FIT: NURTURING UNCONVENTIONAL MINDS

The Fashion Institute of Technology (FIT), a part of the State University of New York, has been an internationally recognized leader in career education in design, fashion, business, and technology for 75 years. Providing an uncommon blend of practical experience and theory on a foundation of arts and sciences, FIT offers a wide range of affordable programs that foster innovation, collaboration, and a global perspective. FIT draws on its New York City location to provide a vibrant, creative environment for learning, exploration, and research. The college offers nearly 50 programs and grants AAS, BFA, BS, MA, MFA, and MPS degrees, preparing students for professional success and leadership in the new creative economy. Visit fitnyc.edu.

History and Mission

FIT was founded in 1944 to prepare men and women for work in the fashion industry as it grew in size and scope. Seven years later, FIT became the second community college of the State University of New York and the first in New York City to grant the Associate in Applied Science degree. As the curricula expanded beyond fashion to include business, communications, and design, the college’s degree offerings also expanded. In 1975, an amendment to the education law of New York State was approved, permitting FIT to confer Bachelor of Fine Arts and Bachelor of Science degrees. Four years later, another amendment authorized the granting of master’s degrees, and the first master’s programs were introduced in 1985.

FIT now offers 48 degree programs in a range of design and business fields, including fashion, that have made New York City their focal point. Students who come to the college to study these specialized programs are goal oriented, setting their sights high in their chosen fields of study. Today, approximately 9,000 US and international students are enrolled in FIT’s diverse curricula, attending classes day and evening, year-round, online and on campus, in New York City, throughout the country, and around the world.

FIT is a public institution, receiving its principal financial support from the State and City of New York. The college is governed by its Board of Trustees, whose members are active professionals committed to developing talent. Local sponsorship comes from the New York City Department of Education in cooperation with the FIT Foundation. FIT is accredited by the Middle States Commission on Higher Education, 3624 Market Street, Philadelphia, PA 19104 (msche.org). The Middle States Commission on Higher Education is an institutional accrediting agency recognized by the U.S. secretary of education and the Council for Higher Education Accreditation. FIT is also accredited by the National Association of Schools of Art and Design (nasad.arts-accredit.org) and the Council for Interior Design Accreditation (accredit-id.org). Eleven degree programs in the Jay and Patty Baker School of Business and Technology are accredited by the Accreditation Council for Business Schools and Programs (acbsp.org).

FIT is firmly committed to creating an environment that will attract and retain people of diverse racial and cultural backgrounds. By providing a learning and working environment that encourages, utilizes, respects, and appreciates the full expression of every individual’s ability, the FIT community fosters its mission and grows because of its rich, pluralistic experience.

FIT is equally committed to prohibiting discrimination in its employment, programs, and activities, whether based on race, color, national origin, sex, gender, gender identity, religion, ethnic background, age, disability, marital status, sexual orientation, military service status, genetic information, pregnancy, familial status, citizenship status (except as required to comply with law), or any other criterion prohibited by applicable federal, state, or local laws. Inquiries regarding the nondiscrimination policy may be directed to the Affirmative Action Officer/Title IX Coordinator, (212) 217-3360, titleix@fitnyc.edu.
FIT'S MISSION
FIT prepares students for professional excellence in the creative economy through rigorous and adaptable academic programs, experiential learning, and industry partnerships. A premier public institution in New York City, FIT fosters innovation, career focus, and a global perspective and educates its students to embrace inclusiveness, sustainability, and a sense of community.

FIT'S VISION
FIT will be globally celebrated as the institution where students, scholars, and teachers cross traditional disciplinary boundaries to stimulate innovation, partner with creative industries worldwide, and develop innovative design and business solutions. By focusing on the three major goals, FIT will become stronger by conscious design and be known as a strategic organization—one that applies available resources to greatest effect to achieve its vision.

1. **Academic and Creative Excellence**
   FIT will provide a rigorous learning experience built on the highest standards of academic and scholarly excellence, an environment that promotes creativity and experimentation, and diverse experiential learning with a variety of industry partners.

2. **An Innovation Center**
   The college will work with industries worldwide to help address key challenges, build an even stronger culture of innovation and entrepreneurship at FIT, and establish collaborations that translate creative ideas into action.

3. **An Empowered Student Community**
   FIT will build an inclusive community in which students engage with, learn from, and inspire one another—discovering how their differences and similarities promote creativity, intellectual and personal growth, and understanding.

Teaching and Learning

FACULTY
FIT’s approach to teaching blends theory and practice, encouraging exploration and research, experiential learning, and openness to new ideas. FIT’s dedicated faculty are drawn from professionals in design, arts, business, and academia, bringing to the classroom insights from their own creative and authoritative work. Courses are structured to foster student-instructor interaction, independent thinking, and self-expression.

LIBERAL ARTS
The School of Liberal Arts and Sciences offers three degree programs and 35 minors. Courses help students acquire knowledge across the humanities, natural sciences, and social sciences, and build critical thinking and communication skills. The school’s Presidential Scholars honors program offers academically accomplished students in all majors an enriched learning environment of rigorous classes and shared scholarly extracurricular activities. Every major in the schools of Art and Design and Business and Technology requires a foundation in Liberal Arts courses.

MINORS
Minors are available through the schools of Liberal Arts and Sciences, Art and Design, and Business and Technology. Minors enrich students’ education by enabling them to broaden their knowledge in an area related to their major, to study across disciplines, or to explore another field of interest. For help in choosing a minor, students should contact the Academic Advisement Center. See Academic Minors for more information.
INDUSTRY ADVISORY BOARDS
Many FIT degree programs are supported by advisory groups, drawn largely from the college’s highly placed alumni. They consult with faculty to keep the curriculum current and industry relevant, arrange field trips, help students identify career options, and work to maintain close ties between FIT and industry.

BEYOND THE CLASSROOM
FIT makes extensive use of New York City’s resources through industry-sponsored competitions, projects, and field trips—real-world opportunities that connect the classroom and the workplace and give students exposure to their industry. Among the many organizations students have worked with: Tommy Hilfiger, Girl Scouts of the USA, Sephora, Carolee, PVH, Soma, and the NFL.

INTERNSHIPS AND CAREER PLACEMENT
Internships can be an essential part of the FIT experience. The college’s extensive internship program provides students with vital experience in a vast array of New York corporate offices, design studios, retail operations, and web-based companies. Sponsors have included American Eagle, Bloomingdale’s, Calvin Klein, L’Oréal, and Saatchi & Saatchi. Nearly one-third of student interns are offered employment after graduation. Job placement services, including career-building workshops and resources, are available to students, and lifetime services are offered to alumni.

Campus and Facilities
FIT’s campus occupies an entire block in Manhattan’s Chelsea neighborhood, an area filled with galleries, shops, cafés, restaurants, and theaters. The campus provides a vibrant, supportive environment for our uncommonly creative community. Campus highlights include the Gladys Marcus Library and the renowned Museum at FIT, which houses one of the world’s most important collections of fashion and textiles. In addition to a range of specialized labs, studios, and technologies geared to FIT’s academic programs, the college offers a full-service dining hall, athletic facilities, and a Barnes & Noble bookstore. Three residence halls are located on West 27th Street, and a fourth is on nearby West 31st Street.

FRED P. POMERANTZ ART AND DESIGN CENTER
Along with the academic and administrative offices of the School of Art and Design, the Pomerantz Center houses display and exhibit design rooms; drawing, painting, photography, printmaking, and sculpture studios; a graphics laboratory; a model-making workshop; and the Katie Murphy Amphitheatre. An innovative new gallery located in the lobby provides exhibition space for the school’s students, faculty, and alumni, as well as outside artists.

PRINTFX AND FABLAB
Room D529, (212) 217-5470
fitnyc.edu/printfx
A professionally staffed digital facility, PrintFX has high-resolution, large-format printers to accommodate poster printing using various papers including fabric, as well as Riso printing and book binding. FabLab services include 3D printing, 3D scanning, laser cutting, vinyl cutting, vacuum forming, and button pin making. The self-service area offers scanning, trimming, and soft proofing.

MARVIN FELDMAN CENTER AND THE BUSINESS AND LIBERAL ARTS CENTER
The Marvin Feldman and Business and Liberal Arts Centers house academic and specialized classrooms, cutting and sewing labs, design studios, a multimedia foreign languages lab, knitting labs, and the Morris W. and Fannie B. Haft Theater. Specialized facilities include the fabrics and findings lab, which replicates the resources and techniques used by working fashion designers. Also located in these buildings are the academic and administrative offices for the Jay and Patty Baker School of Business and Technology and the School of Liberal Arts and Sciences.
PETER G. SCOTISE COMPUTER-AIDED DESIGN AND COMMUNICATIONS CENTER
Room C220, (212) 217-3520

The center enables Art and Design students to explore technology for use in advertising, animation, fashion, interiors, packaging, photography, textiles, and toys. Baker School of Business and Technology students use the labs for patternmaking, textile development, production management, and more. The center is also available to students in the schools of Liberal Arts and Sciences and Graduate Studies and the Center for Continuing and Professional Studies.

The center offers access to both Mac and Windows operating systems, and supports specialized coursework in various programs. Labs are available with peripherals and software applications from Adobe, Apple, AutoDesk, Corel, Dassault Systèmes, Gerber, IBM, JDA, Lectra, NedGraphics, Nemetschek, Pointcarré, Pulse, Stoll, and many others.

DAVID DUBINSKY STUDENT CENTER
This eight-story building offers facilities for both academic and extracurricular activities. These include arts and crafts studios, lounges, the student-run Style Shop boutique, student government and club offices, a radio station, gyms and dance studios, and a state-of-the-art fitness center. Students are encouraged to take advantage of the full range of services and activities offered by Student Life, located on the seventh floor. Also in the center are Health Services, the Counseling Center, Disability Support Services (FIT-ABLE), Educational Opportunity Programs, and Financial Aid Services. The dining hall and Barnes & Noble bookstore are here as well.

Academic facilities in Dubinsky include the Toy Design lab, Jewelry Design studios, the Annette Green Fragrance Foundation Studio, the design/research lighting lab, and a television studio.

SHIRLEY GOODMAN RESOURCE CENTER
The center, on Seventh Avenue, houses the Gladys Marcus Library, The Museum at FIT, and the School of Graduate Studies.

GLADYS MARCUS LIBRARY
(212) 217-4340
fitnyc.edu/library

The Gladys Marcus Library creates a foundation for lifelong learning by teaching research and critical thinking skills that carry students beyond the classroom into careers. The library offers a comprehensive array of research support services both in-person and online. The Research Services Desk offers in person support for course-related and other research needs. One-on-one research appointments are available for tailored help in the format most suited to specific questions. Remote services include live chat, text, and email reference services. FIT librarians offer library instruction sessions that support research for assignments—in person for on-campus courses and remotely for online courses—and other content, such as customized research guides and video tutorials.

The library’s diverse collection is developed to support FIT’s programs. Print, nonprint, and digital resources are available to all members of the FIT community. The library offers a wealth of electronic resources hosted by FIT, the New York State Library, and SUNYConnect. All databases are available remotely, via FIT login, 24 hours a day. The specialized periodicals collection is home to international design and trade publications and includes more than 400 current subscriptions. The library makes available professional-level resources, such as fashion and trend forecasting services, FIT Archive on Demand, and sketch collections. The library hosts a Love Your Library series of events and other programming that are offered throughout the academic year.
The library is located on the fourth, fifth, and sixth floors of the Goodman Resource Center, with the entrance on the fifth. The Research Services Desk, which provides support to students, faculty, and staff, is near the entrance, as is Access Services. The main book collection, study carrels, small group work area, and a quiet study space are also on the fifth floor. The Periodicals Desk, with an extensive print collection of magazines, newspapers, and trend forecasting services, is on the fourth floor. The Library’s Special Collections and College Archives unit (accessible by appointment only) acquires, preserves, and provides universal access to primary research materials.

The central stairway serves as an FIT art gallery. Open lab areas, a maker space, an art resource lab/photography space, and VR stations are on the sixth floor. The library houses multiple instruction classrooms, Mac and PC workstations, printers, scanners, and self-service copiers, and other technology peripherals are all available across the library space.

THE MUSEUM AT FIT
(212) 217-4530
fitnyc.edu/museum

The Museum at FIT is New York City’s only museum dedicated to the art of fashion. Designer Michael Kors calls it “the fashion insider’s fashion museum.” Founded in 1969 by the Fashion Institute of Technology, the museum’s mission is to educate and inspire diverse audiences through innovative exhibitions and public programs that advance knowledge of fashion.

The Museum at FIT has a world-class permanent collection that encompasses more than 50,000 garments and accessories, dating from the 18th century to the present, including 4,000 pairs of shoes. Every year, the museum organizes four fashion exhibitions, two in the Special Exhibitions Gallery, which are accompanied by publications and symposia, and two in the Fashion History Gallery, which is the only venue in the United States to offer a permanent (rotating) display of 250 years of fashion, drawn solely from the museum’s collections. In addition, Gallery FIT is dedicated to student exhibitions.

The Museum at FIT is accredited by the American Alliance of Museums, and its director and chief curator, Dr. Valerie Steele, is a member of the Association of Art Museum Directors. In addition to its exhibitions, the museum organizes an extensive array of specialized classes, tours, and public programs.

All exhibitions and public programs are free to the public, and the museum attracts more than 100,000 visitors a year. Museum hours are Tuesdays through Fridays, noon to 8 pm, and Saturdays, 10 am to 5 pm.

SCHOOL OF GRADUATE STUDIES
(212) 217-4300
fitnyc.edu/gradstudies

FIT offers seven graduate programs. The Master of Arts programs are Art Market Studies; Exhibition and Experience Design; and Fashion and Textile Studies: History, Theory, Museum Practice. The Master of Fine Arts programs are Fashion Design and Illustration. The Master of Professional Studies programs are Cosmetics and Fragrance Marketing and Management and Global Fashion Management. The administrative and faculty offices, classrooms, laboratories, study collections, and research room for the graduate programs are housed on the third, fourth, and sixth floors of the Goodman Center.
RESIDENCE HALLS
FIT’s four residence halls house a total of 2,300 students.

• **Coed Hall:** Offers traditional double and triple accommodations, double apartments, and a limited number of quad apartments.

• **Nagler Hall:** Female-only residence hall offering mainly traditional-style double accommodations (without air conditioning) and a limited number of air-conditioned double and single apartments.

• **Alumni Hall:** Offers quad apartments only.

• **George S. and Mariana Kaufman Hall:** For current/returning FIT students and summer housing for visiting interns. Offers mainly double apartments, with a limited number of triple, quad, and single apartments available.

Alumni Hall, Coed Hall, and Nagler Hall are on the West 27th Street campus. Kaufman Hall is in the nearby Hudson Yards neighborhood; shuttle service to campus is provided. For more information, see Residential Life.

THE CONFERENCE CENTER AT FIT
The Conference Center at FIT features conference and training rooms for industry seminars and workshops. The Conference Center also houses the John E. Reeves Great Hall, a nearly 6,400-square-foot venue for exhibitions, fashion shows, lectures, trade shows, and other large events.

CLERY STATEMENT
The safety and well-being of FIT’s students, faculty, staff, and visitors is of paramount importance. Pursuant to the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, FIT publishes an annual report containing crime statistics and statements of security policy, accessible online at fitnyc.edu/safety/statistics. A paper copy of the report will be provided upon request by contacting Public Safety’s administrative office number at (212) 217-4999.

Alumni of FIT
FIT alumni are found at all levels of today’s global creative economy. They are influential leaders in a range of fields, and they engage in the life of the college to benefit generations of students. They serve as guest lecturers and mentors, internship and scholarship sponsors, and members of department advisory groups. Each new graduate joins this talented, supportive community.

Distinguished FIT alumni include:

• Leslie Blodgett, Creator, bareMinerals
• Fran Boller, Executive Vice President, Nike
• Jesse Carrier and Mara Miller, Interior Designers, Carrier & Company
• Tony Chi, Global Hospitality Designer and Founder, Tonychi
• David Chu, CEO and Creative Director, Georg Jensen, and Founder, Nautica
• Dorothy Cosonas, Creative Director, Knoll Textiles
• Laverne Cox, Actor and LGBTQ Advocate and Activist
• Randy Fenoli, Television Personality (*Say Yes to the Dress*), Bridal Designer, and CEO, Randy Fenoli Enterprises, Inc.
• William Frake, Three-time Emmy Award–Winning Motion Picture Animator
• Nina Garcia, Editor in Chief, *Elle*, and *Project Runway* judge
• Zaldy Goco, Designer for RuPaul
• Norma Kamali, President and Fashion Designer, Norma Kamali, Inc.
• Calvin Klein, Founder, Calvin Klein, Inc.
• Michael Kors, Chief Creative Officer and Honorary Chairman, Michael Kors
• Raymond Matts, Fragrance Designer and Founder, Raymond Matts, LLC; Partner, Invisible Media LLC, and Airavida
• Luke Meier, Co-creative Director, Jil Sander
• Edward Menicheschi, Chief Global Commercial Officer, Hollywood Reporter–Billboard Group
• Bibhu Mohapatra, Fashion Designer
• Robert Rodriguez, Chief Creative Officer, Halston
• Daniel Roseberry, Artistic Director, Schiaparelli
• Ivy Ross, Vice President, Design for Hardware Products, Google
• James Rothwell, Vice President Creative Director, Wunderman
• Ralph Rucci, Fashion Designer and Founder, RR331
• Stephen A. Smith, Sportscaster
• Suzanne Tick, Textile Designer and Founder, Suzanne Tick, Inc.
• David Voss, Senior Vice President, Comcast NBC Universal
Admissions

Selection of Applicants for Associate Degree Programs (p. 14)
Selection of Applicants for Baccalaureate Degree Programs (p. 18)
International Applicants (p. 20)
Special Assistance (p. 21)
Visiting Students (p. 21)
Additional Information (p. 22)
FIT is a public institution that prepares students for a wide range of careers in creative business and design professions. Academic accomplishments, achievements that predict success on the college level, and demonstrated talent are factors that the Admissions Committee considers when evaluating applications. All applicants—whether intending to study full-time or part-time—must meet the same admissions standards.

All applicants are required to submit a personal essay indicating why they selected their particular major and highlighting all activities, experiences, or accomplishments that have prepared them to commit to that chosen major at FIT. The Admissions Committee would like to know about all accomplishments in which applicants take pride. Presentation, organization, spelling, and grammar are also important factors considered in the essay.

All applicants to School of Art and Design programs must offer evidence of artistic and creative ability through the submission of a portfolio.

STUDENT CATEGORIES
FIT offers a variety of study schedules during the fall and spring semesters and summer and winter sessions in order to meet the needs of its students. The following definitions provide clarification of the student categories at FIT. Not all student categories are mutually exclusive—one-year students, for example, are also full-time students.

MATRICULATED STUDENTS
Matriculated students are those who are enrolled in an FIT degree program, whether undergraduate or graduate, full- or part-time. The majority of their classes take place during the day; however, some evening classes may also be available.

Matriculated Evening/Weekend  FIT offers a number of evening/weekend degree programs (see Curricula Overview (p. 53)). Courses in these programs are scheduled during the evening and/or weekend.

Full-Time  Full-time undergraduate students are enrolled for 12 or more credits per semester.

Part-Time  Part-time undergraduate students are enrolled for less than 12 credits per semester.

One-Year  One-year students are matriculated undergraduates enrolled in a one-year associate degree program who have earned a minimum of 30 transferable credits from a previous institution.

NONMATRICULATED STUDENTS
Nonmatriculated students are those who have not been admitted to a degree program but are enrolled in at least one course. Students who hold a high school diploma or a General Equivalency Diploma (GED) may register for courses and complete certificate programs offered at FIT by completing the appropriate nondegree or certificate application. Courses that are open to nonmatriculated students are typically scheduled during the evening and on the weekend; they may or may not carry college credit. Some credit-bearing courses are reserved for matriculated students only. All students must meet prerequisite requirements for any course they plan to take. All students who wish to seek a degree must apply through a formal admissions process before accumulating more than 24 credits (see Matriculation Status Policy (p. 61) for details on how many credits taken in nonmatriculated status may be applied to a degree).

ADMISSIONS PROCESS
Applicants who have taken either Advanced Placement (AP) or College-Level Examination Programs (CLEP) exams must contact the College Board and request that official test scores be sent directly to the FIT Admissions Office.
1. Go to fitnyc.edu/admissions and complete the FIT/SUNY application online. Students must apply to a specific major program of study.

2. After the online application is completed, applicants submit their high school transcripts, and all college transcripts, to FIT’s Admissions Office. The Admissions Office will accept electronic transcripts from the following approved vendors:
   - Parchment / Credential Solutions
   - SUNY Counselor Connect
   - National Student Clearinghouse
   - Naviance by Hobsons
   - SCOIR

Transcripts may also be sent by mail in a sealed envelope to the address below.
Fashion Institute of Technology
Admissions Office
227 West 27th Street, Co-ed Hall
New York, NY 10001-5992

1. Applicants will submit a personal essay online after receiving an email with instructions to access MyFIT (myfit.fitnyc.edu).
2. Applicants to School of Art and Design programs will receive portfolio requirements specific to their major, and submission instructions.

APPLICATION RECOMMENDED FILING DATES FOR ADMISSION TO ASSOCIATE DEGREE PROGRAMS

APPLICATION SUBMISSION
All applications are reviewed in the order they are received and are completed. An application is complete when all transcripts, essays, and other required materials are on file in the Admissions Office. Applicants should refer to information specific to their intended program of study for requirements. In addition, all applicants whose native language is not English must provide an official Test of English as a Foreign Language (TOEFL) score, International English Language Testing System (IELTS) score, Pearson Test of English (PTE) score, or a Duolingo English Test score. This includes applicants who have been living in the United States.

Domestic and international applicants use the same application when seeking admission to FIT. Visit fitnyc.edu/admissions for additional information.

APPLICATION DEADLINES FOR ASSOCIATE DEGREE PROGRAMS
- No later than January 1 for the fall semester.
- No later than October 1 for the spring semester.

Students who have not completed applications by February 1 for the fall semester or November 1 for the spring semester risk being closed out of the major of their choice.

READMISSION
Students who seek readmission to FIT should notify Admissions online at fitnyc.edu/readmission prior to the intended semester of reentry.
- No later than January 1 for the fall semester.
- No later than October 1 for the spring semester.

ADDITIONAL APPLICATION MATERIALS
TRANSCRIPTS
Transcripts must be sent directly to FIT. Transfer students who have not yet earned their college degree must submit a high school transcript with proof of high school graduation.
Applicants educated outside the United States should refer to the International Applicant Credentials information at fitnyc.edu/internationalapplicants.

**TOEFL/IELTS/PTE/DUOLINGO SCORES**

Applicants whose native language is not English must provide an official Test of English as a Foreign Language (TOEFL) score, an International English Language Testing System (IELTS) score, Pearson Test of English (PTE) score, or a Duolingo English Test score.

**TOEFL:** A minimum TOEFL iBT® score of 80 must be met. Please note, FIT only accepts TOEFL iBT® scores from a single test date, not MyBest™ scores.

**IELTS:** The minimum band score of 6.5 in the academic module is required.

**PTE:** A minimum score of 53 must be met.

**Duolingo English Test:** A minimum score of 105 must be met.

A current TOEFL, IELTS, PTE, or Duolingo English Test score is required. The score must be no more than two years old on the date of anticipated enrollment.

Applicants who have completed an English composition course at a college in the United States are not exempt from taking the TOEFL, IELTS, PTE, or Duolingo.

Students who have completed less than four years of English (not ESL) at a U.S. high school are required to take the TOEFL, IELTS, PTE, or Duolingo.

For information about scheduling the TOEFL exam and obtaining score reports, visit toefl.org. In the United States, you can call (609) 771-7100.

For information about scheduling the IELTS and obtaining score reports, visit ielts.org.

For information about scheduling the PTE and obtaining score reports, visit pearsonpte.com.

For information about scheduling the Duolingo English Test and obtaining score reports, visit englishtest.duolingo.com.

**ARTWORK EVALUATION**

All applicants to School of Art and Design programs must submit a portfolio for evaluation. After the application is received by FIT from the SUNY Application Services Center, applicants will receive a communication from Admissions with portfolio requirements specific to their major, and submission instructions. No portfolio is required from applicants to the Baker School of Business and Technology or School of Liberal Arts and Sciences programs.

Please visit fitnyc.edu/portfoliorequirements for current detailed portfolio requirements and instructions. The applicant must be the sole creator of all artwork in his or her submitted portfolio.

**REQUIREMENTS FOR ADMISSION TO TWO-YEAR ASSOCIATE DEGREE PROGRAMS**

Candidates for admission to the two-year AAS degree programs are evaluated according to the following criteria:

1. Candidacy for, or possession of, a high school diploma or a recognized high school equivalency degree.

2. A high school transcript showing grade point average (GPA) and transcripts from all colleges attended.

3. A personal essay describing the applicant’s background and reasons for choosing FIT and the selected major. The Admissions Committee would like to know about all accomplishments which the applicants take pride, along with career goals and personal interests. Applicants will be emailed submission instructions upon completion of the online application.
4. SAT/ACT: SAT and ACT test scores are not required for admissions purposes. They are, however, required for the Presidential Scholars Program. If submitted, SAT and ACT scores will be used for placement into Math classes at FIT. Use FIT school code 2257 when sending SAT scores and code 2744 when sending ACT scores.

5. For applicants whose first language is not English, an official TOEFL, IELTS, PTE, or Duolingo English Test score. Students graduating from U.S. high schools with blocks of coursework completed as English as a Second Language (ESL), or who have completed less than four years of English (not ESL) at a U.S. high school, are also required to take the TOEFL, IELTS, PTE, or Duolingo English Test to prove English proficiency.

6. For applicants to School of Art and Design programs, a portfolio containing representative examples of their art and design work (see Artwork Evaluation (p. 16)).

7. Applicants educated outside the United States should review the International Applicants Credentials information at fitnyc.edu/internationalapplicants.

REQUIREMENTS FOR ADMISSION TO ONE-YEAR ASSOCIATE DEGREE PROGRAMS

1. Completion of at least 30 transferable credits from an accredited college with a minimum of 24 liberal arts credits equivalent to FIT’s General Education requirements: 3 credits in college-level mathematics above basic algebra (G2: MA222 Statistics recommended); 3 credits in English composition (G1; Composition taken in the U.S. or in a country in which English is an official language); 3 credits in English literature or speech; 3 credits in physical science, biology, or life science (G3). The remainder of the General Education/Liberal Arts credits are outlined below by school designation. Six (6) additional transferable elective credits are required for 30 transferable credits total. See the full listing of FIT’s General Education courses: fitnyc.edu/gedgened.

2. For applicants to the Jay and Patty Baker School of Business and Technology and Liberal Arts and Sciences: 12 liberal arts credits in General Education areas G4–G10 from a minimum of 2 different areas (4 different areas recommended): G4: Social Sciences (B&T majors: SS 141 Macroeconomics recommended); G5: Western Civilization; G6: Arts; G7: Humanities; G8: Foreign Language; G9: Other World Civilizations; G10: American History.

3. For applicants to Art and Design: a strong portfolio containing representative examples of their art and design work (see Artwork Evaluation (p. 16)) and 6 credits of Art History, plus 6 liberal arts credits in G4–G10 areas (2 different areas recommended): G4: Social Science; G5: Western Civilization; G6: Arts; G7: Humanities; G8: Foreign Language; G9: Other World Civilizations; G10: American History.

4. General Education Exemptions: An earned bachelor’s degree or equivalent from an accredited four-year institution (U.S. or international) may exempt a student from all of the above Liberal Arts/General Education requirements except 3 credits in English composition (G1; Composition taken in the U.S. or in a country in which English is an official language) and for Art and Design majors, 6 credits of Art History. If required to take English Composition or Art History, the student ideally takes the missing courses in the term before starting the degree program.

ACADEMIC CREDIT BY EVALUATION

Accepted applicants may apply up to 30 credits earned through published subject examinations (examples listed below) and transfer credit toward fulfillment of degree requirements at FIT. Those who have completed college-level liberal arts courses in which a grade of “C” or better has been achieved will receive credit for coursework equivalent to courses at FIT (see Transfer Credits).

Credit for published examinations applies to the following three tests, provided that the specified minimum performance levels are met, and that the subject examination is in an area that would normally be eligible to receive credit during an evaluation of transfer credits.
COLLEGE-LEVEL EXAMINATION PROGRAM (CLEP)
Mean score must meet or exceed the equivalent of a grade of “C” in a formal course.

ADVANCED PLACEMENT PROGRAM (AP)
A score of 3 or higher on a scale of 5 points used for this program.

INTERNATIONAL BACCALAUREATE PROGRAM
A score of 4 or higher on exams for higher-level (HL) courses.

Official test scores must be sent directly to the FIT Admissions Office by the issuing board or awarding authority. Complete information about applying for academic credit by evaluation is available in the Registrar’s Office and at fitnyc.edu/registrar.

NOTIFICATION
Applicants will be notified of admissions decisions in approximately early April for the fall term. A nonrefundable tuition deposit of $150 is required of accepted applicants to reserve their space.

Fall applicants must submit their tuition deposit by May 1. Students who have submitted a tuition deposit may be required to meet later deadlines for registration, immunization, and other requirements to finalize enrollment at FIT.

UNDERGRADUATE DEGREE LIMITS
A second undergraduate degree can be awarded when a significant amount of coursework has been successfully completed in a different field of study.

A student who has earned an undergraduate degree from FIT and who wishes to earn a second undergraduate degree at the same level in a different academic program must apply for admission. A student must meet both the admission standards of the second major and be able to complete a significant amount of coursework in the second major. For more information, see the Awarding Second Undergraduate Degree (p. 64) section.

Selection of Applicants for Baccalaureate Degree Programs
The college offers 26 baccalaureate programs leading to either the Bachelor of Fine Arts (BFA) or Bachelor of Science (BS) degree. Admissions priority is given to FIT’s AAS graduates, although external applicants who meet the eligibility requirements are also encouraged to apply.

FIT’s AAS graduates who apply by the recommended application submission dates are given priority consideration for admission into the same major’s baccalaureate-level program. Applicants must have met the General Education (p. 70) requirements and maintained the required GPA. Applicants who do not meet these criteria or who wish acceptance into another program may require an interview, or an interview and artwork evaluation.

The associate-level major pages (p. 88) show the recommended bachelor’s programs available to students from each of FIT’s AAS programs. Associate-level students who wish to apply to a baccalaureate-level program other than those recommended should review the courses on the applicable baccalaureate-level major pages and consult with the Academic Advisement Center.

Priority application filing date is no later than January 1 for fall admission and October 1 for spring.

ADMISSION CRITERIA FOR BACCALAUREATE DEGREE PROGRAMS
Applicants seeking admission to one of FIT’s bachelor’s degree programs must hold an AAS degree from FIT, or an equivalent degree, or 60 appropriate credits from a four-year bachelor’s degree program. They must also meet the appropriate prerequisites as required by the major, complete requisite art or specialized courses for the major, and have completed the equivalent of FIT’s required AAS General Education requirements. Further requirements may include an interview with a departmental committee, review of academic standing, and artwork evaluation.
An earned bachelor’s degree or equivalent from an accredited four-year institution (U.S. or international) exempts a student from General Education requirements except 3 credits in English composition (G1; Composition taken in the U.S. or in a country in which English is an official language); and for Art and Design majors, 6 credits of Art History. If required to take English composition (G1) or Art History, the student is expected to take the missing courses in the summer before starting the degree program.

Please note, FIT BS and BFA degrees require additional General Education/Liberal Arts courses as part of the degree requirements that must be taken along with any required prerequisite courses to earn a BS or BFA from FIT.

The term Bachelor of Fine Arts is the designation for a professional undergraduate degree in art and design. This degree requires that 65 percent of degree credits are completed in art and design studio studies.* Students enrolled in professional undergraduate degrees in art and design are expected to develop the knowledge, skills, concepts, and sensitivities essential to the professional life of the artist/designer. In any of many possible roles, the professional must exhibit not only technical competence, but also broad knowledge of art/design, the ability to integrate art/design knowledge and skills, and an insight into the role of art/design in intellectual and cultural life.

*Art and Design Studio Studies
Studies, practice, and experiences in studio subjects are of prime importance in the preparation of students for professional careers in art and design. Creative work includes, but is not limited to, conceptualization, process, product, and critique. Students must gain functional competence with principles of visual organization, including the ability to work with visual elements in two and three dimensions; color theory and its applications; and drawing.

The Bachelor of Fine Arts degree in art and design is comprised of the following categories of study delineated by the National Association of Schools of Art and Design (NASAD), which sets accreditation standards.

Art and Design experiences in the major: 25–35%
Supportive courses in Art and Design: 20–30%
Art History: 10–15%
General Studies: 25–35%

ADDITIONAL ADMISSION CRITERIA FOR THE FOLLOWING BFA PROGRAMS

Animation, Interactive Media & Game Design BFA Program
Eligible applicants to FIT’s upper-division BFA program in Animation, Interactive Media & Game Design will have completed their first and second years of study, and will bring 60–64 transferable credits in Art Foundation, Media Studies, Digital Drawing and Rendering, Art History, and General Education to become successful Animation, Interactive Media & Game Design students.

Fabric Styling BFA Program
Eligible applicants to FIT’s upper-division BFA program in Fabric Styling will have completed their first and second years of study, and must bring 60–64 transferable credits in Art Foundation, Fashion and Textile Design, Digital Drawing and Rendering, Art History, and General Education to FIT.

Toy Design BFA Program
Eligible applicants to FIT’s upper-division BFA program in Toy Design will have completed their first and second years of study, and will bring 60–64 transferable credits in Art Foundation, Media Studies, Digital Drawing and Rendering, Art History, and General Education to become successful Toy Design students.
Those applicants who have not completed the requisite specialized courses for a major must complete the required “bridge” courses or an appropriate one- or two-year degree program offered by FIT before they may be considered for admission to the college’s bachelor’s degree programs.

For more information, please visit fitnyc.edu/majors.

NOTIFICATION
Applicants will be notified of admissions decisions in approximately early April for the fall term. A nonrefundable tuition deposit of $150 is required of accepted applicants to reserve their space.

Fall applicants must submit their tuition deposit by May 1. Students who have submitted a tuition deposit may be required to meet later deadlines for registration and immunization.

UNDERGRADUATE DEGREE LIMITS
A second undergraduate degree can be awarded when a significant amount of coursework has been successfully completed in a different field of study.

A student who has earned an undergraduate degree from FIT and who wishes to earn a second undergraduate degree at the same level in a different academic program must apply for admission. A student must meet both the admission standards of the second major and be able to complete a significant amount of coursework in the second major. For more information, see the Awarding Second Undergraduate Degree (p. 64) section.

International Applicants

Applicants educated outside the United States should review the International Applicant Credentials information at fitnyc.edu/internationalapplicants for detailed information about transcript requirements.

ENGLISH PROFICIENCY TESTS
Students whose native language is not English must provide an official Test of English as a Foreign Language (TOEFL), International English Language Testing System (IELTS) score, Pearson Test of English (PTE) score, or Duolingo score.

STUDENT VISAS
In accordance with federal regulations, FIT issues I-20 forms (Certificates of Eligibility for Nonimmigrant [F-1] Student Status) to students who have been admitted to a full-time program of study. Students who wish to apply for an F-1 student visa or who hold F-1 student status must obtain an I-20 from FIT. To obtain an I-20, students must submit an International Student Financial Statement (ISFS) to FIT after being admitted to the college. The U.S. Department of Homeland Security (DHS) requires verification of the student’s ability to finance studies in the United States. An estimate of expenses based on current tuition, fees, and living and personal expenses appears on the ISFS.

After notification of acceptance, a tuition deposit is required. Once the tuition deposit and the International Student Financial Statement are received, an I-20 will be issued by FIT International Student Services (ISS). The I-20 is necessary to apply for a visa at a U.S. Consulate in order to enter the United States to study and maintain F-1 status.

Those students holding F-1 status from another U.S. college must transfer their F-1 status to FIT; instructions for transfer of the Student and Exchange Visitor Information System (SEVIS) record to FIT will be sent upon receipt of the tuition deposit and the ISFS. An FIT-issued I-20 is necessary to maintain F-1 status while at FIT. To download the ISFS and for more information about applying for a visa and the terms and conditions of F-1 status, please visit the International Student Services website at fitnyc.edu/iss.
All international students must attend a mandatory orientation during their first semester of attendance. Orientation information will be sent with the I-20 and is available online.

**Special Assistance**

**EDUCATIONAL OPPORTUNITY PROGRAM**
FIT offers New York State residents from economically disadvantaged circumstances the opportunity to pursue a post secondary education through its Educational Opportunity Program (EOP). Initiated at the college in 1973, EOP provides supplemental academic support and expanded student services to eligible and capable individuals who seek higher education despite long-term socioeconomic challenges. EOP’s services foster academic persistence and achievement.

EOP Contact:
David Dubinsky Student Center, Room A470
(212) 217-4170
fitnyc.edu/eop

**CHILDCARE ASSISTANCE PROGRAM**
The Childcare Assistance Program (CAP) is designed to assist students with primary parenting responsibilities, helping them manage and integrate the demands of being both student and parent. CAP provides a variety of services, including childcare subsidies, family activities, individual academic and personal counseling, parenting resources, textbook subsidies, weekly peer support group meetings, and an overnight, weekend-long, career-focused retreat.

**VETERANS AND SELECTIVE SERVICE**
FIT has been accorded recognition as a school of higher learning by the U.S. Department of Veterans Affairs. Prospective students should obtain their VA papers as far in advance of registration as possible. Those seeking readmission to the college from the armed forces who have been admitted to the college for date of entry prior to formal separation should notify the Admissions Office immediately following receipt of acceptance to facilitate the processing of early separation procedures.

In accordance with Title 38 US Code 3679 subsection (e), FIT adopts the following additional provisions for any students using the U.S. Department of Veterans Affairs (VA) Post 9/11 G.I. Bill or Vocational Rehabilitation and Employment benefits, while payment to FIT is pending from the VA. FIT will not: (1) prevent nor delay the student’s enrollment; (2) assess a late penalty fee to the student; (3) require the student to secure alternative or additional funding; or (4) deny the student access to any resources available to other students who have satisfied their tuition and fee bills to FIT, including but not limited to access to classes, libraries, or other institutional facilities.

For more information, please visit [Veteran Services](http://fitnyc.edu/admissions).

**Visiting Students**
This program offers selected students the opportunity to take courses at FIT in order to supplement educational programs taken at other institutions. Applicants must be attending colleges that are formally registered as part of FIT’s Visiting Student program in order to be considered. Applicants must be full-time, matriculated undergraduates at their home institution with a minimum cumulative GPA of 3.0 (on a 4.0 scale) and completion of at least 30 credits prior to starting the program. A portfolio of artwork is required for admission to School of Art and Design programs.

Applications must be made through the designated liaison at the applicant’s home institution. Written approval from the designated liaison must be forwarded to the Admissions Office. Recommended application filing dates are January 1 for fall and October 1 for spring. Applicants must file the FIT/SUNY application online at [fitnyc.edu/admissions](http://fitnyc.edu/admissions).
Visiting students are not eligible for financial aid from FIT. They should apply for aid from their home institution.

Admission to the Communication Design Foundation, Footwear and Accessories Design, and Textile Development and Marketing programs for visiting students is limited to the fall semester only. Advertising and Marketing Communications, Fashion Business Management, and Fashion Design are available in spring and fall. Majors offered through the Visiting Students program are subject to change.

Housing application instructions are enclosed with students’ admission letters.

Applicants are admitted to a one-year AAS degree program. The FIT degree is awarded once the student has submitted proof of receipt of bachelor’s degree at the home institution.

**Additional Information**

Consistent with SUNY policy, FIT will not inquire into an applicant’s criminal history in the admissions review process. Instead, FIT asks about criminal history only after an applicant is offered admission and submits the $150 nonrefundable tuition deposit. FIT will then determine a student’s eligibility to participate in housing/residential life, study abroad, an internship, or certain clinical or field experiences (each a “covered activity”). A student who discloses a prior felony conviction is not automatically barred from participation in a covered activity. The student will be required to disclose information regarding the felony convictions for review by a standing committee at FIT, consistent with the legal standards in the New York State Corrections Law. The committee may approve participation in covered activities with or without conditions or may deny participation in covered activities. FIT may further require students to certify in applications to participate in covered activities that they have previously provided truthful information about their criminal history and that they have not since been convicted of a felony.

Students who have previously been convicted of a felony are advised that their prior criminal history may impede their ability to complete the requirements of certain academic programs. At FIT, some academic programs require the completion of an internship, but in some cases this requirement may be fulfilled by substitute academic work. Additionally, some graduate programs at FIT require international travel. Students who have questions or concerns about academic requirements are advised to contact the academic dean of their intended academic program. More information is available in FIT’s policy on **Admission of Persons with Prior Felony Convictions.**
Enrollment Management and Student Success

Activities (p. 26)
Governance (p. 27)
Student Services (p. 24)
Student Rights and Responsibilities (p. 28)
The Division of Enrollment Management and Student Success is an integral part of FIT’s vision: to build an inclusive community in which students engage with, learn from, and inspire each other—discovering how their differences and similarities promote creativity, intellectual and personal growth, and understanding.

COUNSELING CENTER
David Dubinsky Student Center, Room A212B, (212) 217-4260
fitnyc.edu/counseling

The Counseling Center provides private and confidential services, free of charge to all registered, degree-seeking students.

Students come to the FIT Counseling Center for assistance with a variety of personal and academic concerns. Students are encouraged to contact the Counseling Center when concerns are emerging and not to wait, as problems left untreated or unresolved can become much larger and affect one’s personal and academic well-being.

The Counseling Center offers triage assessments, typically within 10 days of a student’s initial request for treatment. One to three additional individual sessions may be offered to students on a case-by-case basis. Group referrals, as well as referrals to an outside resource are provided as needed. All students who are in crisis and need to be seen immediately will be given a same-day risk-assessment to determine how best to proceed.

FIT-ABLE: DISABILITY SUPPORT SERVICES
David Dubinsky Student Center, Room A570, (212) 217-4090
fitnyc.edu/fitable

FIT provides students with disabilities the opportunity to self-identify with the Office of Disability Services (FIT-ABLE) in order to discuss options for reasonable accommodations while attending FIT. Students will be informed of possible accommodations, documentation requirements, the process of self-identifying and registering with the office, and student rights and responsibilities.

FIT-ABLE is a support service for FIT students, upholding the mandates of Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, Titles II and III.

The office is a National Voter Registration Act voter registration site.

HEALTH SERVICES
David Dubinsky Student Center, Room A402, (212) 217-4190
fitnyc.edu/health-services

FIT’s Health Services is a primary care facility staffed by nurse practitioners, registered nurses, and physicians. The office provides general medical and gynecological care. A referral list of consultants is available when a specialist’s evaluation and treatment are required.

FIT has a mandatory health insurance policy. All full-time students are automatically billed for health insurance. Students can be excused from the mandatory insurance if they have equal or better Affordable Care Act (ACA)—compliant health insurance from a U.S.-based company. In order to waive the mandatory insurance, it is necessary to complete and submit a waiver form by the deadline. For deadline dates and other insurance information, contact Health Services.
New York State Public Health Law (NYS PHL) mandates that students enrolled for at least six (6) semester credit hours or the equivalent per semester must provide proof of immunity against measles, mumps, rubella, and meningitis in order to attend classes. Students born prior to January 1, 1957, and provide proof of birth date are exempt from these requirements.

Please note that according to NYS PHL, no institution shall permit any student to attend the institution in excess of 30 days or to register for the next semester’s classes without complying with this law.

Immunization documentation and completed health forms are required prior to moving into our residence halls or attending class. Immunization documentation can be submitted and health forms completed at the FIT Student Health Portal.

INTERNATIONAL STUDENT SERVICES
Business and Liberal Arts Center, Room B103, (212) 217-3700
fitnyc.edu/iss

International Student Services (ISS) assists nonimmigrant students admitted to FIT degree programs in matters pertaining to their immigration status in the United States. ISS staff advise international students and scholars in F-1 status on immigration, cultural, financial, academic, and personal concerns, and help coordinate the College’s Cultural Fellows program.

RESIDENTIAL LIFE
Alumni Hall, First Floor, (212) 217-3900
Kaufman Hall, First Floor, (212) 217-3930
fitnyc.edu/housing

All matriculated, full-time students are eligible to apply for FIT housing.

The College’s four residence halls—Alumni Hall, Coed Hall, Nagler Hall, and the George S. and Mariana Kaufman Hall—provide single-, double-, triple-, and quad-occupancy rooms and suites, all with laundry facilities, cable TV, and wireless internet connections. Meal plans are required for all students living in college housing. FIT residence halls are 100 percent alcohol-, drug-, and tobacco-free.

STAFF
Residence halls are fully staffed to assist students. Professional staff, including Residential Education Coordinators and Assistant Residential Education Coordinators, live in the residence halls. Residential Life staff members are on call for emergencies at all times when the halls are occupied.

A security officer is posted in each residence hall lobby 24 hours a day when the residences are open. Visitors must provide proper identification and be signed in by residents.

Resident Assistants (RAs), student leaders who live on each floor, help to create an environment conducive to learning, building community, and achieving success. RAs help residents navigate life at college and assist in creating a community within the halls.

EDUCATION, ACTIVITIES, AND PROGRAMS
Students have many opportunities to participate in activities and programs sponsored by Residential Life and the Residence Hall Association. These experiences are designed to help students tap into their purpose, insights, and talents, leveraging the residential experience for growth.

REGISTRAR
Marvin Feldman Center, Room C204, (212) 217-3820
fitnyc.edu/registrar
The Office of the Registrar provides information about registration, enrollment verification, and maintenance of permanent academic records for students, faculty, staff, and external constituencies in a timely, accurate, and confidential manner in accordance with college policy and state and federal law.

STUDENT LIFE
David Dubinsky Student Center, Room A713, (212) 217-4130  
fitnyc.edu/studentlife

The Department of Student Life offers a complete educational, cultural, and social experience. Student Life is responsible for clubs and organizations, student government, Orientation/Weeks of Welcome, leadership workshops, and social programming. The department is the center of many extracurricular activities on campus. Through active participation in our diverse opportunities, along with services offered through the Department of Student Life, students become engaged in campus life, enhancing their learning, exploration, and sense of community.

Activities

FIT ATHLETICS AND RECREATION
fittigers.com

FIT has a strong and successful athletic tradition. The FIT Tigers are members of the National Junior College Athletic Association (NJCAA), Division III level. Numerous FIT teams and student athletes have garnered national and regional accolades for athletic and academic achievements, including national championships, regional championships, NJCAA Academic Teams, SUNY Chancellor’s Award for Student Excellence Award Winners, and all-region, all-American, and academic all-American honors.

FIT Teams
• Women’s and Men’s Cross-Country
• Co-ed Dance Company
• Women’s Soccer
• Women’s and Men’s Swimming and Diving
• Women’s and Men’s Table Tennis
• Women’s and Men’s Tennis
• Women’s and Men’s Track and Field
• Women’s Volleyball

Recreation Programs
The College’s recreation and intramural program is designed for the participation and enjoyment of the entire college community. Programs provide the opportunity for physical activity and promote wellness and productive use of leisure time. Participants at all skill levels are encouraged to participate.

• Fitness classes: The Athletics and Recreation Department sponsors a variety of free, drop-in fitness classes taught by certified instructors. Classes include Spin, Pilates, Yoga, Meditation, Boot Camp, Cardio Kick Boxing, and more. Classes are available to all FIT students.
• The Lari and Barbara Stanton Fitness Center is located on the sub-basement level of the Dubinsky Student Center and is equipped with cardiovascular machines, various weight machines, Smith machine, and free weights.
• The Kaufman Fitness Center is located on the basement level of the Kaufman Residence Hall and is equipped with cardiovascular machines, weight machines, yoga balls, exercise bands, and free weights. The Kaufman Fitness Center is open to FIT residents only.
FIT STUDENT CLUBS AND ORGANIZATIONS

Student Engagement
fitnyc.campuslabs.com/engage

Participation in activities on campus prove to be a valuable learning experience; it’s also a great way to meet people. FIT has over 60 clubs and organizations open to current degree-seeking students; some may have additional requirements for membership. All clubs and organizations must adhere to FIT’s Nondiscrimination Policy.

Students are encouraged to use FIT Link, FIT’s social network for students, which provides the tools to navigate FIT clubs, organizations, resources, and activities. Students use FIT Link to get involved on campus, engage with the FIT Student Government Association, and view a calendar of programs and activities both on campus and off.

FIT Tiger LEADers
fitnyc.edu/emss/peermentors

FIT Peer Mentor Tiger LEADer training program is especially designed to provide FIT students with experience that develops, challenges, and supports them as socially responsible leaders in the world. These positions are a unique leadership experience for students to learn more about themselves as leaders, and simultaneously have a profound impact on our campus. Tiger LEADer positions are Resident Assistants, Orientation Leaders, Health and Wellness Peer Educators, and Cultural Fellows. Tiger LEADers are paid leadership positions.

FIT Honor Associations
- Chi Alpha Epsilon: Chi Alpha Epsilon National Honor Society is dedicated to acknowledging the success of students in the Educational Opportunity Program (EOP).
- Delta Alpha Pi: Delta Alpha Pi Honor Society participates in activities designed to educate the community and society regarding disability issues and the principles of universal design.
- Phi Theta Kappa: Phi Theta Kappa (PTK) is the international honor society for students in their associate degree program.

Student Volunteer Community Service (SVCS)
Led by the Department of Student Life in partnership with various campus constituents, this program has been established to serve the greater NYC community. As a recipient of the President’s Higher Education Community Service Honor Roll, SVCS offers students the opportunity to directly serve and further contribute to the improvement and development of their community.

Governance

STUDENT GOVERNMENT ASSOCIATION
David Dubinsky Student Center, Room A710, (212) 217-4130
fitnyc.edu/student-clubs/fitsa

The Student Government Association (FIT SGA) is the governing body representing all degree-seeking students at the Fashion Institute of Technology (FIT). The FIT SGA consists of the Student Senate and the SGA President’s Cabinet. The Student Senate is made up of elected representatives from each of the academic majors at FIT and five at-large Senate positions. The SGA President’s Cabinet includes the FIT SGA president, vice president, chief of staff, directors, and secretaries. Additionally, the FIT Student Senate houses various working committees focusing on all aspects of student life at FIT. To learn more about any FIT SGA positions, please visit fitnyc.edu/student-clubs/fitsa/.
The FIT Student Government is responsible for managing the Student Activity Fee (SAF) and advocating for student needs and resources. Additionally, the SGA supports the FIT Student Activities Board (FIT SAB) and official FIT clubs, organizations, and publications recognized by the Department of Student Life.

The FIT SGA president is a member of FIT’s Board of Trustees with voting rights and responsibilities.

**Student Rights and Responsibilities**

The FIT Student Rights and Responsibilities Handbook contains crucial information about what it means to be part of the community at FIT.

This publication identifies many, but not all, of the important policies and regulations that address the expectations and obligations of students at FIT. Failure to comply with community standards may subject a student to disciplinary action as defined in the college’s *Code of Student Conduct* and *Academic Honor Code*.

It is FIT’s goal to provide an exciting, vibrant learning community on campus, both in and out of the classroom. The handbook may be found at [fitnyc.edu/rightsandresponsibilities](http://fitnyc.edu/rightsandresponsibilities).

**INTRODUCTION**

FIT encourages the development of independence, maturity, and ethical sensitivity of students. The college must establish standards of conduct essential to its effective and orderly function as an educational institution. The codes of conduct were prepared to guide all members of our student body. All who become members of our community have an obligation to support and obey college regulations and all local, state, and federal laws. Those who cannot or do not comply will be subject to disciplinary action both from the college as well as local, state, and federal authorities, and the privilege of continued attendance at FIT may be withdrawn.

For more information about the *Code of Student Conduct* and *Academic Honor Code* with clearly defined procedures, please see the *Student Rights and Responsibilities Handbook*.

**ACCESS TO OFFICIAL STUDENT RECORDS**

The Family Educational Rights and Privacy Act (FERPA), and regulations adopted by the secretary of the U.S. Department of Education to implement FERPA, provide students with specific rights relating to their records at FIT. Under FERPA, students have the right to:

- inspect and review their education records;
- seek amendment of their education records that they believe to be inaccurate, misleading, or otherwise in violation of the student’s privacy rights;
- consent to disclosures of personally identifiable information contained in their education records, except to the extent that FERPA and the regulations authorize disclosure without consent; and
- file with the United States Department of Education a complaint concerning alleged failures by FIT to comply with the requirements of FERPA or the secretary’s regulations. Complaints should be filed in writing to:

  Family Policy Compliance Office  
  U.S. Department of Education  
  400 Maryland Avenue, S.W.  
  Washington, DC 20202-4605

Complete copies of *FIT’s FERPA policy* are available for review in the Registrar’s Office. Any students having a question about access to FIT student records is encouraged to consult them.
The FERPA policy, also located in the Student Rights and Responsibilities Handbook, sets forth the procedures for inspection and review of education records and for students to request amendment of their own education records. The policy also sets forth the types of records the college may disclose without student consent.

**COMMITMENT TO DIVERSITY**

FIT is committed to creating an environment that attracts and retains people of diverse racial and cultural backgrounds. By providing a learning and working environment that encourages, utilizes, respects, and appreciates the full expression of every individual’s ability, the FIT community fosters its mission and grows because of its rich pluralistic experience. The college is committed to prohibiting discrimination, whether based on race, national origin, sex, religion, ethnic background, age, disability, marital status, sexual orientation, or any other criterion specified by applicable federal, state, or local laws.

**EQUAL OPPORTUNITY/AFFIRMATIVE ACTION**

FIT is committed to providing equal opportunity in educational programs, in its admissions policy, and in employment, including the opportunity for upward mobility for all qualified individuals.

The affirmative action officer provides complaint resolution and investigates complaints of discrimination, discriminatory harassment, retaliation, sexual harassment, and sexual misconduct. The affirmative action officer monitors the college’s progress in complying with laws concerning equity and access, including Title VII and Title IX, and is located on the 16th floor of 333 Seventh Avenue.

**Enrollment Management and Student Success** provides students with information on complaint resolution, training, and orientation on Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act.

(212) 217-3680
fitnyc.edu/bursar

FIT is a college of the State University of New York. It receives state funding and support from the Department of Education of the City of New York. This assistance allows the college to offer the tuition rates noted below.

All matriculating students new to FIT, including visiting students and new matriculants to bachelor’s degree programs, are required to confirm their acceptance with a nonrefundable advance tuition deposit of $150 as soon as they are notified of admission.

The following schedules of tuition fees are effective for the 2023–24 academic year:

TUITION: FULL-TIME PROGRAM (FALL AND SPRING)

<table>
<thead>
<tr>
<th>Level</th>
<th>residence</th>
<th>Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>Associate-level</td>
<td>New York City/State</td>
<td>$2,645 per semester*</td>
</tr>
<tr>
<td>Associate-level</td>
<td>out-of-state</td>
<td>$7,935 per semester</td>
</tr>
<tr>

<td>New York City/State</td>
<td>$3,585 per semester*</td>
</tr>
<tr>
<td>Baccalaureate-level</td>
<td>out-of-state</td>
<td>$10,846 per semester</td>
</tr>
</tbody>
</table>

* Students eligible for the Excelsior Scholarships program will follow the tuition guidelines of that program.

TUITION: EVENING, WEEKEND, SUMMER, AND WINTER SESSIONS

CREDIT CERTIFICATE PROGRAM (ONLY)

<table>
<thead>
<tr>
<th>Level</th>
<th>residence</th>
<th>Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>Associate-level</td>
<td>New York City/State</td>
<td>$220 per credit*</td>
</tr>
<tr>
<td>Associate-level</td>
<td>out-of-state</td>
<td>$661 per credit*</td>
</tr>
<tr>
<td>Baccalaureate-level</td>
<td>New York City/State</td>
<td>$299 per credit*</td>
</tr>
<tr>
<td>Baccalaureate-level</td>
<td>out-of-state</td>
<td>$904 per credit*</td>
</tr>
</tbody>
</table>

* Tuition is billed for noncredit courses; laboratories, lectures, and workshops are billed at different rates. See Fees.

Tuition and fees are subject to change without prior notice at the discretion of the college’s Board of Trustees. Current tuition and fees are available at fitnyc.edu/bursar.

Tuition paid by check or money order must be in the exact amount in U.S. dollars.

RESIDENCY FOR TUITION PURPOSES

U.S. CITIZENS AND PERMANENT RESIDENT ALIENS

To qualify as a New York State resident, one must have established legal residence by maintaining a domicile in New York State for a period of at least one year preceding the first day of the semester.
A domicile is defined as a fixed permanent home to which one intends to return after being absent for a period of time. A person does not acquire a New York State domicile simply by being physically present in New York for a period of 12 months. A person retains a domicile until their present domicile is abandoned and another domicile is established.

In addition to the general domicile standards, students under the age of 24 and whose parents or legal guardians reside out of state must present evidence of financial independence from parents or legal guardians and an established New York State domicile in order to be designated as New York State residents for tuition purposes.

Applications for change of residency status are available at the Bursar’s Office at 333 Seventh Avenue, 15th floor, and on the FIT website at fitnyc.edu/bursar. Completed applications with supporting documents must be submitted prior to the end of the registration period for the semester for which the application is intended. New York City residents who have met the New York State residency requirement by maintaining a domicile in New York State for a period of at least one year preceding the date of registration do not have to file a County Certificate of Residence. New York State residents who do not reside in any of the five boroughs of New York City must file a County Certificate of Residence (issued by the county in which the student resides) in order to be eligible for the in-state resident tuition rate. It is mandatory that the student present a new certificate at the beginning of each academic year. This certificate must be filed with the Bursar’s Office at the beginning of the term for which the certificate is intended.

Students who enroll at the college in the fall semester are required to submit a new certificate the following fall. Students who enroll after the fall semester (winter, spring, or summer) must submit a certificate at the beginning of their first semester of attendance at FIT and a new certificate at the beginning of the following fall semester. Note that individual counties have deadline dates and may have different criteria for issuing the certificates. Notices are mailed each year to continuing FIT students who are enrolled as New York State residents reminding them of the deadline dates along with an application for the County Certificate of Residence and instructions for completing the form. However, regardless of whether the FIT notices are received, students are responsible for submitting the completed affidavits to their respective counties and the County Certificate of Residence to:

Fashion Institute of Technology
Bursar’s Administrative Office
227 West 27th Street
New York City 10001-5992

The County Certificate of Residence is issued by the student’s County Administrative or Treasurer’s Office, not by FIT. Applications and information pertaining to the location of county offices are available at the Bursar’s Office; visit fitnyc.edu/bursar. Application forms are also available at the county offices. Students who fail to submit a valid County Certificate of Residence to the college by the deadline dates will be billed the equivalent of nonresident tuition. No exceptions will be made. New York State Law requires that students who reside in New York State, outside any of the five boroughs of New York City, must file a County Certificate of Residence certified by their home county to qualify for the in-state tuition rate.

New York State residents who are eligible for the in-state tuition rate but have moved from one county to another within New York State within the last six months must file for a County Certificate of Residence with both counties and submit both certificates to the Bursar’s Office. Other residency requirements, County Certificate applications, and additional information may be found at fitnyc.edu/bursar.

NONIMMIGRANT ALIENS

International students with F-1 Student Visas are not eligible for the New York State resident tuition rate.
Students with other types of visas may be eligible if they have been residents of New York State for one year prior to the date of registration (see above). Students must have possessed the qualifying visa for at least one year prior to the date of registration.

Books and supplies cost between $600 and $900 (depending on major) per semester.

1. This insurance must be purchased by all full-time students unless evidence of other coverage is submitted. The rate shown is for domestic students. For a more detailed explanation, see Health Services.

2. Fee is charged to each part-time student who registers for a course requiring life/fashion models and/or the use of certain specialized equipment/materials.

3. Fee is charged to part-time students and is nonrefundable.

4. Approved by FIT’s Board of Trustees in accordance with Student Council regulations.

### TUITION PAYMENT DEADLINES

Tuition due dates are determined by the college in advance of each semester and may vary from one academic year to the next. Tuition due dates for the fall semester normally occur between mid-July and early August. Tuition due dates for the spring semester normally occur between late December and early January.

All students who register after the payment due date are required to make tuition payment immediately upon registration.

Payment may be made via American Express, Discover, MasterCard, Visa, debit card, money order, or personal check. All payments must be made in U.S. dollars. Checks and money orders should be made payable to Fashion Institute of Technology and delivered in person or mailed to:

Fashion Institute of Technology  
Bursar’s Office – Cashiering Operations  
227 West 27th Street, Room B127  
New York City, NY 10001-5992

Student ID number must be indicated on your payment. Students may make payments in person at Cashiering Operations.

FIT no longer sends bills by mail. Students may view and pay their FIT bills online through a secure e-billing system. Go to the MyFIT portal at myfit.fitnyc.edu, click on “Student Tab,” then click on “Pay Student Account & View E-Bill.” Under “Account Activity,” select the appropriate term for “View Transactions by Term,” and then select “E-Bill Semester.”

**Important:** Students who do not pay their own FIT bills must authorize a parent or other person to access their account. To do this, click on “Authorized Users” after you are logged into the “Pay Student Account & View E-Bill” page.

Parents and other authorized users: After you have been designated an authorized user, you will receive an email providing you with access to the system.
NONPAYMENT OF DEBTS AND FINES

Checks returned by a bank as unpaid for any reason will result in a returned check fee of $30 charged to the student’s account. The college reserves the right not to accept a personal check for payment under some conditions, for example, a history of prior returned checks or checks without preprinted name and address. FIT will refuse personal checks after two have been returned due to insufficient funds. Note that a stop-payment draft against a check is not considered an official withdrawal from the college and students will be charged a $30 returned check fee in addition to the tuition liability.

Late payments are subject to a fee of 1.5 percent per month on all outstanding balances. Students who fail to pay bills or other college debts will be ineligible to register, graduate, or obtain other services from the college. Outstanding debts may be referred to a licensed collection agency and collection costs may be added to the outstanding balance. If legal action becomes necessary, litigation and court costs will be the student’s responsibility.

Students who have not satisfied their full financial obligations, exclusive of certified financial aid or tuition payment plans, by the scheduled due date may be subsequently deregistered and all previously assigned classes may be dropped. Late registration and program change fees may be assessed to students who are deregistered and wish to reenroll. Students are not guaranteed class availability if they need to reregister for courses.

HOUSING

Two office locations:
Alumni Hall, First Floor, (212) 217-3900
Kaufman Hall, First Floor, (212) 217-3930
fitnyc.edu/housing

FIT’s four residence halls provide traditional-style and apartment-style accommodations. Traditional residence hall–style rooms have shared bathrooms, and students in these rooms are required to have a meal plan through the college’s dining services. Apartment-style accommodations are available in all four residence halls; a meal plan is required for all new students, and a declining balance plan is required for all returning students—see: fitnyc.edu/residentiallife.

Charges vary according to type of accommodation and building. Rates for housing and meal plan are subject to ratification by the Board of Trustees.

Typical charges for resident students as of spring 2023 are:

- Traditional accommodations: $4,917–$5,137 per person per semester
- Apartment/suite accommodations: $7,173–$7,768 per person per semester
- Meal plans (required for new/entering students, optional for current/returning students): $1,161–2,463 per person per semester

A $500 nonrefundable deposit is required upon submission of housing application.

Tuition and Fee Refunds

FULL- AND PART-TIME PROGRAMS

Tuition and fee refunds are based on the official date of withdrawal. No refunds will be permitted unless an official withdrawal form is submitted in the required time period through the Registrar’s Office. The date on which the Withdrawal/Refund of Tuition Form is received by the Registrar’s Office is considered the official date of the student’s withdrawal. Nonattendance in class or stop
payment on a check is not considered an official withdrawal from the college. The student remains responsible for all tuition liabilities. Students receiving Title IV financial aid will be processed according to federal guidelines. The refund period terminates by the end of the third week of classes, in accordance with the following schedule:

<table>
<thead>
<tr>
<th>Withdrawals</th>
<th>Refunds</th>
</tr>
</thead>
<tbody>
<tr>
<td>Prior to the first day of semester</td>
<td>100% of tuition and fees</td>
</tr>
<tr>
<td>Prior to the second week of semester*</td>
<td>75% of tuition and fees</td>
</tr>
<tr>
<td>Prior to the third week of semester*</td>
<td>50% of tuition and fees</td>
</tr>
<tr>
<td>Prior to the fourth week of semester*</td>
<td>25% of tuition and fees</td>
</tr>
<tr>
<td>Thereafter</td>
<td>No refund</td>
</tr>
</tbody>
</table>

* The first week ends on Sunday regardless of which day of the week classes begin.

The refund schedule may change at the discretion of the college’s Board of Trustees. Current refund schedules and amounts refunded are available at fitnyc.edu/refunds.

**SUMMER AND WINTER SESSIONS**

The refund period terminates prior to the fourth scheduled session of the course, in accordance with the following schedule:

<table>
<thead>
<tr>
<th>Withdrawals</th>
<th>Refunds</th>
</tr>
</thead>
<tbody>
<tr>
<td>Prior to the first day of semester</td>
<td>100% of tuition and fees</td>
</tr>
<tr>
<td>Prior to the second day of semester</td>
<td>75% of tuition and fees</td>
</tr>
<tr>
<td>Prior to the third day of semester</td>
<td>50% of tuition and fees</td>
</tr>
<tr>
<td>Prior to the fourth day of semester</td>
<td>25% of tuition and fees</td>
</tr>
<tr>
<td>Thereafter</td>
<td>No refund</td>
</tr>
</tbody>
</table>

**HOUSING REFUNDS**

The housing contract is binding for the full academic year. Students who withdraw are liable for any financial penalties incurred as a result of terminating the contract. The student bears all responsibility for officially requesting release from the housing contract.

Withdrawing from the college does not automatically cancel the housing contract.

Residents who withdraw will be responsible for a minimum charge of $500.00. See refund schedule for financial penalties incurred as a result of terminating the contract.

Withdrawals prior to August 1 for the fall semester, or January 1 for the spring semester, are subject to a minimum charge of $500.00 (nonrefundable deposit). For withdrawal charges/refunds after August 1 (fall)/January 1 (spring), see refund schedule.

**ROOM PORTION**

Percentages to be refunded and charged:

<table>
<thead>
<tr>
<th>Contract Week</th>
<th>Refund</th>
</tr>
</thead>
<tbody>
<tr>
<td>Until 1st day of the 1st week of classes</td>
<td>75% refund (25% charge) of total room charges</td>
</tr>
<tr>
<td>Until 1st day of the 2nd week of classes</td>
<td>50% refund (50% charge) of total room charges</td>
</tr>
<tr>
<td>Until 1st day of the 3rd week of classes</td>
<td>25% refund (75% charge) of total room charges</td>
</tr>
</tbody>
</table>
Thereafter

No refund (100% charge) of total room charges

Meal portion

Refunds for meal plans are processed according to the schedule above. Refunds will not be issued for meals or declining balance dollars that have already been used.

Students accepted after the withdrawal request deadline are required to submit payment in full and are subject to the charges reflected above.

All refunds will be credited to the student’s account through the Bursar’s Office.

Room portion: Refunds reflected above are based on cost for total room charges.

Meal portion: Refunds for meal plans are processed according to the schedule above. Refunds will not be issued for meals or declining balance dollars that have already been used.

Please note that tuition and fees for the 2023–24 academic year may change.

Financial Aid Services

Financial Aid Services Office
Dubinsky Center, Room A212A
fitnyc.edu/admissions/costs/financial-aid
(212) 217-3560

Full-time degree-seeking U.S. citizens/eligible noncitizens may be eligible for need-based institutional, federal, or state financial assistance to support their cost of attendance (COA) at FIT. To be considered for federal financial aid, students are required to file the Free Application for Federal Student Aid (FAFSA) each academic year. The FAFSA can be completed and submitted online at fafsa.gov. FIT’s school code for the FAFSA is 002866.

A federal financial aid award may include a Pell Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), subsidized or unsubsidized student loan, Federal Work Study (FWS), or a PLUS loan (A PLUS loan requires a parent’s credit approval and is only applicable for dependent students). Awards are determined by an EFC calculation from the FAFSA.

In addition to federal financial aid, full-time degree-seeking students with demonstrated financial need who are residents of New York State may be eligible for grants or scholarships, including the Tuition Assistance Program (TAP) and the Excelsior Scholarship. In addition, the Senator José Peralta New York State DREAM Act gives undocumented and other students access to New York State–administered grants and scholarships that support their higher education costs. Please visit the HESC website at https://www.hesc.ny.gov/dream/ to view the DREAM Act eligibility requirements for applying under the DREAM Act.

First-year and transfer students may be eligible for the Educational Opportunity Program (EOP) if they meet the academic and financial guidelines. First-year students graduating from a New York City high school with an 80 average may qualify for the Peter F. Vallone (NYC Council) Merit Scholarship contingent upon state funding. Degree-seeking students wishing to be considered for New York State financial aid noted above must file the FAFSA annually in addition to the required state applications, including the Tuition Assistance Program (TAP) and the Excelsior Scholarship. FIT’s TAP codes are 2070 for students enrolled in associate degree programs (lower division) or 0975 for students enrolled in bachelor’s programs (upper division).

Federal and state need-based financial aid is based on the information provided on the FAFSA and state applications using a standardized formula for calculating the Estimated Family Contribution (EFC). The student’s annual cost of attendance (COA), which includes tuition, room and board, books, supplies, transportation, personal expenses, and state residency, is the basis for determining their financial need.
Each year, FIT administers federal and state need-based financial aid to eligible students based on congressional guidelines and appropriations. Eligibility requirements and funding regulations governing federal and state programs may change from year to year, depending on legislative action.

Federal and state financial aid awards are not automatically renewed. Students must submit the FAFSA and the required state applications each academic year to be considered for need-based financial aid. The priority dates and application deadlines can be found on the Financial Aid site at fitnyc.edu/admissions/costs/financial-aid.

All financial aid awards will be posted to the student’s FIT account. If the award amount is greater than the direct charges (such as tuition, fees, dorm charges) per semester, the Bursar’s Office will refund the difference to the student. Students may choose to have a refund check mailed or set up a direct deposit to their checking/savings account(s).

**NEED-BASED FEDERAL FINANCIAL AID PROGRAMS**

**Federal Pell Grant**

Pell Grants are limited to the equivalent of six years of full-time funding for students who have not yet earned a bachelor’s degree. The Pell Grant award is based on the EFC, with a 0 EFC yielding the highest award. The grant may be adjusted based on credit load each semester.

**Federal Supplemental Education Opportunity Grant (FSEOG)**

The FSEOG grant is awarded to undergraduate students who are Pell-eligible and have a zero EFC. Awards are based upon the availability of funds each academic year.

**Federal Work Study Program (FWS)**

To be eligible for the FWS program, students must indicate their interest in receiving the award on their FAFSA. Awards are made based on the availability of funds allocated to FIT and are not guaranteed to be awarded each academic year. Students awarded an FWS position will be paid twice a month for a maximum of 10 hours per week. The salary earned through an FWS position can be applied toward books, supplies, or personal expenses. In addition to the on-campus FWS program, FWS students may seek part-time off-campus opportunities at approved agencies or at organizations such as America Reads or the Public Service Corps.

**FEDERAL AND PRIVATE LOANS**

**Federal Direct Stafford Loan Program (subsidized and unsubsidized loans)**

FIT participates in the William D. Ford Federal Direct Loan Program (Stafford Loan). The Stafford Loan is a federally sponsored, low-interest loan available to degree-seeking, U.S. citizens/eligible noncitizens, and eligibility is determined by the FAFSA. The funds are received by the school from the Federal Department of Education and will pay to a student’s account for those who are enrolled in a minimum of 6 credit hours required for their degree programs. Eligible students must submit a Direct Stafford Loan request, complete a one-time Master Promissory Note (MPN), and complete an entrance counseling session/interview. The Federal Department of Education will remain the lender for the life of the loan, and the loan will not be sold to another lending vendor.

A Direct “subsidized” Stafford Loan is a loan where the federal government pays the interest while the student is enrolled and taking at least 6 credit hours. The interest rate for a subsidized loan is at a fixed rate of 4.99% for undergraduate student loans disbursed after July 1, 2022, through June 30, 2023. A Direct “Unsubsidized” Stafford Loan is a loan where the student will be charged a 4.99% fixed interest rate for undergraduate loans disbursed after July 1, 2022, through June 30, 2023 and the interest is added to the principal (capitalized) upon disbursement. Loan payments can be paid while the student is enrolled or deferred until completion of their enrollment. For information on the Direct Stafford Loan Eligibility chart, please visit the Financial Aid Services site at fitnyc.edu/admissions/costs/financial-aid.
Direct Stafford Loans are the recommended first choice in borrowing for both undergraduate and graduate enrollment. Once a student has reached the annual Direct Stafford Loan limit, they may choose from several federal loan options based on their degree status. The loans include the PLUS loan for parents of dependent undergraduate students or the PLUS loan for graduate students. The fixed interest rate is 7.54% for Federal Direct Parent PLUS loans disbursed between July 1, 2022, and June 30, 2023. Parents with “good” credit histories may borrow up to the cost of attendance (COA) less other financial aid for their dependent undergraduate student who is enrolled in an undergraduate degree-seeking program at least half-time. Credit checks are performed by the Department of Education.

**Alternative Private Loans**

Alternative private loans are offered by the lender to credit-worthy students in order to meet educational expenses not covered by financial aid. Students who are not eligible may apply with a credit-worthy co-borrower. FIT strongly recommends that students file the FAFSA to be considered for financial aid, which may include federally subsidized/unsubsidized loans. Parents may also elect to secure an educational fixed or variable rate loan from a private lender. It is recommended that parents consider the interest rates, origination fees, deferment, and repayment options before finalizing a loan agreement. A Higher Education Loan Comparison tool is available at [fitnyc.edu/admissions/costs/financial-aid/educational-loans/loan-comparison](http://fitnyc.edu/admissions/costs/financial-aid/educational-loans/loan-comparison).

**NEED-BASED NEW YORK STATE FINANCIAL AID PROGRAMS FOR NEW YORK STATE RESIDENTS**

**New York State Tuition Assistance Program (TAP) Grant**

Full-time degree-seeking students who are U.S. citizens/eligible noncitizens and New York State residents may be eligible for a TAP grant ranging from $500 up to full tuition per year. Part-time degree-seeking students registered for between 3 and 11.5 credits may also be eligible for a state grant called Part-Time TAP or apply for the Aid for Part-Time Students (APTS) program with the Financial Aid Services office. Only credit-bearing courses as part of a student’s degree program will count toward the eligibility for TAP, Part-Time TAP or APTS.

State regulations require that full-time students receiving TAP awards must complete a minimum number of credits each semester in a degree program with a minimum GPA, and accumulate enough credits to graduate with an associate degree within a maximum of six semesters of aid, and a bachelor’s degree in eight semesters of aid.

Full-time students must be enrolled for at least 12 credits in their degree program at the time of their TAP certification. Two factors in addition to the 12-credit minimum are considered in the certification of eligibility:

- Academic progress in the previous semester
- Program pursuit in the previous semester

Regulations allow for one waiver during a student’s undergraduate career. According to the waiver guidelines, students may ask for and receive the waiver if a good reason (extenuating circumstances) is presented for their inability to meet minimum standards. The waiver will become part of the student’s official record and the student is expected to make satisfactory academic progress thereafter. The waiver is not automatically granted and students must apply and be approved. Waiver forms are available in the Financial Aid Services Office.

TAP eligibility requirements are subject to change based on New York State legislation.

**Satisfactory Academic Progress (SAP) for Tuition Assistance Program (TAP) Eligibility**
TAP awards are based on New York State net taxable income and tuition charges. Final determination of awards is made as a result of the completion of the Express TAP Application (ETA) each year, and funding levels are dependent on the passing of the New York State Budget. Before being certified for a specific TAP payment, students must have accrued a minimum number of credits toward their degree while maintaining a minimum cumulative grade point average (CGPA). A student must also complete (pass or fail) a certain percentage of credits during the semester they receive a TAP grant.

**Standard of Satisfactory Academic Progress for Purpose of Determining Eligibility for a TAP Grant**

### Associate Level

Senator José Peralta New York State DREAM Act

The New York State DREAM Act gives undocumented and other eligible students access to New York State–administered grants and scholarships, such as TAP and the Excelsior Scholarship. For information on eligibility and to apply, students should go to hesc.ny.gov/dream.

Educational Opportunity Program (EOP)

Full-time degree-seeking students who are U.S. citizens/eligible noncitizens and New York State residents and meet the academic and financial criteria will be offered admission to EOP. The program provides academic support and financial assistance. The financial aid award will be based on need and available state and federal funding.

Peter F. Vallone Academic Scholarship

New York City high school graduates who are U.S. citizens/eligible noncitizens with an 80 average are eligible for an $800 award or $400 per semester award if they enroll as a full-time student (12 or more credits) within one year after high school graduation. The scholarship can be renewed each academic year if the recipient remains a full-time student and has achieved a minimum grade point average of 3.0. The amount of the award may vary based on funding from the NYC Council.

EXCELSIOR SCHOLARSHIP FOR NEW YORK STATE RESIDENTS

The Excelsior Scholarship, combined with other financial aid grants/scholarships, allows eligible students to attend a SUNY/CUNY undergraduate college tuition-free. The fact sheet below provides eligibility requirements to qualify for the scholarship and the academic requirements to maintain eligibility.

Eligibility

To meet the initial eligibility criteria for the Excelsior Scholarship, an applicant must:

• be a resident of New York State (NYS) and have resided in the state for 12 continuous months prior to the beginning of the term;
• be a U.S. citizen or eligible noncitizen; undocumented students may also qualify if eligibility requirements are met;
• have either graduated from high school in the United States, earned a high school equivalency diploma, or passed a federally approved "Ability to Benefit" test, as defined by the Commissioner of the State Education Department;
• have a combined federal adjusted gross income of:
  ● $125,000 or less on his or her 2017 tax return for 2019–2020
  ● $125,000 or less on his or her 2018 tax return for 2020–2021
  ● $125,000 or less on his or her 2019 tax return for 2021–2022
  ● $125,000 or less on his or her 2020 tax return for 2022–2023
• be pursuing an undergraduate degree at a SUNY or CUNY college, including community colleges;
• be enrolled in at least 12 credits per term and complete at least 30 credits each year (successively), applicable toward a degree program;
• not be in default on a student loan made under any NYS or federal education loan program or on the repayment of any NYS award;
• be in compliance with the terms of the service condition(s) imposed by an NYS award previously received; and
• complete a contract agreeing to reside in NYS for the length of time the award was received, and, if employed during such time, be employed in NYS.

**Award Amount**

Excelsior Scholarship recipients attending the Fashion Institute of Technology (FIT) may receive an annual tuition award up to the full cost of tuition for the fall and spring semesters. The award does not extend to FIT’s winter and summer sessions. Students are responsible for paying all educational expenses incurred during the winter and summer sessions. Students are also responsible for paying fees, housing, meals, and books or using some other form of financial aid to cover these educational expenses. The maximum scholarship award amount is reduced by other forms of student grant aid, such as the Federal Pell Grant; NYS Tuition Assistance Program (TAP); Federal Supplemental Educational Opportunity Grant (SEOG); tuition waivers; institutional and external scholarships not earmarked for other purposes; Access-VR; and certain military benefits, if applicable. Scholarship amounts may change as other financial aid is awarded or as a student’s enrollment status changes during the semester.

**Academic Requirements**

Students must enroll in at least 12 college credits during the fall and spring semesters and complete 30 credits during the academic year. Remedial courses do not count toward full-time enrollment for Excelsior Scholarship purposes. Students enrolled in remedial courses may be eligible as long as they are enrolled in 12 college credits each semester and complete 30 credits per year.

The Excelsior Scholarship promotes on-time degree completion. Students who change their major may continue to receive Excelsior Scholarship funding as long as they are on track to complete the new undergraduate degree program in two years. If the student changes the major and requires more time to complete the new degree, the student becomes ineligible for future payments of Excelsior Scholarship funding. Students may use the summer and winter sessions to satisfy the 30 credits per academic year requirement, as well as eligible transfer credits. There are no Excelsior Scholarship payments for enrollment in the summer and/or winter sessions. Students must complete a FAFSA and TAP application each academic year of eligibility.

Students who fail to successfully complete the annual 30-credit-hour requirement will receive their first Excelsior Scholarship payment and be responsible for the tuition liability for the second semester. In addition, students become ineligible for any future payments of Excelsior Scholarship awards because they are no longer on track to complete their degree on time. Once a student loses their eligibility for the Excelsior Scholarship, the award cannot be renewed. There are some conditions under which a student may appeal the loss of their Excelsior Scholarship eligibility. More information is available at Financial Aid Services.

**Advisement Recommendations**

Because of the strict academic requirements of the Excelsior Scholarship program, students are strongly encouraged to check with their academic advisor and Financial Aid Services before finalizing any of the following actions:

• Dropping or withdrawing from a class
• Changing their major
• Taking classes that are not in their program of study

---

42 Expenses and Financial Aid
Students who qualified for the Excelsior Scholarship, but who did not receive an award due to other free forms of student aid, should maintain their academic requirements of the program in the event they become eligible for a monetary award in future semesters at the Fashion Institute of Technology or if they transfer to another SUNY/CUNY school.

Full program requirements are available online at www.hesc.ny.gov/excelsior. The Financial Aid Services Office can answer questions regarding academic eligibility. Please note that this information is based on current regulations and is subject to change as per New York State legislation and policy from the Higher Education Services Corporation (HESC).

INSTITUTIONAL SCHOLARSHIPS

FIT Foundation Scholarship

Scholarship funds are administered by FIT from funds donated to the FIT Foundation by corporations, organizations, and individual donors. These scholarship awards are based on financial need as well as superior potential to succeed in a major area. The majority of the scholarship awards are given to students who have successfully completed at least two semesters or more of coursework. Eligible students will be invited to apply for the scholarship by completing an online questionnaire.

To reapply for the scholarship for the following academic year, recipients must maintain at least a 3.0 semester GPA at FIT and must reapply for financial aid by filing a new FAFSA each academic year by January 15. Scholarships are not automatically renewed each year. Renewal is based on the scholarship guidelines and financial need, as well as semester grades and availability of funds. Recipients must also maintain a full-time course load (12 or more credits required for the undergraduate degree program) to maintain eligibility. Scholarships are limited to four semesters in the lower division (associate degree level) and four semesters in the upper division (bachelor’s degree level).

FIT Foundation Grant

The FIT Foundation grant is administered by FIT from funds donated to the FIT Foundation by many corporations, organizations, and individual donors. These scholarship awards are based on financial need and availability of funds. Eligibility is determined each year and is based on full-time undergraduate enrollment (12 or more required credits), maintaining a 2.3 GPA, and availability of funds. Recipients must reapply for financial aid by filing a new FAFSA each academic year by January 15. These grants are limited to four semesters in the lower division (associate degree level) and four semesters in the upper division (bachelor’s degree level).

The FIT Foundation

227 West 27th Street
New York City 10001-5992
(212) 217-4100
fitnyc.edu/foundation

The FIT Foundation secures financial support to advance FIT’s mission.

Founded in 1944 as the Educational Foundation for the Fashion Industries, the FIT Foundation serves as an advisory and fundraising arm to FIT, raising support for the college’s strategic priorities; building academic and creative excellence, empowering the student community, and working with industry leaders worldwide to build a culture of innovation and entrepreneurship at FIT. The FIT Foundation also serves as a vital conduit between FIT’s alumni, friends, and donors, who further the mission of the institution through their generous support of its students, schools, departments, and programs.
The FIT Foundation is designated a tax-exempt institution under Federal Internal Revenue Service Code Section 501(c)(3).

FIT aspires to meet the needs of every student, to remove barriers to enrollment, and to ensure that an education is accessible to all admitted students, regardless of family income. The FIT Foundation recognizes the urgent need to substantially increase the amount of financial aid available to students and actively engages alumni, friends, foundations, fashion-related industries, and corporations in support of generous scholarships that provide an affordable educational experience to deserving students who contribute to the diversity of FIT’s student body. The list of commencement awards, loan funds, and scholarships attests to their commitment to the college.

ENDOWMENTS AND SCHOLARSHIPS
Scholarship gifts help further FIT’s mission by providing life-changing financial support to qualified students. Full and partial scholarships are available to full-time students offering evidence of financial need and academic merit. A limited number of partial scholarships have been established for matriculated evening and weekend students who demonstrate financial need. A number of scholarships provided by the friends and families of FIT are awarded—based on aptitude, need, and/or scholastic achievement—to students who have completed a year of study at FIT. Some of these are limited to specific criteria established by the donor.

TWO-YEAR ASSOCIATE DEGREE PROGRAMS
Fifteen programs leading to an Associate in Applied Science (AAS) degree are offered, described on the Two-Year Associate Degree Programs (p. 88) pages. Majors are designed for full-time, two-year students, but part-time and evening/weekend programs leading to the AAS degree are available in some majors.

The 15 two-year associate degree programs are:

SCHOOL OF ART AND DESIGN
- Communication Design Foundation
- Fashion Design*
- Fine Arts
- Footwear and Accessories Design
- Illustration
- Interior Design*
- Jewelry Design
- Menswear
- Photography and Related Media
- Textile/Surface Design

JAY AND PATTY BAKER SCHOOL OF BUSINESS AND TECHNOLOGY
- Advertising and Marketing Communications*
- Fashion Business Management*
- Production Management: Fashion and Related Industries
- Textile Development and Marketing

SCHOOL OF LIBERAL ARTS AND SCIENCES
- Film and Media

* Program takes in entering classes in both the fall and spring semesters.

ONE-YEAR ASSOCIATE DEGREE PROGRAMS
Seven one-year AAS programs are offered for students who have completed at least 30 transferable credits at a college, with 24 credits equivalent to FIT’s General Education requirements, or who hold a four-year degree from a college. These programs are described on the One-Year Associate Degree Programs (p. 88) pages.

The seven one-year associate degree programs are:

SCHOOL OF ART AND DESIGN
- Communication Design Foundation
- Fashion Design*
- Footwear and Accessories Design
- Textile/Surface Design

JAY AND PATTY BAKER SCHOOL OF BUSINESS AND TECHNOLOGY
- Advertising and Marketing Communications*
- Fashion Business Management*
- Textile Development and Marketing
BACCALAUREATE DEGREE PROGRAMS

Fourteen programs leading to a Bachelor of Fine Arts (BFA) degree and 12 leading to a Bachelor of Science (BS) degree are offered, described on the Baccalaureate Degree Programs (p. 130) pages. Majors offered by the School of Art and Design lead to the BFA degree; majors offered by the Jay and Patty Baker School of Business and Technology and the School of Liberal Arts and Sciences lead to the BS degree. Majors are designed for full-time, two-year students, but part-time and evening/weekend students may also meet the requirements in some of the majors. The 26 baccalaureate degree programs are:

SCHOOL OF ART AND DESIGN

• Advertising and Digital Design
• Animation, Interactive Media & Game Design
• Fabric Styling
• Fashion Design (with specializations in Children’s Wear, Intimate Apparel, Knitwear, Special Occasion, and Sportswear)
• Fine Arts
• Footwear and Accessories Design
• Graphic Design
• Illustration
• Interior Design*
• Packaging Design
• Photography and Related Media
• Spatial Experience Design
• Textile/Surface Design
• Toy Design

JAY AND PATTY BAKER SCHOOL OF BUSINESS AND TECHNOLOGY

• Advertising and Marketing Communications*
• Cosmetics and Fragrance Marketing
• Direct and Interactive Marketing
• Entrepreneurship for the Fashion and Design Industries
• Fashion Business Management*
• Home Products Development
• International Trade and Marketing for the Fashion Industries*
• Production Management: Fashion and Related Industries
• Technical Design
• Textile Development and Marketing

SCHOOL OF LIBERAL ARTS AND SCIENCES

• Art History and Museum Professions
• Film and Media

* Program takes in entering classes in both the fall and spring semesters.
FIT provides students with the opportunity to complete an associate or baccalaureate degree through evening and/or weekend study. These programs are coordinated by the academic departments and schools. All associate programs lead to the AAS degree; baccalaureate programs lead to the BS degree.

The associate degree programs available through evening/weekend study are:

**SCHOOL OF ART AND DESIGN**
- Fashion Design

**JAY AND PATTY BAKER SCHOOL OF BUSINESS AND TECHNOLOGY**
- Advertising and Marketing Communications (one-year option also available)
- Fashion Business Management (one-year option also available)

The baccalaureate degree programs available through evening/weekend study are:

**JAY AND PATTY BAKER SCHOOL OF BUSINESS AND TECHNOLOGY**
- Advertising and Marketing Communications
- Fashion Business Management
- International Trade and Marketing for the Fashion Industries

**ONLINE DEGREE PROGRAMS**
FIT offers four degrees that can be completed fully online:

**Jay and Patty Baker School of Business and Technology**
- Advertising and Marketing Communications One-Year AAS degree program
- Fashion Business Management One-Year AAS degree program
- International Trade and Marketing for the Fashion Industries BS degree program

**School of Art and Design**
- Communication Design Foundation One-Year AAS degree program

**School of Liberal Arts and Sciences**

Business and Liberal Arts Center, Room B623, (212) 217-4320
fitnyc.edu/liberalarts

Every degree program at FIT has at its core a required, comprehensive liberal arts curriculum, taught by the faculty of the college’s School of Liberal Arts and Sciences. Education in the liberal arts develops students’ critical thinking and communications skills, provides them with a diverse and global perspective, and nurtures interests that can enrich and inform their professional and personal lives.

The School of Liberal Arts and Sciences also administers the liberal arts minors, FIT’s Presidential Scholars honors program, the Film and Media AAS program, the Film and Media BS program, and the Art History and Museum Professions BS program.

**LIBERAL ARTS AND SCIENCES DEPARTMENTS**
The Educational Skills Department (ES) offers courses in English as a second language and college-level preparation in reading and writing.

The English and Communication Studies Department (EN) offers courses in literature, communication studies, and writing.
The Film, Media, and Performing Arts Department offers courses in film studies and film production (FI), music (MU), health education (HE), and dance and physical education (PE), including individual and team activities.

The History of Art Department (HA) offers a diverse and inclusive variety of history of art and civilization courses. It also administers the interdisciplinary Art History and Museum Professions BS program.

The Modern Languages and Cultures department offers courses in Arabic (AB), French (FR), Italian (IT), Japanese (JA), Mandarin Chinese (CH), Portuguese (PO), and Spanish (SP). Additionally, the department offers world literature, cultural studies, and film studies courses taught in English (MC).

The Science and Mathematics Department offers courses in biology, environmental science, and physical science (SC), mathematics (MA), and computer science (CS).

The Social Sciences Department offers courses in six disciplines: economics (SS), history (HI), political science (SS), psychology (SS), sociology (SS), and philosophy (PL).

**Liberal Arts Requirements for Associate Degree Students**

All students are required to submit SAT/ACT scores in order to be placed at the appropriate course level. Based upon placement test scores, some students are required to take developmental courses in Educational Skills (ES) or mathematics (MA) in addition to the general requirements listed below. For placement test exemption information, see Requirements for Degree Completion (p. 61) or visit fitnyc.edu/placementtests.

All two-year AAS degree students must complete a total of at least 24 General Education/Liberal Arts credits. Some majors require specific courses within these general requirements. Please refer to the specific major page, in the Degree Programs (p. 86) section of this catalog, for more information.

General Education Exemptions: An earned bachelor’s degree or equivalent from an accredited four-year institution (U.S. or international) may exempt a student from all of the above General Education/Liberal Arts requirements except 3 credits of English Composition (G1; Composition taken in the U.S. or in a country in which English is an official language); and for Art and Design majors, 6 credits of Art History.

**Liberal Arts Requirements for Baccalaureate Degree Students**

Liberal arts requirements for bachelor’s degree students may vary by major. Refer to the specific major’s page in the Degree Programs (p. 86) section of this catalog for more information.

**PRESIDENTIAL SCHOLARS**

Business and Liberal Arts Center, Room B602, (212) 217-4590 fitnyc.edu/honors

Presidential Scholars is FIT’s honors program, providing motivated and gifted students the opportunity to take part in specially designed liberal arts courses, interdisciplinary group projects, monthly colloquia, and extracurricular activities—arts performances, cultural institution visits, and outdoor adventures—that use the entire landscape of New York City as an extended campus. Presidential Scholars receive an annual merit stipend and are afforded priority registration.

Students must complete a separate application for the Presidential Scholars program. For the associate-level program, competitive admission is based on class rank, high school GPA, and SAT scores. For the baccalaureate-level program, students must have a GPA of 3.5. Information about and applications for the Presidential Scholars program can be found on the program’s website.
Career and Internship Center

Functioning within the Division of Academic Affairs, FIT’s Career and Internship Services is highly regarded for the college-credit-bearing experiential learning programs and career guidance it offers. The CIS’s mission is to help students learn how to identify good career fits and make successful career decisions in today’s competitive global market, advance their careers, and market themselves throughout their professional lives in a wide range of fields.

Key functions of the unit are:

- Career Counseling and Internship Search Coaching
- Internship Studies Enrollment Support
- Full-time job/Part-time job/Retail job promotion
- Career Fairs and Information sessions
- Career Development Events and Workshops

The college maintains strong alliances with organizations ranging from design, communications, and merchandising to museums and other nonprofits. Lifetime career services are offered to all FIT alumni, and students are encouraged to utilize the office’s resources from the start of their education.

In collaboration with the Internship Studies Department, students participate in customized, semester-long experiential learning that integrates theory (classroom and online pedagogy) and practice (credit internships) focusing on the areas of career and personal development. Each academic year, FIT provides more than 1,500 students in more than 25 academic majors with credit-bearing internships at sponsor organizations. Approximately 90 percent of the graduating class that moved into the world of work reported being employed when surveyed after graduation.

Center for Continuing and Professional Studies

The Center for Continuing and Professional Studies offers courses, in the classroom and online, to those interested in advancing their professional careers or educational goals. Courses are open to the public and span a range of topics, including art, business, design, digital technology, entrepreneurship, fashion, marketing, and retailing. In addition to free-standing courses, professional development certificates and special intensive courses of study are available. The center offers its programs through Professional Studies, Enterprise Studies and Digital Design, and Precollege Programs. The center offers a comprehensive group of English as a Second Language programs in association with Educational Skills for those who need English for career betterment or to apply to U.S. colleges, including Intensive English Language at FIT, which provides an opportunity to study a comprehensive selection of courses for a full semester, in either the fall or spring.
Professional Studies

Professional Studies focuses on the corporate global training needs of fashion-related industries, as well as the enrichment needs of industrial artists and designers. Noncredit certificates of professional development are offered on topics such as Brand Management Experience, Certified Technical Designer, Color Specialist, Digital Analytics: Fashion Marketing and Retailing, Fashion Styling, Image Consulting, and Omni-Channel Retail.

Enterprise Studies and Digital Design

Enterprise Studies and Digital Design provides information and resources for small businesses and freelancers. Hands-on computer workshops keep designers and businesspeople up to date on software tools. It offers six noncredit certificates of professional development: Creative Enterprise Ownership, Sustainable Design Entrepreneurs, and Computer Essentials (Fashion Design, Graphic Design, Web Design, and Video). The center also secures grant funding to develop free or low-cost programs that help meet the needs of entrepreneurs and New York City’s fashion industry.

Precollege Programs

Precollege Programs offer remote and in-person courses for middle and high school students in the college’s many areas of expertise. During the school year, Precollege offers an exploratory and portfolio program titled Precollege Live, presented over 10 sessions. In the summer, there is a three-week Summer Live program. Intensive four-day workshops offered each spring, summer, and fall are especially attractive to families living outside the New York City metropolitan area.

International Programs

B119, (212) 217-5380
fitnyc.edu/study-abroad/

The Office of International Programs coordinates opportunities for students to study abroad for a year, a semester, or three to four weeks in the summer or winter sessions. Students may also study abroad through SUNY (suny.edu/studyabroad) or the College Consortium for International Study (CCISabroad.org). Applicants are selected competitively and are generally required to have a minimum GPA of 3.0. Students must develop an advisement plan with their department’s chair or study abroad faculty coordinator that lists the courses they are approved to complete abroad so they may transfer credit back to the FIT degree program.

SHORT-TERM STUDY ABROAD AND INTERNSHIP PROGRAMS

FIT conducts many international short study courses in subjects such as Art History, Spanish, Japanese, Cosmetics and Fragrance Marketing, Graphic Design, Photography, Menswear, Illustration, Textile/Surface Design, and Packaging Design, during the summer and winter sessions in a variety of locations, including China, India, Japan, Korea, France, Spain, and Italy. Students receive 2, 2.5, 3, or 4 FIT credits upon completion of a short-term study abroad program. FIT also offers four- to eight-week internships abroad during the summer session in England, China, France, Germany, Spain, Sweden, and Australia. For more programs and locations, see fitnyc.edu/academics/global/study-abroad/programs/short-term.
FIT in Italy

FIT in Italy programs are additional locations accredited by the Middle States Commission on Higher Education, 3624 Market Street, Philadelphia, PA 19104 (MSCHE.org). FIT in Italy Art and Design programs are also accredited by the National Association of Schools of Art and Design (nasad.arts-accredit.org). Students must spend at least one year at FIT in New York City.

Florence

Location: Polimoda, Villa Favard, Via Curtatone 1, 50123 Florence, Italy

AAS degree students in Fashion Design can spend one academic year in New York City and one academic year in Florence. Students may study abroad in their first or second year. Select students may also participate for the third semester (fall) only. Courses are taught in English and students receive FIT credits toward their degree for courses completed in Italy.

Students accepted into the BS Fashion Business Management degree program in New York and Florence can study in Florence for their third year (fifth and sixth semesters) or for their fifth or sixth semesters only, returning to New York City to complete their program. Courses are taught in English and students receive FIT credits toward their degree for courses completed.

Students of all majors also have the opportunity to take Liberal Arts courses during a spring semester in Florence.

Milan

Location: Politecnico Di Milano, piazza Leonardo da Vinci 32, 20133 Milan, Italy

Students accepted into the BFA degree in Fashion Design Sportswear specialization can spend their third academic year in New York City or Milan, or may spend their fifth or seventh semester in Milan. Courses are taught in English and students receive FIT credits toward their degree for courses completed in Italy.

FIT at SUNY Korea

FIT at SUNY Korea programs are accredited by the Middle States Commission on Higher Education, 3624 Market Street, Philadelphia, PA 19104 (MSCHE.org). FIT at SUNY Korea Art and Design programs are also accredited by the National Association of Schools of Art and Design (nasad.arts-accredit.org).

Incheon

Location: Songdo Global University Campus, Songdo Moonwha-Ro 119, Yeonsu-Gu, Incheon, South Korea 406-840

The AAS program in Fashion Business Management and the AAS program in Fashion Design are accredited additional locations for FIT at SUNY Korea. Students in the program are required to spend both their first and second academic years in Korea. Courses are taught in English and students receive FIT credits toward their degree for courses completed in Korea.

OTHER SEMESTER STUDY ABROAD PROGRAMS

Courses are taught in English.

Australia

- RMIT University, for Fashion Design, Fashion Business Management, Textile/Surface Design, Advertising & Digital Design

Chile

- Duoc UC (School of Design), for Fashion Design
China
- Donghua University (DHU) Semester in Shanghai Program, for Fashion Business Management, International Trade and Marketing
- Hong Kong Polytechnic University (HKPU), for Fashion Design, Fashion Business Management, Production Management

Denmark
- KEA (Copenhagen School of Design and Technology, “Københavns Erhvervsakademi”), for Direct and Interactive Marketing

England
- Arts University of Bournemouth, for Photography
- Central Saint Martins (University Arts London), for Fashion Design
- Chelsea College of Arts (University Arts London), for Graphic Design, Textile/Surface Design
- Falmouth University, for Advertising & Digital Design
- Leeds Arts University, for Advertising & Digital Design
- Manchester Metropolitan University for Fashion Business Management
- Nottingham Trent University (NTU), for Fashion Design, Graphic Design
- University of Westminster, for Fashion Business Management
- University of York, for History of Art

France
- American University of Paris, for Advertising and Marketing Communications, Fashion Business Management, International Trade and Marketing, Entrepreneurship, Film and Media, and Art History and Museum Professions
- American Business School in Paris, for Advertising and Marketing Communications, Fashion Business Management
- ICART Paris, for Art History and Museum Professions
- ISCOM Paris, for Advertising and Marketing Communications
- Paris College of Art (PCA), for Photography

Italy
- American University of Rome (AUR), for Advertising and Marketing Communication, Fashion Business Management, International Trade and Marketing, Entrepreneurship, Film and Media, and Art History and Museum Professions
- Florence University of the Arts, for Photography, Interior Design, and Footwear and Accessories Design
- Lorenzo de’ Medici, for Advertising and Marketing Communication, Art History and Museum Professions, Fabric Styling, Fine Arts, and International Trade and Marketing
Mexico
• Iberoamericana University, for Advertising and Marketing Communication, Graphic Design, Fashion Design, Textile/Surface Design, and Art History and Museum Professions

New Zealand
• Otago Polytechnic, for Graphic Design

Scotland
• Heriot Watt University, for Textile/Surface Design

SUNY STUDY ABROAD PROGRAMS
With departmental approval, students may also study abroad through one of the 1,000-plus programs offered by SUNY for a semester, summer, or winter session (suny.edu/studyabroad/).

CCIS STUDY ABROAD PROGRAMS
FIT is a member of the College Consortium for International Study (CCIS), which includes approximately 100 colleges across the United States that offer study abroad programs. Under the auspices of the CCIS Consortium students can study at institutions around the globe with departmental approval (CCISabroad.org).

Online Learning

fitnyc.edu/onlinelearning
FIT offers more than 800 online course sections per year, enabling students with busy schedules to do their coursework online any time of the day. In addition, FIT also offers fully online associate degrees in Fashion Business Management, Communication Design Foundation, and Advertising and Marketing Communications, as well as the bachelor’s degree in International Trade and Marketing for the Fashion and Design Industries. Online courses have the letters “OL” next to them in the course listings.

Online learning at FIT is both interactive and collaborative. Students receive instruction, submit assignments, and actively participate in discussions from anywhere with an internet connection. Students leverage the wealth of resources available through the web to support their education.

If you opt to take an online course, you will access your course through Blackboard. Online courses are not for everyone and work best for independent learners who communicate comfortably through reading and writing. You may be expected to participate in online discussions with your class several times per week. Online courses are open to both degree and nondegree students, as well as international students.

FIT also offers more than 50 blended course sections per year. These are courses that are half online and half face-to-face. Blended courses have the letters “BL” next to them in the course listings.

Requirements for Degree Completion

TIME REQUIREMENTS
Full-time students must complete all requirements for their degree within four years from the original date of matriculation; part-time students must complete all requirements within eight years from the original date of matriculation. After the period expires, students must reapply through Admissions and have their credentials reevaluated. Courses taken 10 or more years ago are subject to reevaluation and must be approved by the appropriate department chair or academic dean in order for students to receive credit toward their degree.
REQUIREMENTS FOR THE ASSOCIATE DEGREE
To qualify for the Associate in Applied Science degree, candidates must be matriculated (officially admitted to degree status); satisfactorily complete the credit and course requirements prescribed for their majors, related areas, and General Education; achieve a minimum GPA of 2.0 for all work completed; receive the recommendation of the faculty; and submit a graduation application.

For more specific course requirements, consult the Degree Programs (p. 86) and FIT’s General Education requirements (p. 70).

REQUIREMENTS FOR THE BACCALAUREATE DEGREE
To qualify for the Bachelor of Science or Bachelor of Fine Arts degree, students must be matriculated (officially admitted to degree status); satisfactorily complete the credit and course requirements prescribed for their majors, related areas, General Education, and Liberal Arts; achieve a minimum GPA of 2.0 for all work completed; receive the recommendation of the faculty; and submit a graduation application.

For specific course requirements, consult the major pages (p. 86) and FIT’s General Education requirements (p. 70).

OVERALL BACHELOR’S DEGREE REQUIREMENTS
FIT’s 2+2 degree structure requires an earned AAS or equivalent plus all the BS or BFA degree requirements.

This structure includes the following overall bachelor’s degree graduation requirements:

- 120–126 total earned credits
- 30 credits in General Education credits approved by the State University of New York (SUNY)

BS degrees New York State guidelines:

- 60 credits in liberal arts
- 60–62 credits in major and related area, including a minimum of 24 credits in 300- to 400-level major and related area coursework

BFA degrees NASAD and New York State guidelines:

- 12 credits art/design history
- 30 credits in Liberal Arts/General Studies
- 78–84 credits in major and related area, including a minimum of 24 credits in 300- to 400-level major and related area coursework

MATRICULATION STATUS POLICY
Nonmatriculated students (i.e., students enrolled in at least one course but not admitted into a degree program) seeking admission to a two-year associate or baccalaureate degree program at FIT should note the following:

- No more than 30 credits taken at FIT in nonmatriculated status may be applied to a two-year associate or baccalaureate degree.

Nonmatriculated students seeking admission to a one-year associate degree program should note the following:

- No more than 15 credits taken at FIT in nonmatriculated status may be applied to a one-year associate degree.
FIT RESIDENCY REQUIREMENTS

To earn a **two-year associate degree** (p. 88), students must complete at FIT a minimum of 30 credits as required by the major.

To earn a **one-year associate degree** (p. 121), students must complete at FIT a minimum of 30 credits as required by the major.

To earn a **baccalaureate degree** (p. 130), students must complete at FIT a minimum of 60 credits as required by the major. However, if students have already earned an appropriate FIT associate degree, they must complete at FIT a minimum of 30 upper-division credits as required by the major.

At least 50 percent of the major and related-area coursework must be taken in residence at FIT.

ATTENDANCE

Attendance shall be taken in all classes. The general policy with regard to student attendance in any class is determined by the instructor and is announced to the class at the beginning of each semester. Specific procedures for handling absences are detailed in the **Student Rights and Responsibilities Handbook**, available online at [fitnyc.edu/rightsandresponsibilities](http://fitnyc.edu/rightsandresponsibilities).

On occasion, students are unable to attend a class session due to illness, accident, or other emergency. Students should contact their instructor(s) directly, via phone or email. If students are unable to reach their instructor(s), they should contact the appropriate academic department office(s). Extended absences from class should be substantiated by appropriate documentation.

No persons shall be expelled from or be refused admission as students of the college for the reason that they are unable to attend classes or to participate in any examination, study, or work requirements on a particular day(s) because of religious beliefs.

Students unable to attend classes on a particular day(s) because of religious beliefs shall, because of such absence on the particular day(s), be excused from any examination or any study or work requirements.

It shall be the responsibility of the faculty and the administrative officials of the college to make available to students absent from school because of religious beliefs an equivalent opportunity to make up any examination, study, or work requirements that they may have missed because of such absence on any particular day(s). No fees of any kind shall be charged for making available such equivalent opportunity.

In effectuating the provisions of this section, it shall be the duty of the faculty and of the administrative officials to exercise the fullest measure of good faith. No adverse or prejudicial effects shall result to any student because of his or her availing himself or herself of the provisions of this section.

Any students who are aggrieved by the alleged failure of any faculty or administrative officials to comply in good faith with the provisions of this section shall be entitled to maintain an action or proceeding in the supreme court of the county in which the college is located for the enforcement of their rights.

It shall be the responsibility of the administrative officials of the college to give written notice to students of their rights under this section, informing them that students who are absent from school because of religious beliefs must be given an equivalent opportunity to register for classes or make up any examination, study, or work requirements that they may have missed because of such absence on any particular day(s). No fees of any kind shall be charged by the college for making available to such students such equivalent opportunity.
OFFICIAL WITHDRAWAL

The official withdrawal procedure applies to all full- and part-time degree students leaving the college and withdrawing from all classes and is processed by the Registrar’s Office. Complying with the official procedure ensures that student records are maintained in good order and will facilitate readmission to FIT or expedite sending transcripts to other schools. Title IV recipients must have an exit interview with the financial aid office before withdrawal. Specific procedures are available online on the Registrar’s website: fitnyc.edu/registrar/withdrawal.

Dean’s List

The Dean’s List, posted at the end of each semester, honors those students who have completed 12 or more credits (may not include courses taken on a pass/fail basis) and achieved a GPA of 3.5 or better. Students receiving an incomplete or an “F” grade are ineligible for the Dean’s List that semester.

For students who achieve a GPA of 3.85 or better during their college careers, their degree is granted summa cum laude. For those with a GPA of 3.70 or better but less than 3.85, their degree is granted magna cum laude. For those with a GPA of 3.50 or better but less than 3.70, the degree is granted cum laude.

Scholastic Standing

Scholastic standing is determined by a semester index, computed by multiplying grade value by credit hours for the course, and dividing the sum by the total credit hours.
The following grades are used for final marks:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Quality Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.0</td>
</tr>
<tr>
<td>A-</td>
<td>3.7</td>
</tr>
<tr>
<td>B+</td>
<td>3.3</td>
</tr>
<tr>
<td>B</td>
<td>3.0</td>
</tr>
<tr>
<td>B-</td>
<td>2.7</td>
</tr>
<tr>
<td>C+</td>
<td>2.3</td>
</tr>
<tr>
<td>C</td>
<td>2.0</td>
</tr>
<tr>
<td>C-</td>
<td>1.7</td>
</tr>
<tr>
<td>D</td>
<td>1.0</td>
</tr>
<tr>
<td>F</td>
<td>0</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Grade</th>
<th>Grade Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>IF</td>
<td>Incomplete converted to F</td>
</tr>
<tr>
<td>IN</td>
<td>Incomplete</td>
</tr>
<tr>
<td>L</td>
<td>Auditor</td>
</tr>
<tr>
<td>P</td>
<td>Passed</td>
</tr>
<tr>
<td>WD</td>
<td>Student-initiated authorized withdrawal</td>
</tr>
<tr>
<td>WF</td>
<td>Unauthorized withdrawal</td>

<tr>
<td>ZF</td>
<td>Missing grade converted to F</td>
</tr>
<tr>
<td>*</td>
<td>Developmental course grade notation</td>
</tr>
<tr>
<td>&gt;</td>
<td>Repeated course grade notation. See Repeat Policy.</td>
</tr>
</tbody>
</table>

If IN grades not completed by the end of the next 15-week semester, converted to IF. IF is equivalent to an F.

Incomplete courses are not assigned automatically; they may be assigned at the instructor’s discretion. Course work must be completed within six weeks of the start of the following semester. IN is computed as a P until appropriate letter grade is submitted. IN cannot become WD.

Auditor (may be assigned for nonmatriculated student only).

A P grade is not calculated in the scholastic average, but credit is received and recorded on the academic transcript. An F grade will be calculated in the GPA.

Student-initiated authorized withdrawal: does not affect GPA.

Unauthorized withdrawal. Carries a penalty: is equivalent to an F in GPA.

No grade reported by instructor at grade-processing deadline: does not affect GPA.

Z grades not changed to an academic grade by the end of the next 15-week semester, convert to ZF. ZF is equivalent to an F.

* A grade with an asterisk is assigned for a developmental course. Does not affect GPA.

> Denotes student repeated a failed course. See repeat policy.

All grade disputes must be resolved within two years of receipt of the grade and cannot be disputed once the degree is awarded and sealed.
REPEAT POLICY

1. A course with a grade of “F,” “WD,” or “WF” may be repeated.
2. Internship (IC) courses may be taken a maximum of two times per degree program; only the first will count toward the degree requirements and the second iteration will apply to excess credit and not qualify toward financial aid.
3. If a student receives a grade of “F” or “WF,” the original grade permanently remains on the official transcript.
4. If a student repeats a course, only the last grade earned will be included in the GPA, with the exception of internship courses.
5. A course originally taken for a grade cannot be retaken for a pass/fail grade.
6. A student who wishes to enroll in a third and final attempt of a course may do so only with the approval of the department chair or assistant chair of a student’s major.

INCOMPLETE GRADING POLICY – GRADUATE AND UNDERGRADUATE COURSEWORK

1. An incomplete (“IN”) grade is assigned at the instructor’s discretion.
2. When an “IN” is granted, the instructor will specify and communicate to the student a due date that is no later than six (6) weeks into the next 15-week academic term (fall or spring).
3. “IN” converts only to a letter grade and cannot become a “WD” or a “WF.”
4. If a grade for an incomplete is not completed/submitted within the appropriate time frame, the “IN” will roll into an “IF” at the end of the following semester.

UNDERGRADUATE ACADEMIC FORGIVENESS POLICY

Students who have not attended FIT for a period of two (2) years or more and whose cumulative GPA while in attendance was below 2.0 and/or were academically dismissed from the college may apply for readmission under the Academic Forgiveness Policy to be readmitted to the college/degree program. Students will file an appeal for Academic Forgiveness with the Committee on Academic Standards, which will oversee the process and which meets twice during the academic year. If the appeal is approved by the normal appeal process (chair, dean, CAS, VPAA) the student may file for college readmission through the Office of Admissions.

ACADEMIC STANDARDS POLICY FOR NONDEGREE STUDENTS ENROLLED IN UNDERGRADUATE COURSES

1. A nondegree student is not subject to academic dismissal at the end of his or her first semester taking courses in the college.
2. A nondegree student will be dismissed from the college at the end of the completion of 12 credits with a cumulative GPA below a 2.0.
3. A nondegree student who has been dismissed from the college is permitted to take only non-credit-bearing courses offered through the Center for Continuing and Professional Studies.
4. There is no option for appeal of this college policy.
PROCEDURE FOR PASS/FAIL
1. No required course in a major or in a minor can be taken as pass/fail. AAS candidates are permitted to take a maximum of six (6) free elective or liberal arts elective credits on a pass/fail basis. BS candidates may take up to six (6) liberal arts elective credits on a pass/fail basis. BFA candidates are permitted to take three (3) elective credits on a pass/fail basis.
2. At least one full semester must have been completed at FIT; students must be currently registered for no fewer than 12 regularly graded credits in addition to the course taken on a pass/fail basis.
3. Only three (3) credit hours per semester can be taken on a pass/fail basis.
4. The instructor must be informed within the first three weeks of the class that the course is to be taken on a pass/fail basis. Forms are available in the Registrar's Office.
5. No more than one pass/fail course may be taken in any one department during each degree program.

ACADEMIC STANDARDS/PROBATION AND DISMISSAL
The Office of the Registrar notifies students of their academic standing in writing via email at the end of the fall and spring semesters. Students whose academic standing is academic dismissal may appeal the decision to the Faculty Senate Committee on Academic Standards. The academic standing appeal procedure is a formal request by a student seeking to appeal for an exception to the academic standing regulations as published in the college catalog and on the following website: fitnyc.edu/registrar.

Students on Academic Probation will be limited to 15 credits during the next regular semester and will be required to meet with an academic advisor in the Academic Advisement Center and the chair of the major department.

Following are the criteria for academic probation or academic dismissal:

- A student is placed on probation if the semester GPA (grade point average) is below 2.0.
- A student is not subject to academic dismissal at the end of the first semester in a degree program.
- A student will be dismissed from the college after two consecutive semesters with a GPA below 2.0 and with an overall cumulative GPA below 2.0.

Following the decision of academic dismissal, a student may appeal to the Committee on Academic Standards for three consecutive regular semesters, including the semester the status was assigned.

If a student is dismissed at the end of a semester, but is preregistered for an upcoming winter or summer session, the student will not be permitted to continue in that session. The registration will be canceled and tuition refunded.

Students who have been academically dismissed from the college are permitted to take only non-credit-bearing courses offered through the Center for Continuing and Professional Studies.

Please see fitnyc.edu/registrar for complete details for the academic standing appeal process and a copy of the appeal form.

TRANSFER CREDITS
Students applying to FIT must submit official transcripts from all previously attended colleges as part of the admissions application process. The Registrar's Office works closely with Admissions and academic department chairs and deans to review and post all transfer credit. Details about AP, CLEP, and IB exams, transfer appeals, and how to check your transfer credits can be found on the Registrar’s website: fitnyc.edu/academics/courses-and-registration/registrar/transfer-credits.
For further information, please see FIT’s official Transfer Credit Policy, found here: fitnyc.edu/about/policies/enrollment-management/transfer-credit-policy.

Transfer Credit Pre-Approval

A Course Equivalency Assessment Form is required to be filed by students who wish to engage in off-campus study. Students must obtain Registrar approval before registering for a course at another college.

INDEPENDENT STUDY

Independent study opportunities are available to students in the fall and spring semesters and refer to individualized instruction, which is provided in a tutorial manner outside of a regularly offered class schedule. Participating students work with their sponsoring faculty member to create a course of study and learning outcomes for the independent study and sign an Independent Study Agreement Form to adhere to these learning outcomes. The faculty member assigns the credit value to the course based upon the anticipated learning outcomes and scope of work required during the course of the study.

For all undergraduate and graduate degree programs, a maximum of three (3) credits of independent study are allowed. Two-year AAS students may undertake independent study only in their third or fourth semester, while one-year AAS students may undertake independent study only in their second semester. BFA and BS students are eligible in any upper-level semester. Graduate students are eligible for independent study in any semester. Independent study courses are electives and cannot be used as substitution for a required major course.

Independent study requests are student initiated and must be made in the preceding semester. Students must have a minimum GPA of 3.5. Students must complete, sign, and submit the Independent Study Agreement Form, in conjunction with their sponsoring faculty member, before the start of the semester.

FIT POLICY ON CLASSROOM CREDITS AND HOURS

FIT follows the State University of New York (SUNY) policy on credits and hours, which is a variant of the traditional Carnegie Unit. In lecture courses, 1 semester credit hour equals 1 hour of classroom instruction and 2 hours of outside study for each class session. A typical 3-credit lecture course at FIT meets 3 hours a week for 15 weeks for a total of 45 hours, and 6 hours a week of outside study. In lab/studio courses, 1 semester credit hour equals 2 hours of classroom instruction and 1 hour of outside study. A typical 3-credit lab/studio course at FIT meets 6 hours a week for 15 weeks for a total of 90 hours. For further information, please see the SUNY policy document at tinyurl.com/FIT-SUNY-CreditHR.

GUIDELINES FOR AUDITING A COURSE

- A nondegree student may only request to change from credit to audit status up to the third week of a fall/spring semester.
- A nondegree student may only request to revert from audit status back to credit status up to the third week of a fall/spring semester.
- Standard tuition and fees associated with registering for a course apply to an audited course.
- Audited courses cannot be repeated.
- An audited course will not count toward degree requirements.
- An "L" grade is issued for an audited course.
- Audited courses do not count toward financial aid eligibility.
AWARDING SECOND UNDERGRADUATE DEGREES

Second Associate in Applied Science (AAS) Degree

- Given FIT’s 2+2 degree structure, admitted students may seek a second AAS to meet the specific major requirements for pursuing a bachelor’s degree.
- Once matriculated, the student must meet all the major and related course requirements of the second undergraduate degree.
- Liberal arts requirements are exempted based on the first earned AAS degree, except 3 credits in English composition (G1; Composition taken in the U.S. or in a country in which English is an official language); and for Art and Design majors: 6 credits of Art History.
- Courses required of both AAS degree programs do not have to be repeated or credits do not need to be replaced for the second undergraduate degree with the condition that a minimum of 30 additional/27 distinct credits (and a minimum of 90 credits total) must be successfully completed for the second undergraduate degree.

Second Bachelor of Fine Arts (BFA) Degree:

- BFA degrees require more than 30 major and related area credits, therefore, once matriculated, the student must meet all the course requirements of the second undergraduate degree including:
  - Major area
  - Related area
  - Liberal Arts
- Courses required of both the BFA programs do not have to be repeated or credits replaced for the second undergraduate degree with the condition that a minimum of 30 additional/27 distinct credits (and a minimum of 150 credits) total must be successfully completed for the second undergraduate degree.

Second Bachelor of Science (BS) Degree

- In most cases BS majors do not require 30 major and related area requirements, therefore admissions should not be granted given that the NYSED degree requirements cannot be met. In rare cases, there are enough credits in major area electives or Liberal Arts courses to consider a second bachelor’s in a BS major.

FIT Undergraduate Degree Limits: Two associate level; Two bachelor’s level

Please note that need-based federal or state financial aid may be limited or unavailable to students pursuing a second undergraduate degree.

Students interested in learning about their eligibility for New York State or Federal Financial Aid programs should visit the following sites: www.hesc.ny.gov/ or https://studentaid.gov.

Academic Advisement Center

Marvin Feldman Center
Room C402, (212) 217-3080
fitnyc.edu/academics/academic-support/advisement

The Academic Advisement Center is designed to support the intellectual, psychological, and social growth of students. Working collaboratively with the FIT community, members of the Advisement Center provide ongoing support to students while also maintaining continuous communication with deans, chairs, and faculty to ensure that the most up-to-date advice and information are being shared.
Students in all undergraduate degree-seeking programs are assigned an academic advisor who will provide direction with degree mapping, course registration, minor declaration, and assistance identifying academic resources designed to ensure academic success. For more information, please visit the Advisement Center web page: [https://www.fitnyc.edu/academics/academic-support/advisement/index.php](https://www.fitnyc.edu/academics/academic-support/advisement/index.php).

**Academic Skills Tutoring Center**

David Dubinsky Student Center, Room A608B  
[AcademicSkillsCenter@fitnyc.edu](mailto:AcademicSkillsCenter@fitnyc.edu)  
[fitnyc.edu/tutoring](http://fitnyc.edu/tutoring)

The Academic Skills Tutoring Center at FIT is a free service for all full-time and part-time students enrolled in credit and developmental courses for the current semester. We offer a variety of tutoring options in a wide range of disciplines. Our goal is to help students excel in their classes by introducing them to the skills necessary to become well-rounded, independent learners.

For more information, please visit the Academic Skills Tutoring Center web page: [fitnyc.edu/tutoring](http://fitnyc.edu/tutoring).

**FIT’S General Education Requirements and Courses**

FIT students who matriculated after fall 2000 must fulfill General Education requirements in order to receive a bachelor’s degree. These requirements are built into the FIT curriculum and in conjunction with major and related area courses in a degree program. An FIT General Education course cannot be used to meet more than one General Education area.

All two-year AAS degree students must complete a total of at least 24 General Education/Liberal Arts credits. Some majors require specific courses within these general requirements. Please refer to the specific major page, in the [Degree Programs](http://p.86) section of this catalog, for more information.

At the AAS level, a second English course is required for all majors. English courses cover a wide variety of General Education areas.

All FIT students, including transfers, are required to complete a total of 30 SUNY General Education/Liberal Arts credits (10 courses) in a minimum of 7 of the 10 areas in order to receive a bachelor’s degree. This General Education structure is effective for FIT students entering AAS programs in fall 2014 and for those entering BS/BFA programs in fall 2015.

To complete these requirements for a bachelor’s degree, students must take **30 credits** of General Education approved courses. The general guidelines are as follows, however, please refer to the specific major page, in the [Degree Programs](http://p.86) section of this catalog, for more information.

1. Take one (1) course in each of the following areas (**9 credits**): Basic Communication (G1), Mathematics (G2), and Natural Sciences (G3).

2. Take four (4) different courses from four (4) different areas (**12 credits**) in the G4–G10 categories: Social Sciences (G4), Western Civilization (G5), The Arts (G6), Humanities (G7), Foreign Language (G8), Other World Civilizations (G9), and American History (G10).

3. Take three (3) courses not previously taken in any of the 10 areas that meet SUNY General Education approval (**9 credits**).

An earned bachelor’s degree or equivalent from an accredited four-year institution (U.S. or international) exempts a student from General Education requirements except 3 credits in English composition (G1; Composition taken in the U.S. or in a country in which English is an official language); and for Art and Design majors, 6 credits of Art History.
While the Registrar’s Office and the Academic Advisement Center monitor each student’s progress in the fulfillment of SUNY and FIT’s General Education requirements, final responsibility for completing the requirements rests with the student. A SUNY General Education requirement completed at one SUNY campus will not have to be repeated at FIT.

GENERAL EDUCATION AREAS

- G1 Basic Communication (p. 71)
- G2 Mathematics (p. 71)
- G3 Natural Sciences (p. 72)
- G4 Social Sciences (p. 72)
- G5 Western Civilization (p. 74)
- G6 The Arts (p. 74)
- G7 Humanities (p. 76)
- G8 Foreign Language (p. 80)
- G9 Other World Civilizations (Non-Western Civilizations) (p. 81)
- G10 American History (p. 84)

APPROVED GENERAL EDUCATION COURSES

The following FIT courses have been certified by SUNY as meeting specific General Education student-learning outcomes and have been approved to meet General Education requirements. Additional courses will be added to this list as they are developed.

G1 Basic Communication Students produce coherent texts within common college-level written forms; demonstrate the ability to revise and improve such texts; research a topic, develop an argument, and organize supporting details; develop proficiency in oral discourse; and evaluate an oral presentation according to established criteria.

EN 121 English Composition 3
EN 131 English Composition and Rhetoric 3
EN 142 Composition and Rhetoric (Honors) 3
EN 241 Professional Speech Communication 3
EN 242 Public Speaking 3
EN 343 Advanced Public Speaking 3
EN 362 Creative Nonfiction (Honors) 3
ES 129 College Composition for Non-Native Speakers of English 3

G2 Mathematics Students will demonstrate the ability to interpret and draw inferences from mathematical models such as formulas, graphs, tables, and schematics; represent mathematical information symbolically, visually, numerically, and verbally; employ quantitative methods such as arithmetic, algebra, geometry, or statistics to solve problems; estimate and check mathematical results for reasonableness; and recognize the limits of mathematical and statistical methods.

MA 122 Foundations of Data Science 3
MA 142 Geometry and the Art of Design (formerly MA 242) 3
MA 145 Math, Paper, Scissors 3
MA 153 Programming and Mobile Apps 3
MA 161 Mathematical Ideas 3
MA 200 A Visual Approach to Numbers 3
MA 213 Quantitative Methods 3
MA 222 Statistical Analysis 3
MA 231 Precalculus (formerly MA 131) 3
MA 241 Topics in Probability and Geometry 3
MA 300 The Mathematics of Financial Life Management 3

**G5 Western Civilization** Students demonstrate knowledge of the development of the distinctive features of the history, institutions, economy, society, culture, and so forth, of Western civilization and relate the development of Western civilization to that of other regions of the world. In addition to broad survey courses, courses more specialized in chronology or theme may count for the requirement if they focus on a foundationally important aspect of Western Civilization and place it in a broader cultural perspective.

**G9 Other World Civilizations (Non-Western Civilizations)** Students demonstrate knowledge of either a broad outline of world history or the distinctive features of the history, institutions, economy, society, and culture of one non-Western civilization. Courses in this area have to be non-Eurocentric and non-U.S. in focus. In addition to courses on the civilizations of Asia or Africa, this would, for example, allow courses on the civilizations of indigenous peoples of the Americas.

**Competencies**

In addition to the areas described above, SUNY requires the General Education competencies of critical thinking and information management. Both are covered in courses throughout the FIT curriculum.

**Critical Thinking** Students identify, analyze, and evaluate arguments as they occur in their own or others' work, and develop well-reasoned arguments.

**Information Management** Students perform the basic operations of personal computer use; understand and use basic research techniques, and locate, evaluate, and synthesize information from a variety of sources.

**FIT Testing Center**

Feldman Center  
Room C-402c  
[https://www.fitnyc.edu/admissions/undergraduate-applicants/placement-tests](https://www.fitnyc.edu/admissions/undergraduate-applicants/placement-tests)

The FIT Testing Center administers a number of placement exams to properly place students into their initial English and Math courses at FIT.

Placement testing ensures the proper class for the individual student's specific academic needs.
The Testing Center continually communicates with the chairs of the Educational Skills Department and the Science and Math Department to assure proper student class placement into English and Math courses, which are graduation requirements at FIT.

**Writing and Speaking Studio**

Feldman Center, Room C612  
(212) 217-3060  
writing_speaking@fitnyc.edu

FIT’s Writing and Speaking Studio offers students one-to-one and group feedback on their writing and presentations. Writing and speaking consultants work collaboratively with students during the composing process to: develop, focus, and refine ideas for specific audiences; understand expectations and communicate for different purposes; discover and develop strategies for effective communication in local, global, and digital contexts. The Writing and Speaking Studio connects FIT writers and speakers with thoughtful readers and listeners. We strive to be an open and constructive space where you can learn with peers. Consultants are current undergraduate and graduate students from programs across the college, as well as professional consultants from a variety of disciplinary backgrounds. Walk-ins, appointments, and online consultations are welcomed. Read more about us at: https://www.fitnyc.edu/writing-speaking.
THE FOLLOWING UNDERGRADUATE DEGREE PROGRAMS ARE AVAILABLE AT FIT:

**Associate in Applied Science (AAS) Degree Programs**

Advertising and Marketing Communications – one-year (p. 122) and two-year (p. 89) options

Advertising and Marketing Communications AAS Degree Program

http://fitnyc.edu/amc

School of Business and Technology

Applications accepted for fall and spring. NYSED: 00830 CIP: 09.0903

The major in Advertising and Marketing Communications offers students the fundamental knowledge and skills needed in the marketing communication disciplines, such as advertising, direct marketing, sales promotion, and publicity/public relations. It also enables students to advance to the BS program to prepare for career opportunities in strategic planning, media buying, and brand management. Curriculum below is for the entering class of fall 2023.

*Fall 2023 Requirements: See below.

**English: 6 credits**
EN 121, and CHOICE of any 200- or 300-level English Literature course

**History of Art and Civilization: 3 credits**
CHOICE of any HA 100-level course

**Mathematics: 3 credits**
MA 222

**Science: 3–5 credits**
CHOICE of SC 111, SC 112, SC 121, SC 122, SC 045/SC 145, SC 032/SC 332, SC 253, or SC 326

**Social Sciences: 9 credits**
SS 131, SS 141, and SS 206

**Major Area Elective(s) OR Related Area Elective(s): 6 credits (minimum)**
CHOICE of AC 211, or AC 222, or AC 242, or AC 262, or AC 275, or DM 211, or FM 116, or IC 297

**Evening/Weekend Option**
A four-semester evening/weekend option is available for this degree program (see Requirements for Degree Completion (p. 61) or visit the FIT website at fitnyc.edu/evening_weekend). The sequence of courses is the same as that listed in this catalog.

**Upper Division Alternatives**
Graduates of this program are eligible to apply for admission to the Bachelor of Science programs in Advertising and Marketing Communications (p. 89), Cosmetics and Fragrance Marketing (p. 139), Direct and Interactive Marketing (p. 141), Production Management: Fashion and Related Industries (p. 183), and Textile Development and Marketing (p. 189). By completing certain course requirements, graduates may also apply for admission to the Bachelor of Science programs in Fashion Business Management (p. 147), Home Products Development (p. 171), and International Trade and Marketing for the Fashion Industries (p. 177).
Communication Design Foundation AAS Degree Program

http://fitnyc.edu/communicationdesign

School of Art and Design

Applications accepted for fall only. NYSED: 00760 CIP: 50.0402

The major in Communication Design Foundation is a foundation program that prepares students for entry-level positions across an array of communication design professions provides. Graduates have the opportunity to advance to baccalaureate programs in Advertising and Digital Design, Graphic Design, Packaging Design, and Visual Presentation and Exhibition Design. Curriculum below is for the entering class of fall 2023.

**Fall 2023 Requirements:** See below

**FIT’s General Education and Art History Requirements for Art and Design Associate Degree Programs:**

- Three (3) credits from each required General Education area, totaling 9 credits: G1, G2, and G3
- Six (6) credits from two (2) different areas in **non-HA liberal arts** courses in G4–G10
- Three (3) credits of any 200- or 300-level English literature or speech course
- Six (6) credits from Art and Design History courses: HA 112 (3 credits, required for all Art and Design majors), plus another 3-credit HA course

FIT’s Gen Ed courses are organized into the following categories: G1 Basic Communication; G2 Mathematics; G3 Natural Sciences; G4 Social Sciences; G5 Western Civilization; G6 The Arts; G7 Humanities; G8 Foreign Language; G9 Other World Civilizations; G10 American History.

See list of Gen Ed approved courses under FIT’s General Education Requirements (p. 70) and Courses (p. 70). An FIT Gen Ed course cannot be used to meet more than one General Education area.

**Note:** Students who plan to enroll in the Advertising & Digital Design BFA degree program should take SS 131 in the AAS program as part of their Gen Ed courses. Please review your DARS audit to determine if a particular course is required by your major to meet General Education credits.

**Related Area Elective(s): 1.5–2 credits**

**CHOICE** of one of the following: AD 364, FA 103, FA 141, FA 171, GD 202, PH 118, or PK 212

**Upper Division Alternative(s):**

Graduates of this program are eligible to apply for admission to the Bachelor of Fine Arts programs in Advertising & Digital Design (p. 131), Graphic Design (p. 169), Packaging Design (p. 179), Spatial Experience Design (p. 185), Animation, Interactive Media & Game Design (p. 135), and Toy Design (p. 193). By completing certain course requirements, graduates may also apply to the Bachelor of Science program in Advertising and Marketing Communications (p. 133).
Fashion Business Management AAS Degree Program

http://fitnyc.edu/fmm

School of Business and Technology

Applications accepted for fall and spring.      NYSED: 00828      CIP: 52.1902

The major in Fashion Business Management provides students with the knowledge and skills necessary for assuming positions in the merchandising industry in areas such as buying, sales, creative fashion presentation, retail management, and marketing. Total Credits: 62.5-64

*Fall 2023 Requirements: See below.

Associate Degree General Education:

- Three (3) credits from each required General Education area, totaling 9 credits: G1, G2 (MA 222), and G3
- Three (3) credits from G4 (SS 141)
- Nine (9) credits from three different areas in liberal arts courses in G5–G10
- Three (3) credits of any 200- or 300-level English literature or speech course

See list of Gen Ed approved courses under FIT' General Education Requirements and Courses (p. 70). An FIT Gen Ed course cannot be used to meet more than one General Education area.

Related Area Elective(s): 1.5-3 credits
CHOICE of AC 111, AC 141, AC 171, AR 101, AR 115, CM 251, DE 101, HD 111, HP 201, IC 297, ID 103, JD 101, MG 153, PH 118, PH 162, PM 121, TD 112, TS 215, or TT 261

**Major Area Elective(s)**: 6 credits
CHOICE of two: FM 144, FM 201, FM 213, FM 222, FM 223, FM 226, FM 228, FM 231, or FM 251

**Evening/Weekend Option**
A four-semester degree program is available for this degree program (see Curricula Overview (p. 53) or visit the FIT website at fitnyc.edu/evening_weekend). The sequence of courses is the same as that listed on this page.

**Online Degree Option**
The online degree is designed to give students flexibility in earning an Associate of Applied Science degree (see Online Degree Programs for additional information).

**Upper Division Alternative(s)**
Graduates of this program are eligible to apply for admission to the Bachelor of Science programs in Cosmetics and Fragrance Marketing (p. 139), Direct and Interactive Marketing (p. 141), Fashion Business Management (p. 147), Home Products Development (p. 171), International Trade and Marketing for the Fashion Industries (p. 177), Production Management: Fashion and Related Industries (p. 183), and Textile Development and Marketing (p. 189). By completing certain course requirements, graduates may also apply to the Bachelor of Science programs in Advertising and Marketing Communications (p. 133) and Technical Design (p. 187).

**Additional Location**
The two-year AAS in Fashion Business Management is offered in Incheon, South Korea, as part of FIT at SUNY Korea.
The Fashion Design AAS program offers qualified students the opportunity to prepare for positions as designers, assistant designers, technical designers, or stylists. Through the application of design knowledge and experiential learning, the students develop their unique sense of aesthetics. Successful students will be able to adapt and apply their acquired knowledge to the evolving fashion industry, related design fields, and other creative careers. Curriculum below is for the entering class of fall 2023.

### Art Specialization 2
FIT’s General Education and Art History Requirements for Art and Design Associate Degree Programs:

- Three (3) credits from each required General Education area, totaling 9 credits: G1, G2, and G3
- Six (6) credits from two (2) different areas in non-HA liberal arts courses in G4–G10
- Three (3) credits of any 200- or 300-level English literature or speech course
- Six (6) credits from Art and Design History courses: HA 112 (3 credits, required for all Art and Design majors), plus another 3-credit HA course

FIT’s Gen Ed courses are organized into the following categories: G1 Basic Communication; G2 Mathematics; G3 Natural Sciences; G4 Social Sciences; G5 Western Civilization; G6 The Arts; G7 Humanities; G8 Foreign Language; G9 Other World Civilizations; G10 American History.

See list of Gen Ed approved courses under FIT’s General Education Requirements (p. 70) and Courses (p. 70). An FIT Gen Ed course cannot be used to meet more than one General Education area.

Certain majors require specific courses. Please review your DARS audit to determine if a particular course is required by your major to meet General Education credits.

**Related Area Elective(s): 1.5 credits (minimum)**

FA 105 or CHOICE of another Fine Arts course

**Evening/Weekend Option**

An evening/weekend option is available for this degree program (see Curricula (p. 53) or visit the FIT website at fitnyc.edu/evening_weekend).

**Upper Division Alternative(s)**

Graduates of this program are eligible to apply for admission to the Bachelor of Fine Arts programs in Fabric Styling (p. 145), Fashion Design–Children’s Wear (p. 151), Fashion Design–Intimate Apparel (p. 153), Fashion Design–Knitwear (p. 155), Fashion Design–Special Occasion (p. 157), Fashion Design–Sportswear (p. 159), Textile/Surface Design (p. 191), and Toy Design (p. 193), and the Bachelor of Science programs in Production Management: Fashion and Related Industries (p. 183), Technical Design (p. 187), and Textile Development and Marketing (p. 189).

**Additional Location**

The two-year AAS in Fashion Design is offered in Incheon, South Korea, as part of FIT at SUNY Korea.

**International Option**

The two-year AAS in Fashion Design has an international option (p. 97) in in collaboration with Polimoda in Florence, Italy.
The Fashion Design AAS overseas program is offered in collaboration with Polimoda in Florence. Studying abroad in Florence offers the opportunity for students to be immersed in the culture of one of the most fashion-forward countries in the world. Students learn to think more creatively and flexibly—necessary skills for today’s global competitive work environment. Refer to the Fashion Design AAS degree requirements and to the department’s website at fitnyc.edu/fashiondesign for courses to be taken in New York and Florence and for other information. Students may attend the Florence program as an incoming freshman or during their second year. Italian 1 is a requirement for second-year students prior to departure. The courses listed below are offered in the Fashion Design program in Florence (FDF). Curriculum below is for the entering class of fall 2023.

| GENERAL EDUCATION | 6       |
| MAJOR AREA   | 16      |

**Total Credits:** 28

*Fall 2023 Requirements:* See below.

**FIT's General Education and Art History Requirements for Art and Design Associate Degree Programs:**

- Three (3) credits from each required General Education area, totaling 9 credits: G1, G2, and G3
- Six (6) credits from two (2) different areas in **non-HA liberal arts** courses in G4–G10
- Three (3) credits of any 200- or 300-level English literature or speech course
- Six (6) credits from Art and Design History courses: HA 112 (3 credits, required for all Art and Design majors), plus another 3-credit HA course

FIT’s Gen Ed courses are organized into the following categories: G1 Basic Communication; G2 Mathematics; G3 Natural Sciences; G4 Social Sciences; G5 Western Civilization; G6 The Arts; G7 Humanities; G8 Foreign Language; G9 Other World Civilizations; G10 American History.

See list of Gen Ed approved courses under FIT’s General Education Requirements and Courses (p. 70). An FIT Gen Ed course cannot be used to meet more than one General Education area.

Certain majors require specific courses. Please review your DARS audit to determine if a particular course is required by your major to meet General Education credits.

**Related Area Elective(s): 1.5 credits (minimum)**

FA 105 or CHOICE of another Fine Arts course

**Foreign Language:**

IT 111, IT 112, IT 213, or IT 214

NOTE: IT 111 is required prior to arrival for Fashion Design students spending a full year in Florence. For those who select fall semester only in Florence, students have the option to take IT 111 prior to arrival or in Florence as part of semester three coursework.

**History of Art and Civilization:**

HA 112 (G5) and HA 212 (G7) are offered in Florence.

NOTE: If student attends FIT in Florence during year one, he or she should complete the following courses in New York in year two: Basic Communication (G1); Mathematics (G2); and Science (G3).
### Film and Media AAS Degree Program

http://fitnyc.edu/film

**School of Liberal Arts**

Applications accepted for fall only.  NYSED: 35958  CIP: 50.0601

The major in Film and Media provides students with a solid foundation in digital filmmaking, including screenwriting, cinematography, and editing, as well as a grounding in the history, theory, and criticism related to film and media. Curriculum below is for the entering class of fall 2023.

| MAJOR AREA | 38 |

**Total Credits:** 62
*Fall 2023 Requirements for Liberal Arts Associate Degree Programs: See below.*

- Three (3) credits from each required General Education area, totaling 9 credits: G1, G2, and G3
- Twelve (12) credits from four different areas in **liberal arts** courses in G4-G10
- Three (3) credits of any 200- or 300-level English literature or speech course

FIT’s Gen Ed courses are organized into the following categories: G1 Basic Communication; G2 Mathematics; G3 Natural Sciences; G4 Social Sciences; G5 Western Civilization; G6 The Arts; G7 Humanities; G8 Foreign Language; G9 Other World Civilizations; G10 American History.

See list of Gen Ed approved courses under FIT’s General Education Requirements (p. 70) and Courses (p. 70). An FIT Gen Ed course cannot be used to meet more than one General Education area.
The Fine Arts AAS major offers students an extensive foundation in studio practice including courses in painting, drawing, printmaking and sculpture. Students also begin to place their own creative ideas within a larger historical and conceptual context through Art History courses and direct interaction with contemporary artists and exhibitions. The program lays the groundwork for upper-level work in Fine Arts, other and design related disciplines. Curriculum below is for the entering class of fall 2023.

Graduates of this program are eligible to apply for admission to the Bachelor of Fine Arts programs in Interior Design (p. 175) and Toy Design (p. 193), and the Bachelor of Science program in Textile Development and Marketing (p. 189). By completing certain course requirements, graduates may also apply for admission to the Bachelor of Science program in Home Products Development (p. 171).
School of Art and Design

Applications accepted for fall only. NYSED: 00831 CIP: 50.0713

The major in Jewelry Design integrates design ideation and development with traditional jewelry fabrication skills and processes. Students learn 2D graphic design applications for design creation and manipulation, 3D engineering applications for design verification, CAD modeling, gemology, and industry business practices. Students are prepared for positions as designers, artisans, or self-employed jewelers. Curriculum below is for the entering class of fall 2023.

FIT's General Education and Art History Requirements for Art and Design Associate Degree Programs:

- Three (3) credits from each required area, totaling 9 credits: G1, G2, and G3 (SC 111)
- Six (6) credits from two (2) different areas in non-HA liberal arts courses in G4–G10
- Three (3) credits of any 200- or 300-level English literature or speech course
- Six (6) credits from Art and Design History courses: HA 112 (3 credits, required for all Art and Design majors), plus another 3-credit HA course

FIT's Gen Ed courses are organized into the following categories: G1 Basic Communication; G2 Mathematics; G3 Natural Sciences; G4 Social Sciences; G5 Western Civilization; G6 The Arts; G7 Humanities; G8 Foreign Language; G9 Other World Civilizations; G10 American History.

See list of Gen Ed approved courses under FIT’s General Education Requirements (p. 70) and Courses (p. 70). An FIT Gen Ed course cannot be used to meet more than one General Education area.

Certain majors require specific courses. Please review your DARS audit to determine if a particular course is required by your major to meet General Education credits.

Related Area Elective(s): 4.5 credits

CHOICE of any two to four courses (for which prerequisites have been met) totaling 4.5 credits from the following:

Courses from the School of Art and Design:

CD 134, CG 111, CG 211, CG 214, DE 101, FA 104, FA 107, FA 114, FA 116, FA 141,
LD 471, PH 201, TD 141

Courses from the School of Business and Technology:

Upper Division Alternative(s):

Graduates of this program are eligible to apply for admission to the Bachelor of Fine Arts programs in Footwear and Accessories Design (p. 167), Textile/Surface Design (p. 191), and Toy Design (p. 193).
Menswear AAS Degree Program

http://fitnyc.edu/menswear

School of Art and Design

Applications accepted for fall only.    NYSED: 00762  CIP: 50.0407

The program is designed to enable students to evolve successfully as menswear apparel design leaders and brand builders through the creative application of design knowledge acquired using experiential learning. The program is progressive and leads to the development of the student’s own aesthetics. Successful students will be able to adapt and apply their acquired knowledge to the evolving fashion industry, related design fields, and other creative careers not yet imagined. Curriculum below is for the entering class of fall 2023.

Total Credits: 65-66
*Fall 2023 Requirements: See below.

FIT's General Education and Art History Requirements for Art and Design Associate Degree Programs:

- Three (3) credits from each required area, totaling 9 credits: G1, G2, and G3
- Six (6) credits from two (2) different areas in non-HA liberal arts courses in G4–G10
- Three (3) credits of any 200- or 300-level English literature or speech course
- Six (6) credits from Art and Design History courses: HA 112 (3 credits, required for all Art and Design majors), and HA 215

FIT’s Gen Ed courses are organized into the following categories: G1 Basic Communication; G2 Mathematics; G3 Natural Sciences; G4 Social Sciences; G5 Western Civilization; G6 The Arts; G7 Humanities; G8 Foreign Language; G9 Other World Civilizations; G10 American History.

See list of Gen Ed approved courses under FIT’s General Education Requirements Courses (p. 70) and Courses (p. 70). An FIT Gen Ed course cannot be used to meet more than one General Education area.

**Upper Division Alternative(s):**

Graduates of this program are eligible to apply for admission to the Bachelor of Fine Arts programs in Fabric Styling (p. 145) and Textile/Surface Design (p. 191), and the Bachelor of Science programs in Direct and Interactive Marketing (p. 141), Production Management: Fashion and Related Industries (p. 183), Technical Design (p. 187), and Textile Development and Marketing (p. 189). By completing certain course requirements, graduates may also apply for admission to the Bachelor of Science programs in Fashion Business Management (p. 147) and International Trade and Marketing for the Fashion Industries (p. 177).
The major in Photography and Related Media offers qualified students a chance to prepare for positions as photographic studio assistants, corporate or advertising photographers, or entry-level entrepreneurs in fashion, illustration, and still-life photography. Curriculum below is for the entering class of fall 2023.

Upper Division Alternative(s):
Graduates of this program are eligible to apply for admission to the Bachelor of Science programs in Cosmetics and Fragrance Marketing (p. 139), Direct and Interactive Marketing (p. 141), Home Products Development (p. 171), Production Management: Fashion and Related Industries (p. 183), and Textile Development and Marketing (p. 189). By completing certain course requirements, graduates may also apply for admission to the Bachelor of Science programs in Advertising and Marketing Communications (p. 133), Fashion Business Management (p. 147), International Trade and Marketing for the Fashion Industries (p. 177), and Technical Design (p. 187).
## Textile Development and Marketing AAS Degree Program

http://fitnyc.edu/tdm

**School of Business and Technology**

Applications accepted for fall only. NYSED: 00841 CIP: 19.0901

The major in Textile Development and Marketing prepares students to make a textile what it is—and make a designer creation look and perform exactly as it should. Students learn sustainable fabric development, color creation, and management for fashion apparel and home furnishings end uses, with an emphasis on textile applications and forensics, global sourcing, and marketing. Curriculum below is for the entering class of fall 2023.

Total Credits: 62

*Fall 2023 Requirements: See below.
FIT's General Education and Art History Requirements for Art and Design Associate Degree Programs:

- Three (3) credits from each required area, totaling 9 credits: G1, G2, and G3
- Six (6) credits from two (2) different areas in non-HA liberal arts courses in G4–G10
- Three (3) credits of any 200- or 300-level English literature or speech course
- Six (6) credits from Art and Design History courses: HA 112 (3 credits, required for all Art and Design majors), plus another 3-credit HA course

FIT’s Gen Ed courses are organized into the following categories: G1 Basic Communication; G2 Mathematics; G3 Natural Sciences; G4 Social Sciences; G5 Western Civilization; G6 The Arts; G7 Humanities; G8 Foreign Language; G9 Other World Civilizations; G10 American History.

See list of Gen Ed approved courses under FIT’s General Education Requirements (p. 70) and Courses (p. 70). An FIT Gen Ed course cannot be used to meet more than one General Education area.

Upper Division Alternative(s):
Graduates of this program are eligible to apply for admission to the Bachelor of Fine Arts programs in Fabric Styling (p. 145) and Textile/Surface Design (p. 191), and the Bachelor of Science program in Textile Development and Marketing (p. 189).
One-Year Associate Degree Programs

Students who hold a four-year degree or who have completed at least 30 transferable credits at an accredited college, with 24 credits equivalent to FIT’s General Education requirements, may be considered for an alternative to the two-year associate degree. This option generally enables students to complete the associate degree coursework within a period of one year and is based upon a review of the student’s transcript and prior knowledge and skills. See Requirements for Admission to One-Year Associate Degree Program’s (p. 17) for specific information and required documentation.

Advertising and Marketing Communications One-Year AAS Degree Program

http://fitnyc.edu/amc

School of Business and Technology

Applications accepted for fall and spring. NYSED: 00830 CIP: 09.0903

The major in Advertising and Marketing Communications offers students the fundamental knowledge and skills needed in the marketing communication disciplines, such as advertising, direct marketing, sales promotion, and publicity/public relations. It also enables students to advance to the BS program to prepare for career opportunities in strategic planning, media buying, and brand management.

The following requirements below are intended for students declared after fall 2023. If you have already declared your minor, please speak to your academic advisor for assistance.

Major Area Elective(s) OR Related Area Elective(s): 3 credits

CHOICE of AC 211, AC 222, AC 242, AC 262, AC 275, DM 211, FM 116, or IC 297

Online Degree Option

The online degree is designed to give students flexibility in earning an Associate of Applied Science degree (see Online Degree Programs for additional information).

Evening/Weekend Option

A two-semester evening/weekend option is available for this degree program (see Curricula Overview (p. 53) or visit the FIT website at fitnyc.edu/evening_weekend). The sequence of courses is the same as that listed on this page.
Communication Design Foundation One-Year AAS Degree Program

http://fitnyc.edu/communicationdesign

SCHOOL OF ART AND DESIGN

Applications accepted for fall only. NYSED: 00760 CIP: 50.0402

The major in Communication Design Foundation is a foundation program that provides qualified students the opportunity to advance to baccalaureate programs in Advertising & Digital Design, Graphic Design, Packaging Design, and Visual Presentation and Exhibition Design, as well as entry-level positions in advertising agencies, graphic and corporate communications companies, and publishing firms. Curriculum below is for the entering class of fall 2023.

*Fall 2023 Requirements:* See below.

**Liberal Arts:** 15 credits

- **Art History:** 6 credits. CHOICE of one (1) HA course that meets General Education Other World Civilizations requirement (G9), and CHOICE of one (1) additional HA course. See the full list of Art/Design History courses under HA: History of Art and Civilization (p. 341).

**Liberal Arts Elective(s):** 9 credits. Select Liberal Arts courses (for which prerequisites have been met) from the following subject areas: AB (p. 243) (Arabic); CH (p. 265) (Chinese); EN (p. 279) (English); FI (p. 320) (Film and Media Studies); FR (p. 333) (French); HA (p. 341) (History of Art); HE (p. 355) (Health Education) HE 201, HE 301; IT (p. 381) (Italian); JA (p. 383) (Japanese); HI (p. 355) (History); MA (p. 396) (Math); MC (p. 401) (Modern Languages and Cultures); MU (p. 410) (Music); PE (p. 414) (Physical Education and Dance) PE 215, PE 216, PE 217; PL (p. 430) (Philosophy), PO (p. 434) (Portuguese), SC (p. 435) (Science), SP (p. 439) (Spanish), and SS (p. 441) (Social Sciences). See Liberal Arts Courses (p. 241).

**Related Area Elective(s):** 1.5 credits (minimum)
Elective course(s) in Art and Design (other than CG) for which prerequisites have been met.

**NOTE:** CG 271 or CG 211, CG 272 or CG 213, CG 273 or CG 212, and CG 274 or CG 221, or their equivalents must be completed prior to application to the Animation, Interactive Media & Game Design BFA program.
Art History and Museum Professions BS Degree Program

http://www.fitnyc.edu/art-history

School of Liberal Arts

Applications accepted for fall only. NYSED: 30021 CIP: 50.1002

The major in Art History and Museum Professions prepares students for positions in museums and other art institutions, with a focus on collections management, development, education, public relations, rights and reproductions, visitor services, special events, and exhibitions. Students in the program are required to pursue a one-semester internship with an arts-related institution or organization. Students must have taken HA 112 or equivalent prior to entering the program. Curriculum below is for the entering class of fall 2023.

TOTAL CREDIT REQUIREMENTS

| MAJOR AREA | 26 |
| LIBERAL ARTS | 33 |
| Total Credits: | 62 |

*Fall 2023 Requirements: See below.

Liberal Arts: 36 credits
• **English & Speech:** 6 credits. EN 245 and EN 321

• **Economics:** 6 credits. SS 242 and CHOICE of SS 302, SS 339, SS 343, SS 442, SS 443, SS 445 or SS 446 or any other 300- or 400-level Economics course

• **Foreign Language:** 6 credits. IT 111 (must be taken prior to travel) and IT 112. Note that IT 122 or IT 213 can be taken as an optional liberal arts elective (after completion of the foreign language 6-credit requirement). TOTAL Liberal Arts Credits and General Education Summary with IT 111 is 36.

• **Mathematics:** 6 credits. Students must complete MA 222 prior to enrolling in CHOICE of MA 321 or MA 322 in the seventh semester. CHOICE of MA 300 or MA 311 or MA 331 in the eighth semester.

• **Philosophy:** 3 credits. PL 300

• **Other World Civilizations:** 3 credits. SS 354, which meets General Education Other World Civilizations requirement (G9)

**Liberal Arts Elective(s):** 6 credits. HA 212 and (HA 205 or IT 213)

**Major/Related Area Elective(s)/Internship:** 12 credits. FM 300, FM 363 and CHOICE of 2 courses: FM 303, FM 322, FM 324, FM 325, FM 328, FM 331, FM 341, FM 362, FM 423, FM 431, FM 441, FM 492, FM 499 or EP 311

**Internship:** IC 497

**NOTE:** Students must have taken the following courses prior to entering the program: FM 100, FM 203, FM 204, FM 206, MA 222, SS 141, and TS 111.
Fashion Design—Children’s Wear

http://fitnyc.edu/fashiondesign

School of Art and Design

Applications accepted for fall only. NYSED: 00735 CIP: 50.0407

Students in the Children’s Wear concentration hone their expertise through applied experiential learning and the creative application of critical problem-solving. They prepare for positions as fashion designers and brand builders by refining their conceptual, aesthetic, and technical skills. An internship is required. The program prepares graduates for careers in the fashion industry and related design fields. Registering for this concentration is based on availability. Curriculum below is for the entering class of fall 2023.

- **History of Art: 6 credits.** CHOICE of one (1) HA course that meets General Education Other World Civilizations requirement (G9) and one (1) additional HA course. See the full list of Art/Design History courses under HA: History of Art and Civilization (p. 341).
- **Foreign Language: 6 credits.** Two semesters of the same foreign language, one of which must meet the General Education Foreign Language requirement (G8)

**Liberal Arts Elective(s): 6 credits.** Select Liberal Arts courses from the following subject areas: AB (Arabic); CH (Chinese); EN (English); FI (Film and Media Studies); FR (French); HA (History of Art); HE (Health Education) HE 201, HE 301; IT (Italian); JA (Japanese); MU (Music); HI (History); MA (Math); MC (Modern Languages and Cultures); PE (Physical Education and Dance) PE 215, PE 216, PE 217; PL (Philosophy); PO (Portuguese); SC (Science); SP (Spanish); and SS (Social Sciences).

**Major Area Electives: 5.5 credits minimum.**
CHOICE of any 300- or 400-level major area course (for which prerequisites have been met), or AP 242, AP 243, AP 241, FD 231, FD 281, or FD 282

**Related Area Electives: 6 credits minimum.**
CHOICE of any 100- or 200- level related area course from LD, ML, TD, or PH (for which prerequisites have been met), or AC 114, BE 261, CL 112, CT 305, CT 322, DE 143, EP 311, EP 321, FA 101, FA 103, FA 104, FA 105, FM 268, FM 303, FM 324, IC 497, IN 312, IN 322, IN 342, IN 400, IN 443, JD 101, JD 123, JD 138, MG 301, MG 311, TD 481, TS 116, or TS 368

**NOTE:** FF 322 is required and may be taken in either fifth or sixth semester. CHOICE of FD 342 or FF 345 is required and may be taken in either 5th or 6th semester.
Fashion Design—Knitwear

http://fitnyc.edu/fashiondesign

School of Art and Design

Applications accepted for fall only. NYSED: 00735 CIP: 50.0407

Students in the Knitwear concentration hone their expertise through applied experiential learning and the creative application of critical problem-solving. They prepare for positions as fashion designers and brand builders by refining their conceptual, aesthetic, and technical skills. An internship is required. The program prepares graduates for careers in the fashion industry and related design fields. Registering for this concentration is based on availability. Curriculum below is for the entering class of fall 2023.

| RELATED AREA | 8 |
| LIBERAL ARTS | 18 |
| **Total Credits:** | 60.5 |
Fall 2023 Requirements: See below.

Liberal Arts: **18 credits**

- **History of Art: 6 credits.** CHOICE of one (1) HA course that meets General Education Other World Civilizations requirement (G9) and one (1) additional HA course. See the full list of Art/ Design History courses under HA: History of Art and Civilization (p. 341).
- **Foreign Language: 6 credits.** Two semesters of the same foreign language, one of which must meet General Education Foreign Language requirement (G8).

**Liberal Arts Elective(s): 6 credits.** Select Liberal Arts courses from the following subject areas: AB (Arabic); CH (Chinese); EN (English); FI (Film and Media Studies); FR (French); HA (History of Art); HE (Health Education) HE 201, HE 301; IT (Italian); JA (Japanese); MU (Music); HI (History); MA (Math); MC (Modern Languages and Cultures); PE (Physical Education and Dance) PE 215, PE 216, PE 217; PL (Philosophy); PO (Portuguese); SC (Science); SP (Spanish); and SS (Social Sciences).

**Major Area Electives: 6 credits minimum.**

CHOICE of any 300- or 400-level major area course (for which prerequisites have been met), or AP 242, AP 243, AP 241, FD 231, FD 281, or FD 282

**Related Area Electives: 8 credits minimum.**

CHOICE of any 100- or 200- level related area course from LD, ML, TD, or PH (for which prerequisites have been met), or AC 114, BE 261, CL 112, CT 305, CT 322, DE 143, EP 311, EP 321, FA 101, FA 103, FA 104, FA 105, FM 268, FM 303, FM 324, IC 497, IN 312, IN 322, IN 342, IN 400, IN 443, JD 101, JD 123, JD 138, MG 301, MG 311, TD 481, TS 116 or TS 368

**NOTE:** FF 322 is required and may be taken in either 5th or 6th semester.

CHOICE of FF 345 or FD 342 is required and may be taken in either fifth or sixth semester.
Fashion Design/Milan

School of Art and Design

Applications accepted for fall only. NYSED: 00735 CIP: 50.0407

The Fashion Design BFA program in the sportswear concentration is offered in collaboration with the Politecnico di Milano. Studying abroad in Milan offers the opportunity for students to be immersed in the culture of one of the most fashion-forward countries in the world. Students enjoy learning in a city recognized internationally as one of the world’s most important fashion capitals and are able to tour the facilities of world-renown luxury manufacturers. Refer to the Fashion Design BFA degree requirements and to the department’s website at fitnyc.edu/fashiondesign for courses to be taken in New York and Italy and for other relevant information. Students may attend the Milan program for either fifth semester, sixth semester or third year; and/or seventh semester. Curriculum below is for the entering class of fall 2023.

*Fall 2023 Requirements:* See below.

**Liberal Arts: 18 credits**

- **History of Art: 6 credits.** CHOICE of one (1) HA course that meets General Education Other World Civilizations requirement (G9) and one (1) additional HA course. See the full list of Art/Design History courses under HA: History of Art and Civilization (p. 341)

- **Foreign Language: 6 credits.** Two semesters of the same foreign language, one of which must meet General Education Foreign Language requirement (G8)

**Liberal Arts Elective(s): 6 credits.** Select Liberal Arts courses from the following subject areas: CH (Chinese); EN (English); FI (Film and Media Studies); FR (French); HA (History of Art); HE (Health Education) HE 201, HE 301; IT (Italian); JA (Japanese); MU (Music); HI (History); MA (Math); MC (Modern Languages and Cultures); PE (Physical Education and Dance) PE 215, PE 216, PE 217; PL (Philosophy); PO (Portuguese); SC (Science); SP (Spanish); and SS (Social Sciences).

**Major Area Elective(s): 5.5 credits.** CHOICE of FD 341, FD 343, FD 386, FD 475, or FF 323

**MetaDesign Project parts A and B: 5.5 credits.** The Meta Design Studio course at FIT in Milan addresses the learning outcomes vital for creative fashion design collection building and merchandising a successful brand/product mix for a targeted customer group. It is taught as a true international exchange of design ideas with participation by students from FIT in Milan, the Politecnico di Milano, and Erasmus. Students conduct research independently on the brief, then must critically defend their ideas, edit, create cohesion, compile, and present their original multiple product collection in a global collaborative team setting.

**Technologies for the Fashion Product (Milan): 2 credits.** This course may be used as a Related Area Elective substitute for MG 301 (students should not take both MG 301 and Technologies for the Fashion Product)

**NOTE:** The assortment of Major Area Elective and Related Area Elective courses available and offered during a given semester is subject to change. All courses will not be available or offered each semester. The list of course options may evolve over time; contact the Fashion Design Department for details.

FIT in Milan reserves the right to modify the order of course offerings, or which courses are offered in Milan.
The major in Film and Media prepares students for careers in industries on the moving image, including feature films, cable and broadcast television, digital media and advertising, industrial films, and the creation of visual content for new media delivery systems. Curriculum below is for the entering class of fall 2023.

Total Credits: 60
*Fall 2023 Requirements: See below.

**Liberal Arts: 18 credits**

- **Foreign Language: 6 credits.** Two semesters of the same foreign language, one of which must meet the General Education Foreign Language requirement (G8)

- **Other World Civilizations: 3 credits.** Choice of any course that meets the General Education Other World Civilizations requirement (G9)

**Liberal Arts Elective(s): 9 credits.** Choice of three 3-credit courses in liberal arts that are not Film and Media courses: AB (p. 243) (Arabic); CH (p. 265) (Chinese); EN (p. 279) (English); FI (p. 320) (Film and Media Studies); FR (p. 333) (French); HA (p. 341) (History of Art); HE (p. 355) (Health Education) HE 201, HE 301; IT (p. 381) (Italian); JA (p. 396) (Japanese); HI (p. 355) (History); MA (p. 396) (Math); MC (p. 401) (Modern Languages and Cultures); MU (p. 410) (Music); PE (p. 414) (Physical Education and Dance) PE 215, PE 216, PE 217; PL (p. 430) (Philosophy); PO (p. 434) (Portuguese); SC (p. 435) (Science); SP (p. 439) (Spanish); and SS (p. 441) (Social Sciences). See Liberal Arts Courses (p. 241).

**Major/Related Elective(s): 15 credits.** CHOICE of FI or related electives not previously taken:
EN 301, FI 200, FI 201, FI 202, FI 203, FI 204, FX 205, FI 208, FI 209, FI 212, FI 220, FI 223, FI 224, FI 225, FI 234, FI 241, FI 242, FI 243, FI 244, FI 245, FI 246, FI 262, FI 271, FI 272, FI 273, FI 300, FX 319, FI 320, FI 322, FI 323, FI 324, FI 325, FI 326, FX 327, FX 328, FI 331, FI 332, FI 333, FI 334, FI 335, FI 341, FI 342, FI 343, FI 400, HA 243, IC 497, or SS 378

**Courses Fulfilling the Major Requirement in Genre, National Cinema, and Director Categories: 9 credits.** Choice of one 3-credit course from each of the following areas:

- **Film Genres:** FI 204, FI 208, FI 209, FI 224, FI 234, FI 324, FI 331, FI 332, FI 333, FI 334, FI 335
- **National Cinemas:** FI 206, FI 211, FI 225, FI 241, FI 244, FI 245, FI 246, FI 341, FI 342, FI 343
- **Major Directors:** FI 320, FI 322, FI 325, FI 326
Fine Arts BFA Degree Program

http://fitnyc.edu/finearts

School of Art and Design

Applications accepted for fall only. NYSED: 27871 CIP: 50.0702

In the Fine Arts BFA major, students join the vibrant art scene in New York and explore a wide range of creative possibilities, from traditional media to 3D design and multimedia. Students obtain internships in museums, galleries, professional printmaking studios or in art restoration companies that prepare them to assume a variety of positions in the art world as art handlers, experts in art transportation and installation, and preparators in gallery and museum settings. Curriculum below is for the entering class of fall 2023.

### TOTAL CREDIT REQUIREMENTS

| MAJOR AREA | 29.5 |
| RELATED AREA | 12.5-13 |
| LIBERAL ARTS | 21 |

Total Credits: 63-63.5
*Fall 2023 Requirements:* See below.

**Liberal Arts: 21 credits**

- **Art History choice: 9 credits.** HA 331, HA 411, and choice of one (1) HA course that meets the General Education Other World Civilizations requirement (G9). See the full list of Art/Design History courses under HA: History of Art and Civilization (p. 341).

- **Foreign Language: 6 credits.** Two semesters of the same foreign language, one of which must meet General Education Foreign Language requirement (G8).

- **Writing Elective: 3 credits.** CHOICE of any 200- or 300-level EN Writing course.

**Liberal Arts Elective(s): 3 credits.** Select a Liberal Arts course (for which prerequisites have been met) from the following subject areas: AB (p. 243) (Arabic); CH (p. 265) (Chinese); EN (p. 279) (English); FI (p. 320) (Film and Media Studies); FR (p. 333) (French); HA (p. 341) (History of Art); HE (p. 355) (Health Education) HE 201, HE 301; IT (p. 381) (Italian); JA (p. 383) (Japanese); HI (p. 355) (History); MA (p. 396) (Math); MC (p. 401) (Modern Languages and Cultures); MU (p. 410) (Music); PE (p. 414) (Physical Education and Dance) PE 215, PE 216, PE 217; PL (p. 430) (Philosophy); PO (p. 434) (Portuguese); SC (p. 435) (Science); SP (p. 439) (Spanish); and SS (p. 441) (Social Sciences).

**Related Area Elective(s): 3 credits.** CHOICE of IL 133, or TD 101 or TD 227
The Footwear and Accessories Design major offers design, technical, and business skills to prepare students for careers in design, product development, merchandising, and entrepreneurship. Curriculum below is for the entering class of fall 2023.

**TOTAL CREDIT REQUIREMENTS**

| PE/HEALTH | 1 |
| MAJOR AREA | 27 |
| RELATED AREA | 15 |
| LIBERAL ARTS | 18 |

Total Credits: 61
*Fall 2023 Requirements:* See below.

**Liberal Arts: 18 credits**

- **Foreign Language: 6 credits.** Two semesters of the same foreign language, one of which must meet General Education Foreign Language requirement (G8).
- **History of Art: 6 credits.** HA 344 and CHOICE of one (1) additional 3-credit History of Art course that meets General Education Other World Civilizations requirement (G9). See HA: History of Art (p. 341).

**Liberal Arts Elective(s): 6 credits.** Select a Liberal Arts course (for which prerequisites have been met) from the following subject areas: AB (p. 243) (Arabic); CH (p. 265) (Chinese); EN (p. 279) (English); FI (p. 320) (Film and Media Studies); FR (p. 333) (French); HA (p. 341) (History of Art); HE (p. 355) (Health Education) HE 201, HE 301; IT (p. 381) (Italian); JA (p. 383) (Japanese); HI (p. 355) (History); MA (p. 396) (Math); MC (p. 401) (Modern Languages and Cultures); MU (p. 410) (Music); PE (p. 414) (Physical Education and Dance) PE 215, PE 216, PE 217; PL (p. 430) (Philosophy); PO (p. 434) (Portuguese); SC (p. 435) (Science); SP (p. 439) (Spanish); and SS (p. 441) (Social Sciences). See Liberal Arts Courses (p. 241).

**Major/Related Area Elective(s): 6 credits.** CHOICE of any elective courses in Art and Design (for which prerequisites have been met) totaling 6 credits.

**NOTE:** Students who hold an AAS degree from the School of Art and Design and who wish to transfer into the BFA program from the following majors: Fashion Design, Jewelry Design, Menswear and Textile/Surface Design are required to complete LD 133 and LD 143 prior to fifth semester.

Students who hold an AAS degree from the School of Art and Design and who wish to transfer into the BFA program from the following majors: Communication Design Pathways, Fine Arts, Illustration, Interior Design and Photography are required to complete the one-yr AAS degree in Footwear & Accessories Design prior to starting fifth semester.

Students who hold an AAS degree from the School of Business and Technology or Liberal Arts and who wish to transfer into the BFA program from the following majors are required to complete the one-yr AAS degree in Footwear and Accessories Design prior to starting fifth semester.
Graphic Design BFA Degree Program

http://fitnyc.edu/graphicdesign

School of Art and Design

Applications accepted for fall only.  NYSED: 24515   CIP: 50.0409

The major in Graphic Design requires students to hone a personal voice based on critical thinking, social awareness, and the ability to communicate across an array of platforms utilizing the full range of media, from the tactile to advanced digital technology. Topics of study include editorial design, interactive web design, and experiential design (exhibitions and wayfinding), along with advanced typography, branding, motion graphics, and new design approaches and practices. An internship is required and often leads to sustained positions in the vast field of multidisciplinary design. Curriculum below is for the entering class of fall 2023.

*Fall 2023 Requirements:* See below.

**Liberal Arts:** 18 credits

- **History of Art:** 6 credits. CHOICE of one (1) HA course that meets General Education Other World Civilizations requirement (G9) and one (1) additional HA course. See the full list of Art/Design History courses under HA: History of Art and Civilization (p. 341).

**Liberal Arts Elective(s):** 12 credits. Select a Liberal Arts course (for which prerequisites have been met) from the following subject areas: AB (p. 243) (Arabic); CH (p. 265) (Chinese); EN (p. 279) (English); FL (p. 320) (Film and Media Studies); FR (p. 333) (French); HA (p. 341) (History of Art); HE (p. 355) (Health Education) HE 201, HE 301; IT (p. 381) (Italian); JA (p. 383) (Japanese); HI (p. 355) (History); MA (p. 396) (Math); MC (p. 401) (Modern Languages and Cultures); MU (p. 410) (Music); PE (p. 414) (Physical Education and Dance) PE 215, PE 216, PE 217; PL (p. 430) (Philosophy); PO (p. 434) (Portuguese); SC (p. 435) (Science); SP (p. 439) (Spanish); and SS (p. 441) (Social Sciences). See Liberal Arts Courses (p. 241).

**Major Area Elective(s):** 4 credits

CHOICE of GD 334, GD 335, GD 347, GD 361, or GD 380A

**Related Area Elective(s):** 2 credits

CHOICE of any one or two elective course(s) in Art and Design (for which prerequisites have been met) totaling 2 credits
In the Home Products Development program students explore management of the materials, manufacturing, marketing, and merchandising of home markets: home textiles, home furnishings, and housewares. Working individually and in teams, students master the components of the product development process, communication skills, and interaction with the industry, all of which prepare them to become successful product developers, marketers, and merchandisers. Curriculum below is for the entering class of fall 2023.

**TOTAL CREDIT REQUIREMENTS**

| **MAJOR AREA** | 22.5 |
| **RELATED AREA** | 3.5-5 |
| **LIBERAL ARTS** | 36 |

**Total Credits:** 62-63.5
Fall 2023 Requirements: See below.

Liberal Arts: 21 credits

- EN 321 Strategies of Business Communication (3 cr.)
- EN 365 Research Writing or EN 343 Advanced Public Speaking
- HA 345 History of Industrial Design (3 cr.) meets SUNY (G7)
- MA 311 Mathematical Modeling for Business Applications (3 cr.), MA 321 Data Analysis for Business Applications (3 cr.), or MA 322 Statistics, Machine Learning, and Data Mining (3 cr.) meets SUNY (G2)
- PL 300 Business Ethics
- SS 206 Psychology of Consumer Behavior
- SS 242 Microeconomics (3 cr.) meets General Education Social Sciences requirement (G4).

The prerequisite of SS 141 must be taken prior to registering for SS 242

Liberal Arts Elective(s): 15 credits. See General Education for details: At least 2 different liberal arts courses from 2 different areas required in AAS or BS: G5 Western Civilization; G6 Arts; G8 Foreign Language; G9 Other World Civilizations; G10 American History.

Select Liberal Arts courses from the following subject areas: AB (p. 243) (Arabic); CH (p. 265) (Chinese); EN (p. 279) (English); FI (p. 320) (Film and Media Studies); FR (p. 333) (French); HA (p. 341) (History of Art); HE (p. 355) (Health Education) HE 201, HE 301; IT (p. 381) (Italian); JA (p. 383) (Japanese); HI (p. 355) (History); MA (p. 396) (Math); MC (p. 401) (Modern Languages and Cultures); MU (p. 410) (Music); PE (p. 414) (Physical Education and Dance) PE 215, PE 216, PE 217; PL (p. 430) (Philosophy); PO (p. 434) (Portuguese); SC (p. 435) (Science); SP (p. 439) (Spanish); and SS (p. 441) (Social Sciences). See Liberal Arts Courses (p. 241).

NOTE: Students must have taken the following courses prior to entering the program: (1) A fundamentals of textiles course. If not taken, then either TS 111, or TS 115/TS 015, or TS 122, or TS 132 will satisfy this requirement; and (2) SS 141.
**Illustration BFA Degree Program**

http://fitnyc.edu/illustration

**School of Art and Design**

Applications accepted for fall only. NYSED: 83464 CIP: 50.0410

The major in Illustration enables students to deepen their artistic talent as freelance illustrators and to prepare them for positions as illustrators, digital artists, graphic designers, art directors, animators, muralists, scenery painters, storyboard artists, advertising comp artists, and fashion sketchers. Curriculum below is for the entering class of fall 2023.

Total Credits: 63
*Fall 2023 Requirements: See below.

Liberal Arts: 36 credits

- **English:** 3 credits. Choose from any 200- or 300-level English course
- **Foreign Language:** 3 credits. Choose any Foreign Language (G8) course.
- **Mathematics:** 6 credits. Mathematics Proficiency must be completed prior to enrolling in MA 222 and MA 311 or MA 300.
- **Economics:** 6 credits. SS 242 and select one (1) course: SS 244, SS 339, SS 343, SS 345, SS 391, SS 394, SS 442, SS 443, SS 445, SS 446, or any other course designated for the Economics minor. See https://catalog.fitnyc.edu/undergraduate/minors/liberal-arts/economics/index.html

**Liberal Arts Elective(s):** 18 credits. Select Liberal Arts courses (for which prerequisites have been met) from the following subject areas: AB (p. 243) (Arabic); CH (p. 265) (Chinese); EN (p. 279) (English); FI (p. 320) (Film and Media Studies); FR (p. 333) (French); HA (p. 341) (History of Art); HE (p. 355) (Health Education) HE 201, HE 301; IT (p. 381) (Italian); JA (p. 383) (Japanese); HI (p. 355) (History); MA (p. 396) (Math); MC (p. 401) (Modern Languages and Cultures); MU (p. 410) (Music); PE (p. 414) (Physical Education and Dance) PE 215, PE 216, PE 217; PL (p. 430) (Philosophy); PO (p. 434) (Portuguese); SC (p. 435) (Science); SP (p. 439) (Spanish); and SS (p. 441) (Social Sciences). See Liberal Arts Courses (p. 241).

**Major Area Elective(s)/Practicum/Internship:** 12 credits. CHOICE of four: IN 320, IN 324, IN 341, IN 342, IN 400, IN 423, IN 424, IN 434, IN 441, IN 442, or IN 443 or choice of Internship IC 497 or Practicum IN 492.

**Evening/Weekend Option**
A four-semester evening/weekend option is available for this degree program (see Curricula Overview (p. 53) or visit the FIT website at fitnyc.edu/evening_weekend). The sequence of courses is the same as that listed on this page.

**Online Degree Option**
The two-year online degree is designed to give students flexibility in earning a Bachelor of Science degree (see Online Degree Programs for additional information).

**NOTE:** Students must have taken the following course prior to entering the program: SS 141

- **English:** 3 credits. Choose from any 200- or 300-level English course
- **Foreign Language:** 3 credits. Choose any Foreign Language (G8) course.
- **Mathematics:** 6 credits. Mathematics Proficiency must be completed prior to enrolling in MA 222 and MA 311 or MA 300.
- **Economics:** 6 credits. SS 242 and select one (1) course: SS 244, SS 339, SS 343, SS 345, SS 391, SS 394, SS 442, SS 443, SS 445, SS 446, or any other course designated for the Economics minor. See https://catalog.fitnyc.edu/undergraduate/minors/liberal-arts/economics/index.html
Packaging Design BFA Degree Program

http://fitnyc.edu/packagingdesign

School of Art and Design

Applications accepted for fall only. NYSED: 00669 CIP: 50.0404

The major in Packaging Design prepares students for careers across a wide array of creative roles, including designer and strategist within the global consumer brand and packaging design profession. The curriculum includes design thinking, brand strategy, brand identity for consumer products, design realization, sustainability, professional practice, and portfolio development, all focused on utilizing design to improve consumer experiences and enhance people’s lives. Students gain experience through a required internship. Curriculum below is for the entering class of fall 2023.

*Fall 2023 Requirements: See below.

Liberal Arts: 24 credits

- History of Art: 6 credits. HA 333 and CHOICE of any HA course that meets the General Education Other World Civilizations requirement (G9)
- English and Speech: 3 credits. EN 322
- Liberal Arts Elective(s): 15 credits: Select Liberal Arts courses (for which prerequisites have been met) from the following subject areas: AB (p. 243) (Arabic); CH (p. 265) (Chinese); EN (p. 279) (English); FI (p. 320) (Film and Media Studies); FR (p. 333) (French); HA (p. 341) (History of Art); HE (p. 355) (Health Education) HE 201, HE 301; IT (p. 381) (Italian); JA (p. 383) (Japanese); HI (p. 355) (History); MA (p. 396) (Math); MC (p. 401) (Modern Languages and Cultures); MU (p. 410) (Music); PE (p. 414) (Physical Education and Dance) PE 215, PE 216, PE 217; PL (p. 430) (Philosophy); PO (p. 434) (Portuguese); SC (p. 435) (Science); SP (p. 439) (Spanish); and SS (p. 441) (Social Sciences). See Liberal Arts Courses (p. 241).

Related Area Elective(s): 6 credits.

NOTE: Students are encouraged to pursue Academic Minors.
Production Management: Fashion and Related Industries BS Degree Program

http://fitnyc.edu/productionmanagement

School of Business and Technology

Applications accepted for fall only. NYSED: 00564 CIP: 19.0902

In the major in Production Management: Fashion and Related Industries, students concentrate on the intricacies of the process: manufacturing, quality control, and supply chain. Students learn analytical and conceptual problem solving, effective business communication, and industry systems and software, and apply these skills through a required internship. Curriculum below is for the entering class of fall 2023.

*Fall 2023 Requirements:* See below.

**Liberal Arts: 34 credits**

- **American History: 3 credits.** CHOICE of EN 271 or EN 272, or HI 202 or HI 392
- **English: 3 credits.** EN 321
- **Foreign Language: 6 credits.** Two semesters of the same foreign language, one of which must meet the General Education Foreign Language requirement (G8)
- **Mathematics: 3 credits.** Mathematics Proficiency must be completed prior to enrolling in MA 300 or MA 311
- **Other World Civilizations: 3 credits.** CHOICE of SS 151, SS 353, SS 354, SS 356, SS 393, SS 395, or SS 446
- **Social Sciences: 9 credits.** SS 141, SS 237, and SS 242. If these courses have been taken previously, students must substitute another liberal arts course(s). See Liberal Arts Courses (p. 241).
- **Philosophy: 3 credits.** PL 300
- **Science: 4 credits.** SC 032 and SC 332

60 credits total in liberal arts are required to earn a BS. Students who transferred into Production Management from another major or from another college may need to take additional liberal art credits to earn 60 total.

**Internship or Major or Related Area Electives:** IC 497 OR CHOICE of any 300-400-level Business and Technology course which prerequisites have been met.

**NOTE:** Students must have taken the following or equivalent courses prior to sixth semester after entering the program: MG 114, MG 132, MG 153, MG 234, MG 242, TS 111, and SS 141.
The major in Spatial Experience Design prepares students for opportunities in spatial experience fields, including careers in exhibition design, retail design, product display, events, stage and screen, brand environments and themed places and spaces. An internship is required. Curriculum below is for the entering class of fall 2023.

Liberal Arts and Art History: 18 credits

• **American History: 3 credits.** CHOICE of any course that meets the General Education American History requirement (G10)

• **English: 3 credits.** CHOICE of 200- or 300-level EN writing course in semester seven

• **Foreign Language or Modern Languages and Cultures: 6 credits.** CHOICE of any Foreign Language or MC course (for which prerequisites have been met)

• **History of Art and Civilization: 3 credits.** CHOICE of any HA course (for which prerequisites have been met) not previously taken or required

• **Other World Civilizations: 3 credits.** CHOICE of any HA course that meets the General Education Other World Civilizations requirement (G9)

**Major Area Elective(s): 1.5 credits (minimum).** CHOICE of DE 234, DE 401, VP 401, VP 404, VP 421, VP 431, VP 432, or VP 433

**Related Area Elective(s): 4.5–5 credits total**

Selective: 1.5–2 credits CHOOSE either ID 431 or CT 301 in semester seven or eight

AND

**Elective: 3 credits.** CHOICE of any elective course(s) in Art and Design for which student has met the prerequisite(s)
Technical Design BS Degree Program

http://fitnyc.edu/techdesign

School of Business and Technology

Applications accepted for fall only. NYSED: 32621 CIP: 50.0407

The major in Technical Design prepares students for entry into the apparel industry, provides a solid foundation for complex technical design competencies, deepens students’ problem-solving and critical thinking abilities, and facilitates the development of professional practices, interpersonal skills, and personal abilities that equip students for advancement in the evolving garment industry. An internship is required. Curriculum below is for the entering class of fall 2023.

*Fall 2023 Requirements: See below.

**Liberal Arts: 36 credits**

The degree includes the Fashion History, Theory and Culture (p. 221) minor as part of its Liberal Arts requirements. Students must declare the minor in the Academic Advisement Center to be awarded the minor along with the major. If a course from the minor has been previously taken, students may select other Liberal Arts electives.

- **History of Art: 6 credits.** HA 112 and HA 344
- **English: 3 credits.** EN 121 and any additional EN course must be completed prior to enrolling in EN 321
- **Foreign Language: 6 credits.** Two semesters of the same foreign language, one of which must meet the General Education Foreign Language requirement (G8)
- **Science: 3 credits.** SC 147 or SC 332/SC 032
- **Mathematics: 3 credits.** Mathematics Proficiency must be completed prior to enrolling in MA 311
- **Social Sciences: 15 credits.** SS 131, SS 171, SS 334, SS 376 and SS 386

**NOTE:** An ideal candidate for the Tech Design BS degree program has earned an associate’s degree in either Fashion or Menswear Design from an accredited college. Interested students **without** a background in Fashion or Menswear Design are required to take the following bridge courses before the start of the program.

Required knowledge areas prior to program entry:

- TS 111 Fundamentals of Textiles OR TS 110 Product Elements and Principles Laboratory
- FD 133 Materials and Construction I
- PM 121 Patternmaking I: Misses’ and Women’s Wear OR FD 243 Apparel Design Studio - Patternmaking
- TC 111 Beginning Adobe Illustrator for Technical Design
Textile Development and Marketing BS Degree Program

http://fitnyc.edu/tdm

School of Business and Technology

Applications accepted for fall only. NYSED: 00565  CIP: 19.0902

The major in Textile Development and Marketing prepares students for careers in sustainable fabric development and color creation for fashion apparel, home furnishings, and other related industry end-use applications. Students learn structural fabric design and quality assurance by working in industry-standard labs where they use innovative technologies to master professional equipment and software to turn ideas into products. Curriculum below is for the entering class of fall 2023.

**Fall 2023 Requirements:** See below.

**Liberal Arts: 18 credits**

- **History of Art: 6 credits.** HA 342 and CHOICE of one (1) HA course that meets General Education Other World Civilizations requirement (G9). See the full list of Art/Design History courses under HA: History of Art and Civilization (p. 341).

- **American History: 3 credits.** CHOICE of one course that meets the General Education American History requirement (G10)

- **Foreign Language: 6 credits.** Two semesters of the same foreign language, one of which must meet the General Education Foreign Language requirement (G8). See the list of courses (p. 241) available in Foreign Languages.

**Liberal Arts Elective(s): 3 credits.** Select three (3) Liberal Arts courses from the following subject areas: AB (p. 243) (Arabic); CH (p. 265) (Chinese); EN (p. 279) (English); FI (p. 320) (Film and Media Studies); FR (p. 333) (French); HA (p. 341) (History of Art); HE (p. 355) (Health Education); HE 201, HE 301; IT (p. 381) (Italian); JA (p. 383) (Japanese); HI (p. 355) (History); MA (p. 396) (Math); MC (p. 401) (Modern Languages and Cultures); MU (p. 410) (Music); PE (p. 414) (Physical Education and Dance); PE 215, PE 216, PE 217; PL (p. 430) (Philosophy); PO (p. 434) (Portuguese); SC (p. 435) (Science); SP (p. 439) (Spanish); and SS (p. 441) (Social Sciences). See Liberal Arts Courses (p. 241).

**NOTE:** TD 115, TD 131, and TD 224 must be completed prior to the sixth semester.
### Toy Design BFA Degree Program

http://fitnyc.edu/toydesign

### School of Art and Design

Applications accepted for fall only.  NYSED: 89109  CIP: 50.0404

The Toy Design BFA prepares students for careers as children’s product designers working with a variety of companies in the toy industry, from small specialty firms to major global corporations. Students participate in a summer internship that takes place between the junior and senior year. Curriculum below is for the entering class of fall 2023.

Total Credits: 67
Fall 2023 Requirements: See below.

Liberal Arts, Art History, and General Education: 19 credits

- **Art History Requirements: 6 credits.** HA 345 and CHOICE of one (1) additional 3-credit History of Art course that meets General Education Other World Civilizations requirement (G9). See the full list of Art/Design History courses under HA: History of Art and Civilization (p. 341)

- **Social Sciences: 3 credits.** SS 232

- **Health Education: 3 credits.** HE 301

- **Mathematics: 4 credits.** MA 041 and MA 241

**Liberal Arts Elective(s): 3 credits.** Select a Liberal Arts course (for which prerequisites have been met) from the following subject areas: CH (p. 265) (Chinese); EN (p. 279) (English); FI (p. 320) (Film and Media Studies); FR (p. 333) (French); HA (p. 341) (History of Art); HE (p. 355) (Health Education) HE 201, or HE 301; IT (p. 381) (Italian); JA (p. 383) (Japanese); HI (p. 355) (History); MA (p. 396) (Math); LA (Liberal Arts); MC (p. 401) (Modern Languages and Cultures); MU (p. 410) (Music) MU 202, MU 203, or MU 391; PE (p. 414) (Physical Education and Dance) PE 215, PE 216 PE 217; PL (p. 430) (Philosophy); SC (p. 435) (Science); SP (p. 439) (Spanish); and SS (p. 441) (Social Sciences).

**NOTES:** Students must complete SS 131 and two HA courses (HA 111, HA 112, or HA 231, or equivalent) prior to entering this program.

** If internship cannot be completed during the summer, a special independent study program will be arranged in the eighth semester.

*** Students may substitute TY 314 for TY 414.
FIT offers a number of credit certificate programs that provide students with the opportunity to enhance their skills in specialized fields. Nonmatriculated students may enroll in credit certificate programs. Upon successful completion of a concentrated sequence of credit-bearing courses, and with faculty recommendation, students are granted a certificate of completion.

- Aron and Esther Goldfarb Leather Apparel (HEGIS 5012) (p. 197)
- CAD for Fashion Designers–Art (HEGIS 5012) (p. 197)
- Draping Techniques (HEGIS 5012) (p. 197)
- Gemology (HEGIS 5012) (p. 197)
- Haute Couture (HEGIS 5012) (p. 198)
- Ladies Tailoring Techniques (HEGIS 5012) (p. 198)
- Millinery Techniques (HEGIS 5012) (p. 198)
- Patternmaking (HEGIS 5012) (p. 199)
- Performance Athletic Footwear (HEGIS 5012) (p. 199)
Aron and Esther Goldfarb Leather Apparel (HEGIS 5012)

Designed for students seeking additional knowledge in the area of leather apparel design and construction, this program offers certificates in either a menswear or women's wear concentration.

The program consists of four courses

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>

</table>

CAD for Fashion Designers–Art (HEGIS 5012)

CAD for Fashion Designers–Art provides students with the technical skills required to create fashion design presentation products, such as digital trend concept boards and computer-generated portfolios.

**NOTE:** Students must have taken the following courses prior to entering the certificate program: AR 101 or FF 111 or FF 113 or approval of Fashion Design - Art assistant chairperson.

The program consists of five required courses:

<table>
<thead>
<tr>

<td></td>
<td><strong>8.5</strong></td>
</tr>
</tbody>
</table>

Draping Techniques (HEGIS 5012)

Intended primarily for those who wish to enhance their draping skills without enrolling in a degree program, Draping Techniques presents students with projects that incorporate both draping and patternmaking techniques, covering a variety of approaches and methods in analyzing and developing patterns.

The program consists of four sequential courses offered over four semesters:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>DP 111</td>
<td>Draping Proficiency I</td>
<td>2.5</td>

<td><strong>10</strong></td>
</tr>
</tbody>
</table>

Gemology (HEGIS 5012)

The Gemology certificate program is designed to meet the demands of a growing segment of the jewelry industry for employees with more in-depth knowledge of gems and gemstones. Students gain additional knowledge and hands-on skills necessary to work effectively in the jewelry industry and increase their marketability.
The program consists of four to five courses offered over three semesters:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>JD 141</td>
<td>Introduction to Diamonds</td>
<td>2</td>

<td></td>
</tr>
<tr>
<td>JD 244</td>
<td>Gemology III</td>
<td>3</td>
</tr>
<tr>
<td></td>
<td><strong>Total Credits</strong></td>
<td><strong>11</strong></td>
</tr>
</tbody>
</table>

**Haute Couture (HEGIS 5012)**

Haute Couture provides students with the design skills and techniques used in the manufacture of custom, made-to-measure women’s clothing.

**NOTE:** Students must have taken the following courses prior to entering the certificate program: DP 111 or FD 131 or TL 111, FF 211, DP 212 or FD 112, or approval of assistant chairperson.

The program consists of five sequential courses in fashion design offered over a three-semester time span:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>AP 242</td>
<td>Haute Couture Sewing Techniques</td>
<td>2.5</td>

</tr>
<tr>
<td>AP 244</td>
<td>Haute Couture Construction and Technology</td>
<td>2.5</td>
</tr>
<tr>
<td>AP 275</td>
<td>Haute Couture Apparel Design</td>
<td>3</td>
</tr>
<tr>
<td>AR 292</td>
<td>Haute Couture Portfolio</td>
<td>2.5</td>
</tr>
<tr>
<td></td>
<td><strong>Total Credits</strong></td>
<td><strong>13</strong></td>
</tr>
</tbody>
</table>

**Ladies Tailoring Techniques (HEGIS 5012)**

This program was developed in response to the demand for classic, quality apparel for women’s tailored clothes. Projects range from fundamental to more advanced skills and processes in ladies tailoring and prepare students for positions as tailors or tailor’s assistants in sample rooms and custom tailoring shops.

Ladies Tailoring Techniques consists of four sequential courses offered over a four-semester time span:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>TL 111</td>
<td>Ladies Tailoring I</td>
<td>2.5</td>
</tr>
<tr>
<td>TL 112</td>
<td>Ladies Tailoring II</td>
<td>2.5</td>
</tr>
<tr>
<td>TL 211</td>
<td>Ladies Tailoring III</td>
<td>2.5</td>
</tr>
<tr>
<td>TL 212</td>
<td>Ladies Tailoring IV</td>
<td>2.5</td>
</tr>
<tr>
<td></td>
<td><strong>Total Credits</strong></td>
<td><strong>10</strong></td>
</tr>
</tbody>
</table>

**Millinery Techniques (HEGIS 5012)**

Developed in response to the renewed demand for quality headwear, Millinery Techniques helps students develop skills that will meet the most stringent demands of the industry and the consumer. Projects range from fundamental to more advanced skills and processes in millinery techniques.
The program consists of six sequential courses offered over a four-semester time span:

<table>
<thead>
<tr>
<th>Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ML 113</td>
<td>Blocking Techniques for Hats</td>
<td>2.5</td>
</tr>
<tr>

<td>Cold Weather Headgear</td>
<td>2.5</td>
</tr>
<tr>
<td>ML 123</td>
<td>Contemporary Men’s Hats</td>
<td>2.5</td>
</tr>
<tr>
<td>ML 241</td>
<td>Bridal and Special Occasion Headwear</td>
<td>2.5</td>
</tr>
<tr>
<td>ML 243</td>
<td>Creative Design in Headwear</td>
<td>2.5</td>
</tr>
</tbody>
</table>

**Total Credits: 15**

**Patternmaking (HEGIS 5012)**

The program in Patternmaking provides students with the knowledge, craftsmanship skills, and techniques in draping, marker making, patternmaking, and sample-making required to meet the challenges of the industry.

The program consists of the following five courses offered over a three-semester time span:

<table>
<thead>
<tr>
<th>Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>PM 121</td>
<td>Patternmaking I: Misses’ and Women’s Wear</td>

<td>Patternmaking: Misses’ Sportswear</td>
<td>2</td>
</tr>
<tr>
<td>PM 255</td>
<td>Fit Analysis and Technical Documentation</td>
<td>2</td>
</tr>
</tbody>
</table>

**Total Credits: 10**

**Performance Athletic Footwear (HEGIS 5012)**

The Performance Athletic Footwear certificate program is designed to provide the knowledge and skills required to work effectively within the athletic footwear industry. It also addresses a service area within the accessories industry referred to as “ath-leisure.”

The program consists of the following four courses offered over a three- to four-semester time span:

<table>
<thead>
<tr>
<th>Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>LD 181</td>
<td>Ergonomics for Athletic Footwear</td>

<td>Athletic Footwear Sketching</td>
<td>2.5</td>
</tr>
<tr>
<td>LD 185</td>
<td>Athletic Footwear Drafting</td>
<td>2.5</td>
</tr>
</tbody>
</table>

**Total Credits: 9**
Academic Minors

Students at FIT have the opportunity to pursue an academic minor, a selection of courses focused on a particular discipline or a combination of disciplines. This provides a more cohesive program of study and a deeper understanding of the chosen fields.

Visit the Academic Advisement Center in room C402 to declare a minor and create the best plan of action for completing the required coursework.

- Completion of one (1) course before minor declaration
- Declare a minor in the bachelor’s degree program, unless in the process of completing all five minor course requirements in the AAS
- Students must complete (5) courses as outlined in the minor (which the majority of the time adds up to 15 course credits).
- Transfer students can transfer up to six (6) credits for any academic minor.
- There is a limit of three minors per undergraduate degree.
- Must complete 3/5 distinct unique courses per minor (This means 2/5 courses can overlap with courses in another minor or courses required in the major area, related area or liberal arts.)
- Upon successful completion of the selected course credits with a 2.0 or higher GPA, your minor will be recorded on your transcript.

Minor must be completed by the time you graduate.

Liberal Arts Minors

3-Dimensional Design Minor

This minor substantiates the connection between multiple disciplines in the School of Art and Design involving 3D design and divergent, creative thinking processes for 3D construction. This minor would complement students in all majors across the school. This minor adds a specialization that serves as a valuable complement to many of the degree programs in the School of Art and Design.

The requirements below are intended for students beginning fall 2023.
To declare your minor, please speak to your academic advisor for assistance.

Color Studies Minor

Color is intriguing, complex, and pragmatic. It can promote brand recognition, increase sales, attract attention, and convey concepts. The FIT minor in Color Studies offers students from all majors the opportunity to learn to use color with intention. Cultural or geographical, psychological or symbolic, aesthetic or gender-related—color can be analyzed and applied in many ways to enhance creative work, further careers, and enrich lives.

The following requirements below are intended for students beginning fall 2023.
To declare your minor, please speak to your academic advisor for assistance.

Creative Technology Minor

The Creative Technology minor offers a learning opportunity for students who are interested in expanding and exploring their technological knowledge and experience. This minor equips students with a fundamental understanding of digital culture, design technologies, as well as the opportunity for interdisciplinary collaboration.

The Creative Technology minor is open to all students in the Schools of Art and Design, Business and Technology, and Liberal Arts.

Co-Coordinator:
C.J. Yeh
chinjuz_yeh@fitnyc.edu

Co-Coordinator:
Christie Shin
christie_shin@fitnyc.edu

Requirements:

- The successful completion of at least five (5) courses (as detailed below) is required, with a minimum 2.5 GPA. The minor must be completed before graduation.
- You are encouraged to complete four (4) classes from the list of choices before registering for the required CT 441 Creative Technology Lab.
- If only three classes have been completed, you must be registered for the fourth class or be in the process of completing the fourth class before registering for the required CT 441 Creative Technology Lab.

Please note: If you have already declared the Creative Technology minor, please review your DARS audit for remaining course options and/or schedule an appointment to speak with your academic advisor for assistance.

Students who took AD 364 before Spring 2023 can use AD 364 toward the minor degree in place of CT 305 or CT 322.

Design Thinking Minor

This minor is open to students in the Schools of Business and Technology and Liberal Arts only.

Design today is a multidisciplinary collaborative field where business leaders, managers, and marketing specialists work closely with teams of designers, writers, and developers to accomplish goals. These goals range from small projects to complete business strategies.

The Design Thinking minor was created for nondesigners who are intending to work in the design industry or with designers, either as business developers, retail managers, account managers, or strategic planners.

You will learn how design research (history, trends, best practices, and existing practice review) can be incorporated into an analysis and design strategy. You will learn how to develop a design strategy by creating a communication and management approach that integrates the talents of designers in different fields.

The following requirements below are intended for students beginning fall 2023.

To declare your minor, please speak to your academic advisor for assistance.

**Minor Coordinator:**
Eric Daniels

Digital Typography Minor

As an essential part of digital design, typography can make the text more readable and accessible, convey a brand’s identity and values, and be used to create a visually appealing and user-friendly interface. This minor has a flexible curriculum designed to help students in the School of Art & Design obtain an advanced understanding of applied typography, brand typography, and digital typeface design for the digital age.

To declare your minor, please speak to your academic advisor for assistance.

The rapid advancements in creative technologies has enabled brands to engage their target audiences in ways that can never be achieved in the past. Multi-sensory branding is the art and science of engaging human senses holistically. By activating all of the available sensory channels, brands can stimulate and communicate their message through multiple senses at once, helping their audiences to “experience” their identity in more profound and memorable ways. This minor consists of five courses and each of the classes focus on one aspect of the new frontier of brand experience design.

The following requirements below are intended for students beginning fall 2023.

To declare your minor, please speak to your academic advisor for assistance.

Creative Entrepreneurship Minor

The Creative Entrepreneurship minor provides a cross-disciplinary learning opportunity to students who are interested in learning the methodologies, tools, and techniques necessary for the development and growth of new entrepreneurial ventures, business opportunities and an entrepreneurial mindset. This minor will expand on the understanding of entrepreneurial thinking and the discipline for all the creative industries. It also prepares students with an understanding of entrepreneurship and discovering business opportunities, how to leverage creativity and innovation for these opportunities, along with the skills to create, build and manage entrepreneurial ventures.

This Creative Entrepreneurship minor is available to students in the Schools of Art and Design, Business and Technology, and Liberal Arts and Sciences.

The following requirements below are intended for students declared after Fall 2023. If you have already declared your minor, please speak to your academic advisor for assistance.

**Minor Coordinator:**
William Reinsch
william_reinsch@fitnyc.edu

The successful completion of at least five (5) courses are required to earn the minor.

International Trade and Marketing Minor

The objective of the ITM minor is to explore and expand your knowledge of the international trade and marketing field.

You will develop a greater understanding of how the fashion and creative industries have developed international trade patterns and how the internet is rapidly changing this field with focus on professional opportunities, project management, intercultural skills, and technical trends involving goods and services in the channels of trade, logistics, and online research.

You will learn about and examine the major trends revolutionizing global marketing, the evolution of international companies into global firms, and the expanding role of e-commerce.

The following requirements below are intended for students beginning Fall 2023. To declare your minor, please speak to your academic advisor for assistance.

Interdisciplinary Minors

Ethics and Sustainability (p. 209)

Journalism (p. 210)

Ethics and Sustainability Minor

The minor in Ethics and Sustainability draws on the expertise and critical thinking of faculty across the campus in all three schools. Minoring in Ethics and Sustainability provides students with knowledge and tools to understand and critically assess environments, materials, economics, aesthetics, philosophical concepts, social responsibility, and the impact of actions. The minor is designed to facilitate understanding of the interrelatedness of topics, information, and applications related to ethics and sustainability.

The following requirements below are intended for students beginning Fall 2023. To declare your minor, please speak to your academic advisor for assistance.

Journalism Minor

The Journalism minor is an interdisciplinary five course or 15-credit program that enables students to acquire a deeper understanding of the practice of journalism and its role in today’s democratic society. The minor complements the degree programs in Business and Technology, Liberal Arts, and Art and Design, and provides graduates of programs with a competitive edge in the job market in a variety of communications-related fields.

To declare your minor, please speak to your academic advisor for assistance.

African American and Africana Studies Minor

The African American and Africana Studies minor is an interdisciplinary program of study focused on the historical and contemporary experiences of people of African heritage. The study of race, ethnicity, and other forms of collective identity will be central concerns of the minor, as are intersecting issues such as gender, sexuality, diversity, and inclusion. This minor leads students to a comprehensive understanding of the African American experience and African Diaspora.

The following requirements below are intended for students beginning fall 2023.

To declare your minor, please speak to your academic advisor for assistance.

American Studies Minor

What does America mean, and how can we explore that question? The field of American Studies was developed in the mid-20th century as an interdisciplinary way to analyze this complex nation. The various diverse courses included in this minor all consider American topics, but from a rich variety of perspectives, including: ethnicity, race, gender, class status, politics, economics, and cultural expression. Some have argued that our culture and society are too fragmented to consider America a coherent concept. Minoring in American Studies will allow you to participate in the debate, and refine your own understanding of what this country signifies: past, present, and future.

The following requirements below are intended for students beginning fall 2023. To declare your minor, please speak to your academic advisor for assistance.

Communication Studies Minor

The Communication Studies minor aims to help students realize how communication constructs the social world in which they live and connects them to it. Communication is a tool to build, maintain, and navigate relationships with individuals, institutions, and society. Through study of different types and contexts of communication, students recognize the vital role it plays in the negotiation of everyday life, understand the underlying theories and principles, and build the skills to put them into practice.

The following requirements below are intended for students beginning fall 2023. To declare your minor, please speak to your academic advisor for assistance.

Minor Coordinator:
Matthew Petrunia
matthew_petrunia@fitnyc.edu

**Ethnic Dress in a Global Context Minor**

The Ethnic Dress in a Global Context minor teaches students to have a better sociological understanding of various types of ethnic dress, which is a widely shared term in anthropology/sociology, and related styles (clothes, textiles, jewelry, accessories, hairstyles, and tattoos among others) that are still worn today around the world. Students examine what constitutes cultural appropriation and which/what ideas can be borrowed from ethnic dress/traditions and applied to designs, merchandising, or advertising in culturally/socially acceptable ways. Through dress, students also explore the history, values, customs, and beliefs of different cultures in multilayered global contexts, such as social, economic, political, and religious dimensions.

The following requirements below are intended for students beginning fall 2023.

To declare your minor, please speak to your academic advisor for assistance.

**Film and Media Studies Minor**

Students who minor in Film and Media Studies learn about the history of the film industry and the achievements of film as the most popular art form of the modern era. Students analyze films and work of some of the world’s greatest directors, including foreign movies, silent films, recent releases, documentaries, and animation. Students learn to appreciate the industry’s value as a window on society, revealing the zeitgeist of a period, the obsessions and interests of people at a particular place and time. Film study is valuable for all majors; it is an important part of the intellectual life of people in both the arts and business.

The following requirements below are intended for students beginning fall 2023. To declare your minor, please speak to your academic advisor for assistance.

**French Minor**

Nothing looks better on your resume than a minor in a foreign language: French, Italian, Japanese, or Spanish. It gives you the competitive edge you will need in the international market. It tells your future employer that you have taken that extra step in learning to communicate with other cultures.

A French minor requires five courses in French or, as an alternative, four courses in French and an MC course with modified assignments, with permission of the instructor and after you have completed level 214 of the language.

The following requirements below are intended for students beginning fall 2023.

To declare your minor, please speak to your academic advisor for assistance.

**Minor Coordinator:**
### French and Francophone Studies Minor

The French and Francophone Studies Minor is designed to provide students with the opportunity to gain a foundation in the French language and an interdisciplinary appreciation and understanding of the intellectual and cultural traditions of France and the French-speaking world. The minor exposes students to contemporary as well as historical issues related to French and global Francophone cultures. Study abroad opportunities are available to complete the requirements for this minor.

The following requirements below are intended for students beginning fall 2023. To declare your minor, please speak to your academic advisor for assistance.

#### Minor Coordinator:

**Nicole Ruimy**  
nicole_ruimy@fitnyc.edu

#### Required

- Two semesters of French Language

*This course is taught in English, and it may be used toward the French minor if you have permission from the instructor and have taken FR 214 since specific assignments will have to be done in the French language. Only one of these four courses can be used for the minor. Please notify your Professor on the first day of class if you intend to have the course counted toward the minor.

Semesterly course offerings are subject to change

**Nicole Ruimy**  
nicole_ruimy@fitnyc.edu
From art and design to business and technology, history is a vast, shared cultural resource upon which all creative people draw. History is also the critical analysis of cause and effect over time, and it asks big questions, the kinds of questions all college students should get a chance to ponder. How did we invent capitalism and how does it work? Why do we live in a democracy and what are its limits? Have we always been so obsessed with our race, gender, and sexuality? As the powerful impose their will on the world, how have those with little power learned to win more? Historians use the past to study how people change the way the world works. Study history and you’ll start seeing ways that you can change the world too.

The following requirements below are intended for students beginning fall 2023. To declare your minor, please speak to your academic advisor for assistance.

**History of Art Minor**

History of Art introduces students to the history of art, architecture, and visual culture of world civilization from pre-history to the present. Courses emphasize the interrelation between art and the cultures that produced it, with special attention to social, economic, political, religious, and philosophical contexts.

The following requirements below are intended for students beginning Fall 2023.

To declare your minor, please speak to your academic advisor for assistance.

**Minor Coordinator:**

Integrative Wellness Minor

The Integrative Wellness Minor aims to help students cultivate self-understanding, self-confidence, greater focus and awareness, and self-respect and civility. The minor blends research and “hands-on” practices which equip students to handle life’s challenges with knowledge and greater ease. In a non judgmental atmosphere students will have time and opportunities to explore their mental, emotional, physical, and societal selves.

The following requirements below are intended for students beginning fall 2023.

To declare your minor, please speak to your academic advisor for assistance.

International Politics Minor

A minor in International Politics will deepen and expand a student’s knowledge of the discipline. In these courses, students will develop a greater understanding of world politics by examining current and historical events and issues in the field. Students will learn how international actors—states, intergovernmental and nongovernmental organizations—interact with each other and/or create institutions for cooperation in order to maximize power and realize their ideals. The minor provides students with major theoretical approaches to critically analyze the development of the global polity, a knowledge base well-suited to all majors.

The following requirements below are intended for students beginning fall 2023.

To declare your minor, please speak to your academic advisor for assistance.

**Italian Studies Minor**

The Italian Studies Minor is an interdisciplinary program of study in which students are engaged in the language, culture, history, and society of Italy within a broad European, Mediterranean, and global context, from the Middle Ages and the Renaissance to the present day. This minor leads you to a comprehensive understanding of Italy and of the Italian diaspora. The program also provides the opportunity for study abroad in Italy, for some of the language courses and electives.

The following requirements below are intended for students beginning fall 2023. To declare your minor, please speak to your academic advisor for assistance.

Lesbian Gay Bisexual Transgender Queer Intersex and Asexual (LGBTQIA) Studies Minor

The minor in Lesbian Gay Bisexual Transgender Queer Intersex and Asexual (LGBTQIA) Studies introduces students to the social, political, historical, and psychological complexities of the diverse nature of gender and sexuality.

LGBTQIA Studies is a challenging and multidisciplinary field that includes an exploration of queer theory—an interdisciplinary and revolutionary critique of identity itself that challenges the most basic assumptions of Western culture. Through becoming proficient in analytic skills such as queer reading of texts, research methodologies and their limitations, ethnography, and deconstruction, along with the opportunity to contemplate, research, and design solutions for contemporary problems facing LGBTQIA populations, students will emerge as original thinkers engaged in advanced scholarly work.

The following requirements below are intended for students beginning fall 2023.

To declare your minor, please speak to your academic advisor for assistance.

Mandarin Chinese Minor

A minor in a foreign language gives you a competitive edge in the International market. It prepares you to live in and contribute to a diverse and changing world and to enter the global workforce equipped with the knowledge, confidence, and communication skills needed for success in an interdependent world.

A Chinese minor requires five courses in Chinese or, as an alternative, four courses in Chinese and an MC course with modified assignments, with permission of the instructor and after you have completed level 214 of the language.

The following requirements below are intended for students beginning fall 2023.

To declare your minor, please speak to your academic advisor for assistance.

Middle East and North African Studies Minor

The minor in Middle East and North African Studies exposes students to the historical, political, social and cultural complexities of a broadly conceived geographical region from North Africa to southwest and central Asia. This minor will provide an opportunity to have an interdisciplinary knowledge of the region, including proficiency in Modern Arabic.

Students take a minimum of 15 credits (5 courses), including two semesters of consecutive Arabic.

The following requirements below are intended for students beginning Fall 2023.

To declare your minor, please speak to your academic advisor for assistance.

**Sustainable Materials and Technology (SM&T) Minor**

The Sustainable Materials and Technology (SM&T) minor offers all FIT students the opportunity to gain an understanding to evaluate the different types of challenges faced by our societies through fundamental scientific knowledge and practice applying this to real-world scenarios and problems. The SM&T minor will complement students’ major-course knowledge and prepare them to lead their industries to a more sustainable future.

This minor includes an engaging set of courses tackling issues touching on the three pillars of sustainability, social, economic, and environmental, and the tools needed to bridge these to build truly sustainable solutions. The foundation of scientific and technical information, tools, materials understanding, and critical thinking helps students see themselves as an active part of the changes needed to make an impact locally and globally. Students will be exposed to new technologies and materials that are currently available or being researched to mitigate the challenges faced worldwide, and offered opportunities to participate in impactful projects.

The following requirements below are intended for students beginning fall 2023.

To declare your minor, please speak to your academic advisor for assistance.

**AB 111 — Elementary Arabic I**  
3 credits; 2 lecture and 2 lab hours  
This introductory course enables students with no background in Arabic to communicate with Arabic-speaking people. The basic skills of speaking, reading, and writing in Arabic are established and the cultures where Arabic is spoken are introduced. All new grammatical, syntactical and phonetic skills covered in course lectures will be further developed in a multimedia environment.

**AB 112 — Arabic II**  
3 credits; 2 lecture and 2 lab hours  
Students expand upon the skills established in Arabic I and continue to study the cultures where Arabic is spoken. All new grammatical, syntactical and phonetic skills covered in course lectures will be further developed in a multimedia environment.  
Prerequisite(s): AB 111.

**AB 122 — Arabic Conversation I**  
3 credits; 3 lecture hours  
Students learn to converse in Arabic by emphasizing interaction in real-world situations. Functional and practical verbal communications are addressed with a focus on the cultures where Arabic is spoken. Although the focus is on communicating in spoken Arabic, the course will also continue to build students’ writing and reading skills so as to leave them with a strong foundation in the language.  
Prerequisite(s): AB 111 or equivalent.

**AB 299 — Independent Study in Arabic**  
1-3 credit  
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Liberal Arts.

**AC: Advertising and Marketing Communications**

**AC 000 — ADVERTISING COMMUNICATION**  
1-3 credit; 1 lecture hour

**AC 111 — Advertising and Promotion**  
3 credits; 3 lecture hours  
Concepts, perspectives, and methods for the development and implementation of integrated marketing communications programs for producers, manufacturers, and retailers are analyzed and critiqued.

**AC 113 — Strategic Planning for Integrated Marketing Communications**  
3 credits; 3 lecture hours  
Students plan and develop integrated marketing communications strategies in order to achieve specific marketing and communication objectives. Through student agency teamwork, they make strategic decisions based on creative strategy development, competitive and market analysis, and research interpretation.  
Prerequisite(s): AC 111.

**AC 114 — Introduction to Integrated Marketing Communications**  
3 credits; 3 lecture hours  
This course provides students with a broad background to marketing concepts as they apply to integrated marketing communications (IMC). Students explore the role of marketing both within the organization and the external environment in which firms operate. The process of developing marketing with an IMC perspective is addressed, as well as how managers use these elements to gain competitive advantage in a global economy.
AC 141 — Introduction to Journalism
3 credits; 3 lecture hours
Students practice the techniques of newsgathering, newswriting, and developing news judgment. News stories, features, editorials, and broadcast writing are covered in discussions and workshops. Skills in copyediting and headline writing are built through student newspaper and off-campus assignments.
Prerequisite(s): EN 121 or ES 129 or equivalent.

AC 161 — Multimedia Computing for Advertising and Marketing Communications
2 credits; 1 lecture and 2 lab hours
Students develop computer skills applicable to the communications industry, including word processing, spreadsheets, networking, presentations, desktop publishing, and internet research. Through hands-on use, they format such industry-oriented projects as print ads, press releases, and advertising analyses.

AC 171 — Mass Communications
3 credits; 3 lecture hours
Analysis and comparison of mass media and the communication arts as they are used in advertising, marketing, promotion, and the dissemination of public information. Includes an overview of careers available in communications. Students learn communications theory, new electronic media, and their potential applications.

AC 202 — Strategic Planning for Integrated Marketing Communications
3 credits; 3 lecture hours
Students plan and develop integrated marketing communications strategies and plans in order to achieve specific marketing and communication objectives. Through student agency teamwork, they make strategic decisions about marketing and IMC mix elements and plans, based on corporate strategy, competitive and market analysis and research interpretation.
Prerequisite(s): AC 111 and AC 114.

AC 211 — Workshop in Business Communications
3 credits; 3 lecture hours
This course is designed as an introduction to the field of business communications and writing. The emphasis will be on how the corporate world communicates in this digital age and the management skills required for communicating effectively. We will examine various business case studies and have discussions on best practices in solving communication issues companies face on a daily basis.
Prerequisite(s): AC 111.

AC 221 — Publicity Workshop
3 credits; 3 lecture hours
Use of current news, events, and personalities as a basis for writing and evaluating institutional and product publicity releases for news and feature stories. Students plan publicity campaigns and create a press kit.
Prerequisite(s): AC 111.

AC 222 — Sales Promotion
3 credits; 3 lecture hours
Students plan and develop sales promotion activities in order to achieve specific marketing and communications objectives. Both business-to-business and business-to-consumer sales promotion campaigns are developed.
Prerequisite(s): AC 111.
AC 231 — Advertising Copywriting
3 credits; 3 lecture hours
Evaluating, writing, and editing copy for national, trade, and retail advertising and promotion, internal communications, and direct marketing for all market levels. Includes copy-testing techniques and visualization for copy brainstorming.
Prerequisite(s): AC 111.

AC 242 — Fashion Journalism Workshop
3 credits; 3 lecture hours
Fashion Journalism Workshop explores the field of fashion writing, allowing students the experience of writing runway reviews, fashion business news stories, blogs, with emphasis on fashion history and vocabulary, and the social impact of fashion on society.
Prerequisite(s): AC 111 and AC 141.

AC 262 — Multimedia Presentations for Business
3 credits; 3 lecture hours
This course focuses on the planning and preparation of multimedia presentations for use in business. Coursework covers presentations incorporating PowerPoint, integrating still photos, video and voice and mobile. These presentations would be suitable for consumer and trade shows, demos, conferences, exhibits, special events, dealer aids, and sales books.
Prerequisite(s): AC 111 or VP 341.

AC 271 — Audiences and Media
3 credits; 3 lecture hours
This course is designed to provide students with an understanding of the role of media planning and buying in advertising. The course reviews such areas as basic measurement tools and the relationship between marketing and advertising objectives translated into media objectives, strategies, and tactics. Students identify target markets, develop media strategies, and evaluate media alternatives and media-buying approaches.
Prerequisite(s): AC 111.

AC 272 — Research Methods in Integrated Marketing Communications
3 credits; 3 lecture hours
This course examines the current methods and techniques used to evaluate the effectiveness of marketing, advertising, and promotion. The information-gathering process uses both secondary research data and primary sources. Students create a marketing research project using a variety of research techniques.
Prerequisite(s): mathematic proficiency (see beginning of Mathematics section).

AC 275 — Global Integrated Marketing Communications
3 credits; 3 lecture hours
Challenges and perspectives in global marketing across and within national boundaries as they relate to Integrated Marketing Communications (IMC) practice. The course focuses on cultural, legal, social, economic and competitive factors that affect marketing strategies, the marketing mix and IMC planning in global market environments.
Prerequisite(s): AC 111 and AC 114 and SS 141 or equivalent.

AC 299 — Independent Study in Advertising and Marketing Communications
1-3 credit
Prerequisite(s): a minimum of 3.5 GPA and approval of instructor, chairperson, and dean for Business and Technology.
AC 300 — Campaign Plans and Presentations for Profit and Non-Profit Companies and Organizations
3 credits; 3 lecture hours
Working on actual industry and non-profit cases and projects, students prepare recommendations for campaigns marketing analysis and planning, marketing research, creative, media, promotion, budget, public relations and present.
Prerequisite(s): approval of chairperson or instructor.

AC 301 — Shopper Marketing and Sales Promotion
3 credits; 3 lecture hours
Students learn to plan Shopper Marketing and Sales Promotion campaigns as defined by effective shopper marketing objectives, formulation of shopper personas, understanding shopper behaviors, identification of shopper barriers and the implementation of shopper strategies. These are achieved via Shopper Marketing campaign ideas, appropriate sales promotion activities and powerful activation plans.
Prerequisite(s): AC 111 and AC 114 and AC 272.

AC 311 — Integrated Marketing Communications Management
3 credits; 3 lecture hours
For Entrepreneurship and Art History and Museum Professions students. Case study techniques are used to help students develop criteria for evaluating the planning, budgeting, and execution of integrated marketing communications strategies. Emphasis is on management of advertising, public relations, direct marketing, and sales promotions to achieve marketing objectives.

AC 312 — Multi-Channel Copywriting
3 credits; 3 lecture hours
Explores how to effectively use today’s leading power tools of advertising – TV, Radio, Online/ Digital/Social Audio/Video – to create, craft and execute innovative marketing messages that produce results on the key broadcast platforms used by global, national and local marketers.
Prerequisite(s): AC 231.

AC 321 — Principles of Public Relations
3 credits; 3 lecture hours
Examines the principles and processes underlying the programming of public relations as a management function of marketing. Attention is directed to the specific requirements of interacting with various publics. Students work with public opinion research data on industry-derived projects and cases to design, plan, and write proposals for publicity and public relations programs.
Prerequisite(s): AC 221.

AC 322 — Publicity/Public Relations for Visual Arts Management
3 credits; 3 lecture hours
Designed for Art History and Museum Professions majors, this course examines public relations as a management function in museums. Students study how public relations is used to further museum goals by examining how it relates to exhibitions, fundraising, and retail operations. Working with public opinion research data, students create press kits and public relations programs.

AC 341 — Magazine Journalism
3 credits; 3 lecture hours
Students develop the editorial and marketing skills needed to succeed in today’s fast-paced magazine publishing world by creating a magazine prototype directed at a specialized target audience.
Prerequisite(s): AC 141.
AC 361 — Computer Applications for Marketing Communications
2 credits; 1 lecture and 2 lab hours
AC 361 is an intermediate level computer course designed to improve skills in word processing, spreadsheets, desktop publishing and presentation through the use of marketing communications case studies. Emphasis will be on using software applications to solve marketing communications problems and to enhance target audience communication and response.
Prerequisite(s): AC 161 or MG 153.

AC 362 — Video Studio Production
3 credits; 2 lecture and 2 lab hours
Through multi camera workshop activities, students develop professional video studio techniques for content creation, journalism, and communications. Emphasis is placed on understanding the production process as it pertains to marketing applications. Students work on team assignments in video production.
Prerequisite(s): AC 231.

AC 400 — Feature Journalism: Writing Lifestyle and Arts Articles
3 credits; 3 lecture hours
An advanced workshop-style course that explores the techniques and practices of feature journalism, in areas including travel, home, food, beauty, health, and the arts. Emphasis is placed on article analysis, writing and revision with a goal of producing articles for portfolio inclusion.
Prerequisite(s): EN 121 and AC 141 and AC 242 or AC 341.

AC 402 — Digital Analytics for Integrated Marketing Communications (IMC)
3 credits; 3 lecture hours
This course empowers the student with the knowledge of best practices for data collection and interpretation that leads to higher profits, an improved customer experience and creates measurable value to the business. Drawing from case studies and practical applications, students explore the key concepts, techniques and practices of web, mobile, social media and e-Commerce communication analytics, and how they can successfully leverage data to achieve communications objectives and improve business performance.
Prerequisite(s): AC 361 and DM 435 and MA 321.

AC 404 — Public Relations: Cases; Campaigns; and Strategies
3 credits; 3 lecture hours
Students develop and refine their critical thinking skills in selecting, creating and applying tools, techniques, and principles of public relations to a variety of managerial cases and problem situations. Using real-life case studies, they track current public relations issues, and evaluate successful and unsuccessful PR initiatives.
Prerequisite(s): AC 221 and AC 321.

AC 405 — eCommerce & Omnichannel Marketing Communications for Integrated Marketing Communications (IMC)
3 credits; 3 lecture hours
In this course, students learn how to plan for eCommerce Marketing (from a Marketing Communications perspective) from the definition of the objectives to the formulation of personas, the development of traffic generation, conversion and (re)generation strategies and tactics, the integration of Omnichannel capabilities and how to evaluate performance.
Prerequisite(s): DM 435.
AC 411 — Brand Management
3 credits; 3 lecture hours
Students study the critical elements of brand management—the role of brands and the concept of brand equity—using integrated marketing communications strategies and tactics to build brands. They learn to build brand equity by employing brand elements and leveraging secondary associations through brand extensions, co-branding, and forming strategic alliances with third parties.
Prerequisite(s): AC 321 and AC 362.

AC 412 — Creative Strategies
3 credits; 3 lecture hours
Advertising strategies are developed to solve marketing communications problems and build strong brand identities. Students research industry-derived projects and evaluate relevant market factors to create effective strategies.
Prerequisite(s): AC 231.

AC 413 — Corporate Communications
3 credits; 3 lecture hours
Students develop the skills necessary to create communications that successfully influence an organization’s internal and external publics. The course trains students to identify emerging business trends, interpret annual reports and related business documents, and convey business news in a clear, concise style through a variety of business communication and public relations tools.
Prerequisite(s): AC 321 and SS 242.

AC 423 — Special Events Marketing Public Relations
3 credits; 3 lecture hours
Students learn how to integrate special events into a client’s marketing communications program. The strategies, planning, and execution of special events are studied using specific cases. Students work with industry clients to produce an event.
Prerequisite(s): AC 321.

AC 424 — Marketing Communications: An International Perspective
4 credits; 4 lecture hours
This course focuses on the principles and processes of the marketing communications industry in England. Through seminars and field experience, students work with marketing communications companies to design, plan, and implement communications programs. Includes an internship experience with the British communications industry. Approximately four weeks in June.
Prerequisite(s): AC 221 and approval of instructor.

AC 425 — Marketing Communications in China
3 credits; 3 lecture hours
A four-week work-study internship course in China. Students attend lectures and seminars and are exposed to the business practices of marketing companies conducting business in China. They assist business executives in planning and executing marketing communications campaigns for various products and services.
Prerequisite(s): A.A.S. degree, and AC 221 or AC 231 or AC 271, and approval of instructor.

AC 461 — Electronic Media Production
3 credits; 2 lecture and 2 lab hours
Technical and creative aspects of electronic media are stressed as students write, direct, edit, and produce trade and consumer videos and commercials. The coursework develops video production capabilities and encourages familiarity with a fully equipped, multi-camera studio. Preproduction and postproduction functions are analyzed and evaluated.
Prerequisite(s): AC 362.
**AC 462 — Video Field Production**
3 credits; 2 lecture and 2 lab hours
The operation and application of portable video and editing equipment to meet fashion marketing, corporate communications, and broadcast journalism objectives and strategies. Through the hands-on experience of writing, producing, directing, and editing a 5-minute infomercial and a 30-second television commercial, students learn planning, budgeting, and digital postproduction techniques.
Prerequisite(s): AC 362.

**AC 471 — Media Planning**
3 credits; 3 lecture hours
Examines the relationship between the marketing plan and media planning. This course develops students’ understanding of pre- and post-placement media analysis and research. Students develop a media plan utilizing research data and reports from current case histories.
Prerequisite(s): AC 271 and MA 222.

**AC 472 — Social Media for Integrated Marketing Communications**
3 credits; 3 lecture hours
This course analyzes social media from a marketing communications strategy perspective, and examines the new media landscape where traditional and social media co-exist. Students learn how social media strategies can be used effectively in marketing communications programs, what social media platforms should/should not be used, how to build engagement and how to measure, track and evaluate performance and effectiveness.
Prerequisite(s): AC 321 and DM 435.

**AD: Advertising Design**

**AD 000 — ADVERTISING DESIGN**
3-60 credit; 3 lab hours

**AD 203 — Advertising Design and Layout**
2 credits; 1 lecture and 2 lab hours
For Photography students. Application of design principles to photographic layout problems, in black and white and color, utilizing the student’s own photographs.

**AD 216 — Foundation in Advertising & Digital Design**
2 credits; 1 lecture and 2 lab hours
This course introduces students to the field of advertising and digital design. Students are presented with brand communication challenges and develop multi-channel campaigns that get audiences to engage and participate.
Co-requisite(s): (for one-year Communication Design Foundation students) PK 216.

2 credits; 1 lecture and 2 lab hours
This course introduces students to the disciplines, work environment, and creative workflow of advertising and digital design. Students are presented with brand communication challenges and learn to work in the new creative team of art directors, writers, and experience designers to apply both narrative and systematic creative thinking to deliver creative solutions for brand messaging as well as digital products such as mobile apps.
Corequisite(s): PK 216.

**AD 315 — Art Direction and Design**
3 credits; 6 lab hours
An exploration of the relationship between art direction and design. The synthesis between concept and message communication, integral for an advertising and branding campaign, is examined.
Prerequisite(s): CT 300.
AD 364 — Digital Media Advertising
2 credits; 1 lecture and 2 lab hours
This course focuses on the new creative partnership in the field of advertising -- the interdisciplinary creative team. Students participate in a client pitch competition for a brand that is aimed toward an audience that was raised in a digital world and reached through the internet, and that utilizes various social media and other entertainment and communications options. Prerequisite(s): AD 216 or AD 217 or CT 200.

AD 381 — Creative Principles
3 credits; 6 lab hours
Introduces students to the principles of creative advertising with an emphasis on conceptual thinking. Explores the legacy of advertising from the creative revolution of the 1960's to today's digital revolution, which heralds the empowerment of the creative technologist and a new advertising partnership that calls for a "bigger idea". Corequisite(s): AD 383.

AD 382 — Art and Copy
2 credits; 1 lecture and 2 lab hours
Students create outstanding and provocative advertising and refine their strategic thinking, art direction, copywriting, and execution abilities. With an emphasis on visual and verbal ideas, students work as a creative team to fully integrate art and copy. Prerequisite(s): AD 381.

AD 383 — Strategy Planning and Brand Campaigns
2 credits; 1 lecture and 2 lab hours
Students develop a strategy plan using research on target audience, customer satisfaction, competition, brand, marketplace, and the perception of prospects. Working from their creative brief, they develop an integrated brand campaign. Corequisite(s): AD 381.

AD 402 — Idea Writing
2 credits; 1 lecture and 2 lab hours
Focuses on the developing verbal ideas and mastering the art of storytelling. Students craft compelling narratives and brand voices, using a range of media. Writing and execution abilities for both long and short copy are explore and refined. Prerequisite(s): AD 216.

AD 403 — Brand Identity in Advertising Design
2 credits; 1 lecture and 2 lab hours
Created specifically to guide aspiring advertising designers through the sophisticated process of creating and establishing a brand identity. Emphasis will be placed on the steps required for brand consistency such as identifying a brand's purpose and personality; designing a logo; creating the visual elements that support the new brand; and developing and designing a tone of voice for all communication channels, including, but not limited to, print, digital/motion, radio, TV, and social media. Prerequisite(s): AD 216.

AD 404 — Creative Content for Social Media
2 credits; 1 lecture and 2 lab hours
Provides insights into how new technologies inform and shape the creative process and the creative product. With the advent of social media, advertising has gone from a disruptive to an engagement model. Platforms are appraised from the creative perspective. Creative content that inspires sharing forms the basis of all ideation. Prerequisite(s): AD 216.
AD 415 — Advertising Art Direction and Design II
1.5 credits; 3 lab hours
Students further develop their art direction skills by deepening their understanding of creative advertising principles and strategies to communicate a brand message with a sound idea. They execute that idea with a more disciplined understanding of how each design decision makes that message more vivid.
Prerequisite(s): AD 315.

AD 466 — Senior Portfolio
2 credits; 1 lecture and 2 lab hours
Students prepare cohesive portfolios for their advertising internships. Preparation for interviews, including how to present yourself comfortably and confidently, how to stand out, and what to leave behind, along with networking and establishing contacts in the industry, are covered.
Prerequisite(s): AD 315.

AD 467 — Advertising Professional Preparation
2 credits; 1 lecture and 2 lab hours
Coaches Advertising Design students for entry into the Advertising profession. Students prepare for interviews by developing resumes, cover letters, personal presentations and portfolios. Further development of advertising agency employment skills such as preparation of agreement letters, invoices, estimates and other business forms required for working on staff or as a freelancer will be covered.
Prerequisite(s): AD 466
Corequisite(s): AD 491.

AD 468 — Creative Advertising Portfolio
3 credits; 6 lab hours
Students prepare cohesive art director, copywriter, strategy planner or brand designer portfolios to be hired at advertising and digital agencies upon graduation. Preparation for interviews, including how to present yourself comfortably and confidently, how to stand out, along with networking and establishing contacts in the industry will be covered in this course.
Prerequisite(s): AD 315 and AD 382.

AD 481 — Art Direction
1.5 credits; 3 lab hours
Development from concept to design of highly finished comprehensives. The role of the art director is considered, including time management, production procedures, and working with photographers, illustrators, and other industry suppliers.
Prerequisite(s): AD 383 and CD 372.

AD 482 — TV and Online Video
3 credits; 6 lab hours
Simulating the actual stages in developing advertising for TV and the web, students participate in the process of concept development, storyboard creation, completion of pre-production books, production, and post-production with professional editing software.
Prerequisite(s): AD 382.

AD 483 — Creative Case Studies
3 credits; 6 lab hours
The course introduces the process of creating case studies to communicate creative concepts for both advertising campaigns and digital product design. Students learn to articulate the brand problem or a user problem, develop an insight, explore narrative or systematic creative solutions, execute the idea in the form of a client creative presentation that is persuasive, professional, and impactful.
Prerequisite(s): AD 482.
AD 491 — Internship
3 credits; 3 lecture hours
Intern in the ad industry: 10 weeks, 12 hours per week on-site (120 hours); and 5 weeks: 3 hours per week in the classroom, (15 hours). Includes ongoing, individual student and instructor interviews and assessments that occur before, during, and after the on-site experience. Prerequisite(s): AD 466.

AD 494 — Senior Thesis & Project Planning
2 credits; 1 lecture and 2 lab hours
A hands-on survey of research methodology and thesis-writing facilitate the student’s finalization of a creative, information-based, persuasive, ten-to fifteen-page thesis paper. Planning, researching, drafting, editing, and constructed of a carefully written paper will take place in stages over the span of the semester. Paper will focus on an individually selected design, cultural, or socially relevant theme closely linked to each student’s personal and professional interests. In addition to the thesis, students plan their senior project. Prerequisite(s): AD 383.

AD 497 — Student Competition
3 credits; 6 lab hours
Students work on assignments for international advertising competitions. Provides students with exposure to the top national and international advertising agencies. Prerequisite(s): AD 482 Corequisite(s): AD 498.

AD 498 — Purpose-Driven Project
3 credits; 6 lab hours
Students develop creative ideas for a purposeful project that has the potential to make a real and positive difference in the world. Ideas that can result in tangible, behavioral, or social change. Ideas to bring about positive changes in the areas that students really care about. Prerequisite(s): AD 494.

AD 499 — Independent Study Advertising Design
1-3 credit

AF: Fashion Design (See also AP, AR, DP, FD, FF, TL)

AF 299 — Independent Study in Fashion Design
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

AF 341 — Costume Design for the Performing Arts
2.5 credits; 1 lecture and 3 lab hours
Limited to baccalaureate-level students or with approval of department chair. Application of skills to theatrical production design. Through analysis of live theater, films, and videos, create costume plots and color compositions and learn research techniques, costume painting, and accessory construction.

AF 412 — Ethnic Fashions: Resources and Applications
2.5 credits; 2 lecture and 1 lab hours
Survey of ethnic fashions from archaic to contemporary periods, encompassing American Indian, Mesoamerican, Asian, African, and European folk cultures. Slides and actual costumes familiarize students with basic shapes, colors, symbols, patterns, and texture in ethnic costume and serve as inspiration in developing sketches for contemporary fashions. Prerequisite(s): FF 111 and FF 221.
AF 499 — Independent Study in Fashion Design
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

AP: Fashion Design—Apparel (See also AF, AR, DP, FD, FF, TL)

AP 144 — Outerwear and Performance Apparel Sewing Techniques
2.5 credits; 1 lecture and 3 lab hours
Produce outerwear garments in a sample-room setting using construction techniques specific to the outerwear and performance apparel market. Special focus is on the use of technically enhanced fabrics and protective design details in the construction of rainwear, urban outerwear, skiwear, and fishing, hiking, and boating apparel.
Prerequisite(s): DP 111 or FD 131 or TL 111 or MW 141 or approval of program advisor.

AP 222 — Computer-Aided Flat Pattern Design
1 credit; 2 lab hours
Through hands-on experience, learn computer-aided design for patternmaking and understand its creative potential.
Prerequisite(s): FD 121.

AP 241 — Leather Apparel Design Room Techniques
2.5 credits; 1 lecture and 3 lab hours
Teaches construction, processing, finishing, and decorative techniques for making men’s or women’s leather garments. Learn about the leather apparel industry, resources, and suppliers.
Prerequisite(s): MW 141 or FD 131.

AP 242 — Haute Couture Sewing Techniques
2.5 credits; 1 lecture and 3 lab hours
The sewing techniques practiced in the finest haute couture ateliers around the world are introduced and provide the basis for understanding couture. Learn couture techniques in cutting, hand stitching, seam and hem finishes, pocket construction, pressing, and finishing.
Prerequisite(s): DP 111 or FD 133 or TL 111 or approval of program advisor.

AP 243 — Haute Couture Decorative Techniques and Embellishments
2.5 credits; 1 lecture and 3 lab hours
Expands knowledge of the couture by exploring various decorative techniques. Learn how to hand bead and apply rocailles, sequins, pearls, and faux gems on different types of fabrics. Create embellishments such as flowers and frog closures from fabric and ribbons, hand embroider original designs, and learn the arts of quilting, cartridge pleating, and trapunto.
Prerequisite(s): AP 242 or approval of chairperson.

AP 244 — Haute Couture Construction and Technology
2.5 credits; 1 lecture and 3 lab hours
Apply couture sewing methodology and construct a skirt and jacket in order to understand the fitting process, couture fabric selection, proper cutting procedures, and inner construction methods.
Prerequisite(s): AP 242 or FD 231.

AP 253 — Leather Apparel Design
2.5 credits; 1 lecture and 3 lab hours
Study the use of leather, suede, and other animal skins and apply these materials to the design principles exclusive to creating men’s and women’s apparel. Develop original designs utilizing draping and flat pattern industrial methods.
Prerequisite(s): FD 112 and FD 221 and (AP 241 or MW 232).
AP 275 — Haute Couture Apparel Design
3 credits; 6 lab hours
Apply knowledge of the couture to design, drape, fit, and construct a mini-collection for a particular target market. Develop styles and images through fabric sourcing, market research, and inspirational research.
Prerequisite(s): (DP 212 or FD 112) and AP 243 and AP 244.

AP 337 — Primavision Apparel Design Development
2 credits; 1 lecture and 2 lab hours
Gain knowledge of technical line development and execution through the study and use of the software program Primavision, by Lectra Systems. Original concepts are translated into technical design factory packages ready for sample development. Emphasis is on specifications and construction details involved in woven and knit fabric development.
Prerequisite(s): FD 353 or approval of chairperson.

AP 351 — Experiencing Style
2 credits; 1 lecture and 2 lab hours
Photography students learn about the factors that influence the design and presentation of a collection. Working with Fashion Design students, they study the importance of the market, branding, trends, and the structure of the design house.
Prerequisite(s): PH 371.

AR: Fashion Design-Art (See also AF, AP, DP, FD, FF, TL)

AR 000 — FASHION ART
3-60 credit; 3 lab hours

AR 101 — Fashion Art and Design
1.5 credits; 1 lecture and 1 lab hour
For Fashion Business Management and Textile Development and Marketing students. Studies basic proportions of the fashion figure, garment details and terminology, and principles of color.

AR 115 — Introduction to CAD Software for Fashion Designers
2 credits; 1 lecture and 2 lab hours
Acquire basic knowledge and hands-on experience with software applications typically used by designers in the fashion industry. Develop the computer skills needed to create original designs in various formats.

AR 152 — Leather Apparel Portfolio
2.5 credits; 1 lecture and 3 lab hours
Use basic drawing and computer skills to communicate design concepts and develop a digital portfolio of men’s or women’s leather apparel.

AR 215 — Fashion Design Using Illustrator
2 credits; 1 lecture and 2 lab hours
Use Adobe Illustrator to learn the fundamental and advanced techniques specific to fashion design. Aspects of drawing flats and garment details and working with images and color are addressed. Build fabric and trim libraries and create stitch effects and/or repeat prints.
Prerequisite(s): (AR 115 or AR 213) and AR 101, or approval of Fashion Design-Art assistant chairperson.
AR 291 — Outerwear and Performance Apparel Design Portfolio
2.5 credits; 1 lecture and 3 lab hours
Create product, spec sheets, and storyboards for various segments of the men’s and women’s outerwear and performance apparel industry in order to develop digital portfolios focusing on a particular market. Forecast and track trends, study licensing issues, and explore graphic design as it relates to logos and branding.
Prerequisite(s): (FF 111 or MW 151), (CG 211 or PH 272), and TS 171.

AR 292 — Haute Couture Portfolio
2.5 credits; 1 lecture and 3 lab hours
Study the muscular and skeletal functions of the human body and their relationships to the design and creation of haute couture apparel, visualizing how anatomy and aesthetics form the basis of designing a haute couture collection. Become proficient in the translation of ideas via the fashion design sketch and further develop a personal drawing style.
Prerequisite(s): FF 211 or approval of Fashion Design-Art assistant chairperson.

AR 301 — Fashion Art for Textile Designers
2 credits; 1 lecture and 2 lab hours
For baccalaureate-level Textile/Surface Design students. The basics of figure drawing and sketching in various media are presented. Students create original fashion designs using their own textile designs.

AR 311 — Sketching for Fashion Designers
2 credits; 4 lab hours
Draw garments as they appear on models and study clothing in relationship to the body. Large, half-size, petite, and junior-size figures are featured to study proportions used in the industry.

BE: Business Enterprise

BE 261 — Starting a Small Business
3 credits; 3 lecture hours
Investigates the problems and challenges of opening and managing a small business. Emphasis is placed on analysis of financial statements and on developing a business plan.

BE 401 — BUSINESS OPERATIONS
3 credits; 3 lecture hours
For Restoration students. Enables students to recognize and solve basic financial, managerial, operational, and marketing problems inherent in opening and operating a restoration service business. Students interpret and analyze the various financial statements used to operate a business and develop a business plan for operating a new business.

BE 402 — The Business of Illustration
1 credit; 1 lecture hour
Students learn the business side of an illustration career. Potential markets for illustration are examined, marketing techniques are explored, and legal issues are studied. Key aspects of financial management, including record keeping and tax planning, are covered.

BE 403 — The Artist in the Marketplace
3 credits; 3 lecture hours
Basic business practices relevant to fine artists are presented. Issues in intellectual property and contract law are discussed. Students research potential markets for fine arts and explore pertinent marketing techniques.
BE 404 — Business for Visual Presentation
2 credits; 2 lecture hours
This course is an introduction to key business principles for Visual Presentation and Exhibition Design majors. Topics covered include work scenarios, freelancing, contract work, and subcontract work. Students are introduced to the important legal issues associated with establishing a sole proprietorship, limited liability company, or partnership.

BL: Business Law

BL 343 — Introduction to Business Law
3 credits; 3 lecture hours
An introduction to basic legal principles relating to branches of commercial law, with special emphasis upon the laws of contracts, sales, agency, and other areas relevant to the career aspirations of fashion industry students.

BT: Business and Technology Studies

BT 499 — Independent Study in Business and Technology Studies
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Business and Technology.

CD: Communication Design Foundation

CD 113 — Three-Dimensional Design
1.5 credits; 3 lab hours
Introduces design in three dimensions by developing form through the joining of planes. Techniques with board and paper are stressed.

CD 114 — Presentation Graphics for Built Environments
2 credits; 1 lecture and 2 lab hours
This class teaches page layout skills to support students who are studying built environments. Using industry standard techniques, students are taught how to manipulate CAD drawings and other interior images so they can create their own imagined environments for presentations in a variety of media.

CD 115 — Design Studio I
3 credits; 6 lab hours
Through assignments primarily executed in black and white, students develop an understanding and appreciation of the possibilities of the design vocabulary. Assemblage and paper construction are introduced to assist in the development of hand skills.

CD 116 — Design Studio Intensive I
3 credits; 6 lab hours
For one-year Communication Design Foundation students. Through a series of hands-on construction projects, students translate the concepts of point, line, plane, and form into two- and three-dimensional designs. They learn the possibilities of design vocabulary, execute various drawing and painting exercises, and develop hand skills.

CD 122 — Digital Layout I
2 credits; 1 lecture and 2 lab hours
Traditional studio skills, typography, and computer techniques are explored in order to create printed pieces using InDesign. Students learn to plan and produce files for printing.
CD 123 — Basic Bookbinding
1.5 credits; 3 lab hours
Students work hands-on to create book structures. Different bookbinding methods are explored, such as non-adhesive structures, accordions, sewing, and case-bound books, with an emphasis on craft and the proper use of materials.

CD 124 — Vector Graphics
2 credits; 1 lecture and 2 lab hours
An emphasis on the basic technical aspects of the latest graphic software programs and how they may be utilized to fulfill the graphics component of specific project requirements. Students are also introduced to FIT’s online resources and printing capabilities.

CD 126 — Digital Graphics Intensive I
2 credits; 4 lab hours
For one-year Communication Design Foundation students. This course is an in-depth overview of Adobe Illustrator and InDesign, basic Photoshop, and an introduction to FIT online, labs and printing resources. Emphasis is on the technical aspects of each program and use of these programs in tandem.

CD 134 — Capturing Creativity
2 credits; 1 lecture and 2 lab hours
Students document their experience, developing ideas and questions, with an emphasis on writing, drawing, and critical evaluation.

CD 173 — Typography I
2 credits; 1 lecture and 2 lab hours
In this introductory course, students understand the principles of typography and how to use it effectively in their design work. Visual and technical aspects of typography and its history are explored.

CD 201 — Computer Typesetting and Design
2 credits; 1 lecture and 2 lab hours
Introduces the Macintosh computer system as a typesetting and graphic design tool. Through hands-on experience, students develop a working knowledge of hardware and software applications.

CD 215 — Design Studio II
3 credits; 6 lab hours
Using the same design language introduced in CD 115, this class focuses on three-dimensional explorations. Through a series of projects with multiple components, students learn how design influences perception and the interrelationship between visual messages and craft.
Prerequisite(s): CD 115 and CD 173.

CD 216 — Design Studio Intensive II
3 credits; 6 lab hours
For one-year Communication Design Foundation students. Students learn how design influences perception by exploring the concepts of scale and dimension through modelmaking and drawing. They participate in a capstone group project that incorporates interdisciplinary principles emphasizing creative, conceptual, and professional development, which is presented to faculty and industry professionals.
Prerequisite(s): CD 116 and CD 173.
CD 217 — Capstone Design Studio
3 credits; 6 lab hours
This capstone course emphasizes creative, conceptual, and professional development through research, concept development, and a final project with a formal presentation to faculty and industry professionals.
Prerequisite(s): AD 216, DE 216, GD 216, and PK 216.

CD 222 — Digital Layout II
2 credits; 1 lecture and 2 lab hours
This course is a continuation of CD 122. Using InDesign, students master the essential elements of design, typography, and image control, including color separations and printing.
Prerequisite(s): CD 122.

CD 223 — Introduction to InDesign
2 credits; 1 lecture and 2 lab hours
Using the Adobe InDesign page layout program, students master the essential elements of design, typography, and image control, and learn to integrate other Adobe applications to enhance their designs.

CD 224 — Digital Imaging and Narrative
2 credits; 1 lecture and 2 lab hours
Introduction to digital imaging and storytelling techniques using Adobe Photoshop. Creation of sophisticated composite imagery emphasizing image manipulation, proper scanning, color modes, color correction, pixel dimensions, and output for web and print.
Prerequisite(s): CD 124.

CD 225 — Introduction to Digital Layout Design
2 credits; 1 lecture and 2 lab hours
Provides an overview of the latest layout software program and how it is utilized by the industry. Emphasis is placed on software features and functions, including typography, page layout, image control, and file preparation.
Prerequisite(s): CD 224.

CD 226 — Digital Graphics Intensive II
2 credits; 4 lab hours
For one-year Communication Design Foundation students. This course introduces the essential techniques of Adobe Photoshop and builds upon CD 126 by utilizing InDesign skills at an advanced level. Focus includes image manipulation using Photoshop and other applications in tandem. Emphasis is on image adjustments and refinements, images in layouts with typography, file preparation and output to multiple platforms.
Prerequisite(s): CD 126.

CD 232 — Visual Language
2 credits; 1 lecture and 2 lab hours
Students learn to create graphic images and symbols that communicate ideas and expand their graphic vocabulary. Students analyze visual messages and interpret and create meaningful ideas.
Prerequisite(s): CD 235 or CD 116.

CD 234 — Color Studies
2 credits; 1 lecture and 2 lab hours
Students develop a thorough understanding of color and color theory, exploring all aspects of color that pertain to paint, light, print, and digital displays. Also addressed are general principles, terminologies, and digital color management.
CD 235 — Design History
3 credits; 3 lecture hours
This course brings a historical perspective to the design experience, introducing concepts, movements, artists, and technologies that have shaped and changed design. Students undertake analysis and research, collect imagery, and write effectively about design.

CD 261 — Portfolio Development
1.5 credits; 3 lab hours
For nondegree students seeking to create Communication Design, Advertising Design, Graphic Design, Packaging Design, or Visual Presentation and Exhibition Design portfolios. Students build and define their portfolios to a level that is appropriate to their objectives, including college degree program admission or professional employment or advancement. In addition to portfolios, the course includes analysis of student’s goals and writing and design of resumes and business cards.

CD 271 — Designing with Type
1.5 credits; 3 lab hours
Concentrates on solving design problems through the use of type and letter forms. Emphasizes rendering in a variety of media.

CD 273 — Typography II
2 credits; 1 lecture and 2 lab hours
Students deepen their knowledge of typography through practical and experimental typographic design exercises. A variety of ways of understanding the expressive nature of letterforms and typographic design are explored.
Prerequisite(s): CD 173.

CD 322 — Design Process Technology
2 credits; 1 lecture and 2 lab hours
Students explore grid systems that will assist in processing more complex typographic information. Students increase composition skills and typographic knowledge.
Prerequisite(s): CD 225 or CD 226.

CD 351 — Creating an Illustration Portfolio for the Web
2 credits; 1 lecture and 2 lab hours
Students are introduced to a basic level of web design and production. Students learn the fundamentals of website layout, navigation, and various ways to develop a web grid using software such as Dreamweaver. The goal is to develop a site structure that houses the student’s portfolio.
Prerequisite(s): IL 125.

CD 371 — Advanced Typography I
1.5 credits; 3 lab hours
Explores solutions to advanced typographical problems involving typographic origins, forms, and communication. Both hand and computerized typography are developed.
Prerequisite(s): CD 216 or CD 217.

CD 372 — Advanced Typography II
1.5 credits; 3 lab hours
This course presents a comprehensive study of typographic applications and principles of text, grids, ligatures, and letterform development.
Prerequisite(s): CD 371.

CD 373 — The Convergence of Type and Image
2 credits; 1 lecture and 2 lab hours
Photography students learn to combine typography and photographic imagery to create promotional materials for a photography exhibit. Adobe InDesign is used.
Prerequisite(s): PH 274.
CD 441 — Broadcast Design
2 credits; 1 lecture and 2 lab hours
Guides students through the process of creating successful time-based design projects - which may be disseminated or broadcast via digital networks. Elements of motion, sound, and interactivity are introduced and experimentation with nontraditional design solutions is encouraged.

Prerequisite(s): CD 126 or CD 224 or CG 211.

CD 442 — Senior 3D Presentation Design
1.5 credits; 3 lab hours
Students explore the creative process specific to exhibition design in three dimensions. Using three-dimensional graphic design, multimedia, and audiovisuals, they design a custom system as a communications tool.
Prerequisite(s): AD 494.

CG: Computer Graphics

CG 111 — Survey of Computer Graphics
1 credit; 1 lecture hour
Students are exposed to a broad array of software environments and concepts that they may encounter in real-world collaborative environments as well as higher-level courses. This course is suggested as a companion to first-level computer-based studio courses.

CG 121 — Applications of Social Media
2 credits; 1 lecture and 2 lab hours
Students explore the tools and applications of social media and the implications of their use. Best practices and supporting research are also addressed, as well as the dynamics of group collaboration, experienced through class projects and online collaboration tools.

CG 211 — Computer-Assisted Design
2 credits; 1 lecture and 2 lab hours
Paint- and image-processing software (Photoshop) is used as an artist's tool to solve basic design problems and create original, innovative work. Emphasis is on exploring the visual elements inherent in good design.

CG 212 — Introduction to 3D Computer Modeling
2 credits; 1 lecture and 2 lab hours
The theory and concepts needed to understand and construct 3D models are introduced. Focus is on acquiring the techniques used to create 3D models and how to apply real-world effects to their work through material application and lighting. Software: 3ds Max.
Prerequisite(s): CG 211 or PH 272 or IL 125 or CD 251 or MG 253.

CG 213 — 2D Computer Animation
2 credits; 1 lecture and 2 lab hours
Focus is on 2D animation, design, compositing, and production issues using Adobe Photoshop and After Effects applications.
Prerequisite(s): CG 211 or IL 125 or PH 272 or CD 251.

CG 214 — Web Page Construction
1.5 credits; 1 lecture and 1 lab hour
Students learn to construct and implement web pages, from content creation through production. Current HTML and contemporary graphical web designing software are discussed, demonstrated, and used to create deliverable web pages. Basic image editing skills are recommended before registering for the course.
CG 221 — Design and Authoring for Interactive Media I
2 credits; 1 lecture and 2 lab hours
Introduction to designing for interactive media using current scripting languages to produce finished projects, including websites, games, and animation for various delivery media including mobile devices. Importing various kinds of graphics, video, animation, special effects, and sound is explored. Basic image editing skills are recommended before registering for the course.

CG 224 — Programming for Artists
2 credits; 1 lecture and 2 lab hours
Computer programming for designers and artists using open-source programming language. Students, with no prior experience, learn to write their own programs using graphics and interactions to master basic programming concepts. Examples will be shared that highlight the increasing interaction between programming and real-world art and design projects.

CG 225 — Introduction to Game Design
2 credits; 1 lecture and 2 lab hours
In this introduction to game design, students are guided through a step by step process of creating 2D/3D games using a gaming engine. They learn about plot and character development, graphics and materials, level design, visual programming and developing playful experiences.

CG 251 — Digital Editing for Film and Video
2 credits; 1 lecture and 2 lab hours
The concepts involved in editing video and animation are explored with an emphasis on telling a story through the editing process. Students learn how to assemble audio and video elements and gain studio experience in managing media assets, nested timelines, and basic workflow procedures. Use stock footage or provide own camera.

CG 271 — Design Fundamentals for Animation and Game Design
2 credits; 1 lecture and 2 lab hours
In this design fundamental course, students will learn basic design principles including but not limited to line structures, additive color, 3D space, pattern creation, as well as using the computer graphics as the medium to create imagery/artwork for animations and games.

CG 272 — Narrative Animation Fundamentals
2 credits; 1 lecture and 2 lab hours
This introductory 2D animation course introduces the principles and techniques of narrative animation to artists and designers of various disciplines. Students will learn to bring their characters to life using fundamental animation skills and techniques. The focus is on combining digital animation tools with traditional animation principles and styles.

CG 273 — 3D Fundamentals: Modeling, Rendering, Motion, and 3D Printing
2 credits; 1 lecture and 2 lab hours
The theory and concepts needed to understand and construct 3D models are introduced. The focus of this introductory course is on acquiring the techniques used to create 3D models and how to apply real-world effects to their work through material application and lighting. Fundamental efficiency and familiarity with design software are strongly recommended for students registering for this course.

CG 274 — Web-based Game Development Fundamentals
2 credits; 1 lecture and 2 lab hours
This course introduces new creative possibilities in the field of interactive media development. It is geared towards students with a strong visual creative background and serves as a bridge to learning how to use code with image elements. This is an essential course for using web-based scripting languages to exercise interactive game development and problem-solving skills.
CG 299 — Independent Study in Computer Graphics
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

CG 311 — 2D Computer Image Generation
2 credits; 1 lecture and 2 lab hours
This advanced image-processing course builds on concepts introduced in previous courses. Sophisticated tools are explored and applied in individual projects. Software: Adobe Photoshop. Prerequisite(s): CG 211 or IL 125 or PH 272 or approval of instructor.

CG 312 — 3D Computer Modeling and Rendering
2 credits; 1 lecture and 2 lab hours
This course focuses on building 3D models for use in 3D animation. Students explore standard and advanced construction and rendering techniques as they complete assignments and creative projects. Software: 3ds Max. Prerequisite(s): CG 212.

CG 314 — Programming Concepts
2 credits; 1 lecture and 2 lab hours
Languages used in computer graphics and interactive design, are presented, with emphasis on current scripting languages. JavaScript (or other current language) is used to present concepts such as variables, objects, properties, data flow, and control.

CG 321 — Design and Authoring for Interactive Media II
2 credits; 1 lecture and 2 lab hours
Advanced Concepts for Interaction Design are explored using current, open source game engines. Planning and Scripting are emphasized, as well as a consideration of overall graphic, sound and human interface design to produce Interactive projects, environments and games. Prerequisite(s): CG 221 Corequisite(s): CG 341.

CG 322 — Interface Design
2 credits; 1 lecture and 2 lab hours
This in-depth study of the field of interaction design and the concepts of interface design focuses on principles that are central to creating usable applications and effective, intuitive and consistent user experiences. Prerequisite(s): CG 321.

CG 341 — 3D Modeling and Animation
2 credits; 1 lecture and 2 lab hours
Focusing on the creative process involved in constructing and animating 3D models, students explore the fundamental techniques for lighting and composing models and adding shaders to produce a specific mood, feeling, or expression. Prerequisite(s): CG 212 or approval of chairperson Co-requisite(s): CG 346.

CG 342 — Advanced 3D Computer Modeling
2 credits; 1 lecture and 2 lab hours
Students focus on techniques for planning and executing complex models, particularly animation-ready biomorphic characters. Analysis of the numerous variables that affect how successfully a model will perform in production provides a solid foundation for students to begin building 3D characters and preparing them for 3D animation. Prerequisite(s): CG 341.
CG 344 — History of Animation
3 credits; 3 lecture hours
Students examine the work of pioneering contributions to the moving image on film that led to
the invention of film animation techniques. The history of traditional animation and visual effects
puts modern computer animation techniques in a larger historical context. Early inventions and
innovations by magicians and artists prior to the 20th century are studied.

CG 345 — 3D Computer Animation
2 credits; 1 lecture and 2 lab hours
The fundamental building blocks of 3D animation are examined, and the traditional animation
principles as they apply to computer animation are studied. Students learn to analyze motion and
the devices of anticipation, reaction, overlapping motion, and squash-and-stretch to add clarity and
strength to sequences.
Prerequisite(s): CG 341, CG 346, and CG 351.

CG 346 — Principles of Animation I
2 credits; 3 lab hours
Through a series of short projects using 2D animation software and a digitizing tablet, students
learn how to apply the classical Disney principles of animation to their work. All phases of
animation production are covered, with ongoing discussion and analysis of the work in progress.
Students critique, refine, and improve the resulting animations.
Prerequisite(s): CG 212
Co-requisite(s): CG 351 and IL 302.

CG 351 — Storyboarding and Storytelling
2 credits; 1 lecture and 2 lab hours
Students create stories for animation by taking the first step: organizing their images in a sequence
to create a storyboard. They learn the importance of the storyboard and script in planning a
coracter animation and focus on the conceptual development of an expressive animated short.
Prerequisite(s): CG 213 or approval of chairperson
Co-requisite(s): CG 346 or approval of chairperson.

CG 352 — Music and Sound Design
2 credits; 1 lecture and 2 lab hours
Students learn to generate, manipulate, edit, and integrate sound into animation, video, and
interactive projects using appropriate hardware and software. They plan and complete projects that
incorporate sound as an integral part of the process.
Prerequisite(s): CG 321
Co-requisite(s): CG 345.

CG 353 — Motion Graphics
2 credits; 1 lecture and 2 lab hours
This course provides a range of experiences with 2D motion graphics as it applies to the
commercial and post-production industries as well as topics important to 3D compositing and
Effects work. Adobe After Effects is the primary software used, though other Adobe Creative Suite
programs may also be utilized.
Prerequisite(s): CG 321 and CG 341
Co-requisite(s): CG 345 and CG 352.

CG 421 — Interactive Project Design
3 credits; 2 lecture and 2 lab hours
This course covers state-of-the-art visual concepts for interactive projects and game design
using various media and delivery systems. Good user interface design and top-down design are
emphasized through group projects.
Prerequisite(s): CG 322.
CG 422 — Interactive Production
2.5 credits; 5 lab hours
In a simulated real-world production environment, students design and produce an interactive project or game for various delivery media. Constraints such as budget, schedule, choice of tools, revisions, scaling down, and tracking the process of development are considered.
Prerequisite(s): CG 421.

CG 441 — Advanced 3D Animation
2 credits; 1 lecture and 2 lab hours
A full investigation of the potential of the keyframer and related 3D animation issues is covered. Techniques related to subtle animation control and animation rendering, including compositing, inverse kinematics, advanced morphing, special effects, and an in-depth analysis of lighting and camera, are discussed. Students plan and execute related projects.
Prerequisite(s): CG 342 and CG 345
Co-requisite(s): CG 451.

CG 442 — Animation Production
2 credits; 1 lecture and 2 lab hours
The methodologies and problem-solving techniques used by the 3D animator in a production environment are presented. Storyboarding, task assignments, and fully modular project designs are completed. Topics include advanced storyboard synchronization, detailed camera cut/movement planning, detailed lighting effects, multi-layered processing, and incorporation of imagery/animated maps generated by external software and rotoscoping.
Prerequisite(s): CG 441 and CG 451.

CG 446 — Principles of Animation II
2 credits; 1 lecture and 2 lab hours
Using a fully rigged 3D character, students study advanced topics in animation, focusing on an in-depth analysis of motion. Through the use of function curves, spacing, and keyframe techniques, they refine their thesis work-in-progress.
Prerequisite(s): CG 346
Co-requisite(s): CG 441 and CG 491.

CG 451 — Computer-Assisted Post-Production
2 credits; 1 lecture and 2 lab hours
Video and animation projects are brought to completion through an understanding of the postproduction process. Studio experience focuses on hands-on skills using non-linear editing and compositing software. Students gain insight into the film editor’s role in the postproduction process and learn how to lay out projects for successful posting.
Prerequisite(s): CG 345
Co-requisite(s): CG 441.

CG 452 — Music Production for Interactive and Animation Thesis Projects I
2 credits; 1 lecture and 2 lab hours
Students produce an audio track that encompasses the mechanics of sound and sound design for their own interactive or animation thesis projects. Through sound production, they gain insight into the components needed to construct a sound track that provides depth and excitement to the visual product.
Prerequisite(s): CG 352
Co-requisite(s): CG 441 and CG 491.
CG 453 — Music Production for Interactive and Animation Thesis Projects II
2 credits; 4 lab hours
Building upon previously designed audio tracks, students progress from theoretical discussion to a practical application of the power of the audio track to their individual work. Through a hands-on approach, they design and apply an accurate sound layer to a thesis project. 
Prerequisite(s): CG 452.
Co-requisite(s): CG 422, CG 442, and CG 492.

CG 491 — Senior Project Planning
2 credits; 4 lab hours
The senior project is planned and formal storyboard and written proposal are executed. Students work with the faculty member to develop concept and storyboard for short animation or interactive media project to be completed in the final semester.
Co-requisite(s): CG 421 and CG 441.

CG 492 — Senior Project
3 credits; 2 lecture and 2 lab hours
The aspects of creating and researching a thesis project are emphasized from the written proposal and storyboard to the thesis itself, including a short individual animation or interactive project. Projects are discussed and critiqued throughout the various developmental stages.
Prerequisite(s): CG 491.

CG 499 — Independent Study in Computer Graphics
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

CH: Chinese

CH 111 — Chinese I
3 credits; 2 lecture and 2 lab hours
This introductory course enables students with no background in Chinese to communicate with Chinese-speaking people. The basic skills of speaking, reading, and writing in Chinese are established and Chinese culture is introduced. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom.

CH 112 — Chinese II
3 credits; 2 lecture and 2 lab hours
Students expand upon the skills established in Chinese 111 and continue to study Chinese culture. All new grammatical, syntactical and phonetic skills covered in course lectures will be further developed in a multimedia environment.
Prerequisite(s): CH 111 or equivalent.

CH 122 — Chinese Conversation I
3 credits; 3 lecture hours
Students learn to converse in Chinese by emphasizing interaction in real-world situations. Functional and practical verbal communications are addressed with a focus on the cultures where Chinese is spoken. The course also continues to build writing and reading skills in order to give students a strong foundation in the language.
Prerequisite(s): CH 111 or equivalent.
CH 213 — Chinese III
3 credits; 2 lecture and 2 lab hours
This intermediate course is designed to review and refine students' communication skills in Chinese. Supplementary reading materials (including poetry, short stories, and magazine and newspaper articles), films, and videos further the students' knowledge of Chinese culture. Teacher-instructed multimedia sessions reinforce skills learned in the classroom.
Prerequisite(s): CH 112 or equivalent.

CH 214 — Chinese IV
3 credits; 2 lecture and 2 lab hours
Building on Chinese III, students refine their communication skills in Chinese. More advanced supplementary reading materials (including poetry, short stories, and magazine and newspaper articles), films, and videos further the students' knowledge of Chinese culture. Teacher-instructed multimedia sessions reinforce skills learned in the classroom.
Prerequisite(s): CH 213 or equivalent.

CH 223 — Chinese Conversation II
3 credits; 2 lecture and 2 lab hours
Conversational ability in Chinese is further developed and refined by emphasizing interaction in real-world situations. Advanced functional and practical verbal communications are addressed along with a focus on Chinese culture. All new grammatical, syntactical and phonetic skills covered in course lectures will be further developed in a multimedia environment.
Prerequisite(s): CH 112 or CH 122 or equivalent.

CH 299 — INDEPENDENT STUDY CHINESE
1-3 credit

CH 499 — Independent Study in Chinese
1-3 credit

CL: Fashion and Culture of the World

CL 112 — Faces and Places in Fashion
2 credits; 2 lecture hours
Students are introduced to prominent industry professionals, including executives, designers, and marketers, who discuss their trade, experience and perspective on the business. Part presentation, part Q&A, this class is an opportunity for students to connect to the pulse of the fashion and related industries in an open, conversational setting. Students also participate in course-related events to bridge in-class discussions with real-world experience.

CL 131 — Fashion in France and Italy (summer only)
3 credits; 3 lecture hours
Compares fashion in France and Italy through visits to French and Italian couture and ready-to-wear establishments, fashion accessory houses, fabric mills, design studios, and museums.

CM: Cosmetics and Fragrance Marketing

CM 000 — COSMETIC MARKETING
3 credits; 3 lecture hours

CM 023 — Cosmetic Product Knowledge Lab
1 credit; 2 lab hours
Through laboratory and evaluation activities, students learn how cosmetics look, feel, and smell individually and when combined. In the studio, they compound products and begin to evaluate marketed cosmetics.
Prerequisite(s): SC 149 and CM 341
Corequisite(s): CM 323.
CM 024 — Fragrance Knowledge Lab
1 credit; 2 lab hours
Through laboratory and evaluation activities, students learn how fragrance raw materials smell individually and when combined. Trained in the studio, they compound fragrances and learn to evaluate both fine fragrances and fragrances used in functional products.
Prerequisite(s): SC 149
Corequisite(s): CM 424.

CM 251 — The Business of Beauty 360°
3 credits; 3 lecture hours
An introductory course which will provide students with a dynamic overview of the global beauty industry. Students will gain an understanding of the different sectors of the business and will experience through assignments, business case studies, in class exercises, and field trips, the many unique aspects of beauty as a business. Prominence will be given to the history of the beauty industry, the distinctive aspects of beauty marketing, and the role of cultural differences, which mold the business of beauty throughout the world.

CM 323 — Cosmetic Product Knowledge
2 credits; 2 lecture hours
Students learn how cosmetics are created and manufactured for the marketplace and study the natural and synthetic raw materials used in the process. The marketability of cosmetics and regulatory issues in today’s cosmetics business are also examined.
Prerequisite(s): SC 149 and CM 341
Corequisite(s): CM 023.

CM 341 — Beauty Marketing for the Digital Age
3 credits; 3 lecture hours
This course focuses on the principles of marketing for the cosmetics and fragrance industry in the digital age and the many unique aspects of beauty as a business. Through an experienced-based approach, Harvard business case studies and workshops, students will learn the key topics in marketing including strategy, positioning, customer insights, the evolution of the retail environment, the omnichannel customer experience, social media, promotions, pricing, sales forecasting, and budget management. Prominence will be given to technology and how it disrupts the beauty industry.

CM 351 — The European Cosmetics and Fragrance Industries
3 credits; 3 lecture hours
Students develop a firsthand understanding of the cosmetics and fragrance marketing process from the European perspective. Issues in product development, production, and retail marketing strategies are addressed through on-site visits to world-renowned manufacturers, suppliers, and retailers. Approximately three weeks in June.
Prerequisite(s): approval of instructor.

CM 363 — Beauty Entrepreneurship
3 credits; 3 lecture hours
This course is cross-listed with EP 363 and is for CFM and EP major students or Creative Entrepreneurship minor students with approval of the entrepreneurship minor coordinator. This course provides a dynamic forum for students to identify new opportunities in the fragrance, cosmetics, and toiletries industries to create innovative business ideas and product concepts. Students will develop the skills and the materials necessary to launch ideas in the Beauty Entrepreneurship space turning them into viable new business ventures.
CM 401 — Environmental Fragrances for Non-CFM Majors
2 credits; 1 lecture and 2 lab hours
This course will introduce students to the role of scent in multiple CPG categories. It will provide an in depth knowledge of these product categories, the companies that produce them, and the role of sustainability and CSR. Students will be design and evaluate functional fragrances, incorporating them into finished products, and running sensory evaluation studies and stability tests on them.

CM 402 — Color Cosmetics: Science and Creativity
3 credits; 3 lecture hours
This course will provide students with a full understanding of the world of color cosmetics. They will explore the chemistry, the psychology, the development, and the manufacturing of color cosmetics. Through a series of lectures, workshops, and hands-on experiments students will learn to color match, evaluate, and produce industry ready palettes for all product categories including lip, eye, skin, and nails.
Prerequisite(s): CM 023 and CM 323.

CM 423 — Cosmetic and Fragrance Product Development Workshop
3 credits; 3 lecture hours
Through a workshop format, students develop and implement strategies to create products in the cosmetics and fragrance industries. Emphasis is on determining the need for new entries in the market and the interdepartmental teamwork required to successfully launch a company’s product.
Prerequisite(s): CM 323, CM 341, and CM 424.

CM 424 — Fragrance Knowledge
2 credits; 2 lecture hours
Learning about olfaction and the role played by the sense of smell, students examine how fragrances are created and manufactured for the marketplace. Natural and synthetic raw materials used in the manufacture of fragrances are studied. Students train in the classification of fragrances into odor families, evaluate the marketability of fragrances, and review the regulatory issues related to the business.
Prerequisite(s): SC 149
Co-requisite(s): CM 024.

CM 425 — Environmental Fragrancing
3 credits; 3 lecture hours
This course provides a historical background in environmental fragrancing from its spiritual origins in the ancient world to its current market status. Students develop a knowledge of technical terminology and become familiar with home fragrance delivery systems and fragrance types used for environmental fragrances.

CM 442 — Global Brand Management in Cosmetics and Fragrance (in the Digital Age)
3 credits; 3 lecture hours
This course builds upon knowledge learned in CM 341 and focuses on the key components required to successfully manage a cosmetics or fragrance brand in a global environment. Topics include forecasting, planning, inventory management, global launch strategies, commerce partner selection, and growing profitability.
Prerequisite(s): CM 341.

CM 499 — Independent Study for Cosmetics & Fragrance Marketing
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson and dean for Business and Technology.
CS: Computer Science

CS 100 — Societal Impact of Computing, Security, and Ethics
3 credits; 3 lecture hours
This course is a modern introduction to computing and rising issues surrounding the broader areas of computer science. Fundamental computer science concepts as well as trending topics in social computing are covered. No programming background is required, but some degree of sophistication in mathematics is expected.
Prerequisite(s): mathematic proficiency (see beginning of Mathematics section).

CS 299 — Independent Study in Computer Science
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson and dean for Liberal Arts.

CT: Creative Technology

CT 200 — Content Design and Research
2 credits; 1 lecture and 2 lab hours
This course introduces fundamental design research methods, including content design principles. Students develop thoughtful content and effective presentation skills through the process of content design. Creative outcomes include physical and digital designs.

CT 230 — UX Writing
3 credits; 3 lecture hours
Writing is an essential part of user experience design (UXD). This course teaches skills, processes, and tools for maximizing the impact of UX writing on the overall user journey. Students from both marketing and design programs looking to enter the field of experience design will benefit greatly from this course.
Prerequisite(s): CT 200 or AC 111 or instructor approval.

CT 244 — Introduction to Web Design
2 credits; 1 lecture and 2 lab hours
Students acquire a fundamental understanding of internet technology and attain basic web design skills. Topics addressed include hypertext markup language, cascading style sheets, digital imaging for the web, email marketing and the principles of web design.
Prerequisite(s): CD 126, CD 224 or CT 200.

CT 300 — Kinetic Typography
2 credits; 1 lecture and 2 lab hours
This course introduces the typographic elements, theories, and skills that are unique to time-based media. Through lectures, discussions, and hands-on exercises, students will create type-centric motion graphics and screen-based designs that communicate persuasive messages and/or stories using time, motion, interactivity, and sound. Typographic principles for user experience (UX) and user interface (UI) design are also introduced in this course.
Prerequisite(s): CD 273 or CT 200.

CT 301 — Intro to Dynamic Environments
2 credits; 1 lecture and 2 lab hours
This course introduces the process and principles for designing dynamic experiences through the combinations of textual, visual, and other sensory information such as sound and movements. Students working individually and in groups will be able to develop experiential design strategies in specific places and spaces, while identifying technologies that will be effective based on the site and design approach.
Prerequisite(s): DE 216.
CT 302 — Digital Product Design I
2 credits; 1 lecture and 2 lab hours
Students are introduced to the iterative process of digital product design. They develop lateral thinking skills and create design prototypes. Through lectures and hands-on exercises, students develop skills and knowledge necessary for a digital product designer.
Corequisite(s): CT 300.

CT 303 — Dynamic Branding
2 credits; 1 lecture and 2 lab hours
This course introduces the theories, principles, and skills of dynamic brand identity design. The primary focus is on the use of time, motion, and sound to communicate brand message and personality. Advanced concepts and techniques such as fluid identity, data-driven design, and generative design are also discussed.

CT 304 — Design Systems for UX and UI
3 credits; 2 lecture and 2 lab hours
This advanced digital design course focuses on the process of creating a design system including visual, audio, time-based, interactive, and behavioral components that can be assembled to build applications. A successful design system is an extension of brand identity which provides a centralized, and evolving map of a brand’s products and direction.
Prerequisite(s): AD 383 and CT 300.

CT 305 — Digital Design: Visual Communication
3 credits; 2 lecture and 2 lab hours
This digital design course introduces the principles of personal and brand communications. Students learn to articulate ideas and emotions through design elements such as line, shape, space, color, composition, and typography. Students enrolled are expected to have writing and presentation skills from classes such as EN 121 or EN 242.

CT 321 — Print and Digital Production
2 credits; 1 lecture and 2 lab hours
This course introduces students to digital production techniques from print to the web. Students learn the concepts and techniques important for preparing digital files for a variety of media, which include traditional printing press, hybrid PDF documents for screen and digital printing, and digital documents on the internet.
Prerequisite(s): CT 244.

CT 322 — Digital Design: Visual Storytelling
3 credits; 2 lecture and 2 lab hours
In this digital visual storytelling course, students learn to use color, texture, images, sound, and movement to engage viewers. Design principles and processes are introduced for the purpose of visual communications and expressions. Students enrolled are expected to have writing and presentation skills from classes such as EN 121 or EN 242.

CT 331 — Media Integration for Photo and Video
2 credits; 1 lecture and 2 lab hours
Students learn how to use time and movement to engage viewers and create meaningful communication with the effective integration of digitized still images, video footage, typography, color, and sound.

CT 332 — Motion Graphics for Designers
3 credits; 2 lecture and 2 lab hours
This course introduces motion design principles and techniques specific to visual designers. Through lectures, discussions, and hand-on exercises, each student will create motion graphics that communicate the brand message and brand personality using time, movement, and sound.
Prerequisite(s): GD 216 or PK 216.
CT 341 — Design for Web-based User Interface
3 credits; 2 lecture and 2 lab hours
This course introduces guidelines, practices, and methodologies of web-based user interface (UI) design. Through lecture, discussion, research activities, hands-on demonstrations, and workshops, students learn interface design techniques, skills, and expand their understanding of the creative potential of web-based media.
Prerequisite(s): CT 321.

CT 342 — 3D Brand Identity Design
3 credits; 3 lecture hours
Through lectures, discussions, demonstrations, and hand-on exercises, students will learn how to create a unique and impactful 3D brand identity system for a wide range of touchpoints. The new possibilities for effective brand experience in virtual space are also discussed and explored.
Prerequisite(s): CT 303 or instructor approval.

CT 350 — Sonic Branding
3 credits; 3 lecture hours
Students learn the creative process of audio brand identity design to activate customer experiences and build recognition and value through audio and sound. Sonic branding is one of the fastest-growing fields in branding. Students entering this course are expected to have fundamental branding knowledge from classes such as CT303.
Prerequisite(s): CT 303 or instructor approval.

CT 360 — Decentralized FinTech Product Design
3 credits; 2 lecture and 2 lab hours
In this course, students will learn fundamental product design principles by focusing on designing products specifically for the cryptocurrency ecosystem. The emphasis is on integrative user research, prototyping, iterative creative process, and the development of applications across platforms aligned with cryptocurrency use cases. This course offers students in the business majors an opportunity to acquire the skills and hands-on experience they need to ideate, design, and evaluate design from a user-centered perspective.

CT 371 — Introduction to Kinetic Typography
3 credits; 2 lecture and 2 lab hours
This class introduces all aspects of Kinetic Typography which is the technical name for “moving text.” The text content is presented over time to convey meaning, evoke a particular emotion, and visually direct attention in manners that are beyond the capability of static media such as paper-based magazine or poster.
Prerequisite(s): CT 244.

CT 372 — Advanced Kinetic Typeface Design
2 credits; 1 lecture and 2 lab hours
This advanced typography class focuses on the design and creation of kinetic typefaces for a wide range of applications such as motion graphics, print design, interactive projects, branding, and art projects. The professional process and workflow of typeface design are introduced with an emphasis on motion and interactivity. Contemporary typography concepts, user experience (UX) and user interface (UI) design, as well as brand identity system design, are discussed throughout the projects.
Prerequisite(s): CT 300.
CT 380 — AI-Assisted Design
3 credits; 2 lecture and 2 lab hours
This course introduces the use of artificial intelligence (AI) in visual art and design. Topics covered include AI ethics, copyright issues, and social impact, as well as generative design and AI-assisted creative workflow. Students will learn how to use these technologies and platforms to facilitate creative processes such as generating creative content, automating design processes, streamlining workflows, and making data-driven design decisions.

CT 400 — Digital Product Design II
2 credits; 1 lecture and 2 lab hours
Students are introduced to advanced digital product design concepts. They develop branded interactions and design digital product campaigns that use the Principles of Contagiousness. Prerequisite(s): CT 302.

CT 401 — User Experience (UX) and Interaction Design (IxD)
3 credits; 2 lecture and 2 lab hours
User experience design (UX) and interaction design (IxD) formulate the user’s perceptions of and responses to the use of a product, system, or service. This course addresses all crucial aspects of user experience design, as well as explores new possibilities for advanced interaction design such as Internet of things (IoT), virtual reality (VR), augmented reality (AR), mixed reality (MR), and artificial intelligence assistant (AIA). Prerequisite(s): CT 304.

CT 411 — Design and Interaction
2 credits; 1 lecture and 2 lab hours
This course emphasizes the human-centered design process and introduces principles fundamental to interaction design. Key topics include communication theory, user research and concept evaluation methods, visualization and navigation through information spaces, time-based information, paper prototyping, and usability testing. Prerequisite(s): CT 244 or approval of instructor.

CT 412 — Content-centric App Design
2 credits; 1 lecture and 2 lab hours
This digital design course introduces all the fundamental design principles and skills for Content-centric App Design. Students study and devise techniques of revealing content to a viewer, from pacing, composition, comfort of reading, chunking information to incorporating inter-activities and merging rich media content with textural content. Prerequisite(s): CT 300.

CT 431 — Introduction to User Experience Design
2 credits; 1 lecture and 2 lab hours
Students gain an understanding of the elements of user experience design. This knowledge is essential for enabling students in graphic and advertising design to work as productive members of any creative team. Prerequisite(s): CT 300.

CT 432 — Self Promotion and Digital Portfolio
2 credits; 1 lecture and 2 lab hours
A well-defined and executed self-promotion strategy is critical to the success of any visual artist. This course introduces students to the skills, technologies, and art of self-promotion in the age of digital media. Prerequisite(s): CG 121 or PH 374 or approval of instructor.
CT 441 — Creative Technology Lab
2 credits; 1 lecture and 2 lab hours
Students study specialized technology-based design in the areas of their own interests, and develop innovative design solutions. The instructor guides them to discover new possibilities, enabled by the use of technology. In a peer-to-peer learning environment, students embrace technology and use it as a source of inspiration. Prior to registering, students meet with the course coordinator to discuss their personal plan of study and to insure they are technically prepared. Prerequisite(s): Approval of Instructor.

CT 460 — Brand Experience Design Portfolio
3 credits; 6 lab hours
Students prepare a cohesive portfolio for user experience (UX) design, user interface (UI) design, digital product design, information architecture (IA), interaction designer (IxD), digital content design, or dynamic branding design. The students will learn how to prepare a professional resume, online portfolio, leave-behind package, and interview techniques specific to the field of experience design. Prerequisite(s): CT 304.

CT 499 — INDEPENDENT STUDY FOR CT
1-3 credit

DD: Design Division Studies

DD 100 — FIT/MIT: INTRDIS INNV DESN TEX
0 credits

DD 112 — DESIGN SURVEY
3 credits; 6 lab hours
Students explore career options in the applied arts and are provided the opportunity to assess their talents and skills by working in each of the areas introduced.

DD 113 — DESIGN SURVEY
3 credits; 6 lab hours

DD 114 — Creativity and Aesthetics
2 credits; 1 lecture and 2 lab hours
Teaches non-designers, the designer viewpoint including how visual thinking applies to design strategies. Knowledge and skills from this course will enable them to effectively partner or collaborate professionally, either as business developers, retail managers, account managers, or strategic planners.

DD 115 — Design Management Collaboration
2 credits; 1 lecture and 2 lab hours
Teaches non-designers interested in product development, merchandising, architecture, promotion design and experience design, collaborative design management and how it applies to different disciplines. Utilizes individual research and team building projects that develop collaboration and communication skills.

DD 116 — Design Process
2 credits; 1 lecture and 2 lab hours
Teaches non-designers how to integrate design and business processes. An exploration of strategies that enhance the conceptualization, development and execution of design projects. Trend setting approaches and innovative methods used by organizations managing the design process across industries are examined.
DD 117 — Digital Documentation and Presentation
2 credits; 1 lecture and 2 lab hours
This course prepares the student to refine an original idea and communicate a concept through a series of visual-based and text-based projects. It is founded on developing then enhancing the student’s ability to originate critical thinking though a process-driven, visually based sequence of planned events that generate a predictable outcome. The course is directed toward non-designers, working in teams, whose choice of industry may embrace a wide range of disciplines to include design, manufacturing, branding, publication, transportation, fashion, engineering, account management and education.

DD 118 — Environments and Experiences
2 credits; 1 lecture and 2 lab hours
The main objective of this course is to introduce students to the designed environment and intended experiences by exploring different physical spaces. This course will focus on historic and cultural references and design philosophies, as well as visual and verbal design communication skills. This course is oriented towards non-designers who are intending to work in the design industry or with designers, either as business developers, accounts and marketing managers, or strategic planners.

DD 231 — Color Production Techniques for Digital Prepress
2 credits; 1 lecture and 2 lab hours
Students learn how to prepare digital files to simplify the complexities of prepress and ensure quality of final output. The relationship between creative vision, what is seen on the screen, and the realities of the printed piece is explored.
Prerequisite(s): CD 322.

DD 299 — Independent Study in Design Division Studies
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

DD 499 — Independent Study in Design Division Studies
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

DE: Visual Presentation and Exhibition Design

DE 000 — DISPLAY/EXHIBIT DESIGN
3-60 credit; 3 lab hours

DE 101 — Principles of Display and Exhibit Design: Small Scale
2 credits; 1 lecture and 2 lab hours
For students not majoring in Visual Presentation and Exhibition Design. Basic hands-on display methods used in visual merchandising and an understanding of two- and three-dimensional design practices and materials.

DE 102 — Principles of Display and Exhibit Design: Large Scale
2 credits; 1 lecture and 2 lab hours
The introduction to and hands-on creation of large-scale displays using mannequins, fashions, and props.

DE 123 — Design and Rendering I
2 credits; 1 lecture and 2 lab hours
Principles of display drafting and rendering, including drafting of floor plans and elevations, are presented. Introduces perspective drawing as a means of expressing design concepts.
DE 124 — Design and Rendering II
2 credits; 1 lecture and 2 lab hours
Students are introduced to conceptual design development, incorporating visual adaptation in one- and two-point perspective drawing for retail, trade show, and exhibition presentations.
Prerequisite(s): DE 123.

DE 125 — CAD for Visual Presentation
2 credits; 1 lecture and 2 lab hours
This course introduces two-dimensional computer drafting. Using Vectorworks, students draw plans and elevations for visual presentation and exhibition design projects.
Prerequisite(s): DE 123 and DE 141 or approval of chairperson.

DE 131 — Studio Design: Product Presentation
2 credits; 1 lecture and 2 lab hours
Course introduces contemporary display techniques, equipment, and materials for designing threedimensional product presentations within the retail environment.

DE 133 — Advanced Studio Design: Product Presentation
2 credits; 1 lecture and 2 lab hours
Using mannequins, students conceive, design, and execute fashion presentations thematically coordinated with large-scale product presentations.
Prerequisite(s): DE 131.

DE 141 — Display Graphics I
2 credits; 1 lecture and 2 lab hours
Students are introduced to the role of graphics in the display and exhibit design field. The importance of typography as the root of visual communication is explored using the Macintosh platform as the graphic design tool.

DE 142 — Display Graphics II
2 credits; 1 lecture and 2 lab hours
Students develop problem-solving and project-management skills by designing a storewide promotion for an upscale retail environment. They design a logo, advertising, signage, and other graphics using digital and traditional design and production techniques. Projects present students the opportunity to further develop their computer skills using Adobe Illustrator, QuarkXPress, and Adobe Photoshop.
Prerequisite(s): DE 141.

DE 143 — Styling for Visual Presentation
2 credits; 1 lecture and 2 lab hours
Through lectures, demonstrations, and studio projects, students explore an array of styling and visual presentation techniques used in a range of media. Assignments include set and prop styling, scouting for locations, styling for celebrities, fashion shows, and video production.

DE 161 — Professional Practices
1.5 credits; 1 lecture and 1 lab hour
Develops an awareness of the cultural influences that shape the creative expression of the designer in the promotion and presentation of consumer products. Field trips and guest lecturers are included.
DE 213 — Exhibition Design
3 credits; 1 lecture and 4 lab hours
Introduces the process of creating exhibitions from conceptualization through design development and presentation. Students learn and apply principles and criteria specific to organizing and conveying information in exhibition environments. Understanding of the principles is demonstrated through proposals that include models, presentation drawings, and other design materials.
Prerequisite(s): DE 125 and DE 236
Co-requisite(s): DE 243.

DE 216 — Foundation in Spatial Experience Design
2 credits; 1 lecture and 2 lab hours
This course introduces students to the multidisciplinary process of visual presentation and exhibition design, incorporating an array of conceptual, visual, and technical considerations for retail, museum, trade show, and related presentation environments.

DE 226 — CAD for Visual Presentation
2 credits; 1 lecture and 2 lab hours
This course presents 3D CAD techniques in Vectorworks, enabling designers to develop and present their concepts in 3D drawings and renderings.
Prerequisite(s): VP 321.

DE 232 — Elements of Visual Merchandising
1.5 credits; 3 lab hours
Presents an overview of how the department store and the small retail shop coordinate their merchandise presentations with their overall design concepts, fixturing, and graphic/signage components.
Prerequisite(s): DE 124 and DE 141.

DE 233 — ADV STUDIO DES/EXHIBITION
2 credits; 4 lab hours

DE 234 — Point-of-Purchase Display
1.5 credits; 3 lab hours
Introduces the dynamics of the point-of-purchase (POP) display and its impact on the presentation and sale of merchandise. Includes the design and development of POP structural units using graphics/typography and stresses appropriate materials and construction techniques.
Co-requisite(s): DE 236.

DE 236 — Studio Design/Exhibition
1.5 credits; 3 lab hours
The elements of thematic display and exhibition design in commercial and institutional environs are examined. The development of professional concepts, ideology, and skills is stressed.
Co-requisite(s): DE 234.

DE 242 — Display Graphics III
1.5 credits; 3 lab hours
Students create graphic identities for three-dimensional display projects that are worked on concurrently in DE 125 and DE 232. The latest computer software is used to execute design solutions.
Prerequisite(s): DE 142
Co-requisite(s): DE 125 and DE 232.
DE 243 — Exhibit Design Graphics
1.5 credits; 3 lab hours
Students are introduced to large-format graphics in exhibition design. They learn how to develop design concepts, estimate print production budgets, specify materials, and prepare files for both offset print production and as large-format digital graphics. They produce, print, and mount a comprehensive signage system for the final-semester capstone exhibit.
Prerequisite(s): DE 242
Co-requisite(s): DE 213.

DE 251 — Event and Promotion Design
2 credits; 1 lecture and 2 lab hours
The displays and exhibits integral to special events, from one-time extravaganzas to permanent exhibitions, are explored. Students design visual presentations and develop techniques for varied applications, learning material sourcing, budget planning, and installation/strike factors.

DE 262 — Portfolio Development
1 credit; 2 lab hours
Preparation of the portfolio and resume for career placement and/or the establishment of a self-proprietorship.

DE 299 — Independent Study in Visual Presentation and Exhibition Design
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

DE 301 — Visual Presentation for the Cosmetics and Fragrance Industry
2 credits; 1 lecture and 2 lab hours
The components of visual merchandising related to cosmetic and fragrance marketing are explored. Emphasis is on point-of-purchase promotions, seasonal color palettes, and presentation of product on the selling floor.

DE 302 — Photographic Exhibition Design
2 credits; 1 lecture and 2 lab hours
Students learn how to design, administer, and manage a professional theme-based photographic exhibition. The course focuses on gallery presentation and management with an emphasis on three-dimensional design, culminating in a final exhibition of the students’ photography.

DE 401 — Point-of-Purchase Ad/Display
2.5 credits; 1 lecture and 3 lab hours
For Packaging Design students. The dynamics of the packaging/display relationship as a catalyst to the sale of merchandise are presented. Coursework includes the development of point-of-purchase (POP) graphic designs and the techniques, materials, and construction of basic POP ideas.

DE 499 — Independent Study in Design and Exhibit
1-3 credit

DM: Direct and Interactive Marketing

DM 211 — Workshop in Direct Marketing
3 credits; 3 lecture hours
Students study direct and interactive marketing principles and practices and develop a multifaceted direct marketing plan.
Prerequisite(s): AC 114.
DM 300 — Direct & Interactive Marketing Principles, Issues, and Application
3 credits; 3 lecture hours
Students examine both the strategic objectives and capabilities of Direct Marketing as a unique tool in the marketing mix. They are challenged to get hands-on experience with Direct Marketing by designing their own Direct Advertising campaigns.
Prerequisite(s): AC 114 or equivalent marketing class.

DM 321 — Database Marketing
3 credits; 3 lecture hours
Students develop a database marketing plan and construct a functioning marketing database using Microsoft Access.
Prerequisite(s): DM 300.

DM 331 — Direct Response Copywriting
3 credits; 3 lecture hours
Students formulate creative strategies and develop direct marketing copy and design in workshop exercises. Students write copy and prepare design layouts for direct mail, catalogues, print ads, radio, TV, and interactive media.
Prerequisite(s): DM 300.

DM 421 — Direct Marketing Finance and Operations
3 credits; 3 lecture hours
Students are introduced to the basic finance and operations practices and procedures unique to direct marketing: financial management principles, math and profit analysis techniques, the process of production and mailing along with order processing, fulfillment, and telemarketing. Successful negotiations with suppliers is covered.
Prerequisite(s): DM 300 and MA 311.

DM 432 — Direct Response Media Planning
3 credits; 3 lecture hours
Students study the different forms of direct response media and analyze how each is best used. They prepare a comprehensive plan, including budgets, for a hypothetical company’s product.
Prerequisite(s): DM 300.

DM 433 — Direct Marketing Communications
3 credits; 3 lecture hours
Students prepare a comprehensive business plan for a start-up direct marketing business. The plan is presented from the perspective of top management seeking capital from investors, and covers administration, staffing, marketing plans, fulfillment, sales projections, and income statement projections.
Prerequisite(s): DM 300.

DM 435 — Internet Marketing
3 credits; 3 lecture hours
Students are introduced to current marketing principles and practices on the internet. The course explores email, the internet, and search engine marketing (SEM) as practical applications used to create direct marketing plans and programs that integrate online and offline strategies. In addition, students study the legal and ethical issues involved in using the internet as a marketing tool.
Prerequisite(s): AC 111 or AC 114 or DM 300.

DP: Draping Techniques

DP 111 — Draping Proficiency I
2.5 credits; 1 lecture and 3 lab hours
Introduces the fundamental principles of developing basic silhouettes of skirts, blouses, bodices, and collars with draping and patternmaking techniques. Use of stripe fabric as it applies to grain line manipulation in design is studied.
DP 112 — Draping Proficiency II
2.5 credits; 1 lecture and 3 lab hours
Studies the characteristics and drapability of fabric and its effect on the development of silhouette
and style. Students use draping methods and flat pattern techniques to resolve complex problems
in design development.
Prerequisite(s): DP 111.

DP 211 — Draping Proficiency III
2.5 credits; 1 lecture and 3 lab hours
Students utilize advanced draping techniques to analyze style, balance, and proportion. Emphasizes
the development of mounted and semi-mounted sleeve designs using a variety of silhouettes as
applied to suit and coat styles.
Prerequisite(s): DP 112.

DP 212 — Draping Proficiency IV
2.5 credits; 1 lecture and 3 lab hours
Develops advanced interpretive skills of draping and patternmaking. Students analyze elements
that influence pattern development, including market trends, price points, design categories, target
markets, and media sources.
Prerequisite(s): DP 211.

EN: English and Communication Studies

EN 121 — English Composition
3 credits; 3 lecture hours
Students learn rhetorical concepts and apply them to produce various genres of writing appropriate
to different rhetorical situations. They will use revision to develop texts through multiple drafts,
edit work to produce polished texts, and reflect upon their writing process. Students will practice
reading complex texts and using information technologies. (G1: Basic Communication)
Prerequisite(s): college-level English proficiency as demonstrated by placement test or completion
of appropriate ES course(s).

EN 131 — English Composition and Rhetoric
3 credits; 3 lecture hours
Students learn rhetorical concepts and apply them to produce various genres of writing appropriate
to different rhetorical situations. They will use revision to develop texts through multiple drafts,
edit work to produce polished texts, and reflect upon their writing process. Students will practice
reading complex texts and using information technologies.
Prerequisite(s): college-level English proficiency as demonstrated by placement test or completion
of appropriate ES course(s).

EN 141 — Fundamentals of Communication
3 credits; 3 lecture hours
Students examine principles associated with human communication and its contexts. Specific
contexts where communication plays a vital role include interpersonal, intercultural, listening,
organizational, small group, verbal, and nonverbal communication. Theoretical concepts and their
practical applications are addressed.

EN 142 — Composition and Rhetoric (Honors)
3 credits; 3 lecture hours
Students learn rhetorical concepts and apply them to produce various genres of writing appropriate
to different rhetorical situations, with a focus on public writing. They use revision to develop texts
through drafts, edit work to polish writing, and reflect upon writing processes. Students examine
complex texts and use information technologies.
Prerequisite(s): Qualification for Presidential Scholars Program and English Placement Exam or
equivalent.
EN 200 — Digital Writing
3 credits; 3 lecture hours
Investigates digital writing, ranging from individual artifacts such as memes to complex digital environments such as websites. Students explore digital identity, “slactivism,” remix culture, and other topics through course readings, discussions, and digital composition projects ranging from text-driven blogs to truly multimodal animations, infographics, and videos.
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 201 — Organizational Communication and Workplace Relationships
3 credits; 3 lecture hours
Organizational communication examines the channels and forms organizations utilize to communicate with multiple audiences. This course examines traditional organizational theories and concepts, including group dynamics and group roles, conflict, and organizational culture. Additional components include interpersonal behavior in groups, maintaining ethical values, and developing empathetic manager and leadership skills.
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 202 — Women Write New York City
3 credits; 3 lecture hours
This course examines women’s contributions to the creation of NYC as literary construct through analysis of their writings on literature, art, and activism. Students will engage the city as literary landscape by visiting spaces and attending events in correlation with the works we study to create their own writing.
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 203 — Your Digital Life: Online Literacies for a Networked World
3 credits; 3 lecture hours
Explores the intersection between the disciplines of the humanities and emerging digital technologies. Students will conceptualize and develop digital projects to promote their progress as digital scholars and critical thinkers, and situate their digital identity within a larger social context. (G7: Humanities)
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 204 — Contemporary US Immigrant Literature: Border Crossings and Migrations
3 credits; 3 lecture hours
This course on contemporary works from the mid-1900s to the present, focuses on history and narratives of U.S. immigrant experience and border crossing. Students consider how migration is reflected in literary and historical narratives among overlapping discourses of place, nation, family, gender roles, cultural hybridity, transnationalism, history and ethnicity.
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 230 — Martial Arts Cinema and its Global Impact
3 credits; 2 lecture and 2 lab hours
This course introduces representational martial arts films, directors and stars from around the world to investigate the transformation, diversification, ongoing appeal and globalization of this evolving genre. Close attention will be paid to formal and stylistic aspects of films in terms of their historical, transnational, and socio-cultural contexts.
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 231 — Short Fiction
3 credits; 3 lecture hours
Students read and analyze stories by authors from around the world. They consider various aspects of narrative and explore different modes of storytelling. The study of short fiction prepares students to read more widely on their own in the future. (G7: Humanities)
Prerequisite(s): EN 121 or ES 129 or equivalent.
EN 232 — Perspectives on American Literature
3 credits; 3 lecture hours
Through readings from major authors and literary movements, students will examine the values and contradictions within American heritage, and its ideals and mythologies. Works from a diverse group of authors will be read and discussed for what they reflect and reveal about the evolving American experience and character.
Prerequisite(s): EN 121 or EN 131 or ES 129 or equivalent.

EN 233 — Poetry
3 credits; 3 lecture hours
Students are introduced to the techniques of reading and writing about poetry from different times and cultures. By examining diction, figures of speech, rhyme, meter, free verse, translation, and other poetic strategies within the context of culture and history, students develop an understanding of the poet’s craft and vision. (G7: Humanities)
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 234 — Gay and Lesbian Literature
3 credits; 3 lecture hours
Students read a selection of fiction, poetry, and drama from the mid-19th and 20th centuries and analyze how the texts make use of themes and images such as race, class, gender, sexuality, same-sex desire, homosociality, and the trope of the closet. The construction of, and criteria for, a canon of gay and lesbian literature are considered. Readings are chosen from such authors as Wilde, Whitman, Freud, Hughes, Baldwin, and Rich. (G7: Humanities)
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 235 — African American Literature
3 credits; 3 lecture hours
This course surveys African American literature from the colonial period to the present. Through reading and analyzing literature in various genres, and presenting their responses orally and in writing, students will identify the social, economic, and political forces that have influenced African American writers from the past to present day.
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 236 — Major Writers of the Western World
3 credits; 3 lecture hours
Studies major themes in the cultural heritage of the Western world from Greek tragedy to the modern novel. Readings are from such representative writers as Plato, Sophocles, Euripides, Dante, Shakespeare, Austen, Flaubert, Tolstoy, Ibsen, Chekhov, Mann, and Sartre. (G7: Humanities)
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 241 — Professional Speech Communication
3 credits; 3 lecture hours
Communication theory is discussed and applied to various areas such as verbal and nonverbal communication and listening in professional contexts. Among the activities the course focuses on are interviews and presentations. Videotaping is used to facilitate learning and assessment. (G1: Basic Communication)
Prerequisite(s): EN 121 or ES 129 or equivalent.
EN 242 — Public Speaking
3 credits; 3 lecture hours
Covers all major aspects of speech preparation, such as formulating purpose statements, analyzing and adapting to audiences, organizing and outlining ideas, assessing evidence and reasoning, and using language effectively. The study of various areas of speech presentation—such as vocal and nonverbal communication, and use of appropriate visuals—complement preparation. Students give a variety of informative and persuasive presentations, which are videotaped and analyzed by the students and the instructor. (G1: Basic Communication)Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 243 — Voice and Articulation: Theory and Practice
3 credits; 3 lecture hours
Students learn to apply theories of speech perception and production in order to analyze, modify, and control their voices and articulation so they can communicate more effectively. Exercises in listening, voice, and speech are conducted.
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 244 — Speech Dynamics in Group Communication
3 credits; 3 lecture hours
Studies techniques of effective communication in the group process. Students learn to become more skillful communicators through the use of speech dynamics as applied to the psychology of communication. Group members are involved in controversial discussions as participants and group leaders. Emphasis is placed on the enlightenment and problem-solving types of discussion.
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 245 — Intercultural Communication
3 credits; 3 lecture hours
This course is designed to examine the relationship between culture and communication. Students will explore cultural patterns, social power dynamics, verbal and nonverbal communication, and cultural expressions in intercultural interactions. Course content will balance theory and application to examine inclusive and equitable intercultural interactions.
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 246 — Interpersonal Communication
3 credits; 3 lecture hours
This course examines interpersonal communication processes that shape human interactions. Various communication situations will be analyzed. Topics discussed include perception, culture, identity formation, nonverbal and verbal communication, listening and conflict resolution.
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 251 — Theater Arts
3 credits; 3 lecture hours
Focuses on appreciation of the theater through the study of dramatic art as it evolves from page to stage. Students study the relationship of drama text to performance through reading, acting exercises, and theater attendance.
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 253 — Dramatic Literature
3 credits; 3 lecture hours
Surveys dramatic literature and the development of theatrical performance. Focuses on the evolution of the use of theatrical space in the history of theater. Students read representative plays and documents of Greek, Roman, medieval, Elizabethan, Restoration, and 19th- and 20th-century drama. (G7: Humanities)
Prerequisite(s): EN 121 or ES 129 or equivalent.
EN 257 — Major Movements in Chinese, Japanese, and Korean Film
3 credits; 2 lecture and 2 lab hours
This course is cross-listed with FI 244. This course is an introduction to major film directors, movements, and genres from China, Taiwan, Hong Kong, Japan, and South Korea. Formal and stylistic aspects of films as well as their historical, transnational, and sociocultural contexts are addressed. Students discuss and write critically about East Asian film.
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 258 — Introduction to Performance Studies
3 credits; 3 lecture hours
This course provides an overview of the field of performance studies, studying its interdisciplinary history (ethnography, queer theory, visual art) through analysis of societal structures and enactment in performance-based activities. By analyzing, attending, and creating performance, students come to understand how performance constructs spectacle and everyday life.
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 266 — Screenwriting I
3 credits; 3 lecture hours
This course is cross-listed with FI 256. This course introduces the practice of writing fiction for the screen, focusing on the short film. In a workshop setting, students explore a range of approaches to the short screenplay, from traditional to innovative, and use examples from a variety of genres and geographical origins. (G6: Arts)
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 271 — Literature and History: The Development of American Culture to 1865
3 credits; 3 lecture hours
Students examine the role of literature in America’s cultural development before 1865. The course surveys a wide range of texts, from philosophical sources of the U.S. Constitution to slave narratives and documents in the debate over the role of women in society.
Prerequisite(s): EN 121 or EN 131 or ES 129 or equivalent.

EN 272 — Identity in America: History and Literature, 1865 to Present
3 credits; 3 lecture hours
The course examines the role of literature in highlighting cultural diversity in America after 1865. Students read a comprehensive selection of American literature written after 1865 while interrogating the social, political, and cultural forces that shaped what we see as American identities through a close analysis of major historical developments.
Prerequisite(s): EN 121 or EN 131 or ES 129 or equivalent.

EN 273 — Literature of India
3 credits; 3 lecture hours
Students examine selected texts from major periods of Indian literature with a focus on the historical context. Throughout the readings, they consider how the interactions of mythical ancient stories, history, culture, and religion are represented. (G7: Humanities; G9: Other World Civilizations)
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 274 — Voices of Civil Rights in American History
3 credits; 3 lecture hours
An examination of the evolution of civil rights rhetoric in the history of the United States. Students study civil rights speeches and the political, social, and cultural events that surrounded them. Speeches are analyzed using Aristotle’s logic, emotion, and ethics. (G10: American History)
Prerequisite(s): EN 121 or ES 129 or equivalent.
EN 275 — Literature of the Sixties
3 credits; 3 lecture hours
This course is an introduction to the literature of the cultural and social revolution that took place in the U.S. during the 1960s and early 1970s. Students read a range of fiction, nonfiction, and poetry, and consider aspects of music, film, fashion, and art, focusing on themes and images that reflect this period. (G7: Humanities)
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 278 — Science Fiction
3 credits; 3 lecture hours
Students are introduced to the literary genre of science fiction. Attention is paid to the ways this genre addresses human responses to changing technologies and how alien settings are used to address complex cultural issues. Students examine the place of texts in the science fiction canon. (G7: Humanities)
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 279 — Women's Writing: 1900 - Present
3 credits; 3 lecture hours
This course examines how women writers construct and analyze their identity through literature. The impact of gender, race, class, sexuality, culture, and other aspects of identity are considered by close reading of a selection of writings by women in the 20th and 21st centuries.
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 280 — Special Topics in English and Communication Studies
0 credits

EN 280A — Special Topics in English – Creativity: Theory and Practice
3 credits; 3 lecture hours
Students discover practices useful in producing innovative work in multiple disciplines through readings, discussion, activities, journal entries, and study of creative achievers. Students will review historical and current theories of creativity, learn to articulate their own processes, consider how identity affects creative practices, and develop strategies for enhancing creative output. (G6: The Arts)
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 281 — Chinese Cinema
3 credits; 2 lecture and 2 lab hours
This course is cross-listed with FI 245. Students are introduced to major film directors, movements, and genres from China, Taiwan, and Hong Kong. They discuss and write critically about Chinese film, with close attention paid to the formal and stylistic aspects of film, and their historical, transnational, and sociocultural contexts. (G7: Humanities; G9: Other World Civilizations)
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 299 — Independent Study in English or Speech
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Liberal Arts.

EN 301 — Imaginative Worlds
3 credits; 3 lecture hours
This writing course focuses on fictional world-building, of special interest to creative writers, comics illustrators, filmmakers, animators, and game designers. Inspired by literature and other narrative media, students conceptualize aspects of an imagined world, from its geography to its history to its society as a platform for storytelling.
Prerequisite(s): EN 121 or ES 129 or equivalent.
EN 302 — Gender and Nationalism in World Fiction (Honors)
3 credits; 3 lecture hours
This course explores how gender and nationalism are constructed and reflected in modern and contemporary works of world fiction from the 1900s to the present; focusing on Asia, Asia-Pacific, Middle East, Africa and Latin America. It includes a basic introduction to literary criticism and theories of nationalism, sexuality and gender. (G7: Humanities; G9: Other World Civilizations). Prerequisite(s): Qualification for Presidential Scholars Program, or 3.5 GPA with approval of Dean of Liberal Arts.

EN 303 — Writing Mystery and Crime Fiction
3 credits; 3 lecture hours
This course is designed to examine the craft of crime fiction writing. Students read and analyze short stories in the mystery genre and create a portfolio of their own works. They critique each other’s works-in-progress and explore structure, plot, characterization, point of view, atmosphere, and dialogue. (G6: The Arts) Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 304 — Writing as Activism (Honors)
3 credits; 3 lecture hours
This course will engage critical analysis of literature and creative nonfiction practice to understand the strategies of a diverse range of authors who use writing as a method of activism. Students will use research, creative expression and analysis through writing to consider their own position on causes relevant to them. Prerequisite(s): Qualification for Presidential Scholars Program, or 3.5 GPA with approval of Dean of Liberal Arts.

EN 305 — Arab Women and the War Story (Honors)
3 credits; 3 lecture hours
This course aims to provide students with an overview of cultural productions by women of the Arab world in the 20th and 21st centuries through an examination of different contemporary literary texts where Arab women communicate their responses to the social, political, religious, and engendered conditions of their respective nations at war. (G7: Humanities and G9: Other World Civilizations) Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with the approval of dean for Liberal Arts.

EN 306 — Conflict Management and Negotiation
3 credits; 3 lecture hours
This course examines conflict in an intercultural context. Students will analyze the relationship between conflict and communication from an intercultural perspective and explore conflict in interpersonal, professional, and intercultural contexts. Students will learn how conflicts emerge, are managed, and how they can be resolved in an equitable and inclusive way. Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 321 — Strategies of Business Communication
3 credits; 3 lecture hours
Students analyze and critically evaluate business situations, learning to think strategically about professional issues, to make sound judgments and decisions, and to articulate them efficiently. Students will learn informative and persuasive communication strategies for professional contexts, and will practice writing, oral and visual presentations, and digital communication. Prerequisite(s): EN 121 or ES 129 or equivalent, and any additional EN course.
EN 322 — Writing for Art and Design Professions
3 credits; 3 lecture hours
Students explore writing as an essential component of professional practice in creative industries. Students engage with writing to share their artistic vision / design philosophy, to realize collaborative projects, and to create social impact within and beyond the field(s) of art and design. Prerequisite(s): EN 121 or ES 129 or equivalent, and any additional EN course.

EN 324 — Writing on The Arts
3 credits; 3 lecture hours
Students learn to think and write critically about the primarily non-verbal arts, such as sculpture, painting, architecture and dance. Students learn to place a given art form in a cultural context that interacts meaningfully with their own analysis and insight. Renowned and ground-breaking critics will serve as models for student’s work. Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 325 — Playwriting
3 credits; 3 lecture hours
Students learn the major elements of playwriting through a variety of exercises and examples. In a workshop environment, they read published plays, and discuss and respond constructively to each other’s works-in-progress. Plays are revised and performed at the end of the semester. Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 331 — Introduction to Shakespeare
3 credits; 3 lecture hours
Selected poetry and plays are presented from a variety of historical, theatrical, and critical perspectives. Students explore Shakespeare’s works in relation to the Elizabethan and Jacobean times in which they were produced. They also consider the works’ continuing appeal to readers and audiences of theater and film. Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 333 — Modern Literature: The Spirit of the 20th Century
3 credits; 3 lecture hours
Emphasizes innovative literary techniques and themes of alienation and social criticism in works by such modern authors as Dostoyevsky, Kafka, T.S. Eliot, Ellison, Sartre, Camus, and Beckett, and by authors from Latin America, Africa, and Asia. (G7: Humanities) Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 334 — The Novel
3 credits; 3 lecture hours
Introduces students to the novel as a genre, through the study of selected English, Continental, and American works. Readings are from such representative novelists as Cervantes, Fielding, Austen, Stendhal, Dickens, Dostoyevsky, James, and Hemingway. Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 335 — Working Women in the United States: 1865 to Present
3 credits; 3 lecture hours
A survey of U.S. history and literature through the lens of working women’s lives and experiences. Students learn the contexts of women’s struggle—as well as their contributions—in shaping America as they fought for social and economic justice. Class and racial differences along with political, social, cultural, and technological changes will be examined. Prerequisite(s): EN 121 or ES 129 or equivalent.
EN 336 — From Gothic to Horror: Literature of Fear
3 credits; 3 lecture hours
Students are introduced to the aesthetics of gothic and horror literature. The course focuses on the
rise of the gothic during the Romantic and Victorian periods, and the way in which dominant motifs
in gothic and horror literature speak to larger societal concerns. (G7: Humanities)
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 337 — Poetry in a Global Society
3 credits; 3 lecture hours
By reading and responding to poetry from a range of social and historical contexts, students
discover how poetry helps us understand, develop, repair, and sustain human community.
Activities include close reading, critical writing, and a creative project proposing ways that poetry
can be used in the service of social justice.
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 338 — Introduction to Asian American History and Literature
3 credits; 3 lecture hours
This course examines Asian-American literary and historical works by immigrant and U.S.-born
authors (1800s to the present). Students examine the role of important socio-political events
shaping Asian-American literature, history, and culture in terms of racial difference, ethnicity,
gender, sexuality, and class.
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 342 — Argumentation and Persuasion
3 credits; 3 lecture hours
Examines the strategies and techniques used to influence the decision-making processes. Students
prepare and present persuasive speeches based on principles of argumentation and persuasion.
Exercises in debate are also included.
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 343 — Advanced Public Speaking
3 credits; 3 lecture hours
Taught from a multicultural perspective, this course advances students’ ability to create and deliver
informative and persuasive presentations adapting to a wide range of audiences and speaking
contexts. Focus is placed on research, organization, argumentation, use of multimedia and
speaking practice. Presentations are recorded for self-evaluation.
Prerequisite(s): EN 242.

EN 353 — Theater of the Americas
3 credits; 3 lecture hours
This course is an introduction to the theater of the Americas. Students read and discuss U.S. and
Latina/o and Latin American theater, its continuities and divergences since the 1960’s. Themes
studied include trauma, gender violence, and performance, censorship and self-censorship, and the
impact of globalization on national identities.
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 361 — Creative Writing
3 credits; 3 lecture hours
In a workshop environment, students prepare a portfolio of works from one or more of the
following genres: fiction, poetry, or drama. Structure, plot, characterization, point of view, theme,
and metaphorical language are explored, and works-in-progress are critiqued by faculty and
fellow students. Through the processes of writing, critiquing, and revising, ideas are shaped into
imaginative form. (G6: Arts)
Prerequisite(s): EN 121 or ES 129 or equivalent.
EN 362 — Creative Nonfiction
3 credits; 3 lecture hours
In this advanced writing course, students are taught the skills needed to produce informal essays or chapters of nonfiction books of high quality. Drawing upon observation, experience, and research, they create works of intellectual substance that reveal carefully shaped structure. Students develop ease and efficiency in their writing processes and work toward clarity, grace, and individual style. (G1: Basic Communication; G6: The Arts)
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 363 — Fiction Writing
3 credits; 3 lecture hours
“Fiction Writing” is a course in imaginative storytelling. Students read short stories and novel excerpts by established writers and create their own fictions, beginning with craft exercises and evolving toward polished stories as the semester progresses. In a workshop environment, students discuss and respond constructively to each other’s works-in-progress.
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 364 — Poetry Writing
3 credits; 3 lecture hours
Students learn the major elements of writing poetry through a variety of exercises and examples. Works-in-progress are critiqued by fellow students in a rigorous yet supportive environment. Poems are revised and collected in a portfolio at the end of the semester.
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 365 — Research Writing
3 credits; 3 lecture hours
In this course, students will develop a research project of their own choosing. They will find, collect and analyze data using primary and secondary research methods, ultimately communicating their findings to their intended audience. Students will develop the critical thinking skills necessary for their academic careers and professional lives.
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 366 — Screenwriting II
3 credits; 3 lecture hours
This course is cross-listed with FI 356. This course focuses on elements of screenwriting for feature-length films, including story concept, three-act structure, the world of the story, protagonist and antagonist, conflict, characterization, scene development, and dialogue. Students formulate individual projects, from pitching a story to presenting a synopsis, preparing an outline, and writing a screenplay. The business end of screenwriting is discussed and students meet film industry professionals. (G6: Arts).
Prerequisite(s): EN 266 or FI 256.

EN 368 — Intentional Objects: Writing About Things
3 credits; 3 lecture hours
People are obsessed with things. Special objects inspire imagination and evoke admiration. Common objects contain memories and showcase identities. What is collected, valued, and discarded is culturally and personally significant. Together we will explore the power of objects for creative writing using personal, archival and autoethnographic experiences.
Prerequisite(s): EN 121 or ES 129 or equivalent.
EN 371 — Chinese Odyssey: Introduction to Chinese Literature
3 credits; 3 lecture hours
Students study Chinese literature by reading and examining a variety of literary forms from a range of historical periods. The course focuses on relationships between the self, the nation, gender roles, and modernity and how the influence of local and global histories has shaped the focus and reception of each work. All readings are in English. (G7: Humanities; G9: Other World Civilizations)
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 372 — Rhetoric in Popular Culture
3 credits; 3 lecture hours
This course examines popular culture as a form of communication, and the tools used to analyze it. Using theories of rhetoric, communication, and social criticism, students unravel popular cultural artifacts and examine how dominant societal discourses, cultural myths, individual identities, and institutional ideologies are reified and subverted.
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 373 — The Graphic Novel
3 credits; 3 lecture hours
Students are introduced to the literary field of graphic novels. The course surveys the evolution of comics’ form and content from the ‘Golden Age’ through the Underground Comix Revolution to today’s graphic novels. Themes including war and survival, religious and cultural identity, sexuality, and memory and consciousness are explored. (G7: Humanities)
Prerequisite(s): EN 121 or ES 129 or equivalent.

EN 381 — Asian Fiction: Regional Selections (Honors)
3 credits; 3 lecture hours
An introduction to East Asian fiction. This course focuses on literature from China, Taiwan, Hong Kong, Japan, and Korea from a transnational perspective. Through a range of contemporary to classical canonical fiction, students will investigate various literary genres and explore critical concepts of literary and cultural identity studies. All readings are in English. (G7: Humanities; G9: Other World Civilizations)
Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

EN 382 — Contemporary Chinese Cinema (Honors)
3 credits; 2 lecture and 2 lab hours
This course is cross-listed with FI 343. An introduction to the contemporary cinemas of Mainland China, Taiwan, Hong Kong, and the Chinese Diaspora, this course focuses on selected major directors, movements, and genres from the 1990s to the present. Students study the formal and stylistic aspects of films as well as their historical, transnational, and sociocultural contexts. (G7: Humanities; G9: Other World Civilizations)
Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

EN 390 — The Uncanny (Honors)
3 credits; 3 lecture hours
This dual literature and writing course pursues Sigmund Freud’s notion of the uncanny in literature. Readings highlight texts that seek to subvert the familiar, drawing on Gothic, horror, Surrealist, and fantastic literary traditions, and students will apply techniques studied in class to producing their own literature of the strange.
Prerequisite(s): Qualification for Presidential Scholars Program, or 3.5 GPA with approval of Dean of Liberal Arts.
EN 391 — The Creative Imagination: Theory and Process (Honors)
3 credits; 3 lecture hours
Theories of the creative process and the nature of creativity are explored. Through readings, journal entries, and case studies of writers, painters, and other artists, students discover practices useful in producing creative works. Particular attention is paid to the creative work of artists traditionally marginalized by gender, race, ethnicity, or socioeconomic class. (G6: Arts; G7: Humanities)
Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

EN 392 — Greek Myths and Their Transformations (Honors)
3 credits; 3 lecture hours
Introduces Greek deities and Greek myths through readings from original materials (in English translation) as well as interpretations by such authors as Racine, O'Neill, T.S. Eliot, and Sartre. Discusses and analyzes the transformation of myths in film, music, and dance. (G5: Western Civilization; G7: Humanities)
Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

EN 393 — Shakespeare (Honors)
3 credits; 3 lecture hours
Familiarizes students with the theater of Shakespeare through language, character, and plot analysis. Discusses themes of deception, betrayal, and power and emphasizes new interpretations of Shakespeare's plays through readings and videotaped performances. (G7: Humanities)
Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

EN 394 — American Lives (Honors)
3 credits; 3 lecture hours
This literature seminar presents the opportunity to explore the autobiographical impulse in American writing, past and present, through full-scale biographies, works of fiction, drama, and poetry, and in the memoirs so popular today. Students write an autobiographical essay on an aspect of their lives. (G7: Humanities)
Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

EN 399 — The Craft of Writing Poetry (Honors)
3 credits; 3 lecture hours
Students immerse themselves in writing poems while they examine the technical and historical aspects of poetry. They study basic elements of poetry such as image, figurative language, rhythm, diction, and form to develop the potential of those elements in their own writing. In order to understand their own creative processes, students read essays about craft and process. (G6: Arts)
Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

EN 480 — Special Topics in English and Communication Studies
0 credits
EN 480A — Special Topics in English: Advanced Creative Writing – Poetry and Hybrid Forms
3 credits; 3 lecture hours
In this advanced creative writing course students cultivate attention to language, literary community, and the possibilities of creating with words. Readings and writing workshops will explore approaches including the lyric sequence, prose poetry, documentary poetics, verse drama and narratives, and multimodal forms incorporating video, visual images, sound, and/or performance. (G6: The Arts)
Prerequisite(s): EN 361 or EN 362 or EN 363 or EN 364 or EN 399.
EN 499 — Independent Study in English or Speech
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Liberal Arts.

**EP: Entrepreneurship**

**EP 300 — Fashion Design Concept Launchpad (Interdisciplinary)**
3 credits; 3 lecture hours
This is an interdisciplinary course cross-listed with FD 300. In this dynamic forum, students identify new opportunities in the fashion market and create innovative product concepts and business plans through cross disciplinary collaborative partnerships. Focus is placed on apparel and fashion products. Students develop skills and resources as both designers and entrepreneurs, culminating in product design, technical specification, business strategy and pitch for a Launchpad into the marketplace.
Prerequisite(s): EP 311.

**EP 311 — Introduction to Entrepreneurship**
3 credits; 3 lecture hours
This course introduces students to entrepreneurship and its applicability to the creative arts. It examines some of the legends of the industry and identifies the characteristics necessary for achieving success as an entrepreneur. It reviews today's creative arts and business landscape and introduces students to the significance of entrepreneurship and its opportunistic position at the cutting edge of this industry.

**EP 321 — The Business Plan**
3 credits; 3 lecture hours
In this project-based course, students prepare and present a professional business plan, which then provides the foundation for their own business plans in semester 8. In this process, students acquire the knowledge, skills, and entrepreneurial mindset conducive to business success.
Prerequisite(s): EP 311.

**EP 331 — Finance and Accounting for the Non-Financial Manager**
3 credits; 3 lecture hours
The course introduces the non-financial student to the basics of finance and accounting, with an emphasis on understanding cash flow, income statements, balance sheets, and financial ratios. The importance of these elements in supporting the business plan and in understanding the financial ramifications of their decisions is highlighted.
Prerequisite(s): EP 311.

**EP 360 — Social Enterprise**
3 credits; 3 lecture hours
This course challenges students to create social value through entrepreneurship. Using the tools of entrepreneurs and innovators in the not-for-profit sector, social entrepreneurs apply the skills to develop a social enterprise for society’s most pressing social problems. Rather than leaving societal needs to existing government, not-for-profit or corporate solutions, social entrepreneurs find and demonstrate innovative ways to address these needs.

**EP 361 — Cognitive Entrepreneurship**
3 credits; 3 lecture hours
Focuses on the human factors of entrepreneurship. Entrepreneurs need to understand more than just the data behind the business. This includes the personal and behavioral factors related to an entrepreneurial venture. Students learn the emotional intelligence required for highly successful entrepreneurs in the creative industries.
EP 362 — Introduction to Blockchain for Creative Businesses
3 credits; 3 lecture hours
Students understand and utilize Blockchain technology, including how it applies to creative-based businesses and entrepreneurship. Using the tools of entrepreneurship and innovation, they develop concepts for new business opportunities in creative fields, products, and ventures. The fundamentals of blockchain and digital assets, applied to new and innovative business opportunities and ventures for the creative industries are covered.

EP 363 — Beauty Entrepreneurship
3 credits; 3 lecture hours
This course is cross-listed with CM 363 and is for CFM and EP major students or Creative Entrepreneurship minor students with approval of the entrepreneurship minor coordinator. This course provides a dynamic forum for students to identify new opportunities in the fragrance, cosmetics, and toiletries industries to create innovative business ideas and product concepts. Students will develop the skills and the materials necessary to launch ideas in the Beauty Entrepreneurship space turning them into viable new business ventures.

EP 364 — Understanding, developing Web 3.0 business opportunities and NFTs (Non-Fungible Tokens)
3 credits; 3 lecture hours
Students will gain an understanding of Web 3.0, Non-Fungible Tokens (NFTs), and how to utilize them in creative businesses and entrepreneurship. The fundamentals of Web 3.0/NFTs will be learned, including how to create, mint, develop tokens, create authenticity, generate digital ownership, innovative opportunities, and ventures.

EP 441 — Converting Innovation into Value
3 credits; 3 lecture hours
Students learn to source and develop new venture and growth strategies for future businesses. The course introduces value propositions, value supply chain structures, revenue models, and growth strategies. Students examine business model development with a major focus on converting an idea from innovation into value.
Prerequisite(s): EP 311.

EP 452 — Entrepreneurship Practicum
3 credits; 2 lecture and 2 lab hours
This is the capstone course for the Entrepreneurship program. Using the tools of entrepreneurs and innovators, participants apply the skills developed throughout the program. They demonstrate their capacity to identify needs, analyze industry dynamics, target market opportunities, refine solutions, access channels, create business models, and pitch to industry professionals.
Prerequisite(s): EP 311 and EP 441.

EP 499 — Independent Study Entrepreneurship
1-3 credit
Prerequisite(s): a minimum of 3.5 GPA and approval of instructor, chairperson, and dean for Business and Technology.

ES: Educational Skills
Based on the English Placement Exam, a student who shows need for improvement in writing and reading may be required to enroll for ES 133 before taking EN 121. Students for whom English is a second language may be required to enroll in ES 123 prior to EN 121 and/or ES 024 as a co-requisite of EN 121.
ES 021 — Intensive English as a Second Language
1.33 credits; 4 lab hours
This summer course serves international students and permanent residents accepted to the college who have recently arrived in the United States. Students focus on improving speaking, listening, and presentation skills through learning about life at FIT and in New York.

ES 023 — English as a Second Language Workshop
1 credit; 3 lab hours
With intensified instruction in reading and writing, students apply and practice the English skills taught in the co-requisite ES 123. Sessions consist of small-group and individual work.
Co-requisite(s): ES 123.

ES 024 — English as a Second Language
0.66 credits; 2 lab hours
For students who have completed ES 023/123 but are required to take an additional writing course in English as a second language. Must be completed at the same time as EN 121. Pre-requisite(s): ES 023 and ES 123
Co-requisite(s): EN 121.

ES 025 — Pronunciation Skills for ESL Students
0 credits; 2 lecture hours
This course in pronunciation skills for intermediate to advanced students focuses on modifying pronunciation and improving proficiency in spoken English. Students work intensively with English vowels and consonants; master basic features of English stress, rhythm, and intonation; and learn how to use phonetic symbols and pronunciation guides.

ES 027 — English Conversation
0.67 credits; 2 lab hours
For intermediate and advanced students for whom English is a second language and who need to improve their oral communication skills. Provides practice in using and understanding spoken English. May be required for students who have completed ES 123 but need additional instruction in speaking and listening.

ES 028 — Oral Presentation Skills Workshop for ESL Students
0.83 credits; 2 lab hours
This course in oral presentation skills for intermediate English as a Second Language (ESL) students focuses on the fundamental skills needed to present work verbally to an audience. Through practice in preparing and giving oral presentations in a structured setting, students develop strategies in both verbal and nonverbal communications skills in order to present ideas in an effective and clear manner.

ES 029 — College Composition for Non-Native Speakers of English Lab
0 credits; 2 lab hours
This course is the lab component for ES 129. This course is a writing/grammar workshop to give students additional practice in grammar, syntax and editing as well as opportunities to work on their writing in a workshop setting to help them become more confident and skilled writers.
Prerequisite(s): ES 023/123 or appropriate score on FIT English Placement Test.
Corequisite(s): ES 129.

ES 033 — College English Preparation Workshop
1 credit; 3 lab hours
A writing-intensive course in which students expand upon the skills taught in the co-requisite ES 133. Sessions consist of small-group and individual work.
Co-requisite(s): ES 133.
ES 037 — Survival Grammar
1.33 credits; 1 lecture and 1 lab hour
Students improve their writing skills by focusing on the fundamentals of grammar and conveying information in an accurate, engaging, and efficient way. Pre-requisite(s): Appropriate English placement test result.
Co-requisite(s): EN 121.

ES 123 — English as a Second Language
2 credits; 2 lecture hours
For students who need to improve their skills in English as a second language. Instruction is given in reading and writing English, with some practice in listening and speaking. Students must register simultaneously in the corresponding section of ES 023. More than one semester of ES 023/123 may be needed. Additional ESL instruction (ES 024) is required after successful completion of ES 023/123.
Co-requisite(s): ES 023.

ES 129 — College Composition for Non-Native Speakers of English
3 credits; 3 lecture hours
College Composition for Non-Native Speakers of English is a writing intensive course designed to develop the writing and oral communication skills of students form whom English is a second language. By working through the various stages of the writing process, students become more confident and skilled writers. A variety of genres are explored through reading assignments, class discussions, writing and an oral presentation. This course is equivalent to EN121.
Prerequisite(s): ES 023 and ES 123 or appropriate score on FIT English Placement Test.
Corequisite(s): ES 029.

ES 133 — College English Preparation
2 credits; 2 lecture hours
A writing-intensive course focusing on the stages of the writing process and on strategies to enhance reading comprehension and study skills. Topics include grammar, paragraph structure, and essay development. Students must register simultaneously in the corresponding section of ES 033.
Co-requisite(s): ES 033.

FA: Fine Arts

FA 000 — FINE ARTS
1-3 credit; 1 lab hour

FA 030 — FINE ARTS TRANSFER
1.5 credits

FA 040 — FINE ARTS TRANSFER
1.5 credits

FA 050 — FINE ARTS TRANSFER CREDIT
3 credits

FA 060 — FINE ARTS TRANSFER CREDIT
3 credits

FA 101 — Painting
1.5 credits; 3 lab hours
For students not majoring in Fine Arts. Through observation of still life and the figure, students are introduced to the use of oil or acrylic paint. Students develop color-mixing techniques emphasizing varied approaches to the use of paint.
FA 102 — Painting
1.5 credits; 3 lab hours
For students not majoring in Fine Arts. This course is a continuation of FA 101, with an emphasis on painting from still life and the figure. (G6: Arts)
Prerequisite(s): FA 101 (waived for Visual Presentation and Exhibition Design students).

FA 103 — Painting
1.5 credits; 3 lab hours
For students not majoring in Fine Arts. Abstract painting is explored through design, color, and composition. Experimentation with materials is encouraged. Painting medium is open. Any level of experience.

FA 104 — Sculpture - Basic
1.5 credits; 3 lab hours
For students not majoring in Fine Arts. Introduces the basic principles of sculpture and relief through the figure and other references. Clay and plasteline are used, and basic casting techniques are introduced.

FA 105 — Life Drawing
1.5 credits; 3 lab hours
For Fashion Design and Menswear students. Focus on figure drawing, stressing line, gesture, and composition. Study of proportion and anatomy of the human figure is undertaken.

FA 106 — Printmaking - Basic
2 credits; 1 lecture and 2 lab hours
For students not majoring in Fine Arts. Fundamental procedures in relief and intaglio printing are studied, using linoleum, woodcuts, and etching techniques. Students are introduced to basic printmaking processes, with an emphasis on exploring printmaking as a medium. Some drawing experience helpful.

FA 107 — Basic Design
1.5 credits; 3 lab hours
For Fashion Design, Jewelry Design, and Menswear students. Exploration of fundamental concepts of two-dimensional design. Line, shape, texture, rhythm, and color are emphasized, with an introduction to three-dimensional design.

FA 108 — Basic Drawing
1 credit; 2 lab hours
For Photography majors. Students are introduced to drawing in black and white. Line, volume, composition, and perspective are taught through observation of still life and interiors.

FA 109 — Portrait and Figure Painting
1.5 credits; 3 lab hours
For students not majoring in Fine Arts. Students paint the portrait and the figure from an objective point of view, utilizing fundamental approaches. Initial studies are in charcoal and culminate in finished paintings of the head and figure. Oil or acrylic paint is used.
Prerequisite(s): FA 101.

FA 110 — Sculpture Studio: Visual Expression of Form and Space
1.5 credits; 3 lab hours
For non-majors and anyone interested in exploring three-dimensional space and creative expression. Students explore the relationships among form, structure, material, and content using various techniques and tools. They Develop artistic skills to enhance their studies in all design fields as well as the fine arts.
FA 113 — Fundamentals of Design I: 2D and Color
1.5 credits; 3 lab hours
Students explore the principles of two-dimensional design and color for the designer and fine artist, including the study of line, shape, positive and negative space, texture, and composition.

FA 114 — Fundamentals of 3D Design
1.5 credits; 3 lab hours
The concepts basic to all three-dimensional design are studied: definition of space through the use of line, planes, and solid forms; manipulation of mass, volume, and void; the use of structural systems; the relationship of surface and color to form; and the importance of proportion and scale, light, and shadow.

FA 115 — Sculpture and Casting
1.5 credits; 3 lab hours
This course is designed to introduce sculpture and casting techniques to non-majors. The course is open to any art designer or amateur looking to use the reproduction casting technique and sculptural process to extend the horizons within their own art field.

FA 116 — Creative Media
2 credits; 1 lecture and 2 lab hours
Using a wide variety of materials and design concepts, this course offers an opportunity for students to explore different approaches in creating nontraditional works of art. Emphasis is on enlarging students’ capacity for imaginative expression in two- and three-dimensional projects.

FA 117 — Traditional Techniques in the Fine Arts
2 credits; 1 lecture and 2 lab hours
This course develops students’ insight into the techniques of masterworks in art history. The course combines lectures, demonstrations, visits to museums, and hands-on work in the studio. Students study and create works using such techniques as wet and dry media, ink and silverpoint, and encaustic, tempera, and oil painting.

FA 118 — Fundamentals of Design for Photography
2 credits; 1 lecture and 2 lab hours
Students explore the principles of two-dimensional design and color, including the study of line, shape, positive and negative space, texture, and composition. They apply these principles to photography by using their own photographs to complete assignments.

FA 119 — 2D Design for Illustrators
1.5 credits; 3 lab hours
This design course introduces the fundamental components of two dimensional design and color theory to Illustration students. Concepts include line, shape, positive and negative space, texture, composition and color. Students learn to recognize and interpret design concepts from observation and to generate expressive ideas and images from their imaginations. Through class critiques and the application of these essential aspects of design, students establish the ability to analyze and constructively critique illustration imagery. They explore collage construction, traditional drawing and painting media, and learn to employ their own photographs as reference to fulfill assignments.

FA 120 — Materials, Techniques and Design
1.5 credits; 3 lab hours
This course integrates the exploration of two-dimensional design with training in the various materials and techniques of drawing and painting.
FA 122 — Pigments and Mediums
2 credits; 1 lecture and 2 lab hours
This course introduces the sources, basic chemistry and characteristics of historic and contemporary painting pigments and mediums, which will be formulated and used to illuminate the materials’ historic significance, proper application, and archival qualities. Lectures and studio work are supported with observation of artworks and conservation practices at local museums.

FA 123 — Wearable Art (Interdisciplinary)
2 credits; 4 lab hours
This is an interdisciplinary course cross-listed with JD 123. In this team-taught course, students explore the intermingling of sculpture and jewelry. Students connect, interpret and combine traditional fine arts and jewelry-making processes to create wearable art.

FA 131 — Life Drawing I
1.5 credits; 3 lab hours
An introduction to drawing the figure, students study line, proportion, gesture, and composition using pencil and charcoal. Study of anatomy is introduced.

FA 132 — Life Drawing II
1.5 credits; 3 lab hours
This course continues the study of the figure, with focus on a more sophisticated use of materials and the study of anatomy.
Prerequisite(s): FA 131.

FA 141 — Drawing I
1.5 credits; 3 lab hours
This course introduces drawing with an emphasis on developing perceptual skills. Line, value, placement, and perspective with still life and interiors as subjects are studied. Black-and-white materials are used.

FA 142 — Drawing II
1.5 credits; 3 lab hours
A continuation of Drawing I, this course emphasizes compositional concepts using still life, interiors, and the figure. A variety of media, including ink wash and color, are used.
Prerequisite(s): FA 141 or CD 113.

FA 143 — Foundation Drawing I
3 credits; 6 lab hours
This drawing course is the first of two foundation level drawing courses that introduce the fundamental principles and materials used in drawing from direct observation. Subject emphasis is on still-life and the human figure.
Co-requisite(s): FA 151.

FA 144 — Foundation Drawing II
3 credits; 6 lab hours
This drawing course is the second of two foundation level drawing courses that introduce the fundamental principles and materials used in drawing from direct observation. Subject emphasis is on still-life and the human figure.
Prerequisite(s): FA 143
Co-requisite(s): FA 152 and HA 231.

FA 151 — Painting I
3 credits; 6 lab hours
An introduction to the use of oil paint, this course uses a perceptual approach to still life and the figure. Color mixing, paint application, and compositional strategies are emphasized.
FA 152 — Painting II
3 credits; 6 lab hours
This course is a continuation of Painting I, focusing on the figure, with further exploration of painting techniques and continued emphasis on drawing, composition, and color.
Prerequisite(s): FA 151.

FA 153 — Watercolor and Its Applications
1.5 credits; 3 lab hours
The basic principles of watercolor technique are introduced. Students gain knowledge of color mixing and perception by direct observation and study of color theory as it pertains to watercolor, both transparent and opaque. Museum visits provide the opportunity to examine artists’ uses and applications of various techniques.

FA 161 — Sculpture I
3 credits; 6 lab hours
This basic course emphasizes traditional sculpture skills with the head and full figure as the subject. Clay is the medium.

FA 171 — Printmaking I
1.5 credits; 3 lab hours
Students are introduced to basic printmaking processes, with an emphasis on exploring printmaking as a medium. Relief (woodcut, lino cut), intaglio (etching on metal or plastic), and monotype techniques are explored. Hand tools, edition printing, artists’ proofs, and press operation are discussed.

FA 172 — Printmaking II
1.5 credits; 3 lab hours
A continuation of Printmaking I, this course studies more advanced printmaking techniques, including color, paper, and metal plate lithography, resulting in the development of a portfolio or artist’s book.
Prerequisite(s): FA 171.

FA 200 — Advanced Watercolor and Water-based Media
1.5 credits; 3 lab hours
Introduces students to advanced techniques using watercolor, casein, and egg tempera in large-scale formats on varied surfaces. Students examine many different applications of a wide range of materials and techniques and examples from the history of watercolor, including various color palettes of the masters.
Prerequisite(s): FA 153.

FA 203 — Drawing for Accessories
1.5 credits; 3 lab hours
Students draw still life and the figure from observation. Emphasis is on proportion, line, composition, and value. Accessories are incorporated as part of the subject matter from which the students will draw.

FA 204 — Images of the Mind: Introduction to Chinese Calligraphic Art (Interdisciplinary)
3 credits; 2 lecture and 2 lab hours
This is an interdisciplinary is cross-listed with MC 204 introducing students to Chinese calligraphy. Through guided training students gain knowledge of key concepts, methods and techniques of calligraphy and brush pen writing. Students receive a thorough background in the history of the art form and its significance in Chinese culture, literature and language. (G6: The Arts, G9: Other World Civilization).
FA 231 — Visualization and the Human Figure I
1.5 credits; 3 lab hours
A study of the human figure, this course introduces the use of color, experiments with scale and materials, and further develops compositional strategies.
Prerequisite(s): FA 144.

FA 232 — Visualization and the Human Figure II
1.5 credits; 3 lab hours
A continuation of Life Drawing III, this course emphasizes sustained drawings using mixed media and the development of a more complex relationship between the figure and space.
Prerequisite(s): FA 231.

FA 255 — Intermediate Methods and Approaches - Painting III
3 credits; 6 lab hours
A continuation of FA 151 and FA 152, this course further explores compositional strategies, color dimensionality, and process.
Prerequisite(s): FA 152.

FA 256 — Intermediate Methods and Approaches - Painting IV
3 credits; 6 lab hours
This course is the culmination of learned painting skills for the Fine Arts A.A.S. student. Through varying approaches and methods, students continue their investigation of scale, material and process.
Prerequisite(s): FA 255.

FA 261 — Sculpture II
3 credits; 6 lab hours
This course is a continuation of the aims of Sculpture I with emphasis on the use of new materials and methods.
Prerequisite(s): FA 161.

FA 271 — Intaglio
2 credits; 4 lab hours
This course covers the fundamentals and processes of intaglio printmaking. Drypoint, hard ground, soft ground, and aquatint is covered.
Co-requisite(s): FA 255.

FA 272 — Relief Printmaking
2 credits; 4 lab hours
This course places emphasis on wood cut, color printing, paper types, and large scale printing.
Prerequisite(s): FA 271
Co-requisite(s): FA 256.

FA 299 — Independent Study in Fine Arts
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

FA 301 — Anatomy for Toy Designers
1.5 credits; 3 lab hours
For Toy Design students. Students learn the basic human bone and muscle structure and compare it to the anatomies of other living forms in order to nurture creativity and invention.
FA 341 — Drawing Workshop/Experimental Drawing
1.5 credits; 3 lab hours
Experimenting with material, scale, imagery, and process, students integrate observation, imagination-invention, abstraction, and conceptualization into their working methods. Through the drawing process, students develop their perception of visual components and their relationships in the physical world.
Prerequisite(s): FA 142 or FA 232 or equivalent
Co-requisite(s): FA 351.

FA 351 — Painting V: Contemporary Concepts
3 credits; 6 lab hours
This course focuses on contemporary issues in painting, introducing research as a component of painting and facilitating students' development of a self-determined studio practice. Working through inquiry and experimentation, students will explore individual development of process, subject, form, and content. Sources will include observed, invented, appropriated, and digital imagery.
Prerequisite(s): FA 256.

FA 352 — Painting VI: Sources of Painted Imagery
3 credits; 6 lab hours
Students develop their own vocabulary by learning to assimilate multiple sources of information and processes to meet their own creative needs. Art of other cultures, technology, personal psychology, and popular cultures provide resources for their work.
Prerequisite(s): FA 351.

FA 361 — Sculpture III: Advanced Traditional Materials
3 credits; 6 lab hours
The study of figurative sculpture in abstract or realistic modes continues, using such materials as wax, plaster, stone, wood, and clay. Concepts include fragmentation and/or large-scale execution of the subject.
Prerequisite(s): FA 261 or equivalent.

FA 362 — SCULPTUREIV: NEW MATERIALS
3 credits; 6 lab hours
The exploration of sculpture continues with a focus on how the choice of materials communicates artistic voice and sensibilities. Students are introduced to the concept of public art and site-specific works.

FA 363 — Sculpture: Casting as a Creative Medium
3 credits; 6 lab hours
Mold-making and casting as methods of reproduction, a way to transfer work into other materials, and a medium of sculptural expression are studied. Students research the use of traditional and nontraditional materials and produce finished works of art using the methods of mold-making and casting. A commercial casting operation is observed.
Prerequisite(s): FA 361.

FA 371 — Printmaking III: Advanced Works on Paper
2 credits; 4 lab hours
Projects in lithography, relief, intaglio, stencil, collagraph, and the monotype are undertaken to explore both traditional and contemporary ideas in visual expression.
Prerequisite(s): FA 272
Co-requisite(s): FA 351.
FA 411 — Interdisciplinary Media
1.5 credits; 3 lab hours
Exploring the use of technology in art, students break traditional boundaries that have defined the disciplines of painting, photography, sculpture, and printmaking in order to create multimedia work.
Prerequisite(s): FA 451.

FA 441 — Experimental Drawing II
1.5 credits; 3 lab hours
Building on skills learned in FA 341, students continue to experiment with material, scale, imagery and process in conjunction with the thematic/conceptual work for their thesis.
Prerequisite(s): FA 341
Co-requisite(s): FA 451.

FA 451 — Painting VII: Development of Personal Aesthetics
3 credits; 6 lab hours
Through a series of paintings and sketches, students focus on an area of aesthetic or cultural concern. They develop conceptual consistency while also exploring differences among individual works in preparation for the thesis.
Prerequisite(s): FA 352.

FA 461 — SCULPTURE V: CASTING
3 credits; 6 lab hours
Mold-making and casting as a method of reproduction, as a way to transfer work into other materials, and as a medium of sculptural expression are studied. Students research the use of traditional and non-traditional materials and produce finished works of art using the methods of mold-making and casting. A commercial casting operation is observed.

FA 462 — Sculpture: New Materials
3 credits; 6 lab hours
The exploration of sculpture continues with a focus on how the choice of materials communicates artistic voice. Students are introduced to the concept of public art and site-specific works.
Prerequisite(s): FA 363.

FA 471 — Advanced Experimental Printmaking
2 credits; 4 lab hours
Advanced photo techniques in printmaking are studied. Students explore new ideas and printmaking formats by using photosensitized plates in methods of lithography, etching, and relief printmaking. The course deals with contemporary issues of content in printmaking.
Prerequisite(s): FA 371.

FA 491 — Senior Project Thesis: Painting
3 credits; 6 lab hours
Under faculty supervision, students produce a coherent body of work in painting or related disciplines. They write and present a paper addressing the developmental process and aesthetic concerns of their work.
Prerequisite(s): FA 451.

FA 492 — Senior Project Thesis: Sculpture
3 credits; 6 lab hours
Students pursue individual work supervised by faculty, producing a coherent body of work in sculpture or related disciplines that represent a culmination of their studies. In this capstone course, they write a paper that addresses the developmental process and the aesthetic concerns of their work.
Prerequisite(s): FA 462.
FA 499 — Independent Study in Fine Arts
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

FD: Fashion Design—Apparel (See also AF, AP, AR, DP, FF, TL)

FD 100 — SEMINAR: FASH SUSTAIN, TRENDS
0 credits

FD 111 — Draping I: Fundamentals
3 credits; 6 lab hours
Introductory course explores the three-dimensional draping approach to executing garment design. Projects introduce the important principles of grain, balance, and construction. Through critiqued design development on the dress form, students develop their own sense of proportion, silhouette, line, and style, while exploring current market trends. Course utilizes strong sewing skills. Prerequisite(s) or Co-requisite(s): FD 131 for evening/weekend students only.

FD 112 — Draping II: Constructed Silhouettes
3 credits; 6 lab hours
This course enables students to execute jacket styles utilizing advanced draping techniques and explores how to incorporate tailoring details to enhance garment designs. Students learn to develop draped pattern styles that include mounted and semi-mounted sleeves, and various collar and pocket styles.
Prerequisite(s): FD 111.

FD 113 — Apparel Design: Structured Silhouettes
4 credits; 8 lab hours
Students learn the principles of draping as a method of designing original garments in three-dimensional form. Draping techniques and construction skills are developed for more advanced structured garments, along with an understanding of silhouette, proportion, and current style trends.

FD 114 — Apparel Design: Soft Silhouettes
3 credits; 6 lab hours
Students learn to drape soft silhouettes using muslin and soft fabrics. Creative designs are explored, from basic to classic to complex shapes. An original garment is designed and executed in fabric.

FD 115 — Introduction to Draping
2 credits; 1 lecture and 2 lab hours
This course introduces the student to the basic principles of draping, keeping in mind the importance of grain, balance, and structure in a garment. An understanding of fundamental draping procedures and their application to current trends is addressed. Tools and materials essential for professional results are demonstrated and used.

FD 116 — Apparel Design Workshop
2 credits; 1 lecture and 2 lab hours
A continuation of FD 115, this course further develops students’ understanding of fundamental draping procedures and their application to current trends. As a final project, a term garment is developed that involves the selection of fabric, draping, and construction, and following industrial sample room procedures.
Prerequisite(s): FD 115 and FD 131.
FD 117 — Design Studio I - Introduction to Draping
2 credits; 4 lab hours
This course introduces fashion design students to the basic principles and techniques of draping in fabric as a means to creatively interpret and develop contemporary designs. An emphasis on proportion, balance and shape as related to design aesthetics broadens students’ understanding for actualizing and realizing three-dimensional design prototypes through manipulating muslin.

FD 121 — Flat Pattern Design I
1.5 credits; 3 lab hours
Introductory flat pattern course explores the two-dimensional method to execute garment designs. Utilizing basic slopers, students develop original design concepts through the slash-and-spread and pivot techniques. Projects are evaluated on the dress form for fit, balance, style, creativity, and proportion. Course utilizes strong sewing skills.

FD 127 — Design Studio II - Soft Draping
3 credits; 6 lab hours
In this course, Fashion Design students explore more advanced principles and techniques of unstructured draping using soft fabric for the creative interpretation and artistic development of contemporary designs. Emphasis on proportion, balance and shape as related to design aesthetics broadens students’ understanding of actualizing and realizing three-dimensional design prototypes through manipulating soft fabrications.
Prerequisite(s): FD 117 or FD 111.

FD 131 — Sewing Techniques I
1.5 credits; 3 lab hours
Students learn the basic professional techniques used in the construction of designers’ sample garments. Sewing techniques—including cutting, construction, and finishing—are explored, using industrial equipment to create sample garments in cotton or cotton-type fabrics.

FD 132 — Sewing Techniques II
1.5 credits; 3 lab hours
Builds upon skills learned in Sewing Techniques I. Students learn new and more complex design room construction, and develop advanced techniques currently used in the fashion industry.
Prerequisite(s): FD 131.

FD 133 — Materials and Construction I
2 credits; 4 lab hours
As related to the fashion designer, course stresses hands-on construction, cutting, and finishing techniques for creating garment prototypes. It introduces materials (cottons, wools, interfacings), core characteristics, and handling. Visits to MFIT study rooms/exhibitions provide further opportunities to explore the influence of fabrication choices, construction details and techniques on silhouette development.

FD 134 — Materials and Construction II
2 credits; 4 lab hours
This course advances students’ knowledge about materials, core properties and construction techniques that inform their choices made for silhouette creation and hands-on prototype development. Visits to the Museum at FIT study rooms and exhibitions provide further opportunities to explore fabrications. Students make garments using high-end construction details and techniques.
Prerequisite(s): FD 133.
FD 135 — Materials and Construction (for 1-Year AAS)
3 credits; 6 lab hours
This course stresses hands-on construction, cutting, and finishing techniques for creating garment prototypes. Students are introduced to materials including cottons, wools, silks, piles and interfacing, core characteristics and handling. Visits to FIT Museum study rooms and exhibitions further opportunities to explore the influence of fabrication choices, construction details and techniques for silhouette development.

FD 211 — Draping III: Soft Silhouettes
3 credits; 6 lab hours
This course involves creative draping techniques with emphasis on soft silhouettes and structure in design. Introduction to dolman sleeve styles, cowls, pants, and cut-and-sew knits are included. The variations in style expand students' creative, critical thinking, and technical skills into different areas of design, while draping in fabric.
Prerequisite(s): FD 112.

FD 212 — Design Studio IV: Advanced Draping
3 credits; 6 lab hours
This course further develops creative and technical skills in apparel design. Advanced draping projects enable students to explore design through a variety of fabrication, draping, and construction techniques. Students also learn how design resources and presentation skills can help them articulate their ideas.
Prerequisite(s): FD 113 and FD 114, or FD 211, or FD 217.

FD 217 — Design Studio III - Structured Draping
3 credits; 6 lab hours
Fashion design students advance their artistic principles using three-dimensional draping techniques to creatively interpret and realize contemporary structured jackets. Students explore concepts including mounted and semi-mounted sleeves, collar and pocket variations, finishing and details, and silhouette development as related to design aesthetics. Two-dimensional patternmaking and three-dimensional draping techniques combine to actualize market-appropriate original prototypes.
Prerequisite(s): FD 127 or FD 211.

FD 221 — Flat Pattern Design II
1.5 credits; 3 lab hours
This course allows students to proceed from the study and application of the basic principles of patternmaking to a more comprehensive view of design within flat pattern methods and principles. Basic torso slopers are developed with the sleeve and are combined to form the kimono/dolman sloper.
Prerequisite(s): FD 121.

FD 227 — Design Studio IV: Advanced Draping
3 credits; 6 lab hours
Further development of creative and technical skills in apparel design. Advanced draping projects explore design concepts through use of a variety of fabrication, draping and construction techniques. Added focus on design resources and presentation skills lead to articulation of design ideas.
Prerequisite(s): FD 112 or FD 113 or FD 217.

FD 231 — Haute Couture Sewing Techniques
2 credits; 4 lab hours
Introduces students to the finest sewing techniques practiced in couture workrooms; provides the basis for understanding haute couture. Students learn techniques in cutting, hand stitching, seam and hem finishes, pocket construction, pressing, and finishing.
FD 232 — Haute Couture Decorative Techniques and Embellishments
2 credits; 4 lab hours
Expands knowledge of the couture by exploring various decorative techniques. Students learn how to hand bead as well as apply rocailles, sequins, pearls, and faux gems on different types of fabrics. In addition, students create embellishments from ribbons and fabric; hand embroider original designs; and learn techniques in quilting, pleating, and trapunto.
Co-requisite(s): FD 231.

FD 241 — Apparel Product Data Management
1.5 credits; 3 lab hours
Introduction to product data management. Students learn to facilitate the communication and coordination of pre-product development tasks by linking design, engineering, costing, and manufacturing information through a centralized database of product-related information.

FD 242 — Digital Fashion Design Studio II
2 credits; 4 lab hours
Course provides an in-depth study of industry-standard fashion design studio processes for actualizing creative design concepts. Module A: Utilizing fashion digital illustration industry practices, students effectively execute design ideas. Module B: Students adopt a variety of fashion designer responsibilities as they research, develop, and communicate creative information across multiple platforms.
Prerequisite(s): FF 115.

FD 243 — Apparel Design Studio - Patternmaking
3 credits; 6 lab hours
This course introduces students to master pattern design, including basic and advanced techniques for original design, sloper, and pattern development according to professional standards. They learn accurate industry-standard terminology, pattern identification, and tool usage. They test patterns in muslin for fit and proportion of basic and complex design prototypes.
Prerequisite(s): FD 114 or FD 127 or FD 112.

FD 244 — Design Development: Digital Communication and Management
1.5 credits; 3 lab hours
This course is an in-depth survey from concept to completion of the industry-standard for design-to-manufacturing procedures and practices. Utilizing digital apparel management programs and tools, students learn to effectively execute design ideas and communicate design information across multiple platforms for various design and development stages.
Prerequisite(s): FF 245.

FD 281 — Corsetry in Fashion I
2.5 credits; 1 lecture and 3 lab hours
Students study the history of corsetry from the 1600s to the 1850s and learn how the body is manipulated to create a fashion silhouette. Through museum visits and online market research, students analyze the differences between corsetry and class draping and develop technical patterns to create period corsets using traditional construction techniques.
Prerequisite(s): DP 112 or FD 112 or FD 113 or FD 127.

FD 282 — Corsetry in Fashion II
2.5 credits; 1 lecture and 3 lab hours
Students explore the history of corsetry from 1850 to the present and the interpretation of structured undergarments in contemporary fashion trends. Further developing the technical skills learned in FD 281, students create a period corset and design a contemporary corset and garment.
Prerequisite(s): FD 281 or approval of chairperson.
FD 301 — Sustainable Design Concepts
3 credits; 2 lecture and 2 lab hours
Students develop and design apparel using sustainable design practice while incorporating innovative methods utilizing previously constructed products and unconventional materials. Students explore new possibilities expanding their own personal aesthetic. Students collaborate on a group project focused on sustainable and design practice, small economy, and community engagement. Students research and collaboratively develop wearable apparel and accessories for now or the near future specifically addressing the impact of climate change, environmental, and societal impact. In the culmination of this course students will engage in an individual research project that reflects an understanding of the design’s impact from fiber to finished design.

FD 302 — Designing For Innovation
3 credits; 2 lecture and 2 lab hours
This class is designed as an elective for BFA students in the Fashion Department. Students develop design solutions using emerging technologies, including software, innovative materials and new methods of production. Incorporating advanced techniques in the initial module, students create innovative prototypes of functional solutions using methods and materials that can aid or support their wearer. Students collaborate on researching a new idea in design innovation, utilizing cutting-edge materials and/or tools. Students work together to develop and execute wearable items that address a need (i.e., health and wellness, seated design, service work, protection, agriculture). In the culmination of this course, students select or create a brand label and design an innovative product with an aesthetic true to the company’s vision.

FD 321 — Computerized Pattern Design
1.5 credits; 3 lab hours
This course builds on students’ patternmaking skills and enables them to advance to a more comprehensive study of design using computerized patternmaking methods and principles. Students learn the operation of the System Management and PDS (Pattern Design System) computerized flat pattern design and technical illustration programs.

FD 341 — Design with High-Tech Fabrics
1.5 credits; 1 lecture and 1 lab hour
Students examine the relationship between high-tech fabrics and contemporary sportswear, outerwear, and performance design. The course concentrates on the qualities and functions of high-tech fabrics and their adaptability for specific functions or fashion looks. Students also learn the special construction techniques and machines needed for these fabrics.

FD 342 — CAD for Fashion Design and Development
2 credits; 1 lecture and 2 lab hours
Using fashion designer methodology, students digitally create fabrics and explore textile possibilities for garments they have designed, using fashion industry proprietary/simulation CAD software. Students learn the fundamentals of merging garment and fabric design to create collections with an overall balance of color, pattern, texture, proportion, and function. Requires approval of Chair if transfer/exchange student.

FD 343 — 2D/3D Experimentation
2.5 credits; 1 lecture and 3 lab hours
This course provides students with opportunities to develop 3D design ideas through the exploration of creative 2D patternmaking and 3D draping techniques. Assignments challenge students to experiment, combine, and adapt their patternmaking and draping knowledge in inventive ways. They conduct extensive design research, perform self-assessments, and gain skills in peer review.
FD 356 — Fully-Fashioned Knit Design: Stoll M1 Plus

2 credits; 4 lab hours

Students will create Knitwear Programs through the study and hands on use of Stoll M1 Plus CAD system proprietary software. Emphasis will be placed on the construction of knitted fabrics in both single and double bed. Topics include drawing tool functions, modules, basic knit structures, jacquards, and fully fashioned garments. Working in tandem with TS 461: Weft Knit Fabrication and Finishing Techniques, students will design and develop a fully fashioned garment from concept through to a finished knitting program ready for production.

Prerequisite(s): FD 358
Corequisite(s): TS 461.

FD 357 — Introduction to Knitwear Design

3 credits; 6 lab hours

Using knitwear industry methods, students learn specialized patternmaking, construction and specification development for sweater knit silhouettes in Module A. They develop and machine knit original design swatches in Module B. Through hands-on research and development, knitwear industry sustainable practices are introduced. Students develop original designs for sweater knit garments.

FD 358 — Advanced Knitwear Design: Creative Development and Execution

1.5 credits; 3 lab hours

In this advanced course, students further their design development through knitwear industry field trips, advanced methods of draping and assembling. Sustainable knitwear practices are incorporated into design aesthetic. Students create an original collection of garments using multiple weights of knitwear fabrics.

Prerequisite(s): FD 357.

FD 359 — Advanced Knitwear and Full Fashion Creative Design Development

2 credits; 4 lab hours

In this course, full-fashion garment development, double-bed ribbing methods, pointelle and advanced novelty stitch design principles, execution and development is covered. Students use manual knit machinery to create novelty swatches and execute a creative full-fashion garment. Emphasis is placed on appropriate design solutions for full-fashion development and designing advanced novelty-knitting structures.

Prerequisite(s): FD 357.

FD 364 — Outerwear and Performance Apparel Design

2 credits; 4 lab hours

Students study the creation of women’s performance apparel, which takes into account the principles of extreme movement, as well as the aesthetic and technical needs of the serious outdoor sports enthusiast. Using their knowledge of advanced new fibers, fabrics, trims, and performance construction techniques, students design performance apparel for a specific sport.

FD 365 — Explorations in Children’s Wear Design

2 credits; 1 lecture and 2 lab hours

This course introduces fashion design students to the classifications and size ranges within the childrenswear market. Students gain an understanding of all aspects of the childrenswear market. Developmental stages of childhood are explored in relation to aspects of creative design. Students research key classifications and digitally present their research.

FD 366 — Fundamentals of Children’s Wear Design

2 credits; 4 lab hours

This course introduces students to the fundamentals of childrenswear. They create original design for children in different size ranges while emphasizing proportion and fit. Garments are constructed using current industry-specific methods and machinery.
FD 368 — Special Occasion Bridal Design
3 credits; 6 lab hours
Through various research opportunities, students are introduced to the world of bridalwear and special occasion markets. They advance their forecast skills, track trends, and compare and contrast the differences of designer’s styles. By applying draping, patternmaking, foundation, fit, understructure and sewing techniques, students create a modern bridal design.

FD 369 — Sportswear Development Concepts
3 credits; 6 lab hours
Students develop casual sportswear as related pieces. They incorporate advanced design components in the creation of key pieces in their own design aesthetic. Working in teams, they research sportswear brands and collaboratively design and execute a cohesive group of innovative pieces for a brand label, maintaining the designer/company’s aesthetic.

FD 371 — Intimate Apparel Sewing Techniques
2 credits; 4 lab hours
This course introduces students to the construction techniques involved in the development of intimate apparel products. Students create a prototype from a sloper, using professional sewing methods and application techniques.

FD 372 — Control Shapewear Design
2 credits; 4 lab hours
Students explore the design and construction techniques of control garment fitting prototypes. Through market research and demonstrations, students create original concepts and produce prototypes utilizing specialized construction methods.

FD 374 — Flat Pattern Design for Special Occasion
1.5 credits; 3 lab hours
Through lectures, demonstrations, and hands-on application, students learn to make patterns for after-five, evening, bridalwear and other special occasion dresses. Students develop their flat pattern-making skills in order to create master slopers that interpret design sketches into three-dimensional forms.

FD 375 — Textile Lace and Technology I
1.5 credits; 3 lab hours
Students learn about textile lace and embellishment technology and its relationship in the design, styling, and marketing of apparel products. Through lectures, field trips, market research, and construction demonstrations, students explore both the domestic and international textile market along with aesthetics, performance, and cost/price relationships.

FD 376 — Intimate Apparel Couture
3 credits; 6 lab hours
This course introduces students to the intimate apparel industry. They explore the design and construction techniques from shapewear to sleepwear. Through demonstration and laboratory, students create original design concepts that reflect their design aesthetic utilizing specialized draping, patternmaking, fitting, and machinery with emphasis on couture methodology. Prerequisite(s): FD 381.

FD 381 — Stretch Fundamentals
2.5 credits; 1 lecture and 3 lab hours
This course introduces students to the special characteristics inherent in working with fine gauge knits and stretch-woven fabrications. Exploring a combination of draping, fitting, sloper developing, and patternmaking techniques, students create garments using specialized machinery. Using their understanding of stretch fundamentals, they design and execute an original stretch lifestyle group.
FD 383 — Haute Couture Embellishments
2.5 credits; 1 lecture and 3 lab hours
Students are introduced to the methodology of the couture industry through an overview of key hand and machine embellishment techniques. Through experimental learning, students gain and understanding of incorporating courture embellishments to enhance and elevate original design development.

FD 384 — Active Sport Design
2 credits; 1 lecture and 2 lab hours
The requirements and principles of movement in specific sports in relation to fit and function of active sport apparel is covered. Students create original designs based on the technical and aesthetic needs of the serious sports enthusiast, select active sport textiles, and construct two outfits for sports of their choice. 
Prerequisite(s): FD 351 or FD 381.

FD 385 — Performance and Outerwear Design
2.5 credits; 1 lecture and 3 lab hours
This introductory outerwear course underscores how fashion, function and technology are intertwined when creating casual and performance apparel. Attention to proportion, silhouette and functional details development, high tech fabric selections, choice of hands-on construction and trim methodology, planning, and fitting techniques guide student design development through effective first prototype execution.

FD 386 — Swimwear Design
2 credits; 1 lecture and 2 lab hours
Students are introduced to swimwear design and the history of swimwear, with emphasis placed on development in the USA. They create original designs using advanced flat pattern or draping techniques and underwire bra construction techniques. Garments are constructed in appropriate performance textiles selected by students using specialized machinery. 
Prerequisite(s): FD 351 or FD 381.

FD 391 — Children’s Wear Licensing Practicum
1.5 credits; 3 lab hours
This course familiarizes students with all aspects of designing licensed children’s wear products. Students spend three hours per week for ten weeks at a children’s wear host company, and three hours per week for five weeks with an apparel faculty mentor.

FD 400 — 3D Garment Visualization
2 credits; 1 lecture and 2 lab hours
Using fashion designer methodology students digitally create garment patterns and fabrics prototypes while explore textile possibilities for garments they have designed, using fashion industry proprietary/simulation CAD 3D software. Students learn the fundamentals of merging garment and fabric development to create collections with an overall balance of color, pattern, texture, proportion and function. (Current software Clo3d).

FD 451 — Knitwear Design: Full Fashion and Pointelle
2 credits; 4 lab hours
An introduction to full fashion knitting and the principles of pointelle design. Students use jersey and rib structures to create full fashion garments. Emphasis is placed on appropriate design solutions for full fashion garments and designing pointelle patterns.

FD 453 — Simulated Knitwear Design
2 credits; 4 lab hours
Using simulated technology with knitwear design methodology, students creatively design and effectively develop a digital sweater collection. Relevant technologies such as Kaledo, Adobe Illustrator and Microsoft Excel are incorporated. 
Prerequisite(s): FD 342 or FD 355 or FD 359.
FD 461 — Tailoring Techniques
2 credits; 4 lab hours
This course enables students to elevate their basic sewing skills to an advanced level. Students learn to construct a jacket utilizing hand-tailored methods. Through lectures and demonstrations, students evaluate different levels of quality garments to better understand construction and costing.

FD 462 — Designer Sportswear Incubator
2.5 credits; 1 lecture and 3 lab hours
In this research and development course, students stretch the possibilities of shaping, seaming, handling, and manipulating select fabrics to create innovative, wearable designer sportswear silhouettes and details. Cutting-edge techniques and developments, combined with the inspirational examples of high-end designer role models further challenge individual experimentation that reflects the students’ personal aesthetic vision.
Prerequisite(s): FD 369.

FD 467 — Children’s Wear Niche Market
2 credits; 4 lab hours
Students are exposed to specialized and profitable areas of the childrenswear market. In-dept market research and field trips familiarize students with new niche markets. Advanced methods of patternmaking and construction are explored. Students use their newly gained knowledge to create original niche garments.

FD 472 — Structural Design Fitting Techniques
1.5 credits; 3 lab hours
An introduction to professional foundation-fitting techniques as used in the intimate apparel industry. Students learn fitting on a foundation fit model using retail samples and garments of their own design. Through in-class visits and demonstrations by industry experts, students participate in fitting prototypes to explore proper proportion, fit, and comfort.
Prerequisite(s): FD 376 or FD 368
Corequisite(s): FD 481.

FD 475 — Leather Apparel Design
2 credits; 4 lab hours
This course introduces students to the use of leather, suede, and other animal skins for women’s apparel design. The course explores the application of design principles exclusive to designing apparel with leather skins. Students create designs through draping and flat pattern utilizing industrial methods.

FD 480 — Special Topics in Fashion Design
0 credits

FD 480A — Special Topics in Fashion Design: 3D Garment Visualization
2 credits; 1 lecture and 2 lab hours
Using fashion designer methodology students digitally create garment patterns and fabrics prototypes while explore textile possibilities for garments they have designed, using fashion industry proprietary/simulation CAD 3D software. Students learn the fundamentals of merging garment and fabric development to create collections with an overall balance of color, pattern, texture, proportion, and function. (Current software Clo3D).
Prerequisite(s): FF 493 or FF 494 or FF 495 or FF 496 or FF 497.
FD 481 — Structural Design
2.5 credits; 1 lecture and 3 lab hours
This course introduces students to structural design concepts and specialized techniques integral to the foundation industry and applicable to the intimate apparel and special occasion markets. Through demonstration and laboratory, students create original design projects that reflect their design aesthetic and incorporate advanced fitting techniques to industry standards.
Prerequisite(s): FD 376 or FD 368.

FD 485 — Senior Thesis: Sportswear Design
3 credits; 6 lab hours
In this capstone course, students design, create, develop and prepare professionally executed sportswear for the juried senior thesis fashion show. They refine their looks through fittings done on professional models. Under instructor guidance in tandem with guest designer/industry critic feedback, students' personal vision is advanced through finalized visual presentations.
Prerequisite(s): FF 497.

FD 486 — Senior Thesis: Special Occasion Design
3 credits; 6 lab hours
In this capstone course, students design, create, develop and prepare professionally executed special occasion for the juried senior thesis fashion show. They refine their looks through fittings done on professional models. Under instructor guidance in tandem with guest designer/industry critic feedback, students' personal vision is advanced through finalized visual presentations.
Prerequisite(s): FF 496.

FD 487 — Senior Thesis: Intimate Apparel Design
3 credits; 6 lab hours
In this capstone course, students design, create, develop and prepare professionally executed intimate apparel for the juried senior thesis fashion show. They refine their looks through fittings done on professional models. Under instructor guidance, in tandem with guest designer/industry critic feedback, their personal vision is advanced through finalized visual presentations.
Prerequisite(s): FF 494.

FD 488 — Senior Thesis: Childrenswear Design
3 credits; 6 lab hours
In this capstone course, students design, create, develop and prepare professionally executed childrenswear for the juried Senior Thesis Fashion Show. Students refine their fashion show looks through fittings done on professional models. Under instructor guidance in tandem with guest designer/industry critic feedback, students' personal vision is advanced through finalized visual presentations.
Prerequisite(s): FF 493.

FD 489 — Senior Thesis: Knitwear Design
3 credits; 6 lab hours
In this capstone class, students design, create, develop and prepare professionally executed knitwear for the juried senior thesis fashion show. They refine their fashion show looks through fittings done on professional models. Under instructor guidance in tandem with guest designer/industry critic feedback, students' personal vision is advanced through finalized visual presentations.
Prerequisite(s): FD 356.
Corequisite(s): TS 491.
FD 498 — Children’s Wear Practicum
1.5 credits; 3 lab hours
This course familiarizes students with all aspects of designing licensed children’s wear products. Students spend 3 hours per week for 10 weeks at a children’s wear host company, and 3 hours per week for 5 weeks with an apparel faculty mentor.
Prerequisite(s): FD 366.

FD 499 — Independent Study in Fashion Design
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson and dean for Art and Design.

FF: Fashion Design—Art (See also AF, AP, AR, DP, FD, TL)

FF 111 — Visual Design Concepts I
2 credits; 4 lab hours
This course teaches students to understand, analyze, and draw the female fashion figure, front, turned, and back views. Students learn how to communicate their design ideas in a fashion sketch through garment details, silhouettes, and color theory. Acquiring skills in design development sketching enables them to create simple design groups.

FF 112 — Fashion Art and Design II
2 credits; 4 lab hours
Students learn to explore the nature and hand of fabrics, and how to render different textures, weights, and patterns in their fashion designs. Students develop original designs through researching historical periods, current fashion styling, and color trends as they are applied in fashion design. Design journals, customer profiles, and various presentation formats are introduced.
Prerequisite(s): FF 111.

FF 113 — Fashion Art and Design (for 1-Year AAS)
5 credits; 2 lecture and 6 lab hours
Students learn to sketch and render the contemporary fashion figure in order to create a fashion design collection. The course concentrates on proportion, fabric rendering, design details, garment silhouettes, and presentation techniques.
Corequisite(s): FF 115.

FF 114 — Model Drawing I for Fashion Designers
1 credit; 2 lab hours
Students learn to draw fashion figure proportion, movement, silhouettes, and details from the fashion model in a variety of poses. Emphasis is placed on experimenting with various media and techniques to render the different characteristics of fabric.

FF 115 — Digital Fashion Design Studio I (for 1-Year AAS)
2 credits; 4 lab hours
Students study fundamental and advanced techniques specific to fashion design using relevant software such as Adobe Photoshop and Illustrator. Assignments emphasize digital design development as applied to the creative fashion designer for sketching techniques, color stories, fabric design, line planning, and original silhouette development.
Corequisite(s): FF 113.
FF 121 — Fashion Research and Inspiration
2 credits; 1 lecture and 2 lab hours
Lectures sequentially cover Ancient eras to the Industrial Revolution and the end of the 19th Century. Emphasis is on womenswear silhouettes along with textile development, construction innovation, garment details, accessories and the arts and culture of each period will be studied. Historic inspiration as utilized by contemporary designers will be identified and analyzed.
Prerequisite(s): FF 143.

FF 141 — Introduction to Computerized Fashion Design
1 credit; 2 lab hours
This course introduces the basics of computer-aided design targeted specifically for the fashion industry. Using both bitmap and vector software, students learn techniques to conceptualize fashion designs and create industry-standard presentations.

FF 143 — Digital Design Studio
3 credits; 6 lab hours
Students learn the fundamental and advanced techniques specific to fashion design using relevant software such as Adobe Photoshop and Illustrator. Course assignments emphasize digital design development sketching techniques, color stories, line planning, silhouette, and fabric design. The first 15 sessions focus on Photoshop, the last 15 sessions cover Illustrator.
Co-requisite(s): FF 111.

FF 161 — Fashion Art Studio
3 credits; 6 lab hours
Students learn to render various fabrics and design, using them in their fashion design projects. They develop original designs through research. Design journals, various presentation formats and design markets are explored. Module A covers designing and drawing fashion presentation groups. Module B covers drawing from live fashion models.
Prerequisite(s): FF 111.

FF 211 — Visual Design Concepts III
2 credits; 4 lab hours
Students prepare for their fourth-semester design collections by exploring the roles of research, design development, and editing in the fashion design process. Emphasis is placed on the application of design development to a variety of design groups in order to expand the students' knowledge of key fashion categories, markets, and price points.
Prerequisite(s): FF 161.

FF 212 — Visual Design Concepts IV
2 credits; 4 lab hours
This course enables students to understand the design process necessary for the execution of a design portfolio. Students create a design portfolio for two design seasons in their chosen area of study. An individual drawing style is developed along with suitable presentation techniques and formats.
Prerequisite(s): FF 113 or FF 211.

FF 213 — Model Visualization Techniques
1 credit; 2 lab hours
Students learn how to develop a quick and accurate methodology of fashion design sketching from models. The course provides ideas, inspiration, and a variety of techniques used to solve fashion design challenges.
Prerequisite(s): FF 113 or FF 211.
FF 221 — Fashion Past and Present
2 credits; 1 lecture and 2 lab hours
Slide lectures concentrating on Western fashion cover the ancient eras to the 20th century, emphasizing silhouettes, fabrics, garment details, construction, and accessories. Design projects for a variety of current markets are created with historic inspiration from the periods and cultures explored in the slide lectures, utilizing research from the library, museum, internet, and other sources.
Prerequisite(s): FF 112 or FF 113.

FF 241 — Fashion Design Computer: Photoshop
1.5 credits; 3 lab hours
Students learn the fundamental and advanced techniques specific to fashion design using Adobe Photoshop. Assignments focus on establishing fashion design principles through digital line design development techniques. Students develop increasingly advanced skills using the core software to produce coordinated fashion design presentations.
Prerequisite(s): AR 101 or FF 111 or FF 113 or approval of Fashion Design-Art assistant chairperson.

FF 242 — Fashion Design Computer: Illustrator
1.5 credits; 3 lab hours
Students learn the fundamental to intermediate-level techniques specific to fashion design using Adobe Illustrator. The course covers all aspects of drawing, including working with images and color. Course assignments focus on establishing industry techniques and developing proficiency in creating fashion designs using Adobe Illustrator.
Prerequisite(s): AR 213 or FF 141 or FF 241 or approval of Fashion Design-Art assistant chairperson.

FF 243 — Digital Flats and Specs
1.5 credits; 3 lab hours
Students learn to create garment specification sheets by integrating manual and digital skills. Digital design techniques and business practices are explored in order to create a presentation of a design collection.
Prerequisite(s): FF 241 and FF 242, or FF 141.

FF 244 — Design Collections: Visual Solutions
2 credits; 4 lab hours
Students develop design collection concepts for specific areas of the design market in a variety of presentation formats using digital and analog media. Using field trips, retail market research, and internet exploration as a springboard for design, students work with a guest critic from the fashion industry to create a design project for presentation.
Prerequisite(s): FF 113 or FF 211.

FF 245 — Digital Design: Flats and Floats
1.5 credits; 3 lab hours
Students execute creative and complex fashion flats utilizing digital tools such as Photoshop, Illustrator and Excel. Working from actual samples, they learn industry standards to digitally illustrate flat measurements and develop detailed callouts with related information.
Prerequisite(s): FF 143 or FF 241 and FF 242.

FF 291 — Fashion Portfolio Collection
2 credits; 4 lab hours
This course enables the student to understand the design process necessary for the execution of a design portfolio, developing original ideas specialized in one area of the industry. Students analyze a target market and develop their own personal drawing and rendering style.
FF 300 — Fashion Design Concept Launchpad (Interdisciplinary)
3 credits; 3 lecture hours
This is an interdisciplinary course cross-listed with EP 300. In this dynamic forum, students identify new opportunities in the fashion market and create innovative product concepts and business plans through cross disciplinary collaborative partnerships. Focus is placed on apparel and fashion products. Students develop skills and resources as both designers and entrepreneurs, culminating in product design, technical specification, business strategy and pitch for a Launchpad into the marketplace.
Prerequisite(s): Must be in enrolled in the Fashion Design BFA Program.

FF 311 — Lifestyle Collection Design
2.5 credits; 1 lecture and 3 lab hours
In this course, students design Active Sportswear, Intimate Apparel/Shapewear, and Knitwear using a range of innovative fabrications. Students will use all levels of research and inspiration appropriate to designing a fashion collection. They develop a "Creative Process Journal" to record each collection.

FF 312 — Advanced Model Drawing for Fashion Design
1.5 credits; 3 lab hours
Students advance their drawing ability and explore various materials and techniques through in-depth observations and weekly problem solving in fashion design. Focus is placed on continuing the development of students' ability to draw the fashion figure, while strengthening a personal drawing style. A specific theme is addressed through weekly course work.

FF 321 — 20th-Century Style and the Modern Designer
2 credits; 1 lecture and 2 lab hours
A cultural history of 20th-century women's fashion in the Western world, and its influence on contemporary fashion. Students study fashion designers from the 1850s to the present day, and the political, social, and artistic influences on fashion. Primary research tools are explored as an inspiration for the students' own fashion designs.

FF 322 — 20th Century Style for the 21st Century Aesthetic
3 credits; 3 lecture hours
In this course, students explore the cultural history of women's fashion in the Western world from 1900 to present day. Through journal development, they create contemporary designs based on historical research.

FF 323 — Aesthetic Exploration and Development
2.5 credits; 1 lecture and 3 lab hours
Students develop their aesthetic sense and personal style through research and development, study of historical references, fabrications and trims. They explore the relationship of anatomy to fashion silhouette, style exaggeration to the body, attitude and taste level. They create a visual collection of fashion sketches appropriate for their customer's lifestyle needs.

FF 324 — Advanced Portfolio Art Techniques
1.5 credits; 3 lab hours
This course advances students' level of rendering techniques and figure drawing for fashion portfolio preparation. They target drawing and rendering challenges through experimentation with a variety of mediums, and focus on the medium that best expresses their personal style. Models are used periodically to emphasize design and composition.

FF 341 — Computer Art for Accessories Design
1.5 credits; 3 lab hours
Students learn advanced techniques specific to accessories design using Photoshop and Illustrator. Assignments focus on digitally created presentation and rendering techniques.
Prerequisite(s): AR 213 or AR 214 or AR 215 or FF 241 or PH 272 or permission of Accessories Design chairperson.
FF 342 — Digital Children's Wear Design
2 credits; 1 lecture and 2 lab hours
Students advance their creative drawing and presentation techniques through further development of their existing digital skills. They utilize software programs (such as Adobe Creative Cloud and Adobe Design) to digitally produce innovative, cohesive childrenswear collections based on various product categories. They expand their knowledge of the childrenswear market and develop well-designed digital childrenswear presentations.
Corequisite(s): FD 366.

FF 343 — Children's Wear Design
2.5 credits; 1 lecture and 3 lab hours
Students focus their creative abilities on the development of cohesive age-appropriate childrenswear design groups. They create children's figures for various childrenswear size ranges. Students gain expansive knowledge of thei market while designing for various product categories. They develop a proficiency in presenting original, creative design ideas.

FF 344 — Digital Design Identity
1.5 credits; 3 lab hours
Students plan and create high caliber visual content and presentations for use over several digital platforms. Using their knowledge of output platforms to make informed choices, they create presentations that successfully support design point-of-view while effectively engaging their viewers.

FF 345 — Advanced Digital Fashion Design
2 credits; 1 lecture and 2 lab hours
Students build on their existing digital skills as they develop advanced creative techniques using bitmap and vector software (including the Adobe Creative Cloud). Using apparel industry best practices, they focus on accurate and expressive communication of fashion design ideas with an individual voice.

FF 351 — Knitwear Design I
1.5 credits; 3 lab hours
An introduction to knitwear design. Students study the knitting process, including yarns, stitches, patterns, and constructions, to create original design sketches specific to this market. Knit collections are completed in the following categories: performance and seamless knits, body-contouring intimates, cut-and-sew knits, and full-fashioned machine knits.

FF 352 — Knitwear Design II
1.5 credits; 3 lab hours
Students study full-fashioned and cut-and-sew knit design collection in order to create projects designed to focus on current knitwear industry trends. Course assignments incorporate yarn and trend market research, design development, rendering and design sketching of knits, and flat sketching.

FF 353 — Advanced Knitwear Design
2.5 credits; 1 lecture and 3 lab hours
This course covers knitwear market design units for sweater knits; full-fashion and cut-and-sew. Students explore themes for an industry collaboration project, and identify and compare different knit markets, yarns, stitches, fibers, trend, silhouettes and garment construction. Through journals, conceptual design for collections is developed.
Prerequisite(s): FF 311.
FF 361 — Children’s Wear Design
2 credits; 4 lab hours
Students develop a proficiency in sketching children’s figures in the various age/size ranges of the children’s wear market. Design projects are created based on an analysis of the trends, design requirements, and challenges of each age group of clothing, with emphasis on presentation, drawing, and rendering skills.

FF 363 — Design Directions in R-T-W
2.5 credits; 1 lecture and 3 lab hours
This course covers the market category of casual designer sportswear. Students explore sportswear themes for an industry collaboration project, sustainable designs, and an e-commerce streetwear unit. Conceptual design development is utilized to create collections within a journal format. In-store and online research reports are generated. Students develop a body of work representing a variety of presentation formats as utilized in the fashion industry. 
Prerequisite(s): FF 311.

FF 364 — Shapewear and Foundation Design
2.5 credits; 1 lecture and 3 lab hours
This course addresses the intimate apparel markets of foundations, shapewear, seamless shapewear, and novelty coordinates. Conceptual design development techniques are employed to create original designs through concept journaling and creation of a design unit book. Students resolve design challenges and develop a line planning book that incorporates industry presentation formats.
Prerequisite(s): FF 311.

FF 372 — Intimate Apparel CAD
1.5 credits; 3 lab hours
Students learn digital techniques for visually presenting design concepts using over-the-counter software. A special emphasis is placed on renderings of specialty fabrics, trims, and constructions appropriate to specific intimate apparel categories.

FF 373 — Special Occasion Bridal Design
2.5 credits; 1 lecture and 3 lab hours
This course serves as an introduction to the special occasion industry, with particular focus placed on the bridal industry. Utilizing the study of target markets, price points, demographics and a bridal customer’s lifestyle, students create a coherent concept journal and design a portfolio suitable for the bridal industry, including brides, bridesmaid and mother of the bride. Corequisite: FD 368.

FF 391 — Bridal Design: Portfolio
2 credits; 4 lab hours
Students create a coherent design portfolio for the bridal industry by researching target market studies, trend spotting, and analyzing the design philosophies of contemporary bridal designers. Students also develop a personal drawing style and learn to develop design concepts via the fashion sketch to create a design presentation appropriate to the focused market.

FF 392 — Swim/Active Sport Portfolio
2 credits; 4 lab hours
Through the study of active sports and the principles of movement, students develop original design sketches for the serious and recreational athlete. As inspiration for portfolio collections, students conduct internet and in-store market research focusing on swim apparel and active sport product lines.
FF 393 — Portfolio: Sportswear
2 credits; 4 lab hours
Students plan and illustrate original designs for a women’s or children’s sportswear portfolio. Consideration is given to current trends in the sportswear industry and the impact of communication technologies and economic realities of a global marketplace. Students work in an interdisciplinary environment with the option of developing their concepts in digital or manual formats.

FF 394 — Portfolio: Active Wear
2 credits; 4 lab hours
Students plan and illustrate original designs for an active and performance apparel design portfolio for both the women's and children's wear market. Consideration is given to current trends in the industry, the impact of communication technologies, and the economic realities of a global marketplace. Students work in an interdisciplinary environment with the option of developing concepts in digital or manual formats.

FF 395 — Portfolio: Knitwear Design
1.5 credits; 3 lab hours
Students plan and illustrate original designs for a knitwear design portfolio. Consideration is given to current trends and technologies in the knitwear industry. Students work in an interdisciplinary environment with the option of developing their concepts in digital or manual formats.

FF 396 — Senior Portfolio: Intimate Apparel
1.5 credits; 3 lab hours
This course introduces students to the specialized areas of the intimate apparel soft market. Through extensive research, students gain an understanding of the daywear, loungewear, leisurewear, and sleepwear markets. Students develop their original design sketches into a comprehensive portfolio.

FF 397 — Senior Portfolio: Special Occasion
2 credits; 4 lab hours
This course enables students to understand the design process necessary for the execution of a portfolio appropriate for the evening wear and special occasion market.
Prerequisite(s): FF 391.

FF 398 — Outerwear and Performance Apparel Design Portfolio
2 credits; 4 lab hours
Students become familiar with the current outerwear and performance apparel market. They forecast and track trends and create product, storyboards, and spec sheets for various segments of the women’s outerwear and performance apparel industry. Sourcing trims such as hardware and closures is studied.
Prerequisite(s): FF 243 or approval of Fashion Design-Art assistant chairperson.

FF 491 — Internship
2 credits; 2 lecture hours
An unsalaried, 12-week internship in the industry, scheduled individually for a minimum of 87 hours at the worksite and 3 hours on campus. Integrates students' design knowledge with field experience at a specific manufacturer with a company employee as a supervisor/mentor. The Internship Center assists the Fashion Design Department in placement.
FF 492 — E-Portfolio
1 credit; 2 lab hours
Students explore various techniques for integrating existing hand-generated and digital artwork in electronic fashion design presentations. Emphasis is placed on understanding the architecture of the e-portfolio, critical thinking, consistency, and ordering of content. Students learn to create visual databases, catalogues, slide shows, and basic web pages.
Prerequisite(s): FF 393, or FF 394, or FF 395, or FF 396, or FF 397, or approval of Fashion Design-Art assistant chairperson.

FF 493 — Senior Portfolio: Childrenswear Design
2.5 credits; 1 lecture and 3 lab hours
In this course, students develop a professionally executed portfolio that showcases their creative design skills, artistic proficiency, in-dept market knowledge, personal growth, and individuality. Students research, analyze and edit the directional style components of their fashion collection. The portfolio development process refines student creativity through advanced artistic expression of childrenswear collections.
Prerequisite(s): FF 343.

FF 494 — Senior Portfolio: Intimate Apparel Design
2.5 credits; 1 lecture and 3 lab hours
In this course, students develop a professionally executed portfolio that showcases their creative design skills, style proficiency, in-depth market knowledge, personal growth, and individuality. They research, analyze and edit the directional style components of their fashion collections. The portfolio development process helps refine their creativity through advanced artistic expression of intimate apparel collections.
Prerequisite(s): FF 364.

FF 495 — Senior Portfolio: Knitwear Design
2.5 credits; 1 lecture and 3 lab hours
In this course, students develop a professionally executed portfolio that showcases their creative design skills, artistic proficiency, in-depth market knowledge, personal growth, and individuality. They research, analyze and edit the directional style components of their fashion collection. The portfolio development process refines students' creativity through advanced artistic expression of knitwear collections.
Prerequisite(s): FF 353.

FF 496 — Senior Portfolio: Special Occasion Design
2.5 credits; 1 lecture and 3 lab hours
In this course, students develop a professionally executed portfolio that showcases creative design skills, artistic proficiency, in-dept market knowledge, personal growth, and individuality. Students research, analyze and edit the directional style components of their fashion collection. The portfolio development process helps refine their creativity through advanced artistic expression of special occasion collections.
Prerequisite(s): FF 373.

FF 497 — Senior Portfolio: Sportswear Design
2.5 credits; 1 lecture and 3 lab hours
In this course, students develop a professionally executed portfolio that showcases creative design skills, artistic proficiency, in-dept market knowledge, personal growth, and individuality. Students research, analyze and edit the directional style components of their fashion collection. The portfolio development process helps refine their creativity through advanced artistic expression of sportswear collections.
Prerequisite(s): FF 363
Corequisite(s): FD 462.
FI: Film and Media Studies (See also FX)

**FI 111 — Introduction to Film**
3 credits; 2 lecture and 2 lab hours
This course provides students with the tools to analyze moving image presentations in an academic setting or as a filmmaker. Students examine the uses of camera, editing, sound and elements of the production design as they create meaning in film images and narratives. Examples are drawn from a full range of feature films, documentaries, other forms of entertainment and advertising, whether delivered theatrically, through television or over the Internet. (Formerly LA 141) (G7: Humanities).

**FI 200 — Bollywood and the Making of India**
3 credits; 2 lecture and 2 lab hours
Bollywood cinema has played a significant role in managing euphoria, as well as political, social and religious crises confronting postcolonial India following partition, independence, globalization, and the rise of populism. In so doing, it captures and reflects anxieties and aspirations about an idea—a unique experiment called India. This class studies Bollywood movies, their history, and their connections with the world.

**FI 201 — Principles of Costume for Filmmakers**
3 credits; 3 lecture hours
Costumes support a director’s vision and an actor’s performance by revealing idiosyncrasies of character, mood and social status. Topics range from analyzing scripts, to researching modern dress and period wardrobe, to imagining the style of inhabitants of an imagined world. (G6: The Arts).

**FI 202 — Mafia Movies: Crime and Corruption in Italian Popular Culture**
3 credits; 2 lecture and 2 lab hours
This course looks at Italian film and television representations of the Mafia. Students view selected films and analyze them within the context of the historical and social development of organized crime in Italy. Texts discussed also include novels, historical studies, film criticism, photography, documentaries, and popular songs.

**FI 203 — African-American Film Culture**
3 credits; 2 lecture and 2 lab hours
A broad survey of the complex intersections between film culture and African-American society from the late 19th century to present. This course examines the various ways African Americans have both contributed to and been imaged by cinema – both within and outside of Hollywood filmmaking – while also exploring larger issues of aesthetics and identity. (G7: Humanities).

**FI 204 — Martial Arts Cinema and its Global Impact**
3 credits; 2 lecture and 2 lab hours
This course introduces representational martial arts films, directors and stars from around the world to investigate the transformation, diversification, ongoing appeal and globalization of this evolving genre. Close attention will be paid to formal and stylistic aspects of films in terms of their historical, transnational, and socio-cultural contexts. Prerequisite(s): EN 121 or ES 129 or equivalent.

**FI 206 — Mexican Cinema: Between The National and The Global**
3 credits; 2 lecture and 2 lab hours
This course is cross-listed with MC 205. Students analyze films produced in Mexico from the 1930’s to the present; from the nationalistic underpinnings of earlier productions to contemporary transnational ventures intended to for globalized market. This course considers how Mexico’s history and socioeconomic features inform the aesthetics of Mexican cinema.
FI 207 — Devouring the Screen: Food in Film  
3 credits; 2 lecture and 2 lab hours  
An exploration of world cinema through the theme of gastronomy. Students learn how food is depicted across various cinematic genres and cultural contexts. Analysis focuses on the development of the “food film” and how cinematic and televisual representations of food communicate issues of gender, economics, politics, sexuality, and ethnic identity.

FI 208 — Film Genres: Zombies, Viruses, and the End of the World  
3 credits; 2 lecture and 2 lab hours  
Since the 1990s, American movies, TV shows, and books have been filled with zombie viruses, bioengineered plagues, and disease-ravaged bands of survivors. Students analyze why outbreak narratives have infected our public discourse and how they have affected the way Americans view the world.

FI 209 — History of American Television  
3 credits; 2 lecture and 2 lab hours  
This course is a critical survey of the history of American television, from its birth out of radio during 1940s to the present, with its seemingly infinite options for platforms and content. While television programs will be surveyed in terms of chronology, this course also examines them as cultural artifacts and industrial products that reflect such issues as class, consumerism, gender, desire, race, and national identity. (G7: Humanities).

FI 210 — Film Genres: Cult Cinema  
3 credits; 2 lecture and 2 lab hours  
Cult films are difficult to define or categorize. Whether certain cult films are intentionally self-designated, or whether alternative audiences see worth in what mainstream cinemagoers have found unpalatable or distasteful, the “culture of cult” requires a more attentive approach.

FI 211 — Brazilian Cinema: Inventing Places and Spatial Myths  
3 credits; 2 lecture and 2 lab hours  
Students analyze films from diverse periods in Brazilian cinema through a series of places that explore geographic and symbolic spaces in the nation’s cultural imaginary. The City, The Backlands, The Amazons, and the topic of Nomadism are studied considering aspects of Brazilian culture related to race, gender and social class.

FI 212 — Drag and Cross-Dressing in Cinema  
3 credits; 2 lecture and 2 lab hours  
This lecture/screening class examines the idea of clothing as a cultural performance, as it intersects with gender as masquerade. It will explore the relationships between cross-dressing and theatricality, the way in which clothing constructs (and deconstructs) gender and gender differences, and the performativity of gender.

FI 220 — The Writers’ Room: What Makes Great Television?  
3 credits; 3 lecture hours  
Writing for television is a collaborative process. Students produce spec television scripts and a polished original pitch, developing the ability to give and receive appropriate feedback early in the creative process.  
Prerequisite(s): FI 256 or EN 266.

FI 221 — History of Film, Beginnings to 1959  
3 credits; 2 lecture and 2 lab hours  
This course presents an overview of cinema history from its beginning to 1959 and provides students with the basic tools for analyzing the art of film. Students view representative films from major movements and study the uses of camera, editing, lighting, and sound. (Formerly EN 255)  
(G7: Humanities) Pre-requisite(s): EN121 or equivalent.
FI 222 — History of Film, 1960-2000
3 credits; 2 lecture and 2 lab hours
An overview of global cinema history from 1960-2000, with attention to cultural, political, economic, and technological forces. Trends within the U.S. are studied—changing genres, independent filmmakers, and the dominance of Hollywood blockbusters—along with influential European art cinema and the important cinema waves of Asia, Africa, and Latin America. Prerequisite(s): FI 111.

FI 223 — Women Make Movies: A History of Women’s Filmmaking
3 credits; 2 lecture and 2 lab hours
Students analyze the work of women filmmakers from the earliest days of the silent cinema to the late 1970s. Emphasis is placed upon recuperating women’s historical contributions to the motion picture arts as well as exploring the creative processes of individual artists. (G7: Humanities).

FI 224 — Avant-Garde Film
3 credits; 2 lecture and 2 lab hours
This course is cross-listed with HA 217. This course is a survey of major moments in avant-garde film from 1895 to the present. Through readings and discussions, students explore theories of avant-gardism, and study how such films are expressions of the historical, cultural, and philosophical contexts of their production. (G7: Humanities)
Prerequisite(s): FI 111 or HA 112.

FI 225 — Latin American Cinema and Resistance
3 credits; 2 lecture and 2 lab hours
Students are introduced to Latin American cinema, considering the pivotal role of diverse forms of resistance, focusing on issues crucial to understanding the continent’s cinematic creation, including cultural identity, race, ethnicity and gender. They develop a critical understanding of the evolution of Latin American film practices since the 1960s to current trends.

FI 231 — History of Documentary Film
3 credits; 2 lecture and 2 lab hours
Provides a historical overview of the documentary form as its evolved through history. Ethnographic and propaganda films, social documentaries, cinema verite, and first person biographies will be examined. Students investigate the issues of truth and representation, and critique films from the perspective of feminist theory, cultural anthropology, and general film history and theory. (Formerly LA 244)
Prerequisite(s): FI 111.

FI 234 — Film Genres: Horror
3 credits; 2 lecture and 2 lab hours
This course is cross-listed with HA 251. This course provides an international historical survey of the horror film from the early 20th century to the present. Through screenings and readings from a range of authors, students analyze formal and thematic elements of the horror genre in relation to historical, social, and aesthetic contexts. (G6: Arts; G7: Humanities).

FI 241 — History of Russian and Soviet Cinema
3 credits; 2 lecture and 2 lab hours
This course is cross-listed with HA 252. This course is a survey of films produced in prerevolutionary Russia, the Soviet Union, and post-Soviet Russia, from the earliest silent films to the present. Students view selected films and analyze them within historical, social, and aesthetic contexts. (G6: Arts; G7: Humanities).
FI 243 — Television Genres
3 credits; 3 lecture hours
This course is an introduction to the concept of genre in television. Students analyze ways in which individual genres have been used by media producers and consumers, as well as exploring the processes through which television genres evolve as they respond to developments in the television industry and shifts in culture. Gen Ed: Humanities (G7).

FI 244 — Major Movements in Chinese, Japanese and Korean Film
3 credits; 2 lecture and 2 lab hours
This course is cross-listed with EN 257. This course is an introduction to major film directors, movements, and genres from China, Taiwan, Hong Kong, Japan, and South Korea. Formal and stylistic aspects of films as well as their historical, transnational, and sociocultural contexts are addressed. Students discuss and write critically about East Asian film.
Prerequisite(s): EN 121 or ES 129 or equivalent.

FI 245 — Chinese Cinema
3 credits; 2 lecture and 2 lab hours
This course is cross-listed with EN 281. Students are introduced to major film directors, movements, and genres from China, Taiwan, and Hong Kong. They discuss and write critically about Chinese film, with close attention paid to the formal and stylistic aspects of film, and their historical, transnational, and sociocultural contexts.
Prerequisite(s): EN 121 or ES 129 or equivalent.

FI 246 — Italian Cinema
3 credits; 2 lecture and 2 lab hours
This course is cross-listed with MC 251. Students survey the defining elements of Italian cinema from inception to contemporary Italian cinematic practices. Screenings include Neorealist masterpieces, cinema d’autore, commedia all’italiana, spaghetti Westerns, and contemporary Italian films.

FI 256 — Screenwriting I
3 credits; 3 lecture hours
This course is cross-listed with EN 266. This course introduces the practice of writing fiction for the screen, focusing on the short film. In a workshop setting, students explore a range of approaches to the short screenplay, from traditional to innovative, and use examples from a variety of genres and geographical origins.
Prerequisite(s): EN 121 or ES 129 or equivalent.

FI 262 — Costume and Fashion in Film
3 credits; 2 lecture and 2 lab hours
This course is cross-listed with HA 347. This course surveys the history of costume design in films from 1895 to the present. Through screenings, museum visits, and readings, students view the work of leading costume and fashion designers and explore the connections between film and related visual art and media. (G7: Humanities).

FI 271 — Fans and Fandom in the Internet Age
3 credits; 3 lecture hours
This course examines fans and fandom within the context of the history and evolution of mass media and participatory culture. Students explore fan communities as subcultures with their own social structures and cultural practices and engage their origins in cults, celebrity culture, and technological change and innovation.
FI 272 — Introduction to Television Studies
3 credits; 3 lecture hours
This course analyzes the medium of television in terms of its history, narrative, style, technique, editing, sound, and representation. Students view programs from the 1950s to the present, marking and investigating TV’s transformations as it moves with and creates cultural history. Students acquire and use skills for reading television in terms of its production and signification. Prerequisite(s): EN 121 or ES 129 or equivalent.

FI 273 — The Other Hollywood: Film in New York
3 credits; 2 lecture and 2 lab hours
This course examines New York’s significance in the history of American film. As the birthplace of the industry, the city has been a seedbed for innovation in documentary, avant-garde and independent film, as well as an icon in Hollywood cinema. (Formerly LA 247) Gen Ed: Humanities (G7).

FI 299 — Independent Study - Film & Media
1-3 credit

FI 300 — Digital Storytelling: Creating A Web Series
3 credits; 2 lecture and 2 lab hours
Focuses on serialized storytelling using video, images, audio and text, to post engaging and compelling online stories. Students research current trends in online storytelling, develop a vocabulary for critical analysis of current practices, and build on their existing knowledge of production tools to create their own Web series. (G6: Arts).

FI 301 — The Film Auteur
3 credits; 2 lecture and 2 lab hours
Films of directors are studied through the lens of “authorship,” a critical approach emphasizing the cinematic language and vision of a filmmaker in the body of their work. Each semester the films of one or two different directors will be examined. Prerequisite(s): FI 111.

FI 320 — Major Directors: Federico Fellini
3 credits; 2 lecture and 2 lab hours
Federico Fellini’s highly personal films consistently expand the boundaries of cinematic narratives and visual imagination. This course traces the development of Fellini’s work from the 1940s to the 1990s, and examines his many contributions to the craft, art, and to the language of cinema. Prerequisite(s): FI 111.

FI 321 — Film Theory and Criticism, An Introduction
3 credits; 3 lecture hours
Students are introduced to the major issues and movements in film theory and criticism. Examining key issues such as the relationship between film representation and reality and the roles of image, narrative, and the industrial infrastructure, students learn to place critical statements about film into a theoretical discussion that has flourished since the early days of silent film. (G7: Humanities) Prerequisite(s): FI 111.

FI 322 — Major Directors: Alfred Hitchcock
3 credits; 2 lecture and 2 lab hours
This course provides an in-depth study of the films of Alfred Hitchcock, which are examined within the context of his life and the Hollywood system. Students learn the concepts of auteur theory by focusing on Hitchcock’s storyboarding method, his stylistic and cinematic technique, and his innovative use of editing and sound. (Formerly LA 443) Gen Ed: Humanities (G7).
FI 323 — Sexuality in Cinema
3 credits; 2 lecture and 2 lab hours
This lecture/screening course examines the representation of sexuality in cinema as it’s been constructed by Hollywood, independent filmmakers and contemporary media artists. Starting with early cinema and moving through the Hays Code era, the radical ‘60s, and into contemporary times, students view works that portray multiple forms of sexuality and gender identity, while contextualizing it with the politics of its time.

FI 324 — The Romantic Comedy
3 credits; 2 lecture and 2 lab hours
This course surveys romantic comedy from the early sound era to the present, considering how cultural anxieties about gender, class, and marriage influenced the representation of sex, love and courtship rituals; interrelations between stardom and authorship; and the changing nature of cinematic sexuality after World War II. (G7: Humanities).

FI 325 — Major Directors: Akira Kurosawa
3 credits; 2 lecture and 2 lab hours
This course examines selected works by the great Japanese director Akira Kurosawa, tracing the evolution of his personal cinematic style from the end of World War II to the 1970’s. Through study of Kurosawa’s choices of subject, talent, camera work, music, production design and editing, students learn what made Kurosawa so innovative and significant.
Prerequisite(s): FI 111.

FI 326 — Major Directors: Charlie Chaplin and Frank Capra
3 credits; 2 lecture and 2 lab hours
This course examines the work of two seminal directors of classic Hollywood who profoundly influenced American culture: Chaplin’s “tramp” persona became an instrument of acute social criticism and broader humanist reflection; Capra’s beleaguered “common-man” protagonists brought issues of new deal politics to the pinnacle of box-office popularity. (G7: Humanities) Prerequisite(s): FI 111.

FI 331 — Film Genres: Crime Stories
3 credits; 2 lecture and 2 lab hours
This course examines interrelationships in film and literature, focusing on “Crime Stories” – novels and cinematic adaptations that tell stories of crimes from differing points of view, starting with the detective, moving toward the criminal, and ending with the victims. Students study a variety of crime genres: the whodunit, the film noir, the docudrama, the neo-noir and the metafiction. (Formerly LA 342) (G7: Humanities).

FI 332 — The Science Fiction Film
3 credits; 2 lecture and 2 lab hours
This course examines the science fiction film from its beginnings. Students analyze the genre’s merits and flaws, conventional narrative themes and iconography, relevance, and fundamental departures from science fiction literature. They explore how science fiction films mirror the social and political environment of their time. (G7: Humanities).

FI 333 — Film Genres: Animation
3 credits; 2 lecture and 2 lab hours
In this history of animation course, students gain an understanding of animation as an art form and as a series of ideological texts to be read and interpreted within the context of the cultures that produced them. (G6: The Arts; G7: Humanities).

FI 334 — Film Genres: Films of the Supernatural
3 credits; 2 lecture and 2 lab hours
This course examines films that involve the supernatural, frequently a subgenre of the horror film. Students explore story conventions, iconography, and the relationship to cultural and literary foundations from which these films derive. (G7: Humanities).
FI 335 — Emotion Pictures: Film and Television Melodrama
3 credits; 2 lecture and 2 lab hours
Students are introduced to the genre of melodrama and its development from the silent era through the present day. Students analyze formal and thematic elements, with a focus on political and social-cultural contexts: Screenings include classical Hollywood pictures, soap operas, telenovelas, and films from Asia, Europe, and Latin America.
Prerequisite(s): any FI, HA or MC course.

FI 341 — French Cinema
3 credits; 2 lecture and 2 lab hours
Students are introduced to the rich legacy of French Cinema, from its early days in silent film to Surrealism and Poetic Realism between World War I and World War II to its position of influence with the New Wave in the 1960s. The political cinema of the 1970s is examined, as well as today’s new French filmmakers. (G7: Humanities).

FI 342 — Contemporary Korean Cinema
3 credits; 2 lecture and 2 lab hours
This course is an introduction to South Korean cinema from the late 1980s to the present. Students study the concept of New Korean Cinema, the rise of the domestic film industry and auteurs, and the emergence of blockbusters and their growing regional and international recognition. (Formerly LA 251) (G7: Humanities; G9: Other World Cultures).

FI 343 — Contemporary Chinese Cinema (Honors)
3 credits; 2 lecture and 2 lab hours
This course is cross-listed with EN 382. An introduction to the contemporary cinemas of Mainland China, Taiwan, Hong Kong, and the Chinese Diaspora, this course focuses on selected major directors, movements, and genres from the 1990s to the present. Students study the formal and stylistic aspects of films as well as their historical, transnational, and sociocultural contexts. (G7: Humanities; G9: Other World Civilizations)
Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

FI 356 — Screenwriting II
3 credits; 3 lecture hours
This course is cross-listed with EN 366. This course focuses on elements of screenwriting for feature-length films, including story concept, three-act structure, the world of the story, protagonist and antagonist, conflict, characterization, scene development, and dialogue. Students formulate individual projects, from pitching a story to presenting a synopsis, preparing an outline, and writing a screenplay. The business end of screenwriting is discussed and students meet film industry professionals. (G6: Arts).
Prerequisite(s): EN 266 or FI 256.

FI 400 — Screenwriting III
3 credits; 3 lecture hours
Building on skills and projects developed in previous screenwriting courses, students successfully complete feature-length scripts. They refine their understanding of story concept, structure, protagonists and antagonists, conflict, characterization, scene development, and dialogue.
Prerequisite(s): FI 356 or EN 366.

FI 499 — INDEP STUDY - FILM & MEDIA
1-3 credit
FM: Fashion Business Management

FM 000 — FASHION BUYING/MERCHANDISING
3 credits; 3 lecture hours

FM 100 — Fashion Industry Fundamentals
3 credits; 3 lecture hours
This course covers the evolution of fashion, market segmentation, relationships between industry sectors and retailers. Students will explore career paths and emphasize the importance of personal branding. Studies will culminate by exploring the global supply chain from concept to consumer focusing on sustainability and ethics.

FM 108 — First Year Experience I
3 credits; 3 lecture hours
This course covers the evolution of fashion and the relationships between fashion industry sectors. This will enable students to begin formulating their career path and emphasize the importance of “Brand You”. Technology platforms widely used in the industry are introduced providing the skills for a successful college experience.

FM 109 — First Year Experience II
3 credits; 3 lecture hours
This course is the second part of the FYE series. It delves into the history of retailing and retailers concentrating on their strategies and positioning with regard to their various store type. It explores the global supply chain from concept to consumer with a focus on sustainability and ethics. Prerequisite(s): FM 108.

FM 110 — Product Elements and Principles
2 credits; 1 lecture and 2 lab hours
Students learn the key components necessary for development of fashion apparel products. They gain experience in identifying apparel construction techniques, fabric strategies, product processes, bill of materials (costing), global sourcing, and learn key apparel terminology to develop garment prototypes. Corequisite(s): TS 110.

FM 114 — Introduction to the Fashion Industry
3 credits; 3 lecture hours
This survey covers the history, characteristics, and global interrelationships of all segments of the fashion industry. The course explores how fiber, textile, and apparel producers, retailers, and home furnishings companies merchandise and market their products within the industry and to the ultimate consumer.

FM 116 — Fashion Business Practices
3 credits; 3 lecture hours
A comprehensive introduction to the modern fashion business environment with insight to the structures, finances, management, leadership, organization and ethical responsibilities of varied global fashion enterprises. Emphasis is placed on careers, job descriptions and the preparation necessary for a successful career in the fashion business.

FM 144 — Product Knowledge for Merchandising
3 credits; 3 lecture hours
Familiarizes students with the terminology and characteristics of merchandise of non-textile fashion accessories and home furnishings at all price levels. Enables retail buyers, product developers, and wholesale salespersons to differentiate criteria for price and quality.
FM 201 — Social Media Applications for Fashion Business
3 credits; 3 lecture hours
Students explore the social media platforms used by the fashion business industry. Course assignments emphasize blogging, vlogging, Instagram, Snapchat, Facebook, Pinterest, and any emerging social media platforms.

FM 203 — Business Intelligence in Planning and Buying
3 credits; 3 lecture hours
This course addresses business analytics used by merchants, product developers, planners, wholesale sales, and more. Students are prepared to think critically, measure, and analyze the financial elements (key performance indicators) used in the fashion business. Prerequisite(s): Mathematics Proficiency.

FM 204 — Innovation in Product Development
3 credits; 3 lecture hours
Introduces students to the processes of apparel product development, including planning, forecasting, fabric, silhouette, size specifications, pricing, and sourcing. Students examine the best practices and innovative approaches for apparel product development in the apparel fashion industry in order to compete in today’s competitive retail environment. Prerequisite(s): FM 110.

FM 205 — Fashion Marketing and Digital Technology
3 credits; 3 lecture hours
Focuses on marketing in the context of the global fashion industry. Topics include research, analysis, market segmentation, target customer identification, the marketing mix, strategic planning, brand strategy and positioning, customer relationships, social media, and mobile marketing, as well as the use of online analytics and new technologies.

FM 206 — Strategies of Merchandising
3 credits; 3 lecture hours
Strategies of Merchandising I is the Capstone course for the AAS degree in Fashion Business Management. Its focus is on developing merchandise strategies to effectively buy, plan and merchandise a retail business in stores and on a website. Students will gain experience by actively developing merchandise plans using industry analytics. Prerequisite(s): FM 203 or FM 224.

FM 207 — Retail Strategies
3 credits; 3 lecture hours
Explores current practices in the retail industry. Topics and disciplines include retail landscape, channel classification, industry segments, retail market strategies, data analytics, customer relationship management, financial strategy, supply chain structures and retail management.

FM 213 — Direct and Digital Marketing for Fashion Business
3 credits; 3 lecture hours
Presents a comprehensive overview of the direct marketing industry, including its various components and career opportunities. Through the use of case studies and/or assignments, students learn strategic planning: how to choose and merchandise a product, pinpoint a target audience, develop marketing tests, and analyze results. Students are also introduced to the various electronic vehicles currently used in this ever-changing industry.

FM 222 — Import Buying
3 credits; 3 lecture hours
Analyzes key factors in developing import programs, distribution of products, market sources, financing, and aspects associated with apparel and other imported products. The impact of imports on domestic apparel businesses is examined. Prerequisite(s): FM 108.
FM 223 — Creative Fashion Presentations
3 credits; 3 lecture hours
Students prepare and present fashion information through clinics, shows, and written communiques. They learn how to research, analyze, and forecast fashion trends. Awareness of career opportunities in the fashion industries is fostered.
Prerequisite(s): FM 108.

FM 226 — International Buying and Marketing
3 credits; 3 lecture hours
Students, under faculty supervision, visit principal European cities to study the factors involved in fashion marketing and the international customer’s attitudes about fashion. Discussions involve methods, practices, and reasons for importation and exportation. Students are expected to complete written assignments. Approximately three weeks in June.
Prerequisite(s): Approval of instructor.

FM 228 — The Business of Fashion Styling
3 credits; 3 lecture hours
In the course, students explore the role of a fashion stylist as it applies to the field of merchandising. They learn about career opportunities in fashion styling and wardrobe consulting. The business requirements and entrepreneurial opportunities in the field of fashion styling are explored.

FM 231 — Strategies of Selling
3 credits; 3 lecture hours
Principles of personal selling techniques, presentation skills, the art of persuasion, negotiating, and account building in the wholesale markets are developed through lectures and workshops.

FM 245 — Fashion Forecasting for Merchandisers
3 credits; 3 lecture hours
Students explore and apply various forecast research methods in preparation for developing, planning, purchasing, or merchandising fashion product lines and collections. Trend research is evaluated through the use of forecast service databases, and relevant fashion related business articles and websites to identify opportunities for growth and profitability in fashion businesses.

FM 251 — Small Store Fashion Retailing
3 credits; 3 lecture hours
Enables students to understand the procedures of organizing a small fashion retail enterprise and to become aware of the decision-making inherent in successful small-store merchandising. Students develop a model for a small fashion retail store.
Prerequisite(s): FM 108.

FM 299 — INDEP STDY FASH BUY/MERCH
1-3 credit

FM 300 — Case Study Method: Fashion Business Applications
3 credits; 3 lecture hours
Introduction to methodology strategies for fashion business cases. Research and identification of current internal and external environmental factors and business trends for solving fashion business cases. Aspects of the fashion industry are reviewed through various cases and current industry issues.

FM 303 — Fashion Business Law
3 credits; 3 lecture hours
This course provides a practical introduction to the legal environment of the fashion industry. Students learn to anticipate and manage the key legal issues and problems faced by fashion designers and companies from the start-up phase through branding, sourcing, sales, and distribution phases.
FM 304 — Business of Virtual Merchandising
3 credits; 3 lecture hours
This course focuses on the changes in retail merchandising for: wholesale showrooms, retail visual merchandising, and online platforms; B2B and B2C business models. This student experience in working in a virtual merchandising environment will be gained through the use of ByondXR Virtual Showroom Platform. This course applies cloud based virtual software that students will use to create virtual showrooms for wholesale and retail brands. Students will apply their skills to merchandise collections, plan and allocate product, and create visual merchandising presentations all in a virtual setting.

FM 305 — The Business of Building a Fashion Brand
3 credits; 3 lecture hours
The Business of Building a Fashion brand explores concepts and skills in creating and launching a fashion brand. Students utilize classroom activities to simulate the business activities and strategies relevant to brand development including concept development, understanding target audience, manufacturing decisions, digital marketing and trademarking, pricing and profit strategies.
Prerequisite(s): EN 121 or ES 129 or equivalent.

FM 312 — Innovative Business Leadership
3 credits; 3 lecture hours
The course explores applications of innovative leadership skills required to manage people and projects. A combination of leadership styles influences key outcomes for the creative fashion industries. Special leadership topics currently faced by the fashion industry are examined. Business strategy development framework models to assess current performance are used.

FM 322 — Fashion Inventory Management
3 credits; 2 lecture and 2 lab hours
In computer simulations and using advanced functionality in Excel, students make decisions involving inventory models, inventory replenishment, and seasonal and long-term replenishment strategies. Using the case study method, students learn to manage a business by developing seasonal financial plans, creating store plans, and balancing multi-store inventories.

FM 324 — Business of Licensing
3 credits; 3 lecture hours
Students examine the business aspects of licensing as they apply to the fashion industry, from licensing assignments through the merchandising approval process. Appropriate skills for negotiating and planning licensed product lines are developed. Business and career opportunities with manufacturers, retailers, product developers, and designers of licensed fashion merchandise are explored.

FM 325 — Financial Assortment and Planning
3 credits; 2 lecture and 2 lab hours
A comprehensive study of financial and merchandise assortment plans utilizing JDA Enterprise Planning software. Business trends, along with historical data, will be used to construct a six-month plan that achieves the financial goals of the department for all key metrics. In-season strategies will be developed to address current business projections.

FM 326 — Sustainability in Fashion Merchandising
3 credits; 3 lecture hours
Using the case study method and primary research, this course enhances student knowledge of sustainability issues. Attention is also paid to the fiscal implications of implementing sustainability initiatives, illustrating that sustainability and profit are not mutually exclusive.
FM 328 — Merchandising for Multichannel Retailing
3 credits; 3 lecture hours
This course covers Multichannel retailing, which is rapidly gaining momentum in the industry as consumers gain control of the shopping experience and demand to shop everywhere and in every way. The course looks at how e-commerce and social commerce, as well as mobile devices and tablets, are revolutionizing the role of the brick-and-mortar store to create a seamless shopping experience.
Prerequisite(s): FM 203 or FM 224 and FM 206 or FM 225.

FM 329 — Predictive Analytics for Planning and Forecasting (Interdisciplinary)
3 credits; 2 lecture and 2 lab hours
This is an interdisciplinary course cross-listed with MA 329. This course provides students interested in predictive analytics with an understanding of statistical applications to retail merchandising with a focus on case studies from the company Planalytics. Students apply time series analysis to case studies to understand how analytics techniques lead to stronger sales, fewer markdowns and improved gross margins.
Prerequisite(s): MA 222.

FM 330 — Data Insights and Fashion Analytics
2 credits; 1 lecture and 2 lab hours
Various social media platforms and databases are used as part of the big data conversation to understand and quantify consumer sentiment on fashion apparel before financial decisions and strategies are finalized. Data Insight and predictive analytics are employed in order to maximize revenue and margin. Critical thinking is required to analyze, interpret and incorporate data into the final merchandise assortment plan.

FM 331 — Technology and Transformation in Fashion Management
3 credits; 3 lecture hours
Let’s reimagine fashion! The metaverse is changing the fashion business, and the industry is poised to build upon the blockchain revolution. Digital identities, the Internet of Things, and robotics are altering the nature of fashion products. This course explores these exciting technological transformations and their implications for fashion business practices.

FM 341 — Computer-Aided Product Development I
3 credits; 2 lecture and 2 lab hours
This course examines how technology is used to create, merchandise, and communicate during each phase of the product development process. It focuses on the creative and analytical phases of product development, including trend research, data analytics, sourcing for color, silhouette, and patterns, and assortment planning.

FM 361 — Leadership Development for Retailing
3 credits; 3 lecture hours
A comprehensive study of the leadership skills inherent to being an effective, efficient manager in retail today. Students learn the effect of an organization’s culture on the management process and how it is viewed from a global perspective. Decision-making, planning and strategic management, driving change and innovation, controlling, and managing communication and information technology are also studied.

FM 362 — Dynamics of Store Operations Management
3 credits; 3 lecture hours
This course identifies the divisions of retail management from the store operations perspective. Specific areas of operations management are analyzed. Students compare and contrast management practices among retailers using skills gained from roundtable discussions with industry executives and field trips.
Prerequisite(s): FM 361.
FM 363 — Corporate Social Responsibility
3 credits; 3 lecture hours
Using case studies, students gain an understanding of the importance of corporate ethics and of the ethical challenges faced by retailers, marketers, and manufacturers in the United States. Also addressed are the ways a company manages its retail business processes to produce a positive impact on society, and how it integrates social, ethical, and environmental concerns with retail profit objectives.

FM 380 — Special Topics in Fashion Business Management Studies
0 credits

FM 380A — Special Topics in FBM: Case Study in Distributors- Amazon
3 credits; 3 lecture hours
Amazon challenges whole industries on a weekly basis. It has changed how the publishing, retail, fashion, grocery, tv/cable, technology, delivery, banking, pharmaceutical businesses operate, and the list continues to grow. This class will dissect these aspects of how Amazon’s business makes this all possible as well as explore how it has turned the investment world upside-down and revolutionized what “business-as-usual” means.

FM 422 — Merchandising Strategies
3 credits; 3 lecture hours
This is the capstone course for B.S. degree students, which integrates the skills and knowledge acquired in previous FM and related courses. Working in teams, students research financial, merchandising and competitive data and combine with information provided by executives from various retail organizations. Students articulate merchandising strategies in a final presentation. Prerequisite(s): MA 300 or MA 311 or MA 321 or MA 322 or MA 331.

FM 423 — Fashion Planning and Allocation
3 credits; 2 lecture and 2 lab hours
Students assume the roles of merchandise and location planners and allocators for a multi-door retailer. Using the case study method, students utilize industry technology and advanced Excel applications to analyze and evaluate data to develop allocation strategies to support seasonal assortments and location plans. Prerequisite(s): FM 322 or FM 329 or MA 329.

FM 424 — Global Merchandising
3 credits; 3 lecture hours
This course explores the multiple merchandising practices used around the world in fashion apparel companies—both retail and wholesale. American merchandising theory is used as a base of comparison in the consideration of various religions, cultures, legal systems, and other global systems. Prerequisite(s): FM 361.

FM 431 — Sales Management
3 credits; 3 lecture hours
This course includes the formulation of strategic sales programs for manufactured products and services. Students implement sales programs and evaluate control of the organization’s sales activities. The course blends dynamic processes composed of interrelated sections, all geared to reach the sales objectives.

FM 441 — Computer-Aided Product Development II
3 credits; 2 lecture and 2 lab hours
This course applies web-based content and computer applications during product development. Students implement professional technical packages including bill of materials, construction details, specifications, cost sheets, etc., based on the creative content from FM 341. Prerequisite(s): FM 341.
FM 480 — Special Topics in Fashion Business Management Studies
0 credits

FM 480A — Special Topics in FBM: Structural Racism & Challenges of Diversity in the Fashion Business Retail Industry
3 credits; 3 lecture hours
This course explores structural racism in the fashion industry from a historical and scholarly perspective. Prominent themes include Reconstruction, Jim Crow and how the Civil Rights Movement desegregated fashion retail stores. The rich contributions of Black designers such as Elizabeth Keckley and Ann Lowe frame a significant historical narrative.

FM 492 — International Product Development Practicum
4 credits; 4 lecture hours
In this course students apply principles learned in FM 244 to an international work experience in collaboration with an industry sponsor. They simulate the development and sourcing of a product in overseas factories. Offered in summer and winter only.
Prerequisite(s): FM 110 and FM 204 or FM 244.

FM 499 — Independent Study in Fashion Merchandising Management
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Business and Technology.

FR: French

FR 111 — French I
3 credits; 2 lecture and 2 lab hours
This introductory course enables students with no background in French to communicate with French-speaking people. The basic skills of speaking, reading, and writing in French are established and the cultures where French is spoken are introduced. All new grammatical, syntactical and phonetic skills covered in course lectures will be further developed in a multimedia environment.

FR 112 — French II
3 credits; 2 lecture and 2 lab hours
Students expand upon the skills established in French I and continue to study the cultures where French is spoken. All new grammatical, syntactical and phonetic skills covered in course lectures will be further developed in a multimedia environment.
Prerequisite(s): FR 111 or equivalent.

FR 122 — French Conversation I
3 credits; 3 lecture hours
Students learn to converse in French by interacting in real-life situations. Functional and practical verbal communications are addressed, with a focus on the cultures where French is spoken. Course also taught in Paris in Winter and Summer Sessions.
Prerequisite(s): FR 111 or equivalent.

FR 132 — French in Paris
3 credits; 2 lecture and 2 lab hours
Provides an opportunity for total immersion in French and for developing an awareness of the people, culture, and history of Paris and France. Continuation of the practice, development, and use of the basic spoken and written structures of contemporary French. Emphasis is placed on immediate active use of the language as an instrument of communication. Four days per week for four weeks in June.
Prerequisite(s): FR 112 or equivalent.
FR 213 — French III
3 credits; 2 lecture and 2 lab hours
This intermediate course is designed to review and refine students' communication skills in French. Supplementary reading materials (including poetry, short stories, and magazine and newspaper articles), films, and videos further students' knowledge of French culture. All new grammatical, syntactical and phonetic skills covered in course lectures will be further developed in a multimedia environment.
Prerequisite(s): FR 112 or equivalent.

FR 214 — French IV
3 credits; 2 lecture and 2 lab hours
Building on French III, students refine their communication skills in French. More advanced supplementary reading materials (including poetry, short stories, and magazine and newspaper articles), films, and videos further the students' knowledge of French and Francophone cultures. All new grammatical, syntactical and phonetic skills covered in course lectures will be further developed in a multimedia environment.
Prerequisite(s): FR 213 or equivalent.

FR 223 — French Conversation II
3 credits; 2 lecture and 2 lab hours
Conversational ability in French is further developed and refined by emphasizing interaction in real-world situations. Advanced functional and practical verbal communications are addressed, with a focus on the cultures where French is spoken.
Prerequisite(s): FR 112 or equivalent.

FR 315 — Introduction to French Literature
3 credits; 3 lecture hours
Introduces students to the history of French literature from the Middle Ages to the 19th century. Examines major French authors in the genres of poetry, the novel, and theater, and emphasizes literary analysis through discussion. Films, recordings, and other media are used to illuminate the works studied. Conducted entirely in French.
Prerequisite(s): FR 214 or equivalent (G8: Foreign Language).

FR 499 — Independent Study French
1-3 credit

FS: Fabric Styling

FS 312 — Research Techniques
1.5 credits; 1 lecture and 1 lab hour
Students explore and use a wide range of research materials to develop new designs. Special focus is on historical reference in order to apply and adapt designs to current markets.

FS 323 — Beginning Digital Design for Stylists
3 credits; 6 lab hours
Students develop color, trend and style boards using Adobe Photoshop or other relevant technologies. Through the development of computer aided design skills, students create digital presentations based on the analysis of trend and market research.

FS 324 — Digital Design and Page Layout
3 credits; 6 lab hours
Students create original digital surface designs using vector software. They manipulate color and create repeat patterns using Adobe Illustrator or other current technologies. Single page and multipage promotional and trend forecasting materials is created for both print and web using related software such as Adobe InDesign.
Prerequisite(s): FS 323.
FS 331 — Fabric Styling I
3 credits; 2 lecture and 2 lab hours
Design concepts, fashion trends, and textile lines are developed for a wide range of markets. Focus is on developing cohesive, visually edited boards for specific areas. Oral presentation skills are developed at the conclusion of each project.

FS 341 — Role of Fabrics in Fashion: 1860 to Present
3 credits; 3 lecture hours
Significant concepts and developments in fabrics and fashion history are examined through a chronological study of innovations in fabrics and their uses by major designers. Knowledge of specific fabrics, designs, and designers is obtained by hands-on use of garments in The Museum at FIT's collections.

FS 411 — Fabric Styling in Italy
3 credits; 3 lecture hours
Students learn how to conduct research, interpret visual materials, and develop forecasting skills through the on-location experience of Italian art, architecture, landscape, fashion, and design. By visiting museums, design studios, and textile mills, students learn about Italian culture and international perspectives, design resources, stores, and markets. Approximately three weeks in June.
Prerequisite(s): HA 112.

FS 425 — Advanced Digital Design for Stylists
3 credits; 6 lab hours
Students create digital surface designs using photography, scanned textures, drawings, and paintings using relevant technologies such as Adobe Photoshop and Illustrator. Emphasis is placed on emerging technologies for both design and production. Students create multimedia marketing and presentation materials.
Prerequisite(s): FS 324.

FS 434 — Advanced Styling
2 credits; 4 lab hours
This course focuses on the development of fabric and product lines through specific marketing and design criteria. Emphasis is placed on visual presentations and oral reports. Field trips focus on exploring product diversity to research design images and color trends.
Prerequisite(s): FS 331.

FS 435 — Home Fashion Styling
2 credits; 4 lab hours
Students create original home furnishing concepts through the research of traditional and contemporary styles. Coordinated designs and products are created and styled using current color and trend exploration. Sustainable concepts are integrated into designs and products to produce socially responsible approaches.

FS 451 — Color Combinations and Repeats
3 credits; 6 lab hours
The development and execution of original design ideas are accomplished. Students concentrate on the use of gouache, transfer techniques, repeats, and color combinations. Current fashion trends are analyzed in the design process.

FS 454 — Professional Portfolio Presentation
3 credits; 6 lab hours
In this portfolio course, students demonstrate their proficiency in all areas of fabric styling. Students demonstrate their visual presentation skills using digital and traditional media. Trend and color forecasting skills are refined through independent and group project research.
**FS 461 — Sustainable Knits and Seamless Technology**
3 credits; 6 lab hours
This course introduces advanced industrial CAD technology, digital color applications, styling concepts, fabrications and simulations for 3D knit products. Sustainable materials and the seamless knitting process are covered. Utilizing combinations of media, students develop professional web based knit portfolio presentations for the apparel and home fashion markets.

**FS 491 — Internship**
2 credits
A 14-week internship in industry, scheduled individually for a minimum of 84 hours at the worksite and 6 hours on campus. Completion of a daily journal, a written report on the internship experience, and a portfolio of work (where applicable) is required.

**FS 499 — Independent Study in Fabric Styling**
1-3 credit
For eighth-semester Fabric Styling students. A plan must be submitted to the Fabric Styling coordinator a semester before the class is taken.
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, coordinator, and dean for Art and Design.

**FX: Film and Media Production (See also FI)**

**FX 112 — First-Year Production I**
3 credits; 2 lecture and 2 lab hours
This course introduces students to the aesthetic and technical aspects of film production, including the use of camera, lenses, lighting, editing and sound. In-class workshops and lectures give an overview of production skills and different modes of film making. Students hone their observational skills, communicate visual ideas with clarity, and develop their ability to create films as trained and informed filmmakers.

**FX 113 — First-Year Production II**
3 credits; 2 lecture and 2 lab hours
This course is a continuation of FX 112, focusing on the aesthetic and technical aspects of film production as students work towards creating more sophisticated films. Each week there will be lectures, screenings and assignments to give students the conceptual understanding and experience working in narrative, documentary and experimental forms. These are all designed to help students develop as filmmakers and prepare them for their second year of film production studies.
Prerequisite(s): FX 112.

**FX 114 — Introduction to Editing**
3 credits; 2 lecture and 2 lab hours
This is a film production course on non-linear digital editing. Through lectures, demonstrations and workshops, students will gain proficiency in all the crucial steps of film post-production from the organization of clips to final color grade and sound mix. Students will complete a series of exercises, both in-class and on their own.

**FX 205 — Producing For Film**
3 credits; 3 lecture hours
Provides students with the skills to take on the role of producer, whether line-producing a music video or producing their own film. Skill-sets include optioning material, budgeting, setting a schedule, and fundraising. Using their own projects as test cases students create a step-by-step production and business plan preparing them for real world applications.
FX 212 — Second-Year Production I
3 credits; 2 lecture and 2 lab hours
This course builds on First-Year Production II and introduces students to a myriad of moving image forms including narrative, documentary and multiscreen installation. In-class workshops and lectures will provide an overview of aesthetic and technical aspects of film production as students are introduced to linear and nonlinear story-telling strategies.
Prerequisite(s): FX 113.

FX 213 — Second-Year Production II
3 credits; 2 lecture and 2 lab hours
Building on production skills developed in Second-Year Production I, this course focuses on documentary and creative nonfiction filmmaking. Students will learn all the crucial steps of production from the development of ideas and research through editing and post-production. Students will complete three short documentaries including a biographical portrait, a social change documentary, and a creative nonfiction piece.
Prerequisite(s): FX 212.

FX 226 — Documentary Production: Streets of NYC
3 credits; 2 lecture and 2 lab hours
This film production course explores creative approaches to documenting life and locations in New York City. Class crews use a variety of film techniques while shooting on the street, and incorporating the people they meet on the street into their films. Students will shoot several short documentaries throughout the semester.

FX 261 — Introduction to Sound
3 credits; 2 lecture and 2 lab hours
In this production course in sound for digital filmmaking, students explore the phenomena of sound, the art of audio recording, and the function of sound for the screen. Technical topics include digital recording, editing, and mixing; sound wave manipulation; audio processing; microphone technique; preparation for multi-track mixing; and final digital mixing to picture.

FX 319 — Sound Design For Film
3 credits; 2 lecture and 2 lab hours
This course is a digital audio production course that provides students with the skills necessary to create compelling soundtracks for film. Students will be guided through all the vital stages of sound design including sound effects, music selection and voice editing to enhance the visuals and narratives of a film.

FX 327 — Post Production Digital FX
3 credits; 2 lecture and 2 lab hours
An introduction to the digital techniques of post-production visual effects. Students create their own elements and incorporate “stock” elements to enhance and expand cinematic visuals, mastering the core competencies of Digital FX production through creative personal projects.

FX 328 — Directing The Actor
3 credits; 2 lecture and 2 lab hours
An introduction to the relationship between film directors and film actors. Students practice practical directing techniques through scene work, dramatic analysis, and action workshops. The history of directing is covered through readings, screenings, and collaborative exercises using outside actors.
FX 361 — Third-Year Production I
3 credits; 2 lecture and 2 lab hours
Focuses on the tools, techniques, and hands-on experiences required to become proficient in shooting digital video. Aesthetic, technical topics are addressed, including camera movement, use of filters, and introduction to color grading. Students shoot several short films throughout the semester.
Prerequisite(s): PH 283.

FX 362 — Third-Year Production II
3 credits; 2 lecture and 2 lab hours
Building on skills acquired in Junior Production I, this course refines the student’s shooting and editing techniques. Students use more complicated lighting set-ups, and will incorporate dollys and handheld rigs into their films. With both group and individual projects, each student prepares for their thesis films to be shot Senior year.
Prerequisite(s): PH 284.

FX 373 — Advanced Cinematography
3 credits; 2 lecture and 2 lab hours
Building on earlier courses, this production course continues to explore cinematography as the means of shaping visual and narrative aspects of any project. Advanced uses of composition, camera, and lighting are mastered through lectures, technical workshops, and creative projects. Screenings, discussions, and readings help students understand cinematography in historical context.
Prerequisite(s): FI 232 or PH 372.

FX 461 — Fourth Year Production I
3 credits; 2 lecture and 2 lab hours
Production I is the first of a two course sequence that introduces students to the discipline of production from the producer’s point of view, taking into account the range of scales of production. These classes will explore the nature of the four aspects of production – development, pre-production, production and post production – through readings, in-class visits, field trips and hands on lab time.
Prerequisite(s): FX 362.

FX 462 — Fourth-Year Production II
3 credits; 2 lecture and 2 lab hours
Students continue shooting their thesis films. Through readings, in-class visits, field trips, and lab experiences, students study the four aspects of production – development, pre-production, production, and post-production.
Prerequisite(s): FX 461.

GD: Graphic Design

GD 000 — GRAPHIC DESIGN
1-3 credit; 1 lab hour

GD 202 — Designing Identities
2 credits; 1 lecture and 2 lab hours
Students develop graphic identities that creatively reflect the essence of a corporation. They expand on the graphic identity with applications specific to the client’s needs, including stationery and signage, vehicles, and uniforms.
Prerequisite(s): GD 216.
GD 216 — Foundation in Graphic Design
2 credits; 1 lecture and 2 lab hours
This course introduces the field of graphic design with an emphasis on the rapidly-evolving role of the profession. Graphic design processes are examined, including principles of design, grid systems, typography, and hierarchy, as they pertain to design, and the creation of a complete visual message.

GD 235 — Survey of Graphic Design
2 credits; 2 lecture hours
For one-year AAS Communication Design students. Surveys visual communication from its earliest forms to its present visualized conceptions. Emphasizes links between society and the evolution of visual communication. Analyzes and compares major stylistic trends and influences.

GD 331 — Typography and Language
2 credits; 1 lecture and 2 lab hours
This course explores the internal (local) relations between alphabetic forms and their counters, complex type hierarchy and organization, sequence and flow, and the relationship between type and image in broader design application.

GD 332 — Design in Cultural Context
3 credits; 3 lecture hours
This course addresses design theories of the late nineteenth and twentieth century, issues of national versus international design language, design as a catalyst of social change, reading and information relay, past and present roles of the designer in society, and how technology shapes design in form, delivery and content.
Corequisite(s): GD 345.

GD 333 — Typeface Design
2 credits; 1 lecture and 2 lab hours
Students collect primary research and reference type history in designing letterforms.
Prerequisite(s): GD 331.

GD 334 — Experiential Graphic Design
2 credits; 1 lecture and 2 lab hours
Students are encouraged to re-think conventions in communicating the physical environment. The relationship of context to conceptual and practical solutions is explored and developed, with an emphasis on an interdisciplinary team approach to solving three-dimensional design problems.
Prerequisite(s): CD 216 or CD 217.

GD 335 — Type as Idiom
2 credits; 1 lecture and 2 lab hours
This course is an advanced exploration of the expressive potential of typography, glyphs and symbols. Students make in-depth explorations of optical sequencing, word/image juxtaposition, eclectic type stylization, legibility of form and contemporary thematic type construction methodologies.

GD 336 — Color Voyage
2 credits; 1 lecture and 2 lab hours
A two-week travel course designed to develop student awareness of color sensibilities. Students study the creative legacy of the use of color and light in the host city. The online portion of the course supplements the traveling experience. Historical and contemporary color applications will be explored.
GD 345 — Core Studio I: Design and Methodology
3 credits; 6 lab hours
The first of a three-part course sequence, this course focuses on process, exploration and expression of options and variations, research, and the development of analytical and critical thinking skills.
Corequisite(s): GD 332.

GD 346 — Core Studio II: Design and Culture
3 credits; 6 lab hours
This course focuses on solutions to communication issues for social and information needs. Students study the identity and visual culture of a given institution through a comparison with similar entities, then develop their concepts to execute a series of cultural concept studies that review different aspects of these institutions.
Prerequisite(s): GD 345 and GD 331
Corequisite(s): CT 341.

GD 347 — Tangible Publication Design
2 credits; 1 lecture and 2 lab hours
This course explores the unique qualities and design of physical publications as finite transmission of information, perspective and opinion. Students address the physical multi-page sequence as a self-standing effective way to deliver and sustain narrative or data, and explore the possibilities of utilizing materials other than traditional paper in the production of publications.
Prerequisite(s): CD 216 or CD 217.

GD 361 — Design Competition
2 credits; 1 lecture and 2 lab hours
This course provides students an opportunity to compete in national and international competitions. Students determine suitable competition projects, and have the opportunity to enter high-profile national and international competitions.
Prerequisite(s): CD 216 or CD 217.

GD 380A — Special Topics in Graphic Design: Experimental Graphic Design in Space
2 credits; 1 lecture and 2 lab hours
This course covers the latest theories, principles, and skills of typography and in motion to activate physical space. Graphic Design students utilize a variety of software to contextualize their designs. Typography in motion and conceptual storytelling are stressed.

GD 401 — Graphic Design for Advertising
3 credits; 6 lab hours
Students learn the systems and principles of graphic design and develop analytical abilities for visual problem solving in advertising.
Co-requisite(s): AD 481.

GD 402 — Signage and Graphics
1 credit; 2 lab hours
For Interior Design students. Examines the design of signage and graphics as elements of architectural and interior environments and exhibition areas.

GD 407 — Graphic Design for Toy Designers
1.5 credits; 3 lab hours
Examines conceptual and executional skills of the designer, with emphasis on effective problem solving in graphic design.
Prerequisite(s): TY 313.
GD 414 — Graphic Design for Packaging  
2 credits; 1 lecture and 2 lab hours  
Application of images and type to packaging design is studied. Various types of packaging, printing, and fabrication methods, as well as regulatory guidelines, are explored.  
Prerequisite(s): CD 371 and GD 311.

GD 444 — Core Studio III: Design and Innovation  
3 credits; 6 lab hours  
This course examines the process and analysis of graphic design for three-dimensional applications. Students determine a design problem to solve in physical space and through three-dimensional product development, design and create a full-scale graphic identity/brand image/brand DNA.  
Prerequisite(s): GD 346 and GD 333.

GD 461 — Professional Preparation  
2 credits; 1 lecture and 2 lab hours  
Students prepare for internships through portfolio development and professional practices, including digital portfolio, and writing and resume design, as well as information on running a successful business. Guest lecturers include head hunters and creative recruiters of large and small firms.  
Prerequisite(s): GD 346 and GD 333.

GD 491 — Senior Thesis Research  
3 credits; 3 lecture hours  
In developing their senior thesis, students learn about the nature and extent of information needed and how to effectively access this information. They create a working bibliography and outline, critically evaluate sources and authority, analyze primary sources, and become familiar with written and oral communication techniques relevant to research.  
Prerequisite(s): GD 346.

GD 492 — Senior Thesis Project  
3 credits; 6 lab hours  
Students work independently on design projects that build upon their written thesis. They explore the possibilities of communication design through a variety of conventional and unconventional treatments, applications and experimentation with diverse graphic media.  
Prerequisite(s): GD 491.

GD 493 — Internship  
4 credits; 4 lecture hours  
Students work in a professional environment, supported by continuous actual and virtual discussions and readings that are significant to the communication design profession.  
Prerequisite(s): GD 461 and GD 491.

GD 499 — Independent Study in Graphic Design  
3 credits  
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson and dean for Art and Design.

HA: History of Art and Civilization  

HA 111 — History of Art and Civilization in the Mediterranean and Beyond: Prehistory Through the Middle Ages  
3 credits; 3 lecture hours  
 Presents the history of Mediterranean art and civilization including North Africa, Western Asia and Europe from Paleolithic times through the Middle Ages. Illustrated lectures stress political, economic, and social conditions as reflected in architecture, painting, and sculpture.
HA 112 — History of European Art and Civilization: Renaissance to the Modern Era
3 credits; 3 lecture hours
Critical study of the history of European art and civilization from the early Renaissance to the Enlightenment, in a global context and with emphasis on, political, economic, religious, and social contexts.

HA 114 — Prehistoric Art
3 credits; 3 lecture hours
Students study the forms and technologies of prehistoric art within the social and ecological contexts in which it was made. While considering when and where prehistory begins or ends, we reflect upon why art is made and what it looks like in its earliest forms.

HA 115 — Crossroads: Global Art and Its Histories, 1450-1750
3 credits; 3 lecture hours
This course introduces the art histories of global cultures, 1450-1750. Students think critically about the impact of cultural exchanges and colonization on art, religion, politics, and societal values. Diverse cultural definitions of art and artists are explored, with focus on perspectives from Eurasia, Africa, the Americas, and the Pacific Islands.

HA 116 — Indigenous Art of North America
3 credits; 3 lecture hours
An introductory study of the Indigenous art of North America--from the prehistoric to the present. Students study a vast range of art from land art to textiles in the context of their making and meaning. The impact of colonization on Indigenous people and their arts of resistance will be studied as well as basic principles of sovereignty within the framework of state and U.S. constitutions.

HA 117 — East Asian Art and Civilization
3 credits; 3 lecture hours
This course introduces the major characteristics and artistic traditions of East Asian countries. Through lectures and surveys, students will examine the historical, religious, and social aspects of these civilizations. Consideration will be given to how East Asian countries respond to the arts of their neighbors, near and far, in comparison with other major civilizations. Emphasis is placed on art techniques and materials unique to East Asian art.

HA 118 — Introduction to Fashion History: Materials, Motifs & Meanings
3 credits; 3 lecture hours
This course explores the history of trade, inspiration, and appropriation between cultures through case studies. It examines how fashion shapes identity and the complex intersection of materials, motifs, and meanings. It teaches how to ethically study global fashion, factoring in existing and historic power structures and cultural values.

HA 121 — Cities and Civilizations: The Eastern Mediterranean World, c. 3000 BCE-1000 CE
3 credits; 3 lecture hours
Students examine the art and civilization of the ancient to medieval eastern Mediterranean (including western Asia) from a non-Western perspective. Illustrated lectures and discussions survey the cultures, societies, and arts of the great urban centers of antiquity up to the Crusades.

HA 123 — African Art and Civilization
3 credits; 3 lecture hours
This class introduces students to the art and visual cultures of sub-Saharan Africa, and its contexts within a continent with an exceptionally long and varied history of creativity and artistic production. The course analyzes a series of themes and corresponding case studies in historical framework, paying particular attention to formal analysis, social contexts, and the uses of art in Africa, past and present.
HA 126 — Islamic Art and Civilization
3 credits; 3 lecture hours
This course examines the art and civilization of the Islamic world, from the birth of Islam in the 7th century CE/1st century art history to the present. Students are introduced to the religious, philosophical, and sociopolitical contexts that frame the formation of this multiethnic and geographically expansive visual culture.

HA 201 — History of Fashion Photography
3 credits; 3 lecture hours
Surveys fashion photography from its 19th-century origins to the present, emphasizing its relation to major movements in art and photography and to fashion itself. Students consider work of leading fashion photographers and the fashions they depict. (G7: Humanities).
Prerequisite(s): HA 112.

HA 202 — Feminist Art Histories, Theories, and Practices
3 credits; 3 lecture hours
Feminist movements around the world gave rise to gender-based activist art and theory. This course explores feminist art histories, theories, and practices globally, from the 1960s to the present, through selected case studies highlighting differences and specificities of feminist movements worldwide, as well as their intersections with other social movements and art practices, specifically ecofeminism.

HA 203 — History of Decorative Arts: Jewelry and Metalwork
3 credits; 3 lecture hours
This course is an object-based, case-study approach to the cross-cultural history of the decorative arts from prehistory to the modern era with an emphasis on jewelry and metalwork. Analyzed as objects of adornment and representations of power, selected works will be investigated through the lens of design theory and as manifestations of broader themes in visual culture, considering materials and techniques and their transformation. (G6: The Arts; G7: Humanities).

HA 204 — History of East Asian Dress
3 credits; 3 lecture hours
This is a historical survey of East Asian dress focusing on ancient through modern works of art in which traditional or regional dress is represented, and on surviving examples of dress, accessories, and bodily ornaments. Material is studied within the context of art history along with socio-political changes and encounters with outside influences in different periods.

HA 205 — Italian Art in Context
3 credits; 3 lecture hours
Based in FIT in Italy and emphasizing field trips, this course examines the history of Italian art in context from antiquity to the present. Students are introduced to style, iconography, technical innovation, geography, and the philosophical, religious, cultural, social, economic, and political forces that have shaped Italian and European visual arts, and their impact beyond those regions.

HA 206 — The Art, Architecture, and Archaeology of Ancient Egypt
3 credits; 3 lecture hours
Illustrated lectures exploring the art, architecture, and archaeology of ancient Egypt from the predynastic to the Greco-Roman era. Topics may include religion, funerary practices, and ancient Egyptian attitudes toward gender, race, and cultural identity. “Egyptomania” and how ancient Egypt has influenced modern film, fashion, and design are also addressed.

HA 207 — Art and Architecture in Venice
3 credits; 3 lecture hours
Offered in Venice, this course explores the art and architecture of the lagoon city from its Byzantine origins to the present time. On-site visits allow students to study Venetian buildings, monuments, and museum collections. The course contextualizes the artistic and cultural production of Venice within its historical and social environment.
HA 208 — Earth Matters: Art & Environment in Ancient Egypt and Western Asia
3 credits; 3 lecture hours
An introduction to artistic practices involving the environment and natural materials in ancient Egypt and Western Asia, providing an overview of iconography and materiality of nature in the context of palace cultures and broader historical contexts. Students will also learn about modern museums’ preservation of these materials.

HA 211 — Asian American Art and Design
3 credits; 3 lecture hours
Studies how Asian artists and artifacts have affected American art and culture since the 19th century. Students explore influences of Asian artistic traditions beginning in the 1850s, addressing major Asian American artists and related aspects of contemporary art significant to Asian American communities.

HA 212 — Renaissance Art in Florence
3 credits; 3 lecture hours
Conducted in Florence. This course presents an in-depth study of Italian Renaissance painting, sculpture, and architecture in Florence from the fourteenth to seventeenth centuries.

HA 213 — Rome: A Cultural History in Painting, Sculpture, and Architecture
3 credits; 3 lecture hours
Note: Course is conducted in English. Conducted in Rome, this course examines the history of painting, sculpture, and architecture from antiquity to the present. Through field trips, lectures, and discussions, students are introduced to style, iconography, technical innovation, geography, and the cultural, social, economic, and political forces that have shaped Rome’s visual arts. Five weeks in June/July. (G5: Western Civilization; G6: Arts; G7: Humanities).

HA 214 — Art In New York
3 credits; 3 lecture hours
Selected studies in the history of art, utilizing resources available in New York City. Critical and historical investigations arise from direct study of art and architecture.

HA 215 — History of Menswear in Europe and North America
3 credits; 3 lecture hours
This course surveys the history of men’s fashion in Europe and North America from its foundation in antiquity through the late twentieth century, in the context of the history of art and design and with emphasis on expressions of ideals of masculine beauty, status and power. Prerequisite(s): HA 112 or HA 115.

HA 217 — History of Avant-Garde Film
3 credits; 2 lecture and 2 lab hours
This course is cross-listed with FI 224 This course is a survey of major moments in avant-garde film from 1895 to the present. Through readings and discussions, students explore theories of avant-gardism, and study how such films are expressions of the historical, cultural, and philosophical contexts of their production. (G7: Humanities)
Prerequisite(s): FI 111 or HA 112.

HA 218 — Art and Myth in the Classical World
3 credits; 3 lecture hours
Illustrated lectures examine the Greek myths—and their depiction in Greek and Roman art—in relation to their social and religious contexts.
HA 219 — African American Art
3 credits; 3 lecture hours
Surveys diverse African traditions that have contributed to the rich fabric of American life since the 17th century. Students explore the continuities and disruptions of these traditions in art, and analyze concepts of race and racism, from the first moments of slavery through the contemporary era. (G7 Humanities; G10 American History).

HA 220 — History of Interior Design: The Modern Interior as Space and Image
3 credits; 3 lecture hours
This course studies the history of modern interior design as space (real, built form that was physically inhabited) and image (an ideal image or place). Emphasizing historical contexts and critical theory, it explores ways meaning has been ascribed to modern interior design from the Industrial Revolution to the present day. With a focus on the development of modern design in Europe and the U.S, the class recognizes the key role of various international cultural traditions that influenced the modern design movement and addresses the global dissemination of modern design.
Prerequisite(s): Any 100 level HA course.

HA 223 — African Art and Civilization
3 credits; 3 lecture hours
Surveys cultures of sub-Saharan Africa. Illustrated lectures present art and architecture in relation to history, religion, economic conditions, and social and political structures. (G7: Humanities; G9: Other World Civilizations).

HA 224 — Mesoamerican Art and Civilization
3 credits; 3 lecture hours
To study Mesoamerican Art and Civilization we will immerse ourselves in their architecture, sculpture, pottery, city planning, metalwork, writing, mathematics, performance, and weaving. Art historical, historical, social, and religious aspects of Mesoamerican Art will be studied from nomadic entry into the region up to present day especially amongst the Maya.

HA 225 — Art and Civilization of India
3 credits; 3 lecture hours
Introduces major characteristics of Indian civilization through a survey of its traditions of art and architecture. Illustrated lectures survey artistic tradition in relation to historical, religious, and social aspects of this civilization.

HA 226 — Art and Civilization of the Islamic World
3 credits; 3 lecture hours
This course examines the art and civilization of the Islamic world, from the birth of Islam in the seventh century CE to the present. Students are introduced to the spiritual, philosophical, and sociopolitical factors that led to the formation of this multiethnic style. (G7: Humanities; G9: Other World Civilizations).

HA 227 — Archaeological Excavation in Israel
3 credits; 3 lecture hours
Excavate an archaeological site in Israel and learn archaeological methods on the job. Attend illustrated lectures three evenings a week, learning about the history, archaeology, and art of the eastern Mediterranean. Travel to Jerusalem and other sites, independently or on organized field trips. Five weeks in June/July.
Prerequisite(s): HA 111 or HA 121 or approval of the instructor.

HA 228 — Oceanic Art and Civilization
3 credits; 3 lecture hours
Students study the art and culture of Oceanic or Pacific Island cultures and civilizations, from the prehistoric era to colonialism to the present. Focus is placed on ceremonial/sacred and utilitarian objects in diverse media and architecture, and the contexts in which such objects were made.
HA 229 — Korean Art and Civilization
3 credits; 3 lecture hours
This course is a survey of the art and civilization of Korea from its prehistoric origins to the early 21st century. We will examine how Korea created artistic traditions in response to regional and international trends, and how Korea adopted new artistic styles through relationships with China and Japan.

HA 230 — Modern and Contemporary African Art
3 credits; 3 lecture hours
An examination of the history of 20th- and 21st-century African art, from decolonization movements through contemporary themes. Surveys new artistic practices, schools, and workshops within their historical and artistic contexts. (G7: Humanities; G9: Other World Civilizations)
Prerequisite(s): HA 112 or HA 223.

HA 231 — Modern Art in Europe and North America
3 credits; 3 lecture hours
An introduction to the history of European and North American art, and its global connections, from the French Revolution through the Second World War with emphasis on historical and social context.
Prerequisite(s): HA 112 or HA 115.

HA 232 — Dada and Surrealism
3 credits; 3 lecture hours
A survey of the international Dada and Surrealist movements from 1915 to 1947, which challenged and redefined the traditions of modern art. Students analyze examples of fine art, performance, literature and film, and study how both Dada and Surrealism acted as responses to mechanization and war. (G7: Humanities)
Prerequisite(s): HA 112.

HA 234 — Warhol and Pop Art
3 credits; 3 lecture hours
A study of American and International Pop art movements, focusing on Andy Warhol’s impact on visual culture from the 1960s to the present. Addresses Pop’s art historical origins as well as its major themes, which include advertising, mass media, war and social critique, sexuality, and celebrity. (G7 Humanities)
Prerequisite(s): HA 112.

HA 235 — Art, Technology and Empire in the Ancient World: Greece and Persia
3 credits; 3 lecture hours
An introduction to monumental Greek and Persian palace and temple architecture and its decoration in the Eastern Mediterranean and West/Central Asia before and after Alexander “the Great.” Students learn about the region’s history, technological traditions and innovations in building, function, furnishing and ornament, and about the legacies of ancient Greek and Western Asian architecture in the modern world.

HA 236 — Queering Art History in Visual Culture of Europe and the United States
3 credits; 3 lecture hours
Students are introduced to the historical and social contexts and theorization of LGBTQIA presence and perspective, primarily in Europe and the US, from three angles: the history of artistic production by queer artists; representations of non-binary sexuality in art and popular imagery; and queering as a mode of reception and interpretation.

HA 237 — Global Fashion: Ancient Origins to Modern Styles
3 credits; 3 lecture hours
Survey of elite and everyday fashion in Africa, the Americas, Asia and Oceania from ancient origins to the 20th century. This course offers a geographical overview of global styles of adornment and dress, including cross-cultural connections and exchange, focusing on the aesthetics and making of dress and its representation in art. (G6: The Arts; G7: Humanities; G9: Other World Civilizations).
HA 238 — Art and Design in Morocco
3 credits; 3 lecture hours
Offered in Morocco, this course explores the art, architecture, and artisanal crafts of this visually rich culture. Site visits allow students to understand the role of historical culture in the making of identity, and hands-on workshops with traditional craftspeople impart a humanitarian perspective on the role of art in society.

HA 239 — The History of African Textiles and Fashion
3 credits; 3 lecture hours
This course is a survey of historical and contemporary forms of African dress, adornment and fashion. Within a geographical overview of dress, students explore how historically rooted textiles have been reinvented by African-based artists and designers. Emphasis is on manufacture methods, socio-historic contexts, and dress and fashion’s importance as forms of African artistic expression.

HA 240 — Modern and Contemporary Korean Art
3 credits; 3 lecture hours
This course focuses on the development of Korean art from the 1850s to the present day. It starts with the modernization process in Korean art and traces the emergence of abstract art, performances, installations, and other forms of avant-garde art and design movements.

HA 241 — History of Photojournalism
3 credits; 3 lecture hours
This course surveys the history of photojournalism as a modern mode of visual communication, and the global political and social history it represents. Students further develop their visual literacy, knowledge of modern history, and understanding of the functions of mass and social media. (G7: Humanities).

HA 242 — Andean Art and Civilization
3 credits; 3 lecture hours
This course explores the art and visual culture of the South American Andes (modern-day Peru, Ecuador, and Bolivia), from their origins through the Inka and European invasion, with an emphasis on textiles. The class will also examine ceramics, metalwork, and stone that express fundamental aspects of Indigenous philosophy and cosmovision. (G7: Humanities; G9: Other World Civilizations).

HA 243 — History of Photography
3 credits; 3 lecture hours
A history of photography from its beginnings to the present day. Illustrated lectures present a chronological survey that focuses on photographers, technical advancements, and aesthetic considerations in the context of pertinent ideas and events. (G7: Humanities).

HA 244 — Art and Architecture in Paris
3 credits; 3 lecture hours
Conducted in Paris. This course provides the unique opportunity for students to learn about Paris and its art and architecture on site. They experience the works of art and monuments in person within the context of the city itself. (G6 Arts; G7 Humanities)
Prerequisite(s): HA 111 or HA 112.

HA 245 — Art of the United States
3 credits; 3 lecture hours
Study of the visual arts in the United States from the Colonial Era to World War I. Painting, sculpture, architecture, and other visual media are analyzed as discrete artistic expressions and also as manifestations of pertinent cultural, social, economic, political, and religious developments. Students examine an inclusive array of artists.
HA 246 — Art and Social Justice in New York
3 credits; 3 lecture hours
This course studies social justice as addressed and explored through art, architecture, and visual culture in New York City. Critical investigations and discussion arise from field trips to local art institutions, historical sites, and monuments.

HA 247 — Medieval Art in Europe and the Mediterranean World
3 credits; 3 lecture hours
This course presents the history of Western art and civilization from the fall of Rome to the Renaissance in Europe and the Mediterranean World. Illustrated lectures present architecture, painting, and sculpture in relation to pertinent religious, economic, and social changes.

HA 251 — Film Genres: Horror
3 credits; 2 lecture and 2 lab hours
This course is cross-listed with FI 234. This course provides an international historical survey of the horror film from the early 20th century to the present. Through screenings and readings from a range of authors, students analyze formal and thematic elements of the horror genre in relation to historical, social, and aesthetic contexts. (G6: Arts; G7: Humanities).

HA 252 — History of Russian and Soviet Film
3 credits; 2 lecture and 2 lab hours
This course is cross-listed with FI 241. This course is a survey of films produced in pre-revolutionary Russia, the Soviet Union, and post-Soviet Russia, from the earliest silent films to the present. Students view selected films and analyze them within historical, social, and aesthetic contexts. (G6: Arts; G7: Humanities).

HA 271 — Japanese Art and Civilization
3 credits; 3 lecture hours
This course is a survey of the art and civilization of Japan from its prehistoric origins to the 21st century. Students study how Japan created artistic traditions in response to regional and international trends, and adopted new artistic styles through diplomatic relationships with China and Korea. Modernization of Japan within the context of global cultural encounters is discussed.

HA 272 — Islamic Art and Mathematics (Interdisciplinary)
3 credits; 3 lecture hours
This is an interdisciplinary course cross-listed with MA 272. Students are introduced to the art and architecture of the Islamic world from the 7th century CE to the present. They are given a glimpse into the intertwined nature of mathematical, structural and decorative languages used by artisans and designers in this period. (G7: Humanities; G9: Other World Civilizations).

HA 299 — Independent Study In History of Art and Civilization
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Liberal Arts.

HA 300 — Art and Architecture of the Venetian Republic, c. 1100-1800
3 credits; 3 lecture hours
Survey of Venetian art and architecture between the 11th and 18th centuries, from Venice’s Byzantine traditions to the end of the Republic in 1797. Works of art and architecture are contextualized in their historical and cultural periods and analyzed for their meaning, aesthetic value, and technical qualities.
Prerequisite(s): HA 112 or HA 115.
HA 301 — Fashion and Impressionism (Honors)
3 credits; 3 lecture hours
Examines fashion’s importance to 19th-century Parisians and especially Impressionist artists. Explores the historic origins of the modern fashion system and of the modern art market. Required qualification for Presidential Scholars Program/3.5 GPA. (G7: The Humanities)
Prerequisite(s): HA 112.

HA 302 — Baroque Splendor: Art and Culture in Seventeenth-Century Europe
3 credits; 3 lecture hours
Surveys 17th-century European art emphasizing how the period’s political, social, and cultural transformations affected art production and visual culture. Examines works in diverse mediums, representative of the different artistic tendencies coexisting at the time, unified under the term Baroque. (G7: Humanities).
Prerequisite(s): HA 112.

HA 303 — Tradition and Innovation in Asian Art and Design
3 credits; 3 lecture hours
Probes the historical development and modern transformation of Asian art and design. Students in this study-abroad course visit historical monuments, major museums of Asian art, and artists’ studios in a particular city. Focuses on first-hand study of art works and historical monuments, and engages with contemporary practitioners of art, design, and traditional techniques.
Prerequisite(s): HA 112 or HA 115 or HA 117.

HA 304 — Holocaust Representation in Art (Honors)
3 credits; 3 lecture hours
In surveying art about the Holocaust, this course explores the ethical limits of representation in an interdisciplinary framework of history, politics, art history, media studies, psychoanalysis, and Marxist and literary theory. What will emerge is the way that many concerns of Holocaust-related artists have likewise driven so-called mainstream artists since World War II.
Prerequisite(s): Any HA course; and qualification for the Presidential Scholars Program or 3.5 GPA and approval of instructor.

HA 305 — History of 20th-Century Textile Design
3 credits; 3 lecture hours
A survey of textile pattern design for dress and furnishings from the late 19th century to the present, with an emphasis on its relation to modern and postmodern art and its contexts and with a focus on Europe and the United States.
Prerequisite(s): HA 112 or HA 115.

HA 306 — Far From Home: Travel Narratives and Art History (Honors)
3 credits; 3 lecture hours
Students examine travelers’ accounts—the narrative, pictorial, and photographic records of travel on which art historians and archaeologists rely heavily—from ancient, medieval and modern cultures as a way to examine and reconstruct visual cultures.
Prerequisite(s): Qualification for the Presidential Scholars Program.

HA 308 — Goddesses, Women, Power and Patronage in the Ancient World (Honors)
3 credits; 3 lecture hours
This course introduces students to the world of women and women’s patronage in ancient Egyptian, Mesopotamian and Eastern Mediterranean cultures through the study of art and archaeology. Surveys of visual representations of women leaders from the 3rd millennium BCE to Late Antiquity emphasize the manifold contributions made by women of power in ancient societies.
Prerequisite(s): Qualification for Presidential Scholars program or GPA 3.5 and above and permission from the dean.
3 credits; 3 lecture hours
This course examines business and labor conditions in which artists and designers have created their work and pursued professional development from 1800 to the present. Historical examples demonstrate how artistic production relates to other forms of labor and how art works and skills are valued at different times and places.
Prerequisite(s): Any HA course and qualification for the Presidential Scholars Program, or 3.5 GPA and permission of Dean of Liberal Arts.

HA 310 — Global Contemporaries in the World of Art
3 credits; 3 lecture hours
Focusing on global contemporary art since 1989 and using postcolonial art theory, students address diverse art practices grounded in their historical, regional, cultural, economic, religious, and political contexts. (G7: Humanities; G9: Other World Civilizations)
Prerequisite(s): Any 2 HA courses.

HA 312 — Women in Western Art from the Late 18th Century to the Present
3 credits; 3 lecture hours
Students examine the role of women as creators and, to a lesser extent, subjects of art from the 18th through the 20th centuries. This course focuses on the contributions of selected women artists and touches on issues related to the depiction of women in Western art. (G7: Humanities)
Prerequisite(s): HA 231.

HA 314 — History of American Art
3 credits; 3 lecture hours
Study of the visual arts in the United States from the Colonial Era to World War I. Painting, sculpture, architecture, and other visual media are analyzed as discrete artistic expressions and also as manifestations of pertinent cultural, social, economic, political, and religious developments. Students examine an inclusive array of artists. (G7: Humanities; G10: American History)
Prerequisite(s): HA 112 or equivalent, or approval of chairperson.

HA 316 — The Bauhaus
3 credits; 3 lecture hours
This course is a study of the history and development of the influential German art, design and architecture school; the artists and architects who served on its faculty; and the body of work produced there from 1919 to 1933, and in Chicago from 1938 to 1944. (G7 Humanities).
Prerequisite(s): HA 112.

HA 317 — Italian Renaissance Art and Civilization
3 credits; 3 lecture hours
Surveys Italian art and its contexts from 1400 to the late 1500s, covering the early Renaissance to the emergence of the Baroque, including within a global perspective. Students study traditions and innovations in style, subject, roles of artists and patrons, and modes of production within the flux of Renaissance history.
Prerequisite(s): HA 112 or HA 115 or HA 212.

HA 318 — Repositioning Ancient Egypt and Rethinking Egyptology
3 credits; 3 lecture hours
Recontextualizes ancient Egypt within the history of ancient Africa and African society. Through readings, discussions, and field trips, students examine how scholars have often framed ancient Egypt as part of the “West” rather than Africa and evaluate past and current biases in our understanding and reconstruction of ancient Egyptian culture. (G7: Humanities; G9: Other World Civilizations).
HA 319 — Art History and Conservation
3 credits; 3 lecture hours
This course introduces students to technologies used to conserve, restore, and examine works of art, and to basics in the development, science, and ethics of art conservation. Students learn how technologies are used in critical analysis in art historical study, and about the history, challenges, and practices of conservation.
Prerequisite(s): HA 111 or HA 112 or HA 115.

HA 320 — Animals, Architecture, and Aesthetics
3 credits; 3 lecture hours
Students study the myriad ways animals create structures for living and expression from an art historical perspective. Considering the construction and sustainability of nests, hives, dams, and burrows, we will ask “do animals make architecture?”. The aesthetic sensibility of animals will be discussed in relation to ontology and ethics.
Prerequisite(s): Any HA course.

HA 321 — Eco-Visions in Art and Design
3 credits; 3 lecture hours
This course surveys modern and contemporary art and design from an ecological perspective, highlighting consciousness-raising activism and environmental sustainability.
Prerequisite(s): Any HA or approval of the chairperson.

HA 322 — Contemporary Global Fashion History
3 credits; 3 lecture hours
This course covers global fashion design trends and culture in the 21st century through the lenses of globalism, fashion and design history, gender and sexuality, environment and labor. Thematic lectures cover new media, representation, fashion in museums and the academy, among others, with discussion of contemporary critical debates in global fashion.
Prerequisite(s): HA 237 or HA 305 or HA 344 or HA 346.

HA 330 — Approaches to Fashion Theory (Interdisciplinary)
3 credits; 3 lecture hours
This is an interdisciplinary course cross-listed with PL 330. Studies theories of fashion from both philosophical and art-historical perspectives. Examines how our relationship to our bodies, our concepts of self, our clothing, and our definitions of beauty are historically and culturally dependent. (G4: Social Sciences; G7: Humanities).
Prerequisite(s): HA 112 or PL 141 or PL 321 or SS 131 or SS 171.

HA 331 — Contemporary Art and Culture: 1945 to the Present
3 credits; 3 lecture hours
An introduction to the interpretation of visual art in relation to international historical developments, with emphasis on late twentieth- and twenty-first-century art.
Prerequisite(s): HA 112 or HA 115.

HA 332 — Modern Architecture
3 credits; 3 lecture hours
Traces the development of architecture in Europe and the United States in the 19th and 20th centuries. Illustrated lectures present architectural developments in relation to pertinent ideas, events, and technological innovations. (G7: Humanities)
Prerequisite(s): HA 112.
HA 333 — Contemporary Photography and New Media
3 credits; 3 lecture hours
This course explores globally produced photographic works made since the mid-1960s. Emphasis is on key themes and genres, and on the works' historical and theoretical contexts. In addition to conventional photography, the course covers new media such as video, installatons, projections, and computer-assisted and internet-hosted photography.
Prerequisite(s): HA 231 or HA 243.

HA 342 — History of Textile Design
3 credits; 3 lecture hours
Illustrated lectures survey patterned textile design throughout the world from antiquity to the mid-20th century. (G7: Humanities).
Prerequisite(s): One History of Art course.

HA 343 — History of Photography
3 credits; 3 lecture hours
A history of photography from its beginnings to the present day. Illustrated lectures present a chronological survey that focuses on photographers, technical advancements, and aesthetic considerations in the context of pertinent ideas and events. (G7: Humanities).

HA 344 — European Fashion: Ancient Origins to Modern Styles
3 credits; 3 lecture hours
This course surveys the history of fashion in Europe from antiquity to the early twentieth century in the context of the history of art and design. The historical evolution of fashionable dress for men and women since the Renaissance is emphasized, by means of illustrated lectures, readings and visits to the Museum at FIT and other institutions with costume collections and exhibitions.
Prerequisite(s): HA 112 or HA 115.

HA 345 — History of Industrial Design
3 credits; 3 lecture hours
Survey the development of design for commercial production from antiquity to the modern era in a cultural context. Illustrated lectures address major theories, leading contributors, and examples of work that reflect technological and artistic achievements in the field. (G7: Humanities)
Prerequisite(s): two History of Art and Civilization courses (HA 111, HA 112, or HA 231), or equivalent and approval of instructor, or (for Home Products Development students) HA 112.

HA 346 — Twentieth-Century Fashion and Art
3 credits; 3 lecture hours
Surveys 20th-century fashionable dress in the context of art and design history, with emphasis on the work of leading fashion designers. Students study garments and accessories in the collection of The Museum at FIT, as well as photographs, fashion illustrations, and films. (G6: The Arts; G7: Humanities)
Prerequisite(s): HA 112.

HA 347 — Costume and Fashion in Film
3 credits; 2 lecture and 2 lab hours
This course is cross-listed with FI 262. This course surveys the history of costume design in films from 1895 to the present. Through screenings, museum visits, and readings, students view the work of leading costume and fashion designers and explore the connections between film and related visual art and media. (G7: Humanities).
HA 348 — History of the Modern Printed Image
3 credits; 3 lecture hours
Students study a history of the printed image from the invention of lithography in the late 18th century to the present. Emphasis is on historical, contextual, technological, and stylistic concerns, with the appropriate connections to similar developments in fine arts and graphic design. (G6: Arts; G7: Humanities)
Prerequisite(s): HA 112.

HA 381 — The Word and the Page: A History of Writing and Books (Honors)
3 credits; 3 lecture hours
This course covers writing from the earliest cuneiform and hieroglyphic writing systems to the mass production of writing and texts in the modern era and the digital revolution in type and text. Students learn how and why writing developed across a variety of cultures. (G6: Arts; G7: Humanities)
Prerequisite(s): HA 112 and qualification for Presidential Scholars program or 3.5 GPA with approval of dean for Liberal Arts.

HA 382 — Beauty: The Human Ideal in Visual Culture (Honors)
3 credits; 3 lecture hours
This course explores the concept of beauty through disciplines of art history, philosophy, and social science, as understood through visual representation of the human body. Using the analysis of both fine art and popular mass-media sources, students examine how concepts of the beautiful reflect a society’s structures of power and belief. (G7: Humanities)
Prerequisite(s): HA 112, and qualification Pres. Sch. or app. or 3.5 GPA with approval of Dean for Liberal Arts.

HA 383 — Art of the Silk Road: Cross-Cultural Encounters (Honors)
3 credits; 3 lecture hours
The Silk Road was the world’s first great superhighway, linking from ancient China and Japan to the Mediterranean world across central Asia. In this course, students view ancient and medieval art of Eurasia in a new way, from the ancient to early modern periods.
Prerequisite(s): HA 111 or HA 112 or HA 115 or HA 117 or HA 121 or HA225 or HA 226 or HA 229, or HA 271 and qualification for the Presidential Scholars Program, or 3.5 GPA and permission of Dean of Liberal Arts.

HA 385 — Racism and Antiracism in Public Art and Architecture of the United States (Honors)
3 credits; 3 lecture hours
Study of racism and antiracism in public art and architecture of the United States from the Colonial Era to today. We analyze historical sites, sculptures, murals, and multimedia installations as discrete examples of visual culture and in context as strategic exertions of social, legal, economic, aesthetic, and political power.
Prerequisite(s): Qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

HA 394 — History of New York Architecture (Honors)
3 credits; 3 lecture hours
Students explore the history of architecture in New York City. They are introduced to style, iconography, technical innovation, and geography. The cultural, social, economic, and political forces that shaped the city’s buildings from the early 17th century to the present are also explored. (G6: Arts)
Prerequisite(s): HA 112 and qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.
HA 395 — Studies in Indigenous Art of North America (Honors)
3 credits; 3 lecture hours
Indigenous art of North America prehistoric times to the present. Students study land art, architecture, carving, painting, pottery, and textiles in the context of their making and meaning. The traumatic impact of colonization on Indigenous people and their art will be discussed, as well as issues of sovereignty and governance.
Prerequisite(s): Qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

HA 396 — Art and Patronage in the Italian Renaissance (Honors)
3 credits; 3 lecture hours
This course surveys Italian Renaissance art patronage, emphasizing sociopolitical contexts and the celebration or critique of power. Emphasis is given to patronage in courts and republics and to the merchant class, princes, and popes, as well as marginalized groups. (G5: Western Civilizations; G7: Humanities)
Prerequisite(s): HA 112 and qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

HA 397 — Studies in Maya Art and Culture (Honors)
3 credits; 3 lecture hours
This is an in-depth study of Maya art, architecture, writing, weaving, and ceramics and of the way these visual forms express aspects of Maya daily life and belief from 300 BCE to the present.
Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

HA 398 — Architecture and Faith: Ancient and Islamic Cities (Honors)
3 credits; 3 lecture hours
This course explores the commercial, cultural, and artistic development of urban cultures in the Mediterranean and Near East regions in the ancient, medieval, and Islamic periods. Major case studies include Rome, Baghdad, Cairo, Jerusalem, and Constantinople/Istanbul. (G9: Other World Civilizations)
Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of Dean for Liberal Arts.

HA 411 — Western Theories of Art
3 credits; 3 lecture hours
Students consider Western theories of art from antiquity to the present with an emphasis on the 20th century. They are introduced to different methods of analyzing a work of art as well as the ways in which these methods can affect a curator’s decision in organizing an exhibition. (G7: Humanities)
Prerequisite(s): HA 231.

HA 462 — Art and Ethics
3 credits; 3 lecture hours
This course focuses on how and why any work of art can become a site of ethical questioning, within the context of many historical and thematic approaches. Students read, discuss, and analyze case studies involving art and ethics, and present their own research.
Prerequisite(s): Two (2) HA courses.

HA 499 — Independent Study In History of Art and Civilization
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Liberal Arts.
**HD: Human Development**

Provides students with an opportunity to explore their values, interests and capabilities and to acquire an in-depth knowledge of fashion and other industries and potential career opportunities. Helps students gain insight into the relationship between self-knowledge and career decision-making. Students have access to a computerized career guidance system. Guest speakers from industry address career trends and options.

**HD 111 — Career Planning**  
3 credits; 3 lecture hours  
Provides students with an opportunity to explore their own values, interests, and capabilities and to acquire an in-depth knowledge of fashion related and other industries and potential career opportunities. Helps students gain insight into the relationship between self-knowledge and career decision-making. Students have access to a computerized career guidance system. Guest speakers from the industry address career trends and options.

**HE: Health Education**

**HE 101 — Health Education**  
1 credit; 1 lecture hour  
Stresses the holistic approach to health and focuses on the theory of wellness as a preventive measure against illness. Provides a forum for examining such health issues as nutrition, exercise, relationships, sexuality, substance abuse, and death and dying, among other topics.

**HE 102 — Stress Management**  
1 credit; 2 lecture hours  
Identifies how stress affects the mind, body, and spirit. Students learn skills to reduce stress and cope with unavoidable stress in their personal and professional lives.

**HE 201 — Human Sexuality**  
3 credits; 3 lecture hours  
Examines human sexuality through the life cycle from cultural, physiological, and theoretical perspectives. Students gain insight into their own beliefs and sexual behavior and learn to develop an understanding of the similarities and differences in sexual attitudes and the behavior of others.

**HE 301 — Motor Learning: A Developmental Approach**  
3 credits; 3 lecture hours  
The major theories and principles influencing motor skills are presented. The role and effectiveness of developmentally appropriate toys and equipment are assessed. Prerequisite(s): SS 232.

**HI: History**

**HI 200 — Queer Work: A Research Seminar in LGBTQ Business and Labor History**  
3 credits; 3 lecture hours  
The history of business, labor, and sexuality in Europe and the United States, and study of queer labor and business history. Students document the underrepresented and crucially important history of LGBTQ people at work using their own research (G5: Western Civilization; G7: Humanities).

**HI 201 — Classics in African American History**  
3 credits; 3 lecture hours  
Slavery and emancipation, Jim Crow, the Harlem Renaissance, the Great Migration, the Civil Rights Movement—stories of Africa’s descendants in the United States have inspired legendary works of history. Students will consider the narrative, research, and literary strategies of some great books from the past two centuries. (G5: Western Civilization; G7: Humanities).
HI 202 — U.S. History: Civil War-Present
3 credits; 3 lecture hours
An introduction to American history, this course moves from a brief view of American geography, economics, and government to a more focused examination of the social, political, and economic experience from the Civil War through the Cold War and to the present. Students are introduced to basic historical methodology and learn to apply these techniques through critical reading, analytical writing, and verbal presentations. (G10: American History).

HI 203 — Distant Neighbors: A History of Latin America and the U.S.
3 credits; 3 lecture hours
This course compares the histories of Latin America and the United States from pre-Columbian times to the 20th century. Students learn about the deep influence of the United States in Latin American economies, politics, and culture, especially after the United States’ independence, when American democracy became a political model for the former Spanish American colonies. (G10: American History).

HI 204 — Leisure in America
3 credits; 3 lecture hours
This course examines the emergence and changing role of leisure and its relation to work in the United States from the late 19th century to the present. Situating leisure within its specific social, economic, and political contexts, students explore the complex intersection of factors and forces that have shaped conceptions and practices of leisure in American life through primary and secondary texts, both written and visual. (Formerly LA 225) (G10: American History).

HI 205 — American Business from Slavery to the Present
3 credits; 3 lecture hours
A defining experience of the last millennium, and possibly the next, is the rise of big business in the U.S. Students learn a general history of entrepreneurship in America and a series of case studies about government regulation, labor relations, and other topics.
Prerequisite(s): None.

HI 206 — Pasts in the Present: Modern Chinese History since 1800
3 credits; 3 lecture hours
This course introduces students to modern Chinese history as well as ways through which one can examine and understand the historical roots of current affairs in and related to China. Two major themes are: changes and continuity in modern China, and China in the world. (G9: Other World Civilizations).

HI 207 — Hollywood: A History
3 credits; 3 lecture hours
Students learn the history of the United States from the Civil War to the present through the lens of the American film industry. The course focuses on the economic structure of the film industry and the evolving depictions of violence in movies as a factor in American History. (G10: American History).

HI 208 — American History through Fabric, Fashion, and Dress
3 credits; 3 lecture hours
The history of the United States—democracy, capitalism, social movements, mass immigration—can be told from many points of view. Students study American history, from the Civil War to the beginning of 21th Century, from the perspective of the design, manufacture, and consumption of fabric, fashion, and dress (G10: American History).
**HI 209 — Fashion and Slavery**  
3 credits; 3 lecture hours  
This course examines the politics of fashion among people of African descent during slavery and the period immediately following emancipation. Geographical breadth is crucial to examining the African Diaspora in its full complexity; therefore, course material will cover the United States, Caribbean, Latin America, Africa, and even Europe. (G9: Other World Civilizations).

**HI 210 — Sales and Service in World History**  
3 credits; 3 lecture hours  
From ancient markets and taverns to modern barbershops and department stores, sales and service have shaped the world. Students examine changing corporate structure, labor relations, sourcing and marketing, consumer technologies, professionalization, pop culture, and philosophies of customer service over two thousand years, focusing on the modern western world. (G4: Social Sciences; G5: Western Civilization; G7: Humanities).

**HI 211 — Modern American History Through Food**  
3 credits; 3 lecture hours  
This course examines how the production, distribution, consumption and evolution of food has shaped the history of modern America. Students will explore how diverse “foodways” have shaped capitalism, economic power, social relations, cultural traditions, government, business institutions, labor organizations, and globalization from 1865 to the present. (G10: American History).

**HI 212 — America at Night**  
3 credits; 3 lecture hours  
Nights are different. Throughout American history, nighttime has been more fun, dangerous, and revealing of our unconscious. Learn about electric light and its historical consequences: 24-hour manufacturing, new leisure activities, changes in sexual and gender practices. Learn to help people suffering common afflictions of the night: depression, addiction, isolation.

**HI 280 — Special Topics in History Studies**  
0 credits

**HI 280A — Special Topics in History: Crime, Police, and Prisons in American History**  
3 credits; 3 lecture hours  
What should be illegal, and who should decide? How should societies police and punish lawbreakers? Students learn the history of crime, police, punishment and rehabilitation over three centuries, focusing on theories of crime and policing, racism, civil rights, sex, drugs, and the rise and fall of violent crime. (G4: Social Sciences; G10: American History).

**HI 391 — U.S. History and Culture: 1860 to Present**  
3 credits; 3 lecture hours  
Major historic events and developments in the United States history from 1860 to the present are examined in the context of their impact on the country’s government, politics, and culture. Works by painters, photographers, sculptors, advertisers, dancers, musicians, novelists, filmmakers, and dramatists are used to broaden the study of U.S. history. (G10: American History).

**HI 392 — Religion and Religious Dissent in American History to the Civil War (Honors)**  
3 credits; 3 lecture hours  
Students examine the ways in which religious controversies have figured, directly and indirectly, in many of the major events in the early history of the United States, up to and including the Civil War. (G7: Humanities; G10 American History).
HI 393 — New York City and the Invention of America (Honors)
3 credits; 3 lecture hours
Students learn the history of America from the Civil War to the present, through the lens of its greatest metropolis. Readings stress the roles that New York has played as innovator, counterpoint, and despised exception in the culture, economics, politics, and technology of the U.S. Students develop skills in basic primary research, public speaking, reading comprehension, and writing and revising. (G10: American History).

HI 394 — Rebellion and Resistance in America (Honors)
3 credits; 3 lecture hours
This course examines the social, cultural, and political types of rebellion and resistance from their historical roots in Colonial and Revolutionary America to their modern and contemporary forms in the 20th and 21st centuries. Students analyze the tactics, strategies, and objectives of individual and collective action from across the political spectrum. (G10: American History).

HI 395 — Big Ideas in History: Smith, Darwin, Marx, Freud (Honors)
3 credits; 3 lecture hours
Students learn Western history through the lens of the Big Four of modern thought—Adam Smith, Charles Darwin, Karl Marx, and Sigmund Freud. They use their ideas to grapple with European and American history from the Age of Empire to the birth of modern business, politics, and people. (G5: Western Civilization; G7: Humanities).

HP: Home Products Development

HP 201 — Introduction to Home Products
3 credits; 3 lecture hours
Students are familiarized with the wide range of home products, both soft lines (textile) and hard lines (non-textile), that comprise the home furnishings industry. Product development and merchandising within each category are emphasized. Many sessions take place at retailers and industry showrooms throughout the city.

HP 231 — America at Home: Product Styles from 1900 to Contemporary
3 credits; 3 lecture hours
Introduces the elements of design, color, and theory in the decorative arts that comprise the home products industry. Emphasis is on the contemporary approach to product development and design. Students explore the influence of historical, cultural, and social perspectives on products for the home. (G6: Arts).

HP 313 — Manufacturing and Marketing of Home Products Hard Lines I
3 credits; 3 lecture hours
Students are introduced to hard lines marketing from conception through manufacture in order to effectively develop products. Part I surveys the various manufacturing processes and marketing strategies for several hard goods classifications (furniture, ceramics, and glass) of the home furnishings industry.

HP 314 — Manufacturing and Marketing of Home Products Hard Lines II
3 credits; 3 lecture hours
Part II further surveys the manufacturing processes, marketing strategies, and product development for several hard goods classifications (metal, giftware, housewares, and home lighting) of the home furnishings industry. Prerequisite(s): HP 313.
HP 315 — Home Textile Applications

2.5 credits; 2 lecture and 1 lab hours
Concentrating on the home textile sector, the course analyzes the importance of material choice in the development and manufacturing of home textile products. Critical areas of study include identification of fiber properties, fabrication, performance, and product specifications. Fundamentals of the cost-price relationship and marketing strategies are covered.
Prerequisite(s): TS 111.

HP 322 — Home Products Brand Management

3 credits; 3 lecture hours
This course utilizes product development factors in identifying and differentiating home products from other goods and services. Analysis of brand preferences is demonstrated through case studies based on consumer identification and the needs of the marketplace.
Prerequisite(s): HP 313.

HP 421 — Strategic Product Management

3 credits; 3 lecture hours
Students analyze and resolve complex business problems, utilizing their knowledge and understanding of strategic product management. They gain insights and skills necessary to formulate and implement sound marketing strategy.
Prerequisite(s): HP 314 and HP 315
Corequisite(s): HP 491.

HP 432 — Home Products Analytical Strategies

3 credits; 3 lecture hours
The home product development cycle is studied, with a focus on the development of product based on the coordination of soft and hard goods classifications. Product integrity is addressed through comprehensive analysis and written product reviews subject to critical industry evaluation.
Prerequisite(s): HP 421 and HP 491.

HP 491 — Home Products Design and Development Process

3 credits; 3 lecture hours
An overview of the design and development process of products for the home is provided. Such principles of design as composition, color, shape, form, and structure are introduced. Differences between the design of products and the product development process in the home furnishings industry are emphasized. Teamwork and presentation skills are implemented as students develop a product line.
Prerequisite(s): HP 314 and HP 315
Co-requisite(s): HP 421.

HP 492 — Home Products Senior Project

2 credits; 1 lecture and 2 lab hours
The curriculum culminates in this capstone course, which requires the student to develop a product based on the coordination of soft and hard goods classifications. A comprehensive visual presentation and written product review support the viability and integrity of the product concept.
Prerequisite(s): HP 491.

IC: Internship Center

IC 297 — AAS Internship C: Career Exploration

3 credits; 3 lecture hours
A 3 credit introductory internship course for AAS students with a focus on the internship experience and helping students identify suitable career paths and self-exploration. A minimum of 12 weeks and 123 hours at the internship site and 12 hours in the classroom.
Prerequisite(s): Approval from the Career and Internship Services and participation in mandatory preparation process in the semester prior to the class/work experience.
IC 497 — Senior Internship: Career Planning
3 credits; 3 lecture hours
A 3 credit advanced internship course for baccalaureate students with a focus on the internship experience and on helping students plan their careers, market themselves professionally and successfully transition from school to work. A minimum of 12 weeks and 123 hours at the internship site and 12 hours on campus in the classroom.
Prerequisite(s): Approval from the Career and Internship Center and participation in mandatory preparation process in the semester prior to the class/work experience.

ID: Interior Design

ID 000 — INTERIOR DESIGN
1-3 credit; 1 lab hour

ID 103 — Interior Design Merchandising
2 credits; 2 lecture hours
For Fashion Business Management students. Introduces the main categories of home furnishings and the merchandising practices in department stores and showrooms.

ID 104 — Light/Sound/Motion
1.5 credits; 3 lab hours
For Visual Presentation and Exhibition Design students. The elements and principles of lighting, sound, and motion as they relate to exhibition design are introduced. Students learn about lamping, beam spread, color effects, illumination and calculation, and light manipulation. Electricity, voltage, wiring, breakers, fuses, and switches are studied. The effects of light and shadow are explored.
Prerequisite(s): DE 131
Corequisite(s): DE 133.

ID 115 — Interior Design Studio I
4 credits; 8 lab hours
An introduction to the interior design profession, with an emphasis on problem solving for small residential spaces. Elements and principles of design are explored as well as human factors, color theory, and the art of lighting. Students are introduced to residential space planning, furniture layouts, the development of color schemes, and the selection of finishes, furnishings, and materials.
Co-requisite(s): ID 133 and ID 157.

ID 116 — Interior Design Studio II
4 credits; 8 lab hours
Reinforces concepts and skills developed in Interior Design Studio I. Extends student abilities in space planning and furniture layouts for larger residential spaces to small contract office spaces. Focuses on the development of color schemes and the selection of furniture and finishes. Introduces students to the Americans with Disabilities Act (ADA) and its impact on the design of interior spaces.
Prerequisite(s): ID 115
Co-requisite(s): ID 134 and ID 158 and ID 253.

ID 117 — Interior Design Studio I
5 credits; 1 lecture and 8 lab hours
Students are introduced to the fundamentals of design as applied to interior environments. Basic fact-finding skills--information literacy, the iterative process, design analysis methodologies, physical model making, and elemental design processes are introduced. Students apply knowledge of design fundamentals to two-dimensional and three-dimensional exercises, using both manual and digital means.
Corequisite(s): ID 173 and CD 114.
ID 118 — Interior Design Studio II
5 credits; 1 lecture and 8 lab hours
The basic design fundamentals are reinforced. Programming, fact-finding skills and design analysis methods for interiors are introduced. Programs are developed with an emphasis on space planning and human factors, and through the fundamental knowledge of codes, accessibility, and sustainable design. Building on ID 117, three-dimensional software aides in the iterative process and final representations.
Prerequisite(s): ID 117
Corequisite(s): ID 174.

ID 121 — Survey of Interior Design
2 credits; 2 lecture hours
Analyzes the history of furniture, interiors, and decorative arts from ancient times through Gothic periods in France, England, Italy, Spain, and Middle Europe; and the Renaissance through Baroque periods in Italy, Spain, and Middle Europe.

ID 122 — History, Theory and Criticism I
2 credits; 1 lecture and 2 lab hours
This course introduces students to the broad survey of design history, theory and criticism through the discussion of design principles and elements as they were and are used to inform form, style, function, experience, and meaning of interior spaces.

ID 133 — Presentation Techniques I
1.5 credits; 3 lab hours
Presents techniques of rendering the elements of interior spaces in detail, including finishes, fabrics, window treatments, and accessories. Students learn quick visualization techniques and are introduced to the use of varied media in the representation of light, texture, color, value, and form.

ID 134 — Presentation Techniques II
1.5 credits; 3 lab hours
Perfected rendering skills and develops the ability to graphically express the designs of interior spaces.
Prerequisite(s): ID 133.

ID 135 — Model Construction
1.5 credits; 3 lab hours
Students are introduced to architectural modeling materials, techniques, shortcuts, and methods of construction to produce a full-color interior model for client presentation. All aspects of model building, from sketch models to laser, are considered.

ID 151 — Basic Drafting Techniques
1.5 credits; 3 lab hours
For Continuing Education students. Familiarizes students with the use of drafting equipment and materials. Provides instruction in elementary drafting skills and conventions, employing mechanical pencils and pen and ink in the representation of plans, elevations, and sections.

ID 153 — Computer Space Modeling and Visualization
2 credits; 1 lecture and 2 lab hours
For Continuing Education students. The concepts and techniques of creating, viewing, and manipulating three-dimensional, computerized interior models are examined. Through the generation of sections and perspectives, students develop an in-depth understanding of the modeling techniques used for creating and analyzing interior space.
Prerequisite(s): ID 158 or approval of instructor.
ID 157 — Drafting for Interior Design
1.5 credits; 1 lecture and 1 lab hour
An introductory course on basic drafting skills and concepts used in interior design. Students learn to use drafting materials and tools and to produce design drawings. Universal concepts of interior design drafting are addressed, including line weights and types, scale, and elevation.
Co-requisite(s): ID 115 and ID 133.

ID 158 — Perspective Drawing
1.5 credits; 3 lab hours
Develops skills in producing one- and two-point perspective drawings for the visualization and communication of interior design solutions. Students learn to use different methods of generating perspective views to meet the needs of the interior design profession.
Prerequisite(s): ID 151 or ID 157.

ID 172 — Design, Color, and Lighting Principles and Theory
1.5 credits; 1 lecture and 1 lab hour
For Continuing Education students. Students focus on the principles of design and composition as influenced by the use of color and its application in the built environment, and the fundamentals of lighting design as they apply to the form, texture, and finish of interior space.

ID 173 — Visual Representation I
3 credits; 6 lab hours
Through focused exercises, students learn the fundamentals of delineating interiors, including plan, elevation and section, while exploring the subject through constructed models. Sketching is introduced as a method to represent observations, analyze, communicate intentions, and develop designs.
Corequisite(s): ID 117 and CD 114.

ID 174 — Visual Representation II
3 credits; 6 lab hours
Building upon the skills introduced in ID 173, this course combines additional rendering techniques in a variety of media and tools to delineate interior space. Rapid visualization skills to pursue creative thinking, investigation through multiple views, and rapid prototyping are further developed.
Corequisite(s): ID 118
Prerequisite(s): ID 173.

ID 201 — Color for Interiors
2.5 credits; 1 lecture and 3 lab hours
For students not majoring in Interior Design. Introduces the use of color as a design tool for both residential and contract interiors while analyzing the interrelationship of color and light.

ID 212 — Interior Design Studio III
4 credits; 8 lab hours
Problem solving focuses on specific building types and user groups in areas including corporate, retail, and institutional. Appropriate research methods and programming of client requirements are introduced, as well as techniques of diagramming space to provide proper circulation and activity relationships. Design concept, image, color and finishes, graphics, building codes, and barrier-free design compliance are emphasized. Evaluations by practicing interior designers and architects highlight student presentations.
Prerequisite(s): ID 116 and ID 158.
ID 214 — Interior Design Studio IV
4 credits; 8 lab hours
Through research, design analysis, and problem solving, students explore the user groups and challenges associated with the multi-functional use of hospitality and residential spaces. Lighting, color finishes, materials and details, building code issues, and barrier-free applications are emphasized. Evaluations by practicing interior designers and architects highlight student presentations.
Prerequisite(s): ID 212 and ID 243.

ID 219 — Interior Design Studio III
5 credits; 1 lecture and 8 lab hours
Building upon research and programming skills introduced in ID 118, students further develop programs and explore various design processes to project solutions for specific building types and user groups. Topics covered include design concept, color, materials, graphics, building codes, global context, sustainability, social issues and barrier-free design needs.
Prerequisite(s): ID 118 and ID 174.

ID 221 — Interior Design: 1650-1850
2.5 credits; 2 lecture and 1 lab hours
Traces the major period styles used in interior design in England, France, and the United States from the mid-17th to the mid-19th centuries, with an analysis of their evolution from concepts and forms developed in early classic civilizations.

ID 222 — Interior Design: 1850-1950
2.5 credits; 2 lecture and 1 lab hours
Traces interior design and the evolution of modernism in Europe and the United States from the theory and practice of mid-19th century reformers to the modern movements of the early 20th century.

ID 226 — Decorative Arts, Architecture, and Interior Design in Italy
3 credits; 3 lecture hours
Focuses on the development of domestic architecture, interior design, and decorative arts in Italy from the Etruscan period through the Baroque. Presented in and around Rome, Florence, and Venice, the course emphasizes the relationship of architecture and interior design, textiles and furniture, as well as the integration of painting and sculpture. Approximately three weeks in January or June.

ID 227 — History, Theory and Criticism II
2 credits; 1 lecture and 2 lab hours
Students continue their exploration of specific buildings, artists, and design projects from various cultural contexts and explore the design decisions that evolve from the knowledge of history and various cultures. They are introduced to critical evaluation of sources of information to develop research skills.
Prerequisite(s): ID 122.

ID 241 — Lighting Design I
1.5 credits; 1 lecture and 1 lab hour
Provides basic understanding of vision as affected by light, color, texture, and form. Introduces basic principles of lighting design including criteria, calculations, planning, and layout.

ID 243 — Materials and Methods of Interior Construction I
1.5 credits; 3 lab hours
Provides the student with an understanding of the construction process as it relates to the building of interior spaces.
Prerequisite(s): ID 115.
ID 253 — CAD I
1.5 credits; 3 lab hours
Introduces general concepts of computer-aided design and drafting (CADD), with emphasis on two-dimensional drafting applications such as floor plans, furniture plans, reflected ceiling plans, and elevations. Students create, store, modify, and plot drawings. Students are taught to generate hard copies of their work.

ID 254 — Interior Design Working Drawings
2 credits; 4 lab hours
Students learn how to prepare a construction set of working drawings for use by contractors and the building trades. Architectural drafting techniques, schedules, specifications of materials and finishes, and principles of door and cabinetwork detailing are included. Students read drawings and understand conventions employed by architects, engineers, and the building trades.
Prerequisite(s): ID 158 and ID 243.

ID 255 — CAD II
1.5 credits; 3 lab hours
Presents CAD drafting, dimensioning, and detailing in order to create two-dimensional drawings for architecture, interior design, and construction. Methods for creating and using different line types and text styles are demonstrated. An introduction to three-dimensional modeling is included.
Prerequisite(s): ID 253.

ID 262 — Professional Practice I
2 credits; 2 lecture hours
A fundamental understanding of the professional standards and practices of interior design, including client relationships and marketing, is provided. Business methods and client record-keeping techniques are introduced. Fabric and furniture resources, typical sampling, specifying, and manufacturing processes are researched and discussed. Special floorings and wall coverings, window treatments, and upholstery methods and techniques are reviewed.

ID 281 — Interior Design Studio IV
5 credits; 1 lecture and 8 lab hours
Building upon skills learned in ID 219, students design complex interior spaces with multiple functions and user groups. They conduct observations, develop case studies, study precedents, review existing literature, and analyze collected information to define program requirements. Lighting, color, materials, details, building codes, global context, sustainability, social issues, and barrier-free inclusive design needs are highlighted.
Prerequisite(s): ID 219.

ID 282 — Design Technology I
3 credits; 6 lab hours
Students gain a basic understanding of the process of interior construction and its interaction with various building systems. The general concepts of Computer-Aided Design and Drafting (CADD) and Building Information Modeling (BIM) are introduced. Building materials and interior fabrication and installation methods are explored through detail drawings using CADD and BIM software.
Corequisite(s): ID 219.

ID 283 — Design Technology II
3 credits; 6 lab hours
Students learn how to prepare a construction set of working drawings for use by contractors and related building trades. Architectural drafting techniques, schedules, specifications of materials and finishes, and principles of door and cabinetry detailing are addressed. The exploration of basic elements of architectural materials and their related joinery methodologies and applications to the detailing of various custom components of interior spaces are addressed.
Prerequisite(s): ID 282.
**ID 299 — Independent Study in Interior Design**

1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

**ID 310 — Adaptive Reuse: Community Place Making**

2 credits; 4 lab hours
This course is offered to Interior Design students working for three weeks either in an international design office or classroom environment. Students are exposed to strategic planning methods of design and their impact on local redevelopment, and are introduced to the process of critical evaluation of existing city and neighborhood resources, which will support their proposals for an interior design group project. With an emphasis on adaptive reuse and repurposing existing interior spaces, students will propose design ideas for cultural, residential, and commercial uses.

**ID 312 — Interior Design Studio: Institutional**

4 credits; 8 lab hours
Introduces students to more complex building types and design studies. Work includes institutional spaces, such as health care, government, and religious facilities, cultural centers, and supportive communities. Students develop in-depth research and design analysis methods, and explore specific user-group requirements that address cultural, behavioral, and quality-of-life issues. Application and knowledge of building codes and Americans with Disabilities Act (ADA) compliance are further developed in design project assignments.
Prerequisite(s): ID 314.

**ID 314 — Interior Design Studio: Residential**

4 credits; 8 lab hours
Explores the multi-dimensional aspects of the residence and principles of problem solving applied to urban and suburban living spaces. High-end cooperative/condominium apartments, townhouses, and country and vacation homes are studied. In-depth research methods are expanded upon through exchanges with guest design collaborators and field trips. Application of codes and barrier-free environments are studied, as well as focus areas of design such as the bath and/or kitchen.
Prerequisite(s): ID 214.

**ID 315 — Interior Design Studio V**

4 credits; 8 lab hours
This studio course introduces students to the holistic strategies and principles of integrated design for interior environments. Students apply in-depth programming research, fact-finding skills and design analysis methods. The complexity of sustainable design decisions that have an impact on global and local environments, economy, and human health are explored. Inclusive design, design for activity, and building codes are covered.
Prerequisite(s): ID 281.

**ID 316 — Interior Design Studio VI**

4 credits; 8 lab hours
This course builds upon studies initiated in ID 315, with additional advanced focus on collaboration with professionals from various fields. This collaboration is necessary to address complexity of human interactions with the built environment, and to utilize available advanced strategies, materials, and technologies. Students explore holistic strategies and principles for interior environments, and further develop programming skills and design analysis methods. They experiment with complex sustainable design decisions that intend to balance impact on global and local environments, on economy, human health, safety, and wellbeing. Knowledge and application of major building blocks of interior design professional practice are further developed.
Prerequisite(s): ID 315
Corequisite(s): EN 365.
ID 322 — Decorative Arts Survey
2 credits; 1 lecture and 2 lab hours
Surveys the decorative arts and other related objects, including porcelain and ceramics, metalwork, glass and wood, frames, and carpets from Europe, England, Asia, and America. Students learn to recognize and determine appropriate artifacts as well as ceiling, wall, and floor coverings for use in interior environments. Local resources are identified and craftsmanship technologies are outlined and explored.

ID 323 — Interior Design: 1950 to Present
2 credits; 2 lecture hours
An in-depth study of the history of interior design and decoration in the 20th century, emphasizing its development after World War II and the transformation of the practice and role of the professional in society. Introduces students to the philosophies of modern interior design movements (postmodernism, minimalism, deconstructionism, etc.), practitioners (Wright, Aalto, Baldwin, Eames), and the influence of historical styles on contemporary work.

ID 324 — History, Theory and Criticism III
2 credits; 1 lecture and 2 lab hours
This course builds upon ID 122 and ID 227. Students continue their exploration of specific buildings, artists, and design projects from various cultural contexts, and explore the complexity of design decisions that evolve through the knowledge of history and various cultures. They are introduced to critical evaluation of sources of information to develop research skills.
Prerequisite(s): ID 227.

ID 331 — Presentation Techniques III
1.5 credits; 3 lab hours
Studies in advanced techniques involved in the rendering and presentation of interior spaces, including collage, colored pencil, film, photography, airbrush, and other advanced types of media. Students develop and explore new concepts, methods, and ideas for formatting their design work.
Prerequisite(s): ID 134.

ID 332 — Interior Rendering in Colored Pencil
1.5 credits; 3 lab hours
Using colored pencil, students explore advanced rendering techniques, from quick schematics to finished renderings, as they relate to the interior design profession.
Prerequisite(s): ID 133.

ID 341 — Lighting Design II
1.5 credits; 1 lecture and 1 lab hour
Advanced course deals with increased awareness of the application of lighting principles in more complex interior design environments. Various types of architectural and decorative lighting sources are explored. The impact of codes compliance, budget estimating, and project cost control methods are examined.
Prerequisite(s): ID 241.

ID 343 — Materials and Methods of Interior Construction II
2 credits; 1 lecture and 2 lab hours
Students develop a greater awareness of building technology: the functional role of structure in various building types and how it is a major consideration in an interior design project. The various construction systems used to create exterior envelopes of buildings are taught. Vertical circulation systems, mechanical systems, specialized hardware, special finishes and coatings, and the various CSI-formatted specification and information systems are studied.
Prerequisite(s): ID 158 and ID 243.
ID 346 — Interior Architectural Detail  
1.5 credits; 3 lab hours  
Course addresses basic elements of architectural woodwork and related joinery methodologies and their application to the detailing of various custom components of interior spaces.  
Prerequisite(s): ID 254.

ID 347 — Lighting Design  
2 credits; 1 lecture and 2 lab hours  
This course increases students’ awareness of the application of lighting principles in more complex interior design environments. Various types of architectural built-in, recesses, and semi-recessed luminaires, as well as decorative lighting sources are explored. Types of lamps are studied and lighting calculations are reviewed to assure and understanding of how the amount of light is measured in the built environment to meet codes. The impact of codes compliance, budget estimating, sustainability and project cost control methods are also examined.

ID 354 — CAD III  
1.5 credits; 3 lab hours  
Students will acquire advanced skills in Autodesk Revit and other current software. Upon successful completion of this course, students will be able to produce 3D models, 3D furniture components and computer renderings.  
Prerequisite(s): ID 283.

ID 362 — Furniture, Finishes, Fixtures, and Equipment  
1.5 credits; 1 lecture and 1 lab hour  
Students explore the interior design marketplace as it relates to furnishing and accessorizing the interior environment. Methods of learning how to locate, evaluate, and modify such items as upholstered furniture, kitchen and bath equipment, hardware, floor and wall finishes, window treatments, and office systems are studied. Emphasis is placed on the preparation and development of specifications and procurement of design products.

ID 363 — Building Regulations  
3 credits; 3 lecture hours  
Studies of the various regulations that govern the design, construction, and occupancy of building interiors relative to public health, safety, and welfare. Zoning ordinances, state building codes, federal occupational regulations, fire prevention, egress, barrier-free accessibility (ADA), and administrative requirements are covered.  
Prerequisite(s): ID 243.

ID 373 — Human Factors and Interior Ergonomics  
2 credits; 1 lecture and 2 lab hours  
For Continuing Education students. Examine appropriate design to fit environment, space, and equipment to human characteristics. Physical anthropology, physiology, and psychology play a role in the design of everyday tasks at work and in the home.

ID 381 — Design Technology III  
4 credits; 2 lecture and 4 lab hours  
This course addresses the design and control of interior environments as it relates for human comfort levels through the supply of heating, ventilation, air conditioning and plumbing systems, including the various electrical systems and sub-systems. The various regulations that govern the design, construction and occupancy of building interiors relative to public health, safety and welfare are addressed. Zoning ordinances, state building and energy codes, federal occupational regulations, fire prevention, egress, barrier-free accessibility (ADA) and administrative requirements are covered.  
Prerequisite(s): ID 283.
ID 382 — Design Technology IV
4 credits; 2 lecture and 4 lab hours
Students become familiar with the application of a wide variety of building materials, finishes and the preparation of construction details. Through research and analysis, they assess performance criteria including applications, function, and environmental factors. They explore the materials and fabrication techniques involved in the design and construction of interior details.
Prerequisite(s): ID 381.

ID 412 — Interior Design Studio: Store Planning/Retail Design
4 credits; 8 lab hours
Advanced problems in retail/store planning and design, which include boutiques, specialty shops, and department stores. Awareness of regulations and codes, design analysis, presentation techniques, and marketing as well as methods of written and verbal communication are studied. Professional practitioners act as collaborators in evaluating student projects.
Prerequisite(s): ID 314.

ID 413 — Interior Design Studio VII
4 credits; 8 lab hours
This integrative design studio course builds upon ID 315, with additional focus placed on addressing current social and cultural phenomena and diverse and/or special needs populations through collaboration with local community. Students continue exploration of the holistic strategies and principles for interior environments, and further develop in-depth programming and design analysis skills. They experiment with complex sustainable design decisions that intend to balance impact on global and local environments, on economy, human health, safety and wellbeing. Knowledge and application of major building blocks of interior design professional practice are further developed.
Prerequisite(s): ID 315.

ID 421 — Historic Preservation I
2 credits; 2 lecture hours
Provides basic understanding and appreciation of preservation and considers the appropriate recycling of historic interior spaces. Preservation and recycling projects in this country and abroad are analyzed and discussed.

ID 422 — Historic Preservation II
2 credits; 2 lecture hours
Advanced course with emphasis on research and field work. Major preservation and/or recycling projects to be selected and executed individually or in groups. Students develop programs and prepare design solutions.

ID 431 — Computer Rendering
1.5 credits; 3 lab hours
Students explore knowledge of advanced three-dimensional modeling software to create complex geometries and rendering techniques. Through lectures, demonstration, lab exercises students learn the ability to communicate innovative design solutions through computer rendering.

ID 441 — Lighting Design III
1.5 credits; 1 lecture and 1 lab hour
Advanced study of lighting design, emphasizing design and detailing of lighting fixtures for residential and commercial installations. Students explore manufacturing methods and materials, and estimating and obtaining cost quotes.
Prerequisite(s): ID 341.
ID 444 — Furniture Design
1.5 credits; 3 lab hours
An introductory course to the creative process of furniture design. Human factors and ergonomics related to furniture design are studied in depth.
Prerequisite(s): ID 346.

ID 445 — Interior Product Design
1.5 credits; 3 lab hours
The course introduces students to three-dimensional interior product design for use in the residential, contract, and hospitality markets. Emphasis is on the design of products with specialized functions, including universal design and special needs.
Prerequisite(s): ID 346.

ID 461 — Professional Practice II
2 credits; 2 lecture hours
Deals with common situations associated with professional interior design practice, including contracts, procurement and billing procedures, fees, marketing and sales efforts, public relations, professional ethics, office organization, estimating, and progress scheduling.

ID 462 — Professional Practice II/Internship
3 credits; 3 lecture hours
This course prepares students for common situation associated with professional interior design practice. Project contracts, procurement and billing procedures, fees, marketing and sales efforts, public relations, professional ethics, office organization, cost and time estimating and progress scheduling are covered.

ID 471 — Environmental Systems
2 credits; 1 lecture and 2 lab hours
Examines the control of interior environments through the supply of heating, ventilating, air conditioning, and plumbing systems; study of the various electrical systems and sub-systems is included. Reference sources are provided so students build an understanding of how these systems interface within the built environment.
Prerequisite(s): ID 115.

ID 472 — Ecology and the Built Environment
2 credits; 1 lecture and 2 lab hours
The growing impact of ecology on the interior design profession is studied and includes such topics as nondepletable energy services, energy conservation, and resource conservation. Students explore the relationships between ecology and building construction, furniture, furnishings, equipment, building mechanical systems, and building maintenance. Recycling, reuse, and ecological awareness are among the areas studied.

ID 493 — Internship
3 credits; 3 lecture hours
An internship in a qualified design office, industry showroom, or trade/workroom/fabricator as selected by the student with the approval of the chairperson. This internship is for a total of 15 weeks and 135 hours minimum: 5 weeks, 3 hours per week on campus, plus 10 weeks, 12 hours minimum per week on site. Includes individual interviews and assessment reviews with the student and instructor for pre-, during, and post-internship work experience. Assessment forms analyzing and evaluating the experience are required and a final closure interview is held.
Prerequisite(s): approval of chairperson.
ID 494 — Senior Thesis Design Project Research
2 credits; 1 lecture and 2 lab hours
A prerequisite to the senior thesis design project, this course deals with research methodology related to preparing a design program. Students obtain, develop, and analyze data and design criteria as well as building drawings specific to their selected areas of study. Faculty and a professional mentor/expert specializing in the student's field of study offer information, guidance, and counsel during the programming phase and subsequent design development of the following semester. Students select their senior thesis topic, subject to the approval of the chairperson.
Prerequisite(s): ID 314, ID 363 and EN 323.

ID 495 — Senior Thesis Design Project
4 credits; 8 lab hours
Based on the design program researched and written in the prior semester, students prepare a capstone project in interior design that synthesizes space planning, building regulations, accessibility, lighting, furniture layouts, color finishes and materials, furniture and furnishings selections, details, and their selected methods of presentation/communication. Students work in a classroom studio throughout the semester and culminate their study with a presentation to faculty, mentors, and invited design professionals.
Prerequisite(s): ID 412 and ID 494.

ID 496 — Senior Thesis Design Project: Programming
3 credits; 2 lecture and 2 lab hours
Students gather information and develop a comprehensive evidence-based design program for the following semester's senior design project. Through fact-finding and analysis, they explore the complexity of human interaction with, and functioning in the built environments. They define appropriate strategies and technologies that balance the foreseeable impact on global and local environments, economy, and human health, safety and wellbeing. Students identify applicable laws, codes and standards to create design solutions.
Prerequisite(s): ID 381, and ID 316 or ID 413, and EN 365.

ID 498 — Senior Thesis Design Project
4 credits; 8 lab hours
Based on, and in response to the design program researched and written in ID 496, students prepare a capstone project in interior design that synthesizes their knowledge of space planning, indoor environmental quality strategies, building regulations, accessibility, lighting, furniture layouts, color, finishes and materials, furniture and furnishings selections, and presentation and communication methods. They work in a classroom studio throughout the semester, which culminates with a presentation to faculty, mentors, and invited design professionals.
Prerequisite(s): ID 496, ID 316, and ID 413.

ID 499 — Independent Study in Interior Design
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

IL: Illustration

IL 102 — Introduction to Digital Sculpting
1.5 credits; 3 lab hours
A hands-on studio course where students create characters, props and costumes in three dimensions (3D) using the most up-to-date mesh-based digital modeling software. This course is open to all FIT Departments and Professional Studies.
IL 103 — Illustrating the Male Figure
1.5 credits; 3 lab hours
For Menswear students. Study of the human anatomy, proportions, and movement of the male figure, employing varied media, is presented. How garments are affected by muscle movement is emphasized.

IL 105 — Painting Process I: Color Theory and Applications
3 credits; 6 lab hours
In this studio course, students focus on the process of painting and use of color, including basic color theory and application through the creation of a color wheel. They explore the characteristics of pigment through various techniques and transform observational tonal drawings by the application of color.

IL 111 — Fashion Illustration I
3 credits; 6 lab hours
For Continuing Education students. Students study the procedures and principles of fashion illustration and translate drawings from the live model into finished fashion illustrations, rendering clothing and accessories. Use of pen and ink, marker, and brush and wash techniques suitable for black-and-white reproduction is discussed.

IL 114 — Fashion Applications
1.5 credits; 3 lab hours
The fundamental principles and skills required for commercial fashion illustration are taught. Using black-and-white media geared to print and electronic reproduction, students create fashion images working from the live model. Focus is on developing an individual style and creating exciting, dramatic images.

IL 123 — Principles of Illustration I
1.5 credits; 3 lab hours
Explores media, techniques, and art research. Introduces students to printing and the application of general illustration to specific design problems; directs them to tap and discover personal resources for artistic expression.

IL 125 — Introduction to Digital Illustration Techniques
2 credits; 1 lecture and 2 lab hours
In this introduction to basic Adobe Photoshop, students develop illustrative drawing and painting skills using pressure sensitive tablets or displays in the production of digital and traditional imagery from concept to finish.

IL 126 — Watercolor Comps and Illustrations
1.5 credits; 3 lab hours
Students learn to develop a wide variety of illustration projects in watercolor, from comps to finishes that are ready for reproduction. Emphasis is on real-world assignments for newspapers, magazines, packaging, advertising, and children’s book illustrations.

IL 127 — Applying Color to Illustrate the Written Word
1.5 credits; 3 lab hours
Students learn to use color to produce effective pictorial representations of the written word. By learning the key properties of color and how to manipulate them, students achieve an understanding of color rendering for reproduction.

IL 128 — Perspective Drawing, Composition, and Concept
1.5 credits; 3 lab hours
Students learn to apply perspective drawing, composition, and conceptualization as a means of developing visual communication skills.
IL 133 — Anatomical Life Drawing for the Illustrator I
2 credits; 1 lecture and 2 lab hours
This introductory course in anatomy and life drawing focuses on the skeletal and muscular systems of the body in order to understand the human form and its proportions, contours, and characteristic periphery of movement.

IL 143 — Fashion Drawing I
2 credits; 4 lab hours
For Continuing Education students. Drawing from the fashion model. Emphasizes line drawing in charcoal, conte, and other black-and-white media.

IL 153 — Drawing Foundation I
3 credits; 6 lab hours
Students develop the ability to draw from observation, including human anatomy. They explore drawing techniques to integrate line, tone and composition. They merge drawing on location with studio drawing and reference materials, as well as maintain a sketchbook for class work and personal development.

IL 154 — Drawing Foundation II
3 credits; 6 lab hours
Through advanced study of the nude and clothed figure at rest and in motion, in the studio and on location, students apply their understanding of anatomy, complex compositions, and use diverse drawing media to complete various assignments. Students develop a sketchbook for class work and personal development.
Prerequisite(s): IL 153.

IL 161 — Illustration Process I
3 credits; 6 lab hours
This course establishes fundamentals of pictorial language, critical thinking, composition, and rendering skills. Students use traditional drawing, painting and 3D media techniques to complete projects and develop the work habits necessary to execute successful thumbnail sketches to comprehensive illustrations. Students produce a sketchbook for class work and personal development.

IL 162 — Illustration Process II
3 credits; 6 lab hours
Through conceptual and picture-making skills with an emphasis on the application of linear and tonal perspective, students explore complex compositions, narratives and metaphor. A range of traditional media is explored, and the integration of digital media is introduced. Students maintain a sketchbook for class work and personal development.
Prerequisite(s): IL 161.

IL 181 — The Essence of Comic Art
2 credits; 1 lecture and 2 lab hours
Cultivates the unique graphic style in magazine cartooning, political cartoons, and comic book characters, stressing satire, whimsy, fantasy, and humor. Students develop the ability to succinctly express a comic point of view.

IL 183 — Comic Book Illustration
2 credits; 1 lecture and 2 lab hours
For Continuing Education students. This course addresses the professional process of creating comic book illustration, from character design to panel-to-panel continuity and story development. It focuses on sequential illustration as it applies to visual storytelling in comics.
IL 184 — Introduction to Airbrush
1.5 credits; 3 lab hours
Students learn the mechanics of the airbrush instrument in order to explore creative techniques used in illustration.

IL 201 — Painting Process III: Figure as Visual Communication
3 credits; 6 lab hours
Students expand their painting skills to complete professional assignments. They employ complementary color schemes, perspective and composition and design principles to create the illusion of three dimensional form, texture, space and light, and work from live models and photo reference, integrating digital technology with traditional media.
Prerequisite(s): IL 272.

IL 261 — The Italian Way: Lessons from the Masters for Our Time
2.5 credits; 4 lecture hours
Offered in Florence, this course introduces students to aspects of Italian art and culture that affect their aesthetic and pragmatic points of view as artists. Emphasizes the relationship among the concepts, materials, and techniques used by the masters, and its relevance to today’s artist. Approximately five weeks in June/July.
Prerequisite(s): two semesters of History of Art and Civilization courses.

IL 262 — Pictorial Problem Solving
3 credits; 6 lab hours
Students build upon their conceptual skills to execute finished concepts and resolve the specifications of professionally-oriented assignments. Using traditional and digital skills and employing reference materials, students create illustrations that effectively communicate ideas. The business of illustration is explored, including ethics, marketing, and web presence.
Prerequisite(s): IL 162.

IL 263 — Advanced Pictorial Problem Solving
3 credits; 6 lab hours
Students continue to build upon their conceptual skills, to execute finished concepts and resolve the specifications of professionally-oriented assignments. Using traditional and digital skills and employing reference materials, they create illustrations that effectively communicate ideas. The business of illustration is explored, including ethics, marketing, and web presence.
Prerequisite(s): IL 262.

IL 264 — Visual Interpretation
3 credits; 6 lab hours
Students learn to define and express the essence of subject matter in Illustration. They explore drawing, painting, line, tone, shape, color and composition to develop their own style of visual expression. They discern gesture and movement of the figure using traditional media and conceptual techniques to develop visual communication skills and personal style.
Prerequisite(s): IL 154.

IL 265 — Advanced Visual Interpretation
3 credits; 6 lab hours
Students focus on the refinement of their interpretative and technical skills to create advanced illustrations from reference materials and observation. They create imagery through a personal interpretive approach to illustrate specific professionally orientated assignments, and develop a cohesive style.
Prerequisite(s): IL 264.
IL 272 — Illustration Rendering Techniques
1.5 credits; 3 lab hours
This painting course focuses on rendering realistic imagery while building on students’ color application skills. Students learn to develop accurate facsimiles of photo images by creating visual illusions of 3D on two-dimensional surfaces with color, shadow, depth, mood, texture, and form. Prerequisite(s): IL 127 or IL 105.

IL 299 — Independent Study in Illustration
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

IL 302 — Drawing for Animation I
2 credits; 1 lecture and 2 lab hours
Students learn to draw for animation by developing skills through quick gestural action analysis as well as traditional figure drawing techniques. Creation of character interaction, backgrounds, layouts, storylines, staging, and theatrics is emphasized.

IL 303 — Drawing for Animation II
1.5 credits; 3 lab hours
Advanced drawing for animation preparation by drawing the nude and costumed model, focusing on gestural analysis of the figure. The understanding of continuity in storytelling and character development is emphasized through the correlation of color, lighting, media, music, and cultural influences. Students keep a sketchbook/journal. Prerequisite(s): IL 302.

IL 304 — Foundations of Visual Expression for Storyboard and Concept Art I
3 credits; 1 lecture and 4 lab hours
For students not majoring in Illustration. Students are introduced to illustration topics that can be applied to filmmaking and other visual communication areas. These include anatomy, figure drawing, motion mechanics, perspective drawing and composition.

IL 305 — Foundations of Visual Expression for Storyboard and Concept Art II
3 credits; 1 lecture and 4 lab hours
For students not majoring in Illustration. In this foundation course, students improve their artistic proficiency through drawing and painting from observation of the human form. Color theory and composition applied to filmmaking and other visual communication areas is also covered. Prerequisite(s): IL 304.

IL 306 — Visual Storytelling for Evolving Media I
3 credits; 6 lab hours
Using sequential storytelling concepts and technologies, students create stories that move in time and space. They work in teams to complete projects including writing, short animations, app design, picture e-book designs and animated graphic novels. Demonstrations of new media and industry-partnered projects are incorporated throughout the semester. Prerequisite(s): IL 377.

IL 321 — Digital Sketching and Comping for the Illustrator
1.5 credits; 3 lab hours
Using Adobe Photoshop, students learn to create digital artwork and type; make selections; file, retrieve, scan, print, edit, and retouch photography and artwork; and manipulate, color, and combine images in order to produce high-quality sketches and comprehensives. Prerequisite(s): PH 272.
IL 323 — Adobe Illustrator for the Illustrator
2 credits; 1 lecture and 2 lab hours
This course builds on the student’s knowledge of vector-based drawing, bitmap-based applications, and basic digital typography and design. Illustrative skills are synthesized with typography and design in order to enhance visual problem-solving abilities as well as opportunities for artistic expression.
Prerequisite(s): IL 125 and CD 201.

IL 324 — Digital Painting for the Illustrator
1.5 credits; 3 lab hours
Adobe Photoshop and Corel Painter are used to apply traditional painting and drawing techniques in a digital format. Students learn how to modify the interface using the Power User’s method to work more efficiently. They are encouraged to use these programs to experiment stylistically.
Prerequisite(s): IL 125.

IL 325 — Digital Illustration Techniques
3 credits; 6 lab hours
This course emphasizes the integration of traditional illustration skills and techniques with the application of digital technology. Students expand upon software proficiencies, in combination with traditional picture-making techniques, to develop evocative and visually compelling digital illustrations geared to specific commercial markets.
Prerequisite(s): IL 125.

IL 326 — Traditional Painting Media: Methods and Materials
3 credits; 6 lab hours
This course emphasizes the integration of traditional illustration skills and techniques with the application of digital technology. Students expand upon software proficiencies, in combination with traditional picture-making techniques, to develop evocative and visually compelling digital illustrations geared to specific commercial markets.
Prerequisite(s): IL 201.

IL 362 — The Illustrator’s Heritage I
3 credits; 2 lecture and 2 lab hours
Combines a survey of decorative artists and illustration (late 19th to early 20th century) with visits to museums, galleries, designers’ showrooms, and studios. Students complete illustration projects based on lectures and drawings from a model. (G6: Arts)
Prerequisite(s): IL 201.

IL 364 — The Illustrator’s Heritage II
3 credits; 2 lecture and 2 lab hours
Continues a survey of various aesthetic influences on illustrators from the early 1900s to the present. Course is enriched by guest speakers, films, museum visits, and field trips. Students complete illustration projects based on lectures and drawings from the model.
Prerequisite(s): IL 362.

IL 374 — Book Illustration I
1.5 credits; 3 lab hours
 Develops skills in interpreting a manuscript or story and creating visual images. The application of various techniques and materials is explored. (G6: Arts)
Prerequisite(s): IL 362.

IL 375 — Book Illustration II
1.5 credits; 3 lab hours
Explores aspects of book illustration, with emphasis on specific imagery for specialized areas such as children’s books, science fiction, and juvenile. Emphasis is on professional procedures and portfolio preparation.
Prerequisite(s): IL 374.
IL 376 — Fantasy and Science Fiction Illustration
2 credits; 1 lecture and 2 lab hours
Students explore this genre of illustration through consideration of art, film, novels, and mythology to develop the creative skills necessary to produce images that rely on the imagination, and the extrapolation and integration of visual reference.

IL 377 — Book Illustration
3 credits; 6 lab hours
This course explores both traditional and contemporary approaches to book illustration, including the creation of children’s books, young adult books, and graphic novels. Through class projects, students are introduced to essential business practices and procedures. They conceive, design and illustrate their own manuscripts geared to sell in the publishing market.

IL 378 — Stylistic Illustration
3 credits; 6 lab hours
In this course, students develop their unique and personal illustrative style of visual expression and communication. Through professionally-orientated illustration assignments including written material for book, editorial and advertising assignments, they explore diverse media and integrate traditional and digital skills.
Prerequisite(s): IL 264.

IL 379 — Illustrating the Written Word
3 credits; 6 lab hours
This course focuses on students' interpretation of the written word as a means to illustrate professionally-oriented assignments and resolve visual problems. They incorporate comprehensive research using traditional and digital skills in conjunction with conceptual processes to produce unique ideas and effective illustrations.
Prerequisite(s): IL 377.

IL 383 — Advanced Drawing and Composition: The Personal View
3.5 credits; 1 lecture and 5 lab hours
Students acquire special drawing techniques to provide new ways of perceiving subjects. Emphasis is on complex projects (multiple figures in background) and research.
Prerequisite(s): IL 382.

IL 385 — Illustrating for Contemporary Media II: Images in Sequence
2 credits; 1 lecture and 2 lab hours
Students apply their traditional drawing skills to conceptualize, compose, and render imaginative storyboard applications for comic books, television, films, video games, and the web. Students work from scripts and learn to think in terms of time and space to create memorable and believable sequential illustrative imagery.
Prerequisite(s): IL 384.

IL 389 — Materials and Techniques II: Mixed Media, Including Photography
2 credits; 4 lab hours
Examines the range of unusual and experimental media available to the illustrator. Enlarges and develops students’ personal techniques as it explores experimental options.
Prerequisite(s): IL 388.

IL 402 — Illustrating for the Moving Image I: The Storyboard
3 credits; 1 lecture and 4 lab hours
For students not majoring in Illustration. This course covers key aspects of sequential storyboard drawing and painting for the moving image. It addresses composition and narrative content using appropriate graphic tools and media, such as pencil, marker, pen and/or brush and ink, watercolor, gouache, acrylic, and oils.
Prerequisite(s): IL 305.
IL 404 — Illustrating for the Moving Image II: Concept Art and Character Design
3 credits; 1 lecture and 4 lab hours
For students not majoring in Illustration. Students study the methods of researching period details such as environment, architecture, costume, and weaponry. They learn extrapolative techniques used in genres such as fantasy and science fiction in which the artist must visualize places, characters, objects, and technologies that do not exist.
Prerequisite(s): IL 402.

IL 405 — Visual Storytelling for Evolving Media II
3 credits; 6 lab hours
Students continue to work on projects started in IL 306, or begin new projects to produce a piece of sequential art demonstrating a personal style and vision. They adopt new technologies and techniques befitting their projects. Work is done in teams or individually.
Prerequisite(s): IL 306.

IL 461 — Illustration Workshop
3 credits; 6 lab hours
Exposes students to the working world by assigning actual client-generated projects. Students become familiar with standard business practices including client approval, bookkeeping systems, work schedules, and billing procedures. Reproduction-ready artwork is ultimately delivered to the client.
Prerequisite(s): IL 378 or IL 379 or IL 377.

IL 473 — Advanced Visual Story Studio
3 credits; 6 lab hours
Students continue to work on projects started in IL 405, or begin new ones, to produce a piece of sequential art demonstrating a personal style and vision. They are required to adopt new technologies and techniques befitting their projects. Work is done in teams or individually.
Prerequisite(s): IL 405.

IL 482 — Color Rendering in Advanced Media I
2.5 credits; 1 lecture and 3 lab hours
Examines the techniques, materials, and methods of painting in oils and/or acrylics as they apply to illustration. Encourages professional development as well as experimentation in visual and narrative elements and style.
Prerequisite(s): IL 389.

IL 483 — Color Rendering in Advanced Media II
1.5 credits; 3 lab hours
Utilizing the knowledge and skills acquired in IL 482, students concentrate on developing a highly finished illustration technique while continuing to evolve their individual styles in painting.
Prerequisite(s): IL 482.

IL 484 — Advanced Color Rendering I
3 credits; 6 lab hours
This advanced-level course focuses on the expansion of students’ painting and rendering skills through the application of traditional media and techniques of the masters. Students paint the human figure from direct observation to strengthen their visual perception and awareness of three dimensional form, color and space.
Prerequisite(s): IL 326.
IL 485 — Advanced Color Rendering II
3 credits; 6 lab hours
This course builds on and expands students’ craftsmanship and painting skills. They continue to refine their illustrative style to create personal visual expression for print and web applications. Students paint the human figure extensively from direct observation to strengthen visual perception and awareness of three-dimensional form, color and space. Prerequisite(s): IL 484.

IL 491 — Mentor/Specialization Projects
3 credits; 6 lab hours
Encourages the development of the student as a professional. Several semester projects are individually selected and completed under the supervision of the professional mentor, who may be a working professional, a faculty member who is an expert in a particular area of illustration, or a successful graduate. Prerequisite(s): IL 325 or IL 378 or IL 379.

IL 493 — Illustration Portfolio Thesis
3 credits; 6 lab hours
This course serves as a final preparation for students entering the illustration business. Students submit a written proposal for their self-generated illustration. Guest speakers from industry provide them with insight into business practices, entrepreneurial strategies, and freelance and staff employment. Students present and defend their visual thesis before faculty and peers. Prerequisite(s): IL 491.

IL 499 — Independent Study in Illustration
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

IN: International Trade and Marketing

IN 201 — Global Sourcing in the Textile Industries
3 credits; 3 lecture hours
This overview of global sourcing in the textile industries examines how textile firms search for raw materials, textile chemicals, equipment, and manufacturing plans in foreign markets. Students analyze how various professions, including primary producers, commission manufacturers, jobbers, brokers, and trading companies, participate in the international production and distribution of the final product. Emphasis is on the dynamics of the supply side (resource development and production) and the demand side (resource procurement and management).

IN 301 — Global Sourcing in Home Furnishings
3 credits; 3 lecture hours
This introductory course examines the process of international sourcing in the home furnishings industries. Students study how U.S. home products companies, through product development, search for foreign manufacturers by evaluating various countries’ production costs, quality standards, technical abilities, infrastructures, and cultural differences. Also addressed are U.S. trade policies, vendor management, and consumers’ concerns about products manufactured abroad.

IN 312 — International Trade
3 credits; 3 lecture hours
Introduces international trade as it is practiced today. Students learn how various industries have developed different international trade patterns and how the internet is rapidly changing this field. Focus is placed on international trade as an industry, professional opportunities, project management, intercultural skills, and technical trends in logistics and online research.
IN 313 — International Business Transactions
3 credits; 3 lecture hours
The management of international trade transactions is introduced, with emphasis on agency, distributorship, franchising agreements, import/export, and licensing. Students learn the theory and practice of conducting international negotiations and how to apply the self-regulatory standards used in international trade. The use of the internet and business-to-business e-commerce websites to transact international business is also examined.

IN 320 — Compliance Management in International Trade
3 credits; 3 lecture hours
This course identifies major compliance regulations, as well as ethics and sustainability issues, that impact fashion companies, the agencies that implement them, as well as the organizations that monitor them. The course will focus on how firms adjust their processes to incorporate compliance assessment, manage tracking, surveys, testing and document preparation.
Prerequisite(s): IN 312.

IN 322 — Global Marketing
3 credits; 3 lecture hours
Introduction to the research techniques and implementation strategies practiced in global marketing by the fashion and related industries. Students examine the major trends revolutionizing international marketing, the evolution of international companies into global firms, and the expanding role of e-commerce. The role of intercultural communication and negotiation styles in global marketing strategies is studied in detail.

IN 323 — Import/Export Regulations
3 credits; 3 lecture hours
Import and export regulations enforced by the U.S. Customs Service are presented, including ECCN and HTSUS classification, country of origin, customer screening, export licensing, quota/visa, required import/export documentation, and valuation. Students develop an import or export international business plan.
Prerequisite(s): IN 312.

IN 324 — International Marketing Research
3 credits; 3 lecture hours
Students learn how to plan, implement, and present an international marketing research project. The course explores secondary data that are available through libraries, public agencies, and online resources and analyzes strategies for generating primary data in foreign markets. International team-building and presentation skills are reviewed and practiced. Lectures and critiques are provided by guest speakers from the industry.
Prerequisite(s): IN 322.

IN 331 — Global Sourcing for Stylists
3 credits; 3 lecture hours
Students learn how and where goods and components are manufactured. Compliance, quality control standards, and governmental regulations are addressed, as well as the evolution of global sourcing and current fashion trends and practices.

IN 341 — International Logistics
3 credits; 3 lecture hours
International logistics, the organized movement of goods, services, and people globally, is explored. Students survey the impact of market forces, government regulations, labor challenges, and technological change on transportation systems. Students use 3D modeling software to visualize cargo, explore improvements in transport efficiency while considering the environmental impact of trade.
IN 342 — International Corporate Responsibility
3 credits; 3 lecture hours
Students study the sustainability movement, and how ethical, social, and environmental issues are being addressed by multinational corporations. Through the review of current case studies, the course examines the role of fashion businesses in creating socially responsible and eco-friendly global supply chains and their effect in international trade policies.

IN 400 — Cross Border E-commerce and Social Media for International Trade and Marketing
3 credits; 3 lecture hours
This course prepares students to apply the most important digital marketing strategies currently used by brands in cross border e-commerce in compliance with regulations in multiple countries. Students will apply this knowledge to select expansion strategies and use key social media platforms to support their international commerce initiatives.

IN 423 — Global Marketing of Luxury Brands
3 credits; 3 lecture hours
Through case studies, business articles, and position papers, students learn how international luxury brands are affected by globalization, how they compete for emerging markets and use elements of sustainability and social responsibility in their competition strategies. Students explore the concept of the global consumer and the impact of this consumer on marketing strategies.
Prerequisite(s): IN 322 or approval of instructor.

IN 424 — Export Promotion Marketing
3 credits; 3 lecture hours
This course is an introduction to the variety of export assistance policies, programs, and initiatives available to U.S., foreign, and global businesses to effectively market fashion-related goods and services. Students examine various export promotion strategies organized by the U.S. government, foreign governments, and bilateral and private-sector joint programs that aid in the exportation of goods and services.
Prerequisite(s): IN 322.

IN 433 — Global Sourcing
3 credits; 3 lecture hours
Students examine the import marketing process, import regulations, sources of supply, supplier management and development, and transportation in order to learn how to participate in the global marketplace and negotiate in cross-cultural situations.
Prerequisite(s): IN 323.

IN 434 — International Management
3 credits; 3 lecture hours
This course is a guide to the world of international business and addresses the myriad factors that influence decision makers working in this environment. Students assess how organizational structure, personnel decisions, resource planning and allocation, and other business alternatives are affected by a firm’s global participation.

IN 441 — International Business Law
3 credits; 3 lecture hours
Students develop a thorough understanding of the legal framework for international business transactions in the fashion and related industries. They learn how international sales contracts are structured, how international trade rules and national laws apply to cross-border transactions, and how international business disputes are settled.
IN 442 — International Finance
3 credits; 3 lecture hours
Students learn to use the basic principles and techniques of international financial management and develop an understanding of the financial environment in which multinational corporations and small international businesses operate. Focus is on international capital budgets and capital structure, international cash management, international tax regulations, management of currency and exchange-rate risks, and short- and long-term trade finance.
Prerequisite(s): MA 222 or MA 311.

IN 443 — International Business Strategies and Fashion Law
3 credits; 3 lecture hours
This management course introduces the strategic business considerations faced by international fashion firms as they set up operations in foreign markets. Students examine the market entry process of fashion firms and identify key financial, legal, management, and marketing issues.

IN 491 — SUMMER INTERNSHIP HONG KONG
4 credits
A salaried summer internship in industry scheduled individually for 120-160 hours during June. Includes on-site pre- and post-internship seminar field trip. Completion of a daily journal and oral report on experience is required.

IN 492 — International Trade Practicum
3 credits; 3 lecture hours
This course offers students a field trip to a key country of a regional trade agreement to experience international trade's impact on consumers, the fashion industries, and governments of foreign markets. Participants learn to conduct international field research, source international contacts, and develop safe travel skills. Students’ findings are summarized in a written case study. An application must be submitted in the prior semester for a student to be considered for the course. Approximately four weeks in January or June.
Prerequisite(s): IN 312 or approval of chairperson.

IS: Interdivisional Studies

IS 299 — Independent Study in Interdivisional Studies
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean.

IS 313 — Environmental Experience
3 credits; 3 lecture hours
For baccalaureate-level Interior Design students. Explores the social nature of human beings, how they adapt the environment to suit their needs, and how they react perceptually and behaviorally to the built environment. Emphasis is placed on the designer’s role/responsibility in reacting sensitively to specific user groups and improving their quality of life.

IS 499 — Independent Study in Interdivisional Studies
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean.

IT: Italian

IT 111 — Elementary Italian
3 credits; 2 lecture and 2 lab hours
Students with no background in Italian learn how to communicate with Italian-speaking people. The basic skills of speaking, reading, and writing in Italian are established and Italian culture is introduced. All new grammatical, syntactical and phonetic skills covered in course lectures will be further developed in a multimedia environment.
IT 112 — Italian II
3 credits; 2 lecture and 2 lab hours
Students expand upon the skills established in Italian I and continue to study Italian culture. All new grammatical, syntactical and phonetic skills covered in course lectures will be further developed in a multimedia environment.
Prerequisite(s): IT 111 or equivalent.

IT 113 — Made in Italy: Italian Language through Food, Fashion and Film
3 credits; 2 lecture and 2 lab hours
Students review, develop, and expand use of spoken and written structures of contemporary Italian through total immersion. Field trips emphasize the interactive use of the Italian language through three significant themes: gastronomy, cinema, and fashion design, providing enriched understanding of the people, history and culture of Italy.
Prerequisite(s): IT 111 or equivalent.

IT 122 — Italian Conversation I
3 credits; 3 lecture hours
Students learn to converse in Italian by emphasizing interaction in real-world situations. Functional and practical verbal communications are addressed with a focus on Italian culture. Course also taught in Florence, Italy, in Winter and Summer sessions.
Prerequisite(s): IT 111 or equivalent.

IT 213 — Italian III
3 credits; 2 lecture and 2 lab hours
This intermediate course is designed to review and refine students' communication skills in Italian. Supplementary reading materials (including poetry, short stories, and magazine and newspaper articles), films, and videos further the students' knowledge of Italian culture. All new grammatical, syntactical and phonetic skills covered in course lectures will be further developed in a multimedia environment.
Prerequisite(s): IT 112 or equivalent.

IT 214 — Italian IV
3 credits; 2 lecture and 2 lab hours
Building on Italian III, students refine their communication skills in Italian. More advanced supplementary reading materials (including poetry, short stories, and magazine and newspaper articles), films, and videos further the students' knowledge of Italian culture. All new grammatical, syntactical and phonetic skills covered in course lectures will be further developed in a multimedia environment.
Prerequisite(s): IT 213 or equivalent.

IT 223 — Italian Conversation II
3 credits; 2 lecture and 2 lab hours
Conversational ability in Italian is further developed and refined by emphasizing interaction in real-world situations. Advanced functional and practical verbal communications are addressed along with a focus on Italian culture. All new grammatical, syntactical and phonetic skills covered in course lectures will be further developed in a multimedia environment.
Prerequisite(s): IT 112 or equivalent.

IT 251 — Italian Cinema
3 credits; 2 lecture and 2 lab hours
This course is cross-listed with FI 246. Students survey the defining elements of Italian cinema from inception to contemporary Italian cinematic practices. Screenings include Neorealist masterpieces, cinema d’autore, commedia all’italiana, spaghetti Westerns, and contemporary Italian films.
IT 299 — INDEPENDENT STUDY - ITALIAN
1-3 credit

IT 311 — Italian for Business
3 credits; 2 lecture and 2 lab hours
This course is designed for students who have completed four semesters of college-level Italian (or equivalent) and who are interested in furthering their language proficiency in commercial Italian. The course focuses on current Italian and European community business practices and culture. Prerequisite(s): IT 213 or IT 223 or permission of the instructor.

IT 312 — Italian Fashion Culture
3 credits; 2 lecture and 2 lab hours
This course is conducted entirely in Italian. This course looks at fashion in Italian culture from the Middle Ages through the present day. Materials include short stories, magazines, newspapers, blogs, and films. Students analyze how fashion reflects sociopolitical changes throughout Italian history, and learn specialized vocabulary related to fashion. Prerequisite(s): IT 213 or permission of instructor.

IT 341 — Introduction to Italian Literature
3 credits; 3 lecture hours
This course introduces students to Italian literature from the Middle Ages to the contemporary era. Students examine the work of Italian authors in the genres of poetry, the novel, and the theater, with an emphasis on literary analysis through discussion and writing. The course is conducted entirely in Italian and is enhanced by multimedia resources. (G7: Humanities; G8: Foreign Language) Prerequisite(s): IT 214 or equivalent.

IT 342 — Writing Women of the Italian Renaissance
3 credits; 3 lecture hours
This course introduces students to the lives and literary endeavors of a selection of women who lived in Italy during the Renaissance and addresses how these women were written about in the context in which they wrote. Topics addressed in the course include their purpose and motivation for writing, the kinds of texts they wrote and the audience served, and the effect of social class and religion on their work. This course is conducted entirely in Italian. (G7: Humanities; G8: Foreign Language) Prerequisite(s): IT 214 or equivalent.

IT 499 — Independent Study - Milan
1-3 credit; 1 lecture hour
Prerequisite(s): a minimum of 3.5 GPA and approval of instructor, chairperson and dean for Liberal Arts.

JA: Japanese

JA 111 — Japanese I
3 credits; 2 lecture and 2 lab hours
The purpose of this course is to enable students to communicate effectively in Japanese at an elementary level and to introduce them to Japanese culture. Reading, writing and speaking will be given equal attention and Japanese culture is introduced. All new grammatical, syntactical and phonetic skills covered in course lectures will be further developed in a multimedia environment.

JA 112 — Japanese II
3 credits; 2 lecture and 2 lab hours
Students expand upon the skills established in Japanese I and continue to study Japanese culture. Students workshop and hone all new grammatical, syntactical and phonetic skills worked on in the lecture hours in a multimedia environment. Prerequisite(s): JA 111 or equivalent.
JA 113 — Japanese Conversation in Japan
3 credits; 3 lecture hours
Students review, develop, and expand use of spoken and written structures of contemporary Japanese through total immersion. Optional home stay and required field trips emphasize the interactive use of the Japanese language and provide enriched understanding of the people, history and culture of Japan.
Prerequisite(s): JA 111.

JA 122 — Japanese Conversation I
3 credits; 3 lecture hours
Students learn to converse in Japanese by emphasizing interaction in real-world situations. Functional and practical verbal communications are addressed, with a focus on Japanese culture. Course also taught in Tokyo, Japan, in Summer Session.
Prerequisite(s): JA 111 or equivalent.

JA 213 — Japanese III
3 credits; 2 lecture and 2 lab hours
This intermediate course is designed to review and refine students’ communication skills in Japanese. Supplementary reading materials (including poetry, short stories, and magazine and newspaper articles), films, and videos further the students’ knowledge of Japanese culture. All new grammatical, syntactical and phonetic skills covered in course lectures will be further developed in a multimedia environment.
Prerequisite(s): JA 112 or equivalent.

JA 214 — Japanese IV
3 credits; 2 lecture and 2 lab hours
Building on Japanese III, students refine their communication skills in Japanese. More advanced supplementary reading materials (including poetry, short stories, and magazine and newspaper articles), films, and videos further the students’ knowledge of Japanese culture. All new grammatical, syntactical and phonetic skills covered in course lectures will be further developed in a multimedia environment.
Prerequisite(s): JA 213 or equivalent.

JA 223 — Japanese Conversation II
3 credits; 2 lecture and 2 lab hours
Conversational ability in Japanese is further developed and refined by emphasizing interaction in real-world situations. Advanced functional and practical verbal communications are addressed along with a focus on Japanese culture. All new grammatical, syntactical and phonetic skills covered in course lectures will be further developed in a multimedia environment.
Prerequisite(s): JA 112 or equivalent.

JA 499 — Independent Study Japanese
1-3 credit

JD: Jewelry Design

JD 000 — JEWELRY DESIGN
1-3 credit; 1 lab hour

JD 101 — Introduction to Jewelry Fabrication
2 credits; 1 lecture and 2 lab hours
Basic processes used in the design and creation of jewelry. Students fabricate their own designs in the studio.
JD 102 — Enameling Techniques for Precious Metals/Fine Jewelry/Objects D’Art
2 credits; 1 lecture and 2 lab hours
Vitreous enameling on precious metals. Studies include an emphasis on the metallurgical properties of gold, silver, and platinum and their chemical compatibility with enamels. Surface treatments, ancient and modern, that intensify the jewel-like qualities of vitreous enamel on precious metal will be explored, along with construction techniques that help students transform glass into beautiful, functional jewelry and objects of art.
Prerequisite(s): JD 101.

JD 103 — Jewelry and Accessories Fabrication (Interdisciplinary)
2 credits; 1 lecture and 2 lab hours
This is an interdisciplinary course cross-listed with LD 103. This interdisciplinary course challenges students to combine jewelry and accessories aesthetics, materials and problem solving methodology to create a unique three-piece collection that may include but not limited to sandals, hats, handbags and belts.

JD 103 — Jewelry and Accessories Fabrication (Interdisciplinary)
2 credits; 1 lecture and 2 lab hours
Prerequisite(s): JD 101.

JD 103 — Jewelry and Accessories Fabrication (Interdisciplinary)
2 credits; 1 lecture and 2 lab hours
This is an interdisciplinary course cross-listed with LD 103. This interdisciplinary course challenges students to combine jewelry and accessories aesthetics, materials and problem solving methodology to create a unique three-piece collection that may include but not limited to sandals, hats, handbags and belts.

JD 104 — Piercing and Sawing Techniques
1.5 credits; 3 lab hours
Proper use of the jeweler’s saw is emphasized and the eye is trained to understand the balance between positive and negative spaces. Students pierce and saw an intricate design in flat sheet stock.
Co-requisite(s): JD 113, JD 121, JD 131, JD 133, and JD 172 or approval of chairperson.

JD 105 — Metal Forming Techniques: Chasing and Repousse
1.5 credits; 3 lab hours
Introduces students to jewelry-forming techniques by making their own dapping and chasing tools by means of forging, annealing, and tempering. Using these tools, objects are created by repousse and other methods.
Prerequisite(s): all first-semester Jewelry Design courses or approval of chairperson "Co-
requisite(s): JD 116, JD 122, JD 134, JD 171, and JD 173 or approval of chairperson".

JD 106 — Enameling for Contemporary Jewelry
2 credits; 1 lecture and 2 lab hours
Vitreous enamel has been used for centuries as a means of adding color and richness to precious objects and jewelry. This course examines historical and contemporary uses of enamel, and explores the various methods of its application, including cloisonne, limoges and champleve, the use of silver and gold foils, oxidation, surface finishing and setting techniques.
Prerequisite(s): JD 101 or JD 174.

JD 107 — Wax Carving
1 credit; 2 lab hours
Wax carving of designs suitable for jewelry, stressing illusion and perspective, needed for both brooches and rings. Emphasis is on preparing a design and model for production.

JD 108 — Jewelry Casting
2 credits; 1 lecture and 2 lab hours
Learning will be accomplished through lecture, demonstration and skill building. Using their own designs, students will cast and learn the chemistry of alloying metals, converting wax weight to metal weight as well as the basic principles of casting metal.
JD 123 — Wearable Art (Interdisciplinary)
2 credits; 4 lab hours
This is an interdisciplinary course cross-listed with FA 123. In this team-taught course, students explore the intermingling of sculpture and jewelry. Students connect, interpret and combine traditional fine arts and jewelry-making processes to create wearable art.

JD 131 — Mechanical Drafting for Jewelers
1.5 credits; 3 lab hours
Designed to teach students the fundamentals of mechanical and plan drawing as it applies to materials, mechanisms, concepts, and designs used in jewelry.
Co-requisite(s): JD 113, JD 114, JD 121, JD 133, and JD 172 or approval of chairperson.

JD 133 — Introduction to Jewelry Design
1.5 credits; 3 lab hours
Emphasis is on developing creative ability. A visual sensitivity is developed through museum trips, nature studies, field trips, etc. Suitable rendering techniques, painting, and perspective requirements are covered.
Co-requisite(s): JD 113, JD 114, JD 121, JD 131, and JD 172 or approval of chairperson.

JD 134 — Jewelry Design II
1.5 credits; 3 lab hours
Advanced illustrative techniques in jewelry design. An elementary knowledge of stones, both precious and semi-precious, is given for incorporating in design. Assigned projects focus on industry requirements.
Corequisite(s): JD 115 and JD 116 and JD 122 and JD 171 and JD 173.

JD 138 — Introduction to CAD Modeling for Designers
2 credits; 1 lecture and 2 lab hours
Using current hard-surface modeling software, students will make 2D drawings and model 3D parts, beginning with general exercises and leading to projects specific to their fields of study. Students will learn to develop basic designs and to explore their personal approach to the media. Fluency in basic computer skills is strongly recommended.

JD 139 — Jewelry Design & Ideations I
2.5 credits; 5 lab hours
This course is an introduction to jewelry design concepts and ideation, using analog and computer-aided design. Basic design principles, drawing skills and mechanical drafting are covered.
Corequisite(s): JD 174, or approval of chair.

JD 141 — Introduction to Diamonds
2 credits; 1 lecture and 2 lab hours
This introductory course provides an overview to diamonds, how crystals form, the physical and optical properties of diamonds, and mining techniques throughout history from ancient times to the present day. Other topics include a review of mining locations and techniques, and the cultural, environmental, financial, and global economic impact of diamonds.

JD 142 — Gemology and Gem Identification
3 credits; 1 lecture and 4 lab hours
This course introduces students to gemology and gem identification, with an emphasis on their use in commercial production and price structure. The uses of various gem testing equipment is covered. Students gain basic knowledge of the commonly used gem materials and the ways in which they are used in jewelry.
**JD 148 — The Science of Jewelry (Interdisciplinary)**

3 credits; 2 lecture and 2 lab hours

This is an interdisciplinary course cross-listed with SC 148. This course gives students an understanding of the scientific properties and geologic origins of materials used in the manufacture of jewelry, current issues in ethical and sustainable sourcing of these materials, and economics of the precious metals past and present. Gen Ed: Natural Science (G3).

**JD 161 — Changes, Trends & Appraisals**

2 credits; 1 lecture and 2 lab hours

Students study the symbolic meaning and economic rationale for jewelry in society, and are introduced to the science of appraising jewelry. They learn stylistic differences, and the causes and factors behind them, and how styles are influenced by social and political events.

**JD 171 — Materials and Properties**

2 credits; 2 lecture hours

Students learn basic chemistry and physics as they pertain to materials used in jewelry. Emphasis is on how chemicals and acids used in the industry, and the chemical composition of various stones, affect production.

**JD 172 — Tools, Equipment, and Processes**

1 credit; 1 lecture hour

Study of the tools, equipment, and supplies used in the jewelry industry. Discusses quality, function, and care of equipment, including sources and pricing.

Co-requisite(s): JD 113, JD 114, JD 121, JD 131, and JD 133 or approval of chairperson.

**JD 173 — Materials and Findings for the Jewelry Industry**

1 credit; 1 lecture hour

Studies buying procedures, sources, and up-to-date technology in the jewelry industry. Discusses precious and nonprecious materials as well as sizes, nomenclature, and methods used in jewelry manufacturing.

Prerequisite(s): all first-semester Jewelry Design courses "Co-requisite(s): JD 115, JD 116, JD 122, JD 134, and JD 171 or approval of chairperson".

**JD 174 — Studio Fabrications I**

2.5 credits; 5 lab hours

This course introduces students to the foundation techniques of manufacturing jewelry while addressing safety issues in the studio. Processes covered include, but are not limited to, soldering with the oxygen/gas torch and the use of hand and small machine tools to create jewelry in metal and carving wax models to be cast.

**JD 181 — Basic Principles of Appraising Jewelry**

2 credits; 1 lecture and 2 lab hours

Establishes methods and values in the appraisal of jewelry and precious and semiprecious stones. Students acquire familiarity with the simple tests that are available and are given guidance on current market prices.

**JD 200 — Experimental Techniques with Japanese Metal Alloys**

2 credits; 4 lab hours

This course introduces students to experimental techniques in metalworking such as special Japanese copper alloys: Shakudo, Shibuichi and Rosushou colorings and patinations. Alloing metal and patination is explored and used as aesthetic enhancements for art jewelry.

Prerequisite(s): JD 101 or JD 174.
JD 201 — Mineral Identification and Lapidary
2 credits; 1 lecture and 2 lab hours
Using appropriate tools and instruments, students learn how to identify a variety of semiprecious materials and their specific properties. Emphasizes applications of these materials for the decorative arts.

JD 202 — Enameling for Contemporary Jewelry II
2 credits; 1 lecture and 2 lab hours
Presents additional contemporary techniques, including the use of liquid enamels, application of decals, and the use of lusters with enamel. Covers the challenging technique of plique a jour. Students design their own projects, experiment with techniques, and further augment their skills while developing an individual aesthetic.
Prerequisite(s): JD 101 or JD 174 or JD 117.

JD 203 — Introduction to Stone Setting
2 credits; 1 lecture and 2 lab hours
This course introduces the art and craft of stone setting, focusing on both the technical and historic. Students are engineered to expose, educate and encourage analysis and understanding of the physical parameters needed to securely hold stones and other applicable materials for presentation in the fine jewelry and accessories.
Prerequisite(s): JD 101 or JD 174.

JD 213 — Nontraditional Construction Techniques in Metal
1.5 credits; 3 lab hours
Covers many non-traditional techniques, including but not limited to etching, marriage of metals, roller printing, and Keum-bo. Students explore and utilize these techniques in design and fabrication of unique pieces of metal jewelry.

JD 214 — Handmade Diamond Jewelry Techniques
1.5 credits; 3 lab hours
Students develop the start-to-finish techniques used by industry craftspeople in the creation of handmade diamond jewelry. Includes design layout, making of a copper chablon, planning the weight and use of diamonds, and the cutting of azures.
Prerequisite(s): all second-semester Jewelry Design courses “Co-requisite(s): JD 213, JD 215, JD 216, and JD 251 or approval of chairperson*.

JD 215 — Alternative Materials for Jewelry Fabrication
1.5 credits; 3 lab hours
Covers the design approaches and special methods used in the manufacture of jewelry from common industrial materials, such as plastics, rubber, and stainless steel. Students design and produce prototypes for a small collection.
Prerequisite(s): all second-semester Jewelry Design courses “Co-requisite(s): JD 213, JD 214, JD 216, and JD 251 or approval of chairperson*.

JD 216 — Advanced Piercing and Metal Carving
1.5 credits; 3 lab hours
Concentrates on advanced piercing and metal carving techniques to create ring designs. Students maintain diaries of sketchwork and research.
Co-requisite(s): JD 213 and JD 214 and JD 215 and JD 251.

JD 217 — Handmade Platinum Jewelry
1.5 credits; 3 lab hours
Introduces various methods used in the making of handmade platinum jewelry, drawing upon skills learned in JD 214.
Prerequisite(s): all third-semester Jewelry Design courses “Co-requisite(s): JD 218, JD 219, and JD 252 or approval of chairperson*.
**JD 218 — Hollow Form Jewelry: Die Construction and Manufacturing Techniques**
1.5 credits; 3 lab hours
An intensive study of hollow form jewelry techniques to produce an original finished product of exhibition quality. Includes technical drawing and fabrication of a scale model.
Prerequisite(s): all third-semester Jewelry Design courses “Co-requisite(s): JD 217, JD 219, and JD 252 or approval of chairperson”.

**JD 219 — Clasps, Closings, and Findings**
1.5 credits; 3 lab hours
Based on the principles of mechanical devices, students learn about and produce clasps, closings, and earbacks.

**JD 231 — Objects Design and Rendering**
1.5 credits; 3 lab hours
Rendering of objects and accessories from shoes and belt buckles to hair ornaments and handbags. Studies colored glass, enamel, and rhinestones used in these accessories.
Prerequisite(s): all second-semester Jewelry Design courses
Co-requisite(s): JD 233 and JD 263 or approval of chairperson.

**JD 233 — Jewelry Design III**
1.5 credits; 3 lab hours
Students are required to present an entire collection of jewelry around a particular viable theme such as certain stones, metals, or a specific market.
Prerequisite(s): all second-semester Jewelry Design courses
Co-requisite(s): JD 231 and JD 263 or approval of chairperson.

**JD 235 — Fine Jewelry Portfolio**
1.5 credits; 3 lab hours
Students develop a portfolio of fine jewelry renderings, from a variety of precious and semiprecious materials, that reflect their level of accomplishment and an understanding of industry requirements.
Prerequisite(s): all third-semester Jewelry Design courses
Co-requisite(s): JD 236 or approval of chairperson.

**JD 236 — Fashion Jewelry Portfolios**
1.5 credits; 3 lab hours
Students prepare a portfolio of costume jewelry renderings, creating seasonal lines that reflect their level of accomplishment and an understanding of industry requirements.
Prerequisite(s): all third-semester Jewelry Design courses
Co-requisite(s): JD 235 or approval of chairperson.

**JD 237 — 3D Digital Object Design**
2 credits; 1 lecture and 2 lab hours
Focuses on advanced 3D CAD modeling as used in the jewelry industry. Students build skills through modeling organic forms, and learn to combine modeling strategy with problem solving. The course portfolio consists of sophisticated jewelry models ready for digital output.

**JD 238 — Jewelry Design & Ideations II**
2.5 credits; 5 lab hours
This course explores the design and development of sophisticated jewelry pieces. Professional drafting and rendering techniques are practiced using traditional and digital media. Students use their Gemology knowledge to lend veracity to their use and depiction of gem materials. Objects de vertu are explored as a design challenge found in luxury niche markets.
Prerequisite(s): JD 174, or approval of department chair.
**JD 239 — Design Capstone/Portfolio**
2.5 credits; 5 lab hours
Students create three collections, designed with a common, related theme, in Fine Jewelry, Fashion Jewelry, and Alternative Materials Jewelry. They create two presentations: a portfolio to display the collections of paper, and a display showing actual samples produced during the class.
Prerequisite(s): JD 240 and JD 271
Corequisite(s): JD 267 and JD 274.

**JD 240 — Jewelry Design Development**
3 credits; 6 lab hours
This course explores the design development process and provides students opportunities to build professional-level design presentation skills. Students also acquire advanced CAD modeling skills, and learn to model to specification. Completed class projects develop into graduating design portfolios as well as provide supporting content for other coursework.
Prerequisite(s): JD 139 and JD 238.

**JD 241 — Introduction to Gemology**
2 credits; 1 lecture and 2 lab hours
Study of the major gem species and their characteristics, with emphasis on their use in commercial production and price structure. Students acquire a thorough knowledge of all precious and semiprecious stones and the ways in which they are used in jewelry.

**JD 243 — Gemology II**
2 credits; 1 lecture and 2 lab hours
A gem identification course with students learning the use of various laboratory equipment such as the gemological microscope, dichroscope, polariscope, specific gravity balance, refractometer, ultraviolet light, spectroscope, and other instruments used in gem identification.
Prerequisite(s): JD 241.

**JD 244 — Gemology III**
3 credits; 2 lecture and 2 lab hours
In-depth study of gem materials and their synthetic counterparts. Topics include functionality of gem equipment, application to gem testing, and the development of gem material from its atomic natural structure to polished gem state.
Prerequisite(s): JD 243 and JD 281, or approval of chairperson.

**JD 251 — Principles of Silversmithing**
1.5 credits; 3 lab hours
Basic study of silversmithing, including advanced use of repousse, chasing, and forming. Small simple projects in either silver, bronze, or copper are created to study these basic procedures.

**JD 252 — Silversmithing Project Studio**
1.5 credits; 3 lab hours
Creation of a handmade, hand-formed silver piece with emphasis on developing student’s creative ability. Project should be a major work of exhibition quality.
Prerequisite(s): JD 251.

**JD 261 — Changes and Trends in Jewelry Design**
2 credits; 2 lecture hours
Study of the symbolic meaning as well as the economic rationale for jewelry in modern society. Students are made aware of stylistic differences, the reasons for them, and how styles are influenced by social and political events.
JD 262 — Estimating Costs
1 credit; 1 lecture hour
Using current industry pricing standards, students estimate the cost of their own designs made of precious, semiprecious, or nonprecious materials and stones.
Prerequisite(s): all second-semester Jewelry Design courses
Co-requisite(s): all third-semester Jewelry Design courses specific to option, or approval of chairperson.

JD 263 — Costume Jewelry Production and Marketing
3 credits; 3 lecture hours
Explains jewelry fashion theory, principles, and cycles and their relationship to jewelry line development while studying trends in ready-to-wear, European, and American designer collections.
Prerequisite(s): all second-semester Jewelry Design courses
Co-requisite(s): JD 231 and JD 233.

JD 267 — Jewelry Seminar/Best Business Practices
2.5 credits; 1 lecture and 3 lab hours
Using current industry price standards, students estimate the cost of their own designs made of precious, semi-precious, or non-precious materials and stones.
Corequisite(s): JD 239 and JD 274.

JD 271 — Alternative/Sustainable Materials
2.5 credits; 5 lab hours
This course explores alternative materials for jewelry and small object design. Various natural and synthetic materials are covered such as, but not limited to, plastics and resin, wood, cement, glass, aluminum, and steel. Sustainable sourcing and working methods are stressed and emphasis is placed on professional working techniques and manufacturing practices.
Prerequisite(s): JD 272 or approval of chair
Corequisite(s): JD 240.

JD 272 — Studio Fabrication II
2.5 credits; 5 lab hours
Students learn to manipulate metal, using techniques ancient and modern, to create precision models for serial production, coupled with an in-depth study of hollow form construction and finishing. Emphasis is placed on professional working techniques and manufacturing practices.

JD 273 — Studio Fabrication III
2.5 credits; 5 lab hours
This course extends the concept of designing and fabricating jewelry for production. Stone setting and the engineering of static and articulated systems for fine jewelry is covered. Alloying metal and patination are explored and used as invaluable aesthetic enhancements for fine jewelry.
Prerequisite(s): JD 272
Corequisite(s): JD 240.

JD 274 — Fabrication Capstone/Portfolio
2.5 credits; 5 lab hours
This capstone course explores components and processes necessary for finishing jewelry, from mechanical systems to finishing techniques, culminating in the fabrication of a suite of jewelry demonstrating skills and concepts studied in the program. Production of the suite is integral to concurrent fourth semester design and project management courses.
Prerequisite(s): JD 273 and JD 240
Corequisite(s): JD 239 and JD 267.
**JD 281 — Diamond Grading**
2 credits; 1 lecture and 2 lab hours
Explores techniques for grading diamonds by color, clarity, and cut. Includes basic knowledge required for diamond selection and establishment of base for pricing. Discusses history and technical terms pertaining to diamond grading.
Prerequisite(s): JD 141.

**JD 299 — Independent Study in Jewelry Design**
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

---

**LD: Accessories Design**

**LD 101 — Accessories Design**
2 credits; 1 lecture and 2 lab hours
For students not majoring in Accessories Design. Introduction to major areas of accessories design. Various types of shoes, handbags, and belts are analyzed in terms of materials, construction, and presentation. Students acquire hands-on techniques in all three phases.

**LD 103 — Jewelry and Accessories Fabrication (Interdisciplinary)**
2 credits; 1 lecture and 2 lab hours
This is an interdisciplinary course cross-listed with JD 103. This interdisciplinary course challenges students to combine jewelry and accessories aesthetics, materials and problem solving methodology to create a unique three-piece collection that may include but not limited to sandals, hats, handbags and belts.

**LD 111 — Leather and Materials Technology**
2.5 credits; 2 lecture and 1 lab hours
Processes in the development of leathers, reptiles, plastics, and other textiles are analyzed. Emphasis is on the function and utilization of each for handbags, footwear, and related accessories.

**LD 112 — Decorative Leather Techniques**
2.5 credits; 1 lecture and 3 lab hours
Studying such ornamentation techniques as trapunto, inlay, welting, pleating, and weaving, students learn how to apply them to leather apparel and accessories design. Basic patternmaking skills used in the construction of handbags, belts, and portfolios are taught.

**LD 113 — Manipulating Leather: Volume and Texture**
2 credits; 1 lecture and 2 lab hours
This course focuses on various decorative techniques to enhance the volume and texture of leather accessories. Students apply increasingly advanced techniques from decorative hand-stitching and embroidery to braiding and painting. Hand-quilting, gathering, ruffles, and patchwork techniques are also covered.

**LD 121 — Accessories Design and the Human Anatomy**
2 credits; 2 lecture hours
Students study the components of the foot, spine, and hand to understand the relationship between anatomical structure and the design of footwear, handbags, and gloves. Students learn to create functional and fashionable accessories that are anatomically and ergonomically correct.

**LD 133 — Footwear Design I**
3 credits; 1 lecture and 4 lab hours
The basic concepts of footwear design are introduced and the history and types of footwear are discussed. Students develop skills for working with a last and learn patternmaking, sewing, construction, and finishing techniques for closed shoes.
**LD 134 — Footwear Design II**  
3 credits; 1 lecture and 4 lab hours  
Students analyze last styles, leathers, and components in terms of functionality and design. They continue to develop patternmaking skills by designing and making mules and oxfords.  
Prerequisite(s): LD 133.

**LD 136 — Athletic Footwear: The Shoe That Changed Fashion**  
2 credits; 2 lecture hours  
Sneakers have become not only a sport shoe but also a fashion statement. This course focuses on the history of athletic footwear through an understanding of the design and style philosophy of the industry's leading companies.

**LD 143 — Handbag Design I**  
3 credits; 1 lecture and 4 lab hours  
The skills to design and produce handbags are taught. Students become familiar with patternmaking techniques, machinery and equipment, and the various styles in handbag design. They learn how to translate original concepts into finished products.

**LD 144 — Handbag Design II**  
3 credits; 1 lecture and 4 lab hours  
Patternmaking and sample making techniques are developed further as students design and construct frame and box bags.  
Prerequisite(s): LD 143.

**LD 165 — Sketching Accessories**  
2.5 credits; 1 lecture and 3 lab hours  
For one-year Accessories Design students. This accelerated course introduces the various areas of accessory design, including handbags, gloves, shoes, hats, and belts. Students learn to draw and render current materials and textures applicable to today's market.

**LD 181 — Ergonomics for Athletic Footwear**  
2 credits; 2 lecture hours  
This in-depth study of the ergonomic requirements of footwear for myriad athletic activities focuses on integrating the anatomy and function of the human form with sport-specific design considerations. Injuries, sport surfaces and the evolution of athletic footwear within the several elemental genres are also discussed along with latest trends in materials and manufacturing.

**LD 182 — Performance Materials for Athletic Footwear**  
2 credits; 2 lecture hours  
Students learn about the different types of performance materials used in all aspects of athletic footwear construction.

**LD 184 — Athletic Footwear Sketching**  
2.5 credits; 1 lecture and 3 lab hours  
Students learn to hand sketch the components of performance athletic footwear and integrate sketch development, function, and technology into the footwear design.

**LD 185 — Athletic Footwear Drafting**  
2.5 credits; 1 lecture and 3 lab hours  
Students draft the components of an athletic shoe using both freehand and CAD. A history of the athletic footwear industry and the integration of technology in athletic footwear are introduced. Students make a model of an outsole design.
LD 227 — Introduction to Line Building
2 credits; 4 lab hours
Using a specific theme or season, students learn the principles and techniques of line building by designing and producing a collection of accessories. Emphasis is on workmanship, fabrication, and execution of designs.
Corequisite(s): LD 134 and LD 144.

LD 228 — Accessories CAD
2 credits; 1 lecture and 2 lab hours
This course introduces students to Adobe Illustrator, which is used as a CAD tool for designing accessories. Auxiliary software includes Adobe Photoshop.

LD 231 — Boot Design
2.5 credits; 1 lecture and 3 lab hours
Students design and construct three different boot types: cowboy, Chelsea, and thigh-high. Boot detailing, advanced patternmaking, grading, and lasting techniques are taught.
Prerequisite(s): LD 134.

LD 242 — Advanced Handbag Construction
2.5 credits; 1 lecture and 3 lab hours
Using such techniques as the pillow gusset/bottom and strip construction, students explore new handbag designs. Advanced patternmaking skills are taught. Emphasis is on detailing.
Prerequisite(s): LD 144.

LD 243 — Belt Design
2.5 credits; 1 lecture and 3 lab hours
The exploration of the design of the belt as a fashion and functional accessory is presented. Students acquire the skills needed to make several different kinds of belts.
Prerequisite(s): LD 111 and LD 121.

LD 252 — Small Leathergoods for Men
2.5 credits; 1 lecture and 3 lab hours
Learning how to design and construct a variety of small leather goods, students focus on the patternmaking and sample-making techniques required to produce a billfold, agenda, and travel kit for men.
Prerequisite(s): LD 143.

LD 261 — Sketching Accessories
2.5 credits; 1 lecture and 3 lab hours
Students are introduced to the concept of three-dimensional sketching and how it relates to accessories design. Concentrating on design detail, they learn to sketch the basic shapes in footwear, handbags, personal leather goods, and belts.

LD 262 — Technical Drawing for Accessories
2 credits; 4 lab hours
Students learn black line graph techniques and develop specification sheets suitable for industry. Students sketch original and existing accessories designs, draw major core silhouettes of shoe lasts, and develop templates.

LD 263 — Rendering for Accessories
2.5 credits; 1 lecture and 3 lab hours
Students learn to design accessories such as handbags, shoes, belts, hats, and gloves. They draw and render materials and textures appropriate for today’s accessories market. Students become familiar with current trends and utilize research for sources of inspiration.
Prerequisite(s): LD 262.
LD 293 — Developing a Successful Portfolio
3 credits; 2 lecture and 2 lab hours
Working with industry design critics, students learn the fundamentals of assembling a professional portfolio for employment in the accessories industry. Using Adobe Photoshop and Adobe Illustrator, they explore marker rendering, theme pages, and print work. Areas of specialization are showcased.
Prerequisite(s): LD 111, LD 121, and LD 165.

LD 299 — Independent Study in Accessories Design
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

LD 331 — Athletic Footwear Design
3 credits; 2 lecture and 2 lab hours
Students learn the aspects of athletic footwear in order to design and construct original products. Emphasis is on the variety of categories including running, basketball, and tennis.
Prerequisite(s): LD 134.

LD 332 — Theatrical and Character Footwear
3 credits; 2 lecture and 2 lab hours
Students design period shoes for the theater by learning about the history of footwear, design, and construction.
Prerequisite(s): LD 134.

LD 333 — Nontraditional Footwear Design
2.5 credits; 1 lecture and 3 lab hours
Students design and execute experimental and nontraditional footwear based upon their prior patternmaking and construction knowledge. Discussion of innovative design ideas is emphasized, as well as the use of unconventional materials and methods to create new concepts in footwear design.
Prerequisite(s): LD 134.

LD 341 — Unconventional Handbag Techniques
2.5 credits; 1 lecture and 3 lab hours
Innovative, nontraditional handbags are designed and constructed using a variety of classic patternmaking styles. Emphasis is on use of unconventional materials and methods to create new concepts in handbag design.
Prerequisite(s): LD 144.

LD 342 — Zippered Handbags Design
2.5 credits; 1 lecture and 3 lab hours
Students expand their handbag patternmaking and construction skills by incorporating hardware such as zippers into more contemporary and functional designs. Emphasis is on new sewing and assembly techniques.
Prerequisite(s): LD 143.

LD 371 — Accessories that have Changed Fashion
2.5 credits; 2 lecture and 1 lab hours
In every decade there has been at least one accessory, albeit a shoe, belt, handbag or hat that has changed the way we look at fashion. Students explore designs that have made an impact on fashion as they survey various accessories from the 1800’s to the present and beyond.
LD 431 — Athletic Footwear Construction
3 credits; 1 lecture and 4 lab hours
Students become familiar with the construction skills specific to athletic footwear by learning the history and evolution of this category. Fashion, style, and function are addressed.
Prerequisite(s): LD 134.

LD 451 — Sports-Specific Bags and Carrying Gear
2.5 credits; 1 lecture and 3 lab hours
The types of bags and carrying gear necessary for specific sports activities and technological gear are studied. Students learn how to develop the appropriate patterns and product while focusing on materials, proper fit, and protection of equipment.
Prerequisite(s): LD 144.

LD 471 — The Accessories Industry
2.5 credits; 2 lecture and 1 lab hours
This course provides a general overview of the industry: the history of accessories; import, export, and domestic manufacturing; developing a collection for a specific target market; and writing a business plan.

LD 491 — Accessories Design Senior Project
3 credits; 6 lab hours
This capstone course provides students with the opportunity to select a design project in a specific accessories category. Mastery of research techniques, design construction, and oral presentation is considered.
Prerequisite(s): LD 471 and LD 492.

LD 492 — Portfolio Development
3 credits; 6 lab hours
Using elements of their senior projects, students develop portfolios by working with black line sketches and Adobe Illustrator and Adobe Photoshop. Spec sheets, concept pages, and mood boards are included for professional presentation.
Co-requisite(s): LD 471.

LD 499 — INDEP STUDY ACCESSORIES DESIGN
1-3 credit

MA: Mathematics

Mathematics Proficiency
Mathematics Proficiency is a requirement for the AAS degree and is a prerequisite for all mathematics and science classes. Based on placement, a student who shows need for improvement in mathematics may be required to enroll in MA 080 or MA 081 before registering for classes that have Mathematics Proficiency as prerequisite. Mathematics Proficiency may be demonstrated by a qualifying score on the mathematics portion of the SAT or ACT or by placement exam for students that do not have SAT or ACT scores. The Mathematics Proficiency may also be satisfied by transfer of an appropriate credit-bearing mathematics course or by a passing grade in an equivalent developmental mathematics course offered at another accredited college or university.

MA 041 — Geometry and Probability Skills
1 credit; 1 lecture hour
For Toy Design students. This course helps students develop the fundamental computational skills required for MA 241.
Corequisite(s): MA 241.
MA 080 — Fundamentals of Mathematics
4 credits; 4 lecture hours
This is a basic mathematics course with an emphasis on applications. This course reviews such topics as fractions, percents, decimals, ratios and proportions, rounding and estimating, measurement systems, linear equations and inequalities, and systems of linear equations. It is designed to provide the necessary skills for credit-bearing mathematics and sciences courses. Prerequisite(s): SAT scores of 530 or above will not require this course. ACT scores of 23 and above will not require this course.

MA 081 — Mathematical Literacy
4 credits; 4 lecture hours
In this group-work based course, students integrate fluency with numbers, proportional reasoning, data interpretation, algebraic reasoning and communicating quantitative information through group problem solving and class discussions. Problems are drawn from the areas of citizenship, personal finance, and medical literacy. Students will use a scientific calculator. This course satisfies the Mathematics Proficiency requirement. It is an alternate to MA 080 Basic Mathematics. Prerequisite(s): SAT scores of 530 or above will not require this course. ACT scores of 23 and above will not require this course.

MA 103 — Research Methods
3 credits; 3 lecture hours
Enhance your decision-making skills by using research methods in your life. Using guided, step-by-step instructional support, you will be able to design your own research, carry it out, and learn how to analyze the results. You will be able to apply the scientific research method in a practical, everyday context, and understand the value of research by gaining research skills through hands-on activities. Prerequisite(s): Math Proficiency.

MA 122 — Foundations of Data Science
3 credits; 3 lecture hours
This course introduces the foundation of data science. It provides students with an understanding of the role of data science in making meaningful, data-driven decisions and predictions. This course is intended for students with no programming experience. Prerequisite(s): Mathematics Proficiency.

MA 142 — Geometry and the Art of Design (formerly MA 242)
3 credits; 3 lecture hours
A contemporary primer of geometric topics that expand the concepts of shape and space, this course presents some of the established and emerging ways geometry can provide tools and insights for artists and designers. Included are a variety of visual phenomena such as fractals, knots, mazes, symmetry, and the golden ratio. (G2: Mathematics) Prerequisite(s): mathematic proficiency (see beginning of mathematics section).

MA 145 — Math, Paper, Scissors
3 credits; 3 lecture hours
Using a variety of puzzles and problems, students will explore the mathematics that emerges from paper folding and cutting. Students will learn to build models, analyze algebraic and geometric relationships, make conjectures, and develop proofs with paper. Applications in fashion, product design and technology will be introduced. Prerequisite(s): Mathematics proficiency.
MA 153 — Programming and Mobile Apps
3 credits; 3 lecture hours
This course is an introduction to programming for mobile apps. Through visual programming tools, students learn to build mobile apps and control all aspects of the application. Computer science concepts are introduced to provide a complete understanding of the programming process. No previous programming experience is required. (G2: Mathematics)
Prerequisite(s): mathematic proficiency (see beginning of Mathematics section).

MA 161 — Mathematical Ideas
3 credits; 3 lecture hours
Provides an overview of the historic, heuristic, and visual dimensions of mathematics. Includes the golden ratio, fractal geometry, sets and groups, logic and circuits, Euler diagrams, number theory, and discrete math. (G2: Mathematics)
Prerequisite(s): mathematics proficiency (see beginning of Mathematics section).

MA 200 — A Visual Approach to Numbers
3 credits; 3 lecture hours
This course is a visual primer for elementary number theory. It explores patterns within the natural numbers, integers and rational numbers. Topics include divisibility, remainders, prime numbers, fractions, the greatest common factor, the Euclidean Algorithm, congruence, modular arithmetic, linear equations, Fermat’s little theorem, and cryptography. Whenever possible, visualizations will be used to demonstrate these concepts. Real life examples will draw from the visual arts, music theory, and data communication. (G2: Mathematics)
Prerequisite(s): Mathematics proficiency.

MA 213 — Quantitative Methods
3 credits; 3 lecture hours
Explores the mathematical model-building process in the settings provided by linear programming and probability. Includes simplex methods for solving linear programs; duality; matrix algebra; probability models based on equally likely outcomes, independent events, and conditional probability; applications, particularly to business and economics; and elementary math of finance. (G2: Mathematics)
Prerequisite(s): mathematics proficiency (see beginning of Mathematics section).

MA 222 — Statistical Analysis
3 credits; 2 lecture and 2 lab hours
Studies the principles and methods of statistical analysis including probability distributions, sampling distributions, error of estimate, significance tests, correlation and regression, chi-square, and ANOVA. Introduces the use of the computer to store, manipulate, and analyze data. (G2: Mathematics)
Prerequisite(s): mathematic proficiency (see beginning of Mathematics section).

MA 231 — Precalculus
3 credits; 3 lecture hours
This traditional precalculus course introduces students to math concepts for a wide variety of applications. Topics include polynomial, rational, exponential, and logarithmic functions; sequences and series; analytic geometry; and trigonometry. (G2: Mathematics)
Prerequisite(s): mathematic proficiency (see beginning of Mathematics section).

MA 241 — Topics in Probability and Geometry
3 credits; 3 lecture hours
For Toy Design students. The understanding of geometry and probability in everyday natural and social environments and their use as tools for analysis and creativity in toy design. Shapes and figures are examined through geometrical study. Problems in probability are translated from mathematical concepts to real situations. (G2: Mathematics)
Co-requisite(s): MA 041.
MA 272 — Islamic Art and Mathematics (Interdisciplinary)
3 credits; 3 lecture hours
This is an interdisciplinary course cross-listed with HA 272. Students are introduced to the art and architecture of the Islamic world from the 7th century CE to the present. They are given a glimpse into the intertwined nature of mathematical, structural and decorative languages used by artisans and designers in this period. (G7: Humanities; G9: Other World Civilizations).

MA 299 — Independent Study in Mathematics
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Liberal Arts.

MA 300 — The Mathematics of Financial Life Management
3 credits; 2 lecture and 2 lab hours
Uses advanced mathematical and statistical techniques to analyze select topics in personal finance. Includes exploration into annuity analysis, regression methods, and time series analysis. Application areas involve managing credit cards, paying back student loans, and choosing a stock. Uses computers to analyze and interpret financially based data. (G2: Mathematics)
Prerequisite(s): mathematic proficiency (see beginning of Mathematics section).

MA 301 — Graph Theory (Honors)
3 credits; 3 lecture hours
The objective of the course is to introduce students with fundamental concepts, theorems, and algorithms in graph theory, with its connections to everyday life. Topics covered in this course include: graphs, paths, graph isomorphism, Eulerian graphs, Hamiltonian graphs, cycles, directed graphs, trees, spanning trees, adjacency matrices, planarity, and graph coloring. (G2: Mathematics)
Prerequisite(s): Any 100-299 MA course and Qualification for Presidential Scholars or a min 3.5 GPA with approval of Dean for Liberal Arts.

MA 311 — Mathematical Modeling for Business Applications
3 credits; 2 lecture and 2 lab hours
To instill the value of mathematics as a tool for modeling real-life situations, this course focuses on an analytical approach to business decision-making. Topics covered include finance, cash flow, probability, linear programming, and the business applications of basic equations. Microsoft Excel is used. (G2: Mathematics)
Prerequisite(s): mathematic proficiency (see beginning of Mathematics section).

MA 321 — Data Analysis for Business Applications
3 credits; 3 lecture hours
This course covers intermediate statistics topics with applications to business. Students graph, manipulate, and interpret data using statistical methods and Excel. Topics include data transformations, single and multiple regression, time series, analysis of variance, and chi-square tests. Applications are from the areas of retail, finance, management, and marketing. (G2: Mathematics)
Prerequisite(s): MA 222.

MA 322 — Statistics, Machine Learning, and Data Mining
3 credits; 3 lecture hours
This is an introduction to statistical techniques for machine learning and data mining. It emphasizes mathematical methods and computer applications related to automated learning for prediction, classification, knowledge discovery and forecasting in modern data science. Special emphasis will be given to the collection, mining, and analysis of massive data sets. (G2: Mathematics)
Prerequisite(s): MA 222 and mathematic proficiency (see beginning of Mathematics section).
MA 329 — Predictive Analytics for Planning and Forecasting (Interdisciplinary)
3 credits; 2 lecture and 2 lab hours
This is an interdisciplinary course cross-listed with FM 329. This course provides students interested in predictive analytics with an understanding of statistical applications to retail merchandising with a focus on case studies from the company Planalytics. Students apply time series analysis to case studies to understand how analytics techniques lead to stronger sales, fewer markdowns and improved gross margins.
Prerequisite(s): MA 222.

MA 331 — Calculus
3 credits; 3 lecture hours
This course provides an introduction to basic differential Calculus. Students will study techniques of differentiation including the product rule, quotient rule, general power rule, chain rule. There is an emphasis on applications rather than rigorous mathematical proofs. The exponential and logarithmic functions, along with elementary differential equations will show a direct connection to the physical world.
Prerequisite(s): MA 231.

MA 332 — Calculus II
3 credits; 3 lecture hours
This course continues the development of the differential and integral calculus topics covered in Calculus I. Students interpret the integral both as an antiderivative and as a sum of products. Students employ the standard techniques of integration to solve problems involving business applications. Topics to be covered include L’Hospital’s rule, integration by parts, power series, and the integration of standard mathematical functions.
Prerequisite(s): MA 331.

MA 361 — Number Theory
3 credits; 3 lecture hours
Students are introduced to modular arithmetic and basic cryptography algorithms through a systematic treatment of topics such as divisibility, remainders, fractions and functions, mod b, and Fermat’s little theorem. The course culminates in applications of the RSA encryption algorithm.
(G2: Mathematics)
Prerequisite(s): mathematic proficiency (see beginning of Mathematics section).

MA 391 — Mathematics of the Ancient World in Its Cultural and Historic Context (Honors)
3 credits; 3 lecture hours
This interdisciplinary survey of mathematics from prehistory to Archimedes covers topics from the basic (different ways of conceiving numbers) to the complex (a proof of the Pythagorean theorem). The cultural and historical context of the mathematical achievements of ancient Egypt, Mesopotamia, and Greece are emphasized in a way that shows these achievements as a natural and integral part of the civilizations that created them. Comparisons to modern methods in mathematics are stressed. (G2: Mathematics)
Prerequisite(s): Qualification for Presidential Scholars or a min 3.5 GPA with approval of dean for Liberal Arts and mathematic proficiency.

MA 392 — The Mathematics of Personal Finance (Honors)
3 credits; 2 lecture and 2 lab hours
Students interpret and draw inferences from mathematical models that underlie essential notions of financial planning. Students represent mathematical information symbolically, verbally, and in writing within a financial context, exploring interest types, retirement, taxation, credit cards, mortgages, and investing. (G2: Mathematics)
Prerequisite(s): mathematic proficiency (see beginning of Mathematics section) and qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.
MA 499 — Independent Study in Mathematics
3 credits; 3 lecture hours
Students work individually with math instructor to explore salient area of research within the mathematics discipline (computer programming, personal finance, statistics, geometry, etc.). Must have a minimum of 3.5 GPA and approval of instructor, chairperson, or dean for Liberal Arts.

MC: Modern Languages and Cultures

MC 200 — Mediterranean Crossings: Migration, Integration, and Social Unrest
3 credits; 3 lecture hours
This course looks at how migratory experiences through the Mediterranean have been depicted by migrant writers and filmmakers. Students examine selected films and literary texts and analyze them within the context of migratory phenomena. Texts discussed also include short stories, films and documentaries, photography, literary criticism, and popular songs.

MC 201 — Mafia Movies: Crime and Corruption in Italian Popular Culture
3 credits; 2 lecture and 2 lab hours
This course looks at Italian film and television representations of the Mafia. Students view selected films and analyze them within the context of the historical and social development of organized crime in Italy. Texts discussed also include novels, historical studies, film criticism, photography, documentaries, and popular songs.

MC 202 — Rome: The Making and Unmaking of the Eternal City
3 credits; 3 lecture hours
Perhaps more than any other city, Rome is caught between two seemingly incompatible realities: the vitality of a modern capital in constant expansion and the inertia of an ancient city that houses countless treasures of artistic, archeological, religious and historical significance. In this course we explore a variety of texts (ancient and modern) and films which have shaped the image of Rome over several millennia.

MC 203 — Gender as Performance: Representation of Masculinities in Latin American/Latinx Theatre
3 credits; 3 lecture hours
This course provides an introduction to Latin American and Latinx theater from the point of view of gender studies and the representation of masculinities. Students gain an understanding of the different trends that led to the development of theatrical manifestations in Latin America while learning about their historical, socio-economic, political, and cultural context from the late 60s up to today.

MC 204 — Images of the Mind: Introduction to Chinese Calligraphic Art (Interdisciplinary)
3 credits; 2 lecture and 2 lab hours
This is an interdisciplinary course cross-listed with FA 204 introducing students to Chinese calligraphy. Through guided training students gain knowledge of key concepts, methods and techniques of calligraphy and brush pen writing. Students receive a thorough background in the history of the art form and its significance in Chinese culture, literature and language.

MC 205 — Mexican Cinema: Between The National and The Global
3 credits; 2 lecture and 2 lab hours
This course is cross-listed with FI 206. Students analyze films produced in Mexico from the 1930’s to the present; from the nationalist underpinnings of earlier productions to contemporary transnational ventures intended to for globalized market. This course considers how Mexico’s history and socioeconomic features inform the aesthetics of Mexican cinema.
MC 206 — Arab Literature and Culture: An Introduction
3 credits; 3 lecture hours
This course examines the rich and variegated cultural background of the Arab tradition by looking at language varieties, literary traditions, customs, and representative institutions. It provides an interdisciplinary overview of the major aspects of Arab culture through the study of primary literary texts, media and films. Taught in English.

MC 207 — Devouring the Screen: Food in Film
3 credits; 2 lecture and 2 lab hours
An exploration of world cinema through the theme of gastronomy. Students learn how food is depicted across various cinematic genres and cultural contexts. Analysis focuses on the development of the “food film” and how cinematic and televisual representations of food communicate issues of gender, economics, politics, sexuality, and ethnic identity.

MC 208 — Paris: Imagined and Real
3 credits; 3 lecture hours
In this course, we explore the space that Paris occupies in both the imagination and history. Paris is many things to many people, as evidenced in various genres of literature, painting, photography and film portraying Europe’s most populous city. Students will be encouraged to complement and/or readjust their own perceptions of the City of Lights, based on readings, screenings, and forays into the works of literature and literary expression depicting and representative of Paris.

MC 209 — Hispanic Cultures In New York
3 credits; 3 lecture hours
This course focuses on the development of Hispanic culture in New York from the turn of the 20th Century to the present. Students examine the cultural production from the earlier waves of Hispanic immigration to contemporary expressions of Latinx culture through diverse media sources: writing, video, film, audio, and the visual arts.

MC 210 — WORK IT! Labor and the Making of Contemporary Italy
3 credits; 3 lecture hours
This course uncovers changes, and recurring trends, in labor history in Italy. Students address the complexity of Italy’s economic transformations—from reconstruction to the shifts in migration patterns as affected by labor demands—by exploring how industrialization was narrated, celebrated, challenged, and even influenced by literary and cinematic texts.

MC 211 — Brazilian Cinema: Inventing Places and Spatial Myths
3 credits; 2 lecture and 2 lab hours
Students analyze films from diverse periods in Brazilian cinema through a series of places that explore geographic and symbolic spaces in the nation’s cultural imaginary. The City, The Backlands, The Amazons, and the topic of Nomadism are studied considering aspects of Brazilian culture related to race, gender and social class.

MC 212 — All In The Family: Representation of Italian Families in the 20th and 21st Centuries
3 credits; 3 lecture hours
What are the origins of the myth of the Italian family? This course investigates the sources behind the enduring legacy of this trope of Italian society, through a wide variety of media. Students learn about the social, historical, and cultural forces that shaped the idea of la famiglia.

MC 213 — Italian Style: Fashion In Italian Culture
3 credits; 3 lecture hours
This course examines fashion in Italian culture from the Middle Ages through the present day. Drawing upon historical sources as well as cultural expressions including literature, film, and advertising, we look at fashion’s significant place in Italian history both as an industry and as an expression of sociopolitical change.
MC 241 — Italian American Cultural Studies
3 credits; 3 lecture hours
An examination of the cultural expression of Italian Americans from the late 19th century to today. Students analyze a wide variety of texts including literature, theater, film, music, and the visual arts, and contextualize the history of Italian Americans within issues of ethnic identity in the United States.

MC 251 — Italian Cinema
3 credits; 2 lecture and 2 lab hours
This course is cross-listed with FI 246. Students survey the defining elements of Italian cinema from inception to contemporary Italian cinematic practices. Screenings include Neorealist masterpieces, cinema d’autore, commedia all’italiana, spaghetti Westerns, and contemporary Italian films.

MC 252 — Latin American Fiction: 1960-Present
3 credits; 3 lecture hours
An examination of selected Latin American fiction (in English translation) from the 1960s to the present. Focuses on literary themes, author’s writing techniques, and situates the texts' sociopolitical and historical context of Latin America. (G7: Humanities; G9: Other World Civilizations)
Prerequisite(s): EN 121.

MC 261 — Latin American Cinema and Resistance
3 credits; 2 lecture and 2 lab hours
Students are introduced to Latin American cinema, considering the pivotal role of diverse forms of resistance, focusing on issues crucial to understanding the continent’s cinematic creation, including cultural identity, race, ethnicity and gender. They develop a critical understanding of the evolution of Latin American film practices since the 1960s to current trends.

MC 262 — Revolution as Spectacle: Mexico
3 credits; 3 lecture hours
An exploration of the cultural context of Mexican Revolution, between 1910 and 1940. Cultural production is examined using interconnected perspectives from critical sources and written and visual archival material. Study of the impact of Mexican literary and artistic revolutionary movements in Latin America and the United States during this period. This course is taught in English.

MC 263 — Contemporary Spain through its Cinema
3 credits; 2 lecture and 2 lab hours
Students analyze film and examine different narratives of cultural identity in contemporary Spain, particularly from the period of political transition from dictatorship to democracy: 1975 to the present. This course is taught in English. (G7: Humanities).

MC 300 — The Poetics of Sound in Hispanic Caribbean Literature
3 credits; 3 lecture hours
This course is designed to explore the interconnectedness of literature with the music of the Hispanic Caribbean (Dominican Republic, Cuba, and Puerto Rico). While our main focus will be the study of seminal literary texts, we will also look at selections from films/ animations and other forms of visual arts to gain additional opportunities to appreciate an artistic, cultural, social, and political profile of the Hispanic Caribbean. This course will be taught in English.
MC 301 — Imaginary Encounters: Representations of the Caribbean (Honors)
3 credits; 3 lecture hours
In this course, students examine diverse representations of the Caribbean region, from the time of Columbus’ arrival to the present, in scientific, legal and literary texts, as well as through the lens of cartography, the visual arts and film. Class discussion will address issues pertinent to colonialism, imperialism, race, gender, ethnicity and cultural identity.
Prerequisite(s): Qualification for Presidential Scholars Program, or 3.5 GPA with approval of Dean of Liberal Arts.

MC 302 — Faire La Cuisine: French Food and Identity
3 credits; 3 lecture hours
This course examines the construction of France’s complicated culinary identity, the power of its influence, and its struggle to remain relevant. Students explore a variety of French and Francophone texts such as recipes, cookbooks, etiquette guides, menus, articles, restaurant reviews, works of fiction, autobiographies, plus documentaries and films. In English.

MC 303 — Black in Paris: African American, African, and Caribbean Writers in the City of Lights (Honors)
3 credits; 3 lecture hours
This course will explore the long-historical relationship that African American, African, and Caribbean writers have had with the city of Paris from the colonial period to the postcolonial eras. Central to our discussions will be two of the most prominent 20th Century Black cultural Movements: the Harlem Renaissance and the African and West Indian Negritude Movement.
Prerequisite(s): Qualification for Presidential Scholars Program, or 3.5 GPA with approval of Dean of Liberal Arts.

MC 304 — Intro to Caribbean Studies
3 credits; 3 lecture hours
Cross-listed with SS 304. Introduction to modern Caribbean States and societies with emphasis on their economies, politics and cultures. Students explore current global trends and their impact on the Caribbean region and its diaspora. (G9: Other World Civilizations).

MC 305 — Tang Poetry and Calligraphy: Classical Traditions of China (618-907 CE)
3 credits; 3 lecture hours
This course introduces students to Chinese calligraphy and poetry during the Tang period (618-907 CE), the golden age of Chinese art and culture. Students develop extensive knowledge of the classical tradition of Chinese language and literature, an understanding and appreciation of Chinese thought and culture and their place in the broader East Asian cultural ecology since the Middle Ages.

MC 306 — Africa: Contemporary Voices in Francophone Culture
3 credits; 3 lecture hours
This course focuses on cultural contributions to the wealth of an Africa rising in the Francophone region. Students will be able to identify a shift from the center-periphery model of postcolonial theory to Ngũgĩ wa Thiong'o’s notion of “globalectics.” Emphasis will be placed on the ways in which film, literature, music, fashion, pop culture, and the visual arts produce knowledge about the cultures of Burkina Faso, Guinea, Mali, Niger, Senegal, and their diasporas.

MC 307 — Postcards from Italy: Marginality and Urban Ecologies in Modern Italian Culture
3 credits; 3 lecture hours
Italy’s artistic past is often an obstacle to understanding its present. This course looks at four Italian cities in written and visual narratives and explores the connections between people and environments, as well as how Italians deal with industrialization, climate change, migrant labor, mass tourism, and changing socioeconomic patterns.
MC 308 — White Gold: Sugar, Power and the Creation of Atlantic Capitalism (Interdisciplinary)
3 credits; 3 lecture hours
In this team-taught course, students study the political and economic implications of the rise of sugar to dietary prominence and the literary representations of this phenomenon. Students examine the human costs of consumer behavior.

MC 313 — Writing Women of the Italian Renaissance
3 credits; 3 lecture hours
An examination of lives and literary endeavors of a select group of Italian, Renaissance era, women writers. Topics include how female writers were written about within the context in which they wrote, the purpose and motivation for writing, type of texts written, audience served, and the effect of social class and religion on work. This course is conducted in English.

MC 331 — Emotion Pictures: Film and Television Melodrama
3 credits; 2 lecture and 2 lab hours
Students are introduced to the genre of melodrama and its development from the silent era through the present day. Students analyze formal and thematic elements, with a focus on political and social-cultural contexts: Screenings include classical Hollywood pictures, soap operas, telenovelas, and films from Asia, Europe, and Latin America.
Prerequisite(s): any FI, HA or MC course.

MC 345 — Food for Thought: Gastronomy in Italian Literature and Culture
3 credits; 3 lecture hours
An overview of Italian literature reveals how, through food, Italians have affirmed and defended their cultural heritage. Utilizing an analysis of influential literary texts, students examine the historical evolution of Italian cuisine from the excesses of the Roman table to today’s ‘slow food movement’ and ‘Taught in English.
Prerequisite(s): EN 121 or equivalent.

MC 351 — From Modern to Contemporary Latin American Women Writers
3 credits; 3 lecture hours
An introduction to Latin American literature written by women. Using the lens of sociopolitical realities on the Latin American continent, students critically examine work created in diverse genres. Course is taught in English.

MC 499 — Independent Study Modern Language and Culture
1-3 credit; 1 lecture hour

MG: Production Management: Fashion and Related Industries

MG 108 — Apparel and Home Textile Products Manufacturing
2 credits; 1 lecture and 2 lab hours
For Production Management and Textile Development and Marketing students. Surveys manufacturing processes for apparel and home textile products beginning with product development to acquisition of fabrics through cutting, sewing, and finishing operations.

MG 114 — Principles of Product Construction
3 credits; 2 lecture and 2 lab hours
This course will give the students a comprehensive working knowledge of product development and its transaction to in-production patterns and final patterns. They will learn how products can be made that meet all fit, quality, production and other customer requirements.
Prerequisite(s): TS 111 or TS 131 or TS 132 or TS 015 and TS 115.
MG 132 — Marketing for Manufacturers
3 credits; 3 lecture hours
Students are introduced to the basic concept of marketing and the components of the marketing mix in order to understand how fashion products are developed and successfully distributed. Computer-assisted marketing, including barcoding, e-commerce, and the role of the Internet, is investigated as a strategic tool for globalization.

MG 153 — Excel for Business
2 credits; 1 lecture and 2 lab hours
This course prepares students to firm up their fundamental skill of Microsoft Excel 2016 for all business types and a very wide range of personal use. Excel program referring to MS 2016 textbook and Lynda.com helps you to prepare and develop a professional level-competency in Excel 2016. Students will develop a fundamental computer filing and operation in a corporate setting. At the completion of the course students will be prepared to take the MOS-Microsoft Certification Application Specialist Exam (MCAS) for a Certificate in Excel.

MG 234 — Supply Chain Management
3 credits; 3 lecture hours
This course gives students a thorough understanding of supply chain management from a manufacturer’s perspective. Major areas of global sourcing, vendor evaluation, quality assurance, materials resource planning, inventory control, budget considerations, will be covered in this course. Students will develop a production plan for a season.
Prerequisite(s): MG 132.

MG 242 — Principles of Accounting
3 credits; 3 lecture hours
This introductory course covers the accounting cycle leading to the creation of a business’ financial statements. Topics include double-entry accounting, adjusting and closing entries, trial balances, inventories, bank reconciliation, specialized journals, accounts receivable, bad debts, and depreciation. Partnership and corporation accounting are also covered.

MG 252 — Product Data Management
3 credits; 2 lecture and 2 lab hours
This course offers a hands-on approach to learning how to generate, transmit, and manage product data in a global business environment. Students construct product document packages for use in engineering, finance, logistics, manufacturing, and quality control.
Prerequisite(s): MG 153 and MG 253.

MG 253 — Object-Oriented Database Management
2 credits; 1 lecture and 2 lab hours
Concepts of database management, including the development of object-oriented databases with Adobe Illustrator and Photoshop, are taught in this course. Integrating Microsoft Access with other programs within a microcomputer environment enables students to create data sets and reports, develop forms, and link databases.
Prerequisite(s): MG 153 or AC 161 or equivalent.

MG 299 — Independent Study in Production Management: Fashion and Related Industries
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Business and Technology.

MG 301 — Apparel Production: Labor Analysis
2 credits; 2 lecture hours
For baccalaureate-level Fashion Design students. Study of apparel mass-production techniques. Examines the transition of apparel products from designer’s samples to finished production merchandise. Explores human resource management and labor relations in an apparel firm.
MG 304 — Information Systems
2 credits; 1 lecture and 2 lab hours
This course presents an overview of management information systems (MIS) and how they impact the productivity and processes of a business organization. Case studies and problems focus on the issues of finances, human resources, organization, and technology as they relate to information systems.
Prerequisite(s): MG 153 or AC 161 or equivalent.

MG 305 — Production Processes for Merchandisers
3 credits; 2 lecture and 2 lab hours
For baccalaureate-level Fashion Business Management students. This course introduces students to the processes and procedures used in the manufacturing of sewn products. Students learn about the types of equipment used, the specifications required to produce such products, and the methods for evaluating their construction, cost, and quality. The course is primarily designed for students without any background in the assembly and manufacturing processes.

MG 306 — Information Systems: Case Analysis
2 credits; 1 lecture and 2 lab hours
This course presents an overview of Business Information Systems (BIS) and how technology must support all business initiatives. Students will problem solve different business situations with case studies, spreadsheets and database assignments. Areas to be covered include operations management, manufacturing, sales, marketing, finance, human resources and accounting.
Prerequisite(s): MG 153 or equivalent.

MG 311 — Manufacturing I: Equipment Analysis
3 credits; 2 lecture and 2 lab hours
Students develop a familiarity with the various kinds of assembly equipment used to construct sewn products. Stitchology, specifications development, and sourcing are also covered.

MG 312 — Manufacturing II: Process Analysis
3 credits; 2 lecture and 2 lab hours
This course presents the principles of workplace engineering in order to identify labor- and cost-saving methods. Students conduct time and motion studies, consider standardization procedures, and analyze garment assembly methods as factors in realizing efficiencies on the manufacturing floor.
Prerequisite(s): MG 114 and MG 311.

MG 313 — Cutting Room Processes
3 credits; 2 lecture and 2 lab hours
The processes involved in the pre-production operations of sewn products—cut order planning, fabric utilization, marker making, fabric spreading, cutting, and costing—are studied. The fundamentals of laying out a cutting room and selecting equipment for specific applications are included. Students prepare markers by hand and computer.
Prerequisite(s): MG 114.

MG 314 — Manufacturing Process Analysis
2 credits; 1 lecture and 2 lab hours
This course familiarizes students with the variety of equipment used to construct sewn products. Through hands-on use, students learn to select appropriate machinery and stitching types for various fabrications, garment categories, and end uses.

MG 401 — Manufacturing Management
2 credits; 2 lecture hours
For baccalaureate-level Fashion Design students. Examines business ownership and management, fashion manufacturer marketing philosophies, costing, and quality control. The financial aspects of a business are evaluated.
MG 403 — Apparel Manufacturing Processes
3 credits; 3 lecture hours
For students not majoring in Production Management: Fashion and Related Industries. Examines the organization of a manufacturing firm: analysis of production techniques, cost development, and quality management; exploration of the relationship between product specifications and manufacturers’ selling prices; and the study of customers’ product requirements and the manufacturers’ strategies for meeting them.

MG 411 — Manufacturing Facilities Management
3 credits; 2 lecture and 2 lab hours
Students examine the criteria for designing and arranging the elements of a manufacturing facility with emphasis on modifying existing space, handling complementary products, and understanding workflow and the effect on quality and cost. They design and develop a detailed manufacturing facility layout.
Prerequisite(s): MG 312 and MG 313.

MG 432 — Strategy, Policy, and Decision Making
3 credits; 3 lecture hours
This capstone course presents students with the opportunity to synthesize knowledge gained in previous semesters and prepare a complete business plan for a manufacturing company. They develop human resource policies, organization charts, and manufacturing, financial, marketing, and merchandising plans.
Prerequisite(s): MG 411 and MG 442.

MG 442 — Product Costing
3 credits; 3 lecture hours
Cost-accounting and industrial engineering concepts are applied to estimating, accumulating, and assigning costs to products that are mass-produced by apparel and apparel-related companies. Students learn cost-estimating techniques, practical methods to capture actual costs, and how to do variance analysis of actual and cost-estimated standards.
Prerequisite(s): MG 242, MG 312, and MG 313.

MG 499 — Independent Study in Production Management: Fashion and Related Industries
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Business and Technology.

MK: Marketing: Fashion and Related Industries

MK 000 — MARKETING
3 credits; 3 lecture hours

MK 011 — Marketing Transfer Credit
0 credits

MK 301 — Marketing for the Toy Industry
3 credits; 3 lecture hours
For Toy Design students. Application of basic marketing principles to the toy industry. Product development, market research, consumer behavior, product and pricing strategies, distribution, and international marketing are stressed.

ML: Millinery

ML 113 — Blocking Techniques for Hats
2.5 credits; 1 lecture and 3 lab hours
Students acquire basic stitching, patternmaking, and blocking skills while completing a beret, baseball cap, draped felt hat, and a one-piece blocked felt hat.
ML 115 — Fabric Hat Construction
2.5 credits; 1 lecture and 3 lab hours
Students learn to develop patterns and construct soft fabric hats and caps. Grain lines, fabric qualities and support materials are covered as is the impact of the materials on the hat’s shape and body.

ML 116 — Cold Weather Headgear
2.5 credits; 1 lecture and 3 lab hours
Students continue to master patternmaking and blocking skills while completing a helmet, hunting cap, and cuff hat with a knit crown and a blocked fur crown. Students gain an understanding of how to manipulate specialized materials.
Prerequisite(s): ML 115.

ML 123 — Contemporary Men’s Hats
2.5 credits; 1 lecture and 3 lab hours
From blocked hats to baseball caps, students learn flat patternmaking, sewing, and blocking techniques in order to design and produce men’s hats.
Prerequisite(s): ML 115.

ML 241 — Bridal and Special Occasion Headwear
2.5 credits; 1 lecture and 3 lab hours
By completing a collection of hats for a wedding, students continue to master their blocking and sewing skills. How to block and create a classic turban is also taught. Students work with veiling and wire.
Prerequisite(s): ML 115.

ML 243 — Creative Design in Headwear
2.5 credits; 1 lecture and 3 lab hours
Students use the techniques acquired in their previous classes to create a challenging, unified collection of headwear that reflects their individual style.
Prerequisite(s): ML 115.

MP: Museum Professions

MP 300 — A Digital Art History
3 credits; 3 lecture hours
For Art History & Museum Professions majors, this course explores the impact of digital technologies on the art and museum world. Students learn the theoretical foundations and historical evolution of digital technology and analyze their applications to the production, distribution, consumption, and study of art.
Prerequisite(s): MP 361.

MP 307 — Professional Practicum for Art Museums and Galleries
3 credits; 3 lecture hours
For Art History and Museum Professions majors. Provides training in effective modes of writing for professional uses and contexts specific to careers in art museums and other visual-art institutions.
Prerequisite(s): MP 361.

MP 361 — History and Meaning of Museum
3 credits; 3 lecture hours
For students majoring in Art History and Museum Professions, this course provides a foundation in visual analysis and a historical overview of museums, exhibitions, and art history. Writing skills relevant to art commentary and gallery management are emphasized.
Prerequisite(s): HA 112.
MP 362 — Museum Professions and Administration  
3 credits; 3 lecture hours  
Students build a firm knowledge of the professions and administrative structure of museums; namely, how to achieve the institution’s mission for the benefit of its diverse constituents. Students complete projects covering the broad array of support activities that must be considered for the presentation of an exhibition, or the foundation of a museum or not-for-profit art organization. Prerequisite(s): MP 361.

MP 409 — Art and Museum Law  
3 credits; 3 lecture hours  
This course for Art History and Museum Professions majors provides an introduction to the legal concepts and issues related to various types of arts institutions and the art market. Prerequisite(s): MP 362.

MP 461 — Senior Seminar: Museum Exhibition  
3 credits; 3 lecture hours  
Using a major current exhibition as a case study, students examine the entire process of creating an exhibition. Through readings, field trips, and presentations by art professionals, students track the trajectory of an exhibition, from its original concept to its final, realized form, and gauge the subsequent critical response. Prerequisite(s): MP 362.

MU: Music  

MU 000 — MUSIC THEORY TRANSFER CREDIT  
3 credits; 3 lecture hours

MU 202 — Latin American and Caribbean Music  
3 credits; 3 lecture hours  
A survey of Latin American music with an emphasis on the process of music composition and instrumentation that led to its creation. Students explore the creative process through in-class performances of musical excerpts and demonstrations of Latin American musical instruments. The class also focuses on the indigenous, cultivated, and vernacular traditions within Latin American music and their relation to regional histories. No previous musical background is required. (G6: Arts).

MU 203 — Survey of American Music  
3 credits; 3 lecture hours  
A study of the major styles, trends, and significant composers in American music. Through lecture and demonstration, students explore various types of music, including blues, current trends, folk, jazz, rock, show, and symphonic, focusing on their relation to the American experience. No musical background is necessary. (G6: Arts).

MU 391 — Masterpieces of Music in the European Classical Tradition (Honors)  
3 credits; 3 lecture hours  
This course is a survey of the major masterpieces of music in the European Classical tradition, with an emphasis on the compositional approaches that led to their creation. Through lectures and demonstrations, the course covers the main musical developments associated with the Medieval, Renaissance, Baroque, Classical, Romantic, and Modern periods. No previous musical background is required. (G6: Arts).
MW: Menswear

**MW 000 — MENSWEAR DESIGN**
1-3 credit; 1 lab hour

**MW 103 — Menswear Jacket Tailoring**
2 credits; 4 lab hours
This course introduces students to the art of menswear tailoring. Classic details associated with the fully lined tailored jacket are defined and demonstrated as students learn and master the components that comprise a finely crafted tailored suit jacket.
Prerequisite(s): MW 145.

**MW 121 — Menswear Design Studio Art I**
2.5 credits; 1 lecture and 3 lab hours
In this introductory course, students execute in 2-D format visual representations of a variety of original designs for basic menswear silhouettes. They are inspired through research and development of design concepts by viewing current menswear designs, market analysis, historical research, and inspirational trends.

**MW 122 — Menswear Design Studio Art II**
2.5 credits; 5 lab hours
Students develop menswear design and line development abilities through visual creation and presentation of tailored jackets, blazers and suits. They learn industry-specific vocabulary and evolve as creative menswear community members. Digital and CAD software applicable to the current industry is utilized for design development and presentation.
Prerequisite(s): MW 121.

**MW 131 — Menswear Flat Pattern Design I**
3 credits; 6 lab hours
Basic principles of drafting patterns on paper and testing them in muslin on three-dimensional forms for men’s shirts and pants. Using basic construction techniques, students develop original garment designs in harmony with current trends and design-room practices. Special machine methods and the technical aspects of decorative seam finish and detail are studied.
Co-requisite(s): MW 145.

**MW 134 — Menswear Flat Pattern Design II**
2 credits; 1 lecture and 2 lab hours
In this course, students explore and develop creative menswear jackets based upon the four iconic jacket prototypes within the menswear market. The principles of intermediate level patternmaking is taught as key details of the tailored jacked are refined, analyzed, drafted and implemented.
Prerequisite(s): MW 131.

**MW 141 — Menswear Construction**
1.5 credits; 3 lab hours
Introduces students to the many processes involved in the construction of first samples. Basic standards of construction are stressed, enabling the student to make finished garments. Classic shirt and trouser problems are studied.
Co-requisite(s): MW 131 and MW 151.

**MW 142 — Menswear Sewing**
2 credits; 1 lecture and 2 lab hours
This course introduces students to the many processes involved in creating a first sample. Professional standards of construction are emphasized throughout the semester as students cut, lay out, and construct a classic menswear shirt.
MW 143 — Tailoring I
2 credits; 1 lecture and 2 lab hours
Students learn how to lay out, cut, and sew all of the details associated with the classically tailored trouser. Special emphasis is given to the fly, tailored pockets, and the creation of a handmade waistband curtain. Students also learn to fit the classic trouser on various figure types.
Prerequisite(s): MW 142, or approval of the chairperson.

MW 144 — Tailoring II
2 credits; 1 lecture and 2 lab hours
This course introduces students to professional tailoring practices for the menswear suit jacket/blazer. Details specific to the jacket and appropriate finishes for a high-end tailored garment are covered throughout the semester.
Prerequisite(s): MW 143.

MW 145 — Menswear Design Studio – Construction
2 credits; 1 lecture and 2 lab hours
In this introductory course, students learn the many processes involved in creating first samples in a menswear design studio. Professional standards of sample development and construction are emphasized as students learn to effectively select fabrics, accurately cut, and choose among techniques for making classic and creative shirt and trouser prototypes.
Corequisite(s): MW 131.

MW 151 — Menswear Design I
1.5 credits; 3 lab hours
Students design and present menswear shirts, pants, and vests. Research and existing designs inspire original designs.
Co-requisite(s): MW 131 and MW 141.

MW 152 — Menswear Design II
1.5 credits; 3 lab hours
Further develops students’ design abilities through the creation and presentation of tailored jackets, blazers, and suits. The concept of line development is studied.
Prerequisite(s): MW 151
Co-requisite(s): MW 232.

MW 221 — Digital Art for Menswear
1.5 credits; 3 lab hours
This course is a comprehensive exploration of advanced menswear design, emphasizing the refinement of the student’s rendering, sketching, and digital art abilities. Market segment analysis, collection development, and appropriate design are examined as they apply to the development of portfolio-quality artwork for the menswear market.
Prerequisite(s): MW 251
Co-requisite(s): MW 252.

MW 222 — Menswear Design Studio Art III
3 credits; 6 lab hours
Students further develop their menswear design and illustration skills. They learn to create a personal style and viewpoint, and create original designs while refining advanced sketching skills. Menswear product classifications in collection development are taught. Design development and presentation assignments utilize digital/fashion CAD software as it applies to the menswear industry.
Prerequisite(s): MW 122.
MW 223 — Menswear Design Studio Art – Digital
2 credits; 1 lecture and 2 lab hours
This comprehensive course explores advanced menswear design, emphasizing the refinement of student renderings, sketching and computer-generated art abilities. Market segment analysis, collection development, and appropriate design are examined as they apply to the development of portfolio-quality CAD-generated artwork for the menswear market.
Prerequisite(s): MW 222
Corequisite(s): MW 256.

MW 231 — Menswear Flat Patternmaking Design III
4 credits; 8 lab hours
Studies advanced design problems for tailored garments, making use of the master pattern. Original designs are tested in muslin, constructed in fabrics, and analyzed in terms of taste, fabric selection and properties, design principles, fashion interest, and commercial value.
Prerequisite(s): MW 232 and MW 241
Co-requisite(s): MW 251.

MW 232 — Menswear Flat Patternmaking Design II
2 credits; 1 lecture and 2 lab hours
Students learn how to develop flat patterns and create a finished jacket using professional standards. The course explores the four iconic prototypes of menswear jackets and traditional tailoring techniques and details. Students also learn to identify and define market trends in specific menswear markets and to present professional oral presentations.
Prerequisite(s): MW 131 and MW 141, or equivalent
Co-requisite(s): MW 152.

MW 234 — Menswear Flat Pattern Design III
4 credits; 8 lab hours
Students explore the principles of drafting patterns while testing fit in muslin on three-dimensional forms for men’s couture shirts, trousers and coats. Using advanced construction techniques along with current trends, they utilize bespoke hand finished while creating final garments appropriate for the upper end of the Menswear market.
Prerequisite(s): MW 134.

MW 241 — Tailoring the Jacket
2 credits; 1 lecture and 2 lab hours
This course introduces students to the art of tailoring. Classic details associated with the fully lined tailored jacket are defined and demonstrated as students work toward mastering the components comprising a finely crafted tailored suit jacket.
Prerequisite(s): MW 131 and MW 141
Co-requisite(s): MW 152.

MW 242 — Tailoring III
2 credits; 1 lecture and 2 lab hours
This course introduces students to the assembly processes and finishing details necessary to construct and tailor a high-end, fully lined suit jacket.
Prerequisite(s): MW 144.

MW 251 — Menswear Design III
1.5 credits; 3 lab hours
Students create designs while refining advanced sketching skills. Classifications and collections are utilized throughout the semester.
Prerequisite(s): MW 152
Co-requisite(s): MW 262.
MW 252 — Menswear Design IV
5 credits; 10 lab hours
Students design and execute original sportswear collections using international trends, colors, details, and fabrications.
Prerequisite(s): MW 231 and MW 251.

MW 253 — Advanced Computer Fashion Design
2 credits; 1 lecture and 2 lab hours
Using CAD software, students create flats, fashion drawings, and storyboards in color and black and white.

MW 254 — Computer Design I
2 credits; 1 lecture and 2 lab hours
This course introduces students to the use of Adobe Illustrator as it applies to the menswear and accessories design industry. Students learn how to use Adobe Illustrator as a CAD tool for designing menswear and accessories. Auxiliary software includes Adobe Photoshop.

MW 256 — Advanced Menswear Design IV
5 credits; 1 lecture and 8 lab hours
In this capstone course, students develop two original menswear looks selected from their final presentation portfolio. The synergy of faculty with bespoke, read-to-wear and menswear design expertise creates a multifaceted course. Focus is placed on technical execution of students' creative designs, and industry standard alternative patternmaking techniques.
Prerequisite(s): MW 262 and MW 234.
Corequisite(s): MW 223.

MW 262 — Presentation/Portfolio
2 credits; 1 lecture and 2 lab hours
Students learn to design professional collections, which are analyzed, segmented, and developed for various markets.
Prerequisite(s): MW 151.

MW 271 — Comparative International Apparel
3 credits; 2 lecture and 2 lab hours
Students develop their ability to analyze trends, colors, fabrications, and apparel details in three international fashion centers. Through constructive analyses, critiques, and creative thinking, students present final projects incorporating aspects of comparative cultural aesthetics.
Prerequisite(s): AR 101 or FF 112 or LD 144 or MW 152, or approval of chairperson.

MW 299 — Independent Study in Menswear
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

PE: Physical Education and Dance

PE 100 — Introduction to Dance Movement Therapy
3 credits; 2 lecture and 2 lab hours
This course introduces students to theory and techniques of dance movement therapy (DMT). Students learn the integrative health effects of DMT on mind, body and emotions. They are introduced to the fundamentals of creative arts therapy with an emphasis on the core dance aesthetic. Course practicums introduce students to DMT techniques that foster new perspectives of dance as a catalyst for self-discovery and personal growth and as a viable approach toward managing stress and nurturing mental and physical health. (G6: The Arts).
PE 111 — Modern Dance
1 credit; 2 lab hours
Introduces the fundamentals of modern dance through the development of dance technique and comprehension of rhythm. Elements of dance composition are introduced and provide students with an opportunity to create individual work.

PE 113 — Jazz Dance
1 credit; 2 lab hours
Introduces the fundamentals of jazz dance through the development of dance technique, comprehension of rhythm, and the ability to perform isolated movement. Elements of dance composition are introduced and provide students with an opportunity to create individual work.

PE 114 — Ballet I
1 credit; 2 lab hours
Basic exercises are done at the barre to develop proper alignment, placement, strength, coordination, and understanding of ballet movement vocabulary in this introductory class. Center floor combinations and movement across the floor are used to integrate skills learned in the warm-up.

PE 116 — Afro-Caribbean Dance
1 credit; 2 lab hours
Students experience, learn, and perform the traditional dances and rhythms, rooted in African and European dance, of the Caribbean region.

PE 117 — Choreography I
1 credit; 2 lab hours
Students create movement studies using elements of design that capture the essence of their unique expressions. Concepts of space and weight and dance elements such as rhythm, symmetry, and shape are addressed in the course. Improvisations are performed according to a variety of themes, relationships, and situations, both individually and in small groups.

PE 118 — Flamenco Dance
1 credit; 2 lab hours
Students execute traditional flamenco dances from the Andalusia region of southern Spain. Students learn how various cultures contributed to flamenco, as well as the flamenco rhythms, the meaning of the songs, and the relationship of the singing and guitar to the dance.

PE 119 — Dances of the Middle East and India
1 credit; 2 lab hours
This course introduces students to the movements and rhythms of the ancient dance arts of the Middle East and India. Students learn about the Arabic, Turkish, North African, Arabian Gulf, and Indian cultures by focusing on the origins, history, and development of their dance arts.

PE 122 — Beginning Golf
1 credit; 2 lab hours
Students learn the fundamentals of golf, including stance, grips, putting, chipping, and driving, as well as course etiquette, rules, and history of the game.

PE 131 — Tennis I
1 credit; 2 lab hours
Teaches the fundamental skills of tennis and knowledge of the game.

PE 135 — Basketball
1 credit; 2 lab hours
The fundamentals of basketball, individual skills, and team participation are taught. Students learn the rules, coaching techniques, strategies, athletic training, and enjoyment of spectatorship.
**PE 136 — Volleyball**  
1 credit; 2 lab hours  
Students learn the fundamental skills of volleyball: setup passing, serving, spiking, blocking, and bumping. Strategy and games are included.

**PE 141 — Fitness Training**  
1 credit; 2 lab hours  
Students focus on the progressive development of the four components of physical fitness: muscular strength, muscular endurance (through weight-room training and calisthenics), cardiovascular endurance, and fitness.

**PE 143 — Yoga I**  
1 credit; 2 lab hours  
Students learn the basic yoga practices, including relaxation, postures, breathing, concentration, meditation, and positive thinking. Nutrition is also discussed.

**PE 144 — Aerobics**  
1 credit; 2 lab hours  
Students work to achieve a strong cardiovascular system through step-bench or aerobic routines. Toning exercises are included.

**PE 145 — Tai Chi I**  
1 credit; 2 lab hours  
Students learn the Yang form of this ancient, holistic Chinese exercise to develop good balance and coordination and to relax physically and mentally.

**PE 146 — Kung Fu**  
1 credit; 2 lab hours  
Translated as discipline and inner development, kung fu focuses on learning a system of movements based upon the observations of nature by ancient Chinese priests and monks. The forms, basic stances, kicks, and punches of Shaolin kung fu are taught to achieve better health, harmony, and coordination.

**PE 147 — Gentle Yoga**  
1 credit; 2 lab hours  
Gentle yoga introduces all the benefits of yoga with less demand on the body. This course can be enjoyed by all students, particularly those with limited physical health or range of motion. Benefits include enhanced flexibility, increased strength, improved balance, and reduction of stress.

**PE 148 — Mat Pilates**  
1 credit; 2 lab hours  
This introductory course is based on the work of Joseph Pilates and focuses on movements and exercises devoted to strengthening the core or foundational muscles of the body. Pilates enhances athletic performance by developing core stability, balance, and coordination.

**PE 149 — Meditation I**  
1 credit; 2 lab hours  
This course focuses on the benefits of meditation in everyday life. Students learn the history, theory, and practice of meditation, as well as how to develop and personalize their own meditation practice. This course is appropriate for physically challenged students.

**PE 153 — Fencing**  
1 credit; 2 lab hours  
Students learn and practice the fundamentals of foil fencing, including positions and movements, offensive and defensive strategy, directing a fencing bout, and international rules.
PE 161 — The Art and Practice of Self-Defense
1 credit; 2 lab hours
This course focuses on the dynamics of unplanned confrontation and employs various approaches to achieve the larger goal of prevailing in aggressive encounters. Students learn how to protect themselves by studying a variety of physical and psychological techniques.

PE 181 — Contemporary Urban Dance
1 credit; 2 lab hours
Students develop their creativity and imagination by exploring the movements of a current popular dance form. With the aid of films and guest artists, students gain insight into the history and culture of contemporary urban dance and learn to perform a variety of movement styles.

PE 200 — Performance Workshop
2 credits; 1 lecture and 2 lab hours
Students will curate, produce, choreograph, publicize, and stage a dance or other movement-based performance. They may take any role in the production, as dancers, stage managers, or lighting designers, etc., exploring and showcasing their abilities as they may never have done before. (No prerequisite, but an interest in staging performances is highly recommended.).

PE 201 — Advanced Fitness Training Course
3 credits; 2 lecture and 2 lab hours
Students gain knowledge and hands-on experience necessary to design and execute exercise programs for all ages and physical levels, in both a gym setting and in private in-home environments.

PE 214 — Ballet II
1 credit; 2 lab hours
Students improve on existing ballet techniques learned in PE 114. They work on more advanced steps and create their own movement phrases. History and dance films are presented. Prerequisite(s): PE 114 or equivalent.

PE 215 — Seeing Dance Live
3 credits; 3 lecture hours
This course explores live dance, immersing students in it as both viewers and writers. Students apply aesthetic principles of dance to a variety of dance forms that they view and critique. (G6: Arts).

PE 216 — History of Ballet and Modern Dance
3 credits; 3 lecture hours
This course surveys two major styles of Western dance—ballet and modern dance—from the perspective of the creative process and cultural history. Through a multi-disciplinary and collaborative approach, students study thematic ideas that shape the way we see, create, and think about dance. No prior dance training is necessary. (G6: The Arts).

PE 217 — Popular Urban Dance Past and Present
3 credits; 3 lecture hours
Through a multi-disciplinary and collaborative approach, students explore the conceptual underpinnings and political dynamics of popular urban dance. No prior dance training is necessary. (G6: The Arts).

PE 219 — Dances of the Middle East and India II
1 credit; 2 lab hours
This course offers a profound immersion into the classical and folk dance arts of the Middle East and India by illuminating their music, history and cultural contexts. Students gain a greater appreciation for the choreography, ornate costuming and live performance of these joyous, expressive dance arts. Prerequisite(s): PE 119.
PE 231 — Tennis II
1 credit; 2 lab hours
Students improve on existing tennis skills learned in PE 131. They work on executing new skills, such as top spin serve, slice serve, drop shot, drop volley, and lob. Strategies for singles and doubles competitive play are included.
Prerequisite(s): PE 131 or equivalent.

PE 243 — Yoga II
1 credit; 2 lab hours
Students build upon their yoga experience by learning new yoga postures and variations of standard postures and breathing techniques while exploring additional concepts from the Yoga Sutras.
Prerequisite(s): PE 143.

PE 245 — Tai Chi II
1 credit; 2 lab hours
Students continue their study of this ancient, holistic Chinese exercise, developing greater strength, balance, coordination, and relaxation through the Yang form of Tai Chi.
Prerequisite(s): PE 145 or equivalent.

PE 281 — Modern Dance Theory and Practice
3 credits; 2 lecture and 2 lab hours
A diverse collection of Modern Dance theories and techniques are introduced to students through lecture, demonstration, and guided practice of structured dance movements for later application in creative projects. Students learn modern dance terms to reinforce proficiency in technique and to fully appreciate genres of modern dance from early 20th century to present. Gen Ed: The Arts (G6).

PH: Photography

PH 000 — PHOTOGRAPHY
1-3 credit; 1 lab hour

PH 003 — Basic Photography Studio
0 credits; 1 lab hour
For Fine Arts students. Students learn the practical applications of digital camera operations and studio lighting techniques.
Corequisite(s): PH 103.

PH 100 — Photography for Artists
2 credits; 1 lecture and 2 lab hours
This is an introductory course for visual arts students on the basics of digital photography. Through lectures, demonstrations, assignments and critiques, students learn proper exposure, dynamic composition, and creative use of camera functions. Students acquire technical skills and develop conceptual and aesthetic approaches to photography. Photographing two and three-dimensional artwork is also covered.

PH 103 — Basic Photography
2 credits; 2 lecture hours
For Fine Arts students. Fundamentals of modern photographic practices including technical principles, aesthetic camera operation, and lighting techniques. Geared to aid the creative efforts of fine artists.
Co-requisite(s): PH 003.
PH 104 — Basic Digital Photography for Visual Design Communication
2 credits; 1 lecture and 2 lab hours
An introduction to the basics of photography from visual, aesthetic and technical viewpoints using camera technique, basic digital photo editing, scanning and printing. Students explore basic studio setups, lighting techniques, model direction and digital image capture.

PH 117 — Principles of Photography Including Darkroom Instruction
2 credits; 1 lecture and 2 lab hours
Introduces students to the techniques of black-and-white photography, including basic studio setup, lighting techniques, model direction, and related film exposure as applied to the 35mm camera. Instruction on enlarging techniques and film processing through the use of the darkroom are also covered.

PH 118 — Beginning Digital Photography
2 credits; 1 lecture and 2 lab hours
An introductory course that familiarizes students with the basics of photography from visual, aesthetic, and technical viewpoints. The course explores the differences between conventional, silver-based (analog), and digital photographic tools. Students learn camera technique, the transfer of the image from the camera to the computer, basic scanning, and digital printing. Students are required to possess their own digital (DSLR) cameras.

PH 121 — Large Format Photography
2 credits; 4 lab hours
Basic techniques in professional operation of a large-format view camera as applied to commercial still-life photography. Covers fundamental camera movements, lighting setups, 4x5 film processing, and printing skills.

PH 130 — Lighting I
2 credits; 1 lecture and 2 lab hours
Students are introduced to the craft of lighting. They explore the qualities of various kinds of light and observe light from a scientific perspective, which informs their aesthetic decisions. This course is taught using digital cameras.

PH 131 — Lighting Principles
2 credits; 1 lecture and 2 lab hours
The student photographer is introduced to the creative practices of lighting for studio and outdoor photography. Use and control of continuous light, natural light, and pre-existing light are emphasized.
Prerequisite(s): (for students not majoring in Photography) PH 117
Co-requisite(s): (for students majoring in Photography) PH 112.

PH 132 — Introduction to Light
3 credits; 2 lecture and 2 lab hours
This course focuses on the observation of light for application to photography. Topics covered include metering, direction, control and modification of ambient light and introduction to studio lighting. Students begin with observations and slowly build their understanding of the nature of light through increasingly complex exercises.

PH 141 — Creative Approaches in Photography
1 credit; 1 lecture hour
This course stimulates students’ creativity through exploration of journaling, brainstorming, and lateral thinking. Guest speakers challenge students to question where ideas originate, and how they can be expanded. They are introduced to a wide range of artists from diverse fields through guest lectures, field trips, and film screenings.
PH 152 — Photography 1: Introduction to Photography  
4 credits; 3 lecture and 2 lab hours  
This course introduces photography students to the concepts of photography and digital workflow. They learn exposure, composition, and editing, and develop their own aesthetic sense through lectures and by participating in critiques of assigned projects. Students practice with digital cameras and execute guided coursework in the studio and on the computer. They learn appropriate workflows and apply digital best practices.

PH 153 — Photography 2: Photographic Techniques  
3 credits; 2 lecture and 2 lab hours  
This course expands students’ technical and visual vocabulary by adding portable flash, tethered capture, and reflective metering. The creative possibilities of light metering, and lens choice are reviewed. Multi-paneled images combining perspectives and shifting focus are explored. Assignments are shot digitally and presented in print and digitally for critiques. Prerequisite(s): PH 152.

PH 162 — Photographic Styling  
2 credits; 1 lecture and 2 lab hours  
Introduces the elements of photographic styling, stressing both creative sensitivity and technical skills, through lectures and demonstrations. Assignments include fashion, beauty, illustration, tabletop, and food styling.

PH 171 — Digital Darkroom  
2 credits; 1 lecture and 2 lab hours  
This course offers an in-depth study of the workflow necessary for the storage, editing, and output of digital photography. Students are introduced to computer-aided tools and techniques that apply to the production and aesthetic concerns of photography in the digital environment.

PH 172 — Photographic Post-Production  
2 credits; 2 lecture and 1 lab hours  
This course introduces students to the concepts and methods of post-production, examining the creative and technical processes that take place after photography has been shot. It covers workflow from raw files through prints, discussing standard practices and the reasoning behind them. Non-destructive editing of exposure and color is emphasized. Prerequisite(s): PH 152.

PH 181 — Shooting the Narrative: Visual Storytelling I  
3 credits; 2 lecture and 2 lab hours  
This course introduces students to narrative storytelling through visual images. Through screenings and hands-on instruction, students learn to create images with specific narrative outcomes, and their own image-based narratives. Imaging software including iPhoto, Keynote, iMovie, and Quicktime Pro are introduced.

PH 201 — Digital Photography for Accessories and Jewelry  
2 credits; 1 lecture and 2 lab hours  
Students learn to light and capture digital images of accessory and jewelry items. They explore lighting techniques for various surfaces and learn to enhance item color, contour, and contrast. A DSLR camera is required and a basic knowledge of an image-editing program such as Adobe Photoshop is strongly suggested. Prerequisite(s): PH 118, or approval of chairperson.
PH 230 — Lighting II
2.5 credits; 1 lecture and 3 lab hours
Students continue the exploration of light begun in PH 130. They apply techniques learned with continuous lights to strobe lights, the standard lighting tool of the professional photographer. Students explore the unique quality of strobe lights and develop techniques using the monoblock strobe.
Prerequisite(s): PH 130 or PH 132.

PH 231 — Electronic Flash
4 credits; 8 lab hours
Advances photographic skills through the use of electronic lighting equipment and techniques. Small-, medium-, and large-format cameras are used to photograph models and still-life subjects in black-and-white or color mediums. Includes related darkroom procedures.
Prerequisite(s): PH 115.

PH 241 — Foundations of Color
2 credits; 4 lab hours
Exploration of color as it applies to photography. Includes additive and subtractive color mixing, color harmony, lighting for color, light balancing, color correction, film, and digital color reproduction techniques.
Prerequisite(s): PH 112
Co-requisite(s): PH 115.

PH 242 — Advanced Projects and Portfolio Development
4.5 credits; 9 lab hours
The relationship of advanced studio lighting, set preparation techniques, and digital image capture are explored in conjunction with color theories that apply to model and still-life photography for the printed page. Students complete industry-level assignments and personal interest images in the studio and on location. Emphasis is on preparation of an individualized portfolio presentation.
Prerequisite(s): PH 231 and PH 241 or approval of chairperson.

PH 251 — Photography 3: Advanced Photographic Solutions
3 credits; 2 lecture and 2 lab hours
This course builds on techniques from PH 132 and PH 153, and applies them to advanced photographic projects. Students employ tethered capture, as well as advanced post-production techniques, to execute visions and are encouraged to explore the application of various combinations of techniques for different photographic outcomes.
Prerequisite(s): PH 153.
Co-requisite(s): PH 275.

PH 252 — Photography 4: Project Development
3 credits; 1 lecture and 4 lab hours
This course is about developing a body of work. Through weekly assignments, students solve conceptual photographic puzzles and practice critiquing and describing photographs. They research contemporary photographers to understand the current photographic landscape. Technical demonstrations advance lighting and post-production skills. Students develop a personal vision and method of making images.
Prerequisite(s): PH 251.

PH 253 — Traditional Photography
2 credits; 1 lecture and 2 lab hours
Students are introduced to historical photographic tools. They learn to expose and process film and paper, use of large-format cameras, and make pinhole cameras. Students learn a variety of non-silver printing processes such as cyanotype and gum bichromate printing. They are encouraged to experiment and merge older techniques with digital processes.
PH 254 — Ecology and Photography: Sustainable New York (Interdisciplinary)
3 credits; 1 lecture and 4 lab hours
This is an interdisciplinary course cross-listed with SC 254. It is an introduction to field ecology, environmental storytelling, conservation, and wildlife photography and videography. Students are exposed to field trips, lectures, and discussion within some of New York’s parks and habitats. Through exploration and personal observations, applied scientific research methods are translated into a series of still pictures and moving images about environmental issues. (G6: The Arts).

PH 262 — Professional Procedures for the Commercial Photographer
2 credits; 2 lecture hours
An in-depth understanding of owning and operating a small professional photography business is provided. Students learn and practice organizational and career goal planning techniques, assignment pricing structures, the use of standard contracts, maintaining accurate records, and the creation of standard business forms. Emphasis is on understanding copyright law and tax structure, and learning criteria for retaining legal and financial services.

PH 265 — Professional Procedures/Contemporary Trends
3 credits; 3 lecture hours
This course gives photography students an understanding of the realities of running a small photography business. Students are introduced to the basics of record keeping, budgeting, career and business planning, estimating, billing, contracts and standard business forms. Communicating through email and social media outlets is emphasized. Weekly lessons are reinforced through case studies and guests.
Prerequisite(s): PH 172.

PH 272 — Photoshop I for Photographers
2 credits; 1 lecture and 2 lab hours
Students engage in a comprehensive study of Adobe Photoshop tools using the Macintosh platform. Methods and management techniques for scanning, creation of selections, layers, color correction, and basic image manipulation are studied.

PH 274 — Photoshop II for Photographers
2 credits; 1 lecture and 2 lab hours
Students develop an advanced knowledge of layers, channels, curves, image merging, color correction, and color matching in the Adobe Photoshop program. Scanning devices, file formats, and resolution levels are explored.
Prerequisite(s): PH 272.

PH 275 — Digital Media Techniques
3 credits; 2 lecture and 2 lab hours
Students study tethered digital capture workflow, then move into video capture from a static viewpoint, transitioning still photography skills into videographic methods. This study of the video frame moves on to narrative video and culminates in a rich media project where students use still and moving images to tell a visual story.
Prerequisite(s): PH 172.

PH 281 — Shooting the Narrative: Visual Storytelling II
3 credits; 2 lecture and 2 lab hours
Students learn the techniques required to create complex, narrative digital films. Using a combination of screenwriting, pre-production, production and editing techniques, they work in groups to complete a short narrative film of their own design from start to finish.
Prerequisite(s): PH 181.
PH 282 — Basic Video Editing
3 credits; 2 lecture and 2 lab hours
This course is an introduction to non-linear editing in a digital environment. Students learn to use industry standard software to edit capture footage and establish an efficient editing workflow. Basic sound editing and video compositing are also covered.

PH 283 — Framing the Shot
3 credits; 2 lecture and 2 lab hours
This course is an in-depth study of framing content for film and video art production. Using the frame both visually and conceptually, students construct narrative space using composition, color and light. They explore techniques such as perspective, camera angle, micro/macro view transformation, placement and juxtaposition of subject, and mixing of genres.
Prerequisite(s): PH 282.

PH 284 — Editing Concepts
3 credits; 2 lecture and 2 lab hours
Students learn to enhance the story and its visual meaning by applying major theories of editing. They analyze editing strategies used for manipulating screen time and space. The philosophies and techniques of montage and continuity editing are addressed, as well as the process of storytelling using parallel and disjunctive editing strategies.
Prerequisite(s): PH 282.

PH 299 — Independent Study in Photography
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

PH 306 — Digital Photography for Packaging Design
2 credits; 1 lecture and 2 lab hours
Students learn to produce professional-quality images for their portfolios. The course focuses on studio tabletop photography, lighting techniques, and use of image-processing and editing software. Problem-solving skills are also acquired by working with a variety of materials used in packaging.
Prerequisite(s): PK 342.

PH 311 — International Photographic Study and Practice
2 credits; 4 lab hours
Employing photo documentary practices, students gain a general understanding of digital photographic principles and a deeper understanding of another culture. Exploring that culture’s history with regard to art, fashion, architecture and social mores, students make imagery that has both immediate and lasting value. Through blogging assignments, students learn how to meld text and images to effectively communicate both subjective and objective points of view.

PH 331 — Lighting for Still and Moving Images
2 credits; 1 lecture and 2 lab hours
An in-depth study of the aesthetics, history, and expressive power of lighting, both natural and artificial, as it is used in still photography and the moving image. Camera experience is required.
Prerequisite(s): PH 118 or PH 130 or PH 132 or PH 181 or FI 111.

PH 341 — Digital Craft and the Exhibition
3 credits; 1 lecture and 4 lab hours
Students explore methods for capture, editing, and sequencing groups of digital images as cohesive statements with the aim of producing a photographic exhibition. Through field trips, critiques, and working with a guest art director, students study the signature styles and trends of various photographers.
Prerequisite(s): PH 242.
PH 342 — Advanced Project in Style and Media
3 credits; 1 lecture and 4 lab hours
This course pairs photography and fashion design students to create and produce professional press kits and a short digital documentary interpretation of style and fashion.
Prerequisite(s): PH 371.

PH 351 — Professional Approach to Photojournalism
2 credits; 1 lecture and 2 lab hours
Students learn how to unite image-making and writing skills to produce newsworthy picture stories. Topics covered include the legal and ethical issues that affect the process of photojournalism as well as the difference between objective and subjective judgments.
Prerequisite(s): PH 274 or approval of chairperson.

PH 352 — Photographic Concepts and Exhibition
3 credits; 1 lecture and 4 lab hours
In this course students produce an exhibition of large-scale prints and explore capture methods from shooting single images to presenting multiple images as a cohesive statements. Themes are surveyed through lectures, class discussions, and web research. Examples of exhibitions and published work are provided and discussed along with presentations and critiques.
Co-requisite(s): PH 373.

PH 353 — New Documentary Practices
2 credits; 1 lecture and 2 lab hours
This course examines the practice of documentary photography from contemporary and historical contexts as a basis to conceptualize, photograph, and develop projects as an observer of the real world. Topics including defining documentary photography, content and ethics are explored. Various cameras, materials, and presentation strategies and multimedia techniques are considered.

PH 361 — Logistics of Location Photography
2 credits; 1 lecture and 2 lab hours
Students develop the techniques of location photography, including environmental portraiture, industrial, fashion, and architectural photography for editorial and advertising purposes. Assignments stress image design and are performed with medium- and large-format cameras using digital capture technology, as well as indoor and outdoor lighting techniques.
Prerequisite(s): PH 371.

PH 371 — Retouching/Prepress Solutions for Photographers
2 credits; 1 lecture and 2 lab hours
Students explore ways to convey their ideas onto the printed page through retouching, editing, and preparing digital files. High-end scanning, RGB to CMYK conversions, digital versus analog proofing, and the differences between photographic, inkjet, and offset printing are also explored from both theoretical and real-world perspectives.
Prerequisite(s): PH 274.

PH 372 — Digital Media Technology I
2 credits; 2 lecture hours
This course provides practical, technical instruction in the use of high-end digital image capture backs coupled with traditional, medium-format camera system hardware. Students explore the concepts and processes required to create photographic imagery using Adobe Photoshop, iMovie, and iDVD programs.
Prerequisite(s): PH 371.
PH 373 — Digital Production Strategies
2 credits; 1 lecture and 2 lab hours
This course focuses on developing adaptable techniques for large scale digital imagery. It covers masking and compositing techniques, large format digital printing processes, and an introduction to current progressive trends in digital picture making. Students gain knowledge and an appreciation of exhibition-quality photographic objects.
Co-requisite(s): PH 352.

PH 374 — Multimedia Workshop
3 credits; 1 lecture and 4 lab hours
This course combines techniques from PH 275, along with picture-making strategies developed in PH 252 and PH 352 to construct complex, rich media projects. Students study the use of multimedia strategies through reference to the work of masters, discussions of still and moving image concepts, and multimedia storytelling techniques.
Prerequisite(s): PH 352.

PH 404 — Basic Interior Design Photography
2 credits; 1 lecture and 2 lab hours
For baccalaureate-level Interior Design students or those interested in interior photography. A foundation for understanding and achieving control of the photographic medium as it applies to interior and architectural photography is provided. Students learn scale model and flat art photography, use of black-and-white and color films, metering, camera control, lighting, and filtration.

PH 406 — Digital Special Effects and Photographic Retouching
2 credits; 1 lecture and 2 lab hours
Students enhance their traditional illustration skills in a digital environment. Exploring Adobe Photoshop and its plug-ins for retouching and special aspects, they achieve the technical ability to transform initial creative inspirations into powerful imagery.
Prerequisite(s): IL 324.

PH 451 — Multimedia Concepts
3 credits; 1 lecture and 4 lab hours
Students develop a critical point of view regarding video, electronic, digital, and print media through discussion, viewing, and critiquing published work. Assignments examine the relationship between art and media industries, covering topics that will include advertising, documentaries, the news, personal identity, and media imaging.
Prerequisite(s): PH 451.

PH 461 — Multimedia Portfolio
3 credits; 1 lecture and 4 lab hours
Graduating students assemble a professional-quality, digitally processed electronic and printed portfolio of imagery from thematic work produced during the sixth, seventh, and eighth semesters.
Prerequisite(s): PH 451.

PH 471 — Digital Media Technology II
2 credits; 2 lecture hours
Students study various forms of state-of-the-art lighting techniques used for digital high-end photography. Lighting for the specific commercial areas of still life, portrait/fashion, architecture/interior, jewelry, and corporate/industrial are demonstrated and studied.
Prerequisite(s): PH 371 and PH 372.
PH 472 — Advanced Photography and Video Workshop
3 credits; 1 lecture and 4 lab hours
This photographic workshop course provides a laboratory for students in PH 493. Students learn to identify technical and production needs for creating and completing their senior design projects, focusing on creative problem solving. They test ideas while pushing the limits of their technical abilities.
Co-requisite(s): PH 493.

PH 491 — Research for Senior Design Project
2 credits; 1 lecture and 2 lab hours
This course assists students in developing a thesis proposal for the creation of a multimedia portfolio. Students research a chosen area of study and learn how to effectively plan and organize multimedia projects to be used in their senior design projects.
Prerequisite(s): PH 341 and PH 342.

PH 492 — Senior Design Project
2 credits; 4 lab hours
Students prepare a capstone project resulting from the senior design project research completed in the prior semester. The course culminates in a multimedia presentation to faculty, mentors, and invited professionals and Advisory Board members for critique.
Prerequisite(s): PH 491.

PH 493 — Senior Photography Seminar
4 credits; 2 lecture and 4 lab hours
Students define a concept and develop a production strategy and schedule for a long-term photographic project. Through studio time, critiques, guest curators, and museum and gallery visits, they refine their projects, ultimately presenting to a panel review. They study basic critical theory to position their projects within a cultural context. Research and writing help the student unite their visual media focus with their artistic vision.
Prerequisite(s): PH 374.
Co-requisite(s): PH 472.

PH 494 — Senior Photography Seminar II
4 credits; 2 lecture and 4 lab hours
This course guides students through the final production stages and exhibition of their Senior Project. Through group critiques and individual meetings, students learn to hone in on the salient conceptual and aesthetic features of their projects and design their final exhibition installations accordingly. Visits to local multi-media gallery and museum exhibitions, as well as photographic printers and mounting labs broaden students’ understanding of the possibilities involved in exhibiting photography.
Prerequisite(s): PH 493.

PH 499 — Independent Study in Photography
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

PK: Packaging Design

PK 000 — PACKAGING DESIGN
1-3 credit; 1 lab hour

PK 211 — Introduction to Packaging Design
1.5 credits; 3 lab hours
An introduction to the field of packaging design, covering branding, graphics, materials, technology, and typography. This studio course focuses on design phases from concept to three-dimensional comprehensives, and includes field trips and guest lecturers.
PK 212 — Foundation in Three-Dimensional Design for Consumer Packaging
2 credits; 1 lecture and 2 lab hours
With a focus on three-dimensional conceptual design, students learn the basics of how packaging design professionals create innovative forms that have visual impact within the retail area. They experiment with a variety of packaging materials, as well as recycled and sustainable solutions.

PK 216 — Foundation in Packaging Design
2 credits; 1 lecture and 2 lab hours
This course introduces the fundamentals of packaging design. Lectures and design assignments provide students with the opportunity to understand and explore packaging design principles as they apply to the marketing of consumer brands.
Co-requisite(s): (for one-year Communication Design Foundation students) AD 216.

PK 301 — Packaging Design for Home Products
2 credits; 1 lecture and 2 lab hours
Students learn about packaging/brand design specific to home products retailing: brand identity, packaging design systems, and brand design applications throughout the retail environment. The creative process of design and strategic analysis of packaging as a marketing and merchandising tool is explored.

PK 302 — Packaging Design for Cosmetics and Fragrance Marketing
2 credits; 1 lecture and 2 lab hours
For Cosmetics and Fragrance Marketing students. This hands-on course introduces the principles of packaging design for cosmetics and fragrance products. Students learn about brand identity, packaging design systems, materials, and the relationship between packaging and cosmetic and fragrance retailing.
Prerequisite(s): CM 341.

PK 303 — Packaging Design for Accessories Design
2 credits; 1 lecture and 2 lab hours
The packaging and brand design of accessory products is introduced. Through design projects, students learn about brand identity, packaging design systems, the variety of packaging materials, and how packaging affects the product at retail. Guest lecturers discuss how designers create brand identities, develop concepts, make design decisions, and oversee production.

PK 315 — Digital Prepress for Packaging Design
2 credits; 1 lecture and 2 lab hours
This course introduces students to digital mechanical art creation specifically for packaging design. Students learn file management, printing methods, color processes, packaging substrates, and how a packaging design moves from design approval to mechanical art creation.

PK 317 — Design Process
3 credits; 3 lecture hours
This lecture-based course examines the packaging design process as the means by which marketing strategy and the goal of putting the packaged product into the hands of consumers is translated. Emphasis is placed on all aspects of how a clear and effective design process is the essential foundation to meeting the goal of developing packaging designs that are effective sales tools. Co-Requisite(s): PK 318.

PK 318 — Design Process Studio
3 credits; 6 lab hours
The studio environment is central to an education in packaging design. Students explore the packaging design methodology and discover techniques and approaches that form their individual design process. They demonstrate knowledge gathered in their fifth semester courses and utilize the studio method of learning. Co-Requisite(s): PK 317.
PK 319 — Strategic Design Studio
3 credits; 6 lab hours
Students learn how the formulation and development of ideas takes shape from the foundation of research, exploration and investigation, and how the formation of a packaging design strategy can achieve visual problem-solving goals. They learn how a clearly articulated and defined strategy facilitates the design process and serves the objective of a successful packaging design.
Corequisite(s): PK 354.

PK 325 — Brand Identity Design for Consumer Products
2 credits; 1 lecture and 2 lab hours
This course is designed to explore all aspects of brand identity design for consumer products. Through assignments, exercises, and lectures, students develop an understanding of how professional designers develop and apply brand identities. Students explore how typographic decision-making and design strategies affect the communication of the brand identity.
Corequisite(s): PK 317.

PK 341 — Digital Tools I
2 credits; 1 lecture and 2 lab hours
Through hands-on interaction, students learn the digital tools used to develop brand packaging designs. Students utilizing the toolbox, plug-in resources, application of scanned and designed images. Students learn the tools and techniques to create designs that communicate the brand, stand out in the marketplace, capture customers but also meet specifications.
Corequisite(s): PK 318.

PK 342 — Digital Tools II
2 credits; 1 lecture and 2 lab hours
An advanced studio to utilize an advanced approach to master the digital design tools for packaging design. Students are pushed to unleash creativity and transform design concepts into powerful communication vehicles for a brand.
Prerequisite(s): PK 341
Co-requisite(s): PK 354.

PK 343 — Explorations in 3D
2 credits; 4 lab hours
This course challenges students to consider the transition of taking two-dimensional design explorations into a three-dimensional representation. Experimentation with materials, methods and technology are key components of this studio course.
Corequisite(s): PK 319.

PK 354 — Design Strategy
3 credits; 3 lecture hours
Students learn how brands take shape from the foundation of research, exploration, investigation, to an understanding the consumer mindset and retail/etail challenges. The varied complexities in the formation of a design strategy are explored. Students experience and apply the professional tools and techniques used in the decision making process.
Corequisite(s): PK 319.

PK 361 — Packaging Design: Global Perspectives
3 credits; 3 lecture hours
Students experience the business of branding and packaging design in Europe through on-site lectures, seminars, tours, presentations at design consultancies, manufacturers, marketers, museums, suppliers and retailers. They learn the design process, profession, marketing, and retailing from an international perspective.
PK 403 — Packaging for the Toy Designer
2 credits; 1 lecture and 2 lab hours
Emphasizes conceptual and mechanical toy packaging development, introducing students to types of packaging and constructions used in the toy industry. Environmental and safety issues are considered in addition to study of marketing, trends, and consumer motivation.
Prerequisite(s): all seventh-semester Toy Design courses or approval of chairperson.

PK 413 — Sustainable Packaging Design Development
3 credits; 6 lab hours
In this studio course, students are actively engaged in applying research and knowledge on the complex issues of sustainable packaging design. Using industry guidelines, systems thinking, and a strategic design approach, designers will be able to make sustainable decisions on materials choices and production methodologies with the tools to address environmental considerations in a creative, responsible, and economical way.

PK 418 — Experiential Brand Design Studio
3 credits; 6 lab hours
Students explore experiential brand design as a cross-media activity that encourages interaction and direct physical immersion into a brand. The designers apply best practices and innovation and work individually and in teams to follow realistic design objectives to translate campaigns and/or new products into interactive experiences for consumers.

PK 426 — 3D Concepts for Packaging Design
1.5 credits; 3 lab hours
An advanced approach to composition and structural design skills to create three-dimensional models for packaging design. The course focuses on the issues and problems that arise in the transition between two-dimensional design explorations and three-dimensional representations.

PK 427 — Designer's Portfolio
3 credits; 6 lab hours
This capstone course is designed for students majoring in Packaging Design to successfully prepare, plan, design and consider their own professional goals and objectives. Career options, resume and portfolio preparation and design projects to broaden and enhance the portfolio are covered.

PK 431 — Sustainable Packaging Design
2 credits; 1 lecture and 2 lab hours
Students learn the fundamentals of sustainable design for brand packaging design, including best practices, environmental and social issues, industry terminology, characteristics of sustainable materials, life cycle analysis, the packaging scorecard and the myriad of materials, technologies, guidelines and regulations. The application of this knowledge is applied to create positive change.

PK 432 — Materials, Technologies, and Production in Sustainable Packaging Design
2.5 credits; 2 lecture and 1 lab hours
Students study and assess current and emerging materials from a sustainability perspective, and review the positive and negative properties of plastics, paperboard and other fibers, metal, glass, and hybrids. They analyze consumer perceptions of various materials, and study manufacturing technologies and the evaluation of printing, production, and finishing processes.

PK 463 — Professional Practice
3 credits; 3 lecture hours
In this course, students gain an understanding of the diverse roles, responsibilities, opportunities, and environments across the consumer product goods (CPG) profession. The goal of this course is to broaden the student’s understanding of the business of design for global consumer brands from the perspective of global industry leaders and for the student to gain a sense of their place in this profession.
Corequisite(s): PK 418.
PK 491 — Internship

3 credits

An unsalaried 14-week internship with a design firm or for an in-house corporate design team with a minimum of 123 hours at the worksite and 12 hours on campus. Completion of a daily diary, a written report on the experience, and a portfolio of work are required.

Corequisite(s): PK 427.

PK 499 — Independent Study in Packaging Design

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

PL: Philosophy

PL 010 — PHILOSOPHY TRANSFER CREDIT

3 credits; 3 lecture hours

PL 143 — Introduction to Asian Philosophies

3 credits; 3 lecture hours

Introduces the major philosophies of the Asian world that underlie and shape Eastern cultures. Hinduism, Buddhism, Confucianism, and Taoism are emphasized. (G7: Humanities; G9: Other World Civilizations).

PL 200 — Environmental Ethics

3 credits; 3 lecture hours

Students will be introduced to the basic concepts, ethical theories and world views (e.g., anthropocentrism, environmental holism, deep ecology) that animate key debates in Environmental Ethics, the ways in which human activities have had a negative impact on the environment, and efforts that have or can be made to ameliorate that impact.

PL 201 — Introduction to Political Philosophy

3 credits; 3 lecture hours

This course is an introduction to texts in the canon of political philosophy. Students survey ancient and contemporary thinkers such as: Cicero, Aristotle, Barack Obama, Sibyl Schwarzenbach, and Edward Said. Through engaging with these texts in writing and class discussion, students develop their own ideas about politics and philosophy. (G5: Western Civilization; G7: Humanities).

PL 202 — Animal Ethics and the Fashion Industry

3 credits; 3 lecture hours

In this course, students study the ethical issues that arise out of the ways in which humans use animals for food, clothing, and entertainment. While considering the ethical concerns of exploiting animals for the benefit of humanity, students re-think the relationship of animals in the fashion industry, considering a world without the use/abuse of animals.

PL 211 — Informal Logic: A Guide to Clear Thinking

3 credits; 3 lecture hours

Introduction to practical techniques for evaluating, criticizing, and defending arguments using ordinary English. Both deductive and inductive reasoning are considered, and how to recognize fallacies is emphasized. Stresses techniques for producing good arguments of many types. (G7: Humanities).

PL 299 — Independent Study in Philosophy

1-3 credit

Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Liberal Arts.
PL 300 — Business Ethics
3 credits; 3 lecture hours
This course introduces students to basic ethical principles and concepts used to evaluate business practices. Students will learn about the purpose of a corporation, the significance of accountability and transparency in business, the idea of corporate social responsibility, the consequences of globalization, the impact of corporations on the environment, and job discrimination. (G7: Humanities).

PL 301 — Anxiety and Fear: Introduction to Existentialism
3 credits; 3 lecture hours
This course is an introduction to the philosophy of existentialism. The core principles of existentialism will be examined using the work of Martin Heidegger, Soren Kierkegaard, Hannah Arendt, Jean Paul Sartre, Simone de Beauvoir, Frantz Fanon, and Albert Camus, among others.

PL 321 — Philosophy of Art
3 credits; 3 lecture hours
Considers the philosophy of art and the logical structure of criticism. Presents a group of problems arising from description, interpretation, and evaluation of aesthetic objects, with special emphasis on the visual arts. (G7: Humanities)
Prerequisite(s): one semester of History of Art and Civilization.

PL 330 — Approaches to Fashion Theory
3 credits; 3 lecture hours
This is an interdisciplinary, co-taught, cross listed course with HA 330. Studies theories of fashion from both philosophical and art-historical perspectives. Examines how our relationship to our bodies, our concepts of self, our clothing, and our definitions of beauty are historically and culturally dependent. (G4: Social Sciences; G7: Humanities)
Prerequisite(s): HA 112 or PL 141 or PL 321 or SS 131 or SS 171.

PL 391 — Ancient Greek Philosophy (Honors)
3 credits; 3 lecture hours
A study of the origins and development of philosophy in the West, from Homer and Hesiod to the Hellenistic period. Contributions of Socrates, Plato, and Aristotle are emphasized, and the Greek influence on Roman and Christian philosophy is examined. (G5: Western Civilization; G7: Humanities)
Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

PL 392 — The Old and New Testaments in the History of Ideas (Honors)
3 credits; 3 lecture hours
Students examine the influence of selected books, chapters, and verses from the Old and New Testaments on the literature, philosophy, theology, and politics of Western civilization. Emphasis is given to ideas located in scriptures as they have been developed by religious thinkers, systematic theorists, and creative artists. (Formerly LA 394) (G5: Western Civilization; G7: Humanities)
Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

PL 431 — Philosophy: Ethics
3 credits; 3 lecture hours
An introduction to philosophy in general and to ethics in particular. Philosophy is presented as an ongoing activity with emphasis on providing students with logical and conceptual tools for dealing with real-world situations. The course is oriented toward the development of the student’s ability to use reason to evaluate arguments, particularly ethical arguments. (G7: Humanities).
PL 499 — Independent Study in Philosophy
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Liberal Arts.

**PM: Patternmaking**

**PM 000 — PATTERNMAKING**
1-3 credit; 1 lab hour

**PM 111 — Industrial Methods of Draping**
2 credits; 4 lab hours
Students learn the basic draping methods of developing production patterns for the garment industry.

**PM 121 — Patternmaking I: Misses' and Women's Wear**
2 credits; 4 lab hours
Development of basic body slopers using standard specification measurements. Collars and basic sleeve shapes, as well as paper patterns and a final fabric sample, are made. Students learn the importance of fit and balance when creating a high-quality production pattern. Specifications are discussed in relation to both pattern development and finished garment measurements.

**PM 122 — Patternmaking II: Misses' and Women's Wear**
2 credits; 4 lab hours
Students use basic slopers to develop additional patterns for style variations. Patterns are developed for bodice, torso, sleeves and skirt slopers. Pattern corrections are made according to fit, balance, and specification measurements. Final patterns and fabric samples acceptable for mass production are created.

**PM 171 — Pattern Grading: Misses' and Women's Wear**
2 credits; 4 lab hours
Introduction to manual pattern grading and marker-layout techniques. The students learn how to apply grade measurements proportionally to all the pieces within a pattern. The importance of accurate measurement specifications and their effect on the finished product are emphasized. Marker-layouts for samples, costing and mass production are developed.
Prerequisite(s): PM 121 or approval from program coordinator.

**PM 221 — Computerized Production Patternmaking**
2 credits; 4 lab hours
Students learn to use the computer as a tool for production patternmaking and other apparel industry applications. Includes knowledge of hardware, software, and system programming on the Gerber Accumark system to produce a sample production pattern.

**PM 231 — Patternmaking: Misses' and Women's Wear**
2 credits; 4 lab hours
Advanced study of misses' and women's daytime dresses. Different dresses are drafted.
Prerequisite(s): PM 122.

**PM 233 — Patternmaking: Misses' Sportwear**
2 credits; 4 lab hours
Students learn the necessary details involved in developing linings, facings, fusibles, stays, and stampers for both tops and bottoms. Pant and jacket slopers are created, with a strong emphasis on fit. Multiple construction techniques are discussed. A final fabric sample is developed with all the specification measurements and construction details necessary for manufacturing.
Prerequisite(s): PM 121.
PM 234 — Patternmaking: Misses’ Sportswear
2 credits; 4 lab hours
Further study of patternmaking for casual sportswear.
Prerequisite(s): PM 233.

PM 236 — Patternmaking: Coats and Suits I
2 credits; 4 lab hours
Students learn patternmaking for all types of coats and suits.

PM 237 — Patternmaking: Coats and Suits II
2 credits; 4 lab hours
Continuation of PM 236, with special emphasis on a variety of coats.

PM 238 — Production Pattern Development for Women’s Plus-Sizes
2 credits; 4 lab hours
Students are introduced to the full size figure by analyzing the actual body, garment and production specification measurements. By using the most current data developed in industry for the large size body, students gain a better understanding of the important areas of the body that present a challenge when developing styles.
Prerequisite(s): PM 121 and PM 122.

PM 241 — Patternmaking: Children’s Wear I
2 credits; 4 lab hours
The fundamentals of basic flat patternmaking including industrial practices. Basic slopers and a variety of garments are developed for the toddler (2 to 4T), child (4 to 6X), and girl (7 to 14) size ranges.

PM 242 — Patternmaking: Children’s Wear II
2 credits; 4 lab hours
Second level exploration of flat patternmaking including industrial practices. Students develop advanced garments for the toddler (2 to 4T), child (4 to 6X), and girl (7 to 14) size ranges.
Prerequisite(s): PM 241.

PM 251 — Advanced Adobe Illustrator for Technical Design
2 credits; 4 lab hours
Students learn the fundamental and advanced techniques that are specific to Technical sketching and documentation using Adobe Illustrator software on computers. All aspects of drawing, working with images and garments are covered. Course assignments focus on creating precise and exact technical sketched garments with details and callouts using Adobe Illustrator software. Projects range from starting basic to intermediate/advanced techniques including rendering over croquis to creating flats and details. Focus is creating exact proportionate garments with stitching, trims and details and intricate details as callouts.
Prerequisite(s): TC 111 or approval of chairperson.

PM 255 — Fit Analysis and Technical Documentation
2 credits; 4 lab hours
This course introduces the students to fitting tops, dresses, skirts, pants, and basic jackets on live, professional industry models. Proportions and balance are analyzed, and adjustments and corrections are made on the production pattern.

PM 263 — Patternmaking: Mark and Spread
2 credits; 4 lab hours
Exploration of marker making (using full-scale patterns and fabric spreading techniques), for the apparel industry. A focus on the effects of efficient marker making on product and garment costing. Covers efficient cutting of complex fabrics, patterns and sizes for mass production.
PM 264 — Patternmaking: Production and Cost
2 credits; 4 lab hours
Exploration of mass production methods used in the manufacture of garments. Examination and analysis of the principles of garment costing and the common problems encountered in quality control.
Prerequisite(s): PM 121.

PM 271 — Pattern Grading: Misses' and Women's Wear
2 credits; 2 lecture and 2 lab hours
Further study of body and pattern measurements for the purpose of grading larger and smaller sizes.
Prerequisite(s): PM 122 and PM 171.

PM 273 — Computerized Pattern Grading and Marker Making
2 credits; 4 lab hours
Exploration on the use of computer grading to prepare markets and to grade patterns. System hardware capabilities are covered and basic computer skills are required.
Prerequisite(s): PM 122 and PM 171 or approval of chairperson.

PM 275 — Computerized Pattern Grading and Marker Making for Lectra
2 credits; 4 lab hours
Students use the latest software programs to grade production patterns and prepare markets. Focuses on digitization, plot, modification of patterns, manipulation of markers and management of file information. System hardware and software capabilities for apparel industry applications are emphasized.
Prerequisite(s): PM 122 and PM 171, or approval of chairperson.

PM 283 — Patternmaking for Knit Garments
2 credits; 2 lecture and 2 lab hours
This course explores various styling techniques for misses' and women's cut-and-sew knit sweaters, pants, dresses, and costumes. Students also learn appropriate methods for steaming, fitting, and finishing garments.

PO: Portuguese

PO 111 — Portuguese I
3 credits; 2 lecture and 2 lab hours
This introductory course enables students with no background in Portuguese to communicate with Portuguese-speaking people. The basic skills of speaking, reading, and writing in Portuguese are established and the cultures where Portuguese is spoken are introduced. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom.

PO 112 — Elementary Portuguese II
3 credits; 2 lecture and 2 lab hours
Second semester-level study of Portuguese language and of the cultures where Portuguese is spoken. All new grammatical, syntactical and phonetic skills covered in course lectures will be further developed in a multimedia environment.
Prerequisite(s): PO 111.

PO 122 — Portuguese Conversation I
3 credits; 3 lecture hours
Students learn to converse in Portuguese by emphasizing interaction in real-world situations. Functional and practical verbal communications are addressed with a focus on the cultures where Portuguese is spoken. Although the focus is on communicating in spoken Portuguese, the course will also continue to build students' writing and reading skills.
Prerequisite(s): PO 111.
PO 299 — Independent Study in Portuguese
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Liberal Arts.

SC: Science

Mathematics proficiency is a prerequisite for all Science courses. See the description for satisfying mathematics proficiency in the section below that refers to Math.

Math

Mathematics Proficiency is a requirement for the AAS degree and is a prerequisite for all mathematics and science classes. Based on placement, a student who shows need for improvement in mathematics may be required to enroll in MA 080 or MA 081 before registering for classes that have Mathematics Proficiency as prerequisite. Mathematics Proficiency may be demonstrated by a qualifying score on the mathematics portion of the SAT or ACT or by placement exam for students that do not have SAT or ACT scores. The Mathematics Proficiency may also be satisfied by transfer of an appropriate credit-bearing mathematics course or by a passing grade in an equivalent developmental mathematics course offered at another accredited college or university.

SC 032 — Color Science Laboratory
1 credit; 2 lab hours
This lab offers students a hands-on opportunity to learn about the various topics covered in SC 332. State-of-the-art equipment is used to perform spectrophotometric and colorimetric analysis of samples prepared using paints, dyes, filters, colored lights, and colored papers to explore the relationship between color and light, the principles of additive and subtractive color mixing, and instrumentation-based color matching.
Prerequisite(s): mathematic proficiency (see beginning of Science section).
Co-requisite(s): SC 332.

SC 046 — Basic Chemistry for Cosmetics and Fragrances Laboratory
1 credit; 2 lab hours
This lab offers students a hands-on opportunity to learn about the fundamental techniques and methods of the chemistry laboratory as they relate to the various topics covered in SC 146.
Prerequisite(s): mathematic proficiency (see beginning of Science section)
Co-requisite(s): SC 146.

SC 100 — Wired
3 credits; 2 lecture and 2 lab hours
This course introduces students to the Arduino microprocessor, basic electronics, and coding. Using an Arduino, students will construct electronic circuits involving sensors and actuators and write code to control the circuits. Developing such concepts as the internet of things, students will connect their circuits to the internet using wireless technology.
Prerequisite(s): mathematic proficiency (see beginning of Science section).

SC 101 — Biodesign: Innovation at the Intersection of Science and Design
3 credits; 2 lecture and 2 lab hours
Biodesign, an inclusive, sustainable futures approach to design, takes inspiration from the tools of nature to create materials, systems and technologies based on the harmonies of a natural world. Through lectures, labs, field trips, exams, and group projects, students receive a foundation in biology, biomimicry, and sustainability science, enabling them to envision current and future biotechnology solutions to the diverse sustainability challenges of our global society. (G3: Natural Sciences).
Prerequisite(s): mathematic proficiency (see beginning of Science section).
SC 102 — Climate Change
3 credits; 2 lecture and 2 lab hours
Presents elements of climate and climate change. Includes the basic components of meteorology such as weather variables, energy exchanges, greenhouse gases, and the water content in the atmosphere. Addresses anthropogenic, naturally occurring forces and solar influences in climate change. (G3: Natural Sciences).
Prerequisite(s): mathematic proficiency (see beginning of Science section).

SC 103 — Environmental Justice Through the Lens of Chemistry
3 credits; 3 lecture hours
In this course, a descriptive chemical and biochemical approach will be used to explore environmental chemistry, and further students’ understanding of ethics, social injustice and sustainability. Selected case studies of environmental injustice will set a context for their learning and understanding of science. Specific examples of industrial processes, their environmental impacts, and the safety of consumer products are some of the environmental concerns that will drive students’ exploration of science.
Prerequisite(s): Mathematics Proficiency.

SC 111 — Introduction to the Physical Sciences
3 credits; 3 lecture hours
Presents basic principles of chemistry, physics, and earth and space sciences with emphasis on understanding the physical world. Includes theoretical concepts as well as applications. Illustrated by suitable lecture demonstrations. (G3: Natural Sciences)
Prerequisite(s): mathematic proficiency (see beginning of Science section).

SC 112 — Earth Science
3.5 credits; 3 lecture and 1 lab hours
The historical development, current research, and fundamental principles associated with meteorology, geology, and astronomy are studied. Trips to research and field sites are included. (G3: Natural Sciences)
Prerequisite(s): mathematic proficiency (see beginning of Science section).

SC 121 — Introduction to Biological Science
3 credits; 3 lecture hours
Examines the fundamentals of biology with emphasis on molecular, cell, and organismal biology. Biotic diversity, evolution, and genetics are also presented. (G3: Natural Sciences)
Prerequisite(s): mathematic proficiency (see beginning of Science section).

SC 122 — Field Biology
3 credits; 2 lecture and 2 lab hours
Covers the major principles of biology by studying organisms and their interrelationships in natural settings. Emphasis is given to habitats within New York City. Laboratory sessions, a weekend field trip, and visits to wildlife refuges, botanical gardens, and parks are included. (G3: Natural Sciences)
Prerequisite(s): mathematic proficiency (see beginning of Science section).

SC 132 — Color Science for Photography
3 credits; 2 lecture and 2 lab hours
This color science course focuses on topics that are relevant to photography majors, including digital color and light. Weekly laboratory exercises provide students with hands-on experience with the technologies of color analysis and formation. (G3: Natural Sciences)
Prerequisite(s): mathematic proficiency (see beginning of Science section).
SC 145 — Introduction to Chemistry of Our Lives
3 credits; 2 lecture and 2 lab hours
Develops essential principles of general and organic chemistry, emphasizing a descriptive, rather than mathematical, approach. Students will learn the fundamentals of chemistry by examining topics that include the chemistry of the air we breathe, our body, energy sources and the use and processing of products that supplement our everyday lives. (G3: Natural Sciences)
Prerequisite(s): mathematic proficiency (see beginning of Science section).

SC 146 — Basic Chemistry for Cosmetics and Fragrances
3 credits; 3 lecture hours
Students are introduced to the basic principles of chemistry, with an emphasis on its application to the formulation of cosmetics and fragrances, in order to understand the physical and chemical properties of a range of beauty products. (G3: Natural Sciences)
Prerequisite(s): mathematic proficiency (see beginning of Science section)
Co-requisite(s): SC 046.

SC 147 — The Forensics of Fiber Analysis
3 credits; 2 lecture and 2 lab hours
This course focuses on the fundamental concepts in forensic science by examining sample evidence collected from mock crime scenes. Chemical and spectroscopic techniques are used to introduce the concepts of forensic fiber analysis. (G3: Natural Sciences)
Prerequisite(s): mathematic proficiency (see beginning of Science section).

SC 148 — The Science of Jewelry (Interdisciplinary)
3 credits; 2 lecture and 2 lab hours
This is an interdisciplinary course cross-listed with JD 148. This course gives students an understanding of the scientific properties and geologic origins of materials used in the manufacture of jewelry, current issues in ethical and sustainable sourcing of these materials, and economics of the precious metals past and present. Gen Ed: Natural Science (G3).

SC 149 — Chemistry for Cosmetics and Fragrances
3 credits; 2 lecture and 2 lab hours
This course examines the basic principles of chemistry and the chemistry of cosmetics and fragrances. Emphasis is placed on students’ becoming scientifically literate in the field of chemistry thus allowing them to expand their knowledge of products and applications in the cosmetics industry. Gen Ed: Natural Science (G3).

SC 201 — Plants, Pollinators, and People
3 credits; 3 lecture hours
This course explores modern plant biology with special emphasis on how plants affect humans and society. Emphasis is on experiential work (small groups, in-class experiments, field trips) towards becoming scientifically literate in the field of Biology. (G3: Natural Sciences).

SC 202 — The True Cost: A Product’s Life Cycle and the Science of Sustainability
3 credits; 2 lecture and 2 lab hours
Students use key concepts in physical science to explore pathways to global sustainable development. Students perform a life cycle assessment to assess the environmental impact of a product, suggest improvements, and analyze strategies to support upwards of 7.5 billion people within boundaries that define a “safe operating system for humanity. (G3: Natural Sciences).
Prerequisite(s): mathematic proficiency (see beginning of Science section).
SC 203 — Disease Ecology in a Changing World
3 credits; 3 lecture hours
Students learn ecology and evolution through the lens of infectious diseases, which are of increasing urgency in the modern world, and central to many current and historical social and political topics. Through lectures, readings, labs, guest speakers and creative projects, students learn about what causes disease, how diseases emerge and spread, how humans respond to disease with medicine and technology, and how anthropogenic changes to our environment are impacting the risk and spread of disease. (G3: Natural Sciences)
Prerequisite(s): mathematic proficiency (see beginning of Science section).

SC 204 — Designing with Emerging Materials (Interdisciplinary)
3 credits; 2 lecture and 2 lab hours
This is an interdisciplinary course cross-listed with TD 204. An introduction to basic skills and knowledge in science and textile design, enabling design innovation. An exploration of textile concepts and integration of the handmade with emerging materials and technologies. Design-led experimental research with biomaterials, biopigments, nanomaterials, and other advanced materials used to envision and prototype sustainable solutions to real world challenges.
Prerequisite(s): mathematic proficiency (see beginning of Science section).

SC 245 — Chemistry of the Everyday World
3 credits; 3 lecture hours
The natural and synthetic environment surrounding everyday life is used to introduce basic concepts of chemistry. In this course students explore fundamental concepts in chemistry by examining their environment and the ways in which they live.
Prerequisite(s): mathematic proficiency (see beginning of Science section).

SC 253 — Ecology and Environmental Problems
3 credits; 3 lecture hours
Introduces principles and applications of ecosystem, community, and population ecology, with particular emphasis on the effects of human activities on the natural environment. Current problems in acidification, conservation biology, desertification, global climate change, habitat destruction, ozone depletion, waste management, and pollution are addressed. (G3: Natural Sciences)
Prerequisite(s): mathematic proficiency (see beginning of Science section).

SC 254 — Ecology and Photography: Sustainable New York (Interdisciplinary)
3 credits; 1 lecture and 4 lab hours
This is an interdisciplinary course cross-listed with PH 254. It is an introduction to field ecology, environmental storytelling, conservation, and wildlife photography and videography. Students are exposed to field trips, lectures, and discussion within some of New York’s parks and habitats. Through exploration and personal observations, applied scientific research methods are translated into a series of still pictures and moving images about environmental issues. (G6: The Arts).

SC 299 — Independent Study in Science
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Liberal Arts.

SC 326 — Human Nutrition
3 credits; 3 lecture hours
Studies the basic principles of nutritional science, including the relationships between health, disease, and special nutritional requirements. History, fads, and fallacies of nutrition are covered. (G3: Natural Sciences)
Prerequisite(s): mathematic proficiency (see beginning of Science section).
SC 331 — Color Science and Digital Color Reproduction
3 credits; 2 lecture and 2 lab hours
Not open to students who have taken SC 332. The basic principles of color science and how they are applied in digital color reproduction are introduced. Students study the psychophysical basis of color perception, the measurement of color, and additive and subtractive color mixing. They learn how color is input into the computer, how the computer manipulates and displays color, and how color is reproduced in output.
Prerequisite(s): mathematic proficiency (see beginning of Science section).

SC 332 — Color and Light
3 credits; 3 lecture hours
The basic principles of color science, including color measurement and color reproduction, are examined. Emphasis is on the physical basis of color: the relation between color and light, the interaction of light and matter, and the physics of light. Among the topics covered are color vision, color in art and nature, color imaging, light sources, CIE, colorimetric analysis, color matching, and quality control. (G3: Natural Sciences)
Prerequisite(s): mathematic proficiency (see beginning of Science section)
Co-requisite(s): SC 032.

SC 391 — Crime Scene Chemistry (Honors)
4 credits; 3 lecture and 2 lab hours
This course explores fundamental concepts in chemistry by examining actual case studies related to criminal activity. Students learn the techniques used by investigators to gather and analyze evidence and data. The laboratory section of the course provides hands-on experience with the techniques used by scientists in the field of forensic chemistry. (G3: Natural Sciences)
Prerequisite(s): qualification for Presidential Scholars Program or 3.5 GPA with approval of dean for Liberal Arts, and mathematic proficiency (see beginning of Science section).

SC 499 — Independent Study in Science
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Liberal Arts.

SP: Spanish

SP 111 — Spanish I
3 credits; 2 lecture and 2 lab hours
This introductory course enables students with no background in Spanish to communicate with Spanish-speaking people. The basic skills of speaking, reading, and writing in Spanish are established and the cultures where Spanish is spoken are introduced. Teacher-instructed multimedia laboratory sessions reinforce skills learned in the classroom.

SP 112 — Spanish II
3 credits; 2 lecture and 2 lab hours
Students expand upon the skills established in Spanish I and continue to study Italian culture. Students workshop and hone all new grammatical, syntactical and phonetic skills worked on in the lecture hours in a multimedia environment.
Prerequisite(s): SP 111 or equivalent.

SP 122 — Spanish Conversation I
3 credits; 3 lecture hours
Students learn to converse in Spanish by emphasizing interaction in real-world situations. Functional and practical verbal communications are addressed, with a focus on the cultures where Spanish is spoken. Course also taught abroad during the winter and summer sessions.
Prerequisite(s): SP 111 or equivalent.
SP 132 — Spanish in Santiago de Compostela
3 credits; 2 lecture and 2 lab hours
Provides an opportunity for total immersion in Spanish and for developing an awareness of the people, customs, and cultures of traditional Spain. Continuation of the practice, development, and use of the basic spoken and written structures of contemporary Spanish. Emphasis is placed on immediate active use of the language. Field trips fulfill the lab component of this course. Four days per week for four weeks in June. (G8: Foreign Language)
Prerequisite(s): SP 112 or equivalent.

SP 141 — Spanish for Spanish Speakers I
3 credits; 2 lecture and 2 lab hours
For Spanish-speaking students who wish to improve their skills in Spanish in order to be competitive in the job market as bilinguals. All new grammatical, syntactical and phonetic skills covered in course lectures will be further developed in a multimedia environment.

SP 142 — Spanish for Spanish Speakers II
3 credits; 2 lecture and 2 lab hours
Spanish-speaking students build on and refine their communication skills and cultural knowledge acquired in SP 141. All new grammatical, syntactical and phonetic skills covered in course lectures will be further developed in a multimedia environment.
Prerequisite(s): SP 141 or equivalent.

SP 213 — Spanish III
3 credits; 2 lecture and 2 lab hours
This intermediate course is designed to review and refine students' communication skills in Spanish. Supplementary reading materials (including poetry, short stories, and magazine and newspaper articles), films, and videos further the students' knowledge of the cultures where Spanish is spoken. All new grammatical, syntactical and phonetic skills covered in course lectures will be further developed in a multimedia environment.
Prerequisite(s): SP 112 or equivalent.

SP 214 — Spanish IV
3 credits; 2 lecture and 2 lab hours
Building on Spanish III, students refine their communication skills in Spanish. More advanced supplementary reading materials (including poetry, short stories, and magazine and newspaper articles), films, and videos further the students' knowledge of the cultures where Spanish is spoken. All new grammatical, syntactical and phonetic skills covered in course lectures will be further developed in a multimedia environment.
Prerequisite(s): SP 213 or equivalent.

SP 223 — Spanish Conversation II
3 credits; 2 lecture and 2 lab hours
Conversational ability in Spanish is further developed and refined by emphasizing interaction in real-world situations. Advanced functional and practical verbal communications are addressed with a focus on the cultures where Spanish is spoken. All new grammatical, syntactical and phonetic skills covered in course lectures will be further developed in a multimedia environment.
Prerequisite(s): SP 112 or equivalent.

SP 261 — Latin American Cinema and Resistance
3 credits; 2 lecture and 2 lab hours
Students are introduced to Latin American cinema, considering the pivotal role of diverse forms of resistance, focusing on issues crucial to understanding the continent's cinematic creation, including cultural identity, race, ethnicity and gender. They develop a critical understanding of the evolution of Latin American film practices since the 1960s to current trends.
SP 299 — INDEPENDENT STUDY SPANISH
1-3 credit

SP 311 — Spanish for Business
3 credits; 2 lecture and 2 lab hours
Conducted entirely in Spanish, this course prepares students for successful communication in the Hispanic business world by building on their existing knowledge of Spanish and emphasizing its practical, real-world use. Students are introduced to technical vocabulary and cultural concepts for expressing basic economic ideas and conducting business in Spanish-speaking communities. All new grammatical, syntactical and phonetic skills covered in course lectures will be further developed in a multimedia environment.
Prerequisite(s): SP 141 and SP 213 and SP 223 or permission of the instructor.

SP 499 — Independent Study in Spanish
1-3 credit

SS: Social Sciences

SS 100 — Economics for Fashion Creators
3 credits; 3 lecture hours
This course introduces fashion creators to practical applications of economic concepts needed to run a fashion branding business. Students learn the economic decision-making process for a small start-up that eventually will grow into a large fashion enterprise. In a final project, students formulate a business plan. (G4: Social Sciences).

SS 101 — Mathematical Economics
3 credits; 3 lecture hours
This course helps students in creative fields develop quantitative skills in economics that are important for academic success, preparation for careers or graduate school, and entrepreneurial endeavors. The course empowers students to master quantitative skills in a supportive environment with applications to the fashion industry and other creative fields. (G4: Social Sciences).

SS 102 — Economics of the Global Theme Park Industry
3 credits; 3 lecture hours
Students will learn economic and applied economics principles of creative enterprises through their application to the global theme park industry. Students will learn how design can impact profitability and costs, and will apply this analysis to evaluate the success or failure of global theme parks and their social and economic impact. (G4: Social Sciences).

SS 103 — Research Methods
3 credits; 3 lecture hours
Enhance your decision-making skills by using research methods in your life. Using guided, step-by-step instructional support, you will be able to design your own research, carry it out, and learn how to analyze the results. You will be able to apply the scientific research method in a practical, everyday context, and understand the value of research by gaining research skills through hands-on activities.
Prerequisite(s): Math Proficiency.

SS 131 — General Psychology
3 credits; 3 lecture hours
Principles of psychology and their application to general behavior are presented. Stresses the scientific method in understanding learning, perception, motivation, emotion, personality development, and the social influences on human behavior. (G4: Social Sciences).
SS 141 — Macroeconomics
3 credits; 3 lecture hours
Introduction to basic principles and characteristics of economic systems. Primary emphasis is on macroeconomic issues, including national income determination, monetary and fiscal policy, and current economic problems. (G4: Social Sciences).

SS 151 — Global Power and Politics
3 credits; 3 lecture hours
This course is designed to give students an understanding of world politics by examining historical and current events and issues. It explores topics of international relations – origins of wars, conditions for peace, and conflicts over wealth and resources. Students will learn how international actors interact with each other.

SS 171 — Introductory Sociology
3 credits; 3 lecture hours
Study of patterned social behavior and the interrelationships between individual life experience and the social structure that helps to shape it. (G4: Social Sciences).

SS 200 — Personal Finance
3 credits; 3 lecture hours
This course introduces terminology, concepts, and practices of personal finance: the financial planning process, consumer loans, home ownership, saving for retirement, time value of money, interest compounding, inflation, risk diversification, behavioral finance, mutual funds, bonds, and stocks. Tools to evaluate financial decisions at different stages of life are provided. (G4: Social Sciences).

SS 201 — Contemporary Issues in Economics
3 credits; 3 lecture hours
This course covers leading contemporary economic problems, with specific topics chosen from current and recent policy debates such as immigration, health care reform, national debt and executive pay. The objective is to provide a critical economics perspective about these issues, utilizing economic reasoning, theory, and principles. (G4: Social Sciences).
Prerequisite(s): SS 141.

SS 202 — Bollywood and the Making of India
3 credits; 2 lecture and 2 lab hours
Bollywood cinema has played a significant role in managing euphoria, as well as political, social and religious crises confronting postcolonial India following partition, independence, globalization, and the rise of populism. In so doing, it captures and reflects anxieties and aspirations about an idea—a unique experiment called India. This class studies Bollywood movies, their history, and their connections with the world.

SS 203 — Study Abroad in Greece: The Ideals of Excellence in Ancient Greece
3 credits; 3 lecture hours
A study abroad course on how the Greeks pursued excellence in almost every aspect of their lives: in their art and architecture, in their role as citizens, in public speaking, in their physical and mental development, and in their moral education. Examines the Greek ideals of excellence, through readings of classic texts and daily visits to museums and/or historic sites.
SS 204 — Economic Growth
3 credits; 3 lecture hours
Why are some countries rich and others so poor? Will poor nations catch up in the face of declining stocks of natural resources or trail behind the richest ones? This course focuses on both the historical experience of countries that are currently rich and the process of catch-up among poor countries. Topics include population growth, accumulation of physical and human capital, technological change, natural resources, income distribution, geography, government, and culture. (G4: Social Sciences)
Prerequisite(s): SS 141.

SS 205 — Introduction to Accounting & Financial Management
3 credits; 3 lecture hours
This course covers accounting and financial concepts as they apply to Advertising and Marketing Communications related businesses and initiatives. Students study Generally Accepted Accounting Principles (GAAP), learn how to read and develop financial statements for their business and make investment decisions. They learn how to evaluate the financial health of different companies by using ratio analysis.

SS 206 — Psychology of Consumer Behavior
3 credits; 3 lecture hours
Students explore the many facets of individual consumer decision making and behavior, including interpersonal, social, and societal factors that guide and predict behavior. Globalization and culture are emphasized throughout as essential considerations. Topics include consumer well-being, psychological distance, consumer neuroscience, emotions, identity-signaling behavior, status consumption, scarcity, privacy, and ethical consumption. (G4: Social Sciences).
Prerequisite(s): SS 131.

SS 231 — Personality
3 credits; 3 lecture hours
Emphasizes normal personality development as viewed from a variety of perspectives, including social, educational, biological, and psychodynamic factors. Students apply these psychological principles to problems of everyday living and gain an understanding of both normal and deviant reactions to life events. (G4: Social Sciences)
Prerequisite(s): SS 131.

SS 232 — Developmental Psychology
3 credits; 3 lecture hours
Studies the development of psychological, emotional, social, and biological processes from prenatal stage and birth to maturity. Emphasis is on critical stages in development as well as application of psychological principles to everyday situations. (G4: Social Sciences)
Prerequisite(s): SS 131.

SS 237 — Industrial Psychology
3 credits; 3 lecture hours
Applies psychological principles to issues in the workplace. Personnel selection, training, leadership, motivation, job satisfaction, performance appraisal, and stress are explored to provide future leaders, managers, and technical specialists with information and skills to enhance their interpersonal and organizational effectiveness. (G4: Social Sciences).

SS 242 — Microeconomics
3 credits; 3 lecture hours
Examines the principles underlying the behavior of business firms, resource owners, and consumers within a system of price-making markets. Emphasis is on pricing, resource allocation, cost analysis, price determination under market structures ranging from competition to monopoly, and a functional approach to the distribution of income. (G4: Social Sciences)
Prerequisite(s): SS 141.
SS 243 — History of Economic Thought
3 credits; 3 lecture hours
This course traces the rise of major economic philosophies from pre-Quesnay through Smith, Ricardo, Marx, Keynes and beyond. Emphasis is placed on the evolution of broad-scale models of social reality, and their relation to the times in which economists lived. Students trace the contributions of prominent philosophers within the context of the changing views of economic science, and evaluate the applicability of these views for understanding today's world. (G4: Social Sciences).

SS 244 — Fashion Economics
3 credits; 3 lecture hours
Students study economic theories and concepts focused on fashion and the fashion industry. Topics include market structure, supply-and-demand analysis, consumer behavior, market competition, historical developments, international environment, and regulation. (G4: Social Sciences)
Prerequisite(s): SS 141 and SS 242.

SS 251 — American Government and Politics
3 credits; 3 lecture hours
An introduction to American government and politics, addressing the following questions: 1) How democratic are the American political system and its processes? 2) How well do they function? 3) How knowledgeable are Americans about the country’s political system and how extensively do they participate in the political process? Students will examine the framework of the American political system as well as the institutions of government, political processes and leadership selection. Citizen participation and policy decision-making will be emphasized.

SS 272 — Sex Roles, Marriage, and Family in Transition
3 credits; 3 lecture hours

SS 275 — Sociology of Race and Ethnic Relations
3 credits; 3 lecture hours
An overview of the major concepts and theories defining the nature of race and ethnic relations, prejudice, and discrimination. Strategies for reducing prejudice and discrimination and promoting intergroup harmony are addressed. (G4: Social Sciences).

SS 277 — Cultural Expressions of Non-Western Dress and Fashion
3 credits; 3 lecture hours
This course introduces students to the sociocultural meanings of ethnic dress. Students examine case studies from non-Western cultures to understand how dress reflects the values and beliefs of traditional cultures, and how ethnic dress has become integrated into today’s fashions. (G9: Other World Civilizations).

SS 278 — Latinos in the United States: A Sociological Perspective
3 credits; 3 lecture hours
This course provides an understanding of the socioeconomic, political, and cultural impact of Latinos in the United States. Students explore sociological issues including race, ethnicity, urbanization, gender, immigration, and social mobility that have helped shape Latino culture and values. Comparisons with other ethnic/racial groups in the United States, as well as the differences within the Latino community itself, are addressed.

SS 299 — Independent Study in the Social Sciences
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Liberal Arts.
SS 300 — Sociology of Everyday Life
3 credits; 3 lecture hours
This course provides students with a sociological understanding of everyday life from a micro-level analysis. Using theoretical perspectives such as symbolic interaction, labeling, and social constructionism, students will examine how social interaction creates and sustains the everyday social worlds people live in, ranging from an airport departure hall to social media sites. (G4: Social Sciences)
Prerequisite(s): SS 171.

SS 301 — Luxury: A Socio-Cultural Perspective
3 credits; 3 lecture hours
This course introduces students to a sociological analysis of the idea and the practice of “luxury” from Western and non-Western perspectives, and they also learn how luxury, as a social arrangement that is related to high culture, is produced, reproduced, and maintained by various institutions around the world. (G4: Social Sciences; G9: Other World Civilizations).

SS 302 — Economics of Energy and Fossil Fuels
3 credits; 3 lecture hours
The course discusses energy markets and especially the economic history, extraction and consumption of the fossil fuels (coal, oil and natural gas). We also discuss energy and environmental policies such as the Cap-and-trade, cap-and-share systems, net-metering or a carbon tax. We will also provide examples of alternative and more sustainable energy policies from other countries. (G4: Social Sciences)
Prerequisite(s): SS 141.

SS 303 — LGBTQ in Society: A Global Perspective
3 credits; 3 lecture hours
This course introduces students to the field of LGBTQ (Lesbian Gay Bisexual Transgender and Queer) Studies, focusing on the sociological dimension of the study of this population both in the West and globally. (G4: Social Sciences).

SS 304 — Introduction to Caribbean Studies
3 credits; 3 lecture hours
This course is cross-listed with MC 304. Introduction to modern Caribbean States and societies with emphasis on their economies, politics and cultures. Students explore current global trends and their impact on the Caribbean region and its diaspora. (G9: Other World Civilizations).

SS 306 — Kimono and Fashion: A Socio-Cultural Perspective
3 credits; 3 lecture hours
The multifaceted history and symbolic nature of the Japanese kimono in relation to the social categories of class and gender. Explores a wide range of conventional kimono variations in addition to distinct kimono worn by those in specific cultural contexts, such as Geisha, Maiko, and Kabuki actors (G4: Social Sciences; G9: Other World Civilizations).

SS 307 — Emotions in Society
3 credits; 3 lecture hours
How are our emotions shaped by society? This course examines sociological theories and research on why we feel what we feel, applying these to social issues such as capitalism, climate destruction, racial injustice, and war to examine shame, pride, sympathy, denial, happiness, and trauma. Students examine their own emotions in order to experiment with thinking more critically about both their own lives and society as a whole. (G4: Social Sciences).

SS 308 — White Gold: Sugar, Power and the Creation of Atlantic Capitalism (Interdisciplinary)
3 credits; 3 lecture hours
In this team-taught course, students study the political and economic implications of the rise of sugar to dietary prominence and the literary representations of this phenomenon. Students examine the human costs of consumer behavior.
SS 309 — Tattoos and Body Modification
3 credits; 3 lecture hours
This course examines tattoos and various types of body modification, such as facial piercing and scarification, in Asian, Southeast Asian and Polynesian cultures. Students are introduced to ethnographic studies on tattoos and other corporal adornment practices and learn how the biological human body is transformed into a social canvas. (G4: Social Sciences; G9: Other World Civilizations).

SS 310 — Economic Globalization: Problem or Panacea?
3 credits; 3 lecture hours
This course explores the benefits, risks and drawbacks of economic globalization from the standpoints of both developing and developed countries. Economic theory will be introduced and explained as it applies to various facets of globalization in order to better understand, analyze and evaluate the phenomenon of globalization. (G4: Social Sciences).
Prerequisite(s): SS 141 and SS 151.

SS 311 — Environmental Psychology
3 credits; 3 lecture hours
This course explores how human behavior and cultural values shape, and are shaped by, natural and built environments. Topics include: environmental perception and cognition, place attachment and psychological experiences of home, spatial implications of power and inequality, and typologies such as institutions, public space, workplaces, and play spaces. (G4: Social Sciences).
Prerequisite(s): SS 131.

SS 312 — Sensation & Perception
3 credits; 3 lecture hours
This course examines the basic human senses and the psychological perceptions that help us interpret and respond to our environment. Students apply sensory and perceptual phenomena to concepts in their major fields of study and examine current applications of sensory and perceptual phenomena in a variety of fields. (G4: Social Sciences)
Prerequisite(s): SS 131.

SS 313 — Cultural Awareness, Design Responsibility, and the Law
3 credits; 3 lecture hours
This course investigates the legal, financial, and social implications of cultural appropriation and the misuse of cultural property. A variety of indigenous and cultural groups ranging from the Wixáritari people of Mexico to the hip-hop community will be examined through case studies. Students develop strategies of how to design and collaborate with cultural groups in a sensitive and responsible manner. (G4: Social Sciences; G9: Other World Civilizations).

SS 314 — Economics of Art and Culture
3 credits; 3 lecture hours
This course reviews economic theory and its application to the arts and culture sectors. Students explore topics related to supply and demand analysis, market structure in the cultural sector, consumer behavior, the role of the economic agents in the art industry, and public support for the arts. The course examines the economic concept of the value and its application in arts, including how art trades in the market, whether art is a good investment or not, how art is financed, and what role art plays in the local community and economy. (G4: Social Sciences).
Prerequisite(s): SS 141 and SS 242.

SS 315 — Contemporary Issues Impacting the Caribbean Region
3 credits; 3 lecture hours
A central focus of this course is the examination of a variety of themes reflecting contemporary social, political, and economic tension in the Caribbean, especially those between national security and challenges to human rights and citizenship.
SS 334 — The Psychology of Color
3 credits; 3 lecture hours
Examines the importance of color and its influences on behavior. Topics include the biological and perceptual characteristics of color, fundamental color research, societal and cultural influences on the meanings and uses of color, adaptations of color in both natural and manmade environments, and the interaction between personality and color. Special attention is given to the application of color in both industry and everyday life. (G4: Social Sciences)
Prerequisite(s): SS 131 or approval of chairperson.

SS 335 — Abnormal Psychology
3 credits; 3 lecture hours
This course is designed to help students understand the symptoms, causes, and treatment of psychological disorders and the contemporary issues facing mental health practitioners and researchers. Issues related to abnormal psychology are presented from theoretical research and clinical perspectives. (G4: Social Sciences)
Prerequisite(s): SS 131.

SS 336 — Psychology for Sustainability
3 credits; 3 lecture hours
Students explore the psychological relationship between humans and their natural and built environments to gain insight into environmental problems and generate solutions. Topics include conscious and unconscious influences on human behavior, social norms and influence, the role of contingencies, the neurotoxic effects of pollution, and the psychology of environmental stress. (G4: Social Sciences).

SS 337 — Crime in the Global, Digital Society (Honors)
3 credits; 3 lecture hours
Students are familiarized with critical and contemporary sociological theories of crime. They will apply these theories to global and local empirical case studies and examine how the nature, extent, causes and control of crime and criminal offending should be understood within interrelated local, transnational, and global societal contexts. Qualification for Presidential Scholars Program or 3.5 GPA with approval of Dean of Liberal Arts. (G4: Social Sciences).

SS 338 — Happiness & Human Flourishing (Honors)
3 credits; 3 lecture hours
Students explore the psychological aspects of a fulfilling and flourishing life by critically reviewing and analyzing scientific work drawn from the field of positive psychology. Topics include happiness and positive affect, well-being, empathy, friendship, love, achievement, creativity, mindfulness, spirituality, and humor. Qualification for Presidential Scholars Program or 3.5 GPA with approval of Dean of Liberal Arts. (G4: Social Sciences).

SS 339 — Introduction to Development Economics (Honors)
3 credits; 3 lecture hours
This course introduces students to development economics and investigates why some countries are poorer than others and what economic policies help countries achieve growth (G4: Social Sciences).
Prerequisite(s): SS 141 and SS 151.

SS 340 — The Psychology of Gender, Perception and Self-Expression
3 credits; 3 lecture hours
Through critical engagement with psychological theories of gender and cognition, this course challenges students to think how gender affects our sense of self, how we communicate that self, and how others perceive us. It encourages students to imagine new possibilities for how we embody our identity and interact based on fashion.
Prerequisite(s): SS 131.
SS 341 — Women and Global Politics
3 credits; 3 lecture hours
This course will examine how gender intersects in, and shapes, international relations through an examination of issues in international conflict and in the international political economy. The course will focus on the global women’s movement as a considerable player in international politics, incorporating the experiences of women as well as feminist analyses.

SS 343 — Labor Economics
3 credits; 3 lecture hours
Examines labor economics and labor institutions’ role in the U.S. economy. Major subjects include the changing labor force and its composition, labor markets, labor unionism, collective bargaining, labor legislation, and government regulation. (G4: Social Sciences)
Prerequisite(s): SS 141 and SS 242.

SS 345 — Fundamentals of Finance for Fashion Industries
3 credits; 3 lecture hours
This course focuses on the basic principles and concepts of international finance relevant to the fashion-related industries. Topics include the world financial system and institutions, and financial instruments and their use from a practical standpoint. (G4: Social Sciences)
Prerequisite(s): SS 141 and SS 242.

SS 352 — Contemporary Western Europe
3 credits; 3 lecture hours
Introduction to the Western European countries and societies and their relations with each other and with the rest of the world. (G4: Social Sciences).

SS 353 — Latin America Today
3 credits; 3 lecture hours
Latin America is a region with a complex history, contentious politics and abundant inequality. This course will examine the region’s unique historical, political, economic, social and cultural factors which shape the identities of the nation-states and their citizens. Specific topics will include the colonial history of Latin America, the various types of political systems, and the rights and responsibilities of citizens with a special focus on race and gender.

SS 354 — Comparative Political Systems
3 credits; 3 lecture hours
This course is designed to provide a comparative study of political systems with a global perspective. It compares political ideologies, institutions and processes in democracies and various types of authoritarian regimes. The course also explores how these political systems manifest themselves in different types of regimes and intersect with important issues of the 21st century. Comparative Political Systems is designed to provide students with an understanding of some of the major issues associated with different political systems in the world.

SS 355 — Contemporary African Politics
3 credits; 3 lecture hours
An introduction to modern African political, cultural, and social institutions. The first part of the course focuses on examining Egypt, Kenya, Nigeria, and South Africa. The second part concentrates on issues that transcend borders: political instability and civil wars, the AIDS epidemic and other health crises, population growth, economic development and poverty, and environmental degradation. The significance of U.S.-African relations is also studied. (G9: Other World Civilizations).
SS 356 — Asia in Motion: National, International, and Transnational Relations
3 credits; 3 lecture hours
Examines the complexity, diversity, and dynamics of East Asian and Southeast Asian politics. The course analyzes Asia and its moves toward modernity in terms of politics, economics, and culture. Topics include modernization, post-World War II political settings, and post-Cold War regional integration. (G9: Other World Civilizations).

SS 374 — Cross-Cultural Studies
3 credits; 3 lecture hours
This course provides conceptual and practical knowledge of the societies and cultures, economies, histories, and institutions of non-Western societies. Special attention is paid to the distinctive features of Japan and India. Students are introduced to the range and significance of cultural differences and will be prepared to adapt to these cultural differences as they move into international arenas. (G4: Social Science; G9: Other World Civilizations)
Prerequisite(s): two introductory Social Sciences courses (SS 131, SS 141, SS 151, or SS 171) or approval of chairperson.

SS 376 — Clothing and Society
3 credits; 3 lecture hours
This course examines the development of dress, adornment, and appearance as a non-verbal mode of communication and explores the meaning of clothing and fashion in modern American society. (G4: Social Sciences)
Prerequisite(s): two introductory Social Sciences courses (SS 131, SS 141, SS 151, or SS 171) or approval of chairperson.

SS 378 — Asian Global Popular Culture
3 credits; 3 lecture hours
Students examine the global production, consumption, and reproduction of popular culture products in Asian countries, such as Korea, Japan, and India. Cultural products such as films, television sitcoms, pop music, comic books, and animation from South and East Asian societies are examined from local and global perspectives, and analyzed using social scientific tools and methodologies. (G4: Social Science; G9: Other World Civilizations).

SS 379 — Sociology of the Digital Era
3 credits; 3 lecture hours
This course explores the impact of digital information and communication technologies (ICT’s) in everyday life. Students examine how digital ICT’s have transformed social relations, social structures, identity formation processes, and cultural, political, and economic practices. (G4: Social Sciences).

SS 385 — Social Psychology
3 credits; 3 lecture hours
Human behaviors such as aggression, prejudice, attraction, attitude formation, conformity, helping, and group processes are examined with particular emphasis on their current applications. (G4: Social Sciences)
Prerequisite(s): SS 131.

SS 386 — Youth Subculture, Identity, and Fashion: A Sociological Perspective
3 credits; 3 lecture hours
This course explores youth subcultures, in relation to gender, race and class identity. Students are introduced to various case studies of youth subcultures around the world, including Goth, Punk, and Lolita, and analyze how their values, norms, attitudes and beliefs are reflected on their styles. (G4: Social Sciences; G9: Other World Civilizations)
Prerequisite(s): SS 171 or SS 277 or SS 374.
SS 391 — Economic Ideas - Past and Present (Honors)
3 credits; 3 lecture hours
Traces the rise of major economic philosophies from before Quesnay through Smith, Ricardo, Marx, Keynes, and beyond. The evolution of broad-scale models of social reality and their relationships to the times in which economists lived are emphasized. (G4: Social Sciences).

SS 392 — Psychopathology and Modern Life (Honors)
3 credits; 3 lecture hours
Students learn the symptoms, causes, and treatment of psychological disorders and the contemporary issues facing mental health researchers and practitioners. Psychopathology is presented as both a scientific and a clinical endeavor that gives students the clearest understanding of the field. Information from the text and lectures is based on current research, findings, and different theoretical approaches. (G4: Social Sciences)
Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

SS 393 — Politics in the Middle East (Honors)
3 credits; 3 lecture hours
This course is designed to give students a background in the most significant issues in the study of Middle Eastern politics. We will explore the ethnic, religious and geopolitical composition of the Middle East, and what major political discourses and identities exist as well as issues of conflict and cooperation.
Prerequisite(s): Qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

SS 394 — Global Financial Markets (Honors)
3 credits; 3 lecture hours
This course discusses the general principles and main concepts of international finance. Topics such as the world financial system and institutions, global financial instruments, and interruptions in the international financial markets (i.e. the financial crisis of 2008, the East Asian financial crisis) are addressed. (G4: Social Sciences)
Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

SS 395 — International Conflict in the 21st Century (Honors)
3 credits; 3 lecture hours
This course is designed to examine the nature of international conflicts in the 21st Century. Students will analyze how international conflicts have occurred through time while examining the question of why actors (people and states) take particular types of actions. The course will focus on countries and non-state actors in the Middle East, Asia and Africa in which there is a high level of international conflict. The class will study case studies which demonstrate examples of post-cold war conflict: terrorism, civil war and international intervention.
Prerequisite(s): qualification for Presidential Scholars Program, or 3.5 GPA with approval of dean for Liberal Arts.

SS 396 — Social Experiments: Answering the Questions of Social Psychology (Honors)
3 credits; 3 lecture hours
Classic and contemporary experiments in social behavior are reviewed, and methodological procedures in social psychology research emphasized. Student teams design and conduct appropriate, controlled experiments on topics relating to social psychology, including attitude and stereotypical conformity, aggression, or helping behavior. (G4: Social Sciences)
Prerequisite(s): qualification for Presidential Scholars Program or 3.5 GPA with approval for dean of Liberal Arts.
SS 397 — Religion and Global Politics (Honors)
3 credits; 3 lecture hours
“Religion” is driving contemporary political events in multiple, multifaceted and mysterious ways. This course is designed to understand and reflect on how religion influences global politics. The course is divided into three sections. The first part will address concerns about how, why and where individuals are religious across the globe, and in what ways their religious ideas and identities influence their political decisions and behaviors. The second part will examine the major questions posed by human-rights practitioners of religious freedom, the origins and scope of these rights, the problem of definition, and the values with which they conflict. And finally we will focus on crucial themes in debates over the role that religion ought to play in democratic politics / pluralist societies.

SS 400 — Economics of Recreation, Leisure, and Tourism
3 credits; 3 lecture hours
This course offers students an application-oriented introduction to the economics of recreation, leisure, and tourism through a comprehensive analysis of the market mechanism, demand, supply, and consumer behavior. Throughout the course, students learn to master core economic theories essential for understanding the recreation, leisure, and tourism industry, firm and consumer behavior and strategy, business transactions and their economic impact, and the role of government.
Prerequisite(s): SS 242 and SS 304 or MC 304.

SS 401 — Managerial Economics
3 credits; 3 lecture hours
This course will cover applications of the principles of microeconomics in managerial analysis and decision making. Students learn to master core economic theories essential for understanding and managing in the fashion industry, the firms, and consumer behavior and strategy, business transactions, and their economic impact, and the role of government.
Prerequisite(s): SS 242 and SS 345 or IN 442.

SS 442 — Environmental Economics and Policy
3 credits; 3 lecture hours
The foundations of environmental and natural resource economics are examined. Current economic approaches to the valuation of environmental issues, including economic incentive policies, internalization of environmental costs, public policy, and related multilateral trade issues, are discussed. Students analyze property rights as well as uses and restrictions of the global commons. (G4: Social Sciences)
Prerequisite(s): SS 141 or SS 242.

SS 443 — International Economics
3 credits; 3 lecture hours
Reviews the origins of modern international economic theory and discusses present patterns of trade and finance, including the balance of payments and its economic effects, exchange rates, international commodity agreements, and tariff policies. Includes an analysis of the relationship between international economics and current U.S. economic problems. (G4: Social Sciences)
Prerequisite(s): SS 141 and SS 242.

SS 444 — Presidential Scholars Senior Seminar (Honors)
3 credits; 3 lecture hours
The Presidential Scholars Senior Seminar provides students an opportunity to explore topics of their choosing in a culminating academic project. Students will narrow topics, develop research questions, employ research methods, and produce a thesis/creative project with an accompanying presentation of their findings. Qualification for Presidential Scholars program or 3.5 GPA Dean of Liberal Arts.
SS 445 — Money and Banking
3 credits; 3 lecture hours
Reviews the monetary and banking system of the United States, with emphasis on its structure and regulation. The theoretical framework of the monetary system and its relation to monetary policy are also studied. (G4: Social Sciences)
Prerequisite(s): SS 242.

SS 446 — Economies of Latin America
3 credits; 3 lecture hours
The course reviews modern international economic theory and its application to the Latin American economies. Major topics include trade theory and regulation, industrial policies, regional trading agreements, and the role of multinational enterprises and financial issues. Students examine theoretical concepts within the context of the historical and current economic experiences of Latin America. (G4: Social Sciences; G9: Other World Civilizations)
Prerequisite(s): SS 141 and SS 242.

SS 499 — Independent Study in the Social Sciences
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Liberal Arts.

TC: Technical Design

TC 111 — Beginning Adobe Illustrator for Technical Design
2 credits; 4 lab hours
Students learn the fundamental basic sketching using Adobe Illustrator. Course assignments focus on creating garments using Adobe Illustrator software. Project is final portfolio of customer profile, mood board, fabric board, color board and 12 Adobe Illustrated coordinate group both fronts and backs. The basic of Illustrator is taught so students are capable of going into the Advanced Adobe Illustrator course learning technical sketching for technical packets.

TC 200 — Patternmaking and Construction for Faux Fur/Women's Wear
2 credits; 4 lab hours
Patternmaking and construction of women's garments using fake fur. Patterns of basic silhouettes and corollary pieces such as garment linings, facings, pockets, collars, and sleeves are created, and the requirements for garment construction using various types of fake furs will be covered. Students will produce a sample garment.
Prerequisite(s): PM 121.

TC 201 — Production Pattern Development For Women's Denim
2 credits; 4 lab hours
Students are introduced to denim by analyzing body and dress forms, various denim washes, shrinkage ratios, shrinkage added garments for jeans and denim jackets, and production specification measurements. By using the most current data developed by the industry for denim, the course leads students through a better understanding of the important areas of the denim, washes and body types that present a challenge when developing styles.
Prerequisite(s): PM 121 and PM 122.
TC 202 — Browzwear Computerized Pattern Corrections and 3D Avatar Fitting
2 credits; 4 lab hours
This course focuses on garment fit analysis and pattern corrections using the two major CAD programs used in the apparel industry. Students learn advanced computerized patternmaking using Gerber Accumark PDS (Pattern Design System) and 3D virtual garment fitting using Browzwear PDS. By analyzing garment fittings in the virtual environment, students experience unique aspects of the program and learn relations between fit issues and pattern corrections. Simulating 3D garment fitting from the simple top to structured jacket, soft woven to hard woven, and fitted to relaxed look, students will learn how these factors affect pattern corrections in order to retain the original look of the garment.

TC 232 — Patternmaking for Evening and Bridal Dresses
2 credits; 4 lab hours
An exploration into proportion and balance through development of garments prepared for the production process. Design integrity balanced with corrections for pattern fit is included. Prerequisite(s): PM 121 and PM 122.

TC 311 — Production Pattern Development I
2 credits; 4 lab hours
This course focuses on the development of production-ready patterns for woven fabrics from technical specification sketches. Students analyze the effects of body measurements, pattern shapes, and production construction techniques on garment fit, quality, and performance.

TC 312 — Production Pattern Development II
2 credits; 4 lab hours
Students further develop skills learned in TC 311 through an emphasis on fit concepts and patterns for woven, knit, and lined garments. Students learn to recognize and apply pattern corrections that maintain garment balance, proportion, and design integrity. Prerequisite(s): TC 311.

TC 321 — Computerized Pattern Development
2 credits; 1 lecture and 2 lab hours
Students learn to develop computerized flat patterns using state-of-the-art apparel industry software. Students use and incorporate the various functions in the software menus as they create, modify, store, and plot production patterns.

TC 322 — Computerized Grading, Marking, and Specs
3 credits; 1 lecture and 4 lab hours
Students learn to use a state-of-the-art apparel industry grading and marking software system to grade patterns, make markers, and manage files. Course stresses the importance held by fabric properties on the development of accurate graded specs for patterns and for marker making. Prerequisite(s): TC 311 and TC 321.

TC 341 — Technical Design: Wovens
2 credits; 1 lecture and 2 lab hours
This course explores in depth the technical design process for woven garments. Students utilize digital imaging, industry-specific terminology, and software to create full tech packages. Through case studies and hands-on techniques, they incorporate problem-solving methods used by technical designers in the industry. Prerequisite(s): TC 311.

TC 421 — Computerized Pattern and Fit Corrections
2 credits; 1 lecture and 2 lab hours
Students analyze garment fittings and then make corrections to computerized patterns using the more advanced features of the pattern design system. They manage the data file information and communicate complete fit and pattern technical details. Prerequisite(s): TC 312 and TC 322 and TC 341.
TC 441 — Technical Design II: Stretch
2 credits; 1 lecture and 2 lab hours
Using industry product data management software systems, students construct full technical design packages for stretch garments. Students explore the effects of stretch on pattern shape and fit. They identify the accuracy of finished garments and communicate the revisions necessary for various sample stages.
Prerequisite(s): TC 312 and TC 322 and TC 341.

TC 451 — Production and Technical Design
2 credits; 2 lecture hours
This course stresses the relationship between technical design and the apparel production cycles and manufacturing processes. Discussions center on sourcing and logistics, apparel standards, compliance and regulations, current industry issues, and business ethics and conduct.
Prerequisite(s): TC 322 and TC 341 and MG 314.

TC 491 — Technical Design Senior Project
2.5 credits; 1 lecture and 3 lab hours
Student teams strategize on how to improve the market share for a specific product or brand. Each team develops innovative technical design solutions for various product life cycle stages. They present their actual products and a written review/case study subject to critical industry evaluation.
Prerequisite(s): TC 421 and TC 441.

TD: Textile Design

TD 000 — TEXTILE DESIGN
1-3 credit; 1 lab hour

TD 101 — Experimental Screen Printing
3 credits; 2 lecture and 2 lab hours
Students experiment designing with screens and printing on fabric while working in an actual workshop surrounding. Includes screen making, color mixing, and printing techniques.

TD 103 — Embroidery
2 credits; 1 lecture and 2 lab hours
This course is an introduction to the art of hand embroidery and related forms of stitching. Students explore traditional and contemporary techniques to develop their own creative practice through class and individual projects. This course introduces embroidery as both a commercial application and a creative medium.

TD 111 — Computer-Aided Design Principles for Textile Design
1.5 credits; 3 lab hours
An introduction to the fundamentals of computer-aided textile design. Students use current, off-the-shelf graphics software to produce original designs, croquis and repeat layouts, coordinates, and color combinations while exploring color palettes, scale, and proportion. Web resources, scanning, file management, and printing options are explained, and presentation skills are emphasized.

TD 112 — Textile Color Fundamentals
2 credits; 1 lecture and 2 lab hours
Introduction to traditional color theories and systems through comparisons and analysis. Color experimentation for use in textile fashion and home furnishing fabrics is developed in opaque watercolour (gouache).
TD 113 — Textile Surface Design: Styles & Sources
2 credits; 1 lecture and 2 lab hours
An introduction to the design styles, design vocabulary, and research methods necessary for creating original textile surface designs. Through image-based lectures, discussions, museum visits, design projects, and presentation critiques, students explore themes in fashion and the applied arts that will serve as a foundation in their future design work.

TD 114 — Computer Aided Print Design
3 credits; 6 lab hours
Computer-aided design software skills and techniques are applied to create original textile designs. Based on current market trend research, students create digital designs using a variety of layouts, repeats and seasonal palettes. They produce visualizations of their designs and printed presentations for their portfolio.

TD 115 — Introduction to Textile Surface Design
2 credits; 4 lab hours
Textile design painting techniques and terminology are explored through research and assembly of reference material. Students strengthen design skills and create painted designs in repeat for the fashion fabrics market.

TD 126 — Textile Design Studio Practices
3 credits; 6 lab hours
Students develop original design concepts for apparel fabrics painting with gouache and dye. Trend information and references from a variety of sources is researched and analyzed for design inspiration. Technical and design related aspects of printing, layout, repeat and color according to industry standards is examined and applied.

TD 131 — Woven Design I
1.5 credits; 3 lab hours
Introduction to creating woven fabrics on a table hand loom. Students learn basic weaving techniques, drafting of weaves, and the interrelation of yarns, color, and weave structure in a fabric design.

TD 132 — Woven Design II
1.5 credits; 3 lab hours
Continued creative and experimental application of techniques learned in TD 131. Using the four-harness table loom, students are introduced to complex threadings and warp color arrangements to create weave patterns and textures.
Prerequisite(s): TD 131 or approval of chairperson.

TD 138 — Introduction to Woven Design
2.5 credits; 1 lecture and 3 lab hours
This introductory course provides students an opportunity to create fabrics for apparel, home fashion, accessories and fine art. Hand looms are used to introduce weave structure, color and texture. Students translate ideas into original designs in the medium of weaving.

TD 141 — Nature Studies
1.5 credits; 3 lab hours
Study of design in nature as a source of inspiration for textile design. Students analyze growth and structure of plants and other forms of nature using live flowers and marine life as models for drawing and painting in representational techniques. (G6: Arts).

TD 142 — Advanced Nature Studies
1.5 credits; 3 lab hours
Painting from flowers and other nature forms with continued emphasis on observation, selection of color, structure, and design patterns. Students use forms in nature as a basis for stylized compositions in line and color. (G6: Arts)Prerequisite(s): TD 141.
TD 155 — Decorative Fabrics
2 credits; 4 lab hours
For one-year Textile/Surface Design students. The application of print design techniques to designing for home furnishings fabrics and wall coverings, using various media. Using professional methods and technical requirements, designs are created for residential, commercial, and industrial spaces.

TD 157 — Wallcovering Design
1.5 credits; 3 lab hours
This course focuses on the creative development of original wallcoverings. Through the study of historical documents and references, students explore design and production methods needed to create multi-layered compositions. They learn about the wallcovering market through the introduction of home furnishing trends, design styles, and current production standards.

TD 161 — Fundamentals of Screen Printing
2 credits; 4 lab hours
Screen printing is the most widely used technique for printing in the textile industry. This course introduces the process of screen printing as both a commercial application and a creative medium. Students use imagery, drawing style, color and placement to produce original textile designs. Manual and digital techniques are applied to create artwork and print designs in repeat.

TD 183 — Screen Printing: T-Shirts and Related Products
2 credits; 4 lab hours
Using modern screen print technology, students create original engineered designs for T-shirts and related products. Color-mixing principles and screen printing techniques are taught.

TD 202 — Advanced Professional Practices
3 credits; 6 lab hours
Students develop original designs and coordinates using design trends as inspiration. A stronger awareness of the textile/surface design industry is established via lectures, demonstrations and market visits. Preparation of student portfolios and professional presentation is emphasized. Prerequisite(s): TD 126.

TD 203 — Textile Arts in India
2 credits; 4 lab hours
A short term study abroad course in Rajasthan, India exploring textile artisan culture. Students work alongside local artisans, maintain a sketchbook, and create a design collection based on research from tours, academic lectures, workshop presentations, and museum visits.

TD 204 — Designing with Emerging Materials (Interdisciplinary)
3 credits; 2 lecture and 2 lab hours
This is an interdisciplinary course cross-listed with SC 204. An introduction to basic skills and knowledge in science and textile design, enabling design innovation. An exploration of textile concepts and integration of the handmade with emerging materials and technologies. Design-led experimental research with biomaterials, biopigments, nanomaterials, and other advanced materials used to envision and prototype sustainable solutions to real world challenges. Prerequisite(s): mathematic proficiency (see beginning of Science section).

TD 205 — Textile Design in the Andes
2 credits; 1 lecture and 2 lab hours
This short-term study abroad course to Santiago, Chile and its environs is for students interested in exploring textile design through hands-on learning and cultural immersion. Hosted by The Design School at Duoc UC, students will be given the opportunity to work with artisans, visit museums, retail stores and participate in workshops, with an emphasis on combining traditional and contemporary textiles. Students will produce a collection of portfolio-ready art while abroad.
TD 206 — Advanced Home Textiles
2 credits; 4 lab hours
In this advanced course design for bedding will be discussed with an emphasis on producing industry standard CAD files from hand painted artwork using Adobe Photoshop and Illustrator. Through research and personal design inspiration, students will create bedding collections. The technical aspects of working with large-scale layouts in CAD, repeat sizes, engineered prints, and technical sketches and tech packs will be explored to help students integrate CAD industry standard practices using hand painted designs into their workflow.
Prerequisite(s): TD 114 and TD 155 or TD 251.

TD 207 — Adobe Illustrator for Textile/Surface Design
2 credits; 4 lab hours
This course introduces students to illustrator tools and techniques, with a specific focus on repeat design creation. Students create an apparel print design collection and presentation boards.
Prerequisite(s): TD 114.

TD 211 — Design Research in Paris
3 credits; 3 lecture hours
Students learn how to do extensive design research while abroad in Paris. Through on-site visits to design studios, galleries, libraries, museums, stores, and trend forecasting companies, students research an area of design interest for hard and/or soft product. Students keep a journal/sketchbook, give weekly oral presentations, and write a paper about the project outcomes of their research. Approximately three weeks in the summer.
Prerequisite(s): HA 112.

TD 212 — CAD and Design Fundamentals for Printed Textiles
1.5 credits; 3 lab hours
This course introduces students to design and CAD fundamentals for printed textile design. Design and production processes are explained. Students research trend information to create collections of repeating designs for specific markets.

TD 224 — Computer-Aided Print Design
1.5 credits; 3 lab hours
Using Adobe Photoshop, students scan images and create original designs, repeats, colorways, and coordinates targeting specific markets. Emphasis is on creative use of the software, awareness of industry trends, and the development of an original portfolio of digitally produced designs.

TD 227 — Painting on Fabric
2 credits; 1 lecture and 2 lab hours
Students paint directly on silk, cotton, and synthetic fabrics, using appropriate pigments or dyes for setting colors permanently. Explores use of hand-painted fabrics for home furnishings, fashion, and studio applications.

TD 230 — Textile Design Studio: Portfolio and Industry
3 credits; 6 lab hours
Guided by textile trend forecasts for apparel and home, students use concept development, traditional media, and CAD to create a collection of original print designs and coordinates. Through lectures, demonstrations and industry visits, students gain an understanding of current practices in the textile/surface design industry and prepare a professional portfolio.
Prerequisite(s): TD 114 and TD 126.

TD 238 — Woven Design and CAD
3 credits; 6 lab hours
Students are introduced to the computer process for designing wovens using proprietary weaving software. Hand woven collections are developed using complex harness structures. Trend analysis is used to inspire collections.
Prerequisite(s): TD 138.
TD 251 — Techniques for Decorative Fabrics and Surfaces
3 credits; 6 lab hours
Experimentation in mixed media will be explored to create decorative designs for the home furnishing industry. Historic sources and contemporary trends will be researched to produce original designs. Health and safety issues will be addressed, and industry requirements and standards reviewed.
Prerequisite(s): TD 126 or TD 115.

TD 253 — Advanced Decorative Fabrics
2 credits; 4 lab hours
Exploration of the design and technical skills required in the home furnishings textile industry. Through on-site field trips and research, students explore and analyze design inspiration. Students learn the technical aspects of painting, layout, repeat and color. Through new approaches to layouts, techniques and colors, students are sensitized to the needs of home textile for the interior design industry.
Prerequisite(s): TD 155 or TD 251.

TD 252 — Advanced Screen Printing
3 credits; 6 lab hours
Emphasizing the development of personal style and professionalism in a modern screen printing environment, this course explores advanced methods of designing and printing yardage fabric. Students choose a market and produce a collection of autographically or digitally produced designs printed in repeat and in multiple color ways.
Prerequisite(s): TD 161.

TD 262 — Advanced Screen Printing: T-Shirts and Related Products
2 credits; 4 lab hours
Advanced modern design techniques and industrial trends for T-shirts, apparel, accessories and home products are explored. Emphasis placed on mixed-media and multi-color projects, and the use of specialty inks on a variety of surfaces. Manual and digital methods used for design creation.
Prerequisite(s): TD 183 or TD 101.

TD 271 — Textile/Surface Design Using Adobe Illustrator
2 credits; 1 lecture and 2 lab hours
Students learn to use Adobe Illustrator for application to textile and surface design and gain proficiency in working between Adobe Illustrator and Adobe Photoshop. Target markets and the creative use of software for portfolio development are emphasized.
Prerequisite(s): TD 114 or TD 224.

TD 299 — Independent Study in Textile Design
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

TD 302 — Fashion Studio for Print Design
1.5 credits; 3 lab hours
This course uses proprietary software for designing repeats and print collections. CAD workflow practices, color matching, color-reduction, colorways and technical data are integrated with digital processes for designing repeats and print collections. Focused concept development and trend-forecasting research are used to create portfolio quality digital collections that meet industry standards.
Prerequisite(s): TD 114 or TD 224 or Instructor Approval.
TD 312 — Computer Graphics for Textile Design I
2 credits; 1 lecture and 2 lab hours
Introduction to creating artwork on the computer, including scanning and cleaning images, original patterns, colorways, repeats, and woven fabrics. Designs are applied to fashion silhouettes for merchandising collections targeting specific markets. Portfolio-quality presentations are produced using digital printouts.

TD 313 — Advanced Photoshop and Illustrator
3 credits; 6 lab hours
This advanced class builds on students' existing knowledge of Adobe Photoshop and Illustrator to expand their skill level. Students create a design collection and presentation boards. Focus is placed on professional workflow, color management and preparation for traditional and digital production in the textile/surface design industry.
Prerequisite(s): TD 224 or TD 114 and TD 207.

TD 333 — Fundamentals of Jacquard Design
3 credits; 6 lab hours
Introduction to the fundamentals of jacquard design for the creation of woven fabrics using complex weave structures. Students use the latest software technology to create a portfolio of innovative designs for today's textile industry.
Prerequisite(s): TD 334.

TD 334 — Complex Dobby Wovens
3 credits; 6 lab hours
Advanced drafting skills are applied to the creation of woven designs on harness dobby looms. Students use the latest software to create fabric simulations and to plan designs. Utilizing hand weaving, students explore materials, develop color, and consider end use for their fabrics.
Prerequisite(s): TD 238.

TD 353 — Custom Rug and Carpet Design
2 credits; 4 lab hours
This course covers design of tufted and printed carpeting for custom, commercial, and mass markets. Students study repeats and technical requirements in carpet design, trends in construction, color coordination for various types of interiors, and the application of all types of printing and tufting equipment used in industry. Guest speakers and field trips are included.

TD 356 — Tabletop and Related Products
3 credits; 6 lab hours
Original design concepts are created for ceramic products, glassware and paper products for the home furnishings, giftware and tabletop industries. Decorative product designs are rendered in perspective to scale. Sources, product requirements, current trending information, sustainability issues and licensing is covered.

TD 357 — Applied Surface Design for the Home
3 credits; 6 lab hours
Students research design possibilities to create color/pattern-coordinated designs for a spectrum of home products. Critiques are in direct consultation with industry.

TD 361 — Screen Printing Scarves
3 credits; 6 lab hours
Students apply research of historic and contemporary references to develop of designs for hand printed scarves. Unique innovative concepts, including a focus on the use of color, are explored within a professional studio context.
Prerequisite(s): TD 161 or TD 101.
TD 362 — Screen Printing for Accessories Design
2 credits; 4 lab hours
Screen printing provides an array of unique applications for accessory design; original motifs, printed on a variety of materials including fabric and leather, custom design lining fabrics and multicolor prints with textural effects for a variety of products. Students develop original designs which they hand screen print in a professional studio setting.

TD 412 — Computer Graphics for Textile Design II
2 credits; 1 lecture and 2 lab hours
Advanced use of graphic design software with emphasis on woven fabric designs, knits, and tonal prints. Designs are texture-mapped onto garments and home furnishings images for specific markets, resulting in a digital portfolio. 
Prerequisite(s): TD 312.

TD 413 — CAD for Portfolio Presentation
2 credits; 4 lab hours
Students create a collection of digital textile designs that coordinate with the theme developed in TD 462. Using CAD programs, students develop this collection for the Textile/Surface Design BFA Senior Exhibition. Using these digital designs and other portfolio quality CAD designs, students build an online portfolio.
Prerequisite(s): TD 313.

TD 414 — Digital Knit Design
3 credits; 6 lab hours
This course utilizes a variety of digital media to develop knit fabric collections and strengthen computer design skills. Through lectures, research and hands-on projects, students become familiar with knit design materials, terminology and development techniques. Using proprietary CAD software, students create knit fabric designs, yarm simulations, communicate color and pattern, and develop a professional portfolio for the apparel and home fashion markets.

TD 452 — Custom Carpet and Rug Design
3 credits; 6 lab hours
Production of designs for area rugs and carpet for residential and commercial markets. Skills developed for both conventional and digital designs. Fiber use and manipulation as applied to hand tufted, hand knotted, printed and woven qualities are explored.
Prerequisite(s): TD 251.

TD 462 — Portfolio Collection
3 credits; 6 lab hours
Preparation of a professional portfolio collection inspired by research and influenced by market trends. Students' collections include coordinated designs for fashion, home, contract, or product, and incorporate printed, woven, fiber art, knit, and software applications.

TD 473 — Advanced Digital Studio
3 credits; 6 lab hours
Students use proprietary textile design software to develop engineered fashion prints based on trend forecasting information. Technical aspects such as color separation for screen print and color matching for digital print production are applied. Students follow professional design studio practices to create fashion collections.
Prerequisite(s): TD 313.

TD 481 — Screen Printing: Scarves
2 credits; 4 lab hours
Studies the requirements, limitations, and possibilities of designs for scarves. Students prepare screens, mix colors, and print a variety of fabrics with emphasis on techniques and fashion trends.
TD 491 — Internship
3 credits
A 12-week internship in industry, scheduled individually for a minimum of 126 hours at the worksite and 9 hours on campus. Students have the opportunity to intern in the product design, home furnishings, or apparel industry.

TD 499 — Independent Study in Textile Design
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Art and Design.

TL: Ladies Tailoring (See also AF, AP, AR, DP, FD, FF)

TL 111 — Ladies Tailoring I
2.5 credits; 1 lecture and 3 lab hours
Introduces students to the fundamental hand and machine skills. Includes construction processes, assembly procedures, selection of trimmings and notions, fabric cutting, and fabrics. Basic knowledge of sewing is required.

TL 112 — Ladies Tailoring II
2.5 credits; 1 lecture and 3 lab hours
Develops skills and techniques necessary to produce ladies' tailored slacks and vests. Includes construction processes, assembly procedures, selection of trimmings and notions, fabric cutting, and finishes for ladies' tailored slacks and vests.
Prerequisite(s): TL 111.

TL 211 — Ladies Tailoring III
2.5 credits; 1 lecture and 3 lab hours
Employs industrial standards for tailoring ladies' jackets. Includes construction processes, assembly procedures, selection of trimmings and notions, fabric cutting, and knowledge and working properties of fabrics and finishes for ladies' tailored jackets.
Prerequisite(s): TL 112.

TL 212 — Ladies Tailoring IV
2.5 credits; 1 lecture and 3 lab hours
Employs industrial standards for tailoring ladies' topcoats or overcoats. Includes advanced construction processes, assembly procedures, selection of trimmings and notions, fabric cutting, and finishes for ladies' topcoats and overcoats.
Prerequisite(s): TL 211.

TS: Textile Science (See also TT)

TS 000 — TEXTILE SCIENCE
1-3 credit; 1 lab hour

TS 015 — Textiles for Production Management Laboratory
1.5 credits; 3 lab hours
For Production Management: Fashion and Related Industries students. Provides laboratory study in conjunction with the textile principles learned in TS 115. Physical, chemical, and optical procedures are used to evaluate the properties of a wide range of fabrics.
Co-requisite(s): TS 115.
TS 110 — Product Elements and Principles Laboratory
2 credits; 1 lecture and 2 lab hours
This course is the lab component for FM 110. This course focuses on the understanding of textiles (knit and woven), and the details to consider when building a product in the Men’s, Women’s and Children’s apparel businesses.
Corequisite(s): FM 110.

TS 111 — Fundamentals of Textiles
3 credits; 2 lecture and 2 lab hours
General study of textile materials with an emphasis on the factors that produce successful fabrics in the marketplace, including fibers, yarns, construction, color, and finish. Characteristics of a wide range of market fabrics are examined.

TS 114 — TEXT FUND TEXTILE DESIGN I
3 credits; 2 lecture and 2 lab hours
For Textile/Surface Design students. Study of textile materials with emphasis on the fundamentals of fiber, yarn, and construction as they affect aesthetics and end-use performance.

TS 115 — Textiles for Production Management
3 credits; 3 lecture hours
For Production Management: Fashion and Related Industries students. Study of textile materials with emphasis on factors of concern to the manufacturer of apparel, including fiber types, construction, and finishes.
Co-requisite(s): TS 015.

TS 116 — Knit Design Principles and Technology
2 credits; 1 lecture and 2 lab hours
In this introductory course, students learn to identify, analyze, design, and document weft-knitted fabrics. The class covers the relationships between knit fabric structures and the technology used to create them. Students create original designs on industrial machinery and on computer patterning workstations.

TS 122 — Textile Principles for Interior Design
1.5 credits; 1 lecture and 1 lab hour
For Interior Design students. Study of textile materials with emphasis on fabrics used by interior designers. Fiber content, yarn type, construction, coloration, and finish are examined.

TS 131 — Textile Principles for the Fashion Designer
3 credits; 2 lecture and 2 lab hours
A survey course in textile principles specifically structured for students majoring in fashion design. The course of study defines basic elements of textile development from fibers through yarn, fabric formation, color, prints, and finished goods. The course introduces students to the concepts of sourcing textiles globally. The laboratory portion introduces methods for the basic identification of textile materials and fundamental analysis.

TS 132 — Introduction to Textiles for Fashion Designers
3 credits; 3 lecture hours
For Fashion Design students. An introduction to the concepts of sourcing textile materials and related products, both from the domestic and international perspectives. Emphasis is placed on identifying and evaluating the characteristics of textile materials, such as sewing yarns, fabrics, and interlinings designed for women’s apparel. Comprehension of textile trade terminology is also stressed.
TS 171 — Hi-Tech Textiles for Apparel and Accessories
3 credits; 2 lecture and 2 lab hours
This course takes an analytical approach to advanced textile design applications, focusing on specialized outerwear and high-performance apparel and accessories.
Prerequisite(s): TS 111 or TS 132 or equivalent, or approval of chairperson.

TS 215 — The History of Textile Trade and Technology
2 credits; 2 lecture hours
This course surveys historical events and developments that have shaped today’s textile industry. Aspects of the textile trade from the Bronze Age through the early 21st century are introduced and the evolution of industrial textile technologies addressed.

TS 236 — Strip Knitting Design Technology
2 credits; 1 lecture and 2 lab hours
For Fashion Design students. Students learn the scope and limitations of the various types of industrial equipment required in the production of strip knit garments. Includes studies in fabric analysis and methods to graphically represent garments and fabric creations for translation by technicians into machine language.
Prerequisite(s): TS 132
Co-requisite(s): TS 237.

TS 237 — Designing Fabric Structures for Strip Knit Garments
2 credits; 1 lecture and 2 lab hours
For Fashion Design students. Students learn the fundamentals of strip knitting structures and design. Emphasis is on developing the ability to express creativity through the medium of knitting machinery. Students develop and produce their own fabrics on industrial sampling strip knit machinery.
Prerequisite(s): TS 132
Co-requisite(s): TS 236.

TS 261 — Introduction to Weft Knitting Principles
3 credits; 1 lecture and 4 lab hours
For Fashion Design (knitwear track) BFA students. An introduction to the technical principles of weft knit structures, covering the relationships between stitch formation, fabric construction, yarn selection, and knitting machinery. Emphasis is placed on the creative and practical application of weft-knitted structures.
Prerequisite(s): TS 132
Co-requisite(s): FF 352.

TS 301 — Advanced Textiles for Technical Design
2.5 credits; 2 lecture and 1 lab hours
Through readings and lab work, students learn to recognize and differentiate textiles according to structure and style. Course emphasizes commercial methods and applications that enhance textile appearance and performance. Students study issues and requirements related to textile structural design, coloration, function, and expectations.
Prerequisite(s): TS 111 or TS 131 or TS 132 or similar course in Textile Fundamentals.

TS 311 — Fabric Quality Analysis
3 credits; 2 lecture and 2 lab hours
For Fashion Merchandising Management students. Studies the internationally recognized methods used by buyers, merchandisers, designers, and manufacturers to evaluate the aesthetic and functional performance of textiles used for home and apparel fashions.
**TS 313 — International Textile Product Development: Italy**

3 credits; 3 lecture hours

This course consists of field studies in the Italian textile regions of Biella, Florence, and Como. Students learn the ways in which high-quality fabrics are designed, produced, and marketed globally for use in apparel. Winter and summer in Italy.

Prerequisite(s): TS 111 or TS 131 or TS 132 or TS 115 or TS 122 or approval of chairperson.

---

**TS 331 — Introduction to Knitting Principles**

3 credits; 2 lecture and 2 lab hours

Students learn to identify, analyze, and design various weft-knitted fabrics. Provides an understanding of the relationship between fabric structure, yarn type, stitch formation, and machine type. Students design and produce original fabric on hand or power machines.

Prerequisite(s): TS 132.

---

**TS 332 — Technical Design for Sweater Knits**

3 credits; 2 lecture and 2 lab hours

Students learn the technical principles of weft knitting and sweater knit construction. Emphasis is placed on knitted fabric structures, sweater construction and production procedures, and spec’ing and fitting of garments.

Prerequisite(s): TS 111 or TS 015/TS 115 or TS 122 or TS 132 or approval of chairperson.

---

**TS 341 — Survey of Textile Printing Technology**

2.5 credits; 2 lecture and 1 lab hours

Survey of the rudiments of commercial textile printing to establish a basic common communications link between designer/stylist and production. Students use their own original design concepts for case study lessons in feasibility.

Prerequisite(s): TS 111.

---

**TS 361 — Knit Fabrics and Machines**

4 credits; 2 lecture and 4 lab hours

For Production Management: Fashion and Related Industries students. The principles of weft and warp knit fabric structure and production are discussed. Topics include the relationship between fabric structure and machine capability, fabric analysis and development, costing, quality control, and production control. Students work on hand knitting machines to reinforce principles covered in lectures.

Prerequisite(s): TS 111 or approval of chairperson.

---

**TS 365 — TECH SPECIFICATIONS FOR KNITNG**

3.5 credits; 3 lecture and 1 lab hours

A survey course highlighting the structure of weft knits and the machinery used to produce them. Illustrates how the design process incorporates analysis and knitting principles. Covers mechanical and electronic patterning mechanisms currently used in industry.

---

**TS 366 — Experimentations with Weft Knitting Structures and Machinery**

2 credits; 4 lab hours

For Fashion Design (knitwear specialization) BFA students. This course summarizes the complex relationship between weft-knit structures and the machinery that produces them. Emphasis is placed on functional and aesthetic concerns in full-fashioned garment construction. Students are encouraged to experiment with creative combinations of advanced techniques, expanding their range of expertise.

Prerequisite(s): TS 431.
TS 367 — Knit Fabrics and Machinery
3 credits; 2 lecture and 2 lab hours
For Production Management: Fashion and Related Industries students. Students analyze, identify, and document a range of knit fabric structures using industry-standard techniques and communication practices. Emphasis is placed on the relationships between fabric structures, machine capabilities, costing, sourcing, and quality control. Students knit basic weft structures on industrial hand machines and program fabrics on computer patterning workstations.
Prerequisite(s): TS 111 or TS 015/TS 115 or TS 122 or TS 132 or approval of chairperson.

TS 368 — Weft Knitting Principles
2.5 credits; 1 lecture and 3 lab hours
This course presents students with the basic principles of weft knit structures; the relationships between stitch formation, fabric construction, yarn selection, and knitting machinery. Students learn techniques for knit fabric identification and analysis. Emphasis is placed on the application of these principles for the creative development of weft knitted fabrics.
Prerequisite(s): TS 111 or TS 132 or TS 131 or TS 015/TS 115 or TS 122 or approval of chair.

TS 431 — Advanced Concepts in Weft Knitting
2.5 credits; 1 lecture and 3 lab hours
Students are presented with advanced concepts in weft knit structures and introduced to the principles of designing for computerized industrial power machinery. Students design and knit complex fabrics on industrial machinery for garments designed in FD 451. Students maintain a swatch book of all fabrics analyzed and designed in this course.
Prerequisite(s): TS 261.

TS 451 — POWER WEAVING
3.5 credits; 3 lecture and 1 lab hours
For non-technology students. Stresses the language and comprehension of power weaving methods necessary for establishing a communications link between the non-mill person and the mill technicians.

TS 461 — Weft Knit Fabrication and Finishing Techniques
2.5 credits; 1 lecture and 3 lab hours
This course presents Fashion Design BFA students (Knitwear track) with introductory concepts in weft knit fabrication and finishing techniques. In coordination with a supporting FD 356 course, students develop and knit fabrics utilizing a wide range of stitch constructions. They master a variety of methods for seaming and finishing garments.
Prerequisite(s): TS 111 or TS 132 or TS 131 or TS 015/TS 115 or TS 122 or approval of chair.
Corequisite(s): FD 356.

TS 491 — Senior Thesis Planning and Execution
1.5 credits; 3 lab hours
Students continue to experiment with increasingly complex weft knit fabrics, and learn advanced techniques for creating specialized shapes and trims. Their skills are showcased in the garments designed, knit and finished in tandem with FD 489.
Prerequisite(s): TS 461.
Corequisite(s): FD 489.

TS 499 — INDEP STUDY TEX DEV MKTG
1-3 credit
TT: Textile Technology (See also TS)

TT 000 — TEXTILE TECHNOLOGY
1-3 credit; 1 lab hour

TT 055 — Total Quality Management for Textile Products Laboratory
1.5 credits; 3 lab hours
This lab experience accompanies TT 455 and applies the concepts addressed in this course. Fabric testing is completed utilizing methodologies approved by relevant national associations and addresses why failures occur and how they can be corrected.
Prerequisite(s): TS 015/TS 155 or TS 111 or TS 122 or TS 132 or approval of chairperson
Corequisite(s): TT 455.

TT 100 — SEMINAR: NY/AMS DENIM BUS PRACT
0 credits

TT 174 — Fabric Development
3 credits; 2 lecture and 2 lab hours
This course provides a comprehensive study of the composition and functions of knit and woven fabrics used in the apparel and finished textile industries. Knowledge of structural and performance characteristics for knit and woven fabrics is acquired through examination of market samples, and the creation of swatches on hand looms and knitting machines.
Prerequisite(s): TS 015/TS 115 or TS 111 or TS 122 or TS 132 or approval of chairperson.

TT 201 — Fabrics for Private Label/Vertical Retailer
3 credits; 2 lecture and 2 lab hours
This course examines the profitability, serviceability, and produceability of textile products, and their ability to satisfy a target market. Students take on the role of a merchandising adoption committee member, accepting or rejecting fabric and/or finished textile products.
Prerequisite(s): TS 111, or TS 015/TS 115, or TS 122 or TS 132 or approval of chairperson.

TT 202 — Textile Value Chain Marketing: Concept to Consumer
3 credits; 3 lecture hours
This course introduces students to the principles and practices of implementing a successful and sustainable textile value chain and to build students' understanding of key issues to address in marketing management and marketing strategy, and sourcing.
Prerequisite(s): TS 111 or TS 132 or TS 015/TS 115 or TS 122.

TT 203 — Yarn Formation: Fundamentals and Industry Applications
3 credits; 2 lecture and 2 lab hours
This course teaches the fundamental principles of short staple, long staple and filament yarn formation: the objectives and importance of opening, cleaning, blending, mixing, combing, drafting, and twisting of yarn. Quality and costing parameters that affect aesthetics, evenness and performance are studied. Emphasis is placed on the practical application of technical and novelty yarns in current markets. In the laboratory portion of this course, students analyze, determine and document physical properties of yarn using industry-standard techniques and communication practices.
Prerequisite(s): TS 111 or TS 131 or TS 015 and TS 115.

TT 247 — Color Creation and Sustainable Applications
3 credits; 2 lecture and 2 lab hours
Students learn to utilize specialized color matching and formulation software for shade matching. They learn to source colorants while working with data provided by colorant producers, and compare traditional and low-impact Ecuadorian dyestuffs.
TT 261 — Performance Textiles
3 credits; 2 lecture and 2 lab hours
This course provides students with a broad overview of performance textiles and their varied applications. The fundamental principles of performance textiles and functional finishes are introduced, and the latest developments and relevant technologies are emphasized. Sustainability and emerging regulatory issues are also discussed.
Prerequisite(s): TS 111 or TS 132 or TS 015 or TS 115 or TS 122 or approval of chairperson.

TT 275 — Textile Marketing
3 credits; 3 lecture hours
Studies the textile industry and how its various products are marketed. Case studies involving both fiber producers and textile mills are analyzed. Students examine both the domestic and international textile marketplaces.

TT 276 — Fabrics for Interiors
2 credits; 2 lecture hours
This course introduces students to the market segments and fabrication methods of textile products designed for use in residential and commercial interiors.

TT 299 — Independent Study in Textile Development and Marketing
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Business and Technology.

TT 313 — Textile Fibers
3 credits; 2 lecture and 2 lab hours
Studies the role of textile fibers in the design, styling, and marketing of textile products. Aesthetics, performance, and cost/price relationships are emphasized.
Prerequisite(s): TS 111 or TS 015/TS 115 or TS 122 or TS 132 or approval of chairperson.

TT 327 — Woven Product Development I
2.5 credits; 1 lecture and 3 lab hours
This course introduces students to the essentials of manufacturing, specifying, and styling woven textiles. Emphasis is placed on fabric formation principles, and the practical application of woven structures in apparel and home textile markets.
Prerequisite(s): TS 111 or TS 132 or TS 131 or TS 122 or TS 115/TS 015 or TS 114/TS 214.

TT 328 — Woven Product Development II
2.5 credits; 1 lecture and 3 lab hours
This course introduces students to the advanced technical principles of woven fabric production. They analyze, identify, and document a wide range of increasingly complex woven fabric structures using industry-standard techniques and technical software. In laboratory sessions, students develop advanced woven structures for both powerloom, and multi-shaft dobby handlooms.
Prerequisite(s): TT 327.

TT 342 — Dyeing and Color Technology
3 credits; 2 lecture and 2 lab hours
Studies the enhancement of textile products through the application of color. Primary emphasis is on commercial textile dyeing and its relationship to fashion colors, application procedures, quality, and marketing principles.
Prerequisite(s): TS 015/115 or TS 111 or TS 122 or TS 132 or approval of chairperson.
TT 343 — Textile Coloration: Principles and Processes
3 credits; 2 lecture and 2 lab hours
This course emphasizes methods for preparation of fabrics prior to coloration, coloration auxiliaries, dye classification and sourcing, coloration theory, coloration of natural and manufactured textiles, modern coloration processes and equipment, color formulation, measurement and matching and sustainable textile coloration. The laboratory part of this course reinforces concepts discussed in lectures. 
Prerequisite(s): TS 111, TS 122, TS 132, or TS 015/Ts 115 or approval of chair.

TT 362 — Textile Finishing - Principles, Practices and Advancements
2 credits; 1 lecture and 2 lab hours
This course provides students with a comprehensive study of the principles and practices of textile finishing technologies, allowing them to evaluate the functionalities and principles of finishes applied to textiles. Both conventional and emerging technologies are discussed. Sustainable textile finishing including regulatory and social compliance are also emphasized. 
Prerequisite(s): TS 111 or TS 132 or TS 015 or TS 115 or TS 122 or approval of department chairperson.

TT 381 — Knit Product Development I
2.5 credits; 1 lecture and 3 lab hours
This course presents students with basic technical principles of weft and warp knit structures, including the relationships between stitch formation, fabric construction, yarn selection, and knitting machinery. Parameters that affect aesthetics, performance and cost are studied. Emphasis is placed on the practical application of knitted structures in current markets. 
Prerequisite(s): TS 111 or TS 132 or TS 015/Ts 115 or TS 122 or approval of chairperson.

TT 382 — Knit Product Development II
2.5 credits; 1 lecture and 3 lab hours
This course presents students with advanced technical principles of weft and warp knit structures, including the relationships between stitch formation, fabric construction, yarn selection, and knitting machinery. Parameters that affect aesthetics, performance and cost are studied. Emphasis is placed on the practical application of knitted structures in current markets. 
Prerequisite(s): TT 381.

TT 455 — Total Quality Management for Textile Products
1 credit; 1 lecture hour
This course examines the processes required in implementing a TQM plan in a global environment. It addresses the major factors relating to customer satisfaction, including fit and functionality, and the ways in which quality managers interact within the TQM process. 
Prerequisite(s): TS 015/Ts 115 or TS 111 or TS 122 or TS 132 or approval of chairperson
Co-requisite(s): TT 055.

TT 456 — Nonwovens and Performance Textiles
3 credits; 2 lecture and 2 lab hours
This course provides students with a broad overview of nonwovens and performance textiles and their varied applications. The fundamental principles of nonwovens and performance textiles are introduced along with the latest developments and relevant technologies. Sustainability and emerging regulatory issues are emphasized. 
Prerequisite(s): TS 110 or TS 111 or TS 131 or TS 015 and TS 115 or approval of chairperson.

TT 471 — Technology and Marketing of Printed Textiles
2 credits; 2 lecture hours
Students study the marketing practices as well as the technical considerations of commercially accepted print processes and products. Color palettes, design repeat limitations, and marketing strategies for end-use applications in the apparel and home furnishings industries are emphasized. 
Prerequisite(s): TS 015/Ts 115 or TS 111 or TS 122 or TS 132 or approval of chairperson.
TT 476 — Textile Project Development
3 credits; 3 lecture hours
Provides students with a realistic view of the production of a commercially marketable fabric line. Understanding of artistic inspiration, timing, manufacturing, and costing decisions are necessary for successful completion of the final project.
Prerequisite(s): TT 342 and TT 477.

TT 477 — Textile Converting and Costing
3 credits; 2 lecture and 2 lab hours
Studies the principles and practices in purchasing yarn and greige goods for conversion to fashion fabrics. Domestic and global sourcing systems as well as costing procedures are examined.
Prerequisite(s): TT 328 and TT 382.

TT 478 — Presentation and e-Portfolio
1 credit; 2 lab hours
Students are exposed to various techniques for developing digital assets and assembling them into an electronic portfolio. Emphasis is placed on organization, critical thinking, and presentation skills. For their final project, students produce and present an e-portfolio that showcases their textile development and marketing skills.

TT 499 — Independent Study in Textile Development and Marketing
1-3 credit
Prerequisite(s): a minimum 3.5 GPA and approval of instructor, chairperson, and dean for Business and Technology.

TY: Toy Design

TY 000 — TOY DESIGN
1-3 credit; 1 lab hour

TY 101 — Introduction to Toy Design
1.5 credits; 3 lab hours
This introductory course is designed for students interested in exploring the area of toy design. Students learn the design and invention process, as well as effective ways to visually communicate concepts for toy products. Some drawing skills are needed.

TY 313 — Soft Toy and Doll Design
3 credits; 6 lab hours
Designing plush toys and dolls from research and development, concept creation, sketching, and patternmaking, to prototype construction and presentation. The study of materials, manufacturing techniques, packaging, and industry requirements, as related to toy design, is stressed.
Prerequisite(s): TY 326.

TY 314 — Professional Practices in Toy Design
1.5 credits; 3 lab hours
This course combines studio work, discussion of trends, consultation with industry professionals, and presentation practice in order to strengthen students' design and marketing skills and develop portfolios to address the needs of the job market. Work focuses on specific design categories according to individual needs.
Prerequisite(s): TY 326, TY 327, TY 352, and SS 232.
TY 326 — Toy Design I and Product Rendering
3 credits; 6 lab hours
This introductory course explores the design of toys in multiple categories. Students' broaden their ability to visually communicate age-appropriate play patterns, safety requirements, and category expectations. From researching to hand-rendering, they develop original, professional quality toy concepts that use various tools and techniques. Corequisite(s): TY 327 and TY 352.

TY 327 — Drafting and Technical Drawing
3 credits; 6 lab hours
This course covers a wide range of industry-relevant drafting and drawing techniques. Students depict objects with a high degree of precision and realism to communicate clearly as design professionals. Industry standard tools for 2D/3D environments are applied to the principles of orthographic projection, isometrics, perspective, scale, light and shadow. Co-Requirement(s): TY 326 and TY 352.

TY 332 — Model Making and 3D Prototyping
3.5 credits; 7 lab hours
This introductory course teaches practical skills and methodologies for translating 2D renderings into finished 3D prototypes. Students utilize digital and physical techniques to create 3D virtual models and actual physical prototypes with functioning mechanisms. Industry concerns such as molding parameters, manufacturing material properties, and child safety are also addressed. Prerequisite(s): TY 326 & TY 327.

TY 342 — Computer Graphics in Toy Design
2 credits; 1 lecture and 2 lab hours
Students explore the computer as a tool for the presentation, refinement, and most importantly, the stimulation of creative design ideas. The fundamental principles of the two-dimensional bitmap and vector-based graphics using Adobe Photoshop and Illustrator on the Macintosh computer system are introduced. Prerequisite(s): TY 326.

TY 352 — The Toy Industry: Methods and Materials
3 credits; 2 lecture and 2 lab hours
Students engage in an analysis of various processes within the industry. They examine the properties of plastics and other materials; machinery; methods used in molding, assembly and packaging; and interactive electronics. Industry guests provide an overview of the scope of the trade including design categories, marketing, and safety issues. Co-Requirement(s): TY 326 and TY 327.

TY 411 — Toy Design II and Product Update
2 credits; 4 lab hours
Advanced methods for generation of toy design ideas. Emphasizes areas of new toy creation, line extension, and licensing. Prerequisite(s): TY 332.

TY 414 — Games
1.5 credits; 3 lab hours
Game theory and logic are studied and applied to the design of games with special regard to such factors as age, play pattern, three-dimensional skills, action, strategy, and psychology. Emphasizes the successful execution and presentation of game concepts. Prerequisite(s): TY 411 and TY 421.
TY 421 — Advanced Hard Toy: Design & Engineering
5 credits; 10 lab hours
Students design, engineer and fabricate fully functioning 3-dimensional plastic toy prototypes including functioning mechanisms. Focusing on product with highly demonstratable features, students create toys from among the major categories, considering product development issues, finishing techniques and presentation. They complete digital representation including 3D assemblies and photo-realistic renderings and engineering drawings.
Prerequisite(s): TY 332 and TY 352.

TY 442 — Advanced Computer Graphics in Toy Design
2 credits; 1 lecture and 2 lab hours
Offered in conjunction with GD 407, this course introduces the principles of three-dimensional computer graphics and digital book design. Students build a three-dimensional model based on their soft toy designs and the character in preparation for inclusion in their digital books.
Prerequisite(s): TY 313 and TY 332 and TY 342.

TY 461 — Business Practices for the Toy Industry
2 credits; 2 lecture hours
Addresses the legal, ethical, and practical considerations involved in selling or licensing a toy design. Topics include patent, trademark, and copyright law; disclosure and licensing agreements; corporate and agency structure.
Prerequisite(s): TY 352 and TY 411.

TY 463 — Storybook Design and Licensed Product
3 credits; 6 lab hours
Students apply the conceptual elements of the graphic design process to write, design and illustrate a children’s book about the promotional soft toy character designed in TY 313. They create licensed product designs as an integral part of the storybook to extend the life of the original toy.
Prerequisite(s): TY 313 and TY 342 and MK 301 and TY 332.

TY 467 — Professional Portfolio
4.5 credits; 9 lab hours
Students analyze, position, and develop their portfolios to align with their chosen disciplines. This course combines studio work, discussion of marketing trends, and presentation practice. Students create concepts guided by their goals, developing their ability to transform hand-drawn images into near-photorealistic digital representations of product in 2D and 3D environments.
Prerequisite(s): TY 342, TY 411, TY 421, TY 442, and SS 232.

TY 491 — Summer Internship: Toy Design
4 credits
A summer internship in industry, scheduled individually for a minimum of 168 hours at the worksite and 12 hours on campus. Includes a pre- and post-internship seminar. Completion of a daily journal, a written and oral report on the experience, and a portfolio of work is required.
Prerequisite(s): TY 313 and TY 332.

VP: Spatial Experience Design

VP 211 — Styling, Prop and Set
2 credits; 1 lecture and 2 lab hours
This course explores styling opportunities in a range of media through lectures, demonstrations, and projects. Students are introduced to design and fabrication techniques for props and environments for photography and video productions. Assignments include creation of a temporary studio set, set and prop styling, styling for portraits, and scouting for props.
VP 301 — Overview of Visual Presentation and Exhibition Design
2 credits; 1 lecture and 2 lab hours
An overview of the visual presentation and exhibition design profession, this course focuses on the historical, social, artistic, commercial, and technical trends and developments over the past 100 years. Highlights include retail design, trade shows, expositions, and museum exhibition design.

VP 302 — Overview of Spatial Experience Design
2 credits; 1 lecture and 2 lab hours
An overview of the spatial experience design profession, this course focuses on the historical, social, artistic, commercial, and technical trends and developments over the past 100 years. Highlights include retail design, trade shows, expositions, and museum exhibition design.

VP 303 — Space, Environment and Visualization
4 credits; 2 lecture and 4 lab hours
In this course, students develop designs for presentation environments through a process that includes content research, analysis, conceptualization, visualization, design development, schematic drawing and presentation documentation. This process is applicable to an array of presentation projects including museum exhibitions, showrooms, interpretive centers, trade shows, retail, corporate, and experiential environments.

VP 304 — Brand, Spatial Experience and Retail Design
2 credits; 1 lecture and 2 lab hours
This course encompasses how the consumer experience can be enhanced through store planning, visual merchandising, and point of purchase display. Store, fixture, and point-of-purchase design is applied to commercial environments. Overall store design, product presentation, and fixture design, as well as point-of-purchase design are applied to developing commercial environments that communicate fundamental brand narratives and anticipate customer behavior. Prerequisite(s): VP 303.

VP 305 — Placemaking, Wayfinding and Environmental Graphics
2 credits; 1 lecture and 2 lab hours
This course focuses on the creative integration of graphics into spaces to enhance the viewer’s experience. The professional process of concept development, project proposals, schedules, techniques, materials, budget, production, and sources are explored. Assignments focus on the design of signage and other graphic media utilizing concept sketching and computer skills. Process and evaluation of the professional strategies are documented and evaluated. Prerequisite(s): VP 303.

VP 306 — CAD for Spatial Experience
2 credits; 1 lecture and 2 lab hours
This course presents 3D CAD techniques in Vectorworks, enabling designers to develop and present their concepts in 3D drawings and renderings. Prerequisite(s): VP 303.

VP 311 — Space and Environment for Visual Presentation and Exhibition Design
2 credits; 1 lecture and 2 lab hours
Students develop concepts and designs for presentation environments for trade shows and galleries. Designing free-standing installations, as well as tailoring an installation to an existing gallery, are emphasized.

VP 312 — Product Presentation - Small Scale
2 credits; 1 lecture and 2 lab hours
This course is an introduction to the process of developing design concepts for products and brands in visual merchandising. Students explore techniques through a series of projects that visually motivate consumers. They assemble design combinations and learn to construct effective merchandise presentations for the consumer and marketplace.
VP 313 — Visual Presentation in In-Store Design
2 credits; 1 lecture and 2 lab hours
This course encompasses design for visual merchandising and the related area of point-of-purchase display. Store, fixture, and point-of-purchase design is applied to commercial environments.
Prerequisite(s): VP 311.

VP 314 — Product Presentation - Large Scale
2 credits; 1 lecture and 2 lab hours
This course introduces large-scale installations designed to entertain, inform, and entice consumers to interact within the branded environment, experience space, trade show, festival, or exhibit. Students learn fabrication skills applicable to installing in windows or venue sites. The mannequin and its alternatives are presented as an important merchandising tool, and their correct usage will be emphasized as well as identity appeal to the customer.
Prerequisite(s): VP 312.

VP 321 — Visualization and Sketching for Design
2 credits; 1 lecture and 2 lab hours
In this course, students strengthen and develop their drawing skills for two-dimensional visualization and three-dimensional concepts, with an emphasis on hand drawing. Students draw inspiration from a variety of sources, including imagination, drawings, and photographs.

VP 331 — Three-Dimensional Construction for Spatial Experience Design
2 credits; 1 lecture and 2 lab hours
This course introduces students to the workshop environment, safe practices and techniques for design and production of three-dimensional presentation structures, will be taught as well as creation of scale models, props, and related components through lectures, demonstrations, and hands-on practice. Assignments include construction of walls, set and prop building, finishing and mounting of display objects for showrooms, galleries, museums, retail and other presentation environments.

VP 332 — Merchandising Lab for In-Store Design
1 credit; 2 lab hours
Through hands-on visual merchandising exercises, in this lab students execute product placement, key item initiatives, and fashion stories, and create soft and hard line product arrangements for brands.
Co-requisite(s): VP 313.

VP 341 — Graphic Strategy for Visual Presentation
2 credits; 1 lecture and 2 lab hours
Students study innovative graphic strategies to unify the visual presentation of merchandise in a retail environment. Focus is placed on the integration of graphics into a retail space to enhance the shopping experience. The process of concept development, as well as proposal preparation, schedules, techniques, materials, budget, production, and sources, are covered.

VP 400 — Portfolio and Careers in Spatial Experience Design
2 credits; 1 lecture and 2 lab hours
This course examines the communication and digital skills required to create an identity and visual narrative to prepare for professional careers. In the class students will produce an electronic portfolio using a variety of digital platforms as well as specific print support. Students develop research and communication skills to pursue internship, career research, and professional networking specifically for the space and brand experience design field.
Corequisite(s): VP 441.
VP 401 — Brand Activation in Spatial Experience Design
2.5 credits; 1 lecture and 3 lab hours
Activations, Experience and Events are part of a very fast growing industry for the promotion and visibility of brands. Students explore and create meaningful and inspiring translations of brand campaigns and new products through interactive spaces, installations and experiences with the goal of educating, inspiring and gaining brand loyalty of consumers.
Prerequisite(s): CT 303.

VP 402 — Styling for Professional Presentation
2.5 credits; 1 lecture and 3 lab hours
This advanced class explores an array of styling opportunities in a range of media through lectures, demonstrations, and studio projects. Students expand their three-dimensional and digital rendering skills to develop pieces for their portfolio. Working collaboratively, students design and construct a temporary three-dimensional trend forecasting installation for the Graduating Student Exhibition. Professional skills necessary for the industry such as scouting locations for photo shoots, finding appropriate props and set, development of fashion presentations and video production will be developed.
Prerequisite(s): VP 211 and FS 434
Corequisite(s): FS 454.

VP 404 — Advanced Brand Experience in Retail Design
2 credits; 1 lecture and 2 lab hours
This course presents a further understanding of the retail experience with an emphasis placed on innovation, technical skills and research analysis. Overall design concepts, fixtures, choice of materials and graphic components will be studied, applied and evaluated. Students will develop documentation that meets industry standards as well as advanced rendering and visualization techniques.
Prerequisite(s): VP 304.

VP 411 — Interpretive Exhibition Design
2 credits; 1 lecture and 2 lab hours
Designing exhibitions for museums and interpretive and science centers, students strengthen their research skills while exploring interactive and multimedia techniques, and develop projects from concept through proposal. Topics include specialty lighting, sound, working with fabricators, and audience and visitor studies.
Prerequisite(s): VP 303
Corequisite(s): VP 441.

VP 412 — Senior Design Project
4 credits; 1 lecture and 6 lab hours
In this capstone project, students select an area of focus from retail, museum, trade show, or showroom. Research, inquiry, and writing conducted in the seventh semester are solidified and applied to a design project. Students work with the instructor and industry mentors to create presentations, documentation, and prototypes.
Prerequisite(s): VP 411.

VP 421 — CAD for Visual Presentation III
2 credits; 1 lecture and 2 lab hours
Students advance their intermediate Vectorworks skills in the areas of modeling, rendering, data management, and document output. Hybrid modeling techniques, advanced rendering tools and options, data handling for schedules and reports, and the ability to produce appropriate output for clients, contractors, and associates are covered.
Prerequisite(s): DE 226.
VP 431 — Prop and Set Design
2 credits; 1 lecture and 2 lab hours
This course introduces design and fabrication techniques for creating custom props and environments used in store windows and other exhibition settings. Students build props, backdrops, and three-dimensional sets using a variety of materials to obtain realistic or fantasy effects. Special effects, LED lighting, and the use of motors are also covered.

VP 432 — Store Window Presentation
2 credits; 1 lecture and 2 lab hours
Students learn how to design and execute store window displays in various large-scale settings including department stores, boutiques, malls, and specialty stores. Studio skills and techniques are employed using tools for hard and soft good displays. Students practice industry standard merchandise techniques using mannequins, props, and fixtures to clearly communicate the store image, promotion, or trend.

VP 433 — Advanced Store Design
2 credits; 1 lecture and 2 lab hours
Guided by industry members, students deepen their understanding of in-store design. Specific retailers provide merchandising challenges for them to address. Emphasis is placed on innovation, technical skills, and analysis of research. Students generate design books, digital documentation, floor plans, elevations, and graphic materials, as well as models, to formally show their designs.
Prerequisite(s): VP 313.

VP 441 — Interpretive Exhibition Graphics
2 credits; 1 lecture and 2 lab hours
This course explores the role of graphics as an integral component of exhibition design. Graphics are developed concurrently with exhibit design concepts from VP411. Through lectures, readings, and museum visits, students learn how graphics are used to create a comprehensive identity for the exhibition.
Prerequisite(s): VP 305
Corequisite(s): VP 411.

VP 461 — Portfolio and Professional Presentation
2 credits; 1 lecture and 2 lab hours
This course examines the critical thinking skills required to produce a portfolio, resume, and self-promotional marketing materials. Students develop career goals, job-seeking research and professional networking skills, and interviewing techniques for the visual presentation and exhibition design field.

VP 480 — Special Topics: Use A-Z
0 credits

VP 480A — Special Topics in Motion and Design: Storytelling for Graphic Design
2 credits; 1 lecture and 2 lab hours
This course covers the latest theories, principles, and skills of motion graphics. Graphic Design students utilize a variety of motion graphics software to contextualize their designs. Motion, sound and storytelling are stressed.

VP 499 — INDEPENDENT STUDY FOR VPED
1-3 credit

J. Vincenzo Gatto, Adjunct Instructor, Fashion Business Management, BS, Fordham University

Amakoe Gbedemah, Adjunct Assistant Professor, Science and Math, MA, Queens College, City University of New York

Catherine Geib, Associate Professor, Fashion Business Management, AAS, Fashion Institute of Technology, State University of New York, BS, BA, State University of New York, College of Oneonta, MEd, Concordia University

Matthew Gellman, Adjunct Instructor, English and Communication Studies

Scott Gentile, II, Adjunct Assistant Professor, Science and Math, BA, MA, Boston College

Sylvie Germain-Covey, Adjunct Assistant Professor, Fine Arts, BA, Empire State College, State University of New York, MFA, Hunter College, City University of New York

Jonathan Gersch, Adjunct Instructor, Science and Mathematics

Phillip Geter, Adjunct Instructor, Science and Mathematics

Dobriana Gheneva, Assistant Professor, Fashion, AAS, BFA, Fashion Institute of Technology, State University of New York

Janice Giardina, Adjunct Assistant Professor, Fashion, BFA, Fashion Institute of Technology, State University of New York

Salvatore Giardina, Assistant Professor, Textile Development and Marketing, AAS, BS, Fashion Institute of Technology, State University of New York

Henry Gibson, Professor, Science and Math, BS, New York University, MBA, Columbia University, EdD, Teachers College, Columbia University

Deon Gibson, Adjunct Assistant Professor, Social Sciences, MA, Brooklyn College, City University of New York, MS, Eugene Lang College, The New School

Ramon Gil, Adjunct Instructor, Illustration and Interactive Media, BA, California State University Long Beach

Sarah Gilbert, Adjunct Assistant Professor, Technical Design, AAS, Fashion Institute of Technology, State University of New York, BS, Buffalo State College, State University of New York

Bethany Gingrich, Adjunct Instructor, History of Art, BFA, Virginia Commonwealth University

Ira Ginsberg, Adjunct Instructor, Marketing Communications

Chrysoula Gitsoulis, Adjunct Assistant Professor, Social Sciences, BA, Rutgers, The State University of New Jersey, PhD, The City College of New York, City University of New York

Susanne Goetz, Associate Professor, Textile/Surface Design, BA, University of Applied Science, Muenchberg, MSc, North Carolina State University, Certificate, De Montfort University, 2017–18 State University of New York Chancellor’s Grant for Innovative Study Abroad Programs, 2022–23 FIT Faculty Excellence Award

Asli Gokhan, Professor, English and Communication Studies, MA, University of Akron, PhD, University of Pittsburgh

Barry M. Gold, Adjunct Assistant Professor, Marketing Communications, BS, University of Florida

Nathaniel Gold, Adjunct Assistant Professor, Illustration and Interactive Media, BFA, MA, MFA, Fashion Institute of Technology, State University of New York

K. Meira Goldberg, Adjunct Associate Professor, Film, Media, and Performing Arts, BA, University of California, Los Angeles, MFA, EdD, Temple University

Zehava Goldberg, Adjunct Assistant Professor, History of Art, BA, Hofstra University, MA, Hunter College, City University of New York, MPhil, The Graduate School and University Center, City University of New York

2023-2024 Undergraduate Catalog 495
Mark Goldblatt, Professor, English and Communication Studies, BA, Queens College, City University of New York, PhD, The Graduate School and University Center, City University of New York, 2006–7 State University of New York Chancellor’s Award for Excellence in Teaching

Joseph Goldstein, Adjunct Assistant Professor, Interior Design, BA, Yale University, BArch, Cooper Union

Mark Golubow, Adjunct Assistant Professor, English and Communication Studies, MA, New York University

Emmanuel Gonsalves, Adjunct Instructor, Social Sciences

Regan Good, Adjunct Instructor, English and Communication Studies, MFA, University of Iowa

John Goodwin, Adjunct Assistant Professor, Illustration and Interactive Media, BA, California State University, Fullerton, MA, University of California, Los Angeles

Subhalakshmi Gooptu, Assistant Professor, English and Communication Studies, BA, St. Stephen’s College, MA, Jadavpur University, PhD, University of Massachusetts

Bertrand Gordon, Adjunct Instructor, Social Sciences, PhD, Eugene Lang College, The New School for Liberal Arts

Trudie Grace, Adjunct Assistant Professor, History of Art, BA, Sarah Lawrence College, MA, Columbia University, PhD, The Graduate School and University Center, City University of New York

Sondra Graff, Adjunct Associate Professor, Communication Design Pathways, AAS, Parsons School of Design, The New School, MFA, Vermont College of Fine Arts

Edgar Grana, Adjunct Assistant Professor, Illustration and Interactive Media, BA, Washington and Jefferson College, MFA, University of Iowa, MM, The Juilliard School

Olivia Grayson, Adjunct Instructor, English and Communication Studies

Marian Greash-Forino, Adjunct Assistant Professor, Textile Development and Marketing, BS, Fashion Institute of Technology, State University of New York

Emily Green, Adjunct Instructor, Home Products Development

Tushema Green, Adjunct Instructor, Photography

Marsha Greene, Adjunct Instructor, Fashion Business Management, AAS, Fashion Institute of Technology, State University of New York, BFA, University of Michigan, 2021–22 FIT President’s Award for Faculty Excellence

Martha Gregory, Adjunct Associate Professor, Photography

Mark Greiz, Adjunct Assistant Professor, International Trade and Marketing, BBA, Hofstra University, MBA, University of Hawaii

Frank Gresham, Adjunct Instructor, Illustration, BFA, Virginia Commonwealth University, MFA, School of Visual Arts

Cheryl Griesbach, Adjunct Instructor, Illustration and Interactive Media

Benedetta Grinley, Adjunct Assistant Professor, Fashion, AAS, BFA, Fashion Institute of Technology, State University of New York

Karen Groner, Adjunct Assistant Professor, Fashion, BFA, Parsons School of Design, BFA, Hunter College, City University of New York

Naomi Gross, Professor and Assistant Chair of the Department, Fashion Business Management, BA, Oberlin College, MA, Fashion Institute of Technology, State University of New York, 2005–6 State University of New York Chancellor’s Award for Excellence in Teaching

David Grotell, Adjunct Associate Professor, Film, Media and Performing Arts

Susan Guagliumi, Adjunct Instructor, Fashion, BS, Southern Connecticut State University, MA, Wesleyan University

Dominique Guarino, Adjunct Instructor, Interior Design

Emily Guez, Adjunct Instructor, Communication Design Pathways

Craig Gugel, Assistant Professor, Marketing Communications, BA, University of Windsor, Ontario, Canada, BS, Fashion Institute of Technology, State University of New York, MA, Empire State College, State University of New York

Adam Gustavson, Adjunct Instructor, Illustration and Interactive Media

Rudy Gutierrez, Adjunct Instructor, Graduate Illustration, BA, Pratt Institute

James C. Gutman, Adjunct Instructor, Textile Development and Marketing, EdM, Harvard University

Charles Haddad, Adjunct Instructor, Fashion, AAS, Fashion Institute of Technology, State University of New York

Catherine Haggarty, Adjunct Instructor, Fine Arts

Hee Han, Adjunct Instructor, Technical Design, AAS, Fashion Institute of Technology, State University of New York, BA, EWHa Woman’s University, South Korea, MS, Sungshin Women’s University, South Korea
Me Hee Han, Adjunct Instructor, Fashion, BFA, Fashion Institute of Technology, State University of New York

Michelle Handelman, Professor, Film, Media, and Performing Arts, BFA, San Francisco Art Institute, MFA, Bard College

Melissa Hannon, Adjunct Instructor, Fashion Business Management

Shaghayegh Harbi, Adjunct Associate Professor, Science and Math, MS, PhD, New York University, 2023–23 State University of New York Chancellor’s Award for Adjunct Teaching

Leigh Harbin, Adjunct Assistant Professor, English and Communication Studies, MA, University of Illinois, Urbana

Phyllis Harbinger, Adjunct Assistant Professor, Interior Design, AAS, Fashion Institute of Technology, State University of New York, BA, Syracuse University, FASID, NCIDQ, NYSCID

Janet Harouse, Adjunct Assistant Professor, Science and Math, PhD, University of Pennsylvania

Chelsea Harriman, Adjunct Assistant Professor, Fashion, MFA, Rutgers, The State University of New Jersey

Beth Harris, Adjunct Assistant Professor, History of Art, MA, University College of London, PhD, Graduate School and University Center, City University of New York

Stephanie Hart, Adjunct Instructor, English and Communication Studies, MA, New York University

Aston Hart, Adjunct Instructor, Illustration and Interactive Media

Katherine Hartling, Adjunct Instructor, Social Sciences, BS, University of California, Berkeley

Caroline Harvey, Adjunct Assistant Professor, Communication Design Pathways, MS, Pratt Institute

Cornelia Hediger, Adjunct Assistant Professor, Photography, BFA, MFA, Rutgers, The State University of New Jersey

Patricia Henry, Adjunct Assistant Professor, Photography, BS, Fashion Institute of Technology, State University of New York

Stan Henry, Adjunct Assistant Professor, Communication Design Pathways, BFA, Kansas City Art Institute

Deborah Hernandez, Adjunct Assistant Professor, Textile/Surface Design, AAS, BFA, Fashion Institute of Technology, State University of New York, 2019-2020 SUNY Chancellor’s Award for Excellence in Adjunct Teaching

Oliver Herold, Adjunct Instructor, Fashion

Ellen Hess, Adjunct Assistant Professor, Textile/Surface Design, BA, State University of New York at Albany, MA, College of New Rochelle

Ron Hester, Adjunct Assistant Professor, Communication Design Pathways, BFA, Ohio State University

Susan Hopper Hewitt, Adjunct Assistant Professor, Communication Design Pathways, BFA, MA, California College of Arts

George Hicks, Adjunct Assistant Professor, English and Communication Studies, BA, Harvard University

Nancy Hightower, Adjunct Instructor, English and Communication Studies

Max Hilaire, Assistant Professor, Photography, AAS, Fashion Institute of Technology, State University of New York, BA, Queens College, City University of New York

Glen Hilarie, Adjunct Instructor, Fashion

Alexa Hiley, Adjunct Instructor, Social Sciences

Beth Hochberg, Adjunct Instructor, Textile Development and Marketing, BS, Fashion Institute of Technology, State University of New York

Allen Hochman, Adjunct Assistant Professor, Photography, BA, Hunter College, City University of New York

Erik Hodgetts, Adjunct Instructor, Interior Design, BA, Princeton University

Theodore Hoffman, Adjunct Assistant Professor, Textile Development and Marketing, BS, Lowell Technological Institute

Jason Hoffman, Adjunct Instructor, Illustration and Interactive Media

Kaarin Holmberg, Adjunct Instructor, Textile/Surface Design, AAS, Fashion Institute of Technology, State University of New York, BFA, Syracuse University

Reiko Horiwaki Ishibashi, Adjunct Instructor, Modern Languages and Cultures, MA, New York University

Avery Horowitz, Adjunct Instructor, Social Sciences, BA, Brooklyn College, City University of New York, MPhil, PhD, City University of Seattle

Delphine Horvath, Associate Professor, Cosmetics and Fragrance Marketing, MB, University of Paris, MS, University of Orléans, France, 2022–23 FIT Faculty Excellence Award

Lena Hosking, Adjunct Instructor, Fashion, AAS, Fashion Institute of Technology, State University of New York

James Hoston, Adjunct Instructor, Illustration and Interactive Media
Kiril Hristov, Adjunct Instructor, Fashion, PhD, National Academy of the Arts

Bing Hu, Adjunct Assistant Professor, Fine Arts, BFA, Shanghai Teachers University, MFA, Purchase College, State University of New York

Dingding Hu, Adjunct Instructor, Illustration and Interactive Media

Leesa Hubbell, Adjunct Assistant Professor, Internship Studies, BA, Xavier University

Patrick Hughes, Adjunct Instructor, Textile/Surface Design, MA, Parsons School of Design

Elizabeth Hunter, Adjunct Assistant Professor, Marketing Communications, BS, Fordham University

Michael Huss, Adjunct Assistant Professor, Marketing Communications, BA, MS, Brooklyn College

Maria Hwang, Assistant Professor, Science and Math, BA, Wesleyan University, MEd, EdD, Columbia University, Teachers College

Michael Hyde, Professor, English and Communication Studies, BA, University of Pennsylvania, MFA, Columbia University, PhD, New York University, 2004–5 State University of New York Chancellor’s Award for Excellence in Teaching, 2013–14 FIT Faculty Excellence Award

Patricia Iacobazzo, Adjunct Assistant Professor, English and Communication Studies, BA, Brooklyn College, City University of New York, MA, Long Island University

Lauren B. Isaacson-Lev, Adjunct Assistant Professor, Marketing Communications, BS, Fashion Institute of Technology, State University of New York, MS, Mercy College

Hidenori Ishii, Adjunct Instructor, Textile/Surface Design

Md. Imranul Islam, Assistant Professor, Textile Development and Marketing, BS, University of Dhaka, MEng, Bangladesh University of Textiles, MS, Bangladesh University of Engineering and Technology, MBA, University of Dhaka, PhD, Kansas State University, 2023–23 State University of New York Chancellor’s Award for Excellence in Teaching

Patrick Jackson, Adjunct Instructor, English and Communication Studies, BA, West Chester University, MA, State University of New York, Binghamton, MFA, Fairleigh Dickinson University

Julia Jacquette, Associate Professor and Chair of the Department, Fine Arts, BS, Skidmore College, MFA, Hunter College, City University of New York

JeanJacullo, Associate Professor, Fashion Business Management, BS, University of Delaware, MPS, Fashion Institute of Technology, State University of New York

Ellen Jaffee, Adjunct Associate Professor, French, BA, State University of New York at Buffalo, MS, Georgetown University

Ardalan Jalayer, Adjunct Instructor, Science and Math, BBA, Baruch College, City University of New York

Linda James, Adjunct Assistant Professor, Marketing Communications, BBA, MBA, Bernard M. Baruch College, City University of New York

Saundra James, Adjunct Assistant Professor, Fashion Business Management, BS, California State University, MS, Concordia College

Stephen Jankowski, Adjunct Instructor, Marketing Communications

Russell A. Jenkins, Adjunct Instructor, Science and Math, BA, MA, Rutgers University

Lucy Jensen, Adjunct Assistant Professor, Communication Design Pathways, BFA, Fashion Institute of Technology, State University of New York

Robert Jessel, Adjunct Assistant Professor, Fine Arts, BFA, Kansas City Art Institute

Guillermo Jimenez, Associate Professor, International Trade and Marketing, BA, Harvard University, JD, University of California, Berkeley

Lisbeth Jimenez, Adjunct Instructor, Interior Design

Clare F. Johnson, Professor, Math, BS, Spring Hill College, MA, Duquesne University, PhD, Columbia University

Hamilton Johnson, Adjunct Assistant Professor, Illustration and Interactive Media, BA, Oberlin College, 2016–17 State University of New York Chancellor’s Award for Excellence in Adjunct Teaching

Michael Johnson, Adjunct Assistant Professor, English and Communication Studies, MFA, Yale University

Hubert Johnson, Adjunct Instructor, Science and Math, BS, MS, Central Connecticut State University, EdM, EdD, Columbia University

Steven Johnson, Adjunct Associate Professor, Fine Arts

Sven Johnson, Adjunct Instructor, Interior Design

Olgalyn Jolly, Adjunct Instructor, Fashion, BA, Adelphi University

Aaron Jones, Adjunct Instructor, Science and Math, BE, The City College of New York, City University of New York
Corinne Jones, Adjunct Associate Professor, Fine Arts
Kathryn Jordan, Adjunct Instructor, Communication Design Pathways
Jay Jorgenson, Adjunct Assistant Professor, Science and Math, PhD, Stanford University
Margaret Joseph, Associate Professor, Global Fashion Management, BA, Brown University, MBA, Columbia University, 2023–23 State University of New York Chancellor’s Award for Excellence in Teaching
Sigrid Junkermann, Adjunct Assistant Professor, Science and Math, BA, Berlin Free University
Maura Jurgrau, Adjunct Instructor, Textile/Surface Design
Orlando Justo, Adjunct Assistant Professor, Social Sciences, MA, The City College of New York, City University of New York
Robert Kahn, Adjunct Assistant Professor, Communication Design Pathways, BFA, New York University
Bernard Kahn, Adjunct Assistant Professor, Production Management, AAS, BS, Fashion Institute of Technology, State University of New York, MA, University of Phoenix
Georgia Kalivas, Adjunct Associate Professor, Textile Development and Marketing, AAS, BS, Fashion Institute of Technology, State University of New York, MAEd, National Louis University
Alexander Kaluzhsky, Adjunct Instructor, Photography
Takashi Kamiya, Professor, Interior Design, AAS, BFA, Fashion Institute of Technology, State University of New York, IDEC, IID, NCIDQ, 2015–16 State University of New York Chancellor’s Award for Excellence in Teaching
Derek Kane-Meddock, Adjunct Instructor, Film, Media and Performing Arts
Sharon Kantor, Adjunct Instructor, Fashion Business Management, BS, University of Maryland, MBA, Fordham University
Brian Kaplan, Adjunct Instructor, Interior Design, BArch, Pratt Institute
Tanya Kar, Adjunct Instructor, Social Sciences, MA, The New School
Stacey Karesh, Adjunct Assistant Professor, Marketing Communications, BS, University of South Carolina
Eileen Karp, Assistant Professor, Fashion, AAS, Fashion Institute of Technology, State University of New York, BS, North Dakota State University, MSED, Certificate, California State University, East Bay
Rebecca Karpus, Adjunct Assistant Professor, Internship Studies, BFA, Pratt Institute
Mary Kassner, Adjunct Assistant Professor, Production Management, AAS, BS, Fashion Institute of Technology, State University of New York, MBA, Dowling College
Khalid Kassou, Adjunct Instructor, Science and Mathematics
Yoko Katagiri, Assistant Professor, Social Sciences, BA, Rikkyo University, MPhil, PhD, The City College of New York, City University of New York
Terry Katz, Adjunct Assistant Professor, Marketing Communications, BS, New York Institute of Technology, MA, New York University
Yuniya Kawamura, Professor, Social Sciences, Fashion and Textile Studies, Diploma, Bunka School of Fashion, Japan, AAS, Fashion Institute of Technology, BA, Sophia University, Japan, MA, PhD, Columbia University, 2006–7, State University of New York Chancellor’s Award for Excellence in Scholarship and Creative Activities, 2018–19 FIT Faculty Excellence Award
Michael Kaye, Adjunct Assistant Professor, Fashion, BA, University of Alberta
Barbara Kerin, Assistant Professor, Fashion, BFA, Washington University, MS, Bank Street College of Education, Parsons School of Design
Megan Kerr, Adjunct Instructor, Marketing Communications
Amish Khalfan, Adjunct Assistant Professor, Science and Math, MA, Hunter College, City University of New York, PhD, The Graduate School and University Center, City University of New York
Fawzia Khan, Adjunct Instructor, Technical Design, AAS, Fashion Institute of Technology, State University of New York, BS, Barnard College
Michael Kildale, Adjunct Instructor, Marketing Communications
Mitchell Kim, Adjunct Instructor, Fashion, Production Management, BS, Boston University, MBA, University of Chicago
Elvin Kince, Associate Professor, Communication Design Pathways, BFA, University of Cincinnati, MFA, Yale University School of Art
Kenneth D. King, Adjunct Assistant Professor, Fashion, BFA, Central State University
Anna Kiper, Adjunct Assistant Professor, Fashion, AAS, Fashion Institute of Technology, BFA, Moscow College of Art and Technology
David Klassen, Adjunct Instructor, Social Sciences
Nomi Dale Kleinman, Assistant Professor and Chairperson of the Department, Textile/Surface Design, BFA, Rhode Island School of Design, 2019–20 FIT Faculty Excellence Award

Emily Klibansky, Adjunct Instructor, Entrepreneurship, BA, University of Michigan, MBA, Fordham University

Marianne Klimchuk, Professor, Communication Design Pathways, BA, Wesleyan University, MS, Pratt Institute, 2004–5 State University of New York Chancellor’s Award for Excellence in Teaching

Eva Kneip, Adjunct Instructor, Science and Math, BBA, University of Wisconsin Oshkosh, MS, University of Florida

Patrick Knisley, Associate Professor, English and Communication Studies, and Acting Dean of Liberal Arts, AB, Harvard College, MA, PhD, University of Colorado

Johannes Knoops, Professor, Interior Design, BArch, Pratt Institute, MArch, Yale University, AIA, FAAR, 2017–18 State University of New York Chancellor’s Award for Excellence in Scholarship and Creative Activities

William Knowles, Adjunct Instructor, Fashion, AAS, Fashion Institute of Technology, State University of New York, BFA, Columbus College of Art Design

Nobuko Kodama, Adjunct Instructor, Modern Languages and Cultures, MA, Seton Hall University, MA, City University of Seattle, PhD, New York University

Shelley E. Kohan, Associate Professor, Fashion Business Management, AAS, Fashion Institute of Technology, State University of New York, BS, University of San Francisco, MBA, Penn State University

William Kommalan, Adjunct Instructor, Fashion, BFA, Rhode Island School of Design

Anne Kong, Professor, Communication Design Pathways, AAS, Fashion Institute of Technology, State University of New York, BS, Empire State College, State University of New York

Harriet Korman, Adjunct Assistant Professor, Fine Arts, BA, Queens College, City University of New York

Ray Kosarin, Adjunct Instructor, Illustration and Interactive Media, BA, Princeton University

Joshua Koury, Associate Professor, Film, Media, and Performing Arts, AFA, Munson Williams Proctor Institute, BFA, Pratt Institute, MFA, Vermont College of Fine Art

Igor Kozenko, Adjunct Assistant Professor, Fashion – Menswear, BA, Odessa Fashion School of Design and Tailoring

Stephanie Kramer, Adjunct Instructor, Social Sciences, MA, New York University

Sandra Krasovec, Professor, Communication Design Pathways, BFA, Northern Illinois University, 2006–7 State University of New York Chancellor’s Award for Excellence in Teaching

Jonathan Kravetz, Adjunct Instructor, English and Communication Studies, MA, New York University

Ken Krug, Adjunct Assistant Professor, Textile/Surface Design, BFA, San Francisco Art Institute

Jessica Krupa, Adjunct Instructor, Fashion, AAS, Fashion Institute of Technology, State University of New York

Su Ku, Assistant Professor and Chairperson of the Department, Fashion, AAS, Fashion Institute of Technology, State University of New York, BA, Yale University, MA, Columbia University, MA, Harvard University

Maxime Kudinov, Adjunct Instructor, Science and Math, BS, City University of New York

Ryo Kumazaki, Adjunct Instructor, Communication Design Pathways

Mark Kurdziel, Adjunct Assistant Professor, Fine Arts, BFA, Fashion Institute of Technology, State University of New York

Albert Kwak, Adjunct Instructor, Toy Design

Victor La, Adjunct Assistant Professor, Science and Math, BS, University of California at Riverside

Kirsten Laciste, Assistant Professor, History of Art, MA, PhD, University of California, Santa Cruz

Jaimie Lafrano, Adjunct Instructor, Marketing Communications, BS, Fashion Institute of Technology, State University of New York, MBA, Fairleigh Dickenson University

Issam Laghmari, Adjunct Instructor, Science and Mathematics

Ray Lago, Adjunct Assistant Professor, Illustration and Interactive Media, BFA, Kean University

Catherine Lagoudakis, Adjunct Instructor, Interior Design

Chad Laird, Adjunct Associate Professor, History of Art, AA, Pensacola Junior College, BA, Florida State University, MA, Stony Brook, State University of New York

Paul Jeffrey Lamarre, Adjunct Instructor, Illustration and Interactive Media, BA, Pennsylvania State University

Nicholas Lamia, Adjunct Instructor, Fine Arts
Gary L. Lampley, Adjunct Assistant Professor, Fashion Business Management, BS, University of Tennessee, MA, Empire State College, State University of New York

Darra Landman, Adjunct Assistant Professor, English and Communication Studies, BA, University of California at Los Angeles, MA, University of California at Irvine, 2014–15 SUNY Chancellor’s Award for Excellence in Adjunct Teaching

Lawrence Langham, Associate Professor, Communication Design Pathways, BID, Pratt Institute

Rita Lant, Adjunct Instructor, Fashion

William Larmer, Adjunct Instructor, Fashion

John Larosa, Adjunct Instructor, Marketing Communications, BBA, Baruch College, City University of New York

Hector Lascano Paredes, Adjunct Associate Professor, Interior Design, AIA Assoc., Leed Green

Rebekah Laskin, Adjunct Instructor, Fashion–Footwear and Accessories

Michael Latour, Adjunct Instructor, Modern Languages and Cultures, MA, Queens College, City University of New York

Roy Lau, Adjunct Instructor, Production Management, BA, BS, Polytechnic Institute of New York University

Bridget Lavery-Palmieri, Adjunct Instructor, Fashion Business Management, BS, Johnson & Wales University

Shannon M. Leddy, Adjunct Assistant Professor, Interior Design, AAS, BFA, MA, Fashion Institute of Technology, State University of New York, 2023–23 State University of New York Chancellor’s Award for Adjunct Teaching

Dennis Lee, Adjunct Assistant Professor, Textile/Surface Design and Fabric Styling, AAS, Broome Community College at Binghamton, AAS, Fashion Institute of Technology, State University of New York, BS, Empire State College, State University of New York

Sophia Lee, Adjunct Instructor, Fashion, BFA, Fashion Institute of Technology, State University of New York

Jee-eun Lee, Adjunct Instructor, Communication Design Pathways, AAS, BFA, Fashion Institute of Technology, State University of New York

Jennifer K. Lee, Assistant Professor, Fashion Business Management, BS, Fashion Institute of Technology, State University of New York, MBA, University of Houston, PhD, Iowa State University

Christina Lee, Adjunct Instructor, Fashion Business Management, AAS, BFA, Fashion Institute of Technology, State University of New York

Jane Lee, Adjunct Instructor, Fashion, AAS, BFA Fashion Institute of Technology, State University of New York

Jennifer Lee, Assistant Professor, Fashion Business Management, AAS, Fashion Institute of Technology, State University of New York, MBA, University of Houston Clear Lake, PhD, Iowa State University

Wonki Lee, Adjunct Instructor, Fashion, AAS, BS, Fashion Institute of Technology, State University of New York

Willem Lee, Adjunct Instructor, Film, Media and Performing Arts

Helen Lee, Adjunct Instructor, Production Management

Sang Lee, Adjunct Instructor, Communication Design Pathways

Kyong Hwan (Jason) Lee, Assistant Professor, Interior Design, MS, Pratt Institute

Yvonne Lee-Urena, Adjunct Assistant Professor, Fashion, AAS, SUNY Empire State College, State University of New York

Renee Leibler, Assistant Professor, Entrepreneurship, BA, Case Western Reserve University, MBA, New York University

Amy Lemmon, Professor and Chair of Department, English and Communication Studies, BA, Ohio Wesleyan University, MA, PhD, University of Cincinnati, 2004–5 State University of New York Chancellor’s Award for Excellence in Teaching, 2014–15 FIT Faculty Excellence Award

Allison Kyle Leopold, Assistant Professor, Marketing Communications, BA, George Washington University, MA, The Graduate School and University Center, City University of New York

Michel Leroy, Adjunct Instructor, Photography, BFA, University of Dayton

Suzanne Lettieri, Assistant Professor, Interior Design, BFA, Fashion Institute of Technology, State University of New York, MArch, Cornell University

Kellyn Leveton, Adjunct Instructor, Fashion, BPS, Marist College

Alla Levin, Adjunct Instructor, Fashion, AAS, Fashion Institute of Technology, State University of New York, BA, Queens College, City University of New York
Yasemin Levine, Professor, Political Science and Executive Director, Presidential Scholars Program, BA, Franklin and Marshall College, MA, Boston University, PhD, The Graduate School and University Center, City University of New York, 2005–6 State University of New York Chancellor’s Award for Excellence in Teaching

Leyden Lewis, Adjunct Instructor, Interior Design

Adam Li, Adjunct Assistant Professor, Science and Math, AA, Borough of Manhattan Community College, City University of New York, BBA, Baruch College, City University of New York, MA, Hunter College, City University of New York

Joseph C. Liddicoat, Adjunct Assistant Professor, Science, BA, Wayne State University, MA, Dartmouth College, PhD, University of California, Santa Cruz

J. Evelyne Liebmann, Adjunct Assistant Professor, Fashion Business Management, BA, Adelphi University

Kristin Lilley, Adjunct Assistant Professor, Communication Design Pathways, BA, University of New Hampshire, MS, Pratt Institute

Zhao Lin, Adjunct Instructor, Science and Math, AS, Borough of Manhattan Community College, City University of New York, BS, Polytechnic Institute of New York University, MA, Hunter College, City University of New York

Yueh-ling Lin, Adjunct Assistant Professor, Technical Design, AAS, Parsons School of Design, BA, Feng Chia University, Taiwan, MAT, Kaplan University

John Lin, Adjunct Instructor, English and Communication Studies

Philippa Lindenthal, Associate Professor, Fashion, BFA, University of Applied Sciences, Hamburg, Germany, MFA, Royal College of Arts, London, United Kingdom

Anne Elizabeth Lindsey, Adjunct Instructor, English and Communication Studies, PhD, Purdue University

Janet Linville, Adjunct Assistant Professor, Fashion – Footwear and Accessories, BA, BS, State University of New York, College at Oneonta

Marc Littlejohn, Adjunct Instructor, Home Products Development

Robin Litwinsky, Assistant Professor and Chair of the Department, Fashion Business Management, BA, Rider University, MS, Thomas Edison State College

Dik Liu, Adjunct Assistant Professor, Fine Arts, MFA, Yale University

Andy Liu, Assistant Professor, Fashion, BFA, Fashion Institute of Technology, State University of New York, Postgraduate Degree, L’Institut Français de la Mode, Paris

Sharon Kramer Loew, Adjunct Instructor, Communication Design Pathways, BFA, The Cooper Union for the Advancement of Science and Art

Dolores Lombardi, Adjunct Assistant Professor, Fashion, AAS, Parsons School of Design, BA, MA, Brooklyn College, City University of New York

Jason V. Lombardo, Adjunct Instructor, Communication Design Pathways, BFA, Fashion Institute of Technology, State University of New York

Tamara Lomman, Adjunct Instructor, Fashion, AAS, Fashion Institute of Technology, State University of New York

Thomas Long, Adjunct Assistant Professor, Science and Math, MA, San Francisco State University

Christina Lopez, Adjunct Instructor, Modern Languages and Cultures

Frank Lord, Esq., Adjunct Assistant Professor, Fashion Business Management, BBA, MS, Bernard M. Baruch College, City University of New York, JD, Seton Hall University

Jerry Lore, Adjunct Instructor, Marketing Communications, BA, Rutgers University, BA, MS, Stevens Institute of Technology

Marie Lorenz, Assistant Professor, Fine Arts, BFA, Rhode Island School of Design, MFA, Yale University, 2021–22 FIT Faculty Excellence Award

William Low, Professor, Illustration and Interactive Media, BFA, Parsons School of Design, MA, Syracuse University, FIT President’s Award for Faculty Excellence

Ethan Lu, Assistant Professor, Interior Design, BS, University of Michigan Ann Arbor, MArch, Harvard University Graduate School of Design, MS, Columbia University

Kay Lucas, Adjunct Instructor, Marketing Communications, BA, University of Chicago

Susanna Luckey, Assistant Professor, Fashion, BFA, Parsons School of Design

Katherine Lundgren, Adjunct Instructor, Science and Mathematics

Gennady Lyakir, Assistant Professor, Social Sciences

Ellen R. Lynch, Professor, Fashion – Footwear and Accessories, BA, Hofstra University, 2002–3 State University of New York Chancellor’s Award for Excellence in Teaching, 2005–6 State University of New York Chancellor’s Award for Excellence in Faculty Service

Kevin Macdonald, Adjunct Instructor, Social Sciences, PhD, Stony Brook University, The State University of New York
Lindsay Maciejak, Adjunct Instructor, Communication Design Pathways, BFA, Rhode Island School of Design

Kathleen Maggio, Adjunct Instructor, Fashion, MA, Columbia University

Shannon Maher, Assistant Professor and Associate Chairperson of the Department, Home Products Development, BA, Marymount University, MA, Marist College

Dawn Mahulawde, Adjunct Instructor, Social Sciences, MA, Columbia University School of General Studies

Alan Mainen, Adjunct Instructor, Interior Design

Nancy Mair, Adjunct Instructor, Fashion Business Management, BS, Drexel University

Kam Mak, Professor and Assistant Chair of the Department, Illustration and Interactive Media, BFA, School of Visual Arts

Eric Malijan, Adjunct Assistant Professor, Science and Math, MA, Hunter College, City University of New York

Suman V. Mallipattana, Adjunct Assistant Professor, French, Diplôme, Paul Valery University, France, MA, PhD, Karnataka University, India

Nicole Malone, Adjunct Assistant Professor, Fashion – Footwear and Accessories, AAS, BFA, Fashion Institute of Technology, State University of New York

Jay Mandel, Adjunct Instructor, Marketing Communications

Chad Mandeles, Adjunct Assistant Professor, History of Art, BA, Rutgers, The State University of New Jersey, PhD, The Graduate School and University Center, City University of New York, UAPC

Michelle Mandelstein, Adjunct Instructor, Fashion Business Management, BA, Tulane University, JD, Case Western Reserve University

Alan Manheim, Adjunct Instructor, Science and Math, BA, Queens College, MA, Columbia University School of General Studies, MS, Adelphi University

Dobrin Marchev, Adjunct Instructor, Science and Math, PhD, University of Florida

Dario Marcucci, Adjunct Instructor, Modern Languages and Cultures

Sheila Marks, Adjunct Assistant Professor, Fashion, BFA, Pratt Institute, MA, Hunter College, City University of New York

Sandra Markus, Professor and Chair of the Department, Fashion, AAS, Fashion Institute of Technology, State University of New York, BA, McGill University, MFA, University of Illinois, MEd, Teachers College, Columbia University, Ed.D, Columbia University

Craig Markus, Adjunct Associate Professor, Communication Design Pathways

Denise Maroney, Adjunct Instructor, Textile/Surface Design, BFA, New York University

Hyeseung Marriage-Song, Adjunct Instructor, Illustration and Interactive Media

Chloé Martin, Assistant Professor, Social Sciences, BA, Florida A&M, MS, PhD, Howard University

Elena M. Martinez, Adjunct Assistant Professor, Spanish, BA, University of Puerto Rico, MA, PhD, New York University

Margarita Martinez, Adjunct Instructor, Film, Media, and Performing Arts, BA, Lehman College, City University of New York

Anthony Martino, Adjunct Associate Professor, Fine Arts, BFA, Maryland Institute, College of Art, MFA, Parsons School of Design, MFA, The New School for Social Research

Sabrina Marzaro, Adjunct Instructor, Marketing Communications, BBA, George Washington University

Joseph Masibay, Adjunct Instructor, Toy Design, BFA, University of Illinois

Lori A. Massaro, Professor, Fashion Business Management, AAS, Nassau Community College, BA, New York University, MPS, Fashion Institute of Technology, State University of New York, 2012–13 State University of New York Chancellor’s Award for Excellence in Teaching

Millissa Mathai, Adjunct Instructor, Illustration and Interactive Media

Rebecca Matheson, Adjunct Instructor, Fashion and Textile Studies, BA, Rice University, JD, University of Texas, MA, Fashion Institute of Technology, State University of New York, PhD, Bard College

Akiyo Matsuoka, Adjunct Instructor, Fashion – Jewelry, AAS, Parsons School of Design, The New School, BA, Otsuma Women’s University, Tokyo, Japan

Layo Mayoli, Adjunct Instructor, Photography, BFA, Rochester Institute of Technology

Dana McBroom-Manno, Adjunct Instructor, Film, Media, and Performing Arts, MA, Adelphi University

Monica McClure, Adjunct Instructor, English and Communication Studies, BA, DePauw University, MFA, New York University

Thomas McManus, Associate Professor, Communication Design Pathways

Eric McNatt, Adjunct Instructor, Photography
Arlene Mehlman, Adjunct Assistant Professor, Film, Media, and Performing Arts, BS, MS, Brooklyn College, City University of New York, MSW, Rutgers, The State University of New Jersey

Steven D. Melick, Adjunct Instructor, Communication Design Pathways, Certificate, duCret School of Art

Joan Melnick, Professor, Interior Design, AAS, Fashion Institute of Technology, BS, MS, State University of New York, College at New Paltz

James Mendolia, Adjunct Assistant Professor, Fashion Business Management, MFA in Fashion Design, AAS, Fashion Institute of Technology, State University of New York

Larry Menna, Adjunct Associate Professor, American History, BA, MA, MPhil, PhD, Columbia University

Katherine J. Michaelsen, Professor, History of Art, BA, MA, PhD, Columbia University

Karen Middleton, Assistant Professor, Fashion, AAS, Fashion Institute of Technology, State University of New York, BFA, Parsons School of Design

Maria Mieles Lechtrecker, Adjunct Assistant Professor, Modern Languages and Cultures, MA, The City College, City University of New York

Nicole Migeon, Adjunct Assistant Professor, Interior Design, BS, Syracuse University, MArch, New Jersey Institute of Technology

Barry Miller, Adjunct Assistant Professor, Fashion Business Management, BS, Colorado State University

Yevgeniy Milman, Adjunct Assistant Professor, Science and Math, BA, MA, Hunter College, City University of New York

Martina Mims, Adjunct Instructor, History of Art, MA, MPhil, PhD, Columbia University

Yishai Minkin, Adjunct Assistant Professor, Illustration and Interactive Media, BFA, School of Visual Arts

Roza Mirakova, Adjunct Instructor, Technical Design, AAS, Fashion Institute of Technology, State University of New York

Surey Miranda, Adjunct Instructor, Social Sciences, BA, Universidad de Puerto Rico

Eileen Mislove, Adjunct Assistant Professor, Textile/Surface Design, BFA, The Cooper Union for the Advancement of Science and Art

Yelena Mogelefsky, Adjunct Instructor, International Trade and Marketing

Elizabeth Mole, Adjunct Instructor, Fashion–Footwear and Accessories, BFA, Massachusetts College of Art

David Monda, Adjunct Instructor, Social Sciences

Axel Monroig Gonzalez, Adjunct Instructor, Social Sciences

William Mooney, Professor and Chair of the Department, Film, Media and Performing Arts, BA, Boston University, MA, Pennsylvannia State University, PhD, University of Iowa

Jessica Mooney, Adjunct Instructor, Internship Studies, AAS, Fashion Institute of Technology, State University of New York, BS, Cornell University, MS, Stony Brook, The State University of New York

Marguerite Moore, Adjunct Assistant Professor, Enterprise Center, BBA, MBA, Pace University

Vincent Morales, Adjunct Instructor, Technical Design, AAS, BS, Fashion Institute of Technology, State University of New York

Jorge Morales, Adjunct Instructor, Fashion

Erica Morelli, Associate Professor, Modern Languages and Cultures, BA, Universita degli Studi di Firenze, Florence, American Studies Diploma, Smith College, PhD, Brown University, 2020–2021 SUNY Chancellor’s Award for Excellence in Scholarship and Creative Activities

Trina Morris, Adjunct Instructor, Internship Studies, BA, Tennessee State University, MA, Ball State University

Vicki Moss, Adjunct Instructor, English and Communication Studies, BA, The City College of New York, City University of New York, MA, The Graduate School and University Center, City University of New York, UAPC, MA, Colorado State University at Fort Collins

Alexander Moudrov, Adjunct Assistant Professor, English and Communication Studies, BA, Hunter College, City University of New York, PhD, The Graduate School and University Center, City University of New York

Damian Mucaro, Adjunct Instructor, Toy Design, BFA, William Paterson University

Linda Muglia, Adjunct Assistant Professor, Fashion, AAS, Fashion Institute of Technology, State University of New York

Sarah Mullins, Assistant Professor and Assistant Chairperson of the Department, Fashion–Footwear and Accessories, AAS, Fashion Institute of Technology, State University of New York, BA, Burlington College, 2020–21 FIT Faculty Excellence Award

Hilda Mundo-Lopez, Adjunct Assistant Professor, Spanish, BA, University of Puerto Rico at Rio Piedras, MA, Stony Brook, The State University of New York, MPhil, New York University
Ed Murr, Adjunct Assistant Professor, Illustration and Interactive Media, BFA, Purchase College, State University of New York, MA, MFA, Fashion Institute of Technology, State University of New York

Shireen Musa, Assistant Professor, International Trade and Marketing, BS, Fashion Institute of Technology, State University of New York, MBA, Saint Peter’s College, DPS, Pace University

Brianne Muscente, Adjunct Instructor, Communication Design Pathways

Christopher Musci, Adjunct Instructor, Fashion, BS, University of Cincinnati

Shilpi Nagarsheth, Adjunct Assistant Professor, Science and Math, BS, University of Houston, MA, Columbia University

Alexander Nagel, Assistant Professor, Assistant Chair of History of Art and Art History and Museum Professions, MA, Humboldt University, PhD, University of Michigan

Michael Nagle, Adjunct Instructor, Marketing Communications

Mariko Narasaki, Adjunct Assistant Professor, Modern Language and Cultures, MA, San Francisco State University

Richie Narvaez, Adjunct Assistant Professor, English and Communication Studies, BA, MA, Stony Brook, State University of New York, 2021-22 SUNY Chancellor’s Award for Excellence in Adjunct Teaching

Audrey Nasar, Assistant Professor, Science and Math, BA, Rutgers, The State University of New Jersey, MA, Hunter College Graduate School, City University of New York, PhD, Columbia University

Tobias Nascimento, Adjunct Instructor, Modern Languages and Cultures

Marie Nasta, Adjunct Assistant Professor, English and Communication Studies, MFA, University of Iowa

Zaida Godoy Navarro, Assistant Professor, Modern Languages and Cultures, BA, University of Seville, MA, University of North Carolina, MA, PhD, The Graduate School and University Center, City University of New York

Lois Navarro, Adjunct Instructor, Fashion, BTEC National Diploma in Fashion, BA, Kingston University London

Kim Nelson, Assistant Professor and Assistant Chair of the Department, Fashion–Jewelry, AAS, Fashion Institute of Technology, State University of New York, BS, Utah State University

Matthew Nelson-Teutsch, Adjunct Instructor, English and Communication Studies

Laura Nemerson, Adjunct Instructor, Interior Design, BA, Pace University

Don Newcomb, Adjunct Assistant Professor, Fashion, BFA, University of Utah, MFA, Carnegie Mellon University

Rosa Ng, Adjunct Instructor, Fashion

John Nickle, Associate Professor, Illustration and Interactive Media, BA, MFA, University of South Florida

Joan Nicosia, Adjunct Assistant Professor, Communication Design Pathways, AAS, BFA, Fashion Institute of Technology, State University of New York

Mayumi Nishida, Adjunct Instructor, Modern Languages and Cultures, MA, Columbia University

Charles Nitzberg, Adjunct Instructor, Illustration and Interactive Media, BFA, Rhode Island School of Design

Michael Nolan, Adjunct Assistant Professor, Film, Media and Performing Arts, MA, The Ohio State University, MFA, State University of New York at Brockport

Robert Norman, Adjunct Assistant Professor, Fashion Business Management, AAS, Fashion Institute of Technology, State University of New York

Alexa Nosal, Adjunct Assistant Professor, Communication Design Pathways, BA, Montclair State University

Hilary Nudell, Adjunct Assistant Professor, Film, Media, and Performing Arts, BM, Queens College, City University of New York

Natalie Nudell, Adjunct Assistant Professor, History of Art, MA, New York University

Anthony J. Nuzzo, Adjunct Assistant Professor, Fashion, AAS, Fashion Institute of Technology, State University of New York

Margaret O'Bryan, Adjunct Assistant Professor, English and Communication Studies, BFA, New York University, MA, Hunter College, City University of New York

Caroline Organisciak, Adjunct Instructor, Fashion Business Management, BA, Fashion Institute of Technology, State University of New York

Toshiko Omori, Adjunct Instructor, Modern Languages and Cultures, MA, New York University

2023-2024 Undergraduate Catalog 505
Mark Osborne, Adjunct Assistant Professor, Fashion Business Management, BA, Coventry University

Ellen Oster, Adjunct Assistant Professor, Textile/Surface Design, AAS, Fashion Institute of Technology, State University of New York, BFA, Alfred University College of Ceramics, 2017–18 State University of New York Chancellor’s Award for Excellence

Tsutsilia Tsypina, Adjunct Assistant Professor, Fashion, BFA, Parsons School of Design

Amy Tucker, Adjunct Instructor, Entrepreneurship

Richard Turnbull, Professor, History of Art, BA, Cornell University, MA, PhD, Institute of Fine Arts, New York University, 2007–8 State University of New York Chancellor’s Award for Excellence in Teaching

Julie Turpin, Adjunct Instructor, Fashion Business Management, BS, South Dakota State University

Freddy Tutiven, Adjunct Assistant Professor, Toy Design, AAS, BFA, Fashion Institute of Technology, State University of New York

John Tyson, Adjunct Instructor, Art History and Museum Professions, BA, Colby College, MA, Tufts University, PhD, Emory University

Sheikh Uddin, Adjunct Assistant Professor, Science and Math, BA, MA, The City College of New York, City University of New York

Miraj Uddin, Adjunct Instructor, Science and Mathematics

David Ulan, Adjunct Assistant Professor, Fashion–Footwear and Accessories, Certificate, P.W. Minor Xtra Depth University

Cynthia J. Underwood, Adjunct Assistant Professor, Fashion, AAS, Fashion Institute of Technology, State University of New York

Virginia Urban, Professor, Math, BA, Oberlin College, MA, Teachers College, Columbia University

Christopher Uvenio, Assistant Professor, Fashion, AAS, BFA, Fashion Institute of Technology, State University of New York

Mario Valero, Associate Professor, Spanish, BA, Universidad de Carabobo, Venezuela, MA, Fashion Institute of Technology, State University of New York, MA, PhD, Columbia University, 2019-2020 SUNY Chancellor’s Award for Excellence in Teaching

Leah Van Horn, Adjunct Instructor, Fashion Business Management, BS, MPS, Fashion Institute of Technology, State University of New York

Stephanie Van Winkle, Adjunct Instructor, English and Communication Studies

Kathrine Varnes, Adjunct Assistant Professor, English and Communication Studies, BA, University of California at Santa Barbara, MA, San Francisco State University, PhD, University of Delaware

Paula Varsalona, Adjunct Assistant Professor, Fashion, BFA, Washington University

Robert W. Vassalotti, Professor, Fashion Business Management, BBA, Hofstra University, MA, Teachers College, Columbia University

Rebecca Vaughan, Adjunct Assistant Professor, English and Communication Studies, BA, Temple University, MA, Hunter College, City University of New York

Andrea Vazquez De Arthur, Assistant Professor, History of Art, BFA, Rhode Island School of Design

Phil Vehap, Adjunct Assistant Professor, Communication Design Pathways, AAS, BFA, Fashion Institute of Technology, State University of New York

Eva Velasco Pena, Adjunct Instructor, Modern Languages and Cultures

Eric Velasquez, Adjunct Assistant Professor, Illustration and Interactive Media, BFA, School of Visual Arts

Vincenzo Vella, Adjunct Assistant Professor, Communication Design Pathways, BFA, School of Visual Arts

Anne Marika Verploegh Chasse, Adjunct Instructor, Fashion

Heather Verran, Adjunct Instructor, Fashion, BFA, Otis College of Art and Design

Frances Victory, Adjunct Instructor, Social Sciences, BA, The State University of New York, Binghamton, MS, Northeastern University

Loretta Volpe, Professor, Marketing Communications, and Associate Chair of the Department, BBA, MBA, Bernard M. Baruch College, City University of New York, 2009–10 State University of New York Chancellor’s Award for Excellence in Teaching

Dorothy Von Ahnen, Adjunct Instructor, International Trade and Marketing

Roxie Voorhees, Adjunct Instructor, Toy Design

Andrea Vázquez de Arthur, Assistant Professor, Art History and Museum Professions, BFA, Rhode Island School of Design, MA, PhD, Columbia University

Allison Wade, Associate Professor and Chair of the Department, Photography, BFA, Iowa State University, MA, University New Mexico Albuquerque, MFA, Cornell University

Sandra Walcott, Adjunct Assistant Professor, Fashion–Footwear and Accessories, AB, Colby College

Harriet Walker, Adjunct Assistant Professor, History of Art, PhD, Louisiana State University

Chad Wallace, Adjunct Instructor, Illustration and Interactive Media, MA, MFA, Fashion Institute of Technology, State University of New York

Paula Wang, Adjunct Assistant Professor, Marketing Communications, MA, New York University

Eva Wang, Adjunct Instructor, Textile Development and Marketing, AAS, Fashion Institute of Technology, State University of New York, BA, University of California at San Diego

Ping Wang, Adjunct Instructor, Modern Languages and Cultures, MA, Long Island University, CW Post Campus

Andrew Ward, Adjunct Instructor, Fashion Business Management, BA, University of Vermont

Michele Y. Washington, Adjunct Assistant Professor, Communication and Design Pathways, MFA, School of Visual Arts, MS, Pratt Institute

Jeffrey Way, Associate Professor, Fine Arts, BA, Kenyon College, MA, New York University

Carolyn Webb, Adjunct Assistant Professor, Film, Media, and Performing Arts, MFA, University of Michigan

Shelley Wei, Adjunct Instructor, Technical Design

Andrew Weinstein, Professor, History of Art, BA, Brown University, MA, University of Pennsylvania, MA, New York University, PhD, Institute of Fine Arts, New York University, 2015–16 State University of New York Chancellor’s Award for Excellence in Teaching

Laural Weintraub, Adjunct Assistant Professor, History of Art, BA, University of California at Los Angeles, MA, University of Southern California, PhD, The Graduate School and University Center, City University of New York, UAPC

Amiel Weisblum, Adjunct Instructor, Computer Graphics

Paul J. Weisbrodt, Adjunct Assistant Professor, Fashion–Jewelry, AAS, Fashion Institute of Technology, State University of New York, Diploma, Gemological Institute of America, Certified Gemologist, American Gem Society

Raymond Weisman, Adjunct Assistant Professor, American History, BA, Vassar College, MA, MPH, PhD, Columbia University

Henry Welt, Adjunct Assistant Professor, International Trade and Marketing, AB, Columbia College, JD, Columbia Law School

Amy Werbel, Professor and Chairperson of the Department, History of Art, BA, Harvard and Radcliffe Colleges, PhD, Yale University, 2018–19 State University of New York Chancellor’s Award for Excellence in Scholarship and Creative Activities

Jane Werner, Professor, Fashion Business Management, BS, MSEd, St. John’s University, 1999–2000 State University of New York Chancellor’s Award for Excellence in Teaching

Joel Werring, Associate Professor, Fine Arts, BA, University of California at Berkeley, MFA, Yale University, 2015–16 FIT Faculty Excellence Award

Michele Wesen Bryant, Adjunct Instructor, Fashion, BFA, Syracuse University

Jane Wexler, Adjunct Instructor, Photography, BFA, University of the Arts

Joshua Whitehead, Assistant Professor, Communication Design Pathways, BFA, Oklahoma City University, MFA, University of the Arts, Philadelphia

Lee Whiting, Adjunct Assistant Professor, English and Communication Studies, BA, Purchase College, The State University of New York, MA, Columbia University

Mary Whitlock, Adjunct Instructor, Fashion

Emil Wilbekin, Assistant Professor, Marketing Communications

Timothy Wilcox, Adjunct Instructor, English and Communication Studies

Daniel Levinson Wilk, Associate Professor, American History, BA, Amherst College, MA, PhD, Duke University, 2010–11 State University of New York Chancellor’s Award for Excellence in Teaching
Cassandra Williams, Assistant Professor, Technical Design, BFA, Parsons School of Design
Troy Williams, Adjunct Assistant Professor, Communication Design Pathways, AAS, Fashion Institute of Technology, State University of New York
Joshua Williams, Adjunct Instructor, Special Programs, BA, Brigham Young University, MPS, Fashion Institute of Technology, State University of New York
Calvin Williamson, Professor, Science and Math, BA, University of South Florida, PhD, University of Michigan, 2011–12 State University of New York Chancellor’s Award for Excellence in Teaching, 2021–22 FIT President’s Award for Faculty Excellence
Sue Willis, Adjunct Associate Professor, Fine Arts, BFA, University of Illinois at Urbana–Champaign, MFA, Tyler School of Art
Curtis Willocks, Adjunct Instructor, Photography, AAS, Fashion Institute of Technology
Martin Wilson, Adjunct Instructor, Toy Design, BFA, Rochester Institute of Technology
Ofer Wolberger, Adjunct Instructor, Photography, BFA, State University of New York, Binghamton, MFA, School of Visual Arts
Gary Wolf, Assistant Professor, Fashion Business Management, BA, University of Georgia, MBA, Georgia State University
David Wong, Adjunct Instructor, Toy Design, BS, State University of New York, Binghamton
Kim Tao Wong, Adjunct Assistant Professor, Science and Math, MA, State University of New York, Center at Albany
Gregg Woodcock, Adjunct Assistant Professor, Fashion–Footwear and Accessories, BID, Pratt Institute of Industrial Design
Marie Wright, Assistant Professor, Fashion, AAS, Fashion Institute of Technology, State University of New York, BA, Queens College, City University of New York
Jessica Wynne, Associate Professor, Photography, MFA, Yale University
Patrick Yanez, Assistant Professor, International Trade and Marketing, BA, State University of New York College at Old Westbury, MBA, Empire State College, State University of New York
Dong Yang, Assistant Professor, Fashion Business Management, MA, Washington State University, MBA, Cornell University
C. J. Yeh, Professor, Illustration and Interactive Media, BFA, Pratt Institute, MFA, University of Pennsylvania, 2010–11 State University of New York Chancellor’s Award for Excellence in Teaching
Inu Yeh, Adjunct Instructor, Communication Design Pathways, MFA, Savannah College of Art and Design
Charles Yoo, Adjunct Instructor, Production Management, MS, New Jersey Institute of Technology, MS, New York University, MBA, MS, Indiana University, MGM, Arizona State University
Wendy Ythers, Assistant Professor, Fashion–Jewelry, BFA, University of Michigan, Certificate, Croyden College of Art, England, Diploma, The Institute of Precious Metals, Copenhagen Technical School, 2016–2017 State University of New York Chancellor's Award for Excellence in Scholarship and Creative Activities
Robin Zachary, Adjunct Instructor, Photography, BA, State University of New York, Binghamton
Louis Zaera, Professor, Economics, BS, Carnegie Mellon University, MBA, Seton Hall University, MA, The New School for Social Research
Frank Zambrelli, Adjunct Instructor, Fashion–Footwear and Accessories, AAS, BS, Fashion Institute of Technology, State University of New York
Luca Zamparini, Adjunct Instructor, Modern Languages and Cultures
Paula Zanger, Adjunct Instructor, Textile/Surface Design
Christopher Zatamei, Adjunct Instructor, Modern Languages and Cultures, BAM, Empire State College, State University of New York
Jane Zemba, Adjunct Instructor, Fashion Business Management, BS, University of Hartford
Chen Zhang, Adjunct Associate Professor, Modern Languages and Cultures, MA, Shanghai Normal University, China, 2021–22 SUNY Chancellor’s Award for Excellence in Adjunct Teaching
Zhitao Zhang, Adjunct Instructor, Social Sciences
Suikang Zhao, Professor, Fine Arts, BFA, Shanghai Teachers College, MFA, School of Visual Arts
Ruobing Zhao, Adjunct Instructor, Fashion, MFA, Savannah College of Art and Design
Min Zhu, Assistant Professor, Textile Development and Marketing, MBA, Georgia Institute of Technology
Nicole Zizila, Adjunct Assistant Professor, Communication Design Pathways, AAS, BS, Fashion Institute of Technology, State University of New York, MPS, City College of New York
Lauren Zodel, Assistant Professor, Fashion, AAS, BFA, Fashion Institute of Technology, State University of New York
Diane Zuchnik, Adjunct Instructor, English and Communication Studies
Joel Zucker, Adjunct Associate Professor, Production Management, Textile Development and Marketing, AAS, Fashion Institute of Technology, State University of New York, BS, Philadelphia College of Textiles and Science

Steven Zucker, Adjunct Assistant Professor, History of Art, BA, Bard College, MA, Hunter College, City University of New York, MPhil, PhD, Graduate Center, City University of New York

Diane Zuercher, Adjunct Instructor, Textile/Surface Design

Jerilyn Zulli, Adjunct Associate Professor, English and Communication Studies, BA, William and Mary College, MA, Adelphi University, PhD, George Washington University, 2015–16 State University of New York Chancellor’s Award for Excellence in Adjunct Teaching

Josef Zutelgte, Adjunct Assistant Professor, Fine Arts, MA, University of Münster, Germany, MA, City College of New York, City University of New York

CLASSROOM ASSISTANTS

Norbert Bogner, Textile Development and Marketing, AAS, Fashion Institute of Technology, State University of New York

Kathryn Malik, Textile Development and Marketing, AAS, BS, Fashion Institute of Technology, State University of New York

Reuben Marroquin, Textile Development and Marketing, AAS, Fashion Institute of Technology, State University of New York

Michella Peck, Marketing Communications, BFA, New York University

Cesar Saavedra, Textile Development and Marketing, AAS, Fashion Institute of Technology, State University of New York

Hermes Torres, Jr., Adjunct Assistant Professor, Textile/Surface Design, AAS, BFA, Fashion Institute of Technology, State University of New York, MFA, The City College, City University of New York
State University of New York

State University of New York’s 64 geographically dispersed campuses bring educational opportunity to virtually all New Yorkers and comprise the nation’s largest comprehensive system of public higher education. Founded in 1948, with the consolidation of 29 state-operated but unaffiliated institutions, the state university has grown to a point where its impact is felt educationally, culturally, and economically the length and breadth of the state.

More than 431,000 students are pursuing traditional study in classrooms and laboratories or are working at home, at their own pace, through such innovative institutions as the SUNY Learning Network and Empire State College, for more than 25 years a leader in nontraditional education, distance learning, and assessment of prior learning. The state university’s students are predominantly New York State residents. They also come from every other state in the United States, from four U.S. territories or possessions, and from 160 foreign countries. The university passed a major milestone in the mid-1980s when it graduated its one-millionth alumnus, and currently numbers almost three million graduates on its rolls.

The state university enrolls close to 40 percent of all New York State high school graduates, and its total enrollment is more than 431,000 (full-time and part-time). Because of its structure and comprehensive programs, the state university offers students a wide diversity of educational options: short-term vocational/technical courses, certificate programs, baccalaureate degrees, graduate degrees, and postdoctoral studies. The university offers access to almost every field of academic or professional study somewhere within the system—more than 7,000 programs of study overall.

As part of the university’s commitment to bring to the students of New York the very best and brightest scholars, scientists, artists, and professionals, the state university’s distinguished faculty is recruited from the finest graduate schools and universities throughout the United States and many countries around the world, and includes nationally and internationally recognized figures in all the major disciplines. Their efforts are regularly recognized in numerous prestigious awards and honors, including the Nobel Prize.

The state university’s research contributions are helping to solve some of today’s most urgent problems. At the same time, contracts and grants received by university faculty directly benefit the economic development of the regions in which they are located. State university researchers pioneered nuclear magnetic resonance imaging and the supermarket bar code scanner, introduced time-lapse photography of forestry subjects, isolated the bacteria that causes Lyme disease, and developed the first implantable heart pacemaker. Other university researchers continue important studies in such wide-ranging areas as breast cancer, immunology, marine biology, sickle cell anemia, and robotics, and make hundreds of other contributions, inventions, and innovations for the benefit of society.

The university’s program for the educationally and economically disadvantaged, consisting of Educational Opportunity Programs (EOP) and Educational Opportunity Centers (EOC), has become a model for delivering better learning opportunities to young people and adults traditionally bypassed by higher education.

The 30 locally sponsored two-year community colleges operating under the program of the state university offer local citizens programs that are directly and immediately job related as well as degree programs that serve as job-entry educational experience or a transfer opportunity to a baccalaureate degree at a senior campus.
In 1998, the governor and the legislature approved a multiyear, $2 billion capital construction program for the university. This investment in critical maintenance will protect the university's infrastructure, valued at nearly $11 billion, and enable the university to keep pace with modern technology for the benefit of its students and faculty. As a public university, the State University of New York has a special responsibility to make its rich and varied resources accessible to all.

In 1995, the board of trustees developed the document Rethinking SUNY, in response to a call from the legislature for a “multiyear, comprehensive system wide plan to increase cost efficiency.” Underlying Rethinking SUNY is the theme of increasing efficiency by empowering campuses to manage directly more of their academic and financial affairs and by eliminating disincentives to the prudent use of campus and system resources.

In 2010, the university launched The Power of SUNY, a strategic plan that calls for the system’s campuses to lead New York’s economic revitalization through such innovations as increased entrepreneurial opportunities, an urban-rural teacher corps, more distance learning, and a health care report, SUNY Scale, that would document progress in combating obesity and chronic illnesses. The university’s economic development services programs provide research, training, and technical assistance to the state’s business and industrial community through Business and Industry Centers, the New York State Small Business Development Center, the Strategic Partnership for Industrial Resurgence, Rural Services Institutes, the Trade Adjustment Assistance Center, Technical Assistance Centers, Small Business Institutes, Centers for Advanced Technology, and international development.

State University of New York is governed by a board of trustees, appointed by the governor, that directly determines the policies to be followed by the 64 state-supported campuses. Community colleges have their own local boards of trustees whose relationship to the state university board is defined by law.

The university’s motto is “To Learn, to Search, to Serve.”

STATE UNIVERSITY OF NEW YORK BOARD OF TRUSTEES
Merryl H. Tisch, Chair
Cesar Perales, Vice Chair
Joseph Belluck
Courtney Eagles Burke
Alexandria Chun, President, SUNY Student Assembly (SUNYSA)
Eric Corngold
Marcos Crespo
Robert Duffy
James Haddon
Keith Landa, President, University Faculty Senate (UFS)
Eunice Lewin
Stanley S. Litow
Edward Spiro
Cary Staller
Camille Joseph Varlack
Christy Woods, President, Faculty Council of Community Colleges

STATE UNIVERSITY OF NEW YORK ADMINISTRATION
John B. King, Jr.
Chancellor of the University
Beth Berlin
Chief Operating Officer

Anta Cissé-Green
Senior Vice Chancellor and General Counsel

Valerie Dent
Deputy Chief Operating Officer and Interim Chief Diversity Officer

Johanna Duncan-Poitier
Senior Vice Chancellor for Community Colleges and the Education Pipeline

Aaron Gladd
Chief of Staff

Valerie Grey
Senior Vice Chancellor and Chief Hospital and Healthcare Operations Officer

Cheryl Hamilton
Student Advocate and Executive Director of Educational Opportunity Program (EOP)

Nick Lyons
Senior Advisor

Robert Megna
President of Rockefeller Institute of Government and Senior Advisor to the Chancellor

Travis Proulx
Vice Chancellor for Government Affairs and Marketing

F. Shadi Shahedipour-Sandvik
Senior Vice Chancellor for Research, Innovation, and Economic Development, and Interim Provost

Joel Wincowski
Deputy to the Chancellor for Enrollment

STATE UNIVERSITY OF NEW YORK COLLEGES AND CENTERS

UNIVERSITY CENTERS
State University at Albany
State University at Binghamton

SUNY Institute of Technology

SPECIALIZED COLLEGES
College of Environmental Science and Forestry
College of Optometry
College of Technology at Farmingdale
Institute of Technology at Utica/Rome
Maritime College

STATUTORY COLLEGES
College of Ceramics at Alfred University
College of Agriculture and Life Sciences at Cornell University
College of Human Ecology at Cornell University
School of Industrial and Labor Relations at Cornell University
College of Veterinary Medicine at Cornell University
COMMUNITY COLLEGES

(Locally sponsored, two-year colleges under the program of State University of New York)
Adirondack Community College at Glens Falls
Broome Community College at Binghamton

Cayuga County Community College at Auburn
Clinton Community College at Plattsburgh
Columbia-Greene Community College at Hudson
Corning Community College at Corning
Dutchess Community College at Poughkeepsie
Erie Community College at Williamsville, Buffalo, and Orchard Park
Fashion Institute of Technology at New York City

Finger Lakes Community College at Canandaigua
Fulton-Montgomery Community College at Johnstown
Genesee Community College at Batavia
Herkimer County Community College at Herkimer
Hudson Valley Community College at Troy

Jamestown Community College at Jamestown
Jefferson Community College at Watertown
Mohawk Valley Community College at Utica
Monroe Community College at Rochester
Nassau Community College at Garden City
Niagara County Community College at Sanborn
North Country Community College at Saranac Lake, Malone, and Ticonderoga
Onondaga Community College at Syracuse
Orange County Community College at Middletown
Rockland Community College at Suffern
Schenectady County Community College at Schenectady
Suffolk County Community College at Selden, Riverhead, and Brentwood
Sullivan County Community College at Loch Sheldrake
Tompkins Cortland Community College at Dryden
Ulster County Community College at Stone Ridge
Westchester Community College at Valhalla

* The Health Sciences Centers at Buffalo and Stony Brook are operated under the administration of their respective University Centers.

** This is an upper-division institution authorized to offer baccalaureate and master's degree programs.

*** These operate as “contract colleges” on the campuses of independent universities.

**** While authorized to offer such baccalaureate and master’s degree programs as may be approved pursuant to the provisions of the Master Plan in addition to the associate degree, the Fashion Institute of Technology is financed and administered in the manner provided for community colleges.
