

Teaching and Learning
FIT FACULTY
FIT’s approach to teaching blends theory and practice, with a faculty drawn from academia, the arts, and business. Together, they offer a curriculum rich in insight gained from their continuing professional activity, combined with the traditional educational values of the liberal arts. Student-instructor interaction is encouraged, with a maximum class size of 25, and courses are structured to foster participation, independent thinking, and self-expression.

LIBERAL ARTS
FIT’s approach to teaching and learning is founded on the belief that successful students need to be critical thinkers and problem solvers. Liberal arts courses are designed to broaden students’ understanding of the humanities and to develop their knowledge of the natural and social sciences, in order to prepare them to succeed in a culturally diverse world. A required liberal arts curriculum comprises 40 percent of every program of study at the college.

The School of Liberal Arts’ offerings include focused curricula—such as the Asia concentration—which allow students to gain specialized knowledge of a particular area, and a Bachelor of Science program in Visual Art Management. The school also administers the Presidential Scholars Program, FIT’s honors program. Available to academically exceptional students in all disciplines, the Presidential Scholars Program offers challenging liberal arts courses, projects, colloquia, and extracurricular activities designed to broaden horizons and stimulate discourse.

INDUSTRY ADVISORY COUNCILS
Each of FIT’s degree programs is supported by an advisory group of professionals, drawn largely from the college’s highly placed alumni. Group members consult with faculty to review and recommend curriculum revisions and innovations. They arrange for student field trips to professional workspaces, participate in student recruitment, and help students identify career possibilities. Advisory groups also plan seminars on technical subjects and the latest advancements in their fields, and work to maintain close ties between industry and the college.
IN THE CLASSROOM AND BEYOND
FIT makes extensive use of New York City’s resources through industry-sponsored competitions, field trips, and sponsored projects—all of which bridge the gap between classroom and workplace. Students have designed window displays at Bed, Bath, and Beyond’s Fifth Avenue location; had advertising campaigns implemented by state tourism agencies; been awarded financial recognition from companies such as Aeropostale, Johnson & Johnson, and Macy’s; and had their designs implemented by firms such as Lancôme.

INTERNSHIPS AND CAREER PLACEMENT
Internships and job placement are an essential part of the FIT experience. The college’s extensive internship program provides students with vital experience in a vast array of New York City businesses during their college years. Sponsor organizations have included American Eagle, Bloomingdale’s, Calvin Klein, Estée Lauder, Fairchild Publications, MTV, and Saatchi & Saatchi. More than one-third of FIT internships lead to job offers by the sponsoring companies. FIT’s Career Services Office, which maintains a placement rate of approximately 90 percent, offers lifetime services to all alumni, along with a full complement of career-building workshops and resources.

Campus and Facilities
FIT’s campus occupies an entire block in the Chelsea area of Manhattan, a neighborhood filled with galleries, shops, cafes, restaurants, and theaters. The college’s facilities provide students with the opportunity to learn in a stimulating environment, and be part of a vibrant, active community. The campus comprises numerous computer labs, athletic facilities, the Gladys Marcus Library, and the renowned Museum at FIT, which houses one of the world’s most important collections of costumes and textiles. FIT’s classroom and laboratory equipment reflects the most advanced educational and technical practices, enabling students to work on challenging projects in a realistic setting. A full-service dining facility and Barnes & Noble college bookstore are located on campus. The college maintains three residence halls on West 27th Street, and one on nearby West 31st Street.

FRED P. POMERantz ART AND DESIGN CENTER
The Pomerantz Center houses display and exhibit design rooms; drawing, painting, photography, printmaking, and sculpture studios; a graphics laboratory; a model-making workshop; and the 280-seat Katie Murphy Amphitheatre.

Graphics Lab Print FX
Room D529, 212 217.3288
A professionally staffed graphics laboratory, Graphics Lab Print FX has high-resolution, large-format printers to accommodate banners, CAD prints, displays, fine art prints, overlays, photography, posters, presentation graphics, and textile proofs. The lab is also equipped with laminating, scanning, slide duplication, and wire-binding capabilities.

MARVIN FELDMAN CENTER AND THE BUSINESS AND LIBERAL ARTS CENTER
The Marvin Feldman and Business and Liberal Arts centers house academic and specialized classrooms, cutting and sewing labs, design studios, a multimedia foreign languages lab, a professional screen print facility, technical labs, a toy design workshop, television studios, weaving labs, and the 775-seat Morris W. and Fannie B. Haft Auditorium. Specialized facilities include the Annette Green/Fragrance Foundation Studio, a professionally equipped fragrance development lab; and a fabrics and findings lab, which replicates the resources and techniques used by working fashion designers. Also located in these buildings are the academic and administrative offices for the School of Art and Design, the Jay and Patty Baker School of Business and Technology, and the School of Liberal Arts.

Peter G. Scotese Computer-Aided Design and Communications Center
Room C220, 212 217.7484
The facilities in this center allow art and design students to explore technology and its integration in the creation and design of advertising, animation, fashion, interiors, packaging, photography, textiles, and toys. Business and technology students use these labs for the study of marker-making, patternmaking, textile development, and more. Labs are also available for specialized coursework undertaken by students in specific programs.

Students have access to Mac and PC labs with specialized peripheral equipment, and software applications such as Adobe Creative Suite (consisting of Acrobat, GoLive, Illustrator, InDesign, and Photoshop). Internet access and web applications are supported by Macromedia Director, Macromedia Studio MX (consisting of Cold Fusion, Dreamweaver, Fireworks, Flash, and Freehand), and Shockwave Studio. Proprietary software from such industry leaders as Gerber (Accumark) and Lectra (Modaris, Primavision, and U4ia) is used by Fabric Styling, Fashion Design, Menswear, and Textile/Surface Design students, in addition to Colour Matters, Karat Designer CAD, and NedGraphics Fashion Studio. 3D Studio Max, AutoCAD, Final Cut Pro, Form Z, Softimage, Vellum 3D, and others are used by students in Computer Animation and Interactive Media, Interior Design, and Toy Design. Open labs are available to support instruction on these systems and programs.

The Scotese Center is also available, through the School of Continuing and Professional Studies, to working professionals, for computer training and industry-specific workshops.

THE CONFERENCE CENTER AT FIT
The Conference Center at FIT is home to the School of Continuing and Professional Studies and the School of Graduate Studies’ Center for Executive Education, and features conference and training rooms for industry seminars and workshops. The center also houses the John E. Reeves Great Hall, a nearly 6,400-square-foot venue for exhibitions, fashion shows, lectures, trade shows, and other large events.

SHIRLEY GOODMAN RESOURCE CENTER
The Shirley Goodman Resource Center, on Seventh Avenue, houses the Gladys Marcus Library, The Museum at FIT, and the School of Graduate Studies.

The Museum at FIT

212 217.5800

www.fitnyc.edu/museum

The Museum at FIT, New York City's only museum of fashion, has one of the world's largest and
most important collections of clothing, textiles, and accessories, which it conserves for study and
exhibition. Founded in 1967 to support the educational programs of the college, the museum is
dedicated to the collection, conservation, documentation, exhibition, and interpretation of fashion.
A fully equipped conservation laboratory assures specialized care and preservation of museum
holdings, as well as innovative methods of presentation. A photography studio provides
documentation of the collection and maintains selective archives of fashion photography.

The museum's permanent collection encompasses some 50,000 garments and accessories,
dating from the 18th century to the present, with particular strength in contemporary women's
fashion. Major designers such as Adrian, Balenciaga, Chanel, Dior, Halston, and Charles James
are represented. The collection also includes 30,000 textiles, dating from the fifth century to the
present, as well as 300,000 indexed textile swatches and 1,300 sample books. The collections
are used in hundreds of classes and tours every year, and are regularly visited by designers and
scholars. One of the museum's three galleries, the Fashion and Textile History Gallery, is the only
venue in the United States to offer a permanent (rotating) display of 250 years of fashion, drawn
from the museum's permanent collections.

The museum is renowned for its exhibitions, which are free to the public and attract tens of
thousands of visitors annually. Recent exhibitions of distinction include:
• Dutch at the Edge of Design: Fashion and Textiles from The Netherlands, showcasing the
work of prominent contemporary Dutch artists and designers;
• London Fashion, which received the first Richard Martin Award for Excellence in the Exhibition
of Costume from the Costume Society of America;
• Love & War: The Weaponized Woman, examining the influence of armor, lingerie, and military
uniforms on women's fashion;
• Ralph Rucci: The Art of Weightlessness, celebrating the work of renowned couturier and FIT
alumnus Ralph Rucci;
• She's Like a Rainbow: Colors in Fashion, exploring the history, psychology, science, and
symbolism of color in fashion.

The museum's Gallery FIT is dedicated to student and faculty exhibitions.

The Museum at FIT also organizes an annual fashion symposium, as well as lectures and
gallery tours.

School of Graduate Studies

212 217.5714

www.fitnyc.edu/gradstudies

FIT offers six graduate programs. The Master of Arts degree programs are Art Market; Principles
and Practices; Exhibition Design; Fashion and Textile Studies: History, Theory, Museum Practice;
and Illustration. The Master of Professional Studies degree programs are Cosmetics and
Fragrance Marketing and Management, and Global Fashion Management. The School of
Graduate Studies also administers the Center for Executive Education, which offers advanced
management seminars and programs for senior executives in manufacturing, marketing, and
retailing. The administrative and faculty offices, classrooms, laboratories, study collections, and
research room for the graduate programs are housed on the third, fourth, and sixth floors of the
Goodman Center.

DAVID DUBINSKY STUDENT CENTER

Throughout the eight-story Dubinsky Center are arts and crafts studios, a comprehensive health
center, a counseling center, a dance studio, a design/research lighting lab (with more than 400
commercially available lighting fixtures), a game room, lounges, an outdoor sitting area, the
Style Shop (the student-run boutique on the first floor), student government and club offices, a
student radio station, two gyms, and a weight room. Students are encouraged to take advantage
of the full range of services and activities offered by Student Life, located on the seventh floor.
Also in the center are the Counseling Center, Disability Support Services/ FIT-ABLE, Educational
Opportunity Programs, Financial Aid, International Student Advisors, and Internship Center
offices; a 17,000-square-foot street-level student cafeteria, featuring a variety of food
plants and a wide range of menu options; and an 8,000-square-foot Barnes & Noble at FIT bookstore.
Alumni of FIT

FIT graduates FIT continue to be active participants in the college’s educational objectives in a variety of ways, including taking part in alumni advisory groups and the FIT Alumni Association. Every FIT alumnus is welcome to become a member of the Alumni Association, which works closely with the college and The Educational Foundation for the Fashion Industries to stimulate interest among professional leaders, assist with curriculum development, and contribute annually to the library, scholarship, and student housing funds.

Distinguished FIT alumni include:
- Leslie Blodgett, president and CEO, Bare Escentuals Beauty, Inc.;
- Fran Boller, apparel director, Nike’s Jordan Division;
- Tony Chi, president and CEO, Tony Chi & Associates;
- Francisco Costa, creative director, Calvin Klein Collection for Women, Calvin Klein, Inc.;

History and Mission

As FIT defines its future educational goals, it continues to reflect its original mission. The college was founded in 1944 to prepare men and women for work in the fashion industry as it grew in size and scope. FIT now offers its students 43 degree programs not only in fashion and its related fields, but also in other creative professions that have made New York City their focal point. Students who come to the college to study these specialized programs are goal-oriented, setting their sights high in their chosen fields of study. Today, there are more than 10,000 U.S. and international students enrolled in FIT’s diverse curricula, attending classes day and evening, all year round, online and at locations on campus, in New York City, throughout the country, and around the world.

FIT is unique in its history and educational offerings. Just seven years after its founding, FIT became one of the first community colleges empowered under the program of the State University of New York to grant the Associate in Applied Science degree. As the curricula expanded beyond fashion and its more broadly defined industries to include business, communications, and design, the college’s degree offerings also expanded. In 1975, an amendment to the education law of New York State was approved permitting the college to confer Bachelor of Fine Arts and Bachelor of Science degrees. Four years later, another amendment was approved authorizing the granting of master’s degrees, and the first master’s programs were introduced in 1985.

FIT is a public institution, receiving its principal financial support from the State and City of New York. The college is governed by its own Board of Trustees, all of whom are active professionals who are committed to the development of talent. Local sponsorship comes from the New York City Department of Education in cooperation with The Educational Foundation for the Fashion Industries. FIT is accredited by the Commission on Higher Education of the Middle States Association of Colleges and Schools (www.msche.org), the National Association of Schools of Art and Design (http://nasad.arts-accredit.org), and the Council for Interior Design Accreditation (www.accredit-id.org).

FIT MISSION

The Fashion Institute of Technology prepares students for professional excellence in design, fashion, and business by providing a premier educational experience that fosters creativity, career focus, and a global perspective.

To fulfill its mission, FIT:
- develops students’ aesthetic, intellectual, analytical, and technological abilities through programs that integrate theory and practice;
- offers students a rigorous and innovative curriculum taught by a faculty with outstanding academic and industry experience;
- is committed to a broad-based education in the liberal arts;
- exposes students to their chosen professions through internships, guest lectures, industry-sponsored projects, and other opportunities for experiential learning;
- promotes student growth and self-development through student support services, programs, and activities;
- provides students with a multifaceted educational experience incorporating the vast resources of New York City;
- is an urban institution of the State University of New York, providing an education of exceptional quality and affordability.

FIT is committed to prohibiting discrimination in accordance with applicable federal, state, and local laws (including but not limited to race, national origin, gender, age, and disability) and to providing equal opportunity in educational programs.
Selection of Applicants for Associate’s Degree Programs

FIT is a selective public institution that prepares students for a wide range of careers in creative business and design professions. Academic accomplishments, achievements that predict success on the college level, and demonstrated talent are factors that the Admissions Committee considers when evaluating applications. All applicants—whether intending to study full time, part time, or in an evening/weekend program—must meet the same admissions standards. When the committee is evaluating transfer applications, overall grade point average and performance in liberal arts courses are also considered.

FIT believes that a person’s creative and leadership abilities are revealed through participation in activities in any of several fields, such as governing organizations, student clubs, or the visual and performing arts. The Admissions Committee would like to know about all accomplishments in which applicants take pride. All applicants are required to submit a personal essay indicating why they selected their particular major, and highlighting all activities or accomplishments.

All applicants to School of Art and Design programs must offer evidence of creative ability. Fashion Design applicants should be versed in both art and garment construction. Successful applicants to School of Business and Technology programs will have demonstrated the ability to work with others, qualities of leadership, and sound mathematical skills. Advertising and Marketing Communications applicants must show advanced ability in writing and/or other language skills.

STUDENT CATEGORIES

FIT offers a variety of study schedules during the fall, spring, summer, Summerim, and Winterim semesters in order to meet the needs of its students. The following definitions provide clarification of the student categories at FIT. Not all student categories are mutually exclusive—one-year students, for example, are also full-time students.

Matriculated Students

Matriculated students are those who are enrolled in an FIT degree program, whether undergraduate or graduate, full- or part-time. Matriculated students are given preference for on-campus housing.

MATRICULATED DAY Matriculated day students are enrolled either full- or part-time, and the majority of their classes take place during the day.

FULL-TIME Full-time undergraduate students are enrolled for 12 or more credits per semester.

PART-TIME Part-time undergraduate students are enrolled for less than 12 credits per semester.

ONE-YEAR One-year students are matriculated undergraduates enrolled in a one-year associate’s degree program.

EVENING/WEEKEND For those students looking to balance the demands of career or family with their education, FIT offers a number of evening/weekend degree programs (see pages 40-41). Courses in these programs are scheduled during the evening and/or weekend.
Non-matriculated Students
Students who hold a high school diploma or General Equivalency Diploma (GED) may register for courses and complete certificate programs offered at FIT without submitting a formal application to the college. Non-matriculated students are those who have not been admitted to a degree program but are enrolled in at least one course. Courses that are open to non-matriculated students are typically scheduled during the evening and on the weekend; they may or may not carry college credit. Some credit-bearing courses are reserved for matriculated students only. All students must meet prerequisite requirements for any course they plan to take. All students who wish to seek a degree must apply through a formal admissions process before accumulating more than 24 credits (see Matriculation Status Policy, page 58, for details on how many credits taken in non-matriculated status may be applied to a degree).

ADMISSIONS PROCESS
1. Visit the college and attend a group information session, and explore the FIT website.
2. Choose a major program of study.
3. Go to www.fitnyc.edu/admissions and complete the FIT/SUNY application online.
4. After the online application is completed, high school students should ask their guidance counselor to send their transcripts to FIT’s Admissions Office. Transfer students should request that official transcripts be sent directly from their high school(s) and college(s) registrar’s offices to FIT’s Admissions Office. The mailing address for transcripts is:
   Fashion Institute of Technology
   Admissions Office
   Seventh Avenue at 27 Street, Room C139
   New York City 10001-5992
5. Applicants will be sent instructions on submitting their academic history and a personal essay.
6. Applicants to School of Art and Design programs will receive portfolio requirements specific to their major, and submission instructions.

APPLICATION DEADLINES AND RECOMMENDED FILING DATES FOR ADMISSION TO ASSOCIATE’S DEGREE PROGRAMS
Domestic and international students use the same application when seeking admission to FIT.

Early Action
Outstanding high school seniors who have selected FIT as a top choice may apply for early action, which allows an applicant to receive a nonbinding early admissions decision. In order to participate in the early action plan, applicants must:
• file the FIT/SUNY application before November 15;
• select early action on the application;
• ensure that completed applications with transcripts and essay are received by the Admissions Office by December 15. Portfolios for applicants to School of Art and Design programs should not be sent until receipt of written instructions from Admissions.

Applicants who exercise the early action option can expect to be notified of an early admissions decision in January. Accepted applicants will have until May 1 to submit their tuition deposit and finalize their enrollment decision. Tuition deposits can be sent prior to May 1.

Common Reply
Applicants to two-year associate’s degree programs beginning in the fall semester in Advertising and Marketing Communications, Communication Design, Fashion Design, and Fashion Merchandising Management who meet the following deadlines can participate in the common reply date procedure.
• File the FIT/SUNY application before February 1.
• Completed applications with transcripts and supplemental materials must be received by the Admissions Office by March 1. Portfolios for applicants to School of Art and Design programs should not be sent until receipt of written instructions from Admissions. Applicants can expect to be notified of a common reply admissions decision during April, and will have until May 1 to submit their tuition deposit and finalize their enrollment decision.

Rolling Admissions
All other applications are processed by rolling admissions in the order they are received. Decisions will only be rendered after completed applications—with transcripts and essays—are on file in Admissions. Space in all majors is limited, so applicants are encouraged to file their applications promptly.
• No later than January 1 for the fall semester.
• No later than October 1 for the spring semester.

Students who have not completed applications by January 1 for the fall semester or October 1 for the spring semester risk being closed out of the major of their choice.

Readmission
A student who seeks readmission to FIT should notify Admissions in writing prior to the intended semester of reentry.
• No later than January 1 for the fall semester.
• No later than October 1 for the spring semester.

ADDITIONAL APPLICATION MATERIALS
Transcripts
Transcripts must be sent directly to FIT. Transfer students who have not yet earned their college degree must submit a high school transcript with proof of high school graduation.

TOEFL Score
Applicants whose first language is not English must provide an official Test of English as a Foreign Language (TOEFL) score. The minimum acceptable TOEFL score varies, depending on the format in which the exam was taken. Applicants must score a minimum of 80 on the internet exam, a minimum of 213 on the computer exam, or a minimum of 550 on the paper exam. The score must be obtained within 18 months of the date of anticipated enrollment. Applicants whose first language is not English but who have completed a college-level English composition course in the United States are not exempt from the TOEFL requirement. Students who have completed less than four years of English (not ESL) at a U.S. high school are required to take the TOEFL exam.

For more information about scheduling the TOEFL exam and obtaining score reports, visit www.toefl.org, or call 607 771.7100.
Artwork Evaluation

All applicants to School of Art and Design programs must submit a portfolio for evaluation by the faculty. A portfolio interview will be scheduled afterFIT receives the student’s application from the SUNY Application Services Center. No portfolio is required from applicants to School of Business and Technology or School of Liberal Arts programs.

Applicants living more than 200 miles away who wish to submit their artwork by mail or online will be provided instructions from Admissions upon receipt of their application. Prospective applicants to FIT should not mail unsolicited portfolios to FIT or the SUNY Application Services Center. Unsolicited portfolios will not be evaluated and may not be returned.

Departmental portfolio recommendations are listed below and can also be found on the FIT website at www.fitnyc.edu/Portfoliorequirements.

ACCESSORIES DESIGN Any original, fashion-related work in any medium may be submitted. Photos or slides of work may be submitted. Work should indicate applicants’ level of creativity and sense of design. A drawing test is given at the time of evaluation.

COMMUNICATION DESIGN Original artwork in any medium may be presented and need not relate directly to advertising or graphic design. A portfolio of 12 to 15 pieces should show the applicants’ design skills, drawing ability, imagination, and sense of color, as well as their use of typography. A sketchbook should be included, as well as computer design samples if available. A home examination will be sent with the portfolio instructions, and a drawing test is given at the time of evaluation.

FASHION DESIGN A home examination will be sent with the portfolio instructions. The examination requires applicants to complete five specific fashion sketches. The portfolio should include six to ten additional fashion sketches and photographs of garments the applicants have constructed, demonstrating their sewing and/or creative abilities. The portfolio evaluation is based on creativity, design sense, and technical skills. The size of the sketches must be no larger than 8.5 x 11 in. or 21 x 28 cm. The entire Fashion Design portfolio submission, including the home examination, photographs of garments, and portfolio sketches, will be retained by FIT and will not be returned to applicants. Applicants should submit only color copies of artwork and photographs. Slides are not accepted.

FINE ARTS Applicants should submit at least ten examples of original artwork in any medium—drawings, paintings, pastels, prints, photos or slides of sculpture, watercolors, or three-dimensional designs. Artwork done from observation are preferred, but not required. Applicants need not have examples in all categories. The portfolio should reflect creativity and drawing ability. Slides or photographs of paintings are acceptable and sketchbooks are welcome.

ILLUSTRATION Submissions are limited to a sketchbook and 15 individual pieces in a variety of media. Examples should include drawings directly from life in five categories: portraits; situations (e.g., people sleeping, eating, watching TV); environments (e.g., landscapes, a kitchen with untidy stacks of dishes, a bedroom with an unmade bed); conceptual (e.g., self-portrait as an animal); and still-lifes. Size limit is 18 x 24 in. or 21 x 28 cm. (11 x 14 in. or 28 x 35 cm., if mailing portfolio). A drawing test is given at the time of evaluation.

INTERIOR DESIGN Original artwork of a variety of types may be submitted, including measured drawings (floor plans, elevations, or perspectives). Examples should communicate the applicants’ sensitivity to color, line, and proportion. Organization and neatness are considered. Sketchbooks are welcome. A home examination will be sent with the portfolio instructions. A drawing test will be given at the time of evaluation.

JEWELRY DESIGN Original artwork in any medium, particularly drawings and sculpture, may be submitted to indicate the applicants’ sensitivity to color, design, and detail. It is recommended that applicants, if possible, also submit a small selection (five or more) of jewelry, either designs or actual pieces. Photographs or slides of work are acceptable.

MENSWEAR Portfolio consists of eight to ten original sketches in any medium that indicate the applicant’s creativity. These sketches should include at least two of the following: suits, sport coats, knitwear, sportswear, active sportswear, formal wear, casual wear, headwear, or accessories. Examples should demonstrate the applicants’ creative design ability, not their proficiency in fashion illustration. For the evaluation, applicants should be prepared to explain their interest in entering the menswear industry.

PHOTOGRAPHY Original artwork in any medium (15 to 20 pieces) may be submitted and should communicate the applicants’ sensitivity to design, imagination, style, diverse subject matters, and commitment to creative experimentation. Photos that applicants have processed and printed themselves are preferred, but commercially prepared work will also be accepted. Examples do not need to be related to fashion or advertising, but should reflect personal interests and should be presented in a neat and organized manner. For the evaluation, applicants should be prepared to explain their interest in commercial and/or editorial photography.

TEXTILE/SURFACE DESIGN Applicants are required to submit a portfolio of original artwork in any medium. Examples should demonstrate the applicants’ drawing and painting ability, creativity, and sensitivity to color and design. Applicants may submit up to 15 pieces, which may include drawings and paintings from nature (shells, figures, flowers, etc.), samples of weaving, screen-printed or hand-painted fabrics, and fiber art. Photographs and/or slides of large paintings or three-dimensional pieces are welcome, as are sketchbooks. A drawing test will be given at the time of evaluation. A home examination is required only if the portfolio is submitted by mail.

VISUAL PRESENTATION AND EXHIBITION DESIGN Original artwork of any kind will be considered as long as it communicates the applicants’ overall artistic ability, creativity, design sense, and sensitivity to color, line, and proportion. Examples may include (but are not limited to) collages, ground plans, paintings, perspective drawings, photographs, and sketches. Evaluators consider the applicants’ interest in the program and the variety of areas in which the applicants have created work. A home examination will be sent with the portfolio instructions.

FIT reserves the right to photograph and maintain a digital and/or slide file of artwork submitted for review for admission to the college.

REQUIREMENTS FOR ADMISSION TO TWO-YEAR ASSOCIATE’S DEGREE PROGRAMS

Candidates for admission to the two-year AAS degree programs are evaluated according to the following criteria:

1. Candidacy for, or possession of, high school diploma or General Equivalency Diploma (GED).  
2. High school transcript showing grade point average (GPA) and rank in class (except applicants who have received an associate’s or bachelor’s degree from an accredited college in the United States). 
3. A personal essay describing the applicants’ background and reasons for choosing FIT and the selected major. The Admissions Committee would like to know about all accomplishments in which the applicant takes pride, along with career goals and personal interests. Applicants will receive submission instructions and the essay assignment upon completion of the online application.
4. Scholastic Assessment Test (SAT) scores are not required for admission. However, they can be used for exemption from the English or mathematics (arithmetic and algebra) placement tests—for the English test, a SAT score of 530 or higher for the verbal portion; for the arithmetic test, a score of 520 or higher for the math portion; and for the algebra test, a score of 620 or higher for the math portion.

5. For applicants whose first language is not English, an official TOEFL score. Students graduating from U.S. high schools with blocks of coursework completed as English as a Second Language (ESL), or who have completed less than four years of English (not ESL) at a U.S. high school, are also required to take the TOEFL to prove English proficiency. For TOEFL requirements, see page 31.

6. For applicants to School of Art and Design programs, a portfolio containing representative examples of their art and design work (see Artwork Evaluation, pages 32-33).

7. For transfer students, official transcripts from all colleges attended.

**REQUIREMENTS FOR ADMISSION TO ONE-YEAR ASSOCIATE’S DEGREE PROGRAMS**

FIT has developed special one-year AAS degree programs (two semesters of study, ranging from 30.5-41 credits each) in Accessories Design, Advertising and Marketing Communications, Communication Design, Fashion Design, Fashion Merchandising Management, Jewelry Design, Textile Development and Marketing, and Textile/Surface Design.

The application for one-year AAS programs is the same application used for the two-year programs. Once the application is filed, an official college transcript should be forwarded to the Admissions Office showing all completed coursework, and, if applicable, degree and date granted.

In order to apply for any of these programs, applicants must meet the following criteria:

1. Graduation from a four-year, regionally accredited institution or completion of at least 30 transferable credits at an accredited college, with a minimum of 24 credits equivalent to FIT’s liberal arts requirements: 3 credits in college-level mathematics; 3 credits in English composition; 2 credits in literature or speech; 3 credits in physical science, biology, or life science; 12 credits in the humanities/social sciences; and one course in physical education.

   For Jewelry Design applicants: graduation from an accredited Bachelor of Fine Arts program, or completion of 24 credits equivalent to the liberal arts requirements of the Jewelry Design major (see page 117), including 6 credits in art history and courses in basic design, general drawing, and sculpture.

2. Applicant to the Accessories Design, Communication Design, Fashion Design, Jewelry Design, or Textile/Surface Design program, a portfolio containing representative examples of their art and design work (see Artwork Evaluation, pages 32-33).

**REQUIREMENTS FOR ADMISSION TO EVENING/WEEKEND DEGREE PROGRAMS**

Applicants to FIT’s evening/weekend degree programs adhere to the same admissions guidelines as matriculated students.

**ACADEMIC CREDIT BY EVALUATION**

Accepted applicants may apply up to 30 credits earned through published subject examinations (examples listed below) and transfer credit toward fulfillment of degree requirements at FIT. Those who have completed liberal arts courses at regionally accredited institutions, in which a grade of “C” or better has been achieved, will receive credit for coursework equivalent to courses at FIT (see Transfer of Credit, page 57).

Credit for published examinations applies to the following two tests, provided that the specified minimum performance levels are met, and that the subject examination is in an area that would normally be eligible to receive credit during an evaluation of transfer credits.

**College-Level Examination Program (CLEP)**

Mean score must meet or exceed the equivalent of a grade of “C” in a formal course.

**Advanced Placement Program**

A score of 3 or higher on a scale of 5 points used for this program.

Complete information about applying for academic credit by evaluation is available in the Registrar’s Office and at www.fitnyc.edu/registrar.

**Selection of Applicants for Baccalaureate Degree Programs**

The college offers 22 baccalaureate programs leading to either the Bachelor of Fine Arts (BFA) or Bachelor of Science (BS) degree. Admissions priority is given to FIT’s AAS graduates, although external applicants are also encouraged to apply.

FIT’s AAS graduates who apply by the application deadline are given priority consideration for admission into the same major’s baccalaureate-level program. Applicants must have met the General Education (see General Education Requirements, pages 45-52) and liberal arts (see page 45) requirements and maintained the required GPA. Applicants who do not meet these criteria or who wish acceptance into another program may require an interview, or an interview and artwork evaluation.

The associate-level major pages (94-119) show the recommended bachelor’s programs available to students from each of FIT’s AAS programs. Associate-level students who wish to apply to a baccalaureate-level program other than those recommended should review the courses on the applicable baccalaureate-level major pages (120-147) and consult with the appropriate department chairperson for advisement.

Priority application deadline is **January 1** for fall admission and **October 1** for spring.

**ADMISSION CRITERIA FOR BACCALAUREATE DEGREE PROGRAMS**

Applicants seeking admission to one of FIT’s bachelor’s degree programs must hold an AAS degree from FIT or an equivalent degree or equivalent credits from an accredited and approved college. They must also meet the appropriate prerequisites as required by the major and have completed FIT’s liberal arts requirements (with the exception of physical education). Further requirements may include an interview with a departmental committee, review of academic standing, and artwork evaluation for all applicants to BFA programs.

Graduates of associate’s degree programs in the liberal arts are eligible to apply to FIT majors in Cosmetics and Fragrance Marketing, Direct and Interactive Marketing, Fabric Styling, Home Products Development, International Trade and Marketing for the Fashion Industries, Production Management: Fashion and Related Industries, Textile Development and Marketing, or Visual Art Management.

Those applicants who have not completed the requisite specialized courses for the major must complete the required “bridge” courses or an appropriate one-year program offered by FIT before they may be considered for admission to the college’s bachelor’s degree programs.

Students who apply for transfer to FIT from a four-year program must have completed a minimum of 60 credits, including the requisite art or specialized courses for the major and the liberal arts requirements.
International Students

Students educated outside the United States should follow the international student credentials link at www.fitnyc.edu/registrar for detailed information about transcript requirements.

TOEFL SCORE

Students whose first language is not English must provide an official Test of English as a Foreign Language (TOEFL) score (see TOEFL Score, page 31).

STUDENT VISAS

In accordance with federal regulations, FIT only issues I-20 forms (Certificates of Eligibility for Nonimmigrant [F-1] Student Status) to students who have been admitted to a full-time program of study leading to a degree. Students who wish to apply for an F-1 student visa or who hold F-1 student status must obtain an I-20. To obtain an I-20, students must submit an International Student Financial Statement (ISFS) to FIT after being admitted to the college. The U.S. Citizenship and Immigration Services require verification of the student’s ability to finance studies in the United States. An estimate of expenses based on current tuition, fees, and living and personal expenses appears on the ISFS.

After notification of acceptance, a tuition deposit is required. Two to three weeks after receipt of tuition deposit, the college will issue an I-20, which is necessary to apply for a visa at a U.S. Consulate in order to enter the United States to study and to maintain F-1 status while attending FIT. To download the ISFS and for more information about applying for a visa and the terms and conditions of F-1 status, visit FIT’s International Student Advisors website at www.fitnyc.edu/oisa.

Visiting Students

This program offers selected students the opportunity to take courses at FIT in order to supplement educational programs taken at other institutions without the necessity of a formal transfer. Applicants must be attending colleges that are formally registered as part of FIT’s Visiting Student Program in order to be considered. Applicants must be full-time, matriculated undergraduates at their home institution with a minimum cumulative GPA of 2.7 (on a 4.0 scale) and completion of at least 60 credits prior to starting the program. A portfolio of artwork is required for admission to School of Art and Design programs.

Applications must be made through the designated liaison at the applicant’s home institution. Written approval from the designated liaison must be forwarded to the Admissions Office. Recommended application filing dates are January 1 for fall and October 1 for spring. Applicants must file the FIT/SUNY application online at www.fitnyc.edu/admissions.

Visiting students are not eligible for financial aid from FIT. They should apply for aid from their home institution.

Admission to the Accessories Design, Communication Design, Jewelry Design, Textile Development and Marketing, and Textile/Surface Design programs for visiting students is limited to the fall semester only.

Housing application instructions are enclosed with students’ acceptance letter.

Special Assistance

EDUCATIONAL OPPORTUNITY PROGRAMS

David Dubinsky Student Center, Room AS10E
212 217.7190
www.fitnyc.edu/eop

Educational Opportunity Program

FIT offers New York State residents from economically disadvantaged circumstances the opportunity to pursue a postsecondary education through its Educational Opportunity Program (EOP). Initiated at the college in 1973, EOP provides supplemental academic support and expanded student services to eligible and capable individuals who seek higher education despite long-term socioeconomic challenges. EOP’s services foster academic persistence and achievement.

Childcare Assistance Program

The Childcare Assistance Program (CAP) is designed to assist students with primary parenting responsibilities, helping them manage and integrate the demands of being both student and parent. CAP provides a variety of services, including childcare subsidies, family activities, individual academic and personal counseling, parenting resources, textbook subsidies, weekly peer support group meetings, and an overnight, weekend-long career-focus retreat.

VETERANS AND SELECTIVE SERVICE

FIT has been accorded recognition as a school of higher learning by the Department of Veterans Affairs. Prospective students should obtain their VA papers as far in advance of registration as possible. Those seeking readmission to the college from the armed forces who have been admitted to the college for a date of entry prior to formal separation should notify the Admissions Office immediately following receipt of acceptance in order to facilitate processing of early separation procedures.

Notification

A nonrefundable tuition deposit of $150 is required of accepted applicants to reserve their space at FIT.

With a written request addressed to and approved by Admissions, accepted applicants are granted an automatic extension to pay their tuition deposits until May 1 for the fall semester. Enclosed with the letter of admission are specific forms pertaining to the applicants’ residency, parents’ consent for medical attention (for those under 18 years of age), applications for the residence halls, financial aid information, etc. Failure to pay the tuition deposit by the due date will cancel the applicants’ registration and attendance.

Visits to the College

Applicants wishing to visit FIT are encouraged to attend group information sessions held at noon throughout the year every Tuesday, Wednesday, and Friday except for major holidays. (To view the college’s calendar, visit the FIT website.) Sessions are held in the Marvin Feldman Center, Room C205, and run approximately 90 minutes. They include a video presentation about FIT and a question-and-answer session with an Admissions counselor. No appointment is necessary. However, groups of six or more should make reservations with the Admissions Office.

Open houses are held on campus every fall semester.
Curricula

TWO-YEAR ASSOCIATE’S DEGREE PROGRAMS

Fifteen programs leading to an Associate in Applied Science (AAS) degree are offered, described on pages 94-111. Majors are designed for full-time, two-year students, but part-time study leading to the AAS degree is available in many majors.

The 15 two-year associate’s degree programs are:

School of Art and Design
- Accessories Design
- Communication Design
- Fashion Design*
- Fine Arts
- Illustration
- Interior Design*
- Jewelry Design
- Menswear
- Photography
- Textile/Surface Design
- Visual Presentation and Exhibition Design

Jay and Patty Baker School of Business and Technology
- Advertising and Marketing Communications*
- Fashion Merchandising Management*
- Production Management: Fashion and Related Industries
- Textile Development and Marketing

ONE-YEAR ASSOCIATE’S DEGREE PROGRAMS

Eight one-year AAS programs are offered for students who have completed at least 30 transferable credits at an accredited college, with 24 credits equivalent to FIT’s liberal arts requirements plus a minimum of one semester of physical education, or who hold a four-year degree from an accredited college. These programs are described on pages 112-119.

The eight one-year associate’s degree programs are:

School of Art and Design
- Accessories Design
- Communication Design
- Fashion Design*
- Jewelry Design (see page 33 for specific admissions criteria)
- Textile/Surface Design

Jay and Patty Baker School of Business and Technology
- Advertising and Marketing Communications*
- Fashion Merchandising Management*
- Textile Development and Marketing

* Program takes in entering classes in both the fall and spring semesters.
**BACCALAUREATE DEGREE PROGRAMS**

Thirteen programs leading to a Bachelor of Fine Arts (BFA) degree and nine leading to a Bachelor of Science (BS) degree are offered, described on pages 120-147. Majors offered by the School of Art and Design lead to the BFA degree; majors offered by the Jay and Patty Baker School of Business and Technology and the School of Liberal Arts lead to the BS degree. Majors are designed for full-time, two-year students, but part-time students may also meet the requirements in some of the majors.

The 22 baccalaureate degree programs are:

**School of Art and Design**
- Accessories Design and Fabrication
- Advertising Design
- Computer Animation and Interactive Media
- Fabric Styling
- Fashion Design (with specializations in Children’s Wear, Intimate Apparel, Knitwear, Special Occasion, and Sportswear)

- International Trade and Marketing for the Fashion Industries*
- Production Management: Fashion and Related Industries
- Textile Development and Marketing

**School of Liberal Arts**
- Visual Art Management

**EVENING/WEEKEND DEGREE PROGRAMS**

www.fitnyc.edu/evening_weekend

FIT provides students with the opportunity to complete an associate’s or baccalaureate degree through evening and/or weekend study. Nine evening/weekend degree programs are offered. These programs are coordinated by the School of Continuing and Professional Studies, in conjunction with the academic departments and schools. All associate’s programs lead to the AAS degree; baccalaureate programs lead to either the BFA or BS degree.

The four associate’s degree programs available through evening/weekend study are:

**School of Art and Design**
- Communication Design
- Fashion Design

**Jay and Patty Baker School of Business and Technology**
- Advertising and Marketing Communications (one-year option also available)
- Fashion Merchandising Management (one-year option also available)

The five baccalaureate degree programs available through evening/weekend study are:

**School of Art and Design**
- Graphic Design
- Illustration

**Jay and Patty Baker School of Business and Technology**
- Fashion Merchandising Management
- International Trade and Marketing for the Fashion Industries

**CREDIT CERTIFICATE PROGRAMS**

FIT offers several credit certificate programs, providing students the opportunity to enhance their skills in specialized fields. Non-matriculated students may enroll in credit certificate programs. Upon successful completion of a concentrated sequence of credit-bearing courses, and with faculty recommendation, students are granted a certificate of completion.

**Aron and Esther Goldfarb Leather Apparel (HEGIS 5012)**

Designed for students seeking additional knowledge in the area of leather apparel design and construction, this program offers certificates in either a menswear or women’s wear concentration.

Each concentration consists of a 12-credit curriculum comprised of five courses:
- AP 241–Leather Apparel Design Room Techniques
- AP 253–Leather Apparel Design
- AR 152–Leather Apparel Portfolio
- FS 334–Leather Forecasting and Styling
- LD 112–Decorative Leather Techniques

**CAD for Fashion Designers—Apparel (HEGIS 5012)**

This program provides students with the specialized knowledge and skills in computer-aided design (CAD) used in the design and manufacturing of apparel.

The program consists of four required courses chosen from among the following six courses:
- AP 222–Computer-Aided Flat Pattern Design
- AP 223–Advanced Computer-Aided Flat Pattern Design
- AP 322–Apparel Product Data Management
- AP 337–Primavision Apparel Design Development
- AP 421–Computerized Pattern Design
- AP 422–Advanced Computerized Pattern Design

**CAD for Fashion Designers—Art (HEGIS 5012)**

CAD for Fashion Designers-Art provides students with the technical skills required to create fashion design presentation products, such as digital trend concept boards and computer-generated portfolios.

**Draping Techniques (HEGIS 5012)**

Intended primarily for those who wish to enhance their draping skills without enrolling in a degree program, Draping Techniques presents students with projects that incorporate both draping and patternmaking techniques, covering a variety of approaches and methods in analyzing and developing patterns.

*Program takes in entering classes in both the fall and spring semesters.
Instructional Programs

The program consists of four sequential courses offered over four semesters:

Haute Couture (HEGIS 5012)
Haute Couture provides students with the design skills and techniques used in the manufacture of custom, made-to-measure women’s clothing.

The program consists of five sequential courses in fashion design offered over a three-semester time span: AP 242–Haute Couture Sewing Techniques, AP 243–Haute Couture Decorative Techniques and Embellishments, AP 244–Haute Couture Construction and Technology, AP 275–Haute Couture Apparel Design, and AR 292–Haute Couture Portfolio.

Ladies Tailoring Techniques (HEGIS 5012)
This program was developed in response to the demand for classic, quality apparel for women’s tailored clothes. Projects range from fundamental to more advanced skills and processes in ladies tailoring and prepare students for positions as tailors or tailor’s assistants in sample rooms and custom tailoring shops.

Ladies Tailoring Techniques consists of four sequential courses offered over a four-semester time span: TL 111–Ladies Tailoring I, TL 112–Ladies Tailoring II, TL 211–Ladies Tailoring III, and TL 212–Ladies Tailoring IV.

Millinery Techniques (HEGIS 5012)
Developed in response to the renewed demand for quality headwear, Millinery Techniques helps students develop skills in that will meet the most stringent demands of the industry and the consumer. Projects range from fundamental to more advanced skills and processes in millinery techniques.

The program consists of four sequential courses offered over a four-semester time span: ML 113–Foundations in Headwear Design, ML 114–Headwear Design and Patternmaking, ML 241–Bridal Specialization, and ML 242–Conceptual Headwear.

Outerwear and Performance Apparel (HEGIS 5012)
The program in Outerwear and Performance Apparel provides students with the latest techniques in this highly specialized field, technically preparing them to meet the challenges of the industry.

LIBERAL ARTS
212 217.7891
www.fitnyc.edu/liberalarts
Every degree program at FIT has at its core a required, comprehensive liberal arts curriculum, taught by the faculty of the college’s School of Liberal Arts. Education in the liberal arts develops students’ critical thinking and communications skills, provides them with a global perspective, and nurtures interests that can enrich and inform their professional and personal lives.

The School of Liberal Arts also administers the liberal arts concentrations, FIT’s Presidential Scholars honors program, and the Visual Art Management BS program.

Concentrations
Beginning in fall 2007, some major programs of study will offer students the opportunity to pursue a liberal arts concentration—a selection of courses focused on a particular discipline, providing a more cohesive program of study and a deeper understanding of the chosen field. These courses will also fulfill some of the major’s liberal arts requirements; therefore, students will not need to exceed their regular course load to pursue a concentration.

In the Asia concentration, students take a minimum of 15 credits (approximately five courses)—including two semesters of Chinese or two semesters of Japanese—from a pre-selected list. Offerings include EN 273–Literature of India, EN 371–Chinese Odyssey: Introduction to Chinese Literature, HA 221–East Asian Art and Civilization, HA 225–Art and Civilization of India, PL 143–Introduction to Asian Philosophy, SS 356–Asia in Motion, SS 277–Cultural Expressions of Non-Western Dress, and all Chinese and Japanese language courses. Students should contact their major department chairperson to determine the availability of this concentration in their major.

For information about additional courses or concentrations, visit www.fitnyc.edu/liberalarts.

Presidential Scholars Program
Business and Liberal Arts Center, Room B602, 212 217.8660
www.fitnyc.edu/honors
The Presidential Scholars Program is FIT’s honors program, providing motivated and gifted students the opportunity to take part in interdisciplinary group projects, monthly colloquia, specially designed liberal arts courses, and extracurricular activities—arts performances, cultural institution visits, and outdoors adventures—that use the entire landscape of New York City as an extended campus. Presidential Scholars receive an annual merit stipend and are afforded priority registration.

Students must complete a separate application for the Presidential Scholars Program. For the associate-level program, competitive admission is based on class rank, high school GPA, and SAT scores. For the baccalaureate-level program, students must have a GPA of 3.5. Applications are available on the Presidential Scholars website.

School of Liberal Arts Departments
The Educational Skills Department (ES) offers courses in English as a second language and college-level preparation in reading and writing. The department also supervises the Academic Skills and Academic Testing Centers.

The English and Speech Department (EN) offers courses in literature, speech, theater, and writing.

The Foreign Language Department offers courses in French (FR), Italian (IT), Japanese (JA), Mandarin Chinese (CH), and Spanish (SP).

The Health and Physical Education Department offers a variety of health education (HE) and physical education (PE) courses, including individual and team activities.

The History of Art and Civilization Department (HA) offers a variety of history of art and civilization courses representing both Western and non-Western cultures. It also administers the interdisciplinary Visual Art Management BS program.

The Science and Mathematics Department offers courses in biology and physical science (SC) and mathematics (MA).

The Social Sciences Department offers courses in five disciplines: economics, political science, psychology, and sociology (SS), and philosophy (PL).

The School of Liberal Arts also offers courses in music and U.S. history (LA).
Instructional Programs

Liberal Arts Requirements for Associate’s Degree Students

All students are required to take the English, arithmetic, and algebra placement tests in order to be placed at the appropriate level. Based upon placement test scores, some students are required to take developmental courses in Educational Skills (ES) or mathematics (MA) in addition to the general requirements listed below. For placement test exemption information, see page 57 or visit www.fitnyc.edu/placementtests.

All two-year AAS degree students must complete a total of at least 24 liberal arts credits. Some majors require specific courses within these general requirements. Most majors’ curricula also include two Health and Physical Education courses (totaling 2 additional credits). Please refer to the specific major’s page, in the Majors section of this catalogue (pages 92-111), for more information.

FOR SCHOOL OF ART AND DESIGN MAJORS the liberal arts credits are distributed as follows:

3 credits: EN 121–English Composition*

Liberal Arts Requirements for Baccalaureate Degree Students

Liberal arts requirements for bachelor’s degree students vary by major. Refer to the specific major’s page in the Majors section of this catalogue (pages 120-147) for more information.

GENERAL EDUCATION REQUIREMENTS

www.fitnyc.edu/gened

SUNY has mandated that students who matriculated after fall 2000 must fulfill General Education requirements in ten areas in order to receive a bachelor’s degree. For most FIT majors, these requirements are incorporated into the curriculum and will be fulfilled through the major’s required courses. While the Registrar’s Office monitors each student’s progress in the fulfillment of SUNY General Education requirements, final responsibility for completing the requirements is the student’s. A SUNY General Education requirement completed at one SUNY campus will not have to be repeated at FIT.

Thirty (30) credits comprise the SUNY General Education requirement. An FIT course cannot be used to meet more than one SUNY General Education area. One SUNY-approved course from each of the following ten areas (a minimum of 3 credits each) is required:

G1 Basic Communication
G2 Mathematics
G3 Natural Sciences
G4 Social Sciences
G5 Western Civilization
G6 The Arts
G7 Humanities
G8 Foreign Language
G9 Other World Civilizations (Non-Western Civilizations)
G10 American History

The first seven areas are typically taken at the associate’s level, and the remaining three are taken at the baccalaureate level. Some majors, however, require specific courses and areas in designated semesters throughout the four years.

The General Education requirement in foreign language has been waived for the following six BFA programs: Advertising Design, Computer Animation and Interactive Media, Graphic Design, Illustration, Packaging Design, and Toy Design.

Approved General Education Courses

The following FIT courses have been certified by SUNY as meeting specific General Education student learning outcomes and have been approved to meet General Education requirements. Additional courses may be added to this list as they are developed. The most up-to-date list of approved courses can be found at www.fitnyc.edu/gened.

G1 BASIC COMMUNICATION Students produce coherent texts within common college-level written forms; demonstrate the ability to revise and improve such texts; research a topic, develop an argument, and organize supporting details; develop proficiency in oral discourse; and evaluate an oral presentation according to established criteria.
G4 SOCIAL SCIENCES  Students demonstrate an understanding of the methods social scientists use to explore social phenomena, including observation, hypothesis development, measurement and data collection, experimentation, evaluation of evidence, and employment of mathematical and interpretive analysis. They also demonstrate knowledge of major concepts, models, and issues of at least one discipline in the social sciences.

Approved Social Sciences courses:

- SS 131 General Psychology
- SS 141 Macroeconomics
- SS 151 Introduction to World Affairs

Complements
In addition to the ten areas described above, SUNY mandates the General Education competencies of critical thinking and information management. Both are covered in courses throughout the FIT curriculum.

CRITICAL THINKING Students identify, analyze, and evaluate arguments as they occur in their own or others’ work, and develop well-reasoned arguments.

INFORMATION MANAGEMENT Students perform the basic operations of personal computer use, understand and use basic research techniques, and locate, evaluate, and synthesize information from a variety of sources.

INDEPENDENT STUDY Independent study opportunities are available to full-time day students in the fall and spring semesters. Independent study refers to individualized instruction, which is provided in a tutorial manner outside of a regularly offered class schedule. Participating students create their own course of study with the sponsoring faculty member, and use the opportunity to undertake advanced work in a particular subject, pursue an individual project, or a combination of these activities.

For all undergraduate degree programs, a maximum of 3 credits of independent study are allowed. Credits earned for independent study cannot be used to substitute for courses listed in this catalogue, and may only be used for an elective. Consequently, two-year AAS students may only undertake independent study in the third or fourth semesters of their program. One-year AAS students may only undertake independent study in the second semester of their program. BFA and BS students are eligible in any upper-level semester.

Independent study requests are student-initiated, and must be made in the preceding semester. To be eligible for independent study, students must have a minimum GPA of 3.5. Students must complete, sign, and submit their portion of the Independent Study Proposal and Agreement form (available at www.fitnyc.edu/forms) by April 15 for the fall semester and by November 15 for the spring semester.

INTERNATIONAL PROGRAMS
Business and Liberal Arts Center, Room B119, 212 217.7601
www.fitnyc.edu/internationalprograms

The International Programs Office provides students the opportunity to study abroad for a year, a semester, or in the summer or Winterim sessions. Students may also study abroad through SUNY programs and the College Consortium for International Study. Applicants to international programs are selected competitively, and receive advisement regarding the transferability of credits from their department’s chairperson or international programs advisor, and from the Registrar’s Office.

International Fashion Design in New York and Florence
International Fashion Design in New York and Florence allows AAS students to spend one academic year in New York City and one academic year in Florence, Italy. Students may study abroad in either their third or fourth year. Courses are taught in English, and students receive FIT credits for the courses completed.

International Fashion Merchandising Management in New York and Milan
International Fashion Merchandising Management in New York and Milan allows BFA students to spend one academic year in New York City and one academic year in Milan, Italy. Students may study abroad in either their third or fourth year. Courses are taught in English, and students receive FIT credits for the courses completed.

Semester Programs at Institutions Abroad
FIT offers the following collaborative semester abroad programs in Australia, Canada, China, England, France, Israel, Italy, and Mexico. Applicable transfer credits are awarded for students’ completed academic work in these programs.

ADVERTISING AND MARKETING COMMUNICATIONS AND FASHION MERCHANDISING MANAGEMENT IN ENGLAND During the fall, a limited number of sixth-semester Advertising and Marketing Communications and Fashion Merchandising Management BS students may study in England at the University of Westminster campus in Harrow, located twenty minutes from central London. Semesters in Italy Through College Consortium for International Study  FIT is a member of the College Consortium for International Study, which includes approximately 100 colleges across the United States. Under the auspices of the consortium and FIT, Advertising and Marketing Communications, Fashion Merchandising Management, and International Trade and Marketing for the Fashion Industries BS students may spend their seventh semester studying international business at the American University of Rome. Both associate- and baccalaureate-level Advertising and Marketing Communications, Fashion Merchandising Management, and Fine Arts students may spend a fall or spring semester at the Scuola Lorenzo De’Medici in Florence.

Summer and Winterim Study Abroad Courses  FIT conducts a number of international short study courses during the summer and Winterim sessions. These courses are listed in the catalogue within the individual disciplines and are from three to six weeks in duration. Specific information on the individual semester abroad programs and the short study abroad courses is available in the International Programs Office and on the International Programs website.

Study Abroad Programs Through the State University of New York (SUNY)  With departmental and Registrar approval, students may also study abroad through one of the programs offered by SUNY. For more information, visit www.studyabroad.com/suny, or visit the International Programs Office.

ONLINE COURSES  www.fitnyc.edu/onlinecourses
FIT offers numerous online credit and noncredit courses that enable students with busy schedules to do their coursework on a more flexible schedule. Online learning at FIT is both interactive and collaborative. Students receive instruction, submit assignments, and actively participate in discussions from anywhere with an internet connection. Students leverage the wealth of resources available through the web to support their education.

CONTINUING AND PROFESSIONAL STUDIES  Conference Center at FIT, lower level, 212 217.3334
www.fitnyc.edu/continuing
The School of Continuing and Professional Studies offers credit and noncredit courses and certificates to individuals interested in obtaining a professional certificate; taking courses in business, design, and art; or receiving specific industry training. It is also possible to earn an associate’s or baccalaureate degree through evening and weekend study.

The School of Continuing and Professional Studies offers noncredit courses and seminars through several centers. The Center for Professional Studies focuses on the training needs of the global fashion and related industries’ corporate sector, as well as the enrichment needs of artists and designers associated with fashion. Also offered are customized, on-site training for businesses, and Thinklab sessions for executives to participate in specially designed roundtables with industry experts. The Enterprise Center provides information and resources to developing enterprises and freelancers, and hands-on computer workshops featuring hardware and software applications that impact the fashion-related design and business professions. Both centers sponsor Hot Topics, a series of training programs throughout the year, as well as special events and professional development certificates such as Creative Business Ownership, Fashion Styling, Color Specialist, Product Development Essentials, and Retail Experience Management. The Center for Precollege Programs offers Saturday Live and Summer Live courses for middle and high school students, in the college’s areas of expertise. The Senior Scholars initiative provides senior citizens an opportunity to take undergraduate courses at a reduced rate.

Scholastic Standing

Scholastic standing is determined by a semester index, computed by multiplying grade value by credit hours for the course, and dividing the sum by the total credit hours the students carried.

Students may only repeat a course in which one of the following grades has been received: “F,” “WA,” “WD,” or “WF.” All grades remain on record and are calculated into the GPA. Grades of incomplete (“IN”) are calculated as an “F” in the GPA until the incomplete has been resolved. The following grades are used for final marks:

IN Indicates that a thesis is in progress. “IP” is replaced by an appropriate letter grade when the thesis is completed or by an “F” if matriculation is not maintained.

L Auditor (may be assigned for non-degree student only).
Students whose cumulative GPA is below 2.0 at the completion of at least 50 percent of the required courses or at the end of the second semester are not permitted to register for the third semester as matriculated students. Any students dismissed in such a manner have the right to appeal to the major department in consultation with the Committee on Academic Standards.

TRANSFER OF CREDIT
The Registrar’s Office evaluates courses from any other regionally accredited college for transfer of credit (see pages 34-35). Acceptance of specific units depends upon the requirement of the major for which application is made and the extent and degree of similarity between the program previously pursued and that to which transfer is requested. Only “C” or better grades are acceptable.

FIT subscribes to SUNY regulations with regard to transfer of grades from SUNY and CUNY colleges.

Students who are interested in transferring to senior colleges after graduation from FIT are advised in the Registrar’s Office. Upon the students’ written request, the Registrar sends an official transcript to any educational institution. A separate audit sheet for SUNY General Education Requirements is also sent when students apply to SUNY senior colleges. Official transcripts are not given directly to the students. Transcripts are $5 each. Normal processing takes approximately five business days. Rush transcripts can be processed for a $10 fee. The transcript request form is available at www.fitnyc.edu/registrar.

Requirements for Degree Completion

REQUIREMENTS FOR THE ASSOCIATE’S DEGREE
To qualify for the Associate in Applied Science degree, candidates must be matriculated (officially admitted to degree status); satisfactorily complete the credit and course requirements prescribed for their majors, related areas, and liberal arts; achieve a minimum GPA of 2.0 for all work completed; and receive the recommendation of the faculty.

For more specific course requirements, consult the major pages beginning on page 92 and the SUNY General Education requirements on pages 45-52.

Time Requirements
Full-time students must complete all requirements for their degree within four years from the original date of matriculation; part-time students must complete all requirements within eight years from the original date of matriculation. After the period expires, students must reapply through Admissions and have their credentials reevaluated. Courses taken ten or more years ago are subject to reevaluation and must be approved by the appropriate department chairperson or academic dean in order for students to receive credit toward their degree.

Writing and Mathematics Proficiency
Students are expected to develop their writing and mathematics skills as early as possible during their studies to enhance their prospects for academic and career success. In order to pre-enroll/register for the initial semester of study in a degree program, all full- and part-time AAS students must complete English and mathematics placement testing or demonstrate that they qualify for exemption from placement testing. Students who are placed into Educational Skills or developmental mathematics courses or EN 121–English Composition should register for these courses in the first semester of study.

Information on how to demonstrate English and mathematics proficiency is available in the Academic Skills Center and at www.fitnyc.edu/placementtests.

REQUIREMENTS FOR THE BACCALAUREATE DEGREE
To qualify for the Bachelor of Science or Bachelor of Fine Arts degree, students must be
Students unable to attend classes on a particular day(s) because of religious beliefs shall, because of such absence on the particular day(s), be excused from any examination or any study or work requirements.

It shall be the responsibility of the faculty and the administrative officials of the college to make available to students absent from school because of religious beliefs, an equivalent opportunity to make up any examination, study, or work requirements that they may have missed because of such absence on any particular day(s). No fees of any kind shall be charged for making available such equivalent opportunity.

In effectuating the provisions of this section, it shall be the duty of the faculty and of the administrative officials to exercise the fullest measure of good faith. No adverse or prejudicial effects shall result to any student because of his or her availing himself or herself of the provisions of this section.

Any students who are aggrieved by the alleged failure of any faculty or administrative officials to comply in good faith with the provisions of this section shall be entitled to maintain an action or proceeding in the supreme court of the county in which the college is located for the enforcement of their rights.

It shall be the responsibility of the administrative officials of the college to give written notice to students of their rights under this section, informing them that students who are absent from school because of religious beliefs must be given an equivalent opportunity to register for classes or make up any examination, study, or work requirements that they may have missed because of such absence on any particular day(s). No fees of any kind shall be charged by the college for making available to such students such equivalent opportunity.

OFFICIAL WITHDRAWAL
Students who voluntarily withdraw from the college should go to the Counseling Center for an exit interview. Complying with this procedure will put their records in good order and will facilitate readmission to FIT if they decide to return in the future or wish to have transcripts of grades sent elsewhere. Title IV recipients must have an exit interview before withdrawal.

Dean’s List and Academic Achievement Awards
The Dean’s List, posted at the end of each semester, honors those students who have completed more than 12 credits (may not include courses taken on a pass/fail basis) and achieved a GPA of 3.5 or better. Students receiving an incomplete or an “F” grade are ineligible for the Dean’s List that semester.

For students who achieve a GPA of 3.75 or better during their college careers, their degree is granted summa cum laude. For those with a GPA of 3.5 or better but less than 3.75, their degree is granted magna cum laude. For those with a GPA of 3.25 or better but less than 3.5, the degree is granted cum laude.

Upon the recommendation of individual academic departments, the Committee on Academic Standards confirms the recipients of all academic achievement awards.

FIT is a college of the State University of New York. It receives state funding and support from the Department of Education of the City of New York. This assistance allows the college to offer the tuition rates noted below.

All matriculating students new to FIT, including visiting students and new matriculants to bachelor’s degree programs, are required to confirm their acceptance with a nonrefundable advance tuition deposit of $150 as soon as they are notified of admission. The following schedules of fees are effective for the 2007-08 academic year:

Tuition and fees are subject to change without prior notice at the discretion of the college’s Board of Trustees. Current tuition and fees are available at www.fitnyc.edu/bursar.

Tuition paid by check or money order must be in the exact amount.

*Tuition is charged for non-credit-bearing courses. Laboratories, lectures, and workshops are billed at different rates (see Fees, page 67).
RESIDENCY FOR TUITION PURPOSES

U.S. Citizens and Permanent Resident Aliens
To qualify as a New York State resident, one must have established legal residence by maintaining a domicile in New York State for a period of at least one year preceding the date of the semester.

A domicile is defined as a fixed permanent home to which one intends to return after being absent for a period of time. A person does not acquire a New York State domicile simply by being physically present in New York for a period of 12 months. A person retains a domicile until their present domicile is abandoned and another domicile is established.

In addition to the general domicile standards, students under the age of 22 and whose parents or legal guardians reside out of state must present evidence of financial independence from parents or legal guardians and an established New York State domicile in order to be designated as New York State residents for tuition purposes.

Applications for change of residency status are available at the Bursar’s Office at 236 West 27th Street, sixth floor, and on the FIT website at www.fitnyc.edu/bursar. Completed applications with supporting documents must be submitted prior to the end of the registration period for the semester for which the application is intended. Residents of any of the five boroughs of New York City must sign the residency affidavit printed on the registration form at the time of admissions to the college. New York City residents who have met the New York State residency requirement by maintaining a domicile in New York State for a period of at least one year preceding the date of registration do not have to file a Certificate of Residence. New York State residents who do not reside in any of the five boroughs of New York City must file a Certificate of Residence (issued by the county in which the student resides) in order to be eligible for the in-state resident tuition rate. It is mandatory that the student present a new certificate at the beginning of each academic year. This certificate must be filed with the Bursar’s Office at the beginning of the term for which the certificate is intended.

Students who enroll at the college in the fall semester are required to submit a new certificate the following fall. Students who enroll after the fall semester (Winterim, spring, or summer) must submit a certificate at the beginning of their first semester of attendance at FIT and a new certificate at the beginning of the following fall semester. Note that individual counties have deadline dates and may have different criteria for issuing the certificates. Notices are mailed each year to continuing FIT students who are enrolled as New York State residents reminding them of the deadline dates along with an application for the County Residence Certificate. New York State residents who are eligible for the in-state tuition rate but have moved from one county to another within New York State within the last six months must file for a County Residence Certificate with both counties and submit both certificates to the Bursar’s Office. Other residency requirements, county certificate applications, and additional information may be found at www.fitnyc.edu/bursar.

Non-immigrant Aliens
Foreign students with F-1 Student Visas are not eligible for the New York State resident tuition rate.

Students with other types of visas may be eligible if they have been residents of New York State for one year prior to the date of registration (see above). Students must have possessed the qualifying visa for at least one year prior to the date of registration.

Books and supplies cost between $600-$900 (depending on major) per semester.

1. This insurance must be purchased by all full-time students unless evidence of other coverage is submitted. The rate shown is for domestic students. For a more detailed explanation, see Health Services, page 81.
2. Fee is charged to each part-time student who registers for a course requiring life/fashion models and/or the use of certain specialized equipment/materials.
3. Fee is charged to part-time students and is non-refundable.
4. Approved by FIT’s Board of Trustees in accordance with Student Council regulations.
TUITION PAYMENT DEADLINES
Non-matriculated students are required to pay full tuition liability at the time of registration for each semester.

Tuition due dates are determined by the college in advance of each semester and may vary from one academic year to the next. Tuition due dates for the fall semester normally occur between mid-July and early August. Tuition due dates for the spring semester normally occur between late December and early January.

All students who register after the payment due date are required to make tuition payment immediately upon registration.

All students attending summer, Summerim, and Winterim sessions are required to pay full tuition liability at the time of registration.

Payment may be made via American Express, Discover, MasterCard, Visa, money order, or personal check. Checks and money orders should be made payable to Fashion Institute of Technology and mailed to:

Bursar's Office—Cashiering Operations
Seventh Avenue at 27 Street, Room B127
New York City 10001-5992

Student ID number must be indicated on your payment. Students may make payments in person at Cashiering Operations. Online credit card payments may also be made—by continuing students only—via www.fitnyc.edu/onlinesstudentinfo.

NON-PAYMENT OF DEBTS AND FINES
Checks returned by a bank as unpaid for any reason will result in a returned check fee of $25 charged to the students’ account. The college reserves the right not to accept a personal check for payment under some conditions; for example, a history of prior returned checks or checks without pre-printed name and address. Note that a stop payment draft against a check is not considered an official withdrawal from the college and students will be charged a $25 returned check fee in addition to the tuition liability.

Late payments are subject to a late fee of 1.5 percent per month on all outstanding balances. Students who fail to pay their bills or other college debts will be ineligible to register, graduate, or obtain transcripts or other services from the college. Outstanding debts may be referred to a licensed collection agency and collection fees up to 33 1/3 percent may be added to the outstanding balance. If legal action becomes necessary, litigation and all court costs will be the student’s responsibility.

Students who have not satisfied their full financial obligations, exclusive of certified financial aid or tuition payment plans, by the scheduled due date may be subsequently de-registered and all previously assigned classes may be dropped. Late registration and program change fees may be assessed to students who are de-registered and wish to re-enroll. Students are not guaranteed class availability if they need to re-register for courses.

HOUSING
www.fitnyc.edu/residentiallife
On-campus residences include traditional and apartment/suite-style accommodations. Traditional accommodations include a meal plan administered through food services on campus; for apartment/suite residents, the meal plan is optional (see Residential Life, page 82).

Charges vary according to type of accommodation and building. All rates include a Resident Association fee and technology services fee. Rates are subject to change without prior notice at the discretion of the college’s Board of Trustees.

Typical charges for resident students as of fall 2007 are:
• traditional accommodations: $3,051-$3,190 per person per semester;
• apartment/suite accommodations: $3,981.50-$7,412.50 per person per semester.

Meal plans (mandatory for traditional residence hall residents) range from $1,395-$1,795 per person per semester.

A $325 annual fee is required of all resident students, for the Student Resident Association and technology services.

Tuition and Fee Refunds

FULL- AND PART-TIME PROGRAMS
All refunds are based on the official date of withdrawal. An application for refund of tuition must be made on the Withdrawal/Refund of Tuition Form provided in the Registration Center or in writing. No refunds will be permitted unless an official withdrawal form is submitted in the required time period. The date on which the Withdrawal/Refund of Tuition Form is received by the Registrar's Office is considered the official date of the student's withdrawal. The $5 offsetting service fee is nonrefundable. Student health insurance is nonrefundable after the first day of class. Nonattendance in class or stop payment on a check is not considered an official withdrawal from the college. The student remains responsible for all tuition liabilities. Students receiving Title IV financial aid will be processed according to federal guidelines. The refund period terminates by the end of the third week of classes, in accordance with the following schedule:

<table>
<thead>
<tr>
<th>Withdrawals</th>

<td>No refund</td>
</tr>
</tbody>
</table>

The refund process generally takes six to eight weeks after the semester begins. All credit card refunds are issued through the appropriate credit card carrier.

SUMMER, SUMMERIM, AND WINTERIM SESSIONS
The refund period terminates prior to the fourth scheduled session of the course, in accordance with the following schedule:

<table>

</tr>
</tbody>
</table>

* The first week ends on Sunday regardless of which day of the week classes begin.
** The student health insurance fee is nonrefundable.
Expenses and Financial Aid

Payment will be refunded in full if students’ application for residence accommodation is not accepted.

No refund of payment will be made if students are directed by the college to vacate the premises before the departure date and relocate to other housing due to the students’ violation of the residence contract.

If students’ applications for residence accommodation are accepted and the students thereafter withdraw or are dismissed from the college or residence halls, or voluntarily change to accommodations not provided by the college before the departure date, a partial refund may be made as set forth below:

- 100% refund less a $50 charge if withdrawal is completed with Residential Life more than seven days prior to first day of contract.
- 100% refund less a $300 charge if withdrawal is completed with Residential Life less than seven days prior to first day of contract.

Room Portion
Per centages to be refunded and charged on or before the contract week ending Saturday (5 pm):

- First week of contract: 75% refund (25% charge) of total room charges
- Second week of contract: 50% refund (50% charge) of total room charges
- Third week of contract: 25% refund (75% charge) of total room charges
- Thereafter: No refund (100% charge) of total room charges

Meal portion: (Prorated on a weekly basis)

Refund policy applies even if student does not move into the residence halls.

If more than two students are required to occupy a room (i.e., designated triple rooms), there will be a reduction in room rental. Students receive a rebate after they have been contacted regarding a reduction in occupancy. This does not apply to suites or rooms that have two or four occupants for the academic year in Alumni Hall, Co-ed Hall, Nagler Hall, and Kaufman Hall.

Financial Aid

David Dubinsky Student Center, Room A212A, 212 217.7439
www.fitnyc.edu/financialaid

FIT attempts to remove financial barriers to college entrance by providing scholarships, grants, loans, and part-time employment based on available funding for students with financial need. Students who are in a degree program and require financial assistance of any kind must complete the Free Application for Federal Student Aid (FAFSA), designating FIT (code 002866) as a college choice. The FAFSA is the core application for all financial aid programs. Apply online at www.fafsa.ed.gov. Foreign students are not eligible for financial assistance from FIT. Visiting students should consult their home institutions for assistance.

FIT directly administers its institutional grants and scholarships, which are provided by The Educational Foundation for the Fashion Industries. Federal funding administered by the college may include Federal Perkins Loans, Federal Supplemental Educational Opportunity Grants, Pell Grants, federally subsidized and unsubsidized loans for students and parents, as well as the Federal Work Study program. New York State residents who meet state guidelines for eligibility may also receive Tuition Assistance Program (TAP) and/or Educational Opportunity Program (EOP) funds through FIT.

Financial assistance is not automatically renewed. Since most financial aid awards are made for an academic year, students must reapply each academic year by submitting the required forms by the dates established and published by Financial Aid.

The amount of financial aid awarded depends on funds available to FIT as well as the students’ educational budget and anticipated available resources. Priority for institutionally administered funds is given to students enrolled and designated as full-time. Federal funds at FIT are contingent on congressional authorizations and appropriations. Eligibility requirements and funding regulations governing federal and state programs may change from year to year depending on legislative action. For more information, visit the Financial Aid website.

SATISFACTORY ACADEMIC PROGRESS (SAP) STANDARDS FOR FINANCIAL AID RECIPIENTS

The Higher Education Amendments require that colleges and universities provide federal financial aid to those students who are in good academic standing and making satisfactory progress in a degree program. The U.S. Department of Education requires that students make satisfactory academic progress (i.e., successfully complete at least 66 percent of attempted courses) and maintain a cumulative GPA of 2.0. The Satisfactory Academic Progress (SAP) guidelines are available in the Financial Aid Office and at www.fitnyc.edu/financialaid. Students are responsible for reading and adhering to these guidelines.

Students who receive financial aid and who do not complete any credits or receive a 0.0 GPA in any particular semester will be placed on financial aid suspension, which terminates all financial aid until conditions have been met or an appeal has been granted. To be reinstated without an appeal, students must, at their own expense, complete at least 12 credits (if full-time). Part-time students must complete at least the number of credits they were registered for during their last semester in attendance.

Students may appeal the financial aid suspension in writing to the Financial Aid Committee. Forms are available in Financial Aid, Room A212A. Students must indicate why minimum academic requirements were not achieved and why they should not be placed on probation or have aid terminated. The Financial Aid Committee will review the appeal and determine whether the appeal is justified. Students will be advised, in writing, of the decision.

FINANCIAL AID WITHDRAWAL AND RETURN OF FUNDS

Financial aid recipients who withdraw partially or fully must have their financial aid reviewed. If students withdraw during the first 60 percent of the enrollment period and have any form of federal aid disbursed, the amount of the refund will be based upon a distribution formula as required by federal regulations. The refund distribution, prescribed by law and regulation, is in the following order: Unsubsidized Federal Stafford Loan, Subsidized Federal Stafford Loan, Federal PLUS Loan, Federal Perkins Loan, Federal Pell Grant, Federal SEOG, other Title IV Aid programs, and other federal sources of aid.

Additional information on these refund and repayment policies may be obtained from Financial Aid.

TUITION ASSISTANCE PROGRAM (TAP) FOR NEW YORK STATE RESIDENTS

Full-time students who are New York State residents may be eligible for a TAP grant ranging from $500 to full tuition. New York State residents who are registered for 6-11 credits in a degree program may be eligible for Aid for Part-Time Students (APTS) or Part-Time TAP. For more information, visit www.fitnyc.edu/financialaid or www.hesc.com.
The State University of New York has received approval from the State Education Department for University-Wide Standards for awarding state awards. The new regulations require full-time students receiving state awards to complete a minimum number of credits each term in a registered or otherwise approved program with a minimum GPA, and to accumulate enough credits to graduate with an associate's degree within a maximum of six semesters of aid, and a bachelor's degree in eight semesters of aid. These regulations apply only to full-time students receiving state awards. Other students may study at their own rate and complete their degrees according to the institution's regular academic standards. There is one standard for each degree level.

Students must be registered for at least 12 credits in the degree program at the time of TAP certification. Three factors are involved: 1) academic progress in the previous semester; 2) program pursuit in the previous semester; 3) a minimum of 12 credits in the current semester.

If students fail to meet these standards, the regulations allow for one waiver during their undergraduate career. According to the waiver guidelines, students may ask for and receive the waiver if good reason is presented for their inability to meet minimum standards. The waiver will become part of the students' record and they are expected to make satisfactory progress thereafter. The waiver is not automatically given and students must apply and be approved.

More detailed information and waiver forms are available in the Registrar's Office, Room C158. TAP eligibility requirements are subject to change based on New York State legislation.

The Educational Foundation for the Fashion Industries

Marvin Feldman Center, Room C204, 212 217.4100
www.fit.nyc.edu/effi

The Educational Foundation for the Fashion Industries, whose membership includes industry leaders, serves as an advisory and fundraising body to the college. Organized in 1944, The Educational Foundation for the Fashion Industries established the Fashion Institute of Technology as a college to develop professional leadership for the constantly evolving fashion industry. The accessibility of the college makes it possible for professionals to attend discussions, serve on panels, and offer their experience as special lecturers to students. Students have an opportunity to meet outstanding representatives from the fields of the arts, design, industrial production, labor, and merchandising.

Gifts to FIT come through its private foundation, The Educational Foundation for the Fashion Industries. The Educational Foundation for the Fashion Industries is exempt from federal income tax under the provisions of the Internal Revenue Service Code Section 501(c)(3). FIT has received recognition from the fashion and related industries, alumni, and friends through generous financial gifts. The list of commencement awards, loan funds, and scholarships attests to their commitment to the college.

HONORARY CHAIRS

EMILY WILKENS CHAIR IN EXTERNAL IMPRESSIONS In 1965, the Board of Trustees of the Fashion Institute of Technology established a chair honoring Ms. Wilkens for her assistance and counsel in founding a program to foster self-evaluation and self-improvement as steps toward social maturity.

ENDOWMENTS

EDWIN GOODMAN ENDOWMENT IN FASHION (BUYING AND MERCHANDISING) In 1955, the Goodman family established an endowment of fashion in memory of Edwin Goodman, of Bergdorf Goodman. The endowment made possible the development of the Fashion Merchandising Management major.

INTERNATIONAL FABRICARE INSTITUTE ENDOWMENT IN TEXTILE AND APPAREL CARE TECHNOLOGY In 1966, the National Institute of Dry Cleaning established an endowment in textile and apparel care technology. This endowment helped to develop materials and programs for the distribution of information about servicing and maintaining fashion products to designers, manufacturers, and distributors, as well as maintenance of the Textile and Apparel Lab.

THE WOOL BUREAU ENDOWMENT In 1968, The Wool Bureau, Inc., established an endowment for the development of a program to enrich knowledge and awareness of the utilization of wool and wool textile products in apparel and home furnishings. The endowment achieves these objectives through teaching, through direct applications in design and manufacturing technology, and through research involving wool and wool products.

TRIFARI, KRUSSMAN AND FISHEL, INC., ENDOWMENT IN JEWELRY In 1975, the world-renowned jewelry firm of Trifari, Krussman and Fishel, Inc., endowed a jewelry design laboratory in the college in honor of the company's 50th anniversary. The endowment is used to assist the program in Jewelry Design, which began in September 1975.

THE SHIRLEY GOODMAN RESOURCE CENTER ENDOWMENT In 1975, a resource center support fund was named and endowed to honor Shirley Goodman, executive vice president emeritus of FIT and executive director of The Educational Foundation for the Fashion Industries (1949-91). Today, the Shirley Goodman Resource Center houses the Gladys Marcus Library, The Museum at FIT, and the School of Graduate Studies.

THE REVLOn ENDOWMENT IN COSMETICS MARKETING In 1980, the Revlon Corporation established an endowed fund to enrich and extend the Cosmetics and Fragrance Marketing program. Each year, $1,000 is allotted from this endowment for the Revlon Academic Achievement Award.

JACK C. LEBOWITZ ENDOWMENT IN MENSWEAR In 1981, the National Association of Men's Sportswear Buyers created an endowment in Menswear. The endowment honors the memory of Mr. Lebowitz, a former buyer at Macy's.

NORMAN M. MORRIS ENDOWMENT IN JEWELRY DESIGN In 1981, Norman M. Morris, whose firm was the United States agent for Omega watches, established an endowed fund in Jewelry Design. The fund provides for the inclusion of watch design within the department's program of study.

SCOVILL ENDOWMENT IN RESEARCH AND DESIGN In 1984, the Scovill Apparel Fasteners Group provided an endowment for research in product design and applications emphasizing fasteners utilization. The chair of this endowment serves as the liaison between students and faculty and the fasteners industry.

INTIMATE APPAREL ENDOWMENT IN FASHION DESIGN In 1985, a league of corporation and private sponsors, primarily in the intimate apparel industry, endowed funds to develop an intimate apparel specialization in the Fashion Design BFA program. Part of these funds are used for a yearly honor scholarship and merit award for students studying intimate apparel.

THE MILDRED CUSTIN ROOM In 1986, family and friends of Mildred Custin, known as America's "first lady" of retailing, endowed funds to name and maintain a room in her honor. Today, the Mildred Custin Room is a highly used computer library resource lab.

GUSTAV NIEmEYER ENDOWMENT IN JEWELRY DESIGN In 1988, the trustees of the Gustav H. Neimeyer Memorial Education Fund voted to create a discretionary endowment with the remaining assets of the fund for the Jewelry Design Department.

THE COLIN BIRCH MEMORIAL WINDOW In 1990, friends of Colin Birch, the display window artist at Bloomingdale's for many years, endowed funds to maintain FIT's display window on Seventh Avenue. This window, and its ever-changing displays by Visual Presentation and Exhibition Design students, act as a living memorial to Mr. Birch.
PHILLIPS-VAN HEUSEN ENDOWMENT IN MENSWEAR  In 1990, the Phillips-Van Heusen Corporation created an endowment to enrich the program in Menswear.

LAWRENCE ISRAEL LECTURE SERIES IN INTERIOR DESIGN  In 1997, Professor Lawrence Israel, architect and faculty member, established an endowed fund for the Interior Design Department to create the Lawrence Israel Lecture Series of distinguished design professionals.

MILDRED ROTHMAN ENDOWMENT IN EDUCATIONAL SKILLS  In 1998, this endowment was bequeathed by Professor Mildred Rothman to be used for the benefit of students in Educational Skills.

ELSA PERETTI PROFESSORSHIP IN JEWELRY DESIGN  In 2001, Tiffany and Co. established the Elsa Peretti Professorship in Jewelry Design. On the occasion of the 25th anniversary of its successful and rewarding collaboration with Elsa Peretti, Tiffany created a perpetual fund for faculty salary support in the Jewelry Design Department. At Ms. Peretti’s request, the endowment is established in honor of her long friendship and professional association with Samuel Beizer, founding chairman of FIT’s Jewelry Design Department.

GEORGE T. DORSCH FUND  In 2002, the Estate of George T. Dorsch established an endowment to enhance the History of Art and Civilization Department.

DR. LEONARD FLORENCE AND SY STEWARD GLOBAL SCHOLARS ENDOWMENT IN HOME PRODUCTS  In 2005, this endowment was created to honor the contributions of two leaders in the field of home products. This endowment enables Home Products Development students to participate in international trade shows and study abroad programs.

ALFRED Z. SOLOMON–JANET A. SLOANE ENDOWMENT FUND  In 2005, this endowment was created to support the accessories collection at The Museum at FIT. It will help fulfill the museum’s mission to educate students and the general public about the artistic, historical, and social significance of fashion.

SCHOLARSHIPS  Scholarship gifts help further FIT’s mission. Full and partial scholarships are available to full-time students offering evidence of financial need and academic merit. A limited number of partial scholarships have been established for matriculated evening and weekend students who demonstrate financial need. A number of honor scholarships provided by the friends and families of FIT are awarded—based on aptitude, need, and scholastic achievement—to students who have completed a year of study at FIT. Some of these are limited to specific criteria established by the donor.

STUDENT AFFAIRS
Business and Liberal Arts Center, Room B221, 212 217.3800
www.fitnyc.edu/studentaffairs
The Division of Student Affairs is essential to FIT’s primary goal: to promote the intellectual, cultural, personal, and social development of students, as well as to provide quality student services.

ACADEMIC ADVISEMENT
Academic advisement is offered by the deans, admissions counselors, registrars, department chairpersons, and individual faculty members. Discussions may range from consideration of courses available to students to the advantages and disadvantages of a change in major studies or career goals.

When a student needs remedial studies, courses and tutorial services are available in the college through the School of Liberal Arts and the Academic Skills Center, Room A608B.

CAREER SERVICES
Business and Liberal Arts Center, Room B216, 212 217.7654
www.fitnyc.edu/careerservices
Career Services’ mission is to empower FIT students, past and present, to make successful career decisions in today’s competitive global market. The office works with a wide variety of employers, helping each meet its individual personnel needs. There is an ongoing demand in the workplace for FIT alumni of all ages and experience levels. Lifetime placement services are offered to all FIT alumni, and students are encouraged to utilize the office’s resources from the start of their education.

The Career Services Office is a professional center for all FIT students and graduates that:
• advises on career planning for all students and alumni;
• develops strategic partnerships with industry;
• holds career fairs and on-campus recruitment programs;
• hosts online access to various specialized recruitment websites;
• lists online full-time, part-time, freelance, and summer positions;
• offers walk-in counseling services, one-on-one advisement, and class visits;
• presents career building, résumé writing, and related workshops;
• provides annual placement and industry information;
• teaches HD111–Career Planning, an elective course in career planning and guidance.

Placement of Graduates
Recent placement reports show FIT graduates employed in the following professions:
• advertising artists;
• display artists;
• fashion and accessories designers and assistant designers;
• fashion illustrators and sketchers;
• industrial engineers, plant management trainees, and assistant production managers;
• interior designers and assistant designers;
• jewelry designers;
• junior toy designers;
• package designers and package design assistants;
• patternmakers, assistant patternmakers, and graders;
• photographers and photographer’s assistants;
• product developers;
• copywriters, public relations assistants, and editorial staff;
• merchandisers, merchandising assistants, marketing trainees, retail executive trainees, buyers, and assistant buyers;
• store managers and assistant store managers;
• stylists and assistant stylists;
• textile artists and designers, textile converters and assistants, and textile technologists.

Copies of annual placement reports are available in the Career Services Office.

Preparation for students’ placement starts prior to their graduation, often early in their final semester. Counselors visit classes, see students individually, and conduct group workshops. Some job interviews are held on campus, when employers visit the college to meet prospective graduates, and others are held on employers’ premises. Placement of a graduating class extends over several months. If graduates have plans other than employment immediately after graduation (e.g. continuing education, travel), they are encouraged to return to the Career Services Office as soon as they are ready to consider employment.

COUNSELING CENTER
David Dubinsky Student Center, Room A212B, 212 217.7697
www.fitnyc.edu/counseling

The Counseling Center provides confidential counseling services and educational programs to help students adjust to college life, deal with problems that can affect their well-being and academic success, and develop skills needed for personal and professional success. The center’s mental health practitioners assess students’ conditions and provide appropriate care, which can include support during a crisis, short-term counseling, or a referral to qualified and affordable treatment resources in the community. Students are encouraged to seek out counseling at the first sign of difficulty, since early identification of problems minimizes the impact of those problems on their personal lives and their academic progress. Students may call or visit the center to arrange an appointment, come by during walk-in consultation hours, or be seen immediately for emergencies.

In addition to personal counseling, the Counseling Center provides a variety of programs and resources to help students develop competencies needed for academic and professional success. These programs include educational workshops, freshman success seminars, and academic probation interventions, which focus on important aspects of student development and performance. The center also provides a variety of informational booklets on topics related to mental health, personal growth, and study skills.

Any students placed on academic probation are required to attend the Counseling Center’s structured workshop series or meet with a counselor. Any full-time students who wish to withdraw from the college are required to initiate the formal withdrawal procedure by first contacting the center to schedule an exit interview. Students unable to schedule an exit interview should immediately notify the Registrar’s Office in writing.

FIT-ABLE: DISABILITY SUPPORT SERVICES
David Dubinsky Student Center, Room A511A, 212 217.4090 (TTY 212 217.4097)
www.fitnyc.edu/itable

FIT-ABLE, the college’s Disability Support Services Office, is the primary campus advocate for students with disabilities. Through FIT-ABLE, students are provided support services, programs, and advocacy toward the goal of career readiness and self-sufficiency. These services include internship counseling, tutoring, specialized academic advisement, and training on assistive technology. A staff sign language interpreter is available by appointment. Early contact with

FIT-ABLE is recommended to discuss academic adjustments and accommodations, as certain requests, such as interpretation services, may take some time to fulfill. The college respects the students’ right not to self-identify as having a disability. FIT complies with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 through its provision of these services and by prohibiting discrimination against students based upon disability.

HEALTH SERVICES
David Dubinsky Student Center, Room A402, 212 217.4190
www.fitnyc.edu/healthservices

FIT’s Health Services is an accredited primary care facility staffed by nurse practitioners and physicians, a nutritionist, an acupuncturist, and a health educator. The office provides general medical and gynecological care. A referral list of consultants is available in cases where a specialist’s evaluation and treatment are required. Health Services also provides counseling on topics such as family planning, nutrition, stress management, and health maintenance.

FIT has a mandatory health insurance policy. All full-time students (including international students) are automatically billed for health insurance. Students can be excused from the mandatory insurance if they have equal or better health insurance from another company. In order to waive the mandatory insurance, it is necessary to complete and submit a waiver form by the deadline. For deadline dates and other insurance information, contact Health Services.

New York State law mandates that all students must provide proof of immunity against measles, mumps, and rubella in order to attend classes. Students born prior to January 1, 1957, are exempt from these requirements.

Proof of immunity is defined for the following as:

MEASLES Two doses of live measles vaccine given on or after the first birthday, and after 1967, physician’s documented history of the disease or serological evidence of immunity.

RUBElla (GERMAN MEASLES) One dose of live rubella vaccine given on or after the first birthday, or serological evidence of immunity. A physician-documented history for rubella will not be accepted.

MUMPS One dose of live mumps vaccine given on or after the first birthday, a physician-documented history of the disease, or serological evidence of immunity.

New York State Public Health Law (NYS PHL) §2167 requires colleges and universities to distribute information about meningococcal disease and vaccination to all students registered for 6 credits or more, whether they live on or off campus. Students must notify Health Services if they will receive the meningitis vaccination, have received it in the past, or decline/refuse to receive the immunization. Please note that according to NYS Public Health Law, no institution shall permit any student to attend the institution in excess of thirty days or to register for the next semester’s classes without complying with this law.

An immunization form and a health form, enclosed in the admissions packet, must be completed and returned to Health Services.

INTERNATIONAL STUDENT ADVISORS

The Office of International Student Advisors (OISA) assists international students with issues regarding their status while attending FIT.
RESIDENTIAL LIFE
Alumni Hall, first floor, 212 217.3900
Kaufman Hall, first floor, 212 217.3930
www.fitnyc.edu/residentiallife

FIT’s residence halls play an integral role in the FIT community and the personal development of its students. Living on campus enables students to interact with their peers not only in an academic setting, but also in a social environment. Each semester, Residential Life hosts an extensive new student orientation, and its counselors and student staff live in the halls, to assist students with their adjustment to college and living in New York City.

Four residence halls house approximately 2,300 students in single, double, triple, and quad occupancy rooms and suites. Alumni Hall, Co-ed Hall, and Nagler Hall are located on West 27th Street, and house approximately 1,217 students. The accommodations in Nagler Hall and Co-ed Hall are primarily double occupancies, but also include a limited number of studios and one-bedroom quad suites. Alumni Hall consists of two-bedroom quad suites. The George and Marianne Kaufman Residence Hall, located on nearby West 31st Street, houses approximately 1,100 students, offering one-, two-, three-, and four-bedroom apartment-style accommodations, each containing its own kitchenette and bathroom facilities.

All FIT residence hall rooms are furnished with a bed, chair, chest of drawers, closet space, phone and data jacks, and access to a cable TV jack. Each hall has centrally located lounges and laundry facilities; Kaufman Hall also has an on-site fitness center. Cooking is only permitted in apartment-suite accommodations.

All full-time matriculated students are eligible to apply for housing. Priority is given to full-time, first-year students who have submitted their housing application before June 15 and paid their tuition deposit. Residential Life also assists with off-campus housing options. Those students seeking off-campus housing options should visit www.fitnyc.edu/offcampushousing.

Once admitted to the college, students wishing to live in the residence halls should apply for housing online, as early as possible, on the Residential Life website. Applicants will have access to the online housing application within five business days of their tuition deposit payment. If students withdraw from housing after an application has been accepted, all withdrawal charges will be applied (see Housing Refunds on page TK). For returning students, a room selection lottery is held each spring, allowing them to choose their residence and roommates for the next academic year.

The residence halls are closed from the last day of fall semester classes until the first day of Winterim classes and from the last day of summer classes until the first day of the fall semester. Unless otherwise noted, housing contracts are for the academic year (not including winter and summer recess sessions) only. Winter recess housing is available to students with housing contracts for the full academic year. Interested students may inquire about availability and apply at the Residential Life Office, and must pay the additional charges in full at Cashiering Operations. Select residence hall accommodations are available for rental during the summer. Applications, rates, and eligibility requirements for summer residence are available in the Residential Life Office. On-campus food services are not available during the college’s recess periods.

The college’s recreation and intramural program is designed for the participation and enjoyment of the entire college community. Programs provide the opportunity for physical activity and fellowship, promote wellness, and use of leisure time. Participants of all skill levels are encouraged to participate.

The Athletics and Recreation Department sponsors a variety of drop-in fitness classes, taught by certified instructors. Classes include body toning, hip-hop, kickboxing, leg sculpting, Pilates mat, Salsa, self-defense, Tae Bo, and yoga, and are available to the entire FIT community. Open gym hours during the week allow students, faculty, and staff to participate in team and individual sports such as basketball, dance, table tennis, tennis, and volleyball.

The fitness center is located in the sub-basement of the Business and Liberal Arts Center and is open 7 am-10 pm weekdays, and 11 am-5 pm weekends. Cardiovascular machines, free weights, and Nautilus and universal machines are available. A fitness attendant is on duty at all times.

CLUBS

Clubs are organized each year as student interest dictates. The major-oriented clubs are open to all students regardless of major and extend the study of the various disciplines in an informal way through such activities as field trips, guest speakers, and meetings with alumni.

All full- and part-time students who have paid their Student Activity fee may participate in clubs. All clubs and organizations are open to all students regardless of race, color, age, sex, national origin, or disability. All students who wish to participate on athletic teams or hold leadership positions in student organizations must maintain a minimum of a 2.0 GPA. Candidates for and elected FITSA executive and programming board members must maintain a 2.3 GPA. The following is the current list of student organizations at FIT:

West 27, the student newspaper, is published periodically under the auspices of the Student Association and distributed to the student body and faculty. Staff membership is open to all students.

Phi Theta Kappa, the international honor society of two-year colleges, offers students recognition and opens numerous doors for future opportunities and learning. Phi Theta Kappa has nearly 1,200 chapters at two-year colleges in all 50 states, and in Canada, Germany, and Japan. FIT’s Phi Theta Kappa chapter sponsors several activities and provides numerous leadership opportunities. Students interested in membership must be enrolled in an associate’s degree program, must have completed 12 credit hours in required associate’s degree courses at FIT, have attained a GPA of at least 3.5, and be certified by the college. Contact Student Life for more information or a membership application.

SOCIAL AND CULTURAL EVENTS
Concerts, dances, flea markets, films, field trips, and other special and social events are planned by the Student Association and Programming Board and the various clubs throughout the year.

In addition to planned evening events, on selected Tuesdays between 1-2 pm, all students and faculty are welcome to attend and participate in events arranged by the Entertainment Hour Committee of the Student Association.

STUDENT PUBLICATIONS
*Highlights*, a monthly calendar of extracurricular events, is distributed by Student Life to all members of the FIT community.

*I CON*, a literary magazine of student artwork and poetry, is edited and published annually by the Student Association.

*Portfolio*, the FIT yearbook, is planned and produced during the college year for annual publication. Although mainly devoted to graduating students, it includes class and extracurricular activities of undergraduates.

Governance

STUDENT ASSOCIATION AND COUNCIL

David Dubinsky Student Center, Room A710, 212.217.4130

The Student Council is the governing body of the Student Association, whose membership includes all full- and part-time students who have paid the student activity fee. Membership affords students the privileges and responsibilities of citizens in the self-governing college community. The council consists of elected officers of the association, and at least one representative from every club. All other interested students receive voting privileges following their attendance at two consecutive meetings.

The council is responsible for organizing athletic, cultural, and social activities for the students; determining allocations and disbursement of the student activity fees in accordance with the purposes and duties of the association and the policies of the Board of Trustees of the college; cooperating with the administration in the definition and enforcement of all student regulations; and working with the administration to maintain good public relations, fostering greater unity among the administration, the faculty, and the student body.

The Student Association president, elected each year by the Student Association, is a member of the Board of Trustees with voting rights and responsibilities.

STUDENT-FACULTY COMMITTEES

The Student Association and the Faculty Senate select representatives to constitute joint committees, such as admissions/registration, assessment, counseling, curriculum, diversity, library, and student affairs.

THE FIT STUDENT-FACULTY CORPORATION

The FIT Student-Faculty Corporation is an independent entity with nine directors, three representing each constituency of the college—the Board of Trustees and administration, the faculty, and the student body. It derives its revenue from the rental of college facilities and from commission income from food services and the campus bookstore. The corporation allocates this revenue for the benefit of the students and faculty.

Student Rights and Responsibilities

CODE OF CONDUCT

The Chancellor of the State University of New York has stated that “a fundamental purpose of the State University of New York is to provide quality education for all those who enroll. In pursuit of this objective, the university encourages the development of independence, maturity, and ethical sensitivity within students.” The university, in fulfilling the mission, must establish standards of conduct essential to the orderly pursuit of its function as an educational institution.

FIT accepts this doctrine. To implement it, FIT students prepared and support the basic code of conduct to guide all members of our college community. All who become members of our college community have an obligation to support and obey college regulations, as they are also expected to obey local, state, and federal law. Those who cannot or will not comply will be subject to disciplinary action including possible withdrawal of the privilege of continued attendance at the college.

For more information about infractions of the Campus Code of Conduct and a clearly defined judicial procedure see the Student Rights and Responsibilities Policy Manual (www.fitnyc.edu/rightsandresponsibilities). Copies are available in Student Affairs, Room B221, and Student Life, Room A713.
ACCESS TO OFFICIAL STUDENT RECORDS

The Family Educational Rights and Privacy Act (FERPA), and regulations adopted by the Secretary of the U.S. Department of Education to implement FERPA, provide students with specific rights relating to their records at FIT. Under FERPA, a student has the right to:

- inspect and review his or her education records;
- seek amendment of his or her education records that he or she believes to be inaccurate, misleading, or otherwise in violation of the student’s privacy rights;
- consent to disclosures of personally identifiable information contained in his or her education records, except to the extent that FERPA and the regulations authorize disclosure without consent;
- file with the United States Department of Education a complaint concerning alleged failures by FIT to comply with the requirements of FERPA or the Secretary’s regulations. Complaints should be filed in writing:
  Family Policy Compliance Office
  U.S. Department of Education
  400 Maryland Ave., S.W.
  Washington, DC 20202-4605

Complete copies of FERPA and the regulations are available for review in Student Affairs. Any student having a question about access to FIT student records is encouraged to consult them. The Student Rights and Responsibilities Policy Manual sets forth the procedures for inspection and review of education records and for a student to request amendment of his or her education records. The manual also sets forth the types of records the college may disclose without student consent.

COMMITMENT TO DIVERSITY

FIT is committed to creating an environment that attracts and retains people of diverse racial and cultural backgrounds. By providing a learning and working environment that encourages, utilizes, respects, and appreciates the full expression of every individual’s ability, the FIT community fosters its mission and grows because of its rich pluralistic experience. The college is committed to prohibiting discrimination, whether based on race, national origin, gender, religion, ethnic background, age, disability, marital status, sexual orientation, or any other criterion specified by applicable federal, state, or local laws.

EQUAL OPPORTUNITY/AFFIRMATIVE ACTION

FIT is committed to providing equal opportunity in educational programs in its admissions policy and in employment, including the opportunity for upward mobility for all qualified individuals. The assistant vice president for Affirmative Action, Compliance, and Diversity provides complaint resolution and investigates complaints of discrimination, affirmative action, and Title IX issues. The assistant vice president monitors the college’s progress in complying with Title IX and laws concerning discrimination and affirmative action. The office of the assistant vice president for Affirmative Action, Compliance, and Diversity is located at 236 West 27th Street.

Student Affairs provides students with complaint resolution, training, and orientation on Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act.

HARASSMENT

The Fashion Institute of Technology is committed to providing its staff, faculty, and students with the opportunity to pursue excellence in their academic and professional endeavors. This opportunity can exist only when each member of the community is assured an atmosphere of mutual respect in which each person is judged solely on criteria related to academic or job performance. The college is committed to providing such an environment free from all forms of harassment and discrimination and ensuring students and employees the right to an environment free from discriminatory intimidation, ridicule, or insult. Each member of the community is responsible for being familiar with this policy, fostering mutual respect, and refraining from conduct that violates this policy.

The following are examples of harassment that might offend, embarrass, or humiliate an individual:

- treating people differently because they fall within a certain category (see Commitment to Diversity, page 86);
- offensive or suggestive comments, letters, emails, or telephone calls;
- insults, jokes, teasing, threats, embarrassing comments, or other remarks that put people down or make them uncomfortable;
- inappropriate pictures, cartoons, or other objects;
- making obscene or rude gestures or ogling or leering at someone;
- unwanted or unnecessary touching or blocking someone’s movement;
- imitating, mimicking, or mocking a person’s accent, disability, or stutter.

The examples above are not intended to be all-inclusive.

Sexual Harassment

DEFINITION

Sexual harassment, whether between people of different sexes or the same sex, includes unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature:

- when submission to such conduct is made explicitly or implicitly a term or condition of an individual’s employment or participation in an educational program;
- when submission to or rejection of such conduct by an individual is used as the basis for personnel decisions for academic evaluation or advancement affecting the individual;
- when such conduct has the purpose or effect of unreasonably interfering with an individual’s work or academic performance or creating an intimidating, hostile, or offensive working or academic environment.

Some examples of sexual harassment include:

- physical assault;
- direct or implied threats that submission to sexual advances will be a condition of employment, work status, promotion, grades, or letters of recommendation;
- a pattern of conduct to discomfort or humiliate that includes comments of a sexual nature or sexually explicit statements, questions, jokes, or anecdotes, whether expressed in person, in writing, or by email or voice-mail message;
- a pattern of conduct that would discomfort or humiliate a reasonable person at whom the conduct was directed that includes one or more of the following: unnecessary touching, patting, hugging, or brushing against a person’s body; remarks of a sexual nature about a person’s clothing or body; or remarks about a person’s sexual activity or speculation about a person’s sexual experience;
- a pattern of conduct that implies discrimination or hostility toward a person’s personal, professional, or academic interests because of gender or sexual orientation.

The examples above are not intended to be all-inclusive.
TO FILE A COMPLAINT  Individuals who believe they have been harassed are encouraged to file a complaint. When a student or an employee complains about alleged harassment, FIT will investigate the allegation regardless of whether the complaint conforms to a particular format or is made in writing. Any employee of the college who wants to complain about harassment is encouraged to contact the assistant vice president for Affirmative Action, Compliance, and Diversity, any vice president, the general counsel, or any dean, department chairperson, or department director. An employee is not required to complain first to his or her supervisor about alleged harassment, but may do so if he or she prefers. An employee is not required to follow the chain of command in filing a complaint, but may refer a complaint to any of the above individuals.

Any senior administrator, dean, department chairperson, department director, or any other person with supervisory responsibility who receives a complaint of harassment, must immediately report the complaint to the assistant vice president for Affirmative Action, Compliance, and Diversity. If the harassment is or may be ongoing and the assistant vice president is not available, the supervisor to whom the complaint has been made should immediately contact the general counsel or any vice president, any of whom can be contacted by Security if they are not on campus.

There are no time limits for reporting harassment. However, allegations of harassment should be reported as promptly as possible. Delay in making a complaint may make it more difficult for the college to investigate allegations. Individuals who believe they have been harassed may also file charges with the United States Equal Employment Opportunity Commission, the New York State Division of Human Rights, or other agencies having jurisdiction over such charges. In general, the deadline to file such charges runs from the last date of unlawful harassment. An employee is not required to wait until an internal FIT complaint is resolved before filing a charge with one or more of these agencies.

FIT will protect the confidentiality of persons making harassment allegations to the extent possible. FIT cannot guarantee complete confidentiality, since it may not be able to conduct an effective investigation without revealing certain information to the alleged harasser or to potential witnesses. However, information about the allegation of harassment will be shared only with those who need to know about it. Records relating to harassment complaints are kept confidential to the extent possible.

The assistant vice president for Affirmative Action, Compliance, and Diversity will investigate harassment complaints and will take or recommend appropriate action. Employees who are found to have violated harassment policy may be subject to various penalties including termination of employment and dismissal from the college.

Members of the FIT community who make false complaints of harassment for improper or inappropriate purposes will be subject to disciplinary action. FIT prohibits any form of retaliation against individuals who file a complaint of harassment in good faith.

SEXUAL ASSAULT PREVENTION  FIT has programs in place to protect all members of the college community from sexual assault, including programs for prevention and prosecution of these crimes that occur within the jurisdiction of SUNY/FIT. New York State Law defines crimes related to sexual assault as sexual misconduct, rape, criminal sexual acts, forcible touching, sexual abuse, and aggravated sexual abuse. If any FIT student has been sexually or otherwise assaulted on campus, he or she should contact Security at 212 217.7777 immediately, get to a safe place as soon as possible, and try to preserve all physical evidence (do not bathe, douche, or wash your clothes). Remember, assaults—sexual or otherwise—are crimes; they are not the victim’s fault. Victims have the right to pursue adjudication of crimes that occur on the campus through criminal courts and/or through the college’s disciplinary process as outlined in this publication.

SEXUAL ASSAULT PREVENTION AND REPORTING PROCEDURES  New York State statutes define sexual assault in various degrees. Sexual assault, of any kind, is a crime. Sexual assault is any actual or attempted consensual sexual activity including, but not limited to, forcible anal or oral sex, attempted intercourse, sexual touching, or exhibitionism by a person(s) known or unknown to the victim.

SEXUAL OFFENSE POLICY  Sexual offenses will not be tolerated, and the college vigorously enforces its policies and applicable laws. Documented violations can result in a wide range of disciplinary actions, including permanent expulsion from the college. The college encourages and will lend support and cooperation to students who elect to seek redress through the justice system.

REPORTING PROCEDURES  Any member of the FIT community who is a victim of rape or sexual assault should seek medical attention immediately. The victim should call Security at 212 217.7777 or, if the incident occurred off campus, the local police at 911. FIT Security personnel can provide transportation to the hospital, with the accompaniment of a trained professional.

DISCIPLINARY ACTION  Where there is probable cause to believe the college’s regulations prohibiting sexual misconduct have been violated, the college will pursue strong disciplinary action through its own procedures. An individual charged with sexual misconduct will be subject to college disciplinary procedures, whether or not prosecution under New York State Criminal Statutes is pending. This discipline includes the possibility of suspension or expulsion from the college.

The college will make every effort to be responsive and sensitive to the victims of these serious crimes. Protection of the victim and prevention of continued trauma are the college’s top priorities. If the victim and the accused live in the same residence hall, an immediate hearing with the Judicial Officer will be held to determine the need for modifying the living arrangements. Assistance for any other personal or academic concerns will be reviewed and options provided.

During this process, the victim has the right:
• to have a person or persons of the victim’s choice accompany the victim throughout the disciplinary hearing;
• to remain present during the entire proceeding;
• to be assured that his/her irrelevant past sexual history will not be discussed during the hearing, as established in New York State criminal codes;
• to make a “victim impact statement” and to suggest an appropriate penalty if the accused is found in violation of the code;
• to be informed immediately of the outcome of the hearing.

During the disciplinary process, the rights of the accused are as described in the Judicial Procedures section of the Student Rights and Responsibilities Policy Manual.

INFORMATION AND SUPPORT  Any member of the FIT community who is the victim of sexual assault or sexual misconduct may seek support from the college’s Counseling Center, Room A212B, 212 217.7697, and Health Services, Room A402, 212 217.4190.

EDUCATIONAL PROGRAMS  Educational programs to promote awareness of rape and sex offenses are presented regularly to the FIT community by the Counseling Center, Health Services, Residential Life, Security, and Student Life.

HAZING  Any action or situation that recklessly or intentionally endangers mental or physical health, or involves the forced consumption of liquor or drugs for the purpose of initiation into or affiliation with any organization, is strictly prohibited. Any organization that engages in such conduct will have its permission to operate on campus revoked, and additional penalties may apply to the participating individuals.
A copy of the college's rules and regulations is given to all students enrolled at FIT, and is deemed to be part of the bylaws of all organizations operating on the college's campus, which will review annually such bylaws with individuals affiliated with such organizations.

A person is guilty of hazing when, in the course of another person's initiation into or affiliation with any organization, he or she intentionally or recklessly engages in conduct which creates a substantial risk of physical injury to such other person or a third person, and thereby causes such injury. Hazing is a Class A misdemeanor.

**CAMPUS CRIME STATISTICS**

At FIT, the safety and well-being of students, faculty, staff, and visitors are of paramount importance. A safe and secure environment can only be achieved through the cooperation of all members of the college community. The Crime Awareness and Campus Security Act of 1990 requires all postsecondary institutions receiving federal aid to provide their communities with an annual report about crime statistics and policies. FIT accepts the responsibility of providing a campus atmosphere free from threats to personal safety and one that enhances the educational process. Students and their parents expect the college campus to be a place of safety and everyone shares this responsibility. In addition, FIT upholds the right of students and staff to know of incidents that occur on campus and the measures taken to promote precautions and swift effective responses to crises.

Security maintains a log of crimes and incidents that occur on campus. The information is recorded by date, time, and general location. The daily log is available for public view at the Security Office, Room D442.

FIT's campus crime statistics as reported annually to the U.S. Department of Education are available at www.fitnyc.edu/security; hard copies are provided upon request. All inquiries should be directed to Student Affairs, 212 217.7681. Related information can also be obtained from the U.S. Department of Education website at http://ope.ed.gov/security.

One-Year Associate’s Degree Programs

Students who hold a four-year degree or who have completed at least 30 transferable credits at an accredited college, with 24 credits equivalent to FIT’s liberal arts requirements, may be considered for an alternative to the two-year associate’s degree. This option generally enables students to complete the associate’s degree coursework within a period of one year and is based upon a review of the student’s transcript and prior knowledge and skills. See page 34 for specific information and required documentation. The one-year associate’s degree programs follow on pages 112-119.

Advertising and Marketing Communications

AC 111 — ADVERTISING AND PROMOTION
For Advertising and Marketing Communications, Fabric Styling, Fashion Merchandising Management, and Textile Development and Marketing students. Concepts, perspectives, and methods for the development and implementation of integrated marketing communications programs for producers, manufacturers, and retailers are analyzed and critiqued.
3 CREDITS

AC 113 — STRATEGIC PLANNING FOR INTEGRATED MARKETING COMMUNICATIONS
Prerequisites: AC 111 and FM 114
Students plan and develop Integrated Marketing Communications strategies in order to achieve specific marketing objectives. Through student agency teamwork, they make strategic decisions based on creative strategy development, competitive and market analysis, and research interpretation.
3 CREDITS

AC 141 — JOURNALISM
Prerequisite: EN 121
Practice the techniques of newsgathering, newswriting, and developing news judgment. News stories, features, editorials, and photojournalism are covered in discussions and workshops. Skills in copyediting and headline-writing are built through student newspaper and off-campus assignments.
3 CREDITS

AC 161 — MULTIMEDIA COMPUTING FOR ADVERTISING AND MARKETING COMMUNICATIONS
Students develop computer skills applicable to the communications industry, including word processing, spreadsheets, networking, presentations, desktop publishing, and internet research. Through hands-on use, they complete such industry-oriented projects as print ads, press releases, and advertising analyses.
2 CREDITS; 4 COMPUTER LABORATORY HOURS PER WEEK

AC 171 — MASS COMMUNICATIONS
Prerequisite: AC 111
Co-requisite (for one-year AAS students): AC 111
Analysis and comparison of issues of mass media and the communications arts as they are used in advertising, marketing, promotion, and the dissemination of public information. Includes an overview of careers available in communications. Students learn communications theory, new electronic media, and their potential applications.
3 CREDITS

AC 201 — INTRODUCTION TO ADVERTISING AND PROMOTION FOR COMMUNICATION DESIGN
Concepts, perspectives, and methods for the development and implementation of Integrated Marketing Communications programs are studied. Emphasizing visually driven advertising and direct marketing campaigns, students analyze how to use the components of marketing communications to help producers, manufacturers, and retailers realize marketing objectives.
2 CREDITS

AC 211 — WORKSHOP IN BUSINESS COMMUNICATIONS
Prerequisites: AC 111 and FM 114
Analysis of skills needed for effective written, spoken, and visual communications. Industry case histories are used to identify and suggest solutions to communications problems. Students’ abilities to observe, listen, speak, and write effectively are evaluated. Emphasis is on the complete business presentation.
3 CREDITS

AC 212 — CREATIVE STRATEGIES I
Prerequisite: AC 111
Students learn to solve marketing and marketing communications problems by developing strategic thinking capabilities.
3 CREDITS

AC 221 — PUBLICITY WORKSHOP
Prerequisites: AC 111 and FM 114
Use of current news, events, and personalities as a basis for writing and evaluating institutional and product publicity releases for news and feature stories. Students plan publicity campaigns and create press kits.
3 CREDITS

AC 222 — SALES PROMOTION
Prerequisite: AC 111
Students plan and develop sales promotion activities in order to achieve specific marketing and communications objectives. Both business-to-business and business-to-consumer sales promotion campaigns are developed.
3 CREDITS

AC 231 — ADVERTISING COPYWRITING
Prerequisites: AC 111 and FM 114, and (for Advertising and Marketing Communications students) AC 212 and (AD 101 or CD 122)
Evaluating, writing, and editing copy for national, trade, and retail advertising and promotion, internal communications, and direct marketing for all market levels. Includes copy-testing techniques and visualization for copy brainstorming.
3 CREDITS

AC 232 — RADIO AND TV COPYWRITING WORKSHOP
Prerequisite: AC 231
Students prepare national/retail broadcast advertisements for products and services.
3 CREDITS

AC 234 — FASHION JOURNALISM WORKSHOP
Prerequisites: AC 111 and AC 141
Development of reporting skills needed for a journalism career in fashion and related fields. Students plan and carry out research; conduct interviews; write and edit fashion news, feature stories, and captions; and work with fashion visual materials. Fashion review assignments provide opportunities to practice photojournalism, feature, and editorial writing.
3 CREDITS

AC 262 — MULTIMEDIA PRESENTATIONS
Prerequisite: (for Advertising and Marketing Communications students) AC 111
The planning and preparation of multimedia presentations utilizing computer and audiovisual techniques. Coursework covers presentations suitable for public relations, shows, demos, conferences, exhibits, special events, dealer aids, and sales books, and examines these presentations’ coordination with advertising and other promotional activities.
3 CREDITS
AC 271 — AUDIENCES AND MEDIA
Prerequisite: AC 111
This course is designed to provide students with an understanding of the role of media planning and buying in advertising. The course reviews such areas as basic measurement tools, and the relationship between marketing and advertising objectives translated into media objectives, strategies, and tactics. Students identify target markets, develop media strategies, and evaluate media alternatives and media-buying approaches.
3 CREDITS

AC 272 — RESEARCH METHODS IN INTEGRATED MARKETING COMMUNICATIONS
Prerequisites: 3 credits of mathematics and AC 161 or (for two-year AAS Advertising and Marketing Communications students) MG 152 or MG 153
This course examines the current methods and techniques used to evaluate the effectiveness of marketing, advertising, and promotion. The information-gathering process uses both secondary research data and primary sources. Students create a marketing research project using a variety of research techniques.
3 CREDITS

AC 291 — CAMPAIGN PLANS AND PRESENTATIONS
Prerequisite: approval of chairperson or instructor
Advertising and Marketing Communications and Communication Design students use acquired marketing and communications skills to solve an actual industry marketing problem by participating in campaign development from inception to presentation.
3 CREDITS

AC 299 — INDEPENDENT STUDY IN ADVERTISING AND MARKETING COMMUNICATIONS
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean
VARIABLE CREDITS (3 CREDITS MAXIMUM)

AC 311 — INTEGRATED MARKETING COMMUNICATIONS MANAGEMENT
Case study techniques are used to help students develop criteria for evaluating the planning, budgeting, and execution of Integrated Marketing Communications strategies. Emphasis is on management of advertising, public relations, direct marketing, and sales promotions to achieve marketing objectives.
3 CREDITS

AC 321 — PRINCIPLES OF PUBLIC RELATIONS
Prerequisite: AC 221
Examines the principles and processes underlying the programming of public relations as a management function of marketing. Attention is directed to the specific requirements of interacting with various publics. Students work with public opinion research data on industry-derived projects and cases to design, plan, and write proposals for publicity and public relations programs.
3 CREDITS

AC 322 — PUBLICITY/PUBLIC RELATIONS FOR VISUAL ART MANAGEMENT
Designed for Visual Art Management majors, this course examines public relations as a management function in museums. Students study how public relations is used to further museum goals by examining how it relates to exhibitions, fundraising, and retail operations. Working with public opinion research data, students create press kits and public relations programs.
3 CREDITS

AC 341 — MAGAZINE JOURNALISM
Prerequisite: AC 141
Students develop the editorial and marketing skills needed to succeed in today’s fast-paced magazine publishing world by creating a magazine prototype directed at a specialized target audience.
3 CREDITS

AC 361 — COMPUTER APPLICATIONS AND INTERACTIVE TECHNOLOGIES FOR MARKETING COMMUNICATIONS
Prerequisite: AC 161 or MG 152 or MG 153
Students improve skills in word processing, spreadsheets, desktop publishing, presentations, and internet research through the use of marketing communications case studies. The use of software applications to solve marketing communications problems is explored, with an emphasis on the creation of public relations communications and advertising executions.
2 CREDITS; 4 HOURS PER WEEK

AC 362 — BROADCAST WORKSHOP
Prerequisite: AC 231
Co-requisite (for one-year AAS students): AC 231
Through workshop activities, students develop professional studio techniques for video, journalism, and communications. Emphasis is placed on audio and video coverage of fashion events, as well as marketing applications. Students work on team assignments in video production. (G6: Arts)
3 CREDITS; 2 LECTURE AND 2 STUDIO HOURS PER WEEK

AC 411 — BRAND MANAGEMENT
Prerequisite: AC 321
Students study the critical elements of brand management—the role of brands and the concept of brand equity—using integrated marketing communications strategies and tactics to build brands. They learn to build brand equity by employing brand elements and leveraging secondary associations through brand extensions, co-branding, and forming strategic alliances with third parties.
3 CREDITS

AC 412 — CREATIVE STRATEGIES
Prerequisite: AC 231
Creative strategies are developed to solve marketing communications problems and build strong brand identities. Students research industry-derived projects and evaluate relevant market factors to create effective strategies.
3 CREDITS

AC 413 — CORPORATE COMMUNICATIONS
Prerequisites: AC 321, EN 321, and SS 342
Students develop the skills necessary to create communications that successfully influence an organization’s internal and external publics. The course trains students to identify emerging business trends, interpret annual reports and related business documents, and convey business news in a clear, concise style through a variety of business communication and public relations tools.
3 CREDITS

AC 423 — SPECIAL EVENTS MARKETING PUBLIC RELATIONS
Prerequisite: AC 321
Students learn how to integrate special events into a client’s marketing communications program. The strategies, planning, and execution of special events are studied using specific cases. Students work with industry clients to produce an event.
3 CREDITS
Advertising Design

AD 203 — ADVERTISING DESIGN AND LAYOUT
For Photography students. Application of design principles to photographic layout problems, in black and white and color, utilizing the student's own photographs.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

AD 213 — ADVERTISING DESIGN CONCEPTS
Prerequisites: CD 112, CD 121, and CD 171
Students are presented with design problems in print advertising and television storyboards, and develop techniques for the effective organization of elements in creative problem solving. Personal interpretation and originality are stressed.
3 CREDITS; 6 STUDIO HOURS PER WEEK

AD 296 — ADVERTISING DESIGN WORKSHOP
Uses actual advertising design projects presented by nonprofit clients. Offers client contact, design-production-printing experiences, and the opportunity to acquire professionally produced material for a portfolio.
3 CREDITS; 6 STUDIO HOURS PER WEEK

AD 481 — ART DIRECTION
Prerequisites: CD 383 and CD 372
Development of concept to design of highly finished comprehensives. Role of the art director is considered, including time management, production procedures, and working with photographers, illustrators, and other industry suppliers.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

AD 491 — INTERNSHIP
Prerequisite: AD 494
A 12-week internship in the field, scheduled individually for a minimum of 14 hours per week. Provides follow-up review and assessment of the work experience through instructor/student conferences.
4 CREDITS

AD 494 — SENIOR DESIGN PROJECT RESEARCH
Prerequisites: CD 372 and EN 322
A comprehensive study of the research methodology needed to write a thesis, including collecting and analyzing data.
3 CREDITS
AD 495 — SENIOR DESIGN PROJECT
Prerequisite: AD 494
In an independent study format, analyze, organize, and execute a senior design project resulting from the senior design project research paper completed in the prior semester. Format provides further opportunity to develop personal voice and communicate original visual messages.
3 CREDITS; 6 STUDIO HOURS PER WEEK

AD 496 — ADVANCED ADVERTISING DESIGN WORKSHOP
Prerequisite: CD 372
Uses actual advertising design projects presented by clients. Offers client contact, advanced design-production-printing experience, and the opportunity to acquire professionally produced material for a portfolio.
3 CREDITS; 6 STUDIO HOURS PER WEEK

AD 499 — INDEPENDENT STUDY IN ADVERTISING DESIGN
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean
VARIABLE CREDITS (3 CREDITS MAXIMUM)

Fashion Design (See also AF, AR, DP, FD, FF, TL)

AF 299 — INDEPENDENT STUDY IN FASHION DESIGN
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean
VARIABLE CREDITS (3 CREDITS MAXIMUM)

AF 341 — COSTUME DESIGN FOR THE PERFORMING ARTS
Limited to baccalaureate-level students or with approval of department chair. Application of skills to theatrical production design. Through analysis of live theatre, films, and videos, create costume plots and color compositions and learn research techniques, costume painting, and accessory construction.
2.5 CREDITS; 1 LECTURE AND 3 STUDIO HOURS PER WEEK

AF 412 — ETHNIC FASHIONS: RESOURCES AND APPLICATIONS
Survey of ethnic fashions from archaic to contemporary periods, encompassing American Indian, Mesoamerican, Asian, African, and European folk cultures. Slides and actual costumes familiarize students with basic shapes, colors, symbols, patterns, and texture in ethnic costume, and serve as inspiration in developing sketches for contemporary fashions.
2.5 CREDITS; 2 LECTURE AND 1 STUDIO HOURS PER WEEK

AF 499 — INDEPENDENT STUDY IN FASHION DESIGN
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean
VARIABLE CREDITS (3 CREDITS MAXIMUM)

Fashion Design—Apparel (See also AF, AR, DP, FD, FF, TL)

AP 144 — OUTERWEAR AND PERFORMANCE APPAREL SEWING TECHNIQUES
Prerequisite: AP 141 or AP 143 or DP 111 or FD 131 or MW 141 or TD 111, or approval of program advisor
Produce outerwear garments in a sample-room setting using construction techniques specific to the outerwear and performance apparel market. Special focus is on the use of technically enhanced fabrics and protective design details in the construction of rainwear, urban outerwear, skiwear, and fishing, hiking, and boating apparel.
2.5 CREDITS; 1 LECTURE AND 3 LABORATORY HOURS PER WEEK

AP 211 — APPAREL DESIGN
Prerequisites: (AP 112 or FD 211) and (AP 121 or FD 121)
Develop advanced projects and a mini collection, complete with a log of sketches, comments, specs, and cost sheets, using advanced draping techniques, with an emphasis on design. Introduction to the design of softly-tailored jackets and exploration of the use of striped fabrics.
4 CREDITS; 1 LECTURE AND 6 LABORATORY HOURS PER WEEK

AP 221 — FLAT PATTERN DESIGN
Prerequisite: AP 121 or FD 121
Advanced use of the master pattern. Includes structures for sleeve and body styling, collar designs, and the development of the slack sloper.
2 CREDITS; 1 LECTURE AND 2 LABORATORY HOURS PER WEEK

AP 222 — COMPUTER-AIDED FLAT PATTERN DESIGN
Prerequisites: (AP 121 or FD 211) and AR 112
Through hands-on experience, learn computer-aided design for patternmaking and understand its creative potential.
1 CREDIT; 2 COMPUTER LABORATORY HOURS PER WEEK

AP 223 — ADVANCED COMPUTER-AIDED FLAT PATTERN DESIGN
Prerequisite: AP 222 or approval of chairperson
Learn advanced features and capabilities of computer-aided design, using the Lectra Modaris pattern design software. Using CAD, recreate the pattern designer's traditional working environment by translating original ideas to the computer, digitizing and modifying designs, plotting out design creations, and managing the file information.
2 CREDITS; 1 LECTURE AND 2 LABORATORY HOURS PER WEEK

AP 241 — LEATHER APPAREL DESIGN ROOM TECHNIQUES
Prerequisite: AP 141 or AP 143 or FD 131 or MW 141
Teaches construction, processing, finishing, and decorative techniques for making men's or women's leather garments. Learn about the leather apparel industry, resources, and suppliers.
2.5 CREDITS; 1 LECTURE AND 3 LABORATORY HOURS PER WEEK

AP 242 — HAUTE COUTURE SEWING TECHNIQUES
Prerequisite: AP 141 or AP 143 or DP 111 or FD 131 or TD 111, or approval of program advisor
The sewing techniques practiced in the finest haute couture ateliers around the world are introduced and provide the basis for understanding couture. Learn couture techniques in cutting, hand stitching, seam and hem finishes, pocket construction, pressing, and finishing.
2.5 CREDITS; 1 LECTURE AND 3 LABORATORY HOURS PER WEEK
AP 243 — HAUTE COUTURE DECORATIVE TECHNIQUES AND EMBELLISHMENTS
Prerequisite: AP 242 or approval of chairperson
Expands knowledge of the couture by exploring various decorative techniques. Learn how to hand
bead, and apply rocaillas, sequins, pearls, and faux gems on different types of fabrics. Create
embellishments such as flowers and frog closures from fabric and ribbons, hand embroider
original designs, and learn the arts of quilting, cartridge pleating, and trapunto.
2.5 CREDITS; 1 LECTURE AND 3 LABORATORY HOURS PER WEEK

AP 244 — HAUTE COUTURE CONSTRUCTION AND TECHNOLOGY
Prerequisite: AP 242
Apply couture sewing methodology and construct a skirt and jacket in order to understand the
fitting process, couture fabric selection, proper cutting procedures, and inner construction
methods.
2.5 CREDITS; 1 LECTURE AND 3 LABORATORY HOURS PER WEEK

AP 251 — CURRENT SCENE
Prerequisites: AP 211 and AP 221
Co-requisites: AR 251 and (for two-year AAS students) AP 257
Create designs for the junior market, with attention to trends, production, costing, and resources.
4 CREDITS; 1 LECTURE AND 6 LABORATORY HOURS PER WEEK

AP 253 — LEATHER APPAREL DESIGN
Prerequisites: (AP 211 or FD 112) and (AP 221 or FD 221) and AP 241, or (MW 132 or MW 232)
Study the use of leather, suede, and other animal skins and apply these materials to the design
principles exclusive to creating men's and women's apparel. Develop original designs utilizing
draping and flat-pattern industrial methods.
2.5 CREDITS; 1 LECTURE AND 3 LABORATORY HOURS PER WEEK

AP 255 — DESIGN STUDIO
Prerequisites: (AP 211 or FD 112) and (AP 221 or FD 221), or approval of chairperson
Co-requisites: AP 257 and (AR 256 or FF 212)
Development of an original collection of eveningwear for the better-priced, ready-to-wear market.
4 CREDITS; 1 LECTURE AND 6 LABORATORY HOURS PER WEEK

AP 257 — CONCEPTS IN FASHION PLANNING
Prerequisites: AP 211 and AP 221
Co-requisite: (for day program only) AP 251 or AP 256
Interpret new silhouettes currently showing in the New York, Paris, London, and Rome
collections into original designs to meet the demands of the U.S. fashion industry's various
market segments. Learn to develop collections by draping, keeping in mind appropriate fabrics,
trimmings, and workmanship. Designer/assistant designer sample room practices are
incorporated.
2 CREDITS; 1 LECTURE AND 2 LABORATORY HOURS PER WEEK

AP 261 — CONTEMPORARY TAILORED DESIGN
Prerequisites: (AP 211 or FD 112) and (AP 221 or FD 221)
Co-requisites: AR 261 and (for two-year AAS students) AP 262
Emphasizes coat and suit design. Develop patterns and garments for this highly specialized area.
4 CREDITS; 1 LECTURE AND 6 LABORATORY HOURS PER WEEK

AP 262 — TAILORING TECHNIQUES
Prerequisite: AP 143 or FD 131
Design room practices of making coats and suits. Includes construction, assembly, decorative
details, and finishes for tailored clothes.
2 CREDITS; 1 LECTURE AND 2 LABORATORY HOURS PER WEEK

AP 265 — HAND-KNIT DESIGN
Co-requisite: AP 266
Preparation for using hand knitting machines to create original ideas for knitted fabrics and
garments. Emphasizes using various stitch patterns and different textured yarns and colors to
achieve new fabric textures.
2 CREDITS; 1 LECTURE AND 2 LABORATORY HOURS PER WEEK

AP 266 — SPORTSWEAR DESIGN
Prerequisites: (AP 211 or FD 112) and (AP 221 or FD 221)
Co-requisites: AP 265 and (AR 266 or FF 212)
Basics of designing separates and casual apparel for the volume production sportswear market.
Use specialized machinery and learn to develop collections for the extensive sportswear market.
4 CREDITS; 1 LECTURE AND 6 LABORATORY HOURS PER WEEK

AP 272 — INTIMATE APPAREL: FOUNDATION GARMENT DESIGN
Prerequisite: AP 143 or FD 131
Design and development of foundation garments. Techniques are applicable to lingerie,
swimwear, and sportswear.
2 CREDITS; 1 LECTURE AND 2 LABORATORY HOURS PER WEEK

AP 275 — HAUTE COUTURE APPAREL DESIGN
Prerequisites: (AP 211 or FD 112 or DP 212) and AP 243 and AP 244
Apply knowledge of the couture to design, drape, fit, and construct a mini-collection for a
particular target market. Develop styles and images through fabric sourcing, market research,
and inspirational research.
3 CREDITS; 6 LABORATORY HOURS PER WEEK

AP 281 — OUTERWEAR APPAREL DESIGN
Prerequisites: (AP 144 and TS 171) and AP 211 or AP 221 or DP 211 or FD 112 or FD 221
or MW 132 or MW 232
Drawing on market research and trend services, create original men's and women's traditional,
urban, or casual outerwear designs with a focus on the technical, functional, and aesthetic needs
of the end user.
2.5 CREDITS; 1 LECTURE AND 3 LABORATORY HOURS PER WEEK

AP 282 — PERFORMANCE APPAREL DESIGN
Prerequisites: (AP 144 and TS 171), and AP 211 or AP 221 or DP 211 or FD 112 or FD 221
or MW 132 or MW 232
Create performance apparel based on the principles of human physiology in extreme movement
and build on the technical and aesthetic needs of the serious outdoor sports enthusiast. Conduct
market research and employ forecast services to develop designs.
2.5 CREDITS; 1 LECTURE AND 3 LABORATORY HOURS PER WEEK

AP 322 — APPAREL PRODUCT DATA MANAGEMENT
Prerequisite: AP 222 or PM 221, or approval of program advisor
Apply principles of product data management using web-based software. Emphasizes creating
garment information and specifications at different stages of development, from design to costing
to manufacture. Execute style packages and line plans for sample development.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK
Courses

**AR 115 — INTRODUCTION TO CAD SOFTWARE FOR FASHION DESIGNERS**
Acquire basic knowledge and hands-on experience with software applications typically used by designers in the fashion industry. Develop the computer skills needed to create original designs in various formats.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

**AR 152 — LEATHER APPAREL PORTFOLIO**
Prerequisite: AR 114 or approval of Leather Apparel certificate program advisor
Use basic drawing and computer skills to communicate design concepts and develop a digital portfolio of men's or women's leather apparel.
2.5 CREDITS; 1 LECTURE AND 3 STUDIO HOURS PER WEEK

**AR 182 — FLATS AND SPECS FOR THE FASHION INDUSTRY**
Prerequisite: AR 101 or approval of Fashion Design-Art assistant chairperson
Introduces the concept of sketching designs and actual garments in the flat format rather than on the fashion figure. Emphasizes developing flat sketches used for spec sheets, presentation and storyboards, designing and merchandising a line, and record keeping.
1.5 CREDITS; 1 LECTURE AND 1 STUDIO HOURS PER WEEK

**AR 211 — FASHION ART AND DESIGN**
Create original sketches in major areas of design. Emphasizes the development of individual style and examines sources of inspiration, fabric, design groupings, the customer, and markets.
2.5 CREDITS; 1 LECTURE AND 3 STUDIO HOURS PER WEEK

**AR 212 — FASHION ART AND DESIGN**
Prerequisite: AR 211
For part-time degree students. The technique of organizing a fashion design portfolio is stressed, with special emphasis on the students’ specialization areas.
2.5 CREDITS; 1 LECTURE AND 3 STUDIO HOURS PER WEEK

**AR 213 — INTRODUCTION TO COMPUTERIZED FASHION DESIGN**
Prerequisite: AR 112 or FF 112
Conceptualize fashion design ideas and create original artwork using the computer as a design tool.
1 CREDIT; 2 COMPUTER LABORATORY HOURS PER WEEK

**AR 214 — FASHION DESIGN USING PHOTOSHOP**
Prerequisites: (AR 114 or AR 115 or AR 213) and (AR 101 or AR 111), or approval of Fashion Design-Art assistant chairperson
Using Adobe Photoshop, focus on sketching, color stories, line planning, silhouette, and fabric design in order to establish fashion design principles through digital line design development techniques. Includes analysis and interpretation of customer/category research.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

**AR 215 — FASHION DESIGN USING ILLUSTRATOR**
Prerequisites: (AR 114 or AR 115 or AR 213) and (AR 101 or AR 111), or approval of Fashion Design-Art assistant chairperson
Use Adobe Illustrator to learn the fundamental and advanced techniques specific to fashion design. Aspects of drawing flats and garment details and working with images and color are addressed. Build fabric and trim libraries and create stitch effects and/or repeat prints.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

---

**AR 011 — PERCEPTIONS IN CREATIVITY**
Explores creativity as a logical process for problem solving. Creates awareness of the interrelationship between emotion and intellect and shows how collective experiences and attitudes become part of the creative process. Discusses views of writers, artists, designers, and philosophers with special attention to creative problem-solvers such as Sonja Delauney, Ralph Waldo Emerson, and Pablo Picasso.
0 CREDITS; 1 LECTURE HOURS PER WEEK

**AR 101 — FASHION ART AND DESIGN**
For Fashion Merchandising Management and Textile Development and Marketing students. Studies basic proportions of the fashion figure, garment details and terminology, and principles of color. (G6: Arts)
1.5 CREDITS; 1 LECTURE AND 1 STUDIO HOURS PER WEEK

**AR 114 — DIGITAL FASHION DESIGN ART**
Emphasizes developing and integrating manual and digital drawing skills. Concurrently, learn about the proportions of the fashion figure and rudimentary vector drawing skills. Acquire knowledge of basic garment details and silhouettes by studying flat sketching and garment specifications.
2.5 CREDITS; 1 LECTURE AND 3 COMPUTER LABORATORY HOURS PER WEEK

**Fashion Design—Art (See also AF, AP, DP, FD, FF, TL)**

---

**AP 337 — PRIMAVISION APPAREL DESIGN DEVELOPMENT**
Prerequisite: AP 334 or FD 353, or approval of chairperson
Gain knowledge of technical line development and execution through the study and use of the software program, Primavision, by Lectra Systems. Original concepts are translated into technical design factory packages ready for sample development. Emphasis is on specifications and construction details involved in woven and knit fabric development.
2 CREDITS; 1 LECTURE AND 2 LABORATORY HOURS PER WEEK

**AP 351 — EXPERIENCING STYLE**
Prerequisite: PH 371
Photography students learn about the factors that influence the design and presentation of a collection. Working with Fashion Design students, they study the importance of the market, branding, trends, and the structure of the design house.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

**AP 421 — COMPUTERIZED PATTERN DESIGN**
Prerequisite: AP 221, AP 222, and AR 213
Introduction to the operation of Gerber computer and Gerber pattern design system and development of abilities to efficiently create original ideas by computer. Includes discussion of hardware and patternmaking program.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

**AP 422 — ADVANCED COMPUTERIZED PATTERN DESIGN: GERBER ACCUMARK**
Prerequisite: AP 421
Using software tools designed for advanced pattern design techniques, increase pattern design capabilities and learn how to combine computer automation with design tools for advanced pattern development.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK
AR 216 — FASHION DESIGN USING PRIMAVISION AND COLOUR MATTERS
Prerequisites: (AR 114 or AR 115 or AR 213) and (AR 101 or AR 111), or approval of Fashion Design-Art assistant chairperson
Master the use of Primavision and Colour Matters. CAD systems used extensively in the fashion industry, in order to create digital presentation boards, fashion graphics, woven and print designs, and flat garment sketches. Emphasis is on CAD usage within an art and design studio environment.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

AR 245 — DIGITAL FASHION DESIGN PORTFOLIO
Prerequisite: AR 214, AR 215, AR 216, or approval of Fashion Design-Art assistant chairperson
Selecting specializations and creating mini-collections, students produce professional digital portfolios using Adobe Photoshop, Adobe Illustrator, Colour Matters, and Primavision CAD applications.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

AR 251 — CURRENT SCENE
Prerequisite: AR 211
Co-requisite: AP 251
Design portfolios are executed, using current trend information to create design ideas. Emphasis is on designing a cutting-edge line and collection for the streetwear market, based on research of boutiques, ready-to-wear markets, and specialty shops.
2.5 CREDITS; 1 LECTURE AND 3 STUDIO HOURS PER WEEK

AR 256 — DESIGN STUDIO
Prerequisite: AR 211 or FF 212
Co-requisite: AP 256
Create portfolios of original design lines within the categories of couture and the high-priced, ready-to-wear industry.
2.5 CREDITS; 1 LECTURE AND 3 STUDIO HOURS PER WEEK

AR 261 — CONTEMPORARY TAILORED DESIGN
Prerequisite: AR 211
Co-requisite: AP 261
Emphasizes creative design development in different tailored garment categories, particularly suits and coats, to produce a professional fashion design portfolio.
2.5 CREDITS; 1 LECTURE AND 3 STUDIO HOURS PER WEEK

AR 266 — SPORTSWEAR DESIGN
Prerequisite: AR 211 or FF 212
Co-requisite: AP 266
Create a professional fashion design portfolio with emphasis on original design sketches for the sportswear market. Research on fabric and its functions and development of color-keyed coordinates are stressed. Varied graphic media are explored.
2.5 CREDITS; 1 LECTURE AND 3 STUDIO HOURS PER WEEK

AR 291 — OUTERWEAR AND PERFORMANCE APPAREL DESIGN PORTFOLIO
Prerequisites: (AR 111 or FF 111 or MW 151) and (CG 211 or PH 272) and TS 171
Create product, spec sheets, and storyboards for various segments of the men’s and women’s outerwear and performance apparel industry in order to develop digital portfolios focusing on a particular market. Forecast and track trends, study licensing issues, and explore graphic design as it relates to logos and branding.
2.5 CREDITS; 1 LECTURE AND 3 COMPUTER LABORATORY HOURS PER WEEK

AR 292 — HAUTE COUTURE PORTFOLIO
Prerequisite: (AR 211 or FF 211) or approval of Fashion Design-Art assistant chairperson
Study the muscular and skeletal functions of the human body and their relationships to the design and creation of haute couture apparel, visualizing how anatomy and aesthetics form the basis of designing a haute couture collection. Become proficient in the translation of ideas via the fashion design sketch and further develop a personal drawing style.
2.5 CREDITS; 1 LECTURE AND 3 STUDIO HOURS PER WEEK

AR 301 — FASHION ART FOR TEXTILE DESIGNERS
For baccalaureate-level Textile/Surface Design students. The basics of figure drawing and sketching in various media are presented. Students create original fashion designs using their own textile designs.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

AR 311 — SKETCHING FOR FASHION DESIGNERS
Prerequisite: AR 211
Draw garments as they appear on models and study clothing in relationship to the body. Large, half-size, petite, and junior-size figures are featured to study proportions used in the industry.
2 CREDITS; 4 STUDIO HOURS PER WEEK

AR 312 — COMPUTER-ASSISTED FASHION DESIGN
Prerequisites: AR 213, AR 343, and AR 371
Use an advanced, industry-specific CAD system to produce high-level graphic presentations. Create color palettes, textiles, and surface designs; explore texture mapping and how it is used to create a natural drape on the fashion figure; use the computer as a layout design tool for swatches and vector flat drawings.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

AR 411 — ADVANCED SKETCHING FOR FASHION DESIGNERS
Prerequisite: AR 311
This course offers further study of clothing in relationship to the figure by drawing garments worn by a live model. Garments from all areas of apparel design are represented.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

Business Enterprise

BE 111 — BUSINESS LAW PRACTICES FOR SMALL BUSINESS
Develops an understanding of basic legal principles relating to branches of commercial law. Concentrates on areas of special interest to entrepreneurs, including laws of contracts, sales, forms of business organization, personal and real property, and insurance.
3 CREDITS

BE 113 — FINANCIAL PRACTICES FOR SMALL BUSINESS
Provides an understanding of techniques necessary to plan a sound financial foundation for a small business. Analyzes procedures connected with capital budgeting, sources of borrowed capital, management of assets, financial planning, liquidity vs. profitability, and risk management, with special emphasis placed on the unique financial practices of small businesses.
3 CREDITS

BE 121 — OPERATING A SMALL RETAIL BUSINESS
Develops an understanding of the principles and techniques necessary to profitably operate a retail store. Emphasis is placed on the development of a detailed six-month plan and the decision-making inherent in successful retail businesses.
3 CREDITS
### BE 261 — STARTING A SMALL BUSINESS
Investigates the problems and challenges of opening and managing a small business. Emphasis is placed on analysis of financial statements and on developing a business plan.
3 CREDITS

### BE 402 — THE BUSINESS OF ILLUSTRATION
Students learn the business side of an illustration career. Potential markets for illustration are examined, marketing techniques are explored, and legal issues are studied. Key aspects of financial management, including record keeping and tax planning, are covered.
1 CREDIT

### BE 403 — THE ARTIST IN THE MARKETPLACE
Basic business practices relevant to fine artists are presented. Issues in intellectual property and contract law are discussed. Students research potential markets for fine arts and explore pertinent marketing techniques.
3 CREDITS

### Business Law

#### BL 201 — BUSINESS LAW FOR THE ARTIST
Informs the visual artist of useful legal knowledge and practical principles of business. Emphasis is placed on the needs of illustrators, textile designers, advertising artists, sculptors, and painters.
3 CREDITS

#### BL 343 — INTRODUCTION TO BUSINESS LAW
An introduction to basic legal principles relating to branches of commercial law. With special emphasis upon the laws of contracts, sales, agency, and other areas relevant to the career aspirations of fashion industry students.
3 CREDITS

#### BL 443 — BUSINESS LAW II
Prerequisite: BL 343
Addresses additional areas of the law especially relevant to preparation for careers as business managers or business owners. Aspects of international law are studied.
3 CREDITS

### Business and Technology Studies

#### BT 299 — INDEPENDENT STUDY
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean
VARIABLE CREDITS (3 CREDITS MAXIMUM)

#### BT 499 — INDEPENDENT STUDY
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean
VARIABLE CREDITS (3 CREDITS MAXIMUM)

### Communication Design

#### CD 111 — FOUNDATION I/BASIC DESIGN THEORY
An introduction to basic two-dimensional design theory, principles, and practice. Students progress from circle, square, and triangle analysis to the study of line, shape, and form. Course emphasizes studio techniques and media exploration. (G6: Arts)
3 CREDITS; 6 STUDIO HOURS PER WEEK

#### CD 112 — FOUNDATION II/COMMUNICATION DESIGN
Prerequisites: CD 111 and CD 171
Application of design principles and systems to basic problems in advertising/graphic design. Students explore layout techniques and the relationship of typography and visual elements in creative problem solving.
3 CREDITS; 6 STUDIO HOURS PER WEEK

#### CD 113 — THREE-DIMENSIONAL DESIGN
Introduces design in three dimensions by developing form through the joining of planes. Techniques with board and paper are stressed. (G6: Arts)
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

#### CD 121 — STUDIO SKILLS
Students learn to execute marker renderings of images and type in layouts—from quick thumbnails to art director’s roughs—to communicate visual ideas. The techniques of sketching quickly are taught through demonstration, exercise, and practice.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

#### CD 122 — DIGITAL LAYOUT I
Traditional studio skills, typography, and computer techniques are explored in order to create printed pieces using InDesign/QuarkXPress. Students learn to plan and produce files for printing.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

#### CD 123 — BASIC BOOKBINDING
Students work hands-on to create book structures. Different bookbinding methods are explored, such as non-adhesive structures, accordions, sewing, and case-bound books, with an emphasis on craft and the proper use of materials.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

#### CD 131 — COLOR WORKSHOP
The study of the relationship of color principles, theories, and terminology to the printed page. Students explore various approaches to color application and creation.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

#### CD 132 — CREATIVE PROCESS
Students study various processes and techniques to stimulate and develop creativity. The communication of ideas using visual and verbal methods is learned. (G6: Arts)
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

#### CD 171 — INTRODUCTION TO TYPOGRAPHY
Study of basic type forms, terminology, and specification. Application of type in layout design is presented, with an emphasis on rendering techniques. Includes the historical development of type.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK
CD 272 — ADVANCED COMPUTER DRAWING AND TYPOGRAPHY
Prerequisite: CD 172
This course builds upon the knowledge and skills acquired in CD 172. Emphasis is placed on advanced concepts of drawing and layout through the use of computer-drawn images and typography. Students create three-dimensional images from two-dimensional designs and prepare and optimize vector-based files for print and screen-based presentation.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

CD 322 — DESIGN PROCESS TECHNOLOGY
Prerequisites: CD 222 and CD 251
Students explore grid systems to enhance conceptual thinking and master practical applications.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

CD 361 — PROFESSIONAL PRACTICES
Future designers and art directors explore the business side of their professions by learning how to develop professional relationships; understand contracts and other business documents; negotiate, estimate, and determine fees; start, manage, and market a business; and address ethical and legal issues.
2 CREDITS

CD 371 — ADVANCED TYPOGRAPHY I
Prerequisites: CD 231, CD 271, and GD 214
Explores solutions to advanced typographical problems involving typographic origins, forms, and communications. The course includes computerized typesetting as a type source.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

CD 372 — ADVANCED TYPOGRAPHY II
Prerequisite: CD 371
This course presents a comprehensive study of typographic applications and principles of text, grids, ligatures, and letterform development.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

CD 373 — THE CONVERGENCE OF TYPE AND IMAGE
Prerequisite: PH 274
Photography students learn to combine typography and photographic imagery to create promotional materials for a photography exhibit. Adobe InDesign is used.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

CD 441 — BROADCAST DESIGN
Prerequisite: GD 243
This course guides students through the process of creating successful time-based design projects, which may be disseminated or broadcast via digital networks. The concept of incorporating motion, sound, and interactivity is introduced and experimentation with non-traditional design solutions is encouraged.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

CD 442 — SENIOR 3D PRESENTATION DESIGN
Prerequisite: AD 494
Students explore the creative process specific to exhibition design in three dimensions. Using three-dimensional graphic design, multimedia, and audiovisuals, they design a custom system as a communications tool.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK
## Computer Graphics

### CG 111 — INTRODUCTION TO COMPUTER GRAPHICS
Computer graphics concepts and theory are presented through lecture and hands-on experience. Topics include bitmap vs. vector graphics, color theory and management, graphics file formats, and two- and three-dimensional applications as they relate to art and design disciplines and the web. New and emerging technologies are explored.

1 CREDIT

### CG 211 — COMPUTER-ASSISTED DESIGN
**Prerequisite:** CG 111 or approval of instructor
Paint and image-processing software is used as an artist’s tool to solve basic design problems and create original, innovative work. Emphasis is on exploring the visual elements inherent in good design.

2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

### CG 212 — INTRODUCTION TO 3D COMPUTER MODELING
**Prerequisite:** CG 211 (waived for Jewelry Design and Packaging Design students)
The theory and concepts needed to understand three-dimensional space and to construct three-dimensional models are introduced. Focus is on acquiring the tools and techniques used to create three-dimensional models. Software: 3D Studio Max.

2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

### CG 213 — 2D COMPUTER ANIMATION
**Prerequisite:** CG 211 or PH 272
Exploration of two-dimensional computer animation and its application to websites and the advertising and entertainment industries. Focus is on animation, design, style, and production issues using Adobe Photoshop and After Effects applications.

2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

### CG 214 — WEB PAGE CONSTRUCTION
**Prerequisite:** CG 111 or approval of chairperson
Students learn all aspects of constructing and implementing web pages, from content creation through production. Current HTML and state-of-the-art graphical web designing software, such as Dreamweaver, is discussed, demonstrated, and used to create deliverable web pages.

1.5 CREDITS; 1 LECTURE AND 1 COMPUTER LABORATORY HOURS PER WEEK

### CG 215 — WEB PAGE CONSTRUCTION II
**Prerequisite:** CG 214, PH 264, or approval of instructor
Students explore advanced formatting tools using CSS (cascading style sheets) and JavaScript, as well as Adobe ImageReady and Flash, in order to produce dynamic websites. Students must have working knowledge of HTML.

2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

### CG 221 — DESIGN AND AUTHORING FOR INTERACTIVE MEDIA I
**Prerequisite:** CG 111
Introduction to designing for interactive media, using Flash or other current software to produce finished projects including websites, CDs, DVDs, games, and animation for various delivery media. Importing various kinds of graphics, video, animation, special effects, and sound is explored. Basic scripting techniques are used to build menus and control program flow.

2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

### CG 222 — GAME DESIGN FOR DIGITAL MEDIA
**Prerequisite:** CG 321, CD 441, or approval of chairperson
The theory and implementation of game design is explored through the creation of small games using Flash and ActionScript.

2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

### CG 251 — BASIC EDITING WITH FINAL CUT PRO
**Prerequisites:** CG 111 (or appropriate Macintosh experience) and CG 213 or CG 221, or approval of chairperson
The concepts involved in editing video and animation are explored using Final Cut Pro software, with an emphasis on telling a story through the editing process. Learn how to assemble audio and video elements and gain studio experience in managing media assets, nested timelines, and basic workflow procedures. Use stock footage or provide own camera.

2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

### CG 299 — INDEPENDENT STUDY IN COMPUTER GRAPHICS
**Prerequisites:** a minimum 3.5 GPA and approval of instructor, chairperson, and dean
**VARIABLE CREDITS (3 CREDITS MAXIMUM)**

### CG 311 — 2D COMPUTER IMAGE GENERATION
**Prerequisite:** CG 211 or approval of instructor
This advanced image-processing course builds on concepts introduced in previous courses. Sophisticated tools are explored and applied in individual projects. Software: Adobe Photoshop.

2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

### CG 312 — 3D COMPUTER MODELING AND RENDERING
**Prerequisite:** CG 212
This studio course focuses on the process of creating three-dimensional models and environments. Students explore standard and advanced construction and rendering techniques and work on creative projects. Software: 3D Studio Max.

2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

### CG 314 — PROGRAMMING CONCEPTS
**Prerequisite:** CG 111
Languages used in computer graphics and interactive design, including websites, are presented with emphasis on current scripting languages. JavaScript (or other current language) is used to present concepts such as variables, objects, properties, data flow, and control. Techniques such as interactive button rollovers, cycling banners, and animations, as well as logic flow and project management, are explored.

2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

### CG 321 — DESIGN AND AUTHORING FOR INTERACTIVE MEDIA II
**Prerequisite:** CG 221
Advanced concepts for interactive design are explored, using Flash, Director, and Dreamweaver. Planning and scripting are emphasized, as well as consideration of overall graphic, sound, and human interface design, to produce Flash and Shockwave movies for the web or stand-alone projects.

2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

### CG 322 — INTERFACE DESIGN
**Prerequisite:** CG 321
This in-depth study of the field of interactive design and the concepts of user interface design focuses on principles that are central to creating usable applications and effective, intuitive, friendly, and consistent graphical interfaces.

2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK
CG 341 — 3D MODELING AND ANIMATION
Prerequisite: CG 212 or approval of chairperson
Co-requisite: CG 346
Focusing on the creative process involved in constructing and animating three-dimensional models, students explore the fundamental techniques for lighting and composing models and adding shaders to produce a specific mood, feeling, or expression.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

CG 342 — ADVANCED 3D COMPUTER MODELING
Prerequisite: CG 341
Students focus on techniques for planning and executing complex models, particularly animation-ready biomorphic characters. Analysis of the numerous variables that affect how successfully a model will perform in production provides a solid foundation for students to begin building three-dimensional characters and preparing them for three-dimensional animation.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

CG 344 — HISTORY OF ANIMATION
Students examine the work of early pioneering contributions to the moving image on film which led to the invention of film animation techniques. The history of traditional animation and visual effects puts modern computer animation techniques in a larger historical context. Early inventions and innovations by magicians and artists prior to the 20th century are studied.
3 CREDITS

CG 345 — 3D COMPUTER ANIMATION
Prerequisites: CG 341, CG 346, and CG 351
The fundamental building blocks of three-dimensional animation are examined and the traditional animation principles as they apply to computer animation are studied. Students learn to analyze motion and the devices of anticipation, reaction, overlapping motion, and squash-and-stretch to add clarity and strength to sequences.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

CG 346 — PRINCIPLES OF ANIMATION I
Prerequisite: CG 212
Co-requisites: CG 351 and IL 302
Through a series of short projects using two-dimensional animation software and a digitizing tablet, students learn how to apply the classic Disney principles of animation to their work. All phases of animation production are covered, with ongoing discussion and analysis of the work in progress. Students critique, refine, and improve the resulting animations.
1.5 CREDITS; 3 COMPUTER LABORATORY HOURS PER WEEK

CG 351 — STORYBOARDING AND STORYTELLING
Prerequisite: CG 213 or approval of chairperson
Co-requisite: CG 346 or approval of chairperson
Students work on ideas for animation by taking the first step: creating a storyboard. Learn the importance of a storyboard, flipbook, and script in planning a character animation and focus on the conceptual development of an expressive animation short.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

CG 352 — MUSIC AND SOUND DESIGN
Prerequisite: CG 321
Co-requisite: CG 345
Students learn to generate, manipulate, edit, and integrate sound into animation, video, and interactive projects using appropriate hardware and software. They plan and complete projects that incorporate sound as an integral part of the process.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

CG 353 — MOTION GRAPHICS
Prerequisites: CG 321 and CG 341
Co-requisites: CG 345 and CG 352
Students explore the concepts related to motion graphics using still images, live-action video, and three-dimensional computer graphics in conjunction with software programs such as Adobe After Effects, Adobe Premiere, Adobe Photoshop, Vegas, and various sound tools.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

CG 354 — ADVANCED 3D MODELING
Prerequisites: CG 321 or approval of chairperson
Co-requisite: CG 346 or approval of chairperson
Students work on ideas for animation by taking the first step: creating a storyboard. Learn the importance of a storyboard, flipbook, and script in planning a character animation and focus on the conceptual development of an expressive animation short.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

CG 355 — 3D COMPUTER ANIMATION
Prerequisites: CG 341, CG 346, and CG 351
The fundamental building blocks of three-dimensional animation are examined and the traditional animation principles as they apply to computer animation are studied. Students learn to analyze motion and the devices of anticipation, reaction, overlapping motion, and squash-and-stretch to add clarity and strength to sequences.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

CG 356 — PRINCIPLES OF ANIMATION II
Prerequisite: CG 346
Co-requisite: CG 451
Focusing on the fundamentals of three-dimensional computer animation, students learn a variety of techniques for analyzing and creating complex, coordinated motion, and the steps necessary to produce animation.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

CG 411 — 3D COMPUTER ANIMATION
Prerequisite: CG 312
Focusing on the fundamentals of three-dimensional computer animation, students learn a variety of techniques for analyzing and creating complex, coordinated motion, and the steps necessary to produce animation.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

CG 412 — INTERACTIVE PROJECT DESIGN
Prerequisite: CG 322
State-of-the-art concepts for interactive design using various delivery systems, such as the web, are covered. Good user interface design and top-down design are emphasized through group projects.
3 CREDITS; 2 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

CG 421 — INTERACTIVE PRODUCTION
Prerequisite: CG 421
In a simulated real-world production environment, students design and produce a project for a website, CD-ROM, or other delivery medium. Constraints such as budget, schedule, choice of tools, revisions, scaling down, and tracking the process of development are considered.
3 CREDITS; 1 LECTURE AND 4 COMPUTER LABORATORY HOURS PER WEEK

CG 441 — ADVANCED 3D ANIMATION
Prerequisites: CG 342 and CG 345
Co-requisite: CG 451
A full investigation of the potential of the keyframer and related three-dimensional animation issues is covered. Techniques related to subtle animation control and animation rendering, including compositing, inverse kinematics, advanced morphing, special effects, and an in-depth analysis of lighting and camera, are discussed. Students plan and execute related projects.
3 CREDITS; 2 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

CG 442 — ANIMATION PRODUCTION
Prerequisites: CG 441 and CG 451
The methodologies and problem-solving techniques used by the three-dimensional animator in a production environment are presented. Storyboarding, task assignments, and fully modular project designs are completed. Topics include advanced storyboard synchronization, detailed camera cut/movement planning, detailed lighting effects, multi layered processing, and incorporation of imagery/animated maps generated by external software and rotoscoping.
3 CREDITS; 1 LECTURE AND 4 COMPUTER LABORATORY HOURS PER WEEK

CG 446 — PRINCIPLES OF ANIMATION II
Prerequisite: CG 346
Co-requisites: CG 441 and CG 491
Using a fully rigged three-dimensional character, students study advanced topics in animation, focusing on an in-depth analysis of motion. Through the use of function curves, spacing, and key frame techniques, they refine their thesis work-in-progress.
1.5 CREDITS; 3 COMPUTER LABORATORY HOURS PER WEEK
CG 451 — COMPUTER-ASSISTED POST-PRODUCTION
Prerequisite: CG 345
Co-requisite: CG 441
Video and animation projects are brought to completion through an understanding of the post-production process. Studio experience focuses on hands-on skills using non-linear editing and compositing software. Lectures present an overview of post-process capabilities and demonstrate how to lay out projects for successful posting.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

CG 452 — MUSIC PRODUCTION FOR INTERACTIVE AND ANIMATION THESIS PROJECTS I
Prerequisite: CG 352
Co-requisites: CG 441 and CG 491
Students produce an audio track that encompasses the mechanics of sound and sound design for their own interactive or animation thesis projects. Through sound production, gain insight into the components needed to construct a sound track that provides depth and excitement to the visual product.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

CG 453 — MUSIC PRODUCTION FOR INTERACTIVE AND ANIMATION THESIS PROJECTS II
Prerequisite: CG 452
Co-requisites: CG 422, CG 442, and CG 492
Building upon previously designed audio tracks, students progress from theoretical discussion to a practical application of the power of the audio track to their individual work. Through a hands-on approach, they design and apply an accurate sound layer to a thesis project.
1.5 CREDITS; 3 COMPUTER LABORATORY HOURS PER WEEK

CG 491 — SENIOR PROJECT PLANNING
Co-requisites: CG 421 and CG 441
The senior project is planned and formal storyboard and written proposal are executed. Students work with the faculty member to develop concept and storyboard for short animation or interactive media project to be completed in the final semester.
1.5 CREDITS; 1 LECTURE AND 1 COMPUTER LABORATORY HOURS PER WEEK

CG 492 — SENIOR PROJECT
Prerequisite: CG 491
The aspects of creating and researching a thesis project are emphasized from the written proposal and storyboard to the thesis itself, including a short individual animation or interactive project. Projects are discussed and critiqued throughout the various developmental stages.
3 CREDITS; 2 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

CG 499 — INDEPENDENT STUDY IN COMPUTER GRAPHICS
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean
VARIABLE CREDITS (3 CREDITS MAXIMUM)

CH 111 — CHINESE I
This introductory course enables students with no background in Mandarin Chinese to communicate with Mandarin Chinese-speaking people. The basic skills of speaking, reading, and writing in Chinese are established and the cultures where Mandarin Chinese is spoken are introduced. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom.
(G8: Foreign Language)
3.5 CREDITS; 3 LECTURE AND 1 LABORATORY HOURS PER WEEK

CH 112 — CHINESE II
Prerequisite: CH 111 or equivalent
Students expand upon the skills established in Chinese I and continue to study the cultures where Mandarin Chinese is spoken. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom.
(G8: Foreign Language)
3.5 CREDITS; 3 LECTURE AND 1 LABORATORY HOURS PER WEEK

CH 122 — CHINESE CONVERSATION I
Prerequisite: CH 111 or equivalent
Students learn to converse in Mandarin Chinese by emphasizing interaction in real-life situations. Functional and practical verbal communications are addressed, with a focus on the cultures where Mandarin Chinese is spoken.
3 CREDITS

Fashion and Culture of the World

CL 112 — FACES AND PLACES IN FASHION
For one-year Fashion Design and Fashion Merchandising Management students. Students are introduced to the world of fashion through a variety of venues, including appearances by leaders in the fashion and related fields. This course is intended to broaden students’ cultural horizons through organized visits to a variety of museums, exhibits, backstage dressing venues, and design rooms, including the Metropolitan Opera house.
1 CREDIT; 2 LECTURE HOURS PER WEEK

CL 131 — FASHION IN FRANCE AND ITALY (SUMMER ONLY)
Compares fashion in France and Italy through visits to French and Italian couture and ready-to-wear establishments, fashion accessory houses, fabric mills, design studios, and museums.
3 CREDITS; APPROXIMATELY THREE WEEKS IN JUNE

Cosmetics and Fragrance Marketing

CM 023 — COSMETIC PRODUCT KNOWLEDGE LAB
Prerequisites: CM 311, CM 341, and SC 046/146
Co-requisite: CM 323
Through laboratory and evaluation activities, students learn how cosmetics look, feel, and smell individually and when combined. In the studio, they compound products and begin to evaluate marketed cosmetics.
1 CREDIT; 2 LABORATORY HOURS PER WEEK
CM 024 — FRAGRANCE KNOWLEDGE LAB
Prerequisites: CM 311 and SC 046/146
Co-requisite: CM 424
Through laboratory and evaluation activities, students learn how fragrance raw materials smell individually and when combined. Trained in the studio, they compound fragrances and learn to evaluate both fine fragrances and fragrances used in functional products.
1 CREDIT; 2 LABORATORY HOURS PER WEEK

CM 151 — THE BUSINESS OF BEAUTY
This course provides an overview of the techniques used to market consumer products in the beauty industry from ancient times to the present. The history, culture, and key entrepreneurs of this industry and the companies they built are examined.
3 CREDITS

CM 311 — THE COSMETICS, FRAGRANCES, AND TOILETRIES INDUSTRIES
Introduces historical usage of cosmetics, fragrances, and toiletries and the transition from household recipes to marketable retail products. Describes types of suppliers, vendors, retailers, and auxiliary services involved in producing and marketing the products of the industry.
3 CREDITS

CM 323 — COSMETIC PRODUCT KNOWLEDGE
Prerequisites: CM 311, CM 341, and SC 046/146
Co-requisite: CM 023
Students learn how cosmetics are created and manufactured for the marketplace and study the natural and synthetic raw materials used in the process. The marketability of cosmetics and regulatory issues in today’s cosmetic business are also examined.
2 CREDITS

CM 341 — COSMETICS AND FRAGRANCE MARKETING
Students learn the basic principles of marketing for the cosmetic and fragrance industry. Global and external factors, corporate capabilities, product need, planning, promotion, and launch are considered.
3 CREDITS

CM 351 — THE EUROPEAN COSMETICS AND FRAGRANCE INDUSTRIES
Prerequisite: approval of instructor
Students develop a firsthand understanding of the cosmetics and fragrances marketing process from the European perspective. Issues in product development, production, and retail marketing strategies are addressed through on-site visits to world-renowned manufacturers, suppliers, and retailers.
3 CREDITS; APPROXIMATELY THREE WEEKS IN JUNE

CM 423 — COSMETIC AND FRAGRANCE PRODUCT DEVELOPMENT WORKSHOP
Prerequisites: CM 323, CM 341, and CM 424
Through a workshop format, students develop and implement strategies to create products in the cosmetic and fragrance industries. Emphasis is on determining the need for new entries in the market and the interdepartmental teamwork required to successfully launch a company’s product.
3 CREDITS

CM 424 — FRAGRANCE KNOWLEDGE
Prerequisites: CM 311 and SC 046/146
Co-requisite: CM 024
Learning about olfaction and the role played by the sense of smell, students examine how fragrances are created and manufactured for the marketplace. Natural and synthetic raw materials used in the manufacture of fragrances are studied. Students train in the classification of fragrances into odor families, evaluate the marketability of fragrances, and review the regulatory issues related to the business.
2 CREDITS

CM 425 — ENVIRONMENTAL FRAGRANCING
This course provides a historical background in environmental fragrancing from its spiritual origins in the ancient world to its current market status. Students develop a knowledge of technical terminology and become familiar with home fragrance delivery systems and fragrance types used for environmental fragrances.
3 CREDITS

Design Studies

DD 112 — DESIGN SURVEY
Students explore career options in the applied arts and are provided the opportunity to assess their talents and skills by working in each of the areas introduced.
3 CREDITS

DD 231 — COLOR PRODUCTION TECHNIQUES FOR DIGITAL PREPRESS
Prerequisite: CD 322
Students learn how to prepare digital files to simplify the complexities of prepress and ensure quality of final output. The relationship between creative vision, what is seen on the screen, and the realities of the printed piece is explored.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

DD 271 — FRENCH COSTUME AND INTERIORS: BAROQUE TO PRESENT
Prerequisite: HA 112
An interdisciplinary overview of costumes and interiors of France from the late 17th century to the present, stressing the relationship between clothing and environment. Sessions are conducted in museums, galleries, and historical collections in France.
3 CREDITS; APPROXIMATELY 5 WEEKS IN JUNE AND JULY

DD 272 — CONTEMPORARY ITALIAN DESIGN
Studies the history and aesthetics of 20th-century applied and decorative design in Italy. Conducted in Florence, where students develop an understanding of and appreciation for important designers, design movements, and Italian traditions.
3 CREDITS

DD 299 — INDEPENDENT STUDY
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean
VARIABLE CREDITS (3 CREDITS MAXIMUM)

DD 499 — INDEPENDENT STUDY
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean
VARIABLE CREDITS (3 CREDITS MAXIMUM)
Visual Presentation and Exhibition Design

DE 101 — PRINCIPLES OF DISPLAY AND EXHIBIT DESIGN: SMALL SCALE
For students not majoring in Visual Presentation and Exhibition Design. Basic hands-on display methods used in visual merchandising and an understanding of two- and three-dimensional design practices and materials. (G6: Arts)
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

DE 102 — PRINCIPLES OF DISPLAY AND EXHIBIT DESIGN: LARGE SCALE
The introduction to and hands-on creation of large-scale displays using mannequins, fashions, and props.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

DE 123 — DESIGN AND RENDERING
Principles of display drafting and rendering, including drafting of floor plans and elevations, are presented. Introduces perspective drawing as a means of expressing design concepts.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

DE 124 — DESIGN AND RENDERING
Prerequisite: DE 123
Students are introduced to conceptual design development, incorporating visual adaptation in one- and two-point perspective drawing for retail, trade show, and exhibition presentations.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

DE 125 — CAD FOR VISUAL PRESENTATION
Prerequisites: DE 123 and DE 141 or approval of chairperson
This course introduces two-dimensional computer drafting. Using VectorWorks, students draw plans and elevations for visual presentation and exhibition design projects.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

DE 131 — STUDIO DESIGN: PRODUCT PRESENTATION
Course introduces contemporary display techniques, equipment, and materials for designing three-dimensional product presentations within the retail environment.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

DE 133 — ADVANCED STUDIO DESIGN: PRODUCT PRESENTATION
Prerequisite: DE 131
Using mannequins, students conceive, design, and execute fashion presentations thematically coordinated with large-scale product presentations.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

DE 141 — DISPLAY GRAPHICS I
Students are introduced to the role of graphics in the display and exhibit design field. The importance of typography as the root of visual communication is explored using the Macintosh platform as the graphic design tool.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

DE 142 — DISPLAY GRAPHICS II
Prerequisite: DE 141
Students develop problem-solving and project-management skills by designing a storewide promotion for an upscale retail environment. They design a logo, advertising, signage, and other graphics using digital and traditional design and production techniques. Projects present students the opportunity to further develop their computer skills using Adobe Illustrator, QuarkXPress, and Adobe Photoshop.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

DE 143 — STYLING FOR VISUAL PRESENTATION
1.5 CREDITS; 3 COMPUTER LABORATORY HOURS PER WEEK
Concurrent in DE 225 and DE 232. The latest computer software is used to execute design projects. Students create graphic identities for three-dimensional display projects that are worked on concurrently in DE 225 and DE 232. The latest computer software is used to execute design solutions.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

DE 144 — ADVANCED DISPLAY GRAPHICS
Prerequisite: DE 143
Students develop advanced computer skills using Adobe Illustrator, QuarkXPress, and Adobe Photoshop.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

DE 145 — DISPLAY GRAPHICS III
Prerequisite: DE 144
Students create graphic identities for three-dimensional display projects that are worked on concurrently in DE 225 and DE 232. The latest computer software is used to execute design solutions.
1.5 CREDITS; 3 COMPUTER LABORATORY HOURS PER WEEK

DE 161 — PROFESSIONAL PRACTICES
Develops an awareness of the cultural influences which shape the creative expression of the designer in the promotion and presentation of consumer products. Field trips and guest lecturers are included.
1.5 CREDITS; 1 LECTURE AND 1 STUDIO HOURS PER WEEK

DE 213 — EXHIBITION DESIGN
Prerequisites: DE 225 and DE 236
Co-requisite: DE 243
Introduces the process of creating exhibitions from conceptualization through design development and presentation. Students learn and apply principles and criteria specific to organizing and conveying information in exhibition environments. Understanding of the principles is demonstrated through proposals that include models, presentation drawings, and other design materials.
3 CREDITS; 1 LECTURE AND 4 STUDIO HOURS PER WEEK

DE 225 — DESIGN AND RENDERING
Prerequisite: DE 124
Advances design and presentation techniques by introducing the student to model-making in the creation and research of exhibitions and designer-oriented fashion shows.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

DE 232 — ELEMENTS OF VISUAL MERCHANDISING
Prerequisites: DE 124 and DE 141
Presents an overview of how the department store and the small retail shop coordinate their merchandise presentations with their overall design concepts, fixturing, and graphic/signage components.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

DE 234 — POINT-OF-PURCHASE DISPLAY
Co-requisite: DE 236
Introduces the dynamics of the point-of-purchase (POP) display and its impact on the presentation and sale of merchandise. Includes the design and development of POP structural units using graphics/typography and stresses appropriate materials and construction techniques.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

DE 236 — STUDIO DESIGN/EXHIBITION
Prerequisite: DE 133
Co-requisite: DE 225
The elements of thematic display and exhibition design in commercial and institutional environs are examined. The development of professional concepts, ideology, and skills is stressed.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

DE 242 — DISPLAY GRAPHICS III
Prerequisite: DE 142
Co-requisites: DE 225 and DE 232
Students create graphic identities for three-dimensional display projects that are worked on concurrently in DE 225 and DE 232. The latest computer software is used to execute design solutions.
1.5 CREDITS; 3 COMPUTER LABORATORY HOURS PER WEEK
DM 321 — DATABASE MARKETING
Prerequisite: DM 211 or DM 311 or FM 213
Students develop a database marketing plan and construct a functioning marketing database using Microsoft Access.
3 CREDITS

DM 331 — DIRECT RESPONSE COPYWRITING
Prerequisite: DM 211 or DM 311 or FM 213
Students formulate creative strategies and develop direct marketing copy and design in workshop exercises. Students write copy and prepare design layouts for direct mail, catalogues, and interactive media.
3 CREDITS

DM 421 — DIRECT MARKETING FINANCE AND OPERATIONS
Prerequisites: (DM 211 or DM 311 or FM 213) and MA 311
Students are introduced to the basic finance and operations practices and procedures unique to direct marketing: financial management principles, math and profit analysis techniques, print production, mailing, order processing, and telemarketing. Negotiation with suppliers is covered.
3 CREDITS

DM 432 — DIRECT RESPONSE MEDIA PLANNING
Prerequisite: DM 211 or DM 311 or FM 213
Students study the different forms of direct response media and analyze how each is best used. They prepare a comprehensive plan, including budgets, for a hypothetical company's product.
3 CREDITS

DM 433 — DIRECT MARKETING COMMUNICATIONS
Prerequisite: DM 211 or DM 311 or FM 213
Students prepare a comprehensive business plan for a start-up direct marketing business. The plan is presented from the perspective of top management seeking capital from investors, and covers administration, staffing, marketing plans, fulfillment, sales projections, and income statement projections.
3 CREDITS

DM 434 — DIRECT MARKETING CAMPAIGN PLANNING AND EXECUTION
Prerequisites: DM 331 and DM 432 and approval of chairperson
Guides students through all the stages of planning and executing a direct marketing campaign. Course operates as a direct marketing agency, where each student functions as part of a management team with both individual and group responsibilities. The class prepares and runs a live campaign for a real marketer, generating responses from the target market.
3 CREDITS

DM 435 — INTERNET MARKETING
Prerequisite: DM 211 or DM 311
Students are introduced to current marketing principles and practices on the internet. The course explores email, the internet, and search engine marketing (SEM) as practical applications used to create direct marketing plans and programs that integrate online and offline strategies. In addition, students study the legal and ethical issues involved in using the internet as a marketing tool.
3 CREDITS
**Draping Techniques**

**DP 111 — DRAPING PROFICIENCY I**
Introduces the fundamental principles of developing basic silhouettes of skirts, blouses, bodices, and collars with draping and patternmaking techniques. Use of stripe fabric as it applies to grain line manipulation in design is studied.
2.5 CREDITS; 1 LECTURE AND 3 LABORATORY HOURS PER WEEK

**DP 112 — DRAPING PROFICIENCY II**
Prerequisite: DP 111
Studies the characteristics and drapability of fabric and its effect on the development of silhouette and style. Students use draping methods and flat pattern techniques to resolve complex problems in design development.
2.5 CREDITS; 1 LECTURE AND 3 LABORATORY HOURS PER WEEK

**DP 211 — DRAPING PROFICIENCY III**
Prerequisite: DP 112
Students utilize advanced draping techniques to analyze style, balance, and proportion. Emphasizes the development of mounted and semi-mounted sleeve designs using a variety of silhouettes as applied to suit and coat styles.
2.5 CREDITS; 1 LECTURE AND 3 LABORATORY HOURS PER WEEK

**DP 212 — DRAPING PROFICIENCY IV**
Prerequisite: DP 211
Develops advanced interpretive skills of draping and patternmaking. Students analyze elements that influence pattern development, including market trends, price points, design categories, target markets, and media sources.
2.5 CREDITS; 1 LECTURE AND 3 LABORATORY HOURS PER WEEK

**English and Speech**

**EN 121 — ENGLISH COMPOSITION**
Prerequisite: college-level English proficiency as demonstrated by placement test or completion of appropriate ES course(s)
This course encourages students' confidence, writing fluency, and the development of a competent writing self by focusing on the writing process. A number of forms are employed, including brainstorming, freewriting, journal writing, reading response journals, and formal essay writing. Classes are conducted as workshops, and both peers and instructor offer constructive feedback. (G1: Basic Communication)
3 CREDITS

**EN 231 — SHORT FICTION**
Prerequisite: EN 121 or equivalent
Students read and analyze stories by authors from around the world. They consider various aspects of narrative and explore different modes of storytelling. The study of short fiction prepares students to read more widely on their own in the future. Special attention is paid to speaking skills. (G7: Humanities)
3 CREDITS

**EN 232 — PERSPECTIVES ON AMERICAN LITERATURE**
Prerequisite: EN 121 or equivalent
This course gives students an understanding of the American heritage based on three suggested themes: the Puritan ethos, the American dream, and reevaluation of the dream. Includes readings from such major writers as Dickinson, Faulkner, Fitzgerald, Hawthorne, Melville, Twain, and Whitman. Special attention is paid to speaking skills. (G7: Humanities)
3 CREDITS

**EN 233 — POETRY**
Prerequisite: EN 121 or equivalent
By reading and analyzing a wide range of poems from a variety of time periods and cultures, students are introduced to the literary genre of poetry. Students examine word usage, figures of speech, rhythm and meter, and other poetic devices. Understanding and appreciation of poetry are enhanced by reading criticism and listening to recordings. Special attention is paid to speaking skills. (G7: Humanities)
3 CREDITS

**EN 234 — GAY AND LESBIAN LITERATURE**
Prerequisite: EN 121 or equivalent
Students read a selection of fiction, poetry, and drama from the mid-19th and 20th centuries and analyze how the texts make use of themes and images such as race, class, gender, sexuality, same-sex desire, homosociality, and the trope of the closet. The construction of, and criteria for, a canon of gay and lesbian literature are considered. Readings are chosen from such authors as Wilde, Whitman, Freud, Hughes, Baldwin, and Rich. (G7: Humanities)
3 CREDITS

**EN 235 — IMAGES OF WOMEN IN THE AMERICAN WORK FORCE**
Prerequisite: EN 121 or equivalent
Students study how working women from Colonial times to the present have been portrayed in American literature. Through presentations, critical reading, and analytical writing, students become familiar with the influence of these works on the evolution of world literature. (G7: Humanities)
3 CREDITS

Prerequisite: EN 121 or equivalent
Studies the nature and characteristics of comedy. Includes an equal consideration of form and meaning. Materials are from such authors as Aristophanes, Shakespeare, Jonson, Moliere, Congreve; and performers such as Chaplin, the Marx Brothers, and Woody Allen are studied. Includes background readings from such critics as Santayana, Meredith, Frye, Langer, Freud, and Bergson. (G7: Humanities)
3 CREDITS

EN 241 — PROFESSIONAL SPEECH COMMUNICATION
Prerequisite: EN 121 or equivalent
Communication theory is discussed and applied to various areas such as verbal and nonverbal communication and listening in professional contexts. Among the activities the course focuses on are interviews and presentations. Videotaping is used to facilitate learning and assessment.
3 CREDITS

EN 242 — PUBLIC SPEAKING
Prerequisite: EN 121 or equivalent
Covers all major aspects of speech preparation, such as formulating purpose statements, analyzing and adapting to audiences, organizing and outlining ideas, assessing evidence and reasoning, and using language effectively. The study of various areas of speech presentation—such as vocal and nonverbal communication, and use of appropriate visuals—complement preparation. Students give a variety of informative and persuasive presentations, which are videotaped and analyzed by the students and the instructor.
3 CREDITS

EN 243 — VOICE AND ARTICULATION: THEORY AND PRACTICE
Prerequisite: EN 121 or equivalent
Students learn to apply theories of speech perception and production in order to analyze, modify, and control their voices and articulation so they can communicate more effectively. Exercises in listening, voice, and speech are conducted.
3 CREDITS

EN 244 — SPEECH DYNAMICS IN GROUP COMMUNICATION
Prerequisite: EN 121 or equivalent
Studies techniques of effective communication in the group process. Students learn to become more skillful communicators through the use of speech dynamics as applied to the psychology of communication. Group members are involved in controversial discussions as participants and group leaders. Emphasis is placed on the enlightenment and problem-solving types of discussion.
3 CREDITS

EN 245 — INTERCULTURAL COMMUNICATION
Prerequisite: EN 121 or equivalent
Students are introduced to the communication process among people from different cultures. The course examines how factors such as cultural patterns, verbal and nonverbal communication, and perception play a role in intercultural relationships. Theory and research in intercultural communication are presented and students apply this information to intercultural encounters.
3 CREDITS

EN 251 — THEATRE ARTS
Prerequisite: EN 121 or equivalent
Focuses on appreciation of the theatre through the study of dramatic art as it evolves from page to stage. Students study the relationship of drama text to performance through reading, acting exercises, and theatre attendance. (G6: Arts)
3 CREDITS

EN 253 — DRAMATIC LITERATURE
Prerequisite: EN 121 or equivalent
Surveys dramatic literature and the development of theatrical performance. Focuses on the evolution of the use of theatrical space in the history of theatre. Students read representative plays and documents of Greek, Roman, Medieval, Elizabethan, Restoration, and 19th- and 20th-century drama. Special attention paid to speaking skills. (G7: Humanities)
3 CREDITS

EN 254 — DRAMA: FROM SCRIPT TO LIVE THEATRE (WINTERIM ONLY)
Prerequisite: EN 121 or equivalent
Offers students an understanding and appreciation of all aspects of the theatre. Provides them—under the instruction of a professional theatre company and on the premises of a theatre—with knowledge of the processes involved in transforming the play from the printed page to the stage. Course format and supervision are under the direction of the professional staff of an active, performing theatre company in consultation with the English and Speech Department. (G6: Arts)
3 CREDITS

EN 262 — SCREENWRITING
Prerequisites: EN 121 or equivalent, and one additional college-level English or speech course
The basic elements of screenwriting are taught: story concept, three-act structure, character arc, scene development, and dialogue. Students study the structure and scenes of successful movies and are assigned writing exercises devoted to scene development and dialogue. They formulate individual projects, from pitching a story to preparing a beat sheet to writing the screenplay. (G6: Arts)
3 CREDITS

EN 271 — LITERATURE AND HISTORY: THE DEVELOPMENT OF AMERICAN CULTURE TO 1865
Prerequisites: EN 121 or equivalent, and one additional college-level English or speech course
Students read significant texts from America's cultural development against the background of a narrative of United States history through the Civil War. The course surveys a wide variety of literature, from firsthand accounts of slavery to philosophical sources of the U.S. Constitution to early documents in the debate over the role of women in society. (G7: Humanities; G10: American History)
3 CREDITS

EN 272 — IDENTITY IN AMERICA: HISTORY AND LITERATURE, 1865 TO PRESENT
Prerequisites: EN 121 or equivalent, and one additional college-level English or speech course
Students read and interpret literary texts in order to understand the evolution of America's self-images since the Civil War. They explore the cultural context of particular works and how identity manifests itself in literature. Themes examined include regional and ethnic diversity between 1865 and World War I; modernism and expatriation in a context of alienation, loss of faith, and new scientific questions between 1918 and World War II; the civil rights and women's movements through 1980, and multiculturalism, postmodernism, and the implications of technological development and globalization in the last twenty years. (G7: Humanities; G10: American History)
3 CREDITS

EN 273 — LITERATURE OF INDIA
Prerequisites: EN 121 or equivalent, and one additional college-level English or speech course
Students examine selected texts from major periods of Indian literature with a focus on the historical context. Throughout the readings, they consider how the interactions of mythical ancient stories, history, culture, and religion are represented. (G7: Humanities; G9: Other World Civilizations)
3 CREDITS
EN 274 — VOICES OF CIVIL RIGHTS IN AMERICAN HISTORY
Prerequisite: EN 121 or equivalent

3 CREDITS

EN 335 — WORKING WOMEN IN THE UNITED STATES: 1865 TO PRESENT
Prerequisites: EN 121 or equivalent, and one additional college-level English or speech course
A survey of almost 150 years of U.S. history and literature through the lens of working women. Students learn the landmarks of American history, women's struggles, and their contributions. (G7: Humanities; G10: American History)
3 CREDITS

EN 341 — DEVELOPING YOUR SPEAKING IMAGE
Prerequisites: EN 121 or equivalent, and one additional college-level English or speech course
Develops students' interpersonal communication skills. Students are exposed to theoretical frameworks of communications which they apply to practical situations in various exercises. These activities are videotaped, enabling students to review, access, and improve the image they project.
3 CREDITS

EN 342 — ARGUMENTATION AND PERSUASION
Prerequisites: EN 121 or equivalent, and one additional college-level English or speech course
Examines the strategies and techniques used to influence the decision-making processes. Students prepare and present persuasive speeches based on principles of argumentation and persuasion. Exercises in debate are also included.
3 CREDITS

EN 352 — HISTORY OF FILM
Prerequisites: EN 121 or equivalent, and one additional college-level English or speech course
An overview of cinema history and the basic tools for analyzing the art of film are presented. Students view films from major movements and study the uses of camera, editing, lighting, sound, and acting. They examine the evolution of film technology, the legacy of individual authors, and how films reflect and comment on society. (G7: Humanities)
3 CREDITS; 2 LECTURE AND 2 STUDIO HOURS PER WEEK

EN 361 — CREATIVE WRITING
Prerequisites: EN 121 or equivalent, and one additional college-level English or speech course
In a workshop environment, students prepare a portfolio of works from one or more of the following genres: fiction, poetry, or drama. Structure, plot, characterization, point of view, theme, and metaphorical language are explored, and works-in-progress are critiqued by faculty and fellow students. Through the processes of writing, critiquing, and revising, ideas are shaped into imaginative form. (G6: Arts)
3 CREDITS

EN 362 — CREATIVE NONFICTION
Prerequisites: EN 121 or equivalent, and one additional college-level English or speech course
In this advanced writing course, students are taught the skills needed to produce informal essays or chapters of nonfiction books of high quality. Drawing upon observation, experience, and research, they create works of intellectual substance that reveal carefully shaped structure. Students develop ease and efficiency in their writing processes and work toward clarity, grace, and individual style. (G1: Basic Communication)
3 CREDITS
EN 363 — FICTION WRITING
Prerequisites: EN 121 or equivalent, and one additional college-level English or speech course
An advanced writing course that develops students' understanding in imaginative storytelling. Students read short stories and novel excerpts and participate in writing exercises to examine writing process strategies. In a workshop environment, students develop and complete two works of short fiction. (G6: Arts)
3 CREDITS

EN 364 — POETRY WRITING
Prerequisites: EN 121 or equivalent, and one additional college-level English or speech course
Students learn the major elements of writing poetry through a variety of exercises and examples. Works-in-progress are critiqued by fellow students in a rigorous yet supportive environment. Poems are revised and collected in a portfolio at the end of the semester. (G6: Arts)
3 CREDITS

EN 371 — CHINESE ODYSSEY: INTRODUCTION TO CHINESE LITERATURE
Prerequisites: EN 121 or equivalent, and one additional English or speech college-level course
Students study Chinese literature by reading and examining a variety of literary forms from a range of historical periods. The course focuses on relationships between the self, the nation, gender roles, and modernity and how the influence of local and global histories have shaped the focus and reception of each work. All readings are in English. (G6: Arts; G7: Humanities)
3 CREDITS

EN 391 — THE CREATIVE IMAGINATION: THEORY AND PROCESS (HONORS)
Prerequisite: qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts
Theories of the creative process and the nature of creativity are explored. Through readings, journal entries, and case studies of writers, painters, and other artists, students discover practices useful in producing creative works. Particular attention is paid to the creative work of artists traditionally marginalized by gender, race, ethnicity, or socioeconomic class. (G6: Arts; G7: Humanities)
3 CREDITS

EN 392 — GREEK MYTHS AND THEIR TRANSFORMATIONS (HONORS)
Prerequisite: qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts

EN 397 — WOMEN IN U.S. THEATRE (HONORS)
Prerequisite: qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts
This course explores the art forms and skills that contribute to the collaborative process of theater—the script; directing; costume, set, and lighting design; and theater management—by focusing on American women practitioners. Historical developments, such as feminism and the growth of regional theater, are also examined. (G6: Arts)
3 CREDITS

EN 398 — FILM ART/FILM CRITIC (HONORS)
Prerequisite: qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts
Students are introduced to cinema history and the basic tools for writing about the art of film. They study how meaning in narrative film is elaborated by uses of camera, editing, lighting, sound, and acting. The course emphasizes the contrast between studio and non-studio films, especially those of Europe, Asia, and third-world countries in contrast to products of the powerful Hollywood system. (G6: Arts)
3 CREDITS; 2 LECTURE AND 2 STUDIO HOURS PER WEEK
EN 399 — THE CRAFT OF WRITING POETRY (HONORS)
Prerequisite: qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts
Students immerse themselves in writing poems while they examine the technical and historical aspects of poetry. They study basic elements of poetry such as image, figurative language, rhythm, diction, and form to develop the potential of those elements in their own writing. In order to understand their own creative processes, students read essays about craft and process.
(G6: Arts)
3 CREDITS

EN 499 — INDEPENDENT STUDY IN ENGLISH OR SPEECH
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean
VARIABLE CREDITS (3 CREDITS MAXIMUM)

Educational Skills

Based on the English Placement Exam, a student who shows need for improvement in writing and reading may be required to enroll for ES 032 or ES 133 before taking EN 121. The student who takes ES 032 must take ES 133 the following semester. Students for whom English is a second language may be required to enroll in ES 123 prior to EN 121 and/or ES 024 as a co-requisite of EN 121.

ES 011 — PREPARATION FOR THE TOEFL AND THE TEST OF WRITTEN ENGLISH
This course prepares intermediate to advanced-level students to take the paper-based and computer-based TOEFL examinations. It covers the test areas of listening, grammar, written expression, and reading. Sessions cover each of the four areas of the test with follow-up practice on both paper-based and computer-based formats.
0 CREDITS; 3 LECTURE AND 1 LABORATORY HOURS PER WEEK

ES 021 — INTENSIVE ENGLISH AS A SECOND LANGUAGE
This summer course, offered five days a week for three weeks in August, serves international students and permanent residents accepted to the college who have recently arrived in the United States. Students focus on improving speaking, listening, and presentation skills through learning about life at FIT and in New York.
0 CREDITS; 20 HOURS PER WEEK

ES 023 — ENGLISH AS A SECOND LANGUAGE WORKSHOP
Co-requisite: ES 123
With intensified instruction in reading and writing, students apply and practice the English skills taught in the co-requisite ES 123. Sessions consist of small-group and individual work.
0 CREDITS; 3 LABORATORY HOURS PER WEEK

ES 024 — ENGLISH AS A SECOND LANGUAGE
Prerequisites: ES 023 and ES 123
Co-requisite: EN 121
For students who have completed ES 023/123 but are required to take an additional writing course in English as a second language. Must be completed at the same time as EN 121.
0 CREDITS; 2 HOURS PER WEEK

ES 025 — PRONUNCIATION SKILLS FOR ESL STUDENTS
This course in pronunciation skills for intermediate to advanced students focuses on modifying pronunciation and improving proficiency in spoken English. Students work intensively with English vowels and consonants; master basic features of English stress, rhythm, and intonation; and learn how to use phonetic symbols and pronunciation guides.
0 CREDITS; 2.5 LECTURE HOURS PER WEEK

ES 026 — ENGLISH AS A SECOND LANGUAGE WORKSHOP
For intermediate and advanced students who need to improve their oral communication skills. Provides practice in using and understanding spoken English. May be required for students who have completed ES 123 but need additional instruction in speaking and listening.
0 CREDITS; 2 HOURS PER WEEK

ES 027 — ORAL PRESENTATION SKILLS WORKSHOP FOR ESL STUDENTS
This course in oral presentation skills for intermediate English as a second language (ESL) students focuses on the fundamental skills needed to present work verbally to an audience. Through practice in preparing and giving oral presentations in a structured setting, students develop strategies in both verbal and nonverbal communications skills in order to present ideas in an effective and clear manner.
0 CREDITS; 2.5 LABORATORY HOURS PER WEEK

ES 028 — ENGLISH AS A SECOND LANGUAGE WORKSHOP
For students enrolled in EN 321 who are required to take additional instruction in writing. The course focuses on grammar, sentence structure, and paragraph development, and includes one-on-one teacher-student interaction, collaborative learning activities, and small-group work.
0 CREDITS; 1 LECTURE AND 1 LABORATORY HOURS PER WEEK

ES 032 — INTRODUCTORY EDUCATIONAL SKILLS
With intensive work in writing, reading, and study skills, this course is designed to help students meet college-level academic standards.
0 CREDITS; 4 LABORATORY HOURS PER WEEK

ES 033 — COLLEGE ENGLISH PREPARATION WORKSHOP
Co-requisite: ES 133
A writing-intensive course in which students expand upon the skills taught in the co-requisite ES 133. Sessions consist of small-group and individual work.
0 CREDITS; 3 LABORATORY HOURS PER WEEK

ES 034 — EDUCATIONAL SKILLS
Co-requisite: EN 121
For students who have taken ES 032 and/or ES 033/133 and who are required to take additional instruction in reading and writing.
0 CREDITS; 2 LABORATORY HOURS PER WEEK

ES 036 — BUSINESS WRITING WORKSHOP
Prerequisites: EN 121 or equivalent, and one college-level English or speech course
Co-requisite: EN 321
For students enrolled in EN 321 who are required to take additional instruction in writing. The course focuses on business writing techniques, including grammar, sentence structure, paragraph development, and business letter writing.
0 CREDITS; 1 LECTURE AND 1 LABORATORY HOURS PER WEEK

ES 123 — ENGLISH AS A SECOND LANGUAGE
Co-requisite: ES 023
For students who need to improve their skills in English as a second language. Instruction is given in reading and writing English, with some practice in listening and speaking. Students must register simultaneously in the corresponding section of ES 023. More than one semester of ES 023/123 may be needed. Additional instruction (ES 024, ES 025, ES 027, ES 028) may be required after ES 023/123.
2 CREDITS

ES 133 — COLLEGE ENGLISH PREPARATION
Co-requisite: ES 033
A writing-intensive course focusing on the stages of the writing process and on strategies to enhance reading comprehension and study skills. Topics include grammar, paragraph structure, and essay development. Students must register simultaneously in the corresponding section of ES 033. Additional instruction (ES 034) may be required.
2 CREDITS
FA 101 — PAINTING
For students not majoring in Fine Arts. Through observation of still life and the figure, students are introduced to the use of oil or acrylic paint. Students develop color-mixing techniques emphasizing varied approaches to the use of paint. (G6: Arts)
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

FA 102 — PAINTING
Prerequisite: FA 101 (waived for Visual Presentation and Exhibition Design students)
For students not majoring in Fine Arts. Continuation of painting from still life and the figure with advanced painting techniques such as underpainting, glazing, and a la prima. (G6: Arts)
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

FA 103 — PAINTING
For students not majoring in Fine Arts. Abstract painting explored through design, color, and composition. Experimentation with materials is encouraged. Painting medium is open. Any level of experience. (G6: Arts)
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

FA 104 — SCULPTURE: BASIC
For students not majoring in Fine Arts. Introduces the basic principles of sculpture and relief through the figure and other references. Clay and plasteline are used, and basic casting techniques are introduced. (G6: Arts)
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

FA 105 — LIFE DRAWING
For Fashion Design and Menswear students. Focus on figure drawing, stressing line, gesture, and composition. Study of proportion and anatomy of the human figure is undertaken. (G6: Arts)
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

FA 106 — PRINTMAKING: BASIC
For students not majoring in Fine Arts. Fundamental procedures in relief and intaglio printing are studied, using linoelum, woodcuts, and etching techniques. Students are introduced to basic printmaking processes, with an emphasis on exploring printmaking as a medium. Some drawing experience helpful.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

FA 107 — BASIC DESIGN
For Fashion Design, Jewelry Design, and Menswear students. Exploration of fundamental concepts of two-dimensional design. Line, shape, texture, rhythm, and color are emphasized, with an introduction to three-dimensional design. (G6: Arts)
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

FA 108 — BASIC DRAWING
For Photography majors. Students are introduced to drawing in black and white. Line, volume, composition, and perspective are taught through observation of still life and interiors. (G6: Arts)
1 CREDIT; 2 STUDIO HOURS PER WEEK

FA 109 — PORTRAIT AND FIGURE PAINTING
Prerequisite: FA 101
For students not majoring in Fine Arts. Students paint the portrait and the figure from an objective point of view, utilizing fundamental approaches. Initial studies are in charcoal and culminate in finished paintings of the head and figure. Oil or acrylic paint is used.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

FA 113 — FUNDAMENTALS OF DESIGN I: 2D AND COLOR
Students explore the principles of two-dimensional design and color for the designer and fine artist, including the study of line, shape, positive and negative space, texture, and composition.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

FA 114 — FUNDAMENTALS OF DESIGN II: 3D FORM AND STRUCTURE
The concepts basic to all three-dimensional design are studied: definition of space through the use of line, planes, and solid forms; manipulation of mass, volume, and void; the use of structural systems; the relationship of surface and color to form; and the importance of proportion and scale, light, and shadow.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

FA 116 — CREATIVE MEDIA
Using a wide variety of materials and design concepts, this course offers an opportunity for students to explore different approaches in creating non-traditional works of art. Emphasis is on enlarging student’s capacity for imaginative expression in two- and three-dimensional projects. (G6: Arts)
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

FA 117 — TRADITIONAL TECHNIQUES IN THE FINE ARTS
This course develops students’ insight into the techniques of masterworks in art history. The course combines lecture, demonstrations, visits to museums, and hands-on work in the studio. Students study and create works using such techniques as wet and dry media, ink and silver-point, and encaustic, tempera, and oil painting.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

FA 131 — LIFE DRAWING I
An introduction to drawing the figure. Students study line, proportion, gesture, and composition using pencil and charcoal. Study of anatomy is introduced. (G6: Arts)
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

FA 132 — LIFE DRAWING II
Prerequisite: FA 131
This course continues the study of the figure, with focus on a more sophisticated use of materials and the study of anatomy. (G6: Arts)
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

FA 141 — DRAWING I
This course introduces drawing with an emphasis on developing perceptual skills. Line, value, placement, and perspective with still life and interiors as subjects are studied. Black-and-white materials are used. (G6: Arts)
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

FA 142 — DRAWING II
Prerequisite: FA 141 (waived for Interior Design students who have taken CD 113)
A continuation of Drawing I, this course emphasizes compositional concepts using still life, interiors, and the figure. A variety of media, including ink wash, and color are used. (G6: Arts)
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

FA 151 — PAINTING I
An introduction to the use of oil paint, this course uses a perceptual approach to still life and the figure. Color mixing, paint application, and compositional strategies are emphasized.
3 CREDITS; 6 STUDIO HOURS PER WEEK
FA 152 — PAINTING II  
*Prerequisite: FA 151*
This course is a continuation of Painting I, focusing on the figure, with further exploration of painting techniques and continued emphasis on drawing, composition, and color.

3 CREDITS; 6 STUDIO HOURS PER WEEK

FA 153 — WATERCOLOR AND ITS APPLICATIONS  
The basic principles of watercolor technique are introduced. Students gain knowledge of color mixing and perception by direct observation and study of color theory as it pertains to watercolor, both transparent and opaque. Museum visits provide the opportunity to examine artists’ uses and applications of various techniques.

1.5 CREDITS; 3 STUDIO HOURS PER WEEK

FA 161 — SCULPTURE I  
This basic course emphasizes traditional sculpture skills with the head and full figure as the subject. Clay is the medium. Basic casting techniques are introduced.

3 CREDITS; 6 STUDIO HOURS PER WEEK

FA 171 — PRINTMAKING I  
Stressing the expression of imaging unique to printmaking, students are introduced to basic printmaking processes, with an emphasis on exploring printmaking as a medium. Relief (woodcut, lino cut), intaglio (etching on metal or plastic), and monotype techniques are explored. Hand tools, edition printing, artists’ proofs, and press operation are discussed.

1.5 CREDITS; 3 STUDIO HOURS PER WEEK

FA 172 — PRINTMAKING II  
*Prerequisite: FA 171*
A continuation of Printmaking I, this course studies more advanced printmaking techniques, including color, paper, and metal plate lithography, resulting in the development of a portfolio or artist's book.

1.5 CREDITS; 3 STUDIO HOURS PER WEEK

FA 202 — BASIC DESIGN: 3D  
For students not majoring in Fine Arts, this course is an introduction to the vocabulary of form in space and encourages inventiveness in concept and use of materials. (G6: Arts)

1 CREDIT; 2 STUDIO HOURS PER WEEK

FA 231 — LIFE DRAWING III  
*Prerequisite: FA 132*
A study of the human figure, this course introduces the use of color, experiments with scale and materials, and further develops compositional strategies.

1.5 CREDITS; 3 STUDIO HOURS PER WEEK

FA 232 — LIFE DRAWING IV  
*Prerequisite: FA 231*
A continuation of Life Drawing III, this course emphasizes sustained drawings using mixed media and the development of a more complex relationship between the figure and space.

1.5 CREDITS; 3 STUDIO HOURS PER WEEK

FA 251 — ABSTRACT PAINTING I  
*Prerequisite: FA 152*
Students are introduced to the tradition of abstraction. Projects emphasize color, composition, and experimentation with paint application in a non-objective context.

3 CREDITS; 6 STUDIO HOURS PER WEEK

FA 252 — FIGURATIVE PAINTING I  
*Prerequisite: FA 152*
Students explore painting from a representational viewpoint (portrait, figure, and/or landscape).

3 CREDITS; 6 STUDIO HOURS PER WEEK

FA 253 — ABSTRACT PAINTING II  
*Prerequisite: FA 251*
A continuation of Abstract Painting I with an emphasis on developing a personal style.

3 CREDITS; 6 STUDIO HOURS PER WEEK

FA 254 — FIGURATIVE PAINTING II  
*Prerequisite: FA 252*
A continuation of Figurative Painting I. Students are encouraged to develop a personal style in their preparation of work for exhibition.

3 CREDITS; 6 STUDIO HOURS PER WEEK

FA 261 — SCULPTURE II  
*Prerequisite: FA 161*
This course is a continuation of Sculpture I with emphasis on the use of new materials and methods.

3 CREDITS; 6 STUDIO HOURS PER WEEK

FA 299 — INDEPENDENT STUDY IN FINE ARTS  
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean

VARIABLE CREDITS (3 CREDITS MAXIMUM)

FA 301 — ANATOMY FOR TOY DESIGNERS  
For Toy Design students. Students learn the basic human bone and muscle structure and compare it to the anatomies of other living forms in order to nurture creativity and invention.

1.5 CREDITS; 3 STUDIO HOURS PER WEEK

FA 341 — DRAWING WORKSHOP/EXPERIMENTAL DRAWINGS  
*Prerequisites: FA 142 and FA 232 or equivalent  
Co-requisite: FA 351*
Experimenting with material, scale, imagery, and process, students integrate observation, imagination-invention, abstraction, and conceptualization into their working methods. Through the drawing process, students develop their perception of visual components and their relationships in the physical world.

1 CREDIT; 2 STUDIO HOURS PER WEEK

FA 351 — PAINTING III: CONTEMPORARY CONCEPTS  
*Prerequisite: FA 252 or equivalent*
This course explores the postmodern idea that imagery may be combined with abstraction to construct pictorial space. Students study the use of the figure in a perceptual context and as an element in a narrative construct.

3 CREDITS; 6 STUDIO HOURS PER WEEK

FA 352 — PAINTING IV: SOURCES OF PAINTED IMAGERY  
*Prerequisite: FA 351*
Students develop their own vocabulary by learning to assimilate multiple sources of information and processes to meet their own creative needs. Art of other cultures, technology, personal psychology, and popular cultures provide resources for their work.

3 CREDITS; 6 STUDIO HOURS PER WEEK
**FA 361 — SCULPTURE III: ADVANCED TRADITIONAL MATERIALS**  
*Prerequisite: FA 261 or equivalent*  
The study of figurative sculpture in abstract or realistic modes continues using such materials as wax, plaster, stone, wood, and clay. Concepts include fragmentation and/or large-scale execution of the subject.  
3 CREDITS; 6 STUDIO HOURS PER WEEK

**FA 363 — SCULPTURE: CASTING AS A CREATIVE MEDIUM (FORMERLY FA 461)**  
*Prerequisite: FA 361*  
Mold-making and casting as methods of reproduction, a way to transfer work into other materials, and a medium of sculptural expression are studied. Students research the use of traditional and nontraditional materials and produce finished works of art using the methods of mold-making and casting. A commercial casting operation is observed.  
3 CREDITS; 6 STUDIO HOURS PER WEEK

**FA 371 — PRINTMAKING III: LITHOGRAPHY**  
*Prerequisite: FA 172*  
Co-requisite: FA 351  
Projects in lithography, relief, intaglio, stencil, collagraph, and the monotype are undertaken to explore both traditional and contemporary ideas in visual expression.  
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

**FA 411 — ART AND TECHNOLOGY**  
*Prerequisite: FA 451*  
Exploring the use of technology in art, students break traditional boundaries that have defined the disciplines of painting, photography, sculpture, and printmaking in order to create multimedia work.  
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

**FA 451 — PAINTING V: DEVELOPMENT OF PERSONAL AESTHETICS**  
*Prerequisite: FA 352*  
Students focus on an area of aesthetic or cultural concern in a series of paintings and sketches to develop conceptual consistency while also exploring differences among individual works.  
3 CREDITS; 6 STUDIO HOURS PER WEEK

**FA 462 — SCULPTURE: NEW MATERIALS (FORMERLY FA 362)**  
*Prerequisite: FA 363*  
The exploration of sculpture continues with a focus on how the choice of materials communicates artistic voice and sensibilities. Students are introduced to the concept of public art and site-specific works.  
3 CREDITS; 6 STUDIO HOURS PER WEEK

**FA 471 — PRINTMAKING IV: PHOTO PROCESS**  
*Prerequisite: FA 371*  
Advanced photo techniques in printmaking are studied. Students explore new ideas and printmaking formats by using photosensitized plates in methods of lithography, etching, and relief printmaking. Contemporary issues of content in printmaking technology are dealt with.  
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

**FA 491 — SENIOR PROJECT THESIS: PAINTING**  
*Prerequisite: FA 451*  
Under faculty supervision, students produce a coherent body of work in painting or related disciplines and write and present a paper addressing the developmental process and aesthetic concerns of the work. This capstone project represents the culmination of the students’ studies.  
3 CREDITS; 6 STUDIO HOURS PER WEEK

**FA 492 — SENIOR PROJECT THESIS: SCULPTURE**  
*Prerequisite: FA 461*  
Students pursue individual work supervised by faculty, producing a coherent body of work in sculpture or related disciplines that represent a culmination of their studies. In this capstone course, they present a paper which addresses the developmental process and the aesthetic concerns of the work.  
3 CREDITS; 6 STUDIO HOURS PER WEEK

**FA 499 — INDEPENDENT STUDY IN FINE ARTS**  
*Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean*  
VARIABLE CREDITS (3 CREDITS MAXIMUM)

**Fashion Design—Apparel (See also AF, AP, AR, DP, FF, TL)**

**FD 111 — DRAPING I: FUNDAMENTALS**  
*Prerequisite or co-requisite: FD 131 for evening/weekend students only*  
An introduction to the basic principles of draping. Students learn fundamental draping procedures, including the importance of grain, balance, and structure of a garment, and their application to current trends. Tools and materials essential for professional results are demonstrated and applied.  
3 CREDITS; 6 STUDIO HOURS PER WEEK

**FD 112 — DRAPING II: CONSTRUCTED SILHOUETTES**  
*Prerequisite: FD 111*  
This course enables students to execute jacket styles utilizing advanced draping techniques. Students learn to develop draped patterns for jacket styles that include mounted and semi-mounted sleeves, and various collar and pocket styles. The course also explores how to incorporate tailoring details to enhance garment designs.  
3 CREDITS; 6 STUDIO HOURS PER WEEK

**FD 113 — APPAREL DESIGN: STRUCTURED SILHOUETTES**  
Students learn the principles of draping as a method of designing original garments in three-dimensional form. Draping techniques and construction skills are developed for more advanced structured garments along with an understanding of silhouette, proportion and current style trends.  
4 CREDITS; 8 STUDIO HOURS PER WEEK

**FD 114 — APPAREL DESIGN: SOFT SILHOUETTES**  
Students learn to drape soft silhouettes using muslin and soft fabrics. Creative designs are explored, from basic to classic to complex shapes. An original garment is designed and executed in fabric.  
3 CREDITS; 6 STUDIO HOURS PER WEEK

**FD 121 — FLAT PATTERN DESIGN I**  
An introduction to the principles of the flat pattern method and its use in executing design ideas. Students experiment with slash and spread and pivot techniques on basic slopers to develop original designs. The relationship between draping on a three-dimensional form and flat pattern methods is emphasized.  
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

**FD 131 — SEWING TECHNIQUES I**  
Students learn the basic professional techniques used in the construction of designers’ sample garments. Sewing techniques—including cutting, construction, and finishing—are explored, using industrial equipment to create sample garments in cotton or cotton-type fabrics.  
1.5 CREDITS; 3 STUDIO HOURS PER WEEK
FD 132 — SEWING TECHNIQUES II
Prerequisite: FD 131
Builds upon skills learned in Sewing Techniques I. Students learn new and more complex design room construction, and develop advanced techniques currently used in the fashion industry.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

FD 211 — DRAPING III: SOFT SILHOUETTES
Prerequisite: FD 112
This course involves creative draping techniques with emphasis on soft silhouettes and structure in design. Introduction to dolman sleeve styles, cowls, pants, and cut-and-sew knits are included. The variations in style expand students’ creative, critical thinking, and technical skills into different areas of design, while draping in fabric.
3 CREDITS; 6 STUDIO HOURS PER WEEK

FD 212 — DRAPING IV: ADVANCED TECHNIQUES
Prerequisite: (FD 113 and FD 114) or FD 211
This course further develops technical and creative skills in apparel design. Advanced draping projects enable students to explore design through a variety of fabrication, draping, and construction techniques. Students also learn how design resources and presentation skills can help them articulate their ideas.
3 CREDITS; 6 STUDIO HOURS PER WEEK

FD 221 — FLAT PATTERN DESIGN II
Prerequisite: FD 121
This course allows students to proceed from the study and application of the basic principles of patternmaking to a more comprehensive view of design within flat pattern methods and principles. Basic torso slopers are developed with the sleeve and are combined to form the kimono/dolman sloper.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

FD 231 — HAUTE COUTURE SEWING TECHNIQUES
Co-requisite: FD 232
This course introduces students to the finest sewing techniques practiced in couture workrooms and provides the basis for understanding haute couture. Students learn techniques in cutting, hand stitching, seam and hem finishes, pocket construction, pressing, and finishing.
2 CREDITS; 4 STUDIO HOURS PER WEEK

FD 232 — HAUTE COUTURE DECORATIVE TECHNIQUES AND EMBELLISHMENTS
Co-requisite: FD 231
Expands knowledge of the couture by exploring various decorative techniques. Students learn how to hand bead as well as apply rocailles, sequins, pearls, and faux gems on different types of fabrics. In addition, students create embellishments from ribbons and fabric; hand embroider original designs; and learn techniques in quilting, pleating, and trapunto.
2 CREDITS; 4 STUDIO HOURS PER WEEK

FD 241 — APPAREL PRODUCT DATA MANAGEMENT
Introduction to product data management. Students learn to facilitate the communication and coordination of pre-product development tasks by linking design, engineering, costing, and manufacturing information through a centralized database of product-related information.
1.5 CREDITS; 3 COMPUTER LABORATORY HOURS PER WEEK

FD 281 — CORSETRY IN FASHION I
Prerequisite: DP 112 or FD 112 or AP 111
Students study the history of corsetry from the 1600s to the 1850s and learn how the body is manipulated to create a fashion silhouette. Through museum visits and online market research, students analyze the differences between corsetry and class draping and develop technical patterns to create period corsets using traditional construction techniques.
2.5 CREDITS; 1 LECTURE AND 3 STUDIO HOURS PER WEEK

FD 282 — CORSETRY IN FASHION II
Prerequisite: FD 281 or approval of chairperson
Students explore the history of corsetry from 1850 to the present, and the interpretation of structured undergarments in contemporary fashion trends. Further developing the technical skills learned in FD 281, students create a period corset and design a contemporary corset and garment.
2.5 CREDITS; 1 LECTURE AND 3 STUDIO HOURS PER WEEK

FD 321 — COMPUTERIZED PATTERN DESIGN
This course builds on students’ patternmaking skills and enables them to advance to a more comprehensive study of design using computerized patternmaking methods and principles. Students learn the operation of the System Management and PDS (Pattern Design System) computerized flat-pattern design and technical illustration programs.
1.5 CREDITS; 3 COMPUTER LABORATORY HOURS PER WEEK

FD 341 — DESIGN WITH HIGH-TECH FABRICS
Students examine the relationship between high-tech fabrics and contemporary sportswear, outerwear, and performance design. The course concentrates on the qualities and functions of high-tech fabrics and their adaptability for specific functions or fashion looks. Students also learn the special construction techniques and machines needed for these fabrics.
1.5 CREDITS; 1 LECTURE AND 1 STUDIO HOUR PER WEEK

FD 351 — BODY CONTOUR
This course introduces students to the design, merchandising, and manufacturing of body contouring designs in stretch fabrics. Students incorporate market and textile research to drape and flat pattern original designs, and execute the construction using appropriate construction techniques.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

FD 352 — KNITWEAR DESIGN: FLAT PATTERN DESIGN & SEWING
Students learn standard flat pattern design and sewing practices of the knitwear industry, including industrial methods of measuring, fitting, and finishing, in order to develop original knitwear designs through market research. Fabrics for the term project are produced in FD 353.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

FD 353 — KNITWEAR DESIGN: MACHINE KNITTING
An introduction to the hand knitting machine as a tool for designing knitted fabrics and garments. Students learn the design aspects of fabric structure, stitch patterns, and textured yarns and colors in order to create new fabric designs in jersey structures. Original fabrics are created for use in FD 352.
2 CREDITS; 4 LABORATORY HOURS PER WEEK

FD 354 — KNITWEAR DESIGN: DRAPING, ADVANCED SEWING, AND FLAT PATTERN DESIGN
Prerequisite: FD 352
Students design and develop a line of fine gauge knitwear and sweater weight garments using industry methods of draping, advanced sewing, and flat pattern design.
1.5 CREDITS; 3 LABORATORY HOURS PER WEEK
FD 355 — PRIMAVISION I
Students gain a working knowledge of technical line development and execution through the study and use of the proprietary software program Primavision, by Lectra Systems. Emphasis is on specs and construction details dealing with both woven and knit fabric development.
1.5 CREDITS; 3 COMPUTER LABORATORY HOURS PER WEEK

FD 356 — SEAMLESS KNIT DESIGN: STOLL M1
Prerequisites: FD 352 and FD 353
Students create a knitwear program through the study and use of the proprietary software Stoll M1 CAD system. Emphasis is placed on the construction of knitted fabrics in single and double bed.
2 CREDITS; 4 LABORATORY HOURS PER WEEK

FD 361 — INTRODUCTION TO CHILDREN’S WEAR
Introduces students to the children’s wear market. Students study the differences between children’s wear and adult clothing, and explore the issues that need to be addressed when designing clothing for children, including sizing, government safety standards, and the psychological implications of child development on design. Students design a collection using appropriate design concepts.
2.5 CREDITS; 1 LECTURE AND 3 STUDIO HOURS PER WEEK

FD 362 — ACTIVE SPORT DESIGN
Requirements and principles of movement in specific sports are discussed as they relate to the fit of active sports apparel. Students create designs based on the aesthetic and technical needs of the serious sports enthusiast.
2 CREDITS; 4 STUDIO HOURS PER WEEK

FD 363 — SWIMWEAR DESIGN
An introduction to swimwear design. Students gain a broad working knowledge of swimsuits and related apparel such as cover-ups and beach accessories. Original designs are produced using flat pattern and draping techniques, and industry specific construction methods and machinery.
2 CREDITS; 4 STUDIO HOURS PER WEEK

FD 364 — PERFORMANCE APPAREL DESIGN
Students study the creation of women’s performance apparel, which takes into account the principles of extreme movement and the aesthetic and technical needs of the serious outdoor sports enthusiast. Using their newly acquired knowledge of advanced new fibers, fabrics, and trim and performance construction techniques, students design performance apparel for a specific sport.
2 CREDITS; 4 LABORATORY HOURS PER WEEK

FD 371 — INTIMATE APPAREL SEWING TECHNIQUES
This course introduces students to the construction techniques involved in the development of intimate apparel products. Students create a prototype from a sloper, using professional sewing methods and application techniques.
2 CREDITS; 4 STUDIO HOURS PER WEEK

FD 372 — CONTROL SHAPEWEAR DESIGN
Co-requisite: FD 371
Students explore the design and construction techniques of control garment fitting prototypes. Through market research and demonstrations, students create original concepts and produce prototypes utilizing specialized construction methods.
2 CREDITS; 4 STUDIO HOURS PER WEEK

FD 373 — INTIMATE APPAREL LINE DEVELOPMENT
Students study the functions of intimate apparel marketing. Through industry research, students analyze market classifications, trend forecasting, and the entire process of merchandizing an intimate apparel product, from learning terminology to product development, pricing, and advertising.
1.5 CREDITS; 1 LECTURE AND 1 STUDIO HOUR PER WEEK

FD 374 — FLAT PATTERN DESIGN FOR SPECIAL OCCASION
This course familiarizes students with all aspects of designing licensed children’s wear products. Students spend three hours per week for ten weeks at a children’s wear host company, and three hours per week for five weeks with an apparel faculty mentor.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

FD 375 — TEXTILE LACE AND TECHNOLOGY I
Students learn about textile lace and embellishment technology and its relationship in the design, styling, and marketing of apparel products. Through lectures, field trips, market research, and construction demonstrations, students explore both the domestic and international textile market along with aesthetics, performance, and cost/price relationships.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

FD 391 — CHILDREN’S WEAR LICENSING PRACTICUM
This course explores the industry procedures used to creatively design and technically develop knitwear lines using the Primavision TCX software. Students build on skills learned in FD 355, using the Primavision software as a cohesive tool to communicate and combine all phases of knitwear line development.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

Emphasis is placed on product knowledge in terms of product development, production techniques, and European markets. The group will visit manufacturers, showrooms, retail outlets, specialized museums, and trade shows in Italy and Portugal (or possibly England).

3 CREDITS; APPROXIMATELY 3 WEEKS IN JANUARY

**HP 352 — THE EUROPEAN HOME FURNISHINGS INDUSTRY**
Prerequisites: HP 314 and HP 315
Co-requisite: HP 491
Students analyze and resolve complex business problems, utilizing their knowledge and understanding of strategic product management. They gain insights and skills necessary to formulate and implement sound marketing strategy.

3 CREDITS

**HP 419 — HOME PRODUCTS DESIGN AND DEVELOPMENT PROCESS**
Prerequisites: HP 314 and HP 315
Co-requisite: HP 421
An overview of the design and development process of products for the home is provided. Such principles of design as composition, color, shape, form, and structure are introduced. Differences between the design of products and the product development process in the home furnishings industry are emphasized. Teamwork and presentation skills are implemented as students develop a product line.

3 CREDITS

**HP 492 — HOME PRODUCTS SENIOR PROJECT**
Prerequisite: HP 491
The curriculum culminates in this capstone course, which requires the student to develop a product based on the coordination of soft and hard goods classifications. A comprehensive visual presentation and written product review support the viability and integrity of the product concept.

2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

**Internship Center**

**IC 291 — INTERNSHIP**
Prerequisite: completion of first year major- and related-area AAS program courses; or for one-year AAS students, completion of first semester major- and related-area courses
A 12-week industry internship, scheduled individually for a minimum of ten hours per week. Provides pre-professional experience related to the student’s major. In class sessions, interns conduct assessments, identify learning objectives, and develop lifelong career-planning skills. A daily journal is maintained and a self-marketing plan is required.

4 CREDITS

**IC 292 — MENSWEAR INTERNSHIP**
Prerequisite: completion of first year major- and related-area AAS program courses
A ten-week industry internship, scheduled individually for a minimum of eighty hours. Provides pre-professional experience through supervised fieldwork. Class sessions (pre-, mid-, and post-internship), and assignments, including activity reports and a market research project.

2 CREDITS

**IC 293 — PRODUCTION MANAGEMENT INTERNSHIP**
Prerequisite: completion of third-semester courses
A 12-week industry internship, scheduled individually for a minimum of ten hours per week. Provides pre-professional experience through supervised field work, class sessions (pre-, mid-, and post-internship), and assignments, including activity reports and a research project or paper.

3 CREDITS
IC 391 — WINTERIM INTERNSHIP
A Winterim internship in industry, scheduled individually for a minimum of eighty hours (twenty hours per week for four weeks) during January. Includes a pre- and post-internship seminar. Completion of weekly activity reports and an oral presentation on the internship experience are required.
2 CREDITS

IC 491 — SENIOR INTERNSHIP
A 12-week industry internship, scheduled individually for a minimum of ten hours per week. Provides professional experience related to the student’s career goals. In class sessions, interns conduct career-related research and develop career-planning skills. Applications must be submitted prior to the semester student wants to intern.
4 CREDITS

IC 493 — SENIOR INTERNSHIP
Prerequisite: completion of third-semester courses For Production Management: Fashion and Related Industries students. A 12-week industry internship, scheduled individually for a minimum of ten hours per week, provides an experiential learning opportunity through supervised field work, class sessions (pre-, mid-, and post-internship), and assignments, including activity reports and a research project or paper.
3 CREDITS

IC 494 — FINE ARTS INTERNSHIP
A ten-week industry internship, scheduled individually for a minimum of eighty hours, provides career exploration through supervised field work and class assignments.
2 CREDITS

Interior Design

ID 101 — INTRODUCTION TO INTERIOR DESIGN
For students not majoring in Interior Design. Provides an overview of the interior design profession and its history, industry, and related career areas. Introduces fundamentals of residential and contract design, basic space planning, color development, furnishings, and materials selection.

ID 135 — MODEL CONSTRUCTION
Students are introduced to architectural modeling materials, techniques, shortcuts, and methods of construction to produce a full-color interior model for client presentation. All aspects of model building, from sketch models to laser, are considered.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

ID 151 — BASIC DRAFTING TECHNIQUES
For Continuing Education students. Familiarizes students with the use of drafting equipment and materials. Provides instruction in elementary drafting skills and conventions, employing mechanical pencils and pen and ink in the representation of plans, elevations, and sections.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

ID 153 — COMPUTER SPACE MODELING AND VISUALIZATION
Prerequisite or co-requisite: ID 158 or approval of instructor
For Continuing Education students. The concepts and techniques of creating, viewing, and manipulating three-dimensional, computerized interior models are examined. Through the generation of sections and perspectives, students develop an in-depth understanding of the modeling techniques used for creating and analyzing interior space.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK
ID 157 — DRAFTING FOR INTERIOR DESIGN  
Co-requisites: ID 115 and ID 133  
An introductory course to basic drafting skills and concepts used in interior design. Students learn to use drafting materials and tools and to produce design drawings. Universal concepts of interior design drafting are addressed, including line weights and types, scale, and elevation.  
1.5 CREDITS; 1 LECTURE AND 1 STUDIO HOURS PER WEEK  

ID 158 — PERSPECTIVE DRAWING  
Prerequisite: ID 151 or ID 157  
Develops skills in producing one- and two-point perspective drawings for the visualization and communication of interior design solutions. Students learn to use different methods of generating perspective views to meet the needs of the interior design profession.  
1.5 CREDITS; 3 STUDIO HOURS PER WEEK  

ID 172 — DESIGN, COLOR, AND LIGHTING PRINCIPLES AND THEORY  
For Continuing Education students. Students focus on the principles of design and composition as influenced by the use of color and its application in the built environment, and the fundamentals of lighting design as they apply to the form, texture, and finish of interior space.  
1.5 CREDITS; 1 LECTURE AND 1 STUDIO HOURS PER WEEK  

ID 201 — COLOR FOR INTERIORS  
For students not majoring in Interior Design. Introduces the use of color as a design tool for both residential and contract interiors while analyzing the interrelationship of color and light.  
2.5 CREDITS; 1 LECTURE AND 3 STUDIO HOURS PER WEEK  

ID 212 — INTERIOR DESIGN STUDIO III  
Prerequisites: ID 116 and ID 158  
Co-requisites: ID 241 and ID 243  
Problem solving focuses on specific building types and user groups in areas which include corporate, retail, and institutional. Appropriate research methods and programming of client requirements are introduced, as well as techniques of diagramming space to provide proper circulation and activity relationships. Design concept, image, color and finishes, graphics, building codes, and barrier-free design compliance are emphasized. Evaluations by practicing interior designers and architects highlight student presentations.  
4 CREDITS; 8 STUDIO HOURS PER WEEK  

ID 214 — INTERIOR DESIGN STUDIO IV  
Prerequisites: ID 212 and ID 243  
Through research, design analysis, and problem solving, students explore the user-groups and challenges associated with the multi-functional use of hospitality and residential spaces. Lighting, color finishes, materials and details, building code issues, and barrier-free applications are emphasized. Evaluations by practicing interior designers and architects highlight student presentations.  
4 CREDITS; 8 STUDIO HOURS PER WEEK

ID 255 — AUTOCAD II
Prerequisite: ID 253
Presents CAD drafting, dimensioning, and detailing in order to create two-dimensional drawings for architecture, interior design, and construction. Methods for creating and using different line types and text styles are demonstrated. An introduction to three-dimensional modeling is included.
1.5 CREDITS; 3 COMPUTER LABORATORY HOURS PER WEEK

ID 262 — PROFESSIONAL PRACTICE I
A fundamental understanding of the professional standards and practices of interior design, including client relationships and marketing, is provided. Business methods and client record-keeping techniques are introduced. Fabric and furniture resources, typical sampling, specifying, and manufacturing processes are researched and discussed. Special floorings and wall coverings, window treatments, and upholstery methods and techniques are reviewed.
2 CREDITS

ID 299 — INDEPENDENT STUDY IN INTERIOR DESIGN
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean VARIABLE CREDITS (3 CREDITS MAXIMUM)

ID 312 — INTERIOR DESIGN STUDIO: INSTITUTIONAL
Prerequisite: ID 214 or ID 314
Introduces students to more complex building types and design studies. Work includes institutional spaces, such as health care, government, and religious facilities, cultural centers, and supportive communities. Students develop in-depth research and design analysis methods, and explore specific user-group requirements which address cultural, behavioral, and quality-of-life issues. Application and knowledge of building codes and Americans with Disabilities Act (ADA) compliance are further developed in design project assignments.
4 CREDITS; 8 STUDIO HOURS PER WEEK

ID 314 — INTERIOR DESIGN STUDIO: RESIDENTIAL
Prerequisite: ID 214
Explores the multi-dimensional aspects of the residence and principles of problem solving applied to urban and suburban living space. High-end cooperative/condominium apartments, townhouse, and country and vacation homes are studied. In-depth research methods are expanded upon through exchanges with guest design collaborators and field trips. Application of codes and barrier-free environments are studied, as well as focus areas of design such as the bath and/or kitchen.
4 CREDITS; 8 STUDIO HOURS PER WEEK

ID 322 — DECORATIVE ARTS SURVEY
Surveys the decorative arts and other related objects, including porcelain and ceramics, metalwork, glass and wood, frames, and carpets from Europe, England, Asia, and America. Students learn to recognize and determine appropriate artifacts as well as ceiling, wall, and floor coverings for use in interior environments. Local resources are identified and craftsmanship technologies are outlined and explored.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

ID 323 — INTERIOR DESIGN: 1950 TO PRESENT
An in-depth study of the history of interior design and decoration in the 20th century, emphasizing its development after World War II and the transformation of the practice and role of the professional in society. Introduces students to the philosophies of modern interior design movements (postmodernism, minimalism, deconstructionism, etc.), practitioners (Wright, Aalto, Baldwin, Eames), and the influence of historical styles on contemporary work.
2 CREDITS

ID 331 — PRESENTATION TECHNIQUES III
Prerequisite: ID 134
Studies in advanced techniques involved in the rendering and presentation of interior spaces, including collage, colored pencil, film, photography, airbrush, and other advanced types of media. Students develop and explore new concepts, methods, and ideas for formatting their design work.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

ID 332 — INTERIOR RENDERING IN COLORED PENCIL
Prerequisite: ID 133
Using colored pencil, students explore advanced rendering techniques, from quick schematics to finished renderings, as they relate to the interior design profession.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

ID 341 — LIGHTING DESIGN II
Prerequisite: ID 241
Advanced course deals with increased awareness of the application of lighting principles in more complex interior design environments. Various types of architectural and decorative lighting sources are explored. The impact of codes compliance, budget estimating, and project cost control methods are examined.
1.5 CREDITS; 1 LECTURE AND 1 STUDIO HOUR PER WEEK

ID 343 — MATERIALS AND METHODS OF INTERIOR CONSTRUCTION II
Prerequisites: ID 158 and ID 243
Students develop a greater awareness of building technology; the functional role of structure in various building types and how it is a major consideration in an interior design project. The various construction systems used to create exterior envelopes of buildings are taught. Vertical circulation systems, mechanical systems, specialized hardware, special finishes and coatings, and the various C.S.I. formatted specification and information systems are studied.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

ID 346 — INTERIOR ARCHITECTURAL DETAIL
Prerequisite: ID 254
Course addresses basic elements of architectural woodwork and related joinery methodologies and their application to the detailing of various custom components of interior spaces.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

ID 354 — AUTOCAD III
Prerequisites: ID 214 and ID 255
Three-dimensional modeling for interior designers. The course consists of lectures, demonstrations, and lab exercises describing and teaching the general concepts and techniques of creating, viewing, and manipulating three-dimensional computerized architectural models.
1.5 CREDITS; 3 COMPUTER LABORATORY HOURS PER WEEK
ID 362 — FURNITURE, FINISHES, FIXTURES, AND EQUIPMENT
Students explore the interior design marketplace as it relates to furnishing and accessorizing the interior environment. Methods of learning how to locate, evaluate, and modify such items as upholstered furniture, kitchen and bath equipment, hardware, floor and wall finishes, window treatments, and office systems are studied. Emphasis is placed on the preparation and development of specifications and procurement of design products.
1.5 CREDITS; 1 LECTURE AND 1 STUDIO HOUR PER WEEK

ID 363 — BUILDING REGULATIONS
Prerequisite: ID 243
Studies of the various regulations that govern the design, construction, and occupancy of building interiors relative to public health, safety, and welfare. Zoning ordinances, state building codes, federal occupational regulations, fire prevention, egress, barrier-free accessibility (ADA), and administrative requirements are covered.
3 CREDITS

ID 373 — HUMAN FACTORS AND INTERIOR ERGONOMICS
For Continuing Education students. Examine appropriate design to fit environment, space, and equipment to human characteristics. Physical anthropology, physiology, and psychology play a role in the design of everyday tasks at work and in the home.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

ID 412 — INTERIOR DESIGN STUDIO: STORE PLANNING/RETAIL DESIGN
Prerequisite: ID 314
Advanced problems in retail/store planning and design, which include boutiques, specialty shops, and department stores. Awareness of regulations and codes, design analysis, presentation techniques, and marketing as well as methods of written and verbal communication are studied. Professional practitioners act as collaborators in evaluating student projects.
4 CREDITS; 8 STUDIO HOURS PER WEEK

ID 421 — HISTORIC PRESERVATION I
Provides basic understanding and appreciation of preservation and considers the appropriate recycling of historic interior spaces. Preservation and recycling projects in this country and abroad are analyzed and discussed.
2 CREDITS

ID 422 — HISTORIC PRESERVATION II
Advanced course with emphasis on research and field work. Major preservation and/or recycling projects to be selected and executed individually or in groups. Students develop programs and prepare design solutions.
2 CREDITS

ID 431 — COMPUTER RENDERING
Prerequisites: ID 134 and ID 255
Lectures, demonstrations, and lab exercises describe and teach the general concepts and techniques of creating, viewing, and editing computer renderings of interior spaces. The software for the course is internationally recognized as an acceptable standard for manipulating graphics. The computer offers the student the ability to constantly view and alter work.
1.5 CREDITS; 3 COMPUTER LABORATORY HOURS PER WEEK

ID 441 — LIGHTING DESIGN III
Prerequisite: ID 341
Advanced study of lighting design, emphasizing design and detailing of lighting fixtures for residential and commercial installations. Students explore manufacturing methods and materials, and estimating and obtaining cost quotes.
1.5 CREDITS; 1 LECTURE AND 1 STUDIO HOUR PER WEEK

ID 444 — FURNITURE DESIGN
Prerequisite: ID 346
An introductory course to the creative process of furniture design. Human factors and ergonomics related to furniture design are studied in depth.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

ID 445 — INTERIOR PRODUCT DESIGN
Prerequisite: ID 346
The course introduces students to three-dimensional interior product design for use in the residential, contract, and hospitality markets. Emphasis is on the design of products with specialized functions, including universal design and special needs.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

ID 461 — PROFESSIONAL PRACTICE II
Deals with common situations associated with professional interior design practice, including contracts, procurement and billing procedures, fees, marketing and sales efforts, public relations, professional ethics, office organization, estimating, and progress scheduling.
2 CREDITS

ID 471 — ENVIRONMENTAL SYSTEMS
Prerequisite: ID 115
Examines the control of interior environments through the supply of heating, ventilating, air conditioning, and plumbing systems; study of the various electrical systems and sub-systems is included. Reference sources are provided so students build an understanding of how these systems interface within the built environment.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

ID 472 — ECOLOGY AND THE BUILT ENVIRONMENT
The growing impact of ecology on the interior design profession is studied and includes such topics as non-depletable energy services, energy conservation, and resource conservation. Students explore the relationships between ecology and building construction, furniture, furnishings, equipment, building mechanical systems, and building maintenance. Recycling, reuse, and ecological awareness are among the areas studied.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

ID 493 — INTERNSHIP
Prerequisite: approval of chairperson
A 12-week internship in a qualified design office, industry showroom, or trade/workroom/fabricator as selected by the student with the approval of the chairperson, for a minimum of 10 hours per week (or the equivalent). Includes individual interviews and assessment reviews with the student and instructor for pre-, during, and post-internship work experience. Assessment forms analyzing and evaluating the experience are required and a final closure interview is held.
3 CREDITS

ID 494 — SENIOR THESIS DESIGN PROJECT RESEARCH
Prerequisites: ID 314, ID 363, and EN 323
A prerequisite to the senior thesis design project, this course deals with research methodology related to preparing a design program. Students obtain, develop, and analyze data and design criteria as well as building drawings specific to their selected areas of study. Faculty and a professional mentor/expert specializing in the student’s field of study offer information, guidance, and counsel during the programming phase and subsequent design development of the following semester. Students select their senior thesis topic, subject to the approval of the chairperson.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK
ID 495 — SENIOR THESIS DESIGN PROJECT
Prerequisites: ID 412 and ID 494
Based on the design program researched and written in the prior semester, students prepare a capstone project in interior design which synthesizes space planning, building regulations, accessibility, lighting, furniture layouts, color finishes and materials, furniture and furnishings selections, details, and their selected methods of presentation/communication. Students work in a classroom studio throughout the semester and culminate their study with a presentation to faculty, mentors, and invited design professionals.
4 CREDITS; 8 STUDIO HOURS PER WEEK

ID 499 — INDEPENDENT STUDY IN INTERIOR DESIGN
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean
VARIABLE CREDITS (3 CREDITS MAXIMUM)

Illustration

IL 103 — ILLUSTRATING THE MALE FIGURE
For Menswear students. Study of the human anatomy, proportions, and movement of the male figure, employing varied media, is presented. How garments are affected by muscle movement is emphasized.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

IL 111 — FASHION ILLUSTRATION I
For Continuing Education students. Students study the procedures and principles of fashion illustration and translate drawings from the live model into finished fashion illustrations, rendering clothing and accessories. Use of pen and ink, marker, and brush and wash techniques suitable for black-and-white reproduction is discussed.
3 CREDITS; 6 STUDIO HOURS PER WEEK

IL 113 — FASHION INTERPRETATION II
Prerequisites: (IL 111 and IL 143) or (IL 114 and IL 141)
Continues study of wash and other halftone media in rendering clothing done from the fashion model. Students learn to work to ad size and to compose several elements on a page.
2.5 CREDITS; 5 STUDIO HOURS PER WEEK

IL 114 — FASHION INTERPRETATION I
The fundamental principles and skills required for commercial fashion illustration are taught. Using black-and-white media geared to print and electronic reproduction, students create fashion images working from the live model. Focus is on developing an individual style and creating exciting, dramatic images.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

IL 122 — GENERAL ILLUSTRATION I
Explores media, techniques, and art research. Introduces students to printing and the application of general illustration to specific design problems; directs them to tap and discover personal resources for artistic expression. (G6: Arts)
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

IL 124 — GENERAL ILLUSTRATION II
Prerequisite: IL 123
Students learn all aspects of producing illustrations, from initial concept to finished artwork, mastering composition and draftsmanship, finding creative solutions, and considering value, tonal contrast, and color harmony.
3 CREDITS; 6 STUDIO HOURS PER WEEK

IL 125 — INTRODUCTION TO ADOBE PHOTOSHOP FOR THE ILLUSTRATOR
This introduction to basic Adobe Photoshop enables students to apply its computer power to the production of both digital and traditional imagery from concept to finish.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

IL 126 — WATERCOLOR COMPS AND ILLUSTRATIONS
Students learn to develop a wide variety of illustration projects in watercolor, from comps to finishes that are ready for reproduction. Emphasis is on real-world assignments for newspapers, magazines, packaging, advertising, and children’s book illustrations.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

IL 127 — APPLYING COLOR TO ILLUSTRATE THE WRITTEN WORD
Students learn to use color to produce effective pictorial representations of the written word. By learning the key properties of color and how to manipulate them, students achieve an understanding of color rendering for reproduction.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

IL 131 — ILLUSTRATION LIFE DRAWING I
Study of anatomy, proportion, and drawing in charcoal, pencil, marker, and pastel, and of the nude figure as the basis for understanding the fashion figure. (G6: Arts)
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

IL 132 — ILLUSTRATION LIFE DRAWING II
Prerequisite: IL 133
Continuation of drawing the nude figure from the illustration point of view. Muscle structure is stressed in varied media.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

IL 133 — ANATOMICAL LIFE DRAWING FOR THE ILLUSTRATOR I
This introductory course in anatomy and life drawing focuses on the skeletal and muscular systems of the body in order to understand the human form, its proportions, contours, and characteristic periphery of movement.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

IL 134 — ANATOMICAL LIFE DRAWING FOR THE ILLUSTRATOR II
Prerequisite: IL 133
This course extends the understanding of basic anatomy for the artists. Students learn to artistically render the human form through the exploration of composition, perspective, mood, and the effects of light.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

IL 141 — DRAWING THE FASHION IMAGE I
Students work from live models to learn drawing skills, fundamental anatomy, and the dynamics of movement in order to develop a foundation for producing high-quality fashion illustrations. Both fashion and human proportion are stressed.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

IL 143 — FASHION DRAWING I
For Continuing Education students. Drawing from the fashion model. Emphasizes line drawing in charcoal, conte, and other black-and-white media.
2 CREDITS; 4 STUDIO HOURS PER WEEK

IL 144 — DRAWING THE FASHION IMAGE II
Prerequisites: IL 114 and IL 141
Continues drawing from the fashion model while developing form, stressing rendering of merchandise. Pastels, chalks, and various other media are introduced.
2.5 CREDITS; 5 STUDIO HOURS PER WEEK
IL 151 — DYNAMIC DRAWING TECHNIQUES FOR THE ILLUSTRATOR
An introduction to dry and wet media drawing techniques of the human form using monochromatic media. Students focus on the concepts of physical contour, stylistic flair, and the dynamics of a clothed figure’s movement.
2 CREDITS; 4 STUDIO HOURS PER WEEK

IL 152 — GENERAL ILLUSTRATION FIGURE DRAWING I
Students develop skills in drawing grouped and cropped figures in a variety of media.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

IL 175 — ACCESSORY AND FIGURE COMPOSITION FOR FASHION ILLUSTRATION
For Continuing Education students. Students learn to render fashion-related products and fashion figures using imaginative new approaches. Unusual perspectives and themes are explored.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

IL 181 — THE ESSENCE OF COMIC ART
Cultivates the unique graphic style in magazine cartooning, political cartoons, and comic book characters, stressing satire, whimsy, fantasy, and humor. Students develop the ability to succinctly express a comic point of view.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

IL 182 — THE ART OF DRAWING COMIC BOOKS
Stimulates and develops the students' storytelling technique and individual graphic style of continuity drawing, using pencil, ink, and color.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

IL 184 — INTRODUCTION TO AIRBRUSH
Co-requisite: IL 124
Students become familiar with the mechanics of the airbrush instrument in order to master the creative techniques used in illustration.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

IL 211 — FASHION INTERPRETATION III
Prerequisites: IL 113 and IL 144
Continues study of black-and-white and color techniques in finished fashion illustrations.
2.5 CREDITS; 5 STUDIO HOURS PER WEEK

IL 212 — FASHION INTERPRETATION IV
Prerequisites: IL 211 and IL 241
Experimentation in various media, employing styles and techniques suitable to the most current clothing and fashion trends. Students prepare portfolios.
3 CREDITS; 6 STUDIO HOURS PER WEEK

IL 223 — GENERAL ILLUSTRATION III
Prerequisite: IL 124
From initial rough to finished artwork using a variety of techniques, emphasis is placed on the development of conceptual ideas for editorial and advertising illustration.
3 CREDITS; 6 STUDIO HOURS PER WEEK

IL 224 — GENERAL ILLUSTRATION IV
Prerequisite: IL 223
Students work on projects from rough to finished portfolio pieces. Imaginative, illustrative problem solving is analyzed.
3 CREDITS; 6 STUDIO HOURS PER WEEK

IL 231 — ANATOMICAL LIFE DRAWING FOR THE ILLUSTRATOR III
Prerequisites: IL 133 and IL 134
Further study of the illustrative approach to life drawing, employing chiaroscuro and introducing color.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

IL 232 — ANATOMICAL LIFE DRAWING FOR THE ILLUSTRATOR IV
Prerequisite: IL 231
A study of the fashion approach to life drawing, involving increasingly complex interactions of fashion concepts on the undraped figure. Expression, gesture, color, and pattern are examined in relation to backgrounds.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

IL 241 — DRAWING THE FASHION IMAGE III
Prerequisite: IL 144
Continues drawing from the fashion model. Emphasis on clothing character and techniques using color, washes, pastels, and combined media. Texture and pattern are analyzed.
3 CREDITS; 6 STUDIO HOURS PER WEEK

IL 242 — DRAWING THE FASHION IMAGE IV
Prerequisite: IL 241
Continues drawing from the fashion model, stressing individual approaches. Experimentation is encouraged on a professional studio level.
3 CREDITS; 6 STUDIO HOURS PER WEEK

IL 251 — GENERAL ILLUSTRATION FIGURE DRAWING II
Prerequisite: IL 152
Drawing of individual and grouped figures, including the relationship of space and color. A portfolio is prepared.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

IL 252 — GENERAL ILLUSTRATION FIGURE DRAWING III
Prerequisite: IL 251
Emphasizes advanced treatment of the figure in relation to editorial projects employing a wide range of media.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

IL 261 — THE ITALIAN WAY: LESSONS FROM THE MASTERS FOR OUR TIME
Prerequisite: two semesters of History of Art and Civilization courses
Offered in Florence, this course introduces students to aspects of Italian art and culture, which affect their aesthetic and pragmatic points of view as artists. Emphasizes the relationship between concepts, materials, and techniques used by the masters, and its relevance to today’s artist.
2.5 CREDITS; APPROXIMATELY FIVE WEEKS IN JUNE AND JULY

IL 273 — ILLUSTRATION CONCEPTS AND APPLICATIONS I
Prerequisite: IL 127
Students are given projects emphasizing realistic drawing and rendering of objects. Varied media are employed.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

IL 274 — ILLUSTRATION CONCEPTS AND APPLICATIONS II
Prerequisite: IL 273
Fantasy, humor, conflict, and similar emotions are conceptualized into projects. Student’s personal approach to illustration in various media is emphasized.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK
IL 299 — INDEPENDENT STUDY IN ILLUSTRATION
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean
VARIABLE CREDITS (3 CREDITS MAXIMUM)

IL 302 — DRAWING FOR ANIMATION I
Students learn to draw for animation by developing skills through quick gestural action analysis as well as traditional figure drawing techniques. Creation of character interaction, backgrounds, layouts, storylines, staging, and theatrics is emphasized. (G6: Arts)
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

IL 303 — DRAWING FOR ANIMATION II
Prerequisite: IL 302
Advanced drawing for animation preparation by drawing the nude and costumed model, focusing on gestural analysis of the figure. The understanding of continuity in storytelling and character development is emphasized through the correlation of color, lighting, media, music, and cultural influences. Students keep a sketchbook/journal. (G6: Arts)
1.5 CREDITS; 3 COMPUTER LABORATORY HOURS PER WEEK

IL 321 — DIGITAL SKETCHING AND COMPIING FOR THE ILLUSTRATOR
Prerequisite: PH 272
Using Adobe Photoshop, students learn to create digital artwork and type; make selections; file, retrieve, scan, print, edit, and retouch photography and artwork; and manipulate, color, and combine images in order to produce high-quality sketches and comprehensives.
1.5 CREDITS; 3 COMPUTER LABORATORY HOURS PER WEEK

IL 322 — ADOBE ILLUSTRATOR FOR THE ILLUSTRATOR
Prerequisites: CD 201 and IL 125
This course builds on the student’s knowledge of vector-based drawing, bitmap-based applications, and basic digital typography and design. Illustrative skills are synthesized with typography and design in order to enhance visual problem-solving abilities as well as opportunities for artistic expression.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

IL 323 — DIGITAL PAINTING FOR THE ILLUSTRATOR
Prerequisites: IL 125 and PH 305
Adobe Photoshop and Corel Painter are used to apply traditional painting and drawing techniques in a digital format. Students learn how to modify the interface using the Power User’s method to work more efficiently. They are encouraged to use these programs to experiment stylistically.
1.5 CREDITS; 3 COMPUTER LABORATORY HOURS PER WEEK

IL 324 — THE ILLUSTRATOR’S HERITAGE I
Prerequisite: IL 212 or IL 224
Combines a survey of decorative artists and illustration (late 19th to early 20th century) with visits to museums, galleries, designers’ showrooms, and studios. Students complete illustration projects based on lectures and drawings from a model. (G6: Arts)
3 CREDITS; 2 LECTURE AND 2 STUDIO HOURS PER WEEK

IL 325 — THE ILLUSTRATOR’S HERITAGE II
Prerequisite: IL 324
Continues a survey of various aesthetic influences on illustrators from the early 1900s to the present. Course is enriched by guest speakers, films, museum visits, and field trips. Students complete illustration projects based on lectures and drawings from the model. (G6: Arts)
3 CREDITS; 2 LECTURE AND 2 STUDIO HOURS PER WEEK

IL 326 — MATERIALS AND TECHNIQUES: MIXED MEDIA, INCLUDING PHOTOGRAPHY
Prerequisite: IL 212 or IL 224
Examines the range of media available to the illustrator, including use of photographic reference material. Emphasis is on use of varied techniques to solve difficult or unusual design problems.
2 CREDITS; 4 STUDIO HOURS PER WEEK

IL 374 — BOOK ILLUSTRATION I
Prerequisite: IL 212 or IL 224
Develops skills in interpreting a manuscript or story and creating visual images. The application of various techniques and materials is explored. (G6: Arts)
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

IL 375 — BOOK ILLUSTRATION II
Prerequisite: IL 374
Examines aspects of book illustration, with emphasis on specific imagery for specialized areas such as children’s books, science fiction, and juvenile. Emphasis is on professional procedures and portfolio preparation.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

IL 376 — FANTASY AND SCIENCE FICTION ILLUSTRATION
Prerequisite: approval of chairperson
Students explore this genre of illustration through consideration of art, film, novels, and mythology to develop the creative skills necessary to produce images that rely on the imagination, and the extrapolation and integration of visual reference.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

IL 382 — THE ILLUSTRATOR’S VISUAL SELF-EXPRESSION
Prerequisite: IL 382
Explores fantasy and symbolism, and poses conceptual challenges with the intent to expand the students’ imagination and help them develop and express their personal viewpoints through composition and rendering of design elements.
3.5 CREDITS; 1 LECTURE AND 5 STUDIO HOURS PER WEEK

IL 383 — ADVANCED DRAWING AND COMPOSITION: THE PERSONAL VIEW
Prerequisite: IL 382
Students acquire special drawing techniques to provide new ways of perceiving subjects. Emphasis is on complex projects (multiple figures in background) and research.
3.5 CREDITS; 1 LECTURE AND 5 STUDIO HOURS PER WEEK

IL 388 — MATERIALS AND TECHNIQUES: MIXED MEDIA, INCLUDING PHOTOGRAPHY
Prerequisite: IL 212 or IL 224
Examines the range of media available to the illustrator, including use of photographic reference material. Emphasis is on use of varied techniques to solve difficult or unusual design problems.
2 CREDITS; 4 STUDIO HOURS PER WEEK

IL 389 — MATERIALS AND TECHNIQUES: MIXED MEDIA, INCLUDING PHOTOGRAPHY
Prerequisite: IL 388
Examines the range of unusual and experimental media available to the illustrator. Enlarges and develops students’ personal techniques as it explores experimental options.
2 CREDITS; 4 STUDIO HOURS PER WEEK

IL 461 — ILLUSTRATION WORKSHOP
Prerequisites: IL 383 and IL 389
Exposes students to the working world by assigning actual client-generated projects. Students become familiar with standard business practices including client approval, bookkeeping systems, work schedules, and billing procedures. Reproduction-ready artwork is ultimately delivered to the client.
3 CREDITS; 6 STUDIO HOURS PER WEEK
IL 462 — ILLUSTRATION WORKSHOP II
Client-generated assignments develop students’ ability to work in more than a single area of illustration, and at the same time build a professional portfolio.
3 CREDITS; 6 STUDIO HOURS PER WEEK

IL 463 — ILLUSTRATOR’S PORTFOLIO DEVELOPMENT
Prerequisite: approval of chairperson
The illustrator focuses on creating a professional-quality portfolio, developing specific commercial applications and markets for work, and career networking as the transition is made from art student to art professional.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

IL 471 — THE ILLUSTRATOR AS DOCUMENTARY ARTIST I
Prerequisites: IL 383 and IL 389
Acquaints the student with the special considerations of reportage illustration. New techniques to capture the immediacy of on-the-spot specialized illustration are introduced.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

IL 472 — THE ILLUSTRATOR AS DOCUMENTARY ARTIST II
Prerequisite: IL 471
Allows a more in-depth study for the documentary artist, including the completion of a portfolio of on-location illustrations. Varied techniques are explored to encourage students to develop an individual approach.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

IL 482 — COLOR RENDERING IN ADVANCED MEDIA I
Prerequisite: IL 389
Examines the techniques, materials, and methods of painting in oils and/or acrylics as they apply to illustration. Encourages professional development as well as experimentation in visual and narrative elements and style.
2.5 CREDITS; 1 LECTURE AND 3 STUDIO HOURS PER WEEK

IL 483 — COLOR RENDERING IN ADVANCED MEDIA II
Prerequisite: IL 482
Utilizing the knowledge and skills acquired in IL 482, students concentrate on developing a highly finished illustration technique while continuing to evolve their individual styles in painting.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

IL 491 — MENTOR/SPECIALIZATION PROJECTS I
Prerequisite: IL 389
Encourages the development of the student as a professional. Several semester projects are individually selected and completed under the supervision of the professional mentor who may be a working professional, a faculty member who is an expert in a particular area of illustration, or a successful graduate.
3 CREDITS; 6 STUDIO/CONFERENCE HOURS PER WEEK

IL 492 — MENTOR/SPECIALIZATION PROJECTS II
Prerequisite: IL 491
Under the guidance of a professional mentor, the student has the opportunity to expand an area of specialization and develop a second specialty. Portfolio organization is emphasized.
3 CREDITS; 6 STUDIO/CONFERENCE HOURS PER WEEK

IL 499 — INDEPENDENT STUDY IN ILLUSTRATION
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean
VARIABLE CREDITS (3 CREDITS MAXIMUM)

International Trade

IN 281 — GLOBAL SOURCING IN THE TEXTILE INDUSTRIES
This overview of global sourcing in the textile industries examines how textile firms search for raw materials, textile chemicals, equipment, and manufacturing plans in foreign markets. Students analyze how various professions, including primary producers, commission manufacturers, jobbers, brokers, and trading companies, participate in the international production and distribution of the final product. Emphasis is on the dynamics of the supply side (resource development and production) and the demand side (resource procurement and management).
3 CREDITS

IN 301 — GLOBAL SOURCING IN HOME FURNISHINGS
This introductory course examines the process of international sourcing in the home furnishings industries. Students study how U.S. home products companies, through product development, search for foreign manufacturers by evaluating various countries’ production costs, quality standards, technical abilities, infrastructures, and cultural differences. Also addressed are U.S. trade policies, vendor management, and consumers’ concerns about products manufactured abroad.
3 CREDITS

IN 312 — INTERNATIONAL TRADE
Introduces international trade as it is practiced today. Students learn how various industries have developed different international trade patterns and how the internet is rapidly changing this field. Focus is placed on international trade as an industry, professional opportunities, project management, intercultural skills, and technical trends in logistics and online research.
3 CREDITS

IN 313 — INTERNATIONAL BUSINESS TRANSACTIONS
The management of international trade transactions is introduced, with emphasis on agency, distributorship, franchising agreements, import/export, and licensing. Students learn the theory and practice of conducting international negotiations and how to apply the self-regulatory standards used in international trade. The use of the internet and business-to-business e-commerce websites to transact international business is also examined.
3 CREDITS

IN 322 — GLOBAL MARKETING
Introduction to the research techniques and implementation strategies practiced in global marketing by the fashion and related industries. Students examine the major trends revolutionizing international marketing, the evolution of international companies into global firms, and the expanding role of e-commerce. The role of intercultural communication and negotiation styles in global marketing strategies is studied in detail.
3 CREDITS

IN 323 — IMPORT/EXPORT REGULATIONS
Prerequisite: IN 312
Import and export regulations enforced by the U.S. Customs Service are presented, including ECCN and HTSUS classification, country of origin, customer screening, export licensing, quota/visa, required import/export documentation, and valuation. Students develop an import or export international business plan.

JA 213 — JAPANESE III
Prerequisite: JA 112 or equivalent
This intermediate course is designed to review and refine students’ communication skills in Japanese. Supplementary reading materials (including poetry, short stories, and magazine and newspaper articles), films, and videos further the students’ knowledge of Japanese culture. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language)
3.5 CREDITS; 3 LECTURE AND 1 LABORATORY HOURS PER WEEK

JA 214 — JAPANESE IV
Prerequisite: JA 213 or equivalent
Building on Japanese III, students refine their communication skills in Japanese. More advanced supplementary reading materials (including poetry, short stories, and magazine and newspaper articles), films, and videos further the students’ knowledge of Japanese culture. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language)
3.5 CREDITS; 3 LECTURE AND 1 LABORATORY HOURS PER WEEK

JA 223 — JAPANESE CONVERSATION II
Prerequisite: JA 112 or equivalent
Conversational ability in Japanese is further developed and refined by emphasizing interaction in real-life situations. Advanced functional and practical verbal communications are addressed along with a focus on Japanese culture. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom.
3.5 CREDITS; 3 LECTURE AND 1 LABORATORY HOURS PER WEEK

Jewelry Design

JD 101 — PRINCIPLES OF JEWELRY DESIGN
Basic processes used in the design and creation of jewelry. Students fabricate their own designs in the studio. (G6: Arts)
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

JD 113 — BEGINNING SOLDERING TECHNIQUES
Co-requisites: JD 114, JD 121, JD 131, JD 133, and JD 172, or approval of chairperson
Introduces precision techniques in soldering and shaping jewelry. Emphasis is on exact measurements, and control of jewelry tools and soldering torches.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

JD 114 — PIERCING AND SAWING TECHNIQUES
Co-requisites: JD 113, JD 121, JD 131, JD 133, and JD 172, or approval of chairperson
Proper use of the jeweler’s saw is emphasized and the eye is trained to understand the balance between positive and negative spaces. Students pierce and saw an intricate design in flat sheet stock.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK
JD 115 — METAL FORMING TECHNIQUES
Prerequisites: all first-semester Jewelry Design courses or, approval of chairperson
Introduces students to jewelry forming techniques by making their own dapping and chasing tools by means of forging, annealing, and tempering. Using these tools, objects are created by repoussé and other methods.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

JD 116 — COSTUME JEWELRY WHITE METAL MODELS
Prerequisites: all first-semester Jewelry Design courses
Students learn white metal modelmaking techniques and develop skills in the basic hand and machine processes used in the production of costume jewelry. These models will be made into molds and produced in JD 122.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

JD 121 — WAX CARVING
Prerequisites: JD 113, JD 114, JD 131, JD 133, and JD 172, or approval of chairperson
Wax carving of designs suitable for jewelry, stressing illusion and perspective, needed for both brooches and rings. Emphasis is on preparing a design and model for production.
1 CREDIT; 2 LABORATORY HOURS PER WEEK

JD 122 — JEWELRY CASTING
Prerequisite: JD 121
Using designs developed in JD 121, students cast, learning the chemistry of alloying metals and the principles in all casting methods. Experience also is acquired in mold-making, spruing, and investing.
2 CREDITS; 1 LECTURE AND 2 LABORATORY HOURS PER WEEK

JD 131 — MECHANICAL DRAFTING FOR JEWELERS
Prerequisites: JD 113, JD 114, JD 121, JD 133, and JD 172, or approval of chairperson
Designed to teach students the fundamentals of mechanical and plan drawing as it applies to materials, mechanisms, concepts, and designs used in jewelry.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

JD 133 — JEWELRY DESIGN
Prerequisites: JD 113, JD 114, JD 121, JD 131, and JD 172, or approval of chairperson
Emphasis is on developing creative ability. A visual sensitivity is developed through museum trips, nature studies, field trips, etc. Suitable rendering techniques, painting, and perspective requirements are covered.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

JD 134 — JEWELRY DESIGN
Prerequisites: all first-semester Jewelry Design courses
Advanced illustrative techniques in jewelry design. An elementary knowledge of stones, both precious and semi precious, is given for incorporating in design. Assigned projects focus on industry requirements.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

JD 138 — INTRODUCTION TO CAD FOR JEWELRY DESIGN
Prerequisites: CG 111 and JD 131, or approval of chairperson
Students create two- and three-dimensional computer-generated drawings and models specific to jewelry design. Using modeling software and other computer applications, students develop basic jewelry design skills to create a personal style.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

JD 171 — STRENGTH AND MATERIALS
Prerequisites: all second-semester Jewelry Design courses or, approval of chairperson
Students learn basic chemistry and physics as they pertain to materials used in jewelry. Emphasis is on how chemicals and acids used in the industry, and the chemical composition of various stones, affect production.
2 CREDITS

JD 172 — TOOLS AND EQUIPMENT FOR INDUSTRY
Prerequisites: JD 113, JD 114, JD 121, JD 131, and JD 133, or approval of chairperson
Study of the tools, equipment, and supplies used in the jewelry industry. Discusses quality, function, and care of equipment, including sources and pricing.
1 CREDIT

JD 173 — MATERIALS AND FINDINGS FOR THE JEWELRY INDUSTRY
Prerequisites: all first-semester Jewelry Design courses
Covers the design approaches and special methods used in the manufacture of jewelry from common industrial materials, such as plastics, rubber, and stainless steel. Students design and produce prototypes for a small collection.
1 CREDIT

JD 181 — BASIC PRINCIPLES OF APPRAISING JEWELRY
Prerequisites: all first-semester Jewelry Design courses
Establishes methods and values in the appraisal of jewelry and precious and semi precious stones. Students acquire familiarity with the simple tests that are available and are given guidance on current market prices.
2 CREDITS; 1 LECTURE AND 2 LABORATORY HOURS PER WEEK

JD 201 — MINERAL IDENTIFICATION AND LAPIDARY
Prerequisites: all second-semester Jewelry Design courses
Studies buying procedures, sources, and up-to-date technology in the jewelry industry. Discusses precious and non-precious materials as well as sizes, nomenclature, and methods used in jewelry manufacturing.
1 CREDIT
JD 216 — PIERCING AND METAL CARVING  
Prerequisites: all second-semester Jewelry Design courses  
Co-requisites: JD 213, JD 214, JD 215, and JD 251, or approval of chairperson  
Concentrates on advanced piercing and metal carving techniques to create ring designs. Students maintain diaries of sketchwork and research.  
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

JD 217 — HANDMADE PLATINUM JEWELRY  
Prerequisites: all third-semester Jewelry Design courses  
Co-requisites: JD 218, JD 219, and JD 252, or approval of chairperson  
Introduces various methods used in the making of handmade platinum jewelry, drawing upon skills learned in JD 214.  
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

JD 218 — HOLLOW FORM JEWELRY  
Prerequisites: all third-semester Jewelry Design courses  
Co-requisites: JD 217, JD 219, and JD 252, or approval of chairperson  
An intensive study of hollow form jewelry techniques to produce an original finished product of exhibition quality. Includes technical drawing and fabrication of a scale model.  
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

JD 219 — CLASPS, CLOSINGS, AND FINDINGS  
Prerequisites: all third-semester Jewelry Design courses  
Co-requisites: JD 217, JD 218, and JD 252, or approval of chairperson  
Based on the principles of mechanical devices, students learn about and produce clasps, closings, and earbacks.  
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

JD 221 — OBJECTS DESIGN AND RENDERING  
Prerequisites: all second-semester Jewelry Design courses  
Co-requisites: JD 233 and JD 263, or approval of chairperson  
Rendering of objects and accessories from shoes and belt buckles to hair ornaments and handbags. Studies colored glass, enamel, and rhinestones used in these accessories.  
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

JD 232 — JEWELRY DESIGN  
Prerequisites: all second-semester Jewelry Design courses  
Co-requisites: JD 231 and JD 263, or approval of chairperson  
Students are required to present an entire collection of jewelry around a particular viable theme such as certain stones, metals, or a specific market.  
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

JD 235 — FINE JEWELRY PORTFOLIO  
Prerequisites: all third-semester Jewelry Design courses  
Co-requisite: JD 236 or approval of chairperson  
Students develop a portfolio of fine jewelry renderings, from a variety of precious and semi-precious materials, that reflect their level of accomplishment and an understanding of industry requirements.  
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

JD 236 — COSTUME JEWELRY PORTFOLIO  
Prerequisites: all third-semester Jewelry Design courses  
Co-requisite: JD 235 or approval of chairperson  
Students prepare a portfolio of costume jewelry renderings, creating seasonal lines that reflect their level of accomplishment and an understanding of industry requirements.  
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

JD 237 — GEMOLOGY I  
Prerequisites: JD 241 and JD 281, or approval of chairperson  
An in-depth study of gem materials and their synthetic counterparts is provided. Topics include the development of a gem material from its atomic structural nature to a polished gem.  
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

JD 241 — GEMOLOGY I  
Prerequisites: all second-semester Jewelry Design courses  
Co-requisites: JD 231 and JD 233  
Study of the symbolic meaning as well as the economic rationale for jewelry in modern society. Students are made aware of stylistic differences, the reasons for them, and how styles are influenced by social and political events.  
2 CREDITS

JD 242 — ESTIMATING COSTS  
Prerequisites: all second-semester Jewelry Design courses  
Co-requisites: all third-semester Jewelry Design courses specific to option, or approval of chairperson  
Using current industry pricing standards, students estimate the cost of their own designs made of precious, semi-precious, or non-precious materials and stones.  
1 CREDIT

JD 243 — GEMOLOGY II  
Prerequisite: JD 241  
A gem identification course with students learning the use of various laboratory equipment such as the gemological microscope, dichroscope, polarscope, specific gravity balance, refractometer, ultraviolet light, spectroscope, and other instruments used in gem identification.  
1.5 CREDITS; 3 LABORATORY HOURS PER WEEK

JD 244 — GEMOLOGY III  
Prerequisites: JD 243 and JD 281, or approval of chairperson  
An intensive study of gem materials and their synthetic counterparts is provided. Topics include the function of gem equipment and its application in gem testing, and an understanding of the development of a gem material from its atomic structural nature to a polished gem.  
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

JD 251 — PRINCIPLES OF SILVERSMITHING  
Prerequisite: JD 251  
Basic study of silversmithing, including advanced use of repousse, chasing, and forming. Small simple projects in either silver, bronze, or copper are created to study these basic procedures.  
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

JD 252 — SILVERSMITHING PROJECT STUDIO  
Prerequisite: JD 251  
Creation of a handmade, hand-formed silver piece with emphasis on developing student’s creative ability. Project should be a major work of exhibition quality.  
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

JD 253 — SILVERSMITHING PROJECT STUDIO  
Prerequisite: JD 251  
Creation of a handmade, hand-formed silver piece with emphasis on developing student’s creative ability. Project should be a major work of exhibition quality.  
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

JD 254 — CHANGES AND TRENDS IN JEWELRY DESIGN  
Prerequisites: all second-semester Jewelry Design courses  
Co-requisites: JD 231 and JD 233  
Study of the symbolic meaning as well as the economic rationale for jewelry in modern society. Students are made aware of stylistic differences, the reasons for them, and how styles are influenced by social and political events.  
2 CREDITS

JD 255 — FINE JEWELRY PORTFOLIO  
Prerequisites: all third-semester Jewelry Design courses  
Co-requisite: JD 236 or approval of chairperson  
Students develop a portfolio of fine jewelry renderings, from a variety of precious and semi-precious materials, that reflect their level of accomplishment and an understanding of industry requirements.  
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

JD 256 — COSTUME JEWELRY PRODUCTION AND MARKETING  
Prerequisites: all second-semester Jewelry Design courses  
Co-requisites: JD 231 and JD 233  
Explains jewelry fashion theory, principles, and cycles and their relationship to jewelry line development while studying trends in ready-to-wear, European, and American designer collections.  
3 CREDITS
Courses

LA 221 — U.S. HISTORY: CIVIL WAR TO PRESENT
Prerequisite: EN 121
An introduction to American history, this course moves from a brief view of American geography, economics, and government to a more focused examination of the social, political, and economic experience from the Civil War through the Cold War and to the present. Students are introduced to basic historical methodology and learn to apply these techniques through critical reading, analytical writing, and verbal presentations. (G10: American History)

Accessories Design

LD 101 — ACCESSORIES DESIGN
For students not majoring in Accessories Design. Introduction to major areas of accessories design. Various types of shoes, handbags, and belts are analyzed in terms of materials, construction, and presentation. Students acquire hands-on techniques in all three phases. 2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK
LD 111 — LEATHER AND MATERIALS TECHNOLOGY  
*Co-requisites (for one-year AAS students): LD 121 and LD 165*  
Processes in the development of leathers, reptiles, plastics, and other textiles are analyzed. Emphasis is on the function and utilization of each for handbags, footwear, and related accessories.  
2.5 CREDITS; 2 LECTURE AND 1 STUDIO HOURS PER WEEK

LD 112 — DECORATIVE LEATHER TECHNIQUES  
Studying such ornamentation techniques as trapunto, inlay, welting, pleating, and weaving, students learn how to apply them to leather apparel and accessories design. Basic patternmaking skills used in the construction of handbags, belts, and portfolios are taught.  
2.5 CREDITS; 1 LECTURE AND 3 STUDIO HOURS PER WEEK

LD 121 — ACCESSORIES DESIGN AND HUMAN ANATOMY  
Studies the anatomical components of the foot, spine, and upper torso with emphasis on how their functioning affects the development of footwear, handbags, and related accessories.  
1.5 CREDITS; 1 LECTURE AND 1 STUDIO HOURS PER WEEK

LD 133 — FOOTWEAR DESIGN AND CONSTRUCTION I  
*Co-requisite: LD 121*  
The basic concepts of footwear design are introduced and the history and types of footwear are discussed. Students develop skills for working with a last and learn patternmaking, sewing, construction, and finishing techniques for closed shoes.  
3 CREDITS; 1 LECTURE AND 4 STUDIO HOURS PER WEEK

LD 134 — FOOTWEAR DESIGN AND CONSTRUCTION II  
*Prerequisites: LD 111, LD 121, and LD 133*  
Students analyze last styles, leathers, and components in terms of functionality and design. They continue to develop patternmaking skills by designing and making mules and oxfords.  
3 CREDITS; 1 LECTURE AND 4 STUDIO HOURS PER WEEK

LD 143 — HANDBAG DESIGN AND CONSTRUCTION I  
*Co-requisites: LD 111 and LD 121*  
The skills to design and produce handbags are taught. Students become familiar with patternmaking techniques, machinery and equipment, and the various styles in handbag design. They learn how to translate original concepts into finished products.  
3 CREDITS; 1 LECTURE AND 4 STUDIO HOURS PER WEEK

LD 144 — HANDBAG DESIGN AND CONSTRUCTION II  
*Prerequisite: LD 143*  
Patternmaking and sample making techniques are developed further as students design and construct frame and box bags.  
3 CREDITS; 1 LECTURE AND 4 STUDIO HOURS PER WEEK

LD 145 — HANDBAG RECONSTRUCTION  
*Prerequisite: LD 144*  
Students learn how to evaluate a handbag to determine if it can be restored. They refurbish a handbag, learning how to reconstruct worn or broken components.  
2.5 CREDITS; 1 LECTURE AND 3 STUDIO HOURS PER WEEK

LD 165 — SKETCHING ACCESSORIES  
For one-year Accessories Design students. This accelerated course introduces the various areas of accessory design, including handbags, gloves, shoes, hats, and belts. Students learn to draw and render current materials and textures applicable to today’s market.  
2.5 CREDITS; 1 LECTURE AND 3 STUDIO HOURS PER WEEK

LD 181 — ERGONOMICS FOR ATHLETIC FOOTWEAR  
This in-depth study of the ergonomic requirements of footwear for myriad athletic activities focuses on the anatomy and function of the lower extremities while maintaining design considerations. Students learn technical features and engineering requirements such as cushioning, shock resistance, and lateral support as well as environmental and safety issues.  
2 CREDITS

LD 182 — PERFORMANCE MATERIALS FOR ATHLETIC FOOTWEAR  
*Prerequisite: LD 181*  
Students learn about the different types of performance materials used in all aspects of athletic footwear construction.  
2 CREDITS

LD 183 — TARGET MARKET RESEARCH FOR ATHLETIC FOOTWEAR  
*Prerequisite: LD 182*  
Quantitative and qualitative research methods are studied in order to better understand product, marketing, and distribution trends and requirements in athletic footwear. Emphasis is placed on conducting focus group studies.  
2 CREDITS

LD 226 — INTRODUCTION TO LINE BUILDING  
*Prerequisites: LD 134, LD 144, and LD 261*  
Using a specific theme or season, students learn the principles of line building by designing and producing a collection of accessories. Emphasis is on workmanship, fabrication, and execution of designs.  
2.5 CREDITS; 1 LECTURE AND 3 STUDIO HOURS PER WEEK

LD 231 — BOOT PATTERNMAKING AND CONSTRUCTION  
*Prerequisite: LD 134*  
Students design and construct three different boot types: cowboy, Chelsea, and thigh-high. Boot detailing, advanced patternmaking, grading, and lasting techniques are taught.  
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

LD 242 — ADVANCED HANDBAG CONSTRUCTION  
*Co-requisite: LD 261*  
Using such techniques as the pillow gusset/bottom and strip construction, students explore new handbag designs. Advanced patternmaking skills are taught. Emphasis is on detailing.  
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

LD 243 — BELT DESIGN AND PATTERNMAKING  
*Prerequisites: LD 111 and LD 121*  
The exploration of the design of the belt as a fashion and functional accessory is presented. Students acquire the skills needed to make several different kinds of belts.  
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

LD 251 — SPORT-SPECIFIC ACCESSORIES  
*Prerequisite: TS 171*  
Students are introduced to the sports accessories market with a focus on millinery, gloves, footwear, and carrying gear. They learn about environmental and safety issues relevant to sports, analyze materials, understand the relationship of biophysics to sport-specific accessories, and explore the necessity of product testing. A new or improved sport accessory is developed.  
3 CREDITS; 2 LECTURE AND 2 STUDIO HOURS PER WEEK
**Mathematics**

*Arithmetic Proficiency* is a requirement for the AAS degree. Based on the arithmetic placement test, a student who shows need for improvement in arithmetic may be required to enroll in either MA 001 or MA 002 or in a math independent learning program (MD 008) before registering for classes that have arithmetic proficiency as a prerequisite. Arithmetic proficiency may also be demonstrated by a qualifying score on the mathematics portion of the SAT or ACT, or by transfer credit in college algebra, quantitative methods, pre-calculus, or calculus, or by a passing grade in an equivalent developmental mathematics course offered at another accredited college or university.

**Algebra Proficiency** is a prerequisite for MA 131, MA 213, MA 311, and MA 331 courses, which are required for the BS degrees in Advertising and Marketing Communications, Cosmetics and Fragrance Marketing, Direct and Interactive Marketing, Fashion Merchandising Management, International Trade and Marketing for the Fashion Industries, and Production Management: Fashion and Related Industries. Based on the algebra placement test, a student who shows need for improvement in algebra will be required to enroll in MA 003 (Algebra Review) before registering for classes that have Algebra proficiency as a prerequisite. A student may also choose to register for MA 003 without taking the placement test. Algebra proficiency may also be satisfied by a qualifying score on the mathematics portion of the SAT or ACT, or by transfer credit in college algebra, quantitative methods, pre-calculus, or calculus, or by a passing grade in an equivalent developmental mathematics course offered at another accredited college or university.
MA 001 — DEVELOPMENTAL MATHEMATICS I
Prerequisite: arithmetic proficiency*
Concentrates on fundamental arithmetic skills and applications, using the computer as a learning tool. Topics include operations on real numbers, exponents and order of operations, ratio and proportion, systems of measurement, fractions, decimals, and percents. Fundamentals of algebra and geometry are introduced.
0 CREDITS; 4 LECTURE HOURS PER WEEK

MA 002 — DEVELOPMENTAL MATHEMATICS II
Prerequisite: arithmetic proficiency*
An accelerated arithmetic course emphasizing applications, and including such topics as percents, operations on fractions, ratios and proportions, and conversion between the metric and English measurement systems. Fundamentals of algebra and geometry are introduced. The computer is used as a learning tool.
0 CREDITS; 2 LECTURE HOURS PER WEEK

MA 003 — ALGEBRA REVIEW
Prerequisite: algebra proficiency**
Prerequisite for MA 131, MA 213, MA 311, and MA 331, and for those students who need improvement in algebra. Reviews basic algebra topics such as signed numbers, solving linear and simultaneous equations, factoring, exponents, and graphing linear equations, with emphasis on verbal problems.
0 CREDITS; 2 HOURS PER WEEK

MA 005 — DEVELOPMENTAL MATH FOR FASHION MERCHANDISING MANAGEMENT
Prerequisite: MA 001 and/or appropriate score on Fashion Merchandising Management math placement test
A developmental math course specifically designed for FMM students. In addition to the fundamentals of arithmetic, emphasis is placed on the skills needed for the quantitative study of merchandising in the FMM curriculum.
0 CREDITS; 4 LECTURE HOURS PER WEEK

MA 041 — GEOMETRY AND PROBABILITY SKILLS
Prerequisite: arithmetic proficiency*
Co-requisite: MA 241
For Toy Design students. This course helps students develop the fundamental computational skills required for MA 241.
0 CREDITS; 1 HOUR PER WEEK

MA 113 — COLLEGE MATHEMATICS FOR BUSINESS AND TECHNOLOGY
Prerequisite: arithmetic proficiency*
Focusing on mathematics for business and technology, this course reinforces computational skills and enables students to analyze and quantify problems in statistics, linear programming, graph theory, and finance. (G2: Mathematics)
3 CREDITS

MA 131 — PRECALCULUS
Prerequisite: algebra proficiency**
This traditional precalculus course introduces students to math concepts for a wide variety of applications. Topics include polynomial, rational, exponential, and logarithmic functions; sequences and series; analytic geometry; and trigonometry. (G2: Mathematics)
3 CREDITS

MA 161 — MATHEMATICAL IDEAS
Prerequisite: arithmetic proficiency*
Provides an overview of the historic, heuristic, and visual dimensions of mathematics. Includes the golden ratio, fractal geometry, sets and groups, logic and circuits, Euler diagrams, number theory, and discrete math. (G2: Mathematics)
3 CREDITS

MA 213 — QUANTITATIVE METHODS
Prerequisite: algebra proficiency**
Explores the mathematical model-building process in the settings provided by linear programming and probability. Includes simplex methods for solving linear programs; duality; matrix algebra; probability models based on equally likely outcomes, independent events, and conditional probability; applications, particularly to business and economics; and elementary math of finance. (G2: Mathematics)
3 CREDITS

MA 222 — STATISTICAL ANALYSIS
Prerequisite: arithmetic proficiency*
Studies the principles and methods of statistical analysis including probability distributions, sampling distributions, error of estimate, significance tests, correlation and regression, chi-square, and ANOVA. Introduces the use of the computer to store, manipulate, and analyze data. (G2: Mathematics)
3.5 CREDITS; 3 LECTURE AND 1 COMPUTER LABORATORY HOURS PER WEEK

MA 241 — TOPICS IN PROBABILITY AND GEOMETRY
Co-requisite: MA 041
For Toy Design students. The understanding of geometry and probability in everyday natural and social environments and their use as tools for analysis and creativity in toy design. Shapes and figures are examined through geometrical study. Problems in probability are translated from mathematical concepts to real situations. (G2: Mathematics)
3 CREDITS

MA 242 — GEOMETRY AND THE ART OF DESIGN
Prerequisite: arithmetic proficiency*
A contemporary primer of geometric topics that expand the concepts of shape and space, this course presents some of the established and emerging ways geometry can provide tools and insights for artists and designers. Included are a variety of visual phenomena such as fractals, knots, mazes, symmetry, and the golden ratio. (G2: Mathematics)
3 CREDITS

MA 299 — INDEPENDENT STUDY IN MATHEMATICS
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean
VARIABLE CREDITS (3 CREDITS MAXIMUM)

MA 311 — MATHEMATICAL MODELING FOR BUSINESS APPLICATIONS
Prerequisite: algebra proficiency**
To instill the value of mathematics as a tool for modeling real-life situations, this course focuses on an analytical approach to business decision-making. Topics covered include finance, cash flow, probability, linear programming, and the business applications of basic equations. Microsoft Excel is used. (G2: Mathematics)
3 CREDITS; 2 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

*See Arithmetic Proficiency on page 251.
**See Algebra Proficiency on page 251.
MA 331 — CALCULUS
Prerequisite: algebra proficiency**
Develops basic principles of differential calculus and introduces integral calculus. Functions, graphing, and maxima-minima problems are studied in the context of business and other applications. (G2: Mathematics)
3 CREDITS

MA 391 — MATHEMATICS OF THE ANCIENT WORLD IN ITS CULTURAL AND HISTORIC CONTEXT (HONORS)
Prerequisites: qualification for Presidential Scholars or a minimum 3.5 GPA with approval of dean for Liberal Arts, arithmetic* and algebra proficiencies**, and a minimum grade of 85 on Regents Math III exam, or a minimum SAT math score of 530, or Math Gen. Ed. requirements
This interdisciplinary survey of mathematics from prehistory to Archimedes covers topics from the basic (different ways of conceiving numbers) to the complex (a proof of the Pythagorean theorem). The cultural and historical context of the mathematical achievements of ancient Egypt, Mesopotamia, and Greece are emphasized in a way that shows these achievements as a natural and integral part of the civilizations that created them. Comparisons to modern methods in mathematics are stressed. (G2: Mathematics)
3 CREDITS

MD 008 — MATH INDEPENDENT LEARNING
Prerequisite: appropriate score on arithmetic proficiency exam*
An accelerated arithmetic course emphasizing applications, including such topics as percents, operations on fractions, ratios and proportions, and conversion between the metric and English measurement systems. Fundamentals of algebra and geometry are introduced. Students are given computer software and customized assignments; work is done on their own time and computers. The final exam is given on campus.
0 CREDITS

Production Management: Fashion and Related Industries

MG 108 — APPAREL AND HOME TEXTILE PRODUCTS MANUFACTURING
For Textile Development and Marketing students. Surveys manufacturing processes for apparel and home textile products beginning with product development to acquisition of fabrics through cutting, sewing, and finishing operations.
2 CREDITS; 1 LECTURE AND 2 LABORATORY HOURS PER WEEK

MG 114 — PRINCIPLES OF PRODUCT CONSTRUCTION
Prerequisite: TS 015/115, TS 111, or TS 131
Emphasizes the relationship between the quality and construction of a sewn product and focuses on the geometric principles of draping, drafting, and grading of industrial patterns. Students develop and interpret original patterns using both manual and computerized methods and apply the data to written specifications.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

MG 132 — MARKETING FOR MANUFACTURERS
Students are introduced to the basic concept of marketing and the components of the marketing mix in order to understand how fashion products are developed and successfully distributed. Computer-assisted marketing, including barcoding, e-commerce, and the role of the internet, is investigated as a strategic tool for globalization.
3 CREDITS

*See Arithmetic Proficiency on page 251.
** See Algebra Proficiency on page 251.

MG 152 — COMPUTER APPLICATIONS SOFTWARE
Concepts and operations of computer data-processing systems for business production applications. Hands-on problem solving with commercial software for database management, spreadsheets, word processing, and graphics.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

MG 153 — EXCEL FOR BUSINESS
Prerequisite: MG 152 or Word and PowerPoint proficiency test
This course provides a comprehensive presentation of Microsoft Excel 2000. Topics include charting, data tables, financial functions, formatting, formulas, functions, what-if analysis, working with large worksheets, and other business-related topics.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

MG 234 — SUPPLY CHAIN MANAGEMENT
Prerequisite: MG 132
A thorough exploration of supply chain management from the manufacturer's perspective is presented. Major areas of global sourcing, vendor evaluation, quality assurance, materials resource planning, inventory control, and budget considerations are covered. Students develop a seasonal production plan as a final project.
3 CREDITS

MG 242 — PRINCIPLES OF ACCOUNTING
An intensive introduction to accounting theory and practice, employing manual and data-processing techniques. Includes problems in double-entry principles, trial balances, adjustments, valuation reserves, closing of books, and preparation of financial statements. Also introduces accounting for manufacturing costs, apportionment of overhead, job order costs, process costs, and standard costs.
3 CREDITS

MG 251 — DATABASE MANAGEMENT
Prerequisite: AC 161 or MG 152 or MG 153 or TT 173, or equivalent, or placement test
Concepts of database management, including the basics of establishing field names, search options, and tables are taught. Integrating Microsoft Access with other programs within a microcomputer environment enables students to create charts and reports, develop forms, and link databases.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

MG 252 — PRODUCT DATA MANAGEMENT
Prerequisite: MG 152 or MG 153
This course offers a hands-on approach to learning how to generate, transmit, and manage product data in a global business environment. Students construct product document packages for use in engineering, finance, logistics, manufacturing, and quality control.
3 CREDITS; 2 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

MG 299 — INDEPENDENT STUDY IN PRODUCTION MANAGEMENT: FASHION AND RELATED INDUSTRIES
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean
VARIABLE CREDITS (3 CREDITS MAXIMUM)

MG 301 — APPAREL PRODUCTION: LABOR ANALYSIS
For baccalaureate-level Fashion Design students. Study of apparel mass-production techniques. Examines the transition of apparel products from designer's samples to finished production merchandise. Explores human resource management and labor relations in an apparel firm.
2 CREDITS
MG 304 — INFORMATION SYSTEMS
Prerequisite: AC 161 or MG 152 or MG 153 or TT 173, or equivalent
This course presents an overview of management information systems (MIS) and how they impact the productivity and processes of a business organization. Case studies and problems focus on the issues of finances, human resources, organization, and technology as they relate to information systems.
2 CREDITS; 1 LECTURE AND 2 LABORATORY HOURS PER WEEK

MG 305 — PRODUCTION PROCESSES FOR MERCHANDISERS
For baccalaureate-level Fashion Merchandising Management students. This course introduces students to the processes and procedures used in the manufacturing of sewn products. Students learn about the types of equipment used, the specifications required to produce such products, and the methods for evaluating their construction, cost, and quality. The course is primarily designed for students without any background in the assembly and manufacturing processes.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

MG 306 — INFORMATION SYSTEMS: CASE ANALYSIS
Prerequisite: AC 161 or MG 152 or MG 153 or TT 173, or equivalent
Principles of management information systems (MIS) are addressed. Students use database and spreadsheet tools (Access and Excel) to problem-solve business situations and present their solutions in PowerPoint. Topics include the business functions of human resources, marketing and sales, finance and accounting, manufacturing, and technology support.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

MG 311 — MANUFACTURING I: EQUIPMENT ANALYSIS
Students develop a familiarity with the various kinds of assembly equipment used to construct sewn products. Stitchology, specifications development, and sourcing are also covered.
3 CREDITS; 2 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

MG 312 — MANUFACTURING II: PROCESS ANALYSIS
Prerequisite: MG 311
This course presents the principles of workplace engineering in order to identify labor- and cost-saving methods. Students conduct time and motion studies, consider standardization procedures, and analyze garment assembly methods as factors in realizing efficiencies on the manufacturing floor.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

MG 313 — CUTTING ROOM PROCESSES
Prerequisite: MG 114
The processes involved in the preproduction operations of sewn products—cut order planning, fabric utilization, marker making, fabric spreading, cutting, and costing—are studied. The fundamentals of laying out a cutting room and selecting equipment for specific applications are included. Students prepare markers by hand and computer.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

MG 401 — MANUFACTURING MANAGEMENT
For baccalaureate-level Fashion Design students. Examines business ownership and management, fashion manufacturer marketing philosophies, costing, and quality control. The financial aspects of a business are evaluated.
2 CREDITS

MG 403 — APPAREL MANUFACTURING PROCESSES
For students not majoring in Production Management: Fashion and Related Industries. Examines the organization of a manufacturing firm: analysis of production techniques, cost development, and quality management; exploration of the relationship between product specifications and manufacturers’ selling prices; and the study of customers’ product requirements and the manufacturers’ strategies for meeting them.
3 CREDITS

MG 411 — MANUFACTURING FACILITIES MANAGEMENT
Prerequisites: MG 312 and MG 313
Students examine the criteria for designing and arranging the elements of a manufacturing facility with emphasis on modifying existing space, handling complementary products, and understanding workflow and the effect on quality and cost. They design and develop a detailed manufacturing facility layout.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

MG 432 — STRATEGY, POLICY, AND DECISION MAKING
Prerequisites: MG 411 and MG 442
This capstone course presents students with the opportunity to synthesize knowledge gained in previous semesters and prepare a complete business plan for a manufacturing company. They develop human resource policies, organization charts, and manufacturing, financial, marketing, and merchandising plans.
3 CREDITS

MG 442 — PRODUCT COSTING
Prerequisites: MG 312, MG 313, and MG 242
Cost-accounting and industrial engineering concepts are applied to estimating, accumulating, and assigning costs to products that are mass produced by apparel and apparel-related companies. Students learn cost estimating techniques, practical methods to capture actual costs, and how to do variance analysis of actual and cost-estimated standards.
3 CREDITS

MG 499 — INDEPENDENT STUDY IN PRODUCTION MANAGEMENT: FASHION AND RELATED INDUSTRIES
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean
VARIABLE CREDITS (3 CREDITS MAXIMUM)

Marketing: Fashion and Related Industries

MK 301 — MARKETING FOR THE TOY INDUSTRY
For Toy Design students. Application of basic marketing principles to the toy industry. Product development, market research, consumer behavior, product and pricing strategies, distribution, and international marketing are stressed.
3 CREDITS

MK 311 — PRINCIPLES OF MARKETING
Surveys the fundamental features of contemporary marketing systems, concepts, and principles. Students study the components of the marketing mix: product, planning, distribution, pricing, and promotion. Also addresses the social, legal, and international environments in which marketing functions.
3 CREDITS
MK 351 — MARKETING RESEARCH
Surveys the entire marketing research process: problem definition, research design, data collection, sampling techniques, preparation of questionnaires, field surveys and methods of tabulation, analysis, and interpretations of results. Applies recent developments in marketing information systems to product planning, advertising research, and consumer and competitive analysis. Emphasizes development and implementation of a market research plan.
3 CREDITS

Millinery

ML 113 — FOUNDATIONS IN HEADWEAR DESIGN
Students acquire basic stitching, patternmaking, and blocking skills while completing a beret, baseball cap, draped felt hat, and a one-piece blocked felt hat.
2.5 CREDITS; 1 LECTURE AND 3 STUDIO HOURS PER WEEK

ML 114 — HEADWEAR DESIGN AND PATTERNMAKING
Prerequisite: ML 113
Students continue to master patternmaking skills while completing a stylized beret, cloche, and fabric hat. They learn how to manipulate felt and acquire an understanding of straws.
2.5 CREDITS; 1 LECTURE AND 3 STUDIO HOURS PER WEEK

ML 121 — CLASSIC DESIGN AND TECHNIQUES
Introduces the basic elements of millinery design from conception to construction, including how to make a frame, a block, and a pattern.
2.5 CREDITS; 1 LECTURE AND 3 STUDIO HOURS PER WEEK

ML 122 — ADVANCED CUSTOM MILLINERY
Prerequisite: ML 121
Students draw upon custom production techniques studied in ML 121 to design and execute custom-made hats in a variety of styles and materials. Emphasizes refining the design and construction of each hat as a three-dimensional sculptural object.
2.5 CREDITS; 1 LECTURE AND 3 STUDIO HOURS PER WEEK

ML 123 — HATS FOR MEN
From blocked hats to baseball caps, students learn flat patternmaking, sewing, and blocking techniques in order to design and produce men’s hats.
2.5 CREDITS; 1 LECTURE AND 3 STUDIO HOURS PER WEEK

ML 131 — A SURVEY OF TRIMS IN MILLINERY
This course introduces students to the world of millinery and the use of trims in both traditional and contemporary hatmaking. They learn about different hat silhouettes and how trims can alter them.
2.5 CREDITS; 2 LECTURE AND 1 STUDIO HOURS PER WEEK

ML 132 — DECORATIVE MILLINERY TRIMMING
Students master trimming techniques for use on hats, accessories, and apparel by working with silk flowers, silk cording, horsetail, feathers, and artificial fruits and vegetables.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

ML 241 — BRIDAL SPECIALIZATION
Prerequisite: ML 114
By completing a collection of hats for a wedding, students continue to master their blocking and sewing skills. How to block and create a classic turban is also taught. Students work with veiling and wire.
2.5 CREDITS; 1 LECTURE AND 3 STUDIO HOURS PER WEEK

ML 242 — CONCEPTUAL HEADWEAR
Prerequisite: ML 114
Students further develop their patternmaking and blocking skills while learning to combine and manipulate different materials to make a hat. Helmet, hunting cap, draped leather crown, fur cuff hat, and a period hat are completed.
2.5 CREDITS; 1 LECTURE AND 3 STUDIO HOURS PER WEEK

ML 291 — DEVELOPING A MILLINERY COLLECTION
Prerequisite: ML 113 or ML 114
The development and distribution of a millinery line is explored. Students learn the value of mood boards and concept declarations, research the business aspects of getting a collection to market, and interpret fashion forecasting information in order to incorporate it into their collections.
2.5 CREDITS; 1 LECTURE AND 3 STUDIO HOURS PER WEEK

Menswear

MW 131 — MENSWEAR FLAT PATTERNMAKING DESIGN I
Co-requisites: MW 141 and MW 151
Basic principles of drafting patterns on paper and testing them in muslin on three-dimensional forms for men’s shirts and pants. Using basic construction techniques, students develop original garment designs in harmony with current trends and design-room practices. Special machine methods and the technical aspects of decorative seam finish and detail are studied.
3 CREDITS; 6 STUDIO HOURS PER WEEK

MW 141 — MENSWEAR CONSTRUCTION
Co-requisites: MW 131 and MW 151
Introduces students to the many processes involved in the construction of first samples. Basic standards of construction are stressed, enabling the student to make finished garments. Classic shirt and trouser problems are studied.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

MW 142 — MENSWEAR SEWING
Prerequisite: MW 141
This course introduces students to the many processes involved in creating a first sample. Professional standards of construction are emphasized throughout the semester as students cut, layout, and construct a classic menswear shirt.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

MW 143 — TAILORING I
Prerequisite: MW 142 or approval of chairperson
Students learn how to layout, cut, and sew all of the details associated with the classically tailored trouser. Special emphasis is given to the fly, tailored pockets, and to the creation of a completely hand-made waistband curtain. Students learn to fit the classic trouser on various figure types.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

MW 144 — TAILORING II
Prerequisite: MW 143
This course introduces students to professional tailoring practices for the menswear suit jacket/blazer. Details specific to the jacket and appropriate finishes for a high-end tailored garment are covered throughout the semester.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK
MW 151 — MENSWEAR DESIGN I
Co-requisites: MW 131 and MW 141
Students design and present menswear shirts, pants, and vests. Research and existing designs inspire original designs.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

MW 152 — MENSWEAR DESIGN II
Prerequisite: MW 151
Co-requisite: MW 132 or MW 232
Further develops students’ design abilities through the creation and presentation of tailored jackets, blazers, and suits. The concept of line development is studied.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

MW 221 — DIGITAL ART FOR MENSWEAR
Prerequisite: MW 251
Co-requisite: MW 252
This course is a comprehensive exploration of advanced menswear design, emphasizing the refinement of the student’s rendering, sketching, and digital art abilities. Market segment analysis, collection development, and appropriate design are examined as they apply to the development of portfolio-quality artwork for the menswear market.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

MW 231 — MENSWEAR FLAT PATTERNMAKING DESIGN III
Prerequisite: MW 132 or MW 232
Co-requisite: MW 251
Studies advanced design problems for tailored garments, making use of the master pattern. Original designs are tested in muslin, constructed in fabrics, and analyzed in terms of taste, fabric selection and properties, design principles, fashion interest, and commercial value.
4 CREDITS; 8 STUDIO HOURS PER WEEK

MW 232 — MENSWEAR PATTERNMAKING DESIGN II
Prerequisites: MW 131 and MW 141, or equivalent
Co-requisite: MW 152
Students learn how to develop flat patterns and create a finished jacket using professional standards. The course explores the four iconic prototypes of menswear jackets and traditional tailoring techniques and details. Students also learn to identify and define market trends in specific menswear markets and to present professional oral presentations.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

MW 241 — TAILORING THE JACKET
Prerequisites: MW 131 and MW 141, or equivalent
Co-requisite: MW 152
This course introduces students to the art of tailoring. Classic details associated with the fully-lined tailored jacket are defined and demonstrated as students work toward mastering the components that comprise a finely crafted tailored suit jacket.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

MW 242 — TAILORING III
Prerequisite: MW 144
This course introduces students to the assembly processes and the finishing details necessary to construct and tailor a high-end fully-lined suit jacket.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

MW 251 — MENSWEAR DESIGN III
Prerequisite: MW 152
Co-requisite: MW 231
Students create designs while refining advanced sketching skills. Classifications and collections are utilized throughout the semester.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

MW 252 — MENSWEAR DESIGN IV
Prerequisites: MW 231 and MW 251
Students design and execute original sportswear collections using international trends, colors, details, and fabrications.
5 CREDITS; 10 STUDIO HOURS PER WEEK

Physical Education

PE 111 — MODERN DANCE
Introduces the fundamentals of modern dance through the development of dance technique and comprehension of rhythm. Elements of dance composition are introduced and provide students with an opportunity to create individual work. (G6: Arts)
1 CREDIT; 2 STUDIO HOURS PER WEEK

PE 113 — JAZZ DANCE
Introduces the fundamentals of jazz dance through the development of dance technique, comprehension of rhythm, and the ability to perform isolated movement. Elements of dance composition are introduced and provide students with an opportunity to create individual work. (G6: Arts)
1 CREDIT; 2 STUDIO HOURS PER WEEK
PE 114 — BALLET I
Basic exercises are done at the barre to develop proper alignment, placement, strength, coordination, and understanding of ballet movement vocabulary in this introductory class. Center floor combinations and movement across the floor are used to integrate skills learned in the warm-up. (G6: Arts)
1 CREDIT; 2 STUDIO HOURS PER WEEK

PE 115 — SKIING (WINTERIM ONLY)
For students of all skiing levels, this course presents proper and safe skiing techniques as well as the use of ski equipment and supplies and provides the opportunity to improve fitness and skills.
1 CREDIT; 2 HOURS PER DAY

PE 116 — AFRO-CARIBBEAN DANCE
Students experience, learn, and perform the traditional dances and rhythms, rooted in African and European dance, of the Caribbean region. (G6: Arts)
1 CREDIT; 2 STUDIO HOURS PER WEEK

PE 117 — CREATIVE MOVEMENT EXPLORATION
Students create movement studies using elements of design that capture the essence of their unique expressions. Concepts of space and weight and dance elements such as rhythm, symmetry, and shape are addressed in the course. Improvisations are performed according to a variety of themes, relationships, and situations, both individually and in small groups.
1 CREDIT; 2 STUDIO HOURS PER WEEK

PE 118 — FLAMENCO DANCE
Students execute traditional flamenco dances from the Andalusia region of southern Spain. Students learn how various cultures contributed to flamenco, as well as the flamenco rhythms, the meaning of the songs, and the relationship of the singing and guitar to the dance. (G6: Arts)
1 CREDIT; 2 STUDIO HOURS PER WEEK

PE 122 — BEGINNING GOLF
An introduction to the basics of the game of golf. Learn chipping, driving, and putting, and the etiquette, history, and rules of the game. Students are given the opportunity to visit a private golf course.
1 CREDIT; 2 STUDIO HOURS PER WEEK

PE 131 — TENNIS I
Teaches the fundamental skills of tennis and knowledge of the game.
1 CREDIT; 2 STUDIO HOURS PER WEEK

PE 135 — BASKETBALL
The fundamentals of basketball, individual skills, and team participation are taught. Students learn the rules, coaching techniques, strategies, athletic training, and enjoyment of spectatorship.
1 CREDIT; 2 STUDIO HOURS PER WEEK

PE 136 — VOLLEYBALL
Students learn the fundamental skills of volleyball: setup passing, serving, spiking, blocking, and bumping. Strategy and games are included.
1 CREDIT; 2 STUDIO HOURS PER WEEK

PE 141 — FITNESS TRAINING
Students focus on the progressive development of the four components of physical fitness: muscular strength, muscular endurance (through weight-room training and calisthenics), cardiovascular endurance, and fitness.
1 CREDIT; 2 STUDIO HOURS PER WEEK

PE 143 — YOGA I
The elements of yoga are taught, including breathing techniques, postures, nutrition, meditation, and relaxation.
1 CREDIT; 2 STUDIO HOURS PER WEEK

PE 144 — AEROBICS
Students work to achieve a strong cardiovascular system through step-bench or aerobic routines. Toning exercises are included.
1 CREDIT; 2 STUDIO HOURS PER WEEK

PE 145 — TAI CHI I
Students learn the Yang form of this ancient, holistic Chinese exercise to develop good balance and coordination and to relax physically and mentally.
1 CREDIT; 2 STUDIO HOURS PER WEEK

PE 146 — KUNG FU
Translated as discipline and inner development, Kung Fu focuses on learning a system of movements based upon the observations of nature by ancient Chinese priests and monks. The forms, basic stances, kicks, and punches of Shao-Lin Kung Fu are taught to achieve better health, harmony, and coordination.
1 CREDIT; 2 STUDIO HOURS PER WEEK

PE 147 — GENTLE YOGA
Gentle yoga introduces all the benefits of yoga with less demand on the body. This course can be enjoyed by all students, particularly those with limited physical health or range of motion. Benefits include enhanced flexibility, increased strength, improved balance, and reduction of stress.
1 CREDIT; 2 STUDIO HOURS PER WEEK

PE 153 — FENCING
Students learn and practice the fundamentals of foil fencing, including positions and movements, offensive and defensive strategy, directing a fencing bout, and international rules.
1 CREDIT; 2 STUDIO HOURS PER WEEK

PE 214 — BALLET II
Prerequisite: PE 114 or equivalent
More advanced steps focusing on coordination, musicality, and improvement of technique are introduced. Students execute movement phrases of their own and learn the history of ballet. (G6: Arts)
1 CREDIT; 2 STUDIO HOURS PER WEEK

PE 231 — TENNIS II
Prerequisite: PE 131 or equivalent
Building on Tennis I, students learn more advanced tennis skills focusing on specific strokes, court positioning, and strategies for singles, doubles, and competitive play.
1 CREDIT; 2 STUDIO HOURS PER WEEK

PE 243 — YOGA II
Prerequisite: PE 143
Students build upon their yoga experience by learning new yoga postures and variations of standard postures and breathing techniques while exploring additional concepts from the Yoga Sutras.
1 CREDIT; 2 STUDIO HOURS PER WEEK
PE 245 — TAI CHI II
Prerequisite: PE 145 or equivalent
Students continue their study of this ancient, holistic Chinese exercise, developing greater strength, balance, coordination, and relaxation through the Yang form of Tai Chi.
1 CREDIT; 2 STUDIO HOURS PER WEEK

Photography

PH 003 — BASIC PHOTOGRAPHY STUDIO
Co-requisite: PH 103
For Fine Arts students. Students learn the practical applications of digital camera operations and studio lighting techniques.
0 CREDITS; 1 STUDIO HOUR PER WEEK

PH 005 — PHOTOGRAPHY STUDIO
Co-requisite: PH 405
For Packaging Design students. Students learn the practical applications of digital camera operations and produce portfolio-quality images of packaging designs.
0 CREDITS; 1 STUDIO HOUR PER WEEK

PH 102 — INTERMEDIATE PHOTOGRAPHY
Prerequisite: PH 101 or PH 117
For students not majoring in Photography. Students learn advanced camera techniques, using a range of films and developers as well as hand-held flash and continuous lighting techniques. They also explore photography outside of the studio setting.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

PH 103 — BASIC PHOTOGRAPHY
Co-requisite: PH 003
For Fine Arts students. Fundamentals of modern photographic practices including technical, aesthetic camera operation, and lighting techniques. Geared to aid the creative efforts of fine artists.
2 CREDITS

PH 112 — INTRODUCTION TO PHOTOGRAPHY
Introduces students to the craft of photography, including lighting techniques, model direction and styling, and related exposure, film processing, and printing skills. Through discussion and critiques, students study photo trends for advertising, commercial, and editorial fashion uses.
3 CREDITS; 6 STUDIO HOURS PER WEEK

PH 113 — PHOTOGRAPHIC TECHNIQUES
An intense study of the photographic medium from a technical standpoint. Stresses an understanding of film and exposures as they relate to light, light measurement, contrast control, film processing, and photographic chemistry.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

PH 114 — INTRODUCTION TO DIGITAL PHOTOGRAPHY
Students are introduced to digital photography techniques and new digital technologies as they apply to image capture.
1 CREDIT; 2 STUDIO HOURS PER WEEK

PH 115 — ADVERTISING PHOTOGRAPHY WITH MEDIUM FORMAT
Prerequisites: PH 112 and PH 131
Emphasizes the use of 2 ¼ medium-format cameras in the fashion photography studio. Students learn advanced tungsten light techniques, with an introduction to monoblock electronic flash units for photography of models and accessories for advertising, editorial, or illustration use. Advanced darkroom procedures are stressed.
3 CREDITS; 6 STUDIO HOURS PER WEEK

PH 116 — PHOTOGRAPHY BASICS
Students develop an understanding of traditional film and digital cameras by learning basic studio and lighting setup, model direction, and related film exposure techniques. Working in color and black and white, students are encouraged to produce images that creatively explore personal themes and issues. (G6: Arts)
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

PH 117 — PRINCIPLES OF PHOTOGRAPHY INCLUDING DARKROOM INSTRUCTION
Introduces students to the techniques of black-and-white photography, including basic studio setup, lighting techniques, model direction, and related film exposure as applied to the 35mm camera. Instruction on enlarging techniques and film processing through the use of the darkroom are also covered. (G6: Arts)
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

PH 121 — LARGE FORMAT PHOTOGRAPHY
Prerequisite: PH 101 or PH 117
Basic techniques in professional operation of a large-format view camera as applied to commercial still-life photography. Covers fundamental camera movements, lighting setups, 4x5 film processing, and printing skills.
2 CREDITS; 4 STUDIO HOURS PER WEEK

PH 122 — ADVANCED VIEW CAMERA
Prerequisite: PH 121
Advanced study of view camera techniques with emphasis on still life and location photographic procedures. Students have an opportunity to refine their skills in lighting, subject handling, film processing, and printing procedures. Through exploration of various traditional, alternative, and digital methods, they develop imagery appropriate for portfolio presentation.
3 CREDITS; 6 STUDIO HOURS PER WEEK

PH 131 — LIGHTING PRINCIPLES
Prerequisite: PH 102
Co-requisite: PH 112
The student photographer is introduced to the creative practices of lighting for studio and outdoor photography. Use and control of continuous light, natural light, and preexisting light are emphasized.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

PH 162 — PHOTOGRAPHIC STYLING
Introduces the elements of photographic styling, stressing both creative sensitivity and technical skills, through lectures and demonstrations. Assignments include fashion, beauty, illustration, tabletop, and food styling. (G6: Arts)
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK
PH 211 — ADVANCED PROFESSIONAL FASHION AND BEAUTY PHOTOGRAPHY
Prerequisites: PH 115 and portfolio review by chairperson or instructor
Students learn all aspects of fashion and beauty photography, from the creation of a competitive portfolio to post-production, with emphasis on developing an individual aesthetic vision. Exploration of the major technical elements include digital capture, studio and location shoots, client expectations, and contracts and fees.
4.5 CREDITS; 1 LECTURE AND 7 STUDIO HOURS PER WEEK

PH 231 — ELECTRONIC FLASH
Prerequisite: PH 115
Advances photographic skills through the use of electronic lighting equipment and techniques. Small-, medium-, and large-format cameras are used to photograph models and still-life subjects in black and white or color mediums. Includes related darkroom procedures.
4 CREDITS; 8 STUDIO HOURS PER WEEK

PH 241 — FOUNDATIONS OF COLOR
Prerequisite: PH 112
Co-requisite: PH 115
Exploration of color as it applies to photography. Includes additive and subtractive color mixing, color harmony, lighting for color, light balancing, color correction, film, and digital color reproduction techniques.
2 CREDITS; 4 STUDIO HOURS PER WEEK

PH 242 — ADVANCED PROJECTS AND PORTFOLIO DEVELOPMENT
Prerequisites: PH 231 and PH 241 or approval of chairperson
The relationship of advanced studio lighting, set preparation techniques, and digital image capture are explored in conjunction with color theories that apply to model and still-life photography for the printed page. Students complete industry-level assignments and personal interest images in the studio and on location. Emphasis is on preparation of an individualized portfolio presentation.
4.5 CREDITS; 9 STUDIO HOURS PER WEEK

PH 282 — PROFESSIONAL PROCEDURES FOR THE COMMERCIAL PHOTOGRAPHER
An in-depth understanding of owning and operating a small professional photography business is provided. Students learn and practice organizational and career goal planning techniques, assignment pricing structures, the use of standard contracts, maintaining accurate records, and the creation of standard business forms. Emphasis is on understanding copyright law and tax structure, and learning criteria for retaining legal and financial services.
2 CREDITS

PH 284 — PHOTOGRAPHY PORTFOLIO DEVELOPMENT FOR THE WORLD WIDE WEB
Prerequisite: PH 272 or equivalent
Students prepare digital photographic portfolios for view on the web by learning basic HTML code, web design, the mechanics of File Transfer Protocol, and optimal image preparation for internet browsers.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

PH 272 — PHOTOSHOP I FOR PHOTOGRAPHERS
Prerequisite: CG 111
Students engage in a comprehensive study of Adobe Photoshop tools using the Macintosh platform. Methods and management techniques for scanning, creation of selections, layers, color correction, and basic image manipulation are studied.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

PH 274 — PHOTOSHOP II FOR PHOTOGRAPHERS
Prerequisites: CG 111 and PH 272
Students develop an advanced knowledge of layers, channels, curves, image merging, color correction, and color matching in the Adobe Photoshop program. Scanning devices, file formats, and resolution levels are explored.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

PH 299 — INDEPENDENT STUDY IN PHOTOGRAPHY
VARIABLE CREDITS (3 CREDITS MAXIMUM)
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean

PH 305 — PHOTOGRAPHIC REFERENCE AND DIGITAL EDITING FOR THE ILLUSTRATOR
Prerequisite: PH 101 or PH 116
Using photographic reference and Adobe Photoshop, students create conceptual imagery assembled from a variety of sources. This course covers additional photographic lighting and image techniques, digital scanning, image assembling, and printing.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

PH 311 — DIGITAL CRAFT AND THE EXHIBITION
Prerequisite: PH 242
Students explore methods for capture, editing and sequencing groups of digital images as cohesive statements with the aim of producing a photographic exhibition. Through field trips, critiques, and working with a guest art director, students study the signature styles and trends of various photographers.
3 CREDITS; 1 LECTURE AND 4 STUDIO HOURS PER WEEK

PH 321 — ADVANCED PROJECT IN STYLE AND MEDIA
Prerequisite: PH 371
This course pairs photography and fashion design students, to create and produce professional press kits and a short digital documentary interpretation of style and fashion.
3 CREDITS; 1 LECTURE AND 4 STUDIO HOURS PER WEEK

PH 351 — THE PICTURE STORY: A PROFESSIONAL APPROACH TO PHOTOJOURNALISM
Prerequisite: PH 274 or approval of chairperson
Students learn how to unite image-making and writing skills to produce newsworthy picture stories. Topics covered include the legal and ethical issues that affect the process of photojournalism as well as the difference between objective and subjective judgments.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

PH 361 — LOGISTICS OF LOCATION PHOTOGRAPHY
Prerequisite: PH 371
Students develop the techniques of location photography, including environmental portraiture, industrial, fashion and architectural photography for editorial and advertising purposes. Assignments stress image design and are performed with medium- and large-format cameras using digital capture technology, as well as indoor and outdoor lighting techniques.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

PH 371 — RETOUCHING AND PRE-PRESS SOLUTIONS FOR PHOTOGRAPHERS
Prerequisite: PH 274
Students explore ways to convey their ideas onto the printed page through retouching, editing and preparing digital files. High-end scanning, RGB to CMYK conversions, digital versus analog proofing and the differences between photographic, inkjet and offset printing are also explored from both theoretical and real-world perspectives.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK
PH 372 — DIGITAL MEDIA TECHNOLOGY I
Prerequisite: PH 371
This course provides practical, technical instruction in the use of high-end digital image capture backs coupled with traditional, medium format camera system hardware. Students explore the concepts and processes required to create photographic imagery using Adobe Photoshop, iMovie, and iDVD programs.
2 CREDITS

PH 404 — BASIC INTERIOR DESIGN PHOTOGRAPHY
For baccalaureate-level Interior Design students or those interested in interior photography. A foundation for understanding and achieving control of the photographic medium as it applies to interior and architectural photography is provided. Students learn scale model and flat art photography, use of black and white and color films, metering, camera control, lighting, and filtration.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

PH 405 — PHOTOGRAPHY FOR PACKAGE DESIGN
Co-requisite: PH 005
For Packaging Design students. Students explore the photographic medium as a creative design tool for the development of innovative and unique packaging. Students learn the use of digital cameras as well as appropriate studio lighting and exposure techniques. Through the use of digital technology, students produce presentations, portfolios, and a photo CD.
2 CREDITS

PH 406 — DIGITAL SPECIAL EFFECTS AND PHOTOGRAPHIC RETOUCHING
Prerequisites: IL 324 and PH 305
Students enhance their traditional illustration skills in a digital environment. Exploring Adobe Photoshop and its plug-ins for retouching and special aspects, they achieve the technical ability to transform initial creative inspirations into powerful imagery.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

PH 451 — MULTIMEDIA CONCEPTS
Prerequisite: PH 372
Students develop a critical point of view regarding video, electronic, digital, and print media through discussion, viewing, and critiquing published work. Assignments examine the relationship between art and media industries, covering topics that include advertising, documentaries, the news, personal identity, and media imaging.
3 CREDITS; 1 LECTURE AND 4 STUDIO HOURS PER WEEK

PH 451 — PHOTOGRAPHY FOR PACKAGE DESIGN
Co-requisite: PH 005
For Packaging Design students. Students explore the photographic medium as a creative design tool for the development of innovative and unique packaging. Students learn the use of digital cameras as well as appropriate studio lighting and exposure techniques. Through the use of digital technology, students produce presentations, portfolios, and a photo CD.
2 CREDITS

PH 406 — DIGITAL SPECIAL EFFECTS AND PHOTOGRAPHIC RETOUCHING
Prerequisites: IL 324 and PH 305
Students enhance their traditional illustration skills in a digital environment. Exploring Adobe Photoshop and its plug-ins for retouching and special aspects, they achieve the technical ability to transform initial creative inspirations into powerful imagery.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

PH 451 — MULTIMEDIA CONCEPTS
Prerequisite: PH 372
Students develop a critical point of view regarding video, electronic, digital, and print media through discussion, viewing, and critiquing published work. Assignments examine the relationship between art and media industries, covering topics that include advertising, documentaries, the news, personal identity, and media imaging.
3 CREDITS; 1 LECTURE AND 4 STUDIO HOURS PER WEEK

PH 461 — MULTIMEDIA PORTFOLIO
Prerequisite: PH 451
Graduating students assemble a professional-quality, digitally processed electronic and printed portfolio of imagery from thematic work produced during the sixth, seventh, and eighth semesters.
3 CREDITS; 1 LECTURE AND 4 STUDIO HOURS PER WEEK

PH 471 — DIGITAL MEDIA TECH. II
Prerequisites: PH 371 and PH 372
Students study various forms of state-of-the-art lighting techniques used for digital high-end photography. Lighting for the specific commercial areas of still life, portrait/fashion, architecture/interior, jewelry, and corporate/industrial will be demonstrated and studied.
2 CREDITS

PH 491 — RESEARCH FOR SENIOR DESIGN PROJECT
Prerequisites: PH 341 and PH 342
This course assists students in developing a thesis proposal for the creation of a multimedia portfolio. Students research a chosen area of study and learn how to effectively plan and organize multimedia projects to be used in their senior design projects.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

PH 492 — SENIOR DESIGN PROJECT
Prerequisite: PH 491
Students prepare a capstone project resulting from the senior design project research completed in the prior semester. The course culminates in a multimedia presentation to faculty, mentors, and invited professionals and Advisory Board members for critique.
2 CREDITS; 4 STUDIO HOURS PER WEEK

PH 499 — INDEPENDENT STUDY IN PHOTOGRAPHY
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean
VARIABLE CREDITS (3 CREDITS MAXIMUM)

Packaging Design

PK 211 — INTRODUCTION TO PACKAGING DESIGN
Prerequisite: (for Communication Design students) CD 171
An introduction to the field of packaging design, covering branding, graphics, materials, technology, and typography. This studio course focuses on design phases from concept to three-dimensional comprehensives, and includes field trips and guest lecturers.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

PK 301 — PACKAGING DESIGN FOR HOME PRODUCTS
Prerequisite: HP 311 or HP 313
Students learn about packaging/brand design specific to home products retailing: brand identity, packaging design systems, and brand design applications throughout the retail environment. The creative process of design and strategic analysis of packaging as a marketing and merchandising tool is explored.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

PK 302 — PACKAGING DESIGN FOR COSMETICS AND FRAGRANCE MARKETING
Prerequisites: CM 311 and CM 341
For Cosmetics and Fragrance Marketing students. This hands-on course introduces the principles of packaging design for cosmetics and fragrance products. Students learn about brand identity, packaging design systems, materials, and the relationship between packaging and cosmetic and fragrance retailing.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

PK 303 — PACKAGING DESIGN FOR ACCESSORIES DESIGN
For Accessories Design students. The packaging and brand design of accessory products is introduced. Through design projects, students learn about brand identity, packaging design systems, the variety of packaging materials, and how packaging affects the product at retail. Guest lecturers discuss how designers create brand identities, develop concepts, make design decisions, and oversee production.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK
PK 313 — ADVANCED PACKAGING DESIGN I
Prerequisite: PK 211
Co-requisites: PK 324 and PK 341
Students learn all aspects of packaging/brand design for food and beverage consumer products. Emphasis is on the packaging/brand design creative process and the application of creative solutions to meet strategic objectives.
4 CREDITS; 2 LECTURE AND 4 STUDIO HOURS PER WEEK

PK 315 — DIGITAL PRE-PRESS FOR PACKAGING DESIGN
This course introduces students to digital mechanical art creation specifically for packaging design. Students learn file management, printing methods, color processes, packaging substrates, and how a packaging design moves from design approval to mechanical art creation.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

PK 316 — ADVANCED PACKAGING DESIGN II
Prerequisite: PK 313
Provides a comprehensive examination of packaging and brand design for health and beauty aids and personal care products. Emphasis is placed on targeting specific consumer markets by developing integrated brand design systems which incorporate graphics and structures.
3.5 CREDITS; 1 LECTURE AND 5 STUDIO HOURS PER WEEK

PK 324 — PACKAGING BRAND DEVELOPMENT
Prerequisite: PK 313
Through hands-on exploration of the brand design development from design strategy, typographic identity to concept development, students learn to conceptualize and implement the branding process quickly and effectively.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

PK 325 — TYPOGRAPHY FOR BRAND PACKAGING
Prerequisite: PK 313
This course is designed to explore all aspects of creative topographic design for brand packaging design. Through assignments, exercises, and lectures, students develop an understanding of how professional designers develop and apply brand identities. Students explore how typographic decision-making and design strategies affect the application of typography for brand packaging design.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

PK 326 — PACKAGING DESIGN INTERDISCIPLINARY PROJECTS
Prerequisite: PK 313
This course offers students the opportunity to work on a diverse array of brand packaging designs for a range of integrated, market-driven assignments. Interdisciplinary teams made up of packaging design students, students in related majors, and industry representatives work together to develop an understanding of the various roles and responsibilities in designing and marketing consumer brands.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

PK 331 — FLEXIBLE PACKAGING
Provides the student with the wide variety of flexible packaging design materials available for today’s designer. New technologies and materials are analyzed with the focus on strategic branding issues as product lines are developed.
3 CREDITS; 6 STUDIO HOURS PER WEEK

PK 336 — PACKAGING MATERIALS AND METHODS
Co-requisite: PK 313
An introduction to the technology and production processes involved in packaging consumer products, including beverages, cosmetics, food, fragrance, household care, personal care, and pharmaceuticals. Through design assignments, students develop an understanding of how technology, materials, and production processes all affect packaging design.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

PK 341 — COMPUTER GRAPHICS FOR PACKAGING DESIGN
Through hands-on interaction, students learn how the Macintosh computer is used in packaging design. Using their typesetting and design knowledge, students learn to work with color-scanned images and illustration software packages to develop two- and three-dimensional design.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

PK 342 — ADVANCED COMPUTER GRAPHICS FOR PACKAGING DESIGN
Prerequisite: PK 341
Co-requisite: PK 316
An advanced hands-on studio using current software programs to manipulate elements and color in order to achieve variants of specific packaging design comprehensives.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

PK 343 — ADVANCED PACKAGING DESIGN III
Prerequisite: PK 316
Emphasizes conceptual and mechanical toy packaging development, introducing students to types of packaging and constructions used in the toy industry. Environmental and safety issues are considered in addition to study of marketing, trends, and consumer motivation.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

PK 412 — ADVANCED PACKAGING DESIGN III
Prerequisite: PK 316
Through extensive research, design analysis, and problem solving, students explore packaging and brand design across an array of retail categories. Students must demonstrate advanced concept development and execution skills, meeting clear strategic objectives.
3.5 CREDITS; 1 LECTURE AND 5 STUDIO HOURS PER WEEK

PK 426 — 3D CONCEPTS FOR PACKAGING DESIGN
Co-requisite: PK 412
An advanced hands-on studio using current software programs to manipulate elements and color in order to achieve variants of specific packaging design comprehensives.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

PK 431 — SUSTAINABLE PACKAGING DESIGN
Co-requisite: PK 412
This course introduces students to the environmental and social issues relating to packaging, and provides them with the knowledge and tools to address these issues in a creative, economical, responsible, and sustainable way.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

PK 451 — SURVEY OF PACKAGING DESIGN
Prerequisite: PK 316
Co-requisite: PK 412
The global, historical, and social aspects of the packaging and brand design industry are researched and analyzed, with an emphasis on current professional practice and methodology.
2 CREDITS
Courses

PK 461 — PACKAGING PORTFOLIO DEVELOPMENT
Prerequisite: completion of all seventh-semester Packaging Design courses
Students refine their portfolios to a highly professional level and design a resume and cover letter in preparation for career placement. Career goals are also assessed.
2.5 CREDITS; 1 LECTURE AND 3 STUDIO HOURS PER WEEK

PK 491 — INTERNSHIP
An unsalaried 14-week internship with a design firm. Completion of a daily diary, a written report on experience, and a portfolio of work are required.
3 CREDITS; 2 CONSECUTIVE DAYS OF INDUSTRY INTERNSHIP PER WEEK

PK 492 — SENIOR PROJECTS IN PACKAGING DESIGN
Prerequisite: PK 412
Co-requisites: PK 461 and PK 491
This capstone course offers senior-level students the opportunity to research and develop design projects in a specific area within the packaging/brand design profession. Two final design projects, demonstrating strategic objectives, creative abilities, knowledge of packaging materials, and presentation skills, are developed for completion of the portfolio.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

PK 499 — INDEPENDENT STUDY IN PACKAGING DESIGN
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean
VARIABLE CREDITS (3 CREDITS MAXIMUM)

Philosophy

PL 141 — INTRODUCTION TO WESTERN PHILOSOPHY
A general introduction to western philosophy covering the existence of God, freedom and determinism, personal identity, death and the question of survival, and cross-cultural understanding. (G7: Humanities)
3 CREDITS

PL 143 — INTRODUCTION TO ASIAN PHILOSOPHIES
Introduces the major philosophies of the Asian world that underlie and shape Eastern cultures. Hinduism, Buddhism, Confucianism, and Taoism are emphasized. (G7: Humanities; G9: Other World Civilizations)
3 CREDITS

PL 211 — INFORMAL LOGIC: A GUIDE TO CLEAR THINKING
Introduction to practical techniques for evaluating, criticizing, and defending arguments using ordinary English. Both deductive and inductive reasoning are considered, and how to recognize fallacies is emphasized. Stresses techniques for producing good arguments of many types. (G7: Humanities)
3 CREDITS

PL 299 — INDEPENDENT STUDY IN PHILOSOPHY
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean
VARIABLE CREDITS (3 CREDITS MAXIMUM)

PL 321 — PHILOSOPHY OF ART
Prerequisite: one semester of History of Art and Civilization
Considers the philosophy of art and the logical structure of criticism. Presents a group of problems arising from description, interpretation, and evaluation of aesthetic objects, with special emphasis on the visual arts. (G7: Humanities)
3 CREDITS

PL 391 — ANCIENT GREEK PHILOSOPHY (HONORS)
Prerequisite: qualification for Presidential Scholars program, or 3.5 GPA with approval of dean for Liberal Arts
A study of the origins and development of philosophy in the West, from Homer and Hesiod to the Hellenistic period. Contributions of Socrates, Plato, and Aristotle are emphasized, and the Greek influence on Roman and Christian philosophy is examined. (G5: Western Civilization; G7: Humanities)
3 CREDITS

PL 431 — PHILOSOPHY: ETHICS
An introduction to philosophy in general and to ethics in particular. Philosophy is presented as an ongoing activity with emphasis on providing students with logical and conceptual tools for dealing with real-life situations. The course is oriented toward the development of the student's ability to use reason to evaluate arguments, particularly ethical arguments. (G7: Humanities)
3 CREDITS

PL 499 — INDEPENDENT STUDY IN PHILOSOPHY
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean
VARIABLE CREDITS (3 CREDITS MAXIMUM)

Patternmaking

PM 111 — INDUSTRIAL METHODS OF DRAPING
The basic draping methods of developing production patterns for the garment industry are taught. This course is offered in English, Chinese, Korean, Russian, and Spanish. ES 023/123 is highly recommended for students enrolling in bilingual sections.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

PM 112 — INDUSTRIAL METHODS OF DRAPING
Prerequisite: PM 111
Further development of patterns executed in muslin is studied. Course is offered in English, Chinese, Korean, Russian, and Spanish. ES 023/123 is highly recommended for students enrolling in bilingual sections.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

PM 121 — PATTERNMAKING: MISSES’ AND WOMEN’S WEAR
Fundamentals of flat patternmaking, covering a variety of slopers, collars, sleeves, and bodice stlyings, are studied. Patterns are proven in muslin. Original slopers are made on measurements taken on the figure. Course is offered in English, Chinese, Korean, Russian, and Spanish. ES 023/123 is highly recommended for students enrolling in bilingual sections.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

PM 122 — PATTERNMAKING: MISSES’ AND WOMEN’S WEAR
Prerequisite: PM 121
Further study of fundamentals of flat patternmaking. Course is offered in English, Chinese, Korean, Russian, and Spanish. ES 023/123 is highly recommended for students enrolling in bilingual sections.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

PM 171 — PATTERN GRADING: MISSES’ AND WOMEN’S WEAR
Prerequisite: PM 121; or for Fashion Design students (AP 111 or FD 111) or (AP 121 or FD 121)
Students apply commercial standards in producing size ranges for misses’ and women’s wear.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK
Courses

PM 221 — COMPUTERIZED PRODUCTION PATTERNMAKING
Prerequisites: PM 122, PM 171, and PM 273, or approval of chairperson
Students learn to use the computer as a tool for production patternmaking and other apparel industry applications. Includes knowledge of hardware, software, and system programming on the Gerber Accumark system to produce a sample production pattern.
3 CREDITS; 2 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

PM 231 — PATTERNMAKING: MISSES’ AND WOMEN’S WEAR
Prerequisites: PM 112, PM 122, and PM 171
Advanced study of misses’ and women’s daytime dresses. Different dresses are drafted.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

PM 232 — PATTERNMAKING: MISSES’ AND WOMEN’S WEAR
Prerequisite: PM 231
Continuation of PM 231, with an emphasis on evening and bridal wear.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

PM 233 — PATTERNMAKING: MISSES’ SPORTSWEAR
Prerequisites: PM 122 and PM 171
Patternmaking for sportswear, including a variety of skirts, jackets, blouses, slacks, jumpers, and culottes, is taught.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

PM 234 — PATTERNMAKING: MISSES’ SPORTSWEAR
Prerequisite: PM 233
Further study of patternmaking for casual sportswear.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

PM 235 — PATTERNMAKING: COATS AND SUITS
Prerequisites: PM 112, PM 122, and PM 171
Students learn patternmaking for all types of coats and suits.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

PM 236 — PATTERNMAKING: COATS AND SUITS
Prerequisite: PM 236
Continuation of PM 236, with special emphasis on a variety of coats.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

PM 237 — PATTERNMAKING: CHILDREN’S WEAR
Prerequisites: PM 112 and PM 122
Basic techniques and industrial practices in patternmaking for toddler, children, and girl size ranges are taught, with an emphasis on woven fabrics.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

PM 238 — PATTERNMAKING: CHILDREN’S WEAR
Prerequisite: PM 122
Basic techniques and industrial practices in patternmaking for toddler, children, and girl size ranges are taught, with an emphasis on knit fabrics.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

PM 239 — PATTERNMAKING: PRODUCTION AND COST
Prerequisites: PM 233 or approval of chairperson
Students assume the roles of manufacturer and retailer to better understand the process of creating a finished fitted garment. They learn the techniques employed by technical staff in order to correct the fit of a garment so it can be mass-produced successfully. Emphasis is on analyzing fit and technical documentation. Computerized specification packages are introduced.
2.5 CREDITS; 1 LECTURE AND 3 LABORATORY HOURS PER WEEK

PM 240 — PATTERNMAKING: GRADE AND MARKER MAKING
Prerequisites: PM 233 or approval of chairperson
Emphasizing apparel industry applications, students learn to use the computer to grade patterns and prepare markers. The system’s hardware and capabilities, as well as programming for the Gerber Accumark system, are covered. Basic computer skills required.
2.5 CREDITS; 1 LECTURE AND 3 LABORATORY HOURS PER WEEK

PM 241 — PATTERNMAKING: CHILDREN’S WEAR
Prerequisites: PM 112 and PM 122
Basic techniques and industrial practices in patternmaking for toddler, children, and girl size ranges are taught, with an emphasis on woven fabrics.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

PM 242 — PATTERNMAKING: CHILDREN’S WEAR
Prerequisite: PM 122
Basic techniques and industrial practices in patternmaking for toddler, children, and girl size ranges are taught, with an emphasis on knit fabrics.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

PM 251 — TECHNICAL DESIGN FOR PATTERN TECHNOLOGY
Prerequisites: AP 141 and (AR 101 or FD 131), and PM 112, PM 122, and PM 171, or approval of chairperson
Introduction to the fundamental concepts and methods of technical design in production development—from concept through production—for apparel and related products. The elements of technical design, technical sketching and documentation, garment specification, fitting, technical communication, and the use of CAD systems in the manufacturing and retail environments are taught, providing a basic knowledge of technical design skills and responsibilities in the industry. Basic computer skills required.
2.5 CREDITS; 1 LECTURE AND 3 LABORATORY HOURS PER WEEK

PM 255 — FIT ANALYSIS AND TECHNICAL DOCUMENTATION
Prerequisite: PM 233 or approval of chairperson
Students assume the roles of manufacturer and retailer to better understand the process of creating a finished fitted garment. They learn the techniques employed by technical staff in order to correct the fit of a garment so it can be mass-produced successfully. Emphasis is on analyzing fit and technical documentation. Computerized specification packages are introduced.
2.5 CREDITS; 1 LECTURE AND 3 LABORATORY HOURS PER WEEK

PM 263 — MARK AND SPREAD
Prerequisites: PM 122 and PM 171
Marker making (using full-scale patterns) and fabric spreading techniques for the apparel industry are examined. The effects of efficient markers on production and garment costing are analyzed. Efficient cutting of complex fabrics, patterns, and sizes for mass production is analyzed.
2 CREDITS; 1 LECTURE AND 2 LABORATORY HOURS PER WEEK

PM 264 — PATTERNMAKING: PRODUCTION AND COST
This course is a study of mass production methods used in the manufacture of garments. Analysis of principles of garment costing and common problems encountered in quality control are examined.
2.5 CREDITS; 2 LECTURE AND 1 LABORATORY HOURS PER WEEK

PM 265 — PATTERN GRADING: MISSES’ AND WOMEN’S WEAR
Prerequisites: PM 122 and PM 171
Further study of body and pattern measurements for the purpose of grading larger and smaller sizes.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

PM 266 — PATTERNMAKING: PRODUCTION AND COST
Prerequisites: PM 233 or approval of chairperson
Students learn to use the computer as a tool for production patternmaking and other apparel industry applications. Includes knowledge of hardware, software, and system programming on the Gerber Accumark system to produce a sample production pattern.
3 CREDITS; 2 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

PM 270 — TECHNICAL DESIGN FOR PATTERN TECHNOLOGY
Prerequisites: AP 141 and (AR 101 or FD 131), and PM 112, PM 122, and PM 171, or approval of chairperson
Introduction to the fundamental concepts and methods of technical design in production development—from concept through production—for apparel and related products. The elements of technical design, technical sketching and documentation, garment specification, fitting, technical communication, and the use of CAD systems in the manufacturing and retail environments are taught, providing a basic knowledge of technical design skills and responsibilities in the industry. Basic computer skills required.
2.5 CREDITS; 1 LECTURE AND 3 LABORATORY HOURS PER WEEK

PM 271 — PATTERN GRADING: MISSES’ AND WOMEN’S WEAR
Co-requisite: PM 263
Further study of body and pattern measurements for the purpose of grading larger and smaller sizes.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

PM 273 — COMPUTERIZED PATTERN GRADING AND MARKER MAKING
Co-requisite: PM 263
Emphasizing apparel industry applications, students learn to use the computer to grade patterns and prepare markers. The system’s hardware and capabilities, as well as programming for the Gerber Accumark system, are covered. Basic computer skills required.
3 CREDITS; 2 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

PM 275 — COMPUTERIZED PATTERN-GRADING AND MARKER-MAKING FOR LECTRA
Prerequisites: PM 233 or approval of chairperson
Through hands-on experience, students learn to use the Diamino, Lectra Modaris, and Vigiprint software programs to grade production patterns and prepare markers. By using the CAD system, they learn to digitize, plot, modify patterns, manipulate markers, and manage file information. The system’s hardware and software capabilities are addressed, emphasizing apparel industry applications. Basic computer skills required.
2.5 CREDITS; 1 LECTURE AND 3 LABORATORY HOURS PER WEEK
Science

*A R I T H M E T I C  P R O F I C I E N C Y* is a requirement for the AAS degree. Based on the arithmetic placement test, a student who shows need for improvement in arithmetic may be required to enroll in either MA 001 or MA 002 or in a math independent learning program (MD 008) before registering for classes that have arithmetic proficiency as a prerequisite. Arithmetic proficiency may also be demonstrated by a qualifying score on the mathematics portion of the SAT or ACT, or by transfer credit in college algebra, quantitative methods, pre-calculus, or calculus, or by a passing grade in an equivalent developmental mathematics course offered at another accredited college or university.

SC 032 — COLOR SCIENCE LABORATORY
Prerequisite: arithmetic proficiency*
Co-requisite: SC 332
This lab offers a hands-on opportunity to learn about the various topics covered in SC 332. State-of-the-art equipment is used to perform spectrophotometric and colorimetric analysis of samples prepared using paints, dyes, filters, colored lights, and colored papers to explore the relationship between color and light, the principles of additive and subtractive color mixing, and instrumentation-based color matching.
1 CREDIT; 2 LABORATORY HOURS PER WEEK

SC 045 — GENERAL AND ORGANIC CHEMISTRY LABORATORY
Prerequisite: arithmetic proficiency*
Co-requisite: SC 145
Stresses fundamental laboratory techniques. Experiments illustrate and reinforce principles presented in lectures. Organic compounds are prepared. Dyes and synthetic fibers are included where possible.
1 CREDIT; 2 LABORATORY HOURS PER WEEK

SC 046 — BASIC CHEMISTRY FOR COSMETICS AND FRAGRANCES LABORATORY
Prerequisite: arithmetic proficiency*
Co-requisite: SC 146
This lab offers students a hands-on opportunity to learn about the fundamental techniques and methods of the chemistry laboratory as they relate to the various topics covered in SC 146.
1 CREDIT; 2 LABORATORY HOURS PER WEEK

SC 111 — INTRODUCTION TO THE PHYSICAL SCIENCES
Prerequisite: arithmetic proficiency*
Not open to students who have taken SC 112. Presents basic principles of chemistry, physics, and earth and space sciences with emphasis on understanding the physical world. Includes theoretical concepts as well as applications. Illustrated by suitable lecture demonstrations.
(G3: Natural Sciences)
3 CREDITS

SC 112 — EARTH SCIENCE
Prerequisite: arithmetic proficiency*
Not open to students who have taken SC 111. The historical development, current research, and fundamental principles associated with meteorology, geology, and astronomy are studied. Trips to research and field sites are included. (G3: Natural Sciences)
3.5 CREDITS; 3 LECTURE AND 1 LABORATORY HOURS PER WEEK

SC 121 — INTRODUCTION TO BIOLOGICAL SCIENCE
Prerequisite: arithmetic proficiency*
Not open to students who have taken SC 122. Examines the fundamentals of biology with emphasis on molecular, cell, and organismal biology. Biotic diversity, evolution, and genetics are also presented. (G3: Natural Sciences)
3 CREDITS

SC 122 — FIELD BIOLOGY
Prerequisite: arithmetic proficiency*
Not open to students who have taken SC 121. Covers the major principles of biology by studying organisms and their interrelationships in natural settings. Emphasis is given to habitats within New York City. Laboratory sessions, a weekend field trip, and visits to wildlife refuges, botanical gardens, and parks are included. (G3: Natural Sciences)
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

SC 145 — SURVEY OF GENERAL AND ORGANIC CHEMISTRY
Prerequisite: arithmetic proficiency*
Co-requisite: SC 045
Develops essential principles of general and organic chemistry, emphasizing a descriptive, rather than mathematical, approach. Provides an awareness of the identities and uses of various chemical compounds. (G3: Natural Sciences)
4 CREDITS

SC 146 — BASIC CHEMISTRY FOR COSMETICS AND FRAGRANCES
Prerequisite: arithmetic proficiency*
Co-requisite: SC 046
Students are introduced to the basic principles of chemistry, with an emphasis on its application to the formulation of cosmetics and fragrances, in order to understand the physical and chemical properties of a range of beauty products. (G3: Natural Sciences)
3 CREDITS

SC 243 — SPECIAL TOPICS IN CHEMISTRY
Prerequisite: SC 145 or equivalent
Selected topics in organic and inorganic chemistry are addressed, with an introduction to polymer chemistry. Special consideration is given to the understanding of chemistry in relation to the conservation of museum objects.
2 CREDITS

SC 253 — ECOLOGY AND ENVIRONMENTAL PROBLEMS
Prerequisite: arithmetic proficiency*
Introduces principles and applications of ecosystem, community, and population ecology, with particular emphasis on the effects of human activities on the natural environment. Current problems in acidification, conservation biology, desertification, global climate change, habitat destruction, ozone depletion, waste management, and pollution are addressed. (G3: Natural Sciences)
3 CREDITS

*See Arithmetic Proficiency on page 276.
SC 299 — INDEPENDENT STUDY IN SCIENCE
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean
VARIABLE CREDITS (3 CREDITS MAXIMUM)

SC 326 — HUMAN NUTRITION
Prerequisite: arithmetic proficiency*
Studies the basic principles of nutritional science, including the relationships between health, disease, and special nutritional requirements. History, fads, and fallacies of nutrition are covered. (G3: Natural Sciences)
3 CREDITS

SC 331 — COLOR SCIENCE AND DIGITAL COLOR REPRODUCTION
Prerequisite: arithmetic proficiency*
Not open to students who have taken SC 332. The basic principles of color science and how they are applied in digital color reproduction are introduced. Students study the psychophysical basis of color perception, the measurement of color, and additive and subtractive color mixing. They learn how color is input into the computer, how the computer manipulates and displays color, and how color is reproduced in output.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

SC 332 — COLOR AND LIGHT
Prerequisite: arithmetic proficiency*
Co-requisite: SC 032
The basic principles of color science, including color measurement and color reproduction, are examined. Emphasis is on the physical basis of color: the relation between color and light, the interaction of light and matter, and the physics of light. Among the topics covered are color vision, color in art and nature, color imaging, light sources, CIE, colorimetric analysis, color matching, and quality control. (G3: Natural Sciences)
3 CREDITS

SC 391 — CRIME SCENE CHEMISTRY
Prerequisite: qualification for Presidential Scholars Program or 3.5 GPA with approval of dean for Liberal Arts, and arithmetic proficiency*
This course explores fundamental concepts in chemistry by examining actual case studies related to criminal activity. Students learn the techniques used by investigators to gather and analyze evidence and data. The laboratory section of the course provides hands-on experience with the techniques used by scientists in the field of forensics chemistry.
4 CREDITS; 3 LECTURE AND 2 LABORATORY HOURS PER WEEK

SC 499 — INDEPENDENT STUDY IN SCIENCE
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean
VARIABLE CREDITS (3 CREDITS MAXIMUM)

Surface Design (See also TD)

SD 101 — EXPERIMENTAL SCREEN-PRINTING
Students experiment in designing with screens and printing on fabric while working in an actual workshop surrounding. Includes screen making, color mixing, and printing techniques.
3 CREDITS; 2 LECTURE AND 2 WORKSHOP HOURS PER WEEK

SD 102 — DECORATIVE PAPERS AND GREETING CARDS
Students design and paint greeting cards and decorative wrapping paper using various media. Card formats include die-cut, pop-up, and French-fold with emphasis on trends and holidays.
3 CREDITS; 2 LECTURE AND 2 STUDIO HOURS PER WEEK
*See Arithmetic Proficiency on page 276.
SD 156 — INTRODUCTION TO DECORATIVE FABRICS
Students learn the fundamental design aspects and technical requirements appropriate for decorative fabrics. Large scale layouts, research sources, and current trending information are utilized in creating original designs for this market.
2 CREDITS; 4 STUDIO HOURS PER WEEK

SD 181 — FUNDAMENTALS OF SCREEN PRINTING
Designs in repeats are printed on various fabrics in actual workshop surroundings. Emphasis on screen printing techniques and design with screens.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

SD 183 — SCREEN PRINTING: T-SHIRTS AND RELATED PRODUCTS
Using modern screen print technology, students create original engineered designs for T-shirts and related products. Color mixing principles and screen printing techniques are taught.
2 CREDITS; 4 STUDIO HOURS PER WEEK

SD 185 — SCREEN PRINTING
For one-year Textile/Surface Design students. Students prepare screens of their designs, mix pigments, and print on fabric in workshop surroundings. Creative design is applied to other methods of textile reproduction.
2 CREDITS; 4 STUDIO HOURS PER WEEK

SD 201 — COLOR ANALYSIS
Comparative analysis of color theories, emphasizing their use in the textile industry. Includes color harmony, psychological associations, optical illusions, experiments, sales appeal and promotion values, current color styling, and terminology. Valuable for textile sales personnel.
2 CREDITS

SD 202 — COLOR TRENDS IN INDUSTRY TODAY
Prerequisite: SD 112 or SD 201 or approval of chairperson
Develops an understanding of color trends in the apparel and home fashions industry for styling and forecasting purposes. Students research and track color trends for specific target markets and learn to present color line concepts.
2 CREDITS

SD 211 — SURFACE DESIGN IN PARIS (SUMMER)
Prerequisite: HA 112
Students learn how to do extensive surface design research while abroad in Paris. Through on-site visits to design studios, galleries, libraries, museums, stores, and trend forecasting companies, students research an area of design interest for hard and/or soft product. Students keep a journal/sketchbook, give weekly oral presentations, and write a paper about the project outcomes of their research.
3 CREDITS

SD 221 — TECHNIQUES FOR PRINTED TEXTILES AND SURFACES
Prerequisite: SD 122 or approval of chairperson
Experimentation in a variety of materials and mixed media, techniques, and textures to create original and simulated designs for apparel and home fashion fabrics. Emphasis on awareness of color impact, current trends, industry standards, and marketability.
3 CREDITS; 6 STUDIO HOURS PER WEEK

SD 224 — COMPUTER-AIDED PRINT DESIGN
Using Adobe Photoshop, students scan images and create original designs, repeats, colorways, and coordinates targeting specific markets. Emphasis is on creative use of the software, awareness of industry trends, and the development of an original portfolio of digitally produced designs.
1.5 CREDITS; 3 COMPUTER LABORATORY HOURS PER WEEK

SD 227 — PAINTING ON FABRIC
Students paint directly on silk, cotton, and synthetic fabrics, using appropriate pigments or dyes for setting colors permanently. Explores use of hand-painted fabrics for home furnishings, fashion, and studio applications.
2 CREDITS; 1 LECTURE AND 2 STUDIO HOURS PER WEEK

SD 228 — TECHNIQUES FOR FASHION FABRICS
Prerequisite: SD 122 or SD 125
Students learn the research, design, and technical skills needed to create textiles for the apparel and home furnishings markets. Emphasis is placed on research methods and experimentation with materials, techniques, and color to create textural effects using a variety of mixed media.
2 CREDITS; 4 STUDIO HOURS PER WEEK

SD 229 — SCREEN PRINT TECHNIQUES FOR FABRIC
Prerequisite: SD 181
Students explore a variety of screen making and imaging techniques in order to have an understanding of aesthetic and experimental printing methods. Emphasis is on surface effects, techniques, layering, and color as they relate to design for fabric. Students present a professional portfolio of their work at the end of the semester.
2 CREDITS; 4 STUDIO HOURS PER WEEK

SD 251 — DECORATIVE FABRICS
Prerequisite: SD 122 or approval of chairperson
The application of print design techniques to designing for home furnishing fabrics and wall coverings using various media. Using professional methods and technical requirements, designs are created for residential, commercial, and industrial spaces.
3 CREDITS; 6 STUDIO HOURS PER WEEK

SD 252 — DECORATIVE FABRICS AND WALLCOVERINGS
Prerequisite: SD 155 or SD 251 or approval of chairperson
Advanced work in home furnishing fabrics and wall covering design, stressing the coordination of patterns. Students also learn how to design sheets, pillowcases, towels, and linens, observing the technical requirements and limitations governing their production.
3 CREDITS; 6 STUDIO HOURS PER WEEK

SD 253 — ADVANCED DECORATIVE FABRICS
Prerequisite: SD 155 or SD 156
Students learn the design and technical skills required in the home furnishings textile industry. Though on-site field trips and research, students explore and analyze design inspiration. The technical aspects of painting, layout, repeat, and color are examined. New layouts, techniques, and colors are also introduced to sensitize students to the needs of home textiles for the interior design industry.
2 CREDITS; 4 STUDIO HOURS PER WEEK
SD 261 — INDUSTRIAL AND STUDIO PRACTICES
Prerequisite: SD 125 or SD 221
Students are brought into contact with industry through lectures, demonstrations, and mill visits. Repeats, color combinations, coordinates, reference pieces, and adaptations are stressed. Special attention is given to the preparation of student portfolios, with an emphasis on professional presentation.
3 CREDITS; 6 STUDIO HOURS PER WEEK

SD 265 — PROFESSIONAL INDUSTRY TECHNIQUES
Prerequisite: SD 125
For one-year Textile/Surface Design students only. Students become more familiar with industry and business practices through lectures, demonstrations, and visits to studios, showrooms, and mills. They further their expertise in color matching and executing color combinations and repeats, with focus on portfolio presentations.
2 CREDITS; 4 STUDIO HOURS PER WEEK

SD 271 — TEXTILE/SURFACE DESIGN USING ADOBE ILLUSTRATOR (FORMERLY SD 371)
Prerequisite: SD 224
Students learn to use Adobe Illustrator for application to textile and surface design and gain proficiency in working between Adobe Illustrator and Adobe Photoshop. Target markets and the creative use of software for portfolio development is emphasized.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LAB HOURS PER WEEK

SD 281 — PRINTING FOR FABRICS
Students prepare screens for designs, mix pigments, and print on fabric in actual screen printing workshop surroundings. Creative design is applied to other methods of textile reproduction.
3 CREDITS; 6 WORKSHOP HOURS PER WEEK

SD 282 — SCREEN PRINTING
Prerequisite: SD 185 or SD 281
Advanced work in printing techniques with emphasis on experimental methods. Long table printing using large screens.
3 CREDITS; 6 WORKSHOP HOURS PER WEEK

SD 299 — INDEPENDENT STUDY IN SURFACE DESIGN
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean
VARIABLE CREDITS (3 CREDITS MAXIMUM)

SD 303 — SCREEN PRINTING WITH TYPOGRAPHIC IMAGERY
Prerequisites: CD 322 and GD 312
For Graphic Design students. The process and possibilities of screen printing as a medium of expression and reproduction are explored. Students focus on computer-generated typographic imagery and the effects of manipulation through this process.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

SD 311 — LACE AND EMBROIDERY DESIGN
Application of design principles to the needs of the lace and embroidery industry. Study of the technical requirements for and creation of original designs for machine reproduction of Bonnaz, Schiffli, Swiss-handloom, and other types of lace and embroidery.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

SD 321 — ADVANCED HAND SCREEN PRINTING FOR PORTFOLIO DEVELOPMENT
Prerequisite: SD 185 or SD 229
This course explores advanced methods of developing repeats and printing techniques for long table fabrics. Students choose a market and produce a line of fabrics for a specific client while developing personal style and professionalism in a modern screen printing environment. Autographic as well as digitally produced positives may be used to produce large screens that will be printed in repeat and in multiple color ways.
2 CREDITS; 4 STUDIO HOURS PER WEEK

SD 351 — SURFACE DESIGN: PAPER PRODUCTS
Learning to design products for tabletop, students produce print designs, shopping bags, playing cards, and tissue boxes. The uniqueness of designing for paper products is emphasized.
2 CREDITS; 4 STUDIO HOURS PER WEEK

SD 421 — FASHION PRINTS/APPAREL
Prerequisite: SD 261
New aspects of designing for fashion fabrics are explored. Introduces engineered prints using a variety of media emphasizing industry standards.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

SD 451 — SURFACE DESIGN: PRINT MEDIA GRAPHICS
Explores graphic design concepts for dinnerware, tabletop, and related products with special emphasis on the needs of industry and the marketplace.
2 CREDITS; 4 STUDIO HOURS PER WEEK

SD 461 — PORTFOLIO COLLECTION
Preparation of a professional portfolio collection inspired by research and influenced by market trends. Students’ collections include coordinated designs for fashion, home, contract or product, incorporating printed, woven, fiberart, knit, and CAD applications.
3 CREDITS; 6 STUDIO HOURS PER WEEK

SD 462 — FASHION PRINTS/APPAREL
Prerequisite: SD 421
Preparation of a professional portfolio collection inspired by research and influenced by market trends. Students’ collections include coordinated designs for fashion, home, contract or product, incorporating printed, woven, fiberart, knit, and CAD applications.
2 CREDITS; 4 STUDIO HOURS PER WEEK

SD 471 — ADVANCED CAD WITH ADOBE PHOTOSHOP AND FASHION STUDIO
Prerequisite: SD 224
Students develop advanced skills in Adobe Photoshop applied to surface design. Fashion Studio software is incorporated into the course, with the objective of designing product for a global marketplace using current trend information.
1.5 CREDITS; 3 COMPUTER LABORATORY HOURS PER WEEK

SD 481 — SCREEN PRINTING: SCARVES
Studies the requirements, limitations, and possibilities of designs for scarves. Students prepare screens, mix colors, and print a variety of fabrics with emphasis on techniques and fashion trends.
2 CREDITS; 4 STUDIO HOURS PER WEEK

SD 499 — INDEPENDENT STUDY IN SURFACE DESIGN
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean
VARIABLE CREDITS (3 CREDITS MAXIMUM)
Spanish

SP 111 — SPANISH I
This introductory course enables students with no background in Spanish to communicate with Spanish-speaking people. The basic skills of speaking, reading, and writing in Spanish are established and the cultures where Spanish is spoken are introduced. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language)
3.5 CREDITS; 3 LECTURE AND 1 LABORATORY HOURS PER WEEK

SP 112 — SPANISH II
Prerequisite: SP 111 or equivalent
Students expand upon the skills established in Spanish I and continue to study the cultures where Spanish is spoken. Teacher-instructed multimedia language laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language)
3.5 CREDITS; 3 LECTURE AND 1 LABORATORY HOURS PER WEEK

SP 122 — SPANISH CONVERSATION I
Prerequisite: SP 111 or equivalent
Conducted in a Spanish-speaking country, students learn to converse in Spanish by emphasizing interaction in real-life situations. Functional and practical verbal communications are addressed, with a focus on the cultures where Spanish is spoken. Course also taught abroad during the Winterim session and in July.
3 CREDITS

SP 132 — SPANISH IN SANTIAGO DE COMPOSTELA
Prerequisite: SP 112 or equivalent
Provides an opportunity for total immersion in Spanish and for developing an awareness of the people, customs, and cultures of traditional Spain. Continuation of the practice, development, and use of the basic spoken and written structures of contemporary Spanish. Emphasis is placed on immediate active use of the language. Field trips fulfill the lab component of this course.
(G8: Foreign Language)
3.5 CREDITS; 4 DAYS PER WEEK FOR FOUR WEEKS IN JULY

SP 141 — SPANISH FOR SPANISH SPEAKERS I
For Spanish-speaking students who wish to improve their skills in Spanish in order to be competitive in the job market as bilinguals. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language)
3.5 CREDITS; 3 LECTURE AND 1 LABORATORY HOURS PER WEEK

SP 142 — SPANISH FOR SPANISH SPEAKERS II
Prerequisite: SP 141 or equivalent
Spanish-speaking students build on and refine their communications skills and cultural knowledge acquired in SP 141. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language)
3.5 CREDITS; 3 LECTURE AND 1 LABORATORY HOURS PER WEEK

SP 213 — SPANISH III
Prerequisite: SP 112 or equivalent
This intermediate course is designed to review and refine students’ communication skills in Spanish. Supplementary reading materials (including poetry, short stories, and magazine and newspaper articles), films, and videos further the students’ knowledge of the cultures where Spanish is spoken. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language)
3.5 CREDITS; 3 LECTURE AND 1 LABORATORY HOURS PER WEEK

SP 214 — SPANISH IV
Prerequisite: SP 213 or equivalent
Building on Spanish III, students refine their communication skills in Spanish. More advanced supplementary reading materials (including poetry, short stories, and magazine and newspaper articles), films, and videos further the students’ knowledge of the cultures where Spanish is spoken. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language)
3.5 CREDITS; 3 LECTURE AND 1 LABORATORY HOURS PER WEEK

SP 215 — SPANISH FOR BUSINESS
Prerequisite: SP 141 or SP 213 or equivalent
Conducted entirely in Spanish, this course prepares students for successful communication in the Hispanic business world by building on their existing knowledge of Spanish and emphasizing its practical, real-life use. Students are introduced to technical vocabulary and cultural concepts for expressing basic economic ideas and conducting business. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom. (G8: Foreign Language)
3.5 CREDITS; 3 LECTURE AND 1 LABORATORY HOURS PER WEEK

SP 223 — SPANISH CONVERSATION II
Prerequisite: SP 112 or equivalent
Conversational ability in Spanish is further developed and refined by emphasizing interaction in real-life situations. Advanced functional and practical verbal communications are addressed with a focus on the cultures where Spanish is spoken.
3 CREDITS

Social Sciences

SS 131 — GENERAL PSYCHOLOGY
Principles of psychology and their application to general behavior are presented. Stresses the scientific method in understanding learning, perception, motivation, emotion, personality development, and the social influences on human behavior. (G4: Social Sciences)
3 CREDITS

SS 141 — MACROECONOMICS
Introduction to basic principles and characteristics of economic systems. Primary emphasis is on macroeconomic issues, including national income determination, monetary and fiscal policy, and current economic problems. (G4: Social Sciences)
3 CREDITS

SS 151 — INTRODUCTION TO WORLD AFFAIRS
Examines the contemporary world including changes in Europe, Russia, and the Third World. Explores timely international issues such as nuclear arms, the breakdown of the Soviet Union, and the Israeli-Arab dispute. (G4: Social Sciences; G9: Other World Civilizations)
3 CREDITS

SS 171 — INTRODUCTORY SOCIOLOGY
Study of patterned social behavior and the interrelationships between individual life experience and the social structure that helps to shape it. (G4: Social Sciences)

SS 356 — ASIA IN MOTION: NATIONAL, INTERNATIONAL, AND TRANSNATIONAL RELATIONS
Examines the complexity, diversity, and dynamics of East Asian and Southeast Asian politics. The
course analyzes Asia and its moves toward modernity in terms of politics, economics, and
culture. Topics include modernization, post-World War II political settings, and post-Cold War
regional integration. (G9: Other World Civilizations)
3 CREDITS

SS 374 — CROSS-CULTURAL STUDIES
Prerequisites: two introductory Social Sciences courses (SS 131, SS 141, SS 151, SS 171), or
approval of chairperson
This course provides conceptual and practical knowledge of the societies and cultures,
economies, histories, and institutions of non-Western societies. Special attention is paid to the
distinctive features of Japan and India. Students are introduced to the range and significance of
cultural differences and will be prepared to adapt to these cultural differences as they move into
international arenas. (G4: Social Sciences; G9: Other World Civilizations)
3 CREDITS

SS 376 — CLOTHING AND SOCIETY
Prerequisites: two introductory Social Sciences courses (SS 131, SS 141, SS 151, SS 171), or
approval of chairperson
Examines the development of dress, adornment, and appearance as a nonverbal mode of
communication and explores the meaning of clothing in modern American society.
(G4: Social Sciences)
3 CREDITS

SS 385 — SOCIAL PSYCHOLOGY
Prerequisite: SS 131
Human behaviors such as aggression, prejudice, attraction, attitude formation, conformity,
helping, and group processes are examined with particular emphasis on their current
applications. (G4: Social Sciences)
3 CREDITS

SS 391 — ECONOMIC IDEAS PAST AND PRESENT (HONORS)
Prerequisite: qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean
for Liberal Arts
Traces the rise of major economic philosophies from before Quesnay through Smith, Ricardo,
Marx, Keynes, and beyond. The evolution of broad-scale models of social reality and their
relationships to the times in which economists lived are emphasized. (G4: Social Sciences)
3 CREDITS

SS 392 — PSYCHOPATHOLOGY AND MODERN LIFE (HONORS)
Prerequisite: qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean
for Liberal Arts
Students learn the symptoms, causes, and treatment of psychological disorders and the
contemporary issues facing mental health researchers and practitioners. Psychopathology
is presented as both a scientific and a clinical endeavor that gives students the clearest
understanding of the field. Information from the text and lectures is based on current research,
findings, and different theoretical approaches. (G4: Social Sciences)
3 CREDITS

SS 393 — POLITICS IN THE MIDDLE EAST (HONORS)
Prerequisite: qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean
for Liberal Arts
The most significant issues in Middle Eastern politics are presented in three parts: an examination of
the ethnic, geopolitical, and religious composition of the Middle East; an exploration of issues of
conflict, including the Arab-Israeli dispute and the Persian Gulf War; and a study of the nature of
economic and military cooperation among countries in the Middle East and with other
countries. Topics analyzed include economic development, moves toward democratization,
and regional alliances. (G4: Social Sciences; G9: Other World Civilizations)
3 CREDITS

SS 443 — INTERNATIONAL ECONOMICS
Prerequisites: SS 141 and SS 342
Reviews the origins of modern international economic theory and discusses present patterns of
trade and finance, including the balance of payments and its economic effects, exchange rates,
international commodity agreements, and tariff policies. Includes an analysis of the relationship
between international economics and current U.S. economic problems. (G4: Social Sciences)
3 CREDITS

SS 444 — ECONOMIES OF LATIN AMERICA
Prerequisites: SS 141 and SS 342
The course reviews modern international economic theory and its application to the Latin
American economies. Major topics include trade theory and regulation, industrial policies,
regional trading agreements, and the role of multinational enterprises and financial issues.
Students examine theoretical concepts within the context of the historical and current economic
experiences of Latin America. (G4: Social Sciences; G9: Other World Civilizations)
3 CREDITS

SS 499 — INDEPENDENT STUDY IN THE SOCIAL SCIENCES
Prerequisite: a minimum 3.5 GPA and approval of instructor, chairperson, and dean
VARIABLE CREDITS (3 CREDITS MAXIMUM)

Textile Design (See also SD)

TD 111 — COMPUTER-AIDED DESIGN PRINCIPLES FOR TEXTILE DESIGN
An introduction to the fundamentals of computer-aided textile design. Students use current,
off-the-shelf graphics software to produce original designs, croquis and repeat layouts,
coordinates, and color combinations while exploring color palettes, scale, and proportion. Web
resources, scanning, file management, and printing options are explained, and presentation skills
are emphasized.
1.5 CREDITS; 3 COMPUTER LABORATORY HOURS PER WEEK

TD 131 — WOVEN DESIGN
Introduction to creating woven fabrics on a table hand loom. Students learn basic weaving
techniques, drafting of weaves on paper, and the interrelation of yarns, color, and weave structure
in a fabric design.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK
TD 132 — WOVEN DESIGN  
Prerequisite: TD 131 or approval of chairperson  
Continued creative and experimental application of techniques learned in TD 131. Four-harness table looms are used to explore compound weave patterns and texture.  
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

TD 133 — CAD FOR YARN-DYED WOVEN FABRICS  
Prerequisite: TD 131  
Yarn-dyed patterns are created using a computer-aided design (CAD) program for woven design. Students learn to create checks, plaid structures, and texture patterns for apparel and home furnishings. Colorways and coordinates are explored.  
1.5 CREDITS; 3 COMPUTER LABORATORY HOURS PER WEEK

TD 137 — WOVEN DESIGN  
An accelerated course for one-year students which introduces them to designing woven textiles on table and floor looms. Through planning and executing fabric samples, students learn how fiber, color, and structure are interrelated in woven design.  
3 CREDITS; 6 STUDIO HOURS PER WEEK

TD 231 — WOVEN DESIGN  
Prerequisite: TD 132 or approval of chairperson  
Students weave and draft 8-harness fabric structures and conduct market research to create a collection of woven textiles related to apparel and home furnishings.  
3 CREDITS; 6 STUDIO HOURS PER WEEK

TD 232 — WOVEN DESIGN  
Prerequisite: TD 132 or approval of chairperson  
Students design and weave on an 8-or-more harness floor loom. They create their own professional, coordinated collections for both apparel and interior fabrics and begin cloth analysis.  
3 CREDITS; 6 STUDIO HOURS PER WEEK

TD 233 — WOVEN DESIGN  
Prerequisite: TD 137 or TD 232, or approval of chairperson  
Students research and weave multi-layer complex structures, conduct cloth analysis, and develop a design collection of woven samples for apparel and/or contract markets. Woven designs are created on dobby and computerized looms.  
3 CREDITS; 6 STUDIO HOURS PER WEEK

TD 234 — WOVEN DESIGN  
Prerequisite: TD 231 or approval of chairperson  
Study of piece-dyed and cross-dyed fabrics and color and weave effects. Planning and weaving fabrics for specific end use. Study of dyes and fibers used for developing woven textiles on 8-harness table looms.  
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

TD 236 — COMPUTER-AIDED WOVEN DESIGN  
Prerequisite: TD 233 or TD 234, or approval of chairperson  
This course deals with the transition from planning woven designs on paper to designing on the computer. Students develop designs for 8 to 24 harness looms using computer programs for woven designs.  
1.5 CREDITS; 3 COMPUTER LABORATORY HOURS PER WEEK

TD 237 — EXPERIMENTAL WOVENS  
Prerequisite: TD 131 or TD 137, or approval of chairperson  
Using the standard design tools, a handloom and a computer, students explore the hand, color, weave structure, construction, pattern, and end use of woven fabric. The hands-on aspect of the class encourages creativity, technical development, and exploration of texture and finishes.  
2 CREDITS; 4 COMPUTER LABORATORY HOURS PER WEEK

TD 299 — INDEPENDENT STUDY IN TEXTILE DESIGN  
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean  
VARIABLE CREDITS (3 CREDITS MAXIMUM)

TD 312 — COMPUTER GRAPHICS FOR TEXTILE DESIGN I  
Prerequisite: CG 111  
Introduction to creating artwork on the computer using the U4ia software program, including scanning and cleaning images, original patterns, colorways, repeats, and woven fabrics. Designs are applied to fashion silhouettes for merchandising collections targeting specific markets. Portfolio-quality presentations are produced using digital printouts.  
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

TD 331 — WOVEN DESIGN  
Prerequisite: TD 132  
Introduces multi-harness table and floor looms. Students design and execute fabric for dyeing to understand the reaction of dyes on yarns of different fiber and texture; how to engineer woven fabrics for dyeing; and how to design and weave original fabrics for apparel and home furnishings and present them as coordinated boards.  
3 CREDITS; 6 STUDIO HOURS PER WEEK

TD 332 — ADVANCED WOVEN DESIGN  
Prerequisites: TD 131 and TD 132, or approval of chairperson  
This course introduces students to the research, development, and creation of complex, multi-shaft woven structures. Projects include an in-depth exploration of woven structures and creation of woven design collections based on market trends.  
2 CREDITS; 4 LABORATORY HOURS PER WEEK

TD 353 — TUFTED AND PRINTED RUGS AND CARPETING DESIGN  
Designing of tufted and printed carpeting for custom, commercial, and mass markets. Studies repeats and problems related to repeats in carpets, trends in construction, and color end use, and analyzes application of all types of printing and tufting equipment used in industry. Color coordination for various types of interiors. Guest speakers and field trips are included.  
2 CREDITS; 4 STUDIO HOURS PER WEEK

TD 355 — FIBER TECHNIQUES FOR ART AND DESIGN  
A variety of materials and techniques are used to create wall hangings, sculptural forms, and home furnishings and fashion accessories. Emphasis is on design principles, using new technologies and computer-generated imagery for presentations to architects, interior designers, and the home fashion industry. Guest speakers and field trips are included.  
2 CREDITS; 4 LABORATORY HOURS PER WEEK

TD 372 — DESIGN FOR KNITTED FABRICS I  
Design and development of jersey, rib, interlock, and double-knit fabrics is studied. Students solve problems in adapting designs to machines using wheel, jacquard, and drum mechanisms.  
2 CREDITS; 1 LECTURE AND 2 WORKSHOP HOURS PER WEEK
**Courses**

**Ladies Tailoring**

**TL 111 — LADIES TAILORING I**

Introduces students to the fundamental hand and machine skills. Includes construction processes, assembly procedures, selection of trimmings and notions, fabric cutting, and fabrics. Basic knowledge of sewing is required.

2.5 CREDITS; 1 LECTURE AND 3 LABORATORY HOURS PER WEEK

**TL 112 — LADIES TAILORING II**

Prerequisite: TL 111

Develops skills and techniques necessary to produce ladies’ tailored slacks and vests. Includes construction processes, assembly procedures, selection of trimmings and notions, fabric cutting, and finishes for ladies’ tailored slacks and vests.

2.5 CREDITS; 1 LECTURE AND 3 LABORATORY HOURS PER WEEK

**TL 211 — LADIES TAILORING III**

Prerequisite: TL 112

Employs industrial standards for tailoring ladies’ jackets. Includes construction processes, assembly procedures, selection of trimmings and notions, fabric cutting, and knowledge and working properties of fabrics and finishes for ladies’ tailored jackets.

2.5 CREDITS; 1 LECTURE AND 3 LABORATORY HOURS PER WEEK

**TL 212 — LADIES TAILORING IV**

Prerequisite: TL 211

Employs industrial standards for tailoring ladies’ topcoats or overcoats. Includes advanced construction processes, assembly procedures, selection of trimmings and notions, fabric cutting, and finishes for ladies’ topcoats and overcoats.

2.5 CREDITS; 1 LECTURE AND 3 LABORATORY HOURS PER WEEK

**TD 412 — COMPUTER GRAPHICS FOR TEXTILE DESIGN II**

Prerequisite: TD 312

Advanced use of U4a software with emphasis on woven fabric designs, knits, and tonal prints. Designs are texture-mapped onto garments and home furnishing images for specific markets, resulting in a digital portfolio.

2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

**TD 472 — DESIGN FOR KNITTED FABRICS II**

Prerequisite: TD 372

Designing for circular knitting machines with special emphasis on repeats for patterning mechanisms and the newest yarn technology. Students solve problems in adapting jacquard design to machines using wheel and drum mechanisms.

2 CREDITS; 1 LECTURE AND 2 WORKSHOP HOURS PER WEEK

**TD 491 — INTERNSHIP**

A 12-week internship in industry, scheduled individually for a minimum of ten hours per week. Students have the opportunity to intern in the product design, home furnishings, or apparel industry.

3 CREDITS

**TD 499 — INDEPENDENT STUDY IN TEXTILE DESIGN**

Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean

VARIABLE CREDITS (3 CREDITS MAXIMUM)

**Textile Science**

**TS 015 — TEXTILES FOR PRODUCTION MANAGEMENT LABORATORY**

Co-requisite: TS 115

For Production Management: Fashion and Related Industries students. Provides laboratory study in conjunction with the textile principles learned in TS 115. Physical, chemical, and optical procedures are used to evaluate the properties of a wide range of fabrics.

1.5 CREDITS; 3 LABORATORY HOURS PER WEEK

**TS 111 — FUNDAMENTALS OF TEXTILES**

General study of textile materials with an emphasis on the factors that produce successful fabrics in the marketplace, including fibers, yarns, construction, color, and finish. Characteristics of a wide range of market fabrics are examined.

3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

**TS 114 — TEXTILE FUNDAMENTALS FOR TEXTILE DESIGN I**

Prerequisite: TD 131

For Textile/Surface Design students. Study of textile materials with emphasis on the fundamentals of fiber, yarn, and construction as they affect aesthetics and end-use performance.

3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

**TS 115 — TEXTILES FOR PRODUCTION MANAGEMENT**

Co-requisite: TS 015

For Production Management: Fashion and Related Industries students. Study of textile materials with emphasis on factors of concern to the manufacturer of apparel, including fiber types, construction, and finishes.

3 CREDITS

**TS 116 — KNIT DESIGN PRINCIPLES AND TECHNOLOGY**

Prerequisite: TS 111 or equivalent

In this introductory course, students learn to identify, analyze, design, and document weft-knitted fabrics. The class covers the relationships between knit fabric structures and the technology used to create them. Students create original designs on industrial machinery and on computer patterning workstations.

2 CREDITS; 1 LECTURE AND 2 LABORATORY HOURS PER WEEK

**TS 122 — TEXTILE PRINCIPLES FOR INTERIOR DESIGN**

Prerequisite: TD 131

For Interior Design students. Study of textile materials with emphasis on the fundamentals of fiber, yarn, and construction as they affect aesthetics and end-use performance.

1.5 CREDITS; 3 LABORATORY HOURS PER WEEK

**TS 171 — HI-TECH TEXTILES FOR APPAREL AND ACCESSORIES**

Prerequisite: TS 111 or TS 131 or TS 122 or equivalent, or approval of chairperson

This course takes an analytical approach to advanced textile design applications, focusing on specialized outerwear and high-performance apparel and accessories.

3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK
TS 214 — TEXTILE FUNDAMENTALS FOR TEXTILE DESIGN II
Prerequisite: TS 114
For Textile/Surface Design students. Continues the study of textile materials begun in TS 114. The elements of dyeing, printing, and finishing are examined as they affect the aesthetics and performance characteristics of fabrics. Aspects of textile performance testing are studied in relation to fabric’s end-use suitability.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

TS 236 — STRIP KNITTING DESIGN TECHNOLOGY
Prerequisite: TS 131 or TS 132
Co-requisite: TS 237
For Fashion Design students. Students learn the scope and limitations of the various types of industrial equipment required in the production of strip knit garments. Includes studies in fabric analysis and methods to graphically represent garments and fabric creations for translation by technicians into machine language.
2 CREDITS; 1 LECTURE AND 2 LABORATORY HOURS PER WEEK

TS 237 — DESIGNING FABRIC STRUCTURES FOR STRIP KNIT GARMENTS
Prerequisite: TS 131 or TS 132
Co-requisite: TS 236
For Fashion Design students. Students learn the fundamentals of strip knitting structures and design. Emphasis is on developing the ability to express creativity through the medium of knitting machinery. Students develop and produce their own fabrics on industrial sampling strip knit machinery.
2 CREDITS; 1 LECTURE AND 2 LABORATORY HOURS PER WEEK

TS 261 — INTRODUCTION TO WEFT KNITTING PRINCIPLES
Prerequisite: TS 131 or TS 132
Co-requisites: FD 356 and FF 352
For Fashion Design (knitwear track) BFA students. An introduction to the technical principles of weft knit structures, covering the relationships between stitch formation, fabric construction, yarn selection, and knitting machinery. Emphasis is placed on the creative and practical application of weft knit structures.
3 CREDITS; 1 LECTURE AND 4 LABORATORY HOURS PER WEEK

TS 263 — WEFT KNITTING TECHNOLOGY
Prerequisite: TS 111
For Menswear students. Covers a wide range of knit fabric structures used in the menswear fashion industry. Students work with hand knitting and industrial machinery to create designs and to relate these designs to the knitting principles involved.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

TS 331 — INTRODUCTION TO KNITTING PRINCIPLES
Prerequisite: TS 131 or TS 132
Students learn to identify, analyze, and design various weft knit fabrics. Provides an understanding of the relationship between fabric structure, yarn type, stitch formation, and machine type. Students design and produce original fabric on hand or power machines.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

TS 341 — SURVEY OF TEXTILE PRINTING TECHNOLOGY
Prerequisite: TS 214 or approval of chairperson
Survey of the rudiments of commercial textile printing to establish a basic common communications link between designer/stylist and production. Students use their own original design concepts for case-study lessons in feasibility.
2.5 CREDITS; 2 LECTURE AND 1 LABORATORY HOURS PER WEEK

TS 361 — KNIT FABRICS AND MACHINES
Prerequisite: TS 111 or approval of chairperson
For Production Management: Fashion and Related Industries students. The principles of weft and warp knit fabric structure and production are discussed. Topics include the relationship between fabric structure and machine capability, fabric analysis and development, costing, quality control, and production control. Students work on hand knitting machines to reinforce principles covered in lectures.
4 CREDITS; 2 LECTURE AND 4 LABORATORY HOURS PER WEEK

TS 366 — EXPERIMENTATIONS WITH WEFT KNITTING STRUCTURES AND MACHINERY
Prerequisite: TS 431
Co-requisite: FD 493
For Fashion Design (knitwear track) BFA students. This course summarizes the complex relationship between weft knit structures and the machinery that produces them. Emphasis is placed on functional and aesthetic concerns in full-fashioned garment construction. Students are encouraged to experiment with creative combinations of advanced techniques, expanding their range of expertise.
2 CREDITS; 4 LABORATORY HOURS PER WEEK

TT 024 — PRODUCT DEVELOPMENT AND MARKETING APPLICATIONS: WOVENS LABORATORY
Prerequisite: TS 111 or approval of chairperson
Co-requisite: TT 324
Students study end uses for woven fabrics, research and identify market applications, and develop commercially viable fabrics based on styling concepts and specifications.
2 CREDITS; 4 LABORATORY HOURS PER WEEK

TT 033 — WARP KNITTED FABRIC STRUCTURES LABORATORY
Co-requisite: TT 433
Laboratory portion of TT 433. Students design and develop warp knitted fabrics based on market applications using industry specifications, communication techniques, and styling practices.
1 CREDIT; 2 LABORATORY HOURS PER WEEK
TT 038 — PRODUCT DEVELOPMENT AND MARKETING APPLICATIONS: WEFT KNITS LABORATORY
Prerequisite: TS 111 or approval of chairperson
Co-requisite: TT 338
Students design and develop weft knitted fabrics based on market applications using industry specifications, communications techniques, and styling practices.
2 CREDITS; 4 LABORATORY HOURS PER WEEK

TT 054 — TEXTILE QUALITY ASSURANCE LABORATORY
Prerequisite: TS 111 or equivalent, or approval of chairperson
Co-requisite: TT 454
Standardized textile testing procedures are examined and performed on a variety of fabrics to determine suitability for end-use performance.
1.5 CREDITS; 3 LABORATORY HOURS PER WEEK

TT 161 — SWEATER KNITTING TECHNOLOGY AND DESIGN I
Prerequisite (for Fashion Design BFA students): TS 331
Principles of design and development of fashioned and full-fashioned knit garments, and capabilities and limitations of flat knitting machines. Students analyze samples, design and lay out samples for various types of flat knitting equipment, and knit fabrics on the laboratory knitting machines.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

TT 173 — COMPUTER APPLICATIONS FOR TEXTILE DEVELOPMENT
Develop introductory Macintosh computer skills applicable in the textiles industry, including word processing, spreadsheets, graphics, statistics, and databases, as well as weaving and knitting technology.
2 CREDITS; 4 COMPUTER LABORATORY HOURS PER WEEK

TT 174 — COMPARATIVE FABRIC STRUCTURES
Prerequisite: TS 111 or TS 131 or TS 132, or approval of chairperson
Within the context of potential end use, students are taught how to compare, categorize, and describe major textile structures. The course presents an overview of principles that define structural design and demonstrates how designs can be modified through styling. Emphasis is on identifying and evaluating cost/benefit factors and designing for utilitarian performance properties.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

TT 235 — COMPUTER-ASSISTED KNIT DESIGN
Prerequisite: TT 161 or approval of instructor
Presents principles of computer programming needed for producing sweater strip designs. A hands-on approach is used so that students may experience the entry of knitting data into a computerized pattern preparation system, and use the computer output for knitting their designs on computer-controlled knitting equipment. Includes various structures such as two- and three-color jacquard, pointelles, racked designs, and links jacquards.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

TT 247 — APPLIED COLOR TECHNOLOGY AND TEXTILE STYLING
Prerequisites: TS 111 or TS 131 or TS 132, and SC 032/332, or approval of chairperson
The visual and physical interaction of colors relative to commercial textile design and style structures is considered as are cost, performance, and marketing. Course includes discussion and use of specialized computer software for all phases of color development and shade matching.
2 CREDITS; 1 LECTURE AND 2 LABORATORY HOURS PER WEEK

TT 273 — THE TEXTILE INDUSTRY: A HISTORICAL SURVEY
Outlines origins of the American textile industry, with an analysis of the combined influences of evolving technologies and the development of marketing techniques. Views textile production as a dynamic system predicated on several established concepts, and current industry conditions are examined in terms of this system. A comparative analysis of modern industry with its antecedents is provided.
2 CREDITS

TT 299 — INDEPENDENT STUDY IN TEXTILE DEVELOPMENT AND MARKETING
Prerequisites: a minimum 3.5 GPA and approval of instructor, chairperson, and dean
VARIABLE CREDITS (3 CREDITS MAXIMUM)

TT 301 — TEXTILE APPLICATIONS
Students study textile-based consumer goods from a raw materials perspective. Product design concepts are identified in terms of functional utility, aesthetic requirements, and target price points. Design data are used to determine fiber, yarn, fabric structure, and finishing systems best suited to developing successful products.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

TT 312 — TECHNOLOGY AND MARKETING OF YARNS
Styling techniques for yarn development are examined in relation to specific end uses within the apparel and home furnishings markets.
2 CREDITS

TT 313 — TEXTILE FIBERS
Prerequisite: TS 111 or TS 122 or TS 131 or TS 132
Studies the role of textile fibers in the design, styling, and marketing of textile products. Aesthetics, performance, and cost/price relationships are emphasized.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

TT 324 — PRODUCT DEVELOPMENT AND MARKETING APPLICATIONS: WOVENS
Prerequisite: TS 111 or approval of chairperson
Co-requisite: TT 024
Examines the relationship between end-use applications and woven fabrics. Design concepts are considered from the perspectives of both woven structure and styling. Students learn identification methods and analysis techniques using existing fabrics.
3 CREDITS

TT 338 — PRODUCT DEVELOPMENT AND MARKETING APPLICATIONS: WEFT KNIT
Prerequisite: TS 111 or approval of chairperson
Co-requisite: TT 038
Through analysis techniques and market research, students identify the physical and aesthetic characteristics of weft-knitted fabrics. Design parameters that affect aesthetics, performance, and cost are studied.
2 CREDITS

TT 342 — DYING AND COLOR TECHNOLOGY
Prerequisite: TS 111 or approval of chairperson
Studies the enhancement of textile products through the application of color. Primary emphasis is on commercial textile dyeing and its relationship to fashion colors, application procedures, quality, and marketing principles.
3 CREDITS; 2 LECTURE AND 2 LABORATORY HOURS PER WEEK

</thead>
<tbody>
<tr>
<td>TT 361</td>
<td>TECHNICAL STYLING: TEXTILES</td>
<td>3</td>
<td>The differentiation between the structural design of textile materials and technical styling is examined. Students focus on commercial styling techniques used to develop yarns and fabrics for specific end-use applications.</td>
</tr>
<tr>
<td>TT 433</td>
<td>WARP KNITTED FABRIC STRUCTURES</td>
<td></td>
<td>Through market research, students identify the physical and aesthetic requirements for warp knitted fabrics. Design parameters that affect aesthetics, performance, and cost are studied. Analysis techniques are taught to enable students to identify and modify various warp knit structures.</td>
</tr>
<tr>
<td>TT 446</td>
<td>TEXTILE FINISHING TECHNOLOGY</td>
<td>1</td>
<td>Presents the aesthetic and functional values of textile finishing. Finishing methods and their feasibility with respect to appearance, performance expectations, quality, and effect on hand are covered. Emphasis is placed on finish practicality, quality, and longevity.</td>
</tr>
<tr>
<td>TT 454</td>
<td>TEXTILE QUALITY ASSURANCE</td>
<td>1</td>
<td>A study of the physical, chemical, optical, and colorfastness determination test methods, which are required to evaluate fabrics for specific end-use performance and in-process quality control.</td>
</tr>
<tr>
<td>TT 471</td>
<td>TECHNOLOGY AND MARKETING OF PRINTED TEXTILES</td>
<td>2</td>
<td>Students study the marketing practices as well as the technical considerations of commercially accepted print processes and products. Color palettes, design repeat limitations, and marketing strategies for end-use applications in the apparel and home furnishings industries are emphasized.</td>
</tr>
<tr>
<td>TT 472</td>
<td>HI-TECH TEXTILES</td>
<td>2</td>
<td>Examines the marketing of hi-tech fabrics. Product applications, major suppliers, technological trends, distribution channels, and industry/government standards are studied. Product development is discussed.</td>

<tr>
<td>TT 474</td>
<td>TEXTILES: DOMESTIC AND INTERNATIONAL MARKETS</td>
<td>3</td>
<td>The American textile complex is examined as an interactive player in a global network of suppliers, production centers, and distribution markets. Primary emphasis is on a study of the international market forces that affect both domestic and off-shore textile product development.</td>
</tr>
<tr>
<td>TT 475</td>
<td>TEXTILE MARKETING</td>
<td>3</td>
<td>Studies the textile industry and how its various products are marketed. Case studies involving both fiber producers and textile mills are analyzed. Students examine both the domestic and international textile marketplaces.</td>
</tr>
<tr>
<td>TT 476</td>
<td>TEXTILE PROJECT DEVELOPMENT</td>
<td>3</td>
<td>Provides students with a realistic view of the production of a commercially marketable fabric line. Understanding of artistic inspiration, timing, manufacturing, and costing decisions are necessary for successful completion of the final project.</td>
</tr>
<tr>
<td>TT 477</td>
<td>TEXTILE CONVERTING AND COSTING</td>
<td>3</td>
<td>Studies the principles and practices in purchasing yarn and greige goods for conversion to fashion fabrics. Domestic and global sourcing systems as well as costing procedures are examined.</td>

</table>
TY 321 — DRAWING FOR TOY DESIGN
Co-requisites: TY 311 and TY 322
Development of drawing and rendering skills as the primary tools for conceptual and visual presentation of three-dimensional toy designs.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

TY 322 — MARKER RENDERING
Co-requisites: TY 311 and TY 321
Develops the professional techniques of executing toy design renderings for presentation.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

TY 323 — BASIC DRAFTING FOR PRODUCT DESIGN
Co-requisite: TY 351
Establishes basic understanding of mechanical drawing fundamentals and its application to toy design.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

TY 325 — COMPUTER-AIDED ADVANCED DRAFTING FOR PRODUCT DESIGN
Prerequisite: TY 323
Students develop advanced techniques by learning to use the computer as a design and drafting tool. Through demonstrations and in-class assignments, they integrate drafting knowledge with working in a digital environment.
1.5 CREDITS; 3 COMPUTER LABORATORY HOURS PER WEEK

TY 331 — MODEL-MAKING I
Prerequisites: TY 311 and TY 323
Introduces the process of translating two-dimensional renderings into finished models in clay, wood, styrofoam, or thermoplastics. Vacuum-forming, fabricating, machining, and finishing techniques are presented.
2 CREDITS; 4 STUDIO HOURS PER WEEK

TY 342 — COMPUTER GRAPHICS IN TOY DESIGN
Prerequisite: TY 322
Students explore the computer as a tool for the presentation, refinement, and most importantly, the stimulation of creative design ideas. The fundamental principles of the two-dimensional bitmap and vector-based graphics using Adobe Photoshop and Illustrator on the Macintosh computer system are introduced.
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

TY 351 — PRODUCT MATERIALS AND SAFETY CONSIDERATIONS
Co-requisites: TY 311 and TY 323
Study of the materials, machinery, and methods used to manufacture plastic and non-plastic toys that meet specific design requirements, safety standards, and durability tests cost-effectively.
2 CREDITS

TY 362 — THE TOY INDUSTRY: AN OVERVIEW
Co-requisite: TY 311
Introduces scope of the toy industry through its history and development. Provides understanding of the industry’s organizational structure, toy categories, marketing techniques, and specific nomenclature. Presentations are made by major toy company executives and retailers.
1 CREDIT; 2 WORKSHOP HOURS PER WEEK

TY 411 — TOY DESIGN II AND PRODUCT UPDATE
Prerequisites: TY 311 and TY 325
Advanced methods for generation of toy design ideas. Emphasizes areas of new toy creation, line extension, and licensing. (G6: Arts)
2 CREDITS; 4 STUDIO HOURS PER WEEK

TY 414 — GAMES
Prerequisites: TY 411, TY 416, TY 417, and TY 431
Game theory and logic are studied and applied to the design of games with special regard to such factors as age, play pattern, three-dimensional skills, action, strategy, and psychology. Emphasizes the successful execution and presentation of game concepts.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

TY 415 — DOLL DESIGN
Prerequisite: TY 313 or approval of associate chairperson
Examines the various stages in the development of a prototype from concept to three-dimensional model. Cost factors, product positioning, fashion trends, methods of doll decoration, and industry safety standards are addressed.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

TY 416 — HARD TOY: DESIGN
Prerequisites: TY 311, TY 325, TY 331, and TY 351
Co-requisite: TY 417
The design component of creating hard toys, this course offers students the experience of designing toys from among the major toy categories. Drawing and presentation are stressed as an integral part of the product development process, underscoring the importance of the relationship between form and function. (G6: Arts)
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

TY 417 — HARD TOY: ENGINEERING
Prerequisites: TY 311, TY 325, TY 331, and TY 351
Co-requisites: TY 416 and TY 431
The engineering component of creating hard toys, this course offers students the experience of designing toys from among the major toy categories. The technical aspects of toy product development are stressed, helping students give form to their concepts while meeting standard manufacturing criteria.
1.5 CREDITS; 3 COMPUTER LABORATORY HOURS PER WEEK

TY 418 — LICENSED PRODUCT DESIGN
Prerequisites: MK 301, TY 311, TY 313, TY 325, TY 331, and TY 342
Providing a link between the creative ideas generated by students and the realities of the toy industry, this course introduces the licensed product category. Students build upon character ideas developed in previous courses to reconceptualize them in the context of licensed product.
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

TY 431 — MODEL-MAKING II
Prerequisites: TY 331 and TY 351
Co-requisites: TY 416 and TY 417
Advanced study of toy model-making techniques and equipment. Working from individual concept sketches, students refine model-making skills by producing their own finished prototypes.
2 CREDITS; 4 STUDIO HOURS PER WEEK
**TY 442 — ADVANCED COMPUTER GRAPHICS IN TOY DESIGN**  
**Prerequisites:** TY 313, TY 325, and TY 342  
Offered in conjunction with GD 407, this course introduces the principles of three-dimensional computer graphics and digital book design. Students build a three-dimensional model based on their soft toy designs and the character in preparation for inclusion in their digital books.  
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

**TY 443 — INTERACTIVE MEDIA FOR TOY DESIGN**  
**Prerequisites:** GD 407 and TY 442  
Students develop a strong foundation in interactive technologies and how they relate to computer game design using Macromedia Director in order to expand characters designed in the previous semester. Completed assignments involve creation of interactive products using graphics, sound, animation, and programming for CD-ROM.  
2 CREDITS; 1 LECTURE AND 2 COMPUTER LABORATORY HOURS PER WEEK

**TY 461 — BUSINESS PRACTICES FOR THE TOY INDUSTRY**  
**Prerequisites:** TY 351 and TY 411  
Addresses the legal, ethical, and practical considerations involved in selling or licensing a toy design. Topics include patent, trademark, and copyright law; disclosure and licensing agreements; corporate and agency structure.  
2 CREDITS

**TY 462 — PROFESSIONAL PORTFOLIO DEVELOPMENT**  
**Prerequisite:** TY 442  
**Co-requisites:** TY 443 and TY 493  
Students analyze, position, and develop their portfolios for placement in an appropriate venue. A combination of studio work, marketing trend analysis, consultation with industry professionals, and presentation practice guides students toward a focused goal.  
2 CREDITS; 4 STUDIO HOURS PER WEEK

**TY 491 — SUMMER INTERNSHIP: TOY DESIGN**  
**Prerequisites:** TY 311, TY 313, and TY 331  
A summer internship in industry, scheduled individually for a minimum of 160 hours during June and July. Includes a pre- and post-internship seminar. Completion of a daily journal, a written and oral report on the experience, and a portfolio of work is required. Applications must be submitted in spring semester prior to acceptance into program.  
4 CREDITS

**TY 493 — SENIOR PROJECT: DESIGN**  
**Prerequisites:** TY 411, TY 416, TY 417, and TY 431  
The design component of the senior project, this course offers senior students the opportunity to individually design and present products from two of the major toy categories. Demands and restrictions of the toy industry are simulated by industry representatives who present students with actual market criteria.  
1.5 CREDITS; 3 STUDIO HOURS PER WEEK

**Visual Art Management**

**TA 431 — THE BUSINESS OF ART MUSEUM MANAGEMENT**  
Students build a firm knowledge of the business of managing an art museum; namely, how to achieve the institution's mission for the benefit of its diverse constituents. Students complete a group project covering the broad array of support activities that must be considered for the presentation of an exhibition.  
3 CREDITS

**VA 491 — SENIOR SEMINAR: THE MUSEUM EXHIBITION**  
Using a major current exhibition as a case study, students examine the entire process of creating an exhibition. Through readings, field trips, and presentations by art professionals, students track the trajectory of an exhibition, from its original concept to its final, realized form, and gauge the subsequent critical response.

State University of New York

State University of New York’s 64 geographically dispersed campuses bring educational opportunity to virtually all New Yorkers and comprise the nation’s largest comprehensive system of public higher education. Founded in 1948, with the consolidation of 29 state-operated but unaffiliated institutions, the State University has grown to a point where its impact is felt educationally, culturally and economically the length and breadth of the state.

Nearly 367,000 students are pursuing traditional study in classrooms and laboratories or are working at home, at their own pace, through such innovative institutions as the SUNY Learning Network and Empire State College, for over 25 years a leader in non-traditional education, distance learning, and assessment of prior learning. The State University’s students are predominantly New York State residents. They also come from every other state in the United States, from four U.S. territories or possessions, and from more than 160 foreign countries. The University passed a major milestone in the mid-1980s when it graduated its one-millionth alumnus, and currently numbers 1.9 million graduates on its rolls.

The State University enrolls close to 40 percent of all New York State high school graduates, and its total enrollment is just under 370,000 (full-time and part-time). Because of its structure and comprehensive programs, the State University offers students a wide diversity of educational options: short-term vocational/technical courses, certificate programs, baccalaureate degrees, graduate degrees, and postdoctoral studies. The University offers access to almost every field of academic or professional study somewhere within the system—some 5,180 programs of study overall.

As part of the University’s commitment to bring to the students of New York the very best and brightest scholars, scientists, artists, and professionals, the State University’s distinguished faculty is recruited from the finest graduate schools and universities throughout the United States and many countries around the world, and includes nationally and internationally recognized figures in all the major disciplines. Their efforts are regularly recognized in numerous prestigious awards and honors, including the Nobel Prize.

State University’s research contributions are helping to solve some of today’s most urgent problems. At the same time, contracts and grants received by University faculty directly benefit the economic development of the regions in which they are located. State University researchers pioneered nuclear magnetic resonance imaging and the supermarket bar code scanner, introduced time-lapse photography of forestry subjects, isolated the bacteria that causes Lyme disease, and developed the first implantable heart pacemaker. Other University researchers continue important studies in such wide-ranging areas as breast cancer, immunology, marine biology, sickle-cell anemia, and robotics, and make hundreds of other contributions, inventions, and innovations for the benefit of society.

The University’s program for the educationally and economically disadvantaged, consisting of Educational Opportunity Programs (EOP) and Educational Opportunity Centers (EOC), has become a model for delivering better learning opportunities to young people and adults traditionally bypassed by higher education.

The 30 locally-sponsored two-year community colleges operating under the program of the State University offer local citizens programs that are directly and immediately job-related as well as degree programs that serve as job-entry educational experience or a transfer opportunity to a baccalaureate degree at a senior campus.
In 1998, the Governor and the Legislature approved a multi-year, $2 billion capital construction program for the University. This investment in critical maintenance will protect the University’s infrastructure, valued at nearly $11 billion, and enable the University to keep pace with modern technology for the benefit of its students and faculty. As a public university, the State University of New York has a special responsibility to make its rich and varied resources accessible to all.

In 1995, the Board of Trustees developed the document *Rethinking SUNY*, in response to a call from the Legislature for a “multi-year, comprehensive system wide plan to increase cost efficiency.” Underlying *Rethinking SUNY* is the theme of increasing efficiency by empowering campuses to manage directly more of their academic and financial affairs and by eliminating disincentives to the prudent use of campus and system resources.

The University’s economic development services programs provide research, training and technical assistance to the state’s business and industrial community through Business and Industry Centers, the New York State Small Business Development Center, the Strategic Partnership for Industrial Resurgence, Rural Services Institutes, the Trade Adjustment Assistance Center, Technical Assistance Centers, Small Business Institutes, Centers for Advanced Technology, and international development.

State University of New York is governed by a Board of Trustees, appointed by the Governor, which directly determines the policies to be followed by the 34 state-supported campuses. State University of New York has a special responsibility to make its rich and varied resources accessible to all.

The University’s motto is: “To Learn — To Search — To Serve.”

*The Health Sciences Centers at Buffalo and Stony Brook are operated under the administration of their respective University Centers.

**This is an upper-division institution authorized to offer baccalaureate and master’s degree programs.

***These operate as “contract colleges” on the campuses of independent universities.

****While authorized to offer such baccalaureate and master’s degree programs as may be approved pursuant to the provisions of the Master Plan in addition to the associate’s degree, the Fashion Institute of Technology is financed and administered in the manner provided for community colleges.*

Location and Campus Map

The college is located at West 27th Street, between Seventh and Eighth avenues. This midtown location, the center of the fashion industries, is easily reached by every subway, major railroad line, and bus route in the city.

SUBWAYS  28th Street stations of the 1 and the N and R; 23rd Street or 34th Street stations of the A, C, E, and F lines.

RAILROAD LINES  Pennsylvania Station of the Amtrak, New Jersey Transit, and Long Island railroads; Grand Central Station of Amtrak and Metro-North commuter railroads (Harlem, Hudson, New Haven, Port Jervis, and Pascack Valley Lines); 23rd Street and 34th Street PATH Stations.

BUS ROUTES  23rd Street and 34th Street Crosstown; Seventh Avenue and Eighth Avenue buses; Port Authority Bus Terminal at Forty-Second Street, and George Washington Bridge Terminal for New Jersey buses, then via subway or most metropolitan bus lines.

AIRPORTS  For those air travelers who have a choice, we suggest using either Newark or LaGuardia Airport, both of which are much more accessible than Kennedy Airport.

NO ON-CAMPUS PARKING  Though there are parking garages in the neighborhood, there is no on-campus parking.
