OVERALL BACHELOR'S DEGREE REQUIREMENTS

FIT's 2+2 degree structure requires an earned AAS or equivalent plus all the BS or BFA degree requirements.

This structure includes the following overall bachelor's degree graduation requirements:

- 120–126 total earned credits
- 30 credits in General Education credits approved by the State University of New York (SUNY)

BFA degrees NASAD and New York State guidelines:

- 12 credits art/design history
- 30 credits in Liberal Arts/General Studies
- 78–84 credits in major and related area, including a minimum of 24 credits in 300- to 400-level major and related area coursework

Upon graduating from the Interior Design BFA program, students will demonstrate:

1. Global perspective for design that assures that their future decisions are developed within the parameters of ecological, socio-economic, and cultural contexts.
2. Understanding of behavioral science and human factors.
3. Knowledge of all aspects of the design process, that enables them to identify and explore complex problems and generate creative solutions that support human behavior within the interior environment.
4. Ability to engage in multi-disciplinary collaborations and consensus building.
5. Ability to effectively communicate using a variety of communication techniques and technologies appropriate to a range of purposes and audiences.
6. Understanding and commitment to ethical and accepted standards of professional practice, professional development and industry, the value of their contributions to the built environment.
7. Knowledge of interiors, architecture, art, and the decorative arts historical and cultural contexts.
8. Ability to apply elements and principles of two- and three-dimensional design, and color principles and theories.
9. Ability to select and specify furniture, fixtures, equipment, and finish materials for interior spaces.

10. Knowledge of the principles of lighting, acoustics, thermal comfort, and indoor air quality to enhance the health, safety, welfare, and performance of the occupants.
11. Knowledge of interior construction and building systems.
12. Ability to use laws, codes, standards, and guidelines that impact the design of interior spaces.
